

State Level Environment Impact Assessment Authority-Karnataka

(Constituted by MoEF, Government of India, under section 3(3) of E(P) Act, 1986)

Proceedings of 177th SEIAA Meeting held on 6th November 2019 at Room No. 709, M.S Building, Bangalore.

Members present:-

1. Dr. K. C. Jayaramu - Chairman, SEIAA
2. Dr. H. B. Aravinda - Member, SEIAA
3. Sri. Vijayakumar Gogi, IFS - Member Secretary, SEIAA

The Chairman welcomed the members and initiated the discussion. The subjects discussed and the decisions made under each of the agenda point are as follows:

177.1. Proceedings of 176th SEIAA Meeting held on 19th October 2019.

The Authority perused the Proceedings of 176th SEIAA Meeting held on 19th October 2019 and confirmed.

177.2. Action Taken report on the proceedings of 176th SEIAA Meeting held on 19th October 2019.

The Authority noted that the actions are being taken on 176th SEIAA Meeting held on 19th October 2019.

177.3. Deferred Project

Proposed Building Stone Quarry Project at Sy.Nos.23/4, 23/5, 23/6 of Watcha Village, Chittapur Taluk, Kalaburagi District By Sri Chatru (SEIAA 381 MIN 2019)

Sri Chatru have applied for Environmental clearance from SEIAA for quarrying of building stone in 6-00 Acres, patta land at Sy.Nos.23/4, 23/5, 23/6 of Watcha Village, Chittapur Taluk, Kalaburagi District.

The subject was discussed in the SEAC meeting held on 23rd July 2019. The Committee noted that this is a fresh lease involving building stone mining in patta land. The proponent has stated that he has obtained NOCs from Forest, Revenue Dept., and land conversion order also. The lease has been notified on 17-5-2018. As seen from the quarry plan there is a level difference of 5.0 meter within the mining area and taking this into consideration the committee opined that the proposed quantity of 1,58,928 cum or 4,22,749 tons can be mined safely and scientifically to a quarry pit depth of 10 meters for a plan period of five years.

The Committee further noted that as per the extended cluster sketch approved by DMG there are two more leases within 500 meter radius, and total area of three leases including this lease is 12 Acres which is being less than the threshold limit of 5 Hectares,

the committee decided to categorise this proposal under B2 category and proceeded with the appraisal accordingly. He has also stated that his project does not fall within the 10 KM radius from the boundary of any Wildlife sanctuary/National Park and no interstate boundary also within 10 KM radius. As far as approach road is concerned, the proponent has stated that, there is a existing cart track road to a length of 950 meters connecting lease area to all weather black topped road. As far as CER is concerned the proponent has stated, that he will earmark Rs.9.00 lakhs towards rejuvenation of Kalgurki kere which is at a distance of 4.45 KM from the lease area. The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority during the meeting held on 27.08.2019 perused the proposal and took note of the recommendation of SEAC. The Authority observed that there is a nala adjacent to the site for which the proponent has not provided proper buffer as per the KMMCR and specific mitigation measures are not foreseen. The Authority therefore decided to get clarification in this regard from the proponent for further consideration.

The Authority during the meeting held on 19.10.2019 perused the reply submitted by the proponent vide letter dated 19.09.2019. The Authority observed that as per the topo sheet furnished by the proponent there appear to be a natural nala passing through the project site. Hence, the Authority decided to get the concerned village map duly marking the project site for further consideration.

The Authority perused the reply submitted by the proponent vide letter dated 31.10.2019. The Authority observed that a nala is running adjacent to the Sy. No.23. A per the marking provided by project proponent on the village map, it is approximately located at a distance of around 200 m.

The Authority after discussion decided to issue Environmental Clearance for extraction of the building stone as per approved quarry plan, subject to submission of the following information:-

- 1) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.
- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA,III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

The Authority also decided to impose an additional condition that project proponent should maintain a buffer as per the norms of Water Resources Department or any other agency/department mandating such a buffer from the boundary of water bodies such as nala, river, etc.

177.4. Fresh Projects (Recommended for EC):

Industry Projects:

177.4.1 Proposed Modification in manufacturing of Bulk Drugs & Intermediates Project at Plot No.23-B, KIADB Kolhar Industrial Area, Nizampur Hobli, Bidar Taluk, Bidar District by M/s. Chorus Labs Limited (SEIAA 16 IND (VIOL) 2018)

This is a project from M/s. Chorus Labs Limited seeking Environmental clearance for Modification in existing products and expansion of project with capacity by proposing new product mix of Bulk Drugs and intermediates on a total area of 14,038 Sqmt. 5 products are substituted in the existing 17 products.

List of existing & additional products manufactured with capacity:

S. No.	Existing consented products	Substitution of products in place of existing products	Production capacity after modification Kg/day
1	Capecitabine	--	1000
2	Cefpodoxime	Etodolac	1000
3	Diclofinac Sodium	--	600
4	Efavirenz	--	1000
5	Leviteracitam	--	1000
6	Moxifloxacin	--	750
7	Cefixime	Oxalamine citrate	250
8	Nebivolol	--	750
9	Neverapine	--	1000
10	Saquinavir Mesylate	--	200
11	Stavudine	--	300
12	Telmisartan	Dothiepin	150
13	Torsimide	Oxalamine Phosphate	325
14	Zindovudine	--	300
15	Valsatran	Diacerein	400
16	Terbinafine HCL	--	200
17	Ezitimibe	--	1000
Total			10,225

The SEAC during the meeting held on 19.5.2018 appraised the proposal as per the Notification dated: 8-3-2018 issued by MoEF & CC and have decided to recommend the proposal to SEIAA for issue of standard ToRs along with additional ToRs. The Authority during the meeting held on 1.6.2018 opined that it is a case of violation and therefore

decided to issue ToR for conducting the Environment Impact Assessment study with public consultation following the procedure laid down in the Notification No. S.O. 804 (E) dated 14th March 2017, Notification No S.O.1030 (E) dated 8th March 2018. Accordingly the ToR was issued vide letter dated 15-06-2018. The proponent have submitted the EIA report vide letter dated 16-9-2019.

The proposal was placed before the committee for appraisal during the meeting held on 26-9-2019. The proponent has stated that he will dispense with manufacturing of Ibuprofen with immediate effect. As per the records and analysis carried out, the proponent has stated that no damages have been done for Air, Water and soil by operating his unit without valid EC. But, however with abundant responsibility he carried out retribution analysis according to which he has quantified retribution cost to Rs.16.89 lakhs. The committee after discussion and deliberation felt that Rs.20.00 lakhs towards the remediation charges can be levied on the proponent and based on this the committee decided to recommend the proposal for delisting the same from violation category and issue of EC. The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority noted that during the Authority meeting held on 7th May 2016 the Authority had perused the details and opined that this industry is not only polluting the environment but also have violated the provisions of the E (P) Act. The Authority authorized the Member Secretary to examine each case on the basis of merit and gravity of the case. The Authority authorised the Member Secretary to issue direction under section 5 of EP act.

Accordingly, directions were issued to the proponent vide letter No. SEIAA 4 Misc 2016 dated 13.06.2016 to suspend all the production process and other related activity within industrial premises with immediate effect and to take measures required to contain the hazardous chemicals/wastes to prevent them from entering to environment.

Subsequently, the proponent vide letter dated 29.10.2018 requested to withdraw the directions issued under Section 5 of the Environmental (Protection) Act, 1986 and to permit them to undertake production activity.

The Authority during the meeting held on 15th November 2018 & 7th December 2018 perused the request made by the proponent. The Authority taking consideration of submission made by the project proponent as well as public interest, in-principle decided to withdraw the direction issued under section 5 of Environment (Protection) Act, 1986 and the project authorities are allowed to manufacture products that were permitted prior to EIA Notification, 2006 with a condition that the KSPCB should ensure installation of required Environment protection facilities. Accordingly, the direction issued under Section 5 of the Environmental (Protection) Act, 1986 to suspend all the production process and other related activity within industrial premises was withdrawn vide order No. SEIAA 16 IND (VIOL) 2018, dated 26.12.2018.

The Authority further noted that as per the orders of Hon'ble NGT dated 10-07-2017, 23-08-2019 and 11-10-2019 in OA No.1038/2018, the Bidar industrial area has been identified as a Severely Polluted Industrial Area. The Authority also noted that the Central Pollution Control Board pursuant to the above mentioned orders of NGT and minutes of the meeting held under the chairmanship of the Joint Secretary, MoEF&CC on 3rd October 2019, have issued a mechanism with regard to consideration of the proposals to be established in critically/ severely polluted industrial areas. According to this mechanism at para B (ii), proposals located in CPA and SPAs are to be examined by Sectoral Expert Appraisal Committee. The Authority observed that however the said mechanisms do not reveal the operational guidelines with regard to ways and means of consideration of such proposals which are at different stages of appraisal especially with regard to the proposals that have been recommended by the concerned Expert Appraisal Committee and to be considered by the concerned regulatory Authority and which are at the stage of issue of Environmental Clearance.

The Authority after discussion, decided to address a letter to the Secretary, MoEF&CC, Government of India seeking the following clarification:

1. Keeping the provisions of "General Condition" under the EIA Notification, 2006 amended from time to time in mind whether the MoEF&CC endorses the procedure suggested in the mechanism communicated by CPCB vide letter No. CPCB/IPC-VII/CEPI/NGT/2019, dated 25.10.2019.
2. If so, whether all such proposals located within severely polluted industrial area that are at various stages of appraisal/issue of Environmental Clearance at the State Expert Appraisal Committee (SEAC)/State Level Environment Impact Assessment Authority (SEIAA), especially the projects/activities that have been recommended by the SEAC and are at under consideration of SEIAA or at the level of issuance of EC after approval by SEIAA are also to be forwarded to MoEF&CC for consideration by EAC as stipulated at para B(ii) of the mechanism circulated vide letter dated 25.10.2019 of the CPCB on as is where is basis.
3. Whether MoEF&CC intends to issue operational guidelines in this regard by imposing specific conditions and allow the projects/activities that have been recommended by SEAC and are being considered by SEIAA or at the stage of issuance of EC after the clearance by SEIAA.

The Authority also decided to consider this proposal after receipt of the clarification from the MoEF&CC.

177.4.2 Proposed Modification & Expansion of Bulk Drug & Intermediates Unit Project at Plot No.200, KIADB Kolhar Industrial Area, Nizampur Hobli, Bidar Taluk, Bidar District by M/s. Chandra Life Sciences Pvt. Ltd. (SEIAA 21 IND (VIOL) 2018)

This is a project from M/s. Chandra Life Sciences Private Limited seeking Environmental clearance for Modification & Expansion of Bulk drug and Intermediates

Manufacturing unit on a plot area of 24,300 Sqmt at Plot No.200, KIADB Kolhar Industrial Area, Nizampur Hobli, Bidar Taluk, Bidar District.

The project had obtained environmental clearance from SEIAA vide SEIAA 49 IND 2008 dated 12th June 2008 for manufacturing of the following bulk drugs and intermediates:

Bulk Drugs:

- | | | |
|----------------------------|---|------------|
| 1. Omeprazole | : | 144 kg/day |
| 2. Lansoprazole | : | 80 kg/day |
| 3. Carvidalol | : | 80 kg/day |
| 4. Quinipril hydrochloride | : | 70 kg/day |

Intermediates:

- | | | |
|----------------------------------------------|---|-------------|
| 1. N-acetyl 1-(4-Hydroxy 2 Pheny) Piperazine | : | 100 kgs/day |
| 2. 1(4-Methoxy Phenyl) piperzine base | : | 100 kgs/day |
| 3. CTS-Tosylate | : | 200 kgs/day |

The proponent have undertaken manufacturing of following products:

S. No.	Name of the product	Quantity consented Max. in MIPM
1	Fluconazole - Ip/Ep/Bp/Usp	18.0
2	Clopidogrel Bi Sulphate Ip/Usp	6.0
3	Levocetirizine Dihydrochloride Ip	0.5
4	Donepezile Intermediate	1.0
5	Quetiapine Fumarate Ip/Ep And It's Intermediates.	3.0
6	Voriconazole And It's Intermediates.	1.0
7	Itraconazole And It's Intermediates	3.0
	Total	32.5

The SEAC during the meeting held on 19.5.2018 appraised the proposal as per the Notification dated: 8-3-2018 issued by MoEF & CC and have decided to recommend the proposal to SEIAA for issue of standard ToRs along with additional ToRs. The Authority during the meeting held on 1.6.2018 opined that it is a case of violation and therefore decided to issue ToR for conducting the Environment Impact Assessment study with public consultation following the procedure laid down in the Notification No. S.O. 804 (E) dated 14th March 2017, Notification No S.O.1030 (E) dated 8th March 2018. Accordingly the ToR was issued vide letter dated 15-06-2018. The proponent have submitted the EIA report vide letter dated 9-9-2019.

The subject was placed before the Committee during the meeting held on 26-9-2019 for EIA presentation. The Committee noted that as per the records and analysis carried out the proponent has stated that no damages have been done for Air, Water and soil by operating his unit without valid EC. But, however with abundant responsibility he carried out retribution analysis according to which he has quantified retribution cost

W. S. S.

to Rs.10.80 lakhs. The committee after discussion and deliberation felt that Rs.25.00 lakhs towards the remediation charges can be levied on the proponent based on the above retribution analysis and also the fact that the profit of rupees Rs.66,31,707.00 he has earned during that period and based on this the committee decided to recommend the proposal for delisting the same from violation category and issue of EC. The committee after discussion decided to recommend the proposal to SEIAA for issue of Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority observed that this proposal is located in Bidar industrial area which is identified as severely polluted and therefore the mechanism circulated vide CPCB letter dated 25.10.2019 would be applicable to this project also. The Authority therefore decided to consider this proposal after the receipt of the clarification sought from MoEF&CC as per the decision at Agenda point No. 177.4.1.

177.4.3 Proposed Modification & Expansion of Bulk Drug & Intermediates Unit Project at Plot No.4/A-D, KIADB Industrial Area, Bidar Taluk, Bidar District by M/s. Vani Organics Pvt. Ltd. (SEIAA 20 IND (VIOL) 2018)

M/s. Vani Organics Pvt. Ltd. have proposed for expansion of Bulk drug and Intermediates manufacturing unit on a plot area of 34,528 Sqmt at Plot No.4/A-D, KIADB Industrial Area, Bidar Taluk, Bidar District.

List of Existing products

Sl. No.	Name of the product	Quantity in MTPM
1	Analgin/ Analgin intermediates Or Combination of Analgin and intermediates	13
2	Sodium Bi Sulphite As 100%	208
3	Ice blocks	Captive consumption only

List of proposed products

Sl. No.	Name of the product		Quantity in MTPM
1	Phenyl Methyl Pyrazolone	Product	60
2	Phenyl Hydrazine Oil	Product	20
3	Phenyl Hydrazine Hcl	Product	5
4	Di Sodium Salt of Antipyrine	Product	30
5	Sodium Bi Sulphite As 100%	product	208
6	Intermediate of Pentaprazole sodium (1-2 Stage) Only	Product	15
7	Intermediate of Clorosulone	Product	5

[Handwritten signature] 7

8	Intermediate of Bendimidazole 2-NITRO-4-THIOCYANO ANILINE (CL MASS)	Product	10
9	Sodium Sulphate from pmp Mother Liquor	Bi-product	400
	Total		753

The SEAC during the meeting held on 19.5.2018 appraised the proposal as per the Notification dated: 8-3-2018 issued by MoEF & CC and have decided to recommend the proposal to SEIAA for issue of standard ToRs along with additional ToRs. The Authority during the meeting held on 1.6.2018 opined that it is a case of violation and therefore decided to issue ToR for conducting the Environment Impact Assessment study with public consultation following the procedure laid down in the Notification No. S.O. 804 (E) dated 14th March 2017, Notification No S.O.1030 (E) dated 8th March 2018. Accordingly the ToR was issued vide letter dated 15-06-2018. The proponent have submitted the EIA report vide letter dated 11-9-2019.

The subject was placed before the Committee during the meeting held on 26-9-2019 for EIA presentation. The committee noted that as per the records and analysis carried out the proponent has stated that no damages have been done for Air, Water and soil by operating his unit without valid EC. But, however with abundant responsibility he carried out retribution analysis according to which he has quantified retribution cost to Rs.7,46,381/-. The committee also noticed that there is an average 15% excess production over the permitted quantity and the value of this excess production comes to nearly 60.00 lakhs. For this the proponent has pleaded that the remediation cost should not be worked out on the value of excess production and also the unit was run under loss and also requested the committee to take into consideration the appreciation letter issued by the Forest Department for having carried out afforestation within the premises which they categorized it as a model to others. The committee after discussion and deliberation felt that Rs.25.00 lakhs towards the remediation charges can be levied on the proponent based on the above retribution analysis and also keeping in view the excess production made over and above the permitted quantity and hence the committee decided to recommend the proposal for delisting the same from violation category and issue of Environmental Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority observed that this proposal is located in Bidar industrial area which is identified as severely polluted and therefore the mechanism circulated vide CPCB letter dated 25.10.2019 would be applicable to this project also. The Authority therefore decided to consider this proposal after the receipt of the clarification sought from MoEF&CC as per the decision at Agenda point No. 177.4.1.

177.4.4 Proposed expansion of existing Common Bio-Medical Waste Treatment Facility Project at KIADB Industrial Area, Dabaspeta, Nelamangala Taluk, Bangalore Rural District by M/s. Medicare Environmental Management Pvt Ltd. (SEIAA 02 IND 2018)

M/s Medicare Environmental Management Pvt Ltd. have proposed for expansion of Existing Common Bio-Medical Waste Treatment Facility from 10 TPD capacity to 25 TPD at KIADB Industrial Area, Dabaspeta, Nelamangala Taluk, Bengaluru. Total Plot Area is 1 Acre (4048 Sq.m). Total project cost is Rs. 12 Crores.

The SEAC during the meeting held on 30th January 2018 appraised the proposal. The committee noted that the land was allotted to the proponent in the year 2001. The proponent has stated that he has established Common Bio-Medical Waste Treatment Facility in the year 2001. Earlier no EC was required for this category of Industry. The proponent has obtained CFE and CFO for their unit which is valid upto 30-6-2018. The proponent has stated that this category of industry now comes under EC category and his proposal is to expand the already existing facility. The Committee have decided to recommend the proposal to SEIAA for issue of standard ToRs along with additional ToRs. The Authority during the meeting held on 23.2.2018 decided to issue ToR as recommended by SEAC for conducting the Environment Impact Assessment study in accordance with EIA Notification, 2006. Accordingly the ToR was issued vide letter dated 26-3-2018. The proponent have submitted the EIA report vide letter dated 14-12-2018.

The proposal was placed before the committee for EIA appraisal on 01.03.2019. The committee after discussion decided to reconsider the proposal after submission of the following information:

- 1) Justification for not obtaining EC from April 2015 to till date may be furnished.
- 2) Comparative analysis of the basic data including health profile of the workers collected five years back and the present data may be worked out and submitted.
- 3) Total organic carbon content in the stack and bottom ash of the incinerator may be studied and submitted.
- 4) Sampling facility at process stacks and at quenching towers may be studied and submitted.
- 5) Environmental cost and benefit assessment may be worked out and submitted.
- 6) Explore the possibility of going for integrated gasification and combustion which is more environmental friendly than Incinerator.

The committee during the meeting held on 27.9.2019 perused the replies submitted by the proponent on 23-9-2019 and accepted the same. The committee after discussion and deliberation decided to recommend the proposal to SEIAA for issue of Environment clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to clear the proposal for issue of Environmental Clearance subject to submission of an action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

Construction Projects:

177.4.5 Proposed Resort Development at Sy.Nos.3, 4, 5, 6, 8, 9, 10, 12, 13, 15/2, 17/2, 80/2, 80/6, 81 and 82, Dindagatta Village, Palya Hobli, Alur Taluk, Hassan District by M/s. Rosetta Resorts and Holiday Homes(SEIAA 95 CON 2019)

M/s. Rosetta Resorts and Holiday Homes have proposed for Resort Development Project on a plot area of 1,87,065.94 Sqm. The total built up area E. Å 48,454.45 Sqm. The proposed project consists of Resort cluster, Holiday Homes, 2 BHK Cluster, Main Building, Pool Bar, Presidential Villa, VEG Restaurant, SPA, 1BHK Studio, BOH, Dormitory unit, studio Unit, GM Villa, Activity center. Total parking space proposed is for 580 No's of Cars. Total water consumption is 416.53KLD (Fresh water + Recycled water). The total wastewater discharge is 375 KLD. It is proposed to construct Sewage Treatment Plant with a capacity of 175 KLD and 205 KLD. The project cost is Rs.25 Crores.

The committee appraised the proposal during the meeting held on 26.9.2019. The Committee noted that as per village survey map there is one water storage body in Sy.No.7 which is in the midst of project site for which the proponent has stated that he has left 30 meter buffer zone all round the water body. Also there is another water body in Sy.No.2 on the western side of the project site for which the proponent has stated that he has left 30 meter buffer zone all along the periphery of the water body touching the project site boundary. The proponent has also stated that he will provide free access to public for the water body in Sy.No.7. The committee after discussion decided to recommend the proposal to SEIAA for issue of Environmental Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority observed that it is proposed to treat the sewage using phytoid technology in this project. The Authority sought to know the suitability of phytoid technology in such a location.

The Authority therefore decided to get the following information for further consideration:

- 1) Justification for suitability of phytoid technology for treatment of sewage in the proposed project site.
- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame

within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

The Authority also decided to invite the project proponent.

177.4.6 Proposed Residential Development at Sy.Nos.97, 98, 99/2, 100/1, 100/2, 100/3, 101/1, 101/2, 101/3, 104, 105/1, 106, 108, 109/2, 129/1, 130/1, 130/2, 124, 141/1, 141/2, 142/1, 142/2A1, 142/2A2, 142/2B, Gattahalli Village, Sarjapura Hobli, Anekal Taluk, Bengaluru by M/s. Akarshak Realty Pvt. Ltd.,(SEIAA 131 CON 2018)

M/s. Akarshak Realty Pvt Ltd. have proposed for construction of Residential Development Project on a plot area of 1,28,082 Sqm. The total built up area is 5,67,998.20 Sqm. The proposed project consists of 2,777 Nos. of apartments and 278 Nos. of EWS units in 25 Towers with Tower 1-16: 2B+G+29UF&Tower 17-25: 2B+G+30UF. Total parking space proposed is for 3,500 No's of Cars. Total water consumption is 2,382 KLD (Fresh water + Recycled water). The total wastewater discharge is 2,025 KLD. It is proposed to construct Sewage Treatment Plant with a capacity of 1,575 KLD, 150 KLD, 180 KLD and 135 KLD. The project cost is Rs.1,100 Crores.

The SEAC during the meeting held on 22.09.2018 have decided to recommend the proposal to SEIAA for issue of standard ToRs along with additional ToRs. The Authority during the meeting held on 12.10.2018 decided to issue ToR as recommended by SEAC for conducting the Environment Impact Assessment study in accordance with EIA Notification, 2006. Accordingly the ToR was issued vide letter dated 26-10-2018. The proponent have submitted the EIA report vide letter dated 29-7-2019.

The proposal was placed before the committee for EIA appraisal during the meeting held on 26-8-2019. The Committee noted from the village survey map, there are two nalas out of which one being secondary nala cuts across the project site from east west direction likewise another tertiary nala cuts across from east west direction. For which the proponent has stated that he has left 35 meter buffer zone from the secondary nala and 25 meter on either side of tertiary nala. In addition to the above there is a tertiary nala on the southern side of the project site and this is outside the project site and the proponent has stated in addition to the distance between the tertiary nala and boundary of the project site he has left 16 meter setback within the project site. Overall there is 2225.75 sqmts of kharab land in the form of natural nala and 2 guntas i.e., 202.34 sqmts of kharab land in the form of temple. The proponent has stated the entry to the temple has been kept open for the public use. The proponent has also stated that he will go for triple line plumbing in order to reduce the demand on the fresh water. The proponent has also stated that he will go for low energy embodied building material for construction.

As far as CER is concerned the proponent has stated that he has earmarked Rs.5.5 crores and after discussion and deliberation committee decided to divert these funds to the recent rain devastated Kodagu District as a special case. The committee after

discussion decided to reconsider the proposal after submission of the following information:

- 1) Earthwork management has to be reworked and submitted by managing the entire earth within the project site and taking into consideration the level difference within the project site.
- 2) Terrace rain water harvesting has been provided taking into consideration 18.5 mm of rainfall/day seems to be less and has to be reworked taking into consideration realistic rainfall intensity.
- 3) The distance between the boundary of the Bannerghatta National park and the project site which is said to be 15 KM has to be substantiated with relevant coordinates.
- 4) Rain water storage generated from hard surface has to be done separately and suitable treatment scheme for the same has to be submitted for its reuse for the primary purpose.

The committee during the meeting held on 27.9.2019 perused the replies submitted by the proponent on 9-9-2019 and accepted the same. The committee after discussion decided to recommend the proposal to SEIAA for issue of Environmental Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to clear the proposal for issue of Environmental Clearance subject to submission of the following information:

- 1) Specific source of treated water for the construction with an undertaking/MoU with the prospective supplier of such treated water and with water quality analysis report to establish that such treated water is fit for construction purpose.
- 2) An action plan with activities proposed under CER in accordance with O.M.F. No.22-65/2017-IA.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

177.4.7 Proposed Commercial Development of office space, Wholesale cash and carry & Retail at Municipal numbers 26/3, Industrial Suburbs, Ward No.9, A Block, Subramanya Nagar, Bangalore by Keppel Puruvankara Development Pvt Ltd., (SEIAA 41 CON 2019)

M/s. Keppel Puravankara Development Private Limited have proposed for Commercial Development Project on a plot area of 30898.25Sq.m. The total built up area is 177470.03Sq.m. The proposed project consists of office space, Wholesale cash and carry & Retail with Building 1: - 2Basement + G +3 Floors & Building 2 :- 4Basement +G +22

Floors. Total parking space proposed is for 3,900 No's of Cars. Total water consumption is 1365.7 KLD (Fresh water + Recycled water). The total wastewater discharge is 1092.6KLD. It is proposed to construct Sewage Treatment Plant with a capacity of 2 STP of 90 KLD & 1050 KLD. The project cost is Rs.510 Crores.

The SEAC during the meeting held on 26-4-2019 have decided to recommend the proposal to SEIAA for issue of standard ToRs along with additional ToRs. The Authority during the meeting held on 18.5.2019 decided to issue ToR as recommended by SEAC for conducting the Environment Impact Assessment study in accordance with EIA Notification, 2006. Accordingly the ToR was issued vide letter dated 1-7-2019. The proponent have submitted the EIA report on 2-8-2019.

The committee appraised the proposal during the meeting held on 27-8-2019. The committee after discussion decided to reconsider after submission of the following information.

- 1) Solar panel layout details are to be redrawn to harvest maximum solar energy. Feasibility of solar HVAC to be detailed and submitted.
- 2) Surface hydrology for the nearest nala may be worked out based on the micro watershed and carrying capacity of nala has to be worked out.
- 3) Storage capacity of rainwater harvested from terrace area and paved area may be worked out realistically and submitted.
- 4) ECBC simulation studies with calculations has to be worked out and submitted.
- 5) Carbon foot print offsets to be quantified and submitted.
- 6) Linear air modeling for vehicle emission to be submitted.
- 7) Design details for planting mandated 380 number of trees is to be worked out and submitted.
- 8) Water balance chart to be reworked taking into consideration air cooled HVAC instead of water cooled HVAC to be submitted.
- 9) Transportation of construction material from the source to the project site along with availability be detailed and submitted.

The committee during the meeting held on 27.09.2019 perused the replies submitted by the proponent on 17-9-2019 and accepted the same. The committee after discussion decided to recommend the proposal to SEIAA for issue of Environmental Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to clear the proposal for issue of Environmental Clearance subject to submission of the following information:

- 1) Specific source of treated water for the construction with an undertaking/MoU with the prospective supplier of such treated water and with water quality analysis report to establish that such treated water is fit for construction purpose.

- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

Mining Projects:

177.4.8 Proposed Building Stone Quarry Project at Sy.No.58 of Dinnehosahalli Village, Kolar Taluk, Kolar District (Q.L.No.906, Q.L.No.905, Q.L.No.907) (3-34 Acres) By M/s. Dinnehosahalli Cluster Association (SEIAA 550 MIN 2019)

M/s Dinnehosahalli Cluster Association have applied for Environmental clearance from SEIAA for quarrying of building stone in 3-34 acres, Government land at at Sy.No.58 of Dinnehosahalli Village, Kolar Taluk, Kolar District.

The subject was discussed in the SEAC meeting held on 25.09.2019. The Committee noted that earlier separate applications were made out under SEIAA 276 2019, SEIAA 294 MIN 2019 and SEIAA 301 MIN 2019 even though a cluster notification was issued for 7 quarry leases. Now the proponent has stated that a modified cluster notification involving 3 leases with a total extent of 3 Acres 34 guntas has been issued by DMG and consequent to this the proponent has stated that he has prepared combined EMP for the three leases and separate quarry plan for three leases involved in this cluster. According to which the QL No.906 which stands in the name of Sri. Murugesh is of total area of one acre out of which mining area is 23 guntas and level difference with the mining area is 9 meters and taking this into consideration the proposed quantity of 10,675 cum or 28,075 tons can be mined safely and scientifically. The QL No.907 stands in the name of Smt Vijayamma is of total area of 2 Acre out of which mining area is 1-09 Acres and level difference within the mining area is 11 meters and taking this into consideration the proposed quantity of 64,106 tons or 24,375 cum can be mined safely and scientifically. The QL No.905 stands in the name of Smt Vijayamma is of total area of 34 guntas out of which mining area is 23 guntas and level difference within the mining area is 2 meters and taking this into consideration the proposed quantity of 20,567 tons or 7,820 cum can be mined safely and scientifically.

As far as approach road is concerned the proponent has stated that there is a existing cart track road connecting lease area to all weather black topped road which is at a distance of 950 meters. The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC. The Authority observed that the SEAC have pointed out that a cluster notification was issued for 7 leases and subsequently the cluster is modified with three leases. Reasons for such reduction and whether the total extent of 7 leases exceeds 5 Ha is not forthcoming. The Authority further noted that the status of the three leases in this

[Signature]

cluster, is also not forthcoming in the proposal. The Authority therefore decided to consider the proposal after the receipt of the following information:

1. Details of 7 quarry leases that were included in Cluster Notification along with extent of lease area and due reasons for deleting four leases.
2. Present status of quarry leases included in this proposal along with latest audit report issued by the competent authority in the Department of Mines & Geology.
3. Legal status of Shri Murugesh, applicant to represent Dinnehosahalli Cluster Association along with copies of resolution and the authorization issued by Dinnehosahalli Cluster Association.

177.4.9 Proposed Building Stone Quarry Project at Sy.No.40/B of Chattanahalli Village, Arasikere Hobli, Harappanahalli Taluk, Davanagere District (2-00 Acres) By Sri A. Siddalingappa (SEIAA 552 MIN 2019)

Sri. A Siddalingappa have applied for Environmental clearance from SEIAA for quarrying of building stone in 0.809Ha, patta land at Sy.No.40/B of Chattanahalli Village, Arasikere Hobli, Harappanahalli Taluk, Davanagere District.

The subject was discussed in the SEAC meeting held on 25.09.2019. The Committee noted from the combined sketch there are six other leases including this lease and combined area of these leases comes to 10.99 Acres and which is being less than the threshold limit of 5 Ha., the committee decided to categorise this project under B2 and proceeded with the appraisal accordingly. The committee also noted that this is a fresh lease involving building stone mining in patta land. The proponent has stated that he has obtained NOCs from Forest, Revenue Dept., and also obtained land conversion order. The lease has been notified on 28-8-2018.

The Committee further noted from the quarry plan there is a level difference of 7 meters within the mining area and taking this into consideration the committee opined that 35% of the proposed quantity of 1,79,995 cum or 4,78,789 tons can be mined safely and scientifically to a quarry pit depth of 12 meters for a plan period of five years. He has also stated that his project does not fall within the 10 KM radius from the boundary of any Wildlife sanctuary/National Park. As far as approach road is concerned, the proponent has stated that, there is a existing cart track road to a length of 340 meters connecting lease area to all weather black topped road.

As far as CER is concerned the proponent has stated, that he will earmark Rs.6.00 lakhs to take up rejuvenation of Bevinahalli kere which is at a distance of 2 KM. from the lease area. The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of 35% of the building stone proposed to be extracted as per approved quarry plan, subject to submission of the following information:-

- 1) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/ Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/ Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/ Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.
- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 5 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

177.4.10 Proposed Sondenahalli Iron Ore Mining (M.I. No.2175) at Sy.No.37(Part) and 41 (Part) Sondenahalli Village of Chikkanayakanahalli Taluk, Tumkur District by M/s. Tumkur Minerals Pvt Ltd. (SEIAA 64 MIN (VIOL) 2018)

M/s Tumkur Minerals Pvt. Ltd. have applied for Environmental clearance from SEIAA for mining of iron ore in 64.35 Ha, Revenue land at Sy No. 37 (part) and 41 (part), Sondenahalli village of Chikkanayakanahalli Taluk, Tumkur district.

The subject was discussed in the SEAC meeting held on 20th November 2018. The Committee observed that the mining lease was awarded initially for this project in the year 1993 for 20 years in the name of H. Noor Ahmed. The mining plan was approved by IBM in the year 2004 and validity was for five years. Subsequently public hearing was held on 15-3-2005 in order to obtain EC. The EC was granted in the year 7-2-2006 for a production quantity of 0.403 MTPA. The total mineable reserve estimated was 24,18,000 tons and the proponent has mined 16,71,201 tons till the time when blanket ban was imposed by the Hon'ble Supreme court. The mining activity is not being carried out from the date of blanket ban to till today. The Hon'ble Supreme Court appointed CEC has categorized this mine under "B" category and a fine of Rs.17,57,00,000 was levied and the same was paid by the proponent on 23-10-2013. The R & R plan was prepared by ICFRE and approved by CEC and CEC has imposed restriction on the production and permitted 0.06 MMTPA. The proponent has not produced complete details of R & R compliance and he has agreed to come back for the next meeting with all the details. Hence the committee has decided to defer the proposal.

The proponent has not submitted the R&R compliance. However the subject was placed before the 214th meeting held on 28th December 2018. The proponent has appeared before the committee and he has produced a letter dated:22-10-2018 addressed

by the Chairman, Monitoring committee to the Chairman, Central Empowered committee(CEC) and the same was obtained by making out an application under RTI in which the monitoring committee has stated that the R&R works pertaining to this project were found to have been executed satisfactorily. In view of the above the committee decided to proceed with the appraisal.

The Committee noted from the above that the lease period of the mining was expired during the year 2013 for this the proponent has stated that he has made out an application for the extension of lease period with the modified mining plan approved by IBM restricting the mining quantity to 0.06 MTPA as restricted by the CEC. In response to this, Secretary to Govt., (Mines & MSME), Commerce and Industries Department has issued a letter dated: 16-3-2015 to the proponent stating that the lease period in principle gets extended upto 10-11-2043 as per amended MMDR Act dated:12-1-2015 and the letter also directs the proponent to use this communication to obtain the statutory clearances like EC etc.

The proponent has stated that he has obtained EC dated: 7-2-2006 as per the EIA Notification 1994 conducting public hearing and following all the prescribed procedures and he has also requested to exempt him one more public hearing since the production quantity has been got drastically reduced from 0.403 MTPA to 0.06 MTPA i.e., about 15% of the earlier quantity and he further requested to utilize the baseline studies he is carrying out regularly for submission of the same to the Regional office, MoEF for the preparation of EIA report. However, the committee after discussion/deliberation decided to conduct site inspection for assessing the ground realities of the project and to issue any additional ToRs after site inspection which has been scheduled on 9th & 10th January 2018.

Accordingly the SEAC team had visited the Project site on 10-1-2019.

Site visit report was placed before the committee during the meeting held on 21.1.2019 for deliberation and committee approved the report. However, during the meeting it was brought to the notice of the committee to appraise the proposal in accordance with MoEF & CC, GoI Notification dated:6-4-2018 issued in view of Hon'ble Supreme Court orders dated:2-8-2017 and 7-2-2018 where it is said that the validity of the EC issued under 1994 Notification is only for five years. As regards the request made by the proponent about the adoption of data that is being collected regularly and also about the exemption from public hearing, the committee opined that since public hearing has been conducted already for higher quantity of production. In view of the fact that the public hearing is already being conducted for higher quantity the committee opined to permit him to utilize the regular data which is being collected and also to recommend for exemption from public hearing. The committee after discussion decided to forward the proposal to SEIAA for issue of Standard ToRs and Site Specific additional ToRs to conduct the EIA studies by utilizing one month baseline data in accordance with the EIA Notification 2006 and exempted the project from public Hearing. The committee also opined in the light of the above facts that the above mine leases will not come under violation category and hence recommended for delisting the same from violation category.

The Authority during the meeting held on 25.1.2019 decided to issue ToR as recommended by SEAC for conducting the Environment Impact Assessment study in accordance with EIA Notification, 2006. Accordingly the ToR was issued vide letter dated 30-1-2019. The proponent have submitted the EIA report on 21.05.2019.

The committee appraised the proposal during the meeting held meeting 25-9-2019. As far as CER is concerned the proponent has stated that he has earmarked Rs.10.00 lakhs to take up sanitary, water supply afforestation in Govt. Independent Junior College, Chikkanayakanahalli. The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of the iron ore of 0.06 Million Tons per Annum as prescribed by CEC, subject to submission of the following information:-

- 1) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.
- 2) An action plan with activities proposed under CER in accordance with O.M.F. No.22-65/2017-IA.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

177.4.11 Proposed Grey Granite Quarry Project at Sy.No.9 of Gudshihalli Village, Chikkaballapura Taluk, Chikkaballapura District (Q.L.No.17) District (4-00 Acres) By M/s. Sunrise Minerals (SEIAA 553 MIN 2019)

M/s. Sunrise Minerals have applied for Environmental clearance from SEIAA for quarrying of Grey Granite in 1.61 Ha, Government land at Sy.No.9 of Gudshihalli Village, Chikkaballapura Taluk, Chikkaballapura District.

The subject was discussed in the SEAC meeting held on 25.09.2019. The Committee noted that the lease for this proposal was granted during the year 2009 for mining building stone. The proponent has stated that no mining activity has been carried out between 2009 to 2014 for which he has submitted audit report prepared by DMG. Now this proposal has been changed from mining building stone to mining ornamental stone and it has been notified on 4-7-2019. As seen from the quarry plan

there is a level difference of 100 meters and taking this into consideration the proposed gross quantity of 87,030 cum can be mined safely and scientifically. The proponent has stated that the recovery is 30% in the form of commercial blocks and 70% waste, out of which 90% will be converted to building stone.

The Committee also noted that as per the cluster sketch prepared by DMG there are seven leases including this lease within 500 meter radius from this lease and the leases for all these proposals were granted prior to 9-9-2013 and hence exempted from cluster effect. The proponent has also stated that the project does not fall within the 10 KM radius from National park/Wildlife sanctuary. As far as approach road is concerned the proponent has stated that there is an existing cart track road to a length of 1 KM connecting the lease area to all weather black topped road. As far as CER is concerned the proponent has stated that he has earmarked Rs.10.00 lakhs for a plan period of five years to take rejuvenation of Doddihalli kere which is at a distance of 3.0 KM from the project site. The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of the grey granite as per approved quarry plan, subject to submission of the following information:-

- 1) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.
- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

177.4.12 Proposed Grey Granite Quarry Project at Sy.No.9 of Gudshihalli Village, Chikkaballapura Taluk & District (Q.L.No.18) By M/s. Sunrise Minerals (SEIAA 556 MIN 2019)

M/s Sunrise Minerals have applied for Environmental clearance from SEIAA for quarrying of grey granite in 0.962 Ha(2-16 Acres), Government land at Sy.No.9 of Gudshihalli Village, Chikkaballapura Taluk & District.

The subject was discussed in the SEAC meeting held on 25.09.2019. The Committee noted that the lease for this proposal was granted during the year 2009 for mining building stone. The proponent has stated that no mining activity has been carried out between 2009 to 2014 for which he has submitted audit report prepared by DMG. Now this proposal has been changed from mining building stone to mining ornamental stone and it has been notified on 4-7-2019. The proposal has been got vetted by the District Task Force wherein representatives from Forest Dept., Revenue Dept., and Mines and Geology Dept., were present. As seen from the quarry plan there is a level difference of 54 meters and taking this into consideration the proposed gross quantity of 44,180 cum can be mined safely and scientifically. The proponent has stated that the recovery is 30% in the form of commercial blocks and 70% waste, out of which 90% will be converted to building stone.

The Committee further noted that as per the cluster sketch prepared by DMG there is seven leases including this lease and the leases for all these proposals were granted prior to 9-9-2013 and hence exempted from cluster effect. The proponent has also stated that the project does not fall within the 10 KM radius from National park/Wildlife sanctuary. As far as approach road is concerned the proponent has stated that there is an existing cart track road to a length of 1 KM connecting the lease area to all weather black topped road. As far as CER is concerned the proponent has stated that he has earmarked Rs.10.00 lakhs for a plan period of five years to take rejuvenation of Doddihalli kere which is at a distance of 3.0 KM from the project site. The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of the grey granite as per approved quarry plan, subject to submission of the following information:-

- 1) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.
- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

177.4.13 Proposed Building Stone Quarry Project at Sy.No.167(P) of Unnibhavi Village, Basavanabagewadi Taluk, Vijayapura District (3-07 Acres) By Sri Ashok B Reshmi (SEIAA 558 MIN 2019)

Sri. Ashok B Reshmi have applied for Environmental clearance from SEIAA for quarrying of building stone in 1.28 Ha (3-07 Acres), private land at Sy.No.167(P) of Unnibhavi Village, Basavanabagewadi Taluk, Vijayapura District.

The subject was discussed in the SEAC meeting held on 25.09.2019. The Committee noted that this is a fresh lease involving building stone mining in patta land. The proponent has stated that he has obtained NOCs from Forest, Revenue Dept., and also obtained land conversion order. The lease has been notified on 26-6-2019. The Committee further noted from the quarry plan that there is a level difference of 7 meters within the mining area and taking this into consideration the committee opined that the proposed quantity of 1,13,180 cum or 3,01,060 tons can be mined safely and scientifically to a quarry pit depth of 12 meters for a plan period of five years.

As per the cluster sketch approved by DMG there are two other leases within 500 meter from this lease area for which EC was issued before 15-1-2016 and exempted from cluster effect and the area of this being less than the threshold limit of 5 Hectares, the committee decided to categorise this proposal under B2 category and proceeded with the appraisal accordingly. He has also stated that his project does not fall within the 10 KM radius from the boundary of any Wildlife sanctuary/National Park. As far as approach road is concerned, the proponent has stated that there is a existing cart track road to a length of 300 meters connecting lease area to all weather black topped road. As far as CER is concerned the proponent has stated, that he will earmark Rs.6.00 lakhs to take up rejuvenation of Parvathakatte halla which is at a distance of 2 KM. from the lease area. The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of the building stone as per approved quarry plan, subject to submission of the following information:-

- 1) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.
- 2) An action plan with activities proposed under CER in accordance with O.M.F. No.22-65/2017-IA.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame

within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

177.4.14 Proposed Building Stone Quarry Project at Sy.No.41 of Thoralakki Village, Malur Taluk, Kolar District (Q.L.No.872) (3-15 Acres) By M/s. Vengamamba Stone Crusher (SEIAA 559 MIN 2019)

M/s Vengamamba Stone Crusher have applied for Environmental clearance from SEIAA for quarrying of building stone in 1.365 Ha, Government land at Sy.No.41 of Thoralakki Village, Malur Taluk, Kolar District.

The subject was discussed in the SEAC meeting held on 25.09.2019. The Committee noted that this is an existing lease involving building stone mining in government land. The lease for the same was granted earlier in the year 2008 and as per the audit report the mining activity has been carried out from 2011 to 2014 and quantity mined is 4,750 tons or 1,785 cum. As seen from the quarry plan there is a level difference of 11 meters within the mining area and taking this into consideration and also the fact that he has already mined 4,750 tons or 1,785 cum the committee opined that 60% of the proposed quantity of 2,45,196 cum or 6,52,223 tons can be mined safely and scientifically to a quarry pit depth of 15 meters for a plan period of five years.

The Committee also noted that as per the cluster sketch approved by DMG there are no other leases within the 500 meter radius from this lease and area of this lease being less than the threshold limit of 5 Hectares, the committee decided to categorise this proposal under B2 category and proceeded with the appraisal accordingly. He has also stated that his project does not fall within the 10 KM radius from the boundary of any Wildlife sanctuary/National Park. As far as approach road is concerned, the proponent has stated that, there is a existing cart track road to a length of 220 meters connecting lease area to all weather black topped road. As far as CER is concerned the proponent has stated, that he will earmark Rs.8.00 lakhs to take up rejuvenation of Markandakere which is at a distance of 500 meters from the lease area. The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of 60% of the building stone proposed to be extracted as per approved quarry plan, subject to submission of the following information:-

- 1) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.

- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

177.4.15 Proposed Building Stone Quarry Project at Sy.No.377(P) of Galataga Village, Chikkodi Taluk, Belagavi District (2-00 Acres) By Sri Ashok Babasaheb Chougule(SEIAA 561 MIN 2019)

Sri. Ashok Babasaheb Chougule have applied for Environmental clearance from SEIAA for quarrying of building stone in 0.809 Ha (2-00 Acres) , Government land at Sy.No.377(P) of Galataga Village, Chikkodi Taluk, Belagavi District

The subject was discussed in the SEAC meeting held on 25.09.2019. The Committee noted that this is a proposal involving mining of building stone in government land. The lease has been notified on 15-6-2019. The proponent has stated that he has obtained NOCs from Forest, Revenue Departments., The Committee also noted from the quarry plan that there is a level difference of 3 meters within the mining area and taking this into consideration the committee opined that the proposed quantity of 1,50,053 tons or 57,692 cum can be mined safely and scientifically to a quarry pit depth of 12 meters for a plan period of five years.

As per the cluster sketch approved by DMG there are four leases including this lease within 500 meter radius from this lease area and combined area of these leases is 7 Acres 30 guntas and this being less than the threshold limit of 5 Hectares, the committee decided to categorise this proposal under B2 category and proceeded with the appraisal accordingly. He has also stated that his project does not fall within the 10 KM radius from the boundary of any Wildlife sanctuary/National Park.As far as approach road is concerned, the proponent has stated that, there is a existing cart track road to a length of 350 meters connecting lease area to all weather black topped road.As far as CER is concerned the proponent has stated, that he will earmark Rs.5.00 lakhs to take up rejuvenation of Shiragaon kere which is at a distance of 5.0 KM. from the lease area.The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of the building stone as per approved quarry plan, subject to submission of the following information:-

- 1) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/ Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/

Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.

- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

177.4.16 Proposed Building Stone Quarry Project at Sy.No.203 of Chikkakereyaginahalli Village, Sandur Taluk, Ballari District (6-00 Acres) By Sri Srimanth Patil (SEIAA 564 MIN 2019)

Sri Srimanth Patil have applied for Environmental clearance from SEIAA for quarrying of building stone in 2.4283 Ha (6-00 Acres), Government land at Sy.No.203 of Chikkakereyaginahalli Village, Sandur Taluk, Ballari District

The subject was discussed in the SEAC meeting held on 27.09.2019. The Committee noted that this is a fresh proposal involving mining of building stone in government land. The lease has been notified on 29-1-2019. The proponent has stated that he has obtained NOCs from Forest and Revenue Dept., As seen from the quarry plan there is a level difference of 29 meters within the mining area, the committee opined that the proposed quantity of 5,52,298 tons or 209,999 cum can be mined safely and scientifically to a quarry pit depth of 5 meters for a plan period of five years.

The Committee also noted that as per the cluster sketch approved by DMG there are no other leases within the 500 meter radius from this lease and hence the committee decided to categorise under B2 and proceeded with the appraisal accordingly. He has also stated that his project does not fall within 10 KM radius from the boundary of any Wildlife sanctuary/National Park. As far as approach road is concerned, the proponent has stated that, there is a existing cart track road to a length of 500 meters connecting lease area to all weather black topped road. As far as CER is concerned the proponent has stated, that he will earmark Rs.10.00 lakhs to take up sanitation, water supply, plantation and street lights to Shivapura Gollarahatti which is at distance of 1.5 KM from the project site. The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of the building stone as per approved quarry plan, subject to submission of the following information:-

- 1) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere

reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.

- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

177.4.17 Proposed Building Stone Quarry Project at Sy.Nos.550/1 & 550/2 of Kotthalavadi Village, Chamarajanagara Taluk & District (4-16 Acres) By Sri M. Sujendra (SEIAA 566 MIN 2019)

Sri. M. Sujendra have applied for Environmental clearance from SEIAA for quarrying of building stone in 1.779 Ha(4-16 Acres) , patta land at Sy.Nos.550/1 & 550/2 of Kotthalavadi Village, Chamarajanagara Taluk & District.

The subject was discussed in the SEAC meeting held on 27.09.2019. The Committee noted that this is a fresh lease involving building stone mining in patta land. The proponent has stated that he has obtained NOCs from Forest, Revenue Dept., and also obtained land conversion order and also the proposal got vetted by the District Task force. As seen from the quarry plan there is a level difference of 7 meters within the mining area and taking this into consideration the committee opined that the proposed quantity of 1,82,293 cum or 4,84,900 tons can be mined safely and scientifically to a quarry pit depth of 12 meters for a plan period of five years.

The Committee further noted that as per the cluster sketch approved by DMG there are no other leases within the 500 meter radius and hence the committee decided to categorise this proposal under B2 category and proceeded with the appraisal accordingly. He has also stated that his project does not fall within the 10 KM radius from the boundary of any Wildlife sanctuary/National Park.As far as approach road is concerned, the proponent has stated that, there is a existing cart track road to a length of 340 meters connecting lease area to all weather black topped road.As far as CER is concerned the proponent has stated, that he will earmark Rs.10.00 lakhs to take up rejuvenation of Narasamangala kere which is at a distance of 900 meters from the lease area.The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of the building stone as per approved quarry plan, subject to submission of the following information:-

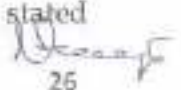

- 1) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.
- 2) An action plan with activities proposed under CER in accordance with O.M F, No.22-65/2017-IA.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

177.4.18 Proposed Building Stone Quarry Project at Sy.No.92/1B of Linganakoppa Village, Khalghatgi Taluk, Dharwad District (Q.L.No.826/11-12) (1-00 Acre) By Sri H.J.Singh (SEIAA 569 MIN 2019)

Sri. H. J. Singh have applied for Environmental clearance from SEIAA for quarrying of building stone in 0.404 Ha, patta land at Sy.No.92/1B of Linganakoppa Village, Khalghatgi Taluk, Dharwad District.

The subject was discussed in the SEAC meeting held on 27.09.2019. The Committee noted that as per the records the lease for this area was granted for the purpose of mining building stone in patta land during the year 2000 and proponent has stated that he has carried out mining activity for five years and no audit report for the excavated quantity is forth coming. However, the proponent has stated that as per the quarry pit measurement the total quantity mined is 64,372 tons or 24,200 cum. Now this has been freshly notified on 22-2-2019. The proponent has stated that he has obtained NoCs from Forest and Revenue departments and also obtained land conversion order.

The Committee further noted from the quarry plan excluding the quarry pit only 10 guntas of land is available for fresh mining and there is a level difference of 2 meters within the mining area and taking this into consideration only 20% of the proposed quantity of 56,390 cum or 1,50,000 tons can be mined safely and scientifically to a quarry pit of 12 meters. As per the cluster sketch approved by DMG there are three other leases and the combined area of these four leases is 4 Acres 35 guntas and which being less than the threshold limit of 5 Hectares, the committee decided to categorise this proposal under B2 category and proceeded with the appraisal accordingly. He has also stated that his project does not fall within the 10 KM radius from the boundary of any Wildlife sanctuary/ National Park. As far as approach road is concerned, the proponent has stated

that, there is a existing cart track road to a length of 240 meters connecting lease area to all weather black topped road. The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of 20% of the Building Stone proposed to be extracted as per approved quarry plan, subject to submission of the following information:-

- 1) Reasons for fresh Notification when the lease existed since year 2000.
- 2) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/ Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/ Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/ Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.
- 3) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

177.4.19 Proposed Building Stone Quarry Project at Sy.No.85/4 of Ugginakeri Village, Kalaghatgi Taluk, Dharwad District (1-00 Acres) By Sri Ashok M. Gokul (SEIAA 571 MIN 2019)

Sri. Ashok M. Gokul have applied for Environmental clearance from SEIAA for quarrying of building stone in 0.404 Ha, patta land at Sy.No.85/4 of Ugginakeri Village, Kalaghatgi Taluk, Dharwad District

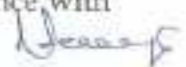

The subject was discussed in the SEAC meeting held on 27.09.2019. The Committee noted that this is a proposal involving building stone mining in patta land. The fresh lease for which lease has been notified on 7-7-2017 and this is a part of earlier lease of area 20 guntas granted during 2001 which was for five years and same has been renewed for further five years in 2006. The proponent has stated that he has carried out mining activity from 2001 and 2012 but the audit reports for this period is not forthcoming. However the proponent has stated that he has arrived at the already mined quantity based on the quarry pit measurements and it comes to 14,570 tons or 5,480 cum. The proponent has stated that he has obtained NoCs from Forest and Revenue Department and also land conversion order.

The Committee noted from the quarry plan that there is a level difference of 2 meters within the mining area and taking this into consideration and also the fact that the proponent has already mine 5,480 cum or 14,570 tons, the committee opined that the proposed quantity of 9,400 cum or 25,000 tons can be mined safely and scientifically to a quarry pit depth of 10 meters for a plan period of five years. It is observed that the lease area is at a distance of 85 meters from the public road and for which the DMG has permitted only manual mode of mining and for which the proponent has also agreed As per the cluster sketch approved by DMG there are no other leases within the 500 meter radius from this lease area and hence the committee decided to categorise this proposal under B2 category and proceeded with the appraisal accordingly. He has also stated that his project does not fall within the 10 KM radius from the boundary of any Wildlife sanctuary/National Park.As far as approach road is concerned, the proponent has stated that, there is a existing cart track road to a length of 120 meters connecting lease area to all weather black topped road.The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of the building stone as per approved quarry plan, subject to submission of the following information:-

- 1) Details of quarry lease that existed since 2001 and the audit report issued by the competent authority of the DMG in respect of the quarrying activity in the said quarry area.
- 2) Justification for the Notification issued on 7.7.2017 with clarification regarding combining the fresh lease with the existing lease.
- 3) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.
- 4) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

177.4.20 Proposed Pink Granite Quarry Project at Sy.No.94/3 of Menasgera Village, Kushgati Taluk, Koppal District (7-00 Acres) By Sri Vinod P. Rajolli (SEIAA 572 MIN 2019)

Sri. Vinod P. Rajolli have applied for Environmental clearance from SEIAA for quarrying of pink granite in 2.8330 Ha (7-00 Acres) , private patta land at Sy.No.94/3 of Menasgera Village, Kushgati Taluk, Koppal District.

The subject was discussed in the SEAC meeting held on 27.09.2019. The Committee noted that this is a proposal involving ornamental stone mining in patta land. The proponent has stated that the project has been cleared by the District Task Force consisting representative of DMG, Revenue Dept., Forest Department. The lease has been notified on 27-9-2018. The Committee also noted from the mining plan that there is a level difference of 14 meters within the mining area and taking this into consideration the proposed gross quantity of 73,637 cum can be mined safely and scientifically. The proponent has stated that the recovery in the form of commercial blocks is 23% i.e., 16,936 cum and 25% i.e, 18,409 cum which is in form of khandas and 30% i.e., 22,091 cum in the form of building stone and the balance 22% i.e., 16,200 cum is a waste for which the proponent has stated that he has earmarked 14 guntas of land to handle the waste. As far as top soil is concerned the proponent has stated that he will deposit the top soil in the buffer zone area for plantation.

The Committee further noted that as per the cluster sketch prepared by DMG there are no other leases within the 500 meter radius from this lease area and this being less than the threshold limit of 5 Ha the committee decided to categorise this project under B2 and proceeded with the appraisal accordingly. As far as approach road is concerned the proponent has stated that there is an existing cart track road to a length of 1 KM connecting lease area to all weather black topped road. As far as CER is concerned the proponent has stated that he has earmarked Rs.10.00 lakhs to take up rejuvenation of Hirekodagali kere which is a distance of 2.5 KM from the project site. The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of the pink granite as per approved quarry plan, subject to submission of the following information:-

- 1) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/ Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/ Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/ Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.

- 2) An action plan with activities proposed under CER in accordance with O.M.F. No.22-65/2017-LA.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

177.4.21 Proposed Building Stone Quarry Project at Sy.No.33 of Animitnahalli Village, Malur Taluk, Kolar District (2-00 Acres) By M/s. J.P. Stone Crusher (SEIAA 579 MIN 2019)

M/s J P Stone Crusher have applied for Environmental clearance from SEIAA for quarrying of building stone in 0.809 Ha, Government Gomala land at Sy.No.33 of Animitnahalli Village, Malur Taluk, Kolar District.

The subject was discussed in the SEAC meeting held on 27.09.2019. The Committee noted that this is a fresh proposal involving mining of building stone in government land. The lease has been notified on 21-6-2019. The proponent has stated that he has obtained NOCs from Forest and Revenue Dept. The Committee noted from the quarry plan that there is a level difference of 6 meters within the mining area and taking this into consideration, the committee opined that 60% of the proposed quantity of 3,18,702 tons or 1,19,548 cum can be mined safely and scientifically to a quarry pit depth of 15 meters for a plan period of five years.

The Committee further noted that as per the cluster sketch approved by DMG there are other eight leases out of which six leases are exempted from cluster effect because of the fact that either their leases are granted prior to 9-9-2013 or ECs were issued before 15-1-2016. The total area of three leases including this lease is 8 Acres 30 guntas and which being less than the threshold limit of 5 Ha., the committee decided to categorise under B2 and proceeded with the appraisal accordingly. He has also stated that his project does not fall within the 10 KM radius from the boundary of any Wildlife sanctuary/ National Park. As far as approach road is concerned, the proponent has stated that, there is a existing cart track road to a length of 235 meters connecting lease area to all weather black topped road.s far as CER is concerned the proponent has stated, that he will earmark Rs.5.00 lakhs to take up rejuvenation of Kommanahalli tank which is at distance of 1.15 KM from the project site.The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of 60% of the building stone proposed to be extracted as per approved quarry plan, subject to submission of the following information:-

- 1) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/

Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.

- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

177.4.22 Proposed Building Stone Quarry Project at Sy.Nos.32/1(P), 32/2(P), 32/3(P) and 32/4(P) of Mallapura Village, Gangavathi Taluk, Koppal District (12-00 Acres) By M/s. Sai Balaji Constructions (SEIAA 580 MIN 2019)

M/s. Sai Balaji Constructions have applied for Environmental clearance from SEIAA for quarrying of building stone in 12-00 Acres, patta land at Sy.Nos.32/1(P), 32/2(P), 32/3(P) and 32/4(P) of Mallapura Village, Gangavathi Taluk, Koppal District.

The subject was discussed in the SEAC meeting held on 27.09.2019. The Committee noted that this is a fresh lease involving building stone mining in patta land. The proponent has stated that he has obtained NOCs from Forest, Revenue Dept., and also obtained land conversion order. The proposal has also been got vetted by District Task Force. The Committee also noted from the quarry plan that there is a level difference of 5 meters within the mining area and taking this into consideration the committee opined that 80% of the proposed quantity of 10,04,400 cum or 26,41,572 tons can be mined safely and scientifically to a quarry pit depth of 18 meters for a plan period of five years.

The Committee further noted that as per the cluster sketch approved by DMG there are no other leases within the 500 meter radius and the area of this being less than the threshold limit of 5 Hectares, the committee decided to categorise this proposal under B2 category and proceeded with the appraisal accordingly. He has also stated that his project does not fall within the 10 KM radius from the boundary of any Wildlife sanctuary/National Park. As far as approach road is concerned, the proponent has stated that, there is a existing cart track road to a length of 700 meters connecting lease area to all weather black topped road. As far as CER is concerned the proponent has stated, that he will earmark Rs.15.00 lakhs to take up rejuvenation of Bandrahalu kere which is at a distance of 2.6 KM. from the lease area. The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of 80% of the building stone proposed to be extracted as per approved quarry plan, subject to submission of the following information:-

- 1) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and

if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.

- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

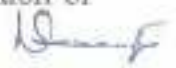

177.4.23 Proposed Building Stone Quarry Project at Sy.No.30 of Haradakothuru Village, Malur Taluk, Kolar District (2-20 Acres) By M/s. J.P. Stone Quarry (SEIAA 581 MIN 2019)

M/s J P Stone Crusher have applied for Environmental clearance from SEIAA for quarrying of building stone in 1.01 Ha, Government Gomala land at Sy.No.30 of Haradakothuru Village, Malur Taluk, Kolar District.

The subject was discussed in the SEAC meeting held on 27.09.2019. The Committee noted that this is a fresh proposal involving mining of building stone in government land. The lease has been notified on 21-6-2019. The proponent has stated that he has obtained NOCs from Forest and Revenue Dept. The Committee also noted from the quarry plan that there is a level difference of 4 meters within the mining area and taking this into consideration the committee opined that 60% of the proposed quantity of 4,29,972 tons or 1,61,643 cum can be mined safely and scientifically to a quarry pit depth of 15 meters for a plan period of five years.

The Committee further noted that as per the cluster sketch approved by DMG there are other eight leases out of which six leases are exempted from cluster effect because of the fact that either their leases are granted prior to 9-9-2013 or ECs were issued before 15-1-2016. The total area of three leases including this lease is 8 Acres 30 guntas and which being less than the threshold limit of 5 Ha., the committee decided to categorise under B2 and proceeded with the appraisal accordingly. He has also stated that his project does not fall within the 10 KM radius from the boundary of any Wildlife sanctuary/National Park. As far as approach road is concerned, the proponent has stated that there is an existing cart track road to a length of 210 meters connecting lease area to all weather black topped road. As far as CER is concerned the proponent has stated, that he will earmark Rs.6.00 lakhs to take up rejuvenation of Kanagala kere which is at distance of 300 meters from the project site. The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of 60% of the building stone proposed to be extracted as per approved quarry plan, subject to submission of the following information:-

- 1) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.
- 2) An action plan with activities proposed under CER in accordance with O.M.F. No.22-65/2017-IA.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

177.4.24 Proposed Building Stone (M-Sand) Quarry Project at Sy.No.95(P) of Haligera Village, Yadgir Taluk & District (1-00 Acre) By Sri Rajkumar (SEIAA 582 MIN 2019)

Sri. Rajkumar have applied for Environmental clearance from SEIAA for quarrying of building stone in 0.4048 Ha, Government land at Sy.No.95(P) of Haligera Village, Yadgir Taluk & District.

The subject was discussed in the SEAC meeting held on 27.09.2019. The Committee noted that this is a fresh proposal involving mining of building stone in government land. The lease has been notified on 3-5-2019. The proponent has stated that he has obtained NOCs from Forest and Revenue Dept. The Committee also noted from the quarry plan that there is a level difference of 16 meters within the mining area and taking this into consideration the committee opined that 75% of the proposed quantity of 1,42,497 tons or 53,570 cum can be mined safely and scientifically to a quarry pit depth of 10 meters for a plan period of five years.

The Committee further noted that as per the cluster sketch approved by DMG there are ten other leases out of which seven leases are exempted from cluster effect because of the fact that either their leases are granted prior to 9-9-2013 or ECs were issued before 15-1-2016. The total area of other four leases including this lease is 4 Acres 20 guntas and which being less than the threshold limit of 5 Ha., the committee decided to categorise under B2 and proceeded with the appraisal accordingly. He has also stated that his project does not fall within the 10 KM radius from the boundary of any Wildlife sanctuary/National Park. As far as approach road is concerned, the proponent has stated that, there is a existing cart track road to a length of 500 meters connecting lease area to all weather black topped road. As far as CER is concerned the proponent has stated, that he will earmark Rs.3.00 lakhs to take up rejuvenation of Haligera water pond

which is at distance of 1.0 KM from the project site. The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of 75% of the building stone proposed to be extracted as per approved quarry plan, subject to submission of the following information:-

- 1) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/ Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/ Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/ Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.
- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

177.4.25 Proposed Building Stone Quarry Project at Sy.No.30 of Haradakothe Village, Malur Taluk, Kolar District District (4-10 Acres) By M/s. J.P. Stone Crusher (SEIAA 583 MIN 2019)

M/s J P Stone Crusher have applied for Environmental clearance from SEIAA for quarrying of building stone in 1.72 Ha, Government Gomala land at Sy.No.30 of Haradakothe Village, Malur Taluk, Kolar District.

The subject was discussed in the SEAC meeting held on 27.09.2019. The Committee noted that this is a fresh proposal involving mining of building stone in government land. The lease has been notified on 21-6-2019. The proponent has stated that he has obtained NOCs from Forest and Revenue Dept. The Committee also noted from the quarry plan that there is a level difference of 5 meters within the mining area and taking this into consideration the committee opined that 85% of the proposed quantity of 6,25,353 tons or 2,35,095 cum can be mined safely and scientifically to a quarry pit depth of 20 meters for a plan period of five years.

The Committee further noted that as per the cluster sketch approved by DMG there are other eight leases out of which six leases are exempted from cluster effect because of the fact that either their leases are granted prior to 9-9-2013 or ECs were issued before 15-1-2016. The total area of three leases including this lease is 8 Acres 30 guntas and which being less than the threshold limit of 5 Ha., the committee decided to categorise under B2 and proceeded with the appraisal accordingly. He has also stated

that his project does not fall within the 10 KM radius from the boundary of any Wildlife sanctuary/National Park. As far as approach road is concerned, the proponent has stated that, there is a existing cart track road to a length of 250 meters connecting lease area to all weather black topped road. As far as CER is concerned the proponent has stated, that he will earmark Rs.10.00 lakhs to take up rejuvenation of Kanagala kere which is at distance of 500 meters from the project site. The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of 85% of the building stone proposed to be extracted as per approved quarry plan, subject to submission of the following information:-

- 1) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.
- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

177.4.26 Proposed Building Stone Quarry Project at Sy.No.95(P) of Haligera Village, Yadgir Taluk & District By Sri Chandrakanth (SEIAA 584 MIN 2019)

Sri. Chandrakanth have applied for Environmental clearance from SEIAA for quarrying of building stone in 0.4048 Ha (1.00 Acre) , Government land at Sy.No.95(P) of Haligera Village, Yadgir Taluk & District.

The subject was discussed in the SEAC meeting held on 27.09.2019. The Committee noted that this is a fresh proposal involving mining of building stone in government land. The lease has been notified on 3-6-2019. The proponent has stated that he has obtained NOCs from Forest and Revenue Dept. The Committee also noted from the quarry plan that there is a level difference of 18 meters within the mining area and taking this into consideration the committee opined that 80% of the proposed quantity of 1,42,500 tons or 53,571 cum can be mined safely and scientifically to a quarry pit depth of 10 meters for a plan period of five years.

The Committee further noted that as per the cluster sketch approved by DMG there are ten other leases out of which seven leases are exempted from cluster effect

because of the fact that either their leases are granted prior to 9-9-2013 or ECs were issued before 15-1-2016. The total area of other four leases including this lease is 4 Acres 20 guntas and which being less than the threshold limit of 5 Ha., the committee decided to categorise under B2 and proceeded with the appraisal accordingly. He has also stated that his project does not fall within the 10 KM radius from the boundary of any Wildlife sanctuary/National Park. As far as approach road is concerned, the proponent has stated that, there is a existing cart track road to a length of 550 meters connecting lease area to all weather black topped road. As far as CER is concerned the proponent has stated, that he will earmark Rs.3.00 lakhs to take up rejuvenation of Haligera water pond which is at distance of 1.0 KM from the project site. The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of 80% of the building stone proposed to be extracted as per approved quarry plan, subject to submission of the following information:-

- 1) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.
- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

177.4.27 Proposed Building Stone Quarry Project at Sy.No.159 of Heggotara Village, Chamarajanagara Taluk & District (2-00 Acres) By Sri S. Manikanta (SEIAA 585 MIN 2019)

Sri. S. Manikanta have applied for Environmental clearance from SEIAA for quarrying of building stone in 0.8093 Ha, Govt. Revenue land at Sy.No.159 of Heggotara Village, Chamarajanagara Taluk & District.

The subject was discussed in the SEAC meeting held on 27.09.2019. The Committee noted that this is a fresh proposal involving mining of building stone in government land. The lease has been notified on 18-1-2017. The proponent has stated that he has obtained NOCs from Forest and Revenue Dept., The Committee also noted from the quarry plan that there is a level difference of 6 meters within the mining area

the committee opined that 85% of the proposed quantity of 1,31,580 tons or 50,605 cum can be mined safely and scientifically to a quarry pit depth of 12 meters for a plan period of five years.

The Committee further noted that as per the cluster sketch approved by DMG there are five notified leases including this lease the combined area of these five leases is 9 Acres and which being less than the threshold limit of 5 Ha., the committee decided to categorise under B2 and proceeded with the appraisal accordingly. He has also stated that his project does not fall within the 10 KM radius from the boundary of any Wildlife sanctuary/National Park. As far as approach road is concerned, the proponent has stated that, there is a existing cart track road to a length of 700 meters connecting lease area to all weather black topped road. As far as CER is concerned the proponent has stated, that he will earmark Rs.2.50 lakhs to take up rejuvenation of Heggotara tank which is at distance of 1.95 KM from the project site. The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of 85% of the building stone proposed to be extracted as per approved quarry plan, subject to submission of the following information:-

- 1) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.
- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-1A.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

177.4.28 Proposed Ordinary River Sand Project at Sy.No.59 of Thekkaru Village, Belthangadi Taluk, Dakshina Kannada District (5.436 Acres) by Sri. Krishna Nayak (SEIAA 609 MIN 2019)

Sri. Krishna Nayak have applied for Environmental clearance from SEIAA for quarrying of Ordinary River Sand in 2.20Ha, Govt. Revenue land at Sy.No.59 of Thekkaru Village, Belthangadi Taluk, Dakshina Kannada District.

The subject was discussed in the SEAC meeting held on 27.09.2019. The Committee noted that this is a proposal involving sand mining in Nethravathi River Bed. The proponent has got this lease through public auction. As per the quarry plan the average width of the river at the lease area is 190 meter and the buffer width of 25 meter has been left on right side and 125 meter on the left side of the river. The proponent has stated that the average dry weather flow in the lease area is 20.5 meter MSL and top level of the sand block is 22.5 meter MSL and the depth of the mining proposed being 1.0 meter and bottom of the mining pit will be 1.0 meter above the dry weather flow level. The proponent has stated that he will take up mining for a depth of 1.0 meter every year and mining will be done in the subsequent years after the full replenishment of the mining pit. As per the quarry plan 95% of the proposed quantity of 1,89,200 tons can be mined safely and scientifically after leaving side slopes of 1:1 ½.

As per the extended cluster sketch prepared by DMG there are two leases including this lease and the combined area of these two leases is 4.30 Ha. and this being less than the threshold limit of 5 Ha. the committee decided to categorise this project under B2 and proceeded with the appraisal accordingly. The proponent has stated that he has proposed a stock yard at a distance of 200 meter from the lease area on a private land for which an MOU has been entered with the land owner. As far as approach road is concerned there is an existing cart track road connecting stock yard at a distance of 200 meter and proceeding further to connect all weather road i.e., Tekkaru Uppinangady Road. The committee after discussion and deliberation decided to recommend the proposal to SEIAA for issue of Environment clearance with the following conditions:

- 1) In case the replenishment is lower than the approved rate of production, then the mining activity / production levels shall be decreased / stopped accordingly till the replenishment is completed.
- 2) The proponent shall stabilize the river bank with waste materials like pebbles and planting with khus grass and suitable plant species.
- 3) The overall depth of mining shall not exceed one meter from the top level at any point of time during the lease period.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of 95% of the ordinary sand proposed to be extracted as per approved quarry plan and the Sustainable Sand Mining Management Guidelines, 2016 issued by the MoEF&CC, Government of India, subject to submission of the following information:-

- 1) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.

- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-1A.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

177.4.29 Proposed Ordinary River Sand Quarry Project at Sy.No.72 of Barya Village, Belthangadi Taluk, Dakshina Kannada District (5.189 Acres) by Sri. Thaniyappa(SEIAA 616 MIN 2019)

Sri. Thaniyappa have applied for Environmental clearance from SEIAA for quarrying of Ordinary River Sand Quarry in 2.10Ha, Govt. Revenue land at Sy.No.72 of Barya Village, Belthangadi Taluk, Dakshina Kannada District.

The subject was discussed in the SEAC meeting held on 27.09.2019. The Committee noted that this is a proposal involving sand mining in Nethravathi River Bed. The proponent has got this lease through public auction. As per the quarry plan the average width of the river at the lease area is 260 meter and the buffer width of 35 meter has been left on right side and 155 meter on the left side of the river. The proponent has stated that the average dry weather flow in the lease area is 27.0 meter MSL and top level of the sand block is 28.5 meter MSL and the depth of the mining proposed being 1.0 meter and bottom of the mining pit will be 0.5 meter above the dry weather flow level. The proponent has stated that he will take up mining for a depth of 1.0 meter every year and mining will be done in the subsequent years after the full replenishment of the mining pit. As per the quarry plan 95% of the proposed quantity of 1,80,600 tons can be mined safely and scientifically after leaving side slopes of 1:1 ½.

As per the extended cluster sketch prepared by DMG there are no other leases within the 500 meter radius from this lease area and this being less than the threshold limit of 5 Ha the committee decided to categorise this project under B2 and proceeded with the appraisal accordingly. The proponent has stated that he has proposed a stock yard at a distance of 200 meter from the lease area on a private land for which an MOU has been entered with the land owner. As far as approach road is concerned there is an existing cart track road connecting stock yard at a distance of 200 meter and proceeding further to connect all weather road i.e., Barya Village road. The committee after discussion and deliberation decided to recommend the proposal to SEIAA for issue of Environment clearance with the following conditions:

- 1) In case the replenishment is lower than the approved rate of production, then the mining activity / production levels shall be decreased / stopped accordingly till the replenishment is completed.
- 2) The proponent shall stabilize the river bank with waste materials like pebbles and planting with khus grass and suitable plant species.
- 3) The overall depth of mining shall not exceed one meter from the top level at any point of time during the lease period.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of 95% of the ordinary sand proposed to be extracted as per approved quarry plan and the Sustainable Sand Mining Management Guidelines, 2016 issued by the MoEF&CC, Government of India, subject to submission of the following information:-

- 1) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/ Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/ Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/ Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.
- 2) An action plan with activities proposed under CER in accordance with O.M.F. No.22-65/2017-LA.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

177.4.30 Proposed Ordinary River Sand Quarry Project at Sy.No.72 of Barya Village, Belthangadi Taluk, Dakshina Kannada District (5.189 Acres) by Sri. Ibrahim(SEIAA 617 MIN 2019)

Sri. Ibrahim have applied for Environmental clearance from SEIAA for quarrying of ordinary sand in 2.10 Ha, Government Revenue land at Sy.No.72 of Barya Village, Belthangadi Taluk, Dakshina Kannada District.

The subject was discussed in the SEAC meeting held on 27.09.2019. The Committee noted that this is a proposal involving sand mining in Nethravathi River Bed. The proponent has got this lease through public auction. As per the quarry plan the average width of the river at the lease area is 225 meter and the buffer width of 40 meter has been left on right side and 135 meter on the left side of the river. The proponent has stated that the average dry weather flow in the lease area is 28.0 meter MSL and top level of the sand block is 29.5 meter MSL. and the depth of the mining proposed being 1.0 meter and bottom of the mining pit will be 0.5 meter above the dry weather flow level. The proponent has stated that he will take up mining for a depth of 1.0 meter every year and mining will be done in the subsequent years after the full replenishment of the mining pit. As per the quarry plan 95% of the proposed quantity of 1,80,600 tons can be mined safely and scientifically after leaving side slopes of 1:1 ½.

As per the extended cluster sketch prepared by DMG there are no other leases within the 500 meter radius from this lease area and this being less than the threshold

limit of 5 Ha the the committee decided to categorise this project under B2 and proceeded with the appraisal accordingly. The proponent has stated that he has proposed a stock yard at a distance of 180 meter from the lease area on a private land for which an MOU has been entered with the land owner. As far as approach road is concerned there is an existing cart track road connecting stock yard at a distance of 180 meter and proceeding further to connect all weather road i.e., Barya Village road. The committee after discussion and deliberation decided to recommend the proposal to SEIAA for issue of Environment clearance with the following conditions:

- 1) In case the replenishment is lower than the approved rate of production, then the mining activity / production levels shall be decreased / stopped accordingly till the replenishment is completed.
- 2) The proponent shall stabilize the river bank with waste materials like pebbles and planting with khus grass and suitable plant species.
- 3) The overall depth of mining shall not exceed one meter from the top level at any point of time during the lease period.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of 95% of the ordinary sand proposed to be extracted as per approved quarry plan and the Sustainable Sand Mining Management Guidelines, 2016 issued by the MoEF&CC, Government of India, subject to submission of the following information:-

- 1) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.
- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

177.4.31 Proposed Building Stone Quarry Project at Sy.No.42 of Naganala Village, Kolar Taluk, Kolar District (11-00 Acres) by Sri. N. Somashekar (SEIAA 597 MIN 2019)

Sri. N. Somashekar have applied for Environmental clearance from SEIAA for quarrying of building stone in 11-00 Acres, Govt. Gomala land at Sy.No.42 of Naganala Village, Kolar Taluk, Kolar District.

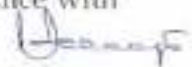

The subject was discussed in the SEAC meeting held on 27.09.2019. The Committee noted that this is a fresh proposal involving mining of building stone in government land. The lease has been notified on 5-2-2018. The proponent has stated that he has obtained NOCs from Forest and Revenue Dept., As seen from the quarry plan there is a level difference of 45 meters within the mining area and taking this into consideration the committee opined that the proposed quantity of 10,52,965 tons or 3,95,852 cum can be mined safely and scientifically to a quarry pit depth of 10 meters for a plan period of five years.

As per the cluster sketch approved by DMG there is one other lease within 500 meter radius from this lease area and this has been exempted from cluster effect because of the fact that the lease for this has been granted prior to 9-9-2013 area of this leases being less than the threshold limit of 5 Ha., the committee decided to categorise under B2 and proceeded with the appraisal accordingly. He has also stated that his project does not fall within the 10 KM radius from the boundary of any Wildlife sanctuary/National Park.As far as approach road is concerned, the proponent has stated that, there is a existing cart track road to a length of 800 meters connecting lease area to all weather black topped road.As far as CER is concerned the proponent has stated, that he will earmark Rs.20.00 lakhs to take up rejuvenation of Medihala kere which is at distance of 1.17 KM from the project site. The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of the building stone as per approved quarry plan, subject to submission of the following information:-

- 1) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.
- 2) An action plan with activities proposed under CER in accordance with O.M E. No.22-65/2017-IA.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

177.4.32 Proposed Building Stone Quarry Project at Sy.No.94 of Eralagere Village, Tiptur Taluk, Tumkur District (2-20 Acres) by Chikkamma Devi Enterprises (SEIAA 622 MIN 2019)

M/s. Chikkamma Devi Enterprises have applied for Environmental clearance from SEIAA for quarrying of building stone in 1.011 Ha, Government Gomala land at Sy.No.94 of Eralagere Village, Tiptur Taluk, Tumkur District.

The subject was discussed in the SEAC meeting held on 27.09.2019. The Committee noted that this is a fresh proposal involving mining of building stone in government land. The lease has been notified on 11-6-2018. The proponent has stated that he has obtained NOCs from Forest and Revenue Dept. As seen from the quarry plan there is a level difference of 13 meters within the mining area and taking this into consideration the committee opined that 80% of the proposed quantity of 3,82,092 tons or 1,43,644 cum can be mined safely and scientifically to a quarry pit depth of 15 meters for a plan period of five years.

As per the cluster sketch approved by DMG there are no other leases within the 500 meter radius from this lease area and this less than the threshold limit of 5 Ha., the committee decided to categorise under B2 and proceeded with the appraisal accordingly. He has also stated that his project does not fall within the 10 KM radius from the boundary of any Wildlife sanctuary/National Park. As far as approach road is concerned, the proponent has stated that, there is a existing cart track road to a length of 226 meters connecting lease area to all weather black topped road. As far as CER is concerned the proponent has stated, that he will earmark Rs.6.00 lakhs to take up rejuvenation of Eralagere water pond which is at distance of 690 meters from the project site. The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of 80 % of the building stone proposed to be extracted as per approved quarry plan, subject to submission of the following information:-

- 1) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.
- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall

be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

177.4.33 Proposed Building Stone Quarry Project at Sy.No.43 of Chikkanagavalli Village, Chikkaballapura Taluk & District (Q.L.No.161) (2-03 Acres) By Sri S.N. Ramachandra (SEIAA 529 MIN 2019)

Sri S.N. Ramachandra have applied for Environmental clearance from SEIAA for quarrying of building stone in 0.839 Ha, Government Revenue land at Sy.No.43 of Chikkanagavalli Village, Chikkaballapura Taluk & District.

The subject was discussed in the SEAC meeting held on 28.08.2019. The Committee noted from the records that some discrepancies were found in the land use plan and mining plan for which the proponent has stated that he will come back after rectifying this discrepancies. Hence the committee after discussion decided to defer the subject.

The proponent and Environment consultant attended the 231st meeting held on 26-9-2019 to provide required clarification. The committee noted that this is a proposal involving mining of building stone in government land. The lease has been granted on 16-6-2006. According to audit reports the mining activity has been done from 2007-2008 to 2014-15 and the total quantity mined is 42,300 tons or 15,900 cum . The proponent has stated that he has obtained NOCs from Forest and Revenue Dept.,

The Committee further noted from the quarry plan that there is a level difference of 10 meters within the mining area and taking this into consideration and also the fact that he has already mined 42,300 tons or 15,900 cum, the committee opined that 35% the proposed quantity of 5,18,715 tons or 1,95,000 cum can be mined safely and scientifically to a quarry pit depth of 15 meters for a plan period of five years. As per the cluster sketch approved by DMG there are 82 leases including this lease and all of these leases were granted prior to 9-9-2013 or the ECs were issued prior to 15-1-2016 and according to which the proponent claimed exemption from cluster effect. He has also stated that his project does not fall within the 10 KM radius from the boundary of any Wildlife sanctuary/National Park.

As far as approach road is concerned, the proponent has stated that, there is a existing cart track road to a length of 220 meters connecting lease area to all weather white topped road formed by the Cluster Association. As far as CER is concerned the proponent has stated, that he will earmark Rs.5.00 lakhs to take up rejuvenation of Adigarahalli kere which is at a distance of 1.0 KM. from the lease area. The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of 35 % of the building stone proposed to be extracted as per approved quarry plan, subject to submission of the following information:-

- 1) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/ Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/ Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/ Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.
- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

177.4.34 Proposed Building Stone Quarry Project at Sy.No.368 of Kuthanur village, Gundlupet Taluk, Chamarajanagara District (Q.I. No.247 & 249) (0-30 Acres & 0-20 Acres) by Sri. Siddha Shetty & Sri Rama Shetty (SEIAA 147 MIN 2019)

Sri. Siddha Shetty & Sri Rama Shetty have applied for Environmental clearance from SEIAA for quarrying of building stone in 0.5058 Ha., Government land at Sy.No.368 of Kuthanur village, Gundlupet Taluk, Chamarajanagara District.

The subject was discussed in the SEAC meeting held on 25-4-2019. The Committee noted that this is a cluster proposal containing two leases of 0-20 Acres and 0-30 Acres standing in the name of different persons. The cluster proposal has been approved by the DMG. As far as the lease locations with reference to Bandipur National Park, the certificate issued by the RFO and ACF of the forest department this lease area situated at 8.8 KM from the Bandipur National Park and there is a discrepancy about the distance from the sensitive zone. Further the committee opined that the officers who have issued the certificate are not competent to issue such type of certificate for which the proponent has agreed to come back after getting the certificate from the competent authority. Hence the committee decided to defer the subject.

The proponent and Environment consultant attended the 231st meeting held on 26-9-2019 after obtaining NOC from forest department wherein it is mentioned that lease areas proposed are at a distance of 2.342 KM and 2.302 KM respectively from the boundary of eco-sensitive zone. The committee noted that this is a proposal involving mining of building stone in government land and this proposal is for the cluster of two leases whose leases were granted on 27-1-2011. According to audit reports the mining activity has been done from 2011-12 to 2014-15 and the total quantity mined is 21,880

Devi

tons & 2,789 tons respectively. The proponent has stated that he has obtained NOCs from Forest and Revenue Dept.

The Committee further noted from the quarry plan that there is a level difference of 7 meters within the mining area and taking this into consideration and also the fact that he has already mined 21,880 & 2,789 tons or 8,225 & 1,048 cum, respectively, the committee opined that 30% & 60% of the proposed quantity of 43,964 tons or 16,527 cum and 26,744 tons or 10,054 cum respectively can be mined safely and scientifically to a quarry pit depth of 6 meters for a plan period of five years.

As per the cluster sketch approved by DMG there are no other leases within the 500 meter radius from mining area and also these were granted prior to 9-9-2013, the proponent has claimed exemption from the cluster effect. As far as approach road is concerned, the proponent has stated that, there is a existing cart track road to a length of 1.40 KM connecting lease area to all weather white topped road. The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC. The Authority observed that the proposal involves two quarry leases each with 0-30 Acres and 0-20 Acres and have made a joint application. The proposal do not involve cluster approach. The Authority also observed that the information regarding permissibility of these leases under the provisions of Mineral Concession Rules is not forthcoming.

The Authority after discussion decided to seek clarification from the DMG with regard to permissibility of these leases under the provisions of Mineral Concession Rules for further consideration.

177.4.35 Proposed Building Stone Quarry at Sy.No.192 of Madahalli village, Gundlupet Taluk, Chamarajanagara District (1-00 Acre) by Sri. N Suresh (SEIAA 280 MIN 2019)

Sri. N Suresh have applied for Environmental clearance from SEIAA for quarrying of building stone in 0.4047 Ha in Government Revenue land at Sy.No.192 of Madahalli village, Gundlupet Taluk, Chamarajanagara District.

The subject was discussed in the SEAC meeting held on 27.06.2019. The Committee noted that the proposal consists of two contiguous leases of 20 guntas each notified separately for one individual i.e., Sri. N. Suresh. The quarry leases have common boundaries and in the interest of scientific mineral development these two quarries need to be amalgamated so that buffer on either side of the common boundary can be dispensed with for which the proponent has stated that he will come back after getting the leases amalgamated. Hence the committee after discussion, deliberation decided to defer the proposal.

The proponent has attended the 231st meeting held on 26-9-2019 after getting the two leases amalgamated. As per the amalgamated quarry plan there is a level difference of 25 m within the mining area and taking this into consideration the proposed quantity

[Signature]
46

of 20,080 cum or 53,415 tons can be mined safely and scientifically to a quarry pit depth of 6.0 meters. The proponent has stated that he has obtained NOCs from Forest and Revenue Depts. The Committee noted that as per the cluster sketch approved by DMG there are seven leases including this lease within 500 meter radius from this lease area the total area of which is 12 Acres and this being less than the threshold limit of 5 Ha. the committee decided to categorise this project under B2 and proceeded with the appraisal accordingly.

As far as approach road is concerned, the proponent has stated that, there is a existing cart track road to a length of 500 meters connecting lease area to all weather black topped road. As far as CER is concerned the proponent has stated that he has earmarked Rs.1.00 lakhs to take up water and sanitation works at Govt. School, Madahalli which is at a distance of 4.00 KM. The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC. The Authority observed that the SEAC during the meeting held on 27.06.2019 have recorded that the proponent have stated to come back after getting the leases amalgamated. Whereas, from the records available there is no order of amalgamation from the competent Authority with the provisions of Mineral Concession Rules, The Authority after discussion decided to get a copy of the order of amalgamation of the quarry leases issued by the competent authority in accordance with law for further consideration.

177.4.36 Proposed Building Stone Quarry at Sy.No.159 in Heggotara Village, Chamarajanagara Taluk, Chamarajanagara District (2-00 Acres) by Sri. Syed Rafi (SEIAA 347 MIN 2019)

Sri. Syed Rafi have applied for Environmental clearance from SEIAA for quarrying of building stone in 0.8093 Ha, Revenue land at Sy.No.159 in Heggotara Village, Chamarajanagara Taluk, Chamarajanagara District.

The subject was discussed in the SEAC meeting held on 27.09.2019. The Committee noted that this is a fresh proposal involving mining of building stone in government land. The lease has been notified on 24-11-2017. The proponent has stated that he has obtained NOCs from Forest and Revenue Dept., The Committee also noted from the quarry plan that there is a level difference of 11 meters within the mining area the committee opined that 55% of the proposed quantity of 249912 tons or 96120cum can be mined safely and scientifically to a quarry pit depth of 12 meters for a plan period of five years.

As per the cluster sketch approved by DMG there are five notified leases including this lease the combined area of these five leases is 9 Acres and which being less than the threshold limit of 5 Ha., the committee decided to categorise under B2 and proceeded with the appraisal accordingly. He has also stated that his project does not fall within the 10 KM radius from the boundary of any Wildlife sanctuary/National Park. As far as approach road is concerned, the proponent has stated that, there is a existing cart track road to a length of 800 meters connecting lease area to all weather

black topped road. As far as CER is concerned the proponent has stated, that he will earmark Rs.2.5lakhs to take up rejuvenation of Heggotara tank which is at distance of 1.95 KM from the project site. The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of 55 % of the building stone proposed to be extracted as per approved quarry plan, subject to submission of the following information:-

- 1) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.
- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

177.4.37 Proposed Building Stone Quarry Project at Sy.No.114 of Halagondanahalli Village, Tumkur Taluk, Tumkur District (Q.L No.731) (2-00 Acres) by Sri. B.P Girish(SEIAA 608 MIN 2019)

Sri. B.P Girish have applied for Environmental clearance from SEIAA for quarrying of building stone in 0.809Ha, Government land at Sy.No.114 of Halagondanahalli Village, Tumkur Taluk, Tumkur District.

The subject was discussed in the SEAC meeting held on 27.09.2019. The Committee noted that the lease was granted earlier in the year 2010 and terminated in the year 2013 for some irregularities and this has once again been restored in the year 2016. The proponent has stated that he has carried out the mining from 2010 to 2012 and the total quantity mined comes to 3,650 tons or 1,370 cum. The proponent has stated that he has obtained NoCs from Forest Dept in the year 2017. The Committee also noted from the quarry plan that there is a level difference of 15 meters within the mining area the committee taking this into consideration and also the fact that he has already mined 3,600 tons or 1,370 cum the committee opined that the proposed quantity of 97,768 tons or 37,078 cum can be mined safely and scientifically to a quarry pit depth of 10 meters for a plan period of five years.

As per the cluster sketch approved by DMG there are seven other leases and all of them are exempted from cluster effect either in view of leases granted prior to 9-9-2013 or EC issued before 15-1-2016 and since this area being less than the threshold limit of 5 Ha, the committee decided to categorise under B2 and proceeded with the appraisal accordingly. He has also stated that his project does not fall within the 10 KM radius from the boundary of any Wildlife sanctuary/National Park. As far as approach road is concerned, the proponent has stated that, there is a existing cart track road to a length of 440 meters connecting lease area to all weather black topped road. As far as CER is concerned the proponent has stated, that he will earmark Rs.2.0 lakhs to take up rejuvenation of Nayakanapalya Pond which is at distance of 800 meters from the project site. The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance

The Authority perused the proposal and took note of the recommendation of SEAC. The Authority observed that the quarry lease which was terminated earlier was restored as per the orders of the Commissioner, Department of Mines & Geology, dated 28th November 2016.

The Authority after discussion decided to issue Environmental Clearance for extraction of the building stone as per approved quarry plan, subject to submission of the following information:-

- 1) Quarry audit report issued by the competent authority from the year 2015-16 to till date.
- 2) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.
- 3) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

177.4.38 Proposed Cluster Sand Mining Block Project at Sy.No.28 & 29 of Govanaki Village & Sy.No.132 of Mangalore village, Badami Taluk, Bagalkot District(4-36 Acres) by Member Secretary & Deputy Director, District Sand Monitoring Committee, Bagalkote District (SEIAA 691 MIN 2019)

Member Secretary & Deputy Director, District Sand Monitoring Committee, Bagalkote District have applied for Environmental clearance from SEIAA for quarrying

of cluster sand mining in 1.983 Ha Government Revenue land at Sy.No.28 & 29 of Govanaki Village & Sy.No.132 of Mangalore village, Badami Taluk, Bagalkot District.

The subject was discussed in the SEAC meeting held on 27.09.2019. The Committee noted that this is a proposal involving sand mining in Malaprabha River bed. The lease has been notified on 30-8-2019 for a cluster of three blocks with total extent of 4 Acres 36 guntas. The proponent has stated that the average dry weather flow in the lease area is 527.4 meter MSL and top level of the sand block is 530.8 meter MSL and the depth of mining proposed is 0.5m, 1m & 1m respectively for Block-1, Block-2 and Block-3 respectively and the bottom of the mining pit will be one meter above the dry weather flow level with consideration of these fact the proposed quantity of 7944 tons, 11352 tons & 3096 tons respectively in Block-1, Block-2 & Block-3 can be mined safely and scientifically.

The Committee further noted that as per the cluster sketch there are three leases within 500 meter radius from this lease area with a total area of 4 Acre 36 guntas and this being less than the threshold limit of 5 Ha, the committee decided to categorise this project under B2 and proceeded with the appraisal accordingly. As far as approach road is concerned there is an existing cart track road connecting stock yard at a distance of 200 meter and proceeding further to connect all weather road. The committee after discussion and deliberation decided to recommend the proposal to SEIAA for issue of Environment clearance with the following conditions:

- 1) In case the replenishment is lower than the approved rate of production, then the mining activity / production levels shall be decreased / stopped accordingly till the replenishment is completed.
- 2) The proponent shall stabilize the river bank with waste materials like pebbles and planting with khus grass and suitable plant species.
- 3) The overall depth of mining shall not exceed one meter from the top level at any point of time during the lease period.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of ordinary sand as per approved quarry plan, and the Sustainable Sand Mining Management Guidelines, 2016 issued by the MoEF&CC, Government of India, subject to submission of the following information:-

- 1) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.

- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

177.4.39 Proposed Building Stone Quarry Project at Sy.No.43 of Somashettihalli Village, Arasikere Taluk, Hassan District (Q.L No.HMG-464) (3-00 Acres) by Smt. H.D Pushpavathi(SEIAA 696 MIN 2019)

Smt. H.D. Pushpavathi has applied for Environmental Clearance for quarrying of building stone in 3-00 Acres, Government Gomala Land at Sy.No.43 of Somashettihalli Village, Arasikere Taluk, Hassan District.

The proposal was placed before the committee on 19.10.2019 for appraisal. The committee noted that this is a old lease which as granted during the year 2009 and as per the audit report furnished by the DMG the lease has been operated upto 2012-13 and total quantity mined is 2,710 tons. Subsequently, an EC was issued by DELAA during the year 16-5-2017 and the proponent has stated he has just commenced the mining activity based on this EC. Now this proposal is for increased quantities. As per the quarry plan there is a level difference of 30 meter within the mining area and taking this into consideration and also the fact that he has already mined 2,710 tons or 1018 cum in previous years the committee opined 60% of the proposed proved quantity of 12,69,357 tons or 4,77,000 cum can be mined safely and scientifically over a quarry pit depth of 20 meters. As far as the cluster map is concerned the proponent has requested to exempt this quarry from cluster effect in view of the fact the lease was granted originally in the year 2009 i.e., prior to 9-9-2013.

The proponent has also stated that there is a existing cart track road to a length of 480 meters joining the lease area to all weather black topped road. The proponent has stated that there are no eco-sensitive zone within the radius of 10 KM from the boundary of lease area. As far as CER is concerned the proponent has stated that he has earmarked Rs.15.00 lakhs to take up rejuvenation of Gollarahalli pond which is a distance of 1.60 KM from the lease area.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of building stone of 60% of the quantity proposed in the approved quarry plan, subject to submission of the following information and with the additional condition that the project proponent should undertake quarrying activity after submission of report of compliance on the Environmental Clearance conditions :-

- 1) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere

reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.

- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

177.5. Fresh Projects (Recommended for ToR):

Industry Projects:

177.5.1 Proposed Common Treatment, Storage & Disposal Facility of Landfillable Hazardous Waste Project at KIADB Industrial Area, Harohalli Phase-III, Plot Nos.667 to 689 of Jakkasandra Village Near Harohalli, Kanakapura Taluk, Ramanagara District by M/s. Mother Earth Environ Tech Pvt Ltd(SEIAA 30 IND 2019)

M/s. Mother Earth Environ Tech Pvt Ltd. have applied for Environmental clearance from SEIAA for Common hazardous waste treatment, storage and disposal facility in a plot area of 8.83 Acres at KIADB Industrial Area, Harohalli Phase-III, Plot Nos.667 to 689 of Jakkasandra Village Near Harohalli, Kanakapura Taluk, Ramanagara District.

The subject was discussed in the SEAC meeting held on 26.09.2019. The Committee had decided to appraise the proposal as BI and decided to recommend the proposal to SEIAA for issue of standard ToRs to conduct the EIA studies in accordance with EIA Notification 2006. The committee also prescribed the following additional ToRs.

- 1) Compliance to the siting guidelines with relevant NOCs from the competent authorities viz., KIADB, Forest Department and other relevant departments to be submitted.
- 2) NoC from the KIADB indicating that there is no area left for park, not permitting any food processing and manufacturing, pharmaceutical units and prohibiting extraction of ground water within the 500 meter from the project.
- 3) Detailed description of flora and fauna within 10 KM/15 KMs aerial distance of the project area and if there are schedule-I fauna the proponent to submit biodiversity action plan in consultation with forest department along with budget backup.
- 4) Surface hydrology of the surrounding area along with micro water shed studies to be submitted.

Udaya

- 5) Land use land cover analysis of the study area based on high resolution satellite imagery may be done and submitted.
- 6) Justification for claiming exemption from public hearing may be detailed and submitted.
- 7) NoC from KIADB to put up this type of project may be submitted.
- 8) Certificate from Competent Authority regarding the distance from the Bannerghatta National Park.

The Authority perused the proposal and recommendation made by SEAC. The Authority observed that the proposed project site as part of a developed industrial area would have a better utility than establishment of hazardous waste landfill. The Authority also sought to know whether the proposed project site was earmarked for this purpose while obtaining Environmental Clearance for the Harohalli Industrial Area Phase-III and whether it meets the siting guidelines for establishment of hazardous waste landfill. The Authority after discussion decided to refer the file back to SEAC for sending recommendation deemed fit after duly considering the proposal in the light of above observation.

Construction Projects:

177.5.2 Proposed Commercial Building Project "Prestige Tech Forest" at Sy.Nos.47/1, 47/2, 47/3, 47/4, 47/5, 47/6 of Varthur Village, Varthur Hobli, Sy.No.s.58, 59/1, 59/2, 59/3, 60/1P, 60/2, 62/1, 62/2G, 63/3B of Khane Khandaya Village, Varthur Hobli, Sy.Nos.340/2, 340/3, 341/1, 341/2, 341/3, 341/4, 341/5, 342, 343/1, 343/2, 343/3, 344, 345/2, 346, 347, 349/P of Amani Bellandur Khane Village, Varthur Hobli, Bangalore East Taluk, Bangalore Urban District by M/s. Sterling Gera Residence Pvt Ltd(SEIAA 131 CON 2019)

M/s. Sterling Gera Residence Pvt. Ltd. have proposed for Development of Commercial Building Project on a plot area of 72,589.88 Sqm. The total built up area is 2,76,151.97 Sqm. The proposed project consists of Core 1,2,3 and 4 wherein Core 1- 2BF+GF+13F+Terrace, Core 2- 2BF+GF+13F+Terrace, Core 3- 2BF+GF+13F+Terrace and Core 4- 2BF+GF+1GF. Total parking space proposed is for 3839 No's of Cars. Total water consumption is 1010 KLD (Fresh water + Recycled water). The total wastewater discharge is 909 KLD. It is proposed to construct Sewage Treatment Plant with a capacity of 1000 KLD. The project cost is Rs.326.64 Crores.

The subject was discussed in the SEAC meeting held on 26.09.2019. The Committee has decided to appraise the proposal as B1 and decided to recommend the proposal to SEIAA for issue of standard ToRs to conduct the EIA studies in accordance with EIA Notification 2006. The committee also prescribed the following additional ToRs.

- 1) Details of the Kharab land and its position on the village survey map may be detailed and submitted.
- 2) Ground water potential in the study area may be studied and submitted. 

- 3) Scheme for waste to energy plant to process the organic waste generated from the entire project.
- 4) Management plan to utilise the entire earth generated within the site may be worked out and submitted.
- 5) Utilization of the entire terrace for solar power generation as well as solar thermal for HVAC may be worked out and submitted.
- 6) Scheme for utilising maximum treated sewage water to reduce the demand on the fresh water may be worked out and submitted.
- 7) Rain water harvesting/ storage details may be worked out.
- 8) Surface hydrological study of surrounding area may be carried out and the carrying capacity of the natural nalas may be worked out in order to ascertain the adequacy in the carrying capacity of the nalas.
- 9) To submit the scheme for development of greenery with the number and kind of tree species as per the norms.
- 10) The applicability of the recent Hon'ble Supreme court order on buffer zone for water bodies and nalas may be studied and submitted.
- 11) ECBC norms to be fully complied with for design and choice of equipments. Simulation studies to be conducted and quantify the energy savings.
- 12) Carbon footprint to be estimated for construction and operation phase. Suitable offsets to be implemented, quantified and detail calculation to be submitted to try and achieve near zero carbon foot print.
- 13) Traffic simulation studies to be conducted for present and projected traffic densities along with transportation study for construction phase. Traffic plan to be prepared in order to reduce vehicular emissions and project the vehicular emissions through linear air modeling.
- 14) Details of land conversion to put up this kind of project may be furnished.
- 15) Possibility of going for CNG/PNG gensets may be studied and submitted."

The Authority perused the proposal and recommendation made by SEAC. The Authority after discussion decided to issue standard ToR along with additional ToR recommended by SEAC for conducting the Environment Impact Assessment study in accordance with EIA Notification, 2006.

Mining Projects:

177.5.3 Proposed Grey Granite Quarry Project inat Sy.No.132(P) of Kothakota Village, Bagepalli Taluk, Chikkaballapur District (4-00 Acres) By Sri CN Prakash (SEIAA 52 MIN 2019)

Sri. C.N Prakash has applied for Environmental clearance from SEIAA for quarrying of grey granite in 1.618 Ha, Government land at Sy.No.132(P) of Kothakota Village, Bagepalli Taluk, Chikkaballapur District.

The subject was discussed in the SEAC meeting held on 11-3-2019 to provide required clarification. The proponent remained absent with intimation. The Committee had decided to provide one more opportunity to proponent with intimation that the

54

proposal will be appraised based on merit, in case he remains absent again and deferred the subject.

The proponent was invited for SEAC meeting held on 8-5-2019 to provide required clarification. But the proponent remained absent but he made out an application stating that he made out an application to SEIAA to the effect that ECs issued earlier for neighbouring leases are to be cancelled and he has also stated that he will come up before SEAC after this decision by SEIAA. In view of the above the committee decided to recommend the proposal for closure since the proponent likely to get absented even if he has given one more opportunity.

The Authority during the meeting held on 18.05.2019 perused the proposal and took note of the recommendation of SEAC. The Authority noted that the mandate of the Committee is to appraise the proposal based on information provided in Form-I and other associated statutory documents. The Authority further noted that in the instant case as per the cluster sketch provided by the Senior Geologist, Chikkaballapura there are two leases including the one in question, the total extent of which will be 17-06 Acres which is more than threshold limit of 5 Ha prescribed by Hon'ble NGT vide order dated 11.12.2018 in O. A. No.520 of 2016 for consideration of projects/ activity under B1 category. The Authority also observed that the Hon'ble High Court of Karnataka vide order in W.P.No.49018/2018 have directed the Authority to dispose of the application within six months. The Authority after discussion decided to send the file back to SEAC for appraise the proposal based on the information available in the statutory application and associate document and send recommendation deemed fit in accordance with law.

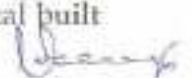

The proponent was invited for SEAC meeting held on 25-9-2019. The Proponent and Environment Consultant attended the meeting to present the ToRs. The Committee after discussion had decided to appraise the proposal as B1 and decided to recommend the proposal to SEIAA for issue of standard ToRs to conduct EIA studies in accordance with EIA Notification 2006. "

The Authority perused the proposal and recommendation made by SEAC. The Authority after discussion decided to issue standard ToR along with additional ToR recommended by SEAC for conducting the Environment Impact Assessment study in accordance with EIA Notification, 2006.

177.6. Miscellaneous:

177.6.1 "Ankshu Ecostay", Residential Apartment at Sy.No.35/A2, 37/2, 37/3, 37/4, 37/5, 38/1 and 2, Site No. 127 and 127A, Segehalli Village, KR pura hobli, Bangalore East Taluk, Bangalore Urban District of M/s. TGR PROJECTS INDIA PVT. LTD. (SEIAA 205 CON 2014)

It is a proposal for construction of Residential apartment of 302 units in 2 Blocks with 2B+G+18UF and a Club House on a plot area of 10,150.86 Sqm and with total built up area of 50,415.99 Sqm. Total water requirement of project is 224 KLD.

The subject was discussed in the SEAC meeting held on 27th & 28th February 2015 and 9th & 10th April 2015. The Committee has recommended for issue of environmental clearance, after appraising the proposal along with the inspection report.

The Authority during the meeting held on 28th April 2015 had perused the proposal and took note of the recommendation of SEAC. The Authority after discussion decided to clear the proposal for issue of Environmental Clearance subject to submission of the following information:

- (1) BBMP sanction letter for the development of nallah adjacent to the project site and construction of the bridge across the nallah..
- (2) Revised parking calculations based on the requirement as per MoEF, BHK norms and BBMP norms
- (3) Specific social commitment plan with budget, activity and time frame with a suggestion to donate for the Prime Minister's National Relief Fund (PMNRF).

While processing the proposal for issue of E.C. it has been noticed that the construction activity has been started without prior Environmental Clearance. The Authority therefore during the meeting held on 16th January 2016 had decided to issue show cause notice as to why action should not be initiated against the proponent in accordance with the provisions of Environment (Protection) Act, 1986.

Accordingly show cause notice has been issued on 19.02.2016 and mahazar also has been conducted on 20.02.2016.

Further since there was a prima face violation of the EIA Notification, 2006, complaint has been filed under section 19 of the Environment (Protection) Act, 1986 before the Hon'ble Court of MMTC I on 15.06.2016 as per the decision of the Authority dated 26th February 2016.

The Authority during the meeting held on 17th June 2016 had made the following decisions:

- 1) To keep the approval granted for issue of Environmental Clearance in abeyance.
- 2) To Issue the following directions under section 5 of the Environment (Protection) Act, 1986 to the proponent:
 - a. Suspend the construction activity of the above said project with immediate effect at the existing level till the Environmental Clearance is obtained.
 - b. To submit details regarding present level of construction along with latest dated photographs.
 - c. To submit the cadastral map of the village duly marking the location of the project site.
 - d. Details of nala / Rajakaluve in and around the proposed project site with required buffer zone as per the orders of the Principal Bench of Hon'ble National Green Tribunal, New Delhi dated 4th May 2016 made in O.A. No. 222 of 2014.

- e. Revised layout plan on a scaled drawing duly marking the nala/Rajakaluve and the buffer zone maintained as per the above order of NGT vis a vis the infrastructures and constructions proposed.

The Authority also decided to take up for further consideration after the receipt of above information.

Accordingly, direction has been issued vide letter dated 29.08.2016 to submit the compliance report on the direction to the Authority on or before 15th of September 2016.

The Authority during the meeting held on 27.12.2016 noted that the proponent have not furnished the information with regard to applicability of the order of the Hon'ble National Green Tribunal, New Delhi dated 4th May 2016 in O.A. No. 222 of 2014, as per the direction issued under section 5 of the Environment (Protection) Act, 1986, even after lapse of four months. The Authority further noted that from the available records, the construction that has been undertaken without prior Environmental Clearance is well within the buffer zone which needs to be maintained as no construction zone as per the above mentioned order of the Hon'ble NGT. The Authority opined that the construction undertaken by the proponent in the above said location is in violation of EIA Notification, 2006 and in non-conformity to the above said orders of the Hon'ble NGT. The Authority therefore decided to reject the Environmental Clearance.

Accordingly, the decision of the Authority to reject the Environmental Clearance for the proposal has been communicated to the proponent vide letter dated 31.1.2017.

The project proponent has submitted a letter on 11.10.2019 requesting for reopening of the file and consider for issue of Environmental Clearance in accordance with O.M. dated 9th September 2019 issued by the MoEF&CC.

The Authority during the meeting held on 19.10.2019 perused the details and the request made by the proponent. The Authority opined that the major concerns underlined while rejecting the EC were: (1) Non-compliance to the orders of the Hon'ble NGT issued on 4th May 2016 in O.A. No. 222 of 2014 and (2) the proponent had undertaken construction without prior Environmental Clearance.

The Authority further noted that the Hon'ble Supreme Court vide order dated 5th March 2019 in Civil Appeal No. 5016 of 2016 ordered that, the direction/condition No. (1) in the order dated 4.5.2016 is set aside except the direction issued against respondent Nos. 9 and 10. The Authority therefore opined that the directions of the Hon'ble NGT are not applicable to the proposal under consideration.

Further, the Authority noted that the O.M. bearing F. No. 22-10/2019-1A.III, dated 9th September 2019 issued by the Ministry of Environment, Forest and Climate Change, have clarified that the proposals involving violation submitted to SEAC during the window or prior to it may be taken up for consideration under the provisions of Ministry's Notification dated 14.03.2017 & 08.03.2018 by the SEIAA.

The Authority noted that application seeking Environmental Clearance under EIA Notification, 2006 was submitted by the proponent to this Authority on 08.12.2014 and presented before SEAC on 27th & 28th February 2015 and 9th & 10th April 2015. Which means that this proposal was considered by SEAC prior to the window period i.e.,

14.03.2017 and therefore eligible to be considered under the provisions of the above mentioned Notifications. The Authority further noted that in the instance case the State Expert Appraisal Committee had recommended for issue of Environmental Clearance and violation was noticed at the stage of issue of EC.

The Authority also noted that a complaint has been filed by this Authority against the project authorities for the violation noticed before the Hon'ble Court of MMTC -I on 15.06.2016. The Hon'ble Court vide order dated 22.08.2017 held that the project authorities are convicted and sentence to pay a fine of Rs.1,50,000/-. Accordingly, the project authorities have paid the fine of Rs.1,50,000/- to the Hon'ble Court on 22.08.2017.

While going through the proposal the Authority noted that the proponent have maintained the buffer as per the prevailing norms of BDA and the proposal have been recommended by SEAC for issue of Environmental Clearance. Therefore, consideration of the proposal by the SEAC may not be required at this stage.

In view of the above observations and discussion, the Authority decided to get the following information / documents for further consideration:

1. Estimation of ecological damage caused due to the violation and corresponding remediation plan and natural & community resource augmentation plan.
2. Environmental Management Plan, comprising remediation plan and natural and community resource augmentation plan corresponding to the ecological damage assessed and economic benefit derived due to violation.

The Authority perused the reply submitted by the proponent. The Authority noted that the proponent have submitted Demand Draft in favour of Member Secretary, SEIAA for an amount of Rs.1 Lakh towards the Processing Fee for re-opening of the file. The Authority perused the estimation of ecological damage and corresponding remediation plan submitted by the proponent along with the Environment Management Plan. The Authority after discussion decided to issue Environmental Clearance subject to submission of following information:

- 1) Bank guarantee for an amount equivalent to the amount of remediation plan and Natural and Community Resource Augmentation Plan with the Karnataka State Pollution Control Board, Bengaluru.
- 2) An action plan with activities proposed under CER in accordance with O.M.F. No.22-65/2017-IA.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

177.6.2 Residential Building Project at Sy.Nos.42/2 and 42/3 of Bandapura Village, Bidarahalli Hobli, Bangalore East Taluk, Bangalore District by M/s. BVL Estates Pvt. Ltd. - Request for corrigendum to the EC issued (SEIAA 64 CON 2017)

The project proponent had obtained Environmental Clearance vide letter No. SEIAA 64 CON 2017, dated 28.04.2017 for construction of Residential apartment of 146

[Handwritten signature]
58

units with 2B+G+27UF, on a total Plot area of 7328.14 Sq.mts and with total Built up area of 31355.09 Sq.mts.

The proponent vide letter dated 18.10.2019 have requested for issue of corrigendum on the EC issued increasing the number of apartments to 176 with B+GF+35UF from the earlier 146 units, built up area to 34938.42 Sqm from earlier 31355.09 Sqm and the plot area to 7021.25 Sqm from earlier 7328.14 Sq.mts. The proponent also submitted the comparative statement, photographs and modified drawings

The Authority perused the request made by the proponent. The Authority after discussion decided to issue corrigendum as requested by the proponent.

177.6.3 "Sobha Valley View", Residential Project, Sy.No. 41/1 to 41/10, 42/3 to 42/6, 42/8, 42/9, 42/14 to 42/17, 40/1 to 40/8, 48/6 to 48/8, 35/3, 35/4, 37/1, 37/2, 38/1 to 38/5, 48/6 to 48/8, 79, 80/1 to 80/3, Hosakerehalli Village, Uttarahalli Hobli, Bangalore South Taluk, Bangalore by M/s Sobha Developers Ltd. - Request for corrigendum to the EC issued (SEIAA 29 CON 2012)

The project proponent had obtained Environmental Clearance vide letter No. SEIAA 29 CON 2012 dated 12th April 2013 for Expansion of "Sobha Valley View", Residential project on a plot area of 72,860.70 Sqm inclusive of the proposed expansion of 37,752.43 Sqm. The total built up area is 2,48,803.80 Sqm inclusive of the proposed expansion of 1,52,279.76 Sqm.

The proponent vide letter dated 30.10.2019 have submitted that the project has been revised and executed as "Sobha Valley View Phase - I". Hence the proponent requested for issue of corrigendum on the EC issued reducing the number of apartments to 312 from the earlier 1440 units built up area to 67,441.51 Sqm from earlier 2,48,803.80 Sqm and the plot area to 33,185.40 Sqm from earlier 72,860.70 Sq.mts. The proponent also submitted the revised Form 1 & 1A and comparative statement.

The Authority perused the request made by the proponent. The Authority after discussion decided to issue corrigendum as requested by the proponent.

177.6.4 Request for transfer of EC granted to Sri Hanumantappa for proposed Building Stone Quarry Project at Sy.No.43 of Chikkanagavalli Village, Chikkaballapura Taluk & District (Q.L.No.203) in favour of Smt. Lakshammamma (SEIAA 530 MIN 2019)

Environmental Clearance has been issued via letter dated SEIAA 530 MIN 2019, dated 10.10.2019 for quarrying of building stone on 0.657 Ha (1-25 Acres), patta Land at Part of Sy No. 43, Chikkanagavalli village, Chikkaballapura Taluk & District in favour of Sri Hanumantappa.

Smt. Lakshammamma has submitted vide letter submitted on 02.11.2019 that her husband Sri Hanumantappa, the leaseholder passed away. Hence she requested to transfer the said Environmental Clearance to her favour.

The Authority perused the request made by Smt. Lakshammamma. The Authority after discussion decided to transfer the Environmental Clearance granted to Sri Hanumantappa vide letter No. SEIAA 530 MIN 2019, dated 10.10.2019 in favour of Smt. Lakshammamma for the same validity period and production capacity.

177.6.5 Request for transfer EC issued to M/s Mahma Ranga Swamy Stone Crusher by DEIAA, Tumkur for quarrying of building stone in Sy. No. 1 of Handalakuppe village, Kunigal Taluk, Tumkur District in favour of M/s S.P.V. Stone Crushers.

The Environmental Clearance has been issued by DEIAA, Tumkur vide letter No. DEIAA/TUM/BST/49/2017-18 dated 13.03.2018 for quarrying of building stone in Sy. No. 1 of Handalakuppe village, Kunigal Taluk, Tumkur District in favour of M/s. Mahma Ranga Swamy Stone Crusher.

M/s S.P.V. Stone Crushers vide letter dated 10.08.2019 have requested for transfer the said EC to their favour as the quarry lease No.635 has been transferred to their name on 9.7.2019. The compliance submitted to the Regional office of MoEF&CC and the Form-T for transfer of quarry lease deed have also been submitted.

The Authority perused the request made by M/s S.P.V. Stone Crushers for transfer of the EC. The Authority decided to get the following details in each of the case for further consideration.

- i) Quarrying Audit Report from the date of EC.
- ii) Compliance on the EC conditions.
- iii) Copies of Statutory Clearances obtained as per the conditions of EC/Quarry Lease.
- iv) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.

Reply submitted by the proponent is placed before the Authority for perusal and further order. The concerned file of the DEIAA, Tumkur also has been received.

The Authority perused the submitted by the project authorities and the concerned file received from DEIAA, Tumkur. The Authority after discussion decided to transfer the Environmental Clearance granted to M/s. Mahma Ranga Swamy Stone Crusher vide letter No. No. DEIAA/TUM/BST/49/2017-18 dated 13.03.2018 in favour of M/s S.P.V. Stone Crushers for the same validity period and production capacity.

177.6.6 Construction of Residential Apartment called "Century Breeze" Project at Sy.Nos. 2/2, 3 & 14/2, Shivanahalli Village, Yelahanka Hobli, Bangalore North Taluk, Bangalore District by M/s. Century Real Estate Holdings Pvt. Ltd. (SEIAA 4 CON 2014)

The project proponent had obtained Environmental Clearance vide letter No. SEIAA 4 CON 2014 dated 24.12.2014 for construction of Residential apartment Building on a plot area of 23,066.89 Sqm. The total built up area is 66,786.39Sqm. The proposed building consists of 304 units with Building 1 and Building 2 consists of 2 Basement +Ground floor +13 Upper floors and 2 Basement +Ground floor+14 Upper floors respectively and a Club House +30 servant quarters.

The proponent vide letter dated 31.10.2019 have requested for issue of corrigendum on the EC issued reducing the built up area to 63,915.63 Sqm from earlier 66,786.39 Sqm and increasing the number of apartments to 322 units from the earlier 304units. The configuration of the project is Building 1 with BF+GF+13UF, Building 2 with BF+GF+14UF and a club house. The proponent also submitted the comparative statement and modified site plan.

The Authority perused the request made by the proponent. The Authority after discussion decided to issue corrigendum as requested by the proponent.

177.6.7 Construction of Proposed Residential Apartment Project at Sy.Nos.121/1, 121/2, 122/2, 123/2, 126/1, 90/1, and 90/2 of Bommenahalli Village, Bidarhalli Hobli, Bangalore East Taluk, Bangalore by M/s. Garden City Realty Pvt Ltd. (SEIAA 07 CON 2019)

The project proponent had obtained Environmental Clearance vide letter No. SEIAA 07 CON 2019, dated 19.06.2019 for construction of Residential apartment Building on a plot area of 48,945.76 Sqm. The total built up area is 1,47,168.71Sqm. The proposed building consists of 9 Towers and club house Tower 1 to 8 comprising of 2 Basements +Ground floor+14 Upper floors and Tower 9 comprising of 2 Basements +Ground floor+ 7 Upper floors with total of 1262 units and club house with Ground floor+2 Upper floors.

The proponent vide letters dated 14.10.2019 and 02.11.2019 have requested for issue of corrigendum on the EC issued increasing the number of apartments to 1282 from the earlier 1262 units, built up area to 1,48,828.20 Sqm from earlier 1,47,168.71 Sqm and the plot area to 46,538.30 Sqm from earlier 48,945.76Sq.mts. The proponent also submitted the comparative statement.

The Authority perused the request made by the proponent. The Authority after discussion decided to issue corrigendum as requested by the proponent.

177.6.8 Corrigendum with regard to change in the name of the proponent in ToR letter No. SEIAA 26 IND 2019, dated 16.09.2019 and associated file.

The project proponent had obtained ToR vide letter No. SEIAA 26 IND 2019 dated 16.9.2019 for setting up of unit for production of Ethanol/Extra Neutral Ethanol from grain of capacity 100KLPD and 3 MW/hr cogeneration power plant and 5 TPD

corn oil plant on a plot area of 24 acres 25 guntas in favour of M/s. Savsons Spirits Pvt. Ltd.

The proponent vide letter dated 29.10.2019 have requested for issue of corrigendum with regard to change the name from to M/s. Savsons Spirits Pvt. Ltd. to M/s. Savsons Distils Pvt. Ltd. as the name of the industry has been changed to M/s. Savsons Distils Pvt. Ltd. The proponent also submitted the copy of Certificate of incorporation.

The Authority perused the request made by the proponent. The Authority after discussion decided to issue corrigendum to the ToR changing the name of the proponent to M/s. Savsons Distils Pvt. Ltd.

177.6.9 Proposed Modification & Expansion of Mixed Use Development Project at Plot No.R5 (Sy.No.177(P) of Bagaluru Village and Sy.Nos.69(P), 70(P), 71(P) and 72(P) of Huvinayakanahalli Village) and Sy.Nos.69(P), 70(P), 71(P) and 72(P) of Huvinayakanahalli Village) Hi-Tech, Defense and Aerospace Park (Hardware Sector), KIADB Industrial Area, Jala Hobli, Yelahanka, Bangalore North Taluk, Bengaluru Urban District by M/s. Brigade Tetrarch Pvt Ltd.- Request for issue of Corrigendum to the Environmental Clearance (SEIAA 134 CON 2018)

The project proponent had obtained Environmental Clearance vide letter No. SEIAA 134 CON 2018 dated 18.05.2019 for proposed Modification & Expansion of Mixed Use Development Project on a plot area of 2,02,344 Sq.m. The total built up area is 7,08,200 Sq m. The proposed project consists of 7400 number of flats in Cluster A to E & G to M with 2 B + G + 22 UF and Community Building - 1 & 2 with 2 B + GF + 2 UF.

The proponent vide letter dated 24.09.2019 have requested for issue of corrigendum on the EC increasing the built up area to 7,54,668.46 Sqm from earlier 7,08,200 Sqm including addition of two upper floors in all blocks and one upper floor in both Community Building. The nomenclature has been changed from cluster to tower and the part of Community Building-2 will be used for kindergarten school. The proponent also submitted the revised conceptual plan, Form 1, 1A and comparative statement.

The Authority perused the request made by the proponent. The Authority noted that there is an increase of 46468.46 Sqm. The Authority after discussion decided to invite the proponent for a clarification with regard to the present level of construction and the reasons for escalation in the built up area for further consideration of the request.

177.6.10 Addressing letter to KSPCB for compliance on the EC conditions as per O.M. No. J-11013/6/2010-1A.II (Part), dated 7th September 2017.

It was brought to the notice of the Authority that several files pertaining to the applications seeking Environmental Clearance for the expansion and modification of the quarry projects are pending in the Authority for want of report of compliance on the earlier EC conditions. The Authority further noted that circular dated 7th September

2017 issued by the MoEF&CC, Government of India with regard to the requirement of certified compliance report provides for obtaining certified compliance report from the Regional office of the Central Pollution Control Board of Member Secretary of the respective Pollution Control Board in the event of non-receipt of compliance report from the Regional Office of the MoEF&CC.

The Authority observed that many of the applicants have approached the Regional Office of MoEF&CC for the certified report of compliance. However they have not received even after lapse of several months.

In view of the above, the Authority have taken the following decision in the interest of early disposal of the pending cases:

- 1) Secretary, SEAC to address letter to Regional Office of MoEF&CC as per the above mentioned Circular of MoEF&CC and process the application in accordance with the EIA Notification, 2006 after the receipt of such a report. In the event of non-receipt of the report from the Regional office of MoEF&CC within one month time the Member Secretary, Karnataka State Pollution Control Board may be requested to get the issue examined by the Regional Office of the Board and cause a report of compliance of the EC conditions.
- 2) In the case of proposals that have been recommended by SEAC and pending at SEIAA for want of report of compliance from Regional Office of MoEF&CC where the proponent have requested the Regional Office of MoEF&CC and the report is not received even after one month, the Member Secretary, SEIAA to address a letter to the Member Secretary, KSPCB requesting to get the issue examined by the Regional Office of the Board and cause a report of compliance of the EC conditions.

Meeting concluded with thanks to the Chair.
