

APPENDIX I

(See paragraph – 6)

FORM 1 (Application for Environment Clearance)**(I) Basic Information**

Name of the Project:	KRUTI ONELLA Sahyog Rekha Infracproject LLP
Location / site alternatives under consideration:	Survey no. 47/P & 48/1, R.K Park, Mavdi Road, Rajkot.
Size of the Project:	Total Land Area: 13430.18 m ² Total Built Up Area: 81987.26 m ² Total F.S.I. Area: 53331.86 m ²
Expected cost of the project:	Total Cost of project: Rs. 200 Crore approx.
Contact Information:	Mr. Satish Belani Mobile: 9428003232 Email: rekhacons1995@yahoo.co.in
Screening Category:	B, Sr. No. 8 (a)

8 (a) Building and construction Projects (≥ 20000 sq. meter and ≤ 150000 sq. meter of built up area)

(II) Basic Information

Sr. No.	Item	Details
1	Name of the project/s	KRUTI ONELLA
2	S. No. in the schedule	8(a) Building and Construction Project
3	Proposed capacity/area/length/tonnage to be handled/command area/lease area/number of wells to be drilled	Total Land Area: 13430.18 m ² Total Built Up Area: 81987.26 m ² Total F.S.I. Area: 53331.86 m ²
4	New/Expansion/Modernization	New
5	Existing Capacity/Area etc	Not applicable. Currently it is open land
6	Category of Project i.e. A or B	B
7	Does it attract the General Condition? If yes, please specify	No
8	Does it attract the Specific Condition? If yes, please specify	No

Sr. No.	Item	Details
9	Location	
	Plot/Survey/Khasra No.	Survey no. 47/P & 48/, R.K Park,
	Village	Mavdi
	Tehsil	Rajkot
	District	Rajkot
	State	Gujarat
10	Nearest railway station/airport along with distance in kms	Bhaktinagar Railway Station 3.19 km Rajkot Airport: 6.1 km
11	Nearest Town, City, District Headquarters along with distance in kms	Site is in urban area of Rajkot
12	Village Panchayats, ZillaParishad, Municipal corporation/Local body (complete postal addresses with telephone numbers be given)	Rajkot Municipal Corporation (West Zone Office 3.1 km) Behind Big Bazaar, 150 Feet Ring Road, Chandra Park Raod, Rajkot-360007 Ph:9624701104
13	Name of applicant	Sahyog Rekha Infracorprject LLP
14	Registered Address	“Kruti Onella” Survey no.47/P & 48/1, R.K Park, Mavdi Road, Rajkot.
15	Address for correspondence:	Mr. Satish Belani 806, Dhanrajni Complex, Dr. Yagnik Road, Rajkot - 360001
	Name	Mr. Satish Belani
	Designation (owner/partner/CEO)	Designated Partner
	Address	Sahyog Hospital, Near Vishveshvar temple, Mavdi Main Road, Rajkot.
	Pin Code	360004
	E-mail	rekhacons1995@yahoo.co.in
	Telephone No.	9428003232
	Fax No.	--
16	Details of alternate sites examined if any. Location of these sites should be shown	None

Sr. No.	Item	Details
	on a Topo Sheet	
17	Interlinked projects	None
18	Whether separate application for interlinked projects have been submitted	Not Applicable
19	If yes, date of submission	Not Applicable
20	If no, reason	Not Applicable
21	Whether the proposal involves approval/clearance under: If yes, details of the same and their status to be given. (a) The Forest (Conservation) Act, 1980? (b) The Wildlife (Protection) Act, 1972? (c) The C.R.Z. Notification, 1991?	None of these
22	Whether there is any Government Order/Policy relevant/relating to the site?	Not Applicable
23	Forest land involved (hectares)	None
24	Whether there is any litigation pending against the project and / or land in which the project is proposed to be set up? (a) Name of the Court (b) Case No. (c) Orders/directions of the Court, if any and its relevance with the proposed project	None

(III)Activity**1. Construction, operation or decommissioning of the Project involving actions, which will cause physical changes in the locality (topography, land use, changes in water bodies, etc.)**

Sr.No.	Information/Checklist confirmation	Yes/No	Details thereof (with approximate quantities /rates, wherever possible) with source of information data
1.1	Permanent or temporary change in land use, land cover or topography including increase in intensity of land use (with respect to local land use plan)	Yes	It is planned to construct multi-use residential cum commercial building in open land; resulting in permanent change in land use. There will be different activities carried out; like: Construction material handling & storage, construction waste disposal. Construction waste will be utilized for leveling in low lying areas and excavated soil will be used for green belt area development. There will be no change in land cover or topography because of construction activities.
1.2	Clearance of existing land, vegetation and buildings?	No	It is an open land
1.3	Creation of new land uses?	Yes	Open land to be converted to constructed area.
1.4	Pre-construction investigations e.g. bore houses, soil testing?	Yes	Detailed Soil investigation carried out
1.5	Construction works?	Yes	There will be construction activities done for Residential & Commercial apartments.
1.6	Demolition works?	No	Currently it is open land. So, there will not be any demolition works required.
1.7	Temporary sites used for construction works or Housing of construction workers?	No	Local labour to be employed
1.8	Above ground buildings, structures or Earthworks including linear structures, cut and fill or excavations	Yes	These are routine activities involved in construction projects.
1.9	Underground works including mining or tunneling?	No	Not Applicable

Sr.No.	Information/Checklist confirmation	Yes/No	Details thereof (with approximate quantities /rates, wherever possible) with source of information data
1.10	Reclamation works?	No	Not Applicable
1.11	Dredging?	No	Not Applicable
1.12	Offshore structures?	No	Not Applicable
1.13	Production and manufacturing processes?	No	Not Applicable
1.14	Facilities for storage of goods or materials?	Yes	Required temporary storage for construction material like Cement, Steel, bricks, tiles, electrical goods etc.
1.15	Facilities for treatment or disposal of solid waste or liquid effluents?	Yes	<ul style="list-style-type: none"> Approximately, 350.54 KL/Day (342.14 KLD from residential and 8.4 from commercial) of domestic wastewater will be generated and it will be treated in separate STPs located in the basement of the project. Treated sewage will be drained to Nagar Palika. Approximately, 18.75 kg/Day solid waste will be generated during construction phase and 1520.1 kg/Day municipal solid waste will be generated during Operation phase. It will be disposed to municipal solid waste disposal facility
1.16	Facilities for long term housing of operational workers?	No	Local labour to be employed
1.17	New road, rail or sea traffic during construction or operation?	No	Construction material like, Bricks, Cement, Aggregate, Sand, and Reinforcement, Wood etc to be brought to site at appropriate point of time from local suppliers.
1.18	New road, rail, air waterborne or other transport infrastructure including new or altered routes and stations, ports, airports etc?	No	Not Applicable
1.19	Closure or diversion of existing transport routes or infrastructure leading to changes in traffic	No	Not Applicable

Sr.No.	Information/Checklist confirmation	Yes/No	Details thereof (with approximate quantities /rates, wherever possible) with source of information data
	movements?		
1.20	New or diverted transmission lines or pipelines?	No	Not Applicable
1.21	Impoundment, damming, culverting, realignment or other changes to the hydrology of watercourses or aquifers?	No	Not Applicable
1.22	Stream crossings?	No	Not Applicable
1.23	Abstraction or transfers of water from ground or surface waters?	No	We will use Bore well water during construction phase; and during operation phase we will obtain water supply connection from Rajkot Municipal corporation.
1.24	Changes in water bodies or the land surface affecting drainage or run-off?	No	Due care has been taken while planning the grading at site. For rainwater management, slope will be provided in such a way that water passes through trench and recharged to percolation wells.
1.25	Transport of personnel or materials for construction, operation or decommissioning?	Yes	Construction material like, Bricks, Cement, Aggregate, Sand, and Reinforcement, Wood etc to be brought to site at appropriate point of time.
1.26	Long-term dismantling or decommissioning or restoration works?	No	Not Applicable
1.27	Ongoing activity during decommissioning which could have an impact on the environment?	No	No decommissioning activity
1.28	Influx of people to an area in either temporarily or permanently?	Yes	Permanent housing for approx 3168 people. Shops/Offices for approximately 210 people.
1.29	Introduction of alien species?	No	--
1.30	Loss of native species or genetic diversity?	No	--
1.31	Any other actions?	No	--

2. Use of Natural resources for construction or operation of the Project (such as land, water, materials or energy, especially any resources which are non-renewable or in short supply):

Sr.No.	Information/checklist confirmation	Yes/No	Details thereof (with approximate quantities /rates, wherever possible) with source of information data
2.1	Land especially undeveloped or agricultural land (ha)	Yes	Total 13430.18 m ² open land to be used.
2.2	Water (expected source & competing users) unit: KLD	Yes	15.75 KLD and 438.18 KLD water will be used During Construction and Operation Phase Respectively. Domestic water will be obtained through Bore well water during construction phase; and during operation phase, we will obtain water supply connection from Rajkot Municipal corporation.
2.3	Minerals (MT)	No	Not Applicable
2.4	Construction material – stone, aggregates, sand / soil (expected source – MT)	Yes	Approx. quantity of construction material Ready Mix Concrete- 6000 m ³ Cement: 300 m ³ Sand: 3500 m ³ Bricks 12 lacs Reinforcement 6500 MT Glass – 2000 m ² Aluminium frame – 4 MT These will be procured from various suppliers.
2.5	Forests and timber (source – MT)	No	Not Applicable
2.6	Energy including electricity and fuels (source, competing users) Unit: fuel (MT), energy (MW)	Yes	During construction phase, 80 KW power and during operation phase 2000 KW power will be require. Power connection will be taken from PGVCL.
2.7	Any other natural resources (use appropriate standard units)	No	Not Applicable

3. Use, storage, transport, handling or production of substances or materials, which could be harmful to human health or the environment or raise concerns about actual or perceived risks to human health.

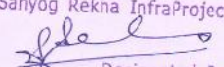

Sr. No.	Information/Checklist confirmation	Yes/No	Details thereof (with approximate quantities/rates, wherever possible) with source of information data
3.1	Use of substances or materials, which are hazardous (as per MSIHC rules) to human health or the environment (flora, fauna, and water supplies)	No	Not Applicable
3.2	Changes in occurrence of disease or affect disease vectors (e.g. insect or water borne diseases)	No	Not Applicable
3.3	Affect the welfare of people e.g. by changing living conditions?	No	Not Applicable
3.4	Vulnerable groups of people who could be affected by the project e.g. hospital patients, children, the elderly etc.	No	Not Applicable
3.5	Any other causes	No	Not Applicable

4. Production of solid wastes during construction or operation or decommissioning (MT/month)

Sr.No.	Information/Checklist confirmation	Yes/No	Details thereof (with approximate quantities/rates, wherever possible) with source of information data
4.1	Spoil, overburden or mine wastes	No	Not Applicable
4.2	Municipal waste (domestic and or commercial wastes)	Yes	Approximately, 18.75 kg/Day solid waste will be generated during construction phase and 1520.1 kg/Day municipal solid waste will be generated during Operation phase. It will be disposed to municipal solid waste disposal facility
4.3	Hazardous wastes (as per Hazardous Waste Management Rules)	No	Not Applicable
4.4	Other industrial process wastes	No	Not Applicable
4.5	Surplus product	No	Not Applicable

Sahyog Rekha InfraProject LLP

 Designated Partner

4.6	Sewage sludge or other sludge from effluent treatment	No	Sewage will be treated in the STP and the residue will be discharged into drainage line of Nagar Palika.
4.7	Construction or demolition wastes	Yes	Construction waste to be used for filling inside the site only
4.8	Redundant machinery or equipment	No	Not Applicable
4.9	Contaminated soils or other materials	No	Not Applicable
4.10	Agricultural wastes	No	Not Applicable
4.11	Other solid wastes	No	Not Applicable

5. Release of pollutants or any hazardous, toxic or noxious substances to air (Kg/hr)

Sr. No.	Information/Checklist confirmation	Yes / No	Details thereof (with approximate quantities/rates, wherever possible) with source of information data
5.1	Emissions from combustion of fossil fuels from stationary or mobile sources	No	Not Applicable
5.2	Emissions from production processes	No	Not Applicable
5.3	Emissions from materials handling including storage or transport	Yes	During Material handling, storage and transportation activities, concentration of dust will be increased however, it will be controlled by water sprinkling and windshield barriers.
5.4	Emissions from construction activities including plant and equipment	Yes	During construction activities, concentration of dust will be increased however, it will be controlled by water sprinkling and windshield barriers.
5.5	Dust or odours from handling of materials including construction materials, sewage and waste	No	Not Applicable
5.6	Emissions from incineration of waste	No	Not Applicable
5.7	Emissions from burning of waste in open air (e.g. slash materials, construction debris)	No	Not Applicable
5.8	Emissions from any other sources	No	Not Applicable

6. Generation of Noise and Vibration, and Emissions of Light and Heat:

Sr.No.	Information/Checklist confirmation	Yes/No	Details thereof (with approximate quantities/rates, wherever possible) with source of information data
6.1	From operation of equipment e.g. engines, ventilation plant, crushers	Yes	Construction machinery will generate noise and vibration. However, it will be controlled by green belt development.
6.2	From industrial or similar processes	No	Not Applicable
6.3	From construction or demolition	Yes	Construction machinery will generate noise and vibration. However, the effect will be local and negligible.
6.4	From blasting or piling	No	No blasting is proposed
6.5	From construction or operational traffic	Yes	Transportation of material for construction will generate some noise and dust.
6.6	From lighting or cooling systems	No	Not Applicable
6.7	From any other sources	No	Not Applicable

7. Risks of contamination of land or water from releases of pollutants into the ground or into sewers, surface waters, groundwater, coastal waters or the sea:

Sr.No.	Information/Checklist confirmation	Yes/No	Details thereof (with approximate quantities/rates, wherever possible) with source of information data
7.1	From handling, storage, use or spillage of hazardous materials	No	Not Applicable
7.2	From discharge of sewage or other effluents to water or the land (expected mode and place of discharge)	No	Sewage will be treated into the STP provided within the project and the recycled water will be used within the project.
7.3	By deposition of pollutants emitted to air into the land or into water	No	Not Applicable
7.4	From any other sources	No	Not Applicable

7.5	Is there a risk of long term build up of pollutants in the environment from these sources?	No	Not Applicable
-----	--------------------------------------------------------------------------------------------	----	----------------

8. Risk of accidents during construction or operation of the Project, which could affect human health or the environment

Sr.No.	Information/Checklist confirmation	Yes/No	Details thereof (with approximate quantities/rates, wherever possible) with source of information data
8.1	From explosions, spillages, fires etc from storage, handling, use or production of hazardous substances	No	Not Applicable
8.2	From any other causes	No	Not Applicable
8.3	Could the project be affected by natural disasters causing environmental damage (e.g.floods, earthquakes, landslides, cloudburst etc)?	Yes	Beyond human control. However, guidelines of state/city disaster control team would be followed.

9. Factors which should be considered (such as consequential development) which could lead to environmental effects or the potential for cumulative impacts with other existing or planned activities in the locality

Sr.No.	Information/Checklist confirmation	Yes/No	Details thereof (with approximate quantities/rates, wherever possible) with source of information data
9.1	Lead to development of supporting facilities, ancillary development or development stimulated by the project which could have impact on the environment e.g.: <ul style="list-style-type: none"> • Supporting infrastructure (roads, power supply, waste or waste water treatment, etc.) • housing development • extractive industries • supply industries • other 	No	Not Applicable
9.2	Lead to after-use of the site, which could have an impact on the environment	No	Not Applicable
9.3	Set a precedent for later developments	No	Not Applicable

9.4	Have cumulative effects due to proximity to other existing or planned projects with similar effects	No	Not Applicable
-----	-----------------------------------------------------------------------------------------------------	----	----------------

(II) Environmental Sensitivity

Sr. No.	Areas	Name/ Identity	Aerial distance (within 15 km.) Proposed project location boundary
1	Areas protected under international conventions, national or local legislation for their ecological, landscape, cultural or other related value	No	Not Applicable
2	Areas which are important or sensitive for ecological reasons - Wetlands, watercourses or other water bodies, coastal zone, biospheres, mountains, forests	No	Not Applicable
3	Areas used by protected, important or sensitive species of flora or fauna for breeding, nesting, foraging, resting, over wintering, migration	No	Not Applicable
4	Inland, coastal, marine or underground waters	No	Not Applicable
5	State, National boundaries	No	Not Applicable
6	Routes or facilities used by the public for access to recreation or other tourist, pilgrim areas	Yes	--
7	Defense installations	No	Not Applicable
8	Densely populated or built-up area	Yes	Rajkot
9	Areas occupied by sensitive man-made land uses (hospitals, schools, places of worship, community facilities)	Yes	Few schools and worship/community places
10	Areas containing important, high quality or scarce resources (ground water resources, surface resources, forestry, agriculture, fisheries, tourism, minerals)	No	Not Applicable
11	Areas already subjected to pollution or environmental damage. (those where existing	No	Not Applicable

	legal environmental standards are exceeded)		
12	Areas susceptible to natural hazard which could cause the project to present environmental problems (earthquakes, subsidence, landslides, erosion, flooding or extreme or adverse climatic conditions)	No	Not Applicable

I hereby give an undertaking that the data and information given information given in the application and enclosures are true to the best of my knowledge and belief and I am aware that if any part of the data and information submitted is found to be false or misleading at any stage, the project will be rejected and clearance given, if any to the project will be revoked at our risk and cost.

Date: 24/08/2017

Place: Rajkot

Navin Belani (Designated Partner)
