

**MINUTES OF THE 228th MEETING OF
STATE EXPERT APPRAISAL COMMITTEE,
(SEAC), TELANGANA STATE
HELD ON 01.05.2023, 11.00 A.M.**

Minutes of the SEAC Meeting held on 01.05.2023

MINUTES OF THE 228th MEETING OF STATE EXPERT APPRISAL COMMITTEE (SEAC) HELD ON 01.05.2023 AT BLOCK NO.305, MAITRIVIHAR COMMERCIAL COMPLEX, AMEERPET, HYDERABAD - 500038.

The following members were present:

S. No.	Name of the Expert	Position
1.	Prof.Ch.Krishna Reddy, Villa No. 25, Senor Valley, Filmnagar, Shaikpet, Hyderabad – 500 096 Ph: 9866629265	Chairman.
2.	Shri Ravindra Samaya Mantri H.No: 3-5-44/1, Flat No. 301, Areadia Apartments, Edengaden Road, Hyderabad- 500001. Ph:9491145160	Member
3.	Prof.A.Panasa Reddy, H.No. 4-7-17/5/1, Ragharendra Nagar, Nacharam, Hyderabad-500076. Ph: 9849957268	Member
4.	Prof.C.Venkateshwar, Department of Botany, University College of Science. OU. Hyd. Flat No. 117, 'C' Block, Janapria castle, Ramnagar, Vidyanagar – Hyderabad Ph:9440487742 & 8096754604	Member
5.	Dr.P.Radha Krishna, H.No. 9/40, Bahar 'B', Sahara States, Mansoorabad, LB Nagar, Hyderabad-500068 Ph:9848555242	Member
6.	Dr.K.Shivakumar, Plot No. 328, Flat No: 302, Meher Ninan, KPHB 6th phase, Kukatpally, Hyderabad-500072 Ph: 9951701067	Member

The members present declared that there are no conflicts of interest with the projects being considered in this meeting. After general introductory remarks by the Chairman, SEAC, the Committee took up items agenda-wise. The decisions of the SEAC on each case are recorded below.

Agenda Item No. 01	4.40 Ha. Building Stone & Road Metal Quarry of The Assistant Director of Mines and Geology, Khammam, Sy.No.433/P of Pindiprolu Village, Thirumalayapalem Mandal, Khammam District. - Environmental Clearance - Reg.
Proposal No.	SIA/TG/MIN/427257/2023 (EC)

The representative of the project proponent G.Sanjay Kumar and Sri P.V. Raju of M/s. Pridhvi Enviro Tech (P) Ltd., Hyderabad attended and made a presentation before the SEAC.

During presentation, the project proponent informed the following:

- The Asst. Director of Mines and Geology, Khammam, had identified the mineral bearing area for auction proposed quarry lease for Building Stone & Road metal over an extent of 4.40 Hectares in Sy. No.433/P of Pindiprolu Village, Thirumalayapalem Mandal, Khammam District, Telangana (TS) as per instructions of the Director of Mines & Geology, Hyderabad vide memo no 1576586/P/2022, Dated 14.06.2022 in the connection of orders issued by the state Government of Telangana vide G.O.Ms.No.26.Inds.,& Comm.,(Mines-1) dated:31.03.2022 for grant of leases minor minerals except ordinary sand reserved under 9-A through auction except otherwise providing by amending Rule 4, Rule7,Rule 12 and Rule13 of Telangana Minor mineral Concession Rule,1966 reserved under Rule 9-A though Auction.
- The Asst. Director of Mines and Geology, Khammam, submitted the proposals for recommending for Auction proposed mineral bearing area for Building Stone and Road Metal over an extent of 4.40 Ha., in Sy. No.433/P of Pindiprolu Village, Thirumalayapalem Mandal, Khammam District in the state of Telangana(TS), filed by the applicant as Assistant director of Mines and Geology, Khammam.
- After careful examination of the proposals of the Assistant Director of Mines and Geology, Khammam, in principle, it is decided for Auction Proposed Mineral Bearing Area for Building Stone & Road Metal over an extent of 4.40 Ha., in Sy. No.433/P of Pindiprolu Village, Thirumalayapalem Mandal, Khammam District in the state of Telangana (TS), filed by ADMG, Khammam, for a period of 20 years.

The project proponent submitted a copy of lt. dt.24.04.2023 of ADMG: Khammam District informing that there are no existing quarry leases falling within 500m from proposed mine lease area. The SEAC noted that the mine lease area is 4.40 Ha. Total cluster area and Net cluster area is 4.40 Ha which is less than 5.0 Ha. Thus, the project is considered under B2 Category as per the provisions laid under EIA Notification, 2006 & its subsequent amendments and orders of the Hon'ble NGT. The proponent submitted a copy of Scrutinized/ Approved Mining Plan & EMP Report.

The nearest village Pindiprolu (V) exists at a distance 1.56 km (S) and nearest water body exists at a distance of 180 m (E) from the mine lease area. No RF in 10 km radius.

It is proposed to mine 75,350.0 m³/annum of Building Stone & Road Metal and the life of mine is reported as 19 years.

The total cost of the project is Rs. 40.0 Lakhs. The proponent is proposing budget for Environmental protection towards capital cost: Rs. 4.5 lakhs and recurring cost: Rs. 2.1 Lakhs/annum.

During presentation, the SEAC observed that there is much vegetation exists in the mine lease area. In this regard, the SEAC directed the proponent to translocate the existing trees along the boundaries of the mine area / identify the compensatory land for development of vegetation.

After detailed discussions, the SEAC recommended for issue of EC.

Agenda Item No. 02	4.95 Ha. Building Stone and Road Metal Quarry of The Assistant Director of Mines and Geology, Khammam, Sy.No.108 of Rajupeta Village, Kusumanchi Mandal, Khammam District. - Environmental Clearance - Reg.
Proposal No.	SIA/TG/MIN/427250/2023 (EC)

The representative of the project proponent G.Sanjay Kumar and Sri P.V. Raju of M/s. Pridhvi Enviro Tech (P) Ltd., Hyderabad attended and made a presentation before the SEAC.

CHAIRMAN, SEAC

Minutes of the SEAC Meeting held on 01.05.2023

During presentation, the project proponent informed the following:

- The Asst. Director of Mines and Geology, Khammam, had identified the mineral bearing area for auction proposed quarry lease for Building Stone & Road metal over an extent of 4.95 Hectares in Sy. No.108 of Rajupeta Village, Kusumanchi Mandal, Khammam District, Telangana (TS) as per instructions of the Director of Mines & Geology, Hyderabad vide memo no 1576586/P/2022, Dated 14.06.2022 in the connection of orders issued by the state Government of Telangana vide G.O.Ms.No.26.Inds.,& Comm.,(Mines-1) dated:31.03.2022 for grant of leases minor minerals except ordinary sand reserved under 9-A through auction except otherwise providing by amending Rule 4, Rule7,Rule 12 and Rule13 of Telangana Minor mineral Concession Rule,1966 reserved under Rule 9-A through Auction.
- The Asst. Director of Mines and Geology, Khammam, submitted the proposals for recommending for Auction proposed mineral bearing area for Building Stone and Road Metal over an extent of 4.95 Ha., in Sy. No.108 of Rajupeta Village, Kusumanchi Mandal, Khammam District in the state of Telangana (TS), filed by the applicant as Assistant director of Mines and Geology, Khammam.
- After careful examination of the proposals of the Assistant Director of Mines and Geology, Khammam, in principle, it is decided for Auction Proposed Mineral Bearing Area for Building Stone & Road Metal over an extent of 4.95 Ha., in Sy. No.108 of Rajupeta Village, Kusumanchi Mandal, Khammam District in the state of Telangana (TS), filed by ADMG, Khammam, for a period of 20 years.

The project proponent submitted a copy of lt. dt.24.04.2023 of ADMG: Khammam District informing that there are no existing quarry leases falling within 500m from proposed mine lease area. The SEAC noted that the mine lease area is 4.95 Ha. Total cluster area and Net cluster area is 4.95 Ha which is less than 5.0 Ha. Thus, the project is considered under B2 Category as per the provisions laid under EIA Notification, 2006 & its subsequent amendments and orders of the Hon'ble NGT. The proponent submitted a copy of Scrutinized/ Approved Mining Plan & EMP Report.

The nearest village Eswaramadharam (V) exists at a distance 690 m (NW) and nearest water body exists at a distance of 180 m (NW) from the mine lease area. No RF in 10 km radius.

It is proposed to mine 54,034.40 m³/annum of Building Stone & Road Metal and the life of mine is reported as 21 years.

The total cost of the project is Rs. 35.0 Lakhs. The proponent is proposing budget for Environmental protection towards capital cost: Rs. 3.8 lakhs and recurring cost: Rs. 2.0 Lakhs/annum.

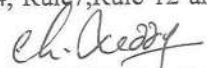

After detailed discussions, the SEAC recommended for issue of EC.

Agenda Item No. 03	4.80 Ha. Building Stone & Road Metal Quarry of The Asst. Director of Mines and Geology, Peddapally, Sy.No.288, Maredupally Village, Palakurthy Mandal, Peddapally District. - Environmental Clearance - Reg.
Proposal No.	SIA/TG/MIN/427082/2023 (EC)

The representative of the project proponent Sainath and Sri P.V. Raju of M/s. Pridhvi Enviro Tech (P) Ltd., Hyderabad attended and made a presentation before the SEAC.

During presentation, the project proponent informed the following:

- The Asst. Director of Mines and Geology, Peddapally, had identified the mineral bearing area for auction proposed quarry lease for Building Stone & Road metal over an extent of 4.80 Hectares in Sy. No.288 of Maredupally Village, Palakurthy Mandal, Peddapally District, Telangana (TS) as per instructions of the Director of Mines & Geology, Hyderabad vide memo no 1576586/P/2022, Dated 14.06.2022 in the connection of orders issued by the state Government of Telangana vide G.O.Ms.No.26.Inds.,& Comm.,(Mines-1) dated:31.03.2022 for grant of leases minor minerals except ordinary sand reserved under 9-A through auction except otherwise providing by amending Rule 4, Rule7,Rule 12 and

CHAIRMAN, SEAC

Minutes of the SEAC Meeting held on 01.05.2023

Rule13 of Telangana Minor mineral Concession Rule,1966 reserved under Rule 9-A though Auction.

- The Asst. Director of Mines and Geology, Peddapally, submitted the proposals for recommending for Auction proposed mineral bearing area for Building Stone and Road Metal over an extent of 4.80 Ha., in Sy. No.288 of Maredupally Village, Palakurthy Mandal, Peddapally District in the state of Telangana(TS), filed by the applicant as Assistant director of Mines and Geology, Peddapally.
- After careful examination of the proposals of the Assistant Director of Mines and Geology, Peddapally, in principle, it is decided for Auction Proposed Mineral Bearing Area for Building Stone & Road Metal over an extent of 4.80 Ha., in Sy. No.288 of Maredupally Village, Palakurthy Mandal, Peddapally District in the state of Telangana (TS), filed by ADMG, Peddapally, for a period of 20 years.

The project proponent submitted a copy of lt. dt.23.03.2023 of ADMG: Peddapalli District informing that there are no existing quarry leases falling within 500m from proposed mine lease area. The SEAC noted that the mine lease area is 4.80 Ha. Total cluster area and Net cluster area is 4.80 Ha which is less than 5.0 Ha. Thus, the project is considered under B2 Category as per the provisions laid under EIA Notification, 2006 & its subsequent amendments and orders of the Hon'ble NGT. The proponent submitted a copy of Scrutinized/ Approved Mining Plan & EMP Report.

The nearest village Maredupally (V) exists at a distance 1.66 km (NE) and nearest water body exists at a distance of 228 m (E) and nearest RF is Maredupalli RF exists at a distance of 1.18 km (E) from the mine lease area.

It is proposed to mine 1,14,602 m³/annum of Building Stone & Road Metal and the life of mine is reported as 11 years.

The total cost of the project is Rs. 40.0 Lakhs. The proponent is proposing budget for Environmental protection towards capital cost: Rs. 4.3 lakhs and recurring cost: Rs. 2.1 Lakhs/annum.

During presentation, the SEAC observed that there is much vegetation exists in the mine lease area. In this regard, the SEAC directed the proponent to translocate the existing trees along the boundaries of the mine area / identify the compensatory land for development of vegetation.

After detailed discussions, the SEAC recommended for issue of EC.

Agenda Item No. 04	3.770 Ha. Colour Granite Mine of The Asst. Director of Mines and Geology, Peddapally, Sy.No.137, Kanagarthy Village, Odela Mandal, Peddapally District. - Environmental Clearance - Reg.
Proposal No.	SIA/TG/MIN/427079/2023 (EC)

The representative of the project proponent Sainath and Sri P.V. Raju of M/s. Pridhvi Enviro Tech (P) Ltd., Hyderabad attended and made a presentation before the SEAC.

During presentation, the project proponent informed the following:

- The Asst. Director of Mines and Geology, Peddapally, had identified the mineral bearing area for auction proposed quarry lease for Colour Granite over an extent of 3.77 Hectares in Sy.No.137 of Kanagarthy Village, Odela Mandal, Peddapally District, Telangana (TS) as per instructions of the Director of Mines & Geology, Hyderabad vide memo no 1576586/P/2022, Dated 14.06.2022 in the connection of orders issued by the state Government of Telangana vide G.O.Ms.No.26.Inds.& Comm.,(Mines-1) dated:31.03.2022 for grant of leases minor minerals except ordinary sand reserved under 9-A through auction except otherwise providing by amending Rule 4, Rule7,Rule 12 and Rule13 of Telangana Minor mineral Concession Rule,1966 reserved under Rule 9-A though Auction.
- The Asst. Director of Mines and Geology, Peddapally, submitted the proposals for recommending for Auction proposed mineral bearing area for Colour Granite over an extent of 3.770 Ha., in Sy.No.137 of Kanagarthy Village, Odela Mandal, Peddapally District in the state of Telangana(TS), filed by the applicant as Assistant director of Mines and Geology, Peddapally.

CHAIRMAN, SEAC

Minutes of the SEAC Meeting held on 01.05.2023

- After careful examination of the proposals of the Assistant Director of Mines and Geology, Peddapally, in principle, it is decided for Auction Proposed Mineral Bearing Area for Colour Granite over an extent of 3.770 Ha., in Sy.No.137 of Kanagarthy Village, Odela Mandal, Peddapally District in the state of Telangana (TS), filed by ADMG, Peddapally, for a period of 20 years.

The project proponent submitted a copy of lt. dt.23.03.2023 of ADMG: Peddapalli District informing that there are no existing quarry leases falling within 500m from proposed mine lease area. The SEAC noted that the mine lease area is 3.770 Ha. Total cluster area and Net cluster area is 3.770 Ha which is less than 5.0 Ha. Thus, the project is considered under B2 Category as per the provisions laid under EIA Notification, 2006 & its subsequent amendments and orders of the Hon'ble NGT. The proponent submitted a copy of Scrutinized/ Approved Mining Plan & EMP Report.

The nearest village Pittela Yellaiahpalli (V) exists at a distance 200 m (N) and nearest water body exists at a distance of 156 m (E) from the mine lease area. No RF in 10 km radius.

It is proposed to mine 7,980.72 m³/annum of Building Stone & Road Metal and the life of mine is reported as 19.51 years.

The total cost of the project is Rs. 40.0 Lakhs. The proponent is proposing budget for Environmental protection towards capital cost: Rs. 4.2 lakhs and recurring cost: Rs. 2.30 Lakhs/annum.

During presentation, the SEAC observed that there is much vegetation exists in the mine lease area. In this regard, the SEAC directed the proponent to translocate the existing trees along the boundaries of the mine area / identify the compensatory land for development of vegetation.

After detailed discussions, the SEAC recommended for issue of EC.

Agenda Item No. 05	3.23 Ha. Black Granite Mine of The Asst. Director of Mines and Geology, Peddapally, Sy.No.77, Paidichinthalapally Village, Dharmaram Mandal, Peddapally District. - Environmental Clearance - Reg.
Proposal No.	SIA/TG/MIN/426977/2023 (EC)

The representative of the project proponent Sainath and Sri P.V. Raju of M/s. Pridhvi Enviro Tech (P) Ltd., Hyderabad attended and made a presentation before the SEAC.

During presentation, the project proponent informed the following:

- The Asst. Director of Mines and Geology, Peddapally, had identified the mineral bearing area for auction proposed quarry lease for Black Granite over an extent of 3.23 Hectares in Sy.No.77 of Paidichinthalapally Village, Dharmaram Mandal, Peddapally District, Telangana (TS) as per instructions of the Director of Mines & Geology, Hyderabad vide memo no 1576586/P/2022, Dated 14.06.2022 in the connection of orders issued by the state Government of Telangana vide G.O.Ms.No.26.Inds.,& Comm.,(Mines-1) dated:31.03.2022 for grant of leases minor minerals except ordinary sand reserved under 9-A through auction except otherwise providing by amending Rule 4, Rule7,Rule 12 and Rule13 of Telangana Minor mineral Concession Rule,1966 reserved under Rule 9-A though Auction.
- The Asst. Director of Mines and Geology, Peddapally, submitted the proposals for recommending for Auction proposed mineral bearing area for Black Granite over an extent of 3.23 Ha., in Sy.No.77 of Paidichinthalapally Village, Dharmaram Mandal, Peddapally District in the state of Telangana(TS), filed by the applicant as Assistant director of Mines and Geology, Peddapally.
- After careful examination of the proposals of the Assistant Director of Mines and Geology, Peddapally, in principle, it is decided for Auction Proposed Mineral Bearing Area for Black Granite over an extent of 3.23 Ha., in Sy.No.77 of Paidichinthalapally Village, Dharmaram Mandal, Peddapally District in the state of Telangana (TS), filed by ADMG, Peddapally, for a period of 20 years.

The project proponent submitted a copy of lt. dt.23.03.2023 of ADMG: Peddapalli District informing that there are no existing quarry leases falling within 500m from proposed mine lease

Minutes of the SEAC Meeting held on 01.05.2023

area. The SEAC noted that the mine lease area is 3.23 Ha. Total cluster area and Net cluster area is 3.23 Ha which is less than 5.0 Ha. Thus, the project is considered under B2 Category as per the provisions laid under EIA Notification, 2006 & its subsequent amendments and orders of the Hon'ble NGT. The proponent submitted a copy of Scrutinized/ Approved Mining Plan & EMP Report.

The nearest village Paidichinthalapally (V) exists at a distance 883 m (S) and nearest water body exists at a distance of 270 m (E) and Nearest RF is Khanam Palli RF exists at a distance of 74 m (N) from the mine lease area.

It is proposed to mine 2,538.60 m³/annum of Building Stone & Road Metal and the life of mine is reported as 13.48 years.

The total cost of the project is Rs. 35.0 Lakhs. The proponent is proposing budget for Environmental protection towards capital cost: Rs. 3.8 lakhs and recurring cost: Rs. 1.90 Lakhs/annum.

During presentation, the SEAC observed that there is much vegetation exists in the mine lease area. In this regard, the SEAC directed the proponent to translocate the existing trees along the boundaries of the mine area / identify the compensatory land for development of vegetation.

After detailed discussions, the SEAC recommended for issue of EC.

Agenda Item No. 06	17.80 Ha. Ordinary Sand Mine of M/s. Telangana State Mineral Development Corporation Ltd., (TSMDC), Cherukuru Sand Reach on Godavari River Bed, Cherukuru Village, Wazeedu Mandal, Mulugu District. - TOR - Reg.
Proposal No.	SIA/TG/MIN/420270/2023 (TOR)

The representative of the project proponent Smt. B.V.Prashanti and Sri D. Sreekanth of M/s. Sri Sai Manasa Nature Tech Pvt. Ltd., Hyderabad attended and made a presentation before the SEAC.

It is noted that the mine lease area is 17.80 Ha. which is more than 5.0 Ha. The project is considered under B1 Category as per provisions laid under EIA Notification, 2006 & its subsequent amendments and orders of the Hon'ble NGT.

The proponent informed that the average thickness of sand deposited in the proposed sand reach is reported as more than 8.0 m (minimum 9 m and maximum 14 m) as per Joint Inspection Report. The depth of proposed sand extraction is 2.0m, as per joint inspection report submitted by the project proponent.

It is proposed to mine 3,55,436 m³/annum of Ordinary Sand by manual open excavation method.

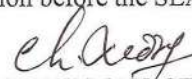

The nearest village is Rampur Agrahar village which is at a distance of 2.06 km (SW) & Nearest RF is Rampur RF @ 0.93 km (SW) exists from the boundary of the sand reach.

The SEAC observed from the KML file on Google Satellite image. Further, the proponent has submitted a latest Sentinel satellite picture dt.13.04.2023, as per the latest Satellite picture there is no water in the proposed site. It is further, the Committee directed the proponent not to carryout mining operation during the rainy season.

After detailed discussions, the proponent is directed to prepare EIA report as per the Standard Terms of Reference (TORs) issued by the MoEF&CC, GoI for "Mining of Minerals", undergo the process of public hearing in consultation with TSPCB and submit final EIA report, minutes of public hearing & response of the proponent to the issues emerged in the public hearing to the SEAC for appraisal.

Agenda Item No. 07	13.00 Ha. Ordinary Sand Mine of M/s. Telangana State Mineral Development Corporation Ltd., (TSMDC), Dharmavaram - II Sand Reach on Godavari River, Dharmavaram Village, Wazeedu Mandal, Mulugu District. - Environmental Clearance - Reg.
Proposal No.	SIA/TG/MIN/425699/2023 (EC)

The representative of the project proponent Smt. B.V.Prashanti and Sri D. Sreekanth of M/s. Sri Sai Manasa Nature Tech Pvt. Ltd., Hyderabad attended and made a presentation before the SEAC.

CHAIRMAN, SEAC

Minutes of the SEAC Meeting held on 01.05.2023

It is noted that the mine lease area is 13.0 Ha. which is more than 5.0 Ha. Hence, the project is considered under B1 Category as per provisions laid under EIA Notification, 2006 & its subsequent amendments and orders of the Hon'ble NGT. The proponent submitted a copy of Scrutinized/ Approved Mining Plan &EMP Report.

The SEAC noted that earlier the SEIAA, TS issued TORs dt.16.12.2022 for preparation of EIA Report. Accordingly, the proponent undergone the process of public hearing on 14.03.2023 and submitted Final EIA Report along with minutes of public hearing and issues emerged during public hearing. The SEAC noted the contents of Final EIA report. The SEAC observed from the minutes of Public Hearing & representations that the issues emerged during public hearing are Implement pollution control measures; Provide local employment; CSR funds should be spent on nearby villages, Provide tarpaulin covers on the roads, Provide greenbelt. The proponent informed: Implement all pollution control measures; Direct employment will be given to 375 persons; Greenbelt will be developed along the approach roads; Adopt water sprinkling to control dust pollution; they have allocated Rs. 1.0 Lakhs under CSR activities.

The proponent informed that the average thickness of sand deposited in the proposed sand reach is reported as more than 8.0 m as per Joint Inspection Report. The depth of proposed sand extraction is 2.0m, as per joint inspection report submitted by the project proponent.

The SEAC observed from the KML file on Google Satellite image. Further, the proponent has submitted a latest Sentinel satellite picture dt.13.04.2023, as per the latest Satellite picture there is no water in the proposed site. It is further, the Committee directed the proponent not to carryout mining operation during the rainy season.

It is proposed to mine 2,60,000 m³/annum (Maximum Capacity) of Ordinary Sand by manual open excavation method.

The nearest village to the proposed site is Dharmavaram village which is existing at a distance of 3.6 km (NE) & Nearest RF is Chittial RF @ 2.10 km (W) exists from the boundary of the sand reach.

The total cost of the project is Rs. 30.0 Lakhs. The proponent is proposing budget for Environmental Protection Cost towards Capital Cost & Operational Cost: Rs. 3.0 lakhs.

After details discussions, the SEAC recommended for issue of EC.

Agenda Item No. 08	20.00 Ha. Ordinary Sand Mine of M/s. Telangana State Mineral Development Corporation Ltd., (TSMDC), Ayyavaripeta II Sand Reach on Godavari River at Ayyavaripeta Village, Wazeedu Mandal, Mulugu District, District. - Environmental Clearance - Reg.
Proposal No.	SIA/TG/MIN/425705/2023 (EC)

The representative of the project proponent Smt. B.V.Prashanti and Sri D. Sreekanth of M/s. Sri Sai Manasa Nature Tech Pvt. Ltd., Hyderabad attended and made a presentation before the SEAC.

It is noted that the mine lease area is 20.00 Ha. which is more than 5.0 Ha. Hence, the project is considered under B1 Category as per provisions laid under EIA Notification, 2006 & its subsequent amendments and orders of the Hon'ble NGT. The proponent submitted a copy of Scrutinized/ Approved Mining Plan &EMP Report.

The SEAC noted that earlier the SEIAA, TS issued TORs dt.01.11.2022 for preparation of EIA Report. Accordingly, the proponent undergone the process of public hearing on 14.03.2023 and submitted Final EIA Report along with minutes of public hearing and issues emerged during public hearing. The SEAC noted the contents of Final EIA report. The SEAC observed from the minutes of Public Hearing & representations that the issues emerged during public hearing are Implement pollution control measures; Provide local employment; CSR funds should be spent on nearby villages, Provide pollution control measures, Provide tarpaulin covers on the roads, Provide greenbelt. The proponent informed: Implement all pollution control measures; Employment will be given; Greenbelt will be developed along the approach roads will be proposed; Adopt water sprinkling to control dust pollution; they have allocated Rs. 2.0 Lakhs under CER activities.

Minutes of the SEAC Meeting held on 01.05.2023

The proponent informed that the average thickness of sand deposited in the proposed sand reach is reported as more than 8.0 m as per Joint Inspection Report. The depth of proposed sand extraction is 2.0m, as per joint inspection report submitted by the project proponent.

The SEAC observed from the KML file on Google Satellite image. Further, the proponent has submitted a latest Sentinel satellite picture dt.13.04.2023, as per the latest Satellite picture there is no water in the proposed site. It is further, the Committee directed the proponent not to carryout mining operation during the rainy season.

It is proposed to mine 3,99,858 m³/annum (Maximum Capacity) of Ordinary Sand by manual open excavation method.

The nearest village to the proposed site is Ayyavaripeta village which is existing at a distance of 1.2 km (SE) & Nearest RF is Peruru RF @ 3.8 km (E) exists from the boundary of the sand reach.

The total cost of the project is Rs. 60.0 Lakhs. The proponent is proposing budget for Environmental Protection Cost towards Capital Cost & Operational Cost: Rs. 6.0 lakhs.

After details discussions, the SEAC recommended for issue of EC.

Agenda Item No. 09	24.90 Ha. Ordinary Sand Mine of M/s. Telangana State Mineral Development Corporation Ltd., (TSMDC), Godavari River Sand in Rampur Village, Wazeedu Mandal, Mulugu District. - Environmental Clearance - Reg.
Proposal No.	SIA/TG/MIN/425712/2023 (EC)

The representative of the project proponent Smt. B.V.Prashanti and Sri D. Sreekanth of M/s. Sri Sai Manasa Nature Tech Pvt. Ltd., Hyderabad attended and made a presentation before the SEAC.

It is noted that the mine lease area is 24.90 Ha. which is more than 5.0 Ha. Hence, the project is considered under B1 Category as per provisions laid under EIA Notification, 2006 & its subsequent amendments and orders of the Hon'ble NGT. The proponent submitted a copy of Scrutinized/ Approved Mining Plan & EMP Report.

The SEAC noted that earlier the SEIAA, TS issued TORs dt.01.11.2022 for preparation of EIA Report. Accordingly, the proponent undergone the process of public hearing on 14.03.2023 and submitted Final EIA Report along with minutes of public hearing and issues emerged during public hearing. The SEAC noted the contents of Final EIA report. The SEAC observed from the minutes of Public Hearing & representations that the issues emerged during public hearing are Implement pollution control measures; Conduct medical camps; Provide local employment; CSR funds should be spent on effected villages, Implement pollution control measures, development greenbelt, and control fugitive dust due to movement of vehicles. The proponent informed: Implement all pollution control measures; Truck will be covered with tarpaulin; Direct employment will be given to 375 persons; Greenbelt will be carried out along the banks of the river near mine lease area; Adopt water sprinkling to control dust pollution; Will implement all pollution control measures as suggested by MoEF and TSPCB to ensure least negative impact; They have allocated Rs. 1.0 Lakhs under CSR activities.

The proponent informed that the average thickness of sand deposited in the proposed sand reach is reported as more than 8.0 m as per Joint Inspection Report. The depth of proposed sand extraction is 2.0m, as per joint inspection report submitted by the project proponent.

The SEAC observed from the KML file on Google Satellite image. Further, the proponent has submitted a latest Sentinel satellite picture dt.13.04.2023, as per the latest Satellite picture there is no water in the proposed site. It is further, the Committee directed the proponent not to carryout mining operation during the rainy season.

It is proposed to mine 4,98,182 m³/annum (Maximum Capacity) of Ordinary Sand by manual open excavation method.

The nearest village to the proposed site is Chandruputla Z village which is existing at a distance of 1.77 km (NE) & Nearest RF is Peruru RF @ 2.6 km (NE) exists from the boundary of the sand reach.

Minutes of the SEAC Meeting held on 01.05.2023

The total cost of the project is Rs. 50.0 Lakhs. The proponent is proposing budget for Environmental Protection Cost towards Capital Cost & Operational Cost: Rs. 6.0 lakhs.

After details discussions, the SEAC recommended for issue of EC.

Agenda Item No. 10	9.99 Ha. Ordinary Sand Mine of M/s. Telangana State Mineral Development Corporation Ltd., (TSMDC), Kathigudem-II Sand Reach, Kathigudem Village, Mangapeta Mandal, Mulugu District. - TOR - Reg.
Proposal No.	SIA/TG/MIN/427002/2023 (TOR)

The representative of the project proponent Smt. B.V.Prashanti and Sri D. Sreekanth of M/s. Sri Sai Manasa Nature Tech Pvt. Ltd., Hyderabad attended and made a presentation before the SEAC.

It is noted that the mine lease area is 9.99 Ha. which is more than 5.0 Ha. The project is considered under B1 Category as per provisions laid under EIA Notification, 2006 & its subsequent amendments and orders of the Hon'ble NGT.

The proponent informed that the average thickness of sand deposited in the proposed sand reach is reported as more than 8.0 m (minimum 9 m and maximum 15 m) as per Joint Inspection Report. The depth of proposed sand extraction is 2.0m, as per joint inspection report submitted by the project proponent.

It is proposed to mine 1,99,770 m³/annum of Ordinary Sand by manual open excavation method.

The nearest village is Kathigudem village which is at a distance of 2.11 km (SW) & Nearest RF is Mulugu RF @ 2.80 km (SW) exists from the boundary of the sand reach.

The SEAC observed from the KML file on Google Satellite image. Further, the proponent has submitted a latest Sentinel satellite picture dt.13.04.2023, as per the latest Satellite picture there is no water in the proposed site. It is further, the Committee directed the proponent not to carryout mining operation during the rainy season.

After detailed discussions, the proponent is directed to prepare EIA report as per the Standard Terms of Reference (TORs) issued by the MoEF&CC, GoI for "Mining of Minerals", undergo the process of public hearing in consultation with TSPCB and submit final EIA report, minutes of public hearing & response of the proponent to the issues emerged in the public hearing to the SEAC for appraisal.

Agenda Item No. 11	4.99 Ha. Ordinary Sand Mine of M/s. Telangana State Mineral Development Corporation Ltd., (TSMDC), Kondapuram (Z) Sand Reach - III On Godavari River Kondapuram (Z) Village, Venkatapuram Mandal, Mulugu District. - Environmental Clearance - Reg.
Proposal No.	SIA/TG/MIN/427019/2023 (EC)

The representative of the project proponent Smt. B.V.Prashanti and Sri D. Sreekanth of M/s. Sri Sai Manasa Nature Tech Pvt. Ltd., Hyderabad attended and made a presentation before the SEAC.

It is noted that the mine lease area is 4.99 Ha. which is less than 5.0 Ha. The proponent has not submitted a copy of cluster letter issued by the ADMG, Mulugu District to ascertain the cluster applicability. The proponent submitted a copy of Scrutinized/ Approved Mining Plan & EMP Report.

The proponent informed that the average thickness of sand deposited in the proposed sand reach is reported as more than 8.0 m as per Joint Inspection Report. The depth of proposed sand extraction is 2.0m, as per joint inspection report submitted by the project proponent.

The SEAC observed from the KML file on Google Satellite image. Further, the proponent has submitted a latest Sentinel satellite picture dt.13.04.2023, as per the latest Satellite picture there is no water in the proposed site. It is further, the Committee directed the proponent not to carryout mining operation during the rainy season.

Minutes of the SEAC Meeting held on 01.05.2023

It is proposed to mine 99,788 m³/annum (Maximum Capacity) of Ordinary Sand by Open cast excavation and manual method.

The nearest village to the proposed site is Kotta Kondapuram village which is at a distance of 1.3 km (E) & Nearest RF is Cherla RF @ 2.23 km (E) exists from the boundary of the sand reach.

The total cost of the project is Rs. 40.0 Lakhs. The proponent is proposing budget for Environmental Protection Cost towards Capital Cost & Operational Cost: Rs. 4.0 lakhs.

The SEAC informed the proponent to submit the cluster letter issued by the ADMG to ascertain the cluster applicability.

After detailed discussions, the SEAC deferred the project for consideration after submission of above mentioned information by the proponent.

Agenda Item No. 12	4.99 Ha. Ordinary Sand Mine of M/s. Telangana State Mineral Development Corporation Ltd., (TSMDC), Ramachandrapuram-IV Sand Reach On Godavari River Ramachandrapuram Village, Venkatapuram Mandal, Mulugu District. - Environmental Clearance - Reg.
Proposal No.	SIA/TG/MIN/426996/2023 (EC)

The representative of the project proponent Smt. B.V.Prashanti and Sri D. Sreekanth of M/s. Sri Sai Manasa Nature Tech Pvt. Ltd., Hyderabad attended and made a presentation before the SEAC.

It is noted that the mine lease area is 4.99 Ha. which is less than 5.0 Ha. The proponent submitted a copy of ADMG, Mulugu District dt.29.04.2023 stating that there are no other quarries existing within the 500 mts of radius from the proposed sand reach. Hence, the project is considered under B2 Category as per provisions laid under EIA Notification, 2006 & its subsequent amendments and orders of the Hon'ble NGT. The proponent submitted a copy of Scrutinized/ Approved Mining Plan & EMP Report.

The proponent informed that the average thickness of sand deposited in the proposed sand reach is reported as minimum 9m and maximum 15m as per Joint Inspection Report. The depth of proposed sand extraction is 2.0m, as per joint inspection report submitted by the project proponent.

The SEAC observed from the KML file on Google Satellite image. Further, the proponent has submitted a latest Sentinel satellite picture dt.13.04.2023, as per the latest Satellite picture there is no water in the proposed site. It is further, the Committee directed the proponent not to carryout mining operation during the rainy season.

It is proposed to mine 99,800 m³/annum (Maximum Capacity) of Ordinary Sand by Open cast excavation and manual method.

The nearest village to the proposed site is Abbaiygudem village which is at a distance of 0.96 km (E) & Nearest RF is Nugur RF @ 2.94 km (E) exists from the boundary of the sand reach.

The total cost of the project is Rs. 40.0 Lakhs. The proponent is proposing budget for Environmental Protection Cost towards Capital Cost & Operational Cost: Rs. 4.0 lakhs.

After detailed discussions, the SEAC recommended for issue of EC.

Agenda Item No. 13	4.99 Ha. Ordinary Sand Mine of M/s. Telangana State Mineral Development Corporation Ltd., (TSMDC), Sri Rangapuram Ordinary Sand Reach in Godavari River Bed Sri Rangapuram Village, Venkatapuram (M), Mulugu District. - Environmental Clearance - Reg.
Proposal No.	SIA/TG/MIN/426995/2023 (EC)

The representative of the project proponent Smt. B.V.Prashanti and Sri D. Sreekanth of M/s. Sri Sai Manasa Nature Tech Pvt. Ltd., Hyderabad attended and made a presentation before the SEAC.

CHAIRMAN, SEAC

Minutes of the SEAC Meeting held on 01.05.2023

It is noted that the mine lease area is 4.99 Ha. which is less than 5.0 Ha. The proponent submitted a copy of ADMG, Mulugu District dt.29.04.2023 stating that there are no other quarries existing within the 500 mts of radius from the proposed sand reach. Hence, the project is considered under B2 Category as per provisions laid under EIA Notification, 2006 & its subsequent amendments and orders of the Hon'ble NGT. The proponent submitted a copy of Scrutinized/ Approved Mining Plan &EMP Report.

The proponent informed that the average thickness of sand deposited in the proposed sand reach is reported as more than 8.0 m as per Joint Inspection Report. The depth of proposed sand extraction is 2.0m, as per joint inspection report submitted by the project proponent.

The SEAC observed from the KML file on Google Satellite image. Further, the proponent has submitted a latest Sentinel satellite picture dt.13.04.2023, as per the latest Satellite picture there is no water in the proposed site. It is further, the Committee directed the proponent not to carryout mining operation during the rainy season.

It is proposed to mine 99,738 m³/annum (Maximum Capacity) of Ordinary Sand by Open cast excavation and manual method.

The nearest village to the proposed site is Kotta Kondapuram village which is at a distance of 1.5 km (NE) & Nearest RF is Cherla RF @ 1.7 km (E) exists from the boundary of the sand reach.

The total cost of the project is Rs. 40.0 Lakhs. The proponent is proposing budget for Environmental Protection Cost towards Capital Cost & Operational Cost: Rs. 4.0 lakhs.

After detailed discussions, the SEAC recommended for issue of EC.

Agenda Item No. 14	4.99 Ha. Ordinary Sand Mine of M/s. Telangana State Mineral Development Corporation Ltd., (TSMDC), K Kondapuram Sand Reach, K.Kondapuram Village, Venkatapuram Mandal, Mulugu District. - Environmental Clearance - Reg.
Proposal No.	SIA/TG/MIN/426983/2023 (EC)

The representative of the project proponent Smt. B.V.Prashanti and Sri D. Sreekanth of M/s. Sri Sai Manasa Nature Tech Pvt. Ltd., Hyderabad attended and made a presentation before the SEAC.

It is noted that the mine lease area is 4.99 Ha. which is less than 5.0 Ha. The proponent submitted a copy of ADMG, Mulugu District dt.29.04.2023 stating that there are no other quarries existing within the 500 mts of radius from the proposed sand reach.Hence, the project is considered under B2 Category as per provisions laid under EIA Notification, 2006 & its subsequent amendments and orders of the Hon'ble NGT. The proponent submitted a copy of Scrutinized/ Approved Mining Plan &EMP Report.

The proponent informed that the average thickness of sand deposited in the proposed sand reach is reported as more than 8.0 m as per Joint Inspection Report. The depth of proposed sand extraction is 2.0m, as per joint inspection report submitted by the project proponent.

The SEAC observed from the KML file on Google Satellite image. Further, the proponent has submitted a latest Sentinel satellite picture dt.13.04.2023, as per the latest Satellite picture there is no water in the proposed site. It is further, the Committee directed the proponent not to carryout mining operation during the rainy season.

It is proposed to mine 99,728 m³/annum (Maximum Capacity) of Ordinary Sand by Open cast excavation and manual method.

The nearest village to the proposed site is Kondapuram village which is at a distance of 0.83 km (NE) & Nearest RF is Cherla RF @ 2.06 km (E) exists from the boundary of the sand reach.

The total cost of the project is Rs. 40.0 Lakhs. The proponent is proposing budget for Environmental Protection Cost towards Capital Cost & Operational Cost: Rs. 4.0 lakhs.

After detailed discussions, the SEAC recommended for issue of EC.

Agenda Item No. 15	4.98 Ha. Ordinary Sand Mine of M/s. Telangana State Mineral Development Corporation Ltd., (TSMDC), Godavari River Ramanujapuram Reach at Ramanujapuram Village, Venkatapuram Mandal, Mulugu District. - Environmental Clearance - Reg.
Proposal No.	SIA/TG/MIN/426907/2023 (EC)

The representative of the project proponent Smt. B.V.Prashanti and Sri D. Sreekanth of M/s. Sri Sai Manasa Nature Tech Pvt. Ltd., Hyderabad attended and made a presentation before the SEAC.

It is noted that the mine lease area is 4.98 Ha. which is less than 5.0 Ha. The proponent submitted a copy of ADMG, Mulugu District dt.29.04.2023 stating that there are no other quarries existing within the 500 mts of radius from the proposed sand reach. Hence, the project is considered under B2 Category as per provisions laid under EIA Notification, 2006 & its subsequent amendments and orders of the Hon'ble NGT. The proponent submitted a copy of Scrutinized/ Approved Mining Plan & EMP Report.

The proponent informed that the average thickness of sand deposited in the proposed sand reach is reported as more than 8.0 m as per Joint Inspection Report. The depth of proposed sand extraction is 2.0m, as per joint inspection report submitted by the project proponent.

The SEAC observed from the KML file on Google Satellite image. Further, the proponent has submitted a latest Sentinel satellite picture dt.13.04.2023, as per the latest Satellite picture there is no water in the proposed site. It is further, the Committee directed the proponent not to carryout mining operation during the rainy season.

It is proposed to mine 99,600 m³/annum (Maximum Capacity) of Ordinary Sand by Open cast excavation and manual method.

The nearest village to the proposed site is Kondapuram village which is at a distance of 1.45 km (NE) & Nearest RF is Cherla RF @ 2.03 km (E) exists from the boundary of the sand reach.

The total cost of the project is Rs. 40.0 Lakhs. The proponent is proposing budget for Environmental Protection Cost towards Capital Cost & Operational Cost: Rs. 4.0 lakhs.

After detailed discussions, the SEAC recommended for issue of EC.

Agenda Item No. 16	4.99 Ha. Ordinary Sand Mine of M/s. Telangana State Mineral Development Corporation Ltd., (TSMDC), Godavari River Malluru-I Godavari River Bed Malluru Village, Mangapeta (M) Mulugu District. - Environmental Clearance - Reg.
Proposal No.	SIA/TG/MIN/426923/2023 (EC)

The representative of the project proponent Smt. B.V.Prashanti and Sri D. Sreekanth of M/s. Sri Sai Manasa Nature Tech Pvt. Ltd., Hyderabad attended and made a presentation before the SEAC.

It is noted that the mine lease area is 4.99 Ha. which is less than 5.0 Ha. The proponent submitted a copy of ADMG, Mulugu District dt.29.04.2023 stating that there are no other quarries existing within the 500 mts of radius from the proposed sand reach. Hence, the project is considered under B2 Category as per provisions laid under EIA Notification, 2006 & its subsequent amendments and orders of the Hon'ble NGT. The proponent submitted a copy of Scrutinized/ Approved Mining Plan & EMP Report.

The proponent informed that the average thickness of sand deposited in the proposed sand reach is reported as more than 8.0 m as per Joint Inspection Report. The depth of proposed sand extraction is 2.0m, as per joint inspection report submitted by the project proponent.

The SEAC observed from the KML file on Google Satellite image. Further, the proponent has submitted a latest Sentinel satellite picture dt.13.04.2023, as per the latest Satellite picture there is no water in the proposed site. It is further, the Committee directed the proponent not to carryout mining operation during the rainy season.

Minutes of the SEAC Meeting held on 01.05.2023

It is proposed to mine 99,858 m³/annum (Maximum Capacity) of Ordinary Sand by Open cast excavation and manual method.

The nearest village is Besta gudem village which is at a distance of 2.3 km (S) & Nearest RF is Mangapet RF @ 4.1 km (SW) exists from the boundary of the sand reach.

The total cost of the project is Rs. 40.0 Lakhs. The proponent is proposing budget for Environmental Protection Cost towards Capital Cost & Operational Cost: Rs. 4.0 lakhs.

After detailed discussions, the SEAC recommended for issue of EC.

Agenda Item No. 17	4.99 Ha. Ordinary Sand Mine of M/s. Telangana State Mineral Development Corporation Ltd., (TSMDC), Vijayapuri Colony Sand Reach On Godavari River Bed Vijayapuri Colony Village, Venkatapuram Mandal, Mulugu District. - Environmental Clearance - Reg.
Proposal No.	SIA/TG/MIN/426918/2023 (EC)

The representative of the project proponent Smt. B.V.Prashanti and Sri D. Sreekanth of M/s. Sri Sai Manasa Nature Tech Pvt. Ltd., Hyderabad attended and made a presentation before the SEAC.

It is noted that the mine lease area is 4.99 Ha. which is less than 5.0 Ha. The proponent has not submitted a copy of cluster letter issued by the ADMG, Mulugu District to ascertain the cluster applicability. The proponent submitted a copy of Scrutinized/ Approved Mining Plan & EMP Report.

The proponent informed that the average thickness of sand deposited in the proposed sand reach is reported as minimum 9 m and maximum 15 m as per Joint Inspection Report. The depth of proposed sand extraction is 2.0m, as per joint inspection report submitted by the project proponent.

The SEAC observed from the KML file on Google Satellite image. Further, the proponent has submitted a latest Sentinel satellite picture dt.13.04.2023, as per the latest Satellite picture there is no water in the proposed site. It is further, the Committee directed the proponent not to carryout mining operation during the rainy season.

It is proposed to mine 99,800 m³/annum (Maximum Capacity) of Ordinary Sand by Open cast excavation and manual method.

The nearest village is Vijayapuri Colony village which is at a distance of 1.25 km (NE) & Nearest RF is Cherla RF @ 2.17 km (E) exists from the boundary of the sand reach.

The total cost of the project is Rs. 40.0 Lakhs. The proponent is proposing budget for Environmental Protection Cost towards Capital Cost & Operational Cost: Rs. 4.0 lakhs.

The SEAC informed the proponent to submit the cluster letter issued by the ADMG to ascertain the cluster applicability.

After detailed discussions, the SEAC deferred the project for consideration after submission of above mentioned information by the proponent.

Agenda Item No. 18	4.99 Ha. Ordinary Sand Mine of M/s. Telangana State Mineral Development Corporation Ltd., (TSMDC), Morremvanigudem Sand Reach On Godavari River Bed Morremvanigudem Village, Venkatapuram Mandal, Mulugu District. - Environmental Clearance - Reg.
Proposal No.	SIA/TG/MIN/426920/2023 (EC)

The representative of the project proponent Smt. B.V.Prashanti and Sri D. Sreekanth of M/s. Sri Sai Manasa Nature Tech Pvt. Ltd., Hyderabad attended and made a presentation before the SEAC.

Minutes of the SEAC Meeting held on 01.05.2023

It is noted that the mine lease area is 4.99 Ha. which is less than 5.0 Ha. The proponent submitted a copy of ADMG, Mulugu District dt.29.04.2023 stating that there are no other quarries existing within the 500 mts of radius from the proposed sand reach. Hence, the project is considered under B2 Category as per provisions laid under EIA Notification, 2006 & its subsequent amendments and orders of the Hon'ble NGT. The proponent submitted a copy of Scrutinized/ Approved Mining Plan &EMP Report.

The proponent informed that the average thickness of sand deposited in the proposed sand reach is reported as minimum 9m and maximum 15m and average thickness is 12m as per Joint Inspection Report. The depth of proposed sand extraction is 2.0m, as per joint inspection report submitted by the project proponent.

The SEAC observed from the KML file on Google Satellite image. Further, the proponent has submitted a latest Sentinel satellite picture dt.13.04.2023, as per the latest Satellite picture there is no water in the proposed site. It is further, the Committee directed the proponent not to carryout mining operation during the rainy season.

It is proposed to mine 99,800 m³/annum (Maximum Capacity) of Ordinary Sand by Open cast excavation and manual method.

The nearest village to the proposed site is Ippagudem village which is at a distance of 1.51 km & Nearest RF is Nugur RF @ 2.09 km (E) exists from the boundary of the sand reach.

The total cost of the project is Rs. 40.0 Lakhs. The proponent is proposing budget for Environmental Protection Cost towards Capital Cost & Operational Cost: Rs. 4.0 lakhs.

After detailed discussions, the SEAC recommended for issue of EC.

Agenda Item No. 19	4.99 Ha. Ordinary Sand Mine of M/s. Telangana State Mineral Development Corporation Ltd., (TSMDC), Suraveedu Colony Sand Reach On Godavari River Suraveedu Colony Village, Venkatapuram Mandal, Mulugu District. - Environmental Clearance - Reg.
Proposal No.	SIA/TG/MIN/426910/2023 (EC)

The representative of the project proponent Smt. B.V.Prashanti and Sri D. Sreekanth of M/s. Sri Sai Manasa Nature Tech Pvt. Ltd., Hyderabad attended and made a presentation before the SEAC.

It is noted that the mine lease area is 4.99 Ha. which is less than 5.0 Ha. The proponent submitted a copy of ADMG, Mulugu District dt.29.04.2023 stating that there are no other quarries existing within the 500 mts of radius from the proposed sand reach. Hence, the project is considered under B2 Category as per provisions laid under EIA Notification, 2006 & its subsequent amendments and orders of the Hon'ble NGT. It is further, the Committee directed the proponent not to carryout mining operation during the rainy season.

It is proposed to mine 97,810 m³/annum (Maximum Capacity) of Ordinary Sand by Open cast excavation and manual method.

The nearest village to the proposed site is Suraveedu Colony village which is at a distance of 1.36 km (E) & Nearest RF is Cherla RF @ 2.0 km (NE) exists from the boundary of the sand reach.

Minutes of the SEAC Meeting held on 01.05.2023

The total cost of the project is Rs. 40.0 Lakhs. The proponent is proposing budget for Environmental Protection Cost towards Capital Cost & Operational Cost: Rs. 4.0 lakhs.

After detailed discussions, the SEAC recommended for issue of EC.

Agenda Item No. 20	4.90 Ha. Ordinary Sand Mine of M/s. Telangana State Mineral Development Corporation Ltd., (TSMDC), Ankannagudem-II Godavari river bed Ankannagudem village, Venkatapuram (M), Mulugu District. - Environmental Clearance - Reg.
Proposal No.	SIA/TG/MIN/426901/2023 (EC)

The representative of the project proponent Smt. B.V.Prashanti and Sri D. Sreekanth of M/s. Sri Sai Manasa Nature Tech Pvt. Ltd., Hyderabad attended and made a presentation before the SEAC.

It is noted that the mine lease area is 4.90 Ha. which is less than 5.0 Ha. The proponent submitted a copy of ADMG, Mulugu District dt.29.04.2023 stating that there are no other quarries existing within the 500 mts of radius from the proposed sand reach. Hence, the project is considered under B2 Category as per provisions laid under EIA Notification, 2006 & its subsequent amendments and orders of the Hon'ble NGT. The proponent submitted a copy of Scrutinized/ Approved Mining Plan & EMP Report.

The proponent informed that the average thickness of sand deposited in the proposed sand reach is reported as more than 8.0 m as per Joint Inspection Report. The depth of proposed sand extraction is 2.0m, as per joint inspection report submitted by the project proponent.

The SEAC observed from the KML file on Google Satellite image. Further, the proponent has submitted a latest Sentinel satellite picture dt.13.04.2023, as per the latest Satellite picture there is no water in the proposed site. It is further, the Committee directed the proponent not to carryout mining operation during the rainy season.

It is proposed to mine 98,082 m³/annum (Maximum Capacity) of Ordinary Sand by Open cast excavation and manual method.

The nearest village to the proposed site is Ramachandrapuram village which is at a distance of 2.30 km (E) & Nearest RF is Ippagudem RF @ 0.79 km (NE) exists from the boundary of the sand reach.

The total cost of the project is Rs. 40.0 Lakhs. The proponent is proposing budget for Environmental Protection Cost towards Capital Cost & Operational Cost: Rs. 4.0 lakhs.

After detailed discussions, the SEAC recommended for issue of EC.

Agenda Item No. 21	4.99 Ha. Ordinary Sand Mine of M/s. Telangana State Mineral Development Corporation Ltd., (TSMDC), Chunchupally-III Godavari River Bed Chunchupally Village, Mangapeta Mandal, Mulugu District. - Environmental Clearance - Reg.
Proposal No.	SIA/TG/MIN/426869/2023 (EC)

The representative of the project proponent Smt. B.V.Prashanti and Sri D. Sreekanth of M/s. Sri Sai Manasa Nature Tech Pvt. Ltd., Hyderabad attended and made a presentation before the SEAC.

It is noted that the mine lease area is 4.99 Ha. which is less than 5.0 Ha. The proponent submitted a copy of ADMG, Mulugu District dt.29.04.2023 stating that there are no other quarries existing within the 500 mts of radius from the proposed sand reach. Hence, the project is considered under B2 Category as per provisions laid under EIA Notification, 2006 & its subsequent amendments and orders of the Hon'ble NGT. The proponent submitted a copy of Scrutinized/ Approved Mining Plan & EMP Report.

The proponent informed that the average thickness of sand deposited in the proposed sand reach is reported as more than 8.0 m (Min. 9.0 m and Max. 15 m) as per Joint Inspection Report. The

depth of proposed sand extraction is 2.0m, as per joint inspection report submitted by the project proponent.

The SEAC observed from the KML file on Google Satellite image. Further, the proponent has submitted a latest Sentinel satellite picture dt.13.04.2023, as per the latest Satellite picture there is no water in the proposed site. It is further, the Committee directed the proponent not to carryout mining operation during the rainy season.

It is proposed to mine 99,828 m³/annum (Maximum Capacity) of Ordinary Sand by Open cast excavation and manual method.

The nearest village to the proposed site is Chunchupally village which is at a distance of 1.87 km (NW) & Nearest RF is Mangapeta RF @ 1.35 km (SW) exists from the boundary of the sand reach.

The total cost of the project is Rs. 40.0 Lakhs. The proponent is proposing budget for Environmental Protection Cost towards Capital Cost & Operational Cost: Rs. 4.0 lakhs.

After detailed discussions, the SEAC recommended for issue of EC.

Agenda Item No. 22	4.99 Ha. Ordinary Sand Mine of M/s. Telangana State Mineral Development Corporation Ltd., (TSMDC), Ontichinthagudem Reach On Godavari River Bed Ontichinthagudem Village, Venkatapuram Mandal, Mulugu District. - Environmental Clearance - Reg.
Proposal No.	SIA/TG/MIN/426803/2023 (EC)

The representative of the project proponent Smt. B.V.Prashanti and Sri D. Sreekanth of M/s. Sri Sai Manasa Nature Tech Pvt. Ltd., Hyderabad attended and made a presentation before the SEAC.

It is noted that the mine lease area is 4.99 Ha. which is less than 5.0 Ha. The proponent submitted a copy of ADMG, Mulugu District dt.29.04.2023 stating that there are no other quarries existing within the 500 mts of radius from the proposed sand reach. Hence, the project is considered under B2 Category as per provisions laid under EIA Notification, 2006 & its subsequent amendments and orders of the Hon'ble NGT. The proponent submitted a copy of Scrutinized/ Approved Mining Plan & EMP Report.

The proponent informed that the average thickness of sand deposited in the proposed sand reach is reported as more than 8.0 m as per Joint Inspection Report. The depth of proposed sand extraction is 2.0m, as per joint inspection report submitted by the project proponent.

The SEAC observed from the KML file on Google Satellite image. Further, the proponent has submitted a latest Sentinel satellite picture dt.13.04.2023, as per the latest Satellite picture there is no water in the proposed site. It is further, the Committee directed the proponent not to carryout mining operation during the rainy season.

It is proposed to mine 99,930 m³/annum (Maximum Capacity) of Ordinary Sand by Open cast excavation and manual method.

The nearest village to the proposed site is Bandragudemvillage which is at a distance of 1.13 km (NE) & Nearest RF is Cherla RF @ 0.57 km (SE) exists from the boundary of the sand reach.

The total cost of the project is Rs. 40.0 Lakhs. The proponent is proposing budget for Environmental Protection Cost towards Capital Cost & Operational Cost: Rs. 4.0 lakhs.

After detailed discussions, the SEAC recommended for issue of EC.

Minutes of the SEAC Meeting held on 01.05.2023

Agenda Item No. 23	4.98 Ha. Ordinary Sand Mine of M/s. Telangana State Mineral Development Corporation Ltd., (TSMDC), Suraveedu Sand Reach On Godavari River, Suraveedu Village, Venkatapuram Mandal, Mulugu District. - Environmental Clearance - Reg.
Proposal No.	SIA/TG/MIN/426788/2023 (EC)

The representative of the project proponent Smt. B.V.Prashanti and Sri D. Sreekanth of M/s. Sri Sai Manasa Nature Tech Pvt. Ltd., Hyderabad attended and made a presentation before the SEAC.

It is noted that the mine lease area is 4.98 Ha. which is less than 5.0 Ha. The proponent submitted a copy of ADMG, Mulugu District dt.29.04.2023 stating that there are no other quarries existing within the 500 mts of radius from the proposed sand reach. Hence, the project is considered under B2 Category as per provisions laid under EIA Notification, 2006 & its subsequent amendments and orders of the Hon'ble NGT. The proponent submitted a copy of Scrutinized/ Approved Mining Plan & EMP Report.

The proponent informed that the average thickness of sand deposited in the proposed sand reach is reported as more than 8.0 m as per Joint Inspection Report. The depth of proposed sand extraction is 2.0m, as per joint inspection report submitted by the project proponent.

The SEAC observed from the KML file on Google Satellite image. Further, the proponent has submitted a latest Sentinel satellite picture dt.13.04.2023, as per the latest Satellite picture there is no water in the proposed site. It is further, the Committee directed the proponent not to carryout mining operation during the rainy season.

It is proposed to mine 99,600 m³/annum (Maximum Capacity) of Ordinary Sand by Open cast excavation and manual method.

The nearest village to the proposed site is Suraveedu village which is at a distance of 0.82 km (NE) & Nearest RF is Mulugu RF @ 2.37 km (SW) exists from the boundary of the sand reach.

The total cost of the project is Rs. 40.0 Lakhs. The proponent is proposing budget for Environmental Protection Cost towards Capital Cost & Operational Cost: Rs. 4.0 lakhs.

After detailed discussions, the SEAC recommended for issue of EC.

Agenda Item No. 24	4.99 Ha. Ordinary Sand Mine of M/s. Telangana State Mineral Development Corporation Ltd., (TSMDC), Mutharam Reach On Godavari River Bed Mutharam Village, Venkatapuram Mandal, Mulugu District. - Environmental Clearance - Reg.
Proposal No.	SIA/TG/MIN/426769/2023 (EC)

The representative of the project proponent Smt. B.V.Prashanti and Sri D. Sreekanth of M/s. Sri Sai Manasa Nature Tech Pvt. Ltd., Hyderabad attended and made a presentation before the SEAC.

It is noted that the mine lease area is 4.99 Ha. which is less than 5.0 Ha. The proponent submitted a copy of ADMG, Mulugu District dt.29.04.2023 stating that there are no other quarries existing within the 500 mts of radius from the proposed sand reach. Hence, the project is considered under B2 Category as per provisions laid under EIA Notification, 2006 & its subsequent amendments and orders of the Hon'ble NGT. The proponent submitted a copy of Scrutinized/ Approved Mining Plan & EMP Report.

The proponent informed that the average thickness of sand deposited in the proposed sand reach is reported as more than 8.0 m as per Joint Inspection Report. The depth of proposed sand extraction is 2.0m, as per joint inspection report submitted by the project proponent.

The SEAC observed from the KML file on Google Satellite image. Further, the proponent has submitted a latest Sentinel satellite picture dt.13.04.2023, as per the latest Satellite picture there is no water in the proposed site. It is further, the Committee directed the proponent not to carryout mining operation during the rainy season.

Minutes of the SEAC Meeting held on 01.05.2023

It is proposed to mine 99,796 m³/annum (Maximum Capacity) of Ordinary Sand by Open cast excavation and manual method.

The nearest village to the proposed site is Alabak village which is at a distance of 0.93 km (NE) & Nearest RF is Nugur RF @ 1.73 km (NE) exists from the boundary of the sand reach.

The total cost of the project is Rs. 40.0 Lakhs. The proponent is proposing budget for Environmental Protection Cost towards Capital Cost & Operational Cost: Rs. 4.0 lakhs.

After detailed discussions, the SEAC recommended for issue of EC.

Agenda Item No. 25	12.50 Ha. Ordinary Sand Mine of M/s. Telangana State Mineral Development Corporation Ltd., (TSMDC), Rajupeta-II Sand Reach On Godavari River Bed Rajupeta Village, Mangapeta Mandal, Mulugu District. - Environmental Clearance - Reg.
Proposal No.	SIA/TG/MIN/426980/2023 (TOR)

The representative of the project proponent Smt. B.V.Prashanti and Sri D. Sreekanth of M/s. Sri Sai Manasa Nature Tech Pvt. Ltd., Hyderabad attended and made a presentation before the SEAC.

It is noted that the mine lease area is 12.50 Ha. which is more than 5.0 Ha. The project is considered under B1 Category as per provisions laid under EIA Notification, 2006 & its subsequent amendments and orders of the Hon'ble NGT.

The SEAC observed from the KML file on Google Satellite image. Further, the proponent has submitted a latest Sentinel satellite picture dt.13.04.2023, as per the latest Satellite picture there is no water in the proposed site.

The proponent informed that the average thickness of sand deposited in the proposed sand reach is reported as more than 8.0 m (Min. 9m and Max. 15m) as per Joint Inspection Report. The depth of proposed sand extraction is 2.0m, as per joint inspection report submitted by the project proponent.

It is proposed to mine 2,50,000 m³/annum (Maximum Capacity) of Ordinary Sand by manual open excavation method.

The nearest village to the proposed site is Bandarugudem village which is existing at a distance of 2.26 km (SW) & Nearest RF is Mulugu RF @ 2.45 km (SW) exists from the boundary of the sand reach.

After detailed discussions, the proponent is directed to prepare EIA report, as per the Standard Terms of Reference (TORs) issued by the MoEF&CC, GoI for "Mining of Minerals", undergo the process of public hearing in consultation with TSPCB and submit final EIA report, minutes of public hearing & response of the proponent to the issues emerged in the public hearing to the SEAC for appraisal.
