<b>Agenda Item: 107.01</b>	<b>24.291 Ha. Quartzite (Silica Sand) Mine of Sri Shaik Jamal Valli at Sy. No. 425/P, Chintakunta Villages, Muddanuru Mandal, Kadapa District, Andhra Pradesh –Environmental Clearance – Reg.</b>
--------------------------------	---

**Recommendations of the SEAC on 23.06.2018:**

The representative of the project proponent and their consultant M/s.Global Enviro Labs, have attended the meeting and presented their case.

The Committee noted that this is a new Quartzite (Silica sand) mine. Earlier the Asst. Director of Mines & Geology, Yerraguntla granted lease to Sri. Dodium Shaul Hameed on 16.01.2006 for a lease period of 20 years. Subsequently the Govt. of A.P., transferred the lease to Sri. Shaik Jamal Valli on 16.12.2018 for the lease period upto 21.05.2026.

The Asst. Director of Mines & Geology, Yerraguntla vide letter dated 09.03.2018 stated that there are two quarry leases existed within 500m from this proposed mine. It is noted that these two leases (Sri.Sk.Mohammad Bakshi (Quartzite)-45.649 Ha.- lease granted on 28.08.2004 & M/s. Mangalore Minerals and Traders- 43.30 Ha.- lease granted on 08.04.2003). These two leases granted before 9<sup>th</sup> Sept 2013 and hence not come under cluster formation. Hence, the present proposal comes under category 'B2' project. The mining plan was approved on 02.02.2018 and it was reported that no production was achieved from 2006 to 2017.

In the application it was reported that the mine lease land is a Government land for which they have not furnished any document on the status of land. In the mine lease area there is a temple and historic rocks.

*The Committee recommended that the following:*

- i. A certificate from the Revenue Department on the status of mine lease land shall be included as a part of approved Mining Plan.*
- ii. The present status of mine lease to be ascertained from the Asst. Director of Mines & Geology, Yerraguntla.*

*The legal opinion shall be obtained on this proposed Quartzite (Silica sand) mine lease for consideration of environmental clearance as the historic rocks identified by the Archeological Dept and a temple within the mine lease area.*

**Decision of SEIAA:** Noted.

**Recommendations of the SEAC on 23.06.2018:**

The representative of the project proponent and their Consultant M/s. SV Enviro Labs & Consultants, have attended the meeting and presented their proposed TOR for expansion. They requested for exemption of public hearing.

The Committee noted that the existing unit obtained Environmental Clearance for Distillery unit : Rectified Spirit / ENA/Ethanol Fuel - 20 KLPD Molasses based (or) Grain Based and proposed for expansion Rectified Spirit / ENA/Ethanol Fuel - 39 KLPD or Grain Based. The Project Proponent submitted the Transfer of EC in the name of M/s. KBK Biotech Pvt. Ltd. (formerly M/s. Milano Spirits India Pvt. Ltd.) on 02.05.2018.

The proposed project falls under Item No. 5(g) of the schedule of the EIA Notification 2006: Distilleries. This proposal comes under category 'B1' project.

This proposal earlier appraised in the SEAC, A.P., meeting held on 11.05.2018. The committee recommended for issue of standard Terms of Reference (TOR) and accepted for exemption of public hearing due to less pollution load, adopting ZLD, only expansion and not new, no additional usage of resources of water, less fuel usage than previous one due to additional methane production, due to 25 to 30% water savings, condensation vapor recovery and other beneficial impacts to be implemented.

The SEIAA, A.P., in its meeting held on 01.06.2018 and the Authority requested the SEAC, A.P., to examine their recommendations again, to mention the provisions of EIA Notification, 2006 for the said grounds for exemption of public hearing to this proposed project.

*This proposal was re-appraised and the committee considered the exemption of public hearing as per Para No.7(ii) of EIA Notification 2006.*

--------------------------------	---

**Recommendations of the SEAC on 23.06.2018:**

The representative of the Silica Sand Mine has not attended the meeting.

The complainant and their representative have attended the meeting and informed to the committee that this Silica Sand Mine is carrying out the mining activity without following the Environmental conditions and requested to take action against the Silica Sand Mine.

The Committee noted that the reports from EE, RO, APPCB, Nellore & the Asst. Director of Mines & Geology, Mines & Geology Department, Nellore received by the Board on 05.01.2018, 01.03.2018 & 16.03.2018. As per the EE, RO report, the above said mine was not complying with EC conditions & also mining the material more than restricted depth of 2.5 mts & not maintaining 7.5m buffer zone etc. As per the Mines & Geology Dept report, the lease holder **Sri** Sri.Y.Janaki Rami Reddy has encroached from the lease boundary towards NE side and excavated a quantity of 1,02,332.46 MTs of Silica Sand. For that, the Mines Dept issued Demand notice including penalty.

*The committee recommended to defer this case to next meeting as the project proponent has not attended the meeting.*

**Decision of SEIAA: Noted.**
