

**MINUTES OF THE 47<sup>th</sup> MEETING OF  
STATE EXPERT APPRAISAL COMMITTEE,  
(SEAC), TELANGANA STATE  
HELD ON 27.09.2019, 9:30 A.M.**

**MINUTES OF THE 47<sup>th</sup> MEETING OF STATE EXPERT APPRISAL COMMITTEE (SEAC) HELD ON 27.09.2019 AT TSPCB, PARYAVARAN BHAVAN, A-3, I.E., SANATHNAGAR, HYDERABAD.**

The following members were present:

<b>S. No.</b>	<b>Name of the Expert</b>	<b>Position</b>
1.	Prof.Ch.Krishna Reddy, H.No: 2-2-20/L/7, #401. Golden towers – II, Raja Rajeshwari BLPG, D.D. Colony, Hyderabad. Ph: 9866629265	Chairman.
2.	Dr.(Ms)Thatiparthi Vijayalakshmi Plot No.110, Siddartha Nagar, S.R. Nagar Post, Hyderabad-500038. Ph: 9440896661	Member
3.	Shri Ravindra Samaya Mantri H.No: 3-5-44/1, Flat No. 301, Areadia Apartments, Edengaden Road, Hyderabad- 500001. Ph:9491145160	Member
4.	Shri Suresh, B-106, Vertex prime, Nizampet Road, Kukatpalli, Hyderabad. Ph: 9177037785	Member
5.	Dr.Vemula Vinod Goud, H.No. 6-156, Sridurga Estates, Deepthisri Nagar, Madinaguda, Hyderabad-500049. Ph:9440386945	Member
6.	Dr.K.Shivakumar, Plot No. 328, Flat No: 302, Mehar Ninan, KPHB 6 <sup>th</sup> phase, Kukatpally, Hyderabad-500072 Ph: 9951701067	Member
7.	Prof.A.Panasa Reddy, H.No. 4-7-17/5/1, Ragharendra Nagar, Nacharam, Hyderabad-500076. Ph: 9849957268	Member
8.	Prof.C.Venkateshwar, Department of Botany, University College of Science. OU. Hyd. Flat No. 117, 'C' Block, Janapria castle, Ramnagar, Vidyanagar – Hyderabad Ph:9440487742 & 8096754604	Member
9.	Prof.B.Reddya Naik, Department of Zoology, University College of Science, Osmania University, Hyderabad-500007. Ph: 9290491044	Member
10.	Shri Billa Yella Reddy, H.No. 1-8-559, Balasamudram, Nakkalagutta, Hannmakonda, Warangal-506001. Ph:9963955924	Member

After general introductory remarks by the Chairman, SEAC, the Committee took up items agenda-wise. The decisions of the SEAC on each case are recorded below.

### DECLARATION

It is hereby declared that the Chairman and members of SEAC, T.S., do not have conflict of interest with any project proponent pertaining to the items discussed in the SEAC meeting held on 27.09.2019.

<b>S. No.</b>	<b>Name of the Expert</b>	<b>Signature</b>

Minutes of the SEAC Meeting held on 27.09.2019

<b>Agenda Item: 01</b>	<b>1.75 Ha. (Cluster area - 3.25 Ha.) Black Granite Mine of M/s. R. R. Enterprises, Sy. No. 267, Lingavarigudem H/o Nandanam (V), Inavole (M), Warangal Urban District. - Environmental Clearance - Reg.</b>
------------------------	--

The representative of the project proponent Sri R. Rajasekaran; and Sri G.V. Reddy of M/s. Team Labs and Consultants, Hyderabad attended and made a presentation before the SEAC.

The proponent submitted a copy of Notice dt.21.03.2016 of the DMG, Hyderabad granting quarry lease (in principle) in favour of the proponent for a period of 20 years. It may be noted that the Mine Lease is granted after 09.09.2013.

The proponent also submitted a copy of lr.dt. 05.02.2019 of the ADMG, Warangal addressed to the proponent informing that there are two other quarry leases of M/s. Sai Granites (1.0 Ha.) & M/s. J.M.J Granites (0.500 Ha.) are existing within 500m from the proposed quarry lease.

The SEAC noted that the mine lease area is 1.75 Ha. which is less than 5.0 Ha. It is further noted that the Cluster area is 3.75 Ha. which is less than 5.0 Ha. Hence, the project is considered under B2 Category as per provisions laid under EIA Notification, 2006 & its subsequent amendments and orders of the Hon'ble NGT.

The nearest village to the proposed site is Udutagudem (V) which is existing at a distance of 1.0km, and Akeru River exists at a distance of 2.3 km from the boundary of the site.

It is proposed to mine 37,800 m<sup>3</sup>/annum of Black Granite and the life of mine is reported as 15 years.

The opencast semi-mechanized method is adopted for quarrying to cut the mineral into blocks.

The proponent is proposing the following measures towards control of Air Pollution:

- a. Regular spraying of water by water sprinkling system on haul roads and retaining wall within the premises.
- b. Water sprinkling on blocks before dressing.
- c. Drilling with wet gunny bags on drilling surface.
- d. Timely maintenance of vehicles to minimize air pollution due to movement of vehicles.
- e. Dust masks for employees.
- f. Covering the Granite carrying vehicles with tarpaulin covers.
- g. Plantation of trees along the roads and OB dump to reduce the impact of dust in the nearby villages. Fertile soil will be purchased locally to spread on dump for plantation.

The source of water requirement for the proposed project is from nearby village by tankers. Total water requirement is 7.7 KLD. Out of that, 4.5 KLD is used for Wet Drilling, 2.3 KLD for Water Sprinkling on haul roads, 0.4 KLD for development of greenbelt and 0.5 KLD for domestic purpose. Wastewater generated from the domestic section is to be disposed into septic tank followed by soak pit.

The proponent informed that the waste generated from the Mine will be used in the shapes of cobble stones, building stones, pavement stones, Stone & Metal and finally left over waste will be re-handles for backfilling. The proponent is proposing to dump Over burden within their Mine Lease Area. It is proposed to provide retaining wall around the dump on dip side to arrest the loose material. The project proponent is proposing garland drain and siltation pond to arrest siltation. They are proposing local species of plants for plantation along the Roads & OB dump. The proponent is proposing plantation of Ari, Raavi Cheetu, Neredu, Karakaya, Pedamanu, Neem, Chinduga, Bamboo, etc.,

The total cost of the project is Rs.20.0 Lakhs. The proponent is proposing budget for Environmental protection towards capital cost: Rs.4.19 lakhs and recurring cost: Rs.2.11 Lakhs/annum.

After detailed discussions, the SEAC recommended for issue of EC.

Minutes of the SEAC Meeting held on 27.09.2019

<b>Agenda Item: 02</b>	<b>22.85 Ha. Surjithpalli Sand Reach of M/s. Telangana State Mineral Development Corporation Limited, Surjithpalli (V), Pinapaka (M), Bhadradi Kothagudem District - Environmental Clearance - Reg.</b>
------------------------	---

The representative of the project proponent Sri K. Rajender Reddy; and Sri G.V. Reddy of M/s. Team Labs and Consultants, Hyderabad attended and made a presentation before the SEAC.

It is noted that the mine lease area is 22.85 Ha. which is more than 5.0 Ha. The project is considered under B1 Category as per provisions laid under EIA Notification, 2006 & its subsequent amendments and orders of the Hon'ble NGT.

The SEAC noted that the coordinates of proposed sand reach are as following:

Latitude	Longitude
18° 8' 04.37" N	80° 42' 01.21" E
18° 8' 13.18" N	80° 42' 10.34" E
18° 8' 28.30" N	80° 41' 57.27" E
18° 8' 22.89" N	80° 41' 47.67" E

The proponent informed that the average thickness of sand deposited in the proposed sand reach is 4-6 m. (as per Approved Mining Plan) and depth of proposed sand extraction is 1.0 m. The proponent has not submitted detailed Joint Inspection Report specific to the proposed Sand Reach.

It is proposed to mine 2,28,500 m<sup>3</sup>/annum of Ordinary Sand by manual open excavation method.

The proponent informed that they have already collected the baseline data from March to May 2019 and requested to consider the same for preparation of EIA report based on the Standard Terms of Reference for proposed Sand Reach. The SEAC considered the request of the proponent for utilizing the baseline data from March to May 2019 for preparation of EIA report.

After detailed discussions, the proponent is directed to prepare EIA report as per the Standard Terms of Reference (TORs) issued by the MoEF&CC, GoI for "Mining of Minerals", undergo the process of public hearing in consultation with TSPCB and submit final EIA report along with project specific Joint Inspection Report; minutes of public hearing & response of the proponent to the issues emerged in the public hearing to the SEAC for appraisal.

<b>Agenda Item: 03</b>	<b>23.30 Ha. Mothe Sand Reach of M/s. Telangana State Mineral Development Corporation Limited of Mothe (V), Burgampahad (M), Bhadradi Kothagudem District - Environmental Clearance - Reg.</b>
------------------------	--

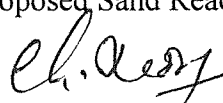

The representative of the project proponent Sri K. Rajender Reddy; and Sri G.V. Reddy of M/s. Team Labs and Consultants, Hyderabad attended and made a presentation before the SEAC.

It is noted that the mine lease area is 23.30 Ha. which is more than 5.0 Ha. The project is considered under B1 Category as per provisions laid under EIA Notification, 2006 & its subsequent amendments and orders of the Hon'ble NGT.

The SEAC noted that the coordinates of proposed sand reach are as following:

Latitude	Longitude
17° 42' 01.45" N	80° 53' 24.66" E
17° 42' 40.38" N	80° 53' 25.79" E
17° 42' 26.59" N	80° 53' 33.30" E
17° 42' 00.76" N	80° 53' 32.54" E

The proponent informed that the average thickness of sand deposited in the proposed sand reach is 4-6 m. (as per Approved Mining Plan) and depth of proposed sand extraction is 1.0 m. The proponent has not submitted detailed Joint Inspection Report specific to the proposed Sand Reach.

  
CHAIRMAN, SEAC

**Minutes of the SEAC Meeting held on 27.09.2019**

It is proposed to mine 2,33,000 m<sup>3</sup>/annum of Ordinary Sand by manual open excavation method.

The proponent informed that they are collecting the baseline data from October to December 2019 and requested to consider the same for preparation of EIA report based on the Standard Terms of Reference for proposed Sand Reach. The SEAC considered the request of the proponent for utilizing the baseline data from October to December 2019 for preparation of EIA report.

After detailed discussions, the proponent is directed to prepare EIA report as per the Standard Terms of Reference (TORs) issued by the MoEF&CC, GoI for "Mining of Minerals", undergo the process of public hearing in consultation with TSPCB and submit final EIA report along with project specific Joint Inspection Report; minutes of public hearing & response of the proponent to the issues emerged in the public hearing to the SEAC for appraisal.

<b>Agenda Item: 04</b>	<b>24.0 Ha. Ramanujavaram Sand Reach of M/s. Telangana State Mineral Development Corporation Limited, Ramanujavaram (GP) Vijayanagaram (V), Manuguru (M), Bhadradi Kothagudem District. - Environmental Clearance - Reg.</b>
------------------------	--

The representative of the project proponent Sri K. Rajender Reddy; and Sri G.V. Reddy of M/s. Team Labs and Consultants, Hyderabad attended and made a presentation before the SEAC.

It is noted that the mine lease area is 24.0 Ha. which is more than 5.0 Ha. The project is considered under B1 Category as per provisions laid under EIA Notification, 2006 & its subsequent amendments and orders of the Hon'ble NGT.

The SEAC noted that the coordinates of proposed sand reach are as following:

<b>Latitude</b>	<b>Longitude</b>
18° 00' 35.40" N	80° 48' 25.27" E
18° 00' 29.64" N	80° 48' 16.94" E
18° 00' 14.53" N	80° 48' 39.22" E
18° 00' 20.71" N	80° 48' 47.46" E

The proponent informed that the average thickness of sand deposited in the proposed sand reach is 4-6 m. (as per Approved Mining Plan) and depth of proposed sand extraction is 1.0 m. The proponent has not submitted detailed Joint Inspection Report specific to the proposed Sand Reach.

It is proposed to mine 2,40,000 m<sup>3</sup>/annum of Ordinary Sand by manual open excavation method.

The proponent informed that they are collecting the baseline data from October to December 2019 and requested to consider the same for preparation of EIA report based on the Standard Terms of Reference for proposed Sand Reach. The SEAC considered the request of the proponent for utilizing the baseline data from October to December 2019 for preparation of EIA report.

After detailed discussions, the proponent is directed to prepare EIA report as per the Standard Terms of Reference (TORs) issued by the MoEF&CC, GoI for "Mining of Minerals", undergo the process of public hearing in consultation with TSPCB and submit final EIA report along with project specific Joint Inspection Report; minutes of public hearing & response of the proponent to the issues emerged in the public hearing to the SEAC for appraisal.

<b>Agenda Item: 05</b>	<b>24.20 Ha. Thurubaka Sand Reach of M/s. Telangana State Mineral Development Corporation Limited, Thurubaka (V), Dummugudem (M), Bhadradi Kothagudem District. - Environmental Clearance - Reg.</b>
------------------------	--

The representative of the project proponent Sri K. Rajender Reddy; and Sri G.V. Reddy of M/s. Team Labs and Consultants, Hyderabad attended and made a presentation before the SEAC.

It is noted that the mine lease area is 24.20 Ha. which is more than 5.0 Ha. The project is considered under B1 Category as per provisions laid under EIA Notification, 2006 & its subsequent amendments and orders of the Hon'ble NGT.

**Minutes of the SEAC Meeting held on 27.09.2019**

The SEAC noted that the coordinates of proposed sand reach are as following:

<b>Latitude</b>	<b>Longitude</b>
17° 45' 44.77" N	80° 52' 47.04" E
17° 45' 41.74" N	80° 52' 38.33" E
17° 45' 16.04" N	80° 52' 52.86" E
17° 45' 20.07" N	80° 53' 01.26" E

The proponent informed that the average thickness of sand deposited in the proposed sand reach is 4-6 m. (as per Approved Mining Plan) and depth of proposed sand extraction is 1.0 m. The proponent has not submitted detailed Joint Inspection Report specific to the proposed Sand Reach.

It is proposed to mine 2,42,000 m<sup>3</sup>/annum of Ordinary Sand by manual open excavation method.

The proponent informed that they are collecting the baseline data from October to December 2019 and requested to consider the same for preparation of EIA report based on the Standard Terms of Reference for proposed Sand Reach. The SEAC considered the request of the proponent for utilizing the baseline data from October to December 2019 for preparation of EIA report.

After detailed discussions, the proponent is directed to prepare EIA report as per the Standard Terms of Reference (TORs) issued by the MoEF&CC, GoI for "Mining of Minerals", undergo the process of public hearing in consultation with TSPCB and submit final EIA report along with project specific Joint Inspection Report; minutes of public hearing & response of the proponent to the issues emerged in the public hearing to the SEAC for appraisal.

<b>Agenda Item: 06</b>	<b>9.11 Ha. Rough Stone &amp; Road Metal Mine of M/s. J.C.P.M. Industries (P) Ltd., Sy. No. 37 &amp; 38, Ravalkole (V), Medchal (M), Medchal - Malkajgiri District. – Amendment to Environmental Clearance - Reg.</b>
------------------------	---

The representative of the project proponent Sri E. Dinesh Reddy & Sri S. Sharath Reddy; and Sri G.V. Reddy of M/s. Team Labs and Consultants, Hyderabad attended and made a presentation before the SEAC.

The SEAC noted that earlier, the SEIAA, TS issued EC vide order dt. 09.10.2017 for the project with production capacity 6,03,330 m<sup>3</sup>/annum in mine lease area of 9.308 Ha.

Now, the proponent submitted documents uploaded online on 30.11.2018 seeking Amendment to EC. It was informed that they have applied for grant of 1<sup>st</sup> renewal of Quarry Lease for their Mine of 9.308 Ha. Accordingly, the DMG: Hyderabad issued Notice dt. 22.06.2018 to the proponent for grant of 1<sup>st</sup> renewal of Quarry lease. But, in the Notice it was informed that the Mining Department has surveyed the Quarry lease applied area and demarcated Geo co-ordinates recorded on surveyed sketch and granted in principle granted 1<sup>st</sup> renewal of Quarry lease over and extent Ac.22.20 Gts. or 9.11 Ha. for a further period of 20 years. Hence, it was requested to issue Amendment to EC.

During presentation, the proponent informed that the Mine lease area has been changed from 9.308 Ha. to 9.11 Ha. during grant of 1<sup>st</sup> Renewal of mine lease. It was further informed that there are no changes in production capacity and other parameters except Mine Lease Area. Hence, it was requested to issue Amendemnt to EC changing Mine Lease Area from 9.308 Ha. to 9.11 Ha.

The SEAC noted that the EC was issued with a validity *period of 5 years OR the expiry date of mine lease period issued by the Government of Telangana, whichever is earlier*. Presently, the validity period of EC expired, as the Mine Lease period expired and was granted of 1<sup>st</sup> Renewal of mine lease (in principle).

After detailed discussions, the SEAC decided to defer the proposal for further consideration.

Minutes of the SEAC Meeting held on 27.09.2019

<b>Agenda Item: 07</b>	<b>1.760 Ha. Colour Granite Mine, (Total Cluster Area - 11.64 Ha.) M/s. Nandita Granites, Sy. No. 496 to 500, Vilasagar (V), Boinpally (M), Rajanna Sircilla District. - Environmental Clearance (Expansion) - Reg.</b>
------------------------	---

The SEAC deferred the project, as the proponent did not attend the meeting.

Hence, the SEAC decided to inform the proponent to submit a letter stating willingness to consider their proposal in the SEAC meeting.

<b>Agenda Item: 08</b>	<b>12.80 Ha. Colour Granite Mine of M/s. Sri Radha Granites, Sy. No. 411, Chigurumamidi (V), Karimnagar (M), Karimnagar District. - Environmental Clearance - Reg.</b>
------------------------	--

The representative of the project proponent Sri Ravi Shankar Gupta; and Sri Mohan Reddy of M/s. Sri Sai Manasa Nature Tech (P) Ltd., Hyderabad attended and made a presentation before the SEAC.

The SEAC noted that the mine lease area is 12.80 Ha. which is more than 5.0 Ha. Hence, the project is considered under B1 Category as per provisions laid under EIA Notification, 2006 & its subsequent amendments and orders of the Hon'ble NGT.

It is proposed to mine 24,024 m<sup>3</sup>/annum of Colour Granite.

The proponent informed that they have already collected the baseline data during Summer Season 2019 and requested to consider the same for preparation of EIA report based on the Standard Terms of Reference for proposed mine.

But, the SEAC observed that the proponent has uploaded the proposal under "EC" in PARIVESH instead of "TOR".

In view of the above and after detailed discussions, the SEAC decided to return the application uploaded in EC. The proponent is requested to upload the proposal under "TOR" in PARIVESH for consideration of project for issue of TORs.

<b>Agenda Item: 09</b>	<b>13.01 Ha. Pedamandava Sand Reach of M/s. Telangana State Mineral Development Corporation Ltd., Pedamandava (V), Mudigonda (M), Khammam District. - Environmental Clearance - Reg.</b>
------------------------	--

The SEAC observed that the proposal is duplicate of the proposal in Agenda item no.28. Hence, the SEAC decided to return the proposal.

<b>Agenda Item: 10</b>	<b>24.00 Ha. Chinnaravigudem Sand Reach of M/s. Telangana State Mineral Development Corporation Ltd., Chinnaravigudem (V), Munuguru (M), Bhadradi Kothagudem District. - Environmental Clearance - Reg.</b>
------------------------	---

The SEAC observed that the proposal is duplicate of the proposal in Agenda item no.29. Hence, the SEAC decided to return the proposal.

<b>Agenda Item: 11</b>	<b>24.96 Ha. Peddipally Sand Reach of M/s. Telangana State Mineral Development Corporation Ltd., Peddipally (V), Cherla (M), Badradri Kothagudem District. - Environmental Clearance - Reg.</b>
------------------------	---

The SEAC observed that the proposal is duplicate of the proposal in Agenda item no.30. Hence, the SEAC decided to return the proposal.

**Minutes of the SEAC Meeting held on 27.09.2019**

<b>Agenda Item: 12</b>	<b>24.00 Ha. Arlagudem Sand Reach of M/s. Telangana State Mineral Development Corporation Ltd., Arlagudem (V) &amp; Lingapeta (V) of Chinturu (GP), Wazeedu (M) Jayashankar Bhupalapalli District. - Environmental Clearance - Reg.</b>
------------------------	---

The representative of the project proponent Sri K. Rajender Reddy & Sri Rajashekar Reddy; and Sri Mohan Reddy of M/s. Sri Sai Manasa Nature Tech (P) Ltd., Hyderabad attended and made a presentation before the SEAC.

It is noted that the mine lease area is 24.0 Ha. which is more than 5.0 Ha. The project is considered under B1 Category as per provisions laid under EIA Notification, 2006 & its subsequent amendments and orders of the Hon'ble NGT.

The SEAC noted that the coordinates of proposed sand reach are as following:

Latitude	Longitude
18° 28' 15.52" N	80° 24' 08.58"E
18° 28' 03.85" N	80° 24' 02.45"E
18° 27' 56.33" N	80° 24' 21.26"E
18° 28' 07.64" N	80° 24' 27.79"E

The proponent informed that the average thickness of sand deposited in the proposed sand reach is 4-6 m. (as per Approved Mining Plan) and depth of proposed sand extraction is 1.0 m. The proponent has not submitted detailed Joint Inspection Report specific to the proposed Sand Reach.

It is proposed to mine 2,40,000 m<sup>3</sup>/annum of Ordinary Sand by manual open excavation method.

The proponent informed that they have already collected the baseline data during Summer Season 2019 and requested to consider the same for preparation of EIA report based on the Standard Terms of Reference for proposed Sand Reach.

But, the SEAC observed that the proponent has uploaded the proposal under "EC" in PARIVESH instead of "TOR".

In view of the above and after detailed discussions, the SEAC decided to return the application uploaded in EC. The proponent is requested to upload the proposal under "TOR" in PARIVESH for consideration of project for issue of TORs.

<b>Agenda Item: 13</b>	<b>24.00 Ha. Peruru Sand Reach of M/s. Telangana State Mineral Development Corporation Ltd., Peruru (V), Wazeedu (M), Jayashankar Bhupalapally District. - Environmental Clearance - Reg.</b>
------------------------	---

The representative of the project proponent Sri K. Rajender Reddy & Sri Rajashekar Reddy; and Mohan Reddy of M/s. Sri Sai Manasa Nature Tech (P) Ltd., Hyderabad attended and made a presentation before the SEAC.

It is noted that the mine lease area is 24.0 Ha. which is more than 5.0 Ha. The project is considered under B1 Category as per provisions laid under EIA Notification, 2006 & its subsequent amendments and orders of the Hon'ble NGT.

The SEAC noted that the coordinates of proposed sand reach are as following:

Latitude	Longitude
18° 32.' 09.35" N	80° 22' 50.53"E
18° 32.' 09.91" N	80° 22' 36.81"E
18° 31.' 50.00" N	80° 22' 32.88"E
18° 31.' 49.81" N	80° 22' 46.29"E

**Minutes of the SEAC Meeting held on 27.09.2019**

The proponent informed that the average thickness of sand deposited in the proposed sand reach is 4-6 m. (as per Approved Mining Plan) and depth of proposed sand extraction is 1.0 m. The proponent has not submitted detailed Joint Inspection Report specific to the proposed Sand Reach.

It is proposed to mine 2,40,000 m<sup>3</sup>/annum of Ordinary Sand by manual open excavation method.

The proponent informed that they have already collected the baseline data during Summer Season 2019 and requested to consider the same for preparation of EIA report based on the Standard Terms of Reference for proposed Sand Reach.

But, the SEAC observed that the proponent has uploaded the proposal under “EC” in PARIVESH instead of “TOR”.

In view of the above and after detailed discussions, the SEAC decided to return the application uploaded in EC. The proponent is requested to upload the proposal under “TOR” in PARIVESH for consideration of project for issue of TORs.

<b>Agenda Item: 14</b>	<b>4.80 Ha. Rampur Agraharam Sand Reach of M/s. Telangana State Mineral Development Corporation Ltd., Rampur Agraharam (V), Eturunagaram (M), Jayashankar Bhupalapally District. - Environmental Clearance - Reg.</b>
------------------------	---

The representative of the project proponent Sri K. Rajender Reddy & Sri Rajashekar Reddy; and Mohan Reddy of M/s. Sri Sai Manasa Nature Tech (P) Ltd., Hyderabad attended and made a presentation before the SEAC.

It is noted that the mine lease area is 4.80 Ha. which is more than 5.0 Ha. The project is considered under B1 Category as per provisions laid under EIA Notification, 2006 & its subsequent amendments and orders of the Hon’ble NGT.

The proponent informed that the coordinates of proposed sand reach are as following:

<b>Latitude</b>	<b>Longitude</b>
18° 25' 35.90" N	80° 27' 21.30" E
18° 25' 38.10" N	80° 27' 27.70" E
18° 25' 45.90" N	80° 27' 26.30" E
18° 25' 44.30" N	80° 27' 19.90" E

The proponent informed that the average thickness of sand deposited in the proposed sand reach is 4-6 m. (as per Approved Mining Plan) and depth of proposed sand extraction is 2.5 m. The proponent has not submitted detailed Joint Inspection Report specific to the proposed Sand Reach.

It is proposed to mine 1,20,000 m<sup>3</sup>/annum of Ordinary Sand by manual open excavation method.

The SEAC noted that as per provisions laid under WALTA Act, “*The streams or rivers where the thickness of the sand is quite good i.e., (more than 8 meters), the depth of removal may be extended to 2 meters, but in no case beyond 2 meters sand mining shall not be permitted in streams where the thickness of sand deposition is less than two meters*”. Whereas, it is proposed to extract sand beyond 2.0 m which cannot be permitted. Further, the thickness of sand deposited in the proposed sand reach is not more than 8.0 m to permit extraction of Sand upto 2.0 m. depth.

In view of the above and after detailed discussions, the SEAC recommended to reject the proposal.

<b>Agenda Item: 15</b>	<b>22.50 Ha. Bheemavaram Sand Reach of M/s. Telangana State Mineral Development Corporation Ltd., Bheemavaram (V) &amp; Bhuvanapally (V), Wazeedu (M), Jayashankar Bhupalapally District. - Environmental Clearance - Reg.</b>
------------------------	--

The representative of the project proponent Sri K. Rajender Reddy & Sri Rajashekar Reddy; and Sri Mohan Reddy of M/s. Sri Sai Manasa Nature Tech (P) Ltd., Hyderabad attended and made a presentation before the SEAC.

**Minutes of the SEAC Meeting held on 27.09.2019**

It is noted that the mine lease area is 22.50 Ha. which is more than 5.0 Ha. The project is considered under B1 Category as per provisions laid under EIA Notification, 2006 & its subsequent amendments and orders of the Hon'ble NGT.

The SEAC noted that the coordinates of proposed sand reach are as following:

Latitude	Longitude
18° 28' 48.82" N	80° 23' 11.79"E
18° 28' 42.88" N	80° 23' 05.69"E
18° 28' 25.39" N	80° 23' 30.38"E
18° 28' 31.61" N	80° 23' 36.23"E

The proponent informed that the average thickness of sand deposited in the proposed sand reach is 4-6 m. (as per Approved Mining Plan) and depth of proposed sand extraction is 1.0 m. The proponent has not submitted detailed Joint Inspection Report specific to the proposed Sand Reach.

It is proposed to mine 2,25,000 m<sup>3</sup>/annum of Ordinary Sand by manual open excavation method.

The proponent informed that they have already collected the baseline data during Summer Season 2019 and requested to consider the same for preparation of EIA report based on the Standard Terms of Reference for proposed Sand Reach.

But, the SEAC observed that the proponent has uploaded the proposal under "EC" in PARIVESH instead of "TOR".

In view of the above and after detailed discussions, the SEAC decided to return the application uploaded in EC. The proponent is requested to upload the proposal under "TOR" in PARIVESH for consideration of project for issue of TORs.

<b>Agenda Item: 16</b>	<b>4.40 Ha. Buttaigudem Sand Reach of M/s. Telangana State Mineral Development Corporation Ltd., Buttaigudem (V), Eturunagaram (M), Jayashankar Bhupalapally District. - Environmental Clearance - Reg.</b>
------------------------	---

The representative of the project proponent Sri K. Rajender Reddy & Sri Rajashekar Reddy; and Sri Mohan Reddy of M/s. Sri Sai Manasa Nature Tech (P) Ltd., Hyderabad attended and made a presentation before the SEAC.

It is noted that the mine lease area is 4.40 Ha. which is less than 5.0 Ha. The project is considered under B2 Category as per provisions laid under EIA Notification, 2006 & its subsequent amendments and orders of the Hon'ble NGT.

The proponent informed that the coordinates of proposed sand reach are as following:

Latitude	Longitude
18° 29' 19.4" N	80° 22' 22.5" E
18° 29' 20.2" N	80° 22' 25.8" E
18° 29' 06.1" N	80° 22' 28.2" E
18° 29' 05.3" N	80° 22' 24.9" E

The proponent informed that the average thickness of sand deposited in the proposed sand reach is 6-8 m. as per Approved Mining Plan and more than 8.0 m as per Joint Inspection Report. The depth of proposed sand extraction is 2.0 m.

It is proposed to mine 88,000 m<sup>3</sup>/annum of Ordinary Sand by manual open excavation method.

The nearest village to the proposed site is Buttaigudem (V) which exists at a distance of 2.5 km and Chittial RF exists at distance of 2.25 km from the boundary of the site.

**Minutes of the SEAC Meeting held on 27.09.2019**

The proponent proposed the following measures towards control of Air Pollution:

- a. Regular spraying of water by water sprinkling system.
- b. Timely maintenance of vehicles to minimize air pollution due to movement of vehicles.
- c. Dust masks for employees.
- d. Covering the sand carrying vehicles with tarpaulin covers.
- e. Plantation of trees along the roads to reduce the impact of dust in the nearby villages.

The source of water requirement for the proposed project is from nearby villages. Total water requirement is 6.0 KLD. Out of that, 3.0 KLD is used for dust suppression and 3.0 KLD for domestic purpose. Wastewater generated from the domestic section is to be disposed into septic tank followed by soak pit.

The total cost of the project is Rs.25.0 Lakhs. The proponent is proposing budget for Environmental protection towards capital cost: Rs. 2.0 lakhs & Recurring Cost: Rs.2.5 Lakhs/month.

After detailed discussions, the SEAC decided to inform the proponent to submit clarification on thickness of sand deposited in the proposed Sand Reach alongwith a copy of supporting document and a copy of letter issued by the Mining Department w.r.t. detail of mine leases within 500m radius.

<b>Agenda Item: 17</b>	<b>4.80 Ha. Kamalapur Sand Reach of M/s. Telangana State Mineral Development Corporation Ltd., Kamalapur (V), Mangapet (M), Jayashankar Bhupalpally District. - Environmental Clearance - Reg.</b>
------------------------	--

The representative of the project proponent Sri K. Rajender Reddy & Sri Rajashekar Reddy; and Sri Mohan Reddy of M/s. Sri Sai Manasa Nature Tech (P) Ltd., Hyderabad attended and made a presentation before the SEAC.

It is noted that the mine lease area is 4.80 Ha. which is less than 5.0 Ha. The project is considered under B2 Category as per provisions laid under EIA Notification, 2006 & its subsequent amendments and orders of the Hon'ble NGT.

The proponent informed that the coordinates of proposed sand reach are as following:

<b>Latitude</b>	<b>Longitude</b>
18° 16' 21.9" N	80° 30' 07.2" E
18° 16' 21.9" N	80° 30' 14.0" E
18° 16' 29.9" N	80° 30' 14.0" E
18° 16' 29.9" N	80° 30' 07.2" E

The proponent informed that the average thickness of sand deposited in the proposed sand reach is 5-8 m. (as per Approved Mining Plan & Joint Inspection Report) and depth of proposed sand extraction is 2.0 m.

It is proposed to mine 96,000 m<sup>3</sup>/annum of Ordinary Sand by manual open excavation method.

The SEAC noted that as per provisions laid under WALTA Act, "*The streams or rivers where the thickness of the sand is quite good ie., (more than 8 meters), the depth of removal may be extended to 2 meters, but in no case beyond 2 meters sand mining shall not be permitted in streams where the thickness of sand deposition is less than two meters*". Whereas, it is proposed to extract sand upto 2.0 m which cannot be permitted, as the thickness of sand deposited in the proposed sand reach is not more than 8.0 m.

In view of the above and after detailed discussions, the SEAC recommended to reject the proposal.

**Minutes of the SEAC Meeting held on 27.09.2019**

<b>Agenda Item: 18</b>	<b>1.21 Ha. Quartz &amp; Feldspar Mine of M/s. I. Ramesh Reddy, Sy. No. 234, Laxmipally (V), Weepanagandla (M), Mahabubnagar District. - Environmental Clearance - Reg.</b>
------------------------	---

The SEAC deferred the project, as the proponent did not attend the meeting.

Hence, the SEAC decided to inform the proponent to submit a letter stating willingness to consider their proposal in the SEAC meeting.

<b>Agenda Item: 19</b>	<b>15.20 Ha. Kathigudem Sand Reach of M/s. Telangana State Mineral Development Corporation, Kathigudem (V), Mangapet (M), Jayashankar Bhupalapally District. - Environmental Clearance - Reg.</b>
------------------------	---

The representative of the project proponent Sri K. Rajender Reddy & Sri Rajashekar Reddy; and Sri Mohan Reddy of M/s. Sri Sai Manasa Nature Tech (P) Ltd., Hyderabad attended and made a presentation before the SEAC.

It is noted that the mine lease area is 15.20 Ha. which is more than 5.0 Ha. The project is considered under B1 Category as per provisions laid under EIA Notification, 2006 & its subsequent amendments and orders of the Hon'ble NGT.

The SEAC noted that the coordinates of proposed sand reach are as following:

<b>Latitude</b>	<b>Longitude</b>
18° 10' 16.2" N	80° 39' 36.7" E
18° 10' 27.1" N	80° 39' 23.5" E
18° 10' 36.1" N	80° 39' 31.8" E
18° 10' 22.7" N	80° 39' 41.3" E

The proponent informed that the average thickness of sand deposited in the proposed sand reach is 4-6 m. (as per Approved Mining Plan) and depth of proposed sand extraction is 2.0 m. It is observed that the thickness of sand deposited in the proposed sand reach is not mentioned in the Joint Inspection Report.

It is proposed to mine 3,10,284 m<sup>3</sup>/annum of Ordinary Sand by manual open excavation method.

The SEAC noted that as per provisions laid under WALTA Act, "*The streams or rivers where the thickness of the sand is quite good i.e., (more than 8 meters), the depth of removal may be extended to 2 meters, but in no case beyond 2 meters sand mining shall not be permitted in streams where the thickness of sand deposition is less than two meters*". Whereas, it is proposed to extract sand upto 2.0 m which cannot be permitted, as the thickness of sand deposited in the proposed sand reach is not more than 8.0 m.

In view of the above and after detailed discussions, the SEAC recommended to reject the proposal.

<b>Agenda Item: 20</b>	<b>18.00 Ha. Kothapally Sand Reach of M/s. Telangana State Mineral Development Corporation, Kothapally (V), Cherala (M), Bhadradri Kothagudem District. - Environmental Clearance - Reg.</b>
------------------------	--

The representative of the project proponent Sri K. Rajender Reddy & Sri Rajashekar Reddy; and Sri Mohan Reddy of M/s. Sri Sai Manasa Nature Tech (P) Ltd., Hyderabad attended and made a presentation before the SEAC.

It is noted that the mine lease area is 18.0 Ha. which is more than 5.0 Ha. The project is considered under B1 Category as per provisions laid under EIA Notification, 2006 & its subsequent amendments and orders of the Hon'ble NGT.

**Minutes of the SEAC Meeting held on 27.09.2019**

The SEAC noted that the coordinates of proposed sand reach are as following:

<b>Latitude</b>	<b>Longitude</b>
18° 02' 35.40" N	80° 48' 37.40" E
18° 02' 12.95" N	80° 49' 02.35" E
18° 02' 09.00" N	80° 48' 58.00" E
18° 02' 31.10" N	80° 48' 32.90" E

The proponent informed that the average thickness of sand deposited in the proposed sand reach is 4-6 m. (as per Approved Mining Plan) and depth of proposed sand extraction is 1.0 m. The proponent has not submitted detailed Joint Inspection Report specific to the proposed Sand Reach.

It is proposed to mine 1,36,480 m<sup>3</sup>/annum of Ordinary Sand by manual open excavation method.

The proponent informed that they have already collected the baseline data during Summer Season 2019 and requested to consider the same for preparation of EIA report based on the Standard Terms of Reference for proposed Sand Reach.

But, the SEAC observed that the proponent has uploaded the proposal under "EC" in PARIVESH instead of "TOR".

In view of the above and after detailed discussions, the SEAC decided to return the application uploaded in EC. The proponent is requested to upload the proposal under "TOR" in PARIVESH for consideration of project for issue of TORs.

<b>Agenda Item: 21</b>	<b>31.00 Ha. Mullakatta Sand Reach-3 of M/s. Telangana State Mineral Development Corporation Ltd., Mullakatta Grampanchayat, Rampur (V), Eturunagaram (M), Jayashankar Bhupalapalli District - Environmental Clearance - Reg.</b>
------------------------	---

The representative of the project proponent Sri K. Rajender Reddy & Sri Rajashekar Reddy; and Sri Mohan Reddy of M/s. Sri Sai Manasa Nature Tech (P) Ltd., Hyderabad attended and made a presentation before the SEAC.

It is noted that the mine lease area is 31.0 Ha. which is more than 5.0 Ha. The project is considered under B1 Category as per provisions laid under EIA Notification, 2006 & its subsequent amendments and orders of the Hon'ble NGT.

The SEAC noted that the coordinates of proposed sand reach are as following:

<b>Latitude</b>	<b>Longitude</b>
18° 25' 45.0" N	80° 27' 49.0" E
18° 26' 10.6" N	80° 27' 44.8" E
18° 26' 09.3" N	80° 27' 31.7" E
18° 25' 43.7" N	80° 27' 35.8" E

The proponent informed that the average thickness of sand deposited in the proposed sand reach is more than 6 m. (as per Approved Mining Plan) and depth of proposed sand extraction is 2.0 m. The SECA noted that 2<sup>nd</sup> page of Joint Inspection Report in which the information on thickness sand deposited is missing.

The SEAC further noted that as per provisions laid under WALTA Act, "The streams or rivers where the thickness of the sand is quite good i.e., (more than 8 meters), the depth of removal may be extended to 2 meters, but in no case beyond 2 meters sand mining shall not be permitted in streams where the thickness of sand deposition is less than two meters". Whereas, it is not known whether the thickness of sand deposited in the proposed sand reach is more than 8.0 m or not, in order to permit extraction of Sand upto 2.0 m. depth.

**Minutes of the SEAC Meeting held on 27.09.2019**

In view of the above and after detailed discussions, the SEAC directed the proponent to submit clarification on thickness of sand deposited in the proposed Sand Reach alongwith a copy of complete Joint Inspection Report for taking necessary action.

<b>Agenda Item: 22</b>	<b>31.00 Ha. Mullakatta Sand Reach-1 of M/s. Telangana State Mineral Development Corporation Ltd., Mullakatta Grampanchayat, Rampur (V), Eturunagaram (M), Jayashankar Bhupalapalli District - Environmental Clearance - Reg.</b>
------------------------	---

The representative of the project proponent Sri K. Rajender Reddy & Sri Rajashekar Reddy; and Sri Mohan Reddy of M/s. Sri Sai Manasa Nature Tech (P) Ltd., Hyderabad attended and made a presentation before the SEAC.

It is noted that the mine lease area is 31.0 Ha. which is more than 5.0 Ha. The project is considered under B1 Category as per provisions laid under EIA Notification, 2006 & its subsequent amendments and orders of the Hon'ble NGT.

The SEAC noted that the coordinates of proposed sand reach are as following:

Latitude	Longitude
18° 25' 42.4" N	80° 27' 22.6" E
18° 26' 07.9" N	80° 27' 18.5" E
18° 26' 09.3" N	80° 27' 31.7" E
18° 25' 43.7" N	80° 27' 35.8" E

The proponent informed that the average thickness of sand deposited in the proposed sand reach is more than 6 m. (as per Approved Mining Plan & Joint Inspection Report) and depth of proposed sand extraction is 2.0 m.

The SEAC further noted that as per provisions laid under WALTA Act, "*The streams or rivers where the thickness of the sand is quite good ie., (more than 8 meters), the depth of removal may be extended to 2 meters, but in no case beyond 2 meters sand mining shall not be permitted in streams where the thickness of sand deposition is less than two meters*". Whereas, it is not known whether the thickness of sand deposited in the proposed sand reach is more than 8.0 m or not, in order to permit extraction of Sand upto 2.0 m. depth.

In view of the above and after detailed discussions, the SEAC directed the proponent to submit clarification on thickness of sand deposited in the proposed Sand Reach supported with a copy of revised Joint Inspection Report for taking necessary action.

<b>Agenda Item: 23</b>	<b>31.00 Ha. Yakannagudem Sand Reach of M/s. Telangana State Mineral Development Corporation Ltd., Yakannagudem Grampanchayat, Yakannagudem (V), Venkatapuram (M), Jayashankar Bhupalpally District - Environmental Clearance - Reg.</b>
------------------------	--

The representative of the project proponent Sri K. Rajender Reddy & Sri Rajashekar Reddy; and Sri Mohan Reddy of M/s. Sri Sai Manasa Nature Tech (P) Ltd., Hyderabad attended and made a presentation before the SEAC.

It is noted that the mine lease area is 31.0 Ha. which is more than 5.0 Ha. The project is considered under B1 Category as per provisions laid under EIA Notification, 2006 & its subsequent amendments and orders of the Hon'ble NGT.

The SEAC noted that the coordinates of proposed sand reach are as following:

Latitude	Longitude
18° 07' 22.5" N	80° 43' 43.6" E
18° 06' 58.0" N	80° 44' 00.2" E
18° 06' 52.2" N	80° 43' 50.2" E
18° 07' 16.6" N	80° 43' 33.6" E

**Minutes of the SEAC Meeting held on 27.09.2019**

The proponent informed that the average thickness of sand deposited in the proposed sand reach is more than 6 m. (as per Approved Mining Plan & Joint Inspection Report) and depth of proposed sand extraction is 2.0 m. The SECA noted that the proponent has not submitted copy of complete Joint Inspection Report due to which the information on thickness sand deposited is missing.

The SEAC further noted that as per provisions laid under WALTA Act, "*The streams or rivers where the thickness of the sand is quite good ie., (more than 8 meters), the depth of removal may be extended to 2 meters, but in no case beyond 2 meters sand mining shall not be permitted in streams where the thickness of sand deposition is less than two meters*". Whereas, it is not known whether the thickness of sand deposited in the proposed sand reach is more than 8.0 m or not, in order to permit extraction of Sand upto 2.0 m. depth.

In view of the above and after detailed discussions, the SEAC directed the proponent to submit clarification on thickness of sand deposited in the proposed Sand Reach alongwith a copy of complete Joint Inspection Report for taking necessary action.

<b>Agenda Item: 24</b>	<b>31.00 Ha. Ippagudem Sand Reach of M/s. Telangana State Mineral Development Corporation Ltd., Ippagudem (V), Venkatapuram (M), Jayashankar Bhupalapalli District - Environmental Clearance - Reg.</b>
------------------------	---

The representative of the project proponent Sri K. Rajender Reddy & Sri Rajashekar Reddy; and Sri Mohan Reddy of M/s. Sri Sai Manasa Nature Tech (P) Ltd., Hyderabad attended and made a presentation before the SEAC.

It is noted that the mine lease area is 31.0 Ha. which is more than 5.0 Ha. The project is considered under B1 Category as per provisions laid under EIA Notification, 2006 & its subsequent amendments and orders of the Hon'ble NGT.

The SEAC noted that the coordinates of proposed sand reach are as following:

<b>Latitude</b>	<b>Longitude</b>
18° 14' 57.47" N	80° 36' 10.28" E
18° 14' 35.20" N	80° 36' 31.80" E
18° 14' 26.44" N	80° 36' 24.42" E
18° 14' 48.33" N	80° 36' 03.16" E

The proponent informed that the average thickness of sand deposited in the proposed sand reach is more than 6 m. (as per Approved Mining Plan) and depth of proposed sand extraction is 2.0 m. The SECA noted that 2<sup>nd</sup> page of Joint Inspection Report in which the thickness sand deposited will be mentioned is missing.

The SEAC further noted that as per provisions laid under WALTA Act, "*The streams or rivers where the thickness of the sand is quite good ie., (more than 8 meters), the depth of removal may be extended to 2 meters, but in no case beyond 2 meters sand mining shall not be permitted in streams where the thickness of sand deposition is less than two meters*". Whereas, it is not known whether the thickness of sand deposited in the proposed sand reach is more than 8.0 m or not, in order to permit extraction of Sand upto 2.0 m. depth.

In view of the above and after detailed discussions, the SEAC directed the proponent to submit clarification on thickness of sand deposited in the proposed Sand Reach alongwith a copy of complete Joint Inspection Report for taking necessary action.

<b>Agenda Item: 25</b>	<b>11.000 Ha. Eturunagaram Sand Reach of M/s. Telangana State Mineral Development Corporation Ltd., Eturunagaram (V&amp;M), Jayashankar Bhupalapalli District - Environmental Clearance - Reg.</b>
------------------------	--

The representative of the project proponent Sri K. Rajender Reddy & Sri Rajashekar Reddy; and Sri Mohan Reddy of M/s. Sri Sai Manasa Nature Tech (P) Ltd., Hyderabad attended and made a presentation before the SEAC.

**Minutes of the SEAC Meeting held on 27.09.2019**

It is noted that the mine lease area is 11.0 Ha. which is more than 5.0 Ha. The project is considered under B1 Category as per provisions laid under EIA Notification, 2006 & its subsequent amendments and orders of the Hon'ble NGT.

The SEAC noted that the coordinates of proposed sand reach are as following:

Latitude	Longitude
18° 21' 34.8" N	80° 26' 35.7" E
18° 21' 41.3" N	80° 26' 30.8" E
18° 21' 49.0" N	80° 26' 43.8" E
18° 21' 42.6" N	80° 26' 48.7" E

The proponent informed that the average thickness of sand deposited in the proposed sand reach is more than 6 m. (as per Approved Mining Plan & Joint Inspection Report) and depth of proposed sand extraction is 2.0 m.

The SEAC further noted that as per provisions laid under WALTA Act, "*The streams or rivers where the thickness of the sand is quite good ie., (more than 8 meters), the depth of removal may be extended to 2 meters, but in no case beyond 2 meters sand mining shall not be permitted in streams where the thickness of sand deposition is less than two meters*". Whereas, it is not known whether the thickness of sand deposited in the proposed sand reach is more than 8.0 m or not, in order to permit extraction of Sand upto 2.0 m. depth.

In view of the above and after detailed discussions, the SEAC directed the proponent to submit clarification on thickness of sand deposited in the proposed Sand Reach supported with a copy of revised Joint Inspection Report for taking necessary action.

<b>Agenda Item: 26</b>	<b>22.17 Ha. Akinepally Mallaram Sand Reach of M/s. Telangana State Mineral Development Corporation Ltd., Akinepally Mallaram (V), Mangapeta (M), Jayshankar Bhupalpally District - Environmental Clearance - Reg.</b>
------------------------	--

The representative of the project proponent Sri K. Rajender Reddy & Sri Rajashekar Reddy; and Sri Mohan Reddy of M/s. Sri Sai Manasa Nature Tech (P) Ltd., Hyderabad attended and made a presentation before the SEAC.

It is noted that the mine lease area is 22.17 Ha. which is more than 5.0 Ha. The project is considered under B1 Category as per provisions laid under EIA Notification, 2006 & its subsequent amendments and orders of the Hon'ble NGT.

The SEAC noted that the coordinates of proposed sand reach are as following:

Latitude	Longitude
18° 08' 01.8" N	80° 41' 51.6" E
18° 08' 11.5" N	80° 41' 58.4" E
18° 08' 27.8" N	80° 41' 46.0" E
18° 08' 18.1" N	80° 41' 39.2" E

The proponent informed that the average thickness of sand deposited in the proposed sand reach is more than 8 m. (as per Approved Mining Plan & Joint Inspection Report) and depth of proposed sand extraction is 2.0 m.

It is proposed to mine 4,47,640 m<sup>3</sup>/annum of Ordinary Sand by manual open excavation method.

The proponent informed that they have already collected the baseline data during Summer Season 2019 and requested to consider the same for preparation of EIA report based on the Standard Terms of Reference for proposed Sand Reach. The SEAC considered the request of the proponent for utilizing the baseline data during Summer Season 2019 for preparation of EIA report.

**Minutes of the SEAC Meeting held on 27.09.2019**

After detailed discussions, the proponent is directed to prepare EIA report as per the Standard Terms of Reference (TORs) issued by the MoEF&CC, GoI for "Mining of Minerals", undergo the process of public hearing in consultation with TSPCB and submit final EIA report along with minutes of public hearing & response of the proponent to the issues emerged in the public hearing to the SEAC for appraisal.

<b>Agenda Item: 27</b>	<b>24.00 Ha. Eturu Sand Reach of M/s. Telangana State Mineral Development Corporation Ltd., Eturu (V), Kannaigudem (M), Jayshankar Bhupalpally District - Environmental Clearance - Reg.</b>
------------------------	--

The representative of the project proponent Sri K. Rajender Reddy & Sri Rajashekar Reddy; and Sri Mohan Reddy of M/s. Sri Sai Manasa Nature Tech (P) Ltd., Hyderabad attended and made a presentation before the SEAC.

It is noted that the mine lease area is 24.0 Ha. which is more than 25.0 Ha. The project is considered under B1 Category as per provisions laid under EIA Notification, 2006 & its subsequent amendments.

The SEAC noted that the coordinates of proposed sand reach are as following:

<b>Latitude</b>	<b>Longitude</b>
18° 28' 05.44" N	80° 23' 03.15" E
18° 28' 09.42" N	80° 23' 09.70" E
18° 28' 28.67" N	80° 22' 54.69" E
18° 28' 22.57" N	80° 23' 50.21" E

The proponent informed that the average thickness of sand deposited in the proposed sand reach is more than 4 m. (as per Approved Mining Plan & Joint Inspection Report) and depth of proposed sand extraction is 2.0 m.

The SEAC further noted that as per provisions laid under WALTA Act, "*The streams or rivers where the thickness of the sand is quite good i.e., (more than 8 meters), the depth of removal may be extended to 2 meters, but in no case beyond 2 meters sand mining shall not be permitted in streams where the thickness of sand deposition is less than two meters*". Whereas, it is not known whether the thickness of sand deposited in the proposed sand reach is more than 8.0 m or not, in order to permit extraction of Sand upto 2.0 m. depth.

In view of the above and after detailed discussions, the SEAC directed the proponent to submit clarification on thickness of sand deposited in the proposed Sand Reach supported with a copy of revised Joint Inspection Report for taking necessary action.

<b>Agenda Item: 28</b>	<b>13.01 Ac. Pedamandava Sand Reach of M/s. Telangana State Mineral Development Corporation Ltd., Sy. No. 57/A &amp; 57/AA in (Muneru River), Pedamandava (V), Mudigonda (M), Khammam District - Environmental Clearance - Reg.</b>
------------------------	---

The representative of the project proponent Sri K. Rajender Reddy & Sri Rajashekar Reddy; and Sri Mohan Reddy of M/s. Sri Sai Manasa Nature Tech (P) Ltd., Hyderabad attended and made a presentation before the SEAC.

It is noted that the mine lease area is Ac.13.01 (5.26 Ha.) which is more than 5.0 Ha. The project is considered under B1 Category as per provisions laid under EIA Notification, 2006 & its subsequent amendments and orders of the Hon'ble NGT.

The SEAC noted that the coordinates of proposed sand reach are as following:

<b>Latitude</b>	<b>Longitude</b>
17° 00' 47.10" N	80° 09' 58.90" E
17° 00' 44.50" N	80° 10' 05.30" E
17° 00' 37.10" N	80° 10' 05.50" E
17° 00' 38.70" N	80° 09' 58.90" E

**Minutes of the SEAC Meeting held on 27.09.2019**

The proponent informed that the average thickness of sand deposited in the proposed sand reach is 4-7 m. (as per Approved Mining Plan) and depth of proposed sand extraction is 1.5 m. The proponent has not submitted detailed Joint Inspection Report specific to the proposed Sand Reach.

It is proposed to mine 74,361m<sup>3</sup>/annum of Ordinary Sand by manual open excavation method for decasting of sand from Patta Land.

The proponent informed that they have already collected the baseline data during Summer Season 2019 and requested to consider the same for preparation of EIA report based on the Standard Terms of Reference for proposed Sand Reach. The SEAC considered the request of the proponent for utilizing the baseline data during Summer Season 2019 for preparation of EIA report.

After detailed discussions, the proponent is directed to prepare EIA report as per the Standard Terms of Reference (TORs) issued by the MoEF&CC, GoI for "Mining of Minerals", undergo the process of public hearing in consultation with TSPCB and submit final EIA report along with project specific Joint Inspection Report; minutes of public hearing & response of the proponent to the issues emerged in the public hearing to the SEAC for appraisal.

<b>Agenda Item: 29</b>	<b>24.00 Ha. Chinnaravigudem Sand Reach of M/s. Telangana State Mineral Development Corporation Ltd., Chinnaravigudem (V), Munuguru (M), Bhadradri Kothagudem District - Environmental Clearance - Reg.</b>
------------------------	---

The representative of the project proponent Sri K. Rajender Reddy & Sri Rajashekar Reddy; and Sri Mohan Reddy of M/s. Sri Sai Manasa Nature Tech (P) Ltd., Hyderabad attended and made a presentation before the SEAC.

It is noted that the mine lease area is 24.0 Ha. which is more than 5.0 Ha. The project is considered under B1 Category as per provisions laid under EIA Notification, 2006 & its subsequent amendments and orders of the Hon'ble NGT.

The SEAC noted that the coordinates of proposed sand reach are as following:

<b>Latitude</b>	<b>Longitude</b>
17° 57' 06.14" N	80° 52' 49.69" E
17° 57' 01.12" N	80° 52' 37.23" E
17° 56' 44.10" N	80° 52' 47.34" E
17° 56' 48.59" N	80° 52' 59.54" E

The proponent informed that the average thickness of sand deposited in the proposed sand reach is 4-6 m. (as per Approved Mining Plan) and depth of proposed sand extraction is 1.0 m. The proponent has not submitted detailed Joint Inspection Report specific to the proposed Sand Reach.

It is proposed to mine 2,40,000 m<sup>3</sup>/annum of Ordinary Sand by manual open excavation method.

The proponent informed that they have already collected the baseline data during Summer Season 2019 and requested to consider the same for preparation of EIA report based on the Standard Terms of Reference for proposed Sand Reach. The SEAC considered the request of the proponent for utilizing the baseline data during Summer Season 2019 for preparation of EIA report.

After detailed discussions, the proponent is directed to prepare EIA report as per the Standard Terms of Reference (TORs) issued by the MoEF&CC, GoI for "Mining of Minerals", undergo the process of public hearing in consultation with TSPCB and submit final EIA report along with project specific Joint Inspection Report; minutes of public hearing & response of the proponent to the issues emerged in the public hearing to the SEAC for appraisal.

Minutes of the SEAC Meeting held on 27.09.2019

<b>Agenda Item: 30</b>	<b>24.96 Ha. Peddipally Sand Reach of M/s. Telangana State Mineral Development Corporation Ltd., Peddipally (V), Cherla (M), Badradri Kothagudem District - Environmental Clearance - Reg.</b>
------------------------	--

The representative of the project proponent Sri K. Rajender Reddy & Sri Rajashekar Reddy; and Sri Mohan Reddy of M/s. Sri Sai Manasa Nature Tech (P) Ltd., Hyderabad attended and made a presentation before the SEAC.

It is noted that the mine lease area is 24.96 Ha. which is more than 5.0 Ha. The project is considered under B1 Category as per provisions laid under EIA Notification, 2006 & its subsequent amendments and orders of the Hon'ble NGT.

The SEAC noted that the coordinates of proposed sand reach are as following:

<b>Latitude</b>	<b>Longitude</b>
17° 59' 43.79" N	80° 50' 40.00" E
17° 59' 26.12" N	80° 51' 05.72" E
17° 59' 16.47" N	80° 51' 05.65" E
17° 59' 36.56" N	80° 50' 39.00" E

The proponent informed that the average thickness of sand deposited in the proposed sand reach is 4-6 m. (as per Approved Mining Plan) and depth of proposed sand extraction is 1.0 m. The proponent has not submitted detailed Joint Inspection Report specific to the proposed Sand Reach.

It is proposed to mine 1,79,702 m<sup>3</sup>/annum of Ordinary Sand by manual open excavation method.

The proponent informed that they have already collected the baseline data during Summer Season 2019 and requested to consider the same for preparation of EIA report based on the Standard Terms of Reference for proposed Sand Reach. The SEAC considered the request of the proponent for utilizing the baseline data during Summer Season 2019 for preparation of EIA report.

After detailed discussions, the proponent is directed to prepare EIA report as per the Standard Terms of Reference (TORs) issued by the MoEF&CC, GoI for "Mining of Minerals", undergo the process of public hearing in consultation with TSPCB and submit final EIA report along with project specific Joint Inspection Report; minutes of public hearing & response of the proponent to the issues emerged in the public hearing to the SEAC for appraisal.

<b>Agenda Item: 31</b>	<b>10.40 Ha. Thallagommur Sand Reach of M/s. Telangana State Mineral Development Corporation Ltd., Thallagommur (V), Burgampahad (M), Bhadradi Kothagudem District. - Environmental Clearance - Reg.</b>
------------------------	--

The representative of the project proponent Sri K. Rajender Reddy & Sri Rajashekar Reddy; and Sri Mohan Reddy of M/s. Sri Sai Manasa Nature Tech (P) Ltd., Hyderabad attended and made a presentation before the SEAC.

It is noted that the mine lease area is 10.40 Ha. which is more than 5.0 Ha. The project is considered under B1 Category as per provisions laid under EIA Notification, 2006 & its subsequent amendments and orders of the Hon'ble NGT.

The SEAC noted that the coordinates of proposed sand reach are as following:

<b>Latitude</b>	<b>Longitude</b>
17° 41' 05.82" N	80° 53' 10.53" E
17° 41' 22.89" N	80° 53' 21.75" E
17° 41' 18.08" N	80° 53' 24.50" E
17° 40' 58.45" N	80° 53' 12.53" E

**Minutes of the SEAC Meeting held on 27.09.2019**

The proponent informed that the average thickness of sand deposited in the proposed sand reach is 4-6 m. (as per Approved Mining Plan) and depth of proposed sand extraction is 1.0 m. The proponent has not submitted detailed Joint Inspection Report specific to the proposed Sand Reach.

It is proposed to mine 1,04,000m<sup>3</sup>/annum of Ordinary Sand by manual open excavation method.

The proponent informed that they have already collected the baseline data during Summer Season 2019 and requested to consider the same for preparation of EIA report based on the Standard Terms of Reference for proposed Sand Reach. The SEAC considered the request of the proponent for utilizing the baseline data during Summer Season 2019 for preparation of EIA report.

After detailed discussions, the proponent is directed to prepare EIA report as per the Standard Terms of Reference (TORs) issued by the MoEF&CC, GoI for "Mining of Minerals", undergo the process of public hearing in consultation with TSPCB and submit final EIA report along with project specific Joint Inspection Report; minutes of public hearing & response of the proponent to the issues emerged in the public hearing to the SEAC for appraisal.

<b>Agenda Item: 32</b>	<b>24.83 Ha. Sambaigudem Sand Reach of M/s. Telangana State Mineral Development Corporation Ltd., Sambaigudem (V), Manuguru (M), Bhadradi Kothagudem District. - Environmental Clearance - Reg.</b>
------------------------	---

The representative of the project proponent Sri K. Rajender Reddy & Sri Rajashekar Reddy; and Sri Mohan Reddy of M/s. Sri Sai Manasa Nature Tech (P) Ltd., Hyderabad attended and made a presentation before the SEAC.

It is noted that the mine lease area is 24.83 Ha. which is more than 5.0 Ha. The project is considered under B1 Category as per provisions laid under EIA Notification, 2006 & its subsequent amendments and orders of the Hon'ble NGT.

The SEAC noted that the coordinates of proposed sand reach are as following:

<b>Latitude</b>	<b>Longitude</b>
18° 1' 46.31" N	80° 46' 3.65" E
18° 1' 58.31" N	80° 46' 9.05" E
18° 1' 49.30" N	80° 46' 27.51" E
18° 1' 37.47" N	80° 46' 26.67" E

The proponent informed that the average thickness of sand deposited in the proposed sand reach is 4-6 m. (as per Approved Mining Plan) and depth of proposed sand extraction is 1.0 m. The proponent has not submitted detailed Joint Inspection Report specific to the proposed Sand Reach.

It is proposed to mine 2,48,300 m<sup>3</sup>/annum of Ordinary Sand by manual open excavation method.

The proponent informed that they have already collected the baseline data during Summer Season 2019 and requested to consider the same for preparation of EIA report based on the Standard Terms of Reference for proposed Sand Reach. The SEAC considered the request of the proponent for utilizing the baseline data during Summer Season 2019 for preparation of EIA report.

After detailed discussions, the proponent is directed to prepare EIA report as per the Standard Terms of Reference (TORs) issued by the MoEF&CC, GoI for "Mining of Minerals", undergo the process of public hearing in consultation with TSPCB and submit final EIA report along with project specific Joint Inspection Report; minutes of public hearing & response of the proponent to the issues emerged in the public hearing to the SEAC for appraisal.

<b>Agenda Item: 33</b>	<b>24.00 Ha. Bommanapally Sand Reach of M/s. Telangana State Mineral Development Corporation Ltd., Bommanapally (V), wazeedu (M), Mulugu District. - Environmental Clearance - Reg.</b>
------------------------	---

The representative of the project proponent Sri K. Rajender Reddy & Sri Rajashekar Reddy; and Sri Mohan Reddy of M/s. Sri Sai Manasa Nature Tech (P) Ltd., Hyderabad attended and made a presentation before the SEAC.

  
**CHAIRMAN, SEAC**

**Minutes of the SEAC Meeting held on 27.09.2019**

It is noted that the mine lease area is 24.0 Ha. which is more than 5.0 Ha. The project is considered under B1 Category as per provisions laid under EIA Notification, 2006 & its subsequent amendments and orders of the Hon'ble NGT.

The SEAC noted that the coordinates of proposed sand reach are as following:

<b>Latitude</b>	<b>Longitude</b>
18° 23' 27.07" N	80° 28' 24.61" E
18° 23' 28.05" N	80° 28' 07.09" E
18° 23' 12.31" N	80° 28' 06.68" E
18° 23' 11.73" N	80° 28' 23.82" E

The proponent informed that the average thickness of sand deposited in the proposed sand reach is more than 6 m. (as per Approved Mining Plan) and depth of proposed sand extraction is 1.0 m. The proponent has not submitted detailed Joint Inspection Report specific to the proposed Sand Reach.

It is proposed to mine 2,40,000 m<sup>3</sup>/annum of Ordinary Sand by manual open excavation method.

The proponent informed that they have already collected the baseline data during Summer Season 2019 and requested to consider the same for preparation of EIA report based on the Standard Terms of Reference for proposed Sand Reach. The SEAC considered the request of the proponent for utilizing the baseline data during Summer Season 2019 for preparation of EIA report.

After detailed discussions, the proponent is directed to prepare EIA report as per the Standard Terms of Reference (TORs) issued by the MoEF&CC, GoI for "Mining of Minerals", undergo the process of public hearing in consultation with TSPCB and submit final EIA report along with project specific Joint Inspection Report; minutes of public hearing & response of the proponent to the issues emerged in the public hearing to the SEAC for appraisal.

<b>Agenda Item: 34</b>	<b>2.29 Ha. Black Granite Mine of M/s. Vayunand Mines &amp; Minerals Private Limited, Sy. No. 432, Maddirala (V), Nuthankal (M), Suryapet District. - Environmental Clearance - Reg.</b>
------------------------	--

The representative of the project proponent Sri P.V. Subramanyam; and Smt. Srilatha of M/s.Pridhvi Envirotech (P) Ltd., Hyderabad attended and made a presentation before the SEAC.

The proponent submitted a copy of Notice dt. 05.07.2016 of the DMG, Hyderabad granting quarry lease (in principle) in favour of the proponent for a period of 15 years. It may be noted that the Mine Lease is granted after 09.09.2013.

The Proponent also submitted a copy of lr.dt. 20.07.2019 of ADMG, Suryapet informing that there are no leases existing within 500m from the proposed quarry lease.

The SEAC noted that the mine lease area is 2.29 Ha. which is less than 5.0 Ha. It is further noted that the Cluster area is 2.29 Ha. which is less than 5.0 Ha. Hence, the project is considered under B2 Category as per provisions laid under EIA Notification, 2006 & its subsequent amendments and orders of the Hon'ble NGT.

The nearest village to the proposed site is Maddirala (V) which is existing at a distance of 1.5 km, and Palleru RF exists at 5.0 km and Kuntapalli Cheruvu exists at a distance of 0.4 km from the boundary of the site.

It is proposed to mine 3,042 m<sup>3</sup>/annum of Black Granite and the life of mine is reported as 51 years.

The opencast semi-mechanized method is adopted for quarrying to cut the mineral into blocks.

### Minutes of the SEAC Meeting held on 27.09.2019

The proponent is proposing the following measures towards control of Air Pollution:

- a. Regular spraying of water by water sprinkling system on haul roads and retaining wall within the premises.
- b. Water sprinkling on blocks before dressing.
- c. Drilling with wet gunny bags on drilling surface.
- d. Timely maintenance of vehicles to minimize air pollution due to movement of vehicles.
- e. Dust masks for employees.
- f. Covering the Granite carrying vehicles with tarpaulin covers.
- g. Plantation of trees along the roads and OB dump to reduce the impact of dust in the nearby villages. Fertile soil will be purchased locally to spread on dump for plantation.

The source of water requirement for the proposed project is from nearby village by tankers. Total water requirement is 4.0 KLD. Out of that, 0.5 KLD is used for Processing, 1.3 KLD for dust suppression, 1.0 KLD for development of greenbelt and 1.2 KLD for domestic purpose. Wastewater generated from the domestic section is to be disposed into septic tank followed by soak pit.

The proponent informed that the waste generated from the Mine will be used for backfilling, building roads, flooring tiles, small ornamental and decorative pieces, etc., The proponent is proposing to dump Over burden within their Mine Lease Area. It is proposed to provide retaining wall around the dump on dip side to arrest the loose material. The project proponent is proposing garland drain and siltation pond to arrest siltation. They are proposing local species of plants for plantation along the Roads & OB dump. The proponent is proposing plantation of Mango, Neem, Subabul.

The total cost of the project is Rs. 30 Lakhs. The proponent is proposing budget for Environmental protection towards capital cost: Rs. 3.8 lakhs and recurring cost: Rs. 2.31 Lakhs/annum.

After detailed discussions, the SEAC recommended for issue of EC.

<b>Agenda Item: 35</b>	<b>3.98 Ha. Black Granite Mine of Sri S.R. Purandara Vasu, Sy. No. 36 of Malkimiyanpally (V) &amp; Sy. No. 59 of Salkalapur (V), Ghanapur (M), Mahabubnagar District. - Environmental Clearance - Reg.</b>
------------------------	--

The representative of the project proponent Sri P.V. Subramanyam; and Smt. Srilatha of M/s.Pridhvi Envirotech (P) Ltd., Hyderabad attended and made a presentation before the SEAC.

The proponent submitted a copy of Notice dt. 23.02.2016 of the DMG, Hyderabad granting quarry lease (in principle) in favour of the proponent for a period of 20 years. It may be noted that the Mine Lease is granted after 09.09.2013.

The proponent also submitted a copy of lr.dt.03.2019 of ADMG, Wanaparthy addressed to the proponent informing that another quarry lease of M/s. Meghana Enterprises (1.0 Ha.) is existing within 500m from the proposed quarry lease.

The SEAC noted that the mine lease area is 3.98 Ha. which is less than 5.0 Ha. It is further noted that the Cluster area is 4.98 Ha. which is less than 5.0 Ha. Hence, the project is considered under B2 Category as per provisions laid under EIA Notification, 2006 & its subsequent amendments and orders of the Hon'ble NGT.

The nearest village to the proposed site is Appareddypally (V) which is existing at a distance of 1.3 km, and Ghanapuram RF exists at 3.2 km and Pedda Vagu exists at a distance of 2.3 km from the boundary of the site.

It is proposed to mine 6,034 m<sup>3</sup>/annum of Black Granite and the life of mine is reported as 5 years.

The opencast semi-mechanized method is adopted for quarrying to cut the mineral into blocks.

**Minutes of the SEAC Meeting held on 27.09.2019**

The proponent is proposing the following measures towards control of Air Pollution:

- a. Regular spraying of water by water sprinkling system on haul roads and retaining wall within the premises.
- b. Water sprinkling on blocks before dressing.
- c. Drilling with wet gunny bags on drilling surface.
- d. Timely maintenance of vehicles to minimize air pollution due to movement of vehicles.
- e. Dust masks for employees.
- f. Covering the Granite carrying vehicles with tarpaulin covers.
- g. Plantation of trees along the roads and OB dump to reduce the impact of dust in the nearby villages. Fertile soil will be purchased locally to spread on dump for plantation.

The source of water requirement for the proposed project is from nearby village by tankers. Total water requirement is 5.0 KLD. Out of that, 0.5 KLD is used for Processing, 1.0 KLD for dust suppression, 2.5 KLD for development of greenbelt and 1.0 KLD for domestic purpose. Wastewater generated from the domestic section is to be disposed into septic tank followed by soak pit.

The proponent informed that the waste generated from the Mine will be used for backfilling, building roads, utilized as building material for foundations in the major irrigation projects. The proponent is proposing to dump Over burden within their Mine Lease Area. It is proposed to provide retaining wall around the dump on dip side to arrest the loose material. The project proponent is proposing garland drain and siltation pond to arrest siltation. They are proposing local species of plants for plantation along the Roads & OB dump. The proponent is proposing plantation of Mango, Neem, Subabul.

The total cost of the project is Rs. 45.0 Lakhs. The proponent is proposing budget for Environmental protection towards capital cost: Rs. 4.8 lakhs and recurring cost: Rs. 2.1 Lakhs/annum.

After detailed discussions, the SEAC recommended for issue of EC.

<b>Agenda Item: 36</b>	<b>1.00 Ha. Colour Granite Mine of M/s. Sunny Enterprises, Sy. No. 719, Bethigal (V), Veenavanka (M), Karimnagar District. - Environmental Clearance - Reg.</b>
------------------------	---

The representative of the project proponent Sri T. Anil Kumar; and Sri Chandra Shekar Reddy of M/s. Space Enviro Solutions, Hyderabad attended and made a presentation before the SEAC.

The proponent submitted a copy of Notice dt. 18.01.2016 of the DMG, Hyderabad granting quarry lease (in principle) in favour of the proponent for a period of 20 years. It may be noted that the Mine Lease is granted after 09.09.2013.

The proponent also submitted a copy of Ir.dt. 26.09.2019 of ADMG, Karimnagar addressed to the proponent informing that there are another existing quarry lease of M/s. Sunny Enterprises (1.0 Ha. having EC dt. 08.03.2013) is existing within 500m from the proposed quarry lease. But, the proponent informed that in addition to it, another lease of M/s. Sunny Enterprises (0.768 Ha) also obtained grant of mine lease (in principle). Hence, the Cluster area becomes 1.768 Ha.

The SEAC noted that the mine lease area is 1.0 Ha. which is less than 5.0 Ha. It is further noted that the Cluster area is 1.768 Ha. which is less than 5.0 Ha. Hence, the project is considered under B2 Category as per provisions laid under EIA Notification, 2006 & its subsequent amendments and orders of the Hon'ble NGT.

The nearest village to the proposed site is Bethigal (V) which is existing at a distance of 0.6 km, and Bethigal Cheruvu exists at a distance of 0.36 km from the boundary of the site.

It is proposed to mine 14,400 m<sup>3</sup>/annum of Colour Granite and the life of mine is reported as 9 years.

The opencast semi-mechanized method is adopted for quarrying to cut the mineral into blocks.

**Minutes of the SEAC Meeting held on 27.09.2019**

The proponent is proposing the following measures towards control of Air Pollution:

- a. Regular spraying of water by water sprinkling system on haul roads and retaining wall within the premises.
- b. Water sprinkling on blocks before dressing.
- c. Drilling with wet gunny bags on drilling surface.
- d. Timely maintenance of vehicles to minimize air pollution due to movement of vehicles.
- e. Dust masks for employees.
- f. Covering the Granite carrying vehicles with tarpaulin covers.
- g. Plantation of trees along the roads and OB dump to reduce the impact of dust in the nearby villages. Fertile soil will be purchased locally to spread on dump for plantation.

The source of water requirement for the proposed project is from nearby village by tankers. Total water requirement is 3.52 KLD. Out of that, 0.2 KLD is used for Wet Drilling, 1.6 KLD for dust suppression on haul roads, 0.64 KLD for development of greenbelt and 1.08 KLD for domestic purpose. Wastewater generated from the domestic section is to be disposed into septic tank followed by soak pit.

The proponent informed that the waste generated from the Mine will be crushed into smaller sizes and used as a road metal, used for backfilling, building roads, utilized in making tiles, Boundary Wall Pillars, Basement Stones, etc., The proponent is proposing to dump Over burden within their Mine Lease Area. It is proposed to provide retaining wall around the dump on dip side to arrest the loose material. The project proponent is proposing garland drain and siltation pond to arrest siltation. They are proposing local species of plants for plantation along the Roads & OB dump. The proponent is proposing plantation of Pongamia & Neem.

The total cost of the project is Rs. 60.0 Lakhs. The proponent is proposing budget for Environmental protection towards capital cost: Rs. 6.17 lakhs and recurring cost: Rs. 2.45 Lakhs/annum.

After detailed discussions, the SEAC recommended for issue of EC.

<b>Agenda Item: 37</b>	<b>0.768 Ha. Colour Granite Mine of M/s. Sunny Enterprises, Sy. No. 697, Bethigal (V), Veenavanka (M), Karimnagar District. - Environmental Clearance - Reg.</b>
------------------------	--

The representative of the project proponent Sri T. Anil Kumar; and Sri Chandra Shekar Reddy of M/s. Space Enviro Solutions, Hyderabad attended and made a presentation before the SEAC.

The proponent submitted a copy of Notice dt. 23.11.2015 of the DMG, Hyderabad granting quarry lease (in principle) in favour of the proponent for a period of 20 years. It may be noted that the Mine Lease is granted after 09.09.2013.

The proponent also submitted a copy of lr.dt. 26.09.2019 of ADMG, Karimnagar addressed to the proponent informing that there is another existing quarry lease of M/s. Sunny Enterprises (1.0 Ha. having EC dt. 08.03.2013) is existing within 500m from the proposed quarry lease. But, the proponent informed that in addition to it, another lease of M/s. Sunny Enterprises (1.0 Ha) also obtained grant of mine lease (in principle). Hence, the Cluster area becomes 1.768 Ha.

The SEAC noted that the mine lease area is 1.0 Ha. which is less than 5.0 Ha. It is further noted that the Cluster area is 1.768 Ha. which is less than 5.0 Ha. Hence, the project is considered under B2 Category as per provisions laid under EIA Notification, 2006 & its subsequent amendments and orders of the Hon'ble NGT.

The nearest village to the proposed site is Bethigal (V) which is existing at a distance of 0.52 km, and Bethigal Cheruvu exists at a distance of 0.35 km from the boundary of the site.

It is proposed to mine 3,333 m<sup>3</sup>/annum of Colour Granite and the life of mine is reported as 22 years.

The opencast semi-mechanized method is adopted for quarrying to cut the mineral into blocks.

**Minutes of the SEAC Meeting held on 27.09.2019**

The proponent is proposing the following measures towards control of Air Pollution:

- a. Regular spraying of water by water sprinkling system on haul roads and retaining wall within the premises.
- b. Water sprinkling on blocks before dressing.
- c. Drilling with wet gunny bags on drilling surface.
- d. Timely maintenance of vehicles to minimize air pollution due to movement of vehicles.
- e. Dust masks for employees.
- f. Covering the Granite carrying vehicles with tarpaulin covers.
- g. Plantation of trees along the roads and OB dump to reduce the impact of dust in the nearby villages. Fertile soil will be purchased locally to spread on dump for plantation.

The source of water requirement for the proposed project is from nearby village by tankers. Total water requirement is 3.74 KLD. Out of that, 0.2 KLD is used for Wet Drilling, 1.6 KLD for dust suppression on haul roads, 0.5 KLD for development of greenbelt and 1.44 KLD for domestic purpose. Wastewater generated from the domestic section is to be disposed into septic tank followed by soak pit.

The proponent informed that the waste generated from the Mine will be crushed into smaller sizes and used as a road metal, used for backfilling, building roads, utilized in making tiles, Boundary Wall Pillars, Basement Stones, etc., The proponent is proposing to dump Over burden within their Mine Lease Area. It is proposed to provide retaining wall around the dump on dip side to arrest the loose material. The project proponent is proposing garland drain and siltation pond to arrest siltation. They are proposing local species of plants for plantation along the Roads & OB dump. The proponent is proposing plantation of Pongamia & Neem.

The total cost of the project is Rs. 40.0 Lakhs. The proponent is proposing budget for Environmental protection towards capital cost: Rs. 4.05 lakhs and recurring cost: Rs. 2.30 Lakhs/annum.

After detailed discussions, the SEAC recommended for issue of EC.

<b>Agenda Item: 38</b>	<b>24.790 Ha. Pothireddypally Sand Reach of M/s. Telangana State Mineral Development Corporation Limited, Pothireddypally (V), Pinapaka (M), Bhadradri Kothagudem District. - Environmental Clearance - Reg.</b>
------------------------	--

The representative of the project proponent Sri Rajashekar; and Sri M. Venkatesh of M/s. Global Enviro Labs., Hyderabad attended and made a presentation before the SEAC.

It is noted that the mine lease area is 24.790 Ha. which is more than 5.0 Ha. The project is considered under B1 Category as per provisions laid under EIA Notification, 2006 & its subsequent amendments and orders of the Hon'ble NGT.

The SEAC noted that the coordinates of proposed sand reach are as following:

<b>Latitude</b>	<b>Longitude</b>
18° 02' 30.11" N	80° 45' 36.71" E
18° 02' 35.04" N	80° 45' 44.03" E
18° 03' 05.80" N	80° 45' 39.95" E
18° 03' 01.27" N	80° 45' 32.70" E

The proponent informed that the average thickness of sand deposited in the proposed sand reach is 2.5-3.5 m. (as per Approved Mining Plan) and depth of proposed sand extraction is 1.0 m. The proponent has not submitted detailed Joint Inspection Report specific to the proposed Sand Reach.

The SEAC further noted that as per provisions laid under WALTA Act, "*The streams or rivers where the thickness of the sand is quite good ie., (more than 8 meters), the depth of removal may be extended to 2 meters, but in no case beyond 2 meters sand mining shall not be permitted in streams where the thickness of sand deposition is less than two meters*". It is understood that a minimum of 2 m thickness of sand deposition is to be maintained. Whereas, if extraction of sand upto 1.0 m is permitted in the proposed Sand Reach, the thickness of sand becomes less than 2.0 m. Hence, it is not known whether the minimum thickness (2.0m) of sand deposition will be maintained in the proposed sand reach or not, in order to permit extraction of Sand upto 1.0 m. depth.

**Minutes of the SEAC Meeting held on 27.09.2019**

In view of the above and after detailed discussions, the SEAC directed the proponent to submit clarification on thickness of sand deposited in the proposed Sand Reach alongwith a copy of Joint Inspection Report for taking necessary action.

<b>Agenda Item: 39</b>	<b>19.55 Ha. Bheemavaram Sand Reach of M/s. Telangana State Mineral Development Corporation Limited, Bheemavaram (V), Pinapaka (M), Bhadradri Kothagudem District. - Environmental Clearance - Reg.</b>
------------------------	---

The representative of the project proponent Sri Rajashekar; and Sri M. Venkatesh of M/s. Global Enviro Labs., Hyderabad attended and made a presentation before the SEAC.

It is noted that the mine lease area is 19.55 Ha. which is more than 5.0 Ha. The project is considered under B1 Category as per provisions laid under EIA Notification, 2006 & its subsequent amendments and orders of the Hon'ble NGT.

The SEAC noted that the coordinates of proposed sand reach are as following:

<b>Latitude</b>	<b>Longitude</b>
18° 09' 13.51" N	80° 40' 49.70" E
18° 09' 19.78" N	80° 40' 51.09" E
18° 08' 58.79" N	80° 41' 21.54" E
18° 08' 54.25" N	80° 41' 17.01" E

The proponent informed that the average thickness of sand deposited in the proposed sand reach is 2.5-3.5 m. (as per Approved Mining Plan) and depth of proposed sand extraction is 1.0 m. The proponent has not submitted detailed Joint Inspection Report specific to the proposed Sand Reach.

The SEAC further noted that as per provisions laid under WALTA Act, "*The streams or rivers where the thickness of the sand is quite good ie., (more than 8 meters), the depth of removal may be extended to 2 meters, but in no case beyond 2 meters sand mining shall not be permitted in streams where the thickness of sand deposition is less than two meters*". It is understood that a minimum of 2 m thickness of sand deposition is to be maintained. Whereas, if extraction of sand upto 1.0 m is permitted in the proposed Sand Reach, the thickness of sand becomes less than 2.0 m. Hence, it is not known whether the minimum thickness (2.0m) of sand deposition will be maintained in the proposed sand reach or not, in order to permit extraction of Sand upto 1.0 m. depth.

In view of the above and after detailed discussions, the SEAC directed the proponent to submit clarification on thickness of sand deposited in the proposed Sand Reach alongwith a copy of Joint Inspection Report for taking necessary action.

<b>Agenda Item: 40</b>	<b>13.44 Ha. Quartz &amp; Feldspar Mine of M/s. Sibelco India Minerals Pvt. Ltd., Sy. No. 77, Thirumalapuram (V), Chinthapally (M), Nalgonda District. - Environmental Clearance - Reg.</b>
------------------------	---

The SEAC deferred the project, as the proponent did not attend the meeting.

Hence, the SEAC decided to inform the proponent to submit a letter stating willingness to consider their proposal in the SEAC meeting.

<b>Agenda Item: 41</b>	<b>1.610 Ha. Colour Granite Mine of M/s. Mahalaxmi Granites, Sy. No. 1174, Gattubuthkur (V), Gangadhara (M), Karimnagar District. - Transfer of EC from M/s. Swetha Granites to M/s. Mahalaxmi Granites. - Reg</b>
------------------------	--

The representative of the project proponent Sri A. Srikanth; and Sri M. Venkatesh of M/s. Global Enviro Labs., Hyderabad attended before the SEAC.

The SEAC noted that earlier, the SEIAA, AP (Combined State) issued EC order dt. 26.02.2013 to M/s. Swetha Granite for mining 2,180 m<sup>3</sup>/annum of Colour Granite.

**Minutes of the SEAC Meeting held on 27.09.2019**

Now, M/s. Mahalaxmi Granites submitted documents uploaded online on 01.03.2019 informed that the Mine lease has been transferred from M/s. Swetha Granites to M/s. Mahalaxmi Granites and submitted copy of Procds. dt. 02.08.2018 of ADMG, Karimnagar transferring mining lease, along with Affidavit on Rs. 100/- Stamp paper dt. 20.02.2019 by M/s. Mahalaxmi Granites for Transfer of EC and Undertaking that they will comply all statutory stipulations as per EC and E(P) Act, 1986; NOC dt. 20.02.2019 issued by M/s. Swetha Granites for transfer of EC. Hence, it was requested to transfer the EC in the name of M/s. Mahalaxmi Granites.

After detailed discussions, the project is recommended to issue for Transfer of EC.

<b>Agenda Item: 42</b>	<b>1.30 Ha. Colour Granite Mine of M/s. Mahalaxmi Granites, Sy. No. 1160, Gattubuthkur (V), Gangadhara (M), Karimnagar District. - Transfer of EC from M/s. Swetha Granites to M/s. Mahalaxmi Granites. – Reg.</b>
------------------------	--

The representative of the project proponent Sri A. Srikanth; and Sri M. Venkatesh of M/s. Global Enviro Labs., Hyderabad attended before the SEAC.

The SEAC noted that earlier, the SEIAA, AP (Combined State) issued EC order dt. 26.02.2013 to M/s. Swetha Granite for mining 2,422.80 m<sup>3</sup>/annum of Colour Granite.

Now, M/s. Mahalaxmi Granites submitted documents uploaded online on 01.03.2019 informed that the Mine lease has been transferred from M/s. Swetha Granites to M/s. Mahalaxmi Granites and submitted copy of Procds. dt. 02.08.2018 of ADMG, Karimnagar transferring mining lease, along with Affidavit on Rs. 100/- Stamp paper dt. 20.02.2019 by M/s. Mahalaxmi Granites for Transfer of EC and Undertaking that they will comply all statutory stipulations as per EC and E(P) Act, 1986; NOC dt. 20.02.2019 issued by M/s. Swetha Granites for transfer of EC. Hence, it was requested to transfer the EC in the name of M/s. Mahalaxmi Granites.

After detailed discussions, the project is recommended to issue for Transfer of EC.

<b>Agenda Item: 43</b>	<b>4.650 Ha. Colour Granite Mine of M/s. Mahalaxmi Granites, Sy. No. 1160, Gattubuthkur (V), Gangadhara (M), Karimnagar District. - Transfer of EC from M/s. Swetha Granites to M/s. Mahalaxmi Granites. – Reg.</b>
------------------------	---

The representative of the project proponent Sri A. Srikanth; and Sri M. Venkatesh of M/s. Global Enviro Labs., Hyderabad attended before the SEAC.

The SEAC noted that earlier, the SEIAA, AP (Combined State) issued EC order dt. 26.02.2013 to M/s. Swetha Granite for mining 3,855.84 m<sup>3</sup>/annum of Colour Granite.

Now, M/s. Mahalaxmi Granites submitted documents uploaded online on 01.03.2019 informed that the Mine lease has been transferred from M/s. Swetha Granites to M/s. Mahalaxmi Granites and submitted copy of Procds. dt. 02.08.2018 of ADMG, Karimnagar transferring mining lease, along with Affidavit on Rs. 100/- Stamp paper dt. 20.02.2019 by M/s. Mahalaxmi Granites for Transfer of EC and Undertaking that they will comply all statutory stipulations as per EC and E(P) Act, 1986; NOC dt. 20.02.2019 issued by M/s. Swetha Granites for transfer of EC. Hence, it was requested to transfer the EC in the name of M/s. Mahalaxmi Granites.

After detailed discussions, the project is recommended to issue for Transfer of EC.

<b>Agenda Item: 44</b>	<b>4.86 Ha. Laterite Mine of M/s. Venkateswara Mines &amp; Minerals, Sy. No. 58/1/8/A/1, Kannaraopet (V), Nallabelli (M), Jayashankar Bhupalpally District. - Transfer of EC from Sri Bode Vijaysen Reddy to M/s. Venkateswara Mines &amp; Minerals. – Reg.</b>
------------------------	---

The representative of the project proponent Sri A. Srikanth attended before the SEAC.

The SEAC noted that earlier, the SEIAA, AP (Combined State) issued EC order dt. 25.10.2013 to Sri Bode Vijayasen Reddy for mining 19,963.80 TPA of Laterite.

**Minutes of the SEAC Meeting held on 27.09.2019**

Now, M/s. Venkateswara Mines & Minerals submitted documents uploaded online on 25.07.2018 informed that the Mine lease has been transferred from Sri Bode Vijaysen Reddy to M/s. Venkateswara Mines & Minerals and submitted copy of Procds. dt. 16.04.2018 of DMG, Hyderabad transferring mining lease, along with Affidavit on Rs. 20/- Stamp paper dt. 23.07.2018 by Sri Bode Vijayasen Reddy for Transfer of EC and Undertaking that they will comply all statutory stipulations as per EC and E(P) Act, 1986; NOC dt. 19.07.2018 issued by Sri Bode Vijayasen Reddy for transfer of EC. Hence, it was requested to transfer the EC in the name of M/s. Venkateswara Mines & Minerals.

After detailed discussions, the project is recommended to issue for Transfer of EC.

<b>Agenda Item: 45</b>	<b>1.0 Ha. Colour Granite Mine of Sri Venkatesh Granites Pvt. Ltd., Sy. No. 108, Odyaram (V), Gangadhara (M), Karimnagar District. - Environmental Clearance - Reg.</b>
------------------------	---

The representative of the project proponent Sri Harjit Singh and Sri Mohan Reddy of M/s. Sri Sai Manasa Nature Tech Pvt. Ltd., Hyderabad attended and made a presentation before the SEAC.

The SEAC noted that earlier, the SEIAA, AP issued EC vide order dt. 26.07.2012 for the above project with mining capacity of 900 m<sup>3</sup>/annum. But, the proponent informed that they have exceeded the mining capacity beyond the permitted capacity without obtaining prior EC for Expansion and hence applied for EC under violation.

During presentation, the SEAC noted that the mining capacity of the project is to mine 900 m<sup>3</sup>/annum of Colour Granite. Whereas, the SEAC noted that the EC already exists permitting the same capacity. The proponent was informed to revise the proposed mining capacity.

After detailed discussions, the SEAC decided to inform the proponent to apply for revised mining capacity as per the latest Approved Mining Plan.

<b>Agenda Item: 46</b>	<b>2.80 Ha. Dolomite Mine of M/s. Visweswara Minerals, Sy. No. 165/5, Bhupal Nagar H/o Ramachandrapuram (V), Mulugu (M), Jayashankar Bhupalapally District - Environmental Clearance - Reg.</b>
------------------------	---

The SEAC deferred the project, as the proponent did not attend the meeting.

Hence, the SEAC decided to inform the proponent to submit a letter stating willingness to consider their proposal in the SEAC meeting.

<b>Agenda Item: 47</b>	<b>4.0 Ha. Dolomite Mine of M/s. Vigneswara Minerals, Sy. No. 181/5, Bhupal Nagar H/o Ramachandrapuram (V), Mulugu (M), Jayashankar Bhupalapally (Earlier Warangal) District - Environmental Clearance - Reg.</b>
------------------------	---

The SEAC deferred the project, as the proponent did not attend the meeting.

Hence, the SEAC decided to inform the proponent to submit a letter stating willingness to consider their proposal in the SEAC meeting.

<b>Agenda Item: 48</b>	<b>4.89 Ha. Laterite Mine of M/s. Parameshwara Mines and Minerals, Sy. Nos. 3366 to 3373 and 3361, Ramachandrapuram (V), Mulugu (M), Jayashankar Bhupalapally (Earlier Warangal) District - Environmental Clearance - Reg.</b>
------------------------	--

The SEAC deferred the project, as the proponent did not attend the meeting.

Hence, the SEAC decided to inform the proponent to submit a letter stating willingness to consider their proposal in the SEAC meeting.

Minutes of the SEAC Meeting held on 27.09.2019

<b>Agenda Item: 49</b>	<b>3.0 Ha. Black Granite Mine of M/s. Ruby Rocks, Sy. No. 230/1, Kodicherla (V), Kothur (M), Mahabubnagar District - Environmental Clearance - Reg.</b>
------------------------	---

The SEAC deferred the project, as the proponent did not attend the meeting.

Hence, the SEAC decided to inform the proponent to submit a letter stating willingness to consider their proposal in the SEAC meeting.

<b>Agenda Item: 50</b>	<b>1.00 Ha. Black Granite Mine of M/s. Suguna Mines &amp; Minerals, Sy. No. 970, Nandiwanaparthi (V), Yacharam (M), Rangareddy District - Environmental Clearance - Reg.</b>
------------------------	--

The SEAC deferred the project, as the proponent did not attend the meeting.

Hence, the SEAC decided to inform the proponent to submit a letter stating willingness to consider their proposal in the SEAC meeting.

<b>Agenda Item: 51</b>	<b>21.000 Ha. Mullakatta Sand Reach-2 of M/s. Telangana State Mineral Development Corporation Ltd., Mullakatta Grampanchayat, Rampur (V), Eturunagaram (M), Jayashankar Bhupalapalli District - Environmental Clearance - Reg.</b>
------------------------	--

The representative of the project proponent Sri K. Rajender Reddy & Sri Rajashekar Reddy; and Sri Mohan Reddy of M/s. Sri Sai Manasa Nature Tech (P) Ltd., Hyderabad attended and made a presentation before the SEAC.

It is noted that the mine lease area is 21.000 Ha. which is more than 5.0 Ha. The project is considered under B1 Category as per provisions laid under EIA Notification, 2006 & its subsequent amendments and orders of the Hon'ble NGT.

The SEAC noted that the coordinates of proposed sand reach are as following:

<b>Latitude</b>	<b>Longitude</b>
18° 25' 42.4" N	80° 27' 22.6" E
18° 26' 45.0" N	80° 27' 49.0" E
18° 26' 36.4" N	80° 27' 50.4" E
18° 25' 33.8" N	80° 27' 24.0" E

The proponent informed that the average thickness of sand deposited in the proposed sand reach is more than 6 m. (as per Approved Mining Plan & Joint Inspection Report) and depth of proposed sand extraction is 2.0 m.

The SEAC further noted that as per provisions laid under WALTA Act, "*The streams or rivers where the thickness of the sand is quite good i.e., (more than 8 meters), the depth of removal may be extended to 2 meters, but in no case beyond 2 meters sand mining shall not be permitted in streams where the thickness of sand deposition is less than two meters*". Whereas, it is not known whether the thickness of sand deposited in the proposed sand reach is more than 8.0 m or not, in order to permit extraction of Sand upto 2.0 m. depth.

In view of the above and after detailed discussions, the SEAC directed the proponent to submit clarification on thickness of sand deposited in the proposed Sand Reach supported with a copy of revised Joint Inspection Report for taking necessary action.

**Minutes of the SEAC Meeting held on 27.09.2019**

<b>Agenda Item: 52</b>	<b>34.000 Ha. Tupakulagudem Sand Reach of M/s. Telangana State Mineral Development Corporation Ltd., Tupakulagudem (V), Kannaigudem (M), Jayashankar Bhupalpally District - Environmental Clearance - Reg.</b>
------------------------	--

The representative of the project proponent Sri K. Rajender Reddy & Sri Rajashekar Reddy; and Sri Mohan Reddy of M/s. Sri Sai Manasa Nature Tech (P) Ltd., Hyderabad attended and made a presentation before the SEAC.

It is noted that the mine lease area is 34.0 Ha. which is more than 5.0 Ha. The project is considered under B1 Category as per provisions laid under EIA Notification, 2006 & its subsequent amendments and orders of the Hon'ble NGT.

The SEAC noted that the coordinates of proposed sand reach are as following:

<b>Latitude</b>	<b>Longitude</b>
18° 34' 11.2" N	80° 23' 30.8" E
18° 34' 13.6" N	80° 23' 43.1" E
18° 33' 41.8" N	80° 23' 38.0" E
18° 33' 39.8" N	80° 23' 25.9" E

The proponent informed that the average thickness of sand deposited in the proposed sand reach is more than 6 m. (as per Approved Mining Plan) and depth of proposed sand extraction is 1.5 m. The proponent has not submitted detailed Joint Inspection Report specific to the proposed Sand Reach.

It is proposed to mine 5,29,000 m<sup>3</sup>/annum of Ordinary Sand by manual open excavation method.

The proponent informed that they have already collected the baseline data during Summer Season 2019 and requested to consider the same for preparation of EIA report based on the Standard Terms of Reference for proposed Sand Reach. The SEAC considered the request of the proponent for utilizing the baseline data during Summer Season 2019 for preparation of EIA report.

After detailed discussions, the proponent is directed to prepare EIA report as per the Standard Terms of Reference (TORs) issued by the MoEF&CC, GoI for "Mining of Minerals", undergo the process of public hearing in consultation with TSPCB and submit final EIA report along with project specific Joint Inspection Report; minutes of public hearing & response of the proponent to the issues emerged in the public hearing to the SEAC for appraisal.

<b>Agenda Item: 53</b>	<b>4.0 Ha. Colour Granite Mine of M/s. Sai Laxmi Granites, Sy. No. 300, 301, 302 &amp; 303, Asifnagar (V), Karimnagar (M), Karimnagar District. - Environmental Clearance - Reg.</b>
------------------------	--

The representative of the project proponent Sri K. Mahender; and Sri Mohan Reddy of M/s. Sri Sai Manasa Nature Tech (P) Ltd., Hyderabad attended and made a presentation before the SEAC.

The SEAC noted that earlier, the SEIAA, AP issued EC vide order dt. 18.10.2012 for the above project with mining capacity of 5,000 m<sup>3</sup>/annum. But, the proponent informed that they have exceeded the mining capacity beyond the permitted capacity without obtaining prior EC for Expansion and hence applied for EC under violation.

During presentation, the SEAC noted that the mining capacity of the project is to mine 13,500 m<sup>3</sup>/annum of Colour Granite. Whereas, it was mentioned as 36,000 m<sup>3</sup>/annum or calculation of Life of Mine in the Approved Mining Plan. Hence, there is ambiguity in the proposed mining capacity.

After detailed discussions, the SEAC decided to inform the proponent to apply for revised mining capacity as per the latest Approved Mining Plan.

  
CHAIRMAN, SEAC

Minutes of the SEAC Meeting held on 27.09.2019

<b>Agenda Item: 54</b>	<b>2.00 Ha. Colour Granite Mine of Sri. G.Rama Rao, Sy. No. 527, Thimmapur (V&amp;M), Karimnagar District. - Environmental Clearance - Reg.</b>
------------------------	---

The SEAC deferred the project, as the proponent did not attend the meeting.

Hence, the SEAC decided to inform the proponent to submit a letter stating willingness to consider their proposal in the SEAC meeting.

<b>Agenda Item: 55</b>	<b>13.172 Ha. Manganese Ore Mine of M/s. Aditya Minerals Private Limited, Sy. No. 72, 73 &amp; 76, Jamadapur (V), Adilabad Taluk &amp; District. - Environmental Clearance - Reg.</b>
------------------------	---

The SEAC deferred the project, as the proponent did not attend the meeting.

Hence, the SEAC decided to inform the proponent to submit a letter stating willingness to consider their proposal in the SEAC meeting.

<b>Agenda Item: 56</b>	<b>5.26 Ha. Quartz Mine of M/s. Sibelco India Minerals Pvt. Ltd., Sy. No. 338//A &amp; 339/2, Kandukur (V), Kandukur (M), Rangareddy District - Environmental Clearance - Reg.</b>
------------------------	--

The representative of the project proponent Sri T. Narsing Rao; and Sri M. Venkatesh of M/s. Global Enviro Labs., Hyderabad attended and made a presentation before the SEAC.

The SEAC noted that earlier, the SEIAA, AP issued EC vide order dt. 08.05.2009 for the above project with validity period of 8 years. Subsequently, the EC was transferred by the SEIAA, TS vide order dt. 03.09.2013 in the name of M/s. Sibelco India Minerals Pvt. Ltd.

Now, the proponent informed that the EC has been accorded for 8 years with rate of production 10,242 TPA of Feldspar and 2,122 TPA of Quartz. The said EC was granted basing on the rate of production and life of reserves at that point of time. But, it was informed that reserves are not exhausted as they could not operate the mine for the last 6 years due to lack of market.

In this regard, the SEAC noted that the proponent has not made application within the validity period for extension of validity period of EC, as per provisions of the EIA Notification, 2006 & its subsequent amendments. The SEAC further noted that presently, the validity period of EC expired.

After detailed discussions, the SEAC decided to inform the proponent to apply for EC afresh.

<b>Agenda Item: 57</b>	<b>17.66 Ha. Colour Granite Mine of M/s. PSR Associates, Sy. No. 177, 195 to 200, 206 to 214, 229 &amp; 230, Baddipally (V), Kothapally (M), Karimnagar District. - Amendment to Environmental Clearance - Reg.</b>
------------------------	---

The representative of the project proponent Sri B.L. Varaprasad; and Sri Chandra Shekar Reddy of M/s. Space Enviro Solutions., Hyderabad attended and made a presentation before the SEAC.

The SEAC noted that earlier, the SEIAA, TS issued EC vide order dt. 26.04.2018 for the above project with production capacity 1,15,200 m<sup>3</sup>/annum mentioning Sy.No. as 177, 195 to 200, 206 to 214, 299 & 230.

Now, the proponent submitted documents uploaded online on 25.07.2018 seeking Amendment to EC. It was informed that they have obtained EC with Sy. No. 177, 195 to 200, 206 to 214, 299 & 230. But, now the proponent informed that at the time of Quarry Plan submission, the RQP made an error and mentioned the Sy. No. 299 instead of Sy. No. 229. In this regard, the proponent also submitted a copy of lr.dt.23.07.2018 of the DDMG, Warangal mentioning that the Sy.No. 299 wherever occurred read as 229 in the Scrutinized Quarry Plan of the project. Hence, it was requested to correct the Sy. No. 299 as Sy. No. 229 and issue Amendment to EC.

**Minutes of the SEAC Meeting held on 27.09.2019**

After detailed discussions, the SEAC recommended for issue of Amendment to EC for change in Sy.No. 229 instead of 299.

<b>Agenda Item: 58</b>	<b>1.24 Ha. Colour Granite Mine of M/s. PSR Granites Private Limited, Sy. No. 208/A/P, 230/P &amp; 231, Baddipally (V), Karimnagar Mandal &amp; District. – Amendment to Environmental Clearance - Reg.</b>
------------------------	---

The representative of the project proponent Sri B.L. Varaprasad; and Sri Chandra Shekar Reddy of M/s. Space Enviro Solutions., Hyderabad attended and made a presentation before the SEAC.

The SEAC noted that earlier, the SEIAA, TS issued EC vide order dt. 03.07.2015 for the above project with production capacity of 14,772 m<sup>3</sup>/annum with life of mine of 3 years.

Now, the proponent submitted documents uploaded online on 02.06.2018 seeking Extension of EC. M/s. PSR Associates also informed that the Mine lease has been transferred from M/s. PSR Granites to M/s. PSR Associates and submitted copy of Procds. dt. 13.04.2018 of DMG, Hyderabad transferring mining lease, NOC on Rs. 100/- Stamp paper dt. 01.06.2018 issued by M/s. PSR Granites for transfer of EC; Affidavit on Rs. 100/- Stamp paper dt. 01.06.2018 by M/s. PSR Associates for Transfer of EC and Undertaking that they will comply all statutory stipulations as per EC and E(P) Act, 1986. Hence, it was requested to Transfer the EC issued in the name of M/s. PSR Associates and also extend the validity period of EC.

In this regard, the SEAC noted that the proponent has made application within the validity period for extension of validity period of EC. The proponent has submitted latest Scrutinized Mining Plan approved by the Mining Department wherein additional reserves were reported, due to which the proponent proposes to mine 35,000 m<sup>3</sup>/annum of Colour Granite.

The SEAC further noted that EC was issued with a validity *period of 3 years OR the expiry date of mine lease period issued by the Government of Telangana, whichever is earlier*. Presently, the validity period of EC expired.

After detailed discussions, the SEAC decided to defer the proposal for further consideration.

  
CHAIRMAN, SEAC
