RENEWED UP TO 27.11.2018  
KALI MANDIR ROAD,  
NEAR PUJA TENT SERVICE,  
DORANDA, RANCHI-834002

# OBTAINING ENVIRONMENTAL CLEARANCE

FOR AMSYNDUI LOW GRADE LIMESTONE DEPOSIT (MINOR MINERAL),  
IN AMSYNDUI VILLAGE OF WEST JAINTIA HILLS DISTRICT, MEGHALAYA STATE  
{AREA COVER 0.08 ACRES (0.0325 HA)}

CATEGORY  
**B2**  
PROJECT

## FORM-IM

### I. BASIC INFORMATION :-

S. No.	Item	Details		
I.	Name of the Mining Lease site	Amsyndui Low Grade Limestone Deposit		
II.	Location/site (GPS Co-ordinates)	Location: Village - Amsyndui, Nongtalang, Dist-West Jaintia Hills, Meghalaya.		
		Boundary	Location (co-ordinates)	
		Pillar no.	Latitude	Longitude
		A	N 25°13'20.93"	E 92°05'26.83"
		B	N 25°13'20.38"	E 92°05'30.55"
		C	N 25°13'21.07"	E 92°05'31.48"
D	N 25°13'22.14"	E 92°05'30.72"		
E	N 25°13'22.18"	E 92°05'26.98"		
III.	Size of the Mining Lease (Hectare)	Applied Area :- 0.08 Acres / 0.0325 Hectare		
IV.	Capacity of the mine Lease (TPA)	869 Tonnes / Annum 3 Tonnes / Day		
V.	Period of Mining Lease	Fresh Area Applied on: 21.12.2016 for the period of 5 years		
VI.	Expected Cost of the project	16 Lakhs		
VII.	Contact Information	M/s K.K. International Prop : Smt. Dolly Khonglah At - Tamabill, District - West Jaintia Hills, Meghalaya, India. Contact Details- +91-9006463901

### II. ENVIRONMENTAL SENSITIVITY :-

S. No.	Areas	Distance in Kilometer / Details
1.	Distance of project site from nearest rail or road bridge over the concerned River, Rivulet, nallah etc.	No Rail or Road Bridge is present within the 5 Km buffer zone of the study area.
2.	Distance from Infrastructural facilities	
	Railway line	Guwahati Railway Station is present around 210 Km away from the applied area.
	National Highway	NH-44E is running near about 600m away from the applied area
	State Highway	SH-5 is present around 37.45 Km away from the applied area.
	Major District Road	No such major district road is passing around the applied area.
	Any Other Road	No any other road except mines road (haul road).
	Electric transmission line pole or tower	Electric transmission line is not present within 500m surrounding the study area.
	Canal or check dams or reservoirs or lake or ponds	No such canal or check dam or reservoir or lake or pond is present within the 5 Km buffer zone of the study area.
	In-take well for drinking water pump house	Within the 5 Km of the study area there is no In-take well for drinking water pump house.
	Intake for Irrigation canal pumps	Within the 5 Km of the study area there is no Intake for Irrigation canal pump.
3.	Areas protected under international conventions, national or local legislation for their ecological landscape, cultural or other related value.	There is no such things are present within the 5 km buffer zone of the study area.
4.	Areas which are important or sensitive for ecological reasons :- Wetlands, watercourses or other water bodies, coastal zone, biospheres, mountains, forests	Study area does not fall under these areas.
5.	Areas used by protected, important or sensitive species of flora and fauna for breeding, nesting,	There are no Schedule I flora and fauna within the study area. Sometimes local species like Lizard, Rat,

S. No.	Areas	Distance in Kilometer / Details
	foraging, resting, over wintering, migration	Street Dog, Snakes are seen. Bushes of lantana and smooth brome grasses are also seen there.
6	Inland, coastal, marine or underground waters	No Inland, coastal or marine water present within the 5 km buffer zone of the study area.
7	State, National boundaries	No State or National boundary is present within the 5 Km buffer zone of the study area.
8	Routes or facilities used by the public for access to recreation or other tourist, pilgrim areas.	No routes passing through the project site to recreation or other tourist, pilgrim areas.
9	Defense installations.	No defense installation present within 500m surrounding the study area.
10	Densely populated or built-up area.	Amjajer Roko Village in North Eastern direction, aerial distance is around 1.50 Km.
11	Areas occupied by sensitive man-made land uses (hospitals, schools, places of worship, community facilities)	The area is having dispensary and local hospital at Amlarem which is about 8km away from the area. Local educational facilities are available at Amlarem, approx. about 8km away from the site.
12	Areas containing important, high quality or scarce resources (ground water resources, surface resources, forestry, agriculture, fisheries, tourism, minerals)	Project site doesn't contain of any such important, high quality or scarce resources.
13	Areas already subjected to pollution or environmental damage. (Those where existing legal environmental standards are exceeded)	There is no such area present over there.
14	Areas susceptible to natural hazard which cause the project to present environmental problems (earthquakes, subsidence, landslides, erosion, flooding or extreme or adverse climatic conditions)	The proposed applied area is small and the mining operation is completely semi-mechanized in nature. There is no river or stream, flowing in direct vicinity of the proposed applied area. No heavy seismic activities are recorded in this area during the last 50 years as per the village officials. The mining operation will not go to the much deeper side, hence chances of land slide, subsidence etc will be nil. The proposed

S. No.	Areas	Distance in Kilometer / Details
		project site falls in zone- V as per IS 1893 (Part-I): 2002. Hence, seismically it is an active zone.
15	Is proposed mining site located over or near fissure/fracture for ground water recharge?	Project site is not located over or near fissure/fracture for ground water recharge.
16	Whether the proposal involves approval or clearance under the following regulations or Acts namely: a) The Forest (Conservation) Act, 1980 b) The Wildlife (Protection) Act, 1972 c) The Coastal Regulation Zone Notification, 2011 If yes, details of the same and their status to be given.	"Non-forest area" Clearance is obtained vide Letter No. JH / S. Quarry / 2014-15 / 476 / B / 2559.
17	Forest land involved, (hectares)	"Non-forest area" Clearance is obtained vide Letter No. JH / S. Quarry / 2014-15 / 476 / B / 2559 for 0.0325 Hectare.
18	Whether there is any litigation pending against the project and/or land in which the project is proposed to be set up? a) Name of the court b) Case No. c) Orders or direction of the Court, if any, and its relevance with the proposed project.	No litigation pending against the project.
