The Authority after detailed discussion and deliberation decided the following:

1. **Serial No. 1:** Proposal was deferred in the 5.91st meeting of SEIAA for *"submission of revised affidavit regarding implementation cluster EMP along with the document of POA. Also, the Authority decided to impose a fine of Rs.*

5,000/- on the consultant for submission of wrong affidavit and incomplete documents.”

Now, PP has submitted the requisite documents along with submission slip of the fine amount deposited with RSPCB. Hence, the Authority accepted the recommendations & additional conditions of SEAC and decided to **approve EIA/EMP and grant EC** with the condition that PP shall also ensure to raise a dense plantation in the 7.5m green belt around the lease area to mitigate the pollution effects.

2. **Serial No. 2:** Proposal was deferred in the 5.93rd meeting of SEIAA as *“the queries raised by SEAC and SEIAA in regard to the operational/non-operational mines in this cluster has not been satisfactorily replied through any communication from Mining Department, as was sought. Accordingly, PP is afforded an opportunity of personal hearing to explain the case along with submission of required information.”*

PP was heard during the meeting and on the basis of the facts put forth by the PP, the Authority decided to **refer back** this proposal to SEAC to examine the case on technical ground only as the query raised about non-operational leases has been verified by the documents certified by the Mining Department.

3. **Serial No. 3:** Proposal was deferred in the 5.94th meeting of SEIAA as *“in this proposal, 298 flats of 3 BHK units and 266 flats of 2 BHK units, are proposed in the part of the residential complex, the provision of 40 cars for parking for such a proposal is grossly inadequate. Similarly, considering 9 blocks and the fact that the complex is dependent exclusively on ground water, the provision of only 3 rain water harvesting structures as proposed, seems inadequate. PP was called for providing a detailed presentation in respect of above identified issues. PP was also advised to apply for connection under the PHED scheme for high rise buildings”*

PP was heard during the meeting and the Authority was of the view that still the queries raised by SEIAA has not been satisfactorily replied. Hence, the Authority decided to **defer** this proposal for submission of the following:

- Revised parking as per the minutes of the SEIAA meeting with CREDAI dated 15.09.2023.

- Revised proposal for sufficient numbers of Rain water harvesting structures.
 - Copy of application applied to PHED.
4. **Serial No. 4:** Proposal was deferred in the 5.90th meeting of SEIAA for "submission of ATR on non-compliance of GC 10 and 15 in Certified Compliance Report of conditions as given in EC."
- Now, PP has submitted ATR. Hence, the Authority accepted the recommendations & additional conditions of SEAC and decided to **grant EC** to this proposal.
5. **Serial No. 5:** Proposal was deferred in the 5.95th meeting of SEIAA for "submission of correct DSR w.r.t mineral."
- Now, PP has submitted the mineral specific correct DSR. Hence, the Authority accepted the recommendations & additional conditions of SEAC and decided to **grant EC** to this proposal.
6. **Serial No. 6, 7:** Proposals were deferred in the 5.94th meeting of SEIAA for "submission of ATR on non-compliance of GC 10 and 15 in Certified Compliance Report of conditions as given in EC."
- Now, PP has submitted ATR. Hence, the Authority accepted the recommendations & additional conditions of SEAC and decided to **grant EC** to these proposals.
7. **Serial No. 8:** The Authority accepted the recommendations and additional conditions of SEAC and decided to **grant EC** to this proposal **subject to deposition of penalty as per MoEF&CC SOP dated 07.07.2021 of Rs. 71,100/- by online/ Demand Draft mode and also submit the Bank Guarantee of Rs. 4.87 Lacs towards remediation plan with RSPCB within 15 days of the receipt of the letter in this regard failing which action shall be initiated to stop this project.**
8. **Serial No. 9, 10, 11, 12, 13, 19, 23, 24, 27, 41, 43, 44, 45, 46:** The Authority accepted the recommendations of SEAC and decided to **close and delist** these proposals.
9. **Serial No. 14, 17, 26, 30, 31, 32, 33, 37, 38, 39, 40, 47, 48:** The Authority accepted the recommendations and additional conditions of SEAC and decided to **grant EC** to these proposals.

10. **Serial No. 15:** In this proposal, EC is sought for 106380 TPA (ROM) whereas Mining Plan is approved only for 105263 TPA (ROM). Hence, the Authority decided to **grant EC to this proposal for production capacity as mentioned in Approved Mining Plan i.e., 105263 TPA (ROM).**
11. **Serial No. 16:** The Authority accepted the recommendations and additional conditions of SEAC and decided to **grant EC** to this proposal **subject to deposition of penalty as per MoEF&CC SOP dated 07.07.2021 of Rs. 1.12 Lacs by online/ Demand Draft mode and also submit the Bank Guarantee of Rs. 7.97 Lacs towards remediation plan with RSPCB within 15 days of the receipt of the letter in this regard failing which action shall be initiated to stop this project.**
12. **Serial No. 18:** In this proposal, submitted mining plan was valid till 2021-2022. Hence, the Authority decided to **defer** this proposal for additional information i.e., submission of latest valid Mining Plan within 45 days.
13. **Serial No. 20:** In this proposal, Affidavits regarding no violation has not been submitted by PP and consultant. Hence, the Authority decided to **defer** this proposal for additional information i.e., submission of Affidavits regarding violation/no violation within 45 days.
14. **Serial No. 21, 22:** The Authority accepted the recommendations & additional conditions of SEAC and decided to **approve EIA/EMP and grant EC** to these proposals with the condition that PP shall also ensure to raise a dense plantation in the 7.5m green belt around the lease area to mitigate the pollution effects.
15. **Serial No. 25:** SEAC has recommended this proposal for TOR under violation. However, SEAC has flagged the issue that the lease area falls in Aravalli Hills and the Authority may see the legality of the matter in light of various orders of the Hon'ble Supreme Court in Aravalli matter.
- Considering the above, the Authority is of the view that the lease was registered on 05.01.1963, which is much before the decision of Hon'ble Supreme Court. In addition, the Mining Department has consistently certified vide letter dated 05.02.2021, 24.08.2022, 07.06.2023 that this lease is not in violation of Hon'ble Supreme Court W.P. 202/1995 and contempt petition 412/2004 regarding Aravalli hills order dated 08.4.2005. In view of these facts, the Authority is of the view that **TOR under violation** may be granted.

16. **Serial No. 28, 34:** The Authority accepted the recommendations and additional conditions of SEAC and decided to grant TOR to this proposal.
17. **Serial No. 29:** The Authority accepted the recommendations and additional conditions of SEAC and decided to grant EC to this proposal **subject to deposition of penalty as per MoEF&CC SOP dated 07.07.2021 of Rs. 1,25,013/- by online/ Demand Draft mode and also submit the Bank Guarantee of Rs. 6.25 Lacs towards remediation plan with RSPCB within 15 days of the receipt of the letter in this regard failing which action shall be initiated to stop this project.**
18. **Serial No. 35:** The Authority accepted the recommendations of SEAC and decided to grant Amendment in EC w.r.t area change to this proposal.
19. **Serial No. 36:** The Authority accepted the recommendations of SEAC and decided to grant Modification in TOR (under violation) to this proposal.
20. **Serial No. 42:** SEAC has recommended to close and delist this proposal as the PP has not submitted reply to queries of SEAC even after a period of 90 days or more.

In this case, the Authority noted that PP has replied with the relevant documents sought by the SEAC vide letter dated 14.08.2023. Meanwhile, LOI has expired and SEAC in as recent a communication as 29.08.2023, has asked PP to submit LOI within 15 days and PP was not able to submit the renewed LOI in this short period.

The Authority finds it unreasonable as issuance of renewed LOI is not in the hands of the PP alone. Hence, the Authority decided to refer back this proposal to SEAC, as the period of 90 days may be considered from the date of the additional details sought. SEAC may send another reminder to the PP for submission of requisite documents.

21. **Serial No. 49:** The Authority decided to grant Transfer EC with the condition that the PPs concerned shall apply for TOR under violation within 45 days. In addition to this RSPCB must monitor the same and ensure that such application is submitted on the portal within the time provided, in absence of which necessary action be taken to stop production.

22. **Serial No. 50, 51:** The Authority decided to grant Transfer EC to these proposals.

23. Serial No. 52 , 53, 54, 55: The Authority decided to grant Transfer EC to these proposals with a direction that since these were the ECs issued by DEIAA, the PPs concerned shall apply for reappraisal within 30 days as per MoEF&CC OM Dated 28/04/2023 and Hon'ble NGT order dated 07/12/2022.

Meeting ended with vote of thanks to the chair.
