Subject: Development of Commercial Building at Plot No. LP-1B-03, Gateway District, Aerocity, Indira Gandhi International Airport, New Delhi by M/s Delhi International Airport Limited - Amendment in Terms of Reference reg.

Sir,

This has reference to your proposal No. IA/DL/NCP/85705/2018 dated 16th November, 2018, submitted to this Ministry for seeking Amendment in Terms of Reference (ToR) issued vide letter dated 30th November, 2018, in terms of the provisions of the Environment Impact Assessment (EIA) Notification, 2006 under the Environment (Protection) Act, 1986.

2. The proposal for grant of amendment in Terms of Reference (ToR) to the project 'Development of Commercial Building at Plot No. LP-1B-03, Gateway District, Aerocity, Indira Gandhi International Airport', New Delhi by M/s Delhi International Airport Limited was considered by the Expert Appraisal Committee (Infra-2) in its 38th meeting held during 6-8 February, 2019.

3. The details of the project, as per the documents submitted by the project proponent, and also as informed during the above said meeting are as under:-

- (i) M/s Delhi International Airport Limited is Proposing Development of Commercial Building as LP-1B-03 at Gateway District of Aerocity, IGI Airport, New Delhi on a net plot area of 32,189 sqm and total built up area is 3,27,428 sqm.
- (ii) Terms of Reference was granted to the project vide letter F.No. 21-90/2018-IA-III dated 30th November, 2018.
- (iii) Now there are some changes in the area details due to which the case is now submitted for amendment in ToR.
- (iv) The detailed comparative statement is as follows:

Particulars	As per ToR letter dated 30.11.2018	Proposed Changes	Unit
Plot Area	31,944	32,189	sqm
Ground Coverage Area Proposed	19,167	17,382	sqm
Open Area/Circulation/Parking	9,582	11,587	sqm
Green Area	3,195	3,220	sqm
No. of Floor of Building	8B+LG+G+9	6B+G+9	-
Maximum Height of the building	40.003	40.003	m
FAR Area Achieved	1,88,064	1,34,125	sqm

Total Built up area	4,29,214	3,27,428	sqm
Total Population Office	30756	20505	Heads
STP Capacity	1050	725	KLD
Total Water Requirement	1438	1102	KLD
Power Requirement	16000	8000	KVA
DG Backup (number x kVA)	3000	3000	KVA
Parking Provided	5642	4024	ECS
Quantity of Solid Waste Generation	5.54	3.05	TPD

4. The project/activity is covered under category 'B' of item 8(b) 'Townships and Area Development projects' of the Schedule to the EIA Notification, 2006 and its subsequent amendments, and requires appraisal at State level. However, due to absence of SEIAA/SEAC in Delhi, the proposal is appraised at Central Level by sectoral EAC.

5. The EAC, in its meeting held on 6-8 February, 2019, recommended for amendment in ToR granted to the project vide letter F.No. 21-90/2018-IA-III dated 30th November, 2018. Based on the recommendations of EAC, the Ministry hereby accord the following amendment to the ToR issued vide letter F.No. 21-90/2018-IA-III dated 30th November, 2018:

Particulars	As per ToR letter dated 30.11.2018	Amendment accorded	Unit
Plot Area	31,944	32,189	sqm
Ground Coverage Area Proposed	19,167	17,382	sqm
Open Area/Circulation/Parking	9,582	11,587	sqm
Green Area	3,195	3,220	sqm
No. of Floor of Building	8B+LG+G+9	6B+G+9	-
Maximum Height of the building	40.003	40.003	m
FAR Area Achieved	1,88,064	1,34,125	sqm
Total Built up area	4,29,214	3,27,428	sqm
Total Population Office	30756	20505	Heads
STP Capacity	1050	725	KLD
Total Water Requirement	1438	1102	KLD
Power Requirement	16000	8000	KVA
DG Backup (number x kVA)	3000	3000	KVA
Parking Provided	5642	4024	ECS
Quantity of Solid Waste Generation	5.54	3.05	TPD

6. All the other conditions contained in the MoEF&CC ToR letter F.No. 21-90/2018-IA-III dated 30th November, 2018 shall remain the same.

Subject: Development of Commercial Building at Plot No. LP-1B-03, Gateway District, Aerocity, Indira Gandhi International Airport, New Delhi by M/s Delhi International Airport Limited - Terms of Reference - reg.

Sir,

This has reference to your proposal No. IA/DL/NCP/76088/2018 dated 4th August, 2018, submitting the above proposal to this Ministry for seeking Terms of Reference (ToR) in terms of the provisions of the Environment Impact Assessment (EIA) Notification, 2006 under the Environment (Protection) Act, 1986.

2. The proposal for grant of Terms of Reference (ToR) to the project 'Development of Commercial Building at Plot No. LP-1B-03, Gateway District, Aerocity, Indira Gandhi International Airport, New Delhi promoted by M/s Delhi International Airport Limited was considered by the Expert Appraisal Committee (Infra-2) in its 35th meeting held on 29-31 October, 2018.

3. The details of the project, as per the documents submitted by the project proponent, and also as informed during the above said meeting, are as under:-

- (i) The proposal is for grant of Terms of Reference to the project 'Development of Commercial Building' as LP-1B-03 at Gateway District of Aerocity, IGI Airport, New Delhi by M/s Delhi International Airport Limited on a net plot area of 31,944 sqm and total built up area of 4,29,214 sqm.
- (ii) The project envisages construction of 02 building blocks of 8B+LG+G+9 floors having. Max. Height of the Building will be 40.003 m.
- (iii) A total of 3,195 sqm (10% of plot area) is to be developed as landscape area.
- (iv) Total population of the proposed project will be 30,756 persons which include the population of 16,299 working, 14,294 floating and 163 Service Personnel.
- (v) The total water requirement for the entire project has been estimated to be 1438 KLD. This includes domestic water requirement, flushing, DG cooling, HVAC and landscaping. The total fresh water requirement for the entire project is 665 KLD which includes domestic water requirement. The 773 KLD water requirement for flushing, DG cooling, HVAC and landscaping will be met through treated water from STPs 1050 KLD.

Page 1 of 4

- (vi) Total waste water generation from entire project will be 859 KLD which will be treated in onsite STP of 1050 KLD. The 773 KLD treated water from onsite STPs will be recycled and re-used for flushing, DG cooling, HVAC and landscaping.
- (vii) The domestic solid waste will be generated by the project will pertain to the Bio-degradable & Non-biodegradable Waste. It is estimated that maximum solid waste generation from entire project would be about 5.57 TPD for the proposed project and 299.5 kg of sludge will be generated from the proposed project.
- (viii) The total electrical load demand has been estimated to be 16000 KVA for the proposed project. The source of power will be from BSES.
- (ix) In case of power failure, DG sets of total capacity of 3000 KVA for the proposed project will be provided as power back-up.
- (x) The project site consists of mainly shrubs, bushes and grasses and requires clearance prior to start of construction. Tree survey of entire area is ongoing and the outcome of the survey will decide if any tree needs to be relocated/cut.
- (xi) Total project cost is Rs. 830 Crores.
- (xii) Employment potential: There will be generation of employment during development & operation phase.
- (xiii) Benefits of the project: People of this area as well as from other areas will be benefitted by the proposed development.

4. The project/activity is covered under category 'B' of item 8(b) 'Townships and Area Development projects' of the Schedule to the EIA Notification, 2006 and its subsequent amendments, and requires appraisal at State level. However, due to absence of SEIAA/SEAC in Delhi, the proposal is appraised at Central Level.

5. The EAC, in its 35th meeting held on 29-31 October, 2018, after detailed deliberations, recommended the project for grant of ToR as specified by the Ministry as Standard ToR in April, 2015 for the said project/activity and the following ToR in addition to Standard ToR for preparation of EIA-EMP report. As per the recommendation of the EAC, the Ministry of Environment, Forest and Climate Change hereby accords ToR to the project 'Development of Commercial Building at Plot No. LP-1B-03, Gateway District, Aerocity, Indira Gandhi International Airport, New Delhi promoted by M/s Delhi International Airport Limited for preparation of the Environmental Impact Assessment (EIA) Report and Environmental Management Plan (EMP) with the following specific and general conditions in addition to Standard ToR provided at **Annexure -1**:

- (i) The EIA would study the impact of dewatering and draw up an action plan for disposal of the excess water.
- (ii) The Air Quality Index shall be calculated for base level air quality.
- (iii) A detailed report on compliance to ECBC norms.
- (iv) The EIA should examine the possibilities of net zero energy consumption.
- (v) A certificate from the local body supplying water, specifying the total annual water availability with the local authority, the quantity of water already

committed, the quantity of water allotted to the project under consideration and the balance water available. This should be specified separately for ground water and surface water sources, ensuring that there is no impact on other users.

- (vi) An assessment of the cumulative impact of all development and increased inhabitation being carried out or proposed to be carried out by the project or other agencies in the core area, shall be made for traffic densities and parking capabilities in a 05 kms radius from the site. A detailed traffic management and a traffic decongestion plan drawn up through an organization of repute and specializing in Transport Planning shall be submitted with the EIA. The Plan to be implemented to the satisfaction of the State Urban Development and Transport Departments shall also include the consent of all the concerned implementing agencies.
- (vii) The permission of the CGWA for abstraction of ground water and for basement/excavation dewatering.
- (viii) A certificate of adequacy of available power from the agency supplying power to the project along with the load allowed for the project.
- (ix) A certificate from the competent authority for discharging treated effluent/ untreated effluents into the Public sewer/ disposal/drainage systems along with the final disposal point.
- (x) A certificate from the competent authority handling municipal solid wastes, indicating the existing civic capacities of handling and their adequacy to cater to the M.S.W. generated from project.
- (xi) Plan for Corporate Environment Responsibility (CER) as specified under Ministry's Office Memorandum vide F.No. 22-65/2017-IA.III dated 1st May 2018 shall be prepared and submitted along with EIA Report.

General Guidelines

- (i) The EIA document shall be printed on both sides, as far as possible.
- (ii) All documents should be properly indexed, page numbered.
- (iii) Period/date of data collection should be clearly indicated.
- (iv) Authenticated English translation of all material provided in Regional languages.
- (v) The letter/application for EC should quote the MoEF&CC File No. and also attach a copy of the letter prescribing the ToR.
- (vi) The copy of the letter received from the Ministry on the ToR prescribed for the project should be attached as an annexure to the final EIA-EMP Report.
- (vii) The final EIA-EMP report submitted to the Ministry must incorporate the issues in ToR. The index of the final EIA-EMP report, must indicate the specific chapter and page no. of the EIA-EMP Report where the specific ToR prescribed by Ministry. Questionnaire related to the project (posted on MoEF&CC website) with all sections duly filled in shall also be submitted at the time of applying for EC.
- (viii) Grant of ToR does not mean grant of EC.

- (ix) The status of accreditation of the EIA consultant with NABET/QCI shall be specifically mentioned. The consultant shall certify that his accreditation is for the sector for which this EIA is prepared.
 - (x) On the front page of EIA/EMP reports, the name of the consultant/consultancy firm along with their complete details including their accreditation, if any shall be indicated. The consultant while submitting the EIA/EMP report shall give an undertaking to the effect that the prescribed ToRs (ToR proposed by the project proponent and additional ToR given by the MoEF&CC) have been complied with and the data submitted is factually correct (Refer MoEF&CC Office memorandum dated 4th August, 2009).
 - (xi) While submitting the EIA/EMP reports, the name of the experts associated with/involved in the preparation of these reports and the laboratories through which the samples have been got analysed should be stated in the report. It shall clearly be indicated whether these laboratories are approved under the Environment (Protection) Act, 1986 and the rules made there under (Please refer MoEF&CC Office Memorandum dated 4th August, 2009). The project leader of the EIA study shall also be mentioned.
 - (xii) All the ToR points as presented before the Expert Appraisal Committee (EAC) shall be covered.
6. The above ToR should be considered for the project 'Development of Commercial Building at Plot No. LP-1B-03, Gateway District, Aerocity, Indira Gandhi International Airport, New Delhi promoted by M/s Delhi International Airport Limited, in addition to all the relevant information as per the 'Generic Structure of EIA' given in Appendix III and IIIA in the EIA Notification, 2006.
7. The project proponent shall submit the detailed final EIA/EMP prepared as per ToR to the Ministry for considering the proposal for environmental clearance within 3 years as per the MoEF&CC O.M. No.J-11013/41/2006-IA-II(I) (P) dated 08.10.2014.
8. The consultants involved in preparation of EIA/EMP report after accreditation with Quality Council of India/National Accreditation Board of Education and Training (QCI/NABET) would need to include a certificate in this regard in the EIA/EMP reports prepared by them and data provided by other Organization(s)/ Laboratories including their status of approvals etc. vide Notification of the MoEF&CC dated 19.07.2013.
9. The prescribed ToR would be valid for a period of three years for submission of the EIA/EMP Reports.
10. This issues with the approval of the Competent Authority.

8(b): STANDARD TERMS OF REFERENCE FOR CONDUCTING ENVIRONMENT IMPACT ASSESSMENT STUDY FOR TOWNSHIP/ AREA DEVELOPMENT PROJECTS AND INFORMATION TO BE INCLUDED IN EIA/EMP REPORT

- (i) Examine details of land use as per Master Plan and land use around 10 km radius of the project site. Analysis should be made based on latest satellite imagery for land use with raw images. Check on flood plain of any river.
- (ii) Submit details of environmentally sensitive places, land acquisition status, rehabilitation of communities/ villages and present status of such activities.
- (iii) Examine baseline environmental quality along with projected incremental load due to the project.
- (iv) Environmental data to be considered in relation to the project development would be (a) land, (b) groundwater, (c) surface water, (d) air, (e) bio-diversity, (f) noise and vibrations, (g) socio economic and health.
- (v) Submit a copy of the contour plan with slopes, drainage pattern of the site and surrounding area. Any obstruction of the same by the project
- (vi) Submit the details of the trees to be felled for the project.
- (vii) Submit the present land use and permission required for any conversion such as forest, agriculture etc.
- (viii) Submit Roles and responsibility of the developer etc for compliance of environmental regulations under the provisions of EP Act.
- (ix) Ground water classification as per the Central Ground Water Authority.
- (x) Examine the details of Source of water, water requirement, use of treated waste water and prepare a water balance chart.
- (xi) Rain water harvesting proposals should be made with due safeguards for ground water quality. Maximize recycling of water and utilization of rain water. Examine details.
- (xii) Examine soil characteristics and depth of ground water table for rainwater harvesting.
- (xiii) Examine details of solid waste generation treatment and its disposal.

- (xiv) Examine and submit details of use of solar energy and alternative source of energy to reduce the fossil energy consumption. Energy conservation and energy efficiency.
- (xv) DG sets are likely to be used during construction and operational phase of the project. Emissions from DG sets must be taken into consideration while estimating the impacts on air environment. Examine and submit details.
- (xvi) Examine road/rail connectivity to the project site and impact on the traffic due to the proposed project. Present and future traffic and transport facilities for the region should be analysed with measures for preventing traffic congestion and providing faster trouble free system to reach different destinations in the city.
- (xvii) A detailed traffic and transportation study should be made for existing and projected passenger and cargo traffic.
- (xviii) Examine the details of transport of materials for construction which should include source and availability.
- (xix) Examine separately the details for construction and operation phases both for Environmental Management Plan and Environmental Monitoring Plan with cost and parameters.
- (xx) Submit details of a comprehensive Disaster Management Plan including emergency evacuation during natural and man-made disaster.
- (xxi) Details of litigation pending against the project, if any, with direction /order passed by any Court of Law against the Project should be given.
- (xxii) The cost of the Project (capital cost and recurring cost) as well as the cost towards implementation of EMP should be clearly spelt out.
- (xxiii) Any further clarification on carrying out the above studies including anticipated impacts due to the project and mitigative measure, project proponent can refer to the model ToR available on Ministry website "<http://moef.nic.in/Manual/Townships>".
