Sub : Grant of Consent to Operate under the Air (Prevention & Control of Pollution)Act- 1981& under the Water (Prevention & Control of Pollution)Act-1974 for mining activities at **ML No.108/92**owned by **Atikurrahaman** near Village **Pipakhedi** in District **Kota.**

Ref : Your Consent application dated **Nil** submitted at this office on date **12.1.05.**

"Consent to Operate" under section 21(4) of the Air (Prevention & Control of Pollution) Act-1981, as amended to da and rules and orders made thereof (hereafter referred as Air Act) & under section 25/26 of the Water (Prevention a Control of Pollution) Act-1974, as amended to date and rules and orders made thereof, (hereafter referred as Water Act) granted for carrying mining activities at a place referred to under subject. This consent is granted subject to the provisio of the Air Act & Water Act and orders made their under and based on the information provided in the above refer application along with the documents and due inquiry made thereof consent is to the following stipulation:-

1. That the consent to operate is being granted in favor of M/S. Atikurra for their mine/quarry for ML No.108/92 in area measuring 83.61Hectare near Village **Pipakhedi** in D. **Kota** having a valid mining/quarry license from Mining Department for mining activities.
2. That this consent is valid for following mining activities :-

Sr No.	Mines	Quantity
1	Lime(Kota) Stone	50000 TPA

3. This consent to establish/operate is valid till **11.1.2008** from the date of issue. It may be clarified that mining activities were carried on without consent of the Board; it would be treated as violation of the provisions of A Act & Water Act.
4. That lessee shall achieve standards of SPM 500 $\mu g/M^3$ in ambient air quality of mining area. The stan 600 $\mu g/M^3$ of SPM shall be applicable between 3 to 10 meters from any equipment used for mining activity.
5. That lessee shall provide the necessary infrastructure facilities including equipment for monitoring of ambien in accordance with the suggestion given to you by the Pollution Control Board's officials from time to time.
6. That the lessee shall undertake the phased restoration, reclamation and rehabilitation of lands effected prospecting or mining operations and shall complete this work before the conclusion of such operations and abandonment of prospects or mines.
7. That overburden shall be stored in manner that it does not obstruct the natural drainage pattern of the area. It be used for back filling. The land shall be identified for disposal of over burden at environmentally co site.
8. That the water spraying and sprinkling so installed should always be maintained in order to utilize the sa dust suppression.
9. That the lessee shall maintain zero discharge status from the premises. No trade effluent shall be discharge side/outside industry premises.
10. That the domestic effluent shall be treated and disposed off with properly designed septic tank followed by pit as per prescribed standards.
11. That noise level shall be kept as detailed below and under no circumstances it shall exceed the prescribed lin
    a. Day time (6.0 AM to 9.0 PM) 75 dB A(leg)
    b. Night time (9.0 PM to 6.0 AM) 65 dB A(leg)

12. That you shall also conduct ambient air quality monitoring for SPM and noise level in the mining area once in six months and monitoring results shall be submitted to the State Board regularly.
13. That this consent to establish/operate is for existing mine, plant and process and separate consent to operate is required to be taken for any addition/modification/alteration or change in process.
14. The lessee shall submit environmental statement for the period April to March latest by September every year.
15. That the lessee shall submit the fresh application for consent to operate in the prescribed form in triplicate along with the requisite fee at least 90 days in advance from the expiry of consent period for its renewal.
16. That the lessee shall comply with the provisions of Manufacture, Storage & Import of Hazardous Chemicals Rules,1989 & Hazardous Waste(Management & Handling) Rules,1989 & related amendments, as applicable to it.
17. That this consent is valid subject to fulfillment of all the other statutory requirements in other Laws/Acts/Rules as applicable.
18. That lessee shall develop plantation at least in 33% of total area to maintain ambient air quality around the lease area.
19. That lessee shall submit yearly compliance of all the conditions of this letter to this office.
20. That the lessee shall submit Water Cess returns in case the water consumption is more than 10 KLD under the provisions of Water(Prevention & Control of Pollution)Cess Act,1977 & as amended from time to time.
21. Not withstanding any thing contained in this letter of consent to operate, the State Board reserves to it the right & power under section 21(6) of Air (Prevention & Control of Pollution) Act,1981 & under section 27(2) of the Water (Prevention and Control of Pollution) Act, 1974 as amended to date to review anyone/or all the conditions imposed herein above to make such variation as deemed fit for the purpose of Air Act & Water Act.
22. This consent, under no circumstances, be construed as conferment of any property or any interest in the lease area. It is only confined for the purpose of regulation of provision of Air & Water Act.
    a. In case the mining activities being carried or proposed to be carried with respect to any major mineral activities in more than 5 Hectare
    or
    b. In case the mining activities are located in the District of Alwar, irrespective of type of mineral or area. For a & b Environmental clearance from Ministry of Environment & Forest, would be first obtain & only thereafter mining activities be carried out.
23. In case of failure to comply with any of the consent conditions stated as above, the consent issued to the mine shall automatically stand revoked without any notice.
24. That this consent is subject to the orders passed by the Hon' ble Rajasthan High Court in the aforesaid matter Further the Board could, in exercise of its powers under the act, cancel consent or refuse further consent in accordance with law, if upon verification unit is found not fulfilling or found violating conditions of consent subject to which it is granted.

Please note that, if the information submitted by the unit, is found to be wrong on inspection/verification or the unit is found violating any of the conditions of consent then the consent shall be revoked without any further notice & the lessee shall be liable for action is accordance with the prosecution of law.

Sub: Grant of Consent to Operate under section 21(4) of Air (Prevention & Control of Pollution) Act, 1981 and under section 25/26 of Water (Prevention & Control of Pollution) Act, 1974 for your **Minor Mineral** Mine at near Village-**Pipakheri**, Tehsil-**Ramganj Mandi**, District- **Kota (M.L.No.-108/92**).

Ref: (i) Your applications dated 25/11/2009
(ii) Received on 25/11/2009
(iii) Received at Head office on 18/12/2009

Sir,

In view of the details submitted vide your above referred applications/ documents, the **Consent to Operate** under section 21(4) of Air (Prevention & Control of Pollution) Act,1981 and under section 25/26 of Water (Prevention & Control of Pollution) Act, 1974 is hereby granted for carrying mining activities. This consent is subject to the following stipulations:-

1 That this consent is being granted in favour of **M/s. Atikurahaman,** a Mine of **Minor Mineral** having **M.L.No.-108/92** in an area measuring **83.61** Hectares at/near Village-**Pipakheri** ,Tehsil-**Ramganj Mandi**,District-**Kota**.

2 That this consent is valid for a period from **01/01/2010** to **31/12/2010**

3 That this consent is valid for following mining activities :-

Mineral	Permitted Mining Capacity
1 KOTA STONE	7500000.000 SQUARE FEET/ANNUM

4 That you shall achieve following standards in ambient air in mine area / mining activities.

Pollutant	Standards for Ambient Air	Standards for mining activity
SPM	500 µg/M³	SPM = 600 µg/M³ (To be measured between 3 to 10 meters from mining activity)
SO_2	120 µg/M³	
NO_x	120 µg/M³	
CO	5000 µg/M³	

5 That the Mining unit shall maintain zero discharge status of waste water from the premises. No trade effluent shall be discharged inside/outside mine premises.

6 That your mining will not intersect the Ground Water Table during the consent

4 Master File, Consent to Operate, Group Mine, Rajasthan State Pollution Control Board, Jaipur.

Group Incharge-Mines

राजस्थान राज्य प्रदूषण नियन्त्रण मण्डल
RAJASTHAN STATE POLLUTION CONTROL BOARD

Consent to Operate (Air & Water)- Mining Units

General Conditions:-

1. That this consent shall be subject to the condition that you shall operate the mining activities in the area as per the mining right allowed by the Mining Department in the Mining Lease only.

2. That this consent shall be subject to the directions/orders passed in various Mining/Environment related Writ Petitions by Hon'ble High Court and the Hon'ble Supreme Court.

3. That you shall provide the necessary infrastructure facilities including equipment for the monitoring of ambient air in accordance with the directions given to you by the Rajasthan State Pollution Control Board.

4. That Mining Unit shall undertake the phased restoration, reclamation and rehabilitation of lands as per established practices & procedures (provisions of Mine Closure Plan in case of Major minerals) affected by prospecting or mining operations and shall complete this work before the conclusion of such operations and the abandonment of prospects or mines.

5. That overburden shall be stored in a systematic manner that it does not obstruct the natural drainage pattern of the area. It may be used for back filling. The land shall be identified for disposal of overburden at environmentally compatible site.

6. That Mining unit shall strictly comply with the Mining Plan and Eco Friendly Mining Plan as submitted to & approved by the competent authority. (Eco Friendly Mining Plan for Minor mineral & mining plan for Major minerals & marble, granite Mines).

7. That the water spray and sprinkling system so installed should always be maintained in order to utilize the same for dust suppression.

8. That the domestic effluent if any, shall be treated and disposed of with properly designed septic tank followed by soak pit as per prescribed standard.

9. That the responsibility for performance evaluation of Pollution Control Measure shall be of Mining unit and Mining unit will not commence production unless the satisfactory operation of the Pollution Control Measures is done by the Mining unit in the presence of concerning Regional Officer of Board and is duly certified by him before commencement of production.

10. That Air Emission shall conform to the standards prescribed under the Environment (Protection) Act, 1986.

11. That noise level shall be kept as detailed below and under no circumstances, it shall exceed the prescribed limit:-

a. Day time (6.0 AM to 9.0 PM) - 75 dB A (leq)
b. Night time (9.0 PM to 6.0 AM) - 65 dB A (leq)

12. That Mining unit shall also conduct ambient air quality monitoring for SPM and noise level in the mining area once in six months and monitoring results shall be submitted to the State Board regularly.
13. The Industry shall submit Environmental statement for the period April to March latest by the following September every year.

4, इन्स्टीट्यूशनल एरिया, झालाना डूंगरी, जयपुर
4, Institutional Area, Jhalana Doongri, Jaipur
Phone : 2709980, 2705731, 2707285 PBX 2711263, 2711329, 2711831, 2707938
Fax : 2710647, 2709980, 2704578

14. That for Diesel Generator Set, acoustic enclosure/acoustic treatment shall be provided to meet the prescribed norms w.r.t. noise as per the Gazette Notification of Ministry of Environment & Forests dated 02.01.99. Adequate stack height with D.G. Sets shall also be provided and maintained. Noise from the Diesel Generator Sets shall be controlled by providing an acoustic enclosure or by treating the room acoustically. The acoustic enclosure/acoustic treatment of room should be designed for minimum 25 dB (A) Insertion Loss or for meeting the ambient noise standards, whichever is on the higher. The measurement for Insertion Loss may be done at different points at 0.5 metre from the acoustic enclosure/room and then averaged. The Diesel Generator Sets should also be provided with proper exhausts muffler with Insertion Loss of minimum 25 dB (A). The stack height for the Diesel Generator Sets shall be as notified under the EP Act,1986.

15. That this consent should not be treated as NOC or approval for mining in forest area, if any, falling in the lease and relevant permission under provisions of the Forest (Conservation) Act, 1980 shall be obtained from the competent authority.

16. That the industry shall submit a fresh application for Consent to Operate in the prescribed form in triplicate alongwith the requisite fee atleast 90 days in advance of expiry of the consent period for its renewal.

17. That the Industry shall comply with provisions of the Manufacture, Storage and Import of Hazardous Chemicals Rules,1989 and the Hazardous Waste (Management & Handling)Rules,1989 and related amendments, as applicable.

18. That this consent is valid, subject to fulfillment of all the other statutory requirements in other Law/Acts/Rules as applicable.

19. That the industry shall submit quarterly compliance of all the above stated conditions to this office.

20. That the unit shall submit Water Cess returns in case the water consumption is more than 10 KLD under provisions of the Water (Prevention & Control of Pollution) Cess Act, 1977 and as amended from time to time.

21. That notwithstanding anything contained in this letter of consent, the State Board hereby reserves to it, the right and power under section 21(6) of the Air (Prevention & Control of Pollution) Act, 1981 & under section 27(2) of the Water (Prevention & Control of Pollution) Act, 1974 to review anyone/or all the conditions imposed here-in-above and to make such variations as deemed fit for the purpose of Air Act & Water Act.

22. That this consent, under no circumstances, be construed as conferment of any property or any interest in the lease area. It is only confined for the purpose of regulation of provisions of the Air Act & Water Act.

23. That any incorrect information submitted in the consent application form shall make the industry liable for legal action under the provisions of the Air Act & under the provisions the Water Act.

24. That in case of failure to comply with any of the consent conditions stated as above, the consent issued to the industry shall automatically stand revoked without any notice.

25. That this Consent will not exempt you from any legal action for the past violations, if any, of the Act/Rules/Notifications/Circulars etc.

Order No 2010-2011/Mines/915 **Date:** **18/02/2011**

M/s Atikur Rahaman

S/o Sh. Hazi Abdul Gafoor, Village & Post- Suket,

Tehsil : RamganjmandiDistrict :Kota

Sub: Grant of Consent to Establish under section 21(4) of Air (Prevention & Control of Pollution) Act, 1981 and under section 25/26 of Water (Prevention & Control of Pollution) Act, 1974 for your **Minor Mineral (Other than Marble & Granite)** Mine at near Village-**Pipakheri**, Tehsil-**Ramganj Mandi**, District- **Kota (M.L.No.-108/92**).

Ref: (i) Your applications dated 26/01/2011
(ii) Received on 28/01/2011

Sir,

In view of the details submitted vide your above referred applications/ documents, the **Consent to Establish** under section 21(4) of Air (Prevention & Control of Pollution) Act,1981 and under section 25/26 of Water (Prevention & Control of Pollution) Act, 1974 is hereby granted for carrying mining activities. This consent is subject to the following stipulations:-

1 That this consent is being granted in favour of **M/s. Atikur Rahaman,** a Mine of **Minor Mineral (Other than Marble & Granite)** having **M.L.No.-108/92** in an area measuring **83.6100** Hectares at/near Village-**Pipakheri** ,Tehsil-**Ramganj Mandi**,District-**Kota**.

2 That this consent is valid for a period from **18/02/2011** to **31/01/2014 , or commencement of production whichever is earlier.**

3 That this consent is valid for following mining activities :-

	Mineral	Permitted Mining Capacity
1	LIME STONE (BUILDING STONE)	100000.0000 TONNES / ANNUM

4 That you shall achieve following standards in ambient air in mine area / mining activities.

Pollutant	Standards for Ambient Air	Standards for mining activity
SPM	500 µg/M³	SPM = 600 µg/M³ (To be measured between 3 to 10 meters from mining activity)
SO_2	120 µg/M³	
NO_x	120 µg/M³	
CO	5000 µg/M³	

31599

File No **F(Mines)/Kota(Ramganj Mandi)/17(1)/2009-2010/7360-7364**
Order No 2010-2011/Mines/915

Date: 18/02/2011

5 That the mining effluent shall be treated before disposal so as to conform to the standards prescribed by the Board viz general standards for discharge of the industrial effluent under the Environment(Protection) Act 1986 for Disposal Into Inland Surface Water. The main parameters for regular monitoring shall be as under:

S.No.	Parameters	Limits
1	Total Suspended Solids	Not to exceed 100 mg/l
2	pH Value	Between 5.5 to 9.0
3	Oil and Grease	Not to exceed 10 mg/l
4	Biochemical Oxygen Demand (3 days at 27°C)	Not to exceed 30 mg/l
5	Chemical Oxygen Demand	Not to exceed 250 mg/l

6 That the occupier/operator of mine shall ensure that all the conditions imposed in the Environmental Clearance granted by the **Ministry of Environment & Forests, Goverment of India.** , vide letter No J-11015/73/2008-IA.II (M) dated 11/05/2010 shall be strictly complied with.

7 That your mining will not intersect the Ground Water Table during the consent period and the permission from the Central Ground Water Authority shall be obtained for intersection of Ground Water Table/ abstraction of ground water, if any and submit a copy of the same to the Board.

8 That you shall not operate the mine without obtaining **Consent to Operate** from the Board.

9 That this **Consent to Establish** is for mining of product as mentioned above in **M.L.No.-108/92** and a separate **Consent to Establish** is required to be taken for Mineral Separation Plant/process if any and for any addition/ modification/ alteration or change in process.

10 That the lessee shall develop plantation in atleast 33% of the total lease area to maintain ambient air quality around the mine and the Action Plan for plantation submitted by you, shall be implemented.

11 That you will implement all the pollution control measures as per EIA/EMP Report.

12 That the Mining Unit shall maintain zero discharge status from the premises. No trade effluent shall be discharged inside/outside Mine premises.

13 That the Project Proponent will get prepared a Mining Plan for the entire life of the Mine and will submit it to the Board.

14 That the Project Proponent will store the Top Soil separately and will use it for Reclamation of mined out pits/ OB dumps.

File No **F(Mines)/Kota(Ramganj Mandi)/17(1)/2009-2010/7360-7364**

Order No 2010-2011/Mines/915 **Date: 18/02/2011**

15 That the overburden generated during the mining operation shall be concurrently backfilled. The existing overburden shall not be kept active and its phase- wise stablization shall be carried out. There shall be no external dumps with a maximum height of 9 Metres. The OB dumps shall be scientifically vegitated with suitable native species to prevent erosion and surface run off. Monitoring and Management of Rehabilitated areas should be submitted to the Board on six monthly basis.

16 That the void left unfilled in an area of 0.96 Hects. shall be converted into water body. The higher benches shall be made gentler for easy accessibility by local people to use the water body. Peripheral fencing shall be carried out all along the excavated area.

17 That the Catch drains and Siltation Ponds of appropriate size shall be constructed for the working pit, soil, OB and mineral dump to arrest flow of silt and Sediments directly into the Agriculture fields and water bodies. The water so collected should be utilized for watering the mine area, roads, green belt development. The Drain should be regularly disilted.

18 That the effective safeguards such as regular water sprinkling shall be carried out in critical areas prone to Air pollution and having high level of Particulate Matter. Extensive Water sprinkling shall be carried out on haul roads.

19 That the Project Authority should implement suitable conservation measures to augment ground water resources in the area in consultation with the Sr. Hydrogeologist & R.O. of the State Board.

20 That the Regular Monitoring of ground water level and quality shall be carried out in and around the Mining Lease Area by establishing a network of existing wells and installing new piezometers during the operation. The periodic monitoring (at least four times in a year) shall be carried out and data be submitted to the State Board.

21 That the Appropriate mitigative measures shall be taken to prevent pollution of the Ahu, the Pasdi and the Amazar river banks in consultation with the State Pollution Control Board.

22 That the controlled blasting shall be practised. The mitigative measures for control of ground vibrations and to arrest the fly rocks and boulders should be implemented.

23 That the Drills shall either be operated with dust extractors or equipped with water injection system.

24 That the Mineral handling area shall be provided with the adequate number of high efficiency dust extraction systems.

25 That all other general conditions enclosed as **Annexure** shall be strictly complied with.

Order No 2010-2011/Mines/915

Date: 18/02/2011

26 That this Consent is subject to the conditions as stated above and general conditions as stated in Annexure. Further, the mining unit will comply with the provisions of the Air (Prevention & Control of Pollution) Act, 1981 & Water (Prevention & Control of Pollution) Act, 1974 and any such conditions as may be specified from time to time by the State Board under the provisions of the aforesaid Acts.

27 That the grant of this **Consent to Establish** is issued from the environmental angle only, and does not absolve the project proponent from the other statutory obligations prescribed under any other law or any other instrument in force. The sole and complete responsibility, to comply with the conditions laid down in all other laws for the time-being in force, rests with the industry/ unit/ project proponent.

28 That the grant of this **Consent to Establish** shall not, in any way, adversely affect or jeopardize the legal proceedings, if any, instituted in the past or that could be instituted against you by the State Board for violation of the provisions of the Act or the Rules made thereunder.

This bears approval of the competent authority.

Annexure

Consent to Establish under Air & Water Acts - Mining Units

General Conditions:-

1. That this consent shall be subject to the condition that you shall operate the mining activities in the area as per the mining right allowed by the Mining Department in the Mining Lease only.

2. That this consent shall be subject to the directions/orders passed in various Mining/Environment related Writ Petitions by Hon'ble High Court and the Hon'ble Supreme Court.

3. That you shall provide the necessary infrastructure facilities including equipment for the monitoring of ambient air in accordance with the directions given to you by the Pollution Control Board's officials from time to time.

4. That Mining Unit shall undertake the phased restoration, reclamation and rehabilitation of lands as per established practices & procedures (provisions of Mine Closure Plan in case of Major Minerals) affected by prospecting or mining operations and shall complete this work before the conclusion of such operations and the abandonment of prospects or mines.

5. That overburden shall be stored in a systematic manner that it does not obstruct the natural drainage pattern of the area. It may be used for back filling. The land shall be identified for disposal of overburden at environmentally compatible site.

6. That the project proponent will stack the top soil separately and will use it for plantation and reclamation of overburden dumps.

7. That Mining unit shall strictly comply with the Mining Plan and Eco Friendly Mining Plan as submitted to & approved by the competent authority. (Eco Friendly Mining Plan for Minor Mineral & mining plan for Major minerals & marble, Granite Mines).

8. That the water spray and sprinkling system so installed should always be maintained in order to utilize the same for dust suppression.

9. That the domestic effluent if any, shall be treated and disposed of with properly designed septic tank followed by soak pit as per prescribed standard.

10. That Air Emissions shall conform to the standards prescribed under the Environment (Protection) Act, 1986.

11. That noise level shall be kept as detailed below and under no circumstances, it shall exceed the prescribed limit:-

    a. Day time (6.0 AM to 9.0 PM) - 75 dB A (leq)
    b. Night time (9.0 PM to 6.0 AM) - 65 dB A (leq)

12. That this consent should not be treated as NOC or approval for mining in forest area, if any, falling in the lease and relevant permission under provisions of the Forest (Conservation) Act, 1980 shall be obtained from the competent authority.

13. That for Diesel Generator Set, acoustic enclosure/acoustic treatment shall be provided to meet the prescribed norms w.r.t. noise as per the Gazette Notification of Ministry of Environment & Forests dated 02.01.99. Adequate stack height with D.G. Sets shall also be provided and maintained. Noise from the Diesel Generator Sets shall be controlled by providing an acoustic enclosure or by treating the room acoustically.

P.T.O.

The acoustic enclosure/acoustic treatment of room should be designed for minimum 25 dB (A) Insertion Loss or for meeting the ambient noise standards, whichever is on the higher. The measurement for Insertion Loss may be done at different points at 0.5 metre from the acoustic enclosure/room and then averaged. The Diesel Generator Sets should also be provided with proper exhausts muffler with Insertion Loss of minimum 25 dB (A). The stack height for the Diesel Generator Sets shall be as notified under the EP Act, 1986.

14. That the Industry shall comply with provisions of the Manufacture, Storage and Import of Hazardous Chemicals Rules,1989 and the Hazardous Waste (Management & Handling)Rules,1989 and related amendments, as applicable.

15. That this consent is valid, subject to fulfillment of all the other statutory requirements in other Law/Acts/Rules as applicable.

16. That the industry shall submit quarterly compliance of all the above stated conditions to this office.

17. That the unit shall submit Water Cess returns in case the water consumption is more than 10 KLD under provisions of the Water (Prevention & Control of Pollution) Cess Act, 1977 and as amended from time to time.

18. That notwithstanding anything contained in this letter of consent, the State Board hereby reserves to it, the right and power under section 21(6) of the Air (Prevention & Control of Pollution) Act, 1981 & under section 27(2) of the Water (Prevention & Control of Pollution) Act, 1974 to review anyone/or all the conditions imposed here-in-above and to make such variations as deemed fit for the purpose of Air Act & Water Act.

19. That this consent, under no circumstances, be construed as conferment of any property or any interest in the lease area. It is only confined for the purpose of regulation of provisions of the Air Act & Water Act

20. That any incorrect information submitted in the consent application form shall make the industry liable for legal action under section 38 of the Air Act & under section 43 of the Water Act.

21. That in case of failure to comply with any of the consent conditions stated as above, the consent issued to the industry shall automatically stand revoked without any notice.

22. That this Consent will not exempt you from any legal action for the past violations, if any, of the Act/Rules/Notifications/Circulars etc.

M/s Atikur Rahaman

Date 08/04/2013

S/o Sh. Hazi Abdul Gafoor, Village & Post- Suket,

Tehsil : RamganjmandiDistrict :Kota- 324 001

Sub: Grant of Consent to Operate under section 21(4) of Air (Prevention & Control of Pollution) Act, 1981 and under section 25/26 of Water (Prevention & Control of Pollution) Act, 1974 for your **Minor Mineral** Mine at near Village-**Pipakheri**, **Tehsil-Ramganj Mandi**, District- **Kota (M.L.No-108/92-R-26/2011).**

Ref: (i) Your applications dated 16/10/2012
(ii) Received on 26/10/2012

Sir,

In view of the details submitted vide your above referred applications/ documents, the **Consent to Operate** under section 21(4) of Air (Prevention & Control of Pollution) Act,1981 and under section 25/26 of Water (Prevention & Control of Pollution) Act, 1974 is hereby granted for carrying mining activities. This consent is subject to the following stipulations:-

1 That this consent is being granted in favour of **M/s. Atikur Rahaman**, a Mine of **Minor Mineral** having M.L.No.- **108/92-R-26/2011** in an area measuring **2.8234 Hectares** at/near Village-Pipakheri ,Tehsil-**Ramganj Mandi**,District-**Kota.**

2 That this consent is valid for a period from **01/03/2013** to **29/02/2016**

That this consent is valid for following mining activities :-

	Mineral	Permitted Mining Capacity
1	LIME STONE (BUILDING STONE)	100000.0000 TONNES / ANNUM

4 That you shall achieve following standards in ambient air in mine area / mining activities.

Pollutant	Standards for Ambient Air	Standards for mining activity
SPM	500 µg/M³	SPM = 600 µg/M³
SO_2	120 µg/M³	(To be measured between 3 to
NO_x	120 µg/M³	10 meters from mining
CO	5000 µg/M³	activity)

Order No 2016-2017/Mines/9152 Date: 10/02/2017

Unit Id : 10,869

4 That you shall achieve following standards in ambient air in mine area / mining activities.

Pollutant	Standards for Ambient Air	Standards for mining activity
SPM	500 µg/M³	SPM = 600 µg/M³ (To be measured between 3 to 10 meters from mining activity)
SO_2	120 µg/M³	
NO_x	120 µg/M³	
CO	5000 µg/M³	

5 That the Mining unit shall maintain zero discharge status of waste water from the premises. No trade effluent shall be discharged inside/outside mine premises.

6 That your mining will not intersect the Ground Water Table during the consent period and the permission from the Central Ground Water Authority shall be obtained for intersection of Ground Water Table/ abstraction of ground water, if any and submit a copy of the same to the Board.

7 That this Consent to Operate is for mining / processing / beneficiation of product as mentioned above in **M.L.No.-108/92-R-26/2011** and a separate **Consent to Operate** is required to be obtained for any other Mineral mining/ processing/ beneficiation Plant/process if any and for any addition/ modification/ alteration or change in process.

8 **That the occupier/operator of mine shall ensure that all the conditions imposed in the Environmental Clearance granted by the Ministry of Environment, Forest & Climate Change, Government of India vide letter no. J-11015/73/2008-IA.II (M) dated 11/05/2010 are strictly complied with.**

9 **That amendment in Environmental Clearance shall be obtained for reduction in lease area, within six months failing which the consent to operate shall be deemed to have been revoked automatically.**

10 **That the plantation shall be grown so as to cover 33% of the total land use for mining and allied activities as given in Approved Mining Plan and shall be maintained at all the time to maintain ambient air quality around the mine**

11 **That mining operations shall be restricted to above ground water table and should not intersect ground water table. In case of working below the ground water table, prior approval of the Ministry of Environment, Forest & Climate Change (MoEF&CC) and Central Ground Water Authority shall be obtained.**

12 **That ground water shall not be extracted without prior permission of the Central Ground Water Authority (CGWA).**

Sub: Enhancement of Pipakheri Limestone (Building Stone) Mine from production capacity of 1.0 Lakh TPA (ROM) to 6.0 Lakh TPA (ROM) by Lessee Shri Atikur Rahaman S/o Hazi Abdul Gafoor, located at village - Pipakheri, Tehsil - Ramganj Mandi, District - Kota, Rajasthan (72.8234 Ha)- Information/Clarification regarding.

Sir,

This has reference to the Environmental Clearance proposal of Lessee Shri Atikur Rahaman S/o Hazi Abdul Gafoor for Enhancement of Pipakheri Limestone (Building Stone) Mine from production capacity of 1.0 Lakh TPA (ROM) to 6.0 Lakh TPA (ROM) in the mine lease area of 72.8234 ha. The mine lease area is located at village- Pipakheri, Tehsil- Ramganj Mandi, District- Kota, Rajasthan.

2. The Ministry had earlier accorded the Environmental Clearance vide their letter no. J-11015/73/2008-IA.II(M), dated 11.05.2010 for production of 1.0 Lakh TPA (ROM) of Limestone over an area of 83.61 ha. The mine lease was granted in 1992 and mining operation were carried out in the past.

3. The matter has been examined in the Ministry and it is noted that to ascertain the coverage of proposal under the Supreme Court Judgment dated 02.08.2017, the undersigned is hereby directed to request you to submit past production details duly authenticated by State Department of Mines & Geology along with Consent details (CTO/CTE) obtained from the State Pollution Control Board since start of mining operation for taking further necessary action in the matter.

4. This issues with the approval of the Competent Authority.

Yours Faithfully,
