

Proceedings for 148th Meeting of SEAC scheduled to be held on 21st, 22nd and 23rd
September 2015

21st September 2015

Members Present in the meeting

Shri. N. Naganna	-	Chairman
Prof. D.L. Manjunath	-	Member
Dr. S. Manjappa	-	Member
Dr. B.S. Jayaprakash	-	Member
Dr. M.I Hussain	-	Member
Shri. B. Chikkappaiah	-	Member
Dr. N. Krishnamurthy	-	Member
Dr. S. Prashanth	-	Member
Dr. K.C. Jayaramu	-	Member
Dr. K.B. Umesh	-	Member
Sri. M. Subramany	-	Member
Sri. O. Palaiah	-	Secretary

raw
28/9/15
M.S. SEIAA

The Chairman, SEAC, Karnataka welcomed the members of the Committee and others present. The following proposals listed in the agenda were appraised in accordance of the provision of EIA Notification 2006. The observation and decision of the Committee are recorded under each of the agenda items.

The State Expert Appraisal Committee, Karnataka perused the proceedings of 147th meeting of SEAC held on 4th and 5th September 2015 and confirmed the same.

EIA Presentation:

148.1 Expansion of 2 wheeler manufacturing facility at sy. No. 109-142, 143 (P) - 149 (P), Karinayakanahalli village, Malur Taluk, Kolar District of Sri A. Joseph Selvaraj, Manager- Utilities, M/s Honda Motorcycle & Scooter India Pvt. Ltd., (SEIAA 28 CON 2015)

This is a proposal submitted by M/s. Honda Motorcycle & Scooter India Pvt. Ltd seeking Environmental Clearance for Expansion of 2 wheeler manufacturing facility Project on a plot area of 4,81,474 Sqm.at sy. No. 109-142, 143 (P) - 149 (P), Karinayakanahalli village, Malur Taluk, Kolar District.total built up area from 1,48,120.2 to 2,15,876.2 Sqm and two wheeler manufacturing facility from 1.2 Million Nos/ Annum to 2.4 Million Nos/Annum with an additional land area of 92,962 Sqm.

Total water requirement of project is 1300 KLD. 2 STPs of 400 KLD and 200 KLD of waste water expected is proposed to be treated in a STP of 400 KLD capacity.

Total energy requirement of 13 MW is proposed to be obtained from BESCO. It is proposed to establish 7x2000 kva Nos. of DG sets to meet the energy requirement in case of non-supplies.

Estimated excavated earth is 180,732 Cum. It is proposed to utilize 1,55,975 Cum on site

It is proposed to develop a Greenbelt of 30%.

The Proponent and Environment Consultant attended the meeting of SEAC to provide clarification/additional information.

The committee screened the proposal considering the information provided in the statutory application-Form I, Form-1A, Conceptual Plan, and clarification/additional information provided during the meeting.

The Committee after discussion decided to appraise the proposal as B1 as the total built up area is 2,15,876.2 Sqm. Therefore the Committee decided to issue Standard ToR for conducting EIA study in accordance with EIA Notification 2006 and the relevant guidelines with at least one season baseline data other than monsoon.

The proponent requested the committee to use the baseline data collected during the March 2015 and to continue the collection of baseline data for the summer season to prepare the EIA report. The committee permitted the proponent to use the baseline data collected during the month of March 2015 for preparation of EIA report.

The Proponent and Environment Consultant attended the meeting of SEAC to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Form-1A, Conceptual Plan, EIA report and clarification/additional information provided during the meeting. The appraisal is based on the statement made by the proponent that the EC is required for construction purpose only and if they take up any processing activity, they will apply for separate EC. As per EIA notification the automobile industry is not considered in the Notification. The proponent informed the committee that they have considered 60 LPD/person is considered while calculating the total water demand, but as per NBC, only 45 LPD (30+15) is sufficient where bathrooms are not provided. Also once the expansion is completed, about 7500 persons will be working in the plant and the water requirement is calculated by considering the same. There will be about 80% of the activity is assembly & 20% is manufacturing activity in the plant.

The Committee after discussion decided to reconsider the proposal after submission of the following information:

1. Revised water balance chart
2. There is lot of inconsistency in the EIA information submitted and EIA should be revised.
3. The existing scenario is to be addressed and presentation should be limited to construction activity only.

Action: Secretary, SEAC to put up the proposal before SEAC after submission of the above information.

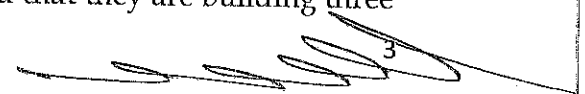

Fresh Subjects:**148.2 Residential Apartment at BBMP Khatha No.280/1, Sy.No.1, 55 of Doddabettahalli village, Yelahanka Hobli, Vidyaranyapura, Bangalore North Taluk, Bengaluru of M/s J.Sons Developers, (SEIAA 102 CON 2015)**

M/s J.Sons Developers, have applied for Environmental clearance from SEIAA for Development of Residential apartment at BBMP Khatha No.280/1, Sy.No. 1, 55 of Doddabettahalli village, Yelahanka Hobli, Vidyaranyapura, Bengaluru North Taluk, Bengaluru under 8(a) of schedule EIA Notification - 2006 under category B. Total Project cost = Rs. 174,23,51,578.00 Cr.

1. **Land details:** - Total Plot area is 33,082.78 Sq.mts
2. The proposed residential apartment consists No.of Units 826, in 7 blocks with 3B+GF+15UF and a Club House with 3B+GF+1UF and Total Built up area of 1,48,900 Sq.mts.
3. **Landscape area (proposed):** 9,924.83 Sq.mts (29.99 %)
Ground coverage area = 6,246.00 Sqm (18.87 %)
Driveway area = 16,911.95 Sqm (51.12 %)
The permissible FAR is 3.00 Submitted.
4. **Water Requirement:** Total water requirement is 585 KLD. The source of water is BWSSB. NOC from BWSSB is submitted.
5. **Wastewater Management:** - The total quantity of waste water generated is 514.8 KLD and treated is proposed STP of design capacity of 515 KLD with SBR Technology.
6. **Excavated Earth Management:** - The total Earth work generated = 11,000 Cum. All the earth generated will be utilised within the project site for landscaping & road making.
7. **Solid Waste Management:** Total waste generated in the project is 1,858.5 Kgs/day; where 1.14 MT/day is the organic waste and 0.76 MT/day is inorganic waste, will be disposed to Vendors/ Recyclers.
8. **Energy Requirement:** Total power requirement of 4800 KVA is sourced from BESCOM; Backup power proposed is DG sets with a capacity of 4X500 KVA.
9. **Traffic Details:** Parking proposed: 1039 Nos.
10. **Environment sensitivity:** EMP submitted
11. **Other details:** Rain water harvesting is proposed. The ROW is 12.00 M.

The Proponent and Environment Consultant attended the meeting of SEAC to provide clarification/additional information.

The committee screened the proposal considering the information provided in the statutory application-Form I, Form-1A, Conceptual Plan, and clarification/additional information provided during the meeting. The committee observed that the proposed construction was coming in an abandoned quarry which the proponent informed that he has purchased in Govt. Auction. The proponent has informed that they are building three

basements in the quarry pit portion and they are directly embedding the roof beams to the rock portion and also since the basements are constructing the quarry pit portion, there will be no earthwork generation in the site.

The Committee after discussion decided to recommend the proposal to SEIAA for issuing of Environmental Clearance after the submission of the following information.

1. Since the basements are directly embedding to the rocky strata, the structural features are to be looked into.
2. Revised land use plan
3. Quantification of the terrace area available for harnessing solar energy and an appropriate plan thereof with due calculations.
4. Project Proponent to plant suitable native tree species.
5. Bi fuel (Diesel & CNG) Gen sets to be used.

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action

148.3 "The Majoris", Residential Apartment at Sy.No.45/1 and 45/2, Borewell Main Road, Nallurahalli, Whitefield, Bengaluru-66 of Sri Lohit Reddy,(SEIAA 103 CON 2015)

Sri Lohit Reddy, have applied for Environmental clearance from SEIAA for Development of Residential apartment at Sy.No. 45/1 and 45/2, Borewell Main Road, Nallurahalli, Whitefield, Bengaluru under 8(a) of schedule EIA Notification - 2006 under category B. Total Project cost = Rs. 22 Cr.

1. **Land details:** - Total Plot area is 6001.61 Sq.mts
2. The proposed residential apartment consists No.of Units 168, in 2B+G (Club house) +21F and Total Built up area of 32660.28 Sq.mts.
3. **Landscape area (proposed):** 2256.72 Sq.mts (37.60 %)
Ground coverage area = 1185.29 Sqm (19.74 %)
Driveway area = 2024.78 Sqm (33.67 %)
The permissible FAR Area is 22928.48.
4. **Water Requirement:** Total water requirement is 116.76 KLD. The source of water is BWSSB. NOC from BWSSB is submitted.
5. **Wastewater Management:** - The total quantity of waste water generated is 93.4 KLD and treated is proposed STP of design capacity of 130 KLD with SBR Technology.
6. **Excavated Earth Management:** - The total Earth work generated = 50,000 Cum. All the earth generated will be utilised within the project site for landscaping & road making.
7. **Solid Waste Management:** Total waste generated in the project is 336 Kgs/day; where 201.6 Kgs/day is the organic waste and 134.4 Kgs/day is inorganic waste, will be disposed to Vendors/ Recyclers.
8. **Energy Requirement:** Total power requirement of 1426.67 KVA is sourced from BESCOM; Backup power proposed is DG sets with a capacity of 2X380 KVA.
9. **Traffic Details:** submitted. Parking proposed: 211 Nos.

10. Environment sensitivity: EMP submitted

11. Other details: Rain water harvesting is proposed. The ROW is 12.00 M.

The Proponent and Environment Consultant attended the meeting of SEAC to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Form-1A, Conceptual Plan, EIA report and clarification/additional information provided during the meeting.

The Committee after discussion decided to reconsider the proposal after submission of the following information:

1. Revised land use plan (Area Statement) loading TDR
2. Bi fuel (Diesel & CNG) Gen sets to be used.
3. Substantiate the provision of STP with excess capacity than the required (i.e., 130 KLD instead of 105 KLD)
4. An under taking, not to allow the excess treated water to the UGD and explore the possibility of making an MoU with agencies like BBMP, local NGO's to supply the treated water to parks & avenue plantation, etc.,
5. Planting of fruit yielding species in the green belt area.
6. Quantification of the terrace area available for harnessing solar energy and an appropriate plan thereof with due calculations
7. Scheme for safe and scientific management of excess excavated earth within the project site only and explore the possibility of providing 1 1/2 basement below ground level and 1/2 basement above the ground level to reduce the earth work generation.

Action: Secretary, SEAC to put up the proposal before SEAC after submission of the above information.

148.4 Commercial development project at Khatha No. 242/189/48,49 of Nagashetty Halli Division, Kodigehalli Ward, (Survey No.48/3, 48/4, 48/6, 49/2, 49/3, 49/4 & 49/5), Boopasandra Village, Kasaba Hobli, Bangalore North Taluk, Bangalore (U) of M/s. Brigade Enterprises Limited (SEIAA 121 CON 2015)

M/s. Brigade Enterprises Limited have applied for Environmental clearance from SEIAA for Development of commercial development project at Khatha No. 242/189/48,49 of Nagashetty Halli Division, Kodigehalli Ward, (Survey No.48/3, 48/4, 48/6, 49/2, 49/3, 49/4 & 49/5), Boopasandra Village, Kasaba Hobli, Bangalore North Taluk, Bangalore (U) 8(a) of schedule EIA Notification - 2006 under category B.

1. **Land details:** - Total Plot area is 8,700.75 Sq.mts
2. The proposed Development of Commercial Building Project consists with 2B+G+17UF and Car Parking with 2B+GF+3UF and Total Built up area of 65,777.67 Sq.mts.
3. **Water Requirement:** Total water requirement is 266 KLD. The source of water is BWSSB. NOC from BWSSB is submitted.

4. **Wastewater Management:** - The total quantity of waste water generated is 257 KLD and treated is proposed as Grey Water treatment plant of 170 KLD, Black Water treatment plant of 90 KLD.
5. **Excavated Earth Management:** - The total Earth work generated = ----- Cum. All the earth generated will be utilised within the project site for landscaping & road making.
6. **Solid Waste Management:** Total waste generated in the project is 885 Kgs/day; where 295 Kg/day is the organic waste and 590 Kg/day is inorganic waste, will be disposed to Vendors/ Recyclers.
7. **Energy Requirement:** Total power requirement of 2500 KVA is sourced from BESCO; Backup power proposed is DG sets with a capacity of 3X1000 KVA.
8. **Traffic Details:** Parking proposed: 880 Nos.
9. **Environment sensitivity:** EMP submitted
10. **Other details:** Rain water harvesting is proposed.

The Proponent and Environment Consultant attended the meeting of SEAC to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Form-1A, Conceptual Plan, EIA report and clarification/additional information provided during the meeting. The proponent informed the committee that the Jakkur Airport Authority has issued a letter restricting the height of the building to 64 m.

The Committee after discussion decided to reconsider the proposal after submission of the following information:

1. Revised land use plan (Area Statement) loading TDR
2. Revised rain water harvesting calculation
3. NOC issued from Jakkur Airport Authority to be submitted
4. Scheme for safe and scientific management of excess excavated earth within the project site only and explore the possibility of providing 1 1/2 basement below ground level and 1/2 basement above the ground level to reduce the earth work generation.
5. Detailed Hydrological study of nearby Lake
6. The possibility of submergence of the some of the lowest area of the project when the tank was full/Max discharge is to be given.(Distance from the lake boundary to the project area, waste weir level and lowest level of the project area)
7. Soil and water test reports

Action: Secretary, SEAC to put up the proposal before SEAC after submission of the above information.

148.5 Residential apartment building at Sy. No. 151/1 and 151/1 , Madiwala Village, Kasaba Hobli, Anekal Taluk, Bangalore - 06 of M/s. Sipani Properties Pvt. Ltd (SEIAA 122 CON 2015)

M/s Sipani Properties Pvt. Ltd, have applied for Environmental clearance from SEIAA for Development of Residential apartment Project at Sy.No. 151/1 & 152/1 of Madiwala village, Kasaba Hobli, Anekal Taluk, Bengaluru Urban District under 8(a) of schedule EIA Notification - 2006 under category B.

1. **Land details:** - Total Plot area is 8,093.65 Sq.mts
2. The proposed residential apartment consists No.of Units 337, with GF+9UF+TF and Total Built up area of 24,987.45 Sq.mts.
3. **Landscape area (proposed):** 2832.46 Sq.mts (35.00 %)
Ground coverage area = 2905.74 Sqm (35.90 %)
Driveway area = 2355.45 Sqm (29.10 %)
The permissible FAR is 2.58 Submitted.
4. **Water Requirement:** Total water requirement is 232 KLD. The source of water is BWSSB. NOC from BWSSB is submitted.
5. **Wastewater Management:** - The total quantity of waste water generated is 200 KLD and treated is proposed STP of design capacity of 210 KLD with SBR Technology.
6. **Excavated Earth Management:** - The total Earth work generated = 3,500 Cum.
All the earth generated will be utilised within the project site for landscaping & road making.
7. **Solid Waste Management:** Total waste generated in the project is 626 Kgs/day; where 376 Kg/day is the organic waste and 250 Kg/day is inorganic waste, will be disposed to Vendors/ Recyclers.
8. **Energy Requirement:** Total power requirement of 700 KVA is sourced from BESCOM; Backup power proposed is DG sets with a capacity of 2X200 KVA.
9. **Traffic Details:** Parking proposed: 219 Nos.
10. **Other details:** Rain water harvesting is proposed. The ROW is 6.00 M.

The Proponent and Environment Consultant attended the meeting of SEAC to provide clarification /additional information.

The committee screened the proposal considering the information provided in the statutory application-Form I, Form-1A, Conceptual Plan, and clarification/additional information provided during the meeting.

The Committee after discussion decided to recommend the proposal to SEIAA for issuing of Environmental Clearance after the submission of the following information.

1. Revised water balance calculating fresh water demand at the rate of 55 LPCD as per the norms prescribed for rural water supply and the scheme for meeting the additional requirement
2. Revised STP flow diagram using filter press instead of digester & sludge drying and also tertiary level treatment to be done
3. Quantification of the terrace area available for harnessing solar energy and an appropriate plan thereof with due calculations.

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action

148.6 Building Stone Quarry Project, Sy.Nos. 39 of Kanivenarayanapura Village, Chikkaballapura Taluk & Dist. (1-10 Acres) (QL No.98) of Sri Ismail, Ward No.14, Kandaur, Chikkaballapura Taluk & District. (SEIAA 890 MIN 2015)

This is a **Existing** proposal submitted by Sri Ismail, seeking Environmental clearance for quarrying of **Building Stone** in an area of 1-10 Acres at Sy.Nos. 39 of Kanivenarayanapura Village, Chikkaballapura Taluk & District. It is a Government Land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP H. Sanjeevegowda approved by Senior Geologist, Dept. of Mines & Geology, Chikkballapur District. Capacity of mining is Av. 24000 TPA.

The Proponent and the RQP/Environment Consultant appeared before the committee to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting. The committee observed that, based on the elevation of the quarry site above ground level (Difference in level is 7 m), depth proposed is 25 m area of quarrying (as per land use plan), and with the available area, it is not possible to go that depth, because lifting of quarrying material from that depth & movement of vehicles will be very difficult.

The Committee after discussion decided to recommend the proposal to SEIAA for issue of Environmental Clearance limiting the production to 50% of the total estimated production keeping the minable area quantity and the sustainability of the mine in the mind and with a condition that, an undertaking to make the approach road pucca by asphaltting.

The Committee also decided to recommend imposing the following conditions in addition to Standard Conditions that are being imposed.

1. Safe drinking water has to be provided at the quarry site.
2. The project proponent should construct the compound wall all along the lease boundary before the quarrying activity is initiated
3. Dust suppression measures have to be strictly followed.

4. Project Proponent to plant fruit yielding and shade bearing tree species namely Pongamia pinneata (Honge), Jatorpha, Ficus riligiosa (Arali) Ficus bengaliensis as agreed by project proponent on the day of meeting in the areas outside the lease.
5. Project Proponent shall prevent damage to adjoining government land from fire due to activities during quarrying operation.
6. Haulage approach road should not be through villages till the main road is reached.
7. As agreed by Project Proponent plantation to an extent of 33% in the project area has to be carried out.
8. The drilling machines Employed shall be fitted with dust extraction unit while undertake quarrying activity.

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

- 148.7 **Building Stone Quarry Project, Sy.Nos. 14 of Ajjappanahalli Village, Tumkur Taluk & Dist. (12-0 Acres) of Sri M Vedyappan, Kooduthruraipatty Post, Kambainellur Village, Harur Taluk, Dharmapuri District, Tamilnadu State - 635202. (SEIAA 891 MIN 2015)**

This is a New proposal submitted by Sri M Vedyappan, seeking Environmental clearance for quarrying of Building Stone/M-Sand in an area of 12-00 Acres at Sy.Nos. 14 of Ajjappanahalli Village, Tumkur Taluk & District. It is a -- Land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP H. Sanjeevegowda approved by Deputy Director, Dept. of Mines & Geology, Tumkur District. Capacity of mining is Av. 130000 TPA.

The Proponent and the RQP/Environment Consultant attended the meeting of SEAC to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting.

The Committee noted that many proposals have been cleared in this area and if the proposed area is likely to result in to a cluster situation with a total lease area of 25 Ha or more as defined in the O.M dated 24.12.2013 issued by the Ministry of Environment and Forest, Government of India then the proposal has to be appraised category B1. The committee therefore directed the proponent to get the details of all the leases & Notifications issued of Ajjappanahalli village with the extent of lease area, lease Nos., latitude & longitude and distance between the boundaries (OUTER) of each lease area and to be marked on combined sketch plotted on a village map which shall be attested by a competent authority.

The committee after discussion decided to reconsider the proposal after submission of the following information.

1. Combined sketch of leases & Notifications as explained above

2. Mineable reserve calculation in Block.1 & Geological reserve calculation in Block -2 should be revised.
3. Revised EMP budget plan incorporating provision of compound wall and check dams.

Action: Secretary, SEAC to put up the proposal before SEAC after submission of the above information.

148.8 Building Stone Quarry Project, Sy.Nos. 69 of Shivanahally Village, Anekal Taluk & Bangalore Urban Dist. (3-0 Acres) (QL No.600) of Sri K Sundarbabu, Gowri Krupa, Hosapalya Main Road, Near Kudlu Gate, Industrial Area, 7th Mile, Hosur Road, Bangalore South Taluk, Bangalore Urban District.(SEIAA 892 MIN 2015)

This is a **Existing** proposal submitted by Sri K Sundarbabu, seeking Environmental clearance for quarrying of **Building Stone** in an area of 3-00 Acres at Sy.Nos. 69 of Shivanahally Village, Anekal Taluk & Bangalore Urban District. It is a Government Revenue Land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP B.N.Krishna Murthy approved by Senior Geologist, Dept. of Mines & Geology, Bangalore Urban District. Capacity of mining is Av. 16,126 TPA

The Proponent and the RQP/Environment Consultant attended the meeting of SEAC to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting.

The Committee noted that many proposals have been cleared in this area and if the proposed area is likely to result in to a cluster situation with a total lease area of 25 Ha or more as defined in the O.M dated 24.12.2013 issued by the Ministry of Environment and Forest, Government of India then the proposal has to be appraised category B1. The committee therefore directed the proponent to get the details of all the leases & Notifications issued of Shivanahalli village with the extent of lease area, lease Nos., latitude & longitude and distance between the boundaries (OUTER) of each lease area and to be marked on combined sketch plotted on a village map which shall be attested by a competent authority.

The committee after discussion decided to reconsider the proposal after submission of the following information.

1. Combined sketch of leases & Notifications as explained above
2. Geological & Mineable reserve calculation and Plan & Cross Sections
3. RTC copy
4. Distance from Bannerghatta National park from Wildlife authority

Action: Secretary, SEAC to put up the proposal before SEAC after submission of the above information.

148.9 Building Stone Quarry Project, Sy.Nos. 69 of Shivanahally Village, Anekal Taluk & Bangalore Urban Dist. (4-12 Acres) (QL No.599) of Sri K Sundarbabu, Gowri Krupa, Hosapalya Main Road, Near Kudlu Gate, Industrial Area, 7th Mile, Hosur Road, Bangalore South Taluk, Bangalore Urban District.(SEIAA 893 MIN 2015)

This is a **Existing** proposal submitted by Sri.K.Sundarbabu, seeking Environmental clearance for quarrying of **Building Stone** in an area of 4.12 Acres at Sy.Nos. 69 of Shivanahally Village, Anekal Taluk & Bangalore Urban District. It is a Government Revenue Land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP B.N.Krishna Murthy approved by Senior Geologist, Dept. of Mines & Geology, Bangalore Urban District. Capacity of mining is Av. 11,366 TPA

The Proponent and the RQP/Environment Consultant attended the meeting of SEAC to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting.

The Committee noted that many proposals have been cleared in this area and if the proposed area is likely to result in to a cluster situation with a total lease area of 25 Ha or more as defined in the O.M dated 24.12.2013 issued by the Ministry of Environment and Forest, Government of India then the proposal has to be appraised category B1. The committee therefore directed the proponent to get the details of all the leases & Notifications issued of Shivanahalli village with the extent of lease area, lease Nos., latitude & longitude and distance between the boundaries (OUTER) of each lease area and to be marked on combined sketch plotted on a village map which shall be attested by a competent authority

The committee after discussion decided to reconsider the proposal after submission of the following information.

1. Combined sketch of leases & Notifications as explained above
2. Geological & Mineable reserve calculation and Plan & Cross Sections
3. CSR to be included in the EMP budget.
4. Distance from Bannerghatta National park from Wildlife authority

Action: Secretary, SEAC to put up the proposal before SEAC after submission of the above information.

148.10 Building Stone Quarry Project, Sy.Nos. 69 of Shivanahally Village, Anekal Taluk & Bangalore Urban Dist. (2-20 Acres) (QL No.601) of Sri M Nagabushana, No.6/4, Hongasandra Village, Begur Road, Bangalore South Taluk, Bangalore Urban District.(SEIAA 894 MIN 2015)

This is a **Existing** proposal submitted by Sri M Nagabushana, seeking Environmental clearance for quarrying of **Building Stone** in an area of 2-20 Acres at

Sy.Nos. 69 of Shivanahally Village, Anekal Taluk & Bangalore Urban District. It is a Government Revenue Land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP B.N.Krishna Murthy approved by Senior Geologist, Dept. of Mines & Geology, Bangalore Urban District. Capacity of mining is Av. 27,923 TPA.

The Proponent and the RQP/Environment Consultant attended the meeting of SEAC to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting.

The committee observed that, based on the elevation of the quarry site above ground level (Difference in level is 10 m), depth proposed is 20 m area of quarrying (as per land use plan), and with the available area, it is not possible to go that depth, because lifting of quarrying material from that depth & movement of vehicles will be very difficult.

The Committee noted that many proposals have been cleared in this area and if the proposed area is likely to result in to a cluster situation with a total lease area of 25 Ha or more as defined in the O.M dated 24.12.2013 issued by the Ministry of Environment and Forest, Government of India then the proposal has to be appraised category B1. The committee therefore directed the proponent to get the details of all the leases & Notifications issued of Shivanahalli village with the extent of lease area, lease Nos., latitude & longitude and distance between the boundaries (OUTER) of each lease area and to be marked on combined sketch plotted on a village map which shall be attested by a competent authority

The Committee after discussion decided to limit the production to 60% of the total estimated production keeping the minable area quantity and the sustainability of the mine in the mind and to reconsider the proposal after submission of the following information.

1. Combined sketch of leases & Notifications as explained above
2. Geological & Mineable reserve calculation and Plan & Cross Sections
3. RTC copy.
4. Fire protection measures to be taken.
5. Distance from Bannerghatta National park from Wildlife authority

Action: Secretary, SEAC to put up the proposal before SEAC after submission of the above information.

148.11 Building Stone Quarry Project, Sy.Nos. 528 P of Halekote Village, Siruguppa Taluk & Bellari Dist. (5-0 Acres) (QL No.BLR 336) of Sri C Yanthrodharaka, D.No.138, Sabhapathi Street, Ballari - 583101. (SEIAA 895 MIN 2015)

This is a Existing proposal submitted by Sri C Yanthrodharaka, seeking Environmental clearance for quarrying of Building Stone in an area of 5-00 Acres at Sy.Nos. 528 P of Halekote Village, Siruguppa Taluk & Bellari District. It is a Government Land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP T.Hayavadana approved by Senior Geologist, Dept. of Mines & Geology, Bellari District. Capacity of mining is Av. 1,05,000 TPA

The Proponent and the RQP/Environment Consultant appeared before the committee to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting. The committee observed that, based on the elevation of the quarry site above ground level (Difference in level is 7.5 m (Av.), depth proposed is 18 m, area of quarrying (as per land use plan), and with the available area, it is not possible to go that depth, because lifting of quarrying material from that depth & movement of vehicles will be very difficult.

The Committee after discussion decided to limit the production to 80% of the total estimated production keeping the minable area quantity and the sustainability of the mine in the mind and to recommend the proposal to SEIAA for issuing of Environmental Clearance after submission of the following information.

1. An undertaking to preserve the top soil in buffer zone and greenery will be developed over it.
2. Revised EMP budget making provision for garland canal, dust suppression and CSR

The Committee also decided to recommend imposing the Standard Conditions as mentioned in 148.6

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.12 Building Stone Quarry Project, Sy.No.59 of Hosahalli Village, Tumkur Taluk & Dist. (16 Acres) of M/s. Akshaya Stone Crushers, Vinay Land & Others, Sri Daiva Krupa Complex, 2nd Floor, 1st Cross, New Mandipet, Tumakuru - 572101.(SEIAA 896 MIN 2015)

This is a New proposal submitted by M/s. Akshaya Stone Crushers, seeking Environmental clearance for quarrying of Building Stone in an area of 16-00 Acres at

Sy.No.59 of Hosahalli Village, Tumkur Taluk & District. It is a Government Gomala Land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP Ganapati.S.Hegde approved by Deputy Director, Dept. of Mines & Geology, Tumkur District. Capacity of mining is Av. 44,635 TPA

The Proponent and the RQP/Environment Consultant appeared before the committee to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting.

The Committee after discussion decided to recommend the proposal to SEIAA for issuing of Environmental Clearance With a condition that, an undertaking to make the approach road pucca by asphaltting.

The Committee also decided to recommend imposing the Standard Conditions as mentioned in 148.6

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.13 Multi Colour Granite Quarry Project, Sy.No.636 (P) of Kanakapura Village, Kanakapura Taluk, Ramanagara Dist. (1 Acre) of Sri N Mohan, No-14, Sri Matha Complex, Megalabeedi, Ramanagara Road, Kanakapura Town, Ramanagara District. (SEIAA 897 MIN 2015)

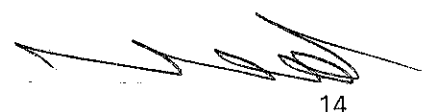

This is a New proposal submitted by Sri N Mohan, seeking Environmental clearance for quarrying of Multi Colour Granite in an area of 1-00 Acres at Sy.No.636 (P) of Kanakapura Village, Kanakapura Taluk, Ramanagara District. It is a Government Land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP B.N.Krishna Murthy approved by Deputy Director, Dept. of Mines & Geology, Bangalore District. Capacity of mining is Av. 2,099 Cu.m/annum

The Proponent and the RQP/Environment Consultant appeared before the committee to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting. The committee observed that, based on the elevation of the quarry site above ground level (Difference in level is 6 m (Av.), depth proposed is 15 m, area of quarrying (as per land use plan), and with the available area, it is not possible to go that depth, because lifting of quarrying material from that depth & movement of vehicles will be very difficult.

The Committee after discussion decided to limit the production to 70% of the total estimated production keeping the minable area quantity and the sustainability of the mine in the mind and to recommend the proposal to SEIAA for issuing of Environmental Clearance

The Committee also decided to recommend imposing the Standard Conditions as mentioned in 148.6

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.14 Building Stone Quarry Project, Sy.No.77 (P) of Dodderi Village, Bengaluru South Taluk, Bengaluru Urban Dist. (2-20 Acres) (QL No.667) of M/s. Sri Manjunath Granites, Dodderi Village, Chikkanahalli Post, Bengaluru South Taluk, Bengaluru Urban District. (SEIAA 898 MIN 2015)

This is a **Renewal** proposal submitted by M/s. Sri Manjunath Granites, seeking Environmental clearance for quarrying of **Building Stone** in an area of 2-20 Acres at Sy.No.77 (P) of Dodderi Village, Bengaluru South Taluk, Bengaluru Urban District. It is a Government Land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP B.N.Krishna Murthy approved by Senior Geologist, Dept. of Mines & Geology, Bangalore District. Capacity of mining is Av. 44,471 TPA

The Proponent and the RQP/Environment Consultant appeared before the committee to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting.

The Committee after discussion decided to recommend the proposal to SEIAA for issuing of Environmental Clearance With a condition that, an undertaking to make the approach road pucca by asphaltting.

The Committee also decided to recommend imposing the Standard Conditions as mentioned in 148.6

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.15 Building Stone Quarry Project, Sy.No.129 of Chikkanahalli Village, Bengaluru South Taluk, Bengaluru Urban Dist. (5-0 Acres) (QL No.644) of Smt. M Renuka, Dodderi Village, Chikkanahalli Post, Bengaluru South Taluk, Bengaluru Urban District. (SEIAA 899 MIN 2015)

This is a **Renewal** proposal submitted by Smt. M Renuka, seeking Environmental clearance for quarrying of **Building Stone** in an area of 5-00 Acres at Sy.No.129 of

Chikkanahalli Village, Bengaluru South Taluk, Bengaluru Urban District. It is a Government Land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP B.N.Krishnamurthy approved by Senior Geologist, Dept. of Mines & Geology, Bangalore District. Capacity of mining is Av. 96,533 TPA

The Proponent and the RQP/Environment Consultant appeared before the committee to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting.

The Committee after discussion decided to recommend the proposal to SEIAA for issuing of Environmental Clearance With a condition that, an undertaking to make the approach road pucca by asphaltting.

The Committee also decided to recommend imposing the Standard Conditions as mentioned in 148.6

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.16 Building Stone Quarry Project, Sy.No.112 of Billadi Village, Udupi Taluk & Dist. (1-0 Acre) of Smt. Swarnalatha J Shetty, Sri Sai Nagara, Koteshwara Village, Kundapura Taluk, Udupi District.(SEIAA 900 MIN 2015)

This is a New proposal submitted by Smt. Swarnalatha J Shetty, seeking Environmental clearance for quarrying of Building Stone in an area of 1-00 Acres at Sy.No.112 of Billadi Village, Udupi Taluk & District. It is a Government Land.

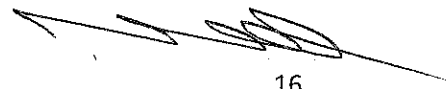

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP Ganapathi.S.Hegde approved by Senior Geologist, Dept. of Mines & Geology, Udupi District. Capacity of mining is Av. 1,852 TPA

The Proponent and the RQP/Environment Consultant appeared before the committee to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting.

The Committee after discussion decided to recommend the proposal to SEIAA for issuing of Environmental Clearance With a condition that, an undertaking to make the approach road pucca by asphaltting.

The Committee also decided to recommend imposing the Standard Conditions as mentioned in 148.6

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.17 Building Stone Quarry Project, Sy.No.59 of Kalgundi Village, Arasikere Taluk & Hassan Dist. (2-03 Acres) of Sri G B Siddesh, Kalgundi Village, Arasikere Taluk, Hassan District.(SEIAA 901 MIN 2015)

This is a New proposal submitted by Sri G B Siddesh, seeking Environmental clearance for quarrying of Building Stone in an area of 2-03 Acres at Sy.No.59 of Kalgundi Village, Arasikere Taluk & Hassan District. It is a Government Land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP Ganapati.S.Hegde approved by Senior Geologist, Dept. of Mines & Geology, Hassan District. Capacity of mining is Av. 10,093 TPA

The Proponent and the RQP/Environment Consultant appeared before the committee to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting.

The Committee after discussion decided to recommend the proposal to SEIAA for issuing of Environmental Clearance

The Committee also decided to recommend imposing the Standard Conditions as mentioned in 148.6

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.18 Building Stone Quarry Project, Sy.No.346/2, 3 of Hanehalli Village, Kumta Taluk & Uttara Kannada Dist. (4-0 Acres) of M/s. Hirehosba Stone Crusher, Hanehalli Village, Kumta Taluk, Uttarakannada District. (SEIAA 902 MIN 2015)

This is a New proposal submitted by M/s. Hirehosba Stone Crusher, seeking Environmental clearance for quarrying of Building Stone in an area of 4-00 Acres at Sy.No.346/2, 3 of Hanehalli Village, Kumta Taluk & Uttara Kannada District. It is a Patta Land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP M.C.Dinesh approved by Deputy Director, Dept. of Mines & Geology, Uttara Kannada District. Capacity of mining During Plan Period is 2,65,050 Cu.m

The Proponent and the RQP/Environment Consultant appeared before the committee to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting.

The Committee after discussion decided to recommend the proposal to SEIAA for issuing of Environmental Clearance with a condition that provision of compound wall and garland canal to be included in EMP budget.

The Committee also decided to recommend imposing the Standard Conditions as mentioned in 148.6

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.19 Building Stone Quarry Project, Sy.No.201 (P) of Mukkadahalli Village, Chamarajanagar Taluk & Dist. (1-08 Acres) (QL No.171) of Sri C Mallesh, Harave Village & Post, Chamarajanagara Taluk, & District. (SEIAA 903 MIN 2015)

This is a **Renewal** proposal submitted by Sri C Mallesh, seeking Environmental clearance for quarrying of **Building Stone** in an area of 1-08 Acres at Sy.No.201 (P) of Mukkadahalli Village, Chamarajanagar Taluk & District. It is a Government Land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP B.N.Krishnamurthy approved by Deputy Director, Dept. of Mines & Geology, Chamarajanagar District. Capacity of mining is Av. 9,008 TPA

The Proponent and the RQP/Environment Consultant appeared before the committee to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting. The committee observed that, based on the elevation of the quarry site above ground level (Difference in level is 2 m (Av.), depth proposed is 15 m, area of quarrying (as per land use plan), and with the available area, it is not possible to go that depth, because lifting of quarrying material from that depth & movement of vehicles will be very difficult.

The Committee after discussion decided to limit the production to 70% of the total estimated production keeping the minable area quantity and the sustainability of the mine in the mind and to recommend the proposal to SEIAA for issuing of Environmental Clearance

The Committee also decided to recommend imposing the Standard Conditions as mentioned in 148.6

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.20 Building Stone Quarry Project, Sy.No.30 (P) of Haradakottanuru Village, Malur Taluk & Kolar Dist. (8-0 Acres)(QL No.847) of Sri K N Harish Kumar, Kommanahalli Village, Thoralakki Post, Malur Taluk, Kolar District. (SEIAA 904 MIN 2015)

This is a **Existing** proposal submitted by Sri K N Harish Kumar, seeking Environmental clearance for quarrying of **Building Stone** in an area of 8-00 Acres at Sy.No.30 (P) of Haradakottanuru Village, Malur Taluk & Kolar District. It is a Government Land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP B.M.Sudheendra Kumar approved by Senior Geologist, Dept. of Mines & Geology, Kolar District. Capacity of mining is Av. 87,156 TPA

The Proponent and the RQP/Environment Consultant appeared before the committee to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting.

The Committee after discussion decided to recommend the proposal to SEIAA for issuing of Environmental Clearance after the submission of copy of audit report.

The Committee also decided to recommend imposing the Standard Conditions as mentioned in 148.6

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.21 Building Stone Quarry Project, Sy.No.6 of Anigalale Village, Alur Taluk & Hassan Dist. (3-0 Acres)(QL No.432) of M/s. H G Shahjahan Stone Crushers, Anigalale Village, Alur Taluk, Hassan District.(SEIAA 905 MIN 2015)

This is a **Existing** proposal submitted by M/s. H G Shahjahan Stone Crushers, seeking Environmental clearance for quarrying of **Building Stone** in an area of 3-00 Acres at Sy.No.6 of Anigalale Village, Alur Taluk & Hassan District. It is a Government Land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP K.Raviprakash approved by Senior Geologist, Dept. of Mines & Geology, Hassan District. Capacity of mining is Av. 7660 TPA

The Proponent and the RQP/Environment Consultant appeared before the committee to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting.

The Committee after discussion decided to recommend the proposal to SEIAA for issuing of Environmental Clearance With a condition that, an undertaking to make the approach road pucca by asphaltting.

The Committee also decided to recommend imposing the Standard Conditions as mentioned in 148.6

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.22 Building Stone Quarry Project, Sy.No.73/9 of Mallaholi Village, Hukkere Taluk & Belagavi Dist. (3-37 Acres) of Sri Ravindra Basavanni Hanji, Yamakanamaradi Village & Post, Hukkeri Taluk, Belgaum District.(SEIAA 906 MIN 2015)

This is a New proposal submitted by Sri Ravindra Basavanni Hanji, seeking Environmental clearance for quarrying of **Building Stone** in an area of 3-37 Acres at Sy.No.73/9 of Mallaholi Village, Hukkere Taluk & Belagavi District. It is a Patta Land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP B.M.Sudheendra Kumar approved by Deputy Director, Dept. of Mines & Geology, Belgaum District. Capacity of mining is Av. 42,780 TPA

The Proponent and the RQP/Environment Consultant appeared before the committee to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting. The proponent has informed that, while approving quarry plan, the DMG has put a condition that quarry lease will be issued only after production of EC. Also the proponent has informed that the MWL of Ghataprabha Dam is 650.14 and the Min. contour in the quarry is 660 m and the quarry site is about 10 m above the MWL of dam.

The Committee after discussion decided to recommend the proposal to SEIAA for issuing of Environmental Clearance With a condition that, garland canal is to be provided to avoid siltation of dam

The Committee also decided to recommend imposing the Standard Conditions as mentioned in 148.6

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.23 Building Stone Quarry Project, Sy.No.200 (P) of Mattur Village, Shimoga Taluk & Dist. (1-0 Acre) (QL No.632) of Sri L G Mahesh, Sri Ramanagar Village, Uragadur, Shimoga District.(SEIAA 907 MIN 2015)

This is a **Existing** proposal submitted by Sri L G Mahesh, seeking Environmental clearance for quarrying of **Building Stone** in an area of 1-00 Acres at Sy.No.200 (P) of Mattur Village, Shimoga Taluk & District. It is a Government Land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP B.M.Sudheendra Kumar approved by Senior Geologist, Dept. of Mines & Geology, Shimoga District. Capacity of mining is Av. 2,754 TPA

The Proponent and the RQP/Environment Consultant appeared before the committee to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting. The proponent has informed that, there is a burial ground near the quarry site and is about 500 m from the outer edge of the quarry boundary.

The Committee after discussion decided to recommend the proposal to SEIAA for issuing of Environmental Clearance after submission of the following information.

1. Audit report from 2007 to 2010.
2. The distance from the quarry boundary to River and details of lake nearby.
3. Revised EMP budget making provision for min. 2 check dams to prevent silting up of river & lake.

The Committee also decided to recommend imposing the Standard Conditions as mentioned in 148.6

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.24 Building Stone Quarry Project, Sy.No.114 of Gokare Village, Devanahalli Taluk, Bengaluru Rural Dist. (3-20 Acres) (QL No.2602) of M/s. G K Granites, Teethi Bhande, Gokare, Devanahalli Taluk, Bangalore Rural District.(SEIAA 908 MIN 2015)

This is a Existing proposal submitted by M/s. G K Granites, seeking Environmental clearance for quarrying of Building Stone in an area of 3-20 Acres at Sy.No.114 of Gokare Village, Devanahalli Taluk, Bengaluru Rural District. It is a Government Land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP K.Raviprakash approved by Deputy Director, Dept. of Mines & Geology, Bangalore District. Capacity of mining is Av. 4094 TPA

The Proponent and the RQP/Environment Consultant appeared before the committee to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting.

The Committee after discussion decided to recommend the proposal to SEIAA for issuing of Environmental Clearance after submission of the complete audit report.

The Committee also decided to recommend imposing the Standard Conditions as mentioned in 148.6

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.25 Building Stone Quarry Project, Sy.No.77 (P) of Dodderi Village & Sy.No.26 (P) of Donnenahally Village, Bengaluru South Taluk, Bengaluru Urban Dist. (11-30 Acres) (QL No.637) of M/s. Venkateshwara Blue Metal / Sri Lakshman Babu, No.247, 13th Main Road, Hanumantanagar, Bengaluru.(SEIAA 909 MIN 2015)

This is a **Renewal** proposal submitted by M/s. Venkateshwara Blue Metal, seeking Environmental clearance for quarrying of **Building Stone** in an area of 11-30 Acres at Sy.No.77 (P) of Dodderi Village & Sy.No.26 (P) of Donnenahally Village, Bengaluru South Taluk, Bengaluru Urban District. It is a -- Land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP B.N.Krishnamurthy approved by Senior Geologist, Dept. of Mines & Geology, Bangalore District. Capacity of mining is Av. 2,12,610 TPA

The Proponent and the RQP/Environment Consultant appeared before the committee to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting.

The Committee after discussion decided to recommend the proposal to SEIAA for issuing of Environmental Clearance With a condition that, an undertaking to make the approach road pucca by asphaltting.

The Committee also decided to recommend imposing the Standard Conditions as mentioned in 148.6

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.26 Building Stone Quarry Project, Sy.No.43 (P) of Somashettyhalli Village, Arasikere Taluk, Hassan Dist. (2-0 Acres) of Sri S K Raju, Somashettyhalli Village, Arasikere Taluk, Hassan District. (SEIAA 910 MIN 2015)

This is a **New** proposal submitted by Sri S K Raju, seeking Environmental clearance for quarrying of **Building Stone** in an area of 2-00 Acres at Sy.No.43 (P) of Somashettyhalli Village, Arasikere Taluk, Hassan District. It is a Government Land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP Ganapati.S.Hegde approved by Senior Geologist, Dept. of Mines & Geology, Hassan District. Capacity of mining is Av. 25,000 TPA

The Proponent and the RQP/Environment Consultant appeared before the committee to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting.

The Committee after discussion decided to recommend the proposal to SEIAA for issuing of Environmental Clearance

The Committee also decided to recommend imposing the Standard Conditions as mentioned in 148.6

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.27 Building Stone Quarry Project, Sy.No.130 of Gokare Village, Devanahalli Taluk, Bengaluru Rural Dist. (3-38 Acres) (QL Nos.2603, 2604 & 2605) of M/s. G K Granites, Teethi Bhande, Gokare, Devanahalli Taluk, Bangalore Rural District.(SEIAA 911 MIN 2015)

This is a Renewal proposal submitted by M/s. G K Granites, seeking Environmental clearance for quarrying of Building Stone in an area of 3-38 Acres at Sy.No.130 of Gokare Village, Devanahalli Taluk, Bengaluru Rural District. It is a Government Land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP K.Raviprakash approved by Deputy Director, Dept. of Mines & Geology, Bangalore District. Capacity of mining is Av. 16,676 TPA

The Proponent and the RQP/Environment Consultant appeared before the committee to provide clarification/additional information.

The committee observed that three quarry leases are involved in this proposal and the proponent has informed that the DMG has declared it as a cluster and notification has been issued and he requires one week time to produce the cluster notification.

The Committee after discussion decided to defer the subject till the submission of the cluster notification.

Action: Secretary, SEAC to put up before SEAC after receiving the above information.

148.28 Manganese & Manganese Dioxide Project, Sy.Nos.59 & 60 of Doddabyaladakere Village, Hosadurga Taluk, Chitradurga Dist. (48.56 Ha) (ML No.1604) of M/s. Milan Minerals P Ltd. # 268, "Om Shakthi Nilaya", 7th Cross, 6th Block, 2nd Stage, Nagarabhavi, Bangalore- 560 072(SEIAA 912 MIN 2015)

This is a Working Mine proposal submitted by M/s. Milan Minerals P Ltd, seeking Environmental clearance for quarrying of Manganese & Manganese Dioxide in an area of (48.56 Ha) 120-00 Acres at Sy.Nos.59 & 60 of Doddabyaladakere Village, Hosadurga Taluk, Chitradurga District. It is a Government Land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP S.H.Vijay Kumar approved by Indian Bureau of Mines. Capacity of mining is Av. 18,002 TPA

The Proponent and the RQP/Environment Consultant appeared before the committee to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting. As per MOEF Notification dated 9th September 2013, for non coal mine lease, if the quarry area is < 50 ha but >/ 5 ha, falls under category 'B1' and hence the committee decided to issue TOR's for the project. If the quarry area is > 50 ha, it falls under category 'A', then the proposal has to be appraised at the MOEF, Govt. of India, New Delhi. The proponent has informed that there are other quarries working in and around this quarry. The committee asked the proponent to get the details of the quarry leases in & around the proposed project site with in 1 Km radius.

The Committee after discussion decided to issue following additional TOR's along with Standard TOR's.

1. Details of nearby working quarry leases.
2. Transportation of mineral
3. Baseline data are to be collected during the month of March, April & May only
4. It is to be examined whether cluster effect comes into play.

Action: Secretary, SEAC to take up the matter with SEIAA regarding the cluster effect and report to SEAC in the subsequent meeting.

148.29 Building Stone Quarry Project, Sy.No.1 of Rangapurakaval Village, Arasikere Taluk, Hassan Dist. (2 Acres) of Sri A M Kumaraswamy, Rangapurakaval Village, Arasikere Taluk, Hassan Dist. (SEIAA 913 MIN 2015)

This is a New proposal submitted by Sri A M Kumaraswamy, seeking Environmental clearance for quarrying of Building Stone in an area of 2-00 Acres at Sy.No.1 of Rangapurakaval Village, Arasikere Taluk, Hassan District. It is a Government Land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP K.Raviprakash approved by Deputy Director, Dept. of Mines & Geology, Hassan District. Capacity of mining is Av. 10,045 TPA

The Proponent and the RQP/Environment Consultant appeared before the committee to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting.

The Committee after discussion decided to recommend the proposal to SEIAA for issuing of Environmental Clearance

The Committee also decided to recommend imposing the Standard Conditions as mentioned in 148.6

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action

148.30 Ornamental Granite Quarry Project, Sy.No.353/7 of Gumballi Village, Yelandur Taluk, Chamarajanagar Dist. (1-03 Acres) of Sri Jameel Ahmed, Ramaswamy Layout, Kollegal Town, Chamarajanagara Dist.(SEIAA 914 MIN 2015)

This is a Existing proposal submitted by Sri Jameel Ahmed, seeking Environmental clearance for quarrying of Ornamental Granite in an area of 1-03 Acres at Sy.No.353/7 of Gumballi Village, Yelandur Taluk, Chamarajanagar District. It is a Patta Land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP B.N.Krishna Murthy approved by Deputy Director, Dept. of Mines & Geology, Bangalore District. Capacity of mining is Av. 541.8 Cu.m/annum

The Proponent and the RQP/Environment Consultant appeared before the committee to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting. The committee observed that there is no work permit from the DMG, and the permit reports (audit reports) not submitted by the proponent.

The Committee after discussion decided to recall the proponent after the submission of the following information.

1. Clarification from DMG regarding working permit renewal
2. Permit reports(audit reports)
3. NOC from BRT Wildlife Division.

Action: Secretary, SEAC to put up before SEAC after receiving the above information.

148.31 Building Stone Quarry Project, Sy.No.144/1B of Shivapura Village, Karkala Taluk, Udupi Dist. (1.60 Acres) (QL No.308) of Sri Rajaram Hegde, Near SV Temple, Hiriadka Post, Udupi Taluk & Dist.(SEIAA 915 MIN 2015)

This is a Operating proposal submitted by Sri Rajaram Hegde, seeking Environmental clearance for quarrying of Building Stone in an area of 1.60 Acres at

Sy.No.144/1B of Shivapura Village, Karkala Taluk, Udupi District. It is a Government Land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP B.M.Sudheendra Kumar approved by Senior Geologist, Dept. of Mines & Geology, Udupi District. Capacity of mining is Av. 8,224 TPA

The Proponent and the RQP/Environment Consultant appeared before the committee to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting.

The Committee after discussion decided to recommend the proposal to SEIAA for issuing of Environmental Clearance

The Committee also decided to recommend imposing the Standard Conditions as mentioned in 148.6

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.32 Building Stone Quarry Project, Sy.Nos.129 (P) of Chikkanahalli Village & Sy.No.130 (P) of Dodderi Village, Bengaluru South Taluk & Urban Dist. (2-0 Acres) (QL No.642) of Sri D S Manjunath(SEIAA 916 MIN 2015)

This is a **Renewal** proposal submitted by Sri D S Manjunath, seeking Environmental clearance for quarrying of **Building Stone** in an area of 2-00 Acres at Sy.Nos.129 (P) of Chikkanahalli Village & Sy.No.130 (P) of Dodderi Village, Bengaluru South Taluk & Urban District. It is a Government Land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP B.N.Krishnamurthy approved by Senior Geologist, Dept. of Mines & Geology, Bangalore District. Capacity of mining is Av. 35,764 TPA

The Proponent and the RQP/Environment Consultant appeared before the committee to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting. The committee observed that, based on the elevation of the quarry site above ground level (Difference in level.), depth proposed, area of quarrying (as per land use plan), and with the available area, it is not possible to go that depth, because lifting of quarrying material from that depth &

movement of vehicles will be very difficult. Also the committee observed that in this village already many no. of quarry leases have been considered for issuing of EC.

The Committee after discussion decided to limit the production to 80% of the total estimated production keeping the minable area quantity and the sustainability of the mine in the mind and also reconsider the proposal after the submission of the combined sketch showing all the leases and notifications issued by DMG pertains to this village.

Action: Secretary, SEAC to put up before SEAC after receiving the above information.

148.33 Building Stone Quarry Project, Sy.Nos.321/2 of Thondavadi Village, Gundlupet Taluk & Chamarajanagar Dist. (2-0 Acres) of Sri B P Muddumallu, Begur Village, Gundlupete Taluk, Chamarajanagara Dist. (SEIAA 917 MIN 2015)

This is a New proposal submitted by Sri B P Muddumallu, seeking Environmental clearance for quarrying of Building Stone in an area of 2-00 Acres at Sy.Nos.321/2 of Thondavadi Village, Gundlupet Taluk & Chamarajanagar District. It is a Patta Land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP B.N.Srinidhi approved by Deputy Director, Dept. of Mines & Geology, Chamarajanagara District. Capacity of mining is Av. 60,000 TPA

The Proponent and the RQP/Environment Consultant appeared before the committee to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting. The committee observed that, based on the elevation of the quarry site above ground level (Difference in level. 1 m), depth proposed is 22 m, area of quarrying (as per land use plan), and with the available area, it is not possible to go that depth, because lifting of quarrying material from that depth & movement of vehicles will be very difficult.

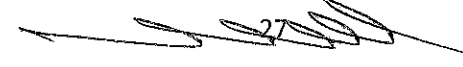

The Committee after discussion decided to limit the production to 60% of the total estimated production keeping the minable area quantity and the sustainability of the mine in the mind and to recommend the proposal to SEIAA for issuing of Environmental Clearance

The Committee also decided to recommend imposing the Standard Conditions as mentioned in 148.6

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.34 Building Stone Quarry Project, Sy.No.58/2 of Mulawada Village, Basavana Bagewadi Taluk & Vijayapura Dist. (3-0 Acres) of Sri Mahammadgous M. Khaji, #564, Mannikeri Village, Bilagi Taluk, Bagalkote Dist.(SEIAA 918 MIN 2015)

This is a New proposal submitted by Sri Mahammadgous M. Khaji, seeking Environmental clearance for quarrying of Building Stone in an area of 3-00 Acres at

Sy.No.58/2 of Mulawada Village, Basavana Bagewadi Taluk & Vijayapura District. It is a Patta Land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP A.N.Rajanna approved by Senior Geologist, Dept. of Mines & Geology, Bijapura District. Capacity of mining is Av. 16,059 TPA

The Proponent and the RQP/Environment Consultant appeared before the committee to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting. The proponent has informed the committee that only after producing the EC copy, the DMG will grant lease.

The Committee after discussion decided to recommend the proposal to SEIAA for issuing of Environmental Clearance

The Committee also decided to recommend imposing the Standard Conditions as mentioned in 148.6

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.35 Green Granite Quarry Project, Sy.No.243 of Hongere Village, Shanthigrama Hobli, Hassan Taluk & Dist. (9-02 Acres) of Sri Honne Gowda, Hongere Village, Shanthigrama Hobli, Hassan Taluk & Dist. (SEIAA 919 MIN 2015)

This is a New proposal submitted by Sri Honne Gowda, seeking Environmental clearance for quarrying of Green Granite in an area of 9-02 Acres at Sy.No.243 of Hongere Village, Shanthigrama Hobli, Hassan Taluk & District. It is a Patta Land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP K.T.Ramachandra approved by Deputy Director, Dept. of Mines & Geology, Bangalore District. Capacity of mining is Av. 2884 Cu.m/annum

The Proponent and the RQP/Environment Consultant appeared before the committee to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting.

The Committee after discussion decided to recommend the proposal to SEIAA for issuing of Environmental Clearance

The Committee also decided to recommend imposing the Standard Conditions as mentioned in 148.6

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.36 Building Stone Quarry Project, Sy.No.1/P1 of Kallodeborekaval Village, Holenarasipur Taluk, Hassan Dist. (2 Acres) of Sri T N Shashikumar, Tiruganahalli Village, Nagamangala Taluk, Mandya District.(SEIAA 920 MIN 2015)

This is a New proposal submitted by Sri T N Shashikumar, seeking Environmental clearance for quarrying of Building Stone in an area of 2-00 Acres at Sy.No.1/P1 of Kallodeborekaval Village, Holenarasipur Taluk, Hassan District. It is a -- Land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP B.M.Sudheendra Kumar approved by Senior Geologist, Dept. of Mines & Geology, Hassan District. Capacity of mining is Av. 10,800 TPA

The Proponent and the RQP/Environment Consultant appeared before the committee to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting.

The Committee after discussion decided to recommend the proposal to SEIAA for issuing of Environmental Clearance

The Committee also decided to recommend imposing the Standard Conditions as mentioned in 148.6

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.37 Building Stone Quarry Project, Sy.No.181/3P of Padaganur Village, Sindagi Taluk, Vijayapur Dist. (1 Acre) of Sri Vishalgouda H Patil, Padaganur Village, Sindagi Taluk, Vijayapur Dist.(SEIAA 921 MIN 2015)

This is a New proposal submitted by Sri Vishalgouda H Patil, seeking Environmental clearance for quarrying of Building Stone in an area of 1-00 Acres at Sy.No.181/3P of Padaganur Village, Sindagi Taluk, Vijayapur District. It is a Patta Land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP B.M.Sudheendra Kumar approved by Senior Geologist, Dept. of Mines & Geology, Bijapur District. Capacity of mining is Av. 49,300 TPA

The Proponent and the RQP/Environment Consultant appeared before the committee to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting. The committee observed that, based on the elevation of the quarry site above ground level (Difference in level. 2 m), depth proposed is 18 m, area of quarrying (as per land use plan), and with the available area, it is not possible to go that depth, because lifting of quarrying material from that depth & movement of vehicles will be very difficult.

The Committee after discussion decided to limit the production to 70% of the total estimated production keeping the minable area quantity and the sustainability of the mine in the mind and to recommend the proposal to SEIAA for issuing of Environmental Clearance

The Committee also decided to recommend imposing the Standard Conditions as mentioned in 148.6

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.38 Building Stone Quarry Project, Sy.No.24 (P) of Vaddanahally Village, Sira Taluk, Tumkur Dist. (2 Acres) of Sri Bhaskar C S, Vaddanahally Village, Sira Taluk, Tumkur Dist.(SEIAA 922 MIN 2015)

This is a New proposal submitted by Sri Bhaskar C S, seeking Environmental clearance for quarrying of Building Stone in an area of 2-00 Acres at Sy.No.24 (P) of Vaddanahally Village, Sira Taluk, Tumkur District. It is a Government Land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP B.N.Krishnamurthy approved by Deputy Director, Dept. of Mines & Geology, Tumkur District. Capacity of mining is Av. 13,041 TPA

The Proponent and the RQP/Environment Consultant appeared before the committee to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting.

The Committee after discussion decided to recommend the proposal to SEIAA for issuing of Environmental Clearance

The Committee also decided to recommend imposing the Standard Conditions as mentioned in 148.6

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.39 Building Stone Quarry Project, Sy.No.130 of Gokare Village, Devanahalli Taluk, Bengaluru Rural Dist. (6 Acres) (QL No.2602) of M/s. G K Granites, Teethi Bhande, Gokare Village, Devanahalli Taluk, Bengaluru Rural Dist.(SEIAA 923 MIN 2015)

This is a **Renewal** proposal submitted by M/s. G K Granites, seeking Environmental clearance for quarrying of **Building Stone** in an area of 6-00 Acres at Sy.No.130 of Gokare Village, Devanahalli Taluk, Bengaluru Rural District. It is a Government Land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP K.Raviprakash approved by Deputy Director, Dept. of Mines & Geology, Bangalore District. Capacity of mining is Av. 15036 TPA

The Proponent and the RQP/Environment Consultant appeared before the committee to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting.

The Committee after discussion decided to recommend the proposal to SEIAA for issuing of Environmental Clearance

The Committee also decided to recommend imposing the Standard Conditions as mentioned in 148.6

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.40 Building Stone Quarry Project, Sy.No.47 of Mallipatana Village, Tiptur Taluk, Tumkur Dist. (1 Acre) of Sri Shivaiah, Mallipatana Village, Karade Post, Tiptur Taluk, Tumkur Dist. (SEIAA 924 MIN 2015)

This is a New proposal submitted by Sri Shivaiah, seeking Environmental clearance for quarrying of **Building Stone** in an area of 1-00 Acres at Sy.No.47 of Mallipatana Village, Tiptur Taluk, Tumkur District. It is a Government Land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP Ganapati.S.Hegde approved by Deputy Director, Dept. of Mines & Geology, Tumkur District. Capacity of mining is Av. 2000 TPA

The Proponent and the RQP/Environment Consultant appeared before the committee to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting.

The Committee after discussion decided to recommend the proposal to SEIAA for issuing of Environmental Clearance subject to submission of the following information

1. Soil test reports
2. Revised EMP budget

The Committee also decided to recommend imposing the Standard Conditions as mentioned in 148.6

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.41 Building Stone Quarry Project, Sy.No.40 of Lingashettypura Village, Chikkaballapura Taluk & Dist. (1-30 Acres) of Smt. Madhumalathi, Marasanahall Village, Gundlagurki Post, Chikkaballapura Taluk & Dist.(SEIAA 925 MIN 2015)

This is a New proposal submitted by Smt. Madhumalathi, seeking Environmental clearance for quarrying of **Building Stone** in an area of 1-30 Acres at Sy.No.40 of Lingashettypura Village, Chikkaballapura Taluk & District. It is a Government Land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP M.C.Dinesh approved by Senior Geologist, Dept. of Mines & Geology, Chikkballapur District. Capacity of mining is Av. 3018 TPA

The Proponent and the RQP/Environment Consultant appeared before the committee to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting. The proponent informed that the distance from quarry site to NH-7 is about 1.00 Km.

The Committee after discussion decided to recommend the proposal to SEIAA for issuing of Environmental Clearance

The Committee also decided to recommend imposing the Standard Conditions as mentioned in 148.6

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.42 Building Stone Quarry Project, Sy.No.20 of Madapatna Village, Bangalore South Taluk, Bangalore Urban Dist. (4-08 Acres) of M/s. Ganapathi Enterprises (SEIAA 926 MIN 2015)

This is a New proposal submitted by M/s. Ganapathi Enterprises, seeking Environmental clearance for quarrying of **Building Stone** in an area of 4-08 Acres at Sy.No.20 of Madapatna Village, Bangalore South Taluk, Bangalore Urban District. It is a Government Land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP B.N.Krishnamurthy approved by Senior Geologist, Dept. of Mines & Geology, Bangalore District. Capacity of mining is Av. 45,293 TPA

The Proponent and the RQP/Environment Consultant appeared before the committee to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting. The committee observed that, Geological, Mineable reserves & Five year production calculation is wrong and should be revised. Audit report not submitted and many quarry leases are considered in this village and cleared by committee. The quarry area is in the D/s of the T.G.Halli Catchment area and it does not come under Zone - 1 of T.G.Halli Catchment area.

The Committee after discussion decided to reconsider the proposal after submission of the following information.

1. Complete audit report
2. Revised Geological, Mineable reserves & Five year production calculation
3. Combined sketch showing all the leases and notifications issued by DMG.

Action: Secretary, SEAC to put up before SEAC after receiving the above information.

148.43 Building Stone Quarry Project, Sy.No.188 (P) of Marle Village, Chikkamagalur Taluk & Dist. (5-0 Acres) (QL No.439 of Smt. A V Gayathri (SEIAA 927 MIN 2015)

This is a **Renewal** proposal submitted by Smt. A V Gayathri, seeking Environmental clearance for quarrying of **Building Stone** in an area of 5-00 Acres at Sy.No.188 (P) of Marle Village, Chikkamagalur Taluk & District. It is a Government Land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP B.M.Sudheendra Kumar approved by Senior Geologist, Dept. of Mines & Geology, Chikmagalur District. Capacity of mining is Av. 61,020 TPA

The Proponent and the RQP/Environment Consultant appeared before the committee to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting. The committee observed that, based on the elevation of the quarry site above ground level (Difference in level), depth proposed, area of quarrying (as per land use plan), and with the available area, it is not possible to go that depth, because lifting of quarrying material from that depth & movement of vehicles will be very difficult.

The Committee after discussion decided to limit the production to 60% of the total estimated production keeping the minable area quantity and the sustainability of the mine in the mind and to recommend the proposal to SEIAA for issuing of Environmental Clearance.

The Committee also decided to recommend imposing the Standard Conditions as mentioned in 148.6

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.44 Building Stone Quarry Project, Sy.No.43 (P) of Somashettyhalli Village, Arasikere Taluk & Hassan Dist. (2-0 Acres) of Sri A R Punith (SEIAA 928 MIN 2015)

This is a New proposal submitted by Sri A R Punith, seeking Environmental clearance for quarrying of Building Stone in an area of 2-00 Acres at Sy.No.43 (P) of Somashettyhalli Village, Arasikere Taluk & Hassan District. It is a Government Land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP Ganapati.S.Hegde approved by Senior Geologist, Dept. of Mines & Geology, Hassan District. Capacity of mining is Av. 25,000 TPA

The Proponent and the RQP/Environment Consultant appeared before the committee to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting.

The Committee after discussion decided to recommend the proposal to SEIAA for issuing of Environmental Clearance

The Committee also decided to recommend imposing the Standard Conditions as mentioned in 148.6

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.45 Building Stone Quarry Project, Sy.No.34 (P) of Bokikere Village, Hosadurga Taluk & Chitradurga Dist. (2-0 Acres) of Sri M Thimmappa (SEIAA 929 MIN 2015)

This is a New proposal submitted by Sri M Thimmappa, seeking Environmental clearance for quarrying of Building Stone in an area of 2-00 Acres at Sy.No.34 (P) of Bokikere Village, Hosadurga Taluk & Chitradurga District. It is a Government Land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP B.M.Sudheendra Kumar approved by Deputy Director, Dept. of Mines & Geology, Chitradurga District. Capacity of mining is Av. 35,910 TPA

The Proponent and the RQP/Environment Consultant appeared before the committee to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting.

The Committee after discussion decided to recommend the proposal to SEIAA for issuing of Environmental Clearance after submission of the revised five year production plan.

The Committee also decided to recommend imposing the Standard Conditions as mentioned in 148.6

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

22nd September 2015

148.46 Proposed Residential Layout at Sy. No.102, Sheikh roza village, Gulbarga Taluk and District of Karnataka Housing Board (K.H.B), (SEIAA 104 CON 2015)

Note: The Authority during the SEIAA meeting held on 14.08.2015 decided to reopen the file assigning running file number keeping the old file as a back file and decided to forward the reopened file to Committee.

M/s. Karnataka Housing Board (K.H.B) have applied for Environmental clearance from SEIAA for their proposed Residential Development Project at Sy.No.102 of Sheikh Roza Village, Gulbarga Taluk, and Gulbarga District. Total Project cost is 112.54 Crores.

- 1. Land details:** - Total Plot area is 1,01,175.7 Sq.mts (25 Acres) out of which 52,912.69 Sq.mts (52.30%) is for Residential Area 1,855.55 Sq.mts (1.83%) is for Commercial, 12,035.72 Sq.mts (11.90 %) is for Parks and Open spaces, 9,725.79

Sq.mts (9.6%) is for Civic amenities, 24,195.69 Sq.mts (23.91%) is for roads, and 450.25 Sq.mts(0.45%) is for road widening.

2. The total Built up area is 82,518.86 Sq.mts. (31,907.82 Sq.mts is L.I.G and 50,611.04 Sq.mts is for M.I.G) The project consists of 992 no of units (L.I.G 448 units in 14 no's of Blocks and M.I.G 544 units in 17 no's of Blocks) with commercial and civic amenities.
3. **Landscape area (proposed):** 12,035.72 Sq.mts (11.90 %)
4. **Water Requirement:** Total water requirement is 678 Cu.m. The source of water is from nearby water treatment plant located at 1.2 KM away from the project site.
5. **Wastewater Management:** - The discharge of sewage during the operational phase is 552 Cu.m treated through Sewage Treatment Plant (S.T.P)
6. **Excavated Earth Management:-** Total Excavated Earth is 6,97,247.48 Cu.m.
7. **Solid Waste Management:** Total waste generated in the project is 2281.5 Kg/day (2235 Kgs from Residential activity and 46.5 Kg/day from Commercial activity) which will be collected through network of bins.
8. **Energy Requirement:** Total power requirement of 3.74 MW is sourced from GESCOM (Gulbarga Electricity Supply Company) 32 x 250 KVA capacity Transformers are required to meet power requirement.
9. **Traffic Details:** The project site is situated along 12 meter wide road which connects ring road on one side and Khandari chowk on another side. NH -218 is located at a distance of 0.5 km from the project site in Western direction. The existing, projected & modified LoS is B-C. Parking proposed: 720 PCU's.
10. **Other details:** Height of the building is 13.25 M. The ROW is 9 Meter. Site plan is submitted.

The Proponent and Environment Consultant attended the meeting of SEAC to provide clarification /additional information.

The committee screened the proposal considering the information provided in the statutory application-Form I, Form-1A, Conceptual Plan, and clarification/additional information provided during the meeting. The committee observed that already construction activity is going on in the proposed project site which is a violation of EIA Notification 2006. The proponent has informed that the base line data parameters in the preparation of EIA are considered during the year 2013

The Committee after discussion decided to recommend the proposal to SEIAA for issuing of Environmental Clearance subject to submission of the following information.

1. EMP studies considering Present base line data parameters and comparison with earlier EMP study should be given
2. Increase in the greenery area

The Committee also decided to recommend suitable action against the proponent with regard to violation of EIA Notification 2006.

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.47 "Habitat Eden Heights", Residential Apartment at Sy.No.186/1, 186/4 and 187 , Hoodi Village, K.R.Puram Hobli, Bengaluru East Taluk, Bengaluru Urban District of M/s.HV Ventures Projects Pvt. Ltd., (SEIAA 105 CON 2015)

M/s. H.V. Ventures Projects Pvt. Ltd., have applied for Environmental clearance from SEIAA for their proposed Construction of "Habitat Eden Heights" Residential Apartments Project at Sy.No's.186/1, 186/4, and 187 of Hoodi Village, K.R.Puram Hobli, Bengaluru East Taluk, Bengaluru Urban District. Total Project cost is 194.46 Crores.

1. **Land details:** - Total Plot area is 18,035.80 Sq.mts (4 Acres, 18 Guntas)
2. The project consists of Single Block consists 314 no's of units along with Club house (at 17th & 18th Floors of the middle portion of the building) which is sprawled across B + G + 18 UF with Total Built up area is 60,877.64 Sq.mts. Ht. of Building is 59.55 M.
3. **Landscape area (proposed):** 7,316.59 Sq.mts (40.57 %)
4. **Water Requirement:** Total water requirement is 223 KLD. The source of water is BWSSB. Copy of NOC is not submitted.
5. **Wastewater Management:** - The total quantity of waste water generated is 201 KLD and treated is proposed STP of design capacity of 205 KLD with SBR Technology.
6. **Excavated Earth Management:-** Total Excavated Earth is 49,392 Cu.m . Total quantity of filling is 27,791 Cu.m. All round the setbacks levelling for backyards is 12,089 Cu.m. Artificial mounds for landscape works 4,254 Cu.m. Levelling of road & site formation is 5,258 Cu.m
7. **Solid Waste Management:** Total waste generated in the project is 742.20 Kg/day; out of which 40% is organic & 60% is inorganic.
8. **Energy Requirement:** Total power requirement of 1583.25 Kw is sourced from BESCOM; Backup power proposed is DG set of 3 X 500 KVA.
9. **Traffic Details:** The project site is situated along Hoodi main road. The existing, projected & modified LoS is C-B-B. Parking proposed:381. Nos.
10. **Environment sensitivity:** EMP Submitted
11. **Other details:** It is proposed to construct roof rain water harvesting sump with a capacity of 175.82 Cu.m and 14 no's of recharge pit. Height of the building is 59.55 M. Total power savings per annum is 30%.

The Proponent and Environment Consultant attended the meeting of SEAC to provide clarification /additional information.

The committee screened the proposal considering the information provided in the statutory application-Form I, Form-1A, Conceptual Plan, and clarification/additional information provided during the meeting. The proponent informed the committee that if the height of the building exceeds 60 m, then helipad has to be provided compulsorily.

The Committee after discussion decided to recommend the proposal to SEIAA for issuing of Environmental Clearance subject to submission of the following information.

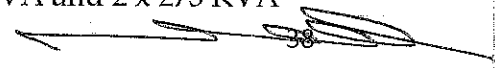

1. Bi fuel Gen sets to be provided
2. Revised greenery provision details by incorporating fruit yielding species
3. Revised EMP budget

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.48 Donata Country (Residential Row House of 60 units and Commercial Complex) at Sy.No.6/1(PART), 7/1, 7/2, 7/3 & 10/1, Vaderahalli Village, Bengaluru North Taluk, Bengaluru M/s Donata Construction,(SEIAA 106 CON 2015)

M/s. Donata Constructions, have applied for Environmental clearance from SEIAA for their proposed mixed development project "Donata County"(Residential Row House of 60 units and Commercial Complex) at Sy.No.6/1 (Part), 7/1, 7/2, 7/3 and 10/1 of Vaderahalli Village, Yelahanka Hobli, Bengaluru North Taluk, Bengaluru Urban District. Total Project cost is 56.79 Crores.

1. **Land details:** - Total site area is 18,882.74 Sq.mts
2. The project consists of 2 Blocks (Block A, and Block B) Block A, consisting of B + G + 3 UF , Block B: G+2 UF and Commercial building (B + G + 3 UF) with 60 no's of units with Total Built up area is 20,997.09 Sq.mts. Ht. of Building is 14.95 M.
3. **Landscape area (proposed):** 5258.72 Sq.mts (30 %)
4. **Water Requirement:** Total water requirement is 52 KLD. The source of water is Vaderahalli Grama Panchayath.
5. **Wastewater Management:** - The total quantity of waste water generated is 41.6KLD and treated is proposed STP of design capacity of 50 KLD.
6. **Excavated Earth Management:-** Total Excavated Earth is 3000 m³ will be used within the Project site for, Landscaping of Gardens and road making etc.
7. **Solid Waste Management:** Total waste generated in the project is 320 Kg/day; where 192 kg/day is the organic waste and 128 kg/day is inorganic waste, Organic waste will be treated in organic waste convertor. Inorganic waste which will be collected in dustbins and given to recycler.
8. **Energy Requirement:** Total power requirement of 1250 KVA is sourced from BESCOM; Backup power proposed is DG set of 2 X 350 KVA and 2 x 275 KVA

9. **Traffic Details:** Not mentioned. Parking proposed:227 Nos.
10. **Environment sensitivity:** EMP Submitted
11. **Other details:** Rain water Harvesting is proposed. Height of the building is 14.95 Mts. The ROW is 15.70 Meter.

The Proponent and Environment Consultant attended the meeting of SEAC to provide clarification /additional information.

The committee screened the proposal considering the information provided in the statutory application-Form I, Form-1A, Conceptual Plan, and clarification/additional information provided during the meeting. The committee observed that already construction activity is going on in the proposed site and it is a violation of EIA Notification 2006. The proponent informed the committee that earlier for the construction of row houses they have obtained CFE and while issuing of CEF, no condition has been mentioned regarding obtaining of EC.

The Committee after discussion decided to reconsider the proposal after the submission of the following information.

1. Revised water balance calculating fresh water demand at the rate of 55 LPCD as per the norms prescribed for rural water supply and the scheme for meeting the additional requirement
2. Quantification of the terrace area available for harnessing solar energy and an appropriate plan thereof with due calculations.
3. Base line data studies to be submitted

Action: Secretary, SEAC to put up before SEAC after receiving the above information.

148.49 Residential Apartment at Sy.No.19, Sopahalli village, Kasaba Hobli, Anekal Taluk, Bengaluru of M/s. Arattukulam Developers, (SEIAA 107 CON 2015)

M/s. Arattukulam Developers, have applied for Environmental clearance from SEIAA for their proposed construction of Residential Apartments Project at Sy.No.19 of Sopahalli village, Kasaba Hobli, Anekal Taluk, Bengaluru. Total Project cost is 30 Crores.

1. **Land details:** - Total Plot area is 9004.25 Sq.mts
2. The project consists of B + G F+ 8 UF with 180 no's of units with Total Built up area is 23,706.39 Sq.mts. Ht. of Building is 26.90 M.
3. **Landscape area (proposed):** 2,454.7 Sq.mts (27.2 %)
4. **Water Requirement:** Total water requirement is 121.5 KLD. The source of water is Grampanchayat.
5. **Wastewater Management:** - The total quantity of waste water generated is 97 KLD and treated is proposed STP of design capacity of 100 KLD

6. **Excavated Earth Management:-** Total Excavated Earth is 21,000 m³ will be used within the Project site for, Landscaping of Gardens and road making etc.
7. **Solid Waste Management:** Total waste generated in the project is 405 Kg/day; where 243 kg/day is the organic waste and 162 kg/day is inorganic waste, Organic waste will be treated in organic waste convertor. Inorganic waste will be collected in dustbins and given to recycler.
8. **Energy Requirement:** Total power requirement of 1000 KW is sourced from BESCO; Backup power proposed is DG set of 2 X 220 KVA.
9. **Traffic Details:** not submitted. Parking proposed:200. Nos.
10. **Environment sensitivity:** EMP Submitted
11. **Other details:** Rain water Harvesting is proposed. Height of the building is 26.90 M. The ROW is 12 Meter.

The Proponent and Environment Consultant are invited to the meeting of SEAC to provide clarification /additional information. But they remained absent.

The Committee after discussion decided to give one more opportunity to the proponent and if he remains absent, the proposal will be appraised in his absence and disposed off with merits.

Action: Secretary, SEAC to put up before SEAC during the subsequent meeting.

148.50 Enhancement of Bottling Capacity for L.P.G Bottling plan project at Plot No. 144 to 148 and 115 to 119 at Baikampady Village, Mangalore Taluk, Dakshina Kannada District of M/s. Bharat Petroleum Corporation Limited (SEIAA 22 IND 2015)

M/s. Bharat Petroleum Corporation Limited (BPCL) have applied for Environmental Clearance for Enhancement of Bottling Capacity for L.P.G Bottling plant from 9274 MT/month to 18,548 MT/month at Plot No. 144 to 148 and 115 to 119 of Baikampady village, Mangalore Taluk, Dakshina Kannada District. This is a project falling under the category 6 (B) of the Schedule of EIA Notification 2006, Under Category - B.

1. **Land Description:** The Unit has acquired in an area of 40 Acres.
2. **Site Location:** The proposed project located at 144 to 148 & 115 to 119 of Baikampady Industrial area, Mangalore Taluk, Dakshina Kannada District.
3. **Proposed Activity:** The proposed activity is to install additional 24 -station Electronic Carousel Filling System for bottling additional 9274 MT/month (i.e. 22,000 cylinders per day)
4. **Capital Investment:** Rs.13.19 Crores (Rupees: 13.19 Crores Only) for Expansion.
5. **Water Requirement:** For Domestic purpose 1300 LPD, for Cylinder washing 2000 LPD, Oil water separation unit provided for cylinder conveyor system is 1000 LPD
6. **Solid Waste management:** Total quantity of solid waste generated is 37 Kg/day, in which 22.2 Kg/day is organic waste and 14.8 Kg/day is inorganic waste.

7. **Hazardous Waste management:** The hazardous waste generated is spent oil from DG set which is stored in MS drums and sent to authorized preprocessors. The total quantity of hazardous waste generated is 1000 Liters/annum.
8. **Waste Water Management:** The wastewater shall be treated in septic tanks and disposed off in soak pit of adequate capacity. It is envisaged that there would be no wastewater generation from the operation of the proposed facilities. Spillage from fire hydrants and leak testing as well as waste water from mock fire drills shall be utilized quantitatively for green belt development.
9. **Energy Requirement:** The proposed power requirement for expansion is 1x 600 KVA sourced from MESCOM. The existing 1 x 250 KVA and 1 x 200 KVA shall be dismantled.
10. **Other Details:** The proponent have submitted Form-1, along with Pre-feasibility Report and proposed Environmental Management Plan.
11. **Enclosures:**
 - KIADB Land Allotment Copy
 - Half yearly compliance Report.
 - Site Location Map

The Proponent and the Environment Consultant attended the meeting of SEAC to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, and clarification/information provided during the meeting. The proponent has informed that there is no increase in the storage capacity of the plant as given in earlier issued EC. Only there is increase in the Bottling capacity and the capacity will be doubled from the current capacity. All precautionary measurements were taken as per prescribed norms. The procedure of Bottling is completely automated and all emergency measures to prevent fire accident, leakage etc., are taken care of. The committee members expressed their apprehension regarding trees all around the plant and during summer possibility of fire. The proponent has clarified that daily the fallen leaves will be cleared and also there is a 3 m height compound separating the plane from the greenery.

The committee after discussion decided to recommend the proposal to SEIAA for issuing of Environmental Clearance.

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.51 Establishment of GGBS & Cement Manufacturing Industry at Sy. No's. 37/1 & 37/7 Kuntaganahalli Village, Koppal Taluk and Koppal District of M/s. S.S.R Cement Industries (SEIAA 23 IND 2015)

1. M/s. S.S.R Cement Industries have applied for Environmental Clearance from SEIAA for their new proposed GGBS and Cement Manufacturing Unit. This is a project falling under the category 3(b) of the Schedule of EIA Notification 2006, Under Category - B. The total Plot area is 6 Acres, 15 Guntas. The total built up area is 907.7 Sq.mts . The proposed green belt area is 8525 Sq.mts (35%)

2. **SiteLocation:** The proposed project located at Sy.No.37/1 and 37/7 of Kuntaganahalli Village, Koppal Taluk, Koppal District.

3. Proposed Activity: The proposed activity will involve in the manufacturing of GGBS and Cement.

4. Raw Materials: The raw materials used for the proposed project as follows:
Granulated Slag - 250 TPD used for GGBS (Ground Granulated Blast Furnace Slag) Manufacture.

For cement manufacturing raw materials is

1. Gypsum -7.5 TPD
2. Clinkers -230 TPD
3. Granulated Slag -12.5 TPD

5. Production Capacity and Products Manufactured: The products manufactured are GGBS and Portland Slag Cement (PSC), Portland Puzulona Cement (PPC) and Ordinary Portland Cement (OPC) of 60,000 MTPA

6. Capital Investment: Rs.1,60,27,000/-

(Rupees One Crore Sixty Lakhs and Twenty seven Thousand only)

7. Solid Waste management: Total quantity of solid waste generated is 3 Kg/day. The solid waste generated will be collected, composted in compost pits and the product will be used as manure for landscape development.

8. Water Requirement: The total water required for the project is 11 KLD. The source of the water is Borewell.

9. Waste Water Management: Total quantity of waste water generated is about 0.5 KLD. It will be treated in septic tank and soak pit.

10. Energy Requirement: The proposed power requirement of the plant is 420 KVA sourced from GESCOM (Gulburga Electricity Supply Company Limited).

11. Other Details: The proponent have submitted Form-1, along with Pre-feasibility Report and proposed Environmental Management Plan.

12. Enclosures: Land conversion certificate, Google map, Location map.

The Proponent and the Environment Consultant attended the meeting of SEAC to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, and clarification/information provided during the meeting.

The proponent informed the committee regarding the source of raw material and said that slag will be supplied by Kalyani steel industry which is about 3.8 Km, clinker from ACC & Vasavadatta cement, near Wadi about 200 Km from the proposed site and Gypsum from KPR fertilizers Ltd. about 6 Km from the proposed site. Also the nearest Railway station is @ Munirabad Railway Station - 6.00 Km & Koppal Railway station - 10.00 Km.90% of the Raw material and finished products will be transported through railway wagons and only 10% through roadways. The proponent informed that the cement will be transported in containers and not in bags. The committee observed that the details regarding procurement of raw materials, mode of transportation, and place of

procurement given are incomplete. The EMP studies conducted are not satisfactory and detailed study has to be carried out.

The committee after discussion decided to recall the proponent after the submission of the following information.

1. Details regarding procurement of raw materials, mode of transportation, and place of procurement.
2. Revised EMP details

Action: Secretary, SEAC to put up before SEAC during the subsequent meeting.

148.52 Building Stone Quarry Project, Sy.No.11 of Janalukunte Village, Chikkaballapura Taluk & Dist. (3-20 Acres) (QL No.100) of M/s. Sree Shiridi Sai Aggregates (SEIAA 930 MIN 2015)

This is a Renewal proposal submitted by M/s. Sree Shiridi Sai Aggregates Industries, seeking Environmental clearance for quarrying of Building stone in an area of 3-20 Acres at Sy.No.11 of Janalukunte Village, Chikkaballapura Taluk & District. It is a Government Revenue Land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP Sri.Ganapati.S.Hegde and approved by Senior Geologist, Dept. of Mines & Geology, Chikkaballapura. Capacity of mining is Avg. 40,000 TPA.

The Proponent and the RQP/Environment Consultant appeared before the committee to provide clarification/additional information.

The Committee noted that many proposals have been cleared in this area and if the proposed area is likely to result in to a cluster situation with a total lease area of 25 Ha or more as defined in the O.M dated 24.12.2013 issued by the Ministry of Environment and Forest, Government of India then the proposal has to be appraised category B1 & general conditions apply. The committee therefore directed the proponent to get the details of all the leases & Notifications issued of janalakunte village with the extent of lease area, lease Nos., latitude & longitude and distance between the boundaries (OUTER) of each lease area and to be marked on combined sketch plotted on a village map which shall be attested by a competent authority.

The Committee after discussion decided to issue following additional TOR's along with Standard TOR's.

1. The approach road crust along with lane distribution is to be designed for the traffic considering all the quarry leases working already and new quarries along with crushers existing in the area.

Action: Secretary, SEAC to issue TOR's along with additional TOR's to the proponent.

148.53 Building Stone Quarry Project, Sy.No.40/1 of Kallehol Village, Belgaum Taluk & Dist. (1-0 Acre) of M/s. Sri Ram Stone Crushing Industries (SEIAA 931 MIN 2015)

This is a Renewal proposal submitted by M/s. Sri Ram Stone Crushing Industries, seeking Environmental clearance for quarrying of Building stone in an area of 1-0 Acre at Sy.No.40/1 of Kallehol Village, Belgaum Taluk & District. It is a patta land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP Sri.B.M.Sudheendra Kumar and approved by Deputy Director, Dept. of Mines & Geology, Belgaum. Capacity of mining is Avg. 7,714 TPA.

The proponent was invited for the meeting to provide required clarification. The proponent remained absent.

The committee decided to provide one more opportunity to the proponent with intimation that the proposal will be appraised based on merit in his absence, in case he remains absent.

Action: Secretary, SEAC to put up the proposal before SEAC in subsequent meeting.

148.54 Building Stone Quarry Project, Sy.No.26 (P) of H Thimmapura Village, Tarikere Taluk & Chikkamagalur Dist. (1-20 Acres) of Sri R Kumaraswami (SEIAA 932 MIN 2015)

This is a New proposal submitted by Sri.R.Kumaraswami, seeking Environmental clearance for quarrying of Building Stone in an area of 1-20 Acres, at Sy.No.26 (P) of H Thimmapura Village, Tarikere Taluk & Chikkamagalur District. It is a Govt. Land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP Sri.B.M.Sudheendra Kumar and approved by Senior Geologist, Dept. of Mines & Geology, Chikmagalur. Capacity of mining is Avg.17,712 T/annum.

The Proponent and the RQP/Environment Consultant appeared before the committee to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting.

The Committee after discussion decided to recommend the proposal to SEIAA for issuing of Environmental Clearance

The Committee also decided to recommend imposing the Standard Conditions as mentioned in 148.6

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.55 Building Stone Quarry Project, Sy.No.168 (P) of Varlakonda Village, Gudibande Taluk & Chikkaballapur Dist. (5-0 Acres) (QL No.126) of M/s. Akshay Industries (SEIAA 933 MIN 2015)

This is a Renewal proposal submitted by M/s. Akshay Industries, seeking Environmental clearance for quarrying of Building stone in an area of 1-0 Acre at Sy.No.168 (P) of Varlakonda Village, Gudibande Taluk & Chikkaballapur District. It is a Government Revenue land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP Sri.Ganapati.S.Hegde and approved by Senior Geologist, Dept. of Mines & Geology, Chikkaballapur. Capacity of mining is Avg. 1,00,000 TPA.

The Proponent and the RQP/Environment Consultant attended the meeting of SEAC to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting.

The Committee noted that many proposals have been cleared in this area and if the proposed area is likely to result in to a cluster situation with a total lease area of 25 Ha or more as defined in the O.M dated 24.12.2013 issued by the Ministry of Environment and Forest, Government of India then the proposal has to be appraised category B1. The committee therefore directed the proponent to get the details of all the leases & Notifications issued of Varlakonda village with the extent of lease area, lease Nos., latitude & longitude and distance between the boundaries (OUTER) of each lease area and to be marked on combined sketch plotted on a village map which shall be attested by a competent authority.

The committee after discussion decided to recall the proponent after submission of the combined sketch of leases & Notifications as explained above

Action: Secretary, SEAC to put up the proposal before SEAC after of the above information.

148.56 Grey Granite Quarry Project, Sy.No.702 of Mudgal Village, Lingasugur Taluk & Raichur Dist. (1-07 Acres) (QL No.673) of Sri Durgappa S Hoolageri (SEIAA 934 MIN 2015)

This is a Renewal proposal submitted by M/s. Saptagiri Stones seeking Environmental clearance for quarrying of Grey Granite in an area of 1-07 Acre at Sy.No.702 of Mudgal Village, Lingasugur Taluk & Raichur District. It is a Government land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP Sri.Sanjeevegowda and approved by Deputy Director, Dept. of Mines & Geology, Bangalore. Capacity of mining is Avg. 2,500 Cu.m/annum.

The Proponent and the RQP/Environment Consultant appeared before the committee to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting.

The Committee after discussion decided to recommend the proposal to SEIAA for issuing of Environmental Clearance subject to the submission of scheme of disposal off the rocky waste

The Committee also decided to recommend imposing the Standard Conditions as mentioned in 148.6

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.57 Pink Granite Quarry Project, Sy.No.37/1 of Makapur Village, Lingasugur Taluk, Raichur Dist. (3 Acres) (QL No.658) of Sri Durgappa S Hoolageri(SEIAA 935 MIN 2015)

This is a Renewal proposal submitted by Sri.Durgappa.S.Hoolageri seeking Environmental clearance for quarrying of Pink Granite in an area of 3.00 Acres at Sy.No.37/1 of Makapur Village, Lingasugur Taluk, Raichur District. It is a Patta land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP Sri.Sanjeevegowda and approved by Deputy Director, Dept. of Mines & Geology, Bangalore. Capacity of mining is Avg. 4,000 Cu.m/annum.

This is a Renewal proposal submitted by Sri.Durgappa.S.Hoolageri seeking Environmental clearance for quarrying of Pink Granite in an area of 3.00 Acres at Sy.No.37/1 of Makapur Village, Lingasugur Taluk, Raichur District. It is a Patta land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP Sri.Sanjeevegowda and approved by Deputy Director, Dept. of Mines & Geology, Bangalore. Capacity of mining is Avg. 4,000 Cu.m/annum.

The Proponent and the RQP/Environment Consultant appeared before the committee to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting. The proponent has informed that,

 46

adjoining to this land, another with an extent of 5 Acre for which NA has been already obtained, quarry waste will be dumped in that land.

The Committee after discussion decided to recommend the proposal to SEIAA for issuing of Environmental Clearance subject to the Revision of EMP budget with a provision of waste disposal.

The Committee also decided to recommend imposing the Standard Conditions as mentioned in 148.6

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.58 Building Stone Quarry Project, Sy.No.33 of Mallasandra Village, Doddaballapura Taluk, Bangalore Rural Dist. (2 Acres) (QL No.2644) of Sri N Krishnamurthy (SEIAA 936 MIN 2015)

This is a Renewal proposal submitted by Sri.N.Krishnamurthy, seeking Environmental clearance for quarrying of Building stone in an area of 2-0 Acres at Sy.No.33 of Mallasandra Village, Doddaballapura Taluk, Bangalore Rural District. It is a Government Revenue land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP Sri.Sanjeevogwda and approved by Deputy Director, Dept. of Mines & Geology, Bangalore Rural District. Capacity of mining is Avg. 24,000 TPA.

This is a Renewal proposal submitted by Sri.N.Krishnamurthy, seeking Environmental clearance for quarrying of Building stone in an area of 2-0 Acres at Sy.No.33 of Mallasandra Village, Doddaballapura Taluk, Bangalore Rural District. It is a Government Revenue land.

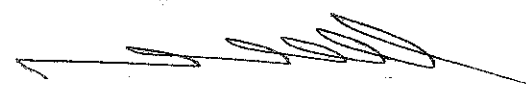

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP Sri.Sanjeevogwda and approved by Deputy Director, Dept. of Mines & Geology, Bangalore Rural District. Capacity of mining is Avg. 24,000 TPA.

The Proponent and the RQP/Environment Consultant appeared before the committee to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting.

The Committee after discussion decided to recommend the proposal to SEIAA for issuing of Environmental Clearance

The Committee also decided to recommend imposing the Standard Conditions as mentioned in 148.6

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.59 Building Stone Quarry Project, Sy.No.33 of Mallasandra Village, Doddaballapura Taluk, Bangalore Rural Dist. (2 Acres) (QL No.2643) of Sri T Pillappa (SEIAA 937 MIN 2015)

This is a Renewal proposal submitted by Sri.T.Pillappa seeking Environmental clearance for quarrying of Building stone in an area of 2-0 Acres at Sy.No.33 of Mallasandra Village, Doddaballapura Taluk, Bangalore Rural District. It is a Government Revenue land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP Sri.Sanjevegowda and approved by Deputy Director, Dept. of Mines & Geology, Bangalore Rural District. Capacity of mining is Avg. 24,000 TPA.

The Proponent and the RQP/Environment Consultant appeared before the committee to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting.

The Committee after discussion decided to recommend the proposal to SEIAA for issuing of Environmental Clearance

The Committee also decided to recommend imposing the Standard Conditions as mentioned in 148.6

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.60 Building Stone Quarry Project, Sy.No.29 of Huluvnahalli Village, Bangalore South Taluk, Bangalore Urban Dist. (7-20 Acres) (QL No.651) of Sri S T Ramesh SEIAA 938 MIN 2015)

This is a Renewal proposal submitted by M/s. Ganapathi Enterprises seeking Environmental clearance for quarrying of Building stone in an area of 7-20 Acres at Sy.No.29 of Huluvnahalli Village, Bangalore South Taluk, Bangalore Urban District. It is a Government land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP Sri.B.N.Krishnamurthy and approved by Senior Geologist, Dept. of Mines & Geology, Bangalore Urban District. Capacity of mining is Avg. 68,982 TPA.

The Proponent and the RQP/Environment Consultant attended the meeting of SEAC to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting.

The Committee noted that many proposals have been cleared in this area and if the proposed area is likely to result in to a cluster situation. The committee therefore directed the proponent to get the details of all the leases & Notifications issued of Huluvenahalli village with the extent of lease area, lease Nos., latitude & longitude and distance between the boundaries (OUTER) of each lease area and to be marked on combined sketch plotted on a village map which shall be attested by a competent authority. Also the committee observed that, the Geological, Mineable reserve & Five year production calculation are wrong and audit report not submitted. Based on the elevation of the quarry site above ground level (Difference in level. 2.5 m), depth proposed is 14 m, area of quarrying (as per land use plan), and with the available area, it is not possible to go that depth, because lifting of quarrying material from that depth & movement of vehicles will be very difficult.

The Committee after discussion decided to limit the production to 70% of the total estimated production keeping the minable area quantity and the sustainability of the mine in the mind and to reconsider the proposal after submission of the following information.

1. Combined sketch of leases & Notifications as explained above
2. Revised Geological, Mineable reserve & Five year production calculation
3. Audit report

Action Secretary, SEAC to put up the proposal before SEAC after of the above information.

148.61 Building Stone Quarry Project, Sy.No.20 of Madapatna Village, Bangalore South Taluk, Bangalore Urban Dist. (1-30 Acres) (QL No.718) of M/s. Ganapathi Enterprises (SEIAA 939 MIN 2015)

This is a Renewal proposal submitted by M/s. Ganapathi Enterprises seeking Environmental clearance for quarrying of Building stone in an area of 1-30 Acres at Sy.No.20 of Madapatna Village, Bangalore South Taluk, Bangalore Urban District. It is a Government land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP Sri.B.N.Krishnamurthy and approved by Senior Geologist, Dept. of Mines & Geology, Bangalore Urban District. Capacity of mining is Avg. 29,416 TPA.

The Proponent and the RQP/Environment Consultant appeared before the committee to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting. The committee observed that, Geological, Mineable reserves & Five year production calculation is wrong and should be revised. Audit report not submitted and many quarry leases are considered in this village and cleared by committee. The quarry area is in the D/s of the T.G.Halli Catchment area and it does not come under Zone - 1 of T.G.Halli Catchment area.

The Committee after discussion decided to reconsider the proposal after submission of the following information.

1. Complete audit report
2. Revised Geological, Mineable reserves & Five year production calculation
3. Combined sketch showing all the leases and notifications issued by DMG.

Action: Secretary, SEAC to put up before SEAC after receiving the above information.

148.62 Building Stone Quarry Project, Sy.No.110 of Thyalagere Village, Devanahalli Taluk, Bangalore Rural Dist. (1-0 Acre) of Smt. S Deepika (SEIAA 940 MIN 2015)

This is a New proposal submitted by Smt.S.Deepika, seeking Environmental clearance for quarrying of Building Stone in an area of 1-0 Acre, Sy.No.110 of Thyalagere Village, Devanahalli Taluk, Bangalore Rural District. It is a Govt. Gomala Land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP Sri.B.N.Krishnamurthy and approved by Deputy Director, Dept. of Mines & Geology, Bangalore Rural District Capacity of mining is Avg.26,653 T/annum.

The Proponent and the RQP/Environment Consultant attended the meeting of SEAC to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting.

The committee observed that, based on the elevation of the quarry site above ground level (Difference in level. 10 m), depth proposed is 20 m, area of quarrying (as per land use plan), and with the available area, it is not possible to go that depth, because lifting of quarrying material from that depth & movement of vehicles will be very difficult.

The Committee after discussion decided to limit the production to 60% of the total estimated production keeping the minable area quantity and the sustainability of the mine in the mind and to recommend the proposal to SEIAA for issuing of Environmental clearance

after submission of the revised EMP budget with a provision for fire protection to the adjoining land.

The Committee also decided to recommend imposing the Standard Conditions as mentioned in 148.6

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action

148.63 Shahabad Stone Quarry Project, Sy.No.251/1 of Halakatta Village, Chittapur Taluk, Gulbarga Dist. (2 Acres) (QL No.421) of Sri Sunil S/o. Yamanappa Vallapure, # 1-891/30/25A, Near Jivargi Road, Near Ganesh Temple, Shrinagar NGO Colony, Gulburaga -585102 (SEIAA 761 MIN 2015)

This is a Renewal proposal submitted by Sri.Sunil seeking Environmental clearance for quarrying of Shahabad stone in an area of 2-00 Acres at Sy.No.251/1 of Halakatta Village, Chittapur Taluk, Gulbarga District. It is a Patta Land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP Sri.B.N.Krishnamurthy and approved by Senior Geologist, Dept. of Mines & Geology, Kalaburgi. Capacity of mining is Avg. 2,97,000 TPA.

The proponent was invited to provide required clarification. The proponent remained absent.

The Committee decided to provide one more opportunity to proponent with intimation that the proposal will be appraised based on merit in his absence, in case he remains absent.

Action: Secretary, SEAC to put up the proposal before SEAC in subsequent meeting.

148.64 Building Stone Quarry Project, Sy.No.386 of Maravara Village, Chikkamagaluru Taluk & Dist. (1 Acre) of Sri C M George S/o. C.J.Mathew, Rameshwara Nagara, 2nd Cross, Chikamagalur District. (SEIAA 762 MIN 2015)

This is a Renewal proposal submitted by Sri.C.M.George seeking Environmental clearance for quarrying of Building stone in an area of 1-00 Acre at Sy.No.386 of Maravara Village, Chikkamagaluru Taluk & District. It is a Government Land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP Sri.B.M.Sudheendra Kumar and approved by Senior Geologist, Dept. of Mines & Geology, Chikkamagalur. Capacity of mining is Avg. 6,164 TPA.

The Proponent and the RQP/Environment Consultant attended the meeting of SEAC to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting.

The committee observed that, based on the elevation of the quarry site above ground level (Difference in level. 5 m(Av.)), depth proposed is 15 m, area of quarrying (as per land use plan), and with the available area, it is not possible to go that depth, because lifting of quarrying material from that depth & movement of vehicles will be very difficult.

The Committee after discussion decided to limit the production to 80%(limiting the depth of excavation to 10 m) of the total estimated production keeping the minable area quantity and the sustainability of the mine in the mind and to recommend the proposal to SEIAA for issuing of Environmental clearance

The Committee also decided to recommend imposing the Standard Conditions as mentioned in 148.6

Action Secretary, SEAC to forward the proposal to SEIAA for further necessary action

148.65 Building Stone Quarry Project, Sy.No.348/A of Athani Village, Athani Taluk, Belgaum Dist. (2-20 Acres) of M/s. Gadiwaddar Koolikarara Sahakari Sangha, Bus Stand Road, Waddar Galli, Athani, Belgaum District - 591304 (SEIAA 763 MIN 2015)

This is a New proposal submitted by M/s. Secretary, Gadiwaddar Koolikarara Sahakari Sangha, Athani seeking Environmental clearance for quarrying of Building Stone in an area of 2-20 Acres, Sy.No.348/A of Athani Village, Athani Taluk, Belgaum District. It is a Govt. Gomala Land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

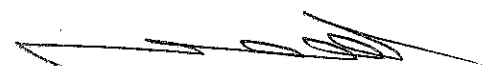

The mining plan has been prepared by RQP Sri.B.M.Sudheendra Kumar and approved by Deputy Director, Dept. of Mines & Geology, Belagavi. Capacity of mining is Avg.15,428 T/annum.

The Proponent and the RQP/Environment Consultant appeared before the committee to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting.

The Committee after discussion decided to recommend the proposal to SEIAA for issuing of Environmental Clearance with a condition that quarrying should be done manually by chiseling & wedging.

The Committee also decided to recommend imposing the Standard Conditions as mentioned in 148.6

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.66 Building Stone Quarry Project, Sy.No.77 (P) of Dodderi Village, Bengaluru South Taluk, Bengaluru Urban Dist. (0-36 Acres) of Sri Chethan S/o. Somashekar, # 14, Kodipalya Ramohalli, Kengeri Hobli, Bangalore South Taluk, Bangalore Urban District (SEIAA 764 MIN 2015)

This is a New proposal submitted by Sri.Chethan seeking Environmental clearance for quarrying of Building Stone in an area of 0-36 Acres, Sy.No.77 (P) of Dodderi Village, Bengaluru South Taluk, Bengaluru Urban District. It is a Govt. Gomala Land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP Sri.B.Ramasubbareddy and approved by Senior Geologist, Dept. of Mines & Geology, Bangalore Urban District. Capacity of mining is Avg.6030 T/annum.

This is a New proposal submitted by Sri.Chethan seeking Environmental clearance for quarrying of **Building Stone** in an area of 0-36 Acres, Sy.No.77 (P) of Dodderi Village, Bengaluru South Taluk, Bengaluru Urban District. It is a Govt. Gomala Land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP Sri.B.Ramasubbareddy and approved by Senior Geologist, Dept. of Mines & Geology, Bangalore Urban District. Capacity of mining is Avg.6030 T/annum.

The Proponent and the RQP/Environment Consultant appeared before the committee to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting. The committee observed that, many quarry leases are considered in this village and cleared by committee.

The Committee after discussion decided to reconsider the proposal after submission of the following information.

1. Combined sketch showing all the leases and notifications issued by DMG.
2. Approach road to be made pucca by asphaltting.

Action: Secretary, SEAC to put up before SEAC after receiving the above information.

148.67 Building Stone Quarry Project, Sy.No.59 (P) of Sulivara Village, Bengaluru South Taluk, Bengaluru Urban Dist. (2-24 Acres) of Sri Chethan S/o. Somashekar, # 14, Kodipalya Ramohalli, Kengeri Hobli, Bangalore South Taluk, Bangalore Urban District (SEIAA 765 MIN 2015)

This is a New proposal submitted by Sri.Chethan seeking Environmental clearance for quarrying of Building Stone in an area of 2-24 Acres, at Sy.No.59 (P) of Sulivara Village, Bengaluru South Taluk, Bengaluru Urban District. It is a Govt. Gomala Land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP Sri.B.Ramasubbareddy and approved by Senior Geologist, Dept. of Mines & Geology, Bangalore Urban District. Capacity of mining is Avg.34,369 T/annum.

The Proponent and the RQP/Environment Consultant appeared before the committee to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting. The committee observed that, many quarry leases are considered in this village and cleared by committee.

The Committee after discussion decided to reconsider the proposal after submission of the following information.

1. Combined sketch showing all the leases and notifications issued by DMG.
2. Approach road to be made pucca by asphaltting.

Action: Secretary, SEAC to put up before SEAC after receiving the above information.

148.68 Building Stone Quarry Project, Sy.No.382/2K of Chabbi Village, Hubli Taluk & Dharwad Dist. (1-0 Acre) (QL No.837) of Sri S C Patil, # B-11, Ureka Towers, Nilgin Road, Near Traffic Island, Hubli, Dharwad District (SEIAA 766 MIN 2015)

This is a Renewal proposal submitted by Sri.S.C.Patil seeking Environmental clearance for quarrying of Building stone in an area of 1-00 Acre at Sy.No.382/2K of Chabbi Village, Hubli Taluk & Dharwad District. It is a Patta Land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP Sri.K.Raviprakash and approved by Senior Geologist, Dept. of Mines & Geology, Dharwad; Capacity of mining is Avg. 12,009 TPA.

The Proponent and the RQP/Environment Consultant attended the meeting of SEAC to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting.

The committee observed that, based on the elevation of the quarry site above ground level (Difference in level. 2.5 m(Av.)), depth proposed is 20 m, area of quarrying (as per land use plan), and with the available area, it is not possible to go that depth,

because lifting of quarrying material from that depth & movement of vehicles will be very difficult.

The Committee after discussion decided to limit the production to 70% of the total estimated production keeping the minable area quantity and the sustainability of the mine in the mind and to recommend the proposal to SEIAA for issuing of Environmental clearance

The Committee also decided to recommend imposing the Standard Conditions as mentioned in 148.6

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action

148.69 Building Stone Quarry Project, Sy.No.174 of Kandegal Village, Gundlupet Taluk, Chamarajanagara Dist. (3-20 Acres) of Sri O.D. Thomas Padagur Village, Terknambi Hobli, Gundlupet Taluk, Chamarajanagar District (SEIAA 767 MIN 2015)

This is a New proposal submitted by Sri.O.D.Thomas seeking Environmental clearance for quarrying of Building Stone in an area of 3-20 Acres, at Sy.No.174 of Kandegal Village, Gundlupet Taluk, Chamarajanagara District. It is a Govt. Land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP Sri.H.Sanjeewegowda and approved by Deputy Director, Dept. of Mines & Geology, Chamarajanagara. Capacity of mining is Avg.25,000 T/annum.

The Proponent and the RQP/Environment Consultant appeared before the committee to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting.

The Committee after discussion decided to recommend the proposal to SEIAA for issuing of Environmental Clearance With a condition that, an undertaking to make the approach road pucca by asphaltting.

The Committee also decided to recommend imposing the Standard Conditions as mentioned in 148.6

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.70 Shahabad Stone Quarry Project, Sy.No.208/3 of Wadi Village, Chittapur Taluk, Gulbarga Dist. (1-30 Acres) of Smt. Shantabai @Meenaxi w/o Manasing, # 8/83, Gandinagar, Chittapur Taluk, Gulbarga District (SEIAA 768 MIN 2015)

This is a New proposal submitted by Smt.Shantabai seeking Environmental clearance for quarrying of Shahabad Stone in an area of 1-30 Acres, at Sy.No.208/3 of Wadi Village, Chittapur Taluk, Gulbarga District. It is a Patta Land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP Sri.B.N.Krishnamurthy and approved by Deputy Director, Dept. of Mines & Geology, Kalaburagi. Capacity of mining is Avg.8033.41 Cu.m/annum.

The Proponent and the RQP/Environment Consultant appeared before the committee to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting.

The Committee after discussion decided to recommend the proposal to SEIAA for issuing of Environmental Clearance With a condition that, an undertaking to make the approach road pucca by asphaltting.

The Committee also decided to recommend imposing the Standard Conditions as mentioned in 148.6

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.71 Building Stone Quarry Project, Sy.No.164/4, 5, 6, 7 (P) of Nanadi Village, Chikkodi Taluk, Belgaum Dist. (5 Acres) of M/s. Bhavani Stone Crushing & M Sand Plant, Sneha Shripad Nerikar, Durvankoor Jayanagar, Chikkodi Taluk, Belgaum. (SEIAA 769 MIN 2015)

This is a New proposal submitted by M/s. Bhavani Stone Crushing & M Sand Plant seeking Environmental clearance for quarrying of Building Stone in an area of 5-0 Acres, Sy.No.164/4, 5, 6, 7 (P) of Nanadi Village, Chikkodi Taluk, Belgaum District. It is a Patta Land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP Sri.B.M.Sudheendrakumar and approved by Deputy Director, Dept. of Mines & Geology, Belgaum, Capacity of mining is Avg.95,700 T/annum.

The Proponent and the RQP/Environment Consultant attended the meeting of SEAC to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting.

The committee observed that, based on the elevation of the quarry site above ground level (Difference in level. 2), depth proposed is 14 m, area of quarrying (as per land use plan), and with the available area, it is not possible to go that depth, because

lifting of quarrying material from that depth & movement of vehicles will be very difficult. The proponent has informed that the total extent of Sy. No. 164 is 55 Acres and all the farmers adjoining to this quarry have agreed to leave common space to utilize for transportation purpose and the same will be used for transportation of minerals.

The Committee after discussion decided to limit the production to 70% of the total estimated production keeping the minable area quantity and the sustainability of the mine in the mind and to recommend the proposal to SEIAA for issuing of Environmental clearance with a condition that the approach road to be made pucca by asphaltting.

The Committee also decided to recommend imposing the Standard Conditions as mentioned in 148.6

Action Secretary, SEAC to forward the proposal to SEIAA for further necessary action

148.72 Black Rock (Dolorite) Quarry Project, Sy.No.81/4, Andagove Village, Somwarpet Taluk, Kodagu Dist. (2-0 Acres) (QL No.845) of Sri S K Raj Kumar, Reliance Stationary Mart, #55, Commercial Street, Bengaluru, Karnataka (SEIAA 770 MIN 2015)

This is a Renewal proposal submitted by Sri.S.K.RajKumar seeking Environmental clearance for quarrying of Black Rock (Dolorite) Quarry in an area of 2-00 Acres at Sy.No.81/4, Andagove Village, Somwarpet Taluk, Kodagu District. It is a Patta Land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP Sri.B.M.Sudheendrakumar and approved by Deputy Director, Dept. of Mines & Geology, Bangalore, Capacity of mining is Avg.608.373 m³/annum

The Proponent and the RQP/Environment Consultant appeared before the committee to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting. The committee observed that the Harangi reservoir is very near to the quarry and the proponent has not given any mitigation measures to avoid erosion and siltation of the reservoir and also scheme of disposal of quarry waste is not given.

The Committee after discussion decided to reconsider the proposal after submission of the following information.

1. Scheme of disposal of quarry waste. The top soil to be preserved separately and rocky waste to be dumped separately.
2. Mitigation measures taken to avoid erosion & siltation of soil

The Committee also decided to recommend imposing the Standard Conditions as mentioned in 148.6

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.73 Black Granite Quarry Project, Sy.No.317/2 of Mariyala Village, Chamarajanagara Taluk & Dist. (2-07 Acres) of Sri Mushahid Ahmed S/o. Late Mohammed Dasthagir, Chamrajanagar. (SEIAA 771 MIN 2015)

This is a Renewal proposal submitted by Sri.MushahidAhmed seeking Environmental clearance for quarrying of Black Granite Quarry Project in an area of 2.07 Acres at Sy.No.317/2 of Mariyala Village, Chamarajanagara Taluk & District. It is a Patta Land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP Sri.B.N.Krishnamurthy and approved by Deputy Director, Dept. of Mines & Geology, Bangalore, Capacity of mining is Avg.606 m³/annum

The Proponent and the RQP/Environment Consultant appeared before the committee to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting. The committee observed that, permit details (audit reports), copy of working permission and scheme of disposal of quarry waste is not given

The Committee after discussion decided to reconsider the proposal after submission of the following information.

1. Permit details (audit report) & copy of working permits
2. Scheme of disposal of the quarry waste
3. Approach road to be made pucca by asphaltting.

Action: Secretary, SEAC to put up before SEAC after receiving the above information.

148.74 Choudapur Limestone Mine, Sy.No.65(P), Choudapur Village, Mudhol Taluk, Bagalkot District. (4.86 Ha.) of Sri. S.M.Modi, Lokapur Post, Mudhol Taluk, Bagalkot District - 587 122. (SEIAA 776 MIN 2015)

Note: It is a reopened file old file no. SEIAA 189 MIN 2012, new assigned file no. SEIAA 776 MIN 2015

The Committee during the 96th SEAC meeting held on 4th January 2013 appraised the proposal, decided to recommend the proposal for EC consideration to Authority.

The Authority perused the proposal during the 62nd SEIAA meeting held on 25th February 2013 after discussion decided to close the file in view of the clarification dated 04.01.2013 issued by MOEF,GoI, exempting Environmental Clearance for major minerals of less than 5 Ha lease area.

A letter dated 28.01.2015 has been received from Sri.S.M.Modi, requesting to reopen the application for Environmental Clearance for Choudapur Limestone mine.

58

Inview of the notification datd:07.10.2014, mining of major minerals lease area of less than 5 Ha requires prior Environmental Clearance under EIA Notification, 2006.

Therefore, The Authority perused the request and decided to reopen the file assigning running file number keeping the old file as a back file.

This is a proposal submitted by Sri.S.M.Modi seeking Environmental clearance for quarrying of Choudapur Limestone Mine in an area of 4.86 Ha at Sy.No.65 (P), Choudapur Village, Mudhol Taluk, Bagalkot. It is a Patta Land.

The mining plan has been prepared by RQP Sri.G.Y.Niranjan and approved by Regional Controller, Indian Bureau of Mines, Capacity of mining is Avg.35,000 T/annum.

The proponent was invited to provide required clarification. The proponent remained absent with intimation.

The Committee decided to provide one more opportunity to proponent with intimation that the proposal will be appraised based on merit in his absence, in case he remains absent.

Actior Secretary, SEAC to put up the proposal before SEAC in subsequent meeting.

148.75 Chikkalagundi Limestone Mine, Sy.No.273/1 & 273/2, Chikkalagundi Village, Bilagi Taluk, Bagalkot District. (1.62 Ha.) ML No.2574) of Sri. L.S.Hiremath, Lokapur Post, Mudhol Taluk, Bagalkot District - 587 122 (SEIAA 777 MIN 2015)

Note: It is a reopened file old file no. SEIAA 192 MIN 2012, new assigned file no. SEIAA 776 MIN 2015

This is a proposal submitted by Sri.L.S.Hiremath seeking Environmental clearance for quarrying of Chikkalagundi Limestone Mine in an area of 1.62 Ha Sy.No.273/1 & 273/2, Chikkalagundi Village, Bilagi Taluk, Bagalkot District. It is a Patta Land.

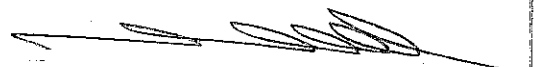

The mining plan has been prepared by RQP Sri.G.Y.Niranjan and approved by Regional Controller, Indian Bureau of Mines, Capacity of mining is Avg.20,000 T/annum.

The Committee during the 96th SEAC meeting held on 4th January 2013 appraised the proposal, decided to recommend the proposal for EC consideration to Authority.

The Authority perused the proposal during the 62nd SEIAA meeting held on 25th February 2013 after discussion decided to close the file inview of the clarification dated 04.01.2013 issued by MOEF,GoI, exempting Environmental Clearance for major minerals of less than 5 Ha lease area.

A letter dated 28.01.2015 has been received from Sri.S.M.Modi, requesting to reopen the application for Environmental Clearance for Choudapur Limestone mine.

Inview of the notification datd:07.10.2014, mining of major minerals lease area of less than 5 Ha requires prior Environmental Clearance under EIA Notification, 2006.

Therefore, The Authority perused the request and decided to reopen the file assigning running file number keeping the old file as a back file.

The proponent was invited to provide required clarification. The proponent remained absent with intimation.

The Committee decided to provide one more opportunity to proponent with intimation that the proposal will be appraised based on merit in his absence, in case he remains absent.

Action Secretary, SEAC to put up the proposal before SEAC in subsequent meeting.

148.76 Building Stone Quarry Project, Sy.No.26 (P) of Donnenahalli Village, Bengaluru South Taluk, Bengaluru Dist. (2 Acres) (QL No.614) of M/s. S V Stone Crusher, #51, Ramohalli Post, Kengeri Hobli, Bangalore South Taluk, Bangalore Urban District (SEIAA 778 MIN 2015)

This is a Renewal proposal submitted by M/s. S.V Stone Crusher seeking Environmental clearance for quarrying of Building Stone in an area of 2-00 Acres at Sy.No.26 (P) of Donnenahalli Village, Bengaluru South Taluk, Bengaluru District. It is a Government Gomala Land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP Dr.S.T.Sambandam and approved by Senior Geologist, Dept. of Mines & Geology, Bangalore Urban District, Capacity of mining is Avg.26,368 TPA

The proponent and the RQP/Environmental Consultant attended the meeting to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting.

The Committee noted that many proposals have been cleared in this area and if the proposed area is likely to result in to a cluster situation with a total lease area of 25 Ha or more as defined in the O.M dated 24.12.2013 issued by the Ministry of Environment and Forest, Government of India then the proposal has to be appraised category B1. The committee therefore directed the proponent to get the details of all the leases & Notifications issued of Donnenahalli village with the extent of lease area, lease Nos., latitude & longitude and distance between the boundaries (OUTER) of each lease area and to be marked on combined sketch plotted on a village map which shall be attested by a competent authority.

The committee after discussion decided to reconsider the proposal after submission of the above information.

Action: Secretary, SEAC to put up the proposal after submission of the above information.

148.77 Pink Granite Quarry Project, Sy.No.77 (P) of Kengal Village, Nelamangala Taluk, Bengaluru Rural Dist. (5 Acres) (QL No.821) of Smt. Geetha Shashikumar Owner, w/o. Sri.Shashikumar, R/o.No. 157/183, Near Jakkur Playing School, Bellary Road, Bengaluru -560064 (SEIAA 779 MIN 2015)

This is a Renewal proposal submitted by Smt. Geetha Shashikumar seeking Environmental clearance for quarrying of Pink Granite in an area of 5-00 Acres at Sy.No.77 (P) of Kengal Village, Nelamangala Taluk, Bengaluru Rural District. It is a Government Land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP Sri.B.N.Krishnamurthy and approved by Deputy Director, Dept. of Mines & Geology, Bangalore District, Capacity of mining is Avg.8,295 Cu.m/annum

The proponent and the RQP/Environmental Consultant attended the meeting to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting.

The Committee after discussion decided to recommend the proposal to SEIAA for issue of Environmental Clearance subject to submission of the following information:

1. Scheme for disposal of waste
2. Measures taken to preserve the top soil

The Committee also decided to recommend imposing the Standard Conditions as mentioned in 148.6

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.78 Building Stone Quarry Project, Sy.No.184 (P) of Chimmaldali Village, Chincholli Taluk, Gulbarga Dist. (2 Acres) (QL No.395) of Sri Basayya, H.No.867-33-B-5, Near Kothari Bhavan, Gulbarga (SEIAA 780 MIN 2015)

This is a Renewal proposal submitted by Sri.Basayya seeking Environmental clearance for quarrying of Building Stone in an area of 2-00 Acres at Sy.No.184 (P) of Chimmaldali Village, Chincholli Taluk, Gulbarga District. It is a Government Land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP Sri.Sudheendra Kumar and approved by Deputy Director, Dept. of Mines & Geology, Kalaburgi, Capacity of mining is Avg.24,128 TPA

The Proponent and the RQP/Environment Consultant appeared before the committee to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting. The committee observed that, based on the elevation of the quarry site above ground level (Difference in level. 8 m), depth proposed is 15 m, area of quarrying (as per land use plan), and with the available area, it is not possible to go that depth, because lifting of quarrying material from that depth & movement of vehicles will be very difficult.

The Committee after discussion decided to limit the production to 80% of the total estimated production keeping the minable area quantity and the sustainability of the mine in the mind and to recommend the proposal to SEIAA for issuing of Environmental Clearance.

The Committee also decided to recommend imposing the Standard Conditions as mentioned in 148.6

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.79 Pink Granite Quarry Project, Sy.No.1 (P) of Gudur Village, Hungund Taluk, Bagalkot Dist. (1-20 Acres) (QL No.783) of Sri Siddappa Yenappa Bandi, Guggalamarri Post, Hunagund Taluk, Bagalkot District (SEIAA 781 MIN 2015)

This is a Renewal proposal submitted by Sri.Siddappa Yenappa Bandi seeking Environmental clearance for quarrying of Pink Granite in an area of 1-20 Acres at Sy.No.1 (P) of Gudur Village, Hungund Taluk, Bagalkot District. It is a Patta Land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP Sri.H.Sanjeevgowda and approved by Deputy Director, Dept. of Mines & Geology, Bangalore District Capacity of mining is Avg.1000 m³/annum

The Proponent and Environment Consultant are invited to the meeting of SEAC to provide clarification /additional information. But they remained absent.

The Committee after discussion decided to give one more opportunity to the proponent and if he remains absent, the proposal will be appraised in his absence and disposed off with merits.

Action: Secretary, SEAC to put up before SEAC during the subsequent meeting.

148.80 Building Stone Quarry Project, Sy.No.224/P1 of Dadigatta Village, Channarayapatna Taluk, Hassan Dist. (2 Acres) of Smt. Rathnamma w/o Venkataramu, Ramakrishna Layout, Gandhi Circle, Channarayapatna Taluk, Hassan District (SEIAA 782 MIN 2015)

This is a New proposal submitted by Smt. Rathnamma seeking Environmental clearance for quarrying of Building Stone in an area of 2-0 Acres at Sy.No.224/P1 of Dadigatta Village, Channarayapatna Taluk, Hassan District. It is a Government Land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP Sri.Ganapathi.S.Hegde and approved by Senior Geologist, Dept. of Mines & Geology, Hassan, Capacity of mining is Avg.20,000 T/annum.

The Proponent and the RQP/Environment Consultant appeared before the committee to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting.

The Committee after discussion decided to recommend the proposal to SEIAA for issuing of Environmental Clearance subject to submission of the following information:

1. Revised 5 years production calculations
2. An undertaking from the proponent to make the approach road pucca by asphaltting.

The Committee also decided to recommend imposing the Standard Conditions as mentioned in 148.6

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.81 Building Stone Quarry Project, Sy.No.224/P1 of Dadigatta Village, Channarayapatna Taluk, Hassan Dist. (2 Acres) of Sri H N Rajegowda s/o. Nanjegowda, S.Hasahalli village, Sravanabelagala, Channarayapatna Taluk, Hassan District (SEIAA 783 MIN 2015)

This is a New proposal submitted by Sri.H.N.Rajegowda seeking Environmental clearance for quarrying of Building Stone in an area of 2-0 Acres at Sy.No.224/P1 of Dadigatta Village, Channarayapatna Taluk, Hassan District. It is a Government Land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP Sri.Ganapathi.S.Hegde and approved by Senior Geologist, Dept. of Mines & Geology, Hassan, Capacity of mining is Avg.20,000 T/annum.

The Proponent and the RQP/Environment Consultant appeared before the committee to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting.

The Committee after discussion decided to recommend the proposal to SEIAA for issuing of Environmental Clearance subject to submission of an undertaking from the proponent to make the approach road pucca by asphaltting.

The Committee also decided to recommend imposing the Standard Conditions as mentioned in 148.6

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.82 Building Stone Quarry Project, Sy.No.224/P1 of Dadigatta Village, Channarayapatna Taluk, Hassan Dist. (2 Acres) of Sri H K Vishweswar S/o Kuamrswamy, S.Hasahalli Village, Sravanabelagala, Channarayapatna Taluk, Hassan District (SEIAA 784 MIN 2015)

This is a New proposal submitted by Sri.H.K.Vishweswar seeking Environmental clearance for quarrying of Building Stone in an area of 2-0 Acres at Sy.No.224/P1 of Dadigatta Village, Channarayapatna Taluk, Hassan District. It is a Government Land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP Sri.Ganapathi.S.Hegde and approved by Senior Geologist, Dept. of Mines & Geology, Hassan, Capacity of mining is Avg.20,000 T/annum.

The Proponent and the RQP/Environment Consultant appeared before the committee to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting.

The Committee after discussion decided to recommend the proposal to SEIAA for issuing of Environmental Clearance subject to submission of an undertaking from the proponent to make the approach road pucca by asphaltting.

The Committee also decided to recommend imposing the Standard Conditions as mentioned in 148.6

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.83 Building Stone Quarry Project, Sy.No.224/P1 of Dadigatta Village, Channarayapatna Taluk, Hassan Dist. (2 Acres) of Sri S B Jagadish Nagamangala Road, Sravanabelagola Rural, Channarayapatna Taluk, Hassan District (SEIAA 785 MIN 2015)

This is a New proposal submitted by Sri.S.B.Jagadish seeking Environmental clearance for quarrying of Building Stone in an area of 2-0 Acres at Sy.No.224/P1 of Dadigatta Village, Channarayapatna Taluk, Hassan District. It is a Government Land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP Sri.Ganapathi.S.Hegde and approved by Senior Geologist, Dept. of Mines & Geology, Hassan, Capacity of mining is Avg.20,000 T/annum.

The Proponent and the RQP/Environment Consultant appeared before the committee to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting.

The Committee after discussion decided to recommend the proposal to SEIAA for issuing of Environmental Clearance subject to submission of an undertaking from the proponent to make the approach road pucca by asphaltting.

The Committee also decided to recommend imposing the Standard Conditions as mentioned in 148.6

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.84 Building Stone Quarry Project, Sy.No.69/2A/1 of Chimmad Village, Jamakhandi Village, Bagalkot Dist. (1.30 Acre) of Sri Virendra Sadashiva Kaluti, Lakshmi Jal, Lakshmi Nagar, Kunchanoor Road, Jamakhandi, Jamakhandi Taluk, Bagalkot District (SEIAA 786 MIN 2015)

This is a New proposal submitted by Sri.Virendra Sadashiva Kaluti seeking Environmental clearance for quarrying of Building Stone in an area of 1.30 Acres at Sy.No.69/2A/1 of Chimmad Village, Jamakhandi Village, Bagalkot District. It is a Patta Land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP Sri.K.Prabhakara Reddy and approved by Deputy Director, Dept. of Mines & Geology, Bagalkot Capacity of mining is Avg.50,000 T/annum.

The Proponent and the RQP/Environment Consultant appeared before the committee to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting. The committee observed that, based on the elevation of the quarry site above ground level (Difference in level. 3 m), depth proposed, area of quarrying (as per land use plan), and with the available area, it is not possible to go that depth, because lifting of quarrying material from that depth & movement of vehicles will be very difficult.

The Committee after discussion decided to limit the production to 50% of the total estimated production keeping the minable area quantity and the sustainability of the mine in the mind and to recommend the proposal to SEIAA for issuing of Environmental Clearance.

The Committee also decided to recommend imposing the Standard Conditions as mentioned in 148.6

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.85 Building Stone Quarry Project, Sy.No.70/1/4 of Chimmad Village, Jamakhandi Village, Bagalkot Dist. (1-0 Acre) of Sri Girimallappa Gangappa Kokkanavar, Kadasiddeswar colony, Jamkhandi - Bagalkot District -587301 (SEIAA 787 MIN 2015)

This is a New proposal submitted by Sri.Girimallappa Gangappa Kokkanavar seeking Environmental clearance for quarrying of Building Stone in an area of 1-0 Acre at Sy.No.70/1/4 of Chimmad Village, Jamakhandi Village, Bagalkot District. It is a Patta Land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP Sri.Prabhakara Reddy and approved by Deputy Director, Dept. of Mines & Geology, Bagalkot Capacity of mining is Avg.7,000 T/annum.

The Proponent and the RQP/Environment Consultant appeared before the committee to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting.

The Committee after discussion decided to recommend the proposal to SEIAA for issuing of Environmental Clearance.

The Committee also decided to recommend imposing the Standard Conditions as mentioned in 148.6

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.86 Quartz Mine Project, Sy.No.209 (P) of Katageri Village, Badami Taluk, Bagalkot Dist. (13.15 Ha) of Smt. Shakunthala B. Patil w/o Basanagouda B.Patil, Saptagiri Layout, Gaddanakere, Bagalkot District - 587 122 (SEIAA 788 MIN 2015)

This is a New proposal submitted by Smt.Shakunthala.B.Patil seeking Environmental clearance for quarrying of Quartz Mine in an area of 32.49 Acres (13.15 Ha) Sy.No.209 (P) of Katageri Village, Badami Taluk, Bagalkot District. It is a Patta Land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP Dr.S.K.Myageri and approved by Regional Controller, Indian Bureau of Mines, Capacity of mining is Avg.25,000 T/annum.

The Proponent and the RQP/Environment Consultant appeared before the committee to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting.

The Committee after discussion decided to visit the site to know the ground reality and the decision will be taken after receipt of the site inspection report.

Action: Secretary, SEAC to put up the proposal before SEAC after receipt of site inspection report.

148.87 Building Stone Quarry Project, Sy.No.47 of Haradakothur Village, Malur Taluk, Kolar Dist. (5 Acres) (QL No.823) of M/s. Sri Balaji Stone Crushers Haradakothur Village, Tyakal Hobli, Malur Taluk, Kolar District (SEIAA 789 MIN 2015)

This is a Renewal proposal submitted by M/s. Sri Balaji Stone Crushers seeking Environmental clearance for quarrying of Building Stone in an area of 5-00 Acres at Sy.No.47 of Haradakothur Village, Malur Taluk, Kolar District. It is a Government Gomala Land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP Sri.B.N.Krishnamurthy and A.N.Rajanna approved by Senior Geologist, Dept. of Mines & Geology, Kolar, Capacity of mining is Avg.1,03,223 TPA

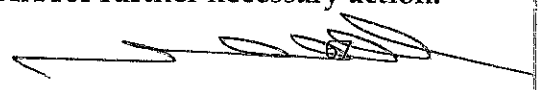

The Proponent and the RQP/Environment Consultant appeared before the committee to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting. The committee observed that, based on the elevation of the quarry site above ground level (Difference in level. 25 m), depth proposed is 15 m, area of quarrying (as per land use plan), and with the available area, it is not possible to go that depth, because lifting of quarrying material from that depth & movement of vehicles will be very difficult.

The Committee after discussion decided to limit the production to 80% of the total estimated production keeping the minable area quantity and the sustainability of the mine in the mind and to recommend the proposal to SEIAA for issuing of Environmental Clearance.

The Committee also decided to recommend imposing the Standard Conditions as mentioned in 148.6

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.88 Building Stone Quarry Project, Sy.No.30 (P) of Haradakothur Village, Malur Taluk, Kolar Dist. (8 Acres) (QL No.842) of M/s. J P Stone Crushers Haradakothur Village, Thoralakki Post, Malur Taluk, Kolar District (SEIAA 790 MIN 2015)

This is a Renewal proposal submitted by M/s.J.P Stone Crushers seeking Environmental clearance for quarrying of Building Stone in an area of 8-00 Acres at Sy.No.30 (P) of Haradakothur Village, Malur Taluk, Kolar District. It is a Government Gomala Land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP Sri.B.N.Krishnamurthy and A.N.Rajanna approved by Senior Geologist, Dept. of Mines & Geology, Kolar, Capacity of mining is Avg.1,05,610 TPA.

The Proponent and the RQP/Environment Consultant appeared before the committee to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting.

The Committee after discussion decided to recommend the proposal to SEIAA for issuing of Environmental.

The Committee also decided to recommend imposing the Standard Conditions as mentioned in 148.6

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.89 Building Stone Quarry Project, Sy.No.30 (P) of Haradakothur Village, Malur Taluk, Kolar Dist. (5 Acres) (QL No.841) of M/s. J P Stone Crushers Haradakothur Village, Thoralakki Post, Malur Taluk, Kolar District (SEIAA 791 MIN 2015)

This is a Renewal proposal submitted by M/s.J.P Stone Crushers seeking Environmental clearance for quarrying of Building Stone in an area of 5-00 Acres at Sy.No.30 (P) of Haradakothur Village, Malur Taluk, Kolar District. It is a Government Gomala Land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP Sri.B.N.Krishnamurthy and A.N.Rajanna approved by Senior Geologist, Dept. of Mines & Geology, Kolar, Capacity of mining is Avg.44,503 TPA

The Proponent and the RQP/Environment Consultant appeared before the committee to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting.

The Committee after discussion decided to recommend the proposal to SEIAA for issuing of Environmental.

The Committee also decided to recommend imposing the Standard Conditions as mentioned in 148.6

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.90 Building Stone Quarry Project, Sy.No.180 of Arakere Village, Arasikere Taluk, Hassan Dist. (1 Acre) of Sri C S Naveen Naik S/o. H.C.Sivappa, Arakere Village, Arasikere Taluk, Hassan District (SEIAA 792 MIN 2015)

This is a New proposal submitted by Sri.C.S.Naveen Naik seeking Environmental clearance for quarrying of Building Stone in an area of 1-00 Acre at Sy.No.180 of Arakere Village, Arasikere Taluk, Hassan District. It is a Govt.Revenue Land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP Sri.Ganapati.S.Hegde and approved by Senior Geologist, Dept. of Mines & Geology, Hassan Capacity of mining is Avg.2,000 T/annum.

The Proponent and the RQP/Environment Consultant appeared before the committee to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre-Feasibility Report, approved mining plan and clarification/information provided during the meeting.

The Committee after discussion decided to recommend the proposal to SEIAA for issuing of Environmental.

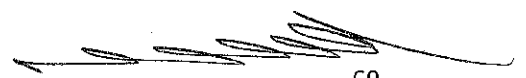

The Committee also decided to recommend imposing the Standard Conditions as mentioned in 148.6

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.91 Building Stone Quarry Project, Sy.No.36 (P) of Gantganahalli Village, Kunigal Taluk, Tumkur Dist. (2-20 Acre) of M/s. Dhanasree Stone Crushers Prop:H.V.Nagaraju S/o. Late Sri.Veeranna Gowda, Bhavyashree Nilaya, KHB Colony mail road, Kunigal, Tumkur District (SEIAA 793 MIN 2015)

This is a New proposal submitted by M/s. Dhanasree Stone Crushers seeking Environmental clearance for quarrying of Building Stone in an area of 2-20 Acres at Sy.No.36 (P) of Gantganahalli Village, Kunigal Taluk, Tumkur District. It is a Govt. Revenue Land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP Sri.Ganapathi.S.Hegde and approved by Deputy Director, Dept. of Mines & Geology, Tumkur, Capacity of mining is Avg.30,000 T/annum.

The Proponent and the RQP/Environment Consultant appeared before the committee to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting.

The Committee after discussion decided to recommend the proposal to SEIAA for issuing of Environmental clearance subject to submission of the following information:

1. Revised land use plan
2. Exact distance from the nearest village to the quarry site.

The Committee also decided to recommend imposing the Standard Conditions as mentioned in 148.6

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.92 Building Stone Quarry project, Sy.No.22 of Honnenahalli Village, Belur Taluk, Hassan Dist. (3-0 Acres) of Sri B N Mallesh S/o. Nanjegowda, #14, Banadahallidakhle, Belur Taluk, Hassan District (SEIAA 870 MIN 2015)

This is a New proposal submitted by Sri.B.N.Mallesh seeking Environmental clearance for quarrying of Building Stone in an area of 3-00 Acres at Sy.No.22 of Honnenahalli Village, Belur Taluk, Hassan District. It is a Govt. Revenue Land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP Sri.Ganapathi.S.Hegde and approved by Senior Geologist, Dept. of Mines & Geology, Hassan, Capacity of mining is Avg.3884 T/annum.

The Proponent and the RQP/Environment Consultant appeared before the committee to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting.

The Committee after discussion decided to recommend the proposal to SEIAA for issuing of Environmental clearance.

The Committee also decided to recommend imposing the Standard Conditions as mentioned in 148.6

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

23rd September 2015

Members Present in the meeting

Shri. N. Naganna	-	Chairman
Prof. D.L. Manjunath	-	Member
Dr. S. Manjappa	-	Member
Shri. B. Chikkappaiah	-	Member
Dr. N. Krishnamurthy	-	Member
Dr. K.C. Jayaramu	-	Member
Sri H. Srinivasaiah	-	Member
Dr. K.B. Umesh	-	Member
Sri. M. Subramany	-	Member
Sri. O. Palaiah	-	Secretary

Recalled proposals:

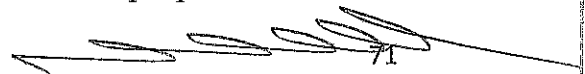

148.93 Iron Ore Beneficiation Plant of capacity 0.90 LTPA at Sy.No.20/1C, Dindadhahalli Village, Hireguntanuru Hobli, Chitradurga Taluk and district of Sri K. Siva Prasanth, Partner, M/s Sri Vijaya Durga Devi Minerals, H.No.35/94, Ramnagar 1st Cross, Havambhavi, Siruguppa Road, Ballari- 583104.(SEIAA 20 IND 2015)

1. M/s. Sri.Vijaya Durga Devi Minerals have applied for Environmental Clearance from SEIAA for their new proposed Iron Ore Benificiation Plant. This is a project falling under the category B of the Schedule of EIA Notification 2006.
2. **SiteLocation:** The proposed project located at Sy.No.20 1/C, of Dindadhahalli Village, Hireguntanuru Hobli, Chitradurga Taluk, Chitradurga District.

Latitude: 14^o11'45.8" - 14^o11'53.8"

Longitude: 76^o13'25.3" - 76^o13'29.7"

3. **Proposed Activity:** The proposed activity will involve in the Iron ore Beneficiation.
4. **Raw Materials:** The raw material is local iron ore fines and low grade iron ore.
5. **Land Details:** The proposed beneficiation plant area is 5.025 Acres (2.3 Ha). It is a Revenue land.
6. **Landscape area:** 0.44 Ha greenbelt all around the plant site is proposed.

7. **Capital Investment:** Total cost of the project is Rs.800 Lakhs.
8. **Water Requirement:** Not mentioned
9. **Waste Water Management:** Not mentioned
10. **Energy Requirement:** The proposed power requirement for starting from crushing of ROM to final product will be approximately 150 KVA.

The Proponent and Environment Consultant attended the 144th meeting of SEAC held on 5th and 6th August 2015 to provide clarification/additional information. They have also requested to consider project under B2 category as the project is situated amidst mining leases and also only 90,000 TPA of Iron Ore beneficiation is processed.

The committee during the presentation made the following observations:

1. The proposed iron ore beneficiation plant has proposed to supply raw materials for the captive sponge iron units situated in the adjoining districts.
2. The low quality of iron ore available in the region is processed in the plant and its quality is improved by this method and the same is applied to the sponge iron units.
3. This plant is located surrounded by mining lease areas of Bheemasmudra village of Chithradurga District
4. The land has been already converted to Non Agricultural (industrial) purpose.
5. B category projects are permitted up to 5 Lakh TPA process as per the EIA Notification 2006 and amended later.
6. When EIA Notification 2006 was issued only one lakh Ton per annum was the limit for B category projects. Then up to 20,000 TPA was considered as B2 category for appraisal. When the limit was raised to 5 Lakh TPA the notification is silent about the limit for B2 categorization.
7. The proponent has also proposed to transport 90% of the raw material and processed ore by train/trolleys

However, based on the observations made above and the infrastructure facilities available including the raw material availability in the region the committee opined that this can be considered under B2 category.

The committee had decided to recall the proponent with detailed EMP for further consideration taking into account all aspects of iron ore beneficiation plant.

The project proponent have submitted the reply vide letter dated 26.08.2015.

The Proponent and the Environment Consultant attended the meeting of SEAC to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, and clarification/information provided during the meeting. The committee observed that baseline data were collected during the month of May, June & July which is rainy season

The committee after discussion decided to reconsider the proposal after submission of the following information.

1. Explore the possibility of introducing suction in the hopper to avoid dust during unloading of raw material from tippers to hopper.
2. The rainfall data from IMD to be collected
3. The secondary data to be collected during non rainy season.
4. Plants proposed are to be rechecked and to be changed
5. Revised ambient air quality analysis (SPM) and Rainfall data
6. Revised water & soil report

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.94 Pink Granite Quarry Project, Sy.No. 5/1 of Purathageri Village, Kustagi Taluk & Koppala Dist. (1-0 Acre) of M/s. Matha Rocks Pvt. Ltd. No.1129, Sourabha Service Road, Hampinagar, Bengaluru -560104 (SEIAA 518 MIN 2015)

This is a Operating proposal submitted by M/s.Matha Overseas Pvt Ltd, seeking Environmental clearance for quarrying of Pink Granite Quarry in an area of 1.00 Acres at Sy.Nos. 5/1 of Purathageri Village, Kustagi Taluk & Koppala District. It is a Patta Land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP B.N.Srinidhi and approved by Deputy Director, Dept. of Mines & Geology, Bangalore. Capacity of mining is Av. 2,000 T/annum

The Proponent and the RQP/Environment Consultant attended the 143rd meeting of SEAC held on 24th to 29th July 2015 to provide clarification /additional information.

The committee observed that the proponent have not submitted the mining audit report. The committee directed the proponent to submit the mining audit report for 15 years.

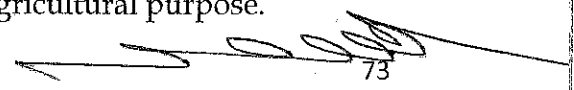

The committee after discussion had decided to recall the proponent after submission of the above information.

The proponent and the RQP/Environmental Consultant attended the meeting to provide clarification/additional information.

The committee perused the reply submitted by the proponent vide letter dated 24.08.2015

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting.

The Committee after discussion decided to recommend the proposal to SEIAA for issue of Environmental Clearance with a specific condition that the waste material shall be dumped in their own land being converted for the non agricultural purpose.

The Committee also decided to recommend imposing the Standard Conditions as mentioned in 148.6

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

Reconsideration proposal

148.95 Development of Residential Apartment with club house at Sy. No.160/1, Kannur Village, Bengaluru East Taluk, Bengaluru of M/s Shriprop Builders Pvt. Ltd., (SEIAA 81 CON 2015)

M/s Shriprop Builders Pvt. Ltd., have applied for Environmental clearance from SEIAA for their proposed Residential Apartment with club house at Sy.No. 160/1, Kannur Village, Bengaluru East Taluk, Bengaluru District under 8(a) of schedule EIA Notification - 2006 under category B. Total Project cost is 80.00 Crores.

Land details: - Total Plot area is 19,323.77 Sq.mts (4 Acre, 31 Guntas). The project consists of 2B + G + 13 UF with club house, with 444 no of units with Total Built up area is 80,439.82 Sqm. Ht. of Building is 43.00 M.

Ground coverage area : 4443.82 Sq.mts (23.93%)

Landscape area (proposed): 6430.84 Sq.mts (34.64 %)

Drive way area : 4801.02 Sq.mts (25.86%)

Water Requirement: Total water requirement is 308 KLD. (Fresh water - 153 KLD + Recycling - 155 KLD). The source of water is Kannur gram Panchayat.

Wastewater Management: - The total quantity of waste water generated is 293 KLD and treated is proposed STP of design capacity of 300 KLD with SBR Technology.

Excavated Earth Management: Total Excavated Earth is 71,885 m³, Back Filling is 15814.47 m³ ; For Landscaping - 10782.73 m³ ; Roads and walkways - 17971.25 m³ ; For site formation 9345.28 m³ ; Excess to be managed - 17971.25 m³

Solid Waste Management: Total waste generated in the project is 1143 Kg/day; where 686 kg/day is the organic waste and 457 kg/day is inorganic waste, Organic waste will be treated in organic waste convertor, Sludge generated will be used as manure.

Energy Requirement: Total power requirement of 2875 KW is sourced from BESCOM; Backup power proposed is Bi-Fuel type (HSD-CNG) DG set of 2X320 & 2X380 KVA. Proposed energy savings is 21.20 %.

Traffic Details: The project site is located along Hennur - Bagalur Road. The existing, projected & modified LoS of service road connecting site is C-C-B. Parking proposed: 608. Nos.

Other details: Rain water Harvesting is proposed. Height of the building is 43.00 M.

The Proponent and Environment Consultant attended the 145th meeting of SEAC held on 17th and 18th August 2015 to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Form-1A, Conceptual Plan and clarification/additional information provided during the meeting.

The Committee after discussion decided to reconsider the proposal after submission of the following information:

1. Revised rain water harvesting calculations
2. Revised quantification of the excavated earth and specific plan for disposal of excess excavated earth without any adverse impact on the environment.
3. Hydrological study of the area influencing the surface water flow.

The Proponent and Environment Consultant attended the meeting of SEAC to provide clarification/additional information.

The committee perused the reply submitted by the proponent vide letter dated 31.08.2015.

The committee agreed with the reply submitted by the proponent except the earth work details is not acceptable by the committee which needs to be revised. The committee suggested the proponent to reduce the earth work generation by providing 1 ½ basement below the ground level and ½ basement above the ground level and asked to submit the revised excavated earth calculation details.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Form-1A, Conceptual Plan, EIA report and clarification/additional information provided during the meeting.

The committee after discussion decided to reconsider the proposal after submission of the above information.

Action: Secretary, SEAC to put up the proposal before SEAC after submission of the above information.

Pending proposals:

148.96 "Prestige CapitaLand Technostar", Commercial project, Plot Nos.10, 11, 12, 13, 14 & 15, Doddanekundi Industrial Area, Krishnarajpuram Hobli, Bangalore-560048 of M/s Prestige Whitefield Investment & Developers Pvt. Ltd.,(SEIAA 99 CON 2012)

M/s Prestige Whitefield Investment have applied for Environmental Clearance (EC) from SEIAA for their new proposed Commercial Development "Prestige Technostar" project at Plot Nos.10, 11, 12, 13, 14 & 15, Doddanekundi Industrial Area, Krishnarajpuram Hobli, Bangalore-560048 under 8(b) of Schedule of EIA Notification, 2006 under category-B. Total project cost is Rs. 234.16 Crores. Project comes under BBMP; the land was earlier an industrial land & now converted to commercial use vide CDP.

Project Details: Land: Total plot area: 32,578 Sqm (Vacant Inad); Total built up area: 1,53,809.06 Sqm. Project consists of 3 buildings & MLCP (3Basement Floors + Ground Floors & 12 Upper Floors); Landscape area: 5,810 Sqm (17.83 % of plot area). Water Requirement: Total water requirement is 494 KLD; Fresh water requirement: 353KLD, sourced from BWSSB; Sewage: Total quantity generated: 445 KLD, treated in proposed STP of design capacity 450 KLD; Sludge generated: - 22 kg/day used as manure. Municipal Solid Waste: Total generated: 2350 kg/day; Organic waste: 950 kg/day treated in organic convertor and product used as manure. Inorganic waste: 1400 kg/day will be sent for recycling. Power: Total Requirement: 9277 KVA from BESCO; Backup Power: DG sets of 2X1500 KVA & 6X1250 KVA; Parking: 1908 Numbers.

Project surrounding details: Bannerghatta National Park - 30km, Chinnapanahalli Lake - 900 m, Seetharampalya Lake - 900 M, Kundalahalli Lake - 1 km, Hoodi/ITPL Lake - 2.3km, Benniganahalli Lake - 8.9km, Kadugodi Industrial Area - 10.3km. Other details: Rain Water Harvesting is proposed. Soil investigation report and EMP submitted.

The project is located along ITPL Main road (which connects Hoodi/ITPL and Marathalli (Row 30m). the exiting, projected and modified LoS of this road is B-D-D.

The subject was placed in the 84th SEAC meeting held on 22nd & 23rd July 2012 and the subject was deferred as the proponent vide letter dated: 19.06.2012 has informed that the project is being revised and requested for deferment.

The proponent and environmental consultant present explained the proposed. The proponent informed that the height of the building is 54 m and the RoW of the existing road in front of the project site is 30 m. The fire station is 4 km away from the project site. The Committee noted that the project complies with the O.M. dated 07.02.2012 regarding high rise building issued by MoEF, GoI. The level difference in the project site is 3 m.

After deliberation, the Committee decided to issue model ToRs for preparation of EIA by the proponent.

Accordingly ToR was issued vide letter dated 15.09.2012.

The project proponent have submitted the EIA Report vide letter dated 24.07.2015.

The Proponent and Environment Consultant attended the 145th meeting of SEAC held on 17th and 18th August 2015 to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Form-1A, Conceptual Plan, EIA report and clarification/additional information provided during the meeting.

The Committee after discussion decided to reconsider the proposal after submission of the following information:

1. Under taking with regard to change in Project name and Proponent name
2. Revised quantification of the excavated earth and specific plan for disposal of excess excavated earth without any adverse impact on the environment.

3. Safety of MLCP building and disaster management plan
4. Estimation of the e-waste and earmarking dedicated area for collection and disposal in accordance with the provisions of law
5. Commitment with regard to adopting LED in place of CFL

The Proponent and Environment Consultant attended the meeting of SEAC to provide clarification/additional information.

The committee perused the reply submitted by the proponent vide letter dated 09.09.2015.

The committee agreed with the reply submitted by the proponent except the earth work details is not acceptable by the committee which needs to be revised and asked to submit the revised excavated early calculation.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Form-1A, Conceptual Plan, EIA report and clarification/additional information provided during the meeting.

The committee after discussion decided to reconsider the proposal after submission of the above information.

Action: Secretary, SEAC to put up the proposal before SEAC after submission of the above information.

148.97 Construction Project: Residential Development, Sy. Nos. 80, 2/1, 2/2, 2/3, 54/1B, 54/1A, 79/4, Rachenahalli Village, K.R.Puram Hobli, Bangalore East Taluk, Bangalore Urban District of M/s. Mantri Technology Constellations Pvt. Ltd (SEIAA 50 CON 2013)

The subject was taken up in the 115th SEAC meeting held on 11th and 12th August 2014 for appraisal in view of the referring back of the proposal from SEIAA (vide SEIAA proceedings dated 21.06.2014) stating that EIA has not been done by the consultant as per EIA guidelines and the EIA has been submitted on 23.08.2013 within 3 months from the date of issue TORs by SEAC on 22.05.2013 without baseline data for a period of one season other than monsoon.

The Committee observed that the EIA report submitted by the consultant pertains to stage II & III industrial area Vasanthanarasapura, Tumkur District as per the declaration given and is not pertaining to the present proposal brought before SEAC for appraisal. The negligence on the part of the environment consultant who is NABET accredited was viewed seriously by the Committee.

After deliberation the Committee deferred the subject with instruction to the PP to submit appropriate EIA report as per the EIA guidelines establishing that EIA studies have been conducted including the non-monsoon period with documentary evidence.

The Proponent and Environment Consultant attended the 134th meeting of SEAC held on 30th and 31st March 2015 to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Form-1A, Conceptual Plan, EIA report and clarification/additional information provided during the meeting.

The committee after discussion had decided to reconsider the proposal after the receipt of the following information:

1. Copy of the approval of the BDA with regard to enclosure of the cart road area within the project site
2. Copy of the document issued by the competent authority with regard to width of the nala passing through the project site
3. Revised water balance providing for separate treatment of sewage and sullage and the scheme of treatment
4. Quantification of the terrace area available for harnessing solar energy and an appropriate plan thereof with due calculations.
5. Revised calculation of excavated earth and plan of safe and scientific disposal of excess excavated earth with details of the disposal site
6. Microbiological analysis of the lake water as per the protocol
7. Explore the possibility to providing the fire escape CHUTE as a life saving measure for effective and quick evacuation of personnel in case of FIRE.

The proponent have submitted the information vide letter dated 14.05.2015.

The Proponent and Environment Consultant attended the 142nd meeting of SEAC held on 13th and 14th July 2015 to provide clarification/additional information.

The committee perused the reply submitted by the proponent vide letter dated 14.05.2015.

The committee after discussion decided to reconsider the proposal after submission of the following information:

1. A permanent measures are to be taken to protect the Cart track passing through the site area, either by providing under pass or over pass for the movement of Apartment vehicles & there should be free access to Cart track for the public who use Cart track without any obstruction either by way of gate or posting of security personnel in the guise of residents security.
2. The inconsistency in the water balance treatment proposed has to be revised.
3. Detailed calculation of Earth work excavation along with foundation drawings. The replies provided by the proponent is not acceptable to the committee which needs to be revised.
4. The lab report of the lake water analysis is not satisfactory, the needs to be explained in detail. It should be more appropriate that the lab personnel be present in the subsequent meeting to clarify the same.
5. Original lab results for the soil analysis report has to be submitted

The Proponent and Environment Consultant attended the meeting of SEAC to provide clarification/additional information.

The committee perused the reply submitted by the proponent vide letter dated 11.08.2015.

The committee agreed with the reply submitted by the proponent except the earth work details is not acceptable by the committee which needs to be revised. The committee suggested the proponent to reduce the earth work generation by providing 1 ½ basement below the ground level and ½ basement above the ground level and asked to submit the revised excavated earth calculation details.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Form-1A, Conceptual Plan, EIA report and clarification/additional information provided during the meeting.

The committee after discussion decided to reconsider the proposal after submission of the above information.

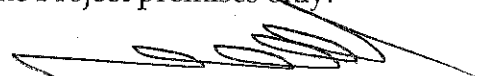

Action: Secretary, SEAC to put up the proposal before SEAC after submission of the above information.

148.98 Construction Project: "AVISTA", Commercial Building & Residential Apartment at Sy. No. 40/1, Doddakannelli Village, Varthur Hobli, Bangalore East Taluk, Bangalore Urban District of M/s. Sai Srushti Infrastructure Pvt. Ltd. (SEIAA 233 CON 2013).

M/s. Sri Sai Srushti Infrastructure Pvt. Ltd. have applied for Environmental Clearance from SEIAA for their New proposed Commercial Building and residential apartment "Avista" project at Sy. Nos: 40/1 at Doddakannelli Village, Varthur Hobli, Bangalore East Taluk, Bangalore -District under 8(a) of Schedule of EIA Notification- 2006 under Category-B.

The project proponent and environmental consultant were present and explained the project in 121st SEAC meeting held on 11th to 18th November 2014. The proponent informed that the entire rain water is harvested and utilized within the premises. After deliberations, the committee decided to re consider the proposal after obtaining the following information from the project proponent:

1. Scheme for usage of entire terrace area in the project for hot water generation and solar power generation. The PP may consider extending the solar panel area on the terrace using steel frames.
2. Scheme for usage of maximum treated sewage from STP within the project site only. The requirement of fresh water to the project should be limited to minimum. The remaining requirement has to be met by tertiary treated sewage. The PP should revise and submit the water balance chart.
3. Scheme for providing dual fuel generators for backup power with provision for CNG. The PP should also revise and submit the total energy savings achieved in the project with details.
4. Scheme for utilisation of entire Rain Water harvested in the project site (both from the roof top and from the surface runoff) within the Project premises only.

5. PP was asked to use the entire earth generated during construction within the project site to avoid unregulated dumping of excavated earth elsewhere, and also to avoid stress on the Bangalore City Road Traffic as well as on other environmental parameters, except in cases where it is not possible due to technical reasons which has to be reasoned out.
6. PP was asked to make Hydrological study of the influencing area of the project in order to ascertain surface water drainage pattern and to locate the Raja Kaluve between the surface water tanks existing on the higher contour level and surface water tank existing on the lower contour level of the project area. Also to study the water-carrying capacity of Raja Kaluve and encroachments, if any, and also the possibility of periodical maintenance being taken up by PP out of C.S.R.
7. Revised and corrected water requirement as per discussion for both residential and commercial along with combined water balance chart and calculation.
8. Justification for providing 2 sewage treatment plants in the project.
9. NOC from BWSSB.
10. Agreement copy for TDR (MoU).

The committee perused the reply furnished by the proponent vide letter dated 12.01.2015 in the 127th SEAC meeting held on 19th, 20th and 21st January 2015.

The committee observed that the replies furnished are not in accordance with information sought. The committee therefore decided to recall the proponent for providing additional information/clarification.

The proponent was invited for the 141st SEAC meeting held on 30th June and 1st July 2015 to provide required clarification. The proponent remained absent.

The Committee decided to provide final opportunity to proponent with an intimation that the proposal will be appraised based on merit in his absence, in case he remains absent.

The proponent was invited for the 145th meeting of SEAC held on 17th and 18th August 2015 to provide required clarification. The proponent remained absent.

The proponent submitted a letter dated 13.08.2015 requested for adjournment.

The committee decided to provide final opportunity to the proponent with intimation that the proposal will be appraised based on merit in his absence, in case he remains absent.

The proponent was invited to the meeting to provide required clarification/additional information. The proponent remained absent and he has not submitted the reply for the queries raised in the earlier meeting.

The committee appraised the proposal based on the information provided in the statutory application-Form I, Form-1A, Conceptual Plan.

The committee opined that the appraisal cannot be completed for want of the above information and since the proponent also remained absent to provide the required clarification.

The committee therefore decided to recommend the proposal to SEIAA for closure.

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.99 Construction Project: "Rich Tribute", Residential Apartment and a Club house Project at Sy.No. 108/3, Khatha No. 18, Horamavu Agara Village, K.R.Puram Hobli, Bangalore East Taluk, Bangalore District of M/s. Regal Investment Construction & Holdings(SEIAA 5 CON 2014).

M/s. Regal Investment Construction & Holdings have applied for Environmental Clearance from SEIAA for their New proposed "Rich Tribute", Residential Apartment and a Club house project at Sy.No. 108/3, Khatha No. 18, Horamavu Agara Village, K.R.Puram Hobli, Bangalore East Taluk, Bangalore District under 8(a) of Schedule of EIA Notification-2006 under Category-B. Total project cost is Rs. 145 Crores.

The project proponent and environment consultant were present and explained the project. The proponent informed that there are no nearby Lakes within 500m radius and water supply & UGD facilities are available. After deliberation the Committee decided to recommend the proposal to SEIAA for Environmental clearance consideration after obtaining the following information from the Project proponent and verified by the Chairman if found satisfactory.

1. PP to explore the possibility of using entire treated sewage from STP.
2. PP to submit original laboratory test result reports.

The proponent was invited to the 134th SEAC meeting held on 30th and 31st March 2015 to provide required clarification. The proponent remained absent.

The Committee had decided to provide last opportunity to proponent with an intimation that the proposal will be appraised based on merit in his absence, in case he remains absent.

The proponent was invited for the 141st meeting of SEAC held on 30th June and 1st July 2015 to provide required clarification. The proponent remained absent.

The Committee had decided to provide final opportunity to proponent with intimation that the proposal will be appraised based on merit in his absence, in case he remains absent.

The proponent was invited to the meeting to provide required clarification/additional information. The proponent remained absent and he has failed to submit the reply for the queries raised in the earlier meeting.

The committee appraised the proposal based on the information provided in the statutory application-Form I, Form-1A, Conceptual Plan.

The committee noted that the queries which were raised by the committee have got relaxation as regard to usage of entire treated sedwage generated from STP cannot be possible due to difficulties expressed by the proponents based on the technical consideration. Therefore the committee decided to recommend the proposal to SEIAA for issue of Environmental Clearance.

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.100 Construction Project: Expansion of Software Development Centre at Sy.Nos. 42(P), 45(P), 42/4A, Konappana Agrahara Village, Electronics City Phase-II Industrial area and Sy.Nos.42/4B, 42/4C, Konappana Agrahara Village, & Sy.No.13/1, Doddanagamangala Village, Begur Hobli, Bangalore of Sri Satish Rao, General Manager, M/s. Global Tech Park Pvt. Ltd. (SEIAA 30 CON 2014)

Observations of SEIAA during the review of proposals pending in SEAC held on 23.10.2014

The file was referred to SEAC on 12.6.2014. The proposal has been placed before 112th SEAC meeting dated: 24.6.2014. Proponent remained absent and decided to defer the subject. Again the file was placed in 118th SEAC meeting held on 13.09.2014. Committee deferred the subject as the proponent requested vide letter dated 11.09.2014 for one month time.

The file is pending in SEAC for more than 4 months

After the 118th SEAC meeting, the matter has not been brought to the notice of the committee. The same has been hereby brought to the notice of the SEIAA. This proposal has been listed in the present meeting under the review of pending proposals listed out by SEIAA.

It was informed that the proposal was placed before 112th SEAC meeting dated: 24.6.2014 and was deferred since PP was absent. Again the file was placed in 118th SEAC meeting held on 13.09.2014 and the Committee deferred the subject as the proponent requested vide letter dated 11.09.2014 for one month time for submission of modified proposal. However, the PP did not come up with the modified proposal. Hence, it was pending in SEAC under deferred case.

Now the subject was listed in the 121st SEAC meeting agenda as per the review of proposals by the SEIAA.

However, the Project proponent informed in the meeting that he does not want to modify his expansion proposal and retained the same proposal and made presentation accordingly.

Project details as per the presentation made before SEAC.

Features	Unit	Earlier Proposal (as per environmental	Expansion Proposal	After Expansion

82

		clearance obtained on 25.10.2010)		
Type of Development		Software development	No change	-

Parking facilities	PCU	1325	2225	3550

The project proponent and the Environment Consultant explained the proposal in the 121st SEAC meeting held on 11th to 18th November 2015 and the proposed ToRs. The Committee observed that the project site is in designated industrial area for software Parks. The Committee observed that since EIA for the adjacent project of M/s. Tech

Mahindra (vide file no: SEIAA 75 CON 2013) has been prepared by the same Environment consultant and appraised by this SEAC. Therefore, the Committee agreed to the request of the PP for use of secondary baseline data with one month primary baseline data for this project. The Committee after deliberation had decided to issue model ToRs along with the following additional ToRs for preparation of EIA by accredited consultant.

1. Scheme for usage of entire terrace area in the project for hot water generation and solar power generation. The PP may consider extending the solar panel area on the terrace using steel frames.
2. Scheme for usage of maximum treated sewage from STP within the project site only. The requirement of fresh water to the project should be limited to minimum. The remaining requirement has to be met by tertiary treated sewage. The PP should revise and submit the water balance chart.
3. Scheme for providing dual fuel generators for backup power with provision for CNG. The PP should also revise and submit the total energy savings achieved in the project with details.
4. Scheme for utilisation of entire Rain Water harvested in the project site (both from the roof top and from the surface runoff) within the Project premises only.
5. PP was asked to use the entire earth generated during construction within the project site to avoid unregulated dumping of excavated earth elsewhere, and also to avoid stress on the Bangalore City Road Traffic as well as on other environmental parameters, except in cases where it is not possible due to technical reasons which has to be reasoned out.
6. PP was asked to make Hydrological study of the influencing area of the project in order to ascertain surface water drainage pattern and to locate the Raja Kaluve between the surface water tanks existing on the higher contour level and surface water tank existing on the lower contour level of the project area. Also to study the water-carrying capacity of Raja Kaluve and encroachments, if any, and also the possibility of periodical maintenance being taken up by PP out of C.S.R.
7. Sanctioned plan from KIADB.

The proponent was invited to the meeting to provide required clarification. The proponent remained absent.

The Committee after discussion decided to issue model ToRs along with the above additional ToRs for preparation of EIA by accredited consultant as per the decision taken in the earlier meeting.

Action: Secretary, SEAC to Issue ToR and place the proposal before SEAC after the receipt of the EIA report.

148.101 Residential Apartment Project at Sy. Nos. 64-4P6, 66-4P9, 66-4P2, 66-4P5, 66-4P4, 66-4P3, 66-1, 66-4, 66-5, 66-2P2, 67-2C, 67-8, 67-2 of Jappinamogaru Village, Mangalore Taluk, Dakshina Kannada District of M/s. Presidency Builders & Developers (SEIAA 175 CON 2014)

This is a proposal submitted by M/s. Presidency Builders & Developers seeking Environmental Clearance for Construction of Residential Apartment Project on a plot area of 15,010.32 Sqm. at Sy. Nos. 64-4P6, 66-4P9, 66-4P2, 66-4P5, 66-4P4, 66-4P3, 66-1, 66-4, 66-5, 66-2P2, 67-2C, 67-8, 67-2 of Jappinamogaru Village, Mangalore Taluk, Dakshina Kannada District It is proposed to construct 512Units with total built up area of 49,337.98 Sqm. The proposed construction has a configuration of 2 Towers with G+15Uf+TF and a Club House with B+G+2UF.

Total water requirement of project is 323KLD.261.4KLD of waste water expected is proposed to be treated in a STP of 300KLD capacity.

Municipal Solid waste of 850Kg/day is proposed to be handled Insitu

Parking facility for 367Nos.vehicle is proposed to be provided.

Total energy requirement of 1250KVA is proposed to obtain from MESCOM. It is proposed to establish 1NoX770KVA. of DG sets to meet the energy requirement in case of non-supplies.

It is proposed to develop a Greenbelt of 33.08%(4,964.57Sqm).

The proponent was invited in the 130th SEAC meeting held on 19th, 20th and 21st February 2015 to provide required clarification. The proponent remained absent and the consultant appeared before the committee. The committee opined that the proponent should remain present to provide required clarification. The committee therefore decided to defer the subject.

The Committee had decided to provide one more opportunity to proponent with an intimation that the proposal will be appraised based on merit in his absence, in case he remains absent.

The proponent was invited to the 135th SEAC meeting held on 9th and 10th April 2015 to provide required clarification. The proponent vide letter dated 20.03.2015 have informed that the building plan is being modified to provide for additional parking and therefore they are not able to present the same during this meeting. The proponent have requested for time to submit the modified plan.

The Committee perused the request made by the proponent and after discussion had decided to provide one more opportunity to proponent with intimation that the proposal will be appraised based on merit in his absence, in case he remains absent.

The proponent was invited for the 140th meeting of SEAC held on 19th and 20th June 2015 to provide required clarification. The proponent remained absent.

The Committee decided to provide final opportunity to proponent with an intimation that the proposal will be appraised based on merit in his absence, in case he remains absent.

The committee appraised the proposal based on the information provided in the statutory application-Form I, Form-1A, Conceptual Plan.

The committee opined that the appraisal cannot be completed for want of the details regarding the modification of the building plan as requested by the proponent in the earlier meeting and since the proponent also remained absent to provide the required clarification regarding the same.

The committee therefore decided to recommend the proposal to SEIAA for closure.

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.102 Residential Development Project, Sy.Nos.50, 51 & 54, Bellahalli Village, Yelahanka Hobli, Bangalore North Taluk, Bangalore Urban District of M/s. Sobha Limited (SEIAA 177 CON 2014)

This is a proposal submitted by M/s. Sobha Limited seeking Environmental Clearance for Construction of Residential Apartment Project on a plot area of 70,921.22Sqm.at Sy.Nos.50, 51 & 54, Bellahalli Village, Yelahanka Hobli, Bangalore North Taluk, Bangalore Urban District. It is proposed to construct 672Units flats,62Units of Row House and 20Units of Villas with total built up area of 1,49,946.0Sqm. The proposed construction has a configuration of 2B+LG+UG+22Uf to 2B+LG+UG+27UF.

Total water requirement of project is 514KLD.463KLD of waste water expected is proposed to be treated in a STP of 580KLD capacity.

Municipal Solid waste of 1,697Kg/day is proposed to be handled Insitu

Parking facility for 1,221Nos.vehicle is proposed to be provided.

Total energy requirement of 6,283 KW is proposed to obtain from BESCO. It is proposed to establish 6NosX750KVA and 1NoX380KVA. of DG sets to meet the energy requirement in case of non-supplies.

Estimated excavated earth is 55,000Cum. it is proposed to utilize on site.

It is proposed to develop a Greenbelt of 23,658.25%(33.36%).

The Proponent and Environment Consultant attended the 130th meeting of SEAC held on 19th, 20th and 21st February 2015 to provide clarification/additional information.

The Committee noted that the built up area proposed is 1,49,946 Sqm which is less by only 54 Sqm to reach the threshold limit prescribed for the project requiring environment impact assessment in accordance with EIA Notification 2006.

The Committee after discussion had decided to recall the proponent with the details of all the components of the construction activity are covered in the built up area.

The proponent was invited for the 141st meeting of SEAC held on 30th June and 1st July 2015 to provide required clarification. The proponent remained absent.

The Committee had decided to provide final opportunity to proponent with intimation that the proposal will be appraised based on merit in his absence, in case he remains absent.

The Proponent and Environment Consultant attended the meeting of SEAC to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Form-1A, Conceptual Plan, EIA report and clarification/additional information provided during the meeting.

The Committee after discussion decided to reconsider the proposal after submission of the following information.

1. Revised water balance calculating fresh water demand at the rate of 135 LPCD as per the norms prescribed for urban water supply and the scheme for meeting the additional requirement
2. Revised quantification of the excavated earth and specific plan for disposal of excess excavated earth without any adverse impact on the environment.
3. Hydrological study of the area influencing the surface water flow.

Action: Secretary, SEAC to put up the proposal before SEAC after submission of the above information.

148.103 Modification & Expansion of Residential Development at Sy.No.115, Doddabanahalli Village, Bidarahalli Hobli, Bangalore East Taluk, Bangalore- of M/s. Sobha Limited (SEIAA 207 CON 2014)

This is a proposal submitted by M/s. Sobha Limited seeking Environmental Clearance for Modification & Expansion of Residential Apartment Project on a plot area of 11,878.43Sqm inclusive of 1,915.07Sqm. at Sy.No.115, Doddabanahalli Village, Bidarahalli Hobli, Bangalore East Taluk, Bangalore District. It is proposed to construct 200Units with total built up area of 36,521.718 Sqm inclusive of 7,231.61Sqm. The proposed construction has a configuration of 2 Blocks with 2B+G+24Uf.

Total water requirement of project is 141KLD.126KLD of waste water expected is proposed to be treated in a STP of 150KLD capacity.

Municipal Solid waste of 450Kg/day is proposed to be handled Insitu

Parking facility for 242Nos.vehicle is proposed to be provided.

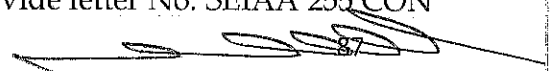

Total energy requirement of 1,560.37 KW is proposed to obtained from BESCOM. It is proposed to establish 2Nos.X600KVA of DG sets to meet the energy requirement in case of non-supplies..

Estimated excavated earth is 42,864.62Cum. it is proposed to utilize on site.

It is proposed to develop a Greenbelt of 38.71%(4,597.94Sqm).

The Proponent and Environment Consultant attended the 131st meeting of SEAC held on 27th and 28th February 2015 to provide clarification/additional information.

The committee noted that it is a proposal for modification and expansion of the project that has been issued with environmental clearance vide letter No. SEIAA 255 CON

2013 dated 23.10.2014. The committee further noted that there is an increase in the plot area of 1,915.07 Sqm and there is an increase in the built up area of 7,231.61 Sqm resulting in the expansion of total built up area from 29,290.10 Sqm to 36,521.71 Sqm. Ht of the building has been increased from 53 m to 75.60 m with an increasing ht by 22.6 m. There is no change in the No. of units. The committee further noted that a public road bifurcates the project site from that of the plot of land that has been added now.

The proponent while replying to the query with regard to commuting problems for the residents for using the amenities informed that provision for an underpass or a sky walk will be provided.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Form-1A, Conceptual Plan, EIA report and clarification/additional information provided during the meeting.

The Committee after discussion decided to reconsider the proposal after receipt of the following information:

1. Revised calculation of excavated earth and plan of safe and scientific disposal of excess excavated earth with details of the disposal site
2. Provision for the safe passage preferably underpass connecting the two parcels of the project site.
3. Revised water balance calculating fresh water demand at the rate of 55 LPCD as per the norms prescribed for rural water supply and the scheme for meeting the additional requirement
4. Hydrological study of the area influencing the surface water flow.
5. Impact on the competitive users while drawing ground water

The project proponent and the Environmental Consultant appeared before the committee and they asked for adjournment as they have not fully prepared for the presentation. The committee also asked the proponent to submit the structural stability certificate of the building from a reputed third party agency to ascertain the load bearing capacity of the predesigned structure in view of the proposed construction above the already approved structure by the competent authorities since the proposal is for expansion and the Ht of the building has been increased from 53 m to 75.60 m with an increasing ht by 22.6 m.

The committee after discussion decided to defer the subject providing one more opportunity to the proponent to present the same after submission of the above information.

Action: Secretary, SEAC to put up the proposal before SEAC after submission of the above information.

**148.104 Residential Apartment at Katha No.2999, Sy.No.180/1, 182/1, 199/2, 181/1, 199/1, & 199/3
Doddanekundi Village, K.R.uram Hobli, Bangalore East Taluk, Bangalore District of
M/s. Innovative Constructions (SEIAA 224 CON 2014)**

This is a proposal submitted by M/s.Innovative Constructions seeking Environmental Clearance for Expansion and Modification of Residential Apartment

Project on a plot area of 10070.75 Sqmts at Sy.No's.180/1, 182/1, 199/2, 181/1, 199/1, & 199/3 Doddanekundi Village, K.R.Puram Hobli, Bangalore East Taluk, Bangalore District. It is proposed to construct 175 Units with total built up area expansion of 19,648.49 Sq.mts to 23,261.68 Sq.mts. The proposed construction has a building configuration of BF + GF +5 UF +TF.

Total water requirement of project is 130 KLD. 105 KLD of waste water expected is proposed to be treated in a STP of 105 KLD capacity.

Municipal Solid waste of 364 Kg/day is proposed to be handled Insitu

Parking facility for 200 Nos.vehicle is proposed to be provided.

Total energy requirement of 800 KVA is proposed to be obtained from BESCOM. It is proposed to establish 500 KVA (250 X2) Nos. of DG sets to meet the energy requirement in case of non-supplies. It is proposed to develop a Greenbelt of 38.68%.

The Proponent and Environment Consultant attended the 131st meeting of SEAC held on 27th and 28th February 2015 to provide clarification/additional information.

The committee noted that the proponent have already started the construction activity. The proponent informed that the BBMP has approved plan for a total built up area 19,648 Sqm now the proponent have come for expansion of the project with a total built up area of 23.261 Sqm.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Form-1A, Conceptual Plan, EIA report and clarification/additional information provided during the meeting.

The Committee after discussion decided to reconsider the proposal after the receipt of the following information:

1. Certificate with regard to structural safety to know whether the existing structure can take additional load to accommodate the proposed structure over the structure already designed.
2. village map duly marking the project site
3. details of the park area proposed for using excess treated water
4. Quantification of the excavated earth and specific plan for disposal of excess excavated earth without any adverse impact on the environment.
5. Quantification of the terrace area available for harnessing solar energy and an appropriate plan thereof with due calculations.
6. Hydrological study of the area influencing the surface water flow.
7. STP flow chart
8. Photographs of soil conservation measures undertaken to prevent soil erosion

The proponent was invited to the meeting to provide required clarification/additional information. The proponent remained absent and he has not submitted the reply for the queries raised in the earlier meeting.

The committee appraised the proposal based on the information provided in the statutory application-Form I, Form-1A, Conceptual Plan.

The committee opined that the appraisal cannot be completed for want of the above information and since the proponent also remained absent to provide the required clarification.

The committee therefore decided to recommend the proposal to SEIAA for closure.

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.105 Residential apartment at Sy.No.29/2 and 30/1, Doddagubbi Village, Bidarahalli Hobli, Bangalore East Taluk, Bangalore of Sri. Sridhar R. (SEIAA 1 CON 2015)

This is a proposal submitted by Sri.Sridhar.R seeking Environmental Clearance for Construction of Residential Apartment Project on a plot area of 10,442.08 Sq.mts at Sy.No.29/2 and 30/1, of Doddagubbi Village, Bidarahalli Hobli, Bangalore East Taluk, Bangalore District. It is proposed to construct 200 Units with total built up area of 41900 Sq.mts. The proposed construction has a building configuration of BF + GF + 4UF + TF.

Total water requirement of project is 135 KLD. 108 KLD of waste water expected is proposed to be treated in a STP of 120 +KLD capacity.

Municipal Solid waste of 484 Kg/day is proposed to be handled Insitu

Parking facility for 223 Nos. Cars is proposed to be provided.

Total energy requirement of 600 KVA is proposed to be obtained from BESCOM. It is proposed to establish 450 X1 Nos. of DG sets to meet the energy requirement in case of non-supplies. Total energy savings proposed is 22.93%.

Estimated excavated earth is 26,943 Cum. It is proposed to utilize on site and excess excavated earth of 3488 Cum will be disposed scientifically.

It is proposed to develop a Greenbelt of 30%.

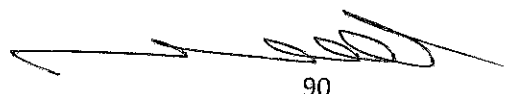

The proponent was invited to the 132nd SEAC meeting held on 9th and 10th March 2015 to provide required clarification. The proponent remained absent.

The Committee had decided to provide one more opportunity to proponent with intimation that the proposal will be appraised based on merit in his absence, in case he remains absent.

The proponent and environmental consultant was attended the 140th SEAC meeting held on 19th and 20th June 2015 to provide required clarification.

The committee appraised the proposal considering the information provided in the statutory application-Form I, 1A and other reports.

The committee made the following observations:

1. There was no commitment letter from BWSSB regarding supply of water.
2. Revised quantification of the excavated earth and specific plan for disposal of excess excavated earth without any adverse impact on the environment.
3. Revised water balance chart with regard to disposal of excess treated water

The Committee after discussion decided to recall the proponent after the receipt of the above information.

The Proponent and Environment Consultant attended the meeting of SEAC to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Form-1A, Conceptual Plan, EIA report and clarification/additional information provided during the meeting.

The Committee after discussion decided to recommend the proposal to SEIAA for issue of Environmental Clearance with a condition that the excess treated water shall be used within the project site.

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.106 Construction Project: "Prestige Cloud Tech Park" Development of Information Technology Park at Sy.No.13,Navarathna Agrahara Village, Sadahalli Gate, Devanahalli Taluk, Bengaluru Rural District, Bengaluru of M/s.Prestige Realty Ventures, (SEIAA 6 CON 2015)

This is a proposal submitted by M/s.Prestige Realty Ventures seeking Environmental Clearance for Construction of Development of Information Technology Park Project on a plot area of 1,29,885.64 Sqmts at Sy.No.13 of Navarathna Agrahara Village, Sadahalli Gate, Devanahalli Taluk, Bengaluru Rural District. It is proposed to construct with total built up area of 4,04,852.30 Sqmts. The proposed project consists of 7 numbers of office buildings which is sprawled across 2B + G + 8 UF building no 1,2,4,5,6,7, 2B + G + 9 UF (Building no.3) with a maximum height of 42.45 m and a club house.

Total water requirement of project is 1,162 KLD. 930 KLD of waste water expected is proposed to be treated in a STP of 130, 260, 390, 130 and 40 KLD capacity using SBR Technology.

Municipal Solid waste of 6.3 MT/day is proposed to be handled Insitu

Parking facility for 3,618 Nos.vehicle is proposed to be provided.

Total energy requirement of 23,149 KVA is proposed to be obtained from BESCO. It is proposed to establish 1,500 KVA of 19 Nos and 1,250 KVA of 3 No's of DG sets to meet the energy requirement in case of non-supplies. Total energy savings proposed is 21%.

It is proposed to develop a Greenbelt of 35.88%.

The Proponent and Environment Consultant attended the 129th meeting of SEAC held on 9th, 10th and 11th February 2015 to provide clarification/additional information.

The committee screened the proposal considering the information provided in the statutory application-Form I, Form-1A, Conceptual Plan, and clarification/additional information provided during the meeting.

The Committee after discussion decided to appraise the proposal as B1 as the built up area is more than 1,50,000 Sqm and decided to issue Standard ToR for conducting EIA study in accordance with EIA Notification 2006 and the relevant guidelines. The committee also decided to prescribe the following additional ToR.

1. Ecological service that is being rendered by the Kharab land if any and the measures proposed to protect the same.
2. Impact of the proposed activity on nearest water body.
3. Quantification of the terrace area available for harness solar energy and an appropriate plan thereof with due calculations.
4. Quantification of the excavated earth and specific plan for disposal of excess excavated earth without any adverse impact on the environment.
5. Scheme of treating sewage and sullage separately and use of treated water within the project site.
6. Hydrological study of the area influencing the surface water flow.

Accordingly ToR was issued vide letter dated 03.03.2015

The project proponent have submitted the EIA Report vide letter dated 06.07.2015.

The Proponent and Environment Consultant attended the 145th meeting of the SEAC held on 17th and 18th August 2015 to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Form-1A, Conceptual Plan, EIA report and clarification/additional information provided during the meeting.

The Committee after discussion decided to reconsider the proposal after submission of the following information:

4. Quantification of the terrace area available for harvesting solar energy and an appropriate plan thereof with due calculations.
5. Revised quantification of the excavated earth and specific plan for disposal of excess excavated earth without any adverse impact on the environment.
6. Explore the possibility to reduce one basement and provide stilt floor for car parking to reduce the earth work generation
7. Revised rain water harvesting calculation details
8. EMP budgetary details

The Proponent and Environment Consultant attended the meeting of SEAC to provide clarification/additional information.

The committee perused the reply submitted by the proponent vide letter dated 14.09.2015.

The committee agreed with the reply submitted by the proponent except the earth work details is not acceptable by the committee which needs to be revised. The committee suggested the proponent to reduce the earth work generation by providing 1 ½ basement below the ground level and ½ basement above the ground level and asked to submit the revised excavated earth calculation details.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Form-1A, Conceptual Plan, EIA report and clarification/additional information provided during the meeting.

The committee after discussion decided to reconsider the proposal after submission of the above information.

Action: Secretary, SEAC to put up the proposal before SEAC after submission of the above information.

148.107 Construction Project: Expansion of Residential Apartment Building at Sy. No. 20/1, 21/2, 21/3, 22/1, 30/15, 30/16, 30/17, 15/4(p), 15/7, 15/9, 16/1(p), 16/2(p), 16/3, 16/4, 16/5, 16/6, 17/2, 18/1(p), 18/2, 18/3, 20/2, 20/3, 21/1, 21/3(p), 22/2, 24/2(p), 24/3, 24/4, 25/3(p), 30/18, 30/39 (P), 30/41, Thirupalya Village, Jigani Hobli, Anekal Taluk, Bengaluru of M/s. G M Infinite Dwelling (India) Pvt. Ltd. (SEIAA 10 CON 2015)

This is a proposal submitted by M/sag M Infinite Dwelling (India) Pvt. Limited seeking Environmental Clearance for Expansion of Residential Apartment Project on a plot area proposed to increase 69,572.92 Sq.mts earlier it was 45,529.79 Sq.mts so total plot area is 1,15,102.71 Sq.mts at Sy.No's. 20/1, 21/2, 21/3, 22/1, 30/15, 30/16, 30/17, 15/4(p), 15/7, 15/9, 16/1(p), 16/2(p), 16/3, 16/4, 16/5, 16/6, 17/2, 18/1(p), 18/2, 18/3, 20/2, 20/3, 21/1, 21/3(p), 22/2, 24/2(p), 24/3, 24/4, 25/3(p), 30/18, 30/39 (P), 30/41, of Thirupalya Village, Jigani Hobli, Anekal Taluk, Bengaluru District. It is proposed for Phase II construction, proposed to increase built up area of 2,11,211.12 Sq.mts earlier it was 1,27,494.46 Sq.mts so total built area is 3,38,705.58 Sq.mts. The proposed construction has a configuration of 1508 Blocks earlier the blocks were 969, the total blocks will be 2477. The expansion proposal of building configuration is LB + UB + G + 4 UF (8 Blocks) earlier it was LB + UB + G + 4 UF (5 Blocks), the total building configuration will be LB + UB + G + 4 UF (13 Blocks).

Total water requirement of project is 1704 KLD. 1363 KLD of waste water expected is proposed to be treated in a STP of 1390 (550 KLD 2 No's and 290 KLD) capacity.

Municipal Solid waste of 6,087 Kg/day is proposed to be handled Insitu

Parking facility for 1737 PCU vehicle is proposed to be provided.

Total energy requirement for Phase II Construction is of 7,565 KW earlier it was 4,623 KW is proposed to be obtained from BESCOM. It is proposed to establish 1 x100 Kva, 3 x 320 Kva, 2 x 500 Kva, 1x750 Kva, Nos. of DG sets to meet the energy requirement in case of non-supplies.

Total estimated excavated earth is 1,30,472 Cum. It is proposed to utilize on site. and 31,415.89 Cum is used for landscaping.

It is proposed to develop a Greenbelt of 37.67%.

The Proponent and Environment Consultant attended the 129th meeting of SEAC held on 9th, 10th and 11th February 2015 to provide clarification/additional information.

The committee screened the proposal considering the information provided in the statutory application-Form I, Form-1A, Conceptual Plan, and clarification/additional information provided during the meeting.

The Committee after discussion decided to appraise the proposal as B1 as the built up area is more than 1,50,000 Sqm and decided to issue Standard ToR for conducting EIA study in accordance with EIA Notification 2006 and the relevant guidelines. The committee also decided to prescribe the following additional ToR.

1. Compliance on conditions of earlier Environmental Clearance.
2. Ecological service that is being rendered by the Kharab land if any and the measures proposed to protect the same.
3. Impact of the proposed activity on nearest water body.
4. Quantification of the terrace area available for harness solar energy and an appropriate plan thereof with due calculations.
5. Quantification of the excavated earth and specific plan for disposal of excess excavated earth without any adverse impact on the environment.
6. Scheme of treating sewage and sullage separately and use of treated water within the project site.
7. Hydrological study of the area influencing the surface water flow.
8. Scientific assessment of the availability of ground water and clearances for extraction of ground water and impact on the competitive users.
9. Assessment of power requirement and impact on the competitive users.
10. Location of generator and STP considering the windrose.

Accordingly ToR was issued vide letter dated 03.03.2015

The project proponent have submitted the EIA Report vide letter dated 10.07.2015

The Proponent and Environment Consultant attended the 145th meeting of SEAC held on 17th and 18th August 2015 to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Form-1A, Conceptual Plan, EIA report and clarification/additional information provided during the meeting.

The Committee after discussion decided to reconsider the proposal after submission of the following information:

1. Scheme for usage of maximum treated water from STP within the project site only.

2. Revised rain water harvesting calculation
3. Commitment to provide an underpass to connect the club house since there is a proposed CDP Road
4. Proposal to plant the avenue plantation on either side of the kharab land
5. Generation of power from solar has to be relooked into
6. Revised hydrological study of the area influencing the surface water flow duly marking the ridges.

The committee perused and agreed with the reply submitted by the proponent vide letter dated 08.09.2015.

The Committee after discussion decided to recommend the proposal to SEIAA for issue of Environmental Clearance.

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.108 Residential apartment at No.164/2, Sy.No.52/2, Next to Oblappa Garden, Huskur Gate, Hebbaguddi village, Anekal Taluk, Bangalore-100 of M/s. Classic Infracon Bangalore Pvt. Ltd. (SEIAA 12 CON 2015)

This is a proposal submitted by M/s.Classic Infracon Bangalore Pvt. Ltd seeking Environmental Clearance for Construction of Residential Apartment Project on a plot area of 6649.268 Sq.mts at Sy.No52/2, Next to Oblappa Garden, Huskur Gate, Hebbaguddi Village, Anekal Taluk, Bangalore Urban District. It is proposed to construct 135 Flats with total built up area of 30,442.60 Sq.mts .The proposed construction has a Building configuration with 2 BF + GF + 18 UF.

Total water requirement of project is 124 KLD. 112 KLD of waste water expected is proposed to be treated in a STP of 125 KLD capacity.

Municipal Solid waste of 593 Kg/day is proposed to be handled Insitu

Parking facility for 331 Nos.vehicle is proposed to be provided.

Total energy requirement of 905 KVA is proposed to obtained from BESCOM. It is proposed to establish 2 x 500 KVA Nos. of DG sets to meet the energy requirement in case of non-supplies. Total energy savings proposed is 22.8%.

Estimated excavated earth is 27,145 Cum. It is proposed to utilize 9744 Cum for Backfilling.

It is proposed to develop a Greenbelt of 35%. (1914.02 Sq.mts)

The proponent was invited to the 133rd SEAC meeting held on 19th and 20th March 2015 to provide required clarification. The proponent remained absent.

The Committee had decided to provide one more opportunity to proponent with intimation that the proposal will be appraised based on merit in his absence, in case he remains absent.

The proponent and environmental consultant was attended the 140th SEAC meeting held on 19th and 20th June 2015 to provide required clarification.

The committee appraised the proposal considering the information provided in the statutory application-Form I, 1A and other reports. The finding of the committee is as below.

The Committee after discussion decided to recall the proponent after the receipt of the following information:

1. Scientific assessment of the availability of the water from the bore well in the project site
2. Revised quantification of the excavated earth by reducing one basement and providing stilt with specific plan for disposal of excess excavated earth without any adverse impact on the environment.
3. Revised water balance chart with emphasis to increase the use of treated water
4. Contour map of the project site.
5. Revised EMP with base line data for environmental parameters.

The Proponent and Environment Consultant attended the meeting of SEAC to provide clarification/additional information.

The committee perused the reply submitted by the proponent vide letter dated 13.08.2015.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Form-1A, Conceptual Plan, EIA report and clarification/additional information provided during the meeting.

The Committee after discussion decided to recommend the proposal to SEIAA for issue of Environmental Clearance subject to submission of Revised water balance calculating fresh water demand at the rate of 55 LPCD as per the norms prescribed for rural water supply and the scheme for meeting the additional requirement

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.109 Residential group housing project at Sy.No.28, Mallasandra, Uttarahalli Hobli, Bangalore South Taluk, Bangalore of M/s. Puravankara Projects Limited (SEIAA 17 CON 2015)

This is a proposal submitted by M/s.Puravankara Projects Limited seeking Environmental Clearance for Construction of Residential Apartment Project on a plot area of 24887.95 Sq.mts at Sy.No28, Mallasandra, Uttarahalli Hobli, Bangalore South Taluk, Bangalore Urban District. It is proposed to construct 682 Units with total built up area of 104055.086 Sq.mts. The proposed construction has a Building configuration of with Basement + Stilt +19 Floors.

Total water requirement of project is 475.49 KLD. 426.59 KLD of waste water expected is proposed to be treated in a STP of 430 KLD capacity.

Municipal Solid waste of 1500.4 Kg/day is proposed to be handled Insitu

Parking facility for 760 Nos. vehicle is proposed to be provided.

Total energy requirement of 1990 KVA is proposed to be obtained from BESCOM. It is proposed to establish 3 x 350 KVA Nos. of DG sets to meet the energy requirement in case of non-supplies. Total energy savings proposed is 20.60%.

It is proposed to develop a Greenbelt of 47% (9790.62 Sq. mts)

The proponent was invited to the 133rd SEAC meeting held on 19th and 20th March 2015 to provide required clarification. The proponent remained absent.

The Committee had decided to provide one more opportunity to proponent with intimation that the proposal will be appraised based on merit in his absence, in case he remains absent.

The proponent and environmental consultant attended the 140th SEAC meeting held on 19th and 20th June 2015 to provide required clarification.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, EIA report and clarification/additional information provided during the meeting.

The Committee after discussion had decided to reconsider the proposal after the receipt of the following information:

1. Details of the lake adjoining to the site (extent, catchment area, etc., the certified layout plan of the tank depicting the exact boundary)
2. Revised EMP with base line data for environmental parameters.
3. Clarification regarding levels mentioned in the plan (+2, +3, 0, -2, etc.,)
4. Quantification of the terrace area available for harnessing solar energy and an appropriate plan thereof with due calculations.
5. An undertaking regarding the usage of granite blocks available at site and should not be taken out of premises without DMG permission.
6. Proposal for providing fire escape chutes

The Proponent and Environment Consultant attended the meeting of SEAC to provide clarification/additional information.

The committee perused the reply submitted by the proponent vide letter dated 18.09.2015.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Form-1A, Conceptual Plan, EIA report and clarification/additional information provided during the meeting.

The Committee after discussion decided to recommend the proposal to SEIAA for issue of Environmental Clearance subject to submission of the following information.

1. Quantification of the terrace area available for harnessing solar energy and an appropriate plan thereof with due calculations.
2. Proposal for providing fire escape chutes

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.110 Office Building at Plot Nos, 3 & 3A, Sy Nos. 85 & 86, EOIZ Industrial Area, Sadaramangala Village, Krishnarajapura Hobli, Bengaluru East Taluk, Bengaluru District of M/s Cardinal Energy & Infrastructure Pvt. Ltd. (SEIAA 25 CON 2015)

This is a proposal submitted by M/s Cardinal Energy & Infrastructure Pvt. Ltd seeking Environmental Clearance for their office building project on a plot area of 12,114 Sqm at Sy. No. 85 and 86, EOIZ Industrial Area, Sadaramangala Village, Krishnarajapura Hobli, Bangalore East Taluk, Bangalore District. The office building is already under operation with B+G+6UF having built up area of 34,809.562 Sqm.

Total water requirement of project is 108 KLD. 86 KLD of waste water expected is proposed to be treated in a STP of 150 KLD capacity.

Municipal Solid waste of 600 Kg/day is proposed to be handled Insitu

Parking facility for 375 Nos.vehicle is proposed to be provided.

Total energy requirement of 1250 KW is proposed to be obtained from BESCOM. It is proposed to establish 3x1250 KVA Nos. of DG sets to meet the energy requirement in case of non-supplies.

The Proponent and Environment Consultant attended the 134th meeting of SEAC held on 30th and 31st March 2015 to provide clarification/additional information.

The proponent during the presentation informed that the project site was purchased in two separate parcels and constructions undertaken. The building with Basement+Ground+5UF+TF was built in 2004 and is in operation with approval of KIADB.

The committee perused the details and had decided to defer the subject to examine whether the proposal constitutes violation of the provisions of the EIA Notification 2006. The proponent was directed to submit all the approvals and clearance obtained either to in order to establish that it is not a case of violation.

The Proponent and Environment Consultant attended the 145th meeting of SEAC held on 17th and 18th August 2015 to provide clarification/additional information.

The proponent during the presentation informed that the project site was purchased in two separate parcels and constructions undertaken. The building with Basement+Ground+5UF+TF was built in 2004 and is in operation with approval of KIADB.

The committee perused the details and had decided to recall the proponent with the relevant documents in chronological order from 2004 and its developments to examine whether the proposal constitutes violation of the provisions of the EIA Notification 2006. The proponent was directed to submit all the approvals, clearance and chronological developments details obtained either to in order to establish that it is not a case of violation.

The proponent and Environmental Consultant appeared before the committee to provide required clarification/additional information.

The committee perused the information submitted by the proponent vide letter dated 15.09.2015.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Form-1A, Conceptual Plan and clarification/additional information provided during the meeting.

The committee noted that the proponent have undertaken construction without the prior Environmental Clearance.

The committee after discussion decided to recommend the proposal to SEIAA for issue of Environmental Clearance. The Committee also decided to report the violation to SEIAA for further necessary action in this regard.

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.111 Industrial Project: Manufacturing of Active Pharmaceutical Ingredients(APIs), Plot No. 213 & 274 A, Harohalli Industrial Area, 2nd Phase, Ramanagara District of Dr. P.M.Akbarali, Managing Director, M/s Apotex Pharmachem India Pvt. Ltd. (SEIAA 31 IND 2012)

The application along with PFR and proposed ToR are submitted by the proponent.

Apotex Pharmachem India Pvt. Limited proposes to set up 296.01 MTPA capacity API manufacturing unit in 20.4 Acres in KIADB Notified Industrial Area - Harohalli Industrial Development Area, Phase II of Harohalli Village in Kanakapura taluk of Ramanagara District at a total estimated project cost of approximately Rs. 450 Crores.

The proposed project is classified as activity 5(f) under 'Category B'. The proposal is for production of 71 Products (44 Therapeutic category) with a total quantity of 296.01 MTPA.

The committee had decided to issue ToR for conducting EIA studies and preparation of combined Environment Impact Assessment in the 99th SEAC meeting held on 14th and 15th February 2013.

Accordingly ToR has been issued vide letter dated 11.01.2013.

The project proponent has submitted the EIA report vide letter dated 05.11.2014.

The project proponent and Environment consultant attended the in the 129th meeting of SEAC held on 9th, 10th and 11th February 2015 and presented the EIA report.

The committee noted that as per the proposed process substantial quantity of solvents solvent are shown as evaporation loss. This would cause environmental problem apart from the financial losses.

The committee after discussion had decided to recall the proponent with the following additional information:

1. Measures adopted to prevent the huge solvent evaporation
2. Explore and present the Suggestion to use a catalyst for ring closure
3. Use of green chemistry in the process.
4. Measures for recovery of lithium
5. Explore the possibility of replacing Di-chloro methane
6. HAZOP analysis and Risk management studies to be carried out considering MCA as a component
7. List of trees and plants to be revised
8. Proposal to avoid deep well recharge
9. Revised meteorological data, water and soil analysis report.
10. Justification for considering ETP design based on their other project, the existing ETP performance details to be provided-owned by the same proponent at their existing plant

The Proponent and Environment Consultant attended the 141st meeting of SEAC held on 30th June and 1st July 2015 to provide clarification/additional information.

The committee perused the reply submitted by the proponent vide letter dated 09.06.2015.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre feasibility Report, EIA report and clarification/additional information provided during the meeting.

The committee after discussion decided to recall the proponent after the receipt of the following information:

1. Measures adopted to prevent the huge solvent evaporation to be conducted by a reputed company/be validated by so that evaporation losses are reduced
2. The logbooks extracts regarding the tests conducted in company's R&D department unit regarding method of reduction in solvent evaporation.
3. Use of green chemistry in the process to be explained in detail
4. Justification of replacing Di-chloro methane (efforts made to replace the Dichloro Methane solvent)
5. HAZOP analysis and Risk management studies to be carried out considering MCA as a component in worst case scenario
6. Revised meteorological data including the data of recent years

The proponent was invited to provide required clarification. The proponent remained absent.

The Committee decided to provide final opportunity to proponent with intimation that the proposal will be appraised based on merit in his absence, in case he remains absent.

Action: Secretary, SEAC to put up the proposal before SEAC in subsequent meeting.

148.112 Expansion of industrial unit for production of CI(SG) grade casting from 10,000 MTPA to 30,000 MTPA and Production of 2,500 MTPA of Phenol-Formaldehyde Resin at Plot No. 67-71 & 95-99, Machhe Industrial Estate, Belgaum Village, Belgaum Taluk & District of M/s. Ashok Iron Works Private Limited (SEIAA 17 IND 2013)

M/s. Ashok Iron Works Private Limited - Plant 2 have applied for EC for their proposed expansion project " CI (SG) grade casting from 10,000 MTPA to 30,000 MTPA and production of 2,500 MTPA of Phenol-Formaldehyde Resin " at Machhe Industrial Estate, Plot No. 67 - 71 & 95-99, Belgaum Village in Belgaum Taluk and Belgaum District. Copy of CFE dt: 15.11.2012 issued by KSPCB is enclosed to the project report. As in the Form-I, the application is submitted only for production of 2,500 MTPA of Phenol-Formaldehyde Resin as it is listed under 5(f) of EIA Notification.

Project Details:

- (1) Production capacity: Production of 2500 MTPA of Phenol-Formaldehyde Resin.
- (2) Land:- In existing Industrial land of area 59,682 Sqm.
- (3) Total requirement & source of water: Purchased through tankers - 50 KLD of which 43,200 lts/day for domestic use and 5,000 lts/day for industrial purpose (Page No. 31).
- (4) Total power requirement: 122720 kWh/day of Power is required and obtained from ESCOM. Also as a backup, DG sets 1000 KVA X 2Nos, 750 KVA X 1No. is installed.

Two numbers of air pollution sources are proposed under expansion. Common Effluent Treatment Plant (CETP) and Common Sewage Treatment Plant (CSTP) are proposed for treatment of Trade Effluent and domestic sewage respectively.

Details of Project site surroundings within 15 km radius:

- (1) Belgaum city and Railway Station is 10Kms.

PP have submitted project report and Environment Management Plan.

However, on examination of manufacturing process furnished in the project report, induction furnaces of 4TPH are being used and there are air pollution sources. Therefore, as at Sl No.3(a)B of schedule to EIA Notification, non-toxic secondary metallurgical processing industry with production of more than 5000 tonnes/annum is required to be appraised by SEAC for issuing EC, though, as at Sl No 5k of Schedule, under induction furnaces, only 5TPH and more is covered under EIA Notification.

During the presentation of PFR in the 107th SEAC meeting held on 16th and 17th August 2013, the Environmental Consultant informed that as per amendment to the EIA, Notification,2006, the non-toxic secondary metallurgical processing industry with production up to 30,000 tonnes/annum is exempted from obtaining EC. But, Committee sought information from the PP on pollution control measure proposed enhancement in CI (SG) grade casting from 10,000 MTPA to 30,000 MTPA.

Since, in the application EC was sought under 5(f) of EIA Notification only for production of 2,500 MTPA of Phenol-Formaldehyde Resin, the Committee had decided to issue standard ToR with emphasis on storage of Formaldehyde resin in the EIA report. However, as the industry is located in an industrial area the proposal is exempted from public consultation. The EIA report is only for the items pertaining to the proposed activity.

Accordingly the ToR issued on 12.09.2013.

The proponent have submitted EIA report vide letter dated 11.06.2015

The proponent was invited for the 141st meeting of SEAC held on 30th June and 1st July 2015 to provide required clarification. The proponent remained absent.

The Committee had decided to provide one more opportunity to proponent with an intimation that the proposal will be appraised based on merit in his absence, in case he remains absent.

The proponent was invited to provide required clarification. The proponent remained absent with intimation.

The Committee decided to provide final opportunity to proponent with intimation that the proposal will be appraised based on merit in his absence, in case he remains absent.

Action: Secretary, SEAC to put up the proposal before SEAC in subsequent meeting.

148.113 Limestone Mining, Sy.no.34/2A, Nagapur Village, Mudhol Taluk, Bagalkot District. (2.43 Ha.) of Sri H.G.Sripad, Lokapur post, Mudhol Taluk, Bagalkot District - 587122 (SEIAA 143 MIN 2012)

Sri H G Sripad of M/s. Naganapur Limestone Mine have applied for Environmental Clearance from SEIAA for the expansion of Mining of limestone from 35,000 to 70,000 TPA Production at mining Lease No. 2358 at Sy. No.34 /2A at Naganapur Village, Mudhol Taluk, Bagalkot District over an Area of 2.43 Ha of Private Patta land under schedule 1 (a) of EIA Notification 2006 read with O.M. Dated 18.05.2012 of MoEF under category - B. Proposed method of Mining: Open cast manual with semi-mechanisation. Total project cost Rs. 9.00 Lakhs.

The Proponent and the RQP/Environment Consultant attended the 130th meeting of SEAC held on 19th, 20th and 21st February to give clarification/additional information.

Committee noted that the following information were sought during the 94th SEAC meeting held on 30.12.2012.

1. Rework on EMP taking into account crusher activity.
2. Test result on environmental parameters by another authorized testing agency.
3. DCF report on environmental sensitivity.
4. Post Mining Closure Plan (PMCP).

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting.

The Committee after discussion had decided to reconsider the proposal after the receipt of the following information in addition to the information sought during the 94th SEAC meeting:

1. Compliance of the earlier EC issued
2. Copy of the land conversion document
3. Area reserved for buffer of 7.5 m along the boundary
4. Copy of the order issued by DMG for common boundary working
5. Medical examination documents of the workers
6. Details of mitigation measures adopted for dust suppression
7. Budget provision for implementation of EMP

The Proponent and the RQP/Environment Consultant attended the 141st meeting of SEAC held on 30th June and 1st July 2015 to give clarification/additional information.

The committee observed that the proponent have not submitted the required information sought by the committee in the earlier meeting.

The committee after discussion decided to recall the proponent with all the relevant information.

The Proponent and the RQP/Environment Consultant attended the 144th meeting of SEAC held on 5th and 6th August 2015 to give clarification/additional information.

The committee perused the reply submitted by the proponent vide letter dated 01.07.2015.

The committee observed that the information submitted by the proponent is not convincing and also not in complete manner.

The committee after discussion decided to recall the proponent with all the relevant information.

The proponent and the RQP/Environmental Consultant attended the meeting to provide clarification/additional information.

The committee perused the reply submitted by the proponent vide letter dated 12.09.2015.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting.

The Committee after discussion decided to recommend the proposal to SEIAA for issue of Environmental Clearance.

The Committee also decided to recommend imposing the Standard Conditions as mentioned in 148.6

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.114 Timmapur Dolomite Mine, Sy.no. 78(P), Timmapur Village, Mudhol Taluk, Bagalkot District. (4.86 Ha.) of Sri. P.H.Pujar, Near Govt. Girl's High School, Extension, Bagalkot - 587120 (SEIAA 158 MIN 2012)

It is a proposal seeking Environmental Clearance for Dolomite mining in an area of 4.86 Ha at Sy. No. 78(P), Timmapur Village, Mudhol Taluk, Bagalkot District by Sri. P.H.Pujar.

The proposal was considered by the committee in the 94th meeting held on 30th November 2012 and the proponent was asked to submit the following documents.

1. Order of conversion for non agriculture purpose from DC
2. EMP with baseline data on environmental parameters.

In the mean time the Ministry of Environment and Forest, Government of India issued a clarification vide letter dated 04.01.2013 that mining of major minerals in area less than 5 Ha do not require Environment Clearance under EIA Notification 2006.

The Committee considered the proposal in 97th SEAC meeting and decided to recommend for closure of the file.

The SEIAA in their meeting held on 25th February 2013 have accepted the recommendation of the committee and closed the file. An endorsement dated 27.03.2013 came to be issued in this regard.

Subsequently an amendment dated 7th October 2014 have been published vide Notification No. S.O.2601 (E) making Environment Clearance mandatory for all mining leases including major minerals.

The proponent vide letter dated 21.11.2014 have requested the Authority to reopen the file and consider for Environmental Clearance. The Authority have considered the said request and have decided to reopen the file. The proponent have paid required processing fee. Therefore the file stands reopened.

The committee perused the above details in the 127th SEAC meeting held on 19th, 20th and 21st January 2015 and had decided to appraise inviting the proponent with the short fall information already sought.

The Proponent and the RQP/Environment Consultant appeared before the committee in the 141st SEAC meeting held on 30th June and 1st July 2015 to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting.

The Committee after discussion decided to reconsider the proposal after submission of the land conversion document from the revenue authority and a letter from IBM/ DMG with regard to the earlier issued quarry plan holds good.

The proponent was invited for the 144th meeting of SEAC held on 5th and 6th August 2015 to provide required clarification. The proponent remained absent.

The committee observed that the proponent have not submitted the information sought by the committee in the earlier meeting. Therefore the committee had decided to give 15 days' time to the proponent to furnish the information failing which the proposal will be appraised based on merit in his absence, in case he remains absent and the decision will be taken as deemed fit.

The proponent and the RQP/Environmental Consultant attended the meeting to provide clarification/additional information.

The committee perused and agreed with the reply submitted by the proponent vide letter dated 08.09.2015.

The Committee after discussion decided to recommend the proposal to SEIAA for issue of Environmental clearance with a condition that the proponent shall get NA before commencing the mining activity.

The Committee also decided to recommend imposing the Standard Conditions as mentioned in 148.6

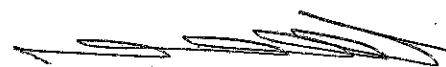

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.115 Expansion in production of quartz from 6,000 TPA to 50,000 TPA quartz and establishment of crushing and screening plant of 50 TPH capacity in ML 2240 at Sy. No. 25, Honagadde village, Kushtagi Taluk, Koppal District (4.90 Ha) of Sri S. Srinivas, Deputy General Manager, M/s Kirloskar Ferrous Industries Ltd., Bevinahalli Village. Post: Hitnal- 583234, Koppal Taluk & District (SEIAA 238 MIN 2013)

M/s Kirloskar Ferrous Industries Ltd., has applied for EC from SEIAA for Expansion in production of quartz from 6,000 TPA to 50,000 TPA quartz and establishment of crushing and screening plant of 50 TPH capacity in ML 2240 at Sy. No. 25, Honagadde village, Kushtagi Taluk, Koppal District (4.90 Ha) under Schedule 1 (a) of EIA Notification, 2006 read with O.M. dated 18.05.2012 of MoEF under Category- B.

The subject was deliberated during the 109th SEAC meeting held on 20th, 21st and 23rd September 2013. The committee noted that following shortfalls in the proposal.

1. RTC
2. NOC from DC

3. Baseline information
4. Progressive mine closure plan

The committee after discussion had decided to get the shortfall information and then place it for appraisal. Accordingly letter dated 20.08.2014 was addressed to the proponent for submission of the shortfall information/documents.

The proponent vide letter dated 15.12.2014 have submitted the information sought. Accordingly the subject was placed for appraisal.

The proponent was invited in the 129th SEAC meeting held on 9th, 10th and 11th February 2015 to provide required information/documents and clarifications. The proponent remained absent. The proponent vide letter dated 07.02.2015 have informed that due to some unavoidable circumstances, they are not able to attend the meeting. And therefore have requested for considering the proposal in the subsequent meetings.

The Committee after discussion decided to provide one more opportunity to proponent with an intimation that the proposal will be appraised based on available information and decided on merit in his absence, in case he remains absent.

The proponent was invited to the 135th SEAC meeting held on 9th and 10th April 2015 to provide required clarification. The proponent remained absent.

The Committee had decided to provide last opportunity to proponent with an intimation that the proposal will be appraised based on merit in his absence, in case he remains absent.

The proponent was invited for the 140th SEAC meeting held on 19th and 20th June 2015 to provide required clarification. The proponent remained absent.

The Committee decided to provide final opportunity to proponent with an intimation that the proposal will be appraised based on merit in his absence, in case he remains absent.

The Proponent and the RQP/Environment Consultant attended the 143rd meeting of SEAC held on 24th to 29th July 2015 to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting. The committee observed the following points.

1. In the proposal establishment of crushing and screening plant has been included. But the crushing and screening plants are to be established in safer zone only which is to be identified by the competent authority. The proponent has stated that they have not considered this for installation of crushing unit.
2. In the land use plan, the area left for afforestation & buffer zone is 0.45 ha, which is less.

3. The quarry site is on the top of the mound surrounded by agricultural fields and no mitigation measures were proposed to protect the agricultural lands from air pollution and siltation.
4. EMP report, in ambient air quality report, the level of CO (Carbon Monoxide) is high and in soil analysis report, silica analysis was not conducted.

The proponent has stated that, the minimum distance between quarrying area and nearby habitat is 500 m.

The Committee after discussion decided to reconsider the proposal after submission of the following information and field visit from the committee members.

1. An under taking regarding withdrawal of proposal of establishment of crushing and screening plants.
2. Revised application form.
3. Revised land use plan increasing the area demarked for afforestation & buffer zone.
4. Garland canal to be provided around the lease boundary before commencement of quarry activities.
5. Settling ponds to arrest silting of agricultural lands are to be provided within the mining area.
6. EMP base line parameters of soil & air are to be re analysed.

The committee noted that the proponent have not submitted the information sought during the 143rd SEAC meeting held on 24th to 29th July 2015. The committee decided to reconsider the proposal along with the above information and the site inspection report.

Action: Secretary, SEAC put up the proposal before SEAC after the receipt of the above information and site inspection report.

148.116 Mining Project: Felsite Mineral Mining at Sy.Nos.77, 78, 80, 81 & 82, Sadanahalli Village, Mysore Taluk & District - (14.97 Ha / 37-42 Acres) of Sri B.C. Muddumadappa, 196, 23 Cross, 6th Block, Jayanagar, Bangalore - 560 082 (SEIAA 64 MIN 2014)

Sri. B.C. Muddumadappa has applied for EC from SEIAA for proposed Felsite Mineral Mining with estimated Production of 2,83,500 TPA at Sy.Nos. 77,78,80,81 & 82 of Sadanahalli Village, Mysore Taluk, Mysore District, over an area of 37.42 Acre(14.97 Ha.) of Revenue Land under Schedule 1 (a) of EIA Notification, 2006 read with O.M. dated 18.05.2012 of MoEF under Category- B.

The subject was placed in 118th meeting held on 11.09.2014. The subject was deferred as the proposal materials were not received by the Members.

Project proponent & RQP presented the proposal in 120th SEAC meeting.

Committee observed proposed quarry site is very close Varna canal and therefore decided to obtain detailed impact study on Varna Canal structure due to proposed quarry

activity. Subject was deferred to appraise the proposal after obtaining impact study report.

Again the subject was placed in the 121st SEAC meeting held on 11th to 18th November 2014 before approval of the proceedings of 120th meeting of SEAC.

Project proponent has submitted a representation on 12.11.2014 requesting for appraisal of the proposal after 2 months.

Committee accepted the request of the project proponent and had decided to place the subject only after receipt of the impact study report as decided in 120th meeting.

The proponent and the RQP appeared before the 134th SEAC meeting held on 30th and 31st March 2015 and submitted a letter seeking some time for furnishing the information sought in the earlier meeting.

The Committee had decided to recall the proponent after the receipt of the information sought in the earlier meeting.

The representative of the project proponent attended the meeting of SEAC in the 141st SEAC meeting held on 30th June and 1st July 2015 and submitted a letter informing that they require some more time for submission of the information sought by the committee in the earlier meeting.

The committee after discussion decided to recall the proponent after submission of the above information.

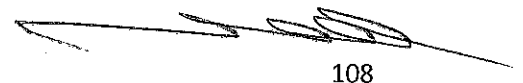

The proponent was invited for the 144th meeting of SEAC held on 5th and 6th August 2015 to provide required clarification. The proponent remained absent.

The committee observed that the proponent have not submitted the information sought by the committee in the earlier meeting. Therefore the committee decided to give 15 days time to the proponent to furnish the information failing which the proposal will be appraised based on merit in his absence, in case he remains absent and the decision will be taken as deemed fit.

The proponent was invited to provide required clarification. The proponent remained absent.

The proponent has not submitted the replies sought by the SEAC in the earlier meetings.

The committee appraised the proposal considering the information provided in the Statutory Applications Form-1, Pre Feasibility Report, Approved Mining Plan and information provided in the earlier meetings.

The committee opined that the appraisal cannot be completed for want of the above information and since the proponent also remained absent to provide the required clarification.

The committee therefore decided to recommend the proposal to SEIAA for closure.

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.117 Mining Project: River Sand Quarrying in Shirgur Inam Block I at Bhima River bed, opposite to Sy.No. 104 (part), 1, 2 and 4 (Part) of Shirgur Inam village, Indi Taluk, Bijapur District. (4.856 Ha / 12 Acres) of Deputy Director & Member Secretary, District Sand Monitoring Committee, Dept. of Mines & Geology (SEIAA 318 MIN 2014)

District Sand Monitoring Committee., have applied for EC from SEIAA for proposed Sand Mining with estimated extraction of 14400 TPA, at Sy.No. 104 (part), 1, 2 and 4 (Part) of Shirgur Inam village, Indi Taluk, Bijapur District over an area of 4.856Ha of Revenue Land on the banks of Bhima River under Schedule 1 (a) of EIA Notification, 2006 read with O.M. dated 18.05.2012 of MoEF under Category- B.

Project Proponent along with Environment Consultant presented the proposal in the 119th Special meeting held on 1st October 2014.

The activity is an extraction of sand from Bhima river (excluding water course).

1. As proposed by proponent the extraction of the sand is done only during non-monsoon season when there is lean flow in the river.
2. The process proposed is a manual operation.
3. The PP proposes to extract only 1 m depth of sand, which is equal to replenishment of sand which takes place in this water course in 5 years as admitted by PP during the presentation.
4. There are no sensitive locations in 5km distance around the sand mining area.
5. All preventive measures suggested by MoEF are considered in the proposal.
6. PP stated that there are no structures such as bridges and retaining walls across/ along the above water course which are susceptible to erosion.
7. As stated by PP, the extracted sand will not be carried through any village or habitation. However, PP was asked to furnish on the day of meeting, a key plan indicating approach road to the proposed site. PP submitted Toposheet/key map with marking of location of site & approach road.
8. PP stated that the EMP submitted is sufficient to mitigate the adverse effects, if any, due to sand mining.

Observations of the Committee:

1. PP was advised to plant Terminalia arjuna (Holemathi), Sygigium cumini (Nerale), Pongamia pinnata (Honge), Mangifera indica (Mango), Vitis nigandu (Lakki) and Agave to strengthen the river banks and on road sides Madhuca

indica (Hippe), Holoptelia integrifolia (Thapasvi), Hardwickia binata (Anjana), Acacia ferruginea (Bannimara), Thespesia populnea (Bugari), Acacia arabica (Kari jali)

2. The Committee suggests that the EC may be issued only for two years as approved in the plan period shown in the approved mining plan.

Based on the above submission made by the PP and also EMP proposed the Committee decided to recommend the proposal to SEIAA for consideration to issue of EC with the conditions that the PP Strictly adheres to,

1. The conditions laid in Karnataka Minor Mineral Concession (Amendment) Rules, 2013 vide G.O. No. CI 357 MMN 2012 dated 16.12.2013.
2. The stipulations/Guidelines issued by MoEF, GoI with regard to sand mining activities.

The Authority perused the proposal and took note of the recommendation of SEAC in its 82nd meeting held on 7th October 2014.

The Authority noted that Dr. Sarvabhoun Bagali, Ex-MLA, Indi, Bijapur District have filed an objection praying for rejection of Environmental Clearance to this sand block. The reasons attributed by Dr. Sarvabhoun Bagali for the said objection are as follows;

- 1) The proposed sand block is having an area less than 5.0 Ha, therefore it may not be considered as per O.M. dated 24-12-2013 issued by the Ministry of Environment & Forest, Government of India.
- 2) A barrage constructed at Hilli-Gubbewad village on the Bhima river is located within 5 km from the proposed sand block.
- 3) Water of the above said barrage stagnates up to Inam Shiragur and Padanur Villages even during summer. No stream mining is permitted as per the above mentioned O.M. dated 24-12-2013.
- 4) Mining activities in this block will result in pollution of drinking water that is being supplied to the neighboring villages on either sides of the Bhima River.
- 5) This sand block is an on-going sand excavation project, big pits to the depth of 7 mtrs (21 feet) have been already dug. This big pits are not filled up by Public Works Department and Sand Mafia.
- 6) Sand mining is to be done manually, if Environment Clearance is given the Executive Engineer, Bijapur may continue to violate directions of MoEF.
- 7) The Executive Engineer, PWD, Bijapur and Sand Mafia has done sand mining by use of Pokliner, JCB / Hitachi in contravention of the rules. He is likely to continue mining in contravention of the rules.
- 8) The vehicles transporting sand pass through Shiragur Village and cause noise pollution and air pollution in the village. These vehicles being very heavy

damage the roads. It is difficult for small children and school going children to pass through this heavy traffic.

The Authority also noted that Dr. Sarvabhouma Bagali have alleged that this proposal attracts General Condition of EIA Notification, 2006 by virtue of being close to the Inter-State boundary and therefore need to be appraised as category 'A' project.

The Authority observed that the O.M. dated 24-12-2013 issued by the Ministry of Environment & Forest, Government of India has been stayed by the Principle Bench of Hon'ble National Green Tribunal, New Delhi - Circuit Bench at Shimla in so far as it relates to the minor minerals like sand vide order dated 28th March 2014 in application No. 343 of 2013 and connected matters. Therefore the proposal need to be considered in accordance with the orders of Hon'ble Supreme Court dated 27-02-2012 in IA No. 12-13 of 2011 in SLP (C) No.19628-19629 of 2009, EIA Notification 2006 and the amendments made there on apart from the orders of the Hon'ble National Green Tribunal, Principle Bench, New Delhi dated 05-08-2013 made in original application No. 171 of 2013 and connected matters.

In view of the above said statutory position the Authority is bound to consider all application seeking Environment Clearance for mining of minor minerals in an area up to 50.0 Hectares.

However, the Authority after discussion had decided to refer the file back to SEAC for re-appraisal keeping the above objections made by Dr. Sarvabhouma Bagali in view and sending recommendations deemed fit based on merit.

Committee took note of the decision of the Authority in the 122nd SEAC meeting held on 24th, 25th and 26th November 2014.

Committee perused the proposal from file and had decided to deliberate further after receipt of the comments from project proponent (Deputy Commissioner, Bijapur District) and reply for the letter sent from SEIAA.

The representative of the proponent and the RQP/Environment Consultant attended in the 141st SEAC meeting held on 30th June and 1st July 2015 to give clarification/additional information.

The committee observed that the case is still pending in NGT. There is a barrage near Hilli - Gubbevadi which supplies drinking water to Padanur, Shirgur Inam villeges. The levels of these places should be checked and impact due to mining has to be verified and to be submitted. The GPS coordinates of certain blocks are identical which leads to confusion.

The committee after discussion decided to recall the proponent after the submission of the following information:

1. Un undertaking from the proponent there is no sand mining in Maharashtra-Karnataka border
2. Consolidated sketch showing all the blocks and structures with GPS coordinates.

The proponent was invited for the 144th meeting of SEAC held on 5th and 6th August 2015 to provide required clarification. The proponent remained absent.

The Committee had decided to provide one more opportunity to proponent with intimation that the proposal will be appraised based on merit in his absence, in case he remains absent.

The proponent was invited to provide required clarification. The proponent remained absent.

The proponent has not submitted the replies sought by the SEAC in the earlier meetings.

The committee appraised the proposal considering the information provided in the Statutory Applications Form-1, Pre Feasibility Report, Approved Mining Plan and information provided in the earlier meetings.

The committee opined that the appraisal cannot be completed for want of the above information and since the proponent also remained absent to provide the required clarification.

The committee therefore decided to recommend the proposal to SEIAA for closure.

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.118 Mining Project: River Sand Quarrying in Padanur Sand Block 1 at Bhima River bed, opposite to Sy.No. 216 and 217 (part) of Padanur village, Indi Taluk, Bijapur District. (4.856 Ha / 12 Acres) of Deputy Director & Member Secretary, District Sand Monitoring Committee, Dept. of Mines & Geology (SEIAA 319 MIN 2014)

District Sand Monitoring Committee., have applied for EC from SEIAA for proposed Sand Mining with estimated extraction of 14400 TPA at Sy.No. 216 and 217 of Padanur village, Indi Taluk, Bijapur District over an area of 4.856Ha of Revenue Land on the banks of Bhima River under Schedule 1 (a) of EIA Notification, 2006 read with O.M. dated 18.05.2012 of MoEF under Category- B.

Project Proponent along with Environment Consultant presented the proposal in the 119th Special meeting held on 1st October 2014.

The activity is an extraction of sand from Bhima river (excluding water course).

1. As proposed by proponent the extraction of the sand is done only during non-monsoon season when there is lean flow in the river.
2. The process proposed is a manual operation.
3. The PP proposes to extract only 1 m depth of sand, which is equal to replenishment of sand which takes place in this water course in 5 years as admitted by PP during the presentation.
4. There are no sensitive locations in 5km distance around the sand mining area.
5. All preventive measures suggested by MoEF are considered in the proposal.
6. PP stated that there are no structures such as bridges and retaining walls across/ along the above water course which are susceptible to erosion.

7. As stated by PP, the extracted sand will not be carried through any village or habitation. However, PP was asked to furnish on the day of meeting, a key plan indicating approach road to the proposed site. PP submitted Toposheet/key map with marking of location of site & approach road.
8. PP stated that the EMP submitted is sufficient to mitigate the adverse effects, if any, due to sand mining.

Observations of the Committee:

1. PP was advised to plant Terminalia arjuna (Holemathi), Sygigium cumini (Nerale), Pongamia pinnata (Honge), Mangifera indica (Mango), Vitis nigandu (Lakki) and Agave to strengthen the river banks and on road sides Madhuca indica (Hippe), Holoptelia integrifolia (Thapasvi), Hardwickia binata (Anjana), Acacia ferruginea (Bannimara), Thespesia populnea (Bugari), Acacia arabica (Kari jali)
2. The Committee suggests that the EC may be issued only for two years as approved in the plan period shown in the approved mining plan.

Based on the above submission made by the PP and also EMP proposed the Committee decided to recommend the proposal to SEIAA for consideration to issue of EC with the conditions that the PP Strictly adheres to,

1. The conditions laid in Karnataka Minor Mineral Concession (Amendment) Rules, 2013 vide G.O. No. CI 357 MMN 2012 dated 16.12.2013.
2. The stipulations/Guidelines issued by MoEF, GoI with regard to sand mining activities.

The Authority perused the proposal and took note of the recommendation of SEAC in its 82nd meeting held on 7th October 2014.

The Authority noted that Dr. Sarvabhoom Bagali, Ex-MLA, Indi, Bijapur District have filed an objection praying for rejection of Environmental Clearance to this sand block. The reasons attributed by Dr. Sarvabhoom Bagali for the said objection are same as enumerated in agenda item No.82.4.60 except for the following:

- i) Existence of a Railway Bridge within 5 km from the proposed sand block.
- ii) Gram Sabha conducted on 09-06-2014 at Padanur village passed a resolution opposing sand mining.
- iii) The Chairman and Members of Gram Panchayath, Padanur and publics have requested Deputy Commissioner, Bijapur on 16-06-2014 not to allow sand mining in Padanur and Baragudi villages.
- iv) This sand block is one of the subject matter in miscellaneous application No. 438 of 2014 and 507/2014 in original application 171 of 2014 before Hon'ble National Green Tribunal, Principal Bench, New Delhi where SEIAA is also a party.

The Authority therefore decided to refer the file back to SEAC for re-appraisal keeping the above objections made by Dr. Sarvabhouna Bagali in view and sending recommendations deemed fit based on merit.

Committee took note of the decision of the Authority in the 122nd SEAC meeting held on 24th, 25th and 26th November 2014.

Committee perused the proposal from file and had decided to deliberate further after receipt of the comments from PP (Deputy Commissioner, Bijapur District) and reply for the letter sent from SEIAA.

The representative of the proponent and the RQP/Environment Consultant attended in the 141st SEAC meeting held on 30th June and 1st July to give clarification/additional information.

The committee observed that the case is still pending in NGT. There is a barrage near Hilli - Gubbevadi which supplies drinking water to Padanur, Shirgur Inam villeges. The levels of these places should be checked and impact due to mining has to be verified and to be submitted. The GPS coordinates of certain blocks are identical which leads to confusion.

The committee after discussion decided to recall the proponent after the submission of the following information:

1. Un undertaking from the proponent there is no sand mining in Maharashtra-Karnataka border
2. Consolidated sketch showing all the blocks and structures with GPS coordinates.

The proponent was invited to provide required clarification. The proponent remained absent.

The Committee decided to provide one more opportunity to proponent with intimation that the proposal will be appraised based on merit in his absence, in case he remains absent.

The proponent was invited to provide required clarification. The proponent remained absent.

The proponent has not submitted the replies sought by the SEAC in the earlier meetings.

The committee appraised the proposal considering the information provided in the Statutory Applications Form-1, Pre Feasibility Report, Approved Mining Plan and information provided in the earlier meetings.

The committee opined that the appraisal cannot be completed for want of the above information and since the proponent also remained absent to provide the required clarification.

The committee therefore decided to recommend the proposal to SEIAA for closure.

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.119 Mining Project: River Sand Quarrying in Padanur Sand Block II at Bhima River bed, opposite to Sy.No. 231 (part), 232 and 237 (part) of Padanur village, Indi Taluk, Bijapur District. (4.856 Ha / 12 Acres) of Deputy Director & Member Secretary, District Sand Monitoring Committee, Dept. of Mines & Geology (SEIAA 322 MIN 2014)

District Sand Monitoring Committee., have applied for EC from SEIAA for proposed Sand Mining with estimated extraction of 32364 TPA at Sy.No. 231 (part), 232 and 237 (part) of Padanur village, Indi Taluk, Bijapur District over an area of 4.856Ha of Revenue Land on the banks of Bhima River under Schedule 1 (a) of EIA Notification, 2006 read with O.M. dated 18.05.2012 of MoEF under Category- B

Project Proponent along with Environment Consultant presented the proposal in the 119th Special meeting held on 1st October 2014.

The activity is an extraction of sand from Bhima river (excluding water course).

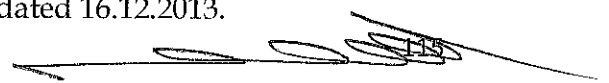

1. As proposed by proponent the extraction of the sand is done only during non-monsoon season when there is lean flow in the river.
2. The process proposed is a manual operation.
3. The PP proposes to extract only 1 m depth of sand, which is equal to replenishment of sand which takes place in this water course in 5 years as admitted by PP during the presentation.
4. There are no sensitive locations in 5km distance around the sand mining area.
5. All preventive measures suggested by MoEF are considered in the proposal.
6. PP stated that there are no structures such as bridges and retaining walls across/ along the above water course which are susceptible to erosion.
7. As stated by PP, the extracted sand will not be carried through any village or habitation. However, PP was asked to furnish on the day of meeting, a key plan indicating approach road to the proposed site. PP submitted Toposheet/key map with marking of location of site & approach road.
8. PP stated that the EMP submitted is sufficient to mitigate the adverse effects, if any, due to sand mining.

Observations of the Committee:

1. PP was advised to plant Terminalia arjuna (Holemathi), Sygigium cumini (Nerale), Pongamia pinnata (Honge), Mangifera indica (Mango), Vitis nigandu (Lakki) and Agave to strengthen the river banks and on road sides Madhuca indica (Hippe), Holoptelia integrifolia (Thapasvi), Hardwickia binata (Anjana), Acacia ferruginea (Bannimara), Thespesia populnea (Bugari), Acacia arabica (Kari jali)
2. The Committee suggests that the EC may be issued only for two years as approved in the plan period shown in the approved mining plan.

Based on the above submission made by the PP and also EMP proposed the Committee decided to recommend the proposal to SEIAA for consideration to issue of EC with the conditions that the PP Strictly adheres to,

1. The conditions laid in Karnataka Minor Mineral Concession (Amendment) Rules, 2013 vide G.O. No. CI 357 MMN 2012 dated 16.12.2013.

2. The stipulations/Guidelines issued by MoEF, GoI with regard to sand mining activities.

The Authority perused the proposal and took note of the recommendation of SEAC in its 82nd meeting held on 7th October 2014.

The Authority noted that Dr. Sarvabhoun Bagali, Ex-MLA, Indi, Bijapur District have filed an objection praying for rejection of Environmental Clearance to this sand block. The reasons attributed by Dr. Sarvabhoun Bagali for the said objection are same as enumerated in agenda item No.82.4.60 and agenda item No.82.4.61 except for the reason that excavation of sand in this block is done with the help of mechanized boats, fitted diesel generator and suction pumps.

The Authority therefore decided to refer the file back to SEAC for re-appraisal keeping the above objections made by Dr. Sarvabhouna Bagali in view and sending recommendations deemed fit based on merit.

Committee took note of the decision of the Authority in the 122nd SEAC meeting held on 24th, 25th and 26th November 2014.

Committee perused the proposal from file and had decided to deliberate further after receipt of the comments from PP (Deputy Commissioner, Bijapur District) and reply for the letter sent from SEIAA.

The representative of the proponent and the RQP/Environment Consultant attended the in the 141st SEAC meeting held on 30th June and 1st July 2015 to give clarification/additional information.

The committee observed that the case is still pending in NGT. There is a barrage near Hilli - Gubbevadi which supplies drinking water to Padanur, Shirgur Inam villeges. The levels of these places should be checked and impact due to mining has to be verified and to be submitted. The GPS coordinates of certain blocks are identical which leads to confusion.

The committee after discussion decided to recall the proponent after the submission of the following information:

1. Un undertaking from the proponent there is no sand mining in Maharashtra-Karnataka border
2. Consolidated sketch showing all the blocks and structures with GPS coordinates.

The proponent was invited to provide required clarification. The proponent remained absent.

The Committee decided to provide one more opportunity to proponent with intimation that the proposal will be appraised based on merit in his absence, in case he remains absent.

The proponent was invited to provide required clarification. The proponent remained absent.

The proponent has not submitted the replies sought by the SEAC in the earlier meetings.

The committee appraised the proposal considering the information provided in the Statutory Applications Form-1, Pre Feasibility Report, Approved Mining Plan and information provided in the earlier meetings.

The committee opined that the appraisal cannot be completed for want of the above information and since the proponent also remained absent to provide the required clarification.

The committee therefore decided to recommend the proposal to SEIAA for closure.

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.120 Mining Project: River Sand Quarrying in Baragudi Sand Block at Bhima River bed, opposite to Sy.No.123, 126, 127, 130 and 132 (part) of Baragudi village, Indi Taluk, Bijapur District. (4.856 Ha/ 12 Acres) of Deputy Director & Member Secretary, District Sand Monitoring Committee, Dept. of Mines & Geology (SEIAA 324 MIN 2014)

District Sand Monitoring Committee., have applied for EC from SEIAA for proposed Sand Mining with estimated extraction of 93960 TPA at Sy.No. 123, 126, 127, 130 and 132 (part) of Baragudi village, Indi Taluk, Bijapur District over an area of 4.856Ha of Revenue Land on the banks of Bhima River under Schedule 1 (a) of EIA Notification, 2006 read with O.M. dated 18.05.2012 of MoEF under Category- B.

Project Proponent along with Environment Consultant presented the proposal in the 119th Special meeting held on 1st October 2014.

The activity is an extraction of sand from Bhima river (excluding water course).

1. As proposed by proponent the extraction of the sand is done only during non-monsoon season when there is lean flow in the river.
2. The process proposed is a manual operation.
3. The PP proposes to extract only 1 m depth of sand, which is equal to replenishment of sand which takes place in this water course in 5 years as admitted by PP during the presentation.
4. There are no sensitive locations in 5km distance around the sand mining area.
5. All preventive measures suggested by MoEF are considered in the proposal.
6. PP stated that there are no structures such as bridges and retaining walls across/ along the above water course which are susceptible to erosion.
7. As stated by PP, the extracted sand will not be carried through any village or habitation. However, PP was asked to furnish on the day of meeting, a key plan indicating approach road to the proposed site. PP submitted Toposheet/key map with marking of location of site & approach road.
8. PP stated that the EMP submitted is sufficient to mitigate the adverse effects, if any, due to sand mining.

Observations of the Committee:

1. PP was advised to plant Terminalia arjuna (Holemathi), Sygigium cumini (Nerale), Pongamia pinnata (Honge), Mangifera indica (Mango), Vitis nigandu (Lakki) and Agave to strengthen the river banks and on road sides Madhuca indica (Hippe), Holoptelia integrifolia (Thapasvi), Hardwickia binata (Anjana), Acacia ferruginea (Bannimara), Thespesia populnea (Bugari), Acacia arabica (Kari jali)
2. The Committee suggests that the EC may be issued only for two years as approved in the plan period shown in the approved mining plan.

Based on the above submission made by the PP and also EMP proposed the Committee decided to recommend the proposal to SEIAA for consideration to issue of EC with the conditions that the PP Strictly adheres to,

1. The conditions laid in Karnataka Minor Mineral Concession (Amendment) Rules, 2013 vide G.O. No. CI 357 MMN 2012 dated 16.12.2013.
2. The stipulations/Guidelines issued by MoEF, GoI with regard to sand mining activities.

The Authority noted that Dr. Sarvabhoom Bagali, Ex-MLA, Indi, Bijapur District have filed an objection praying for rejection of Environmental Clearance to this sand block. The reasons attributed by Dr. Sarvabhoom Bagali for the said objection are same as enumerated in agenda item No.82.4.60 and agenda item No.82.4.61.

The Authority therefore decided to refer the file back to SEAC for re-appraisal keeping the above objections made by Dr. Sarvabhooma Bagali in view and sending recommendations deemed fit based on merit.

Committee took note of the decision of the Authority in the 122nd SEAC meeting held on 24th, 25th and 26th November 2014.

Committee perused the proposal from file and had decided to deliberate further after receipt of the comments from PP (Deputy Commissioner, Bijapur District) and reply for the letter sent from SEIAA.

The representative of the proponent and the RQP/Environment Consultant attended in the 141st SEAC meeting held on 30th June and 1st July 2015 to give clarification/additional information.

The committee observed that the case is still pending in NGT. There is a barrage near Hilli - Gubbevadi which supplies drinking water to Padanur, Shirgur Inam villeges. The levels of these places should be checked and impact due to mining has to be verified and to be submitted. The GPS coordinates of certain blocks are identical which leads to confusion.

The committee after discussion decided to recall the proponent after the submission of the following information:

1. Un undertaking from the proponent there is no sand mining in Maharashtra-Karnataka border
2. Consolidated sketch showing all the blocks and structures with GPS coordinates.

The proponent was invited to provide required clarification. The proponent remained absent.

The Committee decided to provide one more opportunity to proponent with intimation that the proposal will be appraised based on merit in his absence, in case he remains absent.

The proponent was invited to provide required clarification. The proponent remained absent.

The proponent has not submitted the replies sought by the SEAC in the earlier meetings.

The committee appraised the proposal considering the information provided in the Statutory Applications Form-1, Pre Feasibility Report, Approved Mining Plan and information provided in the earlier meetings.

The committee opined that the appraisal cannot be completed for want of the above information and since the proponent also remained absent to provide the required clarification.

The committee therefore decided to recommend the proposal to SEIAA for closure.

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.121 Mining Project: Building Stone quarrying at Sy.No.306, Mallapura village, Sandur Taluk, Bellary District (6.50 Acres) of Sri C. Hasansab, S/o Abdulsab, 14th Ward, Teachrs Colony, Sandur - 583119, Bellary District. (SEIAA 500 MIN 2014)

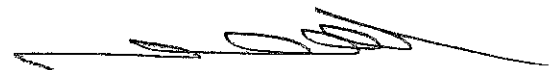

This is a proposal submitted by Sri C. Hasansab seeking Environmental Clearance for quarrying of Building Stone in an area of 6.50 Acres at Sy. No.306, of Mallapura village, Sandur Taluk, Bellary District. It is a Government land.

It is stated that the project do not attract General Conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP Sri.Sanjay Kumar and approved by the Deputy Director Department of Mines and Geology, Hospet, Bellary District.

The Proponent and the RQP/Environment Consultant attended the 125th meeting of SEAC held on 5th and 6th January 2015 to provide clarification/additional information.

The committee made the following observations:

1. Huge production of 1.95lakh tons/ annum is proposed. This would have a serious impact on the haulage road. Therefore a carrying capacity study is required.
2. The quarry area is located amidst agricultural land. therefore the environmental management plan should inter - alia have comprehensive dust suppression plan in order to reduce the impact due to quarrying and as well as movement of vehicles.
3. Proposal for garland canal and carton wall are required.
4. The project Authority should identify area for undertaking afforestation.
5. while assessing the environmental impact of the adjacent quarry also need to be taken in to account in order to ensure cumulative impact assessment.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan, EMP and clarification/information provided during the meeting. The committee directed to proponent to submit the above information/study report for further consideration of the proposal.

The Committee after discussion decided to reconsider the proposal after the submission of above information.

The Proponent and the RQP/Environment Consultant attended in the 141st SEAC meeting held on 30th June and 1st July 2015 to give clarification/additional information.

The committee observed that the proponent have not submitted the required information sought by the committee in the earlier meeting.

The committee after discussion decided to reconsider the proposal with the information sought by the committee in the earlier meeting.

The Proponent and the RQP/Environment Consultant attended the 144th meeting of SEAC held on 5th and 6th August 2015 to provide clarification/additional information.

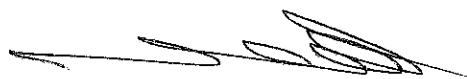

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting.

The Committee after discussion decided to reconsider the proposal after submission of the EMP baseline data, impact on the surrounding area and the mitigation measures proposed with sufficient EMP budgetary provision.

The committee perused and agreed with the reply submitted by the proponent vide letter dated 07.09.2015.

The Committee after discussion decided to recommend the proposal to SEIAA for issue of Environmental clearance.

The Committee also decided to recommend imposing the Standard Conditions as mentioned in 148.6

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.122 Mining Project: Building Stone quarrying at Sy.No.306, Mallapura village, Sandur Taluk, Bellary District (4 Acres/ 1.618 Ha) of Sri C. Hasansab, S/o Abdulsab, 14th Ward, Teachrs Colony, Sandur - 583119, Bellary District. (SEIAA 501 MIN 2014)

This is a proposal submitted by Sri C. Hasansab seeking Environmental Clearance for quarrying of Building Stone in an area of 4-00 Acres at Sy. No.306, of Mallapura village, Sandur Taluk, Bellary District. It is a Government land.

It is stated that the project do not attract General Conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP Sri.Sanjay Kumar and approved by the Deputy Director Department of Mines and Geology, Hospet, Bellary District.

The Proponent and the RQP/Environment Consultant attended the 125th meeting of SEAC held on 5th and 6th January 2015 to provide clarification/additional information.

The committee made the following observations:

1. Huge production of 1.95lakh tons/ annum is proposed. This would have a serious impact on the haulage road. Therefore a carrying capacity study is required.
2. The quarry area is located amidst agricultural land. therefore the environmental management plan should inter - alia have comprehensive dust suppression plan in order to reduce the impact due to quarrying and as well as movement of vehicles.
3. Proposal for garland canal and carton wall are required.
4. The project Authority should identify area for undertaking afforestation.
5. while assessing the environmental impact of the adjacent quarry also need to be taken in to account in order to ensure cumulative impact assessment.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan, EMP and clarification/information provided during the meeting. The committee directed to proponent to submit the above information/study report for further consideration of the proposal.

The Committee after discussion had decided to reconsider the proposal after the submission of above information.

The Proponent and the RQP/Environment Consultant attended in the 141st SEAC meeting held on 30th June and 1st July 2015 to give clarification/additional information.

The committee observed that the proponent have not submitted the required information sought by the committee in the earlier meeting.

The committee after discussion decided to reconsider the proposal with the information sought by the committee in the earlier meeting.

The Proponent and the RQP/Environment Consultant attended the 144th meeting of SEAC held on 5th and 6th August 2015 to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting.

The Committee after discussion decided to reconsider the proposal after submission of the EMP baseline data, impact on the surrounding area and the mitigation measures proposed with sufficient EMP budgetary provision.

The committee perused and agreed with the reply submitted by the proponent vide letter dated 07.09.2015.

The Committee after discussion decided to recommend the proposal to SEIAA for issue of Environmental clearance.

The Committee also decided to recommend imposing the Standard Conditions as mentioned in 148.6

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.123 Building Stone Quarrying at Sy.No.23 (P), Venkatagiri Villge, Gangavathi Taluk & Koppala District (3 Acres) of Sri M. Ramachandramurthy, 1st Ward, Sriramanagar Post, Gangavati Taluk, Koppal District. (SEIAA 627 MIN 2014)

This is a proposal submitted by Sri M. Ramachandramurthy seeking Environmental Clearance for quarrying of Building Stone in an area of 3Acres. at Sy.No.23 (P), Venkatagiri Villge, Gangavathi Taluk & Koppala District. It is a Revenue land. An extent 108.24.00.00

It is stated that the project do not attract General Conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP Dr.S.K Myageri and approved by the Sr.Geologist Department of Mines and Geology, Koppal District.

The Proponent and the RQP/Environment Consultant attended the 127th meeting of SEAC held on 19th, 20th and 21st January 2015 to give clarification/additional information.

The committee observed that the safety zone of 7.5 m is not deducted while assessing the resources and the quarry plan do not address the soil conservation measures.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved quarry plan and clarification/information provided during the meeting.

The Committee after discussion decided to get the following additional information.

1. Earmarking safety zone of 7.5 m all along the lease boundary.
2. Details of soil conservation measures proposed
3. Revised quarry plan approved by DMG incorporating the above information

The Committee had decided to recall the proponent with the above information

The Proponent and the RQP/Environment Consultant attended the 142nd meeting of SEAC held on 13th and 14th July 2015 to give clarification/additional information.

The proponent has submitted the information received on 08.05.2015.

The committee perused the reply submitted by the proponent vide letter dated 08.05.2015. The following points were observed.

1. The GPS readings given in the Quarry plan and presentation are different.
2. The proceedings of the District Task Force committee report to be submitted.

The Committee after discussion decided to reconsider the proposal, after submission of the above information.

The committee perused and agreed with the reply submitted by the proponent vide letter dated 19.08.2015.

The Committee after discussion decided to recommend the proposal to SEIAA for issue of Environmental clearance.

The Committee also decided to recommend imposing the Standard Conditions as mentioned in 148.6

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

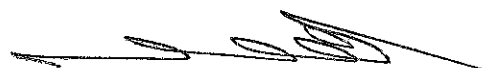

148.124 Building Stone Quarrying at Sy.No.44/4, Linganakoppa Village, Kalaghatgi Taluk & Dharwad District (1-0 Acre) of Smt. Manjula V. Sattur, Jammihal Vilalge, Dummavad Post, Kalaghatgi Taluk, Dharawad District. 9 SEIAA 628 MIN 2014)

This is a proposal submitted by Smt. Manjula V. Sattur seeking Environmental Clearance for quarrying of Building Stone in an area of 1Acres. at Sy.No.44/4, Linganakoppa Village, Kalaghatgi Taluk & Dharwad District. It is a Patta land.

It is stated that the project do not attract General Conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP Dr.S.K Myageri and approved by the Sr.Geologist Department of Mines and Geology, Dharwad District.

The Proponent and the RQP/Environment Consultant attended the 127th meeting of SEAC held on 19th, 20th and 21st January 2015 to give clarification/additional information.

The committee observed that the safety zone of 7.5 m is not deducted while assessing the resources and the quarry plan do not address the soil conservation measures.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved quarry plan and clarification/information provided during the meeting.

The Committee after discussion decided to get the following additional information.

1. Earmarking safety zone of 7.5 m all along the lease boundary.
2. Details of soil conservation measures proposed
3. Revised quarry plan approved by DMG incorporating the above information

The Committee had decided to recall the proponent with the above information

The proponent has submitted the information received on 23.06.2015.

The Proponent and the RQP/Environment Consultant attended the 142nd meeting of SEAC held on 13th and 14th July 2015 to give clarification/additional information.

The committee perused the reply submitted by the proponent vide letter dated 23.06.2015.

The representative of the project proponent appeared before the committee without proper authorisation letter.

The committee therefore decided to defer the subject providing final more opportunity to proponent with intimation that the proposal will be appraised based on merit in his absence, in case he remains absent.

The Proponent and the RQP/Environment Consultant attended the meeting of SEAC to give clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved quarry plan and clarification/information provided during the meeting.

The Committee after discussion decided to recommend the proposal to SEIAA for issue of Environmental clearance.

The Committee also decided to recommend imposing the Standard Conditions as mentioned in 148.6

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.125 Building Stone Quarrying at Sy.No.99/8K & 99/8B, Yemmihatti Village, Khalghatagi Taluk, Dharwad District (2-0 Acres) of Sri N.S.Nayak (SEIAA 651 MIN 2014)

This is a proposal submitted by Sri N.S.Nayak seeking Environmental Clearance for quarrying of Building stone in an area of 2-0 Acres at Sy.No.99/8K & 99/8B, Yemmihatti

Village, Khalghatagi Taluk, Dharwad District. It is a Patta land, over an extent of 2.28 Acres.

It is stated that the project do not attract General Conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP Sri.Channappa and approved by the Senior Geologist, Department of Mines and Geology, Dharwad District.

The Proponent and the RQP/Environment Consultant attended in the 127th meeting of SEAC held on 19th, 20th and 21st January 2015 to give clarification/additional information.

The Committee observed that the proponent have not submitted compliance on the Environmental Clearance already obtained. The reserves also need to be reworked out in accordance with the guidelines.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting.

The Committee after discussion decided to recall the proponent after the receipt of the above information.

The proponent was invited for the 144th meeting of SEAC held on 5th and 6th August 2015 to provide required clarification. The proponent remained absent.

The committee observed that the proponent have not submitted the information sought by the committee in the earlier meeting. Therefore the committee had decided to give 15 days time to the proponent to furnish the information failing which the proposal will be appraised based on merit in his absence, in case he remains absent and the decision will be taken as deemed fit.

The proponent and RQP/Environmental Consultant attended the meeting of SEAC to provide required clarification/additional information.

The proponent sought time to submit the additional information asked by the committee in the earlier meeting.

The committee decided to defer the subject providing one more opportunity to the proponent and asked to submit the reply along with the mining audit report.

Action: Secretary, SEAC to put up the proposal before SEAC after the receipt of the above information.

148.126 Quartz Mines Project, Sy.Nos. 20, 36 & 56, Kurihatty & Other Village, Chikkanayakanahlli Taluk, Tumkur Dist. (5-0 Acres) of Sri H.U. Manjunath S/o. Late H.R.Udaykumar, Haridevanahalli Village, Kallur, Gubbi Taluk, Tumkur District - 57220. (SEIAA 783 MIN 2014)

This is a proposal submitted by Sri.H.U.Manjunath seeking Environmental Clearance for quarrying of Quartz Mine in an area of 5-0 Acres at Sy.No. 20, 36 & 56, of

Kurihatty & Other Village, Chikkanayakanahlli Taluk, Tumkur District. It is a Government land. In R.T.C the total land is 7-0 Acres.

It is stated that the project do not attract General Conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP Sri.B.S.N.Shetty and approved by the Indian Bureau of Mines.

The Proponent and the RQP/Environment Consultant attended the 130th SEAC meeting held on 19th, 20th and 21st February 2015 to give clarification/additional information.

The committee observed that the data provided were inconsistent.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting.

The Committee after discussion had decided to recall the proponent after the receipt of the following information:

1. Copies of employees health check up report for silicosis
2. Compliance IBM inspection report

The Proponent and RQP/Environment Consultant appeared before the committee in the 136th meeting of SEAC held on 22nd and 23rd April 2015 to provide clarification/additional information.

The committee perused the reply submitted by the proponent vide letter dated 26.03.2015.

The committee observed the discrepancies in the presentation and directed the proponent to correct the same and resubmit.

The committee after discussion had decided to recall the proponent after the submission of the above information.

The proponent have submitted the information vide letter dated 26.06.2015.

The Proponent and the RQP/Environment Consultant attended the 142nd meeting of SEAC held on 13th and 14th July 2015 to give clarification/additional information.

The committee perused the reply submitted by the proponent vide letter dated 26.06.2015.

The committee observed the discrepancies in the presentation and directed the proponent to correct the same and resubmit.

The committee after discussion had decided to recall the proponent after the submission of the above information.

The proponent was invited to provide required clarification. The proponent remained absent.

The Committee decided to provide final opportunity to proponent with intimation that the proposal will be appraised based on merit in his absence, in case he remains absent.

Action: Secretary, SEAC to put up the proposal before SEAC in subsequent meeting.

148.127 Building Stone Quarry Project, Sy.No.69/2, Byakud Village, Raibag Taluk & Belgaum Dist. (1 Acre) of Sri Pavadi Shankar Paddi S/o Shankar, Byakud Village, Raibag Taluk, Belgaum District (SEIAA 50 MIN 2015)

This is a proposal submitted by Sri Pavadi Shankar Paddi seeking Environmental Clearance for quarrying of Building Stone in an area of 1-00 Acres. at Sy.No.69/2, Byakud Village, Raibag Taluk & Belgaum District. It is a Patta land.

It is stated that the project do not attract General Conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP Sri.B.M.Sudheendra Kumar and approved by the Deputy Director Department of Mines and Geology, Belgaum District.

The proponent was invited to the 135th SEAC meeting held on 9th and 10th April 2015 to provide required clarification. The proponent remained absent.

The Committee had decided to provide last opportunity to proponent with an intimation that the proposal will be appraised based on merit in his absence, in case he remains absent.

The proponent was invited for the 140th SEAC meeting held on 19th and 20th June 2015 to provide required clarification. The proponent remained absent.

The Committee decided to provide final opportunity to proponent with intimation that the proposal will be appraised based on merit in his absence, in case he remains absent.

The proponent was invited for the 143rd meeting of SEAC held on 24th to 29th July 2015 to provide required clarification. The proponent remained absent.

The Committee decided to provide final opportunity to proponent with intimation that the proposal will be appraised based on merit in his absence, in case he remains absent.

The proponent was invited to provide required clarification. The proponent remained absent.

The committee appraised the proposal based on the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and made the following observations:

1. The land use details are furnished is wrong
2. Geological and minable reserve calculations are not furnished
3. Since the proposed quarry site is a patta land, no indication of the Road.

The committee opined that the appraisal cannot be completed for want of the above information and since the proponent also remained absent to provide the required clarification.

The committee therefore decided to recommend the proposal to SEIAA for closure.

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.128 Building Stone Quarry Project, Sy.No.192 (Part), Madahalli Village, Gundlupet Taluk & Chamarajanagar Dist. (2-0 Acres) of Sri.S.Prabhu Devanahalli Village, Gundlupet Taluk, Chamarajanagar District (SEIAA 81 MIN 2015)

This is a proposal submitted by Sri.S.Prabhu seeking Environmental Clearance for quarrying of Building stone in an area of 2-0 Acres at Sy. No. 192 (Part), Madahalli Village, Gundlupet Taluk & Chamarajanagar District. It is a Government Revenue land.

It is stated that the project do not attract General Conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP Sri.B.N.Krishnamurthy and approved by the Deputy Director, Department of Mines and Geology, Chamarajanagar District.

The Proponent and the RQP/Environment Consultant attended the 136th meeting of SEAC held on 22nd and 23rd April 2015 to give clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting.

The Committee after discussion decided to reconsider the proposal after the receipt of the following information:

1. Mining audit report
2. Revised EMP budget.

The proponent was invited for the 144th meeting of SEAC held on 5th and 6th August 2015 to provide required clarification. The proponent remained absent.

The committee observed that the proponent have not submitted the information sought by the committee in the earlier meeting. Therefore the committee had decided to give 15 days time to the proponent to furnish the information failing which the proposal will be appraised based on merit in his absence, in case he remains absent and the decision will be taken as deemed fit.

The committee perused and agreed with the reply submitted by the proponent vide letter dated 13.08.2015.

The Committee after discussion decided to recommend the proposal to SEIAA for issue of Environmental clearance.

The Committee also decided to recommend imposing the Standard Conditions as mentioned in 148.6

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.129 Building Stone Quarry Project, Sy.No.141, Chandanamatti Village, Dharwad Taluk, Dharwad Dist. (1-0 Acre) of Sri Deepak N Pawar, Ganesh Nilaya, Kamalapur, Anada Galli, Dharwad Taluk and District (SEIAA 103 MIN 2015)

This is a proposal submitted by Sri Deepak N Pawar seeking Environmental Clearance for quarrying of Building Stone in an area of 1-00 Acres. at Sy.No.141, Chandanamatti Village, Dharwad Taluk, Dharwad District. It is a patta land.

It is stated that the project do not attract General Conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP Sri.K.Raviprakash and approved by the Senior Geologist Department of Mines and Geology, Dharwad District.

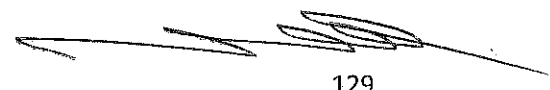

The Proponent and the RQP/Environment Consultant attended the 136th meeting of SEAC held on 22nd and 23rd April 2015 to give clarification/additional information.

The committee noted that it is an ongoing quarry for which lease has been issued on 14.09.2010 for a period of 5 years which means the lease is coming to end on 13.09.2015. However the proponent informed that they have applied for renewal of the quarry lease for which the Environment Clearance is required. The committee observed that the proposed quarry plan and the production plan is only up to 13.09.2015 and therefore it may not be appropriate to appraise this plan and issue Environment Clearance. The committee suggested the project proponent to modify the quarry plan for renewal of quarry lease and submit for further appraisal. The proponent sought for time for submission of the modified quarry plan.

The committee after discussion decided to recall the proponent after the receipt of modified quarry plan.

The proponent was invited for the 144th meeting of SEAC held on 5th and 6th August 2015 to provide required clarification. The proponent remained absent.

The committee observed that the proponent have not submitted the information sought by the committee in the earlier meeting. Therefore the committee decided to give 15 days time to the proponent to furnish the information failing which the proposal will be appraised based on merit in his absence, in case he remains absent and the decision will be taken as deemed fit.

The proponent was invited to provide required clarification. The proponent remained absent.

The proponent has not submitted the replies sought by the SEAC in the earlier meetings.

The committee appraised the proposal considering the information provided in the Statutory Applications Form-1, Pre Feasibility Report, Approved Mining Plan and information provided in the earlier meetings.

The committee opined that the appraisal cannot be completed for want of the above information and since the proponent also remained absent to provide the required clarification.

The committee therefore decided to recommend the proposal to SEIAA for closure.

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.130 Building Stone Quarry Project, Sy.No.514, T Honnali Village, Kalghatagi Taluk, Dharwad Dist. (1-20 Acres) of Sri Nagesh N Naik, #110, Araballi At & Post, Yellapur Taluk, Uttar Kannada District (SEIAA 110 MIN 2015)

This is a proposal submitted by Sri Nagesh N Naik seeking Environmental Clearance for quarrying of Building Stone in an area of 1-20 Acres. at Sy.No.514, T Honnali Village, Kalghatagi Taluk, Dharwad District. It is a Patta land. The Total land is over an extent of 12-24 Acres.

It is stated that the project do not attract General Conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP Sri. K. Raviprakash and approved by the Senior Geologist Department of Mines and Geology, Dharwad District.

The Proponent and the RQP/Environment Consultant attended the meeting of SEAC and requested for adjournment as the quarry plan is being amended. He requested the committee to consider after the submission of the modified quarry plan.

The committee after discussion decided to recall the proposal after the receipt of the modified quarry plan.

The proponent was invited for the 144th meeting of SEAC held on 5th and 6th August 2015 to provide required clarification. The proponent remained absent.

The committee observed that the proponent have not submitted the information sought by the committee in the earlier meeting. Therefore the committee decided to give 15 days time to the proponent to furnish the information failing which the proposal will be appraised based on merit in his absence, in case he remains absent and the decision will be taken as deemed fit.

The proponent was invited to provide required clarification. The proponent remained absent.

The proponent has not submitted the replies sought by the SEAC in the earlier meetings.

The committee appraised the proposal considering the information provided in the Statutory Applications Form-1, Pre Feasibility Report, Approved Mining Plan and information provided in the earlier meetings.

The committee opined that the appraisal cannot be completed for want of the above information and since the proponent also remained absent to provide the required clarification.

The committee therefore decided to recommend the proposal to SEIAA for closure.

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.131 Building Stone Quarry Project, Sy.No.180, Arakere Village, Javagal Hobli, Arasikere Taluk & Hassan Dist. (0-20 Acre) of Sri Lohith Kumar S/o Doddegowda, #387, Arakere Village, Arasikere Taluk, Hassan District (SEIAA 116 MIN 2015)

This is a proposal submitted by Sri Lohith Kumar seeking Environmental Clearance for quarrying of Building Stone in an area of 0-20 Acres. at Sy.No.180, Arakere Village, Javagal Hobli, Arasikere Taluk & Hassan District. It is a Government land.

It is stated that the project do not attract General Conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP Sri.K.Raviprakash and approved by the Senior Geologist Department of Mines and Geology, Hassan District.

The Proponent and the RQP/Environment Consultant attended the 136th meeting of SEAC held on 22nd and 23rd April to give clarification/additional information.

The committee noted that undertaking mining in a small area of 0-20 Acres is not environmentally sustainable. The proponent submitted that he has requested the Mines and Geology Department to permit him to undertake mining in the safety zone also. The proponent further submitted that the adjacent land will be used for subsidiary purpose after give permission.

The committee after discussion decided to recall the proponent with the relevant document in this regard.

The Proponent and the RQP/Environment Consultant attended the 140th meeting of SEAC held on 19th and 20th June 2015 to give clarification/additional information.

The committee noted that undertaking mining in a small area of 0-20 Acres is not environmentally sustainable. The proponent submitted that he has requested the Mines

and Geology Department to permit him to undertake mining in the safety zone also. The proponent further submitted that the adjacent land will be used for subsidiary purpose after give permission.

The committee after discussion decided to recall the proponent with the relevant document in this regard.

The Proponent and the RQP/Environment Consultant attended the 144th meeting of SEAC held on 5th and 6th August to give clarification/additional information.

The committee noted that undertaking mining in a small area of 0-20 Acres is not environmentally sustainable. The proponent submitted that he has requested the Mines and Geology Department to permit him to undertake mining in the safety zone also. The proponent further submitted that the adjacent land will be used for subsidiary purpose after give permission.

The committee after discussion decided to recall the proponent with the relevant document in this regard.

The proponent and RQP/Environmental Consultant attended the meeting of SEAC to provide required clarification/additional information.

The proponent have submitted the cluster Notification and the approved quarry plan for 1-20 Acres. The proponent stated that the working of the mining will be restricted for 0-20 Acres and the remaining area will be used for storage of the minerals, waste dump and other subsidiary purpose.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting.

The Committee after discussion decided to recommend the proposal to SEIAA for issue of Environmental Clearance.

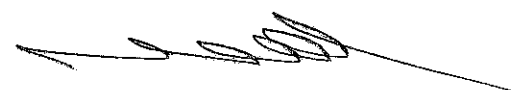

The Committee also decided to recommend imposing the Standard Conditions as mentioned in 148.6

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.132 Building Stone Quarry Project, Sy.Nos.155/4 & 155/5, Aikala Village, Mangaluru Taluk & Dakshina Kannada Dist. (1.23 Acres) of Sri Dony Suavares, Katipalla Chruuch Road, Katipalla Post-574150, Mangalore Taluk, Dakshina Kannada District. (SEIAA 134 MIN 2015)

This is a proposal submitted by Sri Dony Suavares seeking Environmental Clearance for quarrying of Building Stone Quarry in an area of 1-23 Acres. at Sy.Nos.155/4 & 155/5, Aikala Village, Mangaluru Taluk & District. It is a Patta land.

It is stated that the project do not attract General Conditions of EIA Notification of 2006.

The Quarry plan has been prepared by RQP Dr. B.M. Ravindra and approved by the Deputy Director Department of Mines and Geology, Mangalore District.

The Proponent and the RQP/Environment Consultant attended the 137th meeting of SEAC held on 7th and 8th May 2015 to give clarification/additional information.

The committee noted that the quarry plan prepared comprises of a total area of 1.23 Acres with two quarry leases having lease area of 0.73 Acres and 0.50 Acres. The committee opined that appraisal of such proposal without amalgamation of leases required as per the law would not be appropriate. The proponent was therefore advised to get the amalgamation order for the said two leases or alternatively submit application for Environmental Clearance with different quarry plans in each of the quarry leases.

The Committee after discussion decided to recall the proponent after the submission of the above information.

The proponent was invited for the 144th meeting of SEAC held on 5th and 6th August to provide required clarification. The proponent remained absent.

The committee observed that the proponent have not submitted the information sought by the committee in the earlier meeting. Therefore the committee had decided to give 15 days time to the proponent to furnish the information failing which the proposal will be appraised based on merit in his absence, in case he remains absent and the decision will be taken as deemed fit.

The proponent was invited to provide required clarification. The proponent remained absent.

The proponent has not submitted the replies sought by the SEAC in the earlier meetings.

The committee appraised the proposal considering the information provided in the Statutory Applications Form-1, Pre Feasibility Report, Approved Mining Plan and information provided in the earlier meetings.

The committee opined that the appraisal cannot be completed for want of the above information and since the proponent also remained absent to provide the required clarification.

The committee therefore decided to recommend the proposal to SEIAA for closure.

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.133 Building Stone Quarry Project, Sy.Nos.155/P1, Aikala Village, Mangaluru Taluk & Dakshina Kannada Dist. (0.50 Acres) of Sri Ullas Shetty, Mardana House, Permude Post, Mangaluru Taluk, Dakshina Kannada District-575090. (SEIAA 135 MIN 2015)

This is a proposal submitted by Sri. Ullas Shetty seeking Environmental Clearance for quarrying of Building Stone Quarry in an area of 0.50 Acres. at Sy.Nos.155/P1, Aikala Village, Mangaluru Taluk & District. It is a Patta land.

It is stated that the project do not attract General Conditions of EIA Notification of 2006.

The Quarry plan has been prepared by RQP Dr.B.M.Ravindra and approved by the Deputy Director, Department of Mines and Geology, Mangalore District.

The Proponent and the RQP/Environment Consultant attended the 137th meeting of SEAC held on 7th and 8th May 2015 to give clarification/additional information.

The committee observed that mining activity in a small area of 0-20 Acres may not be sustainable from the environment safety point of view. The proponent submitted that he will get permission from the Mines and Geology Department for undertaking quarrying in the buffer zone also and he will get the land near the proposed lease area for dumping of waste, storing of minerals and other related activities.

The Committee after discussion decided to recall the proponent after obtaining of the exemption letter from the Mines and Geology Department to undertake mining activity in the buffer zone and with the details of additional land available for the quarry related activities.

The proponent was invited for the 144th meeting of SEAC held on 5th and 6th August 2015 to provide required clarification. The proponent remained absent.

The committee observed that the proponent have not submitted the information sought by the committee in the earlier meeting. Therefore the committee had decided to give 15 days time to the proponent to furnish the information failing which the proposal will be appraised based on merit in his absence, in case he remains absent and the decision will be taken as deemed fit.

The proponent was invited to provide required clarification. The proponent remained absent.

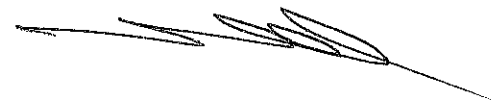

The proponent has not submitted the information sought by the SEAC in the earlier meetings.

The committee appraised the proposal considering the information provided in the Statutory Applications Form-1, Pre Feasibility Report, Approved Mining Plan and information provided in the earlier meetings.

The committee opined that the appraisal cannot be completed for want of the above information and since the proponent also remained absent to provide the required clarification.

The committee therefore decided to recommend the proposal to SEIAA for closure.

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.134 Building Stone Quarry Project, Sy.No.11, Janalakunte Village, Chikkaballapura Taluk & Dist. (3-20 Acres) of M/s. Paramount Minerals, 107 'B' 2nd Floor, Elegence Royale Complex 2nd 'A' Cross Sindhi Colony, JC Road, Bangalore-560002 (SEIAA 180 MIN 2015)

This is a proposal submitted by M/s.Paramount Minerals seeking Environmental Clearance for quarrying of Building Stone in an area of 3-20 Acres. at Sy.No.11, Janalakunte Village, Chikkaballapura Taluk & District. It is a Government Revenue land.

It is stated that the project do not attract General Conditions of EIA Notification of 2006.

The Quarry plan has been prepared by RQP Sri.T.R.Rajasekar and approved by the Senior Geologist, Department of Mines and Geology, Chikkaballapura District.

The proponent was invited to the 138th SEAC meeting held on 15th and 16th May 2015 to provide required clarification. The proponent remained absent.

The Committee had decided to provide one more opportunity to proponent with an intimation that the proposal will be appraised based on merit in his absence, in case he remains absent.

The proponent was invited for the 142nd meeting of SEAC held on 13th and 14th July 2015 to provide required clarification. The proponent remained absent.

The Committee had decided to provide final opportunity to proponent with intimation that the proposal will be appraised based on merit in his absence, in case he remains absent.

The proponent was invited to provide required clarification. The proponent remained absent.

The Committee noted that many proposals have been cleared in this area and the proposed area is exceeds 25 Ha. The committee appraised the proposal as B1 as defined in the O.M dated 24.12.2013 issued by the Ministry of Environment and Forest, Government of India.

The committee after discussion decided to issue Standard ToR for conducting EIA study in accordance with EIA Notification 2006 and the relevant guidelines and the relevant guidelines after duly incorporating outcome of the public consultation.

Action: Secretary, SEAC to Issue ToR and place the proposal before SEAC after the receipt of the EIA report.

148.135 Black Granite Quarry Project, Sy.No.126/2, Honganur Village, Mallipatna Hobli, Arkalgud Taluk, Hassan Dist. (1-20 Acres) of Sri T H Ahamed, S/o.T.K.Hussainer, GPA Holder, Krishnegowda & M.B.Thirtharaj, Door No.14, Pampa Road, Vidyaranyanagar Extension, Hassan -573201 (SEIAA 192 MIN 2015)

This is a proposal submitted by Sri.T.H Ahamed seeking Environmental Clearance for quarrying of Black Granite in an area of 1-20 Acres. at Sy.No.126/2, Honganur Village, Mallipatna Hobli, Arkalgud Taluk, Hassan District. It is a Patta land.

It is stated that the project do not attract General Conditions of EIA Notification of 2006.

The Quarry plan has been prepared by RQP Sri.K.Raviprakash and approved by the Senior Geologist, Department of Mines and Geology, Hassan District.

The Proponent and the RQP/Environment Consultant attended the 138th meeting of SEAC held on 15th and 16th May 2015 to give clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved quarry plan and clarification/information provided during the meeting. The committee observed that the proposed project site is close to Hemavathi Reservoir.

The Committee after discussion decided to recommend the proposal to SEIAA for issue of Environmental Clearance subject to following conditions:

1. The proponent shall obtain NOC from Irrigation Department as the project site is close to Hemavathi Reservoir.
2. The proponent shall obtain NOC from the Forest Department with specific reference to Elephant movement.
3. The proponent should have a separate dump yard and the waste dump shall be properly stabilized as per norms.
4. The proponent shall undertake soil conservation measures to ensure that the activity do not affect the reservoir.

The Authority discussed the subject in the 98th SEIAA meeting held on 19th June 2015 and opined that the proposed project site is located at the close vicinity of the Hemavathi Reservoir. The Authority opined that permitting quarry activity at the close vicinity of reservoir would be environmentally unsafe and detrimental to the water body. The Authority desires that the State Expert Appraisal Committee should look into these aspects with a field inspection, if felt necessary and send recommendation deemed fit.

The committee took note of the Authority in the 144th meeting of SEAC held on 5th and 6th August 2015 and decided to invite the proponent for re appraisal to verify the above fact.

The Proponent and the RQP/Environment Consultant appeared before the committee to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting. The committee observed that, the max. Water level of the Hemavathy reservoir is 2922 Ft or 890.60 M & min. level of the quarry is 900. The quarry is about 10 m above the MWL of the reservoir. The proponent has not submitted permit copies. Also in the 138th meeting the committee has asked the proponent to bring NOC from Irrigation & Forest department, but he failed to produce the same. While approving the quarry plan, the DMG has put a condition that, working permission will be issued after production of EC.

The Committee after discussion decided to reconsider the proposal after submission of the following information and also a sub committee is formed with Sri. Subramany, & Dr. S.Prashant, Members, SEAC, to visit the site and submit the report.

1. Permit copies (audit report).
2. NOC from Irrigation Department as the project site is close to Hemavathi Reservoir.
3. NOC from the Forest Department with specific reference to Elephant movement.

Action: Secretary, SEAC to put up before SEAC after receiving the above information.

148.136 Building Stone Quarry Project, Sy.No.240, Kalingeri Village, Sandur Taluk & Bellary Dist. (2-20 Acres) of Sri Kumaraswamy H M, 434, Hosa Chapparada Halli, Sandur, Bellary (SEIAA 220 MIN 2015)

This is a proposal submitted by Sri.Kumaraswamy.H.M seeking Environmental Clearance for quarrying of Building Stone in an area of 2-20 Acres at Sy.No. 240, Kalingeri Village, Sandur Taluk & Bellary District. It is a Government Revenue land, the total land is over an extent of 939.52 Acres.

It is stated that the project do not attract General Conditions of EIA Notification of 2006.

The quarry plan has been prepared by RQP Sri.S.H.Vijayakumar and approved by the Deputy Director, Department of Mines and Geology, Hospet, Bellary District.

The Proponent and the RQP/Environment Consultant attended the 138th meeting of SEAC held on 15th and 16th May 2015 to give clarification/additional information.

The Committee noted that many proposals have been cleared in this area and if the proposed area is likely to result in to a cluster situation with a total lease area of 25 Ha or more as defined in the O.M dated 24.12.2013 issued by the Ministry of Environment and Forest , Government of India then the proposal has to be appraised category B1. The committee therefore directed the proponent to get the details of mining leases within 500 m from the boundary of the proposed area with details of extent from the Department of Mines and Geology.

The committee after discussion decided to recall the proponent after the receipt of the above information.

The Proponent and the RQP/Environment Consultant attended the 144th meeting of SEAC held on 5th and 6th August 2015 to provide clarification/additional information.

The Committee noted that many proposals have been cleared in this area and if the proposed area is likely to result in to a cluster situation with a total lease area of 25 Ha or more as defined in the O.M dated 24.12.2013 issued by the Ministry of Environment and Forest , Government of India then the proposal has to be appraised category B1. The committee therefore directed the proponent to get the details of all the leases of Kalingeri village with the extent of lease area, lease Nos., latitude & longitude and distance between

the boundaries (OUTER) of each lease area and be marked on combined sketch plotted on a village map which shall be attested by a competent authority.

The committee after discussion decided to recall the proponent after the receipt of the above information.

The Proponent and the RQP/Environment Consultant attended the meeting of SEAC to provide clarification/additional information.

The Committee noted that many proposals have been cleared in this area and if the proposed area is likely to result in to a cluster situation with a total lease area of 25 Ha or more as defined in the O.M dated 24.12.2013 issued by the Ministry of Environment and Forest , Government of India then the proposal has to be appraised category B1. The committee therefore directed the proponent to get the details of all the leases and Notification issued of Kalingeri village with the extent of lease area, lease Nos., latitude & longitude and distance between the boundaries (OUTER) of each lease area and be marked on combined sketch plotted on a village map which shall be attested by a competent authority.

The committee after discussion decided to recall the proponent after the receipt of the above information.

Action: Secretary, SEAC to put up the proposal before SEAC after submission of the above information.

148.137 Building Stone Quarry Project, Sy.No.240, Kalingeri Village, Sandur Taluk, Bellary Dist. (18.80 Acres) of Sri B Rudragouda S/o.Late B.Kumargouda, # 2198, BKG House, KHB Colony, Sandur-5831196 (SEIAA 232 MIN 2015)

This is a proposal submitted by Sri.B.Rudragouda seeking Environmental Clearance for quarrying of Building stone in an area of 18.80 Acres at Sy. No. 240, Kalingeri Village, Sandur Taluk, Bellary District. It is a Government Revenue land.

It is stated that the project do not attract General Conditions of EIA Notification of 2006.

The quarry plan has been prepared by RQP Sri.Pramod.S.Ritti and approved by the Deputy Director, Department of Mines and Geology, Hospet, Bellary District.

The Proponent and the RQP/Environment Consultant attended the 138th meeting of SEAC held on 15th and 16th May 2015 to give clarification/additional information.

The Committee noted that many proposals have been cleared in this area and if the proposed area is likely to result in to a cluster situation with a total lease area of 25 Ha or more as defined in the O.M dated 24.12.2013 issued by the Ministry of Environment and Forest , Government of India then the proposal has to be appraised category B1. The committee therefore directed the proponent to get the details of mining leases within 500 m from the boundary of the proposed area with details of extent from the Department of Mines and Geology.

The committee after discussion decided to recall the proponent after the receipt of the above information.

The Proponent and the RQP/Environment Consultant attended the 144th meeting of SEAC held on 5th and 6th August 2015 to provide clarification/additional information.

The Committee noted that many proposals have been cleared in this area and if the proposed area is likely to result in to a cluster situation with a total lease area of 25 Ha or more as defined in the O.M dated 24.12.2013 issued by the Ministry of Environment and Forest , Government of India then the proposal has to be appraised category B1. The committee therefore directed the proponent to get the details of all the leases of Kalingeri village with the extent of lease area, lease Nos., latitude & longitude and distance between the boundaries (OUTER) of each lease area and be marked on combined sketch plotted on a village map which shall be attested by a competent authority.

The committee after discussion decided to recall the proponent after the receipt of the above information.

The Proponent and the RQP/Environment Consultant attended the meeting of SEAC to provide clarification/additional information.

The committee perused the reply submitted by the proponent vide letter dated 23.09.2015.

The Committee noted that many proposals have been cleared in this area and if the proposed area is likely to result in to a cluster situation with a total lease area of 25 Ha or more as defined in the O.M dated 24.12.2013 issued by the Ministry of Environment and Forest , Government of India then the proposal has to be appraised category B1. The committee therefore directed the proponent to get the details of all the leases and Notification issued of Kalingeri village with the extent of lease area, lease Nos., latitude & longitude and distance between the boundaries (OUTER) of each lease area and be marked on combined sketch plotted on a village map which shall be attested by a competent authority.

The committee after discussion decided to reconsider the proponent after the receipt of the above information.

Action: Secretary, SEAC to put up the proposal before SEAC after submission of the above information.

148.138 Building Stone Quarry Project, Sy.No.11, Jonnalakunte Village, Chikkaballapura Taluk & Dist. (7-0 Acres) of M/s. Robo Quarries Pvt. Ltd. No.31, Opp. Vidhyavardhaka Sangha, 1st N Block, Rajajinagar, Bangalore (SEIAA 233 MIN 2015)

This is a proposal submitted by M/s.Robo Quarries Pvt. Ltd seeking Environmental Clearance for quarrying of Building stone in an area of 7-0 Acres at Sy. No. 11, Jonnalakunte Village, Chikkaballapura Taluk & District. It is a Government Revenue land, the total land is over an extent of 224.20 Acres.

It is stated that the project do not attract General Conditions of EIA Notification of 2006.

The quarry plan has been prepared by RQP Sri.A.N.Rajanna and approved by the Senior Geologist, Department of Mines and Geology, Chikkaballapur District.

The Proponent and the RQP/Environment Consultant attended the 138th meeting of SEAC held on 15th and 16th May 2015 to give clarification/additional information.

The Committee noted that many proposals have been cleared in this area and if the proposed area is likely to result in to a cluster situation with a total lease area of 25 Ha or more as defined in the O.M dated 24.12.2013 issued by the Ministry of Environment and Forest , Government of India then the proposal has to be appraised category B1. The committee therefore directed the proponent to get the details of mining leases within 500 m from the boundary of the proposed area with details of extent from the Department of Mines and Geology.

The committee after discussion had decided to recall the proponent after the receipt of the above information.

The proponent have submitted the information vide letter dated 12.06.2015.

The Proponent and the RQP/Environment Consultant attended the 142nd meeting of SEAC held on 13th and 14th July 2015 to provide clarification/additional information.

The committee perused the reply submitted by the proponent vide letter dated 12.06.2015. The following points were observed.

1. The GPS readings given in the Quarry plan and presentation are different.
2. There was a discrepancy in Form - 1
3. The proceedings of the District Task Force committee report to be submitted.
4. Xerox copy of test reports submitted.

The Committee after discussion decided to reconsider the proposal after submission of the following information.

1. Correct GPS readings in presentation copy.
2. Revised form - 1 for corrected GPS readings.
3. Proceedings of the District Task Force committee report.
4. The approach road to be strengthened by providing GSB layer.
5. Original copy of lab test reports.

The proponent RQP/Environmental Consultant attended the meeting of SEAC to provide required clarification/additional information.

The committee perused the information submitted by the proponent vide letter dated 11.09.2015.

The Committee noted that many proposals have been cleared in this area and the proposed area is exceeds 25 Ha. The committee appraised the proposal as B1 as defined in

the O.M dated 24.12.2013 issued by the Ministry of Environment and Forest, Government of India.

The committee after discussion decided to issue Standard ToR for conducting EIA study in accordance with EIA Notification 2006 and the relevant guidelines and the relevant guidelines after duly incorporating outcome of the public consultation. The committee also prescribed the following additional ToR.

1. Socio economic impact on the agricultural crop losses
2. Sensitive locations in and around the Quarry area addressing the cave and temple.

Action: Secretary, SEAC to Issue ToR and place the proposal before SEAC after the receipt of the EIA report.

148.139 Building Stone Quarry Project, Sy.No.58, Y.G.Pura Village, Kunigal Taluk & Tumkur Dist. (5-0 Acres) of Sri Nanjappa Bhovi, No.1072, Near Hoysala Circle, K.S.Town, Bangalore-60 (SEIAA 239 MIN 2015)

This is a proposal submitted by Sri.Nanjappa Bhovi seeking Environmental Clearance for quarrying of Building stone in an area of 5-0 Acres at Sy. No.58, of Y.G.Pura Village, Kunigal Taluk & Tumkur District. It is a Government Gomala land, In R.T.C the total land is over an extent of 130.20 Acres.

It is stated that the project do not attract General Conditions of EIA Notification of 2006.

The quarry plan has been prepared by RQP Sri.M.K.Muddappa and approved by the Deputy Director, Department of Mines and Geology, Tumkur District.

The proponent was invited for the 138th SEAC meeting held on 15th and 16th May 2015 to provide required clarification. The proponent remained absent.

The Committee decided to provide one more opportunity to proponent with intimation that the proposal will be appraised based on merit in his absence, in case he remains absent.

The Proponent and the RQP/Environment Consultant attended the 143rd meeting of SEAC held on 24th to 29th July 2015 to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting.

The proponent stated that mining will be done manually by burning and material will be extracted. Also, the minimum distance between human habitat and quarry site is 1.00 Km and the fort & the temple are situated in the neighboring hillock

The Committee observed that, in the approved quarry plan, Geological & Mineable reserve calculations are wrong and also the drawings are not signed by the DMG authorities. Also the District authority has rejected the quarry license of the proponent and

another license from the same Sy. No. to an extent of 10.00 Acres each has been cancelled stating that, the quarrying will affect nearby habitat and also the historical structures like fort & temple.

The committee after discussion decided to reconsider the proposal after submission of the following documents.

1. Mining reserve calculation
2. Quarry plan duly signed by DMG in drawings
3. NOC from Archaeological department
4. Clarification (justification) from the concerned Deputy Commissioner for having permitted this quarry while rejecting the others falling under the same survey number and being located in the same geographical area.

The proponent was invited to provide required clarification. The proponent remained absent.

The proponent has not submitted the information sought by the SEAC in the earlier meetings.

The committee appraised the proposal considering the information provided in the Statutory Applications Form-1, Pre Feasibility Report, Approved Mining Plan and information provided in the earlier meetings.

The committee opined that the appraisal cannot be completed for want of the above information and since the proponent also remained absent to provide the required clarification.

The committee therefore decided to recommend the proposal to SEIAA for closure.

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

Additional Agenda for 148th Meeting of SEAC scheduled to be held on 21st, 22nd and 23rd September 2015

21st September 2015

EIA Presentation

148.140 Development of "Nadaprabhu Kempegowda Residential Layout" at Yeshwanthpura Hobli, Bangalore North Taluk and Kengeri Hobli, Bangalore South Taluk, Bangalore Urban District of Sri L. Raghu, Executive Engineer, Nadaprabhu Kempegowda Residential Layout (NKPL) Division, MRCP Layout, BDA Complex, Vijayanagar, Bangalore- 560040. (SEIAA 51 CON 2015)

This is a proposal submitted by Sri.L.Raghu, Executive Engineer, Bangalore Development Authority seeking Environmental Clearance for Development of "Nadaprabhu Kempegowda Residential Layout" Project on a total area of 4043 Acres and

27 Guntas at Yeshwanthpura Hobli, Bangalore North Taluk and Kengeri Hobli, Bangalore South Taluk, Bangalore Urban District

Total water requirement of project is 52.5 MLD. The source of the water is from BWSSB. 42 MLD of waste water expected is proposed to be treated in a STP.

Municipal Solid waste of 146 Tonnes/day is proposed to be handled Insitu

The Proponent and Environment Consultant attended the meeting of SEAC to provide clarification/additional information.

The committee screened the proposal considering the information provided in the statutory application-Form I, Form-1A, Conceptual Plan, and clarification/additional information provided during the meeting.

The Committee after discussion decided to appraise the proposal as B1 as it is a area for Formation of "Nadaprabhu Kempegowda Residential Layout in a total area of 4043.27 Acres and decided to issue Standard ToR for conducting EIA study in accordance with EIA Notification 2006 and the relevant guidelines. The committee also decided to prescribe the following additional ToR.

1. Explain the total available area at their possession as on date and proposal made for the entire land along with the documents Sy No. wise and extent.
2. Schemes proposed to protecting the lakes and water bodies inside the proposed layout
3. Protective measures to protect the reserve forest
4. Impact from the KIADB which is inside the layout on the residents of NPKL. (This information has to collect from the KIADB)
5. Explore the possibility to exchange the land KIADB and BDA in order to segregate the residential and industrial area
6. Study all the infrastructure facility available in the entire land proposed and impact from the proposed BBMP MSW site at Seeghalli on the proposed NPKL.
7. Protective measures taken for Vrushabavathi valley
8. Explore the possibility to using Vrushabavathi water for BDA layout proposed for secondary use.
9. The lakes which are going to be developed should be in accordance to the Lake Development authority Norms including fencing and this should be explained in the EIA.
10. Earmark the area for treatment and disposal of solid waste, organic waste, inorganic waste, e-waste and bio medical waste produced in NPKL.
11. Study the socio-economic impact on the agricultural loss by this project
12. Explore the possibility to provide infrastructure facilities in coordination with Metro.
13. Explore the possibility to using the vrushabavathi valley for the construction phase, Road, culverts, constructing bridges etc.,
14. Explore the possibility to build vertical construction to save the land for other purposes and impact on socio-economic aspects
15. The impact of proposed peripheral ring road on the NPKL has to be worked out. Sufficient safe crossing should be provided in the peripheral ring road as NPKL site by

the peripheral ring road. The EIA report of NPKL has to be prepared in coordination with proposed BDA peripheral ring road team.

16. Measures proposed to maintain the natural hydrology of the area to ensure that the water bodies in the project area are conserved and protected
17. Adoption of NBC code and principals of urban planning in the planning and execution of the development of the project

The Proponent and Environment Consultant attended the meeting of SEAC to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Form-1A, Conceptual Plan, EIA report and clarification/additional information provided during the meeting. The appraisal is based on the statement made by the consultant they are not NABET approved consultants but they approached the Supreme court in this regard and got individual relief and the committee informed the consultants that the EC will be binding on the judgement of Supreme court. The proponent informed that the presentation is only for area development. The MI tanks situated in the project site are not supplying to any irrigation activities. There are about 55 Writ Petitions pending in the Court mainly about land acquisition and compensation. The proposed project area doesn't come under T.G.Halli Reservoir Zone. Regarding Municipal Solid Waste Management, the proponent informed that, at present they considering utilizing two plants of BBMP coming near the project site (@ Seegehalli & Kannenahalli). The KIADB has denotified the land existing within the proposed project area and the same was returned to the Government. And due to this there will be no impact on the proposed layout. An area will be earmarked within the project site for establishing solid waste management plant.

The committee observed the following in the EIA report submitted by the proponent.

1. Provision of protecting flora & fauna is not given.
2. Recycled water is proposed for use in the recharge activities.
3. List of type & No. Of trees to be cut is not submitted.
4. Whether the proposed two BBMP SWM Plants can take the additional load of the proposed project activity is not mentioned.

The Committee after discussion decided to recommend the proposal to SEIAA for issue of Environmental Clearance with the following conditions:

1. Proponent shall make a provision for protecting flora & fauna in EMP budget.
2. some portion of rain water has to be allowed from the proposed project area for the D/s users.
3. No. of trees to be cut has to be listed and compensated as per the norms.
4. The buffer area around the forest land has to be used for greenery development only and no development activity will be carried out in this area.

5. The proponent shall earmark the area within the project site to establish SWM Plant.

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.141 Building Stone Quarry Project, Sy.No.57/1 of Kakkihalli Village, Alur Taluk & Hassan Dist. (1-0 Acre) of Sri A H Abubakar S/o. Late Sri Aji Asainara, No.26-A, Jannapura-Kelagallale, Sakaleshpura Taluk, Hassan District. (SEIAA 833 MIN 2015)

This is a New proposal submitted by Sri A H Abubakar, seeking Environmental clearance for quarrying of Building Stone in an area of 1-00 Acres at Sy.No. 57/1 of Kakkihalli Village, Alur Taluk & Hassan Dist. It is a Patta Land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP B.Ramasubbareddy approved by Senior Geologist, Dept. of Mines & Geology, Hassan District. Capacity of mining is Av. 12,550 TPA

The Proponent and the RQP/Environment Consultant appeared before the committee to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting. The committee observed that, based on the elevation of the quarry site above ground level (Difference in level), depth proposed, area of quarrying (as per land use plan), and with the available area, it is not possible to go that depth, because lifting of quarrying material from that depth & movement of vehicles will be very difficult.

The Committee after discussion decided to limit the production to 70% of the total estimated production keeping the minable area quantity and the sustainability of the mine in the mind and to recommend the proposal to SEIAA for issuing of Environmental Clearance subject to submission of the following information.

1. Gully plugs, Check dams are to be provided to check the siltation of Hemavathy river
2. Providing retaining wall to preserve topsoil.

The Committee also decided to recommend imposing the Standard Conditions as mentioned in 148.6

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.142 Building Stone Quarry Project, Sy.No.29 of Huluvanahalli Village, Bengaluru South Taluk & Urban Dist. (9-20 Acres) of Sri P Thippeswamy (SEIAA 952 MIN 2015)

This is a New proposal submitted by Sri P Thippeswamy, seeking Environmental clearance for quarrying of Building Stone in an area of 9-10 Acres at Sy.No. 29 of Huluvanahalli Village, Bengaluru South Taluk & Urban Dist. It is a Government Land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP B.N.Krishnamurthy approved by Senior Geologist(Mines), Dept. of Mines & Geology, Bangalore Urban District. Capacity of mining is Av. 1,21,868 TPA

The Proponent and the RQP/Environment Consultant appeared before the committee to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting.

The Committee after discussion decided to recommend the proposal to SEIAA for issuing of Environmental Clearance

The Committee also decided to recommend imposing the Standard Conditions as mentioned in 148.6

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.143 Building Stone Quarry Project at Sy. No. 197/5 of Padaganur Village, Sindagi Taluk, Vijayapura District (1.3051 Ha) of M/s. Hi-Tech Rock Products & Aggregates Limited., (SEIAA 1086 MIN 2015)

This is a New proposal submitted by M/s. Hi-Tech Rock Products & Aggregates Limited, seeking Environmental clearance for quarrying of Building Stone in an area of 1.3051 Ha at Sy. No. 197/5 of Padaganur Village, Sindagi Taluk, Vijayapura District It is a Government Land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP Kantharaj K approved by Senior Geologist, Dept. of Mines & Geology, Bijapur District. Capacity of mining is Av. 4,06,000 Tons for 5 years

The Proponent and the RQP/Environment Consultant appeared before the committee to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting.

The Committee after discussion decided to recommend the proposal to SEIAA for issuing of Environmental Clearance.

The Committee also decided to recommend imposing the Standard Conditions as mentioned in 148.6

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.144 Building Stone Quarry Project at Sy. No. 30/6 of Tawaregera Village, Kalburgi Taluk and District (2.6807 Ha) of M/s Hi-Tech Rock Products & Aggregates Limited., (SEIAA 1087 MIN 2015)

This is a new proposal submitted by M/s Hi-Tech Rock Products & Aggregates Limited., seeking Environmental clearance for quarrying of **Building Stone** in an area of 2.6807 Ha at Sy. No. 30/6 of Tawaregera Village, Kalburgi Taluk and District. It is a Government Land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP Kantharaj .K approved by Deputy Director, Dept. of Mines & Geology, Kalburgi District. Capacity of mining is Av. 5,00,000 TPA

The Proponent and the RQP/Environment Consultant appeared before the committee to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting.

The Committee after discussion decided to recommend the proposal to SEIAA for issuing of Environmental Clearance.

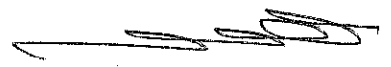

The Committee also decided to recommend imposing the Standard Conditions as mentioned in 148.6

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.145 Building Stone Quarry Project at Sy. No. 23/1 & 23/2 of Mandewal Village, Jewargi Taluk, Kalburgi District (2.0234 Ha) of M/s Hi-Tech Rock Products & Aggregates Limited., (SEIAA 1088 MIN 2015)

This is a New proposal submitted by M/s Hi-Tech Rock Products & Aggregates Limited., seeking Environmental clearance for quarrying of **Building Stone** in an area of 2.0234 Ha at Sy. No. 23/1 & 23/2 of Mandewal Village, Jewargi Taluk, Kalburgi District It is a Government Land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP Khantha Raj. K approved by Deputy Director, Dept. of Mines & Geology, Kalaburgi District. Capacity of mining is Av. 5,00,000 TPA

The Proponent and the RQP/Environment Consultant appeared before the committee to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting.

The Committee after discussion decided to recommend the proposal to SEIAA for issuing of Environmental Clearance.

The Committee also decided to recommend imposing the Standard Conditions as mentioned in 148.6

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.146 Multi Colour Granite Quarry Project, Sy.No.167 of Kotekoppa Village, Kanakapura Taluk, Ramanagara Dist. (5-0 Acres) of M/s. Shivashakthi Enterprises (SEIAA 1030 MIN 2015)

This is a **existing** proposal submitted by M/s. Shivashakthi Enterprises, seeking Environmental clearance for quarrying of **Multi Colour Granite Quarry** in an area of 5-00 Acres at Sy.No.167 of Kotekoppa Village, Kanakapura Taluk, Ramanagara Dist. It is a Government Kharab Land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP M.K. Muddappa approved by Deputy Director, Dept. of Mines & Geology, Ramnagar District. Capacity of mining is Av. 1,86,750 Cum for 5 years.

The Proponent and the RQP/Environment Consultant appeared before the committee to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting.

The Committee after discussion decided to recommend the proposal to SEIAA for issuing of Environmental Clearance subject to submission of scheme for safe and scientific disposal of waste.

The Committee also decided to recommend imposing the Standard Conditions as mentioned in 148.6

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.147 Grey Granite Quarry Project at Sy. No. 17 of Chikkagollahalli Village, Devanahalli Taluk, Bangalore Rural District (0-16 Acres) of Akhila Karnataka Vishwakarma Mahasabha (SEIAA 1105 MIN 2015)

This is a New proposal submitted by Akhila Karnataka Vishwakarma Mahasabha, seeking Environmental clearance for quarrying of Grey Granite Quarry in an area of 0-16 Acres at Sy. No. 17 of Chikkagollahalli Village, Devanahalli Taluk, Bangalore Rural District It is a Government Land.

It is stated that the project do not attract General conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP B.N.Krishna Murthy approved by Director, Dept. of Mines & Geology, Bangalore District. Capacity of mining is 4240 Cum total.

The Proponent and the RQP/Environment Consultant appeared before the committee to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting.

The Committee after discussion decided to recommend the proposal to SEIAA for issuing of Environmental Clearance.

The Committee also decided to recommend imposing the Standard Conditions as mentioned in 148.6

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.148 Building Stone Quarry Project, Sy.No.27/1, Hosahalli Village, Somwarpet Taluk, Kodagu Dist. (1 Acre) of Sri T.R.Vijayan (SEIAA 1142 MIN 2015)

This is a proposal submitted by Sri T.R.Vijayan seeking Environmental Clearance for quarrying of Building Stone in an area of 1-0 Acre at Sy. No.27/1 of Hosahalli Village, Somwarpet Taluk, Kodagu District. It is a Government land. In R.T.C the total land is 135.08 Acres.

It is stated that the project do not attract General Conditions of EIA Notification of 2006.

The mining plan has been prepared by RQP Sri.B.M.Sudheendra Kumar and approved by the Senior Geologist, Department of Mines and Geology, Madikeri, Kodagu District.

The Proponent and the RQP/Environment Consultant attended the 128th SEAC meeting held on 27th and 28th January 2015 to provide clarification/additional information.

The committee observed that earlier proposal seeking Environmental clearance for the same project dealt in file No. SEIAA 34 MIN 2012 was closed for non submission of required information. The proponent have not made any mention of the earlier proposal.

The proponent was asked to get the latest opinion of the Forest Department with regard to status of deemed forest and permissibility of the quarry activity in the proposed land.

The Committee after discussion had decided to recall the proposal after the receipt of the above information.

The proponent was invited to provide required clarification. The proponent has informed the Committee that, the Forest Department has not given the opinion with regard to deemed forest.

The committee after discussion decided to recommend the proposal for rejection of the EC for want of the opinion from the Forest Department.

The Authority during the meeting held on 25th July 2015 have decided to close the file and delist from the pendency. Subsequently the proponent submitted a letter on 28.08.2015 and have requested the Authority to re-open the file. The proponent also have paid the requisite processing fee.

The Authority perused the request during the meeting held on 29th August 2015 and decided to reopen the file assigning running file number keeping the old file as a back file. The Authority also decided to forward the reopened file to SEAC for appraising on priority as it is a reopened file.

The proposal therefore placed before the committee for appraisal.

The Proponent and the RQP/Environment Consultant appeared before the committee to provide clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting. The committee observed that, based on the elevation of the quarry site above ground level (Difference in level), depth proposed, area of quarrying (as per land use plan), and with the available area, it is not possible to go that depth, because lifting of quarrying material from that depth & movement of vehicles will be very difficult.

The Committee after discussion decided to limit the production to 60% of the total estimated production keeping the minable area quantity and the sustainability of the mine in the mind and to recommend the proposal to SEIAA for issuing of Environmental Clearance subject to submission of the following information.

The Committee also decided to recommend imposing the Standard Conditions as mentioned in 148.6

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

Sand Mining Proposals, Dakshina Kannada District:

148.149 River Sand Quarrying Project, Gurupura River Bed, Sy.No.45/1 of Badaga Bellur, Sy.No.51/1 of Mogaru Village, Sy.No.13 of Muttur Village, Bantwal & Mangaluru Taluks, Dakshina Kannada District (24 Ha). (Block Nos.21, 30, 31 & 32) (Cluster No.09) of District Sand Monitoring Committee, Dakshina Kannada District (SEIAA 1017 MIN 2015)

This is a proposal submitted by Member Secretary, District Sand Monitoring Committee, Dakshina District seeking Environmental Clearance for River Sand Mining at Gurupura River bed. It is located at Cluster No.9, Block No.21, Sy.No.45/1 of Badaga Bellur Village, Bantwal Taluk, Block.30 and 31 Sy.No.51/1 of Mogaru Village, Mangalore Taluk, Block No.32, Sy.No.13 of Muttur Village, Mangalore Taluk, Dakshina Kannada District.

Cluster No.9

Block	Location Details	Area in Hectares
Block -21	Sy.No. 45/1 of Badaga Bellur Village, Bantwal Taluk, Dakshina Kannada District.	5.0
Block - 30 and 31	Sy.No. 51/1 of Mogaru Village, Mangaluru Taluk, Dakshina Kannada District.	10.0 (5.0 +5.0)
Block - 32	Sy.No.13 of Muttur Village, Mangaluru Taluk, Dakshina Kannada District.	9.0
Total		24.0 Ha (59.30 Acres)

It is stated that the project do not attract General Conditions of EIA Notification of 2006.

The Mining plan has been prepared by RQP Dr.B.M.Ravindra and approved by the Deputy Director, Department of Mines and Geology, Mangalore. Avg capacity of mining is 326,000 MTA.

The proponent was invited for the 147th meeting of SEAC held on 4th and 5th September 2015 to provide required clarification. The proponent remained absent.

The Committee had decided to provide one more opportunity to proponent with intimation that the proposal will be appraised based on merit in his absence, in case he remains absent.

Representative of Project Proponent and the RQP/Environment Consultant attended the meeting of SEAC to give clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application, Form I, Pre Feasibility Report, approved mining plan and clarification provided during the meeting.

The Committee after discussion decided to recommend the proposal to SEIAA for issue of Environmental Clearance with the standard conditions that are being imposed for sand mining in the River bed and with a specific condition that the mining activity shall be undertaken only in the dry weather season.

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.150 River Sand Quarrying Project, Gurupura River Bed, Sy.No.28 of Ammunje Village, Sy.No.52 of Karianagala Village, Sy.No.26 of Ulaibettu Village, Sy.Nos.26, 63 of Adduru Village, Bantwal & Mangaluru Taluks, Dakshina Kannada District (24.96 Ha) (Block Nos.17, 24, 25, 26 & 27) of District Sand Monitoring Committee, Dakshina Kannada District(SEIAA 1018 MIN 2015)

This is a proposal submitted by Member Secretary, District Sand Monitoring Committee, Dakshina District seeking Environmental Clearance for River Sand Mining at Gurupura River bed. It is located at Cluster No.7, of Block No.17, Sy.No.28 and 52 Karigala Village, Bantwal Taluk, Block, 24 and 25 at Sy.No.26 of Ulabettu Village, Mangalore Taluk, Block No.26 and Block No.27 of Sy.No.26 and 63 of Addur Village, Mangalore Taluk, Dakshina Kannada District.

Cluster No.7

Block	Location Details	Area in Hectares
Block -17	Sy.No. 28, 52 of Ammunje - Kariangala Village, Bantwal Taluk, Dakshina Kannada District.	4.98
Block - 24 and 25	Sy.No. 26 of Ullabettu Village, Mangaluru Taluk, Dakshina Kannada District.	10.0 (5.0 +5.0)
Block - 26 and 27	Sy.No.26 and 63 of Addur Village, Mangaluru Taluk, Dakshina Kannada District.	9.98 (4.98 + 5.0)
Total		24.96 Ha (61.68 Acres)

It is stated that the project do not attract General Conditions of EIA Notification of 2006.

The Mining plan has been prepared by RQP Dr.B.M.Ravindra and approved by the Deputy Director, Department of Mines and Geology, Mangalore. Avg capacity of mining is 339,000 MTA.

The proponent was invited for the 147th meeting of SEAC held on 4th and 5th September 2015 to provide required clarification. The proponent remained absent.

The Committee had decided to provide one more opportunity to proponent with intimation that the proposal will be appraised based on merit in his absence, in case he remains absent.

Representative of Project Proponent and the RQP/Environment Consultant attended the meeting of SEAC to give clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application, Form I, Pre Feasibility Report, approved mining plan and clarification provided during the meeting.

The Committee after discussion decided to recommend the proposal to SEIAA for issue of Environmental Clearance with the standard conditions that are being imposed for sand mining in the River bed and with a specific condition that the mining activity shall be undertaken only in the dry weather season.

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.151 River Sand Quarrying Project, Gurupura River Bed, Sy.Nos.46, 7 & 8 of Karianagala Village, Sy.Nos.11, 1 & 38 of Tenka Ulipadi Village, Bantwal & Mangaluru Taluks, Dakshina Kannada District (24.96 Ha) (Block Nos.18, 19 & 20, 28 29) (Cluster No.08) of District Sand Monitoring Committee, Dakshina Kannada District(SEIAA 1019 MIN 2015)

This is a proposal submitted by Member Secretary, District Sand Monitoring Committee, Dakshina District seeking Environmental Clearance for River Sand Mining at Gurupura River bed. It is located at Cluster No.8, of Block No.18, 19, 20 Sy.No.46, 7, 8 Kariangala Village, Bantwal Taluk, Block, 28 and 29 at Sy.No.11, 1 & 38 of Tenka Ulipadi Village, Mangalore Taluk, Dakshina Kannada District.

Cluster No.8

Block	Location Details	Area in Hectares
Block -18, 19, 20	Sy.No.46, 7, 8 Kariangala Village, Bantwal Taluk Dakshina Kannada District.	14.98 (5.0 + 5.0 +4.98)
Block - 28 and 29	Sy.No. 11, 1 & 38 of Tenka Ulipadi Village, Mangaluru Taluk, Dakshina Kannada District.	9.98 (4.98 +5.0)
Total		24.96 Ha (61.68 Acres)

It is stated that the project do not attract General Conditions of EIA Notification of 2006.

The Mining plan has been prepared by RQP Dr.B.M.Ravindra and approved by the Deputy Director, Department of Mines and Geology, Mangalore. Avg capacity of mining is 339,000 MTA.

The proponent was invited for the 147th meeting of SEAC held on 4th and 5th September 2015 to provide required clarification. The proponent remained absent.

The Committee had decided to provide one more opportunity to proponent with intimation that the proposal will be appraised based on merit in his absence, in case he remains absent.

Representative of Project Proponent and the RQP/Environment Consultant attended the meeting of SEAC to give clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application, Form I, Pre Feasibility Report, approved mining plan and clarification provided during the meeting.

The Committee after discussion decided to recommend the proposal to SEIAA for issue of Environmental Clearance with the standard conditions that are being imposed for sand mining in the River bed and with a specific condition that the mining activity shall be undertaken only in the dry weather season.

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.152 River Sand Quarrying Project, Kumardhara River Bed, Sy.No.112/1 of Kenya Village, Sullia Taluks, Dakshina Kannada District (5 Ha). (Block No.38) of District Sand Monitoring Committee, Dakshina Kannada District(SEIAA 1020 MIN 2015)

This is a proposal submitted by Member Secretary, District Sand Monitoring Committee, Dakshina District seeking Environmental Clearance for River Sand Mining at Kumaradhara River bed. It is located at Block No.38 of Kenya Village, Sulliya Taluk, Dakshina Kannada District.

Block	Location Details	Area in Hectares
Block -38	Sy.No. 112/1 KenyaVillage, Sulliya Taluk, Dakshina Kannada District.	5.0
Total		5.0 Ha (12.56 Acres)

It is stated that the project do not attract General Conditions of EIA Notification of 2006.

The Mining plan has been prepared by RQP Dr.B.M.Ravindra and approved by the Deputy Director, Department of Mines and Geology, Mangalore. Avg capacity of mining is 34,000 MTA.

The proponent was invited for the 147th meeting of SEAC held on 4th and 5th September 2015 to provide required clarification. The proponent remained absent.

The Committee had decided to provide one more opportunity to proponent with intimation that the proposal will be appraised based on merit in his absence, in case he remains absent.

Representative of Project Proponent and the RQP/Environment Consultant attended the meeting of SEAC to give clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application, Form I, Pre Feasibility Report, approved mining plan and clarification provided during the meeting.

The Committee after discussion decided to recommend the proposal to SEIAA for issue of Environmental Clearance with the standard conditions that are being imposed for sand mining in the River bed and with a specific condition that the mining activity shall be undertaken only in the dry weather season.

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.153 River Sand Quarrying Project, Kumardhara River Bed, Sy.No.1 of Alankaru Village, Puttur Taluk, Dakshina Kannada District (5 Ha). (Block No.37) of District Sand Monitoring Committee, Dakshina Kannada District(SEIAA 1021 MIN 2015)

This is a proposal submitted by Member Secretary, District Sand Monitoring Committee, Dakshina District seeking Environmental Clearance for River Sand Mining at Kumaradhara River bed. It is located at Block No.37 of Alankaru Village, Puttur Taluk, Dakshina Kannada District.

Block	Location Details	Area in Hectares
Block -37	Sy.No.1 of Alankaru Village, Puttur Taluk, Dakshina Kannada District.	5.0
Total		5.0 Ha (12.56 Acres)

It is stated that the project do not attract General Conditions of EIA Notification of 2006.

The Mining plan has been prepared by RQP Dr.B.M.Ravindra and approved by the Deputy Director, Department of Mines and Geology, Mangalore. Avg capacity of mining is 34,000 MTA.

The proponent was invited for the 147th meeting of SEAC held on 4th and 5th September 2015 to provide required clarification. The proponent remained absent.

The Committee had decided to provide one more opportunity to proponent with intimation that the proposal will be appraised based on merit in his absence, in case he remains absent.

Representative of Project Proponent and the RQP/Environment Consultant attended the meeting of SEAC to give clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application, Form I, Pre Feasibility Report, approved mining plan and clarification provided during the meeting.

The Committee after discussion decided to recommend the proposal to SEIAA for issue of Environmental Clearance with the standard conditions that are being imposed for sand mining in the River bed and with a specific condition that the mining activity shall be undertaken only in the dry weather season.

Action: Secretary, SEAC to forward the proposal to SEIAA for further necessary action.

148.154 River Sand Quarrying Project, Gundya River Bed, Sy.No.72/1 of Nooji Baltila Village, Puttur Taluk, Dakshina Kannada District (5 Ha). (Block No.36) of District Sand Monitoring Committee, Dakshina Kannada District(SEIAA 1022 MIN 2015)

This is a proposal submitted by Member Secretary, District Sand Monitoring Committee, Dakshina District seeking Environmental Clearance for River Sand Mining at Gundya River bed. It is located at Block No.36 of Nooji Baltila village Puttur Taluk, Dakshina Kannada District.
