Minutes of the 386th Meeting of SEIAA dated. 17.11.2016

The 386th meeting of the State Level Environment Impact Assessment Authority was convened on 17.11.2016 at the Authority's Office in Environmental Planning and Co-Ordination Organization (EPCO), Paryavaran Parisar, Bhopal. The meeting was chaired by Shri Waseem Akhtar, Chairman, SEIAA. The following members attended the meeting:-

1	Shri H.S. Verma	Member
2.	Shri Anupam Rajan	Member Secretary

A. Following other than mining and mining cases received from SEAC have been considered:-

S.No.	Case No.	Category	No. & date of latest SEAC
1.	3059/2015	5(g)	283rd SEAC meeting dtd. 27.10.2016
2.	1145/2013	1(a) B2	55th SEAC-II meeting dated 15-10-16
3.	5375/2016	1(a)	55th SEAC-II meeting dated 15-10-16
4.	5430/2016	1(a)	55th SEAC-II meeting dated 15-10-16
5.	5431/2016	1(a) B2	55th SEAC-II meeting dated 15-10-16
6.	5432/2016	1(a) B2	55th SEAC-II meeting dated 15-10-16
7.	5433/2016	1(a) B2	55th SEAC-II meeting dated 15-10-16
8.	5331/2016	1(a) B2	55th SEAC-II meeting dated 15-10-16
9.	5302/2016	1(a) B2	55th SEAC-II meeting dated 15-10-16
10.	5421/2016	1(a) B2	55th SEAC-II meeting dated 15-10-16
11.	5422/2016	1(a) B2	55th SEAC-II meeting dated 15-10-16
12.	3528/2016	1(a) B2	55th SEAC-II meeting dated 15-10-16
13.	5428/2016	1(a) B2	55th SEAC-II meeting dated 15-10-16
14.	2982/2015	1(a) B2	55th SEAC-II meeting dated 15-10-16
15.	5294/2016	1(a) B2	55th SEAC-II meeting dated 15-10-16
16.	5293/2016	1(a) B2	55th SEAC-II meeting dated 15-10-16
17.	3354/2015	1(a) B2	55th SEAC-II meeting dated 15-10-16
18.	5291/2016	1(a) B2	55th SEAC-II meeting dated 15-10-16
19.	5295/2016	1(a) B2	55th SEAC-II meeting dated 15-10-16
20.	5255/2016	1(a) B2	55th SEAC-II meeting dated 15-10-16
21.	5248/2016	1(a) B2	55th SEAC-II meeting dated 15-10-16
22.	5304/2016	1(a) B2	55th SEAC-II meeting dated 15-10-16
23.	5307/2016	1(a) B2	55th SEAC-II meeting dated 15-10-16
24.	5271/2016	1(a) B2	55th SEAC-II meeting dated 15-10-16

1. **Case No. - 3059/2015:** Prior Environment Clearance for approval of proposed 40 KLPD Grain Based Distillery for production of RS/ENA & 1.5 MW Co-generation power plant at patwari halka no. - 43, Khasra No. - 15, Village-Sabalpura, Tehsil-Barwaha, District-Khargone (M.P.) Total Project Area- 3.214 ha By Shri H.S. Bhatia, Director, M/s Agrawal Distilleries (P) Limited, 104, Shikhar Residency, Opposite Hotel Fortune Land Mark, Vijay Nagar, Indore (M.P.)-452010. Env. Consultant- Creative Enviro Services, Bhopal (M.P.)

   1. The proposed project is 40 KLD Grain base distillery along with 1.5 MW Power Plant in an area of 3.214 ha at Khasra No. - 15, Village-Sabalpura, Tehsil-Barwaha, District-Khargone (M.P.).

(Anupam Rajan)	(H.S.Verma)	(Waseem Akhtar)
Member Secretary	Member	Chairman

2. The project is covered under 5 (g) (ii) category B of the EIA Notification issued by the Ministry of Environment & Forest vide S.O.1533 (E), dated September 14, 2006.

3. There is no National park / Sanctuaries, Eco-sensitive areas (Chief Wildlife Warden letter dtd 04.06.15), critically polluted areas and inter-State boundaries within 10 km of the proposed site, hence, general conditions are not attracted as per EIA Notification 2006.

4. The case was discussed in 204th SEAC meeting dated 04/07/2015, 283rd SEAC meeting dtd. 27.10.2016 and is recommended for grant of prior EC subject to 21 special conditions.

5. The case was also discussed in 384th SEIAA meeting dtd. 11.11.2016, and decided to PP may call for presentation.

6. After deliberation the case was discussed in depth and it is noted that :-

   (i). PP has submitted copy of diversion order and Khasra panchsala 2014-15 . As per the diversion order and Khasra panchsala the land is the name of M/s Agrawal Beaverages and Textile Ltd.

   (ii). The Public Hearing was held on 12.04.2016 at village Kadwalia District Khargone (M.P.) under the Chairmanship of Additional Collector, khargone. Some issues regarding, employment to local people and fear of pollution emanating from the establishment of the industrial area were raised during the Public Hearing which were addressed by PP.

   (iii). The total water requirement is 1300 KLD out of which fresh water requirement is 452 KLD and recycled water 848 KLD. The source of fresh water is proposed to be met from ground water as per ground water recommendation (CGWA recommendation letter dtd. 09.09.16) for abstraction of ground water.

   (iv). There will be no generation of industrial effluent as zero discharge technology shall be adopted for treatment of effluent. Industrial effluent treatment is proposed to be through centrifuge decanter for separation of suspended solid followed by multi effective evaporator to maintain zero discharge.

   The sources of water pollution may be envisages as Cooling water blow down, Boiler blow down, Rinsing water from D.M. Plant & Spent wash from process which are proposed to be controlled by following measures:

   a. Spent wash of 40 m^3/day will be sent to Liquefaction after heat recovery. Spent wash of 288 m^3/day is sent to PRC (Pre Rectifier Column) & RC(Rectifier Column) of distillation after heat recovery. Process condensate of 250 m^3/day is fed to CPU unit. The reject water from the RO plant will be 30 m^3 per day, which shall be mixed with thin slop for feeding to multiple effect evaporater for evaporation and concentration.

(Anupam Rajan)	(H.S.Verma)	(Waseem Akhtar)
Member Secretary	Member	Chairman

b. Treated wastewater of 848 m^3/day is returned back to process for utilization in liquefaction/fermentation/cooling tower and to gardening.

c. Rainwater will be utilized to recharge the underground resource through scientifically designed rainwater harvesting system.

d. 40 M^3/day of boiler blow down will be sent to Cooling Tower with adequate treatment for make up.

(v). For control of air pollution PP has proposed the following:

a. Bag house shall be provided at stack of boiler to control the emission below 50 mg per cubic meter. Adequate stack height of 35 meter shall be provided.

b. The fly ash from the common bunker will be conveyed to silo. The whole system is totally enclosed and no emission will be generated. The common bunker of fly ash will be provided with pulse jet bag house.

c. Vehicles carrying raw materials would be covered by water proof sheets, dust suppression by water sprinkling on earthworks and transportation routes.

d. Sufficient height of exhausts of DG set's for proper dispersal of exhaust emissions.

e. Regular monitoring of air pollution and noise levels on site and nearby receptors to ensure compliance with CPCB prescribed standards during day and night time.

f. Idle running of vehicles will be minimized during material loading / unloading operations.

g. Storage area shall be clearly earmarked and enclosed and all transfer points shall be fully covered.

(vi). The solid waste (biodegradable -DDGS (Distiller Dry spent grain) (36 Tonnes) is proposed to be sold off as cattle feed. The non-biodegradable waste like paper, plastic, glass etc. will be sold to authorized recyclers. Ash from boiler will be given to brick manufacturers. Sludge from CPU shall be dried and will be used as manure.

(vii). The hazardous waste like waste oil, ETP sludge/MEE residue, etc. will be collected and disposed off to the common hazardous waste disposal facility offsite as per Hazardous Waste (Management and Handling) Rules, 1989. Waste Resin from DM plant (100kg) and Waste activated Carbon (50kg) is proposed to be Store in MS Drums and shall be disposed off at TSDF Pithampur.

(viii). The total power requirement is 1300 KW. The source of electricity is Madhya Pradesh Kshetra Vidyut Vitran Company Limited. PP has also provided power back up by 01 No. DG set capacity of 1X 500 KVA.

(Anupam Rajan)	(H.S.Verma)	(Waseem Akhtar)
Member Secretary	Member	Chairman

(ix). PP has proposed Rainwater harvesting structures to collect and reuse the rain water for green area development and also proposed check dam on the stream nearby the proposed site so as to raise the ground water level.

(x). PP has developed Green belt within the existing operational premises covering a area of about 10.5 acres with 8900 number of plants., which is adjacent to the proposed site. The new unit is proposed over 3.214 ha of area in which 1.10 ha of land out of 3.214 is proposed to develop green belt with 2200 number of trees. However in total 21 acres of area will be developed with 16500 numbers of plants.

(xi). PP has included disaster management plan, fire fighting provisions as part of EIA.

(xii). Under CSR activities PP has proposed Skill Development Programmes for Youths as per the requirement of the Unit, Ensuring Safe drinking water and Healthy Sanitation Practices, Infrastructure facilities at schools of nearby villages, Agriculture improvement camps. Promotion of Drip Irrigation amongst Farmers etc.

The submissions made by the PP were found to be satisfactory and acceptable hence It is decided to accept the recommendations of 283rd SEAC meeting dtd. 27.10.16 with 21special conditions and accord Prior Environmental Clearance for Proposed Commercial Project "40 KLPD Grain Based Distillery for production of RS/ENA & 1.5 MW Co-generation power plant at patwari halka no. - 43, Khasra No. - 15, Village-Sabalpura, Tehsil-Barwaha, District-Khargone (M.P.) Total Project Area- 3.214 ha By Shri H.S. Bhatia, Director, M/s Agrawal Distilleries (P) Limited, 104, Shikhar Residency, Opposite Hotel Fortune Land Mark, Vijay Nagar, Indore (M.P.)-452010 **subject to following specific conditions imposed by SEIAA:-**

1. PP should ensure to construct surface water body with size of 100x15x10 to meet the requirement of fresh water and to reduce the demand of ground water.
2. Fresh water demand shall not exceed 452 KL per day.
3. Existing lagoon situated adjacent to the project site should be properly dismantled under the supervision of MPPCB and filled with the excavated soil of surface water body. The top crust layer of the lagoon should be used in boiler and other soil should be used as manure.

Waste Water Disposal:

a. Industry shall install Multi Effective Evaporator (MEE) and adequate ETP for treatment and disposal of effluent. Zero discharge shall be maintained.

b. Spent wash generation from grain based distillery shall not exceed 6 KL per KL of rectified spirit. Spent wash shall be treated through decanter and concentrated in MEE to form DWGS (Distillery wet spent grain). DWGS will be sent to dryer to form DDGS(Distillery dry spent grain) .

(Anupam Rajan)	(H.S. Verma)	(Waseem Akhtar)
Member Secretary	Member	Chairman

The condense, spent wash and utilities effluent shall be treated in ETP comprising tertiary treatment. Treated effluent will be used for makeup water of cooling towers and water quality of treated effluent shall meet the norms prescribed by CPCB/MPPCB.

c. Spent wash should be stored in MS/SS tank. The storage of spent wash shall not exceed 5 days capacity.

d. Process effluent/any waste water should not be allowed to mix with storm water. Storm water drain should be passed through guard pond.

e. It is noted that Seasonal Udla nallah along the Northern & Eastern boundary of the site PP should ensure channelization of the Nalla and provide 15m wide buffer zone on side of the Nalla. PP should ensure zero discharge into the nallah.

f. Choral River is situated –2.80 km North – East direction of the proposed area PP should ensure zero liquid discharge from the industrial area during operational phase.

4. **Solid & hazardous waste :-**

a. PP should obtain authorization from MPPCB regarding hazardous waste disposal. PP should ensure disposal of hazardous waste/ by products regularly through sale or in TSDF site and there should be no dumping of these materials in the premises/outside. PP should also ensure handling, disposal and management of hazardous waste as per the Hazardous waste (Management & Handling) Rules 2000.

b. Other solid waste generated from the process shall be used as cattle-feed. Industry shall explore the possibility to make it available to the local farmers.

5. **Air Pollution Control measures :**

a. PP should provide fogging system for dust suppression.

b. PP should ensure installation of DG sets with canopy and the stack height should be as per the MPPCB norms.

c. PP should install continuous air quality monitoring station in coordination with MPPCB.

d. Industry shall install bag-house in boiler to maintain the emission level of particulate matter as per MPPCB/CPCB prescribed norms.

e. Boiler ash shall be stored separately as per CPCB guidelines So that it shall not adversely affect the air quality, becoming air borne by wind or water regime during rainy season by flowing along with storm water.

f. Bagasse ash and coal ash should be stored separately and reuse/recycle properly.

(Anupam Rajan)	(H.S.Verma)	(Waseem Akhtar)
Member Secretary	Member	Chairman

6. **Noise & Odor Environment & Management**

   a. Walls and ceilings of the concerned buildings should be lined with sound absorbing materials.

   b. Noise attenuating devices like ear plugs and ear muffs should be provided to the workers exposed to high noise level.

   c. Vehicles should not be allowed to queue outside the plant on the highway. Vehicle and people flow during shift changes should be regulated by allowing exits in a phased manner.

   d. D.G. Set should be enclosed in a proper acoustic enclosure to reduce the noise emanating from it.

   e. Use of efficient biocides to control bacterial contamination.

   f. Control of temperature during fermentation to avoid in-activation / killing of yeast.

   g. Avoiding storage of fermented wash.

   h. Regular use of bleaching powder in the drains to avoid growth of putrefying micro-organisms.

   i. Closed operation of the process to avoid odour nuisance.

   j. Only non-edible grains shall be used for fermentation

7. **Energy Conservation:**

   a. PP should ensure installation of photovoltaic cells (solar energy) for lighting in common areas, LED light fixtures, and other energy efficient plant machineries and equipments.

   b. The power generation is based on biomass and only 15% of coal is to be used. PP should ensure that the boiler should be designed to use biomass fuel and PP should use coal not more than 15%.

8. **Disaster management:**

   a. Prepare the onsite & offsite risk / disaster management plan, health and safety management plan and duly approved by the Competent Authority.

   b. Fire fighting system shall be as per the norms and cover all areas where alcohol is produced, handled and stored. Provision of foam system for firefighting shall be made to control fire from made to control fire from the alcohol storage tank. DMP shall be implemented.

9. **Green Area :-**

   a. PP should develop 15 m wide green belt with four rows of trees all along the periphery.

   b. The plant species selection should be as per CPCB guidelines for plantation in industrial area.

   c. Every effort should be made to conserve the existing trees in the project area.

(Anupam Rajan)	(H.S.Verma)	(Waseem Akhtar)
Member Secretary	Member	Chairman

d. Dense plantation shall be taken up in at least 33% of total plot area.

10. **Under the CSR activities:-**
    a. Total sanitation in the villages within 5 km radius of the site.
    b. PP should ensure strengthening of infrastructure in schools located in villages within 5 km radius as committed.
    c. Regular health checkups / camps for the workers and villagers in the vicinity areas.
    d. Vocational training for employment to the youths for skilled / semi-skilled jobs as proposed.
    e. PP should ensure employment to the local village population for unskilled jobs.
11. Tanker will be not allowed to park on road area.
12. Increase the width of approach road (Katkot road) from the Badwah – Khandwa road junction upto the plant site, wherever it is less than 6.0m and the budget of road construction should be included in EMP plan.
13. The internal 3.0m road should be increased upto 4.5m to facilitate smooth traffic movement within the campus.
14. PP should make provision for MS tank for storage of finished product.
15. PP should ensure the traffic movement plan, parking facilities and road width.
16. PP should make a Environmental Management Cell under the guidance of MPPCB to maintain the environmental condition of the project.
17. District administration should constitute a Vigilance Committee comprising of local representatives and officials of Revenue, Excise, Industry and MPPCB to redress the administrative/other issues as committed by PP in the public hearing.
18. All the commitments made during the public hearing should be implemented and adequate budget provision should be made accordingly.
19. The EC shall be valid for production of course from grain only. Molasses based distillation shall not be allowed under any circumstances.
20. Dedicated parking facility for loading and unloading of materials shall be provided in the factory premises. Unit shall develop the implement good traffic management system for their incoming and outgoing vehicles to avoid congestion on the public road.

2. **CaseNo.-1145/13** Prior Environmental Clearance for **Dulhankheda Dolomite & Soapstone Mining** in an area 0.96 ha for production capacity of 5259 TPA at Khasra no.-115 at Village Dulhankheda, Tehsil- Patan, District - Jabalpur (MP) by Shri Rakesh Kumar Jain, Post Sahajpur, Tehsil - Patan, Jabalpur (M.P.).

This case was discussed in 55th SEAC-II meeting dated 15-10-16 and it was recorded that :-

(Anupam Rajan)	(H.S. Verma)	(Waseem Akhtar)
Member Secretary	Member	Chairman

".....The case was presented by the PP and their consultant wherein in PP submitted that the lease area is only 0.960 ha and no other mine is in existence within 500 meters of this lease. PP during discussion has submitted a recent certificate issued by the asstt. mining officer issued vide letter no. 1649 dated 13/10/2016 reflecting that no other mine is sanctioned within 500 meters of this lease. The committee after deliberations recommends that being the lease area is < 5.00 ha and no their mine within 500 meters, the case may be transferred to DEIAA through SEIAA as per GOI, MoE&CC notification dated 15/01/2016.

As per the above observation, it is hereby decided to transfer the case to DEIAA Jabalpur. Copy to PP and all concerned.

3. **Case No.-5375/2016** Prior Environment Clearance for **Limestone deposit** in an area of 7.50 ha. for production capacity of 85,500 TPA at Khasra no.46/1 at Village- Kosdana, Tehsil - Gandhewani, Dist. Dhar (MP) by Shri Nilesh Upadhyay S/o Rameshchandra Ji Upadhyay, 10, College road, P.O. and District. Jhabua, MP.

   This case was discussed in 55th SEAC-II meeting dated 15-10-16, ToR recommended by SEAC is hereby approved.

4. **Case No. 5430/2016** Prior Environment Clearance for **Iron Ore Mine** in an area of 20.234 ha. for production capacity of 1000000 TPA at Khasra no. 1093P at Village- Agaria, Tehsil - Sihora, Dist. Jabalpur (MP) by M/s Anand Mining Corporation, Pathak Ward, P.O. & District Katni, MP – 483501.

   This case was discussed in 55th SEAC-II meeting dated 15-10-16, ToR recommended by SEAC is hereby approved.

5. **Case No. 5431/2016** Prior Environment Clearance for **Sand Quarry** (opencast manual method) in an area of 7.00 ha. for production capacity of 20,663 cum per annum at Khasra no. 373 & 1395 at Village- Ghoradongri, Tehsil - Ghoradongri, Dist. Betul (MP) by M/s Raj Construction, Mr. Rajesh Gawande, Pratap Ward, Betul, MP – 460001.

   This case was discussed in 55th SEAC-II meeting dated 15-10-16 and it was recorded that :-

   "The case was presented today by the PP and their consultant and during presentation it was observed that as per the Google image of Dec.2015, based on the co-ordinates provided by the PP, there are two bridges (Railway & Road) lies within the QL area and thus PP was asked to leave additional 200 meters of area from both sides of the Railway and Road bridges as safe distance and no mining will be carried out in this area as per the recent Sustainable sand mining management guidelines 2016 of the MOEF & CC {Protection of infrastructure- Pont no.-49:- For carrying out mining in proximity to any bridge or embankment, appropriate safety zone (not less than 200 meters) should be worked out on case to case basis, taking into account the structural parameters, location aspects and flow rate, and no mining should be carried out in the safety zone so worked out.}.The other submissions made by PP were found satisfactory and acceptable and thus the committee decided to recommend the case for grant of prior EC subject to the following special conditions in addition to the standard conditions at annexure 'B':"

(Anupam Rajan)	(H.S.Verma)	(Waseem Akhtar)
Member Secretary	Member	Chairman

Based on the above recommendation, it was decided to grant Prior Environmental Clearance subject to the following specific conditions in addition to the conditions imposed by SEAC-II :-

(i). PP shall not start mining activity before execution of lease agreement.

(ii). The production capacity shall be limited to the quantity as recommended by SEAC-II.

(iii). The lease area should be properly demarcated in the presence of the Revenue, Railway & Mining Officials and proper boundary stones should be established in such a way that a distance of 200m on both sides of the road and railway bridge should be left as "no mining zone".

(iv). No in-stream mining shall be allowed. The Mining Officer, Betul should ensure that the mining activity is confined only in the dry portion of the river where sand is exposed.

(v). The depth of the pit shall be as per Approved Mining Plan and not exceed 3m or normal water level prevalent in the lean season whichever is less.

(vi). The final decision of Hon'ble NGT (CZ) Bhopal and Hon'ble NGT Principal Bench, New Delhi in OA No. 49/2015 (Amarkant Mishra Vs State of MP & others), shall be obligatory on the part of PP.

(vii). A petition (OA 404/2016, MA 758/2016, MA 920/2016 & MA 1099/2016) has been filed before the Hon'ble NGT (Principal Bench) New Delhi where MP-SEIAA is one of the respondent. Any order by the Hon'ble NGT shall be binding to PP.

(viii). PP should ensure that no access ramps are made for transportation of sand from the opposite bank of the river.

(ix). PP should ensure to conserve the existing trees.

(x). No transportation shall be permitted within the village.

(xi). Alternate transportation route should be decided in consultation with the local Gram Panchayat.

(xii). The entire lease area should be properly fenced and boundary stones marked at the site.

(xiii). PP will ensure three row plantation towards the village settlement side in the entire length of suitable species three year old to conserve and retain the banks.

(Anupam Rajan)	(H.S.Verma)	(Waseem Akhtar)
Member Secretary	Member	Chairman

Hence, Prior Environmental Clearance is granted for **Sand Quarry** (opencast manual method) in an area of 7.00 ha. for production capacity of 20,663 cum per annum at Khasra no. 373 & 1395 at Village- Ghoradongri, Tehsil - Ghoradongri, Dist. Betul (MP) **for the lease period to** M/s Raj Construction, Mr. Rajesh Gawande, Pratap Ward, Betul, MP – 460001.

6. **Case No. 5432/2016** Prior Environment Clearance for **Sand Quarry** in an area of 5.50 ha. for production capacity of 3563 cum per annum at Khasra no. 1, 102, 180, 211 at Village- Bibikhedi Tehsil - Sanwer, Dist. Indore (MP) by Shri Samandar Choudhary S/o Shri Bheru Singh Choudhary, Village Bibikhedi, Tehsil - Sanwer, Distt. Indore, MP – 453551.

   This case was discussed in 55th SEAC-II meeting dated 15-10-16 and it was recorded that :-

   "The case was presented today by the PP and their consultant and during presentation it was observed that as per the Google image of Dec.2015, based on the co-ordinates provided by the PP, there is a Road Bridge lies within the QL area, thus PP was asked to leave additional 200 meters of area from the both sides of the bridge as safety distance and no mining will be carried out in this area as per the recent Sustainable sand mining management guidelines 2016 of the MOEF & CC {Protection of infrastructure-Pont no.-49:-For carrying out mining in proximity to any bridge or embankment, appropriate safety zone (not less than 200 meters) should be worked out on case to case basis, taking into account the structural parameters, location aspects and flow rate, and no mining should be carried out in the safety zone so worked out.}.The other submissions made by PP were found satisfactory and acceptable and thus the committee decided to recommend the case for grant of prior EC subject to the following special conditions in addition to the standard conditions at annexure 'B':"

   From the record available, Mining Officer, Indore has submitted the information about the number of mines in 1000 m. periphery. But in the latest notification information is desired within 500 m. periphery. Mining Officer, Indore should submit the detail of mines in 500 m. periphery showing status of mines like date of sanction, whether operative or not, EC granted or under appraisal etc. Mining Officer, Indore should be asked to submit this information latest by 15.12.2016. Copy to PP.

7. **Case No. 5433/2016** Prior Environment Clearance for **Sand Quarry** in an area of 12.220 ha. for production capacity of 51760 cum per annum at Khasra no. 291/1, 346 & 1 at Village- Jainabad Tapti Jaisinghpura, Tehsil - Burhanpur, Dist. Burhanpur (MP) by Shri Vishal Vaman Gojre, Rajpura, Tehsil & Dist. Burhanpur, MP – 450331.

   This case was discussed in 55th SEAC-II meeting dated 15-10-16 and it was recorded that :-

   "The case was presented by the PP and their consultant wherein during scrutiny of documents it was observed by the committee that sanctioned mining leases is in three parts A,B & C which is not contiguous in nature and also not in accordance with the MP MMR,1996 rule 04 (3). The committee also observed that single mine plan is prepared for the above leases. Earlier in cases of similar nature (please refer the minutes of 231st SEAC meeting dated 27/10/2015 and subsequent decision taken by SEIAA in its 327th meeting dated 05/05/2016)

(Anupam Rajan)	(H.S.Verma)	(Waseem Akhtar)
Member Secretary	Member	Chairman

SEIAA has decided to close the case. The committee decided to forward this case to SEIAA for further considerations and necessary action."

As per the above observation of SEAC, it has been decided to close the case and inform Collector, Burhanpur to direct the PP for submission of separate cases for individual leases. Copy to PP and all concerned.

8. **Case No.-5331/2016** Prior Environment Clearance for **Stone Quarry** in an area of 0.800 ha. for production capacity of 1500 cubic meter per year at Khasra no.-1241/3, 1241/4, Village-Deshgaon , Tehsil - Khandwa, Dist. Khandwa (MP) by Mr. Jahid Khan R/o Village - Khadakpura, Tehsil & District Khandwa, MP.

This case was discussed in 55th SEAC-II meeting dated 15-10-16 and it was recorded that :-

"The case was presented by the PP and their consultant wherein it was submitted by the PP that their mine is sanctioned prior to 09/09/2013 thus as per recent notification of MoEF&CC dated 01/07/2016 it should be treated as non-cluster which is evident from the mining officer letter no. 4362 dated 04/04/2016. During scrutiny of documents it was observed by the committee that as per the DFO Certificate issued vide Letter no.763 dated 10/03/2016, Forest area lies within 250 meters pheriphery of the lease and thus PP needs the approval from Divisional Commissioner Level Committee. The committee after deliberatiuons recommends that since the lease of this particular case is sanctioned prior to the 09/09/2013 this case becomes noncluster and thus may be transferred to DEIAA as the lease area is only 0.88 ha."

As per the above observation, the case is hereby transferred to DEIAA Khandwa. Copy to PP and all concerned.

9. **Case No.-5302/2016** Prior Environment Clearance for **Sand Quarry** in an area of 6.00 ha. for production capacity of 3,705 cum/year at Khasra No. 88/1, 276 at Village-Khadottiya, Tehsil - Depalpur, Dist. Indore (MP) Shri Dashrath S/o Shri Dara Singh, Village- Ratankhedi, Tehsil – Ratankhedi, Tehsil – Sanwer, Dist. Indore, MP – 453551.

This case was discussed in 55th SEAC-II meeting dated 15-10-16 and it was recorded that :-

"This case was again discussed today as PP has submitted the Revised Mine Plan with reduced quantity of 3,705 cum/year which is forwarded by SEIAA vide letter no.-3469 dated-09/09/2016. The case was presented by the PP and their consultant wherein PP submitted that they have revised the mine plan considering the replenishment capacity of the lease. Other submissions made by PP were found satisfactory and acceptable and thus the committee decided to recommend the case for grant of prior EC subject to the following special conditions in addition to the standard conditions at annexure 'B':"

As per the above observation, Mining Officer vide letter no. 16-12-15 has given information of number of mines within 1000m periphery. But in the latest notification information is desired within 500 m. periphery. Mining Officer, Indore should submit the detail of mines in 500 m. periphery showing status of mines like date of sanction, whether operative or not, EC granted or under appraisal etc.

(Anupam Rajan)	(H.S.Verma)	(Waseem Akhtar)
Member Secretary	Member	Chairman

Mining Officer, Indore should be asked to submit this information latest by 15.12.2016. Copy to PP.

10. **Case No.-5421/2016** Prior Environment Clearance for **Sand Deposit Quarry** in an area of 11.122 ha. for production capacity of 570 cum per annum at Khasra no. 317, 373, 374 at Village- Dabdi, Tehsil - Rajgarh, Dist. Rajgarh (MP) by Shri Narayan Singh, Vill. Bhopalpura, Dist. Rajgarh, DIst. Rajgarh, MP – 465661.

    This case was discussed in 55th SEAC-II meeting dated 15-10-16 and it was recorded that :-

    "PP has submitted a copy of approved Mining Plan, letter from Mining Officer certifying the leases within 1000 meters radius around the site and requisite information in the prescribed format duly verified by the Tehsildar and DFO. Concerned Mining Officer vides letter no. 292 dated: 17/04/2015 has reported that there are no more mines operating or proposed within 500 meters around the said mine.

    The case was presented today by the PP and their consultant and during presentation it was observed that the other submissions made by PP were found satisfactory and acceptable and thus the committee decided to recommend the case for grant of prior EC subject to the following special conditions in addition to the standard conditions at annexure 'B':"

    As per the above observation, Mining Officer vide letter no. 25-05-15 has given information of number of mines within 1000m periphery. SEAC has reported no mines within 500 m. periphery which is contradictory to the certificate issued by the Mining Officer, Rajgarh. File may be sent back to SEAC for clarification. Copy to PP.

11. **Case No.-5422/2016** Prior Environment Clearance for **River Sand Deposit Quarry** in an area of 8.155 ha. for production capacity of 570 cum per annum at Khasra no. 17 at VillageAbhaypura, Tehsil - Khilchipur, Dist. Rajgarh (MP) by Shri Dulichand S/o Shri Champa Lal Ji, Vill. Fatehpur, Teh - Khilchipur, Dist. Rajgarh, MP – 465661.

    This case was discussed in 55th SEAC-II meeting dated 15-10-16 and it was recorded that :-

    ".....PP has submitted a copy of approved Mining Plan, letter from Mining Officer certifying the leases within 1000 meters radius around the site and requisite information in the prescribed format duly verified by the Tehsildar and DFO. Concerned Mining Officer vides letter no. 292 dated: 17/04/2015 has reported that there are no more mines operating or proposed within 500 meters around the said mine.

    The case was presented today by the PP and their consultant and during presentation it was observed that the other submissions made by PP were found satisfactory and acceptable and thus the committee decided to recommend the case for grant of prior EC subject to the following special conditions in addition to the standard conditions at annexure 'B':"

    As per the above observation, Mining Officer vide letter no. 25-05-15 has given information of number of mines within 1000m periphery. SEAC has reported no mines within 500 m. periphery which is contradictory to the certificate issued by

(Anupam Rajan)	(H.S.Verma)	(Waseem Akhtar)

the Mining Officer, Rajgarh. File may be sent back to SEAC for clarification. Copy to PP.

12. **Case No. 3528/15** Prior Environment Clearance for approval of **Limestone Mine** in an area of 3.19 ha. for Modernisation in production capacity from 20000 TOA to 1,57,500 TPA at Khasra No.-161/7 (Part of 161/1), at Vill.-Simariya, Teh.-Kareli, District-Narsinghpur (MP) by Shri Kunwar Virendra Singh Patel, Nehru Ward, Narsinghpur, District-Narsinghpur (MP)-487001.

    This case was discussed in 55th SEAC-II meeting dated 15-10-16, PP may be invited for detailed presentation.

13. **Case No.-5428/2016** Prior Environment Clearance for **Sand Quarry** (opencast manual method) in an area of 5.578 ha. for production capacity of 6065 cum per annum at Khasra no. 181, 182, 376 at Village- Machhukhedi - Makodiya, Tehsil - Sanwer, Dist. Indore (MP) by Mr. Ganesh Asalpuriya, Vill. 146/5, Kayasth Khedi, Teh. Sanwer, Dist. Indore, MP – 453551.

    This case was discussed in 55th SEAC-II meeting dated 15-10-16 and it was recorded that :-

    "PP has submitted a copy of approved Mining Plan, letter from Mining Officer certifying the leases within 500 meters radius around the site and requisite information in the prescribed format duly verified by the Tehsildar and DFO. Concerned Mining Officer vides letter no. 1216 dated: 12/09/2016 has reported that there are no more mines operating or proposed within 500 meters around the said mine.

    The case was presented today by the PP and their consultant and during presentation it was observed that as per the Google image based on the co-ordinates provided by the PP, there is a Stop Dam in the QL area thus PP was asked to leave additional 200 meters of area from the both sides of the Dam as safe distance and no mining will be carried out in this area as per the recent Sustainable sand mining management guidelines 2016 of the MOEF & CC {Protection of infrastructure-Pont no.-49:-For carrying out mining in proximity to any bridge or embankment, appropriate safety zone (not less than 200 meters) should be worked out on case to case basis, taking into account the structural parameters, location aspects and flow rate, and no mining should be carried out in the safety zone so worked out.}.The other submissions made by PP were found satisfactory and acceptable and thus the committee decided to recommend the case for grant of prior EC subject to the following special conditions in addition to the standard conditions at annexure 'B':"

    Based on the above recommendation, it was decided to grant Prior Environmental Clearance subject to the following specific conditions in addition to the conditions imposed by SEAC-II :-

    (i). PP shall not start mining activity before execution of lease agreement.

    (ii). The production capacity shall be limited to the quantity as recommended by SEAC-II.

    (iii). The lease area should be properly demarcated in the presence of the Revenue, WRD/RES & Mining Officials and proper boundary stones should

(Anupam Rajan)	(H.S.Verma)	(Waseem Akhtar)
Member Secretary	Member	Chairman

be established in such a way that a distance of 200m on northern side of the existing stop dam /causeway and 200 m. on the upstream and downstream side of the existing stop dam/causeway near Barodpipalya should be left as "no mining zone".

(iv). No in-stream mining shall be allowed. The Mining Officer, Ujjain should ensure that the mining activity is confined only in the dry portion of the river where sand is exposed.

(v). The depth of the pit shall be as per Approved Mining Plan and not exceed 3m or normal water level prevalent in the lean season whichever is less.

(vi). The final decision of Hon'ble NGT (CZ) Bhopal and Hon'ble NGT Principal Bench, New Delhi in OA No. 49/2015 (Amarkant Mishra Vs State of MP & others), shall be obligatory on the part of PP.

(vii). A petition (OA 404/2016, MA 758/2016, MA 920/2016 & MA 1099/2016) has been filed before the Hon'ble NGT (Principal Bench) New Delhi where MP-SEIAA is one of the respondent. Any order by the Hon'ble NGT shall be binding to PP.

(viii). PP should ensure that no access ramps are made for transportation of sand from the opposite bank of the river.

(ix). PP should ensure to conserve the existing trees.

(x). No transportation shall be permitted within the village.

(xi). Alternate transportation route should be decided in consultation with the local Gram Panchayat.

(xii). The entire lease area should be properly fenced and boundary stones marked at the site.

(xiii). PP will ensure three row plantation towards the village settlement side in the entire length of suitable species three year old to conserve and retain the banks.

Hence, Prior Environmental Clearance is granted for **Sand Quarry** (opencast manual method) in an area of 5.578 ha. for production capacity of 6065 cum per annum at Khasra no. 181, 182, 376 at Village- Machhukhedi - Makodiya, Tehsil - Sanwer, Dist. Indore (MP) **for the lease period to** Mr. Ganesh Asalpuriya, Vill. 146/5, Kayasth Khedi, Teh. Sanwer, Dist. Indore, MP – 453551.

14. **Case No. – 2982/2015** Prior Environment Clearance for approval of **Laterite & Ochre Mine** Lease Area - 7.33 Ha., Capacity - 67,611 TPA, at Khasra no.- Block A: 122/3 Part, 122/4 Part, and 147/2 Part & Block B: 125 Part,Vill.-Dharampura, Teh.-Sihora, District-Jabalpur (M.P.) by Mr. Abhiudya Agarwal (Authorized Signatory), M/s Geomin Industries Pvt. Ltd., 270, Garha Fatak, Jabalpur (M.P.)-482002.

    This case was discussed in 55th SEAC-II meeting dated 15-10-16, PP may be invited for detailed presentation.

15. **Case No.-5294/2016** Prior Environment Clearance for **River Sand mining** (opencast manual method) in an area of 7.00 ha. for production capacity of 70,000 cum/year at Khasra No. 915 at Village-Devri, Tehsil - Majhouli, Dist. Sidhi (MP) by M/s RSI Stone World, Smt. Ratna Jadoun, Director, E-7, M-708, Arera Colony, Bhopal, MP – 462016

    This case was discussed in 55th SEAC-II meeting dated 15-10-16 and it was recorded that :-

    "The case was presented by the PP and their consultant in the 42nd SEAC meeting dated 27/02/2016 wherein during presentation it was observed as per the Google image based on the co-ordinates provided by the PP that a stop dam is in existence within the QL area. Thus committee recommends that 100 meters area be left as safe zone from the both sides of the stop dam in the QL. After presentation, PP was asked to submit:

    1. Revised EMP w. r. t. plantation and budgetary allocations.

    2. Revised CSR budget with name of villages where CSR activities are proposed.

    3. Photographs of lease area showing availaibility of sand.

    The PP has submitted the reply on dated 03/08/2016 which was placed before the committee for consideration. The submissions made by PP in response to the query were found satisfactory and acceptable and thus the committee decided to recommend the case for grant of prior EC subject to the following special conditions in addition to the standard conditions at annexure 'B':"

    Based on the above recommendation, it was decided to grant Prior Environmental Clearance subject to the following specific conditions in addition to the conditions imposed by SEAC-II :-

    (i). PP shall not start mining activity before execution of lease agreement.

    (ii). The production capacity shall be limited to the quantity as recommended by SEAC-II.

    (iii). "The case was presented by the PP and their consultant in the 42nd SEAC II meeting dated 27/- 7/2-16 wherein during presentation it was observed as per the Google image based on the coordinates provided by the PP that a road bridge is in existence at a distance of 30 meters from the western side of the lease. Thus committee recommends that 70 meters area be left as setback in the QL. After presentation, PP was asked to submit:

1. Revised surface map of mine plan with correct co-ordinates duly verified by the competent authority as one co-ordinate was falling in the agricultural field.

2. Revised EMP w. r. t. plantation and budgetary allocations.

3. Revised CSR budget with name of villages where CSR activities are proposed.

The PP has submitted the reply on dated 12/09/2016 which was placed before the committee for consideration. The submissions made by PP in response to the query were found satisfactory and acceptable and thus the committee decided to recommend the case for grant of prior EC subject to the following special conditions in addition to the standard conditions at annexure 'B':"

Based on the above recommendation, it was decided to grant Prior Environmental Clearance subject to the following specific conditions in addition to the conditions imposed by SEAC-II :-

(i). PP shall not start mining activity before execution of lease agreement.

This case was discussed in 55th SEAC-II meeting dated 15-10-16 and it was recorded that :-

"..... The case was presented by the PP and their consultant in the 42nd SEAC II meeting dated 27/07/2016 wherein during presentation it was observed as per the Google image based on the co-ordinates provided by the PP that a road bridge is crossing the lease within the QL area. Thus committee recommends that 100 meters area be left as safe zone from the both sides of the road bridge in the QL. After presentation, PP was asked to submit:

1. Revised EMP w. r. t. plantation and budgetary allocations.

2. Revised CSR budget with name of villages where CSR activities are proposed.

(Anupam Rajan)	(H.S.Verma)	(Waseem Akhtar)
Member Secretary	Member	Chairman

The PP has submitted the reply on dated 03/08/2016 which was placed before the committee for consideration. The submissions made by PP in response to the query were found satisfactory and acceptable and thus the committee decided to recommend the case for grant of prior EC subject to the following special conditions in addition to the standard conditions at annexure 'B':"

Based on the above recommendation, it was decided to grant Prior Environmental Clearance subject to the following specific conditions in addition to the conditions imposed by SEAC-II :-

(i). PP shall not start mining activity before execution of lease agreement.

(ii). The production capacity shall be limited to the quantity as recommended by SEAC-II.

(iii). The lease area should be properly demarcated in the presence of the Revenue, Works Department & Mining Officials and proper boundary stones should be established in such a way that a distance of 200m from the existing State Highway on the western side and 200 m. on both sides of the existing stop dam/causeway should be left as "no mining zone".

(iv). No in-stream mining shall be allowed. The Mining Officer, Sidhi should ensure that the mining activity is confined only in the dry portion of the river where sand is exposed.

(v). The depth of the pit shall be as per Approved Mining Plan and not exceed 3m or normal water level prevalent in the lean season whichever is less.

(vi). The final decision of Hon'ble NGT (CZ) Bhopal and Hon'ble NGT Principal Bench, New Delhi in OA No. 49/2015 (Amarkant Mishra Vs State of MP & others), shall be obligatory on the part of PP.

(vii). A petition (OA 404/2016, MA 758/2016, MA 920/2016 & MA 1099/2016) has been filed before the Hon'ble NGT (Principal Bench) New Delhi where MP-SEIAA is one of the respondent. Any order by the Hon'ble NGT shall be binding to PP.

(viii). PP should ensure that no access ramps are made for transportation of sand from the opposite bank of the river.

(ix). PP should ensure to conserve the existing trees.

(x). No transportation shall be permitted within the village.

(xi). Alternate transportation route should be decided in consultation with the local Gram Panchayat.

(xii). The entire lease area should be properly fenced and boundary stones marked at the site.

(Anupam Rajan)	(H.S.Verma)	(Waseem Akhtar)
Member Secretary	Member	Chairman

(xiii). PP will ensure three row plantation towards the village settlement side in the entire length of suitable species three year old to conserve and retain the banks.

Hence, Prior Environmental Clearance is granted for **River Sand mining** (opencast manual method) in an area of 11.00 ha. for production capacity of 11,000 cum/year at Khasra No. 665, 01 at Village-Poundi, Tehsil - Majhouli, Dist. Sidhi (MP) **for the lease period to** M/s RSI Stone World, Smt. Ratna Jadoun, Director, E-7, M-708, Arera Colony, Bhopal, MP – 462016.

20. **Case No.-5255/2016** Prior Environment Clearance for **Sand Deposit** (opencast manual method) in an area of 6.00 ha. for production capacity of 1,10,000 cum/year at Khasra no.-06, Village-Rajhari Borgaon, Tehsil - Sounsar, Dist. Chhindwara (MP) by M/s S.R. Traders, Shri Atul Goldal, 12, Metro Plaza, Bitthal Market, Bhopal, M.P – 464001

This case was discussed in 55th SEAC-II meeting dated 15-10-16 and it was recorded that :-

"..... The case was presented by the PP and their consultant in the 39th SEAC II meeting dated 14/07/2016and after presentation, PP was asked to submit following information:

1. Only four co-ordinates are provided by the PP with mine plan with them the entire lease area could not be demarcated. PP was asked to provide all the co-ordinates of the QL showing the entire lease area.

2. Revised plantation scheme with species and their number.

3. A commitment of PP that road widening and its maintenance will be carried out by the PP with its budgetary details. (length of road & budget)

The PP has submitted the reply on dated 03/08/2016 which was placed before the committee for consideration. The submissions made by PP in response to the query were found satisfactory and acceptable and thus the committee decided to recommend the case for grant of prior EC subject to the following special conditions in addition to the standard conditions at annexure 'B':"

Based on the above recommendation, it was decided to grant Prior Environmental Clearance subject to the following specific conditions in addition to the conditions imposed by SEAC-II :-

(i). PP shall not start mining activity before execution of lease agreement.

(ii). The production capacity shall be limited to the quantity as recommended by SEAC-II.

(iii). The lease area should be properly demarcated in the presence of the Revenue, Works Department & Mining Officials and proper boundary stones should be established in such a way that a distance of 200m from the both sides of the existing stop dam/causeway should be left as "no mining zone".

(Anupam Rajan)	(H.S.Verma)	(Waseem Akhtar)
Member Secretary	Member	Chairman

(iv). No in-stream mining shall be allowed. The Mining Officer, Chhindwara should ensure that the mining activity is confined only in the dry portion of the river where sand is exposed.

(v). The depth of the pit shall be as per Approved Mining Plan and not exceed 3m or normal water level prevalent in the lean season whichever is less.

(vi). The final decision of Hon'ble NGT (CZ) Bhopal and Hon'ble NGT Principal Bench, New Delhi in OA No. 49/2015 (Amarkant Mishra Vs State of MP & others), shall be obligatory on the part of PP.

(vii). A petition (OA 404/2016, MA 758/2016, MA 920/2016 & MA 1099/2016) has been filed before the Hon'ble NGT (Principal Bench) New Delhi where MP-SEIAA is one of the respondent. Any order by the Hon'ble NGT shall be binding to PP.

(viii). PP should ensure that no access ramps are made for transportation of sand from the opposite bank of the river.

(ix). PP should ensure to conserve the existing trees.

(x). No transportation shall be permitted within the village.

(xi). Alternate transportation route should be decided in consultation with the local Gram Panchayat.

(xii). The entire lease area should be properly fenced and boundary stones marked at the site.

(xiii). PP will ensure three row plantation towards the village settlement side in the entire length of suitable species three year old to conserve and retain the banks.

Hence, Prior Environmental Clearance is granted for **Sand Deposit** (opencast manual method) in an area of 6.00 ha. for production capacity of 1,10,000 cum/year at Khasra no.-06, Village-Rajhari Borgaon, Tehsil - Sounsar, Dist. Chhindwara (MP) **for the lease period to** M/s S.R. Traders, Shri Atul Goldal, 12, Metro Plaza, Bitthal Market, Bhopal, M.P – 464001.

21. **Case No.-5248/2016** Prior Environment Clearance for **Sand Deposit** (opencast manual method) in an area of 15.430 ha. for production capacity of 1,54,300 cum/year at Khasra No.-529/1, Village-Mundesara, Tehsil - Kirnapur Dist. Balaghat (MP) by M/s S.R. Traders, Shri Atul Goldal, 12, Metro Plaza, Bitthal Market, Bhopal, M.P - 464001

This case was discussed in 55th SEAC-II meeting dated 15-10-16 and it was recorded that :-

(Anupam Rajan)	(H.S.Verma)	(Waseem Akhtar)

"..... The case was presented by the PP and their consultant in the 39th SEAC II meeting dated 14/07/2016 and after presentation, PP was asked to submit following information:

1. Only four co-ordinates are provided by the PP with mine plan with them the entire lease area could not be demarcated. PP was asked to provide all the co-ordinates of the QL showing the entire lease area.

2. Revised plantation scheme with species and their number.

3. A commitment of PP that road widening and its maintenance will be carried out by the PP with its budgetary details. (length of road & budget)

The PP has submitted the reply on dated 03/08/2016 which was placed before the committee for consideration. The submissions made by PP in response to the query were found satisfactory and acceptable and thus the committee decided to recommend the case for grant of prior EC subject to the following special conditions in addition to the standard conditions at annexure 'B':"

Based on the above recommendation, it was decided to grant Prior Environmental Clearance subject to the following specific conditions in addition to the conditions imposed by SEAC-II :-

(i). PP shall not start mining activity before execution of lease agreement.

(ii). The production capacity shall be limited to the quantity as recommended by SEAC-II.

(iii). No in-stream mining shall be allowed. The Mining Officer, Balaghat should ensure that the mining activity is confined only in the dry portion of the river where sand is exposed.

(iv). The depth of the pit shall be as per Approved Mining Plan and not exceed 3m or normal water level prevalent in the lean season whichever is less.

(v). The final decision of Hon'ble NGT (CZ) Bhopal and Hon'ble NGT Principal Bench, New Delhi in OA No. 49/2015 (Amarkant Mishra Vs State of MP & others), shall be obligatory on the part of PP.

(vi). A petition (OA 404/2016, MA 758/2016, MA 920/2016 & MA 1099/2016) has been filed before the Hon'ble NGT (Principal Bench) New Delhi where MP-SEIAA is one of the respondent. Any order by the Hon'ble NGT shall be binding to PP.

(vii). PP should ensure that no access ramps are made for transportation of sand from the opposite bank of the river.

(viii). PP should ensure to conserve the existing trees.

(ix). No transportation shall be permitted within the village.
