Reference: 1. EIA notification 2006
2. Our application dated: 08.03.2020 and essential details sought dated 18.03.2020

Dear Sir,

With reference to the above subject, we bring to your kind notice that we have applied for Environmental Clearance on 08.03.2020 for Expansion in production capacity as well as for new products. The following queries have been raised in our application for which we are submitting our reply as under

Query 1: Please provide details of production details year wise with CTOs.

Reply: This factory was close since March 2016, due to financial crisis associated with the management of the company during that time. Afterwards, this sick unit was acquired by us on March 2019. Hence there was no production from March 2016 to till date.

Query 2: Please inform why no EC was required for the existing operation.

Reply: This Unit had started their production activity from August 2008. As per CTE No. 53227 obtained from GPCB dated 19/06/2013, the unit had obtained Environmental Clearance from MoEF&CC on 15/04/2008. Unfortunately, the copy of EC is not available with us. We are trying to retrieve the same by all possible means and will submit immediately on obtaining the same.

CTE (dated 07/12/2005) and CCA (dated 20/09/2008) were also obtained from Gujarat Pollution Control Board. The Unit was under operational till March 2016. Due to financial crisis, the factory went into shut down afterwards. We have acquired the sick unit on March 2019.
