DIRECTORATE OF GEOLOGY AND MINING**

No. GM/MM/86-B (40)/

Dtd. Guwahati, the

Dec., 2018.

From : - The Director,
Directorate of Geology & Mining, Assam,
Kahilipara, Guwahati-19.

To : -The Divisional Forest Officer,
Jorhat Division, Jorhat.

Sub : - Approval of Mining Plan alongwith progressive Mine Closure Plan
In respect of **Adhal Katha Gaon Ordinary Earth Mining Permit Area (area
0.25 hec.) in Jorhat Dist. of Assam State** submitted under Rule 52(1) of
Assam Minor Mineral Concession Rules, 2013.

Ref : -Your letter No B/G/76/Earth/9337-39
dtd. 20/11/2018

Sir,

In exercise of the power conferred under Rule 52(1) of Assam Minor Mineral Concession Rules, 2013, I hereby approved the aforesaid Mining Plan (including Progressive Mine Closure Plan) prepared by **R.Q.P. Lakshyajit Sonowal**. This approval is subjected to the following conditions :

- 1) The Mining Plan alongwith Progressive Mine Closure Plan is approved without prejudice to any other law applicable to the mine area from time to time whether made by the Central Government, State Government or any other authority and without prejudice to any order or direction from any court of competent jurisdiction.
- 2) The proposals shown on the plates and/or given in the document is based on the lease map/sketch submitted by the lessee and is applicable from the date of approval.
- 3) It is clarified that the approval of aforesaid Mining Plan along with Progressive Mine Closure Plan does not in any way imply the approval of the Government in terms of any other provision of Mines & Minerals (Development & Regulation) Act, 1957 or the Minerals (Other than Atomic & Hydro Carbon Energy Minerals) Concession Rules, 2016 and any other laws including Forest (Conservation) Act, 1980, Environment (Protection) Act, 1986 or the rules made there under Mines Act, 1952 and Rule & Regulation made there under.
- 4) Directorate of Geology & Mining, Assam has not undertaken verification of the mining lease boundary on the ground and does not undertake any responsibility regarding correctness of the boundaries of the precise area as furnished by the lessee.
- 5) At any stage, if it is observed that the information furnished data incorporated in the documents are incorrect or misrepresent facts, the approval of the document shall be revoked with immediate effect.
- 6) This approval is restricted in respect of the proposals contained therein within mining lease area and is applicable from the date of approval for **Two year** and maximum quantity of **Ordinary earth** recommended for extraction is **2000 cubic metre to be used for filling & construction purposes** subject to all statutory

compliance and clearances for the mining activities to be carried out within the mining leasehold.

- 7) Adequate number of check dams and retaining walls shall to made & maintained in good conditions to prevent any anticipated detrimental impact on water regime.
- 8) "Safety Berm" of adequate dimension shall be kept at all the places in the vicinity of statutory barrier, high bench/escarpment. It shall also be ensured that no excavation is to be made in the vicinity of any high side wall/ escarpment. Stability of benches, escarpments shall be closely monitored .It is the responsibility of the lessee to ensure the stability of all the escarpments/side/benches. Lessee shall take all necessary steps time to time so as to ensure the stability of ground, which includes but not limited to reduction of the high side wall to safe and stable condition within first year itself.
- 9) Sufficient safety Bern shall be maintained with respect to public road/village road.
- 10) Controlled Blasting shall be carried out and Blast Hole shall be adequately muffled.
- 11) In case of patta land, a certificate from Revenue Authority should be obtained that the mining area is a non agricultural land.
- 12) Violation of the provision of the Mining Plan including Progressive Mine Closure Plan shall liable to cancel the Mining Plan.
- 13) Environmental clearance must be obtained from the competent authority before execution.
- 14) Divisional Forest Officer should confirm that the lease area does not fall in the National Park, Wild Life Sanctuary, Game Sanctuary, Bird Sanctuary etc including ecosensitive zone and does not affect the animals, birds and biodiversity in anyway.
- 15) There are no any provision of mechanized or semi mechanized mode of extraction in case of river sand mining.

Encl: Approved Mining Plan alongwith Progressive Mine Closure Plan.

Yours faithfully,

(Smt. Nibha Sarma),
Joint Director

For Director of Geology & Mining, Assam.
