SECTION OFFICER

14/2/14

Annexure to G.O.(3D) No.15, Environment and Forests(EC.3) Department,

Dated. 14.02.2014

CONDITIONS

1. The unit shall ensure that the existing Boiler 44 T/Hr. is used for the enhanced production of 10000 T/M of Duplex Board, Cromo Board & art Board
2. The unit shall not utilize the 60 T Boiler for the enhanced paper mill production as the unit has not obtained consent order till date
3. The unit shall operate and maintain the Sewage Effluent treatment Plant and Trade Effluent Treatment Plant to treat the sewage and trade effluent to satisfy the standards prescribed by the Board.
4. The unit shall improve the efficiency of the ETP so as to improve the quality of the treated trade effluent (for colour, TSS etc.) to achieve the standards prescribed by the Board.
5. The unit shall uniformly dispose the treated trade effluent over unit's own land in compliance to the hydraulic loading rate of 35 KLD/ Hectare
6. The land use pattern and agricultural activity shall be studied periodically and report shall be submitted to the Board.
7. Quality of water in open / bore wells located on upstream of the land under wastewater irrigation shall be assessed
8. Green belt shall be developed to mitigate the effects of fugitive emission all around the plant. Green belt already developed shall be properly maintained.
9. The unit shall handle the Hazardous wastes complying with the Hazardous waste (Management, Handling and Transboundary Movement ) Rules 2008.
10. The unit shall ensure that other no hazardous solid wastes are sent for authorized dealers / reused then and there so as to avoid the accumulation of the same inside the premises.
11. The unit shall operate and maintain the existing APC measures efficiently and continuously to bring the quality of emission to achieve the AAQ / Emission standards prescribed by the Board.
12. The unit shall operate and maintain the noise control measures on all sources of noise generation and ensure that the noise emission shall satisfy the ANL standards prescribed by the Board.
13. The unit shall obtain HACA clearance and submit before obtaining CTO for expansion.

(P.T.O.)

14. The unit shall remit the balance consent fee if any since it is coming under Red/Large Category.
15. The unit shall continue to develop in and around the unit's premises in consultation with the local DFO.
16. The unit shall obtain permission from PWD to draw water from River Bhavani.
17. The unit shall ensure that the unit shall use only biomass and auxiliary fuels such as coal/lignite/ petroleum products up to 15% as specified in the EIA Notification 2006 as amended on 01.12.2009.
18. Consent should be updated.
19. Any other condition to be stipulated by the Tamil Nadu Pollution Control Board in the interest of Pollution Prevention and Environment Protection and Control.
