and mining lease area. The case was forwarded by SEIAA to SEAC for appraisal of EIA for environment clearance for the project. It was submitted that this is a proposed mine having valid lease period that is upto 30 years with production capacity of 7,500 cum per annum,

- (2) The Mining Lease has been granted in favour of M/s Pacific Industries Ltd, for a period of 30 years over an area of 3.816 Ha. The Mining Plan with progressive mine closure plan has been approved by DGM, Bhopal vide L.No. 15230/M.P./G-1/N.K.40 /2018 dtd.26.9.2018.
- (3) SEAC in its 461st SEAC meeting dtd 29.9.2020 has recommended the case with 36 special conditions for issuance of EC.
- (4) It was noted that as per DFO endt. L.No. 2903 Anuppur dtd.20.03.2017, the National Park/Sanctuary is not located within 10 Km., radius from the mining site. Hence, the General Conditions are not attracted.
- (5) It was noted that the water requirement is 85 KLD (71 KLD Dust Suppression +1 KLD Domestic activity+Green Belt 5.0 KLD +Drilling 5.0 KLD+Wire saw-3.0 KLD which shall be met from Tanker.
- (6) It was also noted that the Public Hearing was carried out on 27.08.2020 at Panchayat Bhavan Chilpa, Tehsil - Anuppur, Dist. Anuppur under Chairmanship of Additional Collector, Anuppur. The major comments of applicants during public hearing are water for irrigation, access on approach road, Controlled blasting, employment of local people, construction & maintenance of existing / approach road connecting the mine & main road, Plantation on road side, regular health check-up of mine workers & water sprinkling to suppress the dust emission.

After detailed discussions and perusal of recommendations of 461st SEAC meeting dtd 29.9.2020, it was decided to accept the recommendation of SEAC for grant of prior EC to the project subject to the following specific conditions:

- I. Before commencing any mining activity fencing shall be carried out all around the lease area. Proper watch and ward arrangements should be made with installation of signage at 4 corners of lease area to avoid any untoward incident involving public and animals by the PP.
- II. Plantation programme as mentioned in EIA/EMP and presented during presentation in SEIAA & SEAC shall be followed in content and spirit.
- III. PP shall demarcate a barrier zone of 7.5 m as no mining zone in the periphery of mining lease area and develop a green belt. Three row plantations shall be carried out in the greenbelt area in current year with proper watering arrangement.
- IV. The mining operation shall be restricted to above ground water table and in no case it should intersect the ground water table. In case of working below the ground water table approval of the Central Ground Water Board shall be obtained.

(R.K. Sharma)
Member

(Rakesh K. Shrivastava)
Chairman

- V. Total 5000 saplings of suitable tree species i.e. Neem, Pipal, Bargad, Gulmohar Amla etc. shall be planted in nearby Khasra of Village- Chilpa, Tehsil - Anuppur, Dist. Anuppur (MP) by PP under plantation programme in consultation with DM at identified revenue land of the district. PP shall also explore and identify the chunk of land in the area from revenue record to carry out plantation programme as proposed..
- VI. PP shall ensure to construct and maintain Pakka approach road from the mine site. Plantation will be carried out on both side of the approach road. PP shall also ensure maintenance of existing pakka road in consultation with competent authority.
- VII. The over burden and waste will be stacked for five years and then simultaneously backfilled in the mined out area where plantation will be raised on it.
- VIII. Regular air & water quality monitoring shall be carried out by PP before discharging it into the nearby agriculture fields from authorized laboratory in consultation with Regional Officer, MP PCB.
- IX. PP shall ensure generation of employment opportunities nearby Village on priority bases.
- X. Payments of wages to the workers shall be done in consonance with the provisions in the labour laws.
- XI. Proper infrastructure with shelter, drinking water, toilet and first-aid facilities shall be provided for the laborers. A provision should be made to construct a pakka rest shelter along with toilet and drinking water facility.
- XII. PP should also carry out regular sprinkling in the mining lease area to arrest dust emission from mining activities affecting the nearby agriculture fields
- XIII. Mining shall be limited to the area as shown in surface plan and as per the approved mining scheme.
- XIV. PP shall ensure the proper water supply arrangements for plantation especially in summer season.
- XV. PP shall ensure proper implementation of plantation, dust suppression, construction of approach road and maintenance of existing pakka road as part of Environmental Management Plan. Additional budget provision shall be made as part of EMP.
- XVI. PP must ensure implementation of the following activities with separate budget provision of Rs 6 lakhs under CER

(R.K. Sharma)
Member

(Rakesh K. Shrivastava)
Chairman

- a) Provide to Infrastructure support for school/anganwadi building repairing, toilets, fresh water supply etc as per recommendation by Gram Panchayat / Gram Sabha to nearby villages Semarwar, Chilpa
- b) Provide to execution of need base activity i.e. hand pump, drainage line, road etc as per recommendation by gram panchayat/gram shabha to nearby villages Semarwar, Chilpa
- c) Develop grazing land at village as per OM of MoEF&CC dated 14.01.2016 With species like Stylo Hamata, Dinath, Siren, Subabul, Sewan Grass, Guner etc. To nearby village at Chilpa
- d) Provision of thermo and oxi-meters, sanitizers equipment, Mask etc. at Anganwadi and PHC of Chilpa, Semarwar

PP shall give preference to develop/provide infrastructural facilities in schools or aanganwadies of above villages. The modification to the above activities can be made with the permission of the district administration and need based activity for the development of nearby villages shall be implemented by PP in consultation with the District Collector and Gram Panchayat.

- XVII. PP should ensure to submit half yearly compliance report, Plantation and CER activity report along with photographs of all activities in MP-SEIAA. If PP is failed to upload or submit two consecutive half yearly compliance reports of EC conditions to concerned authority (SEIAA and Regional Office, MoEF&CC, Gol, Bhopal) than prior environmental clearance issued to PP will automatically be treated as cancelled/ revoked as per OM No. 930/SEIAA/2019 dated 30.05.2019 issued by MPSEIAA..

Hence, Prior Environmental Clearance is granted for Granite Deposit (Opencast Semi Mechanized Method) in an area of 3.816 ha. for production capacity of 7,500 cum per annum at Khasra No. 2610 at Village - Chilpa, Tehsil - Anuppur, Dist. Anuppur (MP). for the lease period to M/s Pacific Industries Ltd, Village - Chilpi, Tehsil & Dist. Anuppur, MP.

2. **Case No. 7685/2020:** Prior Environment Clearance for Proposed Bulk Drugs & API Production at Plot No. 125 & 126 Ujjaini Industrial Area Tehsil & Dist: Dhar MP Total Area: 3720 sq.m. Production Capacity : 30 M Ton per Anum by MEDIMPACT LIFE SCIENCES PRIVATE LIMITED through Director Ashish kailashchand Jain 47A, Vandana Nagar Anex, Indore (MP) -452001 Email: medimpactlifesciences@gmail.com Mob:- 9826024341.

- (1) Medimpact Life Science Pvt.Ltd.is proposing to manufacture Bulk Drugs, & its Intermediates of 30 TPA at Plot No. 125-126, Ujjaini Industrial Area , Dist-Dhar (MP).
- (2) The project is proposed for Manufacturing of Bulk Drug & Intermediate with Production Capacity – 2500 kg/month. The proposed products steroid, hormones like Dexamethasone sodium phosphate, Clobetasole Propionate, Betamethasone

(R.K. Sharma)
Member

(Rakesh K. Shrivastava)
Chairman

Valerate, Vitamin 812 etc, Active pharmaceuticals ingredients and Its Intermediate.

- (3) The proposed production capacity is 30 TPA. Proposed product and production capacity:-

Product will be Made on Market demand maximum 30 MT/Annum with full of manufacturing capacity			
S.N.	Name Of Proposed Product	Quantity in TPA	Major Uses/ End Use
(A)	Steroid Product and its Intermediate		
1	Baclomethasone	9.00	Steroids
2	BaclomethasoneDipropionate		
3	Betamethasone		
4	Betamethasone Dipropionate		
5	Betamethasone sodium phosphate		
6	Betamethasone Valerate		
7	Dexamethasoene		
8	Dexametahsone Sodium Phospahte		
9	Clobetasol		
10	Flumethasone		
11	fluorometholone		
12	fluorometholone Acetate		
13	Hydroxoprogeterone		
14	HydroxoprogeteroneCaproate		
15	Mometasoenefuroate		
16	Nandrolone		
17	Nandrolonedecoate		
18	Deflazacort		
19	Triamcinolone acetanide		
20	Hydrocortisone Acetate		
21	Hydrocortisone hemisuccinate		
22	Methyl Prednisolone		
23	Prednisolone acetate		
24	Prednisolone Sodium Phosphate		
25	Helobetasol Propionate		
	Total (A)	9.0	
(B)	Hormones		Hormones
1	Tetsosterone	0.80	
2	Testosterone cypionate		
3	Testosterone propionate		
4	Testosterone Deconoate		
5	Methyl testosterone		
	Sub-Total	0.80	
(C)	Vitamins		
1	Methyl Cobalamin	1.20	Vitamin B12 Analog
2	Cyanocobalamin		Vitamin 12
3	Hydroxocobalamin		Vitamin B12 Analog
	Sub-Total	1.20	
(D)	Other API and Intermediate		
1	Chlorhexadine		Germicidal.
2	Calcium stearate		Used to treat high blood pressure and

(R.K. Sharma)

			edema
3	Magnesium stearate		Excipient
4	Crosscarmilose sodium		superdisintegrant
5	Methyl paraben		Excipient
6	Isosorbide		Intermediate
7	MethoxyPhenacyl Bromide		Intermediate
8	4-Aminopyridine		Antihistamine
9	Chlorhexadine Gluconate		Germicidal.
10	Cetrimide		Antiseptic
11	4- aminobenzaldehyde		Intermediate
12	Thyroxine sodium		Treat Thyroid defficiency
13	MethoxyPhenacyl Bromide		Intermediate
14	4-Aminopyridine		Intermediate
15	Ramdesivir		Antiviral (Covid-19)
	Total (D)	19	
	GRAND TOTAL (A+B+C+D)	30MT/Anum	

- (4) The proposed project is covered under 5 (f) category (B) of the schedule of EIA Notification issued by the Ministry of Environment & Forests vide S.O.1533 (E), dtd. 14.09.2006 and its amendments, hence is required to obtain prior EC. In the context of pandemic COVID -19, Gol's MoEF&CC issued a OM vide dated 13.04.2020, for considering the API & Bulk drug Projects as B-2 category.
- (5) There is no interstate boundary (PWD letter dtd. 03.08.2020) within 05 km and no National park, Sanctuary and Eco-sensitive areas (DFO letter dtd. 22.09.2020) within 05 km of the project area hence General condition are not attracted.
- (6) The case was discussed in SEAC meetings 461st dated 29.09.2020, and recommended for grant of prior EC.
- (7) Today the case scheduled for presentation and after deliberations by PP the case was discussed in depth & it is recorded that:-
- i. The project is proposed in the company's existing premises having land of 3720 sq mt, Regarding land documents PP has submitted allotment letter dtd.11.09.2020 issued by MPIDC (MP Industrial Development Corporation),Bhopal. As per the allotment letter the said land is allotted to Mr. Ashish Jain S/o Mr. Kailash Chand Jain for setting up a MSME/Large industrial unit for manufacturing of Steroids and Vitamins. The land use breakup of the project area is as follows:-

Particular	Area In Sq. Mt.
Builtup Area	475.00
Raw Material Storage	50.00
Internal Road & Paved Area	647.00
Green Belt	1300.00
Total	2472.00
Open Land	1248.00
Total Area	3720.00

- ii. The major facilities will be involved as Boiler, MEE, Reactors, Cooling Towers, Effluent Treatment Plant (ETP), and R.O Plant Facilities like administrative office, parking and greenbelt/plantation will also be developed as per plan/requirement.

(R.K. Sharma)
Member

(Rakesh K. Shrivastava)
Chairman

- iii. The total water requirement for the project will be approx. 40 KLD and after recycling/reuse, the net fresh water consumption will be 27 KLD which will be sourced from AKVN water supply. PP has submitted NOC dtd. 14.09.2020 obtained from MPIDC.
- iv. Total waste water generation from proposed unit will be 27 KLD and treated in ETP, RO and MEE is 40 KLD, 20 KLD, and 10 KLD, respectively. The rejected water will be reused for floor washing and gardening/green belt. The treated water will be used for cooling towers, floor washing and gardening/green belt.
- v. Following are the EMP planned for proposed activities of the plant
 - Storm water drainage system will be developed and shall be maintained preciously to prevent the flow of silt and other contaminant outside of the site
 - The total water requirement is about 40KLD and waste water generated from the plant will be about 27KLD. Out of this about 11.5 KLD will be HTDS from Process, and RO reject and 15.5 KLD LTDS from Process, Washings, R&D, QC & Cooling towers and from Domestic/ Sewage will be collected by gravity from all sources into separate collection tanks.
 - HTDS Effluent will be sent to Multiple Effect Evaporator (MEE) with Stripper column followed by Agitated Thin Film Dryer (ATFD). The Condensate from MEE & LTDS Effluents will be sent to Biological ETP
 - The entire trade effluent will be divided into two streams i.e. Stream-I (high concentrated streams) and Stream-II (low concentrated stream). Both the streams will be treated in well-designed ETP, RO and MEE.
 - A drain along the boundary wall shall be made, which will be connected proposed settling tank to protect the flow of contaminant towards nearby area
 - Regular monitoring and analysis of river is proposed.
 - Being a chemical based plant, it is proposed to harvest the rain water only form the building roof top.
 - Recycling of 12 KLD water is proposed from where 3.5 KLD condensate will be recovered, which reduces the fresh water demand.
 - No treated / untreated effluent would be discharged on land in Industrial premises or study area.
- vi. Solid waste generated during the manufacturing process and wastewater treatment process is mainly sludge and will be disposed at authorized TSDF facility as per Hazardous and Other Waste (Management & Transboundary Movement) Rules, 2008 (Amendment 2016).

Hazardous Waste Generation & Management					
Sr. No.	Hazardous Waste Type	Category	Source	Quantity Tons/Annum	Disposal method
1	Spent/Used Oil	5.1	DG Set	0.05	Collection storage and Sold to MPPCB Authorised Re-processor / Recycler
2	Oil & Grease	5.2	ETP Plant/Machinery /Gearbox	0.05	Collection storage and Sold to MPPCB Authorised Re-processor / Recycler
3	Distillation Residue	20.3	Solvent Distillation	1.66	sent to Common TSDF Ramky for Incineration
4	Other Solid Waster (Tissue Paper, hand	28.1	Manufacturing Process	0.60	Send to MPWMP Ramkey for disposal

(R.K. Sharma)
Member

(Rakesh K. Shrivastava)
Chairman

	Gloves, Butter Paper, used Poly Bags)				
5	Spent Mother Liquor	28.1	Manufacturing Process	10	Sale to Authorized Re-processor or Recycler
6	Spent Carbon and hyflow	28.2	Manufacturing Process	2.0	Deactivate, Washed and send to Recycler or Common TSDFRamkey
7	Date Expired Products & out Off Specifications Drugs	28.4	Manufacturing Process	0.066	Send to MPWMP Ramkey for dispose or Inceneration
8	Spent Solvent	28.5	Manufacturing Process	12	Distillation & Reuse or Sale to Authorized Re-processor or Recycler.
9	Discarded Containers	33.3	Manufacturing Process	1.33	To Authorized Reprocessor / Recycler

- Disposal of hazardous waste on regular basis shall be ensured and there should be no dumping of these materials in the premises/outside.
- Hazardous chemicals shall be stored in sealed tanks, drums etc. Flame arrestors shall be provided on tanks. To avoid the spillage from processing unit, Industry shall provide fully mechanized filling and packaging operation unit.
- RCC layer and double layered HDPE lining for primary and secondary leachate collection shall be provided.
- Flammable, ignitable, reactive and non-compatible wastes should be stored separately and never should be stored in the same storage shed.
- In order to have appropriate measures to prevent percolation of spills, leaks etc. to the soil and ground water, the storage area should be provided with concrete floor of inert material or steel sheet depending on the characteristics of waste handled and the floor must be structurally sound and chemically compatible with wastes.
- Measures should be taken to prevent entry of runoff into the storage area. The Storage area shall be designed in such a way that the floor level is at least 150 mm above the maximum flood level.
- vii. At present the total connected load of power is about 630 KVA. In case of power failure, D.G. set (225 KVA) will be used as a backup power source.
- viii. To mitigate the impact of pollutants from boiler stack, diesel generator sets, sources of fugitive emission and vehicular traffic during the operational phase of the site, following measures are proposed for implementation:
 - Height of all the stacks will be as per statutory requirement. All the stacks will have Stack Monitoring Facility (SMF) consisting of sampling port-hole, platform and access ladder.
 - Bag Filters and venturi scrubber are proposed as per the requirement and nature of pollutant.
 - Online monitoring system for the pollutants from the stacks with an arrangement to reflect gaseous emission parameters on company's server shall be provided.
 - Transport vehicles will be properly maintained to reduce air emissions. Vehicles will be periodically checked for pollutant emissions against stipulated norms.

(R.K. Sharma)
Member

(Rakesh K. Shrivastava)
Chairman

- Development of green belt in time bound manner in consultation with forest department.
 - Provision of enclosure for all the loading & unloading operations, if possible.
 - Regular maintenance of air pollution control equipment.
 - Regular monitoring of VOC, concentration in work zone
 - Better process control shall also help to keep the emission within the limit
 - Alkaline Scrubber will be attached to the reactor vent to control process SO₂ emission.
 - In order to control the fugitive dust emissions due to transportation activity, all the operational roads within the plant area shall be asphalted.
- ix. The plantation and green belt is developed in 1300 sq. mtr area by planting 300 nos. of plants.
- x. PP has included Disaster Management plan in the EMP report. For firefighting measure PP has provided Fire extinguishers and Fire Hydrants at project site.
- xi. PP has proposed the rain water from the building roof will be directed through the drainage to the covered storm water drainage line. All drainage system will be concreted lined and located along the roads up to rain water harvesting pit. Roof top rain water will be collected in tanks and reused after filtration as per requirements.
- xii. The total estimated cost of the proposed project Rs. 750 Lacs out of which . Rs. 95.90 Lacs (capital cost) is allocated for environmental management systems and the annual recurring cost for the same is Rs 14.80 Lacs.
- xiii. As part of CER activity PP has proposed to provide Infrastructure development at School in nearby villagers with Budgetary Provision of **15lakh..**

Proposed CER Programme with Budgetary Provision				
S. no	Need Identified For CSR Plan	Activities	Budgetary Provision (Capital) (Rs. In lacs)	Time Frame
1	Infrastructure development at School, Aganwadies	Infrastructure facilities at schools in terms of provision of computers, teachers, facility of safe drinking water, separate toilets for girls and boys, provision of furniture, additional rooms etc. In consultation with district administration in Ujjaini	Rs . 12 Lac	Within 02 years
2	Covid Related Activities	To provide PPE Kit, Bed and Ventilator at nearby hospitals	Rs 3.00	Immediately after Clearance
	Total		Rs 15 Lacs	

Hence It is decided to accept the recommendations of 461st SEAC meeting dtd 29.09.2020 and accord Prior Environment Clearance for proposed Bulk Drugs & API Production at Plot No. 125 & 126 Ujjaini Industrial Area Tehsil & Dist: Dhar MP Total Area: 3720 sq.m. Production Capacity : 30 M Ton per Anum by MEDIMPACT LIFE SCIENCES PRIVATE LIMITED through Director Ashish kailashchand Jain 47A, Vandana Nagar Anex, Indore (MP) -452001subject to following specific conditions:-

(R.K. Sharma)
Member

(Rakesh K. Shrivastava)
Chairman

1. The entire demand of fresh water should be met through MPIDC.(NOC dtd.14.09.2020) Fresh water should not be used for Irrigation and gardening purpose.
2. **Waste water:**
 - (a) PP should ensure "Zero effluent discharge" from the unit by 100% recycling. The water softening reject, boiler blow down reject and cooling blow down will be treated in ETP. Further treated waste water will go through the RO and finally re used / recycled in the process and unused waste water evaporates in MEE.
 - (b) RO and MEE should be provided for treatment of high COD waste streams and only in case of emergency/breakdown high COD wastes should be disposed off through CTSDf, Pithampur,Dhar.
3. **For Air Pollution:**
 - (a) PP should ensure regular Stack monitoring & Ambient air quality monitoring and should be carried out as per the guidelines/norms of MPPCB/CPCB.
 - (b) In plant control measures for checking fugitive emission from all the vulnerable sources shall be provided. Fugitive emission shall be controlled by providing closed storage, closed handling & conveyance of chemicals/materials, multi cyclone separator/bag filters and water sprinkling system.
 - (c) Company shall carry out the HAZOP study and report shall be submitted to ministry MoEF & CC Regional Office, Bhopal.
 - (d) For control of fugitive emission and VOCs following steps should be followed:-
 - Chilled brine circulation system shall be provided and it should be ensured that the solvent recovery efficiency is not be less than 95%.
 - Reactor and solvent handling pump shall be provided with mechanical seal to prevent leakage.
 - Solvent shall be taken from underground storage tank to reactor through closed pipeline. Storage tank shall be vented through trap receiver and condenser operated on chilled water.
4. **Hazardous Waste Management:**
 - (a) As proposed above, PP should ensure disposal of hazardous waste regularly and there should be no dumping of these materials in the premises/outside.
 - (b) PP should ensure handling, disposal and management of hazardous waste as per the related prescribed rules.
 - (c) PP should obtain Renewal of authorization regularly from MPPCB for collection storage and disposal of hazardous waste (Management, handling & transboundary Movement) Rules 2008 and its amendments. Membership of the TSDF should be obtained for hazardous waste disposal.
 - (d) Hazardous chemicals should be stored in sealed tanks, drums etc. Flame arrestors shall be provided on tanks. To avoid the spillage from processing unit, Industry shall provide fully mechanized filling and packaging operation unit.
5. **Green Belt Development:**
 - (a) PP should ensure plantation as proposed 1300 sq mt of area with 300 number of trees Plantation in the project area of indigenous local varieties like Neem, Peepal, Kadam and Kachnaar.
 - (b) Every effort should be made to protect the existing trees on the plot.

(R.K. Sharma)
Member

(Rakesh K. Shrivastava)
Chairman

- (c) Green area including thick green-belt shall be developed in at least 33% of the plot area to mitigate the effect of fugitive emissions all around the plant in consultation with the forest department as per the guidelines of CPCB.
6. PP should ensure the implementation of CER activities to the extent of Rs. 15.0 lakhs as committed during presentation on regular basis in consultation with Collector, Dhar
 7. Total quantity of runoff water generated and green belt area should be collected in underground tank & used for process in plant to minimize fresh water requirement.
 8. All other conditions as laid in the consents of MPPCB shall be applicable.
- 3. Case No. 7727/2020 :** Prior Environment Clearance for proposed Capacity Expansion of Manufacturing of Bulk Drug & Intermediate from 30 MTPA to 96 MTPA TPA at Plot No. 385/1, 385/2, 390/1/2, 389/1, Village- Pigdambar, Tehsil - Mhow & Dist. Indore (MP) Production Capacity: Existing-30 MTPA Propsed Capacity-96 MTPA by Anil Satwani, Director M/s Symbiotec Pharmalab Pvt. Ltd, Plot No. 385/2, Pigdambar, Rau, Indore- MP 453331 e-mail:symbioyec@ symbiotec.in Mob No. – 9630090963 Ph- 0731-6676456
- 1) This is case of Prior Environment Clearance for Capacity Expansion in Manufacturing of Bulk Drug and Intermediates. The Company is now planning for increasing the production capacity of from from 30 MTPA to 96 MTPA.
 - 2) The Co-ordinates of the project site are latitude from 22037'4.09"N and longitude 75048'12.26"E with ground level 590m MSL
 - 3) PP has submitted capacity of existing and proposed products are as follows:-

Existing and Proposed Products And Its Capacity

- 4) The proposed project is covered under 5 (f) category (B) of the schedule of EIA Notification issued by the Ministry of Environment & Forests vide S.O.1533 (E), dtd. 14.09.2006 and its amendments, hence is required to obtain prior EC. In the context of pandemic COVID -19, Gol's MoEF&CC issued a OM vide dated 13.04.2020, for considering the API & Bulk drug Projects as B-2 category.
- 5) There is no interstate boundary (PWD letter dtd. 03.08.2020) within 05 km and no National park, Sanctuary and Eco-sensitive areas (DFO letter dtd. 22.09.2020) within 05 km of the project area hence General condition are not attracted.
- 6) PP has submitted compliance report certified by Regional office, MoEF& CC vide no. 1286 dated 04.04.2019 with following recommendations:

"Implementation of Conditions:- It is inferred from the above that the implementations of environmental conditions are found as 11 agreed to comply, 16 being compiled, 02 partly compiled and some compliance needs improvements which are in progress, PA has been advised for implementation is to be taken care with the project development , attention is to be given to the vital conditions like environmental management, green belt development, capacity & treatment of ETP and also the submission and uploading of six monthly compliance as per stipulation".

- 7) The case was discussed in SEAC meetings 461st dated 29.09.2020, and recommended for grant of prior EC.
- 8) Today the case scheduled for presentation and after deliberations by PP the case was discussed in depth & it is recorded that:-
- 9) After the deliberation the case was discussed in detail and recorded that:-

i. Salient Feature of Proposed Project:(Existing & Propsed)

Production capacity	Present capacity : 30 MTPA Present application is for increasing of capacity from 30 MTPA to 96 MTPA.

Chairman

Total Water Consumption	Existing : 73.500 KLD Additional : 115.500 KLD Total : 189.000 KLD
Net fresh Water Consumption	100 KLD as 81.515 KLD of treated water will be recycled.
Source of Water Supply	Through Narmada Water Supply system
Waste Water Generation	Existing : 55.300 KLD Additional : 68.600 KLD Total : 123.900 KLD
Proposed Treatment Facility	SPPL will install in ETP of 100 KLD, RO of 100 KLD, and MEE of 30 KL/day. The treated water will be used for cooling towers, Boiler, floor washing, green belt, hot water and chilled water.
Source of power supply	Madhya Pradesh Kshetra Vidyut Vitaran Comp. Ltd
Power Requirement	Existing : 2000 KVA Proposed : 2000 KVA Total : 4000 KVA
Fuel LDO (lit/month) Husk (kg/day)	Existing : 4000, Proposed : 2000 Total : 6000 Existing : 1800, Proposed : 6200, Total : 8000
Major equipment's	Reactors, Centrifuge, lyophilizers, Vacuum Try Dryer, Filters, Boiler, Cooling Tower, MEE, ETP and RO
Green belt (sq mt) Employment generation	Existing : 12344 Total : 12344 Existing : 500, Proposed : 150 Total : 650

- ii. The project occupies Total Plot Area of 22258 sqm and total fixed cost of the project (existing + proposed) is 7751.51 Lacs as per the company gross book value.
- iii. The expansion is proposed in the company's existing premises of 22258 sq.m. Regarding land documents PP has submitted sale deed and lease deed dtd. 14.10.05. As per the land documents the the said land is allotted to M/s Symbiotec Pharmalab Pvt. Ltd through Director Shri Anil Satwani. The land use breakup of the project area is as follows:

Existing And Proposed Land Use Breakup			
	Existing	Proposed	Total
	SQM	Expansion in Existing plant. Hence no additional area is required	SQM
Production Block	1390		1550
Administration Block	479		479
Solvent Area	1080		1080
Scrap Yard & Boiler	750		1000
Security	30		30
Utility	375		455
R & D Lab	538		538
ETP	364		1164
Road	1710		1950
Parking Area	304		304
Total Built Up Area	7020		8550
Green Belt / lawn Area	12344		12344
Future Expansion Area	2894		1364
Total Plot Area	22258		22258

(R.K. Sharma)

(Rakesh K. Shrivastava)
Chairman

- iv. The major facilities involved area Boiler, Cooling Towers, Effluent Treatment Plant (ETP), STP and R.O Plant Facilities like administrative office, parking and greenbelt/plantation also developed as per plan/requirement.
- v. The water requirement for the existing project is 73.50 KL per day which will be increased to a 189.00 KLD and sourced from surface water supply. The net fresh water requirement shall be 100 KLD as 81.515 KLD of treated water will be recycled. The water supply for the project is being sourced from Narmada water supply (Local body) through pipeline network for which PP has applied (dtd. 10.09.2020) to Indore Municipal Corporation.
- vi. Total cumulative waste water generation from existing unit is 55.3 KLD which will be increased to 123.90 KLD. The WW will be treated in ETP of 100 KLD, RO of 100 KLD, and MEE of 30 KL/day respectively. The net fresh water requirement shall be 105.485 KLD and 81.515 KLD will be recycled. The rejected water will be reused for floor washing and gardening/green belt.
- vii. Power requirement of 4000 KVA will be sourced from existing line of 'Madhya Pradesh Madhya Kshetra Vidyut Vitaran Company'. In case of power failure, D.G. set (Existing 750 KVA, 320 KVA, 1000 KVA and proposed 2000 KVA) will be used as a backup power source.
- viii. PP has proposed various mitigation measures for water management and wastewater management are mentioned below:
 - a. Storm water drainage system has been developed for existing unit and shall be maintained preciously to prevent the flow of silt and other contaminant outside of the site and towards river side
 - b. Blow downs from cooling towers, boiler, scrubber, Softener regeneration, Vacuum pump will go to ETP. High COD wastewater will be sent to COD Stripper. Remaining waste water will be treated in ETP.
 - c. Utilization of treated domestic wastewater in toilet flushing, greenbelt development and dust suppression shall be continue
 - d. A drain along the boundary wall shall be made, which will be connected proposed settling tank/water reservoir to protect the flow of contaminant towards nearby area
 - e. Regular monitoring and analysis of pond and nalla is proposed
 - f. Internet Protocol PTZ camera with night vision facility along with minimum 05X zoom and data connectivity must be provided to the MPPCB's server for remote operations
- ix. To mitigate the impact of pollutants from boiler stack, diesel generator sets, sources of fugitive emission and vehicular traffic during the operational phase of the site, following measures are proposed for implementation:
 - a. Height of all the stacks will be as per statutory requirement. All the stacks will have Stack Monitoring Facility (SMF) consisting of sampling port-hole, platform and access ladder.
 - b. Bag Filters and venturi scrubber are proposed as per the requirement andn nature of pollutant.
 - c. Online monitoring system for the pollutants from the stacks with an arrangement to reflect gaseous emission parameters on company's server shall be provided.

(R.K. Sharma)
Member

(Rakesh K. Shrivastava)
Chairman

- d. Transport vehicles will be properly maintained to reduce air emissions. Vehicles will be periodically checked for pollutant emissions against stipulated norms.
- e. Provision of enclosure for all the loading & unloading operations, if possible.
- f. Regular monitoring of the stack emission of existing and proposed scrubber shall be carried out.
- g. Regular monitoring of VOC, concentration in work zone
- h. Additional greenbelt will be developed around the plant to arrest the fugitive emission
- i. Bag filter shall be provided at proposed boiler to control the emission below 150 mg per cubic meter.
- j. Alkaline Scrubber will be attached to the reactor vent to control process SO₂ emission.
- k. In order to control the fugitive dust emissions due to transportation activity, all the operational roads within the plant area shall be asphalted.
- x. Noise attenuating devices like earplugs and earmuffs shall be provided to workers exposed to high noise levels. Noise barriers, silencer and enclosures shall be incorporated in the equipments, which emit high noise level. All basic equipments and various machineries should be kept well maintained. Green belts are good noise barriers and same will be developed around the plant. The sufficient green belt may be proposed to control noise levels.
- xi. Solid waste generated during the manufacturing process and sludge from waste water treatment process will be disposed at authorized TSDF facility, as per Hazardous and Other Waste (Management & Trans-boundary Movement) Rules, 2008 (Amendment 2016). M/s SPPL will take expanded authorization Under Hazardous Waste (Management, Handling & Trans-boundary Movement), Rules.
- xii. Particulate matters & other gaseous emission are envisaged as pollutant from boiler and other sources apart from other sources of fugitive emission .Depending on quality of emission from different sources, suitable air pollution control system will be provided.
- xiii. Existing green belt developed in an area of 12344 sq.m with 3717 nos. of plants. After expansion the green belt will be developed upto an area of 22258 sq. m by planting 500 nos of trees as follows:-

Proposed Plantation Detail		
Description	Qty	Location
Forest Trees		
Neem	50	Boundary Wall
Putran Jeeva	50	
Ornamental Trees		

(R.K. Sharma)
Member

(Rakesh K. Shrivastava)
Chairman

Minutes of the 643rd Meeting of SEIAA dated 06.10.2020

Amaltash	50	Road Main Gate - Admin Block
Ficus Venjamin	50	Around Admin Block
Satparni	50	Around Admin Block
Ashoka Tree	50	Around Admin Block and around boundary limit (Backside of the site)
Fruit Trees		
Mango	50	Along along internal road
Lemon Grafted	50	Near ETP
Medicinal Trees		
Drum Sticks	100	Near pump house
TOTAL	500	

- xiv. PP has also proposed Green belt development at school and other areas such as Navda School - 250 plants Panda School -250 plants.
- xv. PP has submitted on site and of site emergency plan including Disaster Management, Risk Assessment and Fire Fighting.
- xvi. The proposed project has planned extensive pollution control and environmental conservation measures. Also having provisions of CSR expenditure for the welfare activities. Under the CER PP has proposed following activities with 23.70 Lakh budgetary provision:-

Cer Activities Alongwith Budgetary Allocation And It's Implementation Schedule						
S. N.	Need Identified For CER Plan	Activities	Budgetary Provision In Lacs (Capital) & Implementation Period (F.Y. 2020-21 to 2024-25)			
			1 st Year	2 nd Year	3 rd Year	Total
1	Infrastructure development at School, Aganwadies	Infrastructure facilities at schools in terms of provision of computers, teachers, facility of safe drinking water, separate toilets for girls and boys, provision of furniture, additional rooms etc. In consultation with district administration at Panda, Rau, Tihi, Shahada, Bhamti, Umri,	Rs. 5	Rs 5 c	R s 5	Rs 15
2	Covid Related Activities	Nearby hospitals, health centers and aganwadies	Rs. 5	-	-	Rs 5
3	Execution of Need base Activities	Execution of need base activities in coordination with district administration Dhar and Indore	-	Rs.3.70	-	Rs 3.70
	Total		Rs 10	Rs 8.70	Rs 5	Rs 23.70

The submissions made by the PP were found to be satisfactory and acceptable hence It is decided to accept the recommendations of 461st SEAC meeting dtd.

(R.K. Sharma)

29.09.20.and accord Prior Environmental Clearance for Proposed Capacity Expansion of Manufacturing of Bulk Drug & Intermediate from 30 MTPA to 96 MTPA TPA at Plot No. 385/1, 385/2, 390/1/2, 389/1, Village- Pigdamber, Tehsil - Mhow & Dist. Indore (MP) Production Capacity: Existing-30 MTPA Propsed Capacity-96 MTPA by Anil Satwani, Director M/s Symbiotec Pharmalab Pvt. Ltd, Plot No. 385/2, Pigdamber, Rau,Indore- MP 453331subject to following specific conditions imposed by SEIAA:-.

1. PP should ensure the implementation of the observations of MOEF & CC RO, Bhopal report dtd 04.04.2019.
2. The entire demand of fresh water should be met through surface water Supply / Indore Municipal Corporation and there should be no extraction of ground water. PP should obtain NOC from Municipal Corporation ,Indore for which applied on 10.09.2020
3. **Waste water:**
 - (a) PP should ensure "Zero effluent discharge" from the unit by 100% recycling. The water softening reject, boiler blow down reject and cooling blow down will be treated in ETP. Further treated waste water will go through the RO and finally re used / recycled in the process and unused waste water evaporates in MEE.
 - (b) RO and MEE should be provided for treatment of high COD waste streams and only in case of emergency/breakdown high COD wastes should be disposed off through CTSDf, Pithampur,Dhar.
4. **For Air Pollution:**
 - a) In plant control measures for checking fugitive emission from all the vulnerable sources shall be provided. Fugitive emission shall be controlled by providing closed storage, closed handling & conveyance of chemicals/materials, multi cyclone separator/bag filters and water sprinkling system.
 - b) Dust suppression system including water sprinkler system/ foaming arrangement shall be provided at loading and unloading areas to control dust emission.
 - c) Fugitive emission in the work zone environment, product, raw material storage areas etc. shall be regularly monitored.
 - d) Transportation of raw material and finished goods should be carried out in covered trucks.
 - e) For control of fugitive emission and VOCs following steps should be followed:-
 - Chilled brine circulation system shall be provided and it should be ensured that the solvent recovery efficiency will not be less than 98%.
 - Reactor and solvent handling pump shall be provided with mechanical seal to prevent leakage.
 - Closed handling system should be provided for chemicals.
 - System of leak detection and repair of pump/pipeline should be based on preventive maintenance.
 - Solvent shall be taken from underground storage tank to reactor through closed pipeline. Storage tank shall be vented through trap receiver and condenser operated on chilled water.
9. **Hazardous Waste Management:**
 - (a) As proposed above, PP should ensure disposal of hazardous waste regularly and there should be no dumping of these materials in the premises/outside.

(R.K. Sharma)
Member

(Rakesh K. Shrivastava)
Chairman

- (b) PP should ensure handling, disposal and management of hazardous waste as per the related prescribed rules.
 - (c) PP should obtain Renewal of authorization regularly from MPPCB for collection storage and disposal of hazardous waste (Management, handling & transboundary Movement) Rules 2008 and its amendments. Membership of the TSDF should be obtained for hazardous waste disposal.
 - (d) Hazardous chemicals should be stored in sealed tanks, drums etc. Flame arrestors shall be provided on tanks. To avoid the spillage from processing unit, Industry shall provide fully mechanized filling and packaging operation unit.
5. PP should obtain NOC /approval from competent authority for health & safety measure, Onsite & Offsite disaster management, and Risk management plan before commencing the operation of the unit.
6. PP should ensure installation of photovoltaic cells (solar energy) for lighting in common areas, LED light fixtures and energy efficient equipments.
7. **Green Belt:**
- (a) PP should ensure plantation as proposed in 22258 sq. m by planting 500 nos of trees at the proposed locations and Plantation in the project area of indigenous local varieties like Neem, Peepal, Kadam, Kachnaar etc.
 - (b) Every effort should be made to protect the existing trees on the plot.
 - (c) Green area including thick green-belt shall be developed in the plot area to mitigate the effect of fugitive emissions all around the project area in consultation with the forest department as per the guidelines of CPCB.
8. PP should ensure the implementation of CER activities to the extent of Rs. 23.70 lakhs will be used Infrastructure facilities at schools in terms of provision of computers, teachers, facility of safe drinking water, separate toilets for girls and boys, provision of furniture, additional rooms etc. In consultation with district administration at Panda, Rau, Tihi, Shahada, Bhamti, Umri, Covid Related Activities, Execution of need base activities in coordination with district administration Dhar and Indore
9. Total quantity of runoff water generated and green belt area should be collected in underground tank & used for process in plant to minimize fresh water requirement.
10. All other conditions as laid in the consents of MPPCB shall be applicable.
4. **Case No 7684/2020:** Prior Environmental Clearance for Proposed Affordable housing under PMAY Yojna at Khasra no. 883, 887,888,875,877,878,879 &881 Lodha Colony/ Sethi nagar JUni Indore (MP) Total Plot Area - 54250 sq.m, Built up Area – - 35023.88 sq.m by Mr.Mahesh Sharma, Superintendent Engineer (SE) Indore Municipal Corporation (PMAY) 107, 109, First Floor Palika Plaza Indore 452007 - E-mail: indoremunicipal@gmail.com, pmayindore@gmail.com, Telephone no. 0731-23816373, 9893030404
1. The project is proposed for Construction of Residential Building Project at Kshipra Parisar (Affordable Housing Project Under Pradhan Mantri Awas Yojna) (Total Plot Area - 54250.0 sqm, Built-up Area - 35023.88 sqm) at Village - Kasba, Tehsil - Juni, District - Indore (MP).
2. The geographical coordination of the project site is Latitude - 22°42'23.19"N Longitude 75°50'45.29"E

(R.K. Sharma)
Member

(Rakesh K. Shrivastava)
Chairman

3. The project includes construction of 1BHK- 960, residential unit, Community hall and 56 shops.
4. As per the approval of T & CP Indore (vide L. No. 644//Na. Gra. Ni./2017 dtd 23.01.2017) the total land area of project is 3.448 ha. The total built up area proposed by PP is – 35023.88 sq.m . The project comes under 8 (a) category (B) of schedule of EIA Notification, 2006 as the total construction is between 20,000 sq.m & 1,50,000 sq.m.
5. The Ralamanadal sanctuary is <10.0 KM from the project site for which they have applied for NBWL clearance vide proposal no. FP/MP/Others/5342/2020.
6. The case was discussed in SEAC meetings 461st dtd. 29.09.20 and recommended for grant of EC subject special conditions.
7. As per Recommendation of SEAC the case was considered and recorded that:
 - i. Regarding land documents PP has submitted Indore collector order dtd.12.02.18..As per the Collector order the said land is allotted to Municipal Corporation Indore to implementation of housing for all project under Pradhan Mantri Awas Yojna..
 - ii. Total water demand is anticipated to be 666 KLD. Fresh water requirement for the project is 426 KLD which will be met by supply from Indore Municipal Corporation. PP has submitted letter (dtd. 19.08.20) from Municipal Corporation Indore for water supply.
 - iii. The waste water of 532.8 KLD will generated during the operation phase. PP also submitted that no STP shall be installed on the site and the sewage will be treated in the Kabitkhedi CETP through lying of separate sewage line. PP has submitted letter (dtd. 19.08.2020) from Municipal Corporation Indore for disposal of extra treated waste water.
 - iv. About 43980 Cu.M. of RCC Waste will be generated from the proposed site which will be reused for the backfilling of other PMAY sites in Indore
 - v. Total waste 2037.5 kg/ day this consist all types of wastes (as Organic waste 1222 Kg/day and non- organic waste 611.25 Kg/day), Inert waste 203.75 Kg/day, E-waste (691Kg/Annum). Generated Solid waste are being segregated & collected and temporarily stored at common solid waste collection center inside the project premises for having a capacity of 48 hour garbage storage, then picked up by hired waste management/ municipal agency for their treatment and disposal. The recyclable inorganic & e-waste wastes will be sold to authorized buyers and inert waste will be used for construction of road & pavement. Biodegradable segregated garden liter along with STP sludge will be transported to the compost site for bio composting and energy recovery. Hazardous waste (Spent/ Used Oil) & e-waste will be stored at separate place and handover to authorized dealers of CPCB. PP has submitted letter (dtd. 07.09.2020) from Municipal Corporation Indore for disposal of solid waste.
 - vi. PP has proposed the maximum height of the building is 24 m. PP has provided width of approach road 9.0m, internal road 7.50 m Front MOS 9.0 m and side/Rear MOS 7.5m.
 - vii. Rainwater harvesting has been proposed to recharge ground water for which 08 recharge pits will be constructed. Other than rooftop area rain water will be recharged to nearest natural water drain.
 - viii. Emission from vehicular Traffic Harmful, dispersion of emissions from DG and Odor from STP & Garbage. PP has proposed as follows:-

(R.K. Sharma)
Member

(Rakesh K. Shrivastava)
Chairman

- Green belt to be provided with specific species.
 - Provision of adequate parking space for the residents.
 - Better traffic management in the complex by means of Signages
 - Provision of Stack as per CPCB guidelines.
 - Provision of adequate natural/mechanical ventilation.
 - Regular pest control to mitigate the mosquito breeding and other disease causing bacteria.
- ix. Total Power requirement for the project will be 1769 KW and it will be sourced from State Electricity Board. DG sets will be used during power failure only. A DG set with DG set with AMF Panel of 50 KVA in 2 no. Total power produced by solar panels: 35.44 Kw .The proponent has taken various energy conservation measures which include:
- Use of energy efficient lighting fixtures viz. LED, T5 which give more light output for the same watts consumed and therefore require less nos. of fixtures in Common areas
 - Equipment efficiency standard power factor will be maintained between 0.95 and unity for major equipment like Lift, STP etc. This will reduce electrical power distribution losses in the installation.
 - Motion Sensor in staircases.
 - Use of VFD drives in lifts.
 - Provision of Solar Hot water system.
 - Recommending the benefits of adopting BEE 5 star rated electrical appliances to the customers to increase energy savings.
- x. PP has proposed all other fire safety requirements in line with latest NBC-2016 these are:
- Wet riser system, Internal fire hydrants strategically located to cover maximum area, Fire pump, Sprinkler pump, Jockey pump, Sprinklers system, Two-way communication system, External yard hydrants, Portable fire extinguishers etc .
 - Addressable microprocessor based fire alarm and detection system
 - Smoke detectors above and below false ceiling spaced as per NFPA standards (500 Sft coverage per detector)
- xi. For vehicles, adequate space for smooth movement and parking shall be provided at the proposed site to avoid any congestion and idling state emissions.
- Proposed project will provide ample parking as per norms in the stilts and open.
 - The internal zone within the plots will be paved and pedestrian friendly design.
 - Separate entries and exits for smooth movement of traffic through adequate traffic signage.
 - Plantation shall be provided at roadsides and open spaces with the specific
 - The ambient air quality shall be monitored as per prevalent norms to ensure that the activities at the site are not polluting the ambient environment.
- xii. PP has proposed total car parking 445 ECS (Open Parking –194 Nos. Stilt Parking- 251 Nos)

(R.K. Sharma)
Member

(Rakesh K. Shrivastava)
Chairman

- xiii. As details provided by PP, 2888.2 m² (10 % of total plot area) of area is dedicated for the green belt development by planting 500 nos of trees including two rows periphery. It is noted that There are 12 no. of existing trees which are lying in the planning area and more likely to be cut during the time of construction. PP has proposed in compensation of these trees the extra plantation of 120 no.s of trees will be done by IMC.
- xiv. Total Project cost of the project is INR **Rs. 81.60 Crs.**
- xv. Under CER activities PP has proposed as follows with. budgetary provision: Rs. 1.6 Crores

S.No.	ACTIVITY	TOTAL COST (INR)
1	Construction of 2.5 km of Lane road including development and beautification of open water channel in centre (part length of about 0.35 km)	1,42,00,000
2	Development of Neighborhood Park at sanwadia with an area of 3526.91 sqm	18,00,000
	TOTAL	1,60,00,000
	SAY	1.6 0Crores

Hence it is decided to accept the recommendations of 461st SEAC meeting dtd. 29.09.20 with special conditions and accord Prior Environmental Clearance for the proposed Affordable housing under PMAY Yojna at Khasra no. 883, 887,888, 875,877,878,879 &881 Lodha Colony/ Sethi nagar Juni Indore (MP) Total Plot Area - 54250 sq.m, Built up Area – - 35023.88 sq.m by Mr. Mahesh Sharma, Superintendent Engineer (SE) Indore Municipal Corporation (PMAY) 107, 109, First Floor Palika Plaza Indore 45200, subject to following specific conditions imposed by SEIAA.

1. The fresh water supply arrangement should be met through Municipal Corporation, Indore (as per IMC letter dtd.19.08.2020) and there should no extraction of ground water.
2. The inlet and outlet point of natural drain system should be maintained with adequate size of channel for ensuring unrestricted flow of water.
3. **Disposal of waste water.**
 - a. PP should ensure disposal of waste water arrangement should be done in such a manner that water supply sources are not impaired.
 - b. PP should ensure linkage with Nagar Nigam Indore (letter dtd.19.08.2020) for disposal of extra treated waste water.
 - c. Ensure regular operation and maintenance of the STP.
 - d. The Project Proponent shall explore the possibilities of reusing the treated wastewater from nearby projects during rainy season.
4. The final disposal point for storm water will be municipal storm drain if storm water network is present. If storm water network is absent, the storm water surface runoff should be disposed off in proper way. The budget should be including in EMP plan for storm water management.
5. **Solid Waste Management:**
 - a. Separate wet and dry bins must be provided at the ground level for facilitating segregation of waste.

(R.K. Sharma)
Member

(Rakesh K. Shrivastava)
Chairman

- b. The solid waste generated should be properly collected and segregated. Wet garbage should be composted and dry inert solid waste should be disposed off to the approved sites for land filling after recovering recyclable material.
 - c. Ensure linkage with Municipal Corporation (letter dtd. 07.09.2020) for final disposal of MSW.
 6. PP should ensure building height, road width, front MOS and side / rear as per approved layout of T & CP.
 7. **For firefighting:-**
 - a. PP should ensure distance of fire station approachable from the project site.
 - b. As per MPBVR, 2012 rule 42 (3) PP should submit necessary drawings and details to the Authority (Nagar Nigam, Indore) incorporating all the fire fighting measures recommended in National Building Code part – IV point no. 3.4.6.1. The occupancy permit shall be issued by Nagar Nigam only after ensuring that all fire fighting measures are physically in place.
 8. **For Rain Water Harvesting, and Storm water management:-**
 - a. PP should ensure the rain water harvesting with 08 recharging pits and these pits should be connected laterally to consume the surplus runoff. In addition, PP should provide recharging trenches. The base of the trenches should be Kachha with pebbles.
 - b. The storm water from roof – top, paved surfaces and landscaped surfaces should be properly channelized to the rain water harvesting sumps through efficient storm water network as proposed. The budget should be included in EMP plan for storm water management.
 - c. PP should ensure to proper storm water drainage system is available in and around the site for transporting excess storm water runoff to drains, thereby discarding possibility of flooding in and around the site.
 9. **Car Parking**

PP should ensure to provide car parking area for total car parking 1514ECS (Open Parking –783 Nos. Stilt Parking- 732 Nos)
 10. **Green belt**
 - a. PP should ensure plantation in an area of 2888.2 m² (10 % of total plot area) sq.m of area is dedicated for the green belt development by planting 500 nos of trees including two rows periphery and also explore the possibility to plant trees of indigenous local varieties like Neem, Peepal, Kadam, Karanj, Kachnaar, Saltree, Gulmohar etc.
 - b. The green belt of the adequate width and density preferably with local species along the periphery of the plot shall be raised if possible so as to provide protection against particulates and noise.
 - c. Every effort should be made to protect the existing trees on the site. PP should obtain permission to cut the trees from the concern department.
 11. PP should ensure to implement the CER activities as proposed such as Construction of 2.5 km of Lane road including development and beautification of open water channel in centre (part length of about 0.35 km), Development of

(R.K. Sharma)

Neighborhood Park at sanwadia with an area of 3526.91 sq.m. for which budgetary allocation of **Rs. 1.6 Crores**. has been made.

- 5. Case No. 6201/2019** - Prior Environmental Clearance for Stone Quarry (Opencast Manual / Semi Mechanized Method) in an area of 2.00 ha. for production capacity of 14,550 cum/ year at Khasra No. 172 at Village - Sarwani Khurd, Tehsil - Ratlam, Dist. Ratlam (MP) by Smt. Rekha Sengar, 05, Battalion Shyam Vihar Colony, Tehsil & Dist. Morena, MP – 476001.

1. This is a project pertaining to mining of Stone Quarry in MLA of 2.0 ha The activity is mentioned at S.No. 1 (a) of the Schedule of EIA Notification 2006 as amended from time to time. The project is reported to be at a distance of more than 10 km from National park and sanctuary etc. thus it is not attracted by the general conditions and considered under category 'B-1' by virtue of its location and mining lease area. The case was forwarded by SEIAA to SEAC for appraisal of EIA for environment clearance for the project. It was submitted that this is a proposed mine with production capacity of Stone Quarry is 14,550 cum/ year.
2. It was noted that PP has submitted a copy of approved Mining Plan, DSR report, information in the lease's within 500 meters radius around the site and other requisite information in the prescribed format duly verified in the Collector Office letter No. 2043 dated: 05/02/19 has reported that there are 04 more mines operating or proposed within 500 meters around the said mine with total area of 8.40 ha., including this mine.
3. SEAC in its 461st SEAC meeting dtd 29.09.2020 has recommended the case with 37 special conditions for issuance of EC.
4. The proposed plantation programme was examined and it was found that 2400 sapling of tree species shall be covered under plantation.
5. It was noted that as per Divisional Forest Officer, Letter no. 613 dtd. 24.02.2018, the National Park/Sanctuary are not located within 10 Km., radius from the mining site. Hence, the General Conditions are not attracted.
6. It was noted that the water requirement is 6 KLD (4 KLD for Dust Suppression + 1 KLD for Domestic + 1 KLD for Green Belt) which shall be met from Tanker
7. It was also noted that the Public Hearing was carried out on 15.01.2020 at Village - Sarwani Khurd, Tehsil - Ratlam, Dist. Ratlam (MP) under Chairmanship of Upper Collector, Ratlam..

After detailed discussions and perusal of recommendations of 461st SEAC meeting dated 29.09.2020, presentation made by the PP in SEIAA, it was decided to accept the recommendation of SEAC for grant of prior EC to the project subject to the following specific conditions:-

- I. Before commencing any mining activity fencing shall be carried out all around the lease area. Proper watch and ward arrangements should be made with installation of signage at 4 corners of lease area to avoid any untoward incident involving public and animals by the PP.
- II. PP shall not start mining activity before execution of lease agreement.
- III. The depth of the pit shall be as per the Approved Mining Plan.

- IV. The entire area shall be fenced and three rows of plantation should be done on the periphery of the boundary
- V. PP shall ensure that the proper water supply arrangements for dust suppression, regular sprinkling, plantation and drinking purposes especially in summer season..
- VI. PP shall ensure to construct and maintained the approach road. Plantation will be carried out on both side of approach road.
- VII. PP shall ensure to construct garland drain with settling tank all around the lease area and regular cleaning & maintenance shall also be carried out by PP
- VIII. PP shall ensure proper implementation of plantation, dust suppression, construction of approach road and maintenance of existing road & as part of Environmental Management Plan. Additional budget provision shall be made as part of EMP.
- IX. Total 2400 saplings of suitable tree species i.e. Neem, Pipal, Bargad, Mango, Amla, Amaltas, Drumstick etc. shall be planted by PP at Mine lease boundary – 1200 nos in khasra no. 172 part–1200 nos under plantation programme. PP shall also explore and identify the chunk of land in the area from revenue record to carry out plantation programme as proposed
- X. PP must ensure implementation of the following activities with separate budget provision of Rs 3.0 lakh under CER.
1st Year to 5th Year
 - Repair of School Building and development of play ground of Sarwani (Rs. 2,80,000)
 - Distribution of Mask & Hand Sanitizer for Primary School (Rs. 10,000)
 - Cost of development of grazing land in the village area (Charnoi Bhoomi) (Rs. 10,000)

PP shall ensure to construct toilet with proper plumbing in the school of above village and contribute on behalf of village in Jal Jeewan Mission in consultation with Janpad Panchayat and PHED. PP shall give preference to develop/provide infrastructural facilities in schools or aganwadies of above villages The modification to the above activities can be made with the permission of the district administration and need based activity for the development of nearby villages shall be implemented by PP in consultation with the District Collector and Gram Panchayat

- XI. PP should ensure to submit half yearly compliance report and CSR activity report with photographs of plantation in MP-SEIAA. If PP is failed to upload or submit two consecutive half yearly compliance reports of EC conditions to concerned authority (SEIAA and Regional Office, MoEF&CC,GoI,Bhopal) than prior environmental clearance issued to PP will automatically be treated as cancelled/ revoked as per OM No. 930/SEIAA/2019 dated 30.05.2019 issued by MPSEIAA.

Hence, Prior Environmental Clearance is granted for Stone Quarry (Opencast Manual / Semi Mechanized Method) in an area of 2.00 ha. for production

capacity of 14,550 cum/ year at Khasra No. 172 at Village - Sarwani Khurd, Tehsil - Ratlam, Dist. Ratlam (MP) for the lease period to Smt. Rekha Sengar, 05, Battalion Shyam Vihar Colony, Tehsil & Dist. Morena, MP – 476001.

6. Case No. – 6204/2019 Prior Environmental Clearance for Stone Quarry (Opencast Manual / Semi Mechanized Method) in an area of 2.00 ha. for production capacity of 14,550 cum/ year at Khasra No. 172 at Village - Sarwani Khurd, Tehsil - Ratlam, Dist. Ratlam (MP). by Shri Digvijay Singh Sengar, 05, Batallion, Shyam Vihar Colony, Dist. Morena, MP.

1. This is a project pertaining to mining of Stone Quarry in MLA of 2.0 ha The activity is mentioned at S.No. 1 (a) of the Schedule of EIA Notification 2006 as amended from time to time. The project is reported to be at a distance of more than 10 km from National park and sanctuary etc. thus it is not attracted by the general conditions and considered under category 'B-1' by virtue of its location and mining lease area. The case was forwarded by SEIAA to SEAC for appraisal of EIA for environment clearance for the project. It was submitted that this is a proposed mine with production capacity of 14,550 cum/ year.
2. It was noted that PP has submitted a copy of approved Mining Plan, DSR report, information in the lease's within 500 meters radius around the site and other requisite information in the prescribed format duly verified in the Collector Office letter No. 2043 dated: 05/2/19 has reported that there are 03 more mines operating or proposed within 500 meters around the said mine with total area of 8.400 ha., including this mine.
3. SEAC in its 461st SEAC meeting dtd 29.09.2020 has recommended the case with 37 special conditions for issuance of EC.
4. The proposed plantation programme was examined and it was found that 2400 sapling of tree species shall be covered under plantation.
5. It was noted that as per Divisional Forest Officer, Letter no.615 dtd. 24.02.2018, the National Park/Sanctuary are not located within 10 Km., radius from the mining site. Hence, the General Conditions are not attracted.
6. It was noted that the water requirement is 6.5KLD (4.2 KLD for Dust Suppression + 1 KLD for Domestic + 1 KLD for Green Belt) which shall be met from Tanker
7. It was also noted that the Public Hearing was carried out on 15.01.2020 at nearby mine site at Village - Sarwani Khurd, Tehsil - Ratlam, Dist. Ratlam (MP). under Chairmanship of Upper Collector, Ratlam..

After detailed discussions and perusal of recommendations of 461st SEAC meeting dated 29.09.2020, presentation made by the PP in SEIAA, it was decided to accept the recommendation of SEAC for grant of prior EC to the project subject to the following specific conditions:-

- I. Before commencing any mining activity fencing shall be carried out all around the lease area. Proper watch and ward arrangements should be made with installation of signage at 4 corners of lease area to avoid any untoward incident involving public and animals by the PP.
- II. PP shall not start mining activity before execution of lease agreement.

(R.K. Sharma)

- III. The depth of the pit shall be as per the Approved Mining Plan.
- IV. The entire area shall be fenced and three rows of plantation should be done on the periphery of the boundary
- V. PP shall ensure that the proper water supply arrangements for dust suppression, regular sprinkling, plantation and drinking purposes especially in summer season.
- VI. No blasting can be done in mining lease area.
- VII. PP shall ensure to construct and maintained the approach road. Plantation will be carried out on both side of approach road.
- VIII. PP shall ensure to construct garland drain with settling tank all around the lease area and regular cleaning & maintenance shall also be carried out by PP
- IX. PP shall ensure proper implementation of plantation, dust suppression, construction of approach road and maintenance of existing road & as part of Environmental Management Plan. Additional budget provision shall be made as part of EMP.
- X. Total 2400 saplings of suitable tree species i.e. Neem, Pipal, Bargad, Mango, Amla, Amaltas, Drumstick etc. shall be planted by PP at Mine lease boundary and at Khasra no. 172 part covered under plantation programme. PP shall also explore and identify the chunk of land in the area from revenue record to carry out plantation programme as proposed
- XI. PP must ensure implementation of the following activities with separate budget provision of Rs 3.0 lakh under CER.

1st, 2nd, 3rd & 4th Year:

- Construction of Boundary Wall of Govt. School, Sarwani Khurd. (Rs.2,20,000)
- Distribution of sanitizer, mask, gloves, hand wash, soap etc. (Rs.10,000)
- Development grazing land. (Rs.10,000)

5th Year:

- Repair of farsh around the hand pump at village Sarwani Khurd. (Rs.60,000)

PP shall ensure to construct toilet with proper plumbing in the school of above village and contribute on behalf of village in Jal Jeewan Mission in consultation with Janpad Panchayat and PHED. PP shall give preference to develop/provide infrastructural facilities in schools or aganwadies of above villages. The modification to the above activities can be made with the permission of the district administration and need based activity for the development of nearby villages shall be implemented by PP in consultation with the District Collector and Gram Panchayat

- XII. PP should ensure to submit half yearly compliance report and CSR activity report with photographs of plantation in MP-SEIAA. If PP is failed to upload or submit two consecutive half yearly compliance reports of EC conditions to concerned authority (SEIAA and Regional Office, MoEF&CC, GoI, Bhopal) than prior environmental clearance issued to PP will automatically be treated

6. It was noted that the water requirement is 3KLD (1 KLD for Dust Suppression + 0. 50 KLD for Domestic + 1.50 KLD for Green Belt) which shall be met from Tanker
7. It was also noted that the Public Hearing was carried out on 10.09.2020 at mine site Village - Pitawali, Tehsil - Dewas, Dist. Dewas under Chairmanship of Upper Collector, Dewas..

After detailed discussions and perusal of recommendations of 461st SEAC meeting dated 29.09.2020, presentation made by the PP in SEIAA, it was decided to accept the recommendation of SEAC for grant of prior EC to the project subject to the following specific conditions:-

- I. Before commencing any mining activity fencing shall be carried out all around the lease area. Proper watch and ward arrangements should be made with installation of signage at 4 corners of lease area to avoid any untoward incident involving public and animals by the PP.
- II. PP shall not start mining activity before execution of lease agreement.
- III. The depth of the pit shall be as per the Approved Mining Plan.
- IV. The entire area shall be fenced and three rows of plantation should be done on the periphery of the boundary
- V. PP shall ensure that the proper water supply arrangements for dust suppression, regular sprinkling, plantation and drinking purposes especially in summer season.
- VI. PP shall ensure to construct and maintained the approach road. Plantation will be carried out on both side of approach road.
- VII. PP shall ensure to construct garland drain with settling tank all around the lease area and regular cleaning & maintenance shall also be carried out by PP
- VIII. PP shall ensure proper implementation of plantation, dust suppression, construction of approach road and maintenance of existing road & as part of Environmental Management Plan. Additional budget provision shall be made as part of EMP.
- IX. Total 3000 saplings of suitable tree species i.e. Neem, Pipal, Bargad, Mango, Amla, Amaltas, Drumstick etc. shall be planted by PP at mine lease boundary ,Approach Road & village road, Dribbling of Prosopis seed in trench soil of excavated garland drain under plantation programme. PP shall also explore and identify the chunk of land in the area from revenue record to carry out plantation programme as proposed
- X. PP must ensure implementation of the following activities with separate budget provision of Rs 3.0 lakh under CER.

1st & 2nd Year:

- Construction of separate toilets for boys & girls with proper water facility at Middle Govt. School, Village Barkheda .(Rs 80,000).
- Distribution of sanitizer, masks, gloves, hand wash, etc. to the villagers of Barkheda. .(Rs 20,000).
- Development of grazing land of village Barkheda (Rs 10,000).

3rd to 5th Year:

(R.K. Sharma)
Member

(Rakesh K. Shrivastava)
Chairman

- Contribution in construction of boundary wall at Middle school of village Barkheda (Rs 1,90,000).

PP shall ensure to construct toilet with proper plumbing in the school of above village and contribute on behalf of village in Jal Jeewan Mission in consultation with Janpad Panchayat and PHED. PP shall give preference to develop/provide infrastructural facilities in schools or anganwadies of above villages. The modification to the above activities can be made with the permission of the district administration and need based activity for the development of nearby villages shall be implemented by PP in consultation with the District Collector and Gram Panchayat

- XI.** PP should ensure to submit half yearly compliance report and CSR activity report with photographs of plantation in MP-SEIAA. If PP is failed to upload or submit two consecutive half yearly compliance reports of EC conditions to concerned authority (SEIAA and Regional Office, MoEF&CC, Gol, Bhopal) than prior environmental clearance issued to PP will automatically be treated as cancelled/ revoked as per OM No. 930/SEIAA/2019 dated 30.05.2019 issued by MPSEIAA.

Hence, Prior Environmental Clearance is granted for Stone Quarry (Opencast Manual / Semi Mechanized Method) in an area of 2.50 ha. for production capacity of 30,000 cum/ year at Khasra No. 452, 453, 454 at Village - Pitawali, Tehsil - Dewas, Dist. Dewas (MP) for the lease period to M/s S.B.A. Stone Pvt. Ltd, Shri Bane Singh Thakur, R/o158, Kanchanm Bagh, Dist. Indore, MP.

- 9. Case No 7689/2020:** Prior Environmental Clearance for Murrum Quarry (Opencast Manual/Semi Mechanized Method) in an area of 3.930 ha. for production capacity of 40000 cum per annum at Khasra No. 301, 305, 306 at Village - Chhapri, Tehsil - Huzur, Dist. Bhopal, (MP) by Shri Lalit Rajoriya, Village and Post - Ratibad, Tehsil - Huzur, Dist. Bhopal, MP – 462030.

This case was recommended in 461st SEAC dated 29/9/2020 it was recorded that.....

"----- PP has submitted the response of above quarries same date vide letter dated 29.09.2020, which was placed before the committee and the same found satisfactory. The EMP and other submissions made by the PP were found to be satisfactory and acceptable, hence committee decided to recommend the case for grant of prior EC subject to the following special conditions in addition to the standard conditions at annexure 'A':

PP/Consultant made a presentation on all concerned issues were discussed in detail. After detailed discussions and perusal of recommendations of 461st SEAC meeting dated 29.09.2020, presentation made by the PP in SEIAA, it was decided to accept the recommendation of SEAC for grant of prior EC to the project subject to the following specific conditions:-

Village – Dimran, Tehsil - Gohad, Dist. Bhind, by PP in first year under plantation programme in consultation with DM at identified revenue land of the district. PP shall also explore and identify the chunk of land in the area from revenue record to carry out plantation programme as proposed.

VII. PP shall ensure proper implementation of plantation, dust suppression, construction of approach road and maintenance of existing pakka road as part of Environmental Management Plan. Additional budget provision shall be made as part of EMP.

VIII. PP must ensure implementation of the following activities with separate budget provision of total Rs 8.0 Lakh under CER:

1. Contribution in covid-19 awareness campaign and distribution of mask, sanitizer (In 1st year).
2. Development of grazing land (In 1st year).
3. Construction of 3 rooms with smart classes and to provide tables and chairs in Govt. primary school Dimran.
4. Development of Play Ground with Slides and swings in Govt. primary school Dimran.
5. Contribution for Jal Jeewan Mission to janpad panchayat Dimran.

PP shall ensure to construct toilet with proper plumbing in the school of above village and contribute on behalf of village in Jal Jeewan Mission in consultation with Janpad Panchayat and PHED. PP shall give preference to develop/provide infrastructural facilities in schools or aanganwadies of above villages. The modification to the above activities can be made with the permission of the district administration and need based activity for the development of nearby villages shall be implemented by PP in consultation with the District Collector and Gram Panchayat.

IX. PP should ensure to submit half yearly compliance report, Plantation and CER activity report along with photographs of all activities in MP-SEIAA. If PP is failed to upload or submit two consecutive half yearly compliance reports of EC conditions to concerned authority (SEIAA and Regional Office, MoEF&CC, GoI, Bhopal) than prior environmental clearance issued to PP will automatically be treated as cancelled/revoked as per OM No. 930/SEIAA/2019 dated 30.05.2019 issued by MPSEIAA.

Hence, Prior Environmental Clearance is granted for Stone Quarry (Opencast Manual/Semi Mechanized Method) in area of 1.340 ha. for production capacity of 47549 cum per annum at Khasra No. 1038/2, 1048/1 at Village - Dimran, Tehsil - Gohad, Dist. Bhind, (MP) for the lease period to M/s Maa Sharda Stone Crusher,

- I. Before commencing any mining activity fencing shall be carried out all around the lease area. Proper watch and ward arrangements should be made with installation of signage at 4 corners of lease area to avoid any untoward incident involving public and animals by the PP.
- II. PP shall not start mining activity before execution of lease agreement.
- III. The depth of the pit shall be as per the Approved Mining Plan.
- IV. The entire area shall be fenced and three rows of plantation should be done on the periphery of the boundary.
- V. PP shall ensure the proper water supply arrangements for dust suppression, regular sprinkling, plantation and drinking purposes especially in summer season.
- VI. Total 1200 saplings of suitable tree species i.e. Neem, Pipal, Bargad, Gulmohar Amla etc. shall be planted in nearby Khasra by PP under plantation programme in consultation with DM at identified revenue land of the district. PP shall also explore and identify the chunk of land in the area from revenue record to carry out plantation programme as proposed.
- VII. PP shall ensure proper implementation of plantation, dust suppression, construction of approach road and maintenance of existing pakka road as part of Environmental Management Plan. Additional budget provision shall be made as part of EMP.
- VIII. PP must ensure implementation of the following activities with separate budget provision of total Rs 0.40 Lakh under CER:
 1. **1st Year:** COVID related activity
 2. **2nd Year:** Grazing land development
 3. **3rd Year:** Infrastructure facilities in school, Distribution of Books, Sports kits, and Boundary wall fencing in school, Anganwadi or Gram Panchayat Bhavan for the development of village in consultation with Gram Panchayat.

PP shall ensure to construct toilet with proper plumbing in the school of above village and contribute on behalf of village in Jal Jeewan Mission in consultation with Janpad Panchayat and PHED. PP shall give preference to develop/provide infrastructural facilities in schools or aanganwadies of above villages. The modification to the above activities can be made with the permission of the district administration and need based activity for the development of nearby villages shall be implemented by PP in consultation with the District Collector and Gram Panchayat.

- IX. PP should ensure to submit half yearly compliance report, Plantation and CER activity report along with photographs of all activities in MP-SEIAA. If PP is

found satisfactory. The EMP and other submissions made by the PP were found to be satisfactory and acceptable, hence committee after deliberation found that The EMS and other submissions made by the PP were found to be satisfactory and acceptable, hence committee decided to recommend the case for grant of prior EC subject to the following special conditions in addition to the standard conditions at annexure 'A':

PP/Consultant made a presentation on all concerned issues were discussed in detail. After detailed discussions and perusal of recommendations of 461st SEAC meeting dated 29/9/2020 presentation made by the PP in SEIAA, it was decided to accept the recommendation of SEAC for grant of prior EC to the project subject to the following specific conditions:-

- I. Before commencing any mining activity fencing shall be carried out all around the lease area. Proper watch and ward arrangements should be made with installation of signage at 4 corners of lease area to avoid any untoward incident involving public and animals by the PP.
- II. PP shall not start mining activity before execution of lease agreement.
- III. The depth of the pit shall be as per the Approved Mining Plan.
- IV. The entire area shall be fenced and three rows of plantation should be done on the periphery of the boundary.
- V. PP shall ensure the proper water supply arrangements for dust suppression, regular sprinkling, plantation and drinking purposes especially in summer season.
- VI. Total 2400 saplings of suitable tree species i.e. Neem, Pipal, Bargad, Gulmohar, Amla etc. shall be planted in nearby Khasra No. -168/1/3/4, 168/1/9/2 of Village –Manpura Limboda, Tehsil - Jeerapur, Dist. Rajgarh by PP under plantation programme in consultation with DM at identified revenue land of the district. PP shall also explore and identify the chunk of land in the area from revenue record to carry out plantation programme as proposed.
- VIII. PP shall ensure proper implementation of plantation, dust suppression, construction of approach road and maintenance of existing pakka road as part of Environmental Management Plan. Additional budget provision shall be made as part of EMP.
- IX. PP must ensure implementation of the following activities with separate budget provision of total Rs 0.60 Lakh/Year under CER:
 - a) 1st Year: Distribution of masks and sanitizers to villagers and conducting an awareness program through Panchayat for the protection from the spread of Corona virus (COVID 19 Pandemic), development of grazing land, Whitewash and maintenance of Govt. Primary school, Gagourni.

(R.K. Sharma)
Member

(Rakesh K. Shrivastava)
Chairman

- b) 2ndYear: To provide furniture, windows and doors repairing of Govt. higher secondary school of Gagourni,
- c) 3rd Year: Whitewash and maintenance of Govt. Primary school, Jeerapur.
- d) 4th Year: To provide furniture and construction of pucca water tank for drinking water in Govt. school, Paroliya.
- e) 5th Year: To provide Sports kit for Govt. higher secondary school of Jeerapur.

PP shall ensure to construct toilet with proper plumbing in the school of above village and contribute on behalf of village in Jal Jeewan Mission in consultation with Janpad Panchayat and PHED. PP shall give preference to develop/provide infrastructural facilities in schools or aanganwadies of above villages. The modification to the above activities can be made with the permission of the district administration and need based activity for the development of nearby villages shall be implemented by PP in consultation with the District Collector and Gram Panchayat.

- X. PP should ensure to submit half yearly compliance report, Plantation and CER activity report along with photographs of all activities in MP-SEIAA. If PP is failed to upload or submit two consecutive half yearly compliance reports of EC conditions to concerned authority (SEIAA and Regional Office, MoEF&CC,GoI,Bhopal) than prior environmental clearance issued to PP will automatically be treated as cancelled/revoked as per OM No. 930/SEIAA/2019 dated 30.05.2019 issued by MPSEIAA..

Hence, Prior Environmental Clearance is granted for Stone Quarry (Opencast Manual/Semi Mechanized Method) in an area of 2.0 ha. for production capacity of 8000 cum per annum at Khasra No. 168/1/3/4P, 168/1/9/2 at Village - Manpura Limboda, Tehsil - Jeerapur, Dist. Rajgarh, (MP) for the lease period to Shri Arpit Mittal S/o Shri Dileep Mittal, R/o Village, Tehsil & Dist. Jhalawad, Raj. – 326001.

32. Case No. 6502/2019: Prior Environmental Clearance for Stone Quarry (Opencast Semi Mechanized Method) in an area of 2.00 ha. for production capacity of 0.2 MCM per annum at Khasra No. 134 at Village - Rafadpur, Tehsil - Dabra, Dist. Gwalior MP by Smt. Manorma Tomar W/o Shri Devendra Singh Tomar, R/o New Colony No. 2/199, Birla Nagar, Dist. Gwalior, MP – 474004.

- (1) This is a project pertaining to mining of Stone Quarry in an area of 2.00 ha. The activity is mentioned at S.No. 1 (a) of the Schedule of EIA Notification 2006 as amended from time to time. The project is reported to be at a distance of more than 10 km from National Park /Sanctuary etc. thus it is not attracted by the general conditions and falls by virtue of its location and mining lease area. The case was forwarded by SEIAA to SEAC for appraisal of EIA for environment clearance for the project. It was submitted that this is a proposed

(R.K. Sharma)
Member

(Rakesh K. Shrivastava)
Chairman

mine having valid lease period that is upto 10 years with for production capacity of 0.2 MCM per annum.

- (2) The Mining Lease has been granted in favour of **Smt. Manorma Tomar W/o Shri Devendra Singh Tomar**, for a period of 10 years w.e.f. 25.1.2019 to 24.1.2029 over an area of 2.00 ha. The Mining Plan with progressive mine closure plan has been approved by DGM, Gwalior vide L.No. 361/Mining Plan Cell/Na.Kra 1./2018-19 Gwalior dated 28/3/2019.
- (3) SEAC in its 461st SEAC meeting dtd. 29.9.2020 has recommended the case with 36 special conditions for issuance of EC.
- (4) It was noted that the water requirement is 2 KLD (1.10 KLD Dust Suppression +0.68 KLD Drinking and Domestic activity+0.22 KLD Green Belt) which shall be met from Ground water .
- (5) It was also noted that the Public Hearing was carried out on 7.8.2020 at near steel plant Village-Biloua, Tehsil -Dabra, Dist. Gwalior under Chairmanship of Additional District Magistrate, District-Gwalior. The major comments of applicants during public hearing are water for irrigation, access on approach road, Controlled blasting, employment of local people, construction & maintenance of existing / approach road connecting the mine & main road, Plantation on road side, regular health check-up of mine workers & water sprinkling to suppress the dust emission.

After detailed discussions and perusal of recommendations of 461st SEAC meeting dtd 29.9.2020, it was decided to accept the recommendation of SEAC for grant of prior EC to the project subject to the following specific conditions:

- I. Before commencing any mining activity fencing shall be carried out all around the lease area. Proper watch and ward arrangements should be made with installation of signage at 4 corners of lease area to avoid any untoward incident involving public and animals by the PP.
- II. Plantation programme as mentioned in EIA/EMP and presented during presentation in SEIAA & SEAC shall be followed in content and spirit.
- III. PP shall demarcate a barrier zone of 7.5 m as no mining zone in the periphery of mining lease area and develop a green belt. Three row plantations shall be carried out in the greenbelt area in current year with proper watering arrangement.
- IV. The mining operation shall be restricted to above ground water table and in no case it should intersect the ground water table. In case of working below the ground water table approval of the Central Ground Water Board shall be obtained.
- V. Total 2400 saplings of suitable tree species i.e. Neem, Pipal, Bargad, Mango, Iml, etc. shall be planted by PP under plantation programme in consultation with DM

(R.K. Sharma)
Member

(Rakesh K. Shrivastava)

at identified revenue land of the district. PP shall also explore and identify the chunk of land in the area from revenue record to carry out plantation programme as proposed.

- VI. PP shall ensure to construct and maintain Pakka approach road from the mine site. Plantation will be carried out on both side of the approach road. PP shall also ensure maintenance of existing pakka road in consultation with competent authority.
- VII. The over burden and waste will be stacked for five years and then simultaneously backfilled in the mined out area where plantation will be raised on it.
- VIII. Regular air & water quality monitoring shall be carried out by PP before discharging it into the nearby agriculture fields from authorized laboratory in consultation with Regional Officer, MP PCB.
- IX. PP shall ensure generation of employment opportunities nearby Village on priority bases.
- X. Payments of wages to the workers shall be done in consonance with the provisions in the labour laws.
- XI. Proper infrastructure with shelter, drinking water, toilet and first-aid facilities shall be provided for the laborers. A provision should be made to construct a pakka rest shelter along with toilet and drinking water facility.
- XII. PP should also carry out regular sprinkling in the mining lease area to arrest dust emission from mining activities affecting the nearby agriculture fields
- XIII. Mining shall be limited to the area as shown in surface plan and as per the approved mining scheme.
- XIV. PP shall ensure the proper water supply arrangements for plantation especially in summer season.
- XV. PP shall ensure proper implementation of plantation, dust suppression, construction of approach road and maintenance of existing pakka road as part of Environmental Management Plan. Additional budget provision shall be made as part of EMP.
- XVI. PP must ensure implementation of the following activities with separate budget provision of Rs.3.76 Lakh under CER:
 1. Development of grazing land in study area.
 2. Assistance to local schools, scholarship to students.
 3. Sanitations and drinking water facilities.
 4. Contribution in Covid related aids for first year .
 5. Skill development for local youths.

PP shall ensure to construct toilet with proper plumbing in the school of above village and contribute on behalf of village in Jal Jeewan Mission in consultation with Janpad Panchayat and PHED. PP shall give preference to develop/provide infrastructural facilities in schools or aanganwadies of above villages. The modification to the above activities can be made with the permission of the district administration and need based activity for the development of nearby villages shall be implemented by PP in consultation with the District Collector and Gram Panchayat.

- XVII. PP should ensure to submit half yearly compliance report and CSR activity report with photographs of plantation in MP-SEIAA. If PP is failed to upload or submit two consecutive half yearly compliance reports of EC conditions to concerned authority (SEIAA and Regional Office, MoEF&CC, Gol, Bhopal) than prior environmental clearance issued to PP will automatically be treated as cancelled/ revoked as per OM No. 930/SEIAA/2019 dated 30.05.2019 issued by MPSEIAA.

Hence, Prior Environmental Clearance is granted for Stone Quarry (Opencast Semi Mechanized Method) in an area of 2.00 ha. for production capacity of 0.2 MCM per annum at Khasra No. 134 at Village - Rafadpur, Tehsil - Dabra, Dist. Gwalior MP for the lease period to Smt. Manorma Tomar W/o Shri Devendra Singh Tomar, R/o New Colony No. 2/199, Birla Nagar, Dist. Gwalior, MP – 474004.

33. Case No. 7523/2020: Environmental Clearance for proposed project 'Premier Orchard' at 6/1, 6/2 Village Raslakher District – Bhopal (M.P.) Total plot area - 85660.00 Sq. Mt. (8.566 ha.) Net Scheme Area - 78325.62 sq. m. Total Built up Area – 74704.89 sq. m by M/s. S.V. Infra Developers through Mr. Abhishek Jain, General Manager First floor, E-5/16, Commercial Arera Colony, Bhopal, (M.P.) - 462038 E-mail jainabhishek.mail@gmail.com Telephone No. 8889986662 Env Consultant : In Situ Enviro Care, Bhopal (M.P.).

1. The proposed Construction of Group Housing Project "Premier Orchard" located at Khasra No. 6/1, 6/2, Village - Raslakheri, Tehsil - Huzur & Dist. - Bhopal (M.P.). The Proponent is M/s S.V. Infra Developers, through General Manager Mr. Abhishek Jain.
2. The Project comprises of Plotted development, Construction of Group housing, Commercial, School, Club and Informal sector.
3. Till date **67234.40 Sq.m. (90%)** of built-up area is constructed.
4. The Co-ordinates of the project site are latitude from 23°18'29.08"N to 23°18'38.66"N and longitude from 77°25'09.60"E to 77°25'24.18"E. The proposed project is covered in toposheet no.-55 E/7, Survey of India (SOI).
5. There are no wildlife sanctuaries, elephant corridors or archeological monuments within the study area excluding National Park i.e. Van Vihar National Park is 8.6 Km away from the project which is SSW direction from the proposed project.
6. As per the approval of T & CP Bhopal (vide letter bpllp-2110/lp-83/29(3)/Na.Gra.Ni./GKA/2011 dtd 10/04/2017) the total land area of the project is 85660.00 Sq.mt., The total built up area proposed by PP is – 74704.89 sq. m.

(R.K. Sharma)

The project comes under 8 (a) category (B) of schedule of EIA Notification, 2006 as the total construction is between 20,000 sq.m & 1,50,000 sq.m.

7. The project is a case of violation on account of not securing prior environment clearance before starting the construction activities at site. The construction work was started at site and before the application was submitted to MPSEIAA for grant of prior environmental clearance.
8. **Chronology of the project:**
 - The construction was started in 2012-17 and the construction had already come up to plinth level, way back in 2012 itself, which was prior to the Notification of 14.09.2006 in its opening paragraph itself had clearly stated that only new projects after date of publication would need such 'Environmental Clearance'
 - In the light of notification issued by MoEF & CC dtd 14.03.2017, which provides the guidelines to deal with violation cases at EAC, MoEF & CC, New Delhi, we had submitted the application under violation category for the grant of Environment Clearance at EAC, MoEF & CC.
 - As per notification dated 8 March 2018 in which it has been directed that all "Category B" project will be appraised at SEAC, accordingly PP has again applied in State Expert Appraisal Committee.
 - **Baseline Environmental Monitoring** has been done for the period of December 2019 to February 2020 and subsequently one month validation monitoring has been done in June 2020.
9. Committee considering the recent Gol, MoEF & CC Notification dated 8th March, 2018 recommends that case may be dealt as per the provisions laid down in this notification and the project may granted Terms of Reference for undertaking Environment Impact Assessment and preparation of Environment Management Plan on assessment of ecological damage, remediation plan and natural and community resource augmentation plan and it shall be prepared as a independent chapter in the EIA report by the accredited consultant and the collection and analysis of data for assessment of ecological damage, preparation of remediation plan and natural and community resource augmentation plan shall be done by an environmental laboratory accredited by the National Accreditation Board for Testing and Calibration Laboratories.
10. Application for ToR was submitted on 02nd September 2020 and the presentation for ToR was made in 456th SEAC meeting dtd. 17th September 2020. PP has submitted the EIA report vide letter dated 23.09.2020 which was sent to SEAC vide letter no. 3243 dated 23.09.2020, which was placed before the committee.
11. The case was discussed in SEAC meetings 461st SEAC meeting dated 29.09.2020 and is recommended for grant of EC subject special conditions and submission of bank guarantee (BG) with 03 years validity of Rs. 17,06,000/- (equivalent to amount proposed in remediation and resource augmentation plan) with the MP Pollution control Board.
12. As per above recommendation PP has submitted BG amount of Rs. 17,06,000 lakh (equivalent to amount proposed in remediation and resource augmentation plan)

(R.K. Sharma)

13. After submission of BG today the case was scheduled for presentation and recorded that:
- i. Regarding land documents PP has submitted Rin Pustika ,Khasra Panchsal 2010-11. As per the land document landownership is the name of Shri Subhash Shukla, Shri Ramchandra Shukla, Shri Ramesh Shukla Shri Santosh Shukal and Shri Manoj Shukla. PP has also submitted joint venture agreement dtd. 20.06.2011executed between Landowners and M/s S.V. Infradevelopers through Partner Shri Nitin Agrawal for the development of the said project. Vide Power of Attorney dtd. 17.03.2011 the landowners authorized to M/s S.V. Infra developers through Partner Shri Nitin Agrawal for dealing all legal or financial matters.
 - ii. Total water requirement for the entire project will be 532 KLD. Fresh water requirement will be 315 KLD and recycle water is 383 KLD. The source of fresh water is municipal water supply is available. PP has submitted letter dtd. 24.07.2020 issued by Nagar Nigam, for water supply.
 - iii. The total 383 KLD waste water will be generated from the project which will be treated in the STP Capacity - 450 KLD (250 KLD + 200 KLD) based on MBBR based technology. The treated water 383 KLD available from STP shall be recycled/re-used for flushing & horticulture purpose. Extra treated water of 166.0 KLD will be drained to sewer line of BMC. **PP has submitted letter dtd. 24.07.20 issued by Municipal Corporation, Bhopal for disposal of extra treated waste water.**
 - iv. The Municipal Solid Waste approx. 1439 Kg/day horticulture waste 23 kg/day, E-waste 1.0 kg/day and STP Sludge 13.5 Kg shall be generated. Generated Solid waste are being segregated & collected and temporarily stored at common solid waste collection center inside the project premises for having a capacity of 48 hour garbage storage, then picked up by hired waste management/ municipal agency for their treatment and disposal. The recyclable inorganic & e-waste wastes will be sold to authorized buyers and inert waste will be used for construction of road & pavement. Biodegradable segregated garden liter along with STP sludge will be transported to the compost site for bio composting and energy recovery. Hazardous waste (Spent/ Used Oil) & e-waste will be stored at separate place and handover to authorized dealers of CPCB.**PP has submitted letter dtd. 24.07.20 issued by Municipal Corporation, Bhopal for disposal of solid waste.**
 - v. For rainwater harvesting, 10 recharge pits will be constructed for harvesting rain water. The total recharge capacity of these pits about 152 m3/hr.
 - vi. The power shall be supplied by Madhya Pradesh Madhya Kshetra Vidyut Vitran Company Limited. The sanctioned Load for the project 1853 KVA. There is a provision of 2 DG Sets of 8 kVA & 62.5 KVA capacities. The proponent has taken various energy conservation measures which include:
 - Window-wall ratio are balanced perfectly to achieve maximum daylight, no glare and minimum heat ingress
 - Regional and eco friendly materials were used. Aluminum used have recycled content.

(R.K. Sharma)
Member

(Rakesh K. Shrivastava)
Chairman

- Flyash based cement was used.
 - Public areas will be cooled by natural ventilation as opposed to air conditioning.
 - LEDs are being used for high efficiency in the common areas.
 - Maximization of use of natural lighting through building design.
 - Use of Solar Water Heating in group housing as per requirement.
 - Solar lighting has been provided in common areas & streets.
 - Sunscreen films on windows to reduce heating inside buildings
- vii. The project has traffic entry and exit from 24 m wide road on south. Roads for internal circulation having width of about 7.5m, 6m and 9m are provided within the complex for smooth circulation of the traffic. The entry/exit points have been marked on the layout plan. The project site is well connected to network of roads leading from various parts of the city.
- viii. Adequate provisions are made for car/vehicle parking for the Project. There are also adequate parking provisions for visitors so as not to disturb the traffic and allow smooth movement at the site. PP has proposed 08 Individual Parking for plot owners, 92 Nos. Open Parking for EWS/LIG, 21 Nos. for Shops cum residential Parking & 70 additional open parking including 2 wheeler parking. 21 Nos. multi units parking.
- ix. Adequate fire protection facilities will be installed including fire detectors, fire alarm and fire fighting system to guard the building against fires. All fire protection facilities will be designed as per the National Building Code given in 2005.
- x. Total green area proposed for the project is 7,832.56 sq.m. (10.% of Total Land Area) by planting 300 numbers of trees. The species were planted on site are Ashok, Neem, Kusum, Amaltas, Kachnar, Kanchan, Champa, Amla etc.
- xi. PP has submitted the remediation plan and natural community resource augmentation plan corresponding to the ecological damage assessed and economic benefits derived due to violation in the tune of suggested guidelines by the committee, with the supported by documentary proofs, such as bills, CA audit, certificates, photographs, prescribed various undertakings.
- xii. PP has proposed Rs. 2,79,85,000.00 (Rs. 17,06,000.00 as Remediation Cost and Rs. 2,62,79,000 .00 as EMP) for this project. PP has proposed to submit bank guarantee of INR Rs. 17,06,000.00 towards Remediation Plan. As per recommendation of SEAC it is decided to approved the remediation plan and bank guarantee of INR 17,06,000.00 towards Remediation Plan and Natural & Community Resource Augmentation Plan and send to MPPCB for further action.
- xiii. PP has proposed to submit bank guarantee of INR 17,06,000.00 towards Remediation Plan and Natural & Community Resource Augmentation Plan with following expenditure:-

Activity	Remark	First Year (INR)	Second Year	Total

Minutes of the 643rd Meeting of SEIAA dated 06.10.2020

		(INR)	(INR)	
1. Environmental Management				
For MSW Treatment/Installation of organic composter	-	1,00,000	1,06,000	2,06,000
Fire & Safety Management	-	3,50,000	1,50,000	5,00,000
2. Community Resource Development				
Help of Municipal Authority for maintenance of already developed Park in nearby areas/Plantation	-	1,50,000	1,00,000	2,50,000
3. Natural Resources Augmentation				
Solar system	15 KW @50,000/KW	7,50,000	0	7,50,000
Total Remediation Cost (1st Year + 2nd Year)	-	13,50,000	3,56,000	1706000

- xiv. Under CER activities PP has proposed Rs. 30 Lakh up to three years for the following activities:

CER activities as per notifications		Proposed Budget for CER
1. Construction of Community Toilets, Water supply arrangement in school with Storage Tank & Plumbing System or contribution to Gram Panchayat under public water supply scheme. 2. Distribution of Computer systems to the schools.	With the help of Gram Panchayat: • Pipliya Bajkhan Village, 1.15 KM (SE Direction) • Chopra Kalan Village – 2.37 KM – SE Direction	Project Capital Investment against Land Cost = Rs. 15 Crores. CER Value @ 2% = 30.00 Lakh.

- xv. **Project Benefit:** The proposed project makes a positive contribution to social infrastructure and over all residential development. The project also provides positive benefits such as employment for a significant number of persons; many of whom got employment from the residing community as well as surrounding area. Additionally, the cumulative effects of this type of development would result in noticeable economic benefits for the area.

The submissions made by the PP were found to be satisfactory and acceptable hence It is decided to accept the recommendations of 461st SEAC meeting dtd. 29.09.2020 with special conditions and accord Environmental Clearance for the proposed " Group Housing Project "Premier Orchard" located at Khasra No. 6/1, 6/2, Village - Raslakhari, Tehsil - Huzur & Dist. - Bhopal (M.P.).. Total Plot area of the project: 85660.00 sq.m. Built-up Area: 74704.89 sq.m. by M/s S.V. Infra Developers, First Floor, E-5/16, Commercial, Arera Colony, Bhopal (M.P.) 462038, subject to following specific conditions imposed by SEIAA:-

1. The fresh water supply arrangement should be met through Municipal Corporation, Indore (as per BMC letter dtd.24.07.20) and there should no extraction of ground water.

(R.K. Sharma)
Member

(Rakesh K. Shrivastava)
Chairman

2. The inlet and outlet point of natural drain system should be maintained with adequate size of channel for ensuring unrestricted flow of water.
3. **Disposal of waste water.**
 - a. PP should ensure disposal of waste water arrangement should be done in such a manner that water supply sources are not impaired.
 - b. PP should ensure to linkage with Nagar Nigam Indore (letter dtd. **24.07.20**) for sewer line for disposal of extra treated waste water.
 - c. The project not having provision for discharge of excess treated sewage cannot permit to start operation unless proper arrangements are put in place for its safe handling.
4. **Solid Waste Management:**
 - a. Separate wet and dry bins must be provided at the ground level for facilitating segregation of waste.
 - b. The solid waste generated should be properly collected and segregated. Wet garbage should be composted and dry inert solid waste should be disposed off to the approved sites for land filling after recovering recyclable material.
 - c. Ensure linkage with Municipal Corporation Indore (letter dtd.24.07.20) for final disposal of MSW.
5. PP should ensure building height, road width, front MOS and side / rear as per approved layout of T & CP.
6. **For firefighting:-**

PP should ensure distance of fire station approachable from the project site & provide fire fighting measures such as water sprinklers, fire hydrant pipe, Adequate firefighting requirement shall be taken into account while designing the electrical distribution system, Wet risers and hose reel, Adequate numbers of fire extinguishers, and underground water storage tank properly as per NBC 2005.
7. **For Rain Water Harvesting, and Storm water management:-**

PP should ensure the rain water harvesting with 10 recharging pits and these pits should be connected laterally to consume the surplus runoff. In addition, PP should provide recharging trenches. The base of the trenches should be Kachha with pebbles. PP should also ensure to make arrangements for the flushing of first rain water to ensure that only clean water enters the recharge system.
8. **Car Parking:-**

PP should ensure to provide 608 Individual Parking for plot owners, 92 Nos. Open Parking for EWS/LIG, 21 Nos. for Shops cum residential Parking & 70 additional open parking including 2 wheeler parking. 21 Nos. multi units parking. The parking area should not be diverted for any other activities.
9. **Green belt :-**

PP should ensure plantation in an area of 7,832.56 sq.mt. (10 % of Total Land Area) as a green belt by planting 300 numbers of trees and landscaped area with regular maintenance and also explore the possibility to plant trees of indigenous

(R.K. Sharma)
Member

(Rakesh K. Shrivastava)
Chairman

local varieties like Ashok, Neem, Kusum, Amaltas, Kachnar, Kanchan, Champa, Amla etc.

10. PP should ensure to complete the activities listed under ecological remediation, Natural resource augmentation & community resource augmentation for a total amount of Rs. **17,06,000/-** Lakhs.
11. PP shall carry out the works assigned under ecological damage, natural resource augmentation and community resource augmentation within a stipulated period and submitted to same in MPSEIAA.
12. PP should ensure the implementation of CER activities to the extent of Rs. 30 lakh will be used for construction of community toilets, Water supply arrangement in school with Storage Tank & Plumbing System or contribution to Gram Panchayat under public water supply scheme & Distribution of Computer systems to the schools.

34. Case No 7666/2020: Prior Environment Clearance for Proposed Rolling Mill Unit Plot no.B-54,B-55, Industrial Area, Banmore, District – Morena (M.P.) Total plot area 30362.45 sq.m (3.03ha) Total Production capacity of TMT Bars = 90,000 MTPA Phase Production Induction Furnace Capacity I 45000 MTPA 15 Ton II 45000 MTPA 15 Ton Total 90000 MTPA 2 X 15 Ton -by M/s Maheshwar Rolling Mills Pvt. Ltd. through Director, Mr. Saket Somani Tirupati Traders ,Opp. Officers Mess, Morar Enclave, Gwalior, M.P. - 474005 E-mail maheshwarrollingmills@hotmail.com Mob No. 9826266610 Env't. Consultant :

- (1) M/s. Maheshwar Rolling Mills Pvt. Ltd. Company is a newly formed Pvt. Ltd. Company incorporated in the state of M.P. vide Certificate of Incorporation No.U27100MP2018PTC046587 dated 19.09.2018. The company is setting up a new project of Rolling Mills at B-54, B-55, Industrial Area, Banmore, Distt. Morena.
- (2) The project is located in notified Industrial Growth Centre – Banmore, Distt, - Morena (M.P.) approved by AKVN hence exempted for public hearing as per MoEF, Gol OM dtd 10.12.2014 issued under EIA notification, 2006.
- (3) The geographical coordinates of the projects site latitude 26°22'23.88"N longitude 78° 4'50.59"E
- (4) The project is proposed for manufacturing of TMT BARS, 90,000 TPA.
- (5) This is a rolling mill project. All non – toxic secondary metallurgical processing industries manufacturing >5000 tones/annum metal components are covered under the EIA Notification 2006 as amended 2009 and are mentioned at SN 3(a), B. Hence these projects are required to obtain prior EC before establishment.
- (6) There is no inter-state boundary within 05 km and no Wildlife Sanctuaries, National Parks, and Tiger Reserves within 05 km of the boundary, hence, general conditions not attracted.
- (7) TOR recommended in 457 SEAC meeting dated 18-09-20. EIA report submitted by PP to SEAC vide Letter no. 3370-71/SEIAA/20 dated 26- 09-20.
- (8) The case was discussed in 461st SEAC dtd.29.09.2020 and recommended for grant of prior EC conditions.

(R.K. Sharma)
Member

(Rakesh K. Shrivastava)
Chairman

- (9) After recommendation today the case was scheduled for presentation and after the deliberation the case was discussed in depth and it is noted that :-
- i. The total land area of the project is 30362.45 sq.mt. PP has submitted amended lease deed dtd. 31.05.2019 executed between Governor of MP through Executive Director MP Industrial Development Corporation Ltd. and M/s. Maheshwar Rolling Mills Pvt. Ltd through authorized signatory Shri Pramod Kumar Maloo.
 - ii. Total water requirement for operation phase of the proposed project is estimated at 618 KLD and shall be received from the MPIDC/Local Body supply. The source of water supply for the project is MPIDC/Local Body.
 - iii. The water shall be required only for cooling and domestic purpose hence no industrial effluent shall be discharged. Thus the production process is zero discharge. Following are the EMP planned for proposed activities of the plant
 - Being a secondary metallurgical unit, potential of water pollution is not envisaged at larger level, however storm water drainage system need to be taken care preciously to prevent the flow of silt and other contaminant towards nalla, river outside of the site.
 - The TDS level of softner reject shall be checked regularly as being done for existing plant, and if found high shall be used for quenching purposes, otherwise wastewater shall be treated in neutralization tank and shall be taken to STP plant proposed for treatment of domestic effluent.
 - The raw water requirement shall be optimized. The COC in cooling system shall be maximized (such as COC=5 to 7) depending upon the TDS of the supply water.
 - Utilization of treated domestic wastewater in toilet flushing, greenbelt development and dust suppression;
 - A drain along the boundary wall shall be made , which will join the proposed settling tank/water tanks to protect the flow of contaminant towards nearby land
 - Regular monitoring and analysis of upstream and downstream of River Sank with reference to industry shall be continued.
 - Effective and strict implementation of recommendation of rain water harvesting measures.. Water harvesting structure has been constructed for harvesting of water at the rate of 12063.61 cum water per annum. Therefore installation of pizometers is recommended for ground water table study.
 - RCC dyke/platform should be constructed to avoid leachate possibility.
 - iv. Air emissions from melting furnaces are particulates, carbon monoxide, sulfur dioxide, nitrogen oxides, and small quantities of chlorides and fluorides. During Tapping: Emission consists of iron oxides in addition to oxide fumes from alloys to the ladle and during pouring: particulate emissions from pouring consist of fumes, CO, VOCs, and particulates from the mold and core materials when contacted by the molten steel. As the mold cools, emissions continue. Emissions from pouring are usually uncontrolled. Following measures are proposed to mitigate negative impact of operation phase of the project on the surrounding air environment
 - Electrically operated Induction furnace is proposed hence no pollution is envisaged from combustion of the fuel.

(R.K. Sharma)
Member

(Rakesh K. Shrivastava)
Chairman

- Installation of secondary control equipment for emissions
 - PTZ camera has also been installed for monitoring of emission and discharge of effluent.
 - Regular maintenance of exhausts, chimney and other abatement equipments
 - Provision of spark arrestor, cooling circuit and bag filter for transfer points to control and capture dust emission.
 - Provision of 33 mt height for the stack for furnace and will have stack monitoring facility (SMF) consisting of sampling port-hole, platform and access ladder. The outlet dust emission from the exhaust flue gases will be <50 mg/Nm³.
 - The primary fume is extracted from the electric induction furnace through duct by the exhaust fan(s) of the abatement plant. The essential requirement of electric induction furnace is to control the primary fume. The sequence in which vent and bleeder valves open is important which need attention.
 - Measures for minimization of dust and fume generated by discharging slag from the electric Induction furnace into slag pots for CCM.
 - Development of Greenbelt (5) m all around the periphery of the plant to arrest the fugitive emissions.
- v. Solid waste generated during construction phase will be suitably reused for leveling the site and lying of internal roads. The top soil will be preserved and used for landscaping purpose. The solid waste generated from the process namely Furnace Slag, Used Ramming mass, mill scale, fly ash etc. shall be sold to local vendor. The spent resin from softener plant and spent oil from DG sets will be sold to MPPCB authorized vendors/agencies.
- vi. The plant water management system is designed to minimize the potential for storm water contamination occurring at the site. This will be achieved by incorporating the following features into the storm water management system:
- Run-off from upstream areas will be diverted to proposed water body within the premises through storm water drain around the plant site.
 - The quantity of contaminated run-off generated will be minimized by diverting run-off from areas external to the plant to storm water discharge points;
 - Hazardous material and fuel storage areas will be bounded and drains will be provided to around these facilities to prevent entering of run-off water; and
 - Run-off from area external to process areas of the plant will be contained within a storage system.
 - Regular inspection and cleaning of storm drains.
- vii. PP has proposed to provide 02 nos of recharging pits for recharging of ground water.
- viii. About (13589.50 sq mt) area i.e. 45 % of plant land area shall be developed as green belt at plant boundaries, road sides, around offices & buildings and stretch of open lands.
- ix. Under CSR activities PP has proposed Construction of Community Toilets, Water supply arrangement in school with Storage Tank & Plumbing System or contribution to Gram Panchayat under public water supply scheme. Distribution

(R.K. Sharma)
Member

(Rakesh K. Shrivastava)
Chairman

of Computer systems and online setup to the schools. at Tighara, Barekapura, Pamaya, Banmore, Sapchauli. Promotion of advanced agriculture practices and water efficient farming practices etc with budgetary provision of Rs. 33.76 lacs.

The submissions made by the PP were found to be satisfactory and acceptable hence It is decided to accept the recommendations of 461st SEAC meeting dtd. 29.09.2020 and grant Prior Environmental Clearance for - Prior Environmental Clearance for Proposed Rolling Mill at Plot No. B-54, B-55, Industrial Area, Banmore, Dist. Morena, (MP) Capacity project in Manufacturing of 90000 TPA of TMT Bar (2 X 15 Ton in 2 phases), Land Area: 30362.45 sq.m. by Director, M/s Maheshwar Rolling Mills Pvt. Ltd. through Tirupati Traders, Opp. Officers Mess, Morar Enclave, Gwalior, M.P.- 474005 subject to the following specific conditions:-

- (1) The entire demand of fresh water should be met through MPIDC/Local Body supply and there should be no extraction of ground water.
- (2) PP should ensure zero waste water discharge from the process.
- (3) PP should ensure air pollution control measure as proposed in EMP and should conduct regular monitoring of stack emissions and ambient air as per MPPCB / CPCB norms. For regular monitoring of air emission PP should installed ambient air monitoring stations.
- (4) PP should ensure the disposal of hazardous waste through authorized agencies and obtained consents from competent Authorities.
- (5) PP should ensure the roof top area of plant area including raw material storage area, finished goods area, and office building area should be used for rain water harvesting for ground water recharge. The concrete road of the site area should be regularly cleaned.
- (6) PP should obtain NOC for fire and approval for onsite offsite emergency plan, health and safety plan from the Competent Authorities.
- (7) Under green area development PP should ensure : -
 - (a) Plantation in the factory premises within the specifying of 2m x 2m, an area of 13589.5 sqm shall be covered with plantation / gardening as proposed. Subject to minimum of 33% of the total area of the project with budgetary provision of Rs 2.63 lakh.
 - (b) Plantation of the trees of indigenous local varieties like Neem, Champa, Ashok, Amaltas, Peepal etc.
 - (c) Periphery Plantation should be completed within one year within the plant premises.
 - (d) Every effort should be made to protect the existing trees on the plot.
- (8) PP should ensure implementation of CER activity of Rs. 33.76 lakh in consultation with District Collector/gram Panchyat of nearby villages.
- (9) PP should ensure all the raw material including scrap, sponge iron, sludge and oily waste shall be stored separately in designated place.

(R.K. Sharma)
Member

(Rakesh K. Shrivastava)
Chairman

- (10) Monthly monitoring should be done of all the environmental parameters and Environmental Management Cell meeting should be carried out every month.

35. Case No 7590/2020: Environmental Clearance for proposed Plotted development and Group Housing project 'LUNAWAT COSMOS' at Village Bhat Kedi Taluka Mhow District Indore, (M.P.) Total plot area - 59,8420 sq.m. Total Built up Area – 59,8420 sq. m by Director, M/S Shri Sanjay Lunawat Bhatedi Village, Mhow Tehsil, Indore, (M.P.) - E-mail 786996006@themathurgroup.com Telephone No. 7387380133

1. This is case of Environment Clearance for Area Development Project "Lunawat Cosmos" (Total Plot Area = 598420.0 sqm, Total Proposed Built-up Area = 80455.00 sqm) at Village -Bhatkhedi, Tehsil and District Indore (MP).
2. The Co-ordinates of the project site are latitude 22° 35' 745"N and longitude 75° 52' 252"E.
3. The Project comprises of Plotted development, Construction of Group housing,
4. As per the approval of T & CP Indore (vide letter no. 7340 dtd 15.09.2015) the total land area of the project is 6.388 ha., The total built up area proposed by PP is – 80,455 sq. m. The project comes under 8 (a) category (B) of schedule of EIA Notification, 2006 as the total construction is between 20,000 sq.m & 1,50,000 sq.m.
5. The project is a case of violation on account of not securing prior environment clearance before starting the construction activities at site. The construction work was started at site and before the application was submitted to MPSEIAA for grant of prior environmental clearance.
6. Committee considering the recent GoI, MoEF & CC Notification dated 8th March, 2018 recommends that case may be dealt as per the provisions laid down in this notification and the project may granted Terms of Reference for undertaking Environment Impact Assessment and preparation of Environment Management Plan on assessment of ecological damage, remediation plan and natural and community resource augmentation plan and it shall be prepared as a independent chapter in the EIA report by the accredited consultant and the collection and analysis of data for assessment of ecological damage, preparation of remediation plan and natural and community resource augmentation plan shall be done by an environmental laboratory accredited by the National Accreditation Board for Testing and Calibration Laboratories.
7. Application for ToR was submitted on 09nd September 2020 and the presentation for ToR was made in 457th SEAC meeting dtd. 18th September 2020. PP has submitted the EIA report vide letter dated 07.09.2020 which was sent to SEAC vide letter no. 3273 dated 24.09.2020, which was placed before the committee.
8. The case was discussed in SEAC meetings 461st SEAC meeting dated 29.09.2020 and is recommended for grant of EC subject special conditions and submission of bank gurantee (BG) with 03 years validity of Rs. 17,51,086 /- (equivalent to amount proposed in remediation and resource augmentation plan) with the MP Pollution control Board.
9. As per above recommendation PP has submitted BG amount of Rs. 17,06,000 (equivalent to amount proposed in remediation and resource augmentation plan)
10. After submission of BG today the case was scheduled for presentation and recorded that:

(R.K. Sharma)
Member

(Rakesh K. Shrivastava)
Chairman

- i. Regarding land documents PP has submitted sale deed dtd. 17.08.2010. As per the land documents the said land was purchased by M/S Shri Sanjay Lunawat
- ii. Total water requirement for the entire project will be 645 KLD. Fresh water requirement will be 227 KLD and recycle water is 418 KLD. The source of fresh water is municipal water supply is available. PP has submitted letter dtd. 01.09.2020 issued by Nagar Nigam, Indore for water supply.
- iii. The total 516 KLD waste water will be generated from the project which will be treated in the STP Capacity - 700 KLD based on MBBR based technology. The treated water 464 KLD available from STP shall be recycled/re-used for flushing & horticulture purpose. Extra treated water of 46.0 KLD will be drained to sewer line of BMC. **PP has submitted letter dtd. 01.09.2020 issued by Municipal Corporation, Indore for disposal of extra treated waste water.**
- iv. The Municipal Solid Waste approx. 2387.5 Kg/day Biodegradable waste 1910 kg/day, Non-Biodegradable 716.25 kg/day Inert 238.75 kg/day E-waste 1351.8 kg / annum (estimated) kg/day and STP Sludge shall be generated. Generated Solid waste are being segregated & collected and temporarily stored at common solid waste collection center inside the project premises for having a capacity of 48 hour garbage storage, then picked up by hired waste management/ municipal agency for their treatment and disposal. The recyclable inorganic & e-waste wastes will be sold to authorized buyers and inert waste will be used for construction of road & pavement. Biodegradable segregated garden liter along with STP sludge will be transported to the compost site for bio composting and energy recovery. Hazardous waste (Spent/ Used Oil) & e-waste will be stored at separate place and handover to authorized dealers of CPCB. **PP has submitted letter dtd. 01.09.20 issued by Municipal Corporation, Indore for disposal of solid waste.**
- v. For rainwater harvesting, 32 recharge pits (32 pits – existing) will be constructed for harvesting rain water. The Mesh will be provided at the roof so that leaves or any other solid waste/debris will be prevented from entering the pit.
- vi. Total Power requirement of the project is 3534 KW. The power shall be supplied by Madhya Pradesh Madhya Kshetra Vidyut Vitran Company Limited. There is a provision of DG set with AMF Panel of 250 KVA in 4 no capacities. The proponent has taken various energy conservation measures which include:
 - Window-wall ratio are balanced perfectly to achieve maximum daylight, no glare and minimum heat ingress
 - Regional and eco friendly materials were used. Aluminum used have recycled content.
 - Flyash based cement was used.
 - Public areas will be cooled by natural ventilation as opposed to air conditioning.

(R.K. Sharma)
Member

(Rakesh K. Shrivastava)
Chairman

- LEDs are being used for high efficiency in the common areas.
 - Maximization of use of natural lighting through building design.
 - Use of Solar Water Heating in group housing as per requirement.
 - Solar lighting has been provided in common areas & streets.
 - Sunscreen films on windows to reduce heating inside buildings
- vii. For vehicles adequate space for smooth movement and parking shall be provided at the proposed site to avoid any congestion and idling state emissions. Roads for internal circulation having width of about 7.5m, 6m and 9m is provided within the complex for smooth circulation of the traffic. The entry/exit points have been marked on the layout plan. The project site is well connected to network of roads leading from various parts of the city.
- viii. Adequate provisions are made for car/vehicle parking for the Project. There are also adequate parking provisions for visitors so as not to disturb the traffic and allow smooth movement at the site. PP has proposed total car parking 804 ECS (Stilt- 492 ECS, ,Open-312 ECS)
- ix. Adequate fire protection facilities will be installed including fire detectors, fire alarm and fire fighting system to guard the building against fires. All fire protection facilities will be designed as per the National Building Code given in 2005.
- Wet riser system
 - Internal fire hydrants strategically located to cover maximum area.
 - Fire pump, Sprinkler pump, Jockey pump
 - Sprinklers system
 - Two-way communication system.
 - External yard hydrants
 - Portable fire extinguishers
 - Addressable microprocessor based fire alarm and detection system
 - Smoke detectors above and below false ceiling spaced as per NFPA standards (500 Sft coverage per detector)
- x. Total green area proposed for the project is 5345.4 sq. mt. (10 % of net plot area) by planting 5500 numbers of trees. The species were planted on site are Ashok, Neem, Kusum, Amaltas, Kachnar, Kanchan, Champa, Amla etc.
- xi. PP has submitted the remediation plan and natural community resource augmentation plan corresponding to the ecological damage assessed and economic benefits derived due to violation in the tune of suggested guidelines by the committee, with the supported by documentary proofs, such as bills, CA audit, certificates, photographs, prescribed various undertakings.
- xii. PP has proposed Rs. 3,25,22,791 (Rs. 17,51,086 as Remediation Cost and Rs. 3,07,71,705 as EMP) for this project. PP has submitted bank guarantee of INR Rs. 17,51,086 towards Remediation Plan. As per recommendation of SEAC **it is decided to approved the remediation plan and bank guarantee**

(R.K. Sharma)
Member

(Rakesh K. Shrivastava)
Chairman

of INR 17, 51, 086/- towards Remediation Plan and Natural & Community Resource Augmentation Plan and send to MPPCB for further action.

- xiii. PP has proposed to submit bank guarantee of INR 17,51,086 towards Remediation Plan and Natural & Community Resource Augmentation Plan with following expenditure:-

Activity	Remark	Total (INR)	First Year (INR)	Second Year (INR)	Third Year (INR)
1. Environmental Management					
Plantation of trees along the roadside area inside or outside the project	Plantation of trees near project site or any other nearby projects	12,00,000		-	12,00,000
2. Community resource development					
Help of municipal authority for maintenance of already developed park in surrounding area.	Development of park	2,51,086		-	2,51,086
3. Natural resources augmentation					
Solar street light /led in nearby road side	12 @ Rs 25,000/ pieces	3,00,000	1,00,000	1,00,000	1,00,000
Total remediation cost (1+2+3)		17,51,086	2,00,000	2,00,000	12,26,605

Project Benefit: The proposed project makes a positive contribution to social infrastructure and over all residential development. The project also provides positive benefits such as employment for a significant number of persons; many of whom got employment from the residing community as well as surrounding area. Additionally, the cumulative effects of this type of development would result in noticeable economic benefits for the area.

- xiv. Under CER activities PP has proposed Rs. 95,78,000 up to three years for the following activities:

S.No.	Activity	Remark	Total Cost (INR)	1st Year (INR)	2nd Year (INR)	3rd Year (INR)
1	Donation in Nearby Hospitals for COVID care.	Consultation with nearby hospitals	40,00,000	20,00,000	20,00,000	
2	Water purification system in nearby Schools	50 cooler @ Rs. 35,000/ cooler	15,78,000	-		15,78,000
3	Plantation along with roads.	-	20,00,000	-		20,00,000
4	Solar Panels Installations		20,00,000		20,00,000	
		Total	95,78,000	20,00,000	40,00,000	35,78,000

(R.K. Sharma)
Member

(Rakesh K. Shrivastava)
Chairman

The submissions made by the PP were found to be satisfactory and acceptable hence It is decided to accept the recommendations of 461st SEAC meeting dtd. 29.09.2020 with special conditions and accord Environmental Clearance for the proposed "Group Housing project 'LUNAWAT COSMOS' at Village Bhat Kedi Taluka Mhow District Indore, (M.P.) Total plot area - 59,8420 sq.m. Total Built up Area – 59,8420 sq. m by Director, M/S Shri Sanjay Lunawat Bhatedi Village, Mhow Tehsil, Indore, (M.P.), subject to following specific conditions imposed by SEIAA:-

1. The fresh water supply arrangement should be met through Municipal Corporation, Indore (as per BMC letter dtd.01.09.20) and there should no extraction of ground water.
2. The inlet and outlet point of natural drain system should be maintained with adequate size of channel for ensuring unrestricted flow of water.
3. **Disposal of waste water.**
 - a. PP should ensure disposal of waste water arrangement should be done in such a manner that water supply sources are not impaired.
 - b. PP should ensure to linkage with Nagar Nigam Indore (letter dtd. 01.09.20) for sewer line for disposal of extra treated waste water.
 - c. The project not having provision for discharge of excess treated sewage cannot permit to start operation unless proper arrangements are put in place for its safe handling.
4. **Solid Waste Management:**
 - a. Separate wet and dry bins must be provided at the ground level for facilitating segregation of waste.
 - b. The solid waste generated should be properly collected and segregated. Wet garbage should be composted and dry inert solid waste should be disposed off to the approved sites for land filling after recovering recyclable material.
 - c. Ensure linkage with Municipal Corporation Indore (letter dtd.01.09.20) for final disposal of MSW.
5. PP should ensure building height, road width, front MOS and side / rear as per approved layout of T & CP.
6. **For firefighting:-**

PP should ensure distance of fire station approachable from the project site & provide fire fighting measures such as water sprinklers, fire hydrant pipe, Adequate firefighting requirement shall be taken into account while designing the electrical distribution system, Wet risers and hose reel, Adequate numbers of fire extinguishers, and underground water storage tank. properly as per NBC 2005.
7. **For Rain Water Harvesting, and Storm water management:-**

PP should ensure the rain water harvesting with 32 recharging pits and these pits should be connected laterally to consume the surplus runoff. In addition, PP should provide recharging trenches. The base of the trenches should be Kachha

(R.K. Sharma)
Member

(Rakesh K. Shrivastava)
Chairman

with pebbles. PP should also ensure to make arrangements for the flushing of first rain water to ensure that only clean water enters the recharge system.

8. Car Parking:-

PP has proposed total car parking car parking 804 ECS (Stilt- 492 ECS, Open - 312 ECS). The parking area should not be diverted for any other activities.

9. Green belt :-

PP should ensure plantation in an area of 5345.4 sq. mt. (10 % of net plot area) as a green belt by planting 5500 numbers of trees and landscaped area with regular maintenance and also explore the possibility to plant trees of indigenous local varieties like Ashok, Neem, Kusum, Amaltas, Kachnar, Kanchan, Champa, Amla etc.

10. PP should ensure to complete the activities listed under ecological remediation, Natural resource augmentation & community resource augmentation for a total amount of Rs. 17,51,086/- .

11. PP shall carry out the works assigned under ecological damage, natural resource augmentation and community resource augmentation within a stipulated period and submitted to same in MPSEIAA.

PP should ensure the implementation of CER activities to the extent of Rs. 95,78,000 up to three years for construction of community toilets, Water supply arrangement in school with Storage Tank & Plumbing System or contribution to Gram Panchayat under public water supply scheme & Distribution of Computer systems to the schools in consultation with district administration.

36. Case No 7477/2020: Environmental Clearance for proposed “Dream City” Multi Flatted Units at Khasra No. 63/1,81, 83, 84, 85, 86, 87, 88, 94, 99, Village Talwali chand Tehsil & Dist. Indore, M.P.) Total Plot Area- 28339.28 sq.m. Built up area – 42507.42 sq.m by M/s AMD Infrastructure Pvt. Ltd.& Sudhir Verma Associates Pvt. Ltd. through Mr. Sudhir Verma, Director, 32/2, New Palasia, Indore MP- 452005 E-mail:vusinghal@gmail.com Telephone No. 9300123074

1. This is case of Environment Clearance for Construction of Residential Multi Flatted Units "Dream City" (Total plot area-28338.28 Sq. Mt., Total Proposed Built-up Area - 42507.42 Sq. Mt.) at Village - Talawali Chand, Tehsil - Indore, Dist. Indore, (MP).The project proponent is M/s AMD & Sudhir Verma Associates Pvt. Ltd. through Director, Mr. Sudhir Verma.
2. The Co-ordinates of the project site are latitude 22° 48' 8.6"N and longitude 75° 54' 38.6"E
3. The Project comprises of Classic villa: 76 (3 BHK) ,Misrese: 54 (3 BHK). 3 BHK Flats: 24 No.s , 2 BHK Flats: 244 No.s 1 BHK Flats: 144 No.s
4. As per the approval of T & CP Indore (vide letter no. 7340 dtd 18.07.2008) the total land area of the project is 2.8338 ha., The total built up area proposed by PP is – 42507.42 sq. m. The project comes under 8 (a) category (B) of schedule of EIA

(R.K. Sharma)
Member

(Rakesh K. Shrivastava)
Chairman

Notification, 2006 as the total construction is between 20,000 sq.m & 1,50,000 sq.m.

5. The project is a case of violation on account of not securing prior environment clearance before starting the construction activities at site. The construction work was started at site and before the application was submitted to MPSEIAA for grant of prior environmental clearance.
6. PP stated that this is case of violation and 100% construction has been done and 100% occupancy has also been took place.
7. Committee considering the recent GoI, MoEF & CC Notification dated 8th March, 2018 recommends that case may be dealt as per the provisions laid down in this notification and the project may granted Terms of Reference for undertaking Environment Impact Assessment and preparation of Environment Management Plan on assessment of ecological damage, remediation plan and natural and community resource augmentation plan and it shall be prepared as a independent chapter in the EIA report by the accredited consultant and the collection and analysis of data for assessment of ecological damage, preparation of remediation plan and natural and community resource augmentation plan shall be done by an environmental laboratory accredited by the National Accreditation Board for Testing and Calibration Laboratories.
8. Application for ToR was submitted on 24th August 2020 and the presentation for ToR was made in 454th SEAC meeting dtd. 29th August 2020. PP has submitted the EIA report vide letter dated 21.09.2020 which was sent to SEAC vide letter no. 3275 dated 24.09.2020, which was placed before the committee.
9. The case was discussed in SEAC meetings 461st SEAC meeting dated 29.09.2020 and is recommended for grant of EC subject special conditions and submission of bank gurantee (BG) with 03 years validity of Rs. Rs.15,17,486 /- (equivalent to amount proposed in remediation and resource augmentation plan) with the MP Pollution control Board.
10. As per above recommendation PP has submitted BG amount of Rs. Rs.15,17,486 (equivalent to amount proposed in remediation and resource augmentation plan)
11. After submission of BG today the case was scheduled for presentation and recorded that:
 - i. Regarding land documents PP has submitted Rin Pustika No. 41305. As per the land documents the said land is the name of M/s AMD Infrastructure Pvt. Ltd. through Director Smt. Ranjanaw/o shri Vinay Modi. PP has also submitted an agreement dtd. 07.08.2020 executed between Sudhir Verma Associates Pvt. Ltd. through Mr. Sudhir Verma, Director & M/s AMD Infrastructure Pvt. Ltd. through Director Vikram Singh Baghela & Sudhir Verma Associates Pvt. Ltd. through Director, Mr. Sudhir Verma .For the development of the project

PP has also submitted Developers Contract Article dtd 03.10.2008 executed between M/s Sudhir Verma & Associates Pvt. Construction Ltd. through Director, Mr. Sudhir Verma and M/s Goyal Infra and Real City Pvt. Ltd. through Director Shri Shyam.
 - ii. Total water requirement for the entire project will be 375 KLD. Fresh water requirement will be 195 KLD and recycle water is 130 KLD. The source of fresh water is municipal water supply is available. PP has submitted letter dtd. 29.02.2018 issued by Nagar Nigam, Indore for water supply.

(R.K. Sharma)
Member

(Rakesh K. Shrivastava)
Chairman

- iii. The total 300 KLD waste water will be generated from the project which will be treated in the STP Capacity - 350 KLD based on MBBR based technology. The treated water 270 KLD available from STP shall be recycled/re-used for flushing & horticulture purpose. Extra treated water of 90.0 KLD will be drained to sewer line of BMC. **PP has submitted letter dtd. 29.02.2018 issued by Municipal Corporation, Indore for disposal of extra treated waste water.**
- iv. The Municipal Solid Waste approx. 1405 Kg/day this consist all types of wastes as domestic waste, Horticulture Waste, e- waste etc shall be generated. Generated Solid waste are being segregated & collected and temporarily stored at common solid waste collection center inside the project premises for having a capacity of 48 hour garbage storage, then picked up by hired waste management/ municipal agency for their treatment and disposal. The recyclable inorganic & e-waste wastes will be sold to authorized buyers and inert waste will be used for construction of road & pavement. Biodegradable segregated garden liter along with STP sludge will be transported to the compost site for bio composting and energy recovery. Hazardous waste (Spent/ Used Oil) & e-waste will be stored at separate place and handover to authorized dealers of CPCB. **PP has submitted letter dtd. 29.02.18 issued by Municipal Corporation, Indore for disposal of solid waste.**
- v. For rainwater harvesting, 06 recharge pits (06 pits – existing) will be constructed for harvesting rain water. The Mesh will be provided at the roof so that leaves or any other solid waste/debris will be prevented from entering the pit.
- vi. PP has proposed the maximum height of the building is 18m. PP has provided width of approach road 9.0 m, Front MOS 7.50 m and Rear 6.0
- vii. Total Power requirement of the project is 1675 KW. The power shall be supplied by Madhya Pradesh Madhya Kshetra Vidyut Vitran Company Limited. There is a provision of DG set with AMF Panel of 50 KVA in 4 capacities. The proponent has taken various energy conservation measures which include:
 - Window-wall ratio are balanced perfectly to achieve maximum daylight, no glare and minimum heat ingress
 - Regional and eco friendly materials were used. Aluminum used have recycled content.
 - Flyash based cement was used.
 - Public areas will be cooled by natural ventilation as opposed to air conditioning.
 - LEDs are being used for high efficiency in the common areas.
 - Maximization of use of natural lighting through building design.
 - Use of Solar Water Heating in group housing as per requirement.
 - Solar lighting has been provided in common areas & streets.
 - Sunscreen films on windows to reduce heating inside buildings

(R.K. Sharma)
Member

(Rakesh K. Shrivastava)
Chairman

- viii. For vehicles adequate space for smooth movement and parking shall be provided at the proposed site to avoid any congestion and idling state emissions. Roads for internal circulation having width of about 7.5m, 6m and 9m is provided within the complex for smooth circulation of the traffic. The entry/exit points have been marked on the layout plan. The project site is well connected to network of roads leading from various parts of the city.
- ix. Adequate provisions are made for car/vehicle parking for the Project. There are also adequate parking provisions for visitors so as not to disturb the traffic and allow smooth movement at the site. PP has proposed total car parking 667 ECS (Stilt- 255 ECS, ,Open-412 ECS)
- x. Adequate fire protection facilities will be installed including fire detectors, fire alarm and fire fighting system to guard the building against fires. All fire protection facilities will be designed as per the National Building Code given in 2005.
- Wet riser system
 - Internal fire hydrants strategically located to cover maximum area.
 - Fire pump, Sprinkler pump, Jockey pump
 - Sprinklers system
 - Two-way communication system.
 - External yard hydrants
 - Portable fire extinguishers
 - Addressable microprocessor based fire alarm and detection system
 - Smoke detectors above and below false ceiling spaced as per NFPA standards (500 Sft coverage per detector)
- xi. Total green area proposed for the project is 2830 sq. m. (10 % of net plot area) by planting 247 numbers of trees. The species were planted on site are Ashok, Neem, Kusum, Amaltas, Kachnar, Kanchan, Champa, Amla etc.
- xii. PP has submitted the remediation plan and natural community resource augmentation plan corresponding to the ecological damage assessed and economic benefits derived due to violation in the tune of suggested guidelines by the committee, with the supported by documentary proofs, such as bills, CA audit, certificates, photographs, prescribed various undertakings.
- xiii. PP has proposed Rs. 3,70,57,904 (Rs. 15,17,486 as Remediation Cost and Rs. 3,55,40,418 as EMP) for this project. PP has submitted bank guarantee of INR Rs. 15,17,486 towards Remediation Plan. As per recommendation of SEAC **it is decided to approved the remediation plan and bank guarantee of INR 15,17,486 /- towards Remediation Plan and Natural & Community Resource Augmentation Plan and send to MPPCB for further action.**
- xiv. PP has proposed to submit bank guarantee of INR 15,17,486 towards Remediation Plan and Natural & Community Resource Augmentation Plan with following expenditure:-

Activity	Remark	Total	First Year	Second	Third Year

Minutes of the 643rd Meeting of SEIAA dated 06.10.2020

		(INR)	(INR)	Year (INR)	(INR)
1. Environmental Management					
Plantation of trees along the roadside area inside or outside the project	Rooftop plantation will be preferred as suggested by the committee.	3,00,000		-	3,00,000
2. Community resource development					
Investment on protection plan for adjacent Nalla as suggested by the committee.	Development of park	10,00,000		5,00,000	5,00,000
3. Natural resources augmentation					
Construction of two more entry/ Exit gates as suggested in the last meeting.		2,17,486	2,17,486	1,00,000	1,00,000
Total remediation cost (1+2+3)		15,17,486	2,17,486	5,00,000	8,00,000

Project Benefit: The proposed project makes a positive contribution to social infrastructure and over all residential development. The project also provides positive benefits such as employment for a significant number of persons; many of whom got employment from the residing community as well as surrounding area. Additionally, the cumulative effects of this type of development would result in noticeable economic benefits for the area.

xv. Under CER activities PP has proposed Rs. 1.40 crore up to three years for the following activities:

S.No.	Activity	Remark	Total Cost (INR)	1st Year (INR)	2nd Year (INR)	3rd Year (INR)
1	Donation in Nearby Hospitals for COVID care.	Consultation with nearby hospitals	80,00,000	20,00,000	30,00,000	30,00,000
2	Water purification system in nearby Schools	50cooler @ Rs. 35,000/ cooler	17,50,000	-	2,50,000	15,00,000
3	Plantation along with roads.	-	22,50,000	-		22,50,000
4	Solar Panels Installations		20,00,000		20,00,000	
		Total	1,40,00,000	20,00,000	52,50,000	67,50,000

The submissions made by the PP were found to be satisfactory and acceptable hence It is decided to accept the recommendations of 461st SEAC meeting dtd. 29.09.2020 with special conditions and accord Environmental Clearance for the proposed “Dream City” Multi Flatted Units at Khasra No. 63/1,81, 83, 84,

85, 86, 87, 88, 94, 99, Village Talwali chand Tehsil & Dist. Indore, M.P.) Total Plot Area-28339.28 sq.m. Built up area – 42507.42 sq.m by M/s AMD & Sudhir Verma Associates Pvt. Ltd. through Mr. Sudhir Verma, Director, 32/2, New Palasia, Indore MP- 452005, subject to following specific conditions imposed by SEIAA:-

1. The fresh water supply arrangement should be met through Municipal Corporation, Indore (as per IMC letter dtd.29.02.18) and there should no extraction of ground water.
2. The inlet and outlet point of natural drain system should be maintained with adequate size of channel for ensuring unrestricted flow of water.
3. **Disposal of waste water.**
 - a. PP should ensure disposal of waste water arrangement should be done in such a manner that water supply sources are not impaired.
 - b. PP should ensure to linkage with Nagar Nigam Indore (letter dtd. 29.02.18) for sewer line for disposal of extra treated waste water.
 - c. The project not having provision for discharge of excess treated sewage cannot permit to start operation unless proper arrangements are put in place for its safe handling.
4. **Solid Waste Management:**
 - a. Separate wet and dry bins must be provided at the ground level for facilitating segregation of waste.
 - b. The solid waste generated should be properly collected and segregated. Wet garbage should be composted and dry inert solid waste should be disposed off to the approved sites for land filling after recovering recyclable material.
 - c. Ensure linkage with Municipal Corporation Indore (letter dtd.29.02.18) for final disposal of MSW.
5. PP should ensure building height, road width, front MOS and side / rear as per approved layout of T & CP.
6. **For firefighting:-**

PP should ensure distance of fire station approachable from the project site & provide fire fighting measures such as water sprinklers, fire hydrant pipe, Adequate firefighting requirement shall be taken into account while designing the electrical distribution system, Wet risers and hose reel, Adequate numbers of fire extinguishers, and underground water storage tank. properly as per NBC 2005.
7. **For Rain Water Harvesting, and Storm water management:-**

PP should ensure the rain water harvesting with 06 recharging pits and these pits should be connected laterally to consume the surplus runoff. In addition, PP should provide recharging trenches. The base of the trenches should be Kachha with pebbles. PP should also ensure to make arrangements for the flushing of first rain water to ensure that only clean water enters the recharge system.
8. **Car Parking:-**

(R.K. Sharma)
Member

(Rakesh K. Shrivastava)
Chairman

PP has proposed total car parking 667 ECS (Stilt- 255 ECS, Open- 412 ECS) The parking area should not be diverted for any other activities.

9. Green belt :-

PP should ensure plantation in an area of 2830 sq. m. (10 % of net plot area) by planting 247 numbers of trees as a green belt and landscaped area with regular maintenance and also explore the possibility to plant trees of indigenous local varieties like Ashok, Neem, Kusum, Amaltas, Kachnar, Kanchan, Champa, Amla etc.

10. PP should ensure to complete the activities listed under ecological remediation, Natural resource augmentation & community resource augmentation for a total amount of Rs. 15,17,486/- .

11. PP shall carry out the works assigned under ecological damage, natural resource augmentation and community resource augmentation within a stipulated period and submitted to same in MPSEIAA.

12. PP should ensure the implementation of CER activities to the extent of Rs. 1.40 crore up to three years for construction of community toilets, Water supply arrangement in school with Storage Tank & Plumbing System or contribution to Gram Panchayat under public water supply scheme & Distribution of Computer systems to the schools in consultation with district administration.

37. Case No. 7495/2020: Prior Environmental Clearance for proposed plotted development and group housing project "Treasure Town and Vihar" at Village- Bijalpur District & Tehsil – Indore (M.P.) Total Plot Area- 3,60,120 sq.m. Built up area – 3, 73,152 sq.m by M/s IndoreTresure Town Pvt.Ltd. through Authorised Signatory, Bijalpur District & Tehsil – Indore (M.P.) E-mail:ittpl2006@gmail.com Telephone No. 0731-4203010

After recommendation of 461st SEAC meeting dated 29.09.2020 today the case was scheduled for the presentation however PP has requested that due to unavoidable circumstances, they are unable to come for presentation and be given another chance. On the request of PP it is decided that, the case is deferred to next upcoming meeting of SEIAA.

38. Case No 6248/2019- Prior Environmental Clearance for Stone Deposit Opencast Manual / Semi Mechanized Method) in an area of 1.254 ha. for production capacity of 19,987 cum/ year at Khasra No. 1022/1 at Village - Kheda, Tehsil - Dhar, Dist. Dhar (MP) by Shri Ramnarayan Mukati S/o Shri Bhanwar Singh Mukati, Village - Kheda, Tehsil & Dist. Dhar, MP.

1. This is a project pertaining to mining of Stone Deposit in MLA of 1.254 ha The activity is mentioned at S.No. 1 (a) of the Schedule of EIA Notification 2006 as amended from time to time. The project is reported to be at a distance of more than 10 km from National park and sanctuary etc. thus it is not attracted by the general conditions and considered under category 'B-1" by virtue of its location and mining lease area. The case was forwarded by SEIAA to SEAC for appraisal of EIA for environment clearance for the project. It was submitted that this is a proposed mine with production capacity of 19,987 cum/ year.
2. It was noted that PP has submitted a copy of approved Mining Plan, DSR report, information in the lease's within 500 meters radius around the site and other

(R.K. Sharma)
Member

(Rakesh K. Shrivastava)
Chairman

requisite information in the prescribed format duly verified in the Collector Office letter No. 1171 dated: 12/06/17 has reported that there is 07 more mine operating or proposed within 500 meters around the said mine with total area of 15.778 ha., including this mine

3. SEAC in its 461st SEAC meeting dtd 29.09.2020 has recommended the case with 37 special conditions for issuance of EC.
4. The proposed plantation programme was examined and it was found that 1505 sapling of tree species shall be covered under plantation.
5. It was noted that as per Divisional Forest Officer, Letter no. 5270 dtd. 21.11.2017, the National Park/Sanctuary are not located within 10 Km., radius from the mining site. Hence, the General Conditions are not attracted.
6. It was noted that the water requirement is 5 KLD (3.75 KLD for Dust Suppression + 0. 5 KLD for Domestic + 0.75 KLD for Green Belt) which shall be met from Tanker
7. It was also noted that the Public Hearing was carried out on 22.08.2020 at Village - Kheda, Tehsil - Dhar, Dist. Dhar under Chairmanship of Upper Collector, Dhar..

After detailed discussions and perusal of recommendations of 461st SEAC meeting dated 29.09.2020, presentation made by the PP in SEIAA, it was decided to accept the recommendation of SEAC for grant of prior EC to the project subject to the following specific conditions:-

- I. Before commencing any mining activity fencing shall be carried out all around the lease area. Proper watch and ward arrangements should be made with installation of signage at 4 corners of lease area to avoid any untoward incident involving public and animals by the PP.
- II. PP shall not start mining activity before execution of lease agreement.
- III. The depth of the pit shall be as per the Approved Mining Plan.
- IV. The entire area shall be fenced and three rows of plantation should be done on the periphery of the boundary
- V. PP shall ensure that the proper water supply arrangements for dust suppression, regular sprinkling, plantation and drinking purposes especially in summer season.
- VI. PP shall ensure to construct and maintained the approach road. Plantation will be carried out on both side of approach road.
- VII. PP shall ensure to construct garland drain with settling tank all around the lease area and regular cleaning & maintenance shall also be carried out by PP
- VIII. PP shall ensure proper implementation of plantation, dust suppression, construction of approach road and maintenance of existing road & as part of Environmental Management Plan. Additional budget provision shall be made as part of EMP.
- IX. Total 1505 saplings of suitable tree species i.e. Neem, Pipal, Bargad, Mango, Amla, Amaltas, Drumstick etc. shall be planted by PP at Mine lease boundary and in Khasra No. 5 covered under plantation programme. PP shall also

(R.K. Sharma)
Member

(Rakesh K. Shrivastava)
Chairman

explore and identify the chunk of land in the area from revenue record to carry out plantation programme as proposed

- X. PP must ensure implementation of the following activities with separate budget provision of Rs 3.0 lakh under CER.

1st year:

- Distribution of mask and hand sanitizer at village Kheda (Rs.10,000)
- Development of grazing land (Rs.10,000)
- Installation a hand pump at village common area (Rs.40,000)

2nd year to 5th Year (Rs.2,40,000):

- Contribution in construction of boundary wall at Middle school and village school of village Kheda

PP shall ensure to construct toilet with proper plumbing in the school of above village and contribute on behalf of village in Jal Jeewan Mission in consultation with Janpad Panchayat and PHED. PP shall give preference to develop/provide infrastructural facilities in schools or anganwadies of above villages. The modification to the above activities can be made with the permission of the district administration and need based activity for the development of nearby villages shall be implemented by PP in consultation with the District Collector and Gram Panchayat.

- XI. PP should ensure to submit half yearly compliance report and CSR activity report with photographs of plantation in MP-SEIAA. If PP is failed to upload or submit two consecutive half yearly compliance reports of EC conditions to concerned authority (SEIAA and Regional Office, MoEF&CC, GoI, Bhopal) than prior environmental clearance issued to PP will automatically be treated as cancelled/ revoked as per OM No. 930/SEIAA/2019 dated 30.05.2019 issued by MPSEIAA.

Hence, Prior Environmental Clearance is granted for Murrum Deposit (Opencast Manual / Semi Mechanized Method) in an area of 1.254 ha. for production capacity of 80,000 cum/ year at Khasra No. 1022/1 at Village - Kheda, Tehsil - Dhar, Dist. Dhar (MP) for the lease period to Shri Shivnarayan Mukati S/o Shree Bhanwar Singh Mukati, Village - Kheda, Tehsil & Dist. Dhar

39. Case No. – 6244/2019- Prior Environmental Clearance for Murrum Deposit (Opencast Manual / Semi Mechanized Method) in an area of 1.254 ha. for production capacity of 80,000 cum/ year at Khasra No. 1022/1 at Village - Kheda, Tehsil - Dhar, Dist. Dhar (MP) by Shri Shivnarayan Mukati S/o Shree Bhanwar Singh Mukati, Village - Kheda, Tehsil & Dist. Dhar,.

1. This is a project pertaining to mining of Murrum Deposit in MLA of 1.254 ha. The activity is mentioned at S.No. 1 (a) of the Schedule of EIA Notification 2006 as amended from time to time. The project is reported to be at a distance of more than 10 km from National park and sanctuary etc. thus it is not attracted by the general conditions and considered under category 'B-1' by virtue of its location and mining lease area. The case was forwarded by SEIAA to SEAC for appraisal

Environmental Management Plan. Additional budget provision shall be made as part of EMP.

- X. Total 1450 saplings of suitable tree species i.e. Neem, Pipal, Bargad, Mango, Amla, Amaltas, Drumstick etc. shall be planted by PP at Mine lease boundary and In Khasrs no. 5 covered under plantation programme. PP shall also explore and identify the chunk of land in the area from revenue record to carry out plantation programme as proposed
- XI. PP must ensure implementation of the following activities with separate budget provision of Rs 3.0 lakh under CER.

1st year:

- Distribution of mask and hand sanitizer at village Jamodi (Rs.10,000)
- Development of grazing land (Rs.10,000)
- Installation of R.O with 2000L overhead tank at schools village Kheda (Rs.40,000)

2nd year to 5th Year (Rs.2,40,000):

- Construction of separate toilets for boys & girls at Govt. School, Village Bicholi & Jamodi
- Installation of R.O with 2000L overhead tank at schools village Jamodi
- Contribution for construction of boundary wall

PP shall ensure to construct toilet with proper plumbing in the school of above village and contribute on behalf of village in Jal Jeewan Mission in consultation with Janpad Panchayat and PHED. PP shall give preference to develop/provide infrastructural facilities in schools or aganwadies of above villages The modification to the above activities can be made with the permission of the district administration and need based activity for the development of nearby villages shall be implemented by PP in consultation with the District Collector and Gram Panchayat

- XII. PP should ensure to submit half yearly compliance report and CSR activity report with photographs of plantation in MP-SEIAA. If PP is failed to upload or submit two consecutive half yearly compliance reports of EC conditions to concerned authority (SEIAA and Regional Office, MoEF&CC,Gol,Bhopal) than prior environmental clearance issued to PP will automatically be treated as cancelled/ revoked as per OM No. 930/SEIAA/2019 dated 30.05.2019 issued by MPSEIAA.

Hence, Prior Environmental Clearance is granted for Murrum Deposit (Opencast Manual / Semi Mechanized Method) in an area of 1.254 ha. for production capacity of 80,000 cum/ year at Khasra No. 1022/1 at Village - Kheda, Tehsil - Dhar, Dist. Dhar (MP) for the lease period to Shri Shivnarayan Mukati S/o Shree Bhanwar Singh Mukati, Village - Kheda, Tehsil & Dist. Dhar.

- 40. Case No 6249/2019** -Prior Environmental Clearance for Stone Deposit Opencast Manual / Semi Mechanized Method) in an area of 1.262 ha. for production capacity of 20,204 cum/ year at Khasra No. 225/1 at Village - Jamodi, Tehsil - Dhar, Dist. Dhar

- ix. PP must ensure implementation of the following activities with separate budget provision of total Rs. 50,000/- under CER as committed:

a) Village – Reruakala:

- ❖ COVID-19 awareness program.
- ❖ Development of grazing land at village Reruakala.
- ❖ Installation of Handpump and arrangement of overhead tank (750liter) with water pump (0.5HP)) for drinking water facility at Reruakala middle school.
- ❖ To make Pucca Chabutra at village Reruakala.

PP shall ensure to construct toilet with proper plumbing in the school of above village and contribute on behalf of village in Jal Jeewan Mission in consultation with Janpad Panchayat and PHED. PP shall give preference to develop/provide infrastructural facilities in schools or aanganwadies of above villages. The modification to the above activities can be made with the permission of the district administration and need based activity for the development of nearby villages shall be implemented by PP in consultation with the District Collector and Gram Panchayat.

- x. PP should ensure to submit half yearly compliance report, Plantation and CER activity report along with photographs of all activities in MP-SEIAA. If PP is failed to upload or submit two consecutive half yearly compliance reports of EC conditions to concerned authority (SEIAA and Regional Office, MoEF&CC, GoI, Bhopal) than prior environmental clearance issued to PP will automatically be treated as cancelled/ revoked as per OM No. 930/SEIAA/2019 dated 30.05.2019 issued by MPSEIAA.

Hence, Prior Environmental Clearance is granted for Stone Quarry (opencast manual/semi mechanized method) in an area of 1.286 ha. (4000 cum per annum) (Khasra No. 119/2, 123/2, 127/2), Village - Reruakala, Tehsil - Nagod, Dist. - Satna (MP) for the lease period to Shri Lokendra Singh Parihar S/o Shri Yadvendra Singh Parihar, R/o Purani Basti, Vilage - Kachnar, Tehsil - Nagod, Dist. - Satna, MP - 485001, Email - lokendraec066@gmail.com, Mobile - 9993919061.

- 42. Case No. 7699/2020;** Prior Environmental Clearance for Sand Quarry in an area of 4 ha. for production capacity of 39,600 cum per annum at Khasra No. 685 at Village - Kamta, Tehsil - Jaitpur, Dist. Shahdol, (MP) by M/s Vanshika Construction, Authorized Person, Shri RamlalJhariya, DeoriRajmarg, Dist. Narsinghpur, MP - 487661

This case was recommended in 462nd SEAC dated 30/9/2020 it was recorded that.....

"----- PP has submitted the response of above quarries same date vide letter dated 30.09.2020, which was placed before the committee and the same found satisfactory. Committee observed that even after deducting the volume of sand in the submerged area, the sanctioned volume of sand can be evacuated from the available dry area as per the revised plan submitted by PP. The mining

shall be done as per the approved mine plan by concerned DGMs. The EMP and other submissions made by the PP were found to be satisfactory and acceptable, hence committee decided to recommend the case for grant of prior EC subject to the following special conditions in addition to the standard conditions at annexure 'B':

PP/Consultant made a presentation on all concerned issues were discussed in detail. After detailed discussions and perusal of recommendations of 462nd SEAC meeting dated 30/9/2020 presentation made by the PP in SEIAA, it was decided to accept the recommendation of SEAC for grant of prior EC to the project subject to the following specific conditions:-

- I. PP shall not start mining activity before execution of lease agreement.
- II. The production capacity shall be limited to the quantity as recommended by SEAC.
- III. No ramp will be allowed within the river basin to transport sand to the other bank. Transportation will be allowed on the bank side where the mineral is being excavated.
- IV. The entire lease area should be properly fenced and boundary stones marked at the site.
- V. No in-stream mining shall be allowed. The local authorities should ensure that the mining activity is confined only in the dry portion where sand is exposed.
- VI. The depth of the pit shall be as per Approved Mining Plan.
- VII. No transportation shall be permitted within the village.
- VIII. Alternate transportation route should be decided in consultation with the local Gram Panchayat.
- IX. Total 4800 saplings of suitable tree species i.e. Neem, Pipal, Bargad, Gulmohar, Amla etc. shall be planted in nearby Khasra by PP under plantation programme in consultation with DM at identified revenue land of the district. PP shall also explore and identify the chunk of land in the area from revenue record to carry out plantation programme as proposed.
- X. Over loading will be strictly prohibited.
- XI. Water sprinkling will be done on the approach road on the regular basis.
- XII. PP must ensure the implementation of following activities with separate budget provision of total Rs. 3.0 Lakh under CER:
 - a. 1st Year: COVID related activity
 - b. 2nd Year : Grazing land development

- iii. No ramp will be allowed within the river basin to transport sand to the other bank. Transportation will be allowed on the bank side where the mineral is being excavated.
- iv. The entire lease area should be properly fenced and boundary stones marked at the site.
- v. No in-stream mining shall be allowed. The local authorities should ensure that the mining activity is confined only in the dry portion where sand is exposed.
- vi. The depth of the pit shall be as per Approved Mining Plan.
- vii. No transportation shall be permitted within the village.
- viii. Alternate transportation route should be decided in consultation with the local Gram Panchayat.
- ix. Total 4800 saplings of suitable tree species i.e. Neem, Pipal, Bargad, Gulmohar, Amla etc. shall be planted in nearby Khasra No. 1310, of Village – Sitapur, Tehsil - Anuppur, District - Anuppur MP by PP in three years under plantation programme in consultation with DM at identified revenue land of the district. PP shall also explore and identify the chunk of land in the area from revenue record to carry out plantation programme as proposed.
- x. Over loading will be strictly prohibited.
- xi. Water sprinkling will be done on the approach road on the regular basis.
- xii. PP must ensure the implementation of following activities with separate budget provision of total Rs. 1.0 Lakh under CER:

Village Name-Sitapur

- COVID-19 awareness program.
- Development of grazing land at village Sitapur.
- Maintenance of boundary wall at Primary School Sitapur.
- Maintenance of classroom at Primary School Sitapur.

PP shall ensure to construct toilet with proper plumbing in the school of above village and contribute on behalf of village in Jal Jeewan Mission in consultation with Janpad Panchayat and PHED. PP shall give preference to develop/provide infrastructural facilities in schools or anganwadies of above villages. The modification to the above activities can be made with the permission of the district administration and need based activity for the development of nearby villages shall be implemented by PP in consultation with the District Collector and Gram Panchayat.

The EMP and other submissions made by the PP were found to be satisfactory and acceptable, hence committee decided to recommend the case for grant of prior EC subject to the following special conditions in addition to the standard conditions at annexure 'B':

PP/Consultant made a presentation on all aspects of the project and all concerned issues were discussed in detail. After detailed discussions and perusal of recommendations of 462nd SEAC meeting dated 30.09.2020, presentation made by the PP in SEIAA, it was decided to accept the recommendation of SEAC for grant of prior EC to the project subject to the following specific conditions:-

- I. PP shall not start mining activity before execution of lease agreement.
- II. The production capacity shall be limited to the quantity as recommended by SEAC.
- III. No ramp will be allowed within the river basin to transport sand to the other bank. Transportation will be allowed on the bank side where the mineral is being excavated.
- IV. The entire lease area should be properly fenced and boundary stones marked at the site.
- V. No in-stream mining shall be allowed. The local authorities should ensure that the mining activity is confined only in the dry portion where sand is exposed.
- VI. The depth of the pit shall be as per Approved Mining Plan.
- VII. No transportation shall be permitted within the village.
- VIII. Alternate transportation route should be decided in consultation with the local Gram Panchayat.
- IX. Total 4200 saplings of suitable tree species i.e. Neem, Pipal, Bargad, Mango, Gulmohar, Sissoo, Guava, etc. shall be planted by PP in first two years under plantation programme at river bank and approach road in consultation with Gram Panchayat/ DM. PP shall also explore and identify the chunk of land in the area from revenue record to carry out plantation programme as proposed.
- X. Over loading will be strictly prohibited.
- XI. Water sprinkling will be done on the approach road on the regular basis.
- XII. PP must ensure the implementation of following activities with separate budget provision of Total Rs. 2.40 lakhs @ Rs. 80,000/ per year under CER as committed:

(R.K. Sharma)

Chairman

a) 1st Year:

- ❖ Overhead Water tank with water filter will be provided at Pareghat Primary School.
- ❖ To provide Swings & Slides at Village School.
- ❖ Tiling Work at Village School Classroom.

b) 2nd Year:

- ❖ Construction of Boundary wall around Pareghat Village Primary School campus.

PP shall ensure to construct toilet with proper plumbing in the school of above village and contribute on behalf of village in Jal Jeewan Mission in consultation with Janpad Panchayat and PHED. PP shall give preference to develop/provide infrastructural facilities in schools or aanganwadies of above villages. The modification to the above activities can be made with the permission of the district administration and need based activity for the development of nearby villages shall be implemented by PP in consultation with the District Collector and Gram Panchayat.

- XIII. PP should ensure to submit half yearly compliance report, Plantation and CER activity report along with photographs of all activities in MP-SEIAA. If PP is failed to upload or submit two consecutive half yearly compliance reports of EC conditions to concerned authority (SEIAA and Regional Office, MoEF&CC, Gol, Bhopal) than prior environmental clearance issued to PP will automatically be treated as cancelled/ revoked as per OM No. 930/SEIAA/2019 dated 30.05.2019 issued by MPSEIAA.

Hence, Prior Environmental Clearance is granted for Sand Quarry in an area of 3.50 ha. (23100 cum per annum) (Khasra No. 180), Village - Pareghat-01, Tehsil - Sausar, Dist. - Chindwara (MP) for the lease period to Shri Shishir Khandar, Samashish Bhavan, 18, Malik Complex, Tenament Hotel, Airport Center Plient, Somalwada, Wardha Road, Dist. - Nagpur, Mah. 440025, Email – shishirsandcwa@gmail.com, Mobile – 9407055948.

- 62. Case No. 7825/20** Prior Environmental Clearance for **Sand Quarry** in an area of 3.0 ha. (30000 cum per annum) (Khasra No. 184), Village - Sangam-1, Tehsil - Sausar, Dist. - Chindwara (MP) by Shri Shishir Khandar, Samashish Bhavan, 18, Malik Complex, Tenament Hotel, Airport Center Plient, Somalwada, Wardha Road, Dist. Nagpur, Mah. 440025, Email – shishirsandcwa@gmail.com, Mobile – 9407055948.

This case was recommended in 462nd SEAC meeting dated 30.09.2020 and it was recorded that.....

“-----PP has submitted the response of above quarries same date vide letter dated 30.09.2020, which was placed before the committee and the same found satisfactory. The mining shall be done as per the approved mine plan by concerned DGMs. The EMP and other submissions made by the PP were found to be satisfactory and acceptable, hence committee decided to recommend the case for grant of prior EC subject to the following special conditions in addition to the standard conditions at annexure 'B':

PP/Consultant made a presentation on all aspects of the project and all concerned issues were discussed in detail. After detailed discussions and perusal of

Director, Shri Shashank Singh, Flat No. 101, Virendra Vilas, Patel Nagar, City Centre, Dist. Gwalior, MP – 477001.

This case was recommended in 462nd SEAC dated 30/9/2020 it was recorded that.....

"----- The case was presented by the PP and their consultant wherein it was observed by the committee that a habitat area is located on the eastern side of the lease which approx. 650 meters away. The EMP and other submissions made by the PP were found to be satisfactory and acceptable, hence committee decided to recommend the case for grant of prior EC subject to the following special conditions in addition to the standard conditions at annexure 'A':

PP/Consultant made a presentation on all concerned issues were discussed in detail. After detailed discussions and perusal of recommendations of 462nd SEAC meeting dated 30.09.2020, presentation made by the PP in SEIAA, it was decided to accept the recommendation of SEAC for grant of prior EC to the project subject to the following specific conditions:-

- I. Before commencing any mining activity fencing shall be carried out all around the lease area. Proper watch and ward arrangements should be made with installation of signage at 4 corners of lease area to avoid any untoward incident involving public and animals by the PP.
- II. PP shall not start mining activity before execution of lease agreement.
- III. The depth of the pit shall be as per the Approved Mining Plan.
- IV. The entire area shall be fenced and three rows of plantation should be done on the periphery of the boundary.
- V. PP shall ensure the proper water supply arrangements for dust suppression, regular sprinkling, plantation and drinking purposes especially in summer season.
- VI. Total 3500 saplings of suitable tree species i.e. Neem, Pipal, Bargad, Gulmohar Amla etc. shall be planted in nearby Khasra No. -585,431,547 of Village –Dirman, Tehsil - Gohad, Dist. Bhind MP by PP in first year under plantation programme in consultation with DM at identified revenue land of the district. PP shall also explore and identify the chunk of land in the area from revenue record to carry out plantation programme as proposed.
- VII. PP shall ensure proper implementation of plantation, dust suppression, construction of approach road and maintenance of existing pakka road as part of Environmental Management Plan. Additional budget provision shall be made as part of EMP.
- VIII. PP must ensure implementation of the following activities with separate budget provision of total Rs 10.0 Lakh under CER:

Village Name: Dimran

(R.K. Sharma)
Member

(Rakesh K. Shrivastava)
Chairman

- Distribution of mask, sanitizer (In 1st year) .
- Preparation of grazing land. (In 1st year) .
- Construction of 2 classrooms with smart classes and providing 4 computer system in Govt. Middle school Dimran.
- Repairing of walls and Whitewash Development of Play Ground with swings in Govt. Middle school Dimran.
- Contribution for Jal Jeewan Mission to janpad panchayat Dimran.

PP shall ensure to construct toilet with proper plumbing in the school of above village and contribute on behalf of village in Jal Jeewan Mission in consultation with Janpad Panchayat and PHED. PP shall give preference to develop/provide infrastructural facilities in schools or aanganwadies of above villages. The modification to the above activities can be made with the permission of the district administration and need based activity for the development of nearby villages shall be implemented by PP in consultation with the District Collector and Gram Panchayat.

- IX. PP should ensure to submit half yearly compliance report, Plantation and CER activity report along with photographs of all activities in MP-SEIAA. If PP is failed to upload or submit two consecutive half yearly compliance reports of EC conditions to concerned authority (SEIAA and Regional Office, MoEF&CC, Gol, Bhopal) than prior environmental clearance issued to PP will automatically be treated as cancelled/ revoked as per OM No. 930/SEIAA/2019 dated 30.05.2019 issued by MPSEIAA..

Hence, Prior Environmental Clearance is granted for Stone Quarry (Opencast Manual/Semi Mechanized Method) in an area of 2.850 ha. for production capacity of 123479 cum per annum at Khasra No. 312/2, 440, 439, 438, 437, 441 at Village - Dirman, Tehsil - Gohad, Dist. Bhind, (MP) for the lease period to M/s Arcon Mines and Minerals LLP, Director, Shri Shashank Singh, Flat No. 101, Virendra Vilas, Patel Nagar, City Centre, Dist. Gwalior, MP – 477001.

- 65. Case No. 6453/2019-** . Prior Environmental Clearance for Stone Deposit (Opencast Manual / Semi Mechanized Method) in an area of 2.00 ha. for production capacity of 9,500 cum/ year at Khasra No. 1384/2 at Village - Salkanpur, Tehsil - Dhar, Dist. Dhar (MP) by Shri Praveen Kumar Jain, Village - Nalcha, Tehsil & Dist. Dhar, MP – 454010.

1. This is a project pertaining to mining of Stone Deposit in MLA of 2.0 ha The activity is mentioned at S.No. 1 (a) of the Schedule of EIA Notification 2006 as amended from time to time. The project is reported to be at a distance of more than 10 km from National park and sanctuary etc. thus it is not attracted by the general conditions and considered under category 'B-1' by virtue of its location and mining lease area. The case was forwarded by SEIAA to SEAC for appraisal of EIA for environment clearance for the project. It was submitted that this is a proposed mine with production capacity of 9,500 cum/ year.

(R.K. Sharma)

2. It was noted that PP has submitted a copy of approved Mining Plan, DSR report, information in the lease's within 500 meters radius around the site and other requisite information in the prescribed format duly verified in the Collector Office letter No. A189 dated: 08/02/19 has reported that there are 07 more mines operating or proposed within 500 meters around the said mine with total area of 17.90 ha including this mine .
3. SEAC in its 463 rd SEAC meeting dtd 01.10.2020 has recommended the case with 37 special conditions for issuance of EC.
4. The proposed plantation programme was examined and it was found that 2400 sapling of tree species shall be covered under plantation.
5. It was noted that as per Divisional Forest Officer, Letter no. 4692 dtd. 25.09.2017, the National Park/Sanctuary are not located within 10 Km., radius from the mining site. Hence, the General Conditions are not attracted.
6. It was noted that the water requirement is 4.5 KLD (3.0 KLD for Dust Suppression + 0.3 KLD for Domestic + 1.2 KLD for Green Belt) which shall be met from Tanker
7. It was also noted that the Public Hearing was carried out on 15.09.2020 at near mine site at Village - Salkanpur, Tehsil - Dhar, Dist. Dhar under Chairmanship of Additional District Collectorate , Dhar.

After detailed discussions and perusal of recommendations of 463 SEAC meeting dated 01.10.2020, presentation made by the PP in SEIAA, it was decided to accept the recommendation of SEAC for grant of prior EC to the project subject to the following specific conditions:-

- I. Before commencing any mining activity fencing shall be carried out all around the lease area. Proper watch and ward arrangements should be made with installation of signage at 4 corners of lease area to avoid any untoward incident involving public and animals by the PP.
- II. PP shall not start mining activity before execution of lease agreement.
- III. The depth of the pit shall be as per the Approved Mining Plan.
- IV. The entire area shall be fenced and three rows of plantation should be done on the periphery of the boundary and in barrier zone and given the provision of garland drain & settling tank to protect the dam.
- V. PP shall ensure that the proper water supply arrangements for dust suppression, regular sprinkling, plantation and drinking purposes especially in summer season.
- VI. PP shall ensure to construct garland drain with settling tank all around the lease area and regular cleaning & maintenance shall also be carried out by PP
- VII. PP shall ensure proper implementation of plantation, dust suppression, construction of approach road and maintenance of existing road & as part of Environmental Management Plan. PP shall also raise plantation on the lease boundary towards nallah. Additional budget provision shall be made as part of EMP.
- VIII. Total 2400 saplings of suitable tree species i.e. Neem, Pipal, Bargad, Mango, Amla, Amaltas, Drumstick etc. shall be planted by PP in mine lease boundary

(R.K. Sharma)
Member

(Rakesh K. Shrivastava)

,in Khasra no. 1302,Dribbling of Prosopis seed in trench soil of excavated garland drain under plantation programme. PP shall also explore and identify the chunk of land in the area from revenue record to carry out plantation programme as proposed

- IX. PP must ensure implementation of the following activities with separate budget provision of Rs 2.50 lakh under CER.

1st year:

- Distribution of Mask and Hand Sanitizer of village people (Rs. 10,000)
- Development of grazing land. (Rs. 10,000)
- Contribution in levelling of play ground in Govt. School, Salkanpur (Rs. 10,000)

2nd Year-5th Year (Rs. 2,10,000):

- Construction of boundary wall of Govt. School, village Salkanpur.

PP shall ensure to construct toilet with proper plumbing in the school of above village and contribute on behalf of village in Jal Jeewan Mission in consultation with Janpad Panchayat and PHED. PP shall give preference to develop/provide infrastructural facilities in schools or aganwadies of above villages The modification to the above activities can be made with the permission of the district administration and need based activity for the development of nearby villages shall be implemented by PP in consultation with the District Collector and Gram Panchayat

- X. PP should ensure to submit half yearly compliance report and CSR activity report with photographs of plantation in MP-SEIAA. If PP is failed to upload or submit two consecutive half yearly compliance reports of EC conditions to concerned authority (SEIAA and Regional Office, MoEF&CC,GoI,Bhopal) than prior environmental clearance issued to PP will automatically be treated as cancelled/ revoked as per OM No. 930/SEIAA/2019 dated 30.05.2019 issued by MPSEIAA.

Hence, Prior Environmental Clearance is granted for Stone Deposit (Opencast Manual / Semi Mechanized Method) in an area of 2.00 ha. for production capacity of 9,500 cum/ year at Khasra No. 1384/2 at Village - Salkanpur, Tehsil - Dhar, Dist. Dhar (MP) for the lease period to Shri Praveen Kumar Jain, Village - Nalcha, Tehsil & Dist. Dhar, MP – 454010.

- 66. Case No. 6130/2019** - Prior Environmental Clearance for Stone Quarry (Opencast Manual / Semi Mechanized Method) in an area of 2.00 ha. for production capacity of 12,610 cum/ year at Khasra No. 1/1 at Village - Nindwaniya, Tehsil - Badnawar, Dist. Dhar (MP). by Shri Ajay Patidar, Village - Jalokheta, Tehsil - Badnawar, Dist. Dhar, MP – 454660.

1. This is a project pertaining to mining of Stone Quarry in MLA of 2.0 ha The activity is mentioned at S.No. 1 (a) of the Schedule of EIA Notification 2006 as amended from time to time. The project is reported to be at a distance of more than 10 km from National park and sanctuary etc. thus it is not attracted by the

general conditions and considered under category 'B-1' by virtue of its location and mining lease area. The case was forwarded by SEIAA to SEAC for appraisal of EIA for environment clearance for the project. It was submitted that this is a proposed mine with production capacity of 12,610 cum/ year.

2. It was noted that PP has submitted a copy of approved Mining Plan, DSR report, information in the lease's within 500 meters radius around the site and other requisite information in the prescribed format duly verified in the Collector Office letter No. 726 dated: 11/04/2018 has reported that there are 03 more mines operating or proposed within 500 meters around the said mine with total area of 8.00 ha., including this mine.
3. SEAC in its 463rd SEAC meeting dtd 01.10.2020 has recommended the case with 37 special conditions for issuance of EC.
4. The proposed plantation programme was examined and it was found that 2400 sapling of tree species shall be covered under plantation.
5. It was noted that as per Divisional Forest Officer, Letter no. 4605 dtd. 21.09.2017, the National Park/Sanctuary are not located within 10 Km., radius from the mining site. Hence, the General Conditions are not attracted.
6. It was noted that the water requirement is 2KLD (1 KLD for Dust Suppression + 0.5 KLD for Domestic + 0.5 KLD for Green Belt) which shall be met from Tanke
7. It was also noted that the Public Hearing was carried out on 01.08.2020 at Village - Nindwaniya, Tehsil - Badnawar, Dist. Dhar under Chairmanship of Upper Collector, Dhar.

After detailed discussions and perusal of recommendations of 463rd SEAC meeting dated 01.10.2020, presentation made by the PP in SEIAA, it was decided to accept the recommendation of SEAC for grant of prior EC to the project subject to the following specific conditions:-

- I. Before commencing any mining activity fencing shall be carried out all around the lease area. Proper watch and ward arrangements should be made with installation of signage at 4 corners of lease area to avoid any untoward incident involving public and animals by the PP.
- II. PP shall not start mining activity before execution of lease agreement.
- III. The depth of the pit shall be as per the Approved Mining Plan.
- IV. The entire area shall be fenced and three rows of plantation should be done on the periphery of the boundary and in barrier zone and given the provision of garland drain & settling tank to protect the natural drain
- V. PP shall ensure that the proper water supply arrangements for dust suppression, regular sprinkling, plantation and drinking purposes especially in summer season.
- VI. PP shall ensure to construct and maintained the approach road. Plantation will be carried out on both side of approach road.
- VII. PP shall left 20 m set back from nallah and raise plantation on lease boundary.
- VIII. PP shall ensure proper implementation of plantation, dust suppression, construction of approach road and maintenance of existing road & as part of

(R.K. Sharma)

Chairman

Environmental Management Plan. Additional budget provision shall be made as part of EMP.

- IX. Total 2400 saplings of suitable tree species i.e. Neem, Pipal, Bargad, Mango, Amla, Amaltas, Drumstick etc. shall be planted by PP at Mine lease boundary ,at Khasra no. 1Part and Prosopis seed are dribbling on trench soil of excavated garland drain under plantation programme. PP shall also explore and identify the chunk of land in the area from revenue record to carry out plantation programme as proposed
- X. PP must ensure implementation of the following activities with separate budget provision of Rs 3.0 lakh under CER.

1st Year :

- Sport items like see saw, Slides and Merry go round etc. for Govt. School, Nindwaniya (Rs.40,000)
- Distribution of Mask & Hand Sanitizer for Nindwaniya (Rs.10,000)
- Cost of development of grazing land in the village area (Charnoi Bhoomi) (Rs.10,000).

2nd to 5th year (Rs 2,40,000):

- Repairing & construction of aaganwadi kendra, Nindwaniya.
- Installation of 2000L overhead tank with proper water facility for Govt. School, Nindwaniya.

PP shall ensure to construct toilet with proper plumbing in the school of above village and contribute on behalf of village in Jal Jeewan Mission in consultation with Janpad Panchayat and PHED. PP shall give preference to develop/provide infrastructural facilities in schools or aganwadies of above villages The modification to the above activities can be made with the permission of the district administration and need based activity for the development of nearby villages shall be implemented by PP in consultation with the District Collector and Gram Panchayat

- XI. PP should ensure to submit half yearly compliance report and CSR activity report with photographs of plantation in MP-SEIAA. If PP is failed to upload or submit two consecutive half yearly compliance reports of EC conditions to concerned authority (SEIAA and Regional Office, MoEF&CC,GoI,Bhopal) than prior environmental clearance issued to PP will automatically be treated as cancelled/ revoked as per OM No. 930/SEIAA/2019 dated 30.05.2019 issued by MPSEIAA.

Hence, Prior Environmental Clearance is granted for Stone Quarry (Opencast Manual / Semi Mechanized Method) in an area of 2.00 ha. for production capacity of 12,610 cum/ year at Khasra No. 1/1 at Village - Nindwaniya, Tehsil - Badnawar, Dist. Dhar (MP). for the lease period to Shri Ajay Patidar, Village - Jalokheta, Tehsil - Badnawar, Dist. Dhar, MP – 454660

Finished Goods, Raw Material etc. Summary of existing Land Area and proposed addition is summarized in below table.

Reference of approved EC	Earlier Environmental clearance issued	Proposed Amendment
Condition no. (iii)	The proposed project is a Greenfield project for establishing plant having EC and Non-EC products at Plot no. 19-A, 19-B, 20-A, 20-B, 21-A, 21-B & 22, industrial Area No. 1, Dist. Dewas, Madhya Pradesh.	The proposed project is a Greenfield project for establishing plant having EC and Non-EC products at Existing Plot no. 19-A, 19-B, 20-A, 20-B, 21-A, 21-B & 22 and Proposed Plot no. 16A, 16B, 17A, 17B, 18A, 18B, 20C & 21C , industrial Area No. 1, Dist. Dewas, Madhya Pradesh.
Condition no. (vii)	The project occupies a plot area of 102911 sq.m of land. PP has submitted copy of amended lease deed dtd. 17.05.2019 which is executed between District Trade & Industries Center, Dewas Ltd. and Ipca Laboratories Ltd. for the said project.	The project occupies a plot area of 102911 sq.m of land as per EC letter . Proposed addition of 56405 sq. m. and total area after amendment will be tune around 159316 sq. m. PP has submitted copy of lease deed of new plots.

(3) The case was discussed in detail and recorded that :-

The letter submitted by PP with supporting documents such as lease deed for adding Land. Consent order obtained on 18.06.20 was examined and, it is decided to accord approval to the amendment sought in the EC as the consequential impact on account of the proposed changes is not likely to be adverse on the environmental parameters.

The amendment should be read along with the original EC issued to PP and all the conditions mentioned in the prior EC vide letter No. 1095/SEIAA/2020 dated 18.6.2020 shall remain the same. PP and all concerned informed accordingly.

Delisting case recommended by SEAC

The following cases were discussed in 464th SEAC meeting dated 03.10.2020 and it was recorded that.....

PP has not submitted desired information in the stipulated time even after given reminder letter. Hence, these cases are recommended by the committee for delisting in the light of MoEF&CC, O.M. File no. J-11013/5/2009-IA-II (Part), dated 30th October, 2012 and tenure of SEAC will be over by 09/10/2020
