Director of Mines & Geology, Kurnool on 22.05.2018 stated that as per CCOM's circular Lr.No: K-11011/12012/CCOM, dt: 14.12.2012 of the

IBM, GoI has clarified that the commencement of the mining plan period will be from the date of execution of the lease only. In the subject case, the date of commencement of the plan period is from 24.11.2014. As such, the 1st plan period will be considered from the date of execution of lease i.e., 24.11.2014 to 23.11.2019.

The Asst. Director of Mines & Geology, Anantapuram vide letter dated 28.11.2017 stated that there is no mine within 500m from the peripheral boundary of this proposed mine. The proposed mine is near to the inter State boundary. The State Boundary is 900 metres from A.P. - Karnataka State boundary. As per the MoEF&CC, GoI, New Delhi Notification S.O.No.141 (E), dated 15.01.2016, the General Condition is exempted for the minor mineral mining (<25 Ha.). "General Conditions shall apply except: (i) for project or activity of mining of minor minerals of Category 'B2' (up to 25 ha of mining lease area);

It is noted that the total extent of proposed mine lease area (6.0 Ha.) is less than 25 Ha. Hence, the present proposal comes under category 'B2' project.

The proposed project falls under Item No. 1(a) of the schedule of the EIA Notification 2006- (i) Mining of minerals (<100 ha of mining lease area in respect of non-coal mine lease).

The Committee recommended for **issue of Environmental Clearance with validity period up to 23.11.2019 only**, to this proposed Black Granite mining project for the production quantities Black Granite – **1,630 m<sup>3</sup>/annum** duly stipulating a condition that the project proponent shall maintain the setback distance 7.5 meters buffer zone all around the mine lease area for greenbelt development and other conditions are to be fulfilled.

**Decision of SEIAA:** Agreed with recommendation of the SEAC, A.P for issue of EC.

--------------------------------	--

**Recommendations of the SEAC on 24.08.2018:**

The representative of the project proponent and their consultant M/s. Enpro Enviro Tech Engineers Private Limited have attended the meeting and presented their case.

The Committee noted that M/s. Godavari Bio Management Bio Medical Waste Treatment Facility proposes to establish the Common Bio-medical Waste Treatment Facility (CBMWTF) of capacity - 3000 kg/day at Sy.No. 258, Marripudi (V), Rangampeta (M), East Godavari District, Andhra Pradesh.

Earlier, the In Principle Permission for the site was issued by APPCB dt: 16.08.2016 based on the earlier feasibility report for issuing of the earlier TOR, the contents in the APPCB letter dt: 16.08.2016 are as follows:

- Based on the feasibility report submitted by the EE, RO-Kakinada, it was noted that the Total No. of Clinics / Hospitals and their bed strength as per the registering authority i.e. The District Medical & Health Officer – there are 586 Nos of HCEs with **15494 bed strength** (excluding Medical Colleges).
- Including medical colleges the bed strength is about 17299 beds.
- The existing CBMWTF i.e. EVB technologies is covering 596 Nos of HCEs with 10476 bed strength.
- There are about 6823 numbers of beds un-covered by the existing CBMWTF.
- There are number of Veterinary Hospitals which need to be covered under BMWM Rules.

The Terms of Reference (TOR) amendment with public hearing was issued on 04.05.2017.

The Committee noted that this proposal was earlier appraised in the SEAC meeting held on 18.09.2017 and observed the following:

The Project Proponent and their consultant M/s. Team Labs & Consultants have attended the meeting

This proposal was earlier appraised in the SEAC meeting held on 22.08.2017 and recommended the project proponent M/s. Godavari Bio Management Bio Medical Waste Treatment Facility shall submit the modified EIA report, duly incorporating the facilities in the existing unit, following the Bio-medical Waste Management Rules, 2016 and the Central Pollution Control Board Revised guidelines - 21<sup>st</sup> December, 2016 for this proposed common bio-medical waste treatment facility (CBWTF), for further appraisal.

Presently the project proponent submitted only the Compliance of Bio-medical Waste Management Rules, 2016 vide letter dated 22.08.2017 .

The committee after detailed discussion recommended to submit the modified EIA report duly incorporating the facilities in the existing unit, following the Bio-medical Waste Management Rules, 2016 and the Central Pollution Control Board Revised guidelines - 21<sup>st</sup> December, 2016 for this proposed common bio-medical waste treatment facility (CBWTF). Also the project proponent has to submit the accreditation details of their consultant for this proposed project activity item No.7(da), for further appraisal.

Further committee noted the TOR was issued to this project on 29.10.2016 and EIA report prepared by their consultant M/s. Team Labs Consultants and the project proponent submitted the application for EC along with this final EIA report on 11.08.2017.

In the EIA Notification 2006 amendment vide S.O. 648 (E), dated 3<sup>rd</sup> March 2016 stated that *the Environmental consultant organisations which are accredited for a particular sector and the category of project for that sector with the Quality Council of India (QCI) or National Accreditation Board for Education and Training (NABET) or any other agency as may be notified by the Ministry of Environment, Forest and Climate Change from time to time shall be allowed to prepare the Environmental Impact Assessment report and Environmental*

*Management Plan of a project in that sector and category and to appear before the concerned Expert Appraisal Committee (EAC) or the State Expert Appraisal Committee (SEAC).*

*Further the Committee also recommended that a letter may be addressed to the MoEF&CC, New Delhi & NABET and sought the clarification whether the EIA prepared by thier consultant is in lines with the EIA Notification 2006/ NABET accreditation process or not.*

The issue was examined by the SEIAA in its meeting held on 04.10.2017. The Committee observed the following:

A letter may be addressed to the MoEF&CC, New Delhi & NABET and sought the clarification whether the EIA prepared by thier consultant is in lines with the EIA Notification 2006/ NABET accreditation process or not.

As per the decision of the Committee and Authority, a letter was sent to the proponent vide letterdt: 12.10.2017 to the MoEF&CC & NABET for the verification of EIA report submitted by the industry

The Committee further noted that the project proponent submitted the information through online on 09.07.2018. The project proponent vide letter dated 13.07.2018 stated

*“the Common Biomedical Waste Treatment Facility proposed at Sy. No. 258, Marripudi Village, Rangampeta Mandal, East Godavari District, A.P., Also as per theTOR , conducted public hearing on 28.07.2017. The final EIA after conducting public hearing wassubmittedon 11.08.2017 for finalappraisal by the Committee (SEAC) in the meeting held on 18.09.2017. The SEAC deferred the decision and sought clarification from MoEF&CC regarding need for accredited consultants preparing EIA.*

*EIAand EMP presented , by an accredited consultant: M/s. ENPRO Enviro Tech and Engineers Pvt.Ltd., Surat ,(as mentioned in the NABET guidelines),was submitted through online on 09.07.2018. Further requested for EC”.*

The Committee noted that the proposed project falls under Item 7(da) of the schedule of the EIA Notification 2006- Common Bio-medical Waste Treatment Facility (CBMWTF).

The Committee after detailed discussions recommended for **issue of Environmental Clearance** to the proposed Common Bio-medical Waste Treatment Facility (CBMWTF) of capacity - 3000 kg/day at Sy. No. 258, Marripudi Village, Rangampeta Mandal, East Godavari District, A.P., without any prejudice to the orders of any Hon'ble Courts,& duly stipulating the standard conditions and other conditions: The project proponent shall comply with the Bio-medical Waste Management Rules, 2016 and its amendments and the Central Pollution Control Board Revised guidelines - 21<sup>st</sup> December, 2016. The project proponent shall allocate sufficient funds for implementation of CSR activities as committed by the proponent/representative along with the EMP.

**Decision of SEIAA:** Agreed with recommendation of the SEAC, A.P for issue of EC.

<b>Agenda Item: 109.15</b>	<b>6.710 Ha Quartz Mine of M/s Jaishree Industries Limited at Sy.No. 13/P, Gummalampadu Village, Pamuru Mandal, Prakasam District, Andhra Pradesh– Environmental Clearance for expansion – <i>Clarification received - Reg.</i></b>
----------------------------	---

**Recommendations of the SEAC on 24.08.2018:**

The representative of the project proponent and their consultant M/s. S.V. Enviro Labs & Consultants have attended the meeting and presented their case.

The Committee noted that this is a new Quartz Mine. The Director of Mines & Geology, Ibrahimpatnam issued In-principle letter on 03.10.2017 for mining lease. The mining plan was approved on 12.12.2017. The Asst. Director Mines of Geology, Markapuram vide letter dated 06.03.2018, stated that there are two mines - 14.5 Ha.- Quartz mine of M/s. Jaishree Industries Ltd. for which EC was issued on 09.01.2013 and 7.0 Ha. – Colour Granite Mine of M/s. Jaishree Granites Pvt. Ltd. within 500 mtrs.

M/s. Jaishree Industries Limited (6.710 Ha) & M/s Jaishree Industries Limited (14.5 Ha) both mines are separate mines with different mining plans. M/s Jaishree Industries Limited (6.710 Ha) is fresh mine.. These two mines are separate mines and they are not interlinked each other even though it is of same firm.

It is noted that these three mines forms a cluster with a total extent of area -13.71 Ha., i.e. < 25 Ha. Hence, the present proposal comes under category 'B2' project. The project proponent submitted the cluster EMP.

The proposed project falls under Item No. 1(a) of the schedule of the EIA Notification 2006- (i). Mining of minerals (< 100 ha of mining lease area in respect of non-coal mine lease).

The Committee recommended for **issue of Environmental Clearance** to this Quartz mining project for the proposed production quantities **Quartz - 1,33,680.72 TPA**, duly stipulating a condition that the Project Proponent shall maintain the setback distance 7.5 meters buffer zone all around the mine lease area for greenbelt development and other conditions to be fulfilled. The project proponent shall allocate sufficient funds for implementation of CSR activities (providing the RO Plant in Gummalampadu village and plantation in the nearby villages).

<b>Agenda Item: 109.16</b>	<b>23.0 Ha. Gravel Quarry Mine of M/s. JAP Natural Stones at Survey No. 675 (Old Survey No. 425), Chintakunta Village, Muddanur Mandal, YSR District, Andhra Pradesh- Environmental Clearance - <i>Clarification Received - Reg.</i></b>
----------------------------	--

**Recommendations of the SEAC on 24.08.2018:**

The project proponent and their consultant M/s. Team Labs and Consultants have attended the meeting and presented their case.

The Committee noted that this is a new Gravel quarry. The Dy. Director of Mines & Geology, Kadapa has issued In-principle letter on 21.10.2016 for mining lease. The mining plan was approved on 31.01.2017.

The Asst. Director of Mines & Geology, Yerraguntla has reported that there are three Quarry leases : existing mines: 55.367 Ha. – Sri. C.Balarami Reddy –Quartzite – lease granted on 19.06.2004; 24.0 Ha. - Sri. S.Jeelani Basha saheb - Silica sand (Prospecting lease granted on 30.06.2016) and M/s. AL -Hira Mines & Minerals- M-sand – Letter of Intent (LOI) issued on 31.01.2017, within 500 meters.Earlier M/s. JAP Natural Stones, Survey No. 675 (Old Survey No. 425) Chintakunta Village, Muddanur Mandal, YSR District ( 23.0 Ha.) filed application for EC on 15.03.2018 and appraised in the SEAC meeting held on 08.04.2018 and sought certain clarification on 14.05.2018.. The proponent submitted the clarification i.e. revised Form-I on 24.05.2018 for Gravel production quantity - 115421 TPA only and requested for EC.

It is noted that M/s. JAP Natural Stones (23.0 Ha.) and M/s. Al-Hira Mines and Minerals ( 23.0 Ha.) are comes under cluster of mines. M/s. JAP Natural Stones ( 23.0 Ha.) is the first applicant and hence in this cluster the proposed mine of M/s.JAP Natural Stones comes under category B2.

The proposed project falls under Item No. 1(a) of the schedule of the EIA Notification 2006-(i). Mining of minerals (<100 ha of mining lease area in respect of non-coal mine lease).

The Committee recommended for **issue of Environmental Clearance** to this GravelQuarry project for the proposed production quantities **Gravel(without M sand) - 1,15,421 TPA**, duly stipulating a condition that the Project Proponent shall maintain the setback distance 7.5 meters buffer zone all around the mine lease area for greenbelt development and other conditions to be fulfilled. The project proponent shall allocate sufficient funds for implementation of CSR activities (providing the RO Plant in Chintakunta village and plantation in the nearbyvillages).

**Decision of SEIAA:** Agreed with recommendation of the SEAC, A.P for issue of EC.

<b>Agenda Item: 109.17</b>	<b>M/s Ultramarine &amp; Pigments Limited at Plot Nos. 60 &amp; 61, Block-C, APIIC, Industrial Estate, Menakur (V), Naidupeta (M), SPSR Nellore District, Andhra Pradesh – Terms of Reference (TOR) - Reg.</b>
--------------------------------	--

**Recommendations of the SEAC on 24.08.2018:**

The representative of the project proponent and their consultant M/s. SV Enviro Labs & Consultants have attended the meeting and presented their case.

The Committee noted that M/s. Ultramarine and Pigments Limited proposes the Synthetic Organic Chemicals unit at Plot Nos. 60 & 61 in APIIC Industrial area, Menakur (V), Naidupeta, SPSR Nellore District. This APIIC, Industrial Estate, Naidupeta obtained the Environmental Clearance on 30.05.2017. ( EC Order No. F. No: 21-140/2015-IA.III , dated: 30.05.2017 issued by MoEF&CC, New Delhi).The project proponent proposes the chemical unit in this industrial estate and hence requested for TOR with exemption of public hearing.

The proposed project falls under Item 5(f) of the schedule of the EIA Notification 2006- Synthetic organic chemicals industry (dyes & dye intermediates & bulk drug and intermediates) and the exemption of public consultation, as provided for under Para 7(i) III. Stage (3)(i)(b) of EIA Notification, 2006. The present proposal comes under category 'B1' project.

The Committee recommended for **issue the Standard Terms of Reference (TOR) with exemption of public hearing** to this proposed Synthetic Organic Chemicals unit of capacity – Phase – I: Surfactants – 40000MTA, Phase –II: Specialty Surfactants & Blends – 7500 MTA & Inorganic Pigments – 8400MTA, as the project proponent proposes the chemical unit in the APIIC, Naidupet Industrial estate ; and with additional TOR: industry shall adopt appropriate pollution control system to achieve Zero Liquid Discharge (ZLD). The project proponent, as requested, is permitted to utilize the baseline data collected during the year 2017 for preparation of EIA report.

**Decision of SEIAA:** Agreed with recommendation of the SEAC, A.P for issue of Standard Terms of Reference (TOR) with exemption of public hearing.

----------------------------	--

**Recommendations of the SEAC on 24.08.2018:**

The project proponent and their Consultant M/s. M/s. Pridhvi Envirotech (P) Ltd., have attended the meeting and presented the case.

The Committee noted that M/s. Andhra Pradesh Granite (Midwest) Private Limited is an existing Black Galaxy Granite Mine (19.425 Ha.) applied for expansion of production capacity from 1026 m<sup>3</sup> /annum to 54,643 m<sup>3</sup> /annum . The proposal was appraised in the SEAC meeting held on 16.03.2015 and the committee recommended that the proponent has to approach the concerned authority for obtaining Environmental Clearance (EC) for the mine Cluster. It is also observed that the proponent has applied for expansion of production capacity and hence the proponent shall submit certified compliance report from the MOEF on the earlier EC. Accordingly a letter was addressed to the industry on 10.04.2015.

The project proponent submitted the letter vide dt. 07.11.2017 by enclosing the copy of the Environmental Clearance compliance report dt. 06.11.2017 obtained from MoEF&CC, Regional Office Chennai, after a lapse of two years.

A Writ Petition was filed, by the proponent, in the Hon'ble High Court of A.P. (W.P.No.44348/2017), on issue of Environmental Clearance to this mining project on 26.12.2017 and the case is pending in the Hon'ble High Court.

The proposal was again discussed in the SEAC meetings held on 24.02.2018 & 23.06.2018 and SEIAA meetings 24.04.2018 & 02.07.2018.

After detailed deliberations, the SEIAA, A.P., have decided that “All the violation cases shall be filed with an notarized affidavit / sworn in affidavit by the proponent, in the prescribed format to the Member Secretary, SEIAA, Andhra Pradesh for consideration of TOR / EC as per the provisions of EIA Notification, 2006 and O.M dated 30.05.2018 issued by the MoEF&CC, Govt of India.

The project proponent requested to submit a notarized affidavit / sworn in affidavit as per the enclosed format in original, to the SEIAA, A.P., for further processing of project proposal for consideration of Environmental Clearance / Terms of Reference vide Lr No. 3/SEIAA/AP/SEIAA Mtg./2014, dated 03.08.2018.

The project proponent submitted the information on Remediation and Resource Augmentation plans with Bank Guarantee details vide letter dated 23.07.2018. Also filed the same along with the Notorised Affidavit through online 10.08.2018.

The SEAC has made recommendations through resolutions placed in the agenda item 118.I.

Based on the approval of the same, the decision on this agenda item can be made by SEIAA, as SEAC recommends that it falls under the resolution pertaining to the cases disposed off by the Hon’ble High court for its violation.

**Decision of SEIAA:** Agreed subject to legal opinion sought from the Standing Counsel on violation cases as mentioned in the Agenda Item No.109.I.

<b>Agenda Item: 109.19</b>	<b>M/s. KBK Biotech Pvt. Ltd. (formerly M/s. Milano Spirits India Pvt., Ltd.) Sy.Nos. 1-315, 316, 317 &amp; 318, Chinnabramadevam (V), Peddapuram (M), East Godavari District – Earlier EC Issued – Applied Terms of Reference (TOR) for Expansion – <i>Deferred</i> - Reg.</b>
----------------------------	---

**Recommendations of the SEAC on 24.08.2018:**

The representative of the project proponent and their Consultant M/s. SV Enviro Labs & Consultants, have attended the meeting and presented their proposed TOR for expansion. They requested for exemption of public hearing.

The Committee noted that the existing unit obtained Environmental Clearance for Distillery unit : Rectified Spirit / ENA/Ethanol Fuel - 20 KLPD Molasses based (or) Grain Based and proposed for expansion Rectified Spirit / ENA/Ethanol Fuel - 39 KLPD on Grain Based. The Project Proponent submitted the Transfer of EC in the name of M/s. KBK Biotech Pvt. Ltd. (formerly M/s. Milano Spirits India Pvt. Ltd.) on 02.05.2018.

The proposed project falls under Item No. 5(g) of the schedule of the EIA Notification 2006: Distilleries. This proposal comes under category 'B1' project.

This proposal earlier appraised in the SEAC, A.P., meeting held on 11.05.2018. The committee

recommended for issue of standard Terms of Reference (TOR) and accepted for exemption of public hearing due to less pollution load, adopting ZLD, only expansion and not new, no additional usage of resources of water, less fuel usage than previous one due to additional methane production, due to 25 to 30% water savings, condensation vapor recovery and other beneficial impacts to be implemented.

The SEIAA, A.P., in its meeting held on 01.06.2018 and the Authority requested the SEAC, A.P., to examine their recommendations again, to mention the provisions of EIA Notification, 2006 for the said grounds for exemption of public hearing to this proposed project.

This proposal was re-appraised and the committee considered the exemption of public hearing as per Para No.7(ii) of EIA Notification 2006. The committee noted that this unit is proposing expansion of Rectified Spirit / ENA/Ethanol Fuel - 39 KLPD on Grain Based only.

*The Committee after detailed discussions, reiterated the earlier recommendations **for issue of standard Terms of Reference (TOR) with exemption of public hearing**, for expansion of the Distillery unit : Existing production capacity - Rectified Spirit / ENA/Ethanol Fuel : 20 KL per day on Molasses based (or) Grain Based and Production capacity after expansion - Rectified Spirit / ENA/Ethanol Fuel : 20 KL per day on Molasses based (or) Grain Based and Rectified Spirit / ENA/Ethanol Fuel : 39 KL per day on Grain Based only.. due to less pollution load; adopting ZLD; only expansion and not new; no additional usage of resources of water; less fuel usage than previous one; additional methane production; 25 to 30% water savings; condensation vapor recovery and other beneficial impacts to be implemented.*

**Decision of SEIAA:** Agreed with recommendation of the SEAC, A.P for issue of Standard Terms of Reference (TOR) with exemption of public hearing.

<b>Agenda Item: 109.20</b>	<b>M/s. Indian Oil Corporation Limited, at Visakha Terminal, Malkapuram P.O., Visakhapatnam District, A.P – Terms of Reference (TOR) - Issued – Reg.</b>
----------------------------	--

**Recommendations of the SEAC on 24.08.2018:**

SEAC had recommended for issue of TOR with public hearing earlier.

Now the proponent has requested for consideration of submission of EIA & EMP with exemption of public hearing.

The facility is an existing in the same existing area for the past five decades. The organization seeks to revamp the storage facility with no additional pollution load. Hence under clause 7(ii), the SEAC recommends for exemption of public hearing considering the fact of no additional adverse impact.

*The Committee recommended for issue the Standard Terms of Reference (TOR) with exemption of public hearing to this proposed revamping (Raze and Rebuild) of existing terminal with expansion of POL storage capacity – 81,000 KL., as this is only a storage facility in the existing industry premises and there is no manufacturing process involved and proposes to revamp the storage facility with no additional pollution load and considering the fact of no additional adverse impact; with Additional TOR: The proponent shall submit the types of wastes to be generated (quantity & disposal) during the revamping of existing POL storage facility.*

**Decision of SEIAA:** Agreed with recommendation of the SEAC, A.P for exemption of public hearing.

<b>Agenda Item: 109.21</b>	<b>M/s Jindal Urban Waste Management (Visakhapatnam) Limited, Scientific Landfill facility Survey No: 410, Kapuluppada Village, Bheemnipatnam Mandal, Visakhapatnam District, A.P – Terms of Reference (TOR) – <i>Earlier Deferred case - Reg.</i></b>
----------------------------	--

**Recommendations of the SEAC on 24.08.2018:**

The project proponent and their Consultant M/s. ABC Techno Labs India Pvt Ltd., have attended the meeting and presented their case.

The Committee noted that this proposal was earlier appraised in the SEAC, A.P., meeting held on 23.06.2018 and during this meeting the proponent informed that a Common Municipal Solid Waste Management Facility (CMSWMF) is proposed at Kapuluppada Village in an extent of area of 110 acres. **The proposed site area is located about 1.9 km from the Kambalakonda Wildlife Sanctuary which is an Eco- Sensitive Zone.** Then the Committee recommended to defer this proposal next meeting as the project proponent has requested for time to present their proposal with site location details and categorization of their proposed project- CMSWMF.

The committee noted that the proposed site area is located within 5km distance from the Kamblakonda Wildlife Sanctuary which is a notified Eco- Sensitive Zone ( MoEF&CC, New Delhi Notification S.O.1366(E), dated 28<sup>th</sup> April 2017.). The General Condition(GC) in Schedule of EIA Notification 2006 in case of Eco –sensitive Zone states:

“Any project or activity specified in Category ‘B’ will be appraised at the Central Level as Category ‘A’, if located in whole or in part within 5 km from the boundary of: Eco-sensitive areas as notified under sub-section (2) of section 3 of the Environment (Protection) Act, 1986” and hence it comes under Category ‘A’ project

The Committee recommended that this proposal may be transferred to the MoEF&CC and to inform the project proponent to approach the MoEF&CC, GOI, New Delhi for considering of TOR for their proposed Common Municipal Solid Waste Management Facility (CMSWMF) at Kapuluppada Village, Visakhapatnam District, A.P.

**Decision of SEIAA:** Refer to SEAC, A.P. to obtain the clarification about the nature of the activities proposed by the proponent.

--------------------------------	--

**Recommendations of the SEAC on 24.08.2018:**

The representative of the project proponent has attended the meeting.

The Committee noted that M/s. Kesar Terminals & Infrastructure Ltd.( M/s.KTIL) , proposed Plant of Bulk Liquid Storage Terminal & Dry Cargo Warehouse at Plot No. 40, Dummalapeta (V), Kakinada (M), East Godavari District. Environmental Clearance issued on 03.08.2011.

M/s. KTIL filed the application through online on 17.04.2017 (SIA/AP/IND2/19168/2011) for extension of EC validity for further period of 5 years stating that the company has **completed the land development work**, the storage terminal at Kakinada, by investing over Rs.2 crore, the said project to be put on hold due to substantial commitment of the company in the Composite Logistics Hub project of the Subsidiary company, Kesar Multimodal Logistics Ltd., Powarkheda, M.P. The first phase of our Multimodal Logistics Hub at M.P. is completed, they are trying our best to start the work of storage Terminal at the earliest possible date.

The committee further noted that the M/s. Kesar Terminals & Infrastructure Ltd., has already started the construction activity and they have completed the land development work with their earlier EC issued on 03.08.2011 and hence extension of validity period does not arise, and the existing EC may be treated as valid.

The Committee recommended that the project proponent be informed that the EC issued on 03.08.2011, holds good as long as they comply with all the conditions stipulated in this EC order and submit self compliances every six months.

The project proponent and their consultant M/s. SV Enviro Labs & Consultants, have attended the meeting and presented their proposal.

The Committee noted that this is a new Black Granite Mine and there are two surrounding mines, which are more than 5.0 Ha (8.093 Ha & 5.362 Ha).. The Director of Mines & Geology, Hyderabad, issued In-principle letter on 28.10.2016 for mining lease. The mining plan was approved on 21.02.2017. The Asst. Director of Mines & Geology, Ongole vide letter dated.05.03.2018, stated that there are 36 mine leases within 500 meters (10 Nos in Guntur District & 26 Nos in Prakasam District).

The Committee noted that the mine leases issued before 9<sup>th</sup> September 2013, ECs issued before 15<sup>th</sup> January 2016 and LOIs( Letter of Intent) issued are exempted for calculating the total extent of cluster area. In the present case the total extent of cluster area is 23.739 Ha.< 25 Ha. and hence comes under B2 category. The project proponent submitted the cluster EMP.

The proposed project falls under Item No. 1(a) of the schedule of the EIA Notification 2006-(i). Mining of minerals (<100 ha of mining lease area in respect of non-coal mine lease).

The Committee recommended for **issue of Environmental clearance** to this proposed Black Granitemining project for the production quantities: **Black Granite- 3470 m<sup>3</sup> /annum**, duly stipulating a condition that the project proponent shall maintain the setback distance 7.5 meters buffer zone all around the mine lease area for greenbelt development and other conditions are to be fulfilled.

**Decision of SEIAA:** Agreed with recommendation of the SEAC, A.P for issue of EC.

**Recommendations of the SEAC on 25.08.2018:**

The project proponent and their consultant M/s. B S Envi-Tech Pvt Ltd., have attended the meeting and presented their proposal.

The committee note that the **Andhra Pradesh Medtech Zone Ltd -AMTZ** complex will be developed in an area of 270.71 acres in two Phases. The Phase-I of the project (183.51 acres) is under construction. Currently it is proposed to develop Phase – II (87.2 acres) with additional manufacturing sheds. Phase-II: construction of 80 sheds in plot area of 87.2 acres and built-up area of 1,15,413 Sq.m. The Environmental Clearance (EC) for Phase-I was issued by SEIAA,A.P. vide order dated. 10.07.2017.

The proposed project falls under Item 8(b) of the schedule of the EIA Notification 2006-Township and Area Development Projects - [  $\geq 1,50,000$  sq. m built up area ] or [ covering an area  $\geq 50$  Ha. ] and the exemption of public consultation, as provided for under Para 7(i) III. Stage(3)(i)(d) of EIA Notification, 2006. This proposal comes under category 'B1' project. As per the MoEF&CC Office Memorandum dated 3<sup>rd</sup> April 2018 comes under purview of SEIAA.

The Committee recommended **for issue of Standard Terms of Reference (TOR) based on EC compliance submitted by the proponent**, for the proposed Construction of Townships and Area Development projects Phase-II: construction of 80 sheds in plot area of 87.2 acres and the **total Built-up area – 1,15,413 Sq.m.**

**Decision of SEIAA:** Agreed with recommendation of the SEAC, A.P for issue of Standard Terms of Reference (TOR) based on EC compliance submitted by the proponent.

<b>Agenda Item: 109.46</b>	<b>Development of Industrial Park of Andhra Pradesh Industrial Infrastructure Corporation Limited (APIIC) at 1-8,10-15,17,146,148,155-157, partly 158, partly (167,168),169, partly (170,171), 570, 574, 596-598, 603, 607, Ammavaripalli (V), Penukonda (M), Ananthapur District, Andhra Pradesh - TOR Issued – TOR Amendment Requested - Reg.</b>
----------------------------	---

#### **Recommendations of the SEAC on 25.08.2018:**

The representatives of the project proponent - APIIC and their consultant M/s. L&T Infrastructure Engineering Ltd have attended the meeting and presented their project proposal for TOR amendment.

The Committee noted that M/s. APIIC proposal for development of model industrial park in an extent of area about 365.0 acres (147.70 Ha.) was earlier placed in the SEAC in its meeting held on 21.01.2018 and SEIAA, A.P., meeting held on 06.02.2018.

The TOR was issued to the Project Proponent vide letter dt. 26.02.2018 to prepare EIA report based on *the Standard TOR with public hearing* along with additional TOR, for development of model industrial park - 365.0 acres in Ammavaripalli Village, Anantapur District.

The project proponent requested for TOR amendment vide letter dated 14.06.2018 for the development of model industrial park - 420.32 acres (170.09 Ha.) proposed to establish the automobile sector, production, manufacturing & Assembling of various automobile and auto components and for land use, water consumption etc.

The APIIC submitted the commitment letter as the proposed industrial park area is less than 500 Ha. and does not house any category A or B1 or any public hearing attracting industries, but the proposed project area is more than 50 Ha. APIIC will not construct CETP in this proposed industrial park.

The proposed project falls under Item 8(b) of the schedule of the EIA Notification 2006-Township and Area Development Projects - [  $\geq 1,50,000$  sq. mtrs built up area ] or [ covering an area  $\geq 50$  Ha. ] and the exemption of public consultation, as provided for under Para 7(i) III. Stage(3)(i)(d) of EIA Notification, 2006. This proposal comes under category 'B1' project.

As per the MoEF&CC Office Memorandum dated 3<sup>rd</sup> April 2018, comes under purview of SEIAA.

The Committee recommended for **issue of Standard Terms of Reference (TOR) with exemption of public hearing** with following amendments (Table - I) to this proposed project – **Development of Industrial Park – Ammavaripalli**, for the automobile sector, production, manufacturing & assembling of various automobile and auto components, without sacrificing the extent of green belt area.

--------------------------------	---

**Recommendations of the SEAC on 25.08.2018:**

The Committee noted that the representative of the project proponent and Asst. Director of Mines & Geology, Palamaneru have attended the meeting.

The Committee noted that this proposal was earlier appraised in the SEAC meetings held on 08.04.2018, 11.05.2018 & 30.06.2018 and reviewed in the SEIAA meetings held on 24.04.2018, 01.06.2018 & 02.08.2018.

The SEIAA in its meeting held on 02.08.2018, requested the SEAC to call the Director and the Asst. Director of Mines & Geology Dept., to assist the Committee and to clarify the issues in question. The SEAC is also requested to go through the directions of Hon'ble High Court of A.P and specifically include them in their minutes.

*The Committee noted that there judgments of Hon'ble High Court of A.P., on this Road Metal & Building Stone Mine lease ( 6.0 Ha.) of M/s. Sri Lakshmi Venkateswara Stone Crushers. (W.P.No. 36738 of 2017 & W.P.N. 36959 of 2017 and Writ Appeal Nos. 230 & 240 of 2018). In one of the judgments, the Mines & Geology Department, it was reported that earlier this Mine had been operated.*

*"On the above analysis, this Court finds that the complaint in the first writ petition that the issuance of temporary permits is illegal and arbitrary merits consideration. In that view of the matter, this Court finds that both the writ petitions deserve to be allowed.*

*12. In the result, the Writ Petitions are allowed as prayed for with costs. As a sequel, the temporary permit said to have been granted on 19.12.2017 and which is in force, is set aside directing official respondents not to allow the unofficial respondent to carry out any operations on the basis of the said permit.*

*13. As a sequel, the officers concerned of the A.P. Pollution Control Board are hereby directed to forthwith cause inspection of the subject area, where the complained operations were thus far done by the unofficial respondent and have the same assessed. It is needless to carried on by the unofficial respondent and also the surrounding areas to find out whether any damage is done to the ecological system, the environment and the properties on account of the operations state that in the event it is noticed on such inspection that any damage is done, the A.P. Pollution Control Board and the concerned shall initiate action against all concerned who are responsible as per law and take further steps for restoration at the cost of the concerned on the basis of the principle 'polluters pay'."*

The Asst. Director of Mines & Geology, Palamaneru have attended the meeting and informed that this mine was operated with the temporary permits issued by the Mines & Geology Dept.

The Committee noted that this road metal & building stone mine of M/s. Sri Lakshmi Venkateswara Stone Crushers, was operated without obtaining the Environmental Clearance and hence attracts violation under the provisions of EIA Notification 2006.

The Committee recommended to take necessary action against this mine of road metal & building stone mine of M/s. Sri Lakshmi Venkateswara Stone Crushers as per the notification S.O.804(E), dated 14.03.2017 issued by the MoEF&CC, GoI, New Delhi.

**Recommendations of the SEAC on 25.08.2018:**

The project proponent and their representative have attended the meeting and presented their case.

The Committee noted that the proposal was earlier examined in the SEAC meetings held on 12.05.2018 and reviewed in the SEIAA meetings held on 02.06.2018. As per the decision of the Authority the SEIAA,A.P sent letter to the project proponent on 06.06.2018 vide letter No. SEIAA/AP/VZM/88/2015-494, dt: 06.06.2018. and informed that their proposal will be placed as per the MoEF&CC Office Memorandum dated 30<sup>th</sup> May 2018.

The Project Proponent M/s.Gadabavalasa Manganese Ore Mines vide letter dated 27.06.2018 & 30.06.2018, enclosed the copy of the letter Asst. Director of Mines & Geology, Vizianagaram dt. 29.06.2018 and submitted a representation there is no excess production and can not be considered as violation case.

The Committee recommended that the project proponent be informed to submit the representation with the copies of all the supporting documents of which they claim that their Manganese Ore mine does not attracts violation under the provisions of the EIA Notification 2006 and its amendments thereof, for further processing. The committee also recommends that the documents submitted, if any, be referred to the standing counsel for legal opinion.

--------------------------------	---

**Recommendations of the SEAC on 25.08.2018:**

The representative of the project proponent and their consultant M/s.ABC Techno Labs India Private Limited have attended the meeting and presented their case.

The Committee noted that this proposal was earlier appraised in the SEAC, A.P., meeting held on 08.06.2017 and the committee recommended that the project proponent shall apply for the application for Terms of Reference (TOR) for mining of new reserves of IronOre and Laterite in the mine lease area, as it falls under expansion project. The SEIAA, A.P., addressed to the project Proponent vide letter, dated 15.07.2017 to submit the application for expansion project. The project proponent again represented to reconsider their proposal for extension of EC validity period.

The SEAC in its meeting held on 30.06.2018 recommended the project proponent be informed that M/s. Sai Dharani Sponge Iron Pvt. Ltd., shall submit the application for the consideration of TOR only for expansion project.

The project proponent submitted the representation dated 30.06.2018 and requested to reconsider their proposal.

The Committee recommended that the project proponent be informed to submit the representation with the copies of all the supporting documents of which they claim that their Iron ore & Laterite mining project proposal does not attracts expansion under the provisions of the EIA Notification 2006, for further processing. The committee also recommends that the documents submitted, if any, be referred to the standing counsel for legal opinion.

----------------------------	--

**Recommendations of the SEAC on 25.08.2018:**

Earlier the project proponent submitted the application through online on 13.07.2017 for consideration of TOR for the proposed Quartz Mine- 2,077,92 TPA. The issue was placed SEAC in its meeting held on 10.05.2017 and the SEIAA in its meeting held on 01.06.2018 and recommended for TOR with public hearing. Accordingly TOR with public hearing was issued on 06.06.2018 for the proposed Quartz Mine-2077.92 TPA instead of 2,077,92 TPA.

The Committee noted that the project proponent submitted the request through online for TOR corrigendum i.e. (i). The name of the consultant is mentioned as M/s. Global Enviro Labs which is to be corrected as M/s. Global Environment & Mining Services Hospet. & (ii). The production quantity of mining project is mentioned as 2077.92 TPA which corrected as 2,07,792 TPA.

The Committee recommended for corrigendum in Standard TOR with public hearing for name change of consultants as "M/s. Global Environment & Mining Services, Hospet" from "M/s. Global Enviro Labs" and for the production quantity as "Quartz - 2,07,792 TPA" from "Quartz - 2077.92 TPA".

**Recommendations of the SEAC on 25.08.2018:**

The project proponent and their consultant M/s.S.V.Enviro Labs & Consultants, have attended the meeting and presented their case.

The Committee noted that the proposal was earlier appraised in the SEAC in its meeting held on 12.05.2018 & the SEIAA in its meeting held on 02.06.2018. The committee recommended for issue of the Standard Terms of Reference (TOR) with public hearing for Semiprecious Stone Mine – 110 kg/Annum. The TOR with public hearing was issued on 06.06.2018.

The project proponent submitted application to reconsideration of EC without public hearing vide letter dated: 30.07.2018.

The committee could not consider the request of the proponent, as there is no such provision and hence reiterated the earlier recommendation for TOR with public hearing. The project proponent shall prepare the final EIA report as per standard TOR, with public hearing, issued on 06.06.2018.

----------------------------	---

**Recommendations of the SEAC on 26.08.2018:**

The representative of the project proponent and their consultant M/s. Pioneer Enviro Laboratories and Consultants Private Limited, have attended the meeting and presented their case.

The Committee noted that this is a new Road Metal, Rough Stone & Gravel mine. The Director of Mines & Geology, Ibrahimpatnam has issued In-principle letter on 21.02.2018 for mining lease. The mining plan was approved on 25.04.2018. The Asst. Director of Mines & Geology, Anakapalli vide letter dated 21.05.2018, stated that there is one proposed quarry lease (held by M/s. ANRAK Aluminium Limited -26.968 Ha mine lease granted on 17.02.2009 and is not working since 29.07.2016 and EC is not obtained). within 500 meters from the proposed mine. It is noted that the total extent of proposed mine lease area (24.0 Ha.) is less than 25 Ha. Hence, the present proposal comes under category 'B2' project.

The proposed project falls under Item No. 1(a) of the schedule of the EIA Notification 2006- (i). Mining of minerals (<100 ha of mining lease area in respect of non-coal mine lease).

The Committee recommended for **issue of Environmental Clearance** to this Road Metal, Rough Stone & Gravel mining project for the proposed production quantities **Road Metal, Rough Stone - 2,22,015 m<sup>3</sup>/annum & Gravel - 1,32,900 m<sup>3</sup>/annum**, duly stipulating a condition that the Project Proponent shall maintain the setback distance 7.5 meters buffer zone all around the mine lease area for greenbelt development and other conditions to be fulfilled. The proponent has to strengthen the roads and also enumerate the vegetation at the mine lease area. The project proponent shall allocate sufficient funds for implementation of CSR activities as committed by the proponent/representative along with the EMP (providing the RO Plant G.Koduru village and plantation in the nearby villages).

----------------------------	--

**Recommendations of the SEAC on 26.08.2018:**

The project proponent and their Consultant M/s.Pioneer Enviro Laboratories &Consultants, have attended the meeting and presented their case.

The Committee noted that this is a new underground BarytesMine. The Director of Mines & Geology, Ibrahimpatnam has issued In-principle letter on 13.03.2018 for mining lease. The mining plan was approved on 27.04.2018. The Asst. Director of Mines & Geology, Yerraguntla, YSR Kadapa District vide letter dated.24.05.2018, stated that there are 14 mine leases in the surrounding of this proposed mine in the chain of 500 m distance from these mine leases under cluster in the Vemula Mandal, Y.S.R. Kadapa District. These mine leases were issued to 14 Baryte mines before 9<sup>th</sup> September 2013.

It is noted that these four mines come under cluster with total extent of area. < 25 Ha. Hence, the present proposal comes under category 'B2' project. The project proponent submitted the cluster EMP.

The proposed project falls under Item No. 1(a) of the schedule of the EIA Notification 2006-(i). Mining of minerals (<100 ha of mining lease area in respect of non-coal mine lease).

The Committee recommended for **issue of Environmental clearance** to this proposed Barytesunderground mining project for the production quantities:**Barytes – 3,330 TPA**, duly stipulating a condition that the project proponent shall maintain the setback distance 7.5 meters buffer zone all around the mine lease area for greenbelt development and other conditions are to be fulfilled. **Recommendations of the SEAC on 26.08.2018:**

The project proponent and their Consultant M/s. SV. Enviro Labs &Consultants, have attended the meeting and presented their proposal.

The Committee noted that this is a new Gravel & Building Stonemine. The Dy.Director of Mines & Geology, Visakhapatnamhas issued In-principle letter on 11.05.2018for mining lease. The mining plan was approved on 28.05.2018. The Asst. Director of Mines & Geology, Vizianagaram vide letter dated 08.06.2018stated that there are twonew quarry leases issued within 500m radius (4.98 Ha. & 3.0 Ha.).

It is noted that these three mines were comes under cluster with total extent of area -14.98 Ha. < 25 Ha. Hence, the present proposal comes under category 'B2' project. The project proponent submitted the clusterEMP.

The proposed project falls under Item No. 1(a) of the schedule of the EIA Notification 2006- (i). Mining of minerals (<100 ha of mining lease area in respect of non-coal mine lease

*The Committee recommended for **issue of Environmental Clearance** to this Gravel & Building Stonemining project for the proposed production quantities **Gravel - 316836 m<sup>3</sup>/annum & Building Stone - 79209 m<sup>3</sup> /annum**, duly stipulating a condition that the Project Proponent shall maintain the setback distance 7.5 meters buffer zone all around the mine lease area for greenbelt development and other conditions to be fulfilled.
