MINUTES OF THE 220th MEETING OF STATE EXPERT APPRAISAL COMMITTEE (SEAC), A.P., HELD ON - 15th&16th May 2023 AT VIJAYAWADA, A.P.

Present: The following members were present. (Through Video Conference)

1.	Dr.G.V.R. SrinivasaRao, Professor, Civil Engineering Department, Andhra University, Visakhapatnam	Chairperson
2.	Dr.DineshSankar Reddy. Registrar(I/C), Professor of Chemical Engineering, NIT, Tadepalligudem, West Godavari	Member
3.	Prof. G. Gnana Mani, Retd., Professor of Zoology, Andhra University, Visakhapatnam	Member
4.	Prof. U. Shameem. Chairman, Dept. of Zoology, Andhra University, Visakhapatnam	Member
5.	Dr.Kiranmai, Assistant Professor, Dept. of Biotechnology, VikramaSimhapuriUniversity,Nellore,SPSRNelloreDistrict	Member
6.	Prof. C. Sasidhar, Professor, Civil Engineering Dept, JNTU, Anantapur	Member
7.	Prof. N. Siva Prasad Reddy, Director (Academics), Brindavan Institute of Technology & Science, Kurnool	Member
8.	Prof. D. Bharathi, Professor, Dept. of Bio Sciences & Sericulture, Sri PadmavathiMahilaViswaVidhyalayam, Tirupati	Member
9.	Sri KatamneniVenkataRamana, Head of Mining Dept. Government Polytechnic, Narsipatnam.	Member
10.	Dr.M. Sunandana Reddy, Associate Professor,RGM College of Engineering & Technology (Autonomous), Nandyal.	Member
11.	Sri Matli. Chandra Sekhar Professor, Head of Department of Civil Engineering, NIT, Warangal.	Member
12.	Dr. G. Madhavi, Associate Professor, Department of Chemistry, Sri Venkateswara University, Tirupati	Member
13.	Prof. K. ThyagaRaju,Professor,Department of Biochemistry, S.V.University, Tirupati	Member
14.	Dr.GummallaPrasanthi, Professor, Vijaya Institute of Pharmaceutical Sciences, Vijayawada	Member
15.	Sri B. Siva Prasad <i>N.V. Srinivasa Rao</i> Chief Environmental Engineer (FAC) Andhra Pradesh Pollution Control Board. Vijayawada.	Member Secretary.

21.09.2015 for Mica, Quartz, Feldspar & Vermiculate of 924 TPA with a validity period of 4.8 years.

The proponent has obtained work order/ execution order on 17.05.2017 for a period of 50 years i.e., up to 16.05.2067.

As per MoEF notification 1807 (E) dt 12.04.2022 which reads as follows:

"Provided that in the case of mining projects or activities, the validity shall be counted from the date of execution of the mining lease".

The project proponent has submitted successor lessee copy in the name of Sri. A.Sai Aditya Chandra from Assistant director of mines and Geology Department, Nellore vide letter dt. 25.02.2020. Mine is not working since 2019. Forest is located at 180mts.

The project proponent has submitted certified compliance report obtained from IRO, Vijayawada vide letter dt. 23.02.2023. As per certified compliance, the mine operator not taken up plantation.

The mine operator informed that they have planted saplings after the inspection of IRO, Vijayawada.

As per the G.O.Ms No.107 Industries & Commerce (Mines - II) Department in para no. 6 of (iii)& (IV) is as follows:

(iii) In respect of the Revenue lands adjoining or within 500 mts distance from the R.F. boundary, the Tahsildar shall issue NOC after obtaining no objection report from the Divisional Forest Officer concerned.

(IV) In respect of Assigned Lands/Patta Lands, the Tahsildar shall indicate the names of the Assignees/Pattadars based on the latest land records for obtaining consent from them.

The proponent volunteered to providewater treatment plant to the Podalkur villager as a part of Corporate Social Responsibility (CSR) activity and shall maintain till the life of the mine.

Under EMP budget the proponent has proposed following:

- **Proposed to provide Contour trenches & Garland Drain, in the mine lease area to control surface runoff.**
- **Proposed to provide Continuous water sprinkling through water tanker for Suppression the dust particles**

The Committee after examining the project proposals, presentations, mining plan, MoEF&CC Notifications& OMs, and detailed deliberations, recommended to raise ADS for submission of

1. Plantation photographs with geo tagging
2. Forest NOC as forest is at 180mts

Agenda Item No:220.05	5.0Ha Mining of Road Metal, Building stone & Gravel of SRI. K. SRINIVASA RAO at Sy. No: 801 Village, Kanchikacherla Mandal, Krishna District, Andhra Pradesh- Environmental Clearance - EIA Case - Reg.
SIA/AP/M IN/42434 4/2023	Category: B2 at par with B1 The proposed project is for mining of Road Metal, Building stone & Gravel in an area of 5.0Ha. with a proposed of production quantity of Road Metal & Building Stone - 2,17,280m³

Category: B2.

The proposed project is for mining of **Quartz** in an area of **4.610 Ha.** with a proposed production quantity of **Quartz -22,680 TPA** with a condition that the total production during a scheme should be limited to the approved quantity as per Mining scheme/ plan.

The proposed project falls under Item No. 1(a) of the schedule of the EIA Notification 2006 and its amendments thereof - (i). Mining of minerals (≤ 250 ha of mining lease area in respect of non-coal mine lease).

The project proponent and their NABET accredited Consultant SV Enviro Labs & Consultants, have attended the meeting.

The Committee noted that as per cluster letter issued by Asst. Director of Mines & Geology, Nellore, vide Lr. dated: 16.03.2023, there are no existing quarry leases within the radius of 500 mts area. The total cluster area is <5.0 Ha. forest is at 73mts.

The proponent volunteered to provide water treatment plant and digital class rooms to Z.P.H School at Yepulagunta Village as a part of Corporate Social Responsibility (CSR) activity and shall maintain till the life of the mine.

The project proponent has submitted forest NOC vide letter dt. 02.04.2023.

Under EMP budget the proponent has proposed following:

- **Proposed to provide Garland Drain and retaining walls to control surface runoff.**
- **Proposed to provide Continuous water sprinkling through water tanker for Suppression the dust particles.**

The Committee after examining the project proposals, presentations, mining plan, MoEF&CC Notifications & OMs and detailed deliberations, recommended to issue Environmental Clearance with following conditions:

1. The proponent shall comply with the proposals furnished in Environmental management plan.
2. The project proponent shall develop greenbelt of 1km along approach roads & village Road sides.
3. The project proponent shall maintain 7.5mt greenbelt in buffer zone and existing buffer zone plantation should not be disturbed.
4. The proponent shall take dust suppression measures to meet the CPCB stipulated ambient air quality standards at any point of time.
5. The proponent shall carryout suppression of dust generated due to transport vehicles by water spraying with tankers continuously.
6. The vehicles carrying the mines material shall be covered with tarpaulin during vehicular movement.
7. The project proponent shall comply conditions stipulated in the Forest NOC dt. 02.04.2023.
8. The project proponent shall provide 860ms trench all around the mine lease boundary area.
9. The project proponent shall take surface runoff prevention measures.

Public hearing was held on 15.02.2023.

Public hearing details:

There is no specific issues raised during the PH minutes.

Response of the proponent during the Public hearing is as follows:

Sri. A. Narasimha Rao, Project proponent: He has given assurance that the mining will be carried out duly safeguarding the environment by following the Government norms. He assured that employment will be provided to the local villagers. Child labour will not be engaged in the quarry.

The base line data was collected from March, 2022 to May, 2022. The predominant wind direction is observed to be South East to North West.

The maximum concentration of SPM is observed to be 68.2 µg/m³. The incremental concentration is 1.38 µg/m³. The GLC of SPM will fall at a distance of 0.9 KM towards North East side.

The proponent volunteered to provide Required Medical equipment to PHC Ballikurava PHC as a part of Corporate Social Responsibility (CSR) activity and shall maintain till the life of the mine.

Under EMP budget the proponent has proposed following:

- Proposed to provide Garland Drain and trench with bund walls to control surface runoff.
- Proposed to provide Continuous water sprinkling through water tanker for Suppression the dust particles.

The Committee after examining the project proposals, presentations, mining plan, MoEF&CC Notifications & OMs, EIA Report, PH minutes, and detailed deliberations, recommended to issue Environmental Clearance with following conditions:

1. The proponent shall comply with the proposals furnished in Environmental management plan.
2. The project proponent shall develop greenbelt of 1km along approach roads & village Road sides.
3. The project proponent shall maintain 7.5mt greenbelt in buffer zone and existing buffer zone plantation should not be disturbed.
4. The proponent shall take dust suppression measures to meet the CPCB stipulated ambient air quality standards at any point of time.
5. The project proponent shall strictly implement water conservations and soil preventions measures.
6. The project proponent shall develop medicinal plants and fruit plants in surrounding villages.
7. The project proponent shall conduct health camps at least every 6 months with help of local PHC.
8. The project proponent shall comply other assurances given in the public hearing.

&Geology, Chittoor, vide Letter dated: 12.12.2022, there is One existing quarry leases within the radius of 500 mtrs area. The total cluster area is < 5.0 Ha.

The proponent volunteered to provide Digital class room to primary High school in **Vedurukuppam** as a part of Corporate Social Responsibility (CSR) activity and shall maintain till the life of the mine. Life of mine is 11 years.

History of the Case:

The project proponent has informed that initially, they have applied for 11.0 Ha of Road metal and building on 05.08.2008. and the Tahsildar, Vedurukuppam mandal has obtained NOC dt. 26.12.2009 from Forest Department for 11.0 Ha of Road metal and building in the name of **Sri. A. BheemasankarReddy**, later Director of mines and Geology has issued LOI dt. 23.07.2021 for 4.741 Ha only. Further the same was verified in Parivesh 2.0 and observed that the applied lease area is falling outside the Forest boundary.

The Committee observed that the Rayalacheruvu protected forest is at a distance of 177m and the proponent has submitted forest NOC vide letter dt. 26.12.2009.

Then, The Committee after examining the project proposals, presentations, mining plan, MoEF&CC' Notifications & OMs and detailed deliberations, recommended to issue **Environmental Clearance** with following conditions:

1. The proponent shall comply with the proposals furnished in Environmental management plan.
2. The project proponent shall develop greenbelt of 1000 plants along approach roads & village Road sides.
3. The project proponent shall maintain 7.5mt greenbelt in buffer zone and existing buffer zone plantation should not be disturbed.
4. The project proponent shall carry out mining duly maintaining proper benches.
5. The project proponent shall provide 420m Rocky bund on North -West side to prevent surface runoff.
6. The project proponent shall comply conditions stipulated in the Forest NOC dt. 26.12.2009.

After SEAC meeting this proposal was placed in 211th SEIAA: the SEEIA noted that the the Forest NOC was issued in 2009. Refer to SEAC to Appraise with latest Forest NOC, as it is learned that certain lands closed to Rayalacheruvu were notified as Reserve Forest for compensatory afforestation purpose.

Again this proposal was placed in the 220th SEAC meeting:

The Committee after examining the project proposals, presentations, mining plan, MoEF&CC' Notifications & OMs and detailed deliberations, recommended to raise ADS for submission / uploading of latest forest NOC or clarification from forest department as the government lands close to Rayalacheruvu were notified as reserve forest for compensatory afforestation purpose.
