

सत्यमेव जयते

State Level Environment Impact Assessment Authority-Karnataka

(Constituted by MoEF, Government of India, under section 3(3) of E(P) Act, 1986)

**Proceedings of the 193rd SEIAA Meeting held on 30th January 2021 at 11:00 AM
at Room No. 709, 7th Floor, 4th Gate, M.S Building, Bangalore.**

Members present: -

- | | | |
|---------------------------------|---|-------------------------|
| 1. Dr. K. R. Sree Harsha, | - | Chairman, SEIAA |
| 2. Shri. K. N. Shivalinge Gowda | - | Member, SEIAA |
| 3. Sri. Brijesh Kumar, IFS | - | Member Secretary, SEIAA |

The Chairman welcomed the members and initiated the discussion. The subjects discussed and the decisions made on each of the agenda points are as follows:

193.1. Fresh Projects (Recommended for EC):

Industrial Projects:

193.1.1. Proposed Bulk Drugs & Intermediates Manufacturing Unit Project at Plot Nos.131 & 132 of Kadachur Industrial Area, Yadgir Taluk & District by M/s. VARSHICHEM (SEIAA 63 IND 2020), [SIA/KA/IND2/175736/2020]

It is a proposal seeking Environmental Clearance for establishment of Proposed Bulk Drugs & Intermediates Manufacturing Unit Project at Plot Nos.131 & 132 of Kadachur Industrial Area, Yadgir Taluk & District by M/s. VARSHICHEM. The total plot area is 8079.4 Sqmt. The proponent has stated that he will develop greenbelt in an area of 2667 Sqm i.e., 33 % of the plot area. The estimated cost of the proposed project is Rs. 3.76 Crores.

The subject was appraised in the SEAC meeting held on 06.01.2021. The committee screened the proposal considering the information provided in the statutory Application-Form I, Pre feasibility report, and clarification/additional information provided during the meeting. The Committee has recommended to SEIAA for issue of EC and the extract of the proceedings of the Committee meeting is as below.

"The proponent stated that this project is at a distance of 2.24 KM from the boundary of Telangana State, However, due to the recent MoEF Notification dated 27-03-2020 this project may be categorized under B2 category. The proponent clarified that he applied to SEIAA for issue of EC in view of the recent MoEF guidelines. The committee decided to appraise the project under B2 category in view of MoEF guidelines.

The proponent stated that he has proposed 31 products and has planned to produce 6 products at any given point of time. The requirement of water and effluent generation are calculated based on this criteria. The proponent also stated that he has proposed ZLD unit within the premises.

The committee after discussion and deliberation decided to recommend the proposal to SEIAA for issue of EC with the following conditions.

1. Briquette/furnace oil/HSD fuel to be used instead of coal as a boiler fuel.
2. Separate Emergency Exit may be provided within the project unit.
3. Explore possibility of alternate solvent to Tetrahydrofuran (THF)
4. Use of solvent strippers attached to MEE to reduce COD
5. Explore use of Green solvents and chemicals wherever possible by carrying out R&D.
6. Sensors should be places to scrubbers to know their saturation"

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to clear the proposal for issue of Environmental Clearance subject to submission of the following information:

- 1) Commitment regarding the use of fuel, keeping the recommendation of the SEAC in mind that Briquette/furnace oil/HSD fuel to be used instead of coal as a boiler fuel.
- 2) Layout plan of the industry clearly indicating the entry, exit, location of plant and machinery, boiler, raw material storage, fuel storage, hazardous waste storage, solvent storage, final product storage, loading and unloading area, parking, Green belt and other facilities etc with provision for an emergency exit as suggested by the SEAC.
- 3) Possibility of using alternate solvent to Tetrahydrofuran (THF) as suggested by the SEAC.
- 4) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.
- 5) A time bound action plan for implementation of proposed CER activities as a part of EMP.

193.1.2. Proposed Modification & Expansion of Bulk Drugs and Intermediates Unit Project at Plot No.27 of Chicksugur Village, Raichur Taluk & District By M/s. TRIMAX BIOSCIENCES PVT. LTD. (SEIAA 64 IND 2020), [SIA/KA/IND2/175732/2020]

It is a proposal seeking Environmental Clearance for the Proposed Modification & Expansion of Bulk Drugs and Intermediates Unit Project at Plot No.27 of Chicksugur Village, Raichur Taluk & District By M/s. TRIMAX BIOSCIENCES PVT. LTD. The total plot area is 36,907 Sqm. The proponent has stated that he will develop greenbelt in an area of 12,322 Sqm i.e., 33.4%. The estimated cost of the proposed project is Rs. 30 Crores.

The proponent have obtained Environmental clearance to the existig project from MoEF&CC vide letter F No. J-11011/631/2010-IA II (I) dated 11.01.2013 for Bulk Drugs manufacturing unit of capacity 30.85 MTPM on a plot area of 32,956.00 Sqm (8.15 Acres).

The subject has been appraised in the 254th SEAC meeting held on 06.01.2021. The Committee has recommended to SEIAA for issue of EC and the extract of the proceedings of the Committee meeting is as below.

"The committee noted that this land has been allotted by KIADB. The proponent stated that this is an expansion to the existing project for which EC was issued by MoEF&CC and the Regional Office, MoEF& CC, have given certified compliance report to earlier EC conditions on 28.12.2020.

The proponent stated that he has proposed 64 products and has planned to produce 8 products at any given point of time. The requirement of water and effluent generation are calculated based on this criteria. The proponent has also stated that he has proposed ZLD unit within the premises.

The committee after discussion and deliberation decided to recommend the proposal to SEIAA for issue of EC with the condition that the proponent to submit the following information to SEIAA.

1. Revised list of tree species may be detailed.
2. CER activities in specific physical terms may be submitted.

The committee also prescribed the following conditions.

1. Fire alarm may be installed within the unit.
2. RWH may be adopted within the unit and should be utilized during the process
3. Explore possibility of using N Bromosuccinimids (NBS) for Bromination instead of dibromo butane allyl bromide by carrying out R & D
4. Sensors should be placed to scrubbers to know their saturation
5. Explore use of Green solvents and chemicals wherever possible by carrying out R & D work."

The Authority perused the proposal and took note of the recommendation of the SEAC along with the reply submitted by the Proponent 27.01.2021.

The Authority after discussion decided to clear the proposal for issue of Environmental Clearance subject to submission of the following information:

1. Possibility of using N Bromosuccinimids (NBS) for Bromination instead of dibromo butane allyl bromide by carrying out R & D as suggested by SEAC.
2. Details of provisions for rain water harvesting and using in the industry as suggested by the SEAC.
3. Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.
4. A time bound action plan for implementation of proposed CER activities as a part of EMP

193.1.3. Proposed Expansion & Modernization of Biopharmaceutical Manufacturing Unit Project at Biocon Campus, 20th KM, Hosur Road, Electronic City, Bengaluru District by M/s. Biocon Limited (SEIAA 70 IND 2020), [SIA/KA/IND2/187366/2020]

It is a proposal seeking Environmental Clearance for Expansion & Modernization of Biopharmaceutical Manufacturing Unit Project at Biocon Campus, 20th KM, Hosur Road, Electronic City, Bengaluru District by M/s. Biocon Limited. The total plot area is 1,03,634 Sqmt. The proponent has stated that he will develop greenbelt in an area of 53,216 Sqm i.e., 51.3% of the site area. The estimated cost of the proposed project is Rs. 650 Crores.

The subject was appraised in the 254th SEAC meeting held on 06.01.2021. The proposal was placed before the committee for appraisal as per the above furnished information by the proponent. The Proponent and Environment Consultant attended the meeting. The committee screened the proposal considering the information provided in the statutory Application-Form I, Prefeasibility report, and clarification/additional information provided during the meeting. The Committee has recommended to SEIAA for issue of EC and the extract of the proceedings of the Committee meeting is as below.

"The Proponent stated that this project is an expansion project to the existing products, which are not under the ambit of EIA Notification, 2006 as they were produced under the guidelines of Department of Biotechnology with all necessary approvals. Now the proposal for 2 additional products namely, Remdesivir and immune suppressants, being synthetic in nature, come under the ambit of EIA Notification, 2006. The proponent also clarified that the existing facilities for ZLD including Membrane Bioreactor, UF, RO, MEE etc. are sufficient to manage the additional load due to the above products. The proponent also clarified that over 51% land is dedicated for green belt development.

Proponent also committed to dedicate 30% of investment towards R&D and adopt green chemistry and cleaner production systems.

The proponent has also stated that he will furnish the CER activities in physical specific terms.

The committee after discussion and deliberation decided to recommend the proposal to SEIAA for issue of EC with a condition that the proponent to submit CER activities in specific physical terms to SEIAA".

The Authority perused the proposal and took note of the recommendation of the SEAC along with the reply submitted by the Proponent on 27.01.2021.

The Authority after discussion decided to clear the proposal for issue of Environmental Clearance subject to submission of the following information:

1. Date of establishment of the existing unit and Justification along with copies of records/documents in support of the claim that the existing products are not under the ambit of EIA Notification, 2006/1994.
2. A time bound action plan for implementation of proposed CER activities as a part of EMP.

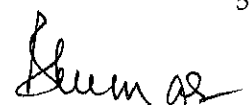

Construction Projects:

193.1.4. Proposed Mixed Use Development Project at Sy.Nos.83/2, 86/4, 88/2, 88/3B, 88/4, 89/3, 89/4 & 96/1 of Panathur Village, Varthur Hobli, Bangalore East Taluk, Bangalore Urban District by M/s Prestige Estates projects Limited. (SEIAA 46 CON 2020), [SIA/K/MIS/57645/2020]

M/s Prestige Estates projects Limited. have proposed for construction of Mixed Use Development Project on a plot area of 59,817.4 Sqm . The total built up area is 1,91,778.15 Sqmt. The project comprises of 406 Nos. of residential units, club house and 3 commercial buildings with building configuration of Residential Units -B+G+12UF Club House - B+G+1UF Commercial Building - 2B+G+9UF/G+1UF. Total parking space proposed is for 2107 No's of Cars. Total water consumption is 835 KLD (Fresh water + Recycled water). The total wastewater discharge is 710 KLD. It is proposed to construct Sewage Treatment Plant with a capacity of 300 KLD and 450 KLD. The project cost is Rs. 257.99 Crores

The subject was discussed in the SEAC meeting held on 7th January 2021. The Committee has recommended to SEIAA for issue of EC and the extract of the proceedings of the Committee meeting is as below.

"The subject was discussed in the SEAC meeting held on 21st July 2020. The proponent has stated that he has made out an application during the month of March-2020 & started collecting data during the March-2020 and he could not continue the collection of data during month of April-2020 for the reason of COVID-19 lockdown and continued to collect data during the month of May-2020 and June -2020. In view of this the

proponent requested the committee to permit him to adopt the same data for the preparation of EIA report, for which the committee agreed the request made by the proponent to adopt the same data for preparation of EIA report.

The Committee after discussion decided to appraise the proposal as B1 category as per EIA Notification 2006 and had decided to recommend the proposal to SEIAA for issue of standard TORs and the following additional TORs for conducting EIA study in accordance with EIA Notification 2006.

- 1) Details of the kharab land and its position on the village survey map may be detailed and submitted.
- 2) Ground water potential and level in the study area may be studied.
- 3) Scheme for waste to energy plant to process the entire organic waste generated from the entire project
- 4) Management plan to utilize the entire earth generated within the site may be worked out and submitted.
- 5) Utilization of the entire terrace for solar power generation may be worked out and submitted.
- 6) Scheme for utilizing maximum treated sewage water to reduce the demand on the fresh water may be worked out and submitted.
- 7) Rain water harvesting/storage details may be worked out.
- 8) Surface hydrological study of surrounding area may be carried out and the carrying capacity of the natural nalas may be worked out in order to ascertain the adequacy in the carrying capacity of the nalas.
- 9) To submit the Details of trees to be felled and the scheme for development of greenery with the number and kind of tree species as per norms.
- 10) List of existing and proposed trees species wise and number wise may be detailed and submitted.
- 11) The applicability of the recent NGT order/supreme court order on buffer zone for water bodies and nalas may be studied and submitted.
- 12) Sampling locations shall be as per standard norms.

The Authority perused the proposal and recommendation made by SEAC during the meeting held on 03.08.2020. The Authority after discussion decided to issue standard ToR along with additional ToR as recommended by SEAC for conducting the Environment Impact Assessment study in accordance with EIA Notification, 2006.

Accordingly the TORs were issued from SEIAA on 24.08.2020 and the proponent submitted EIA report on 23.11.2020.

The committee noted that from the village survey map there is a secondary nala on the western side of the project site, for which the proponent has stated that he has left 25 meter buffer zone as per norms.

The committee after discussion and deliberation decided to recommend the proposal to SEIAA for issue of EC with the condition that the proponent to submit the following information to SEIAA

1. Height clearance certificate from the competent Authority.
2. NoC from BWSSB.
3. CER activities in specific physical terms.

The committee also prescribed the following conditions

1. CNG Gen sets in place of DG sets may be put up if feasible.
2. Eco friendly materials to be used as much as possible for construction.
3. The waste generated during the process of construction should be disposed in accordance with Construction & Demolition waste handling rules-2016.
4. E-waste generated should be separately collected and disposed off through authorized recyclers in accordance with the E-waste handling rules.
5. Biogas Plant to be installed to utilize the organic waste generated wherever possible.
6. The solid waste generated may be disposed as per SWM Rules, 2016."

The Authority perused the proposal and took note of the recommendation of the SEAC along with the reply submitted by the Proponent on 25.01.2021.

The Authority after discussion decided to clear the proposal for issue of Environmental Clearance subject to submission of the following information:

- 1) Specific source of treated water for the construction with an undertaking/MoU with the prospective supplier of such treated water and with water quality analysis report to establish that such treated water is fit for construction purpose.
- 2) A time bound action plan for implementation of proposed CER activities as a part of EMP

193.1.5. Proposed Modification and Expansion of Tech Park Building Project at Sy.Nos.96, 97, 98/2, 103, 104/1, 104/2, 105, 106 of Bhoganahalli Village, VarthurHobli, Bengaluru East Taluk, Bengaluru Urban District By M/s. Akarshak Infrastructure Pvt. Ltd. (SEIAA 157 CON 2019), [SIA/KA/MIS/169762/2020]

M/s. Akarshak Infrastructure Private Limited had obtained Environmental Clearance (EC) vide reference No. SEIAA 154 CON 2018 dated 01.06.2019 for development of Tech Park Building at Sy. Nos. 96, 97, 98/2, 103, 104/1, 104/2, 105, 106, Bhoganahalli Village, VarthurHobli, Bengaluru East Taluk, Bengaluru on a plot area of 63,638.89 Sqmt. The total built up area is 3, 05,416.92 Sqmt with 3B+G+11UF.

While obtaining the EC proponent had left 75m buffer as per the NGT order for the lake adjoining to the project site. Now as per the Supreme Court Judgment a buffer of 30 m has to be left to the lake as per the local byelaw. Hence there is a change in the conceptual plan and increase in the total Built up area of the project from 3,05,416.92 Sqmt

to 4,19,972.86 Sqmt. Proposed project comprises of 4 towers interconnected which is sprawled across 3B+G+11UF with a height of 46.95m.

The Built area is 27,867.57 Sqmt (43.79%), Landscape area is 17,384.13 Sqmt (27.3%), Paved driveway and hardscape area is 10,468.20 Sqmt (16.44%), Central Avenue Area/Common Access area in UDI is 7,179.49 Sqmt (11.28%) & Service area is 739.50 Sqmt (1.19%). Total parking space proposed is for 4,197 Nos. of cars.

Total water consumption is 1,670 KLD (Fresh water + recycling water). The total wastewater discharge is 1,586 KLD. It is proposed to construct 2 Sewage Treatment Plants with capacity of 770 KLD & 825 KLD with total capacity of 1,595 KLD (Sequencing Batch Reactor Technology). Solid waste generation is 6.5 MT/day, where 2.6 MT/day is the biodegradable waste and 3.9 MT/day is the non-biodegradable waste. STP Sludge is 79.75 kg/day. The biodegradable waste will be treated in Organic Waste Converter. Non-biodegradable waste will be handed over to authorized recyclers. It is proposed to construct Roof Rain Water Harvesting Sump with capacity of 1,860 cum and Surface Rain Water will be routed to 20 Nos. of Recharge pits to recharge the ground water. The Energy requirement for the project is 21,411 KW. Diesel Generators of 2000 KVA X 14 Nos., & 1250 KVA X 2 Nos. will be provided. The project cost is Rs.1,300 Crores.

The proponent had obtained Environmental Clearance for construction of Tech Park Building vide letter No. SEIAA 154 CON 2018, dated 1st June 2019 on a plot area of 63,638.89 Sqm. The total built up area is 3,05,416.92 Sqm and the proposed building consists of 2 Towers comprising of 3 Basements + Ground Floor + 11 Upper Floors.

The subject was discussed in the 254th SEAC meeting held on 06.01.2021. The Committee has recommended to SEIAA for issue of EC and the extract of the proceedings of the Committee meeting is as below.

"The subject was discussed in the meeting held on 17th December 2019. The proponent has stated that this expansion proposal is for utilizing the savings in buffer area which was 75meters from the lake and now it is 30meters as per the recent Supreme Court order. The proponent has requested the committee to permit him to utilize the data collected earlier for EIA purpose when the first EC was issued in June-2019 which is well within 3 years validity and also stated that he will collect one month baseline data and submit the trend analysis by comparing this data with earlier data.

The Committee after discussion had decided to appraise the proposal as B1 and decided to recommend the proposal to SEIAA for issue of standard TORs to conduct the EIA studies in accordance with EIA Notification 2006. The committee also prescribed the following additional TORs.

- 1) Details of the Kharab land and its position on the village survey map may be detailed and submitted.
- 2) Ground water potential in the study area may be studied and submitted.
- 3) Scheme for waste to energy plant to process the organic waste generated from the entire project.

- 4) Management plan to utilise the entire earth generated within the site may be worked out and submitted.
- 5) Utilization of the entire terrace for solar power generation as well as solar thermal for HVAC may be worked out and submitted.
- 6) Scheme for utilising maximum treated sewage water to reduce the demand on the fresh water may be worked out and submitted.
- 7) Rain water harvesting/storage details may be worked out.
- 8) Surface hydrological study of surrounding area may be carried out and the carrying capacity of the natural nalas may be worked out in order to ascertain the adequacy in the carrying capacity of the nalas.
- 9) The applicability of the recent Hon'ble Supreme court order on buffer zone for water bodies and nalas may be studied and submitted.
- 10) Possibility of going for CNG/PNG gensets may be studied and submitted
- 11) Detail the statutory notifications based on which the expansion is proposed may be submitted.
- 12) Propose not less than 33% of area to accommodate (1 tree per 80 Sqm in the project area of 15.29 acres) minimum of 50 trees per acre.
- 13) Propose suitable tree species to take up plantation in the buffer zone.
- 14) Change in the land use between revised CDP of 2015 and draft CDP 2031 and its effect on this project may be detailed and submitted

The Authority perused the proposal and *took note of the* recommendations made by SEAC during SEIAA meeting held on 20th January 2020 and decided to send back the proposal to SEAC to re-examine the proposal along with the copy of the complaint filed before Hon'ble Lokayuktha.

The Committee during the meeting held on 26.2.2020 took note of the directions issued by SEIAA and consequent upon this decided to issue following additional TORs to conduct a thorough studies on all concerns expressed by the complainant.

- 1) The proponent has to furnish the details of water drawn from BWSSB for the last 5 years against the total water requirements for all his neighbouring projects such as RMZ Eco world, Adarsh palm retreat and Akarshak infrastructure.
- 2) The proponent has to conduct the detailed intensive survey to ascertain the ground water potential in the core area of 1KM radius scientifically selecting the sampling points at least 8-10 locations to reflect the entire core area.
- 3) Air quality modeling should be carried out taking into account pollution from the vehicles using ORR and its dissipation into the nearby surrounding areas.
- 4) The parking facilities provided may be substantiated taking into consideration two wheeler parking and vehicles used by housekeepers in addition to visitors.
- 5) Detailed traffic studies are to be carried out taking into consideration of the road crossings which are hot spots as far as traffic congestion is concerned.
- 6) Intensive noise studies to be conducted in the core area of 1KM radius including the major road crossings and particularly concentrating on the vehicles using ORR.

- 7) Justification for taking up such a large project in this area in the light of zonal regulations as mandated may be detailed and submitted.

The Committee after discussion and deliberation decided to recommend for issue of standard TORs along with the additional TORs proposed.

The Authority during the meeting held on 29th May 2020 perused the proposal and recommendation made by SEAC. The Authority noted that the Hon'ble Lokayukta have issued notices to the Chairman and the Secretary, SEAC vide No. Lok/BCD/3317/2019, dated 19.12.2019 on 19.12.2019, based on the complaint received from one Shri Sadasivam, ORR Sarjapura Raising Plumeria Owners Association, Adarsh Palm Retreat, Bellandur, Bengaluru, alleging that the Environmental Clearance granted vide No. SEIAA 154 CON 2018, dated 1.6.2019 is in gross violation of the environmental norms. The complainant have requested to stop the project before the proponent start selling it to unwary publics. The Chairman and Secretary, SEAC have replied to the above mentioned notice on 5.3.2020 vide letter No. SEAC 01 Misc 2020, defending the action taken by SEAC in recommending the proposal. However, the complaint is yet to be disposed of by the Hon'ble Lokayukta. The Authority opined that when the Environmental Clearance granted for the present project itself is under scrutiny by Hon'ble Lokayukta it may not be appropriate to issue ToR for the proposed expansion of the same project. The Authority therefore decided to consider the proposal for issue of ToR after the final disposal of the complaint registered before the Hon'ble Lokayukta.

The Additional Registrar, Karnataka Lokayukta vide letter dated 10.07.2020 have sent a report regarding the above mentioned complaint. The Hon'ble Lokayukta have opined that the matter is not fit for further investigation and hence the complaint is closed.

The Authority perused the report received from the Hon'ble Lokayukta and after detailed discussion decided to issue ToR with an additional ToR that the project authorities shall address all the concerns expressed in the complaint received from ORR Sarjapura Raising Plumeria Owners Association in the EIA report.

The ToRs were issued from SEIAA on 25.08.2020 and the proponent submitted EIA report on 27.08.2020.

The proponent and consultant attended 253rd SEAC meeting held on 15.12.2020.

The committee after discussion decided to reconsider the proposal for further appraisal after submission of the following information.

1. Certified Compliance Report (CCR) on the earlier EC.
2. Justification regarding waste water Generation from the labour camp and water requirement for construction
3. Justification regarding number of people in the labour camp.
4. Source of treated water for construction with due authorization from supplier for construction phase or NOC from BWSSB.
5. Details of Conversion order for survey no. 98/2, 103 and 104/2.
6. Present status of the project with latest photographs and map of project location. superimposed on Google images.

7. Details of activities to be undertaken under CER with budget and timeframe."

The replies dated 31.12.2020 submitted by the proponent were placed before the 254th SEAC meeting held on 07.01.2021 for reconsideration. Regional Office, MoEF certified the compliance report as "Satisfactory"

The replies submitted by the proponent were perused, after discussion and deliberation decided to recommend the proposal to SEIAA for issue of EC with the following condition

1. CNG Gen sets in place of DG sets may be put up if feasible.
2. Eco friendly materials to be used as much as possible for construction.
3. The waste generated during the process of construction should be disposed in accordance with Construction & Demolition waste handling rules-2016.
4. E-waste generated should be separately collected and disposed off through authorized recyclers in accordance with the E-waste handling rules.
5. Biogas Plant converter to be put-up to utilize the organic waste generated to the extent possible.
6. E-waste generated should be separately collected and disposed off through authorized recyclers in accordance with the E-waste handling rules.
7. The Solid waste generated may be disposed as per the SWM, Rules, 2016"

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided clear the proposal for issue of Environmental clearance subject to submission of an action plan with activities proposed under CER and the time frame within which such activities will be implemented as part of EMP.

193.1.6. Proposed Multi Storey Residential Flats Project at Site No.2, Sy.No.145 of Nelaguli Village, UttarahalliHobli, Bangalore South Taluk, Bangalore Urban District by M/s. Rajiv Gandhi Housing Corporation (SEIAA 12 CON 2020), [SIA/KA/MIS/137768/2020]

M/s. Rajiv Gandhi Housing Corporation has Proposed Multi Storey Residential Flats Project at Site No.2, Sy.No.145 of Nelaguli Village, Uttarahalli Hobli, Bangalore South Taluk, Bangalore Urban District on a plot area of 25,809.54 sqm. The total built up area is 67,428.35 sqm. The proposed project consists of 1184 Nos. of Residential units in Block - A, Block - B & Block -C having G+14 UF. Total parking space provided is for 219 Nos. of cars. Total water consumption is 670 KLD (Fresh water + Recycled water). The total waste water discharge is 610 KLD. It is proposed to construct Sewage treatment plant with a capacity of 650 KLD. The project shall have DG sets of 160 kVA - 1 No. & 200 kVA - 1 No. as an alternative source of power supply. The total project cost is Rs. 135 Crores.

The proponent was invited for the 239th meeting held on 11-02-2020 to provide required clarification. The proponent remained absent without intimation. The committee after discussion decided to provide one more opportunity to proponent with intimation that the proposal will be appraised based on merit, in case he remains absent again and deferred the subject.

The Proponent and Environment Consultant attended the 245th meeting held on 20-6-2020 to provide clarification/additional information. During appraisal the proponent has stated that he is revising the configuration and scope of the project and requested some more time.

The committee after discussion decided to defer the appraisal of the project proposal

The subject was again appraised in the 254th SEAC meeting held on 07. 01.2020. The committee appraised the proposal considering the information provided in the statutory application Form-I, IA, Conceptual plan and clarification/additional information provided during the meeting. The Committee has recommended to SEIAA for issue of EC and the extract of the proceedings of the Committee meeting is as below.

“The committee after discussion and deliberation decided to recommend the proposal to SEIAA for issue of EC with the following conditions,

1. CNG Gen sets in place of DG sets may be put up if feasible.
2. Eco friendly materials to be used as much as possible for construction.
3. The waste generated during the process of construction should be disposed in accordance with Construction & Demolition waste handling rules-2016.
4. Two separate lifts (one Service lift and one passenger lift) may be provided.
5. Car parking may be enhanced in open spaces.
6. E-waste generated should be separately collected and disposed off through authorized recyclers in accordance with the E-waste handling rules.
7. The solid waste generated may be disposed as per SWM Rules, 2016.
8. To submit the modified scheme for green belt development with emphasis on Medium Growing trees like Neem, Honge, flowering and fruit yielding species, with appropriate spacing.
9. To provide proper drainage system for letting out excess drain water to public drainage system.”

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to clear the proposal for issue of Environmental Clearance subject to submission of the following information:

- 1) Specific source of treated water for the construction with an undertaking/MoU with the prospective supplier of such treated water and with water quality

analysis report to establish that such treated water is fit for construction purpose.

- 2) A time bound action plan for implementation of proposed CER activities as a part of EMP

193.1.7. Proposed Multi Storey Residential Flats Project at Sy.No.193 of Bidarahalli Village, BidarahalliHobli, Bangalore East Taluk, Bangalore Urban District by M/s. Rajiv Gandhi Housing Corporation Ltd. (SEIAA 53 CON 2020), [SIA/KA/MIS/58803/2020]

M/s. Rajiv Gandhi Housing Corporation Ltd have proposed for construction of Proposed Multi Storey Residential Flats Under Chief Ministers "1 Lakh Multi Storey Bengaluru Housing Programme" Project on a plot area of 78,152.71 Sqm. The total built up area is 2,37,105.26 Sqm. The proposed project consists of 4199 No's of Residential units in Block A, B, B, C, D, E, F, G, H, & I (S+14 UF) towers. Total water consumption is 2500 KLD (Fresh water + Recycled water). The total wastewater discharge is 2250 KLD. It is proposed to construct Sewage Treatment Plant with a capacity of 2250 KLD. The project cost is Rs.377.91 Crores.

The subject was discussed in the SEAC meeting held on 21st July 2020. The Committee has recommended to SEIAA for issue of EC and the extract of the proceedings of the Committee meeting is as below.

"The Committee noted that this is a project which comes under PMAY and Chief Minister one lakh Bangalore housing scheme under affordable housing scheme. This being the special scheme the proponent has stated that UDD approved the following relaxations.

1. Approach road width a) For G+3 Model from 9meter to 7meter b) S+14 Model From 12 Meter to 9 meter
2. FAR - Up to 3 as against 1.75 to 2.00
3. Corridor width - From 2meter to 1.8meter
4. Parking- a)1 car parking for every six houses of 1 BHK b) 1 car parking for every two houses of 2 BHK
5. To convert the stilt floor to accommodate physically handicapped persons to an extent of 2% of the total number of units.

The proponent has stated that he has made out an application during the month of March-2020 & started collecting data during the March-2020 and he could not continue the collection of data during month of April-2020 for the reason of COVID-19 lockdown and continued to collect data during the month of May-2020. In view of this the proponent requested the committee to permit him to adopt the data collected during March-2020 and May-2020 for the preparation of EIA report, for which the committee agreed the request made by the proponent to adopt the same data for preparation of EIA report.

The Committee after discussion decided to appraise the proposal as B1 category as per EIA Notification 2006 and had decided to recommend the proposal to SEIAA for issue of standard TORs and the following additional TORs for conducting EIA study in accordance with EIA Notification 2006.

- 1) Details of the kharab land and its position on the village survey map may be detailed and submitted.
- 2) Ground water potential and level in the study area may be studied.
- 3) Scheme for waste to energy plant to process the entire organic waste generated from the entire project
- 4) Management plan to utilize the entire earth generated within the site may be worked out and submitted.
- 5) Utilization of the entire terrace for solar power generation may be worked out and submitted.
- 6) Scheme for utilizing maximum treated sewage water to reduce the demand on the fresh water may be worked out and submitted.
- 7) Rain water harvesting/storage details may be worked out.
- 8) Surface hydrological study of surrounding area may be carried out and the carrying capacity of the natural nalas may be worked out in order to ascertain the adequacy in the carrying capacity of the nalas.
- 9) To submit the Details of trees to be felled and the scheme for development of greenery with the number and kind of tree species as per norms.
- 10) List of existing and proposed trees species wise and number wise may be detailed and submitted.
- 11) The applicability of the recent NGT order/supreme court order on buffer zone for water bodies and nalas may be studied and submitted.
- 12) Sampling locations shall be as per standard norms.

The Authority perused the proposal and *took note of the* recommendation made by SEAC during the meeting held on 03.08.2020. The Authority after discussion decided to issue standard ToR along with additional ToR as recommended by SEAC for conducting the Environment Impact Assessment study in accordance with EIA Notification, 2006.

Accordingly ToR was issued on 13.08.2020 and the project proponent submitted the EIA Report on 02.12.2020.

The subject was discussed in the 254th SEAC meeting held on 07. 01.2020.

The committee after discussion and deliberation decided to recommend the proposal to SEIAA for issue of EC with the following conditions,

1. CNG Gen sets in place of DG sets may be put up if feasible.
2. Eco friendly materials to be used as much as possible for construction.
3. The waste generated during the process of construction should be disposed in accordance with Construction & Demolition waste handling rules-2016.
4. Two separate lifts (one Service lift and one passenger lift) may be provided.
5. Car parking may be enhanced in open spaces.
6. E-waste generated should be separately collected and disposed off through authorized recyclers in accordance with the E-waste handling rules.

7. The solid waste generated may be disposed as per SWM Rules, 2016.
8. To submit the modified scheme for green belt development with emphasis on Medium Growing trees like Neem, Honge, flowering and fruit yielding species, with appropriate spacing.
9. To provide proper drainage system for letting out excess drain water to public drainage system."

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to clear the proposal for issue of Environmental Clearance subject to submission of the following information:

- 1) Specific source of treated water for the construction with an undertaking/MoU with the prospective supplier of such treated water and with water quality analysis report to establish that such treated water is fit for construction purpose.
- 2) A time bound action plan for implementation of proposed CER activities as a part of EMP

Mining Projects

193.1.8. Pink Granite Quarry Project at Sy.Nos.127/2, 127/3, 127/4 & 127/7 of Hoolageri Village, Kushtagi Taluk, Koppala District (6-00 Acres) (2.42 Ha.) by Sri. A Raja (SEIAA 295 MIN 2020), [SIA/KA/MIN/167629/2020]

Sri. A Raja have applied for Environmental clearance from SEIAA for quarrying of Pink Granite at on Sy.Nos.127/2, 127/3, 127/4 & 127/7 of Hoolageri Village, Kushtagi Taluk, Koppala District in 6-00 Acres, Patta Land.

The Proponent and Environment Consultant attended the 252nd meeting held on 27-08-2020 to provide clarification/additional information. The committee appraised the proposal considering the information provided in the statutory application Form-I, Pre-feasibility report, approved quarry plan and clarification/additional information provided during the meeting.

Since in the cluster sketch there was no mention of EC issued date and hence the committee could not decide the categorization of the project. The committee after discussion decided to defer the appraisal of the project proposal.

The proponent submitted a letter on 07.12.2020 enclosing a revised cluster sketch and certificate incorporating the date of EC granted and requested to place the proposal before SEAC for issue of EC

The subject was discussed in the 254th SEAC meeting held on 07. 01.2020. The committee noted that this is a fresh lease involving ornamental stone mining in patta land. The proponent has stated that he has obtained NOCs from Forest, Revenue Dept and land

conversion order. The lease has been approved by District Task Force and the proponent has stated that the process of obtaining C&I Notification is under progress.

The proponent has also stated that as per the approved quarry plan proved quantity of 1,45,739 Cum, can be mined to a quarry pit depth of 12 meters. The proponent has stated that the recovery is 30% in the form of commercial blocks i.e., 33,000 cum and 70% waste i.e., 77,000 cum which will be converted to building stone and same has been reflected in approved mining plan.

As far as approach road is concerned, the proponent has stated that, there is an existing cart track road to a length of 180mtr connecting lease area to all weather black topped road.

The committee observed that, as per the extended Cluster sketch prepared by the DMG there are 12 leases including this lease within 500 meters radius from this lease area. Out of which 10 leases were exempted from cluster effect because of the fact that these leases were either granted prior to 09.09.2013 or ECs were issued prior to 15.01.2016. The total area of the remaining two leases including this lease is 11-00 Acres. The area of this lease, being less than the threshold limit of 5 Ha, the committee decided to categorize this project under B2 category as per EIA Notification 2006 and proceeded with the appraisal accordingly.

The proponent has also stated that the CER details in physical terms to the SEIAA.

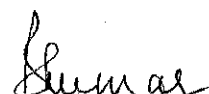

The committee after discussion decided to recommend the proposal to SEIAA for issue of Environment Clearance with the following conditions for an annual production of 20000 Cum. Considering the proved mineable reserve of 145739 cum (Including waste) as per the approved quarry plan, the committee estimated the life of the mine as 8 years.

1. Quarrying should be taken as per quarry plan approved.
2. Dust suppression measures and all other measures contained in EMP have to be strictly followed.
3. A detailed plan for afforestation in roadside/nearby schools/ other civic amenities etc. should be submitted under EMP
4. Details of activities to be taken up under CER should be submitted
5. Safe drinking water has to be provided at the quarry site."

The Authority perused the proposal and took note of the recommendation of SEAC

The Authority after discussion decided to issue Environmental Clearance for extraction of the Pink Granite as per approved quarry plan, subject to submission of the following information:-

1. Details of leases/notified areas at the vicinity of the proposed project site that would result in to cluster situation and justification for claiming to consider under B2 category.
2. Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio

sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.

3. Plan for safety for mining to a depth of 12 meters may be intimated.
4. A time bound action plan for implementation of proposed CER activities as a part of EMP

193.1.9. Proposed Pink Granite Quarry Project at Sy.No.126/7 of Hoolgeri Village, Kushtagi Taluk, Koppala District (2-35 Acres) By Sri Vijaykumar Y Patil (SEIAA 306 MIN 2020), [SIA/KA/MIN/168473/2020]

Sri Vijaykumar Y Patil has applied for Environmental clearance from SEIAA for quarrying of Pink Granite at Sy.No.126/7 of Hoolgeri Village, Kushtagi Taluk, Koppala District in an area of 2-35 Acre of Patta land. This Project/Activity is covered under category B of item 1 (a) "Mining of Minerals" of the schedule to the EIA Notification,2006.

The subject was discussed in the 254th SEAC meeting held on 07.01.2021. The Committee has recommended to SEIAA for issue of EC and the extract of the proceedings of the Committee meeting is as below.

"The Committee noted that this is a new lease involving Pink Granite mining in patta land. The proponent has stated that he has obtained NOCs from Forest, Revenue Dept. and land conversion order. The lease has been notified on 12.10.2020 from C&I Department for 30 years. The proponent has also stated that as per the approved quarry plan there is a level difference of 2.25meters within the mining area and proved quantity of 1,58,153.8 cum can be mined to a quarry pit depth of 21meters for the lease period.

As far as approach road is concerned, the proponent has stated that, there is an existing cart track road to a length of 180mtr connecting lease area to all weather black topped road. As far as CER is concerned the proponent has stated, that he will take up nursery plantation, solar panels in nearby schools and plantation along the sides of approach road.

The committee observed that, as per the extended Cluster sketch prepared by the DMG there are 12 leases including this lease within 500 meters radius from this lease area. Out of which 9 leases were exempted from cluster effect because of the fact that these leases were either granted prior to 09.09.2013 or ECs were issued prior to 15.01.2016. The total area of the remaining 3 leases including this lease is 08-37 Acres. The area of this lease being less than the threshold limit of 5 Ha, the committee decided to categorize this project under B2 category as per EIA Notification 2006 and proceeded with the appraisal accordingly.

The committee after discussion decided to recommend the proposal to SEIAA for issue of Environment Clearance with the following conditions for an annual production of 8750 Cum. considering the proved mineable reserve of 158153.8 Cum (Including waste) as per the approved quarry plan, the committee estimated the life of the mine as 19 years.

1. Quarrying should be taken as per quarry plan approved.
2. Dust suppression measures and all other measures contained in EMP have to be strictly followed.
3. A detailed plan for afforestation in roadside/nearby schools/ other civic amenities etc. should be submitted under EMP
4. Details of activities to be taken up under CER should be provided
5. Safe drinking water has to be provided at the quarry site."

The Authority perused the proposal and took note of the recommendation of SEAC

The Authority after discussion decided to issue Environmental Clearance for extraction of the Ornamental Granite as per approved quarry plan, subject to submission of the following information:-

1. Details of leases/notified areas at the vicinity of the proposed project site that would result in to cluster situation and justification for claiming to consider under B2 category.
2. Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.
3. Justification for the provision to undertake quarrying to a depth of 21 meters with details of benches, provision for ramps and safety measures proposed.
4. A time bound action plan for implementation of proposed CER activities as a part of EMP

193.1.10. Proposed Pink Granite Quarry Project at Sy.No.126/6 of Hoolgeri Village, Kustagi Taluk, Koppal District (3-02 Acres) By Sri Yankanagowda B. Patil (SEIAA 308 MIN 2020), [SIA/KA/MIN/168398/2020]

Sri Yankanagowda B. Patil have applied for Environmental clearance from SEIAA for quarrying of Pink Granite at Sy.No.126/6 of Hoolgeri Village, Kustagi Taluk, Koppal District in an area of 3-02 Acre of patta land.

The subject was discussed in 254th SEAC meeting held on 07.01.2021. The Committee has recommended to SEIAA for issue of EC and the extract of the proceedings of the Committee meeting is as below.

The Committee noted that this is a new lease involving Pink Granite mining in patta land. The proponent has stated that he has obtained NOCs from Forest, Revenue Dept. and land conversion order. The lease has been notified on 12.10.2020 from C&I Department for 30 years. The proponent has also stated that as per the approved quarry

plan there is a level difference of 0.75meters within the mining area and proved quantity of 163425.20Cum can be mined to a quarry pit depth of 22 meters for a lease period.

As far as approach road is concerned, the proponent has stated that, there is an existing cart track road to a length of 210mtr connecting lease area to all weather black topped road.

The committee observed that, as per the extended Cluster sketch prepared by the DMG there are 12 leases including this lease within 500 meters radius from this lease area. Out of which 9 leases were exempted from cluster effect because of the fact that these leases were either granted prior to 09.09.2013 or ECs were issued prior to 15.01.2016. The total area of the remaining 3 leases including this lease is 08-37 Acres. The area of this lease being less than the threshold limit of 5 Ha, the committee decided to categorize this project under B2 category as per EIA Notification 2006 and proceeded with the appraisal accordingly.

The proponent has agreed that he will submit the revised CER details in physical terms including supply of nutritious food to nearby school to avoid malnutrition in the children.

The committee after discussion decided to recommend the proposal to SEIAA for issue of Environment Clearance with the following conditions for an annual production of 8749 Cum. (Including Waste) Considering the proved mineable reserve of 163425.20Cum (Including waste) as per the approved quarry plan, the committee estimated the life of the mine as 19 years.

1. Quarrying should be taken as per quarry plan approved.
2. Dust suppression measures and all other measures contained in EMP have to be strictly followed.
3. A detailed plan for afforestation in roadside/nearby schools/ other civic amenities etc. should be submitted under EMP
4. Details of activities to be taken up under CER should be provided
5. Safe drinking water has to be provided at the quarry site."

The Authority perused the proposal and took note of the recommendation of SEAC

The Authority after discussion decided to issue Environmental Clearance for extraction of the Pink Granite as per approved quarry plan, subject to submission of the following information:-

1. Details of leases/notified areas at the vicinity of the proposed project site that would result in to cluster situation and justification for claiming to consider under B2 category.
2. Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis

the project location and the recommendation or comments of the Chief Wildlife Warden thereon.

3. Justification for the provision to undertake quarrying to a depth of 22 meters with details of benches, provision for ramps and safety measures proposed.
4. A time bound action plan for implementation of proposed CER activities as a part of EMP

193.1.11. Proposed Pink Granite Quarry Project at Sy.No.10/7 of Kadur Village, Kushtagi Taluk, Koppala District (1-11 Acres) (1.275 Acres) By Sri Shivappa Thimmappa Kuri (SEIAA 313 MIN 2020), [SIA/KA/MIN/168971/2020]

Sri. Shivappa Thimmappa Kuri has applied for Environmental clearance from SEIAA for quarrying of Pink Granite at Sy.No.Sy.No.10/7 of Kadur Village, Kushtagi Taluk, Koppala District in an area of 1-11 Acre of Patta land

The subject was discussed in the 254th SEAC meeting held on 08.01.2020. The Committee has recommended to SEIAA for issue of EC and the extract of the proceedings of the Committee meeting is as below.

“The Committee noted that this is a new lease involving Pink Granite mining in Patta land. The proponent has stated that he has obtained NOCs from Forest, Revenue Dept. and land conversion order. The lease has been notified on 17.08.2020 for 30 years. The proponent has also stated that as per the approved quarry proved quantity of 39,192 Cum can be mined to a quarry pit depth of 36 meters for a lease period.

The committee observed that, as per the Cluster sketch prepared by the DMG there are about 13 leases including this lease within the radius of 500mts from this lease area. Out of 13 leases 8 leases were exempted from cluster effect because of the fact that these leases either granted prior to 09.09.2013. The area of this lease being less than the threshold limit of 5 Ha, the committee decided to categorize this project under B2 category as per EIA Notification 2006 and proceeded with the appraisal accordingly.

The proponent has agreed to submit the CER activities in specific physical terms to SEIAA.

The committee after discussion decided to recommend the proposal to SEIAA for issue of Environment Clearance with the following conditions for an annual production of 4800 Cum. Considering the proved mineable resource of 39192 Cum including waste as per the approved quarry plan, the committee estimated the life of the mine as 9 years.

1. Quarrying should be taken as per quarry plan approved.
2. Dust suppression measures and all other measures contained in EMP have to be strictly followed.
3. A detailed plan for afforestation in roadside/nearby schools/ other civic amenities etc. should be submitted under EMP
4. Details of activities to be taken up under CER should be provided
5. Safe drinking water has to be provided at the quarry site.”

The Authority perused the proposal and took note of the recommendation of SEAC

The Authority after discussion decided to issue Environmental Clearance for extraction of the Pink Granite as per approved quarry plan, subject to submission of the following information:-

1. Details of leases/notified areas at the vicinity of the proposed project site that would result in to cluster situation and justification for claiming to consider under B2 category.
2. Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.
3. Justification for the provision to undertake quarrying to a depth of 36 meters with details of benches, provision for ramps and safety measures proposed.
4. A time bound action plan for implementation of proposed CER activities as a part of EMP

193.1.12. Building Stone Quarry Project at Sy.No.488/2 of Yarananvi Village, Savadatti Taluk, Belgaum District (9-00 Acres) By Sri G. Kumar (SEIAA 319 MIN 2020), [SIA/KA/MIN/169056/2020]

Sri G. Kumar has applied for Environmental clearance from SEIAA for quarrying of Building Stone at Sy.No. Sy.No.488/2 of Yarananvi Village, Savadatti Taluk, Belgaum District in an area of 9-00 Acre of Patta land. This Project/Activity is covered under category B of item 1 (a) "Mining of Minerals" of the schedule to the EIA Notification, 2006.

The subject was discussed in the 254th SEAC meeting held on 08.01.2021. The Committee has recommended to SEIAA for issue of EC and the extract of the proceedings of the Committee meeting is as below.

"The Committee noted that this is a new lease involving Building Stone mining in Patta land. The proponent has stated that he has obtained NOCs from Forest, Revenue Dept. and land conversion order. The lease has been notified on 28.07.2020 for 20 years. The proponent has also stated that as per the approved quarry plan there is a level difference of 7 meters within the mining area and proved quantity of 301079 tonnes can be mined to a quarry pit depth of 10meters for a lease period.

As far as approach road is concerned, the proponent has stated that, there is an existing cart track road to a length of 250 mtr connecting lease area to all weather black topped road. As far as CER is concerned the proponent has stated, that he will take up rejuvenation of hirehalla.

The committee observed that, as per the Cluster sketch prepared by the DMG there are no other leases within the radius of 500mts from this lease area. The area of this lease being less than the threshold limit of 5 Ha, the committee decided to categorize this project under B2 category as per EIA Notification 2006 and proceeded with the appraisal accordingly. However, the committee observed that sections and plans of the approved quarry plan have not been signed by authorized officer of DMG. The proponent stated that he would be submitting signed copy of these documents to SEIAA. Based on this commitment the committee appraised the proposal.

The committee after discussion decided to recommend the proposal to SEIAA for issue of Environment Clearance with the condition that signed copy of sections and plates would be submitted to SEIAA in addition to the following conditions. The committee decided to recommend for an annual production of 1,06,400 tonnes. Considering the proved mineable resource of 3,01,079 tonnes as per the approved quarry plan, the committee estimated the life of the mine as 3 years.

1. Quarrying should be taken as per quarry plan approved.
2. Dust suppression measures and all other measures contained in EMP have to be strictly followed.
3. A detailed plan for afforestation in roadside/nearby schools/ other civic amenities etc. should be submitted under EMP
4. CER activities should be submitted in specific physical terms.
5. Safe drinking water has to be provided at the quarry site".

The Authority perused the proposal and took note of the recommendation of SEAC

The Authority after discussion decided to consider this proposal during the next meeting along with the letter dated 29.01.2021 sent by the project proponent through email to the Authority requesting for considering the life of the quarry as 10 years taking into account both the proved and probable reserves.

193.1.13. Building Stone Quarry Project at Sy.No.183/1(P) of Aneguddi Village, Ramadurga Taluk, Belgaum District (4-00 Acres) By Sri Bhimanna Gangappa (SEIAA 320 MIN 2020), [SIA/KA/MIN/169311/2020]

Sri Bhimanna Gangappa has applied for Environmental clearance from SEIAA for quarrying of Building Stone at Sy.No.183/1(P) of Aneguddi Village, Ramadurga Taluk, Belgaum District in an area of 4-00 Acre of Patta land. This Project/Activity is covered under category B of item 1 (a) "Mining of Minerals" of the schedule to the EIA Notification,2006.

The subject was discussed in the 254thSEAC meeting held on 08.01.2021. The Committee has recommended to SEIAA for issue of EC and the extract of the proceedings of the Committee meeting is as below.

"The Committee noted that this is a new lease involving Building Stone mining in Patta land. The proponent has stated that he has obtained NOCs from Forest, Revenue Dept. and land conversion order. The lease has been notified on 01.06.2020 for 20 years.

The proponent has also stated that as per the approved quarry plan there is a level difference of 2 meters within the mining area and proved quantity of 8,11,300 tonnes can be mined to a quarry pit depth of 14 meters for a lease period.

As far as approach road is concerned, the proponent has stated that, there is an existing cart track road to a length of 600mtr connecting lease area to all weather black topped road. As far as CER is concerned the proponent has stated, that he will take up rejuvenation of aneguddi nala.

The committee observed that, as per the Cluster sketch prepared by the DMG there are 3 leases including this lease within the radius of 500mts from this lease area. The area of these lease is 12.15 acre which is being less than the threshold limit of 5 Ha, the committee decided to categorize this project under B2 category as per EIA Notification 2006 and proceeded with the appraisal accordingly. However, the committee observed that sections and plans of the approved quarry plan except surface plan and sections have not been signed by authorized officer of DMG. The proponent stated that he would be submitting signed copy of these documents to SEIAA. Based on this commitment the committee appraised the proposal.

The committee after discussion decided to recommend the proposal to SEIAA for issue of Environment Clearance with the following conditions for an annual production of 82,460 tonnes. Considering the proved mineable resource of 8,11,300 tonnes (Including waste) as per the approved quarry plan, the committee estimated the life of the mine as 10 years.

1. Quarrying should be taken as per quarry plan approved.
2. Dust suppression measures and all other measures contained in EMP have to be strictly followed.
3. A detailed plan for afforestation in roadside/nearby schools/ other civic amenities etc. should be submitted under EMP
4. CER activities should be submitted in specific physical terms.
5. Safe drinking water has to be provided at the quarry site."

The Authority perused the proposal and took note of the recommendation of SEAC

The Authority after discussion decided to issue Environmental Clearance for extraction of the Building Stone as per approved quarry plan, subject to submission of the following information:-

1. Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.

2. A time bound action plan for implementation of proposed CER activities as a part of EMP

193.1.14. Pink Granite Quarry Project at Sy.Nos.52/*/1, 53/*/1 & 53/*/7 of Adapura Village, Lingasuguru Taluk, Raichur District (4-00 Acres) By Sri Venkatesh V Saka (SEIAA 322 MIN 2020), [SIA/KA/MIN/169961/2020]

Sri Venkatesh V Saka has applied for Environmental clearance from SEIAA for quarrying of Pink Granite at Sy.Nos.52/*/1, 53/*/1 & 53/*/7 of Adapura Village, Lingasuguru Taluk, Raichur District in an area of 4-00 Acre of patta land. This Project/Activity is covered under category B of item 1 (a) "Mining of Minerals" of the schedule to the EIA Notification,2006.

The subject was discussed in the 254th SEAC meeting held on 08.01.2021. The Committee has recommended to SEIAA for issue of EC and the extract of the proceedings of the Committee meeting is as below.

"The Committee noted that this is a new lease involving Pink Granite mining in Patta land. The proponent has stated that he has obtained NOCs from Forest, Revenue Dept. and land conversion order. The lease has been notified on 03.07.2020. The proponent has also stated that as per the approved quarry plan there is a level difference of 6meters within the mining area and proved quantity of 1,93,213 cum can be mined to a quarry pit depth of 16 meters for a lease period.

As far as approach road is concerned, the proponent has stated that, there is an existing cart track road to a length of 350 mtr connecting lease area to all weather black topped road.

The committee observed that, as per the Cluster sketch prepared by the DMG there are 4 leases including this lease within the radius of 500mts from this lease area. The area of these leases is 12.00 acres, which is being less than the threshold limit of 5 Ha, the committee decided to categorize this project under B2 category as per EIA Notification 2006 and proceeded with the appraisal accordingly.

The committee after discussion decided to recommend the proposal to SEIAA for issue of Environment Clearance with the following conditions for an annual production of 8333 cum. Considering the proved mineable resource of 193213cum (Including waste) as per the approved quarry plan, the committee estimated the life of the mine as 24 years.

1. Quarrying should be taken as per quarry plan approved.
2. Dust suppression measures and all other measures contained in EMP have to be strictly followed.
3. A detailed plan for afforestation in roadside/nearby schools/ other civic amenities etc. should be submitted under EMP
4. CER activities should be submitted in specific physical terms.
5. Safe drinking water has to be provided at the quarry site."

The Authority perused the proposal and took note of the recommendation of SEAC

The Authority after discussion decided to issue Environmental Clearance for extraction of the Pink Granite as per approved quarry plan, subject to submission of the following information:-

1. Details of leases/notified areas at the vicinity of the proposed project site that would result in to cluster situation and justification for claiming to consider under B2 category
2. Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.
3. Plan for safety for mining to a depth of 16 meters may be intimated.
4. A time bound action plan for implementation of proposed CER activities as a part of EMP

193.1.15. Proposed Building Stone Quarry Project at Sy.No.315/*/1 of Bapunagar Village, Chittapur Taluk &Kalaburagi District (4-06 Acres) By Sri Mohammed Zubair (SEIAA 323 MIN 2020), [SIA/KA/MIN/169734/2020]

Sri Mohammed Zubair has applied for Environmental clearance from SEIAA for quarrying of Building Stone at Sy.No.315/*/1 of Bapunagar Village, Chittapur Taluk &Kalaburagi District in an area of 4-06 Acre of Patta land.

The subject was discussed in the 254th SEAC meeting held on 08.01.2021. The Committee has recommended to SEIAA for issue of EC and the extract of the proceedings of the Committee meeting is as below.

“The Committee noted that this is a new lease involving Building Stone mining in Patta land. The proponent has stated that he has obtained NOCs from Forest, Revenue Dept. and land conversion order. The lease has been notified on 07.07.2020. The proponent has also stated that as per the approved quarry plan there is a level difference of 02 meters within the mining area and proved quantity of 1070410 tonnes can be mined to a quarry pit depth of 20 meters for a lease period.

As far as approach road is concerned, the proponent has stated that, there is an existing cart track road to a length of 310 mtr connecting lease area to all weather blacktopped road. As far as CER is concerned the proponent has stated, that he will earmark Rs1.50 lakh to take up provide RO Filtration unit to near by School.

The committee observed that, as per the Cluster sketch prepared by the DMG there are no other leases within the radius of 500mts from this lease area. The area of this lease being less than the threshold limit of 5 Ha, the committee decided to categorize this

project under B2 category as per EIA Notification 2006 and proceeded with the appraisal accordingly.

The committee after discussion decided to recommend the proposal to SEIAA for issue of Environment Clearance with the following conditions for an annual production of 97,310 tonnes. Considering the proved mineable resource of 10,70,410 tonnes (Including waste) as per the approved quarry plan, the committee estimated the life of the mine as 11 years.

1. Quarrying should be taken as per quarry plan approved.
2. Dust suppression measures and all other measures contained in EMP have to be strictly followed.
3. A detailed plan for afforestation in roadside/nearby schools/ other civic amenities etc. should be submitted under EMP
4. CER activities should be submitted in specific physical terms.
5. Safe drinking water has to be provided at the quarry site."

The Authority perused the proposal and took note of the recommendation of SEAC

The Authority after discussion decided to issue Environmental Clearance for extraction of the Building Stone as per approved quarry plan, subject to submission of the following information:-

1. Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.
2. Justification for the provision to undertake quarrying to a depth of 20 meters with details of benches, provision for ramps and safety measures proposed.
3. A time bound action plan for implementation of proposed CER activities as a part of EMP

193.1.16. Building Stone Quarry Project at Sy.No.123 of Gowdahalli Village, Srirngapatna Taluk, Mandya District (2-00 Acres) By Sri K.R. Manjunath (SEIAA 324 MIN 2020), [SIA/KA/MIN/169774/2020]

Sri K.R. Manjunath have applied for Environmental clearance from SEIAA for quarrying of Building Stone at Sy.No.123 of Gowdahalli Village, Srirngapatna Taluk, Mandya District in an area of 2-00 Acre of patta land.

The subject was discussed in the 254th SEAC meeting held on 08.01.2021. The Committee has recommended to SEIAA for issue of EC and the extract of the proceedings of the Committee meeting is as below.

"The Committee noted that this is a new lease involving Building Stone mining in Pattaland. The proponent has stated that he has obtained NOCs from Forest, Revenue Dept. and land conversion order. The lease has been notified on 07.08.2020 for 20years. The proponent has also stated that as per the approved quarry plan there is a level difference of 07 meters within the mining area and proved quantity of 521699 tonnes can be mined to a quarry pit depth of 12 meters for a lease period.

As far as approach road is concerned, the proponent has stated that, there is an existing cart track road to a length of 812mtr connecting lease area to all weather black topped road.

The committee observed that, as per the Cluster sketch prepared by the DMG there are no other leases within the radius of 500mts from this lease area. The area of this lease being less than the threshold limit of 5 Ha, the committee decided to categorize this project under B2 category as per EIA Notification 2006 and proceeded with the appraisal accordingly.

As per the letter dated 27-05-2020 of DCF, Mandya Division, this land was a part of list of deemed forest prepared by reconstituted expert committee (152 acres in Sy. No 30 of Gowdahalli Village, Srirangapatna Taluk). The land has been granted in the year 1997. The district level committee constituted as per the Government Order No.FEE:185:FAF:2011 dated 15-05-2014, has retained 117-08 acres in the same survey number as deemed forest excluding this area. Hence he has given a conditional NOC that in case this piece of land is found to be included in the 117-08 acres of identified deemed forest, the NOC will be cancelled. The proponent stated that the proposed land is granted and is outside the deemed forest.

The committee after discussion decided to recommend the proposal to SEIAA for issue of Environment Clearance with the following conditions for an annual production of 30000 tonnes. Considering the proved mineable reserve of 521699 tonnes (Including waste) as per the approved quarry plan, the committee estimated the life of the mine as 19 years.

1. Quarrying should be taken as per quarry plan approved.
2. Dust suppression measures and all other measures contained in EMP have to be strictly followed.
3. A detailed plan for afforestation in roadside/nearby schools/ other civic amenities etc. should be submitted under EMP
4. CER activities should be submitted in specific physical terms.
5. Safe drinking water has to be provided at the quarry site.
6. Map duly authenticated by PCCF (Wildlife) and CWLW should be submitted to SEIAA"

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to get the following information for further consideration:-

1. Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.
2. Documents/ records regarding deletion of the proposed project site from the deemed forest.
3. Justification for the provision to undertake quarrying to a depth of 20 meters with details of benches, provision for ramps and safety measures proposed.
4. A time bound action plan for implementation of proposed CER activities as a part of EMP

193.1.17. Proposed Shahabad Stone Quarry Project at Sy.No.457/1 of Honagunta Village, Shahabad Taluk, Kalaburagi District (2-00 Acres) By Sri Abdul Jabbar (SEIAA 326 MIN 2020), [SIA/KA/MIN/170300/2020]

Sri. Abdul Jabbar has applied for Environmental clearance from SEIAA for quarrying of Shahabad Stone at at Sy.No.457/1 of Honagunta Village, Shahabad Taluk, Kalaburagi District in an area of 2-00 Acre of Patta land: This Project/ Activity is covered under category B of item 1 (a) "Mining of Minerals" of the schedule to the EIA Notification,2006.

The subject was discussed in the 254thSEAC meeting held on 08.01.2021. The Committee has recommended to SEIAA for issue of EC and the extract of the proceedings of the Committee meeting is as below.

"The Committee noted that this is a new lease involving Shahabad Stone mining in patta land. The proponent has stated that he has obtained NOCs from Forest, Revenue Dept. and land conversion order. The lease has been notified on 02.07.2020 for 20 years. The proponent has also stated that as per the approved quarry plan proved quantity of 33098 cum can be mined to a quarry pit depth of 9.5meters for a lease period.

As far as approach road is concerned, the proponent has stated that, there is an existing cart track road to a length of 260 mtr connecting lease area to all weather black topped road. As far as CER is concerned the proponent has stated, that he will construct Rain water Harvesting and conduct health camp in nearby school.

The committee observed that, as per the Cluster sketch prepared by the DMG there are 7 other leases within the radius of 500mts from this lease area. The extent of these leases including this lease area is 12.00 acre. The area of these leases being less than the

threshold limit of 5 Ha, the committee decided to categorize this project under B2 category as per EIA Notification 2006 and proceeded with the appraisal accordingly.

The committee after discussion decided to recommend the proposal to SEIAA for issue of Environment Clearance with the following conditions for an annual production of 3,828cum. Considering the proved mineable reserve of 33,098cum (Including waste) as per the approved quarry plan, the committee estimated the life of the mine as 9 years.

1. Quarrying should be taken as per quarry plan approved.
2. Dust suppression measures and all other measures contained in EMP have to be strictly followed.
3. A detailed plan for afforestation in roadside/nearby schools/ other civic amenities etc. should be submitted under EMP
4. CER activities should be submitted in specific physical terms.
5. Safe drinking water has to be provided at the quarry site."

The Authority perused the proposal and took note of the recommendation of SEAC

The Authority after discussion decided to issue Environmental Clearance for extraction of the Shahabad Stone as per approved quarry plan, subject to submission of the following information:-

1. Details of leases/notified areas at the vicinity of the proposed project site that would result in to cluster situation and justification for claiming to consider under B2 category
2. Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.
3. A time bound action plan for implementation of proposed CER activities as a part of EMP

193.1.18. Proposed Building Stone Quarry Project at Sy.Nos.45/1 & 45/5 of B. Aralikatti Village, Hubballi Taluk, Dharwad District (5-09 Acres By Sri H.P. Madhukar (SEIAA 327 MIN 2020), [SIA/KA/MIN/170324/2020]

Sri H.P. Madhukar has applied for Environmental clearance from SEIAA for quarrying of Building Stone at Sy.Nos.45/1 & 45/5 of B. Aralikatti Village, Hubballi Taluk, Dharwad District in an area of 5-09 Acre of Patta land. This Project/Activity is covered under category B of item 1 (a) "Mining of Minerals" of the schedule to the EIA Notification, 2006.

Seemas

The subject was discussed in the 254th SEAC meeting held on 08.01.2021. The Committee has recommended to SEIAA for issue of EC and the extract of the proceedings of the Committee meeting is as below.

"The Committee noted that this is a new lease involving Building Stone mining in patta land. The proponent has stated that he has obtained NOCs from Revenue Dept. and land conversion order. The lease has been notified on 07.08.2020 for 20years. The proponent has also stated that as per the approved quarry plan there is a level difference of 06 meters within the mining area and proved quantity of 711874 tonnes of Building stone and 200000 tons of murrum can be mined to a quarry pit depth of 25 meters for a lease period. The proponent stated that conditional grant of quarrying lease/ license was issued on 9-6-2020 by Senior Geologist, Dharwad marking a copy to Forest and Revenue Departments giving one month time for raising objection. Further DMG notified the lease on 07-08-2020.

As far as approach road is concerned, the proponent has stated that, there is an existing cart track road to a length of 260mtr connecting lease area to all weather black topped road. Further, the project proponent has agreed to develop old Government school at Dharwad.

The committee observed that, as per the Cluster sketch prepared by the DMG there are 5 leases including this lease within the radius of 500mts from this lease area. The total extent of these leases is 11.22 acre, which being less than the threshold limit of 5 Ha, the committee decided to categorize this project under B2 category as per EIA Notification 2006 and proceeded with the appraisal accordingly.

The committee after discussion decided to recommend the proposal to SEIAA for issue of Environment Clearance with the following conditions for an annual production of 100000 tonnes of building stone and 200000 tons of murrum. The entire quantity of Murrum is to be extracted during the first year as per the approved quarry plan. Considering the proved mineable reserve of 711874 tonnes of Building stone and 200000 tons of murrum (to be extracted in the first year) as per the approved quarry plan, the committee estimated the life of the mine as 8 years.

1. Quarrying should be taken as per quarry plan approved.
2. Dust suppression measures and all other measures contained in EMP have to be strictly followed.
3. A detailed plan for afforestation in roadside/nearby schools/ other civic amenities etc. should be submitted under EMP
4. CER activities should be submitted in specific physical terms.
5. Safe drinking water has to be provided at the quarry site."

The Authority perused the proposal and took note of the recommendation of SEAC

The Authority after discussion decided to issue Environmental Clearance for extraction of the Building Stone and Murrum as per approved quarry plan, subject to submission of the following information:-

1. Details of leases/notified areas at the vicinity of the proposed project site that would result in to cluster situation and justification for claiming to consider under B2 category.
2. Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.
3. Justification for the provision to undertake quarrying to a depth of 25 meters with details of benches, provision for ramps and safety measures proposed.
4. A time bound action plan for implementation of proposed CER activities as a part of EMP

193.1.19. Proposed Multi Colour Granite Quarry Project at Sy.No.121/2 of Bettadatunga Village, Periyapatna Taluk, Mysore District (2-00 Acres) By Sri Abdul Razak (SEIAA 331 MIN 2020), [SIA/KA/MIN/170875/2020]

Sri Abdul Razak has applied for Environmental clearance from SEIAA for quarrying of Multi Colour Granite at Sy.No.121/2 of Bettadatunga Village, Periyapatna Taluk, Mysore District in an area of 2-00 Acre of Patta land. This Project/Activity is covered under category B of item 1 (a) "Mining of Minerals" of the schedule to the EIA Notification,2006.

The subject was discussed in the 254th SEAC meeting held on 08.01.2021. The Committee has recommended to SEIAA for issue of EC and the extract of the proceedings of the Committee meeting is as below.

"The Committee noted that this is a new lease involving Multi Colour Granite mining in patta land. The proponent has stated that he has obtained NOCs from Forest, Revenue Dept. and land conversion order. The lease has been notified on 10.03.2011. The proponent has also stated that as per the approved quarry plan there is a level difference of 4 meters within the mining area and proved quantity of 119804cum can be mined to a quarry pit depth of 25meters for a lease period.

As far as approach road is concerned, the proponent has stated that, there is an existing cart track road to a length of 280mtr connecting lease area to all weather black topped road. Further the project proponent agreed to break the existing boulders by rock breakers.

The committee observed that, as per the Cluster sketch prepared by the DMG there are no other leases within the radius of 500mts from this lease area. The area of this lease being less than the threshold limit of 5 Ha, the committee decided to categorize this project under B2 category as per EIA Notification 2006 and proceeded with the appraisal accordingly.

The committee after discussion decided to recommend the proposal to SEIAA for issue of Environment Clearance with the following conditions for an annual production of 13,237 cum. Considering the proved mineable reserve of 1,19,804 cum (Including waste) as per the approved quarry plan, the committee estimated the life of the mine as 9 years.

1. Quarrying should be taken as per quarry plan approved.
2. Dust suppression measures and all other measures contained in EMP have to be strictly followed.
3. A detailed plan for afforestation in roadside/nearby schools/ other civic amenities etc. should be submitted under EMP
4. CER activities should be submitted in specific physical terms.
5. Safe drinking water has to be provided at the quarry site."

The Authority perused the proposal and took note of the recommendation of SEAC

The Authority after discussion decided to issue Environmental Clearance for extraction of the Multi Colour Granite as per approved quarry plan, subject to submission of the following information:-

1. Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.
2. Justification for the provision to undertake quarrying to a depth of 25 meters with details of benches, provision for ramps and safety measures proposed.
3. A time bound action plan for implementation of proposed CER activities as a part of EMP

193.1.20. Proposed Building Stone Quarry Project at Sy.No.64/11(P) of Aluru Village, Davanagere Taluk & District (1-25 Acres) by Sri Nanju (SEIAA 333 MIN 2020), [SIA/KA/MIN/171293/2020]

Sri Nanju has applied for Environmental clearance from SEIAA for quarrying of Building Stone at Sy.No.64/11(P) of Aluru Village, Davanagere Taluk & District in an area of 1-25 Acre of Patta land.

The subject was discussed in the 254th SEAC meeting held on 08.01.2021. The Committee has recommended to SEIAA for issue of EC and the extract of the proceedings of the Committee meeting is as below.

"The Committee noted that this is a new lease involving Building Stone mining in Patta land. The proponent has stated that he has obtained NOCs from Forest, Revenue Dept. and land conversion order. The lease has been notified on 10.08.2020 for 20 years. The proponent has also stated that as per the approved quarry plan there is a level

difference of 12meters within the mining area and proved quantity of 315789.46 tonnes can be mined to a quarry pit depth of 12 meters for a lease period.

As far as approach road is concerned, the proponent has stated that, there is an existing cart track road to a length of 400mtr connecting lease area to all weather black topped road. As far as CER is concerned the proponent has stated, that he will earmark Rs.5.00 lakh to take up rejuvenation of aluru nala and watering of plantations in village by providing water tanker which is at a distance of 1.60KM from the project site. As for CSR is concerned the proponent has stated, that he will earmark Rs.3.00 lakh for supply Study materials, chairs, laptop and projector to the Aluru Government school.

The committee observed that, as per the extended Cluster sketch prepared by the DMG there are 7 other leases within the radius of 500mts from this lease area. The area of these lease area is 9.31 acre which is being less than the threshold limit of 5 Ha. Hence the committee decided to categorize this project under B2 category as per EIA Notification 2006 and proceeded with the appraisal accordingly.

The committee after discussion decided to recommend the proposal to SEIAA for issue of Environment Clearance with the following conditions for an annual production of 26315 tonnes. Considering the proved mineable reserve of 315789.46 tonnes (Including waste) as per the approved quarry plan, the committee estimated the life of the mine as 12 years.

1. Quarrying should be taken as per quarry plan approved.
2. Dust suppression measures and all other measures contained in EMP have to be strictly followed.
3. A detailed plan for afforestation in roadside/nearby schools/ other civic amenities etc. should be submitted under EMP
4. Details regarding activities to be taken up under CER should be provided
5. Safe drinking water has to be provided at the quarry site."

The Authority perused the proposal and took note of the recommendation of SEAC

The Authority after discussion decided to issue Environmental Clearance for extraction of the Building Stone as per approved quarry plan, subject to submission of the following information:-

1. Details of leases/notified areas at the vicinity of the proposed project site that would result in to cluster situation and justification for claiming to consider under B2 category.
2. Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life

animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.

3. Plan for safety for mining to a depth of 12 meters may be intimated.
4. A time bound action plan for implementation of proposed CER activities as a part of EMP

193.1.21. Building Stone Quarry Project at Sy.No.120 of Sogane Village, Shivamogga Taluk, Shivamogga District (4-00 Acres) by Sri Ibrahim Sharief (SEIAA 341 MIN 2020), [SIA/KA/MIN/184255/2020]

Sri Ibrahim Sharief has applied for Environmental clearance from SEIAA for quarrying of Building Stone at Sy.No.120 of Sogane Village, Shivamogga Taluk, Shivamogga District in an area of 4-00 Acre of (KIADB) Government land. This Project/Activity is covered under category B of item 1 (a) "Mining of Minerals" of the schedule to the EIA Notification,2006.

The subject was discussed in the 254th SEAC meeting held on 08.01.2021. The Committee has recommended to SEIAA for issue of EC and the extract of the proceedings of the Committee meeting is as below.

"The Committee noted that this is a new lease involving Building Stone mining in Government land. The proponent has stated that he has obtained NOCs from Forest and Revenue Dept. The lease has been approved by on 07.10.2020 by Commerce & Industries Department . The proponent has also stated that as per the approved quarry plan there is a level difference of 5 meters within the mining area and proved quantity of 9,53,672 tonnes can be mined to a quarry pit depth of 25 meters for a lease period.

As far as approach road is concerned, the proponent has stated that, there is an existing cart track road to a length of 350mtr connecting lease area to all weather black topped road. As far as CER is concerned the proponent has stated, that he will take up Solar lighting works and 500mtr asphalt road from Quarry area to crusher Area.

The committee observed that, as per the Cluster sketch prepared by the DMG there are no other leases within the radius of 500mts from this lease area. The area of this lease being less than the threshold limit of 5 Ha, the committee decided to categorize this project under B2 category as per EIA Notification 2006 and proceeded with the appraisal accordingly.

The committee after discussion decided to recommend the proposal to SEIAA for issue of Environment Clearance with the following conditions for an annual production of 147368 tonnes. Considering the proved mineable reserve of 9,53,672 tonnes (Including waste) as per the approved quarry plan, the committee estimated the life of the mine as 07 years.

1. Quarrying should be taken as per quarry plan approved.
2. Dust suppression measures and all other measures contained in EMP have to be strictly followed.

3. A detailed plan for afforestation in roadside/nearby schools/ other civic amenities etc. should be submitted under EMP
4. Details regarding activities to be taken up under CER should be provided
5. Safe drinking water has to be provided at the quarry site.
6. Construction 500mtr asphalt road from Quarry area to crusher Area."

The Authority perused the proposal and took note of the recommendation of SEAC

The Authority after discussion decided to issue Environmental Clearance for extraction of the Building Stones as per approved quarry plan.

193.2. Recommended by SEAC for issue of TOR Projects

Industrial Projects:

193.2.1. Proposed Lift Irrigation Scheme Project at Chikkur Tanda Village, Mudhol Taluk, Bagalkot District by KARNATAKA NEERAVARI NIGAM LTD (SEIAA 65 IND 2020), [SIA/KA/RIV/58906/2020].

It is a proposal seeking Environmental Clearance for proposed Lift Irrigation Scheme Project at Chikkur Tanda Village, Mudhol Taluk, Bagalkot District by Karnataka Neeravari Nigam Ltd.

This Project involves lifting of 1.80 TMC of water from Ghataprabha River near Chikkur Tanda Village, Mudhol Taluk of Bagalkot District to provide irrigation facility to 13,000Ha of command area benefitting 27 villages of Belagavi and Bagalkot Districts.

It is a new proposal. This Project/ Activity is covered under category B of item 1 (c) "Irrigation Projects" of the schedule to the EIA Notification, 2006.

The total water requirement of the project is 20.25 KLD for 150 labours during construction phase. Source of the water is Ghataprabha River. Sewage generated from the labour camps will be treated in septic tank and soak pits.

The subject was discussed in the 254th SEAC meeting held on 06.01.2021. The proposal was placed before the committee for appraisal as per the above furnished information by the proponent. The Proponent and Environment Consultant attended the meeting. The committee screened the proposal considering the information provided in the statutory application-Form I, prefeasibility report and clarification/additional information provided during the meeting. The Committee has recommended to SEIAA for issue of ToR and the extract of the proceedings of the Committee meeting is as below.

"The committee after discussion decided to recommend the proposal to SEIAA for issue of Standard ToRs with following additional ToR for conducting EIA studies as per EIA Notification, 2006 along with Public Hearing.

1. Impact of long term irrigation on soil characteristics (pH, Salinity, Alkalinity, Ground water table rise, Infiltration and Percolation etc.) in case of farmers

shift to high water demand crops like Sugarcane instead of proposed cropping pattern) and crop growth and yields.”

The Authority perused the proposal and took note of the recommendation made by SEAC. The Authority after discussion decided to issue standard ToR along with additional ToR as recommended by SEAC for conducting the Environment Impact Assessment study in accordance with EIA Notification, 2006.

193.2.2. Proposed Expansion of existing Sponge Iron Plant Project at Sy.No.17/P1 of Voderahalli Village, Rampur Post, Molakalmuru Taluk, Chitradurga District by M/s. Sri Hari Sponge LLP (SEIAA 66 IND 2020), [SIA/KA/IND/58998/2020]

It is a proposal seeking Environmental Clearance for proposed Expansion of existing Sponge Iron Plant Project at Sy.No.17/P1 of Voderahalli Village, Rampur Post, Molakalmuru Taluk, Chitradurga District by M/s. Sri Hari Sponge LLP.

The total plot area is 72336 Sq.m.. The proponent has stated that he will develop greenbelt in an area of 24100sqm i.e., 33 % of total plot area. The estimated cost of the proposed project is Rs. 12.31Crores. This project is for expansion of existing unit for production increase from 100TPD to 150TPD. This Project/Activity is covered under category B of item 3 (a) “Metallurgical Industries” of the schedule to the EIA Notification, 2006.

The subject was discussed in the 254th SEAC meeting held on 06.01.2021. The proposal was placed before the committee for appraisal as per the above furnished information by the proponent. The Proponent and Environment Consultant attended the meeting. The committee screened the proposal considering the information provided in the statutory application-Form I, prefeasibility report and clarification/additional information provided during the meeting. The Committee has recommended to SEIAA for issue of ToR and the extract of the proceedings of the Committee meeting is as below.

The committee after discussion decided to recommend the proposal to SEIAA for issue of Standard ToRs with following additional ToRs for conducting EIA studies as per EIA Notification, 2006 along with Public Hearing.

1. Effect of fugitive emissions on the nearby agriculture crops and surface water bodies.
2. Effect of haulage dust on agriculture crops.
3. Certified compliance report to earlier EC conditions.
4. Effect of fugitive stack emissions on crops (growth & yields) and surface water bodies at 500 m, 1000 m, 2000 m or upto a distance of movement & deposition of emitted particles along wind direction. Study to be carried out during cropping season.
5. Effect of deposition of dust caused by movement of vehicles due to the project on crops at 100, 200, 300 and 500 m distance of deposition observed.

The Authority perused the proposal and and took note of the recommendation made by SEAC. The Authority after discussion decided to issue standard ToR along with additional ToR as recommended by SEAC for conducting the Environment Impact Assessment study in accordance with EIA Notification, 2006.

Construction Projects:

193.2.3. Proposed Composite Housing Scheme Project at Sy.No.1/1, 1/2, 1/3, 1/4, 2, 3/1, 3/2, 3/3, 4/1, 4/2, 4/3, 4/4, 4/5, 4/6, 4/7, 5, 6, 7/1, 7/2, 8/1, 8/2, 8/3, 8/4, 8/5, 8/6, 10, 11/1, 11/2, 11/3, 11/4, 11/5, 11/6, 11/7, 11/8 of Ahobalapalya Village and 5/1, 6/1, 6/3, 7/1, 7/2, 8/1, 8/2, 8/4, 8/5, 9/1, 9/2, 9/3, 9/4, 9/5, 9/6, 9/7, 9/8, 9/9, 9/10, 9/11, 9/12, 9/13, 9/14, 9/15, 10, 11, 12, 13, 14, 15, 16/1, 16/2A1, 16/2A2, 16 of Machonayakanahalli Village, Nelamangala Taluk, Bangalore Rural District by Karnataka Housing Board (SEIAA 123 CON 2020), [SIA/KA/NCP/55366/2020]

It is a new proposal seeking Environmental Clearance for Proposed Composite Housing Scheme Project at Sy.No.1/1, 1/2, 1/3, 1/4, 2, 3/1, 3/2, 3/3, 4/1, 4/2, 4/3, 4/4, 4/5, 4/6, 4/7, 5, 6, 7/1, 7/2, 8/1, 8/2, 8/3, 8/4, 8/5, 8/6, 10, 11/1, 11/2, 11/3, 11/4, 11/5, 11/6, 11/7, 11/8 of Ahobalapalya Village and 5/1, 6/1, 6/3, 7/1, 7/2, 8/1, 8/2, 8/4, 8/5, 9/1, 9/2, 9/3, 9/4, 9/5, 9/6, 9/7, 9/8, 9/9, 9/10, 9/11, 9/12, 9/13, 9/14, 9/15, 10, 11, 12, 13, 14, 15, 16/1, 16/2A1, 16/2A2, 16 of Machonayakanahalli Village, Nelamangala Taluk, Bangalore Rural District by Karnataka Housing Board

M/s Karnataka Housing Board has proposed Composite Housing scheme Project on a plot area of 756601.52Sq.m (186.94 Acres). Out of 186.94 Acres area, 88.83Acres area is earmarked for development of Residential Plots, 5.57Acres area is for Commercial development, 9.88 Acres area is for Civic Amenities, 62.29 Acres area is earmarked for park and green area and 20.37 Acres area is earmarked for Roads. The proposed formation of composite Housing Scheme consists of 2532 No's of units (382 No's EWS + 751 No's LIG + 930No's MIG + 339 No's HIG -I+ 130 No's HIG-II Units).

Total water consumption is 1800KLD (Fresh water + Recycled water). The total wastewater generated is 1620 KLD. It is proposed to construct Sewage Treatment Plant with a capacity of 2 Nos X 500 KLD + 1 No X 630KLD.Total power requirement of 12.37 MW will be sourced from BESCO (KPTCL). The project cost is Rs.374.597 Crores.

The subject was discussed in the 254th SEAC meeting held on 06.01.2021. The proposal was placed before the committee for appraisal as per the above furnished information by the proponent. The Proponent and Environment Consultant attended the meeting. The committee screened the proposal considering the information provided in the statutory application-Form I, Form- IA, conceptual plan and clarification/additional information provided during the meeting. The Committee has recommended to SEIAA for issue of ToR and the extract of the proceedings of the Committee meeting is as below.

"The committee after discussion decided to recommend the proposal to SEIAA for issue of Standard ToRs with following additional ToRs for conducting EIA studies as per EIA Notification, 2006 .

1. Explore the possibility of rejuvenation of nearby lake and catchment area treatment under CER.
2. Details of the Kharab land and its position on the village survey map may be detailed and submitted.
3. Details of waterbodies, nalas etc., which attract buffer as per norms.
4. Surface hydrological study of surrounding area may be carried out and the carrying capacity of the natural nalas may be worked out in order to ascertain the adequacy in the carrying capacity of the nalas.
5. To submit the Details of trees to be felled and the scheme for development of greenery with the number and kind of tree species as per norms.
6. Ground water potential and level in the study area may be studied."

The Authority perused the proposal and took note of the recommendation made by SEAC. The Authority after discussion decided to issue standard ToR along with additional ToR as recommended by SEAC for conducting the Environment Impact Assessment study in accordance with EIA Notification, 2006 along with an additional condition to examine the permissibility of the proposed project under the provisions of the TGR Notification dated 18.11.2003 issued by the Government of Karnataka.

193.2.4. Proposed Expansion of Residential Apartment Project at Sy.Nos.23/1, 23/2, 23/2 (New No.23/3), 28/1, 28/2, 28/3, 28/3 (New No.28/6) 28/4 (New No.28/5), 29/3, 30/7, 30/7 (New No.30/36), 30/7 (New No.30/37), 30/8, 30/9, 30/10, 30/11, 30/12, 30/12 (New No.30/32), 30/13, 30/14, 30/14 (New No.30/33), 30/14 (New No.30/34) of Thirupalya Village, Sy.Nos.47 & 48 of Maragondanahalli Village & Sy.No.273 of Hulimangala Village, JiganiHobli, Anekal Taluk, Bengaluru Urban District by M/s. Gulam Mustafa Enterprises Pvt. Ltd. (SEIAA 130 CON 2020), [SIA/KA/NCP/56665/2020]

It is a proposal seeking Environmental Clearance for Proposed Expansion of Residential Apartment Project at Sy.Nos.23/1, 23/2, 23/2 (New No.23/3), 28/1, 28/2, 28/3, 28/3 (New No.28/6) 28/4 (New No.28/5), 29/3, 30/7, 30/7 (New No.30/36), 30/7 (New No.30/37), 30/8, 30/9, 30/10, 30/11, 30/12, 30/12 (New No.30/32), 30/13, 30/14, 30/14 (New No.30/33), 30/14 (New No.30/34) of Thirupalya Village, Sy.Nos.47 & 48 of Maragondanahalli Village & Sy.No.273 of Hulimangala Village, JiganiHobli, Anekal Taluk, Bengaluru Urban District by M/s. Gulam Mustafa Enterprises Pvt. Ltd

M/s. Gulam Mustafa Enterprises have proposed for construction of Expansion of residential apartment and club house Project on a plot area of 1,07,646.82 Sqm. The total built up area is 6,78,391.18 Sqm. The proposed project consists of 4,641 No's of Residential units in 3 towers with Tower 1 & 3: 2B+S+31UF, Tower 2: 3B+S+31UF building configuration and a Club House in G+3UF. Total parking space proposed is for 5,230 No's of Cars. Total water consumption is 3237 KLD (Fresh water + Recycled water). The total wastewater generated is 2913 KLD. It is proposed to construct Sewage Treatment Plant

with a capacity of 3000 KLD (870 KLD – 2 Nos & 1260 KLD – 1 No) . The project cost is Rs. 310 Crores. It is an expansion proposal.

The project proponent had obtained Environmental Clearance Vide letter No. SEIAA 09 CON 2017 dated 28.04.2017 for Construction of Residential Apartment Project at Sy.Nos.23/1, 23/2(P), 28/3(P), 30/10, 30/11, 30/12, 30/13, 30/14(P) of Thirupalya Village and Sy.No.48(P) of Maragondanahalli Village, Jigani Hobli, Anekal Taluk, Bengaluru District on a plot area of 63193.31 Sqm and the total Built up area of 298655.98 Sqm.

The subject was discussed in the 254th SEAC meeting held on 06.01.2021. The proposal was placed before the committee for appraisal as per the above furnished information by the proponent. The Proponent and Environment Consultant attended the meeting. The committee screened the proposal considering the information provided in the statutory application-Form I, Form- IA, conceptual plan and clarification/additional information provided during the meeting. The Committee has recommended to SEIAA for issue of ToR and the extract of the proceedings of the Committee meeting is as below.

“The committee after discussion decided to recommend the proposal to SEIAA for issue of Standard ToRs with following additional ToRs for conducting EIA studies as per EIA Notification, 2006.

1. To submit the specific measures to conserve the top soil.
2. Justify the expansion with respect to concept plan based on which earlier EC was issued.
3. Certified compliance to earlier CFE/CFO and EC may be submitted.
4. Details of the Kharab land and its position on the village survey map may be detailed and submitted highlighting features such as nalas, roads etc. (Village maps to be merged and proposed project site should be clearly delineated on the same)
5. Ground water potential and level in the study area may be studied.
6. Scheme for waste to energy and Bio gas plant to process the organic waste generated from the project
7. Management plan to utilize the entire earth generated within the site may be worked out and submitted.
8. Utilization of the terrace for solar power generation may be worked out and submitted.
9. Scheme for utilizing maximum treated sewage water to reduce the demand on the fresh water may be worked out and submitted.
10. Rain water harvesting/storage details may be worked out.
11. Surface hydrological study of surrounding area may be carried out and the carrying capacity of the natural nalas may be worked out in order to ascertain the adequacy in the carrying capacity of the nalas.
12. To submit the details of trees to be felled and the scheme for development of greenery with the number and kind of tree species as per norms.
13. The applicability of the NGT order/supreme court order on buffer zone for water bodies and nalas may be studied and submitted.
14. Sampling locations shall be as per standard norms.

15. Solid waste generated within the project site and specific measures for management of the same as per Solid Waste Management rules, 2016."

The Authority perused the proposal and took note of the recommendation made by SEAC. The Authority after discussion decided to issue standard ToR along with additional ToR as recommended by SEAC for conducting the Environment Impact Assessment study in accordance with EIA Notification, 2006.

193.2.5. Proposed Residential Apartment Project at Khata No.13/2, Thanisandra Ward No.6 of Thanimandra Main Road, Bangalore East Taluk, Bangalore Urban District by M/s. G-Corp Homes Pvt. Ltd. (SEIAA 136 CON 2020), [SIA/KA/NCP/58004/2020]

It is a proposal seeking Environmental Clearance for modification of environmental clearance for Construction of Residential Apartment project at Khata no.13/2, Thanisandra Ward no.6, Thanisandra main Road (comprising of old Sy.No.47/1(P), 47/2(P), 48/1(P), 48/2(P),48/4, 48/5, 48/6(P), 48/7, 48/8(P), 48/9, 49/2(P), 50/2(P), 51(P), 52/1, 52/2,52/7, 52/8, 53, 54/1, 54/2, 54/3, 54/4, 55/1, 55/2, 55/3, 55/4, 55/5(P), 55/6(P), 55/7(P), 55/8, 55/9(P), 56/1, 56/2(P), 56/3(P), 56/4(P), 58/2, 59/2, 60/1), Bangalore East Taluk, Bangalore by M/s. G-Corp Homes Pvt. Ltd.

M/s. G. Corp Homes Pvt. Ltd., have proposed for modification of Environmental clearance for Residential Apartment Project on a plot area of 80,025.91Sqm. The total built up area is 3,41,359.56Sqm. The proposed project consists of 1312 No's of Residential units in 6 Clusters with Cluster 1 & 2 (Towers A & B) Tower A-having 2 Basement Floors + Ground Floor + 17 Upper floors + Terrace Floor & Tower B having 2 Basements Floor + Ground Floor + 22 Upper floors + Terrace Floor, Cluster 3 (Towers C, D & E) each having 2 Basement Floors + 1 Ground Floor + 27 Upper floors + Terrace Floor, Cluster 2A (Town homes) having 2 Basement Floors + 1 Ground Floor + 4 Upper floors + Terrace Floor, Cluster 2B (Club house) having 2 Basement Floor + 1 Ground Floor + 2 Upper floors + Terrace Floor, Cluster 4 Tower F Having 2 Basement Floor + 1 Ground Floor + 27 Upper floors + Terrace Floor, Towers G & H each Having 2 Basement Floor + Ground Floor + 16 Upper floors + Terrace Floor, and Towers I, J, K, L, M) Each Towers having 2 Basement Floor + 1 Ground Floor + 27 Upper floors + Terrace Floor building configuration . Total parking space proposed is for 2284 No's of Cars.

Total water consumption is 926 KLD (Fresh water + Recycled water). The total wastewater generated is 880KLD. It is proposed to construct multiple Sewage Treatment Plants with a total capacity of 1030KLD. The project cost is Rs.665 Crores. It is a modification of environmental clearance.

The subject was discussed in the 254th SEAC meeting held on 06.01.2021. The proposal was placed before the committee for appraisal as per the above furnished information by the proponent. The Proponent and Environment Consultant attended the meeting. The committee screened the proposal considering the information provided in the statutory application-Form I, Form- IA, conceptual plan and clarification/additional information provided during the meeting. The Committee has recommended to SEIAA for issue of ToR and the extract of the proceedings of the Committee meeting is as below.

"The committee observed that the Environmental Clearance was issued for this project during 2011 for a total built up area of 3,61,786.90 Sqm. and the extension of validity of EC has been given during 2018 from SEIAA. Now the proposal is for reduction of BUA from 3,61,786.90 Sqm to 3,41,359.56 Sqm.

The project proponent requested that the proposed project may be exempted from EIA study since there is an overall reduction in total built up area and consequent decrease in pollution load. The committee after discussion decided to recommend the proposal to SEIAA for issue of Standard ToRs with following additional ToRs for conducting EIA studies as per EIA Notification, 2006 with one season baseline data.

- 1) Certified compliance to earlier CFE/CFO and EC may be submitted.
- 2) Details of the Kharab land and its position on the village survey map may be detailed and submitted.
- 3) Ground water potential and level in the study area may be studied.
- 4) Scheme for waste to energy/ Bio gas plant to process the entire organic waste generated from the entire project
- 5) Management plan to utilize the entire earth generated within the site may be worked out and submitted.
- 6) Utilization of the entire terrace for solar power generation may be worked out and submitted.
- 7) Scheme for utilizing maximum treated sewage water to reduce the demand on the fresh water may be worked out and submitted.
- 8) Rain water harvesting/storage details may be worked out.
- 9) Surface hydrological study of surrounding area may be carried out and the carrying capacity of the natural nalas may be worked out in order to ascertain the adequacy in the carrying capacity of the nalas.
- 10) To submit the Details of trees to be felled and the scheme for development of greenery with the number and kind of tree species as per norms.
- 11) The applicability of NGT order/supreme court order on buffer zone for water bodies and nalas may be studied and submitted.
- 12) Sampling locations shall be as per standard norms."

The Authority perused the proposal and took note of the recommendation made by SEAC. The Authority after discussion decided to issue standard ToR along with additional ToR as recommended by SEAC for conducting the Environment Impact Assessment study in accordance with EIA Notification, 2006.

193.2.6. Proposed Multi Storey Residential flats Project at Sy.No.28 of Muddayyanapalya Village, TavarekereHobli, Bangalore South Taluk, Bangalore Urban District by M/s. Rajiv Gandhi Housing Corporation Ltd. (SEIAA 145 CON 2020), [SIA/KA/MIS/59076/2020]

It is a proposal seeking Environmental Clearance for Proposed Multi Storey Residential flats Project at Sy.No.28 of Muddayyanapalya Village, Tavarekere Hobli,

Bangalore South Taluk, Bangalore Urban District by M/s. Rajiv Gandhi Housing Corporation Ltd.

The total built up area is 5,16,632.66 Sq.m. The proposed project consists of 9414 No's of Residential units with building configuration of S + 14 UF. Total parking space proposed is for 149 No's of Cars. Total water consumption is 5880 KLD (Fresh water + Recycled water). The total wastewater generated is 4999 KLD. The project proponent has proposed to construct Sewage Treatment Plants with a capacity of 2935 KLD, 1220 KLD and 850 KLD. The project cost is Rs. 65.00 Crores. It is a new proposal.

The subject was discussed in the 254th SEAC meeting held on 06.01.2021. The proposal was placed before the committee for appraisal as per the above furnished information by the proponent. The Proponent and Environment Consultant attended the meeting. The committee screened the proposal considering the information provided in the statutory application-Form I, Form- IA, conceptual plan and clarification/additional information provided during the meeting. The Committee has recommended to SEIAA for issue of ToR and the extract of the proceedings of the Committee meeting is as below.

"The committee after discussion decided to recommend the proposal to SEIAA for issue of Standard ToRs with following additional ToRs for conducting EIA studies as per EIA Notification, 2006.

1. Details of the Kharab land and its position on the village survey map may be detailed and submitted.
2. Ground water potential and level in the study area may be studied.
3. Scheme for waste to energy / Bio gas plant to process organic waste generated from the project
4. Management plan to utilize the entire earth generated within the site may be worked out and submitted.
5. Utilization of the terrace for solar power generation may be worked out and submitted.
6. Scheme for utilizing maximum treated sewage water to reduce the demand on the fresh water may be worked out and submitted.
7. Rain water harvesting/storage details may be worked out.
8. Surface hydrological study of surrounding area may be carried out and the carrying capacity of the natural nalas may be worked out in order to ascertain the adequacy in the carrying capacity of the nalas.
9. To submit the Details of trees to be felled and the scheme for development of greenery with the number and kind of tree species as per norms.
10. The applicability of the recent NGT order/supreme court order on buffer zone for water bodies and nalas may be studied and submitted.
11. Sampling locations shall be as per standard norms.
12. Explore the possibility of two separate lifts (one Service lift and one passenger lift).
13. Explore the possibility of car parking / two wheeler parking in open spaces.
14. To provide proper drainage system for letting out excess drain water to public drainage system."

The Authority perused the proposal and took note of the recommendation made by SEAC. The Authority after discussion decided to issue standard ToR along with additional ToR as recommended by SEAC for conducting the Environment Impact Assessment study in accordance with EIA Notification, 2006 along with an additional condition to examine the permissibility of the proposed project under the provisions of the TGR Notification dated 18.11.2003 issued by the Government of Karnataka.

Mining Projects:

193.2.7. Ordinary Sand Quarry Project at Sy.Nos.9/2, 9/3, 9/4, 9/5, 9/6, 9/7 & 9/8 of Gadagoli Village, Ron Taluk, Gadag District (10-00 Acres) By M/s. Sri Sai Supreme Solutions (SEIAA 321 MIN 2020), [SIA/KA/MIN/56045/2020]

M/ s. Sri Sai Supreme Solutions has applied for Environmental clearance from SEIAA for quarrying of Ordinary Sand Quarry in 10-00 Acres, Patta land at Sy.No. 9/2, 9/3, 9/4, 9/5,9/6, 9/7 & 9/8of Gadagoli Village, Ron Taluk, Gadag District. The project cost is Rs.1.05 Crores. It is a new proposal.

The subject was discussed in the 254th SEAC meeting held on 07. 01.2020. The Committee has recommended to SEIAA for issue of EC and the extract of the proceedings of the Committee meeting is as below.

“As per the combined sketch prepared by DMG there are seven leases including this lease within the 500 meter radius from this lease area. The total area of these seven leases is 53-15 Acres, which is more than the threshold limit of 5 Ha. Hence the committee decided to categories this project under B1 category.

The committee after discussion decided to recommend the proposal to SEIAA for issue of Standard ToRs and following additional ToRs to conduct the EIA studies in accordance with the EIA Notification 2006 and relevant guidelines along with public hearing.

- 1) Handling of overburden earth to be detailed .
- 2) Details of protection to quarry pit may be worked out.
- 3) Details of stockyard and approach road may be worked out .
- 4) Cumulative impact of mining on the nearby agriculture land.
- 5) Specific measures to adhere to sustainable sand mining guidelines 2016 and enforcement and monitoring guidelines for sand mining 2020 issued by MoEF& CC”

The Authority perused the proposal and took note of the recommendation made by SEAC. The Authority after discussion decided to issue standard ToR along with additional ToR as recommended by SEAC for conducting the Environment Impact Assessment study in accordance with EIA Notification, 2006.

193.2.8. Proposed "Natural Sand Quarry" in patta land at Sy. No. 45/4 & 45/5 Of Machenahalli Village & 28/2 & 28/3 Of Venkatapura Village, Molakalmuru Taluk, Chitradurga District by M/s. Yashasvi Enterprises (SEIAA 339 MIN 2020), [SIA/KA/MIN/57039/2020]

M/s. Yashasvi Enterprises has applied for Environmental Clearance from SEIAA for quarrying of Natural Sand Quarry in 13-00 Acres, Pattaland at Sy. No. 45/4 & 45/5 of Machenahalli Village & Sy.No. 28/2 & 28/3 of Venkatapura Village, Molakalmuru Taluk, Chitradurga District. The project cost is Rs.1.15 Crores. It is a new proposal.

The subject was discussed in the 254th SEAC meeting held on 07. 01.2020. The Committee has recommended to SEIAA for issue of ToR and the extract of the proceedings of the Committee meeting is as below.

"The area of this lease is 13-00 Acres, which is more than the threshold limit of 5 Ha. The committee decided to categorise this project under B1 category. The committee after discussion decided to recommend the proposal to SEIAA for issue of Standard ToRs and following additional ToRs to conduct the EIA studies in accordance with the EIA Notification 2006 and relevant guidelines along with public hearing.

- 1) Handling of overburden earth may be detailed and submitted.
- 2) Details of protection to quarry pit may be worked out and submitted.
- 3) Details of stockyard and approach road may be worked out and submitted.
- 4) Cumulative impact of mining on the nearby agriculture land.
- 5) Specific measures to adhere to sustainable sand mining guidelines 2016 and enforcement and monitoring guidelines for sand mining 2020 issued by MoEF& CC."

The Authority perused the proposal and took note of the recommendation made by SEAC. The Authority after discussion decided to issue standard ToR along with additional ToR as recommended by SEAC for conducting the Environment Impact Assessment study in accordance with EIA Notification, 2006.

193.2.9. Proposed Sand Mining Block - 5 in Tungabhadra River Bed Project at adjacent Sy.No.173(P) of Haranagiri Village, Ranebennur Taluk, Haveri District (13-00 Acres) By M/s. SPC IPL - RMN (JV) (SEIAA 312 MIN 2020), [SIA/KA/MIN/55781/2020]

M/s. SPC IPL - RMN (JV) have applied for Environmental clearance from SEIAA for quarrying of River Sand at Sani Mining Block - 5 in Tungabhadra River Bed Project at adjacent Sy.No.173(P) of Haranagiri Village, Ranebennur Taluk, Haveri District in an area of 13-00 Acre of Government land. This Project/ Activity is covered under category B of item 1 (a) "Mining of Minerals" of the schedule to the EIA Notification,2006.

The subject was discussed in the 254thSEAC meeting held on 08.01.2021. The Committee has recommended to SEIAA for issue of ToR and the extract of the proceedings of the Committee meeting is as below.

"The Committee noted that this is a New lease involving River Sand mining in Government land. The proponent has stated that he has obtained NOCs from Forest, Revenue Dept. and land conversion order. The lease of intent has been given on 20.07.2020. The proponent has also stated that as per the approved quarry plan there is a level difference of 1 meter within the mining area and proved quantity of 54,000 tonnes.

As far as approach road is concerned, the proponent has stated that, there is an existing cart track road to a length of 300mtr connecting lease area to all weather black topped road. The proponent also agreed to take up afforestation on the banks of the river bed.

As per the combined sketch prepared by DMG there are two leases including this lease within the 500 meter radius from this lease area. The total area of these seven leases is 25-00 Acres, which being more than the threshold limit of 5 Ha. The committee decided to categorise this project under B1 category.

The committee after discussion decided to recommend the proposal to SEIAA for issue of Standard ToRs and following additional ToRs to conduct the EIA studies in accordance with the EIA Notification 2006 and relevant guidelines along with public hearing.

- 1) Details of stockyard and approach road may be worked out and submitted.
- 2) Submission of Drone survey Data
- 3) Submission of Forest NoC.
- 4) Specific measures to adhere to sustainable sand mining guidelines 2016 and enforcement and monitoring guidelines for sand mining 2020 issued by MoEF&CC."

The Authority perused the proposal and took note of recommendation made by SEAC. The Authority after discussion decided to issue standard ToR along with additional ToR as recommended by SEAC for conducting the Environment Impact Assessment study in accordance with EIA Notification, 2006.

193.3 Letter to KSPCB

193.3.1. Building Stone Quarry Project at Sy.No.11(P) of Janalakunte Village, Chikkaballapura Taluk & District (9-00 Acres) (Q.L.No.02-RIII & 703) By M/s. Srinidhi Mines (SEIAA 329 MIN 2020), [SIA/KA/MIN/170545/2020]

M/s. Srinidhi Mines have applied for Environmental clearance from SEIAA for quarrying of Building Stone at Sy.No.11(P) of Janalakunte Village, Chikkaballapura Taluk & District in an area of 9-00 Acre of Govt land. This Project/Activity is covered under category B of item 1 (a) "Mining of Minerals" of the schedule to the EIA Notification, 2006.

The subject was discussed in the 254th SEAC meeting held on 08.01.2021, and the extract of the proceedings of the Committee meeting is as below.

"The Committee noted that this is an old lease involving Building Stone mining in Government land. This project proposes amalgamation of two adjacent leases (lease deed numbers 703 and lease deed number 2). DMG has approved quarry plan by amalgamating these two leases for 9 acres. DMG has notified amalgamation on 10.06.2020. The proponent has stated that he has obtained NOCs from Forest and Revenue Dept.

During appraisal the committee observed that, the two amalgamated leases have earlier ECs, the project proponent has not submitted certified compliance to earlier EC conditions from Regional Office, MoEF, Bangalore. In this regard the proponent stated that he has submitted the request letter to Regional Office, MoEF, Bangalore, but there was no response from the Regional Office, MoEF Bangalore. Therefore, the proponent has requested the committee to correspond a letter to KSPCB in this regard."

Accordingly, the committee decided to request SEIAA to correspond with KSPCB for issue of certified compliance to the earlier EC conditions.

The Authority perused the proposal and took note of the recommendation made by SEAC. The Authority after discussion decided to Authorize the Member Secretary of the Authority to address a letter to the M S, KSPCB along with a copy of the E C issued to get the project site inspected and to furnish certificate of compliance on the conditions of EC already issued in terms of the O.M. No. J-11013/6/2010-1A.11 (Part) dated 7th September 2017 issued by the MOEF&CC.

193.3.2. Building Stone Quarry Project at Sy.No.11(P) of Janalakunte Village, Chikkaballapura Taluk & District (8-20 Acres) (Q.L.Nos.701 & 703) By M/s. Srinidhi Mines (SEIAA 330 MIN 2020), [SIA/KA/MIN/170543/2020]

M/s. Srinidhi Mines has applied for Environmental clearance from SEIAA for quarrying of Building Stone at Sy.No.11(P) of Janalakunte Village, Chikkaballapura Taluk & District in an area of 8-20 Acre of Govt. land. This Project/Activity is covered under category B of item 1 (a) "Mining of Minerals" of the schedule to the EIA Notification, 2006.

The subject was discussed in the 254th SEAC meeting held on 08.01.2021, and the extract of the proceedings of the Committee meeting is as below.

"The Committee noted that this is an old lease involving Building Stone mining in Govt land. This project proposes amalgamation of two adjacent leases (lease deed numbers 701 and lease deed number 702). DMG has approved quarry plan by amalgamating these two leases for 8-20 acres. DMG has notified amalgamation on 10.06.2020. The proponent has stated that he has obtained NOCs from Forest and Revenue Dept.

During appraisal the committee observed that, the two amalgamated leases have earlier ECs, the project proponent has not submitted certified compliance to earlier EC conditions from Regional Office, MoEF, Bangalore. In this regard the proponent stated that he has submitted the request letter to Regional Office, MoEF, Bangalore, but there was

no response from the Regional Office, MoEF Bangalore. Therefore, the proponent has requested the committee to correspond a letter to KSPCB in this regard."

Accordingly, the committee decided to request SEIAA to correspond letter to KSPCB for issue of certified compliance to earlier EC conditions.

The Authority perused the proposal and took note of the recommendation made by SEAC. The Authority after discussion decided to Authorize the Member Secretary of the Authority to address a letter to the M S, KSPCB along with a copy of the E C issued to get the project site inspected and to furnish certificate of compliance on the conditions of EC already issued in terms of the O.M. No. J-11013/6/2010-1A.11 (Part) dated 7th September 2017 issued by the MOEF&CC.

193.1. Defered Project

Proposed establishment of New Aroma and Speciality Chemical Manufacturing Facility Project at Industrial Plot No.4B, Mangalore SEZ Limited, Bajpe Village, Mangalore Taluk, Dakshina Kannada District. By M/s Anthea Aromatic Pvt. SEIAA 02 IND 2017 (Invite the Proponent)

M/s. Anthea Aromatics Pvt Ltd, have applied for Environmental clearance from SEIAA for their proposed Aroma and Speciality Chemical Manufacturing facility at Industrial Plot No. 42B, Mangalore SEZ Limited, Bajape on a total Land area: 40,468.56 Sq. meters (10 Acres). Total water requirement is 1108 KLD and fresh water requirement will be 273 KLD and it will be sourced from MSEZL.

Production Quantity: Product -Speciality Chemicals - 6450 TPA
By products-Tops and High Boilers - 1800 TPA
Total -8250 TPA.

The list of products that will be manufactured by the unit along with their production quantities are given below:

Sl. No.	Products	Quantity (TPA)
1.	Anethole [CAS Number: 4180-23-8]	1600
2	Tonalid [CAS Number: 21145-77-7]	1200
3	P-Hydroxy Benzaldehyde [CAS Number:123-08-0]	1000
4	Peonile [CAS Number: 10461-98-0]	800
5	Mesityl Oxide [CAS Number: 141-79-7]	600
6	Undecavertrole [CAS Number: 81782-77-6]	300
7	Cyclamenaldehyde [CAS Number: 103-95-7]	300
8	Raspberry Ketone [CAS Number: 5471-51-2]	240
9	Boisamber [CAS Number: 58567-11-6]	150
10	Karanal [CAS Number: 117933-89-8]	60
11	Kephalis [CAS Number: 36306-87-3]	50
12	Herbanate [CAS Number: 116126-82-0]	50
13	Ethyl Safranate [CAS Number: 35044-59-8]	50
14	Sylvial [CAS Number: 6658-48-6]	50
15	Tops and High Boilers (By-Product) Top and Higher Boiling fractions of the above products which can be used in low cost	1800

	perfumery applications, as solvents or as fuel.	
	Total	8,250

The SEAC during the meeting held on 19.1.2017 have decided to recommend the proposal to SEIAA for issue of standard ToRs along with additional ToRs. The Authority during the meeting held on 15.2.2017 decided to issue ToR as recommended by SEAC for conducting the Environment Impact Assessment study in accordance with EIA Notification, 2006. Accordingly the ToR was issued vide letter dated 7-3-2017. The proponent have submitted the EIA report vide letter dated 30-10-2018.

The proposal is therefore placed before the committee on 3.12.2018 for EIA appraisal. The committee noted that as the standard ToRs issued by MoEF for SEZ mandates to be maintained 33% of the allotted area as a green area in the individual units. When this was brought to the notice of the proponent he agreed to modify the layout plan accordingly and come before the committee for appraisal. The committee after discussion and deliberation decided to defer the proposal.

The proponent has submitted the replies on 24-1-2019 and placed before the committee for appraisal on 9-4-2019 to provide required information. The committee perused the reply submitted by the proponent after discussion decided to reconsider after submission of the following information.

- 1) The proponent has to submit discharge characteristics of effluent being proposed to be let out to CETP.
- 2) Explore the possibility of achieving ZLD which is mandatory as per recent trends.
- 3) Enlist the microbes used in biological treatment.
- 4) Air emissions to be quantified with and without mitigations.
- 5) Efficiency of the solvent recovery has to be reworked to achieve minimum 95% recovery.
- 6) Explore the possibilities of developing all around green belt 10 to 15 meters wide wherever it is possible with local species.
- 7) List out flora within 10 KM radius specially RET species viz., mangroves found in two patches along with biodiversity action plan with budget backup in a time bound.
- 8) List out fauna found within 10 KM radius specially in Pilikula Nisagaradhama and adjacent Arabian sea and if there are schedule-I fauna submit wildlife action plan in consultation with wildlife authorities alongwith budget backup in time bound.
- 9) Scheme to utilize the entire terrace area for solar power harnessing may be worked out and submitted.
- 10) Possibility of providing the amount earmarked for CER to Pilikula Nisargadhama and nearby Mangroves conservation.

The committee during the meeting held on 13.9.2019 perused the replies submitted by the proponent vide letter dated: 25-7-2019 and accepted the same. The committee after discussion decided to recommend the proposal to SEIAA for issue of Environmental Clearance.

The Authority perused the proposal during the meeting held on 19th October 2019 and took note of the recommendation of SEAC.

The Authority after discussion decided to get the following information for further consideration:

- 1) Status of establishment of MSEZL common effluent treatment plant along with technical details to establish its capability to treat the effluent from the proposed industry in terms of quantitative and qualitative aspects.
- 2) NoC/MoU with MSEZL for treating effluent generated from the proposed industry.
- 3) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

The Authority also decided to invite the proponent to the meeting.

Accordingly the Project proponent was asked to furnish the information sought and was invited to attend the meeting of the Authority.

The reply submitted by the Proponent on 09.12.2020 was placed before the Authority.

The Project proponent and the Environmental consultant appeared before the Authority during the meeting held on 16.01.2021 and furnished the details. The Authority also perused the information furnished by the project proponent on 09.12.2020.

While furnishing the details the proponent submitted that the MSEZL have established the CETP and functional. The proponent also furnished the NOC issued by the MSEZL to accept the effluents generated by the proponent for treatment and scientific disposal. The Authority noted that the NOC is conditional.

The Project proponent while replying to the query on the infrastructure proposed to treat the effluents before handing over to the CETP explained that they propose to establish MEE and RO to treat the effluents. A part of the trade effluents are treated in-house and reused. Remaining effluents are treated to meet the quality requirement of CETP and then sent through pipeline already laid by MSEZL.

The Authority after discussion decided to get the following information for further deliberation;

1. Details of the effluents characteristics generated and the total quantity.
2. Quantity of the effluents treated and reused in the industry along with the infrastructure created for this purpose.
3. Quantity of the effluents pretreated and sent to CETP
4. Quality characteristics of the effluents before and after MEE
5. Revised waste water treatment protocol providing for separation of biological stream before MEE.

The project proponent have submitted the reply on 16.01.2021.

The Authority perused the proposal along with the recommendation of SEAC and the reply submitted by the project proponent. The Authority after discussion decided to clear the proposal for issue of EC.

193.5 Miscellaneous:

193.5.1. Proposed Expansion of Bulk Drugs and Intermediates Manufacturing Unit Project at Plot No.122 A, B, C, KIADB Humnabad Taluk, Bidar District by M/s. R CHEM (Somanahalli) Pvt. Ltd. (SEIAA 03 IND 2020)- Closure File.

M/s R-CHEM (Somanahalli) Pvt Ltd have applied for Environmental clearance from SEIAA for Expansion of Bulk Drugs and Intermediates Manufacturing Unit Project at Plot No.122 A, B, C, KIADB Humnabad Taluk, Bidar District.

The subject was discussed in the SEAC meeting held on 11th February 2020. The Committee appraised the proposal as B1 and had decided to recommend the proposal to SEIAA to issue the standard TORs to conduct EIA studies in accordance with the EIA Notification, 2006 and relevant guidelines. The committee also prescribe the following additional TORs.

1. Present the compliance to earlier conditions given by KSPCB- CFO /EC.
2. Establish with layout plan the adoption of GMP for manufacturing your products supported by P & ID.
3. Based on experimental data, present the material balance / mass balance for each product with quantities of distillate residue, solvent loss and fugitive emissions. Also evaluate and present the ratio of (i) waste to product and (ii) raw material to product for each of the products proposed to be manufactured.
4. Enlist the raw materials with quantity with particular mention of any pyrophoric & highly reactive materials and precautions taken for their storage. Also mention any restricted/banned chemicals, if used in your product manufacture proposal.
5. Provide the solvents storage plan with quantity as per standard norms highlighting any special precautions adopted for storage.
6. Evaluate and present the quantity and quality of solid and gaseous waste generated and their scheme of disposal.
7. Evaluate and present the existing and proposed water balance based on expansion.
8. For the worst case scenario, evaluate and present the quantity and characteristics of effluent discharged and their scheme of disposal through ETP
9. Describe the measures proposed for in-house recovery of solvents mentioning the efficiency of recovery.
10. Identify and evaluate the steps in the manufacturing of your products that may represent risks to personnel or equipment and conduct a detailed investigation and present the hazop study along with risk assessment, disaster management

- for worst case scenario, all control equipment and mitigation measures adopted, emergency preparedness and onsite emergency plan.
11. Present the scheme proposed for separation of high TDS effluent and its treatment & disposal through MEE used, justifying the stages and design parameters.
 12. Present the scheme proposed to isolate the lithium (if used) and other salts from MEE and explore the possibility of their disposal advantageously.
 13. Evaluate the hydrogenation process (if adopted) and give a detailed description of the safety measures and precautions taken.
 14. Highlight the green chemistry adopted with particular mention of your efforts to replace toxic solvents and reagents such as EDC, MDC, chloroform, butyl lithium, lithium aluminium hydride, sodium borohydride, thionyl chloride, THF etc wherever done and if bromination is done using bromine, better alternatives to bromine as brominating agent.
 15. Handling of Arsenic and Cyanide compounds may be detailed and submitted.
 16. For Boiler fuel Explore the possibility of going for CNG /Solar power/Briquettes instead of furnace oil.
 17. Explore the alternatives to toluene."

The Authority perused the proposal and took note of the recommendation of SEAC during the meeting held on 06.03.2020. The Authority after discussion had decided to issue standard ToR along with additional ToR as recommended by SEAC for conducting the Environment Impact Assessment study in accordance with EIA Notification, 2006.

The Authority noted that the project proponent have submitted another application for the same project which was considered in Authority file No. SEIAA 17 IND 2020, under B2 category activity in accordance with the Notification S. O. 1223 (E) dated 27th March 2020 and issued with EC. The Authority therefore decided to close this application in File No. SEIAA 03 IND 2020 and delist it from pendency.

193.5.2. Request for Amendment of Environmental Clearance granted to M/s Zeenath Transport Company for production of Iron Ore in an area of 36.42 Ha, at Ramgad Village, Sandur Taluk and Ballary District in Forest Land (SEIAA 17 MISC 2018)

Extract of the 174th SEIAA meeting Proceedings

The project proponent had obtained Environmental Clearance from MoEF, Govt of India vide letter No. 110015/263/2006-IA.II(M) dated 22.03.2007 for enhancement of production of iron ore from 0.15 million TPA to 0.30 million TPA. The total mining lease area of the project was 36.42 Ha, which was a forest land.

The proponent vide letter dated 12.11.2018 have requested for extension for the validity of EC issued vide letter 22.03.2007. As per the EC letter the life of mine was 11 years for which 30 Lakh tons has to be produced. As submitted by the proponent the mine was closed from 2011 after blanket ban on mining by the Hon'ble Supreme Court order dated 29.09.2011 in W.P (C) No. 562/2009 and have produced 9,26,392 MTS of iron ore.

The proponent further submitted that the CEC has now reduced the production quantity to 0.036 MMT per annum. The scheme of mining approved by IBM dated 6.3.2015 is valid upto 31.03.2020 with the iron ore reserve of 11,88,062 tonnes and as per MMDR Amendment Act, 2015 the lease is valid upto 17.4.2029. The proponent also submitted the Annual returns for the year 2007-08, 2008-09, 2009-10 and 2010-11 along with Approved Scheme of Mining and Mining Lease.

The Authority during the meeting held on 7th December 2018 perused the request made by the proponent. The Authority after discussion decided to extend the validity of the Environmental Clearance after receipt of the file from MoEF&CC and verification of the same.

Accordingly, the Ministry of Environment, Forest and Climate Change was requested vide letter No. SEIAA 17 Misc 2018 dated 19.12.2018 to forward the concerned file in the Ministry as the earlier EC was issued by MoEF&CC. The Ministry have forwarded the file vide letter F.No. J-11015/263/2006-IA.II (M), dated 5th July 2019. The Ministry have informed to check the following while extending the validity of the EC:

- i. The violations as per the Ministry's Notification No. 804 (E) dated 04.07.2017 (Here the date is mentioned as 04.07.2017 instead of 08.03.2017).
- ii. The Hon'ble Supreme Court Judgement dated 2.8.2017 in the matter of Common Cause Vs Union of India.
- iii. The compliance of the earlier EC conditions and any other violations if applicable.

The Authority noted that, from the available records it is seen that no mining activity has taken place after the ban was imposed by the Hon'ble supreme court during 2011 and hence no violations noticed in terms of Ministry's Notification No. 804 (E) and The Hon'ble Supreme Court Judgement dated 2.8.2017 in the matter of Common Cause Vs Union of India. The the mineral resource is still available, the project Authorities have valid lease & forest clearance and the life of the mine as specified in the EC issued by the MoEF&CC did not get over. Hence the Authority opined that it is just and necessary to extend the validity of the EC .

The Authority have decided to extend the validity of the EC issued by the MoEF&CC subject to conditions of the earlier EC, conditions and limitations imposed by CEC, R&R plan and orders of the Hon'ble Supreme Court. The Authority also decided to limit the validity until the mineral resource lost at the annual rate of production fixed by CEC or the expiry of the mining lease whichever is earlier.

Accordingly order of Extension of validity of Environmental Clearance was issued vide letter No. SEIAA 17 MISC 2018 dated 25.09.2019 for the production quantity of 0.036 MMT per Annum.

The Authority noted that the project proponent has requested vide letter dated 10.08.2020 for amendment of EC, enhancing the production from 0.036 MMT to 0.082 MMT of above mining lease as per the Central Empowered committee (CEC) recommendation.

The Authority further noted that the Member Secretary CEC, New Delhi vide order in file No. F No.2-75/CEC/SC/2020-Pt.XI dated 14.07.2020 stated that " the CEC after examining in detail the recommendations of the technical committee and report of the ICFRE and keeping in view the Hon'ble Supreme court order dated 13.04.2012 and judgement dated 18.04.2013, decision of the CEC in the meeting held on 01.12.2015 and the direction in judgement dated 14.12.2017 of the Hon'ble Supreme court, hereby approves the revised Permissible Annual Production in respect o f M/s Zeenath Transport Company, ML. No. 2309 . details are given below

Current Permissible Annual Production (MMT)	Revised Permissible Annual Production (MMT)	Remarks
0.036	0.082	Based on Reserve capacity

The Authority perused the request made by the project authorities. The Authority after discussion decided to consider this proposal during the next meeting along with the information on the statutory provisions providing for approval of the request made by the project authorities and the relevant court orders.

193.5.3. Extension of validity of EC for Brigade Residential Development at Sy. Nos. 17/1, 17/2, 17/3, 20/5, 20/6, 20/7, 22/4 & zas 23/4, Thurahalli Village, Uttarahalli Hobli, Bangalore South Taluk, Bangalore District by M/s Brigade Enterprises Ltd., (SEIAA 128 CON 2013)

Environmental Clearance has been issued vide letter No. SEIAA 128 CON 2013 dated 03.10.2013 for Residential Development at Sy. Nos. 17/1, 17/2, 17/3, 20/5, 20/6, 20/7, 22/4 & zas 23/4, Thurahalli Village, Uttarahalli Hobli, Bangalore South Taluk, Bangalore District by M/s Brigade Enterprises on a plot area of 33,639.56 Sqm . The total built up area of the project was 30,800.69 Sqm.

The project proponent vide letter dated 17.08.2020 had submitted the request for extension of validity of EC as out of 7 Towers, 4 towers are completed and 3 Towers and Club House is in progress.

The Authority perused the request made by the project proponent during the meeting held on 31.08.2020 and decided to extend the validity of EC for a period of three years. But due to typographical error in the letter submitted by the project proponent the details of File No SEIAA 131 CON 2012 has been entered in the proceedings dated 31.08.2020 instead of details of File No. SEIAA 128 CON 2013.

It is noted that the original EC is dated 03.10.2013. In accordance with MoEF&CC O M No. S. O. 1141 (E) dated 29.04.2015, SEIAA is empowered to extend the validity provided the application is made in time of validity of existing of EC.

Hence the subject was placed before the Authority for decision regarding incorporating necessary corrections in the proceedings of the 191st SEIAA meeting for issue of order of Extension of Validity.

The Authority perused the details and accorded approval to amend the proceedings of the 191st SEIAA meeting appropriately and for issue of order of Extension of Validity.

193.5.4. Request for Transfer of EC granted to Sri. D Rajgopal Reddy for quarrying of Building Stone at Sy No.414 of Kudligi Village, Kudligi Taluk, Ballary District in favour of M/s Raghuvamshi Stone Crusher (SEIAA 504 MIN 2014)

Environmental Clearance has been granted vide Letter No. SEIAA 504 MIN 2014 dated 10.03.2015 for quarrying of Building Stone at Sy No.414 of Kudligi Village, Kudligi Taluk, Ballary District in favour of Sri. D Rajgopal Reddy.

M/s Raghuvamshi Stone Crusher vide letter submitted on 31.08.2020 has requested to transfer the said Environment Clearance to their favour as lease has been transfer to M/s Raghuvamshi Stone Crusher vide Govt. of Karnataka letter. No. IMP/23/2016-17 dated 14.02.2017 through Dept of Mines and Geology.

The Authority perused the request made by the project authorities The Authority after discussion decided to get the following information for further consideration.

1. Quarrying Audit Report in the prescribed format issued by the DMG from date of EC till date to establish the total quantity extracted so far as per the approved quarry plan/EC.
2. Details of the quantity of proved minable resources, quantity extracted so far and the quantity remaining.
3. Compliance on the EC conditions.
4. Copies of Statutory Clearances obtained as per the conditions of EC/Quarry Lease.

193.5.5. Request for Transfer of EC granted to M/s Volvo Buses India Pvt. Ltd. for Expansion of existing industry to increase production capacity and in house chassis assembly activity, Sy.Nos. 18, 57, 60, 61, 123, 124, 133 & 134, Yalachahalli, Tavarekere Post, Hosakote, Bangalore-562 212 in favour of VE Commercial Vehicles Limited. (SEIAA 236 CON 2012)

Environmental clearance has been issues vide Letter No. SEIAA 236 CON 2012 for dated 03.06.2013 Expansion of existing industry to increase production capacity and in house chassis assembly activity, Sy.Nos. 18, 57, 60, 61, 123, 124, 133 & 134, Yalachahalli, Tavarekere Post, Hosakote, Bangalore-562 212 by M/s Volvo Buses India Pvt. Ltd.

The Authority noted that the project proponent have requested vide letter dated 05.09.2020 to transfer of Environmental clearance granted to them in favour of VE commercial Vehicles Limited as the company has entered into a business transfer agreement on August 12, 2020 (BTA) with VE Commercial Vehicles Limited (Acquirer).

The Authority perused the request and observed that the project proponent has submitted copy of the earlier EC and Copy of the Board resolution. However the present level of the work and compliance report to the earlier EC conditions are not forthcoming.

The Authority after discussion decided to get the following information for further

consideration.

1. Status of the implementation of the project as on date.
2. Whether compliance on the EC conditions submitted on half yearly basis if so details thereof.
3. Copy of the latest compliance report submitted.

193.5.6. Request for change of the Project Name from Adarsh Palm Retreat to "RMZ ECOWORLD" in the subject matter in EC of Modification of the existing & expansion of "Adarsh Palm Retreat"- Tech Park, at Sy No.19/1, 19/2, 19/3, 19/4, 20/1, 20/2, 20/3, 21, 22(P), 25(P), 39, 41/3A2, 41/3B2, 41/4/ & 56 of Devarabeesanahalli, and At Sy.No.96(P),97(P), 98/1,98/2,99,100,101,102/1 &2,102/3 103, 104/1, 104/2, 105(P), 106(P) of Bhoganahalli village & at Sy.No. 72/1, 72/2(P), 72/5 of Doddakanahalli village, Varthur Hobli, Bengaluru East Taluk, Bengaluru by M/s RMZ Eco World Infrastructure private Limited, (SEIAA 119 CON 2012)

Environmental clearance and corrigendum has been issued vide letter No. SEIAA 119 CON 2012 for Modification of the existing & expansion of "Adarsh Palm Retreat"- Tech Park, at Sy No.19/1, 19/2, 19/3, 19/4, 20/1, 20/2, 20/3, 21, 22(P), 25(P), 39, 41/3A2, 41/3B2, 41/4/ & 56 of Devarabeesanahalli, and At Sy.No.96(P),97(P), 98/1,98/2,99,100,101,102/1 &2,102/3 103, 104/1, 104/2, 105(P), 106(P) of Bhoganahalli village & at Sy.No. 72/1, 72/2(P), 72/5 of Doddakanahalli village, Varthur Hobli, Bengaluru East Taluk, Bengaluru by M/s RMZ Eco World Infrastructure private Limited,

The project proponent have requested vide letter dated 15.09.2020 for change of project name from " Adarsh Palm Retreat" in the subject matter in said EC and corrigendum as "RMZ Ecoworld". In this regard the project proponent has submitted fresh certificate of incorporation consequent upon change of name dated 26.07.2012 along with the application.

The Authority perused the request made by the project proponent and observed that the certificate of incorporation regarding change of the company is dated earlier to the date of EC. Reasons for not intimating the same to the Authority at the time of consideration of EC is not forthcoming. The Authority therefore decided to get the following information for further consideration;

1. Reasons for not intimating the change in the name of the company to the Authority at the time of consideration of EC as it is dated prior to the date of EC.
2. Whether compliance on the EC conditions submitted on half yearly basis; if so details thereof.
3. Copy of the latest compliance report submitted.
4. Copy of the Building plan approved by the Competent Authority with reasons for the changes from the conceptual plan submitted during appraisal if any.

193.5.7. Request for Transfer of EC granted to Sri. R Ramakrishna for quarrying of Building Stone at Sy No. 122 of Malapura Village, Sandur Taluk, Ballary District in favour of M/s Garudadri Developers (SEIAA 756 MIN 2014)

Environmental clearance has been issued vide letter No. SEIAA 756 MIN 2014 dated 15.04.2015 for quarrying of Building Stont at Sy No. 122 of Malapura Village, Sandur Taluk, Ballary District in favour of Sri. R. Ramakrishna.

M/s Garudadri Developers have requested vide letter dated 12.09.2020 to transfer of EC granted to Sri. R. Ramakrishna in their favour as the quarry lease has been transfer to them through Dept of Mines and Geology (Form-T) vide No. BKI/1843/2019-20 dated 01.11.2019.

The Authority perused the request made by the project authorities The Authority after discussion decided to issue order of transfer of EC subject to submission of the following information.

1. Quarrying Audit Report in the prescribed format issued by the DMG from date of EC till date to establish the total quantity extracted so far as per the approved quarry plan/EC.
2. Details of the quantity of proved minable resources vis a vis quantity extracted so far.
3. Compliance on the EC conditions.
4. Copies of Statutory Clearances obtained as per the conditions of EC/Quarry Lease.

193.5.8. Request for Transfer of EC granted to Sri. K Anka Rao for quarrying of Building Stone at Sy No. 122 of Malapura Village, Sandur Taluk, Ballary District in favour of M/s Garudadri Developers (SEIAA 757 MIN 2014)

Environmental clearance has been issued vide letter No. SEIAA 757 MIN 2014 dated 15.04.2015 for quarrying of Building Stont at Sy No. 122 of Malapura Village, Sandur Taluk, Ballary District in favour of Sri. K. Anka Rao

M/s Garudadri Developers have requested vide letter dated 12.09.2020 to transfer of EC granted to Sri. K. Anka Rao to their favour as the quarry lease has been transfer to them through Dept of Mines and Geology (Form-T) vide letter No. BKI/1842/2019-20 dated 01.11.2019.

The Authority perused the request made by the project authorities The Authority after discussion decided to issue order of transfer of EC subject to submission of the following information.

1. Quarrying Audit Report in the prescribed format issued by the DMG from date of EC till date to establish the total quantity extracted so far as per the approved quarry plan/EC.
2. Details of the quantity of proved minable resources vis a vis quantity extracted so far.
3. Compliance on the EC conditions.
4. Copies of Statutory Clearances obtained as per the conditions of EC/Quarry Lease.

193.5.9. Request for transfer of EC granted Sri. Ravichandran from DEIAA Tumkur District, for quarrying of Ornamental Grey Granite in Patta land at Sy No. 13 & 14 of Muddakkanahalli Village, Sira Taluk, Tumkur District in favour of Sri. Avinash H (DEIAA/TUM/BST/13/2016-17)

Environmental Clearance has been issued by DEIAA, Tumkuru District to Mr. S. Ravichandran vide letter No. DEIAA/TUM/BST/13/2016-17 dated 20-12-2016 for quarrying of Ornamental Grey Granite in Patta land at Sy No. 13 & 14 of Muddakkanahalli Village, Sira Taluk, Tumkur District

Sri. Avinash H have requested vide letter dated 23.11.2020 for transfer of EC granted to Mr. S. Ravichandran in favour of him as lease has been transferred to him on 03.11.2020 from Dept of Mines and Geology.

The Authority perused the request made by the project authorities The Authority after discussion decided to get the following information for further consideration.

1. Quarrying Audit Report in the prescribed format issued by the DMG from date of EC till date to establish the total quantity extracted so far as per the approved quarry plan/EC.
2. Details of the quantity of proved minable resources, quantity extracted so far and the quantity remaining.
3. Compliance on the EC conditions.
4. Copies of Statutory Clearances obtained as per the conditions of EC/Quarry Lease.

The Authority also decided to address a letter to the DC, Tumkur to send the concerned file of DEIAA for further needful.

193.5.10. Request for corrigendum for Proposed Residential Apartment Project at Sy.Nos.132/1, 132/2, 133/1, 133/2, 133/3, 135/1 & 136/1 of Hosahalli Village, Jala Hobli, Bengaluru North Taluk, Bengaluru District by M/s Puravankara Limited. (SEIAA 137 CON 2017)

Environmental clearance has been issued vide letter No. SEIAA 137 CON 2017 dated 22.03.2018 for Proposed Residential Apartment Project at Sy.Nos.132/1, 132/2, 133/1, 133/2, 133/3, 135/1 & 136/1 of Hosahalli Village, Jala Hobli, Bengaluru North Taluk, Bengaluru District by M/s Puravankara Limited on a plot area of 40974.98 Sqm and total builtup area of 1,36,425.088 Sqm. The project consists of 2B + G + 13 UF with total 762 Residential units.

The project proponent have requested for corrigendum to EC as they are modifying the project. The modifying involves increase in 110 units (762+110=872 units) with reduction in BUA of 1,323.028 Sqm and hence the Total BUA will be 1,35,102.06 Sqm without changing the building configuration.

The Authority perused the request made by the proponent and after discussion decided to issue corrigendum as requested.

193.5.11. Request for Transfer of EC granted to Sri. Kadiri Venkateshwara Rao from DEIAA, Bengaluru Urban District for quarrying of Building Stone/M-Sand at Sy No.59, Sulivara Village, Bangalore South Taluk and Bangalore Urban District in favour of M/s Sri. Raghavendra Neo Sand. (DEIAA/BNGU/185/2018-19)

Environmental Clearance has been issued by DEIAA, Bengaluru District to Sri. kadiri Venkateshwara Rao vide letter No. DEIAA/BNGU/185/2018-19 dated 07.12.2018 for quarrying of Building Stone/ M-Sand at Sy No.59, Sulivara Village, Bangalore South Taluk and Bangalore Urban District.

The proponent have requested vide letter dated 1.12.2020 for transfer of EC in favour of M/s Sri. Raghavendra Neo Sand. as the mining lease has been transferred to another firm i. e. M/s Sri. Raghavendra Neo Sand through Dept of Mines and Geology dated 06.11.2020 .

The Authority perused the request made by the project authorities The Authority after discussion decided to get the following information for further consideration.

1. Quarrying Audit Report in the prescribed format issued by the DMG from date of EC till date to establish the total quantity extracted so far as per the approved quarry plan/EC.
2. Details of the quantity of proved minable resources, quantity extracted so far and the quantity remaining.
3. Compliance on the EC conditions.
4. Copies of Statutory Clearances obtained as per the conditions of EC/Quarry Lease.

The Authority also decided to address a letter to the DC, Bengaluru urban district. to send the concerned file of DEIAA for further needful.

193.5.12. Request for transfer and extension of validity of EC granted to M/s India Heritage Trust & Iskcon Charities, vide letter No. SEIAA 148 CON 2011 dated 22.06.2013 for Expansion and modification of Residential cum Mall at Sy.No. 39/1, 39/2, 47/1, 47/2 and 55 of Vasanthapura Village and 55/1, 55/2, 56, 57, 58, 59 and 60(P) of Doddakallasandra Village, Uttarahalli Hobli, Bangalore south Taluk, Bangalore in favour of M/s Castle Vista Pvt. Ltd. (SEIAA 148 CON 2011)

Environmental clearance has been issued vide letter No. SEIAA 148 CON 2011 dated 22.06.2013 for Expansion and modification of Residential cum Mall at Sy.No. 39/1, 39/2, 47/1, 47/2 and 55 of Vasanthapura Village and 55/1, 55/2, 56, 57, 58, 59 and 60(P) of Doddakallasandra Village, Uttarahalli Hobli, Bangalore south Taluk, Bangalore in favour of M/s India Heritage Trust & Iskcon Charities. The total plot area of the project was 1,72,447.25 Sqm and BUA was 8,54,669.917 Sqm.

M/s Castle Vista Pvt Ltd. have requested for transfer of above said EC to their favour as M/s India Heritage Trust & Iskcon Charities had given General Power of

Attorney to Land Masters Realtors Pvt Ltd. and later this Land Master Realtors Pvt. Ltd. is changed to M/s Castles Vista Pvt. Ltd.,. The project proponent in his letter requested that " Environmental Clearance validity for the above project is expired on 21/06/2020 but the Govt of India gives 9 months extension for construction project. Based on that validity of EC is till 21.03.2021."

Due to Covid -19 they are unable to complete the project in time. Hence the proponent have requested for extension of the validity of EC and transfer of EC.

The Authority perused the request made by M/s Castles Vista Pvt. Ltd for transfer of EC and extension of validity. The Authority sought to know whether the EC can be transferred to GPA holder as the GPA holder holds power of attorney to perform functions on behalf of the executants and do not qualify to be called as a separate legal entity.

The Authority after discussion decided to defer the subject for further consideration after obtaining the above details.

193.5.13. Request for change in establishment name from M/s Sami Labs Limited to M/s Sami Nutraceuticals Private Limited in the EC granted for Proposed Bulk Drugs and Intermediates Project at Plot Nos.110(P1), 111(P1), 112(P1) of Pharma SEZ Zone, KIADB Industrial Area, Kaushik Grama Panchayat Village, Hassan Taluk & District by M/s. Sami Labs Limited, (SEIAA 29 IND 2019)

Environmental clearance has been issued vide letter dated SEIAA 29 IND 2019 dated 15.07.2020 for Proposed Bulk Drugs and Intermediates Project at Plot Nos.110(P1), 111(P1), 112(P1) of Pharma SEZ Zone, KIADB Industrial Area, Kaushik Grama Panchayat Village, Hassan Taluk & District by M/s. Sami Labs Limited,

The project proponent have requested vide letter dated 10.11.2020 for change of establishment name from M/s Sami Labs Limited to M/s Sami Nutraceuticals Private Limited ., as Board of M/s Sami Labs Limited has resolved to change the name of the company as M/s Sami Nutraceuticals Private Limited.

The Authority perused the request made by the project proponent to change the company name as M/s Sami Nutraceuticals Private Limited. The Authority decided to issue order changing the name of the proponent in the EC as M/s Sami Nutraceuticals Private Limited from M/s Sami Labs Limited

193.5.14. Request for transfer of EC granted to M/s Darshitha Projects Private Limited for construction of New data centre and MLCP building construction at plot no. 142, 143,144 & 145-P of EPIP Industrial Area situated in Sy No. 216 & 217, Hoodi Villager, K R Puram Hobli, Benagluru East Taluk, Bengaluru District in favour of M/s STT Global data Centers India Pvt Ltd, (SEIAA 136 CON 2017).

Environmental Clearance has been issued vide letter No. SEIAA 136 CON 2017 dated 14.03.2018 for construction of New data centre and MLCP building construction at plot no. 142, 143,144 & 145-P of EPIP Industrial Area situated in Sy No. 216 & 217, Hoodi Villager, K R Puram Hobli, Bengaluru East Taluk, Bengaluru District by M/s Darshitha Projects Private Limited on a plot area of 14,169.32 Sqm. The total built up

area of the project was 31,987.63 Sqm. Subsequently the corrigendum has been issued vide letter dated 19.3.2020 on the EC issued increasing the built-up area from earlier 31,987.63 Sqm to 32,994.01 Sqm by inclusion of GIS building.

M/s STT Global Data Centers India Pvt Ltd, have requested vide letter dated 26.11.2020 for transfer of above said EC to their favour as M/s STT Global Data Centers India Pvt Ltd, purchased above said premises i.e plot no. 142, 143,144 & 145-P of EPIP Industrial Area situated in Sy No. 216 & 217, Hoodi Villager, K R Puram Hobli, Bengaluru East Taluk, Bengaluru District from M/s Darshitha Projects Private Limited.

The Authority perused the request made by M/s STT Global Data Centers India Pvt Ltd to transfer the EC bearing number SEIAA 136 CON 2017 dated 14.03.2018 issued to M/s Darshitha Projects Private Limited. The Authority after discussion decided to transfer the EC in accordance with the provisions of EIA Notification,2006.

193.5.15. Request for transfer of EC granted to Sri. K V Umashankar for Quarrying of Building Stone at Sy No. 252 of Uragehalli Village, Ramanagara Taluk and District in favour of M/s Ashwini Umesh Stone Crusher (SEIAA 225 MIN 2014)

Environmental clearance has been issued vide letter No. SEIAA 225 MIN 2014 dated 05.01.2015 for Quarrying of Building Stone at Sy No. 252 of Uragehalli Village, Ramanagara Taluk and District to Sri. K. V. Umashankar.

M/s Ashwini Umesh Stone Crusher have requested vide letter dated 02.12.2020 for transfer of EC granted to Sri. K V Umashankar to their favour as lease has been transferred to them through Dept of Mines and Geology on 27.05.2020.

The Authority perused the request made by the project authorities The Authority after discussion decided to issue order of transfer of EC subject to submission of the following information.

1. Quarrying Audit Report in the prescribed format issued by the DMG from date of EC till date to establish the total quantity extracted so far as per the approved quarry plan/EC.
2. Details of the quantity of proved minable resources vis a vis quantity extracted so far.
3. Compliance on the EC conditions.
4. Copies of Statutory Clearances obtained as per the conditions of EC/Quarry Lease.

193.5.16. Request for extension of validity of EC granted to M/s Dilip Buildcon Limited for proposed Building Stone Quarry Project at S.No.266 of Bilagumba Village, Ramanagara Taluk, Ramanagara District (5-00 Acres) (SEIAA 283 MIN 2019)

Environmental Clearance has been granted vide letter No. SEIAA 283 MIN 2019, dated 30.5.2019 for quarrying of building stone at Sy.No.266, Bilagumba Village, Ramanagara Taluk, Ramanagara District for production capacity of 6,00,000 Tonnes for 1st year and 1,00,000 Tonnes for 2nd Year.

The project authorities vide letter submitted on 09.12.2020 have stated that this quarry is taken for the purpose of road formation which is a time bound project. Therefore it was planned to extract 600000 tons during the first year and 100000 tons during the 2nd year. whereas due to unavoidable circumstances and local problems only 82140 tons have been extracted as against the targeted quantity of 600000 tons during the first year. The validity of the EC issued is going to expire on 31.03.2021. The project Authorities have therefore requested for extension of the validity of the EC for the next two years for extraction of remaining approved quantity of 517858 tons of building stone for construction of road.

The Authority perused the details and the request made by the project authorities and decided to issue order of extension of validity for a period of two years with the same terms and conditions of the earlier EC and limiting the quantity to the remaining 517858 tons as per the approved quarry plan. The extension of validity is subject to get the quarry plan duly modified and approved by the competent authorities before undertaking quarrying in the extended period.

193.5.17. Request for Amendment in EC granted to M/s Raichem Medicare Pvt Ltd. For Proposed Expansion of Bulk Drugs Manufacturing Unit Project at Plot Nos.24, 25, 26 & 26(P) of Raichur Growth Centre, KIADB Industrial Area, Chicksugur Village, Raichur Taluk, Raichur District (SEIAA 11 IND 2020)

Environmental Clearance has been issued vide letter No. SEIAA 11 IND 2020 dated 02.06.2020 for Proposed Expansion of Bulk Drugs Manufacturing Unit Project at Plot Nos.24, 25, 26 & 26(P) of Raichur Growth Centre, KIADB Industrial Area, Chicksugur Village, Raichur Taluk, Raichur District by M/s Raichem Medicare Pvt Ltd.

The project proponent have requested vide letter dated 07.12.2020 for amend EC to utilize CETP facility being put up by M/s Mother Earth Environ Tech Pvt. Ltd., as M/s Raichem Medicare Pvt Ltd. have tied up with M/s Mother Earth Environ Tech Pvt Ltd., for treatment of the effluent in their upcoming CETP.

The Authority perused the request made by the proponent. The Authority after discussion decided to get the following information for further consideration.

1. Status of establishment of Common Effluent Treatment Plant at Raichur Growth Center along with technical details to establish its capability to treat the effluent from the proposed industry in terms of quantitative and qualitative aspects.
2. Copies of the EC granted by the competent Authority for establishment of the CETP and CFE/CFO issued by the KSPCB.
3. NoC/MoU with the CETP for treating effluent generated in the proposed industry.

193.5.18. Request for transfer of EC granted to Smt. Mamatha Arasigowda dated 17.07.2019 for proposed quarrying of Building Stone at Sy No. 94 & 404, Nandanagenahalli & Yelagadahalli Village, Chikkaballapura Taluk & District in favour of M/s M. J. Enterprises. (SEIAA 273 MIN 2019)

Environmental clearance has been issued vide letter No SEIAA 273 MIN 2019 dated 17.07.2019 for for proposed quarrying of Building Stone at Sy No. 94 & 404,

Nandanagenahalli & Yelagadahalli Village, Chikkaballapura Taluk & District to Smt. Mamatha Arasigowda.

M/s M. J. Enterprises have requested vide letter dated 07.12.2020 for transfer of above said EC to their favour as quarry lease (QL No.597) has been transferred from Smt. Mamatha Arasigowda to M/s M. J. Enterprises.

The Authority perused the request made by the project authorities. The Authority after discussion decided to issue order of transfer of EC subject to submission of the following information.

1. Quarrying Audit Report in the prescribed format issued by the DMG from date of EC till date to establish the total quantity extracted so far as per the approved quarry plan/EC.
2. Details of the quantity of proved minable resources vis a vis quantity extracted so far.
3. Compliance on the EC conditions.
4. Copies of Statutory Clearances obtained as per the conditions of EC/Quarry Lease.

193.5.19. Request for transfer of EC granted to Smt. S Deepika W/o Umesh, dated 10.12.2018 issued by DEIAA Bengaluru Rural District for quarrying of Building Stone/ M- Sand Minor Minerals in Sy No. 112 of Muddanayakanahalli Village, Devanahalli Taluk, Bangalore Rural District in favour of M/s Apurva Agencies (DEIAA/CR/044/2018/DBP/SUB)

Environmental Clearance has been issued by DEIAA, Bengaluru Rural District to Smt. S Deepika W/o Umesh vide letter No. (DEIAA/CR/044/2018/DBP/SUB) dated 10.12.2018 for quarrying of Building Stone/ M- Sand Minor Minerals in Sy No. 112 of Muddanayakanahalli Village, Devanahalli Taluk, Bangalore Rural District.

M/s Apurva Agencies have requested vide letter dated 07.12.2020 for transfer of EC granted to Smt. S Deepika W/o Umesh in their favour as lease has been transferred on 01.12.2020 through Dept of Mines and Geology.

The Authority perused the request made by the project authorities. The Authority after discussion decided to issue order of transfer of EC subject to submission of the following information.

1. Quarrying Audit Report in the prescribed format issued by the DMG from date of EC till date to establish the total quantity extracted so far as per the approved quarry plan/EC.
2. Details of the quantity of proved minable resources vis a vis quantity extracted so far.
3. Compliance on the EC conditions.
4. Copies of Statutory Clearances obtained as per the conditions of EC/Quarry Lease.

The Authority also decided to address a letter to the DC, Bengaluru Rural District to send the concerned file of DEIAA for further needful.

S Kumar

193.5.20. Request for Transfer of EC granted to M/s fair Deal Stones Pvt. Ltd., and M/s Preksha Granites Pvt Ltd., Dated 07.04.2017 for Grey Granite Quarry Project at Sy.Nos.71 of Madakavarapalli Village & 75 of Honnampalli Village, Bagepalli Taluk, Chikkaballapura District (17-06 Acres) in favour of M/s Shreyas Stones (SEIAA 18 MIN 2017)

Environmental clearance has been issued vide letter No. SEIAA 18 MIN 2017 dated 07.04.2017 for Grey Granite Quarry Project at Sy.Nos.71 of Madakavarapalli Village & 75 of Honnampalli Village, Bagepalli Taluk, Chikkaballapura District in favour of M/s fair Deal Stones Pvt. Ltd., and M/s Preksha Granites Pvt Ltd,

M/s Shreyas Stones have requested vide letter dated 18.12.2020 for transfer of above said EC to their favour as the quarry lease (QL No. 970 & 971), has been transferred from M/s fair Deal Stones Pvt. Ltd., and M/s Preksha Granites Pvt Ltd, to M/s Shreyas Stones through Dept of Mines and Geology on 11.12.2020.

The Authority perused the request made by the project authorities The Authority after discussion decided to issue order of transfer of EC subject to submission of the following information.

1. Quarrying Audit Report in the prescribed format issued by the DMG from date of EC till date to establish the total quantity extracted so far as per the approved quarry plan/EC.
2. Details of the quantity of proved minable resources vis a vis quantity extracted so far.
3. Compliance on the EC conditions.
4. Copies of Statutory Clearances obtained as per the conditions of EC/Quarry Lease.

193.5.21. Request for Transfer of EC granted to Smt S Deepika dated 18.11.2015 for quarrying of Building Stone Quarry Project, Sy.No.110 of Thyalagere Village, Devanahalli Taluk, Bangalore Rural Dist. (1-0 Acre) in favour of Sri. R Ganesh Propeteir of M/s S G M Stone Crushers (SEIAA 940 MIN 2015)

Environmental Clearance has been issued vide letter No. SEIAA 940 MIN 2015 dated 18.11.2015 for quarrying of Building Stone Quarry Project, Sy.No.110 of Thyalagere Village, Devanahalli Taluk, Bangalore Rural Dist. (1-0 Acre) by Smt S Deepika.

Sri. R Ganesh Proprietor of M/s S G M Stone Crushers have requested vide letter dated 14.12.2020 for transfer of above said EC to their favour as Quarry lease (QL No. 2681) has been transfer to Sri. R Ganesh Proprietor of M/s S G M Stone Crushers.

The Authority perused the request made by the project authorities. The Authority after discussion decided to issue order of transfer of EC subject to submission of the following information.

1. Quarrying Audit Report in the prescribed format issued by the DMG from date of EC till date to establish the total quantity extracted so far as per the approved quarry plan/EC.
2. Details of the quantity of proved minable resources vis a vis quantity extracted so far.

3. Compliance on the EC conditions.
4. Copies of Statutory Clearances obtained as per the conditions of EC/Quarry Lease.

193.5.22. Request for Transfer of EC Granted to Sri M. Srinivasa dated 06.02.2020 for Building Stone Quarry Project at Sy.Nos.56 & 57 Kowthamarahalli Village, Tumkur Taluk & District (2-00 Acres) (Q.L.No.722) in favour of M/s Sri Enterprises. (SEIAA 410 MIN 2019)

Environmental clearance has been issued vide letter No. SEIAA 410 MIN 2019 dated 06.02.2020 for for Building Stone Quarry Project at Sy.Nos.56 & 57 Kowthamarahalli Village, Tumkur Taluk & District (2-00 Acres) (Q.L.No.722) to Sri M. Srinivasa.

M/s Sri Enterprises have requested vide letter dated 28.12.2020 for transfer of above said EC to their favour as quarry lease has been transferred their favour through Dept. of Mines and Geology vide No. GaBhuE/OoNiTu/KaGaGu-772/ Vargavane/2020-21/2620 on 18.11.2020

The Authority perused the request made by the project authorities. The Authority after discussion decided to issue order of transfer of EC subject to submission of the following information.

1. Quarrying Audit Report in the prescribed format issued by the DMG from date of EC till date to establish the total quantity extracted so far as per the approved quarry plan/EC.
2. Details of the quantity of proved minable resources vis a vis quantity extracted so far.
3. Compliance on the EC conditions.
4. Copies of Statutory Clearances obtained as per the conditions of EC/Quarry Lease.

193.5.23. Request for Transfer of EC granted to Sri. Prakash B Bagewadi by DEIAA Belagavi dated 09.10.2018 for quarrying of Building Stone (M- Sand) in Sy No. 196 kadabi Village, Savadatti Taluk, Belagavi District in favour of Smt. Vijaya Prakash Bagewadi (DEIAA/BGV/149-MIN/2018-19)

Environmental Clearance has been issued by DEIAA, Belagavi District to Sri. Prakash B Bagewadi vide letter No. (DEIAA/BGV/149-MIN/2018-19) dated 09.10.2018 for quarrying of Building Stone (M- Sand) in Sy No. 196 kadabi Village, Savadatti Taluk, Belagavi District.

Smt. Vijaya Prakash Bagewadi have requested vide letter dated 28.12.2020 for transfer of EC granted to Sri. Prakash B Bagewadi in their favour as lease has been transferred through Dept of Mines and Geology.

The Authority perused the request made by the project authorities The Authority after discussion decided to get the following information for further consideration.

1. Quarrying Audit Report in the prescribed format issued by the DMG from date of EC till date to establish the total quantity extracted so far as per the approved quarry plan/EC.
2. Details of the quantity of proved minable resources, quantity extracted so far and the quantity remaining.
3. Compliance on the EC conditions.
4. Copies of Statutory Clearances obtained as per the conditions of EC/Quarry Lease.

The Authority also decided to address a letter to the DC, Belagavi District to send the concerned file of DEIAA for further needful.

193.5.24. Request for transfer of EC granted to M/s Siddeshwara Stone Crushers, dated 28.10.2015 for quarrying of Building Stone Quarry Project, Sy.Nos.14/1 & 14/3 of Marakatti Village, Bailahongal Taluk, Belgaum District (2 Acres) (QL No.1567) in favour of Sri. Shivam Stone Crusher. (SEIAA 689 MIN 2015)

Environmental Clearance has been issued vide letter No. SEIAA 689 MIN 2015 dated 28.10.2015 for quarrying of Building Stone Quarry Project, Sy.Nos.14/1 & 14/3 of Marakatti Village, Bailahongal Taluk, Belgaum District (2 Acres) (QL No.1567) to M/s Siddeshwara Stone Crushers.

Sri. Shivam Stone Crusher have requested vide letter dated 28.12.2020 for transfer of above said EC to their favour as quarry lease (QL No. 1567) has been transfer vide No. GaBhuE/OoNi/Bev/KaGaGuAa-1537/2020-21/1146 dated 10.08.2020 through Dept of Mines and Geology.

The Authority perused the request made by the project authorities. The Authority after discussion decided to issue order of transfer of EC subject to submission of the following information.

1. Quarrying Audit Report in the prescribed format issued by the DMG from date of EC till date to establish the total quantity extracted so far as per the approved quarry plan/EC.
2. Details of the quantity of proved minable resources vis a vis quantity extracted so far.
3. Compliance on the EC conditions.
4. Copies of Statutory Clearances obtained as per the conditions of EC/Quarry Lease.

193.5.25. Request for transfer of EC granted to Sri. S.N. Seetharam Hegde dated 30.08.2014 for Building Stone Quarrying at Sy.No.441/1B 1B P1, Shirva Village, Udupi Taluk, Udupi District. (0.50 Acre) in favour of Smt. Smitha R Shetty. (SEIAA 13 MIN 2014.)

Environmental Clearance has been issued vide letter No. SEIAA 13 MIN 2014. dated 30.08.2014 for Building Stone Quarrying at Sy.No.441/1B 1B P1, Shirva Village, Udupi Taluk, Udupi District. to Sri. S.N. Seetharam Hegde

Smt. Smitha R Shetty have requested vide letter dated 16.10.2020 for transfer of above said EC to their favour as quarry lease (QL No. 350) has been transfer vide No. GaBhuE/HiBhuU/ KaGaGu/Vargavane/2020-21/1232 dated 14.07.2020 through Dept of Mines and Geology.

The Authority perused the request made by the project authorities. The Authority after discussion decided to transfer the EC dated 30.08.2014 in favour of Smt. Smitha R Shetty .

193.5.26. Request for issue corrigendum to EC granted to M/s Divyasree Infrastructure Projects Pvt. Ltd., for Proposed Expansion and Modification of Mixed Use Development Project at Sy.Nos.36/2(P) of Yamaluru & Sy.Nos.123, 124, 125, 126/4A, 130/1, 130/2A, 131/1A, 131/1B, 131/2A, 131/2B, 131/3, 131/4, 131/5A, 131/5B, 131/6, 131/7, 131/8, 132/1, 132/2, 133/1, 133/2, 133/3, 133/4, 134/1, 134/2, 134/3, 135/1, 135/2, 136/1, 136/2, 136/3, 137/3A, 137/3B, 137/4, 149/1, 149/2, 149/3A, 149/3B, 149/3C, 150/1, 150/2, 150/3, 150/4, 150/5A, 150/5B, 151/1, 151/2, 151/3, 151/4, 151/5, 151/6, 151/7, 152, 153/1, 153/2, 153/3, 153/4, 154, 155/1, 155/2A, 155/2B, 156, 157/2, 157/3A, 157/3B, 159/1B, 159/2, 160 of Ammani Bellandur Khane Village, Varthur Hobli, Bangalore East Taluk, Bangalore Urban District (SEIAA 14 CON 2019)

Environmental Clearance has been issued vide letter No. SEIAA 14 CON 2019 dated 04.02.2020 for Proposed Expansion and Modification of Mixed Use Development Project at Sy.Nos.36/2(P) of Yamaluru & Sy.Nos.123, 124, 125, 126/4A, 130/1, 130/2A, 131/1A, 131/1B, 131/2A, 131/2B, 131/3, 131/4, 131/5A, 131/5B, 131/6, 131/7, 131/8, 132/1, 132/2, 133/1, 133/2, 133/3, 133/4, 134/1, 134/2, 134/3, 135/1, 135/2, 136/1, 136/2, 136/3, 137/3A, 137/3B, 137/4, 149/1, 149/2, 149/3A, 149/3B, 149/3C, 150/1, 150/2, 150/3, 150/4, 150/5A, 150/5B, 151/1, 151/2, 151/3, 151/4, 151/5, 151/6, 151/7, 152, 153/1, 153/2, 153/3, 153/4, 154, 155/1, 155/2A, 155/2B, 156, 157/2, 157/3A, 157/3B, 159/1B, 159/2, 160 of Ammani Bellandur Khane Village, Varthur Hobli, Bangalore East Taluk, Bangalore Urban District by M/s Divyasree Infrastructure Projects Pvt. Ltd., on a plot area of 2,38,155.518 Sqm. The total build up area was 6,88,867.66 Sqm.

The project proponent have requested vide letter dated 23.12.2020 for issue of corrigendum for the above said project as proposed Building No.8 to be modified by increasing the built up area by 6,229.67 Sqm. Therefore, the total built up area is increased from 6,88,867.66 Sqm to 6,95,097.33 Sqm.

Dr. K. R .Sree Harsha, The Chairman, SEIAA recused himself from the discussion and decision of this subject as per the provision at para 9(c) of the Notification No. S.O4170(E) dated 19.11.2020 issued by the MoEF&CC for the reason that he had provided consultancy service to this project proponent in the past.

The Authority perused the request made by the project proponent and after discussion decided to issue corrigendum as requested.

193.5.27. Request for Transfer of EC (File No. J-11015/345/2006-IA.II(M) dated 13.02.2007) granted to erstwhile lessee, M/s Nidhi Mining Private Ltd in favour of M/s Minera Steel & Power Pvt Ltd.,

Extract of the 191st SEIAA meeting proceedings

The Ministry of Environment and Forest Govt of India New Delhi, had issued Environmental Clearance vide letter No. J-11015/345/2006-IA.II(M) dated 13.02.2007 for expansion of Ubbalagundi Iron Ore Mine by M/s Nidhi Mining Private Ltd for enhancement of production of Iron Ore from 2 to 6 Lakh TPA in lease area of 31.835 Ha at Ubbalagundi Village of Sandur taluk, Ballary District, which is a forest land

Subsequently the said mine was disposed off by way of e- Auction conducted in accordance with the orders of honorable Supreme Court. M/s Minera Steel & Power Pvt Ltd., have been declared as the preferred bidder vide letter dated 6.10.2018 of the Dept of Mines and Geology. M/s Minera Steel & Power Pvt Ltd., had requested the Authority for transferring the Environmental Clearance granted to M/s Nidhi Mining Private Ltd in their favour. Since the original EC was granted by MoEF&CC and presently the jurisdiction is with SEIAA, a request was sent to MoEF&CC for transferring the file pertaining to grant of the above mentioned EC.

The Authority perused the request made by the project authorities during the meeting held on 31.08.2020 for transfer of EC and concerned file received from of MoEF&CC. The Authority after discussion decided to get the following information for further consideration of the matter:

- 1) Status of Forest Clearance.
- 2) Details of statutory provisions, applicability of orders of the Hon'ble Supreme Court dated 2nd August 2017 made on WP (C) No. 114 of 2014 in the case of Common Cause Vs Union of India and dated 7th February 2018 in SLP (Civil) No. 32138 of 2015 in the case of the Goa Foundation Vs M/s Sesa Sterlite Ltd. & Ors.

Accordingly the project proponent have submitted the reply on 23.12.2020.

The Authority perused the request made by the project authorities and the reply submitted by them. The Authority after discussion decided to consider this proposal during the next meeting along with the information on the statutory provisions providing for transfer of EC as request made by the project authorities and the relevant court orders.

193.5.28. Request for transfer of EC granted to Sri. Sanna hanumanthappa S. Devagiri for quarrying of Building Stone project at sy no. 106/A1 of Nellibidu Village, Hanagal Taluk, Haveri District (1-00 Acres) in favour to Sri. Gopala Sannahanumanthappa Devagiri (SEIAA 135 MIN 2013)

Environmental Clearance has been issued vide letter No. SEIAA 135 MIN 2013 dated 23.09.2013 for for quarrying of Building Stone project at sy no. 106/A1 of Nellibidu Village, Hanagal Taluk, Haveri District (1-00 Acres) in favour to Sri. Sanna Hanumanthappa S. Devagiri

Sri. Gopala Sannahanumanthappa Devagiri have requested vide letter received on 05.01.2021 for transfer of EC granted to Sri. Sanna Hanumanthappa S. Devagi to his favour as his father Sri. Sanna Hanumanthappa S. Devagi has passed away and his legal heir the lease lease was transferred to his name through Dept. of Mines and Geology.

The Authority perused the request made by the project authorities. The Authority after discussion decided to transfer the EC dated 23.09.2013 in favour of Sri. Gopala Sannahanumanthappa Devagiri

193.5.29. Building Stone Quarry Project, Sy.No.88 (P) of Manchegowdanapalya Village, Ramanagara Taluk & Dist. (2-20 Acres) (QL No.1246) of Smt. Suman Krishnappa- Request for carry forward the balance production. (SEIAA 846 MIN 2015) & (SEIAA 368 MIN 2019)

Environmental Clearance has been granted vide letter No. SEIAA 368 MIN 2019, dated 12.07.2019 for quarrying of building stone at Sy.No.88 (P) of Manchegowdanapalya Village, Ramanagara Taluk & District on the total quarry lease area of 2-20 Acres for production capacity of 2,60,000 Tonnes for 1st year, 32,500 Tonnes for 2nd Year and 3250 Tonnes for 3 to 5 years.

The project authorities vide letter dated 29.06.2020 have submitted that they have not reached the targeted quantity of production for 1st year (2019-20) due to heavy rain and local public issues. Hence the project authorities requested to carry forward the previous year balance quantity of 1,28,251 MT to current year.

The Authority perused the request made by the project proponent and opined that such a permission would contravene the scheme of quarrying proposed in the approved quarry plan. The Authority therefore decided to advise the project proponent to get the modified quarry plan approved from competent Authorities and to obtain modified environmental clearance following the due procedure of Law.

Accordingly, the Director of Mines and Geology has requested Authority to grant permission to extract balance quantity of the previous year (2019-20) vide letter dated 23.11.2020. But the project proponent have not submitted the modified quarry plan from the competent Authority.

The Authority perused the request and observed that EC has been granted for a period of 5 years from 2019 based on a quarry plan duly approved by the competent Authorities and due appraisal by SEAC to ensure sustainable quarrying. Permitting to extract quantity over and above the quantity approved as per the quarry plan in a given period of time is not only violative of the quarry plan approved under the Minor Mineral Concession Rules but also amount to violation of the principles of sustainable quarrying laid down under the EIA Notification, 2006.

The Authority after discussion decided to advise the project authorities to seek modification of EC if so desired along with a duly modified quarry plan following the procedure of law.

193.5.30. Proposed Building stone Quarry project at Sy.No.88 of Manchegowdanapalya Village, Ramanagara Taluk & District(5-00 Acres) by Smt. Suman Krishnappa - Request for carry forward the balance production. (SEIAA 872 MIN 2015) & (SEIAA 367 MIN 2019)

Environmental Clearance has been granted vide letter No. SEIAA 367 MIN 2019, dated 12.07.2019 for quarrying of building stone at Sy.No.88 of Manchegowdanapalya Village, Ramanagara Taluk & District for production capacity of 9,00,000 Tonnes for 1st year, 70,000 Tonnes for 2nd Year and 10,000 for 3 to 5 years..

The project authorities vide letter dated 21.07.2020 have submitted that they have not reached the targeted quantity of production for 1st year. Hence the project authorities requested to carry forward the previous year balance quantity of 5,29,445 MT to current year.

The Authority perused the request made by the project proponent and opined that such a permission would contravene the scheme of quarrying proposed in the approved quarry plan. The Authority therefore decided to advice the project proponent to get the modified quarry plan approved from competent Authorities and to obtain modified environmental clearance following the due procedure of Law.

Accordingly the Director of Mines and Geology has requested Authority to grant permission to extract balance quantity of the previous year (2019-20) vide letter dated 23.11.2020. But the project proponent have not submitted the modified quarry plan from the competent Authority.

The Authority perused the request and observed that EC has been granted for a period of 5 years from 2019 based on a quarry plan duly approved by the competent Authorities and due appraisal by SEAC to ensure sustainable quarrying. Permitting to extract quantity over and above the quantity approved as per the quarry plan in a given period of time is not only violative of the quarry plan approved under the Minor Mineral Concession Rules but also amount to violation of the principles of sustainable quarrying laid down under the EIA Notification, 2006.

The Authority after discussion decided to advice the project authorities to seek modification of EC if so desired along with a duly modified quarry plan following the procedure of law.

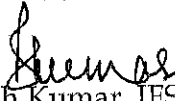

The meeting ended with thanks to the Chair.
