But, as per recent guidelines of the SEIAA for processing EC applications of mining projects, their project may not be considered under violation due to the following reason:

- The quarry lease might be initially granted in favour of M/s. Rock Stares before 1997, as its 1st Renewal was executed on 09.01.1997 upto 08.01.2012. Meanwhile, the DMG Hyderabad vide Procds. dt. 15.12.2007 transferred the quarry lease from M/s. Rock Stares to M/s. Gayatri Granite Industries for unexpired portion of lease period upto 08.01.2012. Subsequently, 1st Renewal of quarry lease was granted (in-principle) vide notice dt. 21.02.2017 for a further period of 20 years.
- They have applied for EC at the time of Renewal of quarry lease as per Circular dt.02.07.2007 of MoE&F, GoI.
- The ADMG, Warangal Urban vide lr.dt.31.03.2021 furnished dispatch permit particulars for the period from 09.01.2012 to 31.03.2021. It was reported in the letter that as per their records no permits were issued to M/s. Gayatri Granite Industries for the period from 09.01.2012 to 31.03.2021.

Hence, keeping in view of above reasons, the proponent requested to issue Amendment to TOR duly removing the specific TOR w.r.t. Violation and issue only Standard TORs.

The SEAC examined the request of the proponent and observed that already TORs were issued to the project for which the proposal was uploaded under Violation. Thus, amendment to TOR cannot be issued.

In view of the above and after detailed discussions, the SEAC decided to return the proposal for amendment to TOR and the proponent is directed to submit fresh application under TOR for obtaining Standard TOR.
