

Agenda notes for 73rd Meeting of SEIAA, Odisha dated 10.03.2022 at 11.00 a.m.

Sl. No.	Proposal Category (B1,B2) and Proposal type (TOR/EC/MO/DIEC/MODITOR/Transfer of EC)	Project Sector and EIA notification Schedule.	Auto generated File No.	Name of the Applicant/ Project Proponent	Title of the proposal	Date of receipt of the proposal online	Status indicated in the PARIVESH portal	Decisions of SEIAA in the previous meeting	Current Status and Agenda Note	Observations / Decisions of SEIAA Meeting
1.	B1, EC	1(a) Mining of minerals	SIA/OR/MIN/54693/2020	Sri. Prafulla Kumar Sahoo	Proposal for EC of Kathajodi River Sand Quarry, Unit-37, Badambadi sand mine on river Kathajodi over an area of 5.06 Ha/ 12.50 Acre in village-Unit-37 of Badambadi, Tahasil- Sadar Cuttack, Tahasil- Cuttack (ToR issued-9650/SEIAA dated 19.11.2020)	02.02.2022	Under examination of SEIAA after SEAC	This is an online proposal for EC.	<p>This is regarding a new proposal for mining of minor mineral Sand. The project has submitted at SEIAA under Category 'B1' as the lease area is ≥ 5.0 Ha. As per the EIA Notification, 2006, this project falls in the schedule under Sl.No-1(a) –“Mining of Mineral” of non-coal mining sector. The project proponent has submitted proposal for grant of EC for Kathajodi River Sand Quarry, Unit-37, Badambadi sand mine on river Kathajodi over an area of 5.06 Ha/ 12.50 Acre in village Unit-37, Badambadi, under Sadar Cuttack Tahasil of Cuttack district of Tahasildar, Sadar Cuttack and the PP is Sri Prafulla Sahoo.</p> <p>The following documents have been received Final EIA & EMP, PFR, mining plan, cluster certificate and replenishment study report</p> <p>The following deficiencies/omission have been noticed in the above documents. Not submitted signed DSR copy Not signed in the replenishment study report, not mentioned date of data collected and the person who collected the replenishment data.</p> <p>Distance from nearest sanctuary/ESZ-Nadankan Zoo WLS-15.0 Km Whether the lease area coming in D.L.C. report-No Whether the lease area reflecting in DSR-Yes Method of mining- semi-mechanised River-Kathajori, depth of sand deposition-3.0m Distance from Nearest Road Bridge-4.5km,</p>	

									<p>Whether it is part of cluster – No Whether EC obtained earlier- No Production capacity per annum-45000 cum/annum(max.), Geological reserve-151758 cum, Mineable reserve-125001 cum This is a B1 category project. Whether SEAC recommended the proposal –Yes <u>Other points</u> Earlier ToR was issued by SEIAA vide letter no. 6950/SEIAA dt. 19.11.2020 Public hearing was conducted on 08.11.2021 and the main issues raised in the public hearing are plantation, water sprinkling and, employment, Replenishment Study Report:-average depth of sand deposited after monsoon period is 2.0m and according to the mineral reserve after replenishment will be total area-50000 x depth -3.2m= 160000 cum and the PP proposed for production of 20000 cum per annum. The SEAC recommended the proposal for EC in its meeting held on 18.02.2022 with some specific conditions as follows: Revised mining plan shall be prepared based on essential physical criteria as per Enforcement and Monitoring Guidelines for Sand Mining, January 2020 of MoEF&CC, Govt. of India enclosed as Annexure - B. Regular replenishment study to be conducted and report to be submitted. Provision of Bio-toilet shall be made at the site. Avenue plantation and plantation on both sides of the haulage road in consultation with/ on the advice of concerned Forest Department, Government of Odisha & W.R. Department Government of Odisha as well. Permission to use public road including Ring road, Cuttack from the appropriate authority including its maintenance. Stone patching with plantation in between along the stretch of the bank associated with sand mining and necessary ramp construction shall be made.</p>	
--	--	--	--	--	--	--	--	--	---	--

									<p>A site visit to be planned in 03 months' time to ensure implementation of agreed measures.</p> <p>In view of the above the proposal may be placed in the SEIAA meeting for consideration of EC.</p>	
2.	B1, EC	1(a) Mining of minerals	SIA/OR/MIN/5489/8/2020	Smt. Chinmayee Muduli	Proposal of Smt.Chinmayee Muduli for EC of Uttamapur Sand Bed mines on river Kuakhai over an area of 5.67 Ha/ 14 Acre in village Uttampur (ToR issued- 9656/SEIAA dated 19.11.2020)	02.02.2022	Under examination of SEIAA after SEAC	This is an online proposal for EC.	<p>This is regarding a new proposal for mining of minor mineral sand. The project has submitted at SEIAA under Category 'B1' as the lease area is ≥ 5.0 Ha. As per the EIA Notification, 2006, this project falls in the schedule under Sl.No-1(a) –“Mining of Mineral” of non-coal mining sector. The project proponent has submitted proposal for grant of EC for Uttamapur Sand Bed over lease area 5.67Ha/14.00cres at Village-Uttamapur, Tahasil-Cuttack Sadar and District-Cuttack of lessee Smt. Chinmayee Muduli.</p> <p>The following documents have been received Final EIA & EMP, PFR, mining plan, cluster certificate and replenishment study report</p> <p>The following deficiencies/omission have been noticed in the above documents. Not submitted signed DSR copy Not signed in the replenishment study report, not mentioned date of data collected and the person who collected the replenishment data.</p> <p>Distance from nearest sanctuary/ESZ-Nadankan Zoo WLS-15.0 Km Whether the lease area coming in D.L.C. report-No Whether the lease area reflecting in DSR-Yes Method of mining- semi-mechanised River-Kuakhai, depth of sand deposition-2.0m Distance from Nearest Road Bridge-2.7km, Whether it is part of cluster – No Whether EC obtained earlier- No Production capacity per annum-20000 cum/annum(max.), Geological reserve-113314 cum, Mineable reserve-83336 cum This is a B1 category project. Whether SEAC recommended the proposal –Yes <u>Other points</u> Earlier ToR was issued by SEIAA vide letter no. 9656/SEIAA dt. 19.11.2020</p>	

									<p>Public hearing was conducted on 03.11.2021 and the main issues raised in the public hearing are plantation, development of nearest school, employment,</p> <p>Replenishment Study Report:-average depth of sand deposited after monsoon period is 2.0m and according the mineral reserve after replenishment will be total area-56700 x depth -2.0m= 113400 cum and the PP proposed for production of 20000 cum per annum.</p> <p>The SEAC recommended the proposal for EC in its meeting held on 18.02.2022 with some specific conditions as follows:</p> <p>Revised mining plan shall be prepared based on essential physical criteria as per Enforcement and Monitoring Guidelines for Sand Mining, January 2020 of MoEF&CC, Govt. of India enclosed as Annexure - B.</p> <p>Regular replenishment study to be conducted and report to be submitted.</p> <p>Provision of Bio-toilet shall be made at the site.</p> <p>Avenue plantation and plantation on both sides of the haulage road in consultation with/ on the advice of concerned Forest Department, Government of Odisha & W.R. Department Government of Odisha as well.</p> <p>Permission to use public road including Ring Road, Cuttack from the appropriate authority including its maintenance.</p> <p>Stone patching with plantation in between along the stretch of the bank associated with sand mining and necessary ramp construction shall be made.</p> <p>A site visit to be planned in 03 months' time to ensure implementation of agreed measures.</p> <p>In view of the above the proposal may be placed in the SEIAA meeting for consideration of EC.</p>	
3.	B1, EC	1(a) Mining of minerals	SIA/OR/MIN/7171	Sri. Rajendra Prasad Singh	Proposal of Sri. Rajendra Prasad Singh for EC of Brahmapur	02.02.2022	Under examination of SEIAA	This is a online proposal for EC.	<p>This is regarding a new proposal for mining of minor mineral Sand. The project has submitted at SEIAA under Category 'B1' as the lease area is ≥ 5.0 Ha. As per the EIA Notification, 2006, this project falls in the schedule under Sl.No-1(a) –“Mining of Mineral” of non-coal mining sector. The project proponent has</p>	

			8/2020		Sand Bed Mines On River Kathajodi Over An Area Of 5.26ha/13acres in Village-Brahmapur, Tahasil- Sadar Cuttack, Tahasil- Cuttack (ToR issued- 9644/SEIAA dated 19.11.2020)		after SEAC		<p>submitted proposal for grant of EC for Brahmapur River Sand Quarry, over an area of 5.26 Ha/ 13.00 Acre in village-Brahmapur, under Sadar Cuttack Tahasil of Cuttack district of Tahasildar, Sadar Cuttack and the PP is Sri Rajendra Singh.</p> <p>The following documents have been received Final EIA & EMP, PFR, mining plan, cluster certificate and replenishment study report</p> <p>The following deficiencies/omission have been noticed in the above documents. 5.	B1, TOR	1(a) Mining of minerals	SIA/OR/MIN/6373/2021	Sri Gouri Shankar Choubey	Proposal of Sri Gouri Shankar Choubey for ToR for Production of 90, 043 TPA iron ore from Nangalsila Iron Ore Mines over an area of 45.333 ha Village- Nangalsila & Murumdihi, Tehsil- Rairangpur, Dist-	07.02.2022	Under examination of SEIAA after SEAC	This is an online proposal for TOR.	<p>This is regarding a new proposal for mining of major mineral Iron Ore. The project has submitted at SEIAA under Category 'B1' as the lease area is ≥ 5.0 Ha. As per the EIA Notification, 2006, this project falls in the schedule under Sl.No-1(a) – "Mining of Mineral" of non-coal mining sector. The project proponent has submitted proposal for grant of ToR for proposal for production of 90, 043 TPA of Iron Ore from Nangalsila Iron Ore Mines (45.333 ha) excluding 0.598 ha of applied surrendered area of Sri Gouri Shankar Choubey at village Nangalsila & Murumdihi under Rairangpur Tahsil in Mayurbhanj district of Odisha state. (Violation- ToR) the project proponent is Sri Gouri Sankar Choubey.</p> <p>The following documents have been received Mining plan, PFR, land schedule, lease order and scrutiny fee</p> <p>The following deficiencies/omission have been noticed in the above documents.</p> <ul style="list-style-type: none"> • Nil <p>Other points</p>	

					Mayurbhanj-Violation Case				<ol style="list-style-type: none"> 1. Nangalsila Iron Ore mining lease of Sri Gouri Shankar Choubey over an area of 45.333 ha (excluding 0.598 Ha surrendered out of the ML area 45.931 Ha) is located in village Nangalsila&Murumdihi under Rairangpur Tahsil in Mayurbhanj district of Odisha State. The said lease was executed on 19.04.1985 for a period of 20 years, i.e., up to 18.04.2005. In accordance with the section 8A (3) of Mines & Minerals (Development & Regulation) Amendment Act 2015, the validity period of mining lease is now deemed to have been extended for a period of fifty years i.e., up to 18.04.2035, subject to execution of supplementary lease deed with the State Government. 2. The mining operation has been stopped within the lease area after obtaining the directions of the Mining Officer, vide letter No. 4837/Mines dated 19.11.2009 due to want of statutory clearances including environmental clearance. 3. Final Mine Closure Plan of the part surrendered area over 0.598 hectare prepared under Rule 23C of MCDR, 1988 was approved by the Indian Bureau of Mines, Bhubaneswar vide letter No. FMCP/MAN/04-ORI/BHU/2011-12 dated 28.10.2011 and certificate of FMCP approved area (0.598 ha) was obtained from IBM vide Certificate No.T/FMCP/C/I/BHU-2011 dated 08.02.2012 after successful completion of reclamation and rehabilitation work. 4. Review of Mining Plan with Progressive Mine Closure Plan in respect of the Nangalsila Iron Ore Mines has been duly approved by the Indian Bureau of Mines, vide letter No.RMP/A//03-ORI/BHU/2020-21 dated 11.06.2020 for the period 2020-21 to 2024-25 and the validity of the same shall expire on 31.03.2025. 5. A total of 2.104 million Ton iron ore reserve has been estimated in the ML area for which the above review of mining plan has been approved. The mine will be operated as a Category-A (OTFM) Mine to produce iron ore 90,043 T / annum. 6. Demand notice was issued by the Mining Officer, Baripada amounting to Rs.3,46,41,047.00 towards compensation for production of minerals without / in excess for the environmental clearance under section 21(5) of the MMDR 	
--	--	--	--	--	---------------------------	--	--	--	---	--

									<p>Act, 1957 in compliance to the judgement dated 02.08.2017 of Hon'ble Supreme Court in the matter of Common Cause vrs Union of India in W.P. (C) No.114/2014 and also directed to deposit the same on or before 31.12.2017.</p> <p>7. They had deposited a sum of Rs.4,51,50,000.00 to the State Government which includes the principal amount of Rs.3,46,41,047.00 and applicable interest of Rs.1,05,08,953.00. This amount also includes the value of un-disposed stock of iron ore. I had also deposited the entire demand amounting to Rs.6,21,500.00 for which a separate show cause notice was issued by the Mining Officer, Baripada without / in excess of MP/CTO.</p> <p>8. Application was made for grant of Environmental Clearance through online portal developed by the MoEF&CC, Government of India vide proposal No.SIA/OR/MIN/39494/2019 dated 18.09.2019 after depositing the compensation amount demanded by the Steel & Mines Department.</p> <p>9. The said proposal was placed before the Hon'ble Committee SEAC, Odisha held on 14.02.2020 and Presentation was made before the Committee. The SEAC, Odisha decided to take decision on the proposal of after submission of certain information as desired vide letter dated 25.02.2020 and the same was submitted by the lessee vide its letter dated 11.03.2020. The lessee requested to consider the proposal under non-violation as the lessee has deposited the entire compensation as demanded u/s 21(5) of MMDR Act.</p> <p>10. The SEAC, Odisha was not aware about non-considering the case as a violation case as per above request of the proponent as MoEF&CC, Govt. of India has not issued any guidelines for the same.</p> <p>11. On 07.07.2021 the MoEF&CC, Government of India has issued Office Memorandum (OM) known as "Standard Operating Procedure" (SOP) for identification, handling of violation cases under EIA Notification 2006 in compliance to order of Hon'ble National Green Tribunal in O.A No. 34/WZ2020.</p> <p>12. The Lessee vide its letter dated 16.07.2021 had requested to the both Committee SEIAA, Odisha & SEAC, Odisha to</p>	
--	--	--	--	--	--	--	--	--	---	--

									<p>reconsider the proposal for grant of Terms of Reference (TOR) as per OM dated 07.07.2021.</p> <p>13. The request of the lessee was placed before the Committee SEAC, Odisha in its meeting held on 13.09.2021 and the Committee SEAC, Odisha raised issue that the Madurai Bench of Madras High Court has passed an order on dated 15.07.2021 for interim stay of SoP issued by MoEF&CC, Govt. of India vide OM dated 07.07.2021 to deal with violation cases and rejected the proposal with a recommendation to SEIAA, Odisha may consider to write a letter to MoEF&CC, Govt. of India to clarify the claim of the proponent not to consider the case as violation as pointed out.</p> <p>14. The Steel & Mines Department, Government of Odisha vide their order dated 05.10.2021 decided not to declared the above mining lease as lapsed and also directed to resume mining operation subject to obtaining necessary statutory clearances and approvals. Supplementary lease deed will be executed after getting all necessary clearance and the validity of the lease period will be extended up to 18.04.2035 i.e., 50 years from the year of grant of original lease.</p> <p>15. The said proposal was placed before SEIAA, Odisha in its meeting held on 30.09.2021 for consideration. The SEIAA, Odisha observed and disposed the proposal as mentioned below vide letter No.3348/SEIAA dated 12.10.2021:</p> <ol style="list-style-type: none"> Documentary evidence of a valid subsisting mining lease for consideration EC application. To submit EC application for EC/TOR before MoEF&CC, Govt. of India along with report of the violations of EIA Notification, 2006 committed by the proponent. <p>16. In compliance to the letter dated 12.10.2021 application has been filed in Pariveshportal vide online application No.SIA/OR/MIN/63733/2021 dated 06.06.2021 after MoEF&CC, has provided format for violation application. The Committee SEAC, Odisha was rejected the proposal stating that the Interim Stay passed on the SOP by the Hon'ble Madurai Bench of the High Court of Madras vide order dated 15.07.2021 in the matter W.P. (MD). No. 11757 of 2021.</p> <p>17. The Interim Stay dated 15.07.2021 was challenged before the Hon'ble Supreme Court in the matter of Civil Appeal Nos.</p>	
--	--	--	--	--	--	--	--	--	---	--

									<p>7576-7577 of 2021 in Electro Steels Limited Vs Union of India &Ors. The Hon'ble Court vide its order dated 09.12.2021 has inter-alia observed as follows:</p> <p>18. "The interim order passed by the Madras High Court appears to be misconceived. However, this Court is not hearing an appeal from that interim order. The interim stay passed by the Madras High Court can have no application to operation of the Standard Operating Procedure to Projects in territories beyond the territorial jurisdiction of Madras High Court."</p> <p>19. The above decision of the Hon'ble Court has been communicated to all authorities by MoEF&CC, Govt. of India through OM dated 28.01.2022.</p> <p>20. Therefore, the lessee further, submitted its requested vide letter dated 07.02.2022 to consider the proposal dated 06.06.2021 in accordance with the SOP dated 07.07.2021 and OM dated 28.01.2022 of MoEF& CC, Government of India.</p> <p>21. The SEAC recommended the proposal in its meeting held on 19.02.2022 for issued of Violation TOR with stipulated conditions as follows:</p> <ol style="list-style-type: none"> The State Government to take action against the project proponent under the provisions of section 19 of the Environment (Protection) Act, 1986, and further no Consent to Operate to be issued till the project is granted Environmental Clearance. The project proponent shall be required to submit a bank guarantee equivalent to the amount of remediation plan and natural and community resource augmentation plan with the SPCB prior to the grant of Environmental Clearance. The quantum shall be recommended by the SEAC and finalized by the regulatory authority i.e. SEIAA, Odisha as per para-12 of Standard Operating Procedure (SoP) for Identification and handling of violation cases under EIA Notification 2006 in compliance to order of Hon'ble National Green Tribunal in O.A. No.34/2020 WZ issued by MoEF&CC, Govt. of India vide OM No. 22-21/2020-IA.III, dated 07.07.2021 and OM No. 22-21/2020-IA.III (E 138949), dated 28.01.2022. The bank guarantee shall be released after successful implementation of the

8.	B1, TOR	1(a) Mining of minerals	SIA/OR/MIN/71459/2022	Sri.Bajrang Lal Gupta	Proposal of ToR of Sri. Bajrang Lal Gupta for Paikadakulguda Semi Precious Stone (Cat's Eye) Mines over an area of 38.316 Ha or 94.68 acres in village- Paikadakulguda, Kandhadakulguda and Badolima, Tahasil/PS-Bissam Cuttack, District-Rayagada	07.02.2022	Under examination of SEIAA after SEAC	This is an online proposal for TOR.	<p>This is regarding a new proposal for mining of minor mineral Stone. The project has submitted at SEIAA under Category 'B1' as the lease area is ≥ 5.0 Ha. As per the EIA Notification, 2006, this project falls in the schedule under Sl.No-1(a) –“Mining of Mineral” of non-coal mining sector. The project proponent has submitted proposal for grant of ToR for Paikadakulguda Semi Precious Stone Cat's Eye Mines over an area of 38.316 Ha or 94.68 acres in village-Paikadakulguda, Kandhadakulguda and Badolima, Tahasil/PS-Bissam Cuttack District-Rayagada, State-Odisha and the project proponent is Sri Bajrang Gupta.</p> <p>The following documents have been received</p> <p>Mining plan, PFR, land schedule , lease order and scrutiny fee</p> <p>The following deficiencies/omission have been noticed in the above documents.</p> <p>DLC report, cluster certificate, checklist</p> <p>Distance from nearest sanctuary/ESZ-Not mentioned</p> <p>Whether the lease area coming in D.L.C. report-not submitted</p> <p>Whether the lease area reflecting in DSR-Not submitted</p> <p>Method of mining- Semi-mechanized</p> <p>Distance from Nearest Road Bridge-not mentioned</p> <p>Whether it is part of cluster – No</p> <p>Whether EC obtained earlier- No</p> <p>Production capacity per annum-8000 cum /annum(max.) ,</p> <p>This is a B1 category project.</p>	

									<p>Whether SEAC recommended the proposal –Yes, the SEAC recommended specific ToR in its meeting held on 19.02.2022 as follows:</p> <p>The granted by Govt. of Odisha vide letter no. 11910/SM dt. 15.10.2001 for a period of 50 years.</p> <p>Maximum excavation during plan period will be 34600 cum and waste will be generate-34600 cum.</p> <p>The has submitted land schedule but not submitted DLC certificate.</p> <p>On the basis of geological study of M.L area and data obtained by the local people, a total quantity of 211 kg mineable chrysoberyl in form of Cat's Eye has been estimated under probable reserve which has formed the basis for preparation of this modification of mining plan. Mine to produce Cat's Eye at the rate of 28 kg to 40 kg / annum.</p> <p>The M.L area is accessible from Muniguda (the nearest township & PS area) covering a distance of 5 km well maintained metal road. Muniguda lies on the Bhawanipatna-Bissamcuttack road. Bhawanipatna (the district head quarter) and Bissamcuttack (tehsil area) are situated at a distance of 67 km north and 13 km south of Muniguda. Raipur, the state capital of Chhattishgarh, is situated at a distance of 300 km north of Muniguda. The nearest railway station is also Muniguda on the Raipur-Vizianagaram section of the south-eastern railway.</p> <p>There will be excavation of semi-precious stone from the lease area through opencast semi mechanized mining method. The project is proposed for excavation of semi precious stone Maximum production Capacity: 8000Cu.m/ annum, Maximum excavation: 34600cu.m. During the plane period, 34600m3 OB/Waste materials will be dumped over an area of 7208m2 or 0.721 ha at 4.8m average height in one terrace of 7.5m height. Dump will be compacted and levelled to prevent the erosion of waste materials from rain and wind. Slope of the terrace will be</p>	
--	--	--	--	--	--	--	--	--	--	--

									<p>maintained equivalent with the angle of repose of the waste materials i.e. around 37°30' with the horizontal.</p> <p>Cat's Eye to OB / waste ratio is 1:200 (Kg/m³). Therefore, likely generation of waste during the conceptual period will be (mineable reserve x 200 = 211 x 200 =) 42,200m³. Out of these, 34,600m³ waste which will be dumped over an area of 7,208m² at 4.8m average height in 1 terrace of 7.5m height each and remaining waste will be utilized for back-filling of mined out area.</p> <p>Tube well is the source of water for drinking purpose in nearby villages. Vasundhara river and KaniJorhi (a perennial nala) and tanks provide water for non-domestic use. Total water requirement for the project will be 5 KLD out of which 2 KLD will be required for drinking and domestic purpose and 1.5 KLD for dust suppression and 1.5 KLD for plantation purpose. Source of domestic water will be nearby village well. No electricity connection within ML area. However solar lights will be employed for day to day living purposes. Diesel requirement will be 6000 liters/month.</p> <p>The SEAC recommended the proposal for ToR with specific conditions as follows:</p> <p>Kisam of the land is stated to be "Basti Ajogya" & Agricultural land and as such, the Haal/ Sabak of the same to be confirmed and need to be converted to "Mining purpose" before start of mining.</p> <p>Since ratio of mineral: waste/ OB is 1:200, detail OB/ Waste management to be submitted.</p> <p>Management and procedure to arrest wash off through rain cuts during rainy season and Silt Management with procedure for de-siltation if nearest agricultural lands and water bodies since nearest river embankment of river KanhiJohri is at 200 mtrs only.</p> <p>Provision of STP of adequate capacity since manpower is 74 plus floating population.</p> <p>In view of the above the proposal may be placed in the SEIAA meeting for issue of ToR.</p>

9.	B1, TOR	1(a) Mining of minerals	SIA/ OR/ MIN/ 7181 5/202 2	M/S Kashvi Power & Steel Private Limited	Proposal of ToR of M/s Kashvi Power & Steel Private Limited for Production of 2.0 MTPA Iron Ore along with 700 TPH crushing unit and 650 TPH screening unit from Dholta Pahar Iron Ore block over an ML area of 60.508 ha at Village- Dengula, Tahasil- Koirā, District- Sundargarh	07.02.2 022	Under exami nation of SEIAA after SEAC	This is a online proposal for TOR.	<p>This is regarding a new proposal for mining of major mineral Iron Ore. The project has submitted at SEIAA under Category 'B1' as the lease area is ≥ 5.0 Ha. As per the EIA Notification, 2006, this project falls in the schedule under SI.No-1(a) –“Mining of Mineral” of non-coal mining sector. The project proponent has submitted proposal for grant of ToR for Production of 2.0 MTPA Iron Ore along with 700 TPH crushing unit and 650 TPH screening unit within Dholtapahar Iron Ore block over an area of 60.508 ha by Kashvi Power & steel Ltd and the project proponent is M/s. Kashvi Power & Steel Pvt. Ltd.</p> <p>The following documents have been received Mining plan, PFR, Lease order and scrutiny fee The following deficiencies/omission have been noticed in the above documents.</p> <ul style="list-style-type: none"> Not submitted FC report, cluster certificate, <p>Other Points</p> <ol style="list-style-type: none"> Dholtapahar Iron Ore block, a virgin mine is located over an area of 60.508 ha located within Sarkanda Reserve Forest under Koida tehsil in Sundargarh district of Odisha. Govt. of Odisha had issued NIT on 07.07.2021 for the auction process as per mineral auction rule, 2015 of the aforesaid iron ore block. In this process, M/s Kashvi Power & Steel Pvt Ltd was declared as the preferred Bidder under Rule 9(9) (iii) or Rule 10(A) of Auction Rules having quoted a final price offer of 126.55%. Further, M/s Kashvi Power & Steel Pvt Ltd made payment of Rs 6,99,89,587 (Rupees Six crore Ninety Nine lakhs Eighty Nine thousand Five hundred Eighty seven only) on 21.10.2021 against first instalment being twenty percent of the upfront money. Accordingly, letter of Intent was issued to M/s Kashvi Power & Steel Pvt Ltd for grant of Mining Lease for a period of 50 years vide letter no 8725/IV(B)SM-52/2021 dt 28.10.2021 subject to abiding of all rules and regulations. Sri Debabrata Behera is the Managing Director of the company. Mrs Sushmita Behera is also one of the director of this company. The lessee is having experience in mining and marketing of iron ore for a period of more than 30 decades. As
----	------------	----------------------------------	---	---	---	----------------	--	---	--

									<p>such, it can be seen that the project proponent is having very versatile experience and expertise in iron ore mining.</p> <p>5. This is a green field project over an area of 60.508 ha with proposed production capacity of 2.0 MTPA, 750 TPH crushing unit (1X250 TPH + 1X150 TPH mobile crushing & 350 TPH fixed I/O crushing unit) & 600 TPH screening unit(1x250 TPH+1x200 TPH+1x150 TPH) . This project comes under Schedule 1(a), Category B1 of EIA Notification, 2006. The mining operations will be through fully mechanized opencast mining system, involving shovel-dumper combinations, drilling and blasting etc.</p> <p>6. It has been planned for production of 2.0 MTPA iron ore. Total waste to be generated will be 2799300 tonne will be generated during plan period. Out of the total 40% 3,76,560 TPA will be utilized for road maintenance both inside and outside the ML area. Balance 60% will be disposed in designated dump of 2.709ha.</p> <p>7. The life of the mine will be 12 years which includes 5 year of plan period and 7years of conceptual period.</p> <p>8. About 2.0 MTPA of ROM will be produced from the mine after commissioning. Out of this about 76% i.e. 1.52 MTPA of high grade iron ore will be used in captive metallurgical industry. About 24% i.e. 0.48 MTPA will be generated as mineral reject/sub-grade ore which will be blended with high grade iron ore to make it usable.</p> <p>9. The proponent is operating the following plants:</p> <ul style="list-style-type: none"> • 300 TPD sponge iron Plant of Kashvi International Pvt Ltd • 200 TPD sponge Iron Plant of Crackers Indis Alloys Ltd • 200 TPD Sponge Iron Plant of Shree Ganesh Sponge <p>10. The proponent also intends to set up a 0.6 MTPA pellet plant at Keonjhar (in final stage of getting EC clearance). Iron Ore from Dholtapahar block will be utilized in these sponge Iron Plants.</p> <p>11. The mining lease area is 3.5 km away from Tensa-Koira road 10m wide connecting road will be constructed after grant of Forest clearance. The Koira-Tensa road joins NH 520 at Kashira village which is at a distance of 15 km towards North. Koira is located at a distance of 11 km in NE part of the Lease area whereas Tensa is located at a distance of 2 km in</p>	
--	--	--	--	--	--	--	--	--	---	--

									<p>Western part of the lease area. NH 520 is passing at a distance of 15 km towards North of the Lease area.</p> <p>12. Nearest Railway station is at Barsuan (both Passenger and goods train) located at a distance of 22 km in western part and connected by Koira- Barsuan road. Iron ore will be transferred to Barsuan Rly Siding through Koira-Barsuan Road.</p> <p>13. LAND FORM, LAND USE & LAND OWNERSHIP: Total ML area is covering 60.508Ha. Total area is under forest land category. The Lease has been allocated in favour of the lessee through e-auction process.</p> <p>14. WATER REQUIREMENT: The water requirement for the mines is mainly for green belt, dust suppression, ETP, workshop, wheel washing and drinking water purpose. The total water requirement will be 200.0 m³/day.</p> <p>15. POWER REQUIREMENT: The power demand for the mining activities is estimated to be 700 KW. It is envisaged that requisite power will be supplied at 33KV by power grid. Emergency power will be met from the generator of 500 KVA capacities. The PP will establish solar Lighting facilities to be used for lighting in office and premises.</p> <p>16. SOLID WASTES MANAGEMENT</p> <p>a) During this plan period, a total of 13,99,650 cum of waste will be generated. It has been planned to utilize 40% of the generated waste i.e dispose of the waste at two different locations during plan period and part of the waste will be utilised for road maintenance.</p> <p>b) As per the Mineable reserve calculation total volume of waste during life of the Mine = 45,75,650 cum</p> <p>c) Generation of waste during plan period = 13,99,650 cum</p> <p>d) Remaining waste available for the conceptual period will be = 31,76,020 cum</p> <p>17. RESETTLEMENT & REHABILITATION: There is no human settlement within the lease area. Hence, R & R plan is not envisaged for this project</p> <p>18. PROJECT SCHEDULE & COST ESTIMATES: The total project cost for the mine expansion for plant & machinery and pre-operative expenses are expected to be Rs. 60.00 crores including Interest during Construction, prevailing taxes and duties.</p>	
--	--	--	--	--	--	--	--	--	--	--

									<p>19. The SEAC recommended the proposal for ToR in its meeting held on 19.02.2022 with specific conditions as follows:</p> <ol style="list-style-type: none"> i) Copy of site-specific Wildlife Management Plan to be submitted. ii) Certificate from the concerned DFO indicating that there is no elephant corridor within the lease area to be submitted. iii) Any forest land required outside the lease area for use of transportation route, if so, detailed status of diversion of such forest land is to be submitted. iv) Details of existing mines and their operational status within 10 kms radius is to be submitted. v) The following information to be submitted. <ol style="list-style-type: none"> a) Compliance of mining plan, including waste and OB dump management, mine closure plan etc. b) Compliance to Common cause judgment c) Status of R&R d) Compliance of plantation e) Compliance of public hearing issues f) Status of complaints/ court cases/legal action g) Any other relevant environmental issue / parameter. h) The following studies be undertaken by domain experts, viz: <ul style="list-style-type: none"> • Blast vibration study if feasible with trial blasts • Socio economic study of the neighbouring habitation • Biodiversity study with audit mechanism. • Slope stability study for both mines and OB /waste dumps. • Surface runoff management along with rainwater harvesting and ground water recharge include the design of drainage structures. • Traffic density study, both inside the mines and at haulage roads, intersecting points of haulage road with public road. • Hydrology study: The study findings and the mitigation measures thereof to be submitted vi) Cost of the CER calculated shall be utilized for the concerns of the people in terms of health, education, and infrastructure and environment protection. Project Proponent also shall include the budget for the betterment of schools nearby and to facilitate the online education 	
--	--	--	--	--	--	--	--	--	---	--

									<p>system by providing Wi-Fi connectivity and desktops/tablets.</p> <p>vii) The project proponent should provide in the EIA Report details of all the statutory clearances, permissions, no objection certificates, consents etc. required for this project under various Acts, Rules and regulations and their status or estimated timeline after grant of EC.</p> <p>viii) The project proponent should submit the revenue plan for mining lease, revenue plan should be imposed on the satellite imaginary clearly demarcate the Govt. land, private land, agricultural land etc.</p> <p>ix) The project proponent should submit the real-time aerial footage & video of the mining lease area and of the transportation route. The project proponent should submit the detailed plan in tabular format (year-wise for life of mine) for afforestation and green belt development in and around the mining lease. The project proponent should submit the number of saplings to be planted, area to be covered under afforestation & green belt, location of plantation, target for survival rate and budget earmarked for the afforestation & green belt development. In addition to this the project proponent should show on a surface plan (5-year interval for life of mine) of suitable scale the area to be covered under afforestation & green belt clearly mentioning the latitude and longitude of the area to be covered during each 5 years. The capital and recurring expenditure to be incurred needs to be submitted. Presently in India there are many agencies which are developing forest in short interval of time. Thus, for the plantation activities details of the experts/agencies to be engaged needs to be provided with budgetary provisions.</p> <p>x) The project proponent should submit the quantity of surface or ground water to be used for this project. The complete water balance cycle needs to be submitted. In addition to this PP should submit a detailed plan for rain water harvesting measures to be taken. PP should submit the year wise target for reduction in consumption of the ground/surface water by developing alternative source of water through rain water harvesting measures. The capital and recurring expenditure to be incurred needs to be</p>	
--	--	--	--	--	--	--	--	--	---	--

									<p>submitted.</p> <p>xi) The project proponent should clearly bring out the details of the manpower to be engaged for this project with their roles /responsibilities/designations. In addition to this the project proponent should mention the number and designation of person to be engaged for implementation of environmental management plan (EMP). The capital and recurring expenditure to be incurred needs to be submitted.</p> <p>xii) The project proponent should submit the year-wise, activity wise and time bound budget earmarked for EMP, occupational health surveillance & Corporate Environmental Responsibility. The capital and recurring expenditure to be incurred needs to be submitted.</p> <p>xiii) The project proponent should submit the measures/technology to be adopted for prevention of illegal mining and pilferage of mineral. The project proponent should submit the detailed mineralogical and chemical composition of the mineral and percentage of free silica from a NABL/MoEF&CC accredited laboratory.</p> <p>xiv) The project proponent should clearly show the transport route of the mineral and protection and mitigative measure to be adopted while transportation of the mineral. The impact from the center line of the road on either side should be clearly brought out supported with the line source modelling and isopleth. Further, frequency of testing of Poly Aromatic Hydrocarbon needs to be submitted along with budget. Based on the above study the compensation to be paid in the event of damage to the crop and land on the either side of the road needs to be mentioned. The project proponent should provide the source of equations used and complete calculations for computing the emission rate from the various sources.</p> <p>xv) The project proponent should clearly bring out that what is the specific diesel consumption and steps to be taken for reduction of the same. Year-wise target for reduction in the specific diesel consumption needs to be submitted.</p> <p>xvi) The project proponent should bring out the awareness campaign to be carried out on various environmental issues, practical training facility to be provided to the</p>

									<ul style="list-style-type: none"> xxv) haulage roads, habitation to be considered. xxvi) Construction and perennial maintenance of haulage road with details of plantation and the species thereof to be submitted. xxvii) Parking plaza layout with maximum no. of vehicles and types of vehicles that can be parked with basic amenities and facilities. xxviii) Forest Clearance details with copy of all Forest Clearance. xxix) Status of complaints/ court cases/legal action regarding to lease along with a detailed write up indicating case no., purpose of the case etc. xxx) Copy of lease document. xxxi) Details of waste management i.e. composition and nature of waste generated, tabulated form showing year wise waste generation, usage and storage. xxxii) Project Proponent shall consider developing a good nursery in nearby village for production of saplings of 4-6 feet height for planting in safety zone, sides of external haulage roads and distribution among villagers for planting in their private land/ community land. The nursery may be developed by company on their own or in collaboration with forest department. A detailed proposal to this effect shall be submitted. The proponent shall ensure to use organic fertilizer in the nursery. xxxiii) Comprehensive water management, water balance with water harvesting and its reuse both monsoon and non-monsoon period. xxxiv) STP plan with design with location in the layout map for domestic waste water treatment. xxxv) Provision of solar power (percentage wise) with detail plan. xxxvi) To submit the network with dimension of concrete cement roads inside the mining lease area and haulage road. xxxvii) To submit parking plaza at entry and exit of the mines with basic amenities. xxxviii) Plan and SoP to be submitted for water sprinkling 	
--	--	--	--	--	--	--	--	--	--	--

									<p>inside the mines and outside in haulage road including regular vacuum cleaning and Zero Dust Resuspension system to completely mitigate and arrest fugitive dust emission.</p> <p>xxxviii) Wagon drill blasting must be avoided- to confirm.</p> <p>xxxix) Details of grade of Fe to be mined, cutoff grade, management of off grade, quantity of each year wise and the dumping or storage plan of off grade and wastes to be provided.</p> <p>xl) Total water management including domestic use w.r.t sourcing from borewell, rain water harvesting and recycling of waste water from ETP/STP, both for monsoon and non-monsoon be submitted.</p> <p>xli) Measures to be taken for arresting and mitigation of occupational health hazard including identification of the same, both for employees and nearby/surrounding habitation.</p> <p>xl ii) Year wise waste/OB management with reference to generation and utilization in consideration with dynamic movement of inventory indicating dump area and dimension of storage be submitted.</p> <p>xl iii) Details of grades to be produced, to be discarded as waste and dumps and the utilisation plan.</p> <p>xl iv) Details of Trees falling.</p> <p>xl v) The road to which the approach road of 3.5 kms as stated to be connected?</p> <p>xl vi) Permission/ NOC from CGWA as a contingency measure in case of intersection with ground water and the corresponding Disaster Management plan.</p> <p>xl vii) Details of plan and calculation of consumption of solar power including for water sprinkling vis - a - vis the generation and as percentage of total power demand.</p> <p>xl viii) Site specific wild Life management plan including protection and conservation of Endangered, Threatened and Near Threatened living species along with their categories be identified and submitted.</p> <p>xl ix) Rain water Harvesting Pond(s) details with design.</p> <p>l) Provision of suitable size of sump be planned in the second review of Mining Plan period prior to backfilling</p>	
--	--	--	--	--	--	--	--	--	---	--

									of Mined out area. The sump will be beneficial for the storage of water for use of Mines and recharge of groundwater Aquifer.	
									In view of the above the proposal may be placed in the SEIAA meeting for issue of ToR.	
10.	B1, EC	1(a) Mining of minerals	SIA/ OR/ MIN/ 5063 6/2020	Pranakrushna Nayak	Sidhua River Jaripada Sand Quarry over an area of 25.00 Acre or 10.11 Ha in village Jaripada under Sadar Tahasil of Cuttack district Odisha	20.03.2021	Under examination of SEIAA after SEAC	This is an online proposal for EC.	<p>This is regarding a new proposal for mining of minor mineral Sand. The project has submitted at SEIAA under Category 'B1' as the lease area is ≥ 5.0 Ha. As per the EIA Notification, 2006, this project falls in the schedule under SI.No.1(a) –“Mining of Mineral” of non-coal mining sector. The project proponent has submitted proposal for grant of EC for Sidhua River Jaripada Sand Quarry over an area of 25.00 Acre or 10.11 Ha in village Jaripada under Sadar Tahasil of Cuttack district Odisha and the project proponent is Sri Pranakrushna Nayak.</p> <p>The following documents have been received EMP, PFR and replenishment study report</p> <p>The following deficiencies/omission have been noticed in the above documents. No record of cluster certificate, checklist, Form-1, DSR and scrutiny fee Distance from nearest sanctuary/ESZ-Chandaka WLS- not submitted Whether the lease area coming in D.L.C. report-No Whether the lease area reflecting in DSR-Yes but mentioned in the DSR mineable mineral potential-1000cum Method of mining- Manual River-Mahanadi, depth of sand deposition-2.0m Distance from Nearest Road Bridge – not submitted Whether it is part of cluster – No Whether EC obtained earlier- No Production capacity per annum-140220 cum/annum(max.), Geological reserve-187632 cum, Mineable reserve-168018 cum This is a B1 category project. Whether SEAC recommended the proposal –Yes The SEAC recommended for EC in its meeting held on 25.02.2022.</p> <p><u>Other points</u></p>	

									<p>Earlier ToR was issued by SEIAA vide letter no. 8402/SEIAA dt. 03.06.2020</p> <p>Public hearing was conducted on 22.12.2020 and the main issues raised in the public hearing are: construction of new bridge of 40 feet wide, widening of transportation road, plantation along approach road, restriction vehicle movements during school hours, tarpaulin cover on sand during transportation and peripheral development etc.</p> <p>The PP has submitted study report of replenishment rate of sand and mentioned that thickness of sand deposition before pre monsoon was 2.0m and after post monsoon 1.9m accordingly quantum of sand available after replenishment = 101100 sqm total lease area x depth-1.9m = 192090 cum</p> <p>In the replenishment report the PP it is not mentioned the date of data collection both pre and post monsoon and who had done the replenishment study and no signature in the study report.</p> <p>In view of the above the proposal may be placed in the SEIAA meeting for consideration</p>	
11.	B1, EC	1(a) Mining of minerals	SIA/OR/MIN/53215/2020	Patitapan Swain	Anuary Sand Quarry mining on River Mahanadi over an area of 5.059 Ha (12.50Acre) in village Patugadadharpur under Banki Tahasil, Cuttack district, Odisha.	12.08.2021	Under examination of SEIAA after SEAC	This is a online proposal for EC.	<p>This is regarding a new proposal for mining of minor mineral Sand. The project has submitted at SEIAA under Category 'B1' as the lease area is ≥ 5.0 Ha. As per the EIA Notification, 2006, this project falls in the schedule under Sl.No-1(a) –“Mining of Mineral” of non-coal mining sector. The project proponent has submitted proposal for grant of EC for Anuary Sand Quarry mining on River Mahanadi over an area of 5.059 Ha (12.50Acre) in village Patugadadharpur under Banki Tahasil, Cuttack district, Odisha and the project proponent is Sri Patitapan Swain.</p> <p>The following documents have been received</p> <p>Final EIA & EMP, PFR</p> <p>The following deficiencies/omission have been noticed in the above documents.</p> <p>No record of cluster certificate, river bridge certificate, signed DSR copy and scrutiny fee copy etc.</p> <p>Distance from nearest sanctuary/ESZ-Chandaka WLS-18.0 Km</p> <p>Whether the lease area coming in D.L.C. report-No</p> <p>Whether the lease area reflecting in DSR-Yes but not signed copy</p>	

									<p>Method of mining- Manual River-Mahanadi, depth of sand deposition-3.0m Distance from Nearest Road Bridge-not mentioned Whether it is part of cluster – not submitted cluster certificate. Whether EC obtained earlier- No Production capacity per annum-32580 cum/annum(max.), Geological reserve-107610 cum, Mineable reserve-97800 cum This is a B1 category project. Whether SEAC recommended the proposal –Yes The SEAC recommended for EC in its meeting held on 25.02.2022.</p> <p>Other points Earlier ToR was issued by SEIAA vide letter no. 8394/SEIAA dt. 03.06.2020 Public hearing was conducted on 17.03.2021 and the main issues raised in the public hearing are maintenance of transportation road, plantation along approach road, restriction vehicle movements during school hours, tarpaulin cover on sand during transportation and peripheral development etc. The PP has not submitted replenishment study report as in the ToR the replenishment part was not included during issue of ToR. It is mentioned in the DSR that mineable potential of said sand bed-90000 cum</p> <p>In view of the above the proposal may be placed in the SEIAA meeting for consideration.</p>	
12.	B1, EC	1(a) Mining of minerals	SIA/ OR/ MIN/ 6912 8/2021	Tahasil, Biridi	Proposal for River Sand Mining of 14440 Cum/Annum over Madhyasasan Sand Quarry (ML area 5.99 ha.) at Village Madhyasasan, Tahasil-Biridi, Dist-Jagatsinghpur	15.11.2021	Under examination of SEIAA after SEAC	This is a online proposal for EC.	<p>This is regarding a new proposal for mining of minor mineral Sand. The project has submitted at SEIAA under Category 'B1' as the lease area is ≥ 5.0 Ha. As per the EIA Notification, 2006, this project falls in the schedule under Sl.No-1(a) –“Mining of Mineral” of non-coal mining sector. The project proponent has submitted proposal for grant of EC for Madhyasasan Sand Quarry over an area of 5.99 Ha in village Madhyasasan under Biridi Tahasil, Jagatsinghpur district, Odisha and the project proponent is Tahasil, Biridi.</p> <p>The following documents have been received Final EIA & EMP, PFR, mining plan, cluster certificate and replenishment study report</p>	

									<p>The following deficiencies/omission have been noticed in the above documents. Nil Distance from nearest sanctuary/ESZ-Chandaka WLS-20.0 Km Whether the lease area coming in D.L.C. report-No Whether the lease area reflecting in DSR-Yes Method of mining- Manual River-Devi, depth of sand deposition-2.5m Distance from Nearest Road Bridge-2.1km,village road-1.3km Whether it is part of cluster – No Whether EC obtained earlier- No Production capacity per annum-14400 cum/annum(max.) with 0.5 meter depth, Geological reserve-149937.5 cum, Mineable reserve-128572.5 cum This is a B1 category project. Whether SEAC recommended the proposal –Yes The SEAC recommended for EC in its meeting held on 25.02.2022.</p> <p><u>Other points</u> Earlier ToR was issued by SEIAA vide letter no. 1253/SEIAA dt. 09.04.2021 Public hearing was conducted on 28.09.2021 and the main issues raised in the public hearing are maintenance of transportation road, plantation along approach road, restriction vehicle movements during school hours, tarpaulin cover on sand during transportation and peripheral development etc.</p> <p>Replenishment Study Report:-The depth of sand bed in pre monsoon-0.5m and after post monsoon the depth-0.4m according the mineral reserve after replenishment will be 23960 cum and the PP proposed for production of 14400 cum per annum. In view of the above the proposal may be placed in the SEIAA meeting for consideration.</p>	
13.	B2, EC	1(a) Mining of minerals	SIA/OR/MIN/5723	G Gayatri Reddy	Proposal for EC of Bipulingi Stone Quarry over an area of 8.097 Ha at	14.12.2021	Under examination of SEIAA	This is a online proposal for EC.	<p>This is regarding a new proposal for mining of minor mineral Stone. The project has submitted at SEIAA under Category 'B1' as the lease area is ≥ 5.0 Ha. As per the EIA Notification, 2006, this project falls in the schedule under Sl.No-1(a) –“Mining of Mineral” of non-coal mining sector. The project proponent has</p>	

			3/2020		Village- Bipulingi, Tahasil- Chhatrapur, Dist- Ganjam		after SEAC		<p>submitted proposal for grant of EC for Bipulingi stone quarry over an area 8.097 ha, plot no- 1770/4091 & 1776/4092, khata no- 797, at- Bipulingi, Tahasil- Chhatrapur, Dist- Ganjam, State: Odisha and the project proponent is Smt. G. gayatri Reddy. The following documents have been received Final EIA & EMP, PFR, D.L.C. report mining plan, DSR, cluster certificate The following deficiencies/omission have been noticed in the above documents. Nil Distance from nearest sanctuary/ESZ-Lakahri Valley WLS- 70.0 Km Whether the lease area coming in D.L.C. report-No Whether the lease area reflecting in DSR-Yes Method of mining- Semi-mechanized Distance from Nearest Road Bridge-7.0km,village road-1.5km Whether it is part of cluster – No Whether EC obtained earlier- No Production capacity per annum-20070 cum/annum(max.) ,Geological reserve-966591 cum, Mineable reserve-725442 cum This is a B1 category project. Whether SEAC recommended the proposal –Yes The SEAC recommended for EC in its meeting held on 25.02.2022.</p> <p>Other points Earlier ToR was issued by SEIAA vide letter no. 9674/SEIAA dt. 28.11.2020 Public hearing was conducted on 25.10.2021 and the main issues raised in the public hearing are local employment and selling the stone material at lost cost to local villagers. Both drilling and blasting will be occur. In view of the above the proposal may be placed in the SEIAA meeting for consideration</p>	
14.	B2, EC	1(a) Mining of minerals	SIA/ OR/ MIN/ 6129 8/2021	Tahasil, Chhatrapur	Proposal of EC of Narasinghpur Morrum Quarry over an area of 12.303ha at Village-	14.12.2021	Under examination of SEIAA	This is a online proposal for EC.	<p>This is regarding a new proposal for mining of minor mineral Morum. The project has submitted at SEIAA under Category 'B1' as the lease area is ≥ 5.0 Ha. As per the EIA Notification, 2006, this project falls in the schedule under Sl.No-1(a) –“Mining of Mineral” of non-coal mining sector. The project proponent has submitted proposal for grant of EC for Narasinghpur Morrum</p>	

					Narasinghpur, Tahasil: Chatrapur, Dist: Ganjam.		after SEAC		<p>Quarry over an area 12.303 ha. khata no: 666, plot no: 1503, 1511, 1515, at: Narasinghpur, Tahasil: Chatrapur, Dist: Ganjam. and the project proponent is Tahasildar Chhatrapur.</p> <p>The following documents have been received</p> <p>Final EIA & EMP, PFR, D.L.C. report mining plan, DSR, cluster certificate</p> <p>The following deficiencies/omission have been noticed in the above documents.</p> <p>Nil</p> <p>Distance from nearest sanctuary/ESZ-Not mentioned</p> <p>Whether the lease area coming in D.L.C. report-No</p> <p>Whether the lease area reflecting in DSR-Yes</p> <p>Method of mining- Semi-mechanized</p> <p>Distance from Nearest Road Bridge-15.8km, village road- 5.0km</p> <p>Whether it is part of cluster – No</p> <p>Whether EC obtained earlier- No</p> <p>Production capacity per annum-56000 cum/annum(max.)</p> <p>, Geological reserve-1834236 cum, Mineable reserve-1561933 cum</p> <p>This is a B1 category project.</p> <p>Whether SEAC recommended the proposal –Yes</p> <p>The SEAC recommended for EC in its meeting held on 25.02.2022.</p> <p>Other points</p> <p>Earlier ToR was issued by SEIAA vide letter no. 1263/SEIAA dt. 09.04.2021</p> <p>Public hearing was conducted on 10.11.2021 and the main issues raised in the public hearing are development and maintenance of transportation road, sprinkling of water.</p> <p>In view of the above the proposal may be placed in the SEIAA meeting for consideration</p>	
15.	B1, EC	1(a) Mining of minerals	SIA/ OR/ MIN/ 2152 87/20 21	M/S Penguin Trading and Tantra	Proposal of EC of M/s Penguin Trading and Agencies Ltd for Raikela & Tantra Iron Mine	21.12.2021	Under examination of SEIAA	This is a online proposal for EC.	<p>This is regarding a new proposal for mining of Major Mineral Iron Ore. The project has submitted at SEIAA under Category 'B1' as the lease area is ≥ 5.0 Ha. As per the EIA Notification, 2006, this project falls in the schedule under SI.No-1(a) –“Mining of Mineral” of non-coal mining sector. The project proponent has submitted proposal for grant of EC for increase in production of Iron Ore</p>	

				Agencies Ltd	over an area of 49.372 Ha for Increase in Production of Iron Ore Capacity from 1.080 MTPA to 2.160 MTPA in village- Raikela & Tantra, Tehsil-Koira, District-Sundergarh (ToR issued vide letter no.1352/SEIAA dated 24.05.2021)		after SEAC		<p>from the existing production level of 1.080 million TPA to 2.160 Million TPA from Raikela & Tantra Iron Ore Mine, at Village-Raikela & Tantra Tehsil-Koira, District- Sundargarh, Odisha and the PP is M/s. Penguin Trading and Agencies Ltd.</p> <p>The following documents have been received Mining plan, PFR, final EIA and EMP report and FC certificate, mining plan approval letter, lease order.</p> <p>The following deficiencies/omission have been noticed in the above documents.</p> <ul style="list-style-type: none"> • Nil <p><u>Other points</u></p> <ol style="list-style-type: none"> 1. The lessee has obtained earlier EC from SEIAA vide letter no. 354/SEIAA dated 27.12.2012 for enhancement of production of Iron ore from 0.378 MPTA to 1.080MPTA over an area 49.372 ha. Now proposal for Increase in production of Iron Ore from the existing production level of 1.080 million TPA to 2.160 Million TPA. 2. The PP has submitted earlier EC compliance report. 3. The proposal was placed earlier in the 53rd meeting of SEIAA held on 29.06.2021 and sent to SEAC for appraisal. 4. The proposal is for Environmental Clearance of M/s. Penguin Trading & Agencies Ltd for Raikela and Tantra Iron Mines for enhancement in production of Iron ore from 1.080 MTPA to 2.160 MTPA over ML area of 49.372 ha at village Raikela and Tantra under Koira Tahasil of District - Sundargarh of Sri Raman Rashmi Nayak. 5. The project falls under category "B" or activity 1 (a)- Mining of minerals under EIA Notification dated 14th September 2006 as amended from time to time. 6. Raikela & Tantra Iron Ore Mines of M/s Penguin Trading & Agencies Limited is spread over an area of 49.372 hectare in Raikela & Tantra village under Koida Tehsil of Sundargarh district, Odisha. The lessee has planned to 	
--	--	--	--	--------------	---	--	------------	--	--	--

									<p>increase the production of Iron Ore from the permitted quantity i.e. 1.080 million TPA to 2.160 Million TPA.</p> <p>7. Terms of Reference (ToR) has been granted by SEIAA, Odisha vide letter no. 1352/SEIAA, dated 24th May, 2021.</p> <p>8. Baseline Data was collected from December 2020 to February 2021(Winter season).</p> <p>9. The Public Consultation was conducted successfully on 21.10.2021 at 11.00 AM at existing parking area of M/s PTA Limited, Opposite side of Geetarani Mohanty Hutting School under Dengula GP under Koira Block of Sundargarh District. The main issues of the public hearing are restoration and maintain of two natural stream and red soil generated during mining, removal of red soil from peripheral agricultural land, medical and ambulance facilities, employment and peripheral development etc.</p> <p>10. Mining Lease of Raikela and Tantra Iron Mines was granted infavour of Sri Ramji Lal Bathwal for 20 years on 03.12.1986. The lease was transferred to M/s Penguin Trading & Agencies Ltd on 23.06.1991.1ST Renewal of lease was applied on 22.02.2005.</p> <p>11. Subsequently, under Section 8(A) of MMDR Act of 12.01.2015, the lease period was extended up to 02.12.2036 and hence supplementary lease deed was executed on 21.07.2016 between Govt. of Odisha and the lessee.</p> <p>12. The expansion proposal is as follows:</p> <table><tr><th>Particulars</th><th>Existing Capacity</th><th>Additional Capacity</th></tr><tr><td>Iron Ore</td><td>1.080 Million TOA</td><td>1.080 Million TPA</td></tr><tr><td>Crushing Plant</td><td>250 TPH</td><td>150 TPH</td></tr></table>	Particulars	Existing Capacity	Additional Capacity	Iron Ore	1.080 Million TOA	1.080 Million TPA	Crushing Plant	250 TPH	150 TPH	
Particulars	Existing Capacity	Additional Capacity																	
Iron Ore	1.080 Million TOA	1.080 Million TPA																	
Crushing Plant	250 TPH	150 TPH																	

									Screening Plant	500 TPH	150 TPH	650 TPH
									13. The mining operation within the lease area for production of iron ore has started since 27.07.1987.			
									14. Out of total lease area of 49.372 ha., 48.632 ha. is forest land. MoEF&CC, Govt. of India in two phases has granted diversion of 45.585 ha. excluding safety zone of 3.047 ha. vide letter no. 8-23/2007-FC, dated 13.5.2009. Further on 15.07.2015 vide letter n. F no. 8-23/2007-FC, the lessee has obtained clearance of forest diversion proposal over safety zone area of 3.047 ha. Further, clearance of safety zone for cluster mining over 0.218 ha has been obtained vide letter no. 10F(Cons)25/2020-12478/F&E, BBSR dated 17.08.2020.			
									15. Raikela & Tantra Iron Ore Mines had obtained Environmental Clearance from MoEF&CC, Govt. of India vide no. J-11015/169/2007-IA.II(M) , dated 17.01.2008 for production capacity of0.378 million TPA.They had obtained revised Environmental Clearance from SEIAA, Odisha for extension of validity period of EC upto 30 years or the life of the mines which ever is less vide letter no. 3429/SEIAA, dated 30.05.2015. They had obtained Environmental Clearance from SEIAA, Odisha for enhancement of production capacity of Iron Ore from 0.378 MTPA to 1.080 MTPA vide letter no. 354/SEIAA, dated 27.12.2012.			
									16. Raikela & Tantra Iron Ore Mines had obtained Consent to Establish for production of 1.080 Million TPA of Iron ore and 250 TPH & 500 TPH Mobile Crushing & Screening Plant respectively vide letter no. 390/Ind-II-NOC-5628 Dated 09.01.2013.CTE obtained for additional stationary crushing & screening complex of 300 TPH comprising 100 TPH Crushing and 200 TPH Screening Plant vide letter no. 2970/IND-II-CTE-6281 dated 25.03.2019.			

									<p>17. Consent to Operate has been issued by SPCB, Odisha for the same quantity vide letter no. 3325/IND-I-CON-4573, dated 25.05.2019, valid upto 31.03.2021. The existing capacity of Mineral Processing Plant comprises of 1X150 TPH & 1X100 TPH Crushing and 2X150TPH & 1X200 TPH Screening Plant. CTO for the requisite quantity is renewed on 04.03.2021 vide letter no. 3351/IND-I-CON-4573 and is valid up to 31.03.2026.</p> <p>18. Forest Clearance (Stage II) obtained vide letter no. 8-23/2007-FC, dated 13.05.2009 over an area of 45.585 ha excluding Safety Zone, Forest Clearance over Safety Zone Area over 3.047 ha vide letter no. 8-23/2007-FC dated 15.07.2015. For change of land use from safety zone to mining, Clearance granted over 0.218 ha under safety zone obtained vide letter no. 10F(Cons)25/2020/12478/F&E dated 17.08.2020.</p> <p>19. Site Specific Wildlife Conservation plan approved vide letter no. 27551WL-C-SSP-197/10 dated 13.04.2010.</p> <p>20. Ground Water (48 KLD) renewal obtained for abstraction of 48 KLD vide letter no. CGWA/NOC/MIN/REN/3/2021/6169, dated 10.10.2021 and is valid up to 09.10.2023.</p> <p>21. Surface Water (300 KLD) allocation of 0.123 cusecs obtained from Department of Water Resources, Govt. of Odisha vide letter no. 8632/WR dated 01.05.2020.</p> <p>22. Review of the Mining Plan along with Progressive Mine Closure Plan has been approved for the period 2021-22 to 2025-26 vide letter no. RMP/A/19-ORI/BHU/2020-21/2057, dated 06.11.2020.</p> <p>23. The mine has planned to produce maximum ROM of 2.160 million TPA (1.389 million TPA of +55% grade iron ore and 0.771 million TPA of +45 to +55% grade iron ore) and Setting up of additional one mobile Crushers & one mobile Screening Plants of 150 TPH Capacity each. The planned production target shall be achieved by working in</p>	
--	--	--	--	--	--	--	--	--	---	--

								<p>the existing Raikela-Tantra Quarry and by joint mining operation on the northern side of the ML area which is the common boundary with TRB mine of Jindal Steel & Power Limited from 2021-22.</p> <p>24. The infrastructure facilities such as site office, weigh bridge, rest shed, First-Aid centre, Blasting shed, Security house etc are already made available within the ML area.</p> <p>25. The Geological Reserve within the lease area is estimated to be 22.16million tonne whereas the Mineable Reserve is 19.94 million tonne. Based on the rated production of mine and mineable reserve, it is estimated that the life of the mine shall be 15 years.</p> <p>26. Till the end of the life of the mines, an area of 37.770 hectare shall be mined out of 49.372 hectare of ML area.</p> <p>27. Water Requirement - The total water requirement shall be 348 m3/day which will be sourced from Karo river & bore well (Ground Source)</p> <p>28. The SEAC recommended the proposal for EC in its meeting held on 25.02.2022 with the stipulated conditions.</p> <p>In view of the above the proposal may be placed in the SEIAA meeting for issue of EC.</p>	
16.	B2, EC	1(a) Mining of minerals	2521 66/22 1-MINB 2/02-2022	Tahasildar, Golamunda	Proposal of Tahasildar, Golamunda for EC of Baijalpur Stone Quarry-II over an area of 4.00 Acres or 1.618 Ha in village Baijalpur, Tahasil-Golamunda, District-Kalahandi	01.02.2022	Under examination of SEIAA after SEAC	<p>This is regarding a new proposal for mining of minor mineral Stone. The project has submitted at SEIAA under Category 'B2' as the lease area is ≤ 5.0 Ha. As per the EIA Notification, 2006, this project falls in the schedule under Sl.No-1(a) –“Mining of Mineral” of non-coal mining sector. The project proponent has submitted proposal for grant of EC for Baijalpur Stone Quarry-II over an area of 4.00 Acres or 1.618 Hectares in village Baijalpur under Golamunda Tahasil of Kalahandi District. and the project proponent is Tahasildar, Golmunda.</p> <p>The following documents have been received The proponent has submitted the copy of the form-1, checklist, PFR, D.L.C. report mining plan, DSR, cluster certificate, mining approval letter, village sheet, topomap etc.</p>	

									<p>The following deficiencies/omission have been noticed in the above documents.</p> <ul style="list-style-type: none"> • Nil <p>Distance from nearest sanctuary/ESZ-Sunabeda WLS-33.0 Km Whether the lease area coming in D.L.C. report-No Whether the lease area reflecting in DSR-Yes Method of mining- Semi-mechanized Distance from Nearest Road Bridge-1.8km,village road-1.7km Whether it is part of cluster – Yes, total lease area under cluster-4.248 Ha Whether EC obtained earlier- No Production capacity per annum-6375 cum/annum(max.) ,Geological reserve-27620 cum, Mineable reserve-21420 cum This is a B2 category project. Whether SEAC recommended the proposal –Yes</p> <p>In view of the above the proposal may be placed in the SEIAA meeting for consideration.</p>	
17.	B2, EC	1(a) Mining of minerals	2520 72/22 7-MINB 2/02-2022	Tahasildar Khaprakhol	Proposal of Tahasildar Khaprakhol for EC of Karuanjhar Stone Quarry-I over an area of 5.20 Acres or 2.10 Ha in village- Karuanjhar, Tahasil-Khaprakhol, District- Balangir	07.02.2022	Under examination of SEIAA after SEAC		<p>This is regarding a new proposal for mining of minor mineral Stone. The project has submitted at SEIAA under Category 'B2' as the lease area is ≤5.0 Ha. As per the EIA Notification, 2006, this project falls in the schedule under Sl.No-1(a) –“Mining of Mineral” of non-coal mining sector. The project proponent has submitted proposal for grant of EC for Karuanjhar Stone Quarry-I over an area of 5.20 Acres or 2.1 Hectares in village Karuanjhar under Khaprakhol tahasil of Balangir District.. and the project proponent is Tahasildar, Khaprakhol.</p> <p>The following documents have been received</p> <p>The proponent has submitted the copy of the form-1, checklist, PFR, D.L.C. report mining plan, DSR, cluster certificate, mining approval letter, village sheet, topomap etc.</p> <p>The following deficiencies/omission have been noticed in the above documents.</p> <ul style="list-style-type: none"> • Nil <p>Distance from nearest sanctuary/ESZ-Karalapat WLS-45.0 Km Whether the lease area coming in D.L.C. report-No Whether the lease area reflecting in DSR-Yes Method of mining- Semi-mechanized Distance from Nearest Road Bridge-3.5km,village road-1.5km Whether it is part of cluster – No cluster EMP Whether EC obtained earlier- No Production capacity per annum-25200 cum/annum(max.) ,Geological reserve-311805 cum, Mineable reserve-229460 cum This is a B2 category project.</p>	

									Whether SEAC recommended the proposal –Yes	
									In view of the above the proposal may be placed in the SEIAA meeting for consideration	
18.	B2, EC	1(a) Mining of minerals	2469 14/21 7-MINB 2/01-2022	Tahasildar, Kabisuryanagar	Proposal of Tahasildar, Kabisuryanagar for EC of Deogam Stone Quarry, over an Area of 10.844 Acres or 4.388 Ha Bearing Khata No: 744, Plot No: 828 & 829, At Village-Deogam, Tahasil-Kabisuryanagar, Dist- Ganjam	31.01.2022	Under examination of SEIAA after SEAC		<p>This is regarding a new proposal for mining of minor mineral Stone. The project has submitted at SEIAA under Category 'B2' as the lease area is ≤ 5.0 Ha. As per the EIA Notification, 2006, this project falls in the schedule under SI.No-1(a) –“Mining of Mineral” of non-coal mining sector. The project proponent has submitted proposal for grant of EC for Deogam stone quarry, over an area 4.388 ha. khata no: 744, plot no: 828 & 829, at: deogam, tahasil: kabisuryanagar, dist: ganjam, odisha and the project proponent is Tahasildar, Kabisuryanagar.</p> <p>The following documents have been received The proponent has submitted the copy of the form-1, checklist, PFR, D.L.C. report mining plan, DSR, cluster certificate, mining approval letter, village sheet, topomap etc.</p> <p>The following deficiencies/omission have been noticed in the above documents.</p> <ul style="list-style-type: none"> Nil <p>Distance from nearest sanctuary/ESZ-Lakarivally WLS-30.0 Km Whether the lease area coming in D.L.C. report-No Whether the lease area reflecting in DSR-Yes Method of mining- Semi-mechanized Distance from Nearest Road Bridge-1.8km,village road-1.7km Whether it is part of cluster – Nil Whether EC obtained earlier- No Production capacity per annum-6375 cum/annum(max.) ,Geological reserve-27620 cum, Mineable reserve-21420 cum This is a B2 category project. 19.	B1-ToR	1(a) Mining of minerals	SIA/OR/MIN/6889 3/2021	Tejaswini Granites	Jakara Decorative Stone Deposit over an lease area 56.03 acres or 22.675 Ha. in Village	01.09.2021	Online Transfer to SEAC start on	The proposal was placed in the 69 th Meeting of SEIAA	<p>This is regarding a new proposal for mining of minor mineral Decorative Stone. The project has submitted at SEIAA under Category 'B1' as the lease area is ≥ 5.0 Ha. As per the EIA Notification, 2006, this project falls in the schedule under SI.No-1(a) –“Mining of Mineral” of non-coal mining sector. The project proponent has submitted proposal for grant of EC for Jakara Decorative Stone Quarry over a total lease area</p>	

				Jakara, Tahasil-Rayagada Dist-Gajapati of Sri Tejaswini Granites		30.10.2021	and decided as follows: "We may ask for DLC report verification from DFO, Paralakhemundi and inclusion of the proposed mine in DSR and a clear cluster certificate from the Mining Officer, on receipt of which TOR will be considered".	<p>22.675Ha/56.03acre at Village-Jakara, Tahasil-Rayagada and District-Gajapati and the project proponent is Sri Jagadishwar Rao of M/s. Tejeswini Granites.</p> <p>The following documents have been received Checklist, form-1, PFR, topomap, lease order, mining approval letter, mining plan, cluster clarification.</p> <p>The following deficiencies/omission have been noticed in the above documents. Not submitted DLC report and DSR Not submitted distance from nearest ESZ in google map and google map showing the present lease hold area with all sairat source within 500 meter boundary of the lease hold area. Distance from nearest sanctuary/ESZ-Lakharivally WLS-86.0km Whether the lease area coming in D.L.C. report-Not submitted DLC report. Whether the lease area reflecting in DSR-no submitted Method of mining- Semi-mechanized Distance from Nearest Road Bridge-2.2km, village road- 0.10 km (Bhogabanda village road) that will be used for transportation of minerals. Whether it is part of cluster – No Whether EC obtained earlier- No Production capacity per annum-24500 cum/annum (max.), Geological reserve-2669186.20 cum, Mineable reserve-1854311 cum. This is a B1 category project. Others points: The Mining Lease was granted in favour of M/s. Tejeswini Granites by the Steel & Mines Dept., Govt. of Odisha vide letter no. 7610/SM dt. 06.12.2021 for 30 years period. The mining plan was approved by the Director of Mines, Odisha vide letter no.7826 dt. 09.11.2020 Whether SEAC recommended the proposal –Yes for ToR with some specific conditions: About 80 % of Waste management, "Zero discharge" and silt management. Plantation, water balance, STP, biodiversity study of the area, DLC report from DFO and 500m cluster certificate from mining officer.</p>	
--	--	--	--	--	--	------------	---	---	--

									<p>The proposal was placed in the 69th Meeting of SEIAA and decided that “We may ask for DLC report verification from DFO, Paralakhemundi and inclusion of the proposed mine in DSR and a clear cluster certificate from the Mining Officer, on receipt of which TOR will be considered.</p> <p>Now the PP has submitted the ADS vide DFO letter no. 1354 dated 05.05.2017, and clarified that during joint verification by range officer, the plot no.180 & 181 and Khata no.29 is not included in the DLC report of Gajapati District. DSR and a clear cluster certificate from the Mining Officer not submitted.</p> <p>In view of the above the proposal may be placed in the SEIAA meeting for consideration.</p>	
20.	B2, EC	1(a) Mining of minerals	2459 25/13 7-MINB 2/12-2021	Smt. Damayanti Bisoyi	Proposal of EC of Sisunda Stone Quarry over an area of 12.20 acres or 4.937 Ha at village -Sisunda, Tahasil – Jagannathprasad, District - Ganjam	18.12.2021	Under examination of SEIAA after SEAC	The proposal was placed in the 70 th Meeting of SEIAA and decided as follows: “Seek clarification from the PP as to how the quarrying operation can be carried out in such close proximity	<p>This is regarding a new proposal for mining of minor mineral Stone. The project has submitted at SEIAA under Category ‘B2’ as the lease area is ≤5.0 Ha. As per the EIA Notification, 2006, this project falls in the schedule under Sl. No-1(a) –“Mining of Mineral” of non-coal mining sector. The project proponent has submitted proposal for grant of EC for Sisunda Stone Quarry over a total lease area 4.937Ha/12.20 acre at Village-Sisunda, Tahasil-Jagannathprasad and District-Ganjam and the project proponent is Smt. Damayanti Bisoyi.</p> <p>The following documents have been received Checklist, form-1, DSR, D.L.C, PFR, EMP, topomap, village sheet, lease order, mining approval letter, mining plan, cluster clarification.</p> <p>The following deficiencies/omission have been noticed in the above documents. Village road 0.08km Distance from nearest sanctuary/ESZ-Baispali WLS-41.5km Whether the lease area coming in D.L.C. report-No Whether the lease area reflecting in DSR-Yes Method of mining- Semi-mechanized Distance from Nearest Road Bridge-6.50 km, village road-0.08km Whether it is part of cluster – No Whether EC obtained earlier- Yes from DEIAA, submitted EC compliance. Production capacity per annum-2072 cum/annum (max.), depth-5m, Geological reserve-670299 cum, Mineable reserve-321793 cum This is a B2 category project. Whether SEAC recommended the proposal -Yes</p>	

								of the village road in violation of the norm existing".	<p>The proposal was placed in the 70th Meeting of SEIAA and decided that "Seek clarification from the PP as to how the quarrying operation can be carried out in such close proximity of the village road in violation of the norm existing". Accordingly, ADS letter issued by SEIAA vide letter no. 4094/SEIAA dated 22.02.2022.</p> <p>Now the PP has submitted the ADS vide letter no. 646 dated 02.03.2022 as per the field visit Sisunda stone quarry, the road which is nearly passing through the quarry is totally used for mining activities and it may consider as haulage road to the mines and no villagers were using the road for their work. There is no public road passing within 200 mtr from the said source. Hence the source is not violating the CPCB norm / guideline.</p> <p>In view of the above the proposal may be placed in the SEIAA meeting for consideration.</p>	
21.	B2, EC	1(a) Mining of minerals	2437 98/10 7-MINB 2/12-2021	Tahasildar, Nilgiri	Proposal of EC of Jamudiha Morrum Quarry Over an area of 1.50 Acre or 0.607 Ha at village-Jamudiha, Tahasil-Nilgiri, District-Balasore	08.12.2021	Under examination of SEIAA after SEAC	<p>The proposal was placed in the 70th Meeting of SEIAA and decided as follows: "Seek clarification from DFO, Balasore on the location of the proposed quarry vis-à-vis</p>	<p>This is regarding a new proposal for mining of minor mineral Morrum. The project has submitted at SEIAA under Category 'B2' as the lease area is ≤5.0 Ha. As per the EIA Notification, 2006, this project falls in the schedule under Sl.No-1(a) –"Mining of Mineral" of non-coal mining sector. The project proponent has submitted proposal for grant of EC for Jamudiha Morrum Quarry over a total lease area 0.607Ha/1.50 acre at Village-Jamudiha, Tahasil-Nilgiri and District-Balasore and the project proponent is Tahasildar, Nilgir.</p> <p>The following documents have been received Checklist, form-1, DSR, D.L.C, PFR, EMP, topomap, village sheet, lease order, mining approval letter, mining plan, cluster clarification.</p> <p>The following deficiencies/omission have been noticed in the above documents. Clarification may be sought from DFO about ESZ and DLC report. Distance from nearest sanctuary/ESZ-Kuldiha WLS-4.0km Whether the lease area coming in D.L.C. report-No Whether the lease area reflecting in DSR-Yes Method of mining- Semi-mechanized Distance from Nearest Road Bridge-10.00km, village road-0.10km, Swarnachuda RF-0.75km Whether it is part of cluster – NO Whether EC obtained earlier- No Production capacity per annum-4402 cum/annum (max.), depth-3m, Geological reserve-38502 cum, Mineable reserve-22010 cum</p>	

								the ESZ of Kuldiha Sanctuary, and whether the area coming under DLC report".	<p>This is a B2 category project. Whether SEAC recommended the proposal -Yes</p> <p>The proposal was placed in the 70th Meeting of SEIAA and decided that "Seek clarification from DFO, Balasore on the location of the proposed quarry vis-à-vis the ESZ of Kuldiha Sanctuary, and whether the area coming under DLC report". Accordingly, ADS letter issued by SEIAA vide letter no. 4026/SEIAA dated 17.02.2022.</p> <p>Now the DFO has submitted the ADS vide letter no. 840 dated 25.01.2022, and clarified that during joint verification, a digitized map has been prepared and it is ascertained that the proposed Jamudiha Morrum Quarry is located outside the limit of Kuldiha Wildlife Sanctuary & its ESZ at a distance of 2960 mtr. & 960 mtr. Respectively. Moreover, the shortest distance of the proposed morrum quarry is 784.323 mtr. from Pillar No. 224 of Swarnachuda Reserve Forest.</p> <p>In view of the above the proposal may be placed in the SEIAA meeting for consideration</p>	
22.	B2, EC	1(a) Mining of minerals	2454 01/13 1-MINB 2/12-2021	Tahasil, Kalahandi	Proposal of EC of Pastipada Sand Bed-1 over an area of 3.00 acres or 1.214ha at Village-Pastipada, Tahasil-Kalahandi, Dist-Kalahandi	16.12.2021	Under examination of SEIAA after SEAC	<p>The proposal was placed in the 70th Meeting of SEIAA and decided as follows: "Seek clarification from PP on whether the depth of sand is not too</p>	<p>This is regarding a new proposal for mining of minor mineral Sand. The project has submitted at SEIAA under Category 'B2' as the lease area is ≤5.0 Ha. As per the EIA Notification, 2006, this project falls in the schedule under Sl.No-1(a) –"Mining of Mineral" of non-coal mining sector. The project proponent has submitted proposal for grant of EC for Pastipada-I River Sand Bed over a total lease area 1.214Ha/3.00 acre at Village-Pastipada, Tahasil-Kalahandi and District-Dhenkanal and the project proponent is Tahasil, Kalahandi.</p> <p>The following documents have been received Checklist, form-1, DSR, PFR, EMP, topomap, village sheet, lease order, mining approval letter, mining plan, cluster clarification.</p> <p>The following deficiencies/omission have been noticed in the above documents. Not submitted cluster EMP. Both Pastipada-I & II are coming under cluster as per the 500 radius google map. Distance from nearest sanctuary/ESZ-Karlapat WLS-40.7km Whether the lease area coming in D.L.C. report-No Whether the lease area reflecting in DSR-Yes Method of mining- Manual River-Pipal, depth of sand deposition-0.5m Distance from Nearest Road Bridge-0.7km, village road-0.3km</p>	

								thin (0.5m) to sustain any sustainable sand mining".	<p>Whether it is part of cluster – Yes, not submitted cluster EMP over total lease area 2.023Ha</p> <p>Whether EC obtained earlier- No</p> <p>Production capacity per annum-590 cum/annum(max.) with depth- 0.5m, Geological reserve-6070 cum, Mineable reserve-2950 cum</p> <p>This is a B2 category project.</p> <p>Whether SEAC recommended the proposal -Yes</p> <p>The proposal was placed in the 70th Meeting of SEIAA and decided that "Seek clarification from PP on whether the depth of sand is not too thin (0.5m) to sustain any sustainable sand mining".</p> <p>Accordingly, ADS letter issued by SEIAA vide letter no. 4024/SEIAA dated 17.02.2022.</p> <p>Now the Tahasildar has submitted the ADS vide letter no. 693 dated 08.03.2022, and clarified that the sand deposit is not too thin as per demand in the locality and the river bed will not be damaged in the said mining.</p> <p>In view of the above the proposal may be placed in the SEIAA meeting for consideration</p>
