Sub: 1x660 MW Super Critical Coal Based Thermal Power Plant of at village Chaddana, in Teothar Taluk, in Rewa Distt., in Madhya Pradesh - reg. Extension of Validity of TOR.

Sir,

This has reference to your letter dated 26.02.2013 requesting for extension of validity period of Terms of Reference accorded for setting up of 1x660 MW Super Critical Coal Based Thermal Power Plant of at village Chaddana, in Teothar Taluk, in Rewa Distt., in Madhya Pradesh vide this Ministry's letter of even no., dated **20.04.2011**.

2. The request has been examined and it is informed that the matter was placed before the Expert Appraisal Committee (Thermal Power) in its **3rd Meeting** held during **October 10, 2013**. It is now hereby informed that in acceptance of the recommendation of the Expert Appraisal Committee (Thermal Power) and based on the information / clarification furnished by you, with respect to the implementation of the above mentioned power project, the validity period of the Terms of Reference letter issued by this Ministry vide its letter of even no. dated **20.04.2011** is now extended for one year till **19.04.2014** for submission of Final EIA/EMP reports and other requisite documents for consideration of environmental clearance.

3. It is also further informed that under para no.3 of this Ministry's letter of even no., dated **20.04.2011**, after clause no. (xxxix), the following additional conditions shall be implemented:

- xl) Occupational health and safety measures for the workers including identification of work related health hazards shall be formulated. The company shall engage full time qualified doctors who are trained in occupational health. Health monitoring of the workers shall be conducted at periodic intervals and health records maintained. Awareness programme for workers due to likely adverse impact on their health due to working in non-conducive environment shall be carried out and precautionary measures like use of personal equipments etc. shall be provided. Review of impact of various health measures undertaken at

intervals of two years shall be conducted with an excellent follow up plan of action wherever required.

xli) A list of industries existing and proposed in the study area shall be furnished.

xlii) For proposals based on imported coal, inland transportation and port handling and rolling stocks /rail movement bottle necks shall be critically examined and details furnished.

xliii) Radio activity and heavy metal contents of coal to be sourced shall be examined and submitted along with laboratory reports.

xliv) Corporate Environment Policy

- a. Does the company has a well laid down Environment Policy approved by its Board of Directors? If so, it may be detailed in the EIA report.
 - b. Does the Environment Policy prescribe for standard operating process / procedures to bring into focus any infringement / deviation / violation of the environmental or forest norms / conditions? If so, it may be detailed in the EIA.
 - c. What is the hierarchical system or Administrative order of the company to deal with the environmental issues and for ensuring compliance with the environmental clearance conditions. Details of this system may be given.
 - d. Does the company has system of reporting of non compliances / violations of environmental norms to the Board of Directors of the company and / or shareholders or stakeholders at large? This reporting mechanism should be detailed in the EIA report.
4. This issues with the approval of the Competent Authority.

Yours faithfully,

(Dr. Saroj)
