

**Minutes of the 904th Meeting of the State Level Environment Impact Assessment
Authority, UP (SEIAA) held on 31-05-2025 (Part-B)**

The meeting of 904th State Level Environment Impact Assessment Authority, UP (SEIAA) was held online on 31.05.2025 the Directorate of Environment. The following were present in the meeting: -

1. Smt. Mamta Sanjeev Dubey
2. Shri Paras Nath
3. Shri Ajay Kumar Sharma

Chairman, SEIAA, U.P
Member, SEIAA, U.P
Member Secretary, SEIAA, U.P

Agenda-A- Minutes of 940th SEAC-1 Meeting Dated 19/05/2025

1. **River Bed Mineral (R.B.M) (Sand/Bajri/Boulder) Mining Project at Gata No- 728 Mi Village- Pattikalan, Tehsil- Suar, District- Rampur Uttar Pradesh, Area- 1.8210 Ha., 8968/SIA/UP/MIN/471067/2024.**

SEIAA opined to accept the recommendation of SEAC and grant EC to the said project along with all the general and specific conditions as suggested by SEAC taking into consideration discussion held in SEIAA meeting no. 597 dated 05.05.2022 regarding reply of SEAC-1 and SEAC-2 for compliance/action taken on TOR/Public hearing and 703th SEIAA meeting regarding replenishment study, adding following specific conditions:

1. If in future during the progressive mining this lease area becomes part of cluster i.e. area equal to or more than 5 ha., limited to B-1 category, then additional conditions based on the EIA conducted by the concerned lease holders shall be imposed and joint EMP shall be implemented. The lease holder shall mandatorily follow all the imposed conditions otherwise it will amount to violation of E.C. conditions. If the certificate related to cluster provided by the competent authority is found false or incorrect then punitive actions as per the law shall be initiated against the authority issuing the cluster certificate.
2. Validity period of this EC is 6 months as the Lol has been issued for a period of 6 months and co-terminus with the validity of current mine plan and current lease period whichever is earlier after this period the EC will become null and void.
3. DSR formulation is done by a sub-committee formed at District level and representative of Forest Department is a member in this sub-committee, so it is expected that they examine the issue of distance of forest area from the mining lease as well as distance of protected area from the mining lease. Hence, a certificate signed by an officer not below the rank of ACF shall be submitted before signing lease deed that no forest land is involved in mining or as a route for mineral transportation and does not lie with-in any Protected area, National Park, Sanctuary and ESZ. If forest land is involved the project proponent shall obtain forest clearance

- and permission of Central and State Government as per the provisions of Van Sanrakshan evam Samvardhan Adhiniyam, 2023 and submit before the start of work.
4. Stream will not be diverted to form inactive channel for mining.
 5. Project Proponent should submit action plan for carrying out plantation at least @1,000 plants / ha of lease area. In this case, PP should prepare a plan, duly approved either by Forest Department or district plantation committee, for planting at least 2,000 plants, either on government land or community land, within a periphery of 5 km from the boundary of the lease area and will make provision for maintenance for 5 years.
 6. Also, the coordinates of area earmarked for plantation should be clearly spelt out and polygon should be attached and submitted within a month. Plantation of saplings shall be carried out in earmarked area as part of tree plantation campaign "Ek Ped Ma Ke Naam" and the details of the same shall be uploaded in the Meri LiFE Portal (<https://merilife.nic.in>) as per OM no. F.No.IA3-22/3/2024-IA.III (E-241594) dated 24.07.2024.
 7. Survival of plants should not be less than the survival rate notified by Uttar Pradesh Forest Department otherwise it will be treated as violation of EC condition.
 8. The project proponent shall ensure that water bodies do not get polluted due to mining activity.
 9. Department of Geology and Mines, Government of Uttar Pradesh and / or concerned district administration, before releasing the security deposit to Project Proponent will ensure that Project Proponent has fully complied with the EC conditions. Non-compliance, if any, should be reported to UPSPCB for appropriate legal action and recovery of compensation.
 10. Any application for transfer of this EC, during its validity period unless it is cancelled by a competent authority, has to be necessarily accompanied with status of compliance of EC conditions duly certified by IRO, MoEFCC, GoI, Lucknow.
 11. The project proponent shall install rooftop solar plant in one school in the vicinity of project area and construct toilets especially in girls' school as part of CER activity.
 12. Since large number of mining projects are ongoing as well as new mining leases are coming up in the district, CAAQMS shall be installed in consultation with UPPCB.
 13. **Project Proponent shall submit the Six-monthly Compliance on the Environment Clearance condition prescribed in the Prior Environment Clearance letter as per MoEF&CC OM F.no- IAS-22/01/2022-IA-III (E-172624) Dated 14-06-2022.**
 14. This EC shall be subject to any order from any court/tribunal or any guidelines issued by MOEFCC.
 15. In case of violation of any EC conditions, this EC is liable to be cancelled based on report/recommendation of DM/IRO/UPPCB.
2. **"Ordinary Sand Mining" Project at Gata (Plot) No.- 05, Village- Manikapur Kham, Tehsil- Sahawar, District- Kasganj, U.P. (Applied Area : 23.2250 ha.), 8983/8250/SIA/UP/MIN/471729/2024.**
- SEIAA noted that SEAC has recommended to grant EC to the above project. SEIAA gone through file and documents and noted that production capacity mentioned in Lol and Mining Plan is 2,50,000 m³/annum whereas in MoM production capacity is mentioned as 1,25,000 m³/annum. Hence SEIAA opined to refer back the project to SEAC for review and clarification regarding quantity to be mined.

3. “R.B.M. [Sand, Bajri, Boulder (In Mix Form)] Mining” Project at Gata No.- 400 Mi, 442Ta, Village- Kamruddin Nagar, Tehsil- Nagina, District- Bijnor, U.P. (Applied Area: 9.240 ha.), 9332/SIA/UP/MIN/479325/2024

SEIAA noted that the above proposal has been appraised and recommended for grant of ToR by SEAC and the geo-coordinates proposed are as per approved DSR. As per para 8(ii) of EIA notification 2006 -The regulatory authority shall normally accept the recommendations of the Expert Appraisal Committee or State Level Expert Appraisal Committee concerned. Updated DSR has been submitted and approved by SEIAA/SEAC. Hence in light of all these facts ToR is being granted to the title proposal for conducting EIA studies. SEIAA added following points to ToR-

- 1- All pages of technical documents/EIA/EMP etc. should be signed by the consultant and project proponent both.
- 2- The address of the lease area and production per annum should match with that mentioned in DSR and Lol. In case there is any difference clarification/ amendment letter from competent authority shall be submitted along with EIA. EIA and public hearing shall be conducted as per EIA notification, 2006 (as amended) and the address of lease area and production per annum shall be as mentioned in DSR and Lol.
- 3- Latest KML file for the area and mining lease area should be provided.
- 4- Status of leases granted/to be granted in various mining khands along with production since the formulation of DSR, duly certified by the competent authority should be submitted.
- 5- In case project proponent intends to temporarily store mined out material or any tools, equipment's or other material outside mine lease area then NOC from competent authority for doing so should be submitted and details of such area and associated Environmental impacts should be included in EIA-EMP report. This should also be clearly mentioned during public hearing.
- 6- Road network to be used by the project should be clearly shown on Survey of India topo sheet in 1:50,000 scale. In case road network involves forest road, permission should be obtained from Forest Department and a copy of the same should be submitted at the time of appraisal of EIA-EMP report.
- 7- The project proponent should clearly spell out whether it is a green field or brown field project. In case it is a brown field project and -
 - (i) If the earlier and present lease holder are same then compliance report of previous EC should be submitted.
 - (ii) If the earlier and present lease holder are different then environmental footprint of the site and mitigation measures should be included in EIA-EMP report.
- 8- In case of expansion / renewal of earlier EC, following information should be submitted
 - a. Status of compliance of earlier EC conditions by Integrated Regional Office, MoEFCC, GoI, Lucknow.
 - b. Copy of CTE and CTO issued by SPCB.
 - c. Status of submission of six-monthly compliance report to EC granted earlier
 - d. Court cases, if any.
- 9- Observations raised in public hearing, replies submitted by project proponent, suitable modifications carried out should be mentioned in EIA-EMP report.
- 10- DSR formulation is done by a sub-committee formed at District level and representative of Forest Department is a member in this sub-committee, so it is

expected that they examine the issue of distance of forest area from the mining lease as well as distance of protected area from the mining lease. Hence, a certificate signed by an officer not below the rank of ACF shall be submitted along with EIA-EMP that no forest land is involved in mining or as a route for mineral transportation and does not lie within any Protected area, National Park, Sanctuary and ESZ. If forest land is involved the project proponent shall obtain forest clearance and permission of Central and State Government as per the provisions of Van Sanrakshan evam Samvardhan Adhiniyam, 2023.

- 11- Project Proponent should submit action plan for carrying out plantation at least @1,000 plants / ha of lease area. In this case, PP should prepare a plan, duly approved either by Forest Department or Horticulture Department, for planting at least 10,000 plants, either on government land or community land, within a periphery of 5 km from the boundary of the lease area along with provision for maintenance for 5 years. Also, the coordinates of area earmarked for plantation should be clearly spelt in the EIA/EMP and polygon should be attached. Survival of plants below Uttar Pradesh Forest Department's survival rate will be treated as violation of EC condition.
 - 12- The project proponent shall submit details of nearby water bodies and plan to ensure that these water bodies do not get polluted due to mining activity.
 - 13- Along with the EIA-EMP report, PP / consultant will also submit in tabular form as to how they have addressed entire ToR while preparing draft EIA-EMP report for PH. Further, PP / consultant will submit in tabular form as to how they have addressed issues raised during public hearing and have incorporated the same in final EIA-EMP report. A presentation to this effect should be made before SEAC at the time of EIA-EMP presentation.
 - 14- The project proponent shall submit along with EIA the details of School in the vicinity of project area in which rooftop solar plant, toilets will be constructed specially girl school under CER activities.
 - 15- These TORs shall be subject to any order from any court/tribunal or any guidelines issued by MOEFCC.
4. **"Sand/Morrum Mining Project", at Gata No.- 317Mi, Khand No. 05, Village/Ghat-Kurauna, Tehsil- Orai, Distt- Jalaun, State-Uttar Pradesh, Area-12.12 Ha., 9559/SIA/UP/MIN/515178/2024**

SEIAA noted the comments of SEAC.

5. **"Building Stone (Granite) Khanda, Boulder, Ballast (Gitty) Mining Project", at Gata No.- 2441, 2442, Village- Pahra, Tehsil - Sadar, District-Mahoba, State- Uttar Pradesh, Area-1.214 Ha., M/s Raj Corporation Limited., 9776/8032/SIA/UP/MIN/527199/2025.**

SEIAA opined to accept the recommendation of SEAC and grant EC to the said project along with all the general and specific conditions as suggested by SEAC taking into consideration discussion held in SEIAA meeting no. 597 dated 05.05.2022 regarding reply of SEAC-1 and SEAC-2 for compliance/action taken on TOR/Public hearing, adding following specific conditions:-

1. Validity period of this EC is 5 years as the Lol has been issued for a period of 5 years, and co-terminus with the validity of current mine plan and current lease period whichever is earlier. After this period the EC will become null and void.
2. Directions/suggestions given during public hearing and commitment made by the project proponent on these should be strictly complied with.

3. Approved explosives and proper technique should only be used for blasting, to avoid loud sound and cracks in nearby buildings.
4. DSR formulation is done by a sub-committee formed at District level and representative of Forest Department is a member in this sub-committee, so it is expected that they examine the issue of distance of forest area from the mining lease as well as distance of protected area from the mining lease. Hence, a certificate signed by an officer not below the rank of ACF shall be submitted before signing lease deed that no forest land is involved in mining or as a route for mineral transportation and does not lie with-in any Protected area, National Park, Sanctuary and ESZ. If forest land is involved the project proponent shall obtain forest clearance and permission of Central and State Government as per the provisions of Van Sanrakshan evam Samvardhan Adhinyam, 2023 and submit before the start of work.
5. The project proponent shall obtain permission from competent authority for felling of trees if required.
6. The mining lease holders shall ensure to comply with mine reclamation plan as submitted.
7. Three tier green shelter belt of 7.5m width should be developed on the periphery of mine lease area. Local and native species should be planted in consultation with Forest/Horticulture Department/Agriculture University.
8. Mine reclamation plan should be prepared for using the mine void for productive use in consultation with local administration and gram-panchayat.
9. If the proposed project is situated in notified area of ground water extraction, where creation of new wells for ground water extraction is not allowed, requirement of fresh water shall be met from alternate legally valid water sources and permission from the competent authority shall be obtained to use it.
10. Project Proponent should submit action plan for carrying out plantation at least @1,000 plants / ha of lease area. In this case, PP should prepare a plan, duly approved either by Forest Department or district plantation committee, for planting at least 2,000 plants, either on government land or community land, within a periphery of 5 km from the boundary of the lease area and will make provision for maintenance for 5 years.
11. Also, the coordinates of area earmarked for plantation should be clearly spelt out and polygon should be attached and submitted within a month. Plantation of saplings shall be carried out in earmarked area as part of tree plantation campaign “Ek Ped Ma Ke Naam” and the details of the same shall be uploaded in the Meri LiFE Portal (<https://merilife.nic.in>) as per OM no. F.No.IA3-22/3/2024-IA.III (E-241594) dated 24.07.2024.
12. Survival of plants should not be less than the survival rate notified by Uttar Pradesh Forest Department otherwise it will be treated as violation of EC condition.
13. The project proponent shall ensure that water bodies do not get polluted due to mining activity.
14. Department of Geology and Mines, Government of Uttar Pradesh and/or concerned district administration, before releasing the security deposit to Project Proponent will ensure that Project Proponent has fully complied with the EC conditions. Non-compliance, if any, should be reported to UPSPCB for appropriate legal action and recovery of compensation.
15. Any application for transfer of this EC, during its validity period unless it is cancelled by a competent authority, has to be necessarily accompanied with status of compliance of EC conditions duly certified by IRO, MoEFCC, GoI, Lucknow.

16. The project proponent shall install rooftop solar plant in one school in the vicinity of project area and construct toilets especially in girls' school as part of CER activity.
 17. Since large number of mining projects are ongoing as well as new mining leases are coming up in the district, CAAQMS shall be installed in consultation with UPPCB.
 18. **Project Proponent shall submit the Six-monthly Compliance on the Environment Clearance condition prescribed in the Prior Environment Clearance letter as per MoEF&CC OM F.no- IAS-22/01/2022-IA-III (E-172624) Dated 14-06-2022.**
 19. If the air quality deteriorates due to mining, then District Administration & Directorate of Mining should ensure that mining be stopped immediately. Adequate measures be taken for restoring air quality and mining should commence only when air quality attains the prescribed standards.
 20. This EC shall be subject to any order from any court/tribunal or any guidelines issued by MOEFCC.
 21. In case of violation of any EC conditions, this EC is liable to be cancelled based on report/recommendation of DM/IRO/UPPCB.
6. **"Building Stone (Granite) Khanda, Boulder, Ballast (Gitty) Mining Project", at Arazi No.- 93 (Khand No. 21), Village: Bari, Tehsil- Sadar, District- Mahoba, State-Uttar Pradesh, Area-1.012 Ha., 9777/8046/SIA/UP/MIN/527521/2025**
- SEIAA opined to accept the recommendation of SEAC and grant EC to the said project along with all the general and specific conditions as suggested by SEAC taking into consideration discussion held in SEIAA meeting no. 597 dated 05.05.2022 regarding reply of SEAC-1 and SEAC-2 for compliance/action taken on TOR/Public hearing, adding following specific conditions:-

 17. Since large number of mining projects are ongoing as well as new mining leases are coming up in the district, CAAQMS shall be installed in consultation with UPPCB.
 18. **Project Proponent shall submit the Six-monthly Compliance on the Environment Clearance condition prescribed in the Prior Environment Clearance letter as per MoEF&CC OM F.no- IAS-22/01/2022-IA-III (E-172624) Dated 14-06-2022.**
 19. If the air quality deteriorates due to mining, then District Administration & Directorate of Mining should ensure that mining be stopped immediately. Adequate measures be taken for restoring air quality and mining should commence only when air quality attains the prescribed standards.
 20. This EC shall be subject to any order from any court/tribunal or any guidelines issued by MOEFCC.
 21. In case of violation of any EC conditions, this EC is liable to be cancelled based on report/recommendation of DM/IRO/UPPCB.
8. **Group Housing Project "The Express Park View II", at Plot no,- GH03, Sector-CHI-V, Greater Noida, District- Gautam Buddha Nagar, Uttar Pradesh, M/s IITL-Nimbus The Express Park View, 9839/9506/SIA/UP/INFRA2/532144/2025.**
- SEIAA noted that SEAC has recommended to grant EC to the above project. SEIAA gone through file and documents and opined that the project proponent shall submit NoC from Airport Authority of India, explain reason for increased STP capacity although water requirement is reduced and explain why green area is being reduced along with relevant rules if any.
9. **"Building Stone or Khanda, Gitti, Boulder, Mining Project" at Gata No.-: 98, Khand No.:01, Village: Karanpura, Tehsil: Garautha, District: Jhansi, State: Uttar Pradesh (Area: 2.023 Ha.),, 9936/SIA/UP/MIN/505838/2024**
- SEIAA noted that the above proposal has been appraised and recommended for grant of ToR by SEAC and the geo-coordinates proposed are as per approved DSR. As per para 8(ii) of EIA notification 2006 -The regulatory authority shall normally accept the recommendations of the Expert Appraisal Committee or State Level Expert Appraisal Committee concerned. Updated DSR has been submitted and approved by SEIAA/SEAC. Hence in light of all these facts ToR is being granted to the title proposal for conducting EIA studies. SEIAA added following points to ToR-

- 1- All pages of technical documents/EIA/EMP etc. should be signed by the consultant and project proponent both.
- 2- The address of the lease area and production per annum should match with that mentioned in DSR and Lol. In case there is any difference clarification/ amendment letter from competent authority shall be submitted along with EIA. EIA and public hearing shall be conducted as per EIA notification, 2006 (as amended) and the address of lease area and production per annum shall be as mentioned in DSR and Lol.
- 3- Detailed Mine Reclamation plan and Plan for using the mine void for productive use in consultation with local administration and gram-panchayat should be submitted along with EIA-EMP.
- 4- **The project proponent shall submit permission of CGWA for using ground water or submit proposal for obtaining water from alternative legal source of fresh water along with EIA-EMP.**
- 5- Latest KML file for the area and mining lease area should be provided.
- 6- Status of leases granted/to be granted in various mining khands along with production since the formulation of DSR, duly certified by the competent authority should be submitted.
- 7- In case project proponent intends to temporarily store mined out material or any tools, equipments or other material outside mine lease area then NOC from competent authority for doing so should be submitted and details of such area and associated Environmental impacts should be included in EIA-EMP report. This should also be clearly mentioned during public hearing.
- 8- Road network to be used by the project should be clearly shown on Survey of India toposheet in 1:50,000 scale. In case road network involves forest road, permission should be obtained from Forest Department and a copy of the same should be submitted at the time of appraisal of EIA-EMP report.
- 9- The project proponent should clearly spell out whether it is a green field or brown field project. In case it is a brown field project and -
 - (i) If the earlier and present lease holder are same then compliance report of previous EC should be submitted.
 - (ii) If the earlier and present lease holder are different then environmental footprint of the site and mitigation measures should be included in EIA-EMP report.
- 10- In case of expansion / renewal of earlier EC, following information should be submitted
 - a. Status of compliance of earlier EC conditions by Integrated Regional Office, MoEFCC, GoI, Lucknow.
 - b. Copy of CTE and CTO issued by SPCB.
 - c. Status of submission of six-monthly compliance report to EC granted earlier
 - d. Court cases, if any.
- 11- Observations raised in public hearing, replies submitted by project proponent, suitable modifications carried out should be mentioned in EIA-EMP report.
- 12- DSR formulation is done by a sub-committee formed at District level and representative of Forest Department is a member in this sub-committee, so it is expected that they examine the issue of distance of forest area from the mining lease as well as distance of protected area from the mining lease. Hence, a certificate signed by an officer not below the rank of ACF shall be submitted along with EIA-EMP that no forest land is involved in mining or as a route for mineral transportation

and does not lie with-in any Protected area, National Park, Sanctuary and ESZ. If forest land is involved the project proponent shall obtain forest clearance and permission of Central and State Government as per the provisions of Van Sanrakshan evam Samvardhan Adhiniyam, 2023.

- 13- Project Proponent should submit action plan for carrying out plantation at least @1,000 plants / ha of lease area. In this case, PP should prepare a plan, duly approved either by Forest Department or Horticulture Department, for planting at least 3,000 plants, either on government land or community land, within a periphery of 5 km from the boundary of the lease area along with provision for maintenance for 5 years. Also, the coordinates of area earmarked for plantation should be clearly spelt in the EIA/EMP and polygon should be attached. Survival of plants below Uttar Pradesh Forest Department's survival rate will be treated as violation of EC condition.
- 14- The project proponent shall submit details of nearby water bodies and plan to ensure that these water bodies do not get polluted due to mining activity.
- 15- Along with the EIA-EMP report, PP / consultant will also submit in tabular form as to how they have addressed entire ToR while preparing draft EIA-EMP report for PH. Further, PP / consultant will submit in tabular form as to how they have addressed issues raised during public hearing and have incorporated the same in final EIA-EMP report. A presentation to this effect should be made before SEAC at the time of EIA-EMP presentation.
- 16- The project proponent shall submit along with EIA the details of School in the vicinity of project area in which rooftop solar plant, toilets will be constructed specially girl school under CER activities.
- 17- These TORs shall be subject to any order from any court/tribunal or any guidelines issued by MOEFCC.

10. Soil Excavation Project" at Gata No. 171, 438, 170, 203, 202, 201, 200, 168, 192, 209 & 187 (Total area 4.913 Ha.) located in village – Arjunpur Khurd, Tehsil – Chandausi, District - Sambhal, Uttar Pradesh, Shri Ram Babu,(Area 4.913 Ha.),, 10001/SIA/UP/MIN/536022/2025.

SEIAA opined to accept the recommendation of SEAC and grant EC to the said project along with all the general and specific conditions as suggested by SEAC taking into consideration discussion held in SEIAA meeting no. 597 dated 05.05.2022 regarding reply of SEAC-1 and SEAC-2 for compliance/action taken on TOR/Public hearing, adding following specific conditions:-

1. If in future during the progressive mining this lease area becomes part of cluster i.e. area equal to or more than 5 ha., limited to B-1 category, then additional conditions based on the EIA conducted by the concerned lease holders shall be imposed and joint EMP shall be implemented. The lease holder shall mandatorily follow all the imposed conditions otherwise it will amount to violation of E.C. conditions. If the certificate related to cluster provided by the competent authority is found false or incorrect then punitive actions as per the law shall be initiated against the authority issuing the cluster certificate.
2. Validity period of this EC is 6 months as the Lol has been issued for a period of 6 months and co-terminus with the validity of current mine plan and current lease period whichever is earlier after this period the EC will become null and void.
3. The project proponent shall obtain permission from competent authority for felling of trees if required.

4. The mining lease holders shall ensure to comply with mine reclamation plan as submitted.
 5. If the proposed project is situated in notified area of ground water extraction, where creation of new wells for ground water extraction is not allowed, requirement of fresh water shall be met from alternate legally valid water sources and permission from the competent authority shall be obtained to use it.
 6. Project Proponent should submit action plan for carrying out plantation at least @1,000 plants / ha of lease area. In this case, PP should prepare a plan, duly approved either by Forest Department or district plantation committee, for planting at least 5,000 plants, either on government land or community land, within a periphery of 5 km from the boundary of the lease area and will make provision for maintenance for 5 years.
 7. Also, the coordinates of area earmarked for plantation should be clearly spelt out and polygon should be attached and submitted within a month. Plantation of saplings shall be carried out in earmarked area as part of tree plantation campaign “Ek Ped Ma Ke Naam” and the details of the same shall be uploaded in the Meri LiFE Portal (<https://merilife.nic.in>) as per OM no. F.No.IA3-22/3/2024-IA.III (E-241594) dated 24.07.2024.
 8. Survival of plants should not be less than the survival rate notified by Uttar Pradesh Forest Department otherwise it will be treated as violation of EC condition.
 9. The project proponent shall ensure that water bodies do not get polluted due to mining activity.
 10. Department of Geology and Mines, Government of Uttar Pradesh and / or concerned district administration, before releasing the security deposit to Project Proponent will ensure that Project Proponent has fully complied with the EC conditions. Non-compliance, if any, should be reported to UPSPCB for appropriate legal action and recovery of compensation.
 11. Any application for transfer of this EC, during its validity period unless it is cancelled by a competent authority, has to be necessarily accompanied with status of compliance of EC conditions duly certified by IRO, MoEFCC, GoI, Lucknow.
 12. **Project Proponent shall submit the Six-monthly Compliance on the Environment Clearance condition prescribed in the Prior Environment Clearance letter as per MoEF&CC OM F.no- IAS-22/01/2022-IA-III (E-172624) Dated 14-06-2022.**
 13. This EC shall be subject to any order from any court/tribunal or any guidelines issued by MOEFCC.
 14. In case of violation of any EC conditions, this EC is liable to be cancelled based on report/recommendation of DM/IRO/UPPCB.
11. **Group Housing Project “The Sephyra” at Pot No. - GH-A4, Jaypee Greens Sports City SDZ, Yamuna Expressway Industrial Development Authority, Gautam Budh Nagar, U.P., M/s Imperia Structures Limited., 10002/SIA/UP/INFRA2/536018/2025.**

SEIAA noted that SEAC has recommended to grant EC to the above project. SEIAA gone through file and documents and observed that some structures and a water body is visible in the area as per KML. Hence SEIAA opined that project proponent shall explain the nature of these structures as well as the presence of water body and shall submit latest videography.

12. Sand Mining Project, located on river bed of Yamuna River at Gata No. 87/2mi, Village– Bhidauni Khadar, Tehsil- Mat, District-Mathura, Uttar Pradesh of M/s Mahakal Infra Engineering, (Area- 10.0430 ha), 10003/SIA/UP/MIN/536053/2025

SEIAA noted that the above proposal has been appraised and recommended for grant of ToR by SEAC and the geo-coordinates proposed are as per approved DSR. As per para 8(ii) of EIA notification 2006 -The regulatory authority shall normally accept the recommendations of the Expert Appraisal Committee or State Level Expert Appraisal Committee concerned. Updated DSR has been submitted and approved by SEIAA/SEAC. Hence in light of all these facts ToR is being granted to the title proposal for conducting EIA studies. SEIAA added following points to ToR-

- 1- The project proponent shall submit drone videography at the time of EIA.
- 2- The project proponent shall submit a certificate from TTZ Authority that the area does not fall within the TTZ area.
- 3- All pages of technical documents/EIA/EMP etc. should be signed by the consultant and project proponent both.
- 4- The address of the lease area and production per annum should match with that mentioned in DSR and Lol. In case there is any difference clarification/ amendment letter from competent authority shall be submitted along with EIA. EIA and public hearing shall be conducted as per EIA notification, 2006 (as amended) and the address of lease area and production per annum shall be as mentioned in DSR and Lol.
- 5- Latest KML file for the area and mining lease area should be provided.
- 6- Status of leases granted/to be granted in various mining khands along with production since the formulation of DSR, duly certified by the competent authority should be submitted.
- 7- In case project proponent intends to temporarily store mined out material or any tools, equipment's or other material outside mine lease area then NOC from competent authority for doing so should be submitted and details of such area and associated Environmental impacts should be included in EIA-EMP report. This should also be clearly mentioned during public hearing.
- 8- Road network to be used by the project should be clearly shown on Survey of India topo sheet in 1:50,000 scale. In case road network involves forest road, permission should be obtained from Forest Department and a copy of the same should be submitted at the time of appraisal of EIA-EMP report.
- 9- The project proponent should clearly spell out whether it is a green field or brown field project. In case it is a brown field project and -
 - (i) If the earlier and present lease holder are same then compliance report of previous EC should be submitted.
 - (ii) If the earlier and present lease holder are different then environmental footprint of the site and mitigation measures should be included in EIA-EMP report.
- 10- In case of expansion / renewal of earlier EC, following information should be submitted
 - a. Status of compliance of earlier EC conditions by Integrated Regional Office, MoEFCC, GoI, Lucknow.
 - b. Copy of CTE and CTO issued by SPCB.
 - c. Status of submission of six-monthly compliance report to EC granted earlier
 - d. Court cases, if any.

- 11- Observations raised in public hearing, replies submitted by project proponent, suitable modifications carried out should be mentioned in EIA-EMP report.
- 12- DSR formulation is done by a sub-committee formed at District level and representative of Forest Department is a member in this sub-committee, so it is expected that they examine the issue of distance of forest area from the mining lease as well as distance of protected area from the mining lease. Hence, a certificate signed by an officer not below the rank of ACF shall be submitted along with EIA-EMP that no forest land is involved in mining or as a route for mineral transportation and does not lie within any Protected area, National Park, Sanctuary and ESZ. If forest land is involved the project proponent shall obtain forest clearance and permission of Central and State Government as per the provisions of Van Sanrakshan evam Samvardhan Adhiniyam, 2023.
- 13- Project Proponent should submit action plan for carrying out plantation at least @1,000 plants / ha of lease area. In this case, PP should prepare a plan, duly approved either by Forest Department or Horticulture Department, for planting at least 11,000 plants, either on government land or community land, within a periphery of 5 km from the boundary of the lease area along with provision for maintenance for 5 years. Also, the coordinates of area earmarked for plantation should be clearly spelt in the EIA/EMP and polygon should be attached. Survival of plants below Uttar Pradesh Forest Department's survival rate will be treated as violation of EC condition.
- 14- The project proponent shall submit details of nearby water bodies and plan to ensure that these water bodies do not get polluted due to mining activity.
- 15- Along with the EIA-EMP report, PP / consultant will also submit in tabular form as to how they have addressed entire ToR while preparing draft EIA-EMP report for PH. Further, PP / consultant will submit in tabular form as to how they have addressed issues raised during public hearing and have incorporated the same in final EIA-EMP report. A presentation to this effect should be made before SEAC at the time of EIA-EMP presentation.
- 16- The project proponent shall submit along with EIA the details of School in the vicinity of project area in which rooftop solar plant, toilets will be constructed specially girl school under CER activities.
- 17- These TORs shall be subject to any order from any court/tribunal or any guidelines issued by MOEFCC.

13. Soil Mining Project) from Gata No.- 106, 54/2, 93, 165, 19/11, 102/2, Village Mainiya Mu. Mahua, Tehsil - Powanya, District- Shahjahanpur, U.P. (Area- 3.4310 ha),, 10004/SIA/UP/MIN/535954/2025

SEIAA opined to accept the recommendation of SEAC and grant EC to the said project along with all the general and specific conditions as suggested by SEAC taking into consideration discussion held in SEIAA meeting no. 597 dated 05.05.2022 regarding reply of SEAC-1 and SEAC-2 for compliance/action taken on TOR/Public hearing, adding following specific conditions:-

1. If in future during the progressive mining this lease area becomes part of cluster i.e. area equal to or more than 5 ha., limited to B-1 category, then additional conditions based on the EIA conducted by the concerned lease holders shall be imposed and joint EMP shall be implemented. The lease holder shall mandatorily follow all the imposed conditions otherwise it will amount to violation of E.C. conditions. If the certificate related to cluster provided by the competent authority is found false or

- incorrect then punitive actions as per the law shall be initiated against the authority issuing the cluster certificate.
2. Validity period of this EC is 6 months as the Lol has been issued for a period of 6 months and co-terminus with the validity of current mine plan and current lease period whichever is earlier after this period the EC will become null and void.
 3. The project proponent shall obtain permission from competent authority for felling of trees if required.
 4. The mining lease holders shall ensure to comply with mine reclamation plan as submitted.
 5. If the proposed project is situated in notified area of ground water extraction, where creation of new wells for ground water extraction is not allowed, requirement of fresh water shall be met from alternate legally valid water sources and permission from the competent authority shall be obtained to use it.
 6. Project Proponent should submit action plan for carrying out plantation at least @1,000 plants / ha of lease area. In this case, PP should prepare a plan, duly approved either by Forest Department or district plantation committee, for planting at least 4,000 plants, either on government land or community land, within a periphery of 5 km from the boundary of the lease area and will make provision for maintenance for 5 years.
 7. Also, the coordinates of area earmarked for plantation should be clearly spelt out and polygon should be attached and submitted within a month. Plantation of saplings shall be carried out in earmarked area as part of tree plantation campaign "Ek Ped Ma Ke Naam" and the details of the same shall be uploaded in the Meri LiFE Portal (<https://merilife.nic.in>) as per OM no. F.No.IA3-22/3/2024-IA.III (E-241594) dated 24.07.2024.
 8. Survival of plants should not be less than the survival rate notified by Uttar Pradesh Forest Department otherwise it will be treated as violation of EC condition.
 9. The project proponent shall ensure that water bodies do not get polluted due to mining activity.
 10. Department of Geology and Mines, Government of Uttar Pradesh and / or concerned district administration, before releasing the security deposit to Project Proponent will ensure that Project Proponent has fully complied with the EC conditions. Non-compliance, if any, should be reported to UPSPCB for appropriate legal action and recovery of compensation.
 11. Any application for transfer of this EC, during its validity period unless it is cancelled by a competent authority, has to be necessarily accompanied with status of compliance of EC conditions duly certified by IRO, MoEFCC, GoI, Lucknow.
 12. **Project Proponent shall submit the Six-monthly Compliance on the Environment Clearance condition prescribed in the Prior Environment Clearance letter as per MoEF&CC OM F.no- IAS-22/01/2022-IA-III (E-172624) Dated 14-06-2022.**
 13. This EC shall be subject to any order from any court/tribunal or any guidelines issued by MOEFCC.
 14. In case of violation of any EC conditions, this EC is liable to be cancelled based on report/recommendation of DM/IRO/UPPCB.
14. **Sand/ Morrum Mining from Yamuna Riverbed at Gata No.-169/9, Khand No.- 01, Village: Heerapur Divara, Tehsil: Kalpi, District: Jalaun, State: Uttar Pradesh (Lease Area: 15.0 Ha.), 10005/SIA/UP/MIN/536050/2025**

SEIAA noted that the above proposal has been appraised and recommended for grant of ToR by SEAC and the geo-coordinates proposed are as per approved DSR. As per

para 8(ii) of EIA notification 2006 -The regulatory authority shall normally accept the recommendations of the Expert Appraisal Committee or State Level Expert Appraisal Committee concerned. Updated DSR has been submitted and approved by SEIAA/SEAC. Hence in light of all these facts ToR is being granted to the title proposal for conducting EIA studies. SEIAA added following points to ToR-

- 1- The District Authorities have certified that this mine forms part of a cluster. Hence cluster EIA shall be submitted.
- 2- All pages of technical documents/EIA/EMP etc. should be signed by the consultant and project proponent both.
- 3- The address of the lease area and production per annum should match with that mentioned in DSR and Lol. In case there is any difference clarification/ amendment letter from competent authority shall be submitted along with EIA. EIA and public hearing shall be conducted as per EIA notification, 2006 (as amended) and the address of lease area and production per annum shall be as mentioned in DSR and Lol.
- 4- Latest KML file for the area and mining lease area should be provided.
- 5- Status of leases granted/to be granted in various mining khandas along with production since the formulation of DSR, duly certified by the competent authority should be submitted.
- 6- In case project proponent intends to temporarily store mined out material or any tools, equipment's or other material outside mine lease area then NOC from competent authority for doing so should be submitted and details of such area and associated Environmental impacts should be included in EIA-EMP report. This should also be clearly mentioned during public hearing.
- 7- Road network to be used by the project should be clearly shown on Survey of India topo sheet in 1:50,000 scale. In case road network involves forest road, permission should be obtained from Forest Department and a copy of the same should be submitted at the time of appraisal of EIA-EMP report.
- 8- The project proponent should clearly spell out whether it is a green field or brown field project. In case it is a brown field project and -
 - (i) If the earlier and present lease holder are same then compliance report of previous EC should be submitted.
 - (ii) If the earlier and present lease holder are different then environmental footprint of the site and mitigation measures should be included in EIA-EMP report.
- 9- In case of expansion / renewal of earlier EC, following information should be submitted
 - a. Status of compliance of earlier EC conditions by Integrated Regional Office, MoEFCC, GoI, Lucknow.
 - b. Copy of CTE and CTO issued by SPCB.
 - c. Status of submission of six-monthly compliance report to EC granted earlier
 - d. Court cases, if any.
- 10- Observations raised in public hearing, replies submitted by project proponent, suitable modifications carried out should be mentioned in EIA-EMP report.
- 11- DSR formulation is done by a sub-committee formed at District level and representative of Forest Department is a member in this sub-committee, so it is expected that they examine the issue of distance of forest area from the mining lease as well as distance of protected area from the mining lease. Hence, a certificate signed by an officer not below the rank of ACF shall be submitted along with EIA-

EMP that no forest land is involved in mining or as a route for mineral transportation and does not lie with-in any Protected area, National Park, Sanctuary and ESZ. If forest land is involved the project proponent shall obtain forest clearance and permission of Central and State Government as per the provisions of Van Sanrakshan evam Samvardhan Adhiniyam, 2023.

- 12- Project Proponent should submit action plan for carrying out plantation at least @1,000 plants / ha of lease area. In this case, PP should prepare a plan, duly approved either by Forest Department or Horticulture Department, for planting at least 15,000 plants, either on government land or community land, within a periphery of 5 km from the boundary of the lease area along with provision for maintenance for 5 years. Also, the coordinates of area earmarked for plantation should be clearly spelt in the EIA/EMP and polygon should be attached. Survival of plants below Uttar Pradesh Forest Department's survival rate will be treated as violation of EC condition.
- 13- The project proponent shall submit details of nearby water bodies and plan to ensure that these water bodies do not get polluted due to mining activity.
- 14- Along with the EIA-EMP report, PP / consultant will also submit in tabular form as to how they have addressed entire ToR while preparing draft EIA-EMP report for PH. Further, PP / consultant will submit in tabular form as to how they have addressed issues raised during public hearing and have incorporated the same in final EIA-EMP report. A presentation to this effect should be made before SEAC at the time of EIA-EMP presentation.
- 15- The project proponent shall submit along with EIA the details of School in the vicinity of project area in which rooftop solar plant, toilets will be constructed specially girl school under CER activities.
- 16- These TORs shall be subject to any order from any court/tribunal or any guidelines issued by MOEFCC.

15. Steel Melting Shop (Induction Furnace 4X30 Ton, LRF and CCM) and TMT Bar (3,45,708 TPA) at Arazi No – 1125, 1126, & 1113 Village-Chakki, Pargana-Kotiyaguneer, Post Malwan, Tehsil Bindki, District Fatehpur, Uttar Pradesh., 10006/SIA/UP/IND1/535370/2025

SEIAA noted that SEAC has recommended to grant EC to the above project. SEIAA gone through file and documents and observed that there is habitation in close vicinity of the proposed industry. Hence SEIAA opined that project proponent shall clarify and certify that there shall be no adverse effect on the health of population residing close to the proposed industry and also what steps are being proposed to mitigate any adverse impact.

16. Ordinary Soil Excavation Project at Gata No.- 947 mi, Village-Sudesha Badadurpur, Tehsil & District -Unnao, Uttar Pradesh., Area, 0.506 ha. 10007/SIA/UP/MIN/536255/2025

SEIAA opined to accept the recommendation of SEAC and grant EC to the said project along with all the general and specific conditions as suggested by SEAC taking into consideration discussion held in SEIAA meeting no. 597 dated 05.05.2022 regarding reply of SEAC-1 and SEAC-2 for compliance/action taken on TOR/Public hearing, adding following specific conditions:-

1. If in future during the progressive mining this lease area becomes part of cluster i.e. area equal to or more than 5 ha., limited to B-1 category, then additional conditions

based on the EIA conducted by the concerned lease holders shall be imposed and joint EMP shall be implemented. The lease holder shall mandatorily follow all the imposed conditions otherwise it will amount to violation of E.C. conditions. If the certificate related to cluster provided by the competent authority is found false or incorrect then punitive actions as per the law shall be initiated against the authority issuing the cluster certificate.

2. Validity period of this EC is 3 months as the Lol has been issued for a period of 3 months and co-terminus with the validity of current mine plan and current lease period whichever is earlier after this period the EC will become null and void.
3. The project proponent shall obtain permission from competent authority for felling of trees if required.
4. The mining lease holders shall ensure to comply with mine reclamation plan as submitted.
5. If the proposed project is situated in notified area of ground water extraction, where creation of new wells for ground water extraction is not allowed, requirement of fresh water shall be met from alternate legally valid water sources and permission from the competent authority shall be obtained to use it.
6. Project Proponent should submit action plan for carrying out plantation at least @1,000 plants / ha of lease area. In this case, PP should prepare a plan, duly approved either by Forest Department or district plantation committee, for planting at least 1,000 plants, either on government land or community land, within a periphery of 5 km from the boundary of the lease area and will make provision for maintenance for 5 years.
7. Also, the coordinates of area earmarked for plantation should be clearly spelt out and polygon should be attached and submitted within a month. Plantation of saplings shall be carried out in earmarked area as part of tree plantation campaign "Ek Ped Ma Ke Naam" and the details of the same shall be uploaded in the Meri LiFE Portal (<https://merilife.nic.in>) as per OM no. F.No.IA3-22/3/2024-IA.III (E-241594) dated 24.07.2024.
8. Survival of plants should not be less than the survival rate notified by Uttar Pradesh Forest Department otherwise it will be treated as violation of EC condition.
9. The project proponent shall ensure that water bodies do not get polluted due to mining activity.
10. Department of Geology and Mines, Government of Uttar Pradesh and / or concerned district administration, before releasing the security deposit to Project Proponent will ensure that Project Proponent has fully complied with the EC conditions. Non-compliance, if any, should be reported to UPSPCB for appropriate legal action and recovery of compensation.
11. Any application for transfer of this EC, during its validity period unless it is cancelled by a competent authority, has to be necessarily accompanied with status of compliance of EC conditions duly certified by IRO, MoEFCC, GoI, Lucknow.
12. **Project Proponent shall submit the Compliance on the Environment Clearance condition prescribed in the Prior Environment Clearance letter as per MoEF&CC OM F.no- IAS-22/01/2022-IA-III (E-172624) Dated 14-06-2022.**
13. This EC shall be subject to any order from any court/tribunal or any guidelines issued by MOEFCC.
14. In case of violation of any EC conditions, this EC is liable to be cancelled based on report/recommendation of DM/IRO/UPPCB.

17. Sand Mining Project, located on river bed of Yamuna River) at Gata No.- 110ख, 111ख, 122, 123, 124क, Village– Samauli Khadar, Tehsil- Mat, District-Mathura, Uttar Pradesh.at of Shri Ram Naresh Nishad, (Area-7.7320 ha),. 10008/SIA/UP/MIN/536352/2025

SEIAA noted that the above proposal has been appraised and recommended for grant of ToR by SEAC and the geo-coordinates proposed are as per approved DSR. As per para 8(ii) of EIA notification 2006 -The regulatory authority shall normally accept the recommendations of the Expert Appraisal Committee or State Level Expert Appraisal Committee concerned. Updated DSR has been submitted and approved by SEIAA/SEAC. Hence in light of all these facts ToR is being granted to the title proposal for conducting EIA studies. SEIAA added following points to ToR-

- 1- All pages of technical documents/EIA/EMP etc. should be signed by the consultant and project proponent both.
- 2- The address of the lease area and production per annum should match with that mentioned in DSR and Lol. In case there is any difference clarification/ amendment letter from competent authority shall be submitted along with EIA. EIA and public hearing shall be conducted as per EIA notification, 2006 (as amended) and the address of lease area and production per annum shall be as mentioned in DSR and Lol.
- 3- Latest KML file for the area and mining lease area should be provided.
- 4- Status of leases granted/to be granted in various mining khands along with production since the formulation of DSR, duly certified by the competent authority should be submitted.
- 5- In case project proponent intends to temporarily store mined out material or any tools, equipment's or other material outside mine lease area then NOC from competent authority for doing so should be submitted and details of such area and associated Environmental impacts should be included in EIA-EMP report. This should also be clearly mentioned during public hearing.
- 6- Road network to be used by the project should be clearly shown on Survey of India topo sheet in 1:50,000 scale. In case road network involves forest road, permission should be obtained from Forest Department and a copy of the same should be submitted at the time of appraisal of EIA-EMP report.
- 7- The project proponent should clearly spell out whether it is a green field or brown field project. In case it is a brown field project and -
 - (i) If the earlier and present lease holder are same then compliance report of previous EC should be submitted.
 - (ii) If the earlier and present lease holder are different then environmental footprint of the site and mitigation measures should be included in EIA-EMP report.
- 8- In case of expansion / renewal of earlier EC, following information should be submitted
 - a. Status of compliance of earlier EC conditions by Integrated Regional Office, MoEFCC, GoI, Lucknow.
 - b. Copy of CTE and CTO issued by SPCB.
 - c. Status of submission of six-monthly compliance report to EC granted earlier
 - d. Court cases, if any.
- 9- Observations raised in public hearing, replies submitted by project proponent, suitable modifications carried out should be mentioned in EIA-EMP report.

- 10- DSR formulation is done by a sub-committee formed at District level and representative of Forest Department is a member in this sub-committee, so it is expected that they examine the issue of distance of forest area from the mining lease as well as distance of protected area from the mining lease. Hence, a certificate signed by an officer not below the rank of ACF shall be submitted along with EIA-EMP that no forest land is involved in mining or as a route for mineral transportation and does not lie within any Protected area, National Park, Sanctuary and ESZ. If forest land is involved the project proponent shall obtain forest clearance and permission of Central and State Government as per the provisions of Van Sanrakshan evam Samvardhan Adhiniyam, 2023.
- 11- Project Proponent should submit action plan for carrying out plantation at least @1,000 plants / ha of lease area. In this case, PP should prepare a plan, duly approved either by Forest Department or Horticulture Department, for planting at least 8,000 plants, either on government land or community land, within a periphery of 5 km from the boundary of the lease area along with provision for maintenance for 5 years. Also, the coordinates of area earmarked for plantation should be clearly spelt in the EIA/EMP and polygon should be attached. Survival of plants below Uttar Pradesh Forest Department's survival rate will be treated as violation of EC condition.
- 12- The project proponent shall submit details of nearby water bodies and plan to ensure that these water bodies do not get polluted due to mining activity.
- 13- Along with the EIA-EMP report, PP / consultant will also submit in tabular form as to how they have addressed entire ToR while preparing draft EIA-EMP report for PH. Further, PP / consultant will submit in tabular form as to how they have addressed issues raised during public hearing and have incorporated the same in final EIA-EMP report. A presentation to this effect should be made before SEAC at the time of EIA-EMP presentation.
- 14- The project proponent shall submit along with EIA the details of School in the vicinity of project area in which rooftop solar plant, toilets will be constructed specially girl school under CER activities.
- 15- These TORs shall be subject to any order from any court/tribunal or any guidelines issued by MOEFCC.
- 18. Sand/Morrum Mining Project along Yamuna Riverbed in Gata No 169/9, 170/1, Khand No -03, Village- Heerapur Divara, Tehsil- Kalpi, Distt- Jalaun, U.P., Area- 15.00 ha., 10009/SIA/UP/MIN/536473/2025**

SEIAA noted that the above proposal has been appraised and recommended for grant of ToR by SEAC and the geo-coordinates proposed are as per approved DSR. As per para 8(ii) of EIA notification 2006 -The regulatory authority shall normally accept the recommendations of the Expert Appraisal Committee or State Level Expert Appraisal Committee concerned. Updated DSR has been submitted and approved by SEIAA/SEAC. Hence in light of all these facts ToR is being granted to the title proposal for conducting EIA studies. SEIAA added following points to ToR-

- 1- The District Authorities have certified that this mine forms part of a cluster. Hence cluster EIA shall be submitted.
- 2- The project proponent shall submit an undertaking that mining shall not be done if area is submerged in water.
- 3- All pages of technical documents/EIA/EMP etc. should be signed by the consultant and project proponent both.

- 4- The address of the lease area and production per annum should match with that mentioned in DSR and LoI. In case there is any difference clarification/ amendment letter from competent authority shall be submitted along with EIA. EIA and public hearing shall be conducted as per EIA notification, 2006 (as amended) and the address of lease area and production per annum shall be as mentioned in DSR and LoI.
- 5- Latest KML file for the area and mining lease area should be provided.
- 6- Status of leases granted/to be granted in various mining khands along with production since the formulation of DSR, duly certified by the competent authority should be submitted.
- 7- In case project proponent intends to temporarily store mined out material or any tools, equipment's or other material outside mine lease area then NOC from competent authority for doing so should be submitted and details of such area and associated Environmental impacts should be included in EIA-EMP report. This should also be clearly mentioned during public hearing.
- 8- Road network to be used by the project should be clearly shown on Survey of India topo sheet in 1:50,000 scale. In case road network involves forest road, permission should be obtained from Forest Department and a copy of the same should be submitted at the time of appraisal of EIA-EMP report.
- 9- The project proponent should clearly spell out whether it is a green field or brown field project. In case it is a brown field project and -
 - (i) If the earlier and present lease holder are same then compliance report of previous EC should be submitted.
 - (ii) If the earlier and present lease holder are different then environmental footprint of the site and mitigation measures should be included in EIA-EMP report.
- 10- In case of expansion / renewal of earlier EC, following information should be submitted
 - a. Status of compliance of earlier EC conditions by Integrated Regional Office, MoEFCC, GoI, Lucknow.
 - b. Copy of CTE and CTO issued by SPCB.
 - c. Status of submission of six-monthly compliance report to EC granted earlier
 - d. Court cases, if any.
- 11- Observations raised in public hearing, replies submitted by project proponent, suitable modifications carried out should be mentioned in EIA-EMP report.
- 12- DSR formulation is done by a sub-committee formed at District level and representative of Forest Department is a member in this sub-committee, so it is expected that they examine the issue of distance of forest area from the mining lease as well as distance of protected area from the mining lease. Hence, a certificate signed by an officer not below the rank of ACF shall be submitted along with EIA-EMP that no forest land is involved in mining or as a route for mineral transportation and does not lie with-in any Protected area, National Park, Sanctuary and ESZ. If forest land is involved the project proponent shall obtain forest clearance and permission of Central and State Government as per the provisions of Van Sanrakshan evam Samvardhan Adhiniyam, 2023.
- 13- Project Proponent should submit action plan for carrying out plantation at least @1,000 plants / ha of lease area. In this case, PP should prepare a plan, duly approved either by Forest Department or Horticulture Department, for planting at least 15,000 plants, either on government land or community land, within a

periphery of 5 km from the boundary of the lease area along with provision for maintenance for 5 years. Also, the coordinates of area earmarked for plantation should be clearly spelt in the EIA/EMP and polygon should be attached. Survival of plants below Uttar Pradesh Forest Department's survival rate will be treated as violation of EC condition.

- 14- The project proponent shall submit details of nearby water bodies and plan to ensure that these water bodies do not get polluted due to mining activity.
- 15- Along with the EIA-EMP report, PP / consultant will also submit in tabular form as to how they have addressed entire ToR while preparing draft EIA-EMP report for PH. Further, PP / consultant will submit in tabular form as to how they have addressed issues raised during public hearing and have incorporated the same in final EIA-EMP report. A presentation to this effect should be made before SEAC at the time of EIA-EMP presentation.
- 16- The project proponent shall submit along with EIA the details of School in the vicinity of project area in which rooftop solar plant, toilets will be constructed specially girl school under CER activities.
- 17- These TORs shall be subject to any order from any court/tribunal or any guidelines issued by MOEFCC.

19. "Sand/Morrum Mine" from Riverbed of Ken River, Village- Jarar, Gata No.- 851, 866, 867, 869, 872 & 876, Tehsil- Naraini, District- Banda, Uttar Pradesh, Project Proponent- Shri Sulabh Saxena, Area- 8.00 ha., 10010/SIA/UP/MIN/536483/2025.

SEIAA noted that the above proposal has been appraised and recommended for grant of ToR by SEAC and the geo-coordinates proposed are as per approved DSR. As per para 8(ii) of EIA notification 2006 -The regulatory authority shall normally accept the recommendations of the Expert Appraisal Committee or State Level Expert Appraisal Committee concerned. Updated DSR has been submitted and approved by SEIAA/SEAC. Hence in light of all these facts ToR is being granted to the title proposal for conducting EIA studies. SEIAA added following points to ToR-

- 1- The project proponent shall submit latest drone videography at the time of EIA.
- 2- All pages of technical documents/EIA/EMP etc. should be signed by the consultant and project proponent both.
- 3- The address of the lease area and production per annum should match with that mentioned in DSR and Lol. In case there is any difference clarification/ amendment letter from competent authority shall be submitted along with EIA. EIA and public hearing shall be conducted as per EIA notification, 2006 (as amended) and the address of lease area and production per annum shall be as mentioned in DSR and Lol.
- 4- Latest KML file for the area and mining lease area should be provided.
- 5- Status of leases granted/to be granted in various mining khands along with production since the formulation of DSR, duly certified by the competent authority should be submitted.
- 6- In case project proponent intends to temporarily store mined out material or any tools, equipment's or other material outside mine lease area then NOC from competent authority for doing so should be submitted and details of such area and associated Environmental impacts should be included in EIA-EMP report. This should also be clearly mentioned during public hearing.
- 7- Road network to be used by the project should be clearly shown on Survey of India topo sheet in 1:50,000 scale. In case road network involves forest road, permission

- should be obtained from Forest Department and a copy of the same should be submitted at the time of appraisal of EIA-EMP report.
- 8- The project proponent should clearly spell out whether it is a green field or brown field project. In case it is a brown field project and -
- (i) If the earlier and present lease holder are same then compliance report of previous EC should be submitted.
 - (ii) If the earlier and present lease holder are different then environmental footprint of the site and mitigation measures should be included in EIA-EMP report.
- 9- In case of expansion / renewal of earlier EC, following information should be submitted
- a. Status of compliance of earlier EC conditions by Integrated Regional Office, MoEFCC, GoI, Lucknow.
 - b. Copy of CTE and CTO issued by SPCB.
 - c. Status of submission of six-monthly compliance report to EC granted earlier
 - d. Court cases, if any.
- 10- Observations raised in public hearing, replies submitted by project proponent, suitable modifications carried out should be mentioned in EIA-EMP report.
- 11- DSR formulation is done by a sub-committee formed at District level and representative of Forest Department is a member in this sub-committee, so it is expected that they examine the issue of distance of forest area from the mining lease as well as distance of protected area from the mining lease. Hence, a certificate signed by an officer not below the rank of ACF shall be submitted along with EIA-EMP that no forest land is involved in mining or as a route for mineral transportation and does not lie within any Protected area, National Park, Sanctuary and ESZ. If forest land is involved the project proponent shall obtain forest clearance and permission of Central and State Government as per the provisions of Van Sanrakshan evam Samvardhan Adhiniyam, 2023.
- 12- Project Proponent should submit action plan for carrying out plantation at least @1,000 plants / ha of lease area. In this case, PP should prepare a plan, duly approved either by Forest Department or Horticulture Department, for planting at least 8,000 plants, either on government land or community land, within a periphery of 5 km from the boundary of the lease area along with provision for maintenance for 5 years. Also, the coordinates of area earmarked for plantation should be clearly spelt in the EIA/EMP and polygon should be attached. Survival of plants below Uttar Pradesh Forest Department's survival rate will be treated as violation of EC condition.
- 13- The project proponent shall submit details of nearby water bodies and plan to ensure that these water bodies do not get polluted due to mining activity.
- 14- Along with the EIA-EMP report, PP / consultant will also submit in tabular form as to how they have addressed entire ToR while preparing draft EIA-EMP report for PH. Further, PP / consultant will submit in tabular form as to how they have addressed issues raised during public hearing and have incorporated the same in final EIA-EMP report. A presentation to this effect should be made before SEAC at the time of EIA-EMP presentation.
- 15- The project proponent shall submit along with EIA the details of School in the vicinity of project area in which rooftop solar plant, toilets will be constructed specially girl school under CER activities.

- 16- Number of mining projects are coming up in district. Department of Geology & Mines, GoUP to carry out regional EIA-EMP report including carrying capacity of environmental components to assess the capacity to further bear the pollution load for such areas within a period of 1 year and submit the same to SEIAA, UP for evaluation.
- 17- Department of Geology & Mines, GoUP in consultation with UPSPCB will establish required number of CAAQMS in district within a period of one year and submit geo-referenced map of these stations along with data. Details of existing CAAQMS, if any, be submitted within a period of three months.
- 18- These TORs shall be subject to any order from any court/tribunal or any guidelines issued by MOEFCC.

20. Sand/Morrum Mining” along riverbed of Yamuna River at Gata No.-138, at Village- Bichhawali Kachhar, Tehsil -Sikandara, District- Kanpur Dehat, Uttar Pradesh of Shri Ajay Chandak, Area-24.24 ha., 10011/SIA/UP/MIN/536417/2025.

SEIAA noted that the above proposal has been appraised and recommended for grant of ToR by SEAC and the geo-coordinates proposed are as per approved DSR. As per para 8(ii) of EIA notification 2006 -The regulatory authority shall normally accept the recommendations of the Expert Appraisal Committee or State Level Expert Appraisal Committee concerned. Updated DSR has been submitted and approved by SEIAA/SEAC. Hence in light of all these facts ToR is being granted to the title proposal for conducting EIA studies. SEIAA added following points to ToR-

- 1- The project proponent shall submit latest drone videography at the time of EIA.
- 2- All pages of technical documents/EIA/EMP etc. should be signed by the consultant and project proponent both.
- 3- The address of the lease area and production per annum should match with that mentioned in DSR and Lol. In case there is any difference clarification/ amendment letter from competent authority shall be submitted along with EIA. EIA and public hearing shall be conducted as per EIA notification, 2006 (as amended) and the address of lease area and production per annum shall be as mentioned in DSR and Lol.
- 4- Latest KML file for the area and mining lease area should be provided.
- 5- Status of leases granted/to be granted in various mining khands along with production since the formulation of DSR, duly certified by the competent authority should be submitted.
- 6- In case project proponent intends to temporarily store mined out material or any tools, equipment's or other material outside mine lease area then NOC from competent authority for doing so should be submitted and details of such area and associated Environmental impacts should be included in EIA-EMP report. This should also be clearly mentioned during public hearing.
- 7- Road network to be used by the project should be clearly shown on Survey of India topo sheet in 1:50,000 scale. In case road network involves forest road, permission should be obtained from Forest Department and a copy of the same should be submitted at the time of appraisal of EIA-EMP report.
- 8- The project proponent should clearly spell out whether it is a green field or brown field project. In case it is a brown field project and -
 - (i) If the earlier and present lease holder are same then compliance report of previous EC should be submitted.

- (ii) If the earlier and present lease holder are different then environmental footprint of the site and mitigation measures should be included in EIA-EMP report.
- 9- In case of expansion / renewal of earlier EC, following information should be submitted
- a. Status of compliance of earlier EC conditions by Integrated Regional Office, MoEFCC, GoI, Lucknow.
 - b. Copy of CTE and CTO issued by SPCB.
 - c. Status of submission of six-monthly compliance report to EC granted earlier
 - d. Court cases, if any.
- 10- Observations raised in public hearing, replies submitted by project proponent, suitable modifications carried out should be mentioned in EIA-EMP report.
- 11- DSR formulation is done by a sub-committee formed at District level and representative of Forest Department is a member in this sub-committee, so it is expected that they examine the issue of distance of forest area from the mining lease as well as distance of protected area from the mining lease. Hence, a certificate signed by an officer not below the rank of ACF shall be submitted along with EIA-EMP that no forest land is involved in mining or as a route for mineral transportation and does not lie within any Protected area, National Park, Sanctuary and ESZ. If forest land is involved the project proponent shall obtain forest clearance and permission of Central and State Government as per the provisions of Van Sanrakshan evam Samvardhan Adhiniyam, 2023.
- 12- Project Proponent should submit action plan for carrying out plantation at least @1,000 plants / ha of lease area. In this case, PP should prepare a plan, duly approved either by Forest Department or Horticulture Department, for planting at least 25,000 plants, either on government land or community land, within a periphery of 5 km from the boundary of the lease area along with provision for maintenance for 5 years. Also, the coordinates of area earmarked for plantation should be clearly spelt in the EIA/EMP and polygon should be attached. Survival of plants below Uttar Pradesh Forest Department's survival rate will be treated as violation of EC condition.
- 13- The project proponent shall submit details of nearby water bodies and plan to ensure that these water bodies do not get polluted due to mining activity.
- 14- Along with the EIA-EMP report, PP / consultant will also submit in tabular form as to how they have addressed entire ToR while preparing draft EIA-EMP report for PH. A presentation to this effect should be made before SEAC at the time of EIA-EMP presentation.
- 15- The project proponent shall submit along with EIA the details of School in the vicinity of project area in which rooftop solar plant, toilets will be constructed specially girl school under CER activities.
- 16- These TORs shall be subject to any order from any court/tribunal or any guidelines issued by MOEFCC.

23. Granite, Khanda, Boulder, Ballast Mine at Gata No 669mi, Khand No. 44, Area 2.428 ha in Village- Khailar, Tehsil- Sadar, District- Jhansi, Uttar Pradesh of Shri Harsh Yadav., 10014/SIA/UP/MIN/484207/2024

SEIAA noted that the above proposal has been appraised and recommended for grant of ToR by SEAC and the geo-coordinates proposed are as per approved DSR. As per para 8(ii) of EIA notification 2006 -The regulatory authority shall normally accept the recommendations of the Expert Appraisal Committee or State Level Expert Appraisal Committee concerned. Updated DSR has been submitted and approved by SEIAA/SEAC. Hence in light of all these facts ToR is being granted to the title proposal for conducting EIA studies. SEIAA added following points to ToR-

- 1- The project proponent shall submit plans for filling of void along with EIA.
- 2- All pages of technical documents/EIA/EMP etc. should be signed by the consultant and project proponent both.
- 3- The address of the lease area and production per annum should match with that mentioned in DSR and LoI. In case there is any difference clarification/ amendment letter from competent authority shall be submitted along with EIA. EIA and public hearing shall be conducted as per EIA notification, 2006 (as amended) and the address of lease area and production per annum shall be as mentioned in DSR and LoI.
- 4- Detailed Mine Reclamation plan and Plan for using the mine void for productive use in consultation with local administration and gram-panchayat should be submitted along with EIA-EMP.
- 5- **The project proponent shall submit permission of CGWA for using ground water or submit proposal for obtaining water from alternative legal source of fresh water along with EIA-EMP.**
- 6- Latest KML file for the area and mining lease area should be provided.
- 7- Status of leases granted/to be granted in various mining khands along with production since the formulation of DSR, duly certified by the competent authority should be submitted.
- 8- In case project proponent intends to temporarily store mined out material or any tools, equipment or other material outside mine lease area then NOC from competent authority for doing so should be submitted and details of such area and associated Environmental impacts should be included in EIA-EMP report. This should also be clearly mentioned during public hearing.

- 9- Road network to be used by the project should be clearly shown on Survey of India toposheet in 1:50,000 scale. In case road network involves forest road, permission should be obtained from Forest Department and a copy of the same should be submitted at the time of appraisal of EIA-EMP report.
- 10- The project proponent should clearly spell out whether it is a green field or brown field project. In case it is a brown field project and -
 - (i) If the earlier and present lease holder are same then compliance report of previous EC should be submitted.
 - (ii) If the earlier and present lease holder are different then environmental footprint of the site and mitigation measures should be included in EIA-EMP report.
- 11- In case of expansion / renewal of earlier EC, following information should be submitted
 - a. Status of compliance of earlier EC conditions by Integrated Regional Office, MoEFCC, GoI, Lucknow.
 - b. Copy of CTE and CTO issued by SPCB.
 - c. Status of submission of six-monthly compliance report to EC granted earlier
 - d. Court cases, if any.
- 12- Observations raised in public hearing, replies submitted by project proponent, suitable modifications carried out should be mentioned in EIA-EMP report.
- 13- DSR formulation is done by a sub-committee formed at District level and representative of Forest Department is a member in this sub-committee, so it is expected that they examine the issue of distance of forest area from the mining lease as well as distance of protected area from the mining lease. Hence, a certificate signed by an officer not below the rank of ACF shall be submitted along with EIA-EMP that no forest land is involved in mining or as a route for mineral transportation and does not lie within any Protected area, National Park, Sanctuary and ESZ. If forest land is involved the project proponent shall obtain forest clearance and permission of Central and State Government as per the provisions of Van Sanrakshan evam Samvardhan Adhiniyam, 2023.
- 14- Project Proponent should submit action plan for carrying out plantation at least @1,000 plants / ha of lease area. In this case, PP should prepare a plan, duly approved either by Forest Department or Horticulture Department, for planting at least 3,000 plants, either on government land or community land, within a periphery of 5 km from the boundary of the lease area along with provision for maintenance for 5 years. Also, the coordinates of area earmarked for plantation should be clearly spelt in the EIA/EMP and polygon should be attached. Survival of plants below Uttar Pradesh Forest Department's survival rate will be treated as violation of EC condition.
- 15- The project proponent shall submit details of nearby water bodies and plan to ensure that these water bodies do not get polluted due to mining activity.
- 16- Along with the EIA-EMP report, PP / consultant will also submit in tabular form as to how they have addressed entire ToR while preparing draft EIA-EMP report for PH. Further, PP / consultant will submit in tabular form as to how they have addressed issues raised during public hearing and have incorporated the same in final EIA-EMP report. A presentation to this effect should be made before SEAC at the time of EIA-EMP presentation.
- 17- The project proponent shall submit along with EIA the details of School in the vicinity of project area in which rooftop solar plant, toilets will be constructed specially girl

school under CER activities.

18- These TORs shall be subject to any order from any court/tribunal or any guidelines issued by MOEFCC.

24. Building Stone or Granite Khanda, Boulder, Ballast (Gitty) Mine in Gata no.- 339 (Khand No. 38) Village- Daharra, Tehsil- Sadar & District- Mahoba, State- Uttar Pradesh, M/s V.R. Infrabuild India Pvt. Ltd. (Total Area- 1.619 Ha)., 8189/SIA/UP/MIN/440122/2023

SEIAA noted the comments of SEAC.

25. Sand/Morrum Mine From Riverbed of Yamuna River Gata No.- Part of 50/2k, 52/1, 53, 55, Part of 56, 58, 59 & Part of 60 /1/3, Village- Sadimadanpur, Tehsil- Pailani, District- Banda, Uttar Pradesh, (Total Area- 17.50 Ha.), 8188/SIA/UP/MIN/442240/2023.

SEIAA noted that the above proposal has been appraised and recommended for grant of ToR by SEAC. SEIAA gone through file and documents and observed that in the MoM, it is mentioned that a corrigendum has been issued by the District Magistrate office, Banda regarding the Gata no. in the DSR but letter no. and date has not been mentioned. The letter also not uploaded online. Hence SEIAA opined to refer back the case to SEAC for review and clarification.

26. Building Stone (Khanda-Boulder/GittiBallast), mining at Gata No.- 669, Khand No. 33, Villager- Khailar, Tehsil- Sadar, District- Jhansi, Uttar Pradesh, Project Proponent- Shri Rajkumar Parecha, Area- 2.023 Ha., 8234/6575/SIA/UP/MIN/441321/2023.

SEIAA examined the case and observed that the LOI in the case was issued on 06/02/2021. SEIAA observed inordinate delays in the case. Chronology of the project is as follows:

- LOI in the case was issued on 06/02/2021.
- Application for TOR was submitted on Parivesh Portal on -17/09/2021.
- The Terms of Reference in the matter were issued by SEIAA, U.P vide Letter No. 482/Parya/SEIAA/ 6575/2021, dated 21/03/2022.
- The Public Hearing was organized on 24/05/2022.
- Final EIA report was submitted by the project proponent on 11/09/2023.
- The project was earlier listed in SEAC meeting dated 06.10.2023 and 15.02.2024 in which the project proponent/consultant did not appear.

SEIAA opined to send the chronology to DGM for necessary action and for taking action as per relevant rules. SEIAA also decided to refer the whole matter back to mining department and seek their view before proceeding with the case.

Agenda-B-Minutes of 941st SEAC-1 Meeting Dated 20/05/2025

1. Sand/Moram Mining at Yamuna River Bed, Khand No.-A-11,Gata No.-250mi,249, 239mi, 240mi ,241mi ,227mi, 229mi, 219mi, 212mi, 220mi, 225mi, 222, 221, 224, 223, 226, 244, 245, 242, 252part, 253, 256, 251mi, 243, 246, 248, 247, Area – 25.00 Ha ,Village- Adhawal, Tehsil &, District-Fatehpur, U.P., 10015/SIA/UP/MIN/536638/2025

SEIAA noted that the above proposal has been appraised and recommended for grant of ToR by SEAC and the geo-coordinates proposed are as per approved DSR. As per para 8(ii) of EIA notification2006 -The regulatory authority shall normally accept the recommendations of the Expert Appraisal Committee or State Level Expert Appraisal Committee concerned. Updated DSR has been submitted and approved by SEIAA/SEAC.

Hence in light of all these facts ToR is being granted to the title proposal for conducting EIA studies. SEIAA added following points to ToR-

- 1- The project proponent shall submit latest drone videography at the time of EIA.
- 2- All pages of technical documents/EIA/EMP etc. should be signed by the consultant and project proponent both.
- 3- The address of the lease area and production per annum should match with that mentioned in DSR and Lol. In case there is any difference clarification/ amendment letter from competent authority shall be submitted along with EIA. EIA and public hearing shall be conducted as per EIA notification, 2006 (as amended) and the address of lease area and production per annum shall be as mentioned in DSR and Lol.
- 4- Latest KML file for the area and mining lease area should be provided.
- 5- Status of leases granted/to be granted in various mining khands along with production since the formulation of DSR, duly certified by the competent authority should be submitted.
- 6- In case project proponent intends to temporarily store mined out material or any tools, equipment's or other material outside mine lease area then NOC from competent authority for doing so should be submitted and details of such area and associated Environmental impacts should be included in EIA-EMP report. This should also be clearly mentioned during public hearing.
- 7- Road network to be used by the project should be clearly shown on Survey of India topo sheet in 1:50,000 scale. In case road network involves forest road, permission should be obtained from Forest Department and a copy of the same should be submitted at the time of appraisal of EIA-EMP report.
- 8- The project proponent should clearly spell out whether it is a green field or brown field project. In case it is a brown field project and -
 - (i) If the earlier and present lease holder are same then compliance report of previous EC should be submitted.
 - (ii) If the earlier and present lease holder are different then environmental footprint of the site and mitigation measures should be included in EIA-EMP report.
- 9- In case of expansion / renewal of earlier EC, following information should be submitted
 - a. Status of compliance of earlier EC conditions by Integrated Regional Office, MoEFCC, Gol, Lucknow.
 - b. Copy of CTE and CTO issued by SPCB.
 - c. Status of submission of six-monthly compliance report to EC granted earlier
 - d. Court cases, if any.
- 10- Observations raised in public hearing, replies submitted by project proponent, suitable modifications carried out should be mentioned in EIA-EMP report.
- 11- DSR formulation is done by a sub-committee formed at District level and representative of Forest Department is a member in this sub-committee, so it is expected that they examine the issue of distance of forest area from the mining lease as well as distance of protected area from the mining lease. Hence, a certificate signed by an officer not below the rank of ACF shall be submitted along with EIA-EMP that no forest land is involved in mining or as a route for mineral transportation and does not lie with-in any Protected area, National Park, Sanctuary and ESZ. If forest land is involved the project proponent shall obtain forest clearance and

permission of Central and State Government as per the provisions of Van Sanrakshan evam Samvardhan Adhiniyam, 2023.

- 12- Project Proponent should submit action plan for carrying out plantation at least @1,000 plants / ha of lease area. In this case, PP should prepare a plan, duly approved either by Forest Department or Horticulture Department, for planting at least 25,000 plants, either on government land or community land, within a periphery of 5 km from the boundary of the lease area along with provision for maintenance for 5 years. Also, the coordinates of area earmarked for plantation should be clearly spelt in the EIA/EMP and polygon should be attached. Survival of plants below Uttar Pradesh Forest Department's survival rate will be treated as violation of EC condition.
- 13- The project proponent shall submit details of nearby water bodies and plan to ensure that these water bodies do not get polluted due to mining activity.
- 14- Along with the EIA-EMP report, PP / consultant will also submit in tabular form as to how they have addressed entire ToR while preparing draft EIA-EMP report for PH. Further, PP / consultant will submit in tabular form as to how they have addressed issues raised during public hearing and have incorporated the same in final EIA-EMP report. A presentation to this effect should be made before SEAC at the time of EIA-EMP presentation.
- 15- The project proponent shall submit along with EIA the details of School in the vicinity of project area in which rooftop solar plant, toilets will be constructed specially girl school under CER activities.
- 16- These TORs shall be subject to any order from any court/tribunal or any guidelines issued by MOEFCC.

2. "Building Stone or Khanda, Gitti, Boulder Mining Project" at Gata No. 201, Khand No.1, Village: Khairo, Tehsil: Garautha, District: Jhansi, State: Uttar Pradesh (Lease Area: 2.023 Ha), 10016/SIA/UP/MIN/535778/2025

SEIAA noted that the above proposal has been appraised and recommended for grant of ToR by SEAC and the geo-coordinates proposed are as per approved DSR. As per para 8(ii) of EIA notification 2006 -The regulatory authority shall normally accept the recommendations of the Expert Appraisal Committee or State Level Expert Appraisal Committee concerned. Updated DSR has been submitted and approved by SEIAA/SEAC. Hence in light of all these facts ToR is being granted to the title proposal for conducting EIA studies. SEIAA added following points to ToR-

- 1- All pages of technical documents/EIA/EMP etc. should be signed by the consultant and project proponent both.
- 2- The address of the lease area and production per annum should match with that mentioned in DSR and Lol. In case there is any difference clarification/ amendment letter from competent authority shall be submitted along with EIA. EIA and public hearing shall be conducted as per EIA notification, 2006 (as amended) and the address of lease area and production per annum shall be as mentioned in DSR and Lol.
- 3- Detailed Mine Reclamation plan and Plan for using the mine void for productive use in consultation with local administration and gram-panchayat should be submitted along with EIA-EMP.
- 4- **The project proponent shall submit permission of CGWA for using ground water or submit proposal for obtaining water from alternative legal source of fresh water along with EIA-EMP.**

- 5- Latest KML file for the area and mining lease area should be provided.
- 6- Status of leases granted/to be granted in various mining khands along with production since the formulation of DSR, duly certified by the competent authority should be submitted.
- 7- In case project proponent intends to temporarily store mined out material or any tools, equipments or other material outside mine lease area then NOC from competent authority for doing so should be submitted and details of such area and associated Environmental impacts should be included in EIA-EMP report. This should also be clearly mentioned during public hearing.
- 8- Road network to be used by the project should be clearly shown on Survey of India toposheet in 1:50,000 scale. In case road network involves forest road, permission should be obtained from Forest Department and a copy of the same should be submitted at the time of appraisal of EIA-EMP report.
- 9- The project proponent should clearly spell out whether it is a green field or brown field project. In case it is a brown field project and -
 - (i) If the earlier and present lease holder are same then compliance report of previous EC should be submitted.
 - (ii) If the earlier and present lease holder are different then environmental footprint of the site and mitigation measures should be included in EIA-EMP report.
- 10- In case of expansion / renewal of earlier EC, following information should be submitted
 - a. Status of compliance of earlier EC conditions by Integrated Regional Office, MoEFCC, GoI, Lucknow.
 - b. Copy of CTE and CTO issued by SPCB.
 - c. Status of submission of six-monthly compliance report to EC granted earlier
 - d. Court cases, if any.
- 11- Observations raised in public hearing, replies submitted by project proponent, suitable modifications carried out should be mentioned in EIA-EMP report.
- 12- DSR formulation is done by a sub-committee formed at District level and representative of Forest Department is a member in this sub-committee, so it is expected that they examine the issue of distance of forest area from the mining lease as well as distance of protected area from the mining lease. Hence, a certificate signed by an officer not below the rank of ACF shall be submitted along with EIA-EMP that no forest land is involved in mining or as a route for mineral transportation and does not lie with-in any Protected area, National Park, Sanctuary and ESZ. If forest land is involved the project proponent shall obtain forest clearance and permission of Central and State Government as per the provisions of Van Sanrakshan evam Samvardhan Adhiniyam, 2023.
- 13- Project Proponent should submit action plan for carrying out plantation at least @1,000 plants / ha of lease area. In this case, PP should prepare a plan, duly approved either by Forest Department or Horticulture Department, for planting at least 3,000 plants, either on government land or community land, within a periphery of 5 km from the boundary of the lease area along with provision for maintenance for 5 years. Also, the coordinates of area earmarked for plantation should be clearly spelt in the EIA/EMP and polygon should be attached. Survival of plants below Uttar Pradesh Forest Department's survival rate will be treated as violation of EC condition.

- 14- The project proponent shall submit details of nearby water bodies and plan to ensure that these water bodies do not get polluted due to mining activity.
- 15- Along with the EIA-EMP report, PP / consultant will also submit in tabular form as to how they have addressed entire ToR while preparing draft EIA-EMP report for PH. Further, PP / consultant will submit in tabular form as to how they have addressed issues raised during public hearing and have incorporated the same in final EIA-EMP report. A presentation to this effect should be made before SEAC at the time of EIA-EMP presentation.
- 16- The project proponent shall submit along with EIA the details of School in the vicinity of project area in which rooftop solar plant, toilets will be constructed specially girl school under CER activities.
- 17- These TORs shall be subject to any order from any court/tribunal or any guidelines issued by MOEFCC.

3. **Building Stone or Khanda, Gitti, Boulder, Mining Project” at Gata No.-719, Khand No.-26, Village: Goramachhiya, Tehsil: Sadar, District: Jhansi State: Uttar Pradesh. (Area: 1.618 Ha), 10017/SIA/UP/MIN/536302/2025**

SEIAA noted that the above proposal has been appraised and recommended for grant of ToR by SEAC and the geo-coordinates proposed are as per approved DSR. As per para 8(ii) of EIA notification 2006 -The regulatory authority shall normally accept the recommendations of the Expert Appraisal Committee or State Level Expert Appraisal Committee concerned. Updated DSR has been submitted and approved by SEIAA/SEAC. Hence in light of all these facts ToR is being granted to the title proposal for conducting EIA studies. SEIAA added following points to ToR-

- 1- SEIAA noted that lease deed is till - 17-11- 2028 as EC was previously issued by DEIAA and is now being reappraised. Hence TOR is being given for this period only.
- 2- All pages of technical documents/EIA/EMP etc. should be signed by the consultant and project proponent both.
- 3- The address of the lease area and production per annum should match with that mentioned in DSR and Lol. In case there is any difference clarification/ amendment letter from competent authority shall be submitted along with EIA. EIA and public hearing shall be conducted as per EIA notification, 2006 (as amended) and the address of lease area and production per annum shall be as mentioned in DSR and Lol.
- 4- Detailed Mine Reclamation plan and Plan for using the mine void for productive use in consultation with local administration and gram-panchayat should be submitted along with EIA-EMP.
- 5- **The project proponent shall submit permission of CGWA for using ground water or submit proposal for obtaining water from alternative legal source of fresh water along with EIA-EMP.**
- 6- Latest KML file for the area and mining lease area should be provided.
- 7- Status of leases granted/to be granted in various mining khands along with production since the formulation of DSR, duly certified by the competent authority should be submitted.
- 8- In case project proponent intends to temporarily store mined out material or any tools, equipment or other material outside mine lease area then NOC from competent authority for doing so should be submitted and details of such area and associated Environmental impacts should be included in EIA-EMP report. This should also be clearly mentioned during public hearing.

- 9- Road network to be used by the project should be clearly shown on Survey of India toposheet in 1:50,000 scale. In case road network involves forest road, permission should be obtained from Forest Department and a copy of the same should be submitted at the time of appraisal of EIA-EMP report.
- 10- The project proponent should clearly spell out whether it is a green field or brown field project. In case it is a brown field project and -
 - (i) If the earlier and present lease holder are same then compliance report of previous EC should be submitted.
 - (ii) If the earlier and present lease holder are different then environmental footprint of the site and mitigation measures should be included in EIA-EMP report.
- 11- In case of expansion / renewal of earlier EC, following information should be submitted
 - a. Status of compliance of earlier EC conditions by Integrated Regional Office, MoEFCC, GoI, Lucknow.
 - b. Copy of CTE and CTO issued by SPCB.
 - c. Status of submission of six-monthly compliance report to EC granted earlier
 - d. Court cases, if any.
- 12- Observations raised in public hearing, replies submitted by project proponent, suitable modifications carried out should be mentioned in EIA-EMP report.
- 13- DSR formulation is done by a sub-committee formed at District level and representative of Forest Department is a member in this sub-committee, so it is expected that they examine the issue of distance of forest area from the mining lease as well as distance of protected area from the mining lease. Hence, a certificate signed by an officer not below the rank of ACF shall be submitted along with EIA-EMP that no forest land is involved in mining or as a route for mineral transportation and does not lie within any Protected area, National Park, Sanctuary and ESZ. If forest land is involved the project proponent shall obtain forest clearance and permission of Central and State Government as per the provisions of Van Sanrakshan evam Samvardhan Adhiniyam, 2023.
- 14- Project Proponent should submit action plan for carrying out plantation at least @1,000 plants / ha of lease area. In this case, PP should prepare a plan, duly approved either by Forest Department or Horticulture Department, for planting at least 2,000 plants, either on government land or community land, within a periphery of 5 km from the boundary of the lease area along with provision for maintenance for 5 years. Also, the coordinates of area earmarked for plantation should be clearly spelt in the EIA/EMP and polygon should be attached. Survival of plants below Uttar Pradesh Forest Department's survival rate will be treated as violation of EC condition.
- 15- The project proponent shall submit details of nearby water bodies and plan to ensure that these water bodies do not get polluted due to mining activity.
- 16- Along with the EIA-EMP report, PP / consultant will also submit in tabular form as to how they have addressed entire ToR while preparing draft EIA-EMP report for PH. Further, PP / consultant will submit in tabular form as to how they have addressed issues raised during public hearing and have incorporated the same in final EIA-EMP report. A presentation to this effect should be made before SEAC at the time of EIA-EMP presentation.
- 17- The project proponent shall submit along with EIA the details of School in the vicinity of project area in which rooftop solar plant, toilets will be constructed specially girl

school under CER activities.

18- These TORs shall be subject to any order from any court/tribunal or any guidelines issued by MOEFCC.

4. "Sand/Morrum Mining Project, along Betwa Riverbed" Gata No.- 2513, 2629, Khand No -02, Village - Kharka, Tehsil- Orai, District- Jalaun, U. P., Area: 20.242 ha., 10018/SIA/UP/MIN/536737/2025

SEIAA noted that SEAC has recommended to grant ToR to the above project. SEIAA gone through file and documents and noted that thick tree growth is present in the area. Hence SEIAA opined to refer back the project for review and clarification.

5. Ordinary Soil Excavation Project at Gata No.- 1372,Village – Bandhauli, Tehsil- Orai District- Jalaun (U.P.), M/s LC Infra Projects Private Limited, Proponent: Shri Shyamsundar Rameshwar ji, (Total Area – 1.948 Ha.), 10019/SIA/UP/MIN/536878/2025

SEIAA opined to accept the recommendation of SEAC and grant EC to the said project along with all the general and specific conditions as suggested by SEAC taking into consideration discussion held in SEIAA meeting no. 597 dated 05.05.2022 regarding reply of SEAC-1 and SEAC-2 for compliance/action taken on TOR/Public hearing, adding following specific conditions:-

1. If in future during the progressive mining this lease area becomes part of cluster i.e. area equal to or more than 5 ha., limited to B-1 category, then additional conditions based on the EIA conducted by the concerned lease holders shall be imposed and joint EMP shall be implemented. The lease holder shall mandatorily follow all the imposed conditions otherwise it will amount to violation of E.C. conditions. If the certificate related to cluster provided by the competent authority is found false or incorrect then punitive actions as per the law shall be initiated against the authority issuing the cluster certificate.
2. Validity period of this EC is 3 months as the Lol has been issued for a period of 3 months and co-terminus with the validity of current mine plan and current lease period whichever is earlier after this period the EC will become null and void.
3. The project proponent shall obtain permission from competent authority for felling of trees if required.
4. The mining lease holders shall ensure to comply with mine reclamation plan as submitted.
5. If the proposed project is situated in notified area of ground water extraction, where creation of new wells for ground water extraction is not allowed, requirement of

fresh water shall be met from alternate legally valid water sources and permission from the competent authority shall be obtained to use it.

6. Project Proponent should submit action plan for carrying out plantation at least @1,000 plants / ha of lease area. In this case, PP should prepare a plan, duly approved either by Forest Department or district plantation committee, for planting at least 2,000 plants, either on government land or community land, within a periphery of 5 km from the boundary of the lease area and will make provision for maintenance for 5 years.
 7. Also, the coordinates of area earmarked for plantation should be clearly spelt out and polygon should be attached and submitted within a month. Plantation of saplings shall be carried out in earmarked area as part of tree plantation campaign “Ek Ped Ma Ke Naam” and the details of the same shall be uploaded in the Meri LiFE Portal (<https://merilife.nic.in>) as per OM no. F.No.IA3-22/3/2024-IA.III (E-241594) dated 24.07.2024.
 8. Survival of plants should not be less than the survival rate notified by Uttar Pradesh Forest Department otherwise it will be treated as violation of EC condition.
 9. The project proponent shall ensure that water bodies do not get polluted due to mining activity.
 10. Department of Geology and Mines, Government of Uttar Pradesh and / or concerned district administration, before releasing the security deposit to Project Proponent will ensure that Project Proponent has fully complied with the EC conditions. Non-compliance, if any, should be reported to UPSPCB for appropriate legal action and recovery of compensation.
 11. Any application for transfer of this EC, during its validity period unless it is cancelled by a competent authority, has to be necessarily accompanied with status of compliance of EC conditions duly certified by IRO, MoEFCC, Gol, Lucknow.
 12. **Project Proponent shall submit the Compliance on the Environment Clearance condition prescribed in the Prior Environment Clearance letter as per MoEF&CC OM F.no- IAS-22/01/2022-IA-III (E-172624) Dated 14-06-2022.**
 13. This EC shall be subject to any order from any court/tribunal or any guidelines issued by MOEFCC.
 14. In case of violation of any EC conditions, this EC is liable to be cancelled based on report/recommendation of DM/IRO/UPPCB.
6. **Revision & Expansion of Recreational Entertainment Park at Plot no. REP-1, Sector-27, Greater Noida, District- Gautam Buddh Nagar, U.P., M/s A.R. Landcraft LLP. 10020/9645/SIA/UP/INFRA2/536806/2025.**

SEIAA noted that as per para 8(ii) of EIA notification 2006 -The regulatory authority shall normally accept the recommendations of the Expert Appraisal Committee or State Level Expert Appraisal Committee concerned. In light of discussion held in SEIAA meeting no. 597 dated 05.05.2022 SEIAA opined to accept the recommendation of SEAC and grant EC to the said project along with all the general and specific conditions as suggested by SEAC. In addition to the conditions imposed by SEAC, SEIAA added following additional specific conditions:-

- 1- Plantation of saplings shall be carried out in green belt area earmarked as per relevant building bye-laws and as a part of tree plantation campaign “Ek Ped Ma Ke Naam” and the details of the same shall be uploaded in the Meri LiFE Portal (<https://merilife.nic.in>) as per OM no. F.No.IA3-22/3/2024-IA.III (E-241594) dated 24.07.2024.
- 2- The project proponent shall submit within the next 3 months the details on

quantification of year wise CER activities along with cost and other details. The CER activities should be related to mitigation of Environmental Pollution and creating awareness for the need for same for example creation of water harvesting pits and carbon sequestration parks etc. At least one school in the vicinity of project area should be provided with rooftop solar plant, toilets should be constructed in public place or in school of nearby villages and if there is a girl's school then girls toilet properly equipped with overhead water tank should be constructed. Name of the school adopted for installation of roof top solar plant should be displayed on the website of project proponent and should also be submitted with periodic compliance report.

- 3- The project proponent shall ensure that waste water is properly treated in STP and treated water should be reused for gardening flushing system, washing etc. For reuse of water, irrigation sprinkler and drip irrigation system shall be installed and maintained for proper functioning. Part of the treated sewage, if discharged to sewer line, shall meet the prescribed standards for the discharge and shall be done with necessary permissions from concerned authorities.
- 4- Under any circumstances untreated sewage shall not be discharged to municipal sewer line or any nearby water body.
- 5- The project proponent shall install organic bio converter.
- 6- The effluent from STP after tertiary treatment shall be subjected to ozonation to avoid foul smell.
- 7- A certificate signed by an officer not below the rank of ACF shall be submitted along with the EIA that the project does not lie with-in any protected area, National Park, Wild-Life Sanctuary and/or ESZ so declared as per the provisions of Wild-Life Protection Act 1972.
- 8- **The project proponent shall submit permission of CGWA for using ground water and display it on their website or proposal for obtaining water from alternative legal source of fresh water should be submitted to SEIAA within a month.**
- 9- Provision for charging of electric vehicles as per the guidelines of GoI/GoUP should be submitted within the next 3 months.
- 10- The project proponent shall explore the possibility of solar electrification beyond 10% and if it is possible, shall submit the details of solar power plans within the next 3 months.
- 11- PP should display EC granted to them on their website.
- 12- EC is granted with the condition that EC is valid only for the building plan which has been submitted by PP for seeking EC. In case approved building plan is different from the one submitted for seeking EC then this EC will stand null and void.
- 13- In compliance to Hon'ble Supreme Court order dated 13/01/2020 in IA no. 158128/2019 and 158129/2019 in Writ petition no. 13029/1985 (MC Mehta Vs GOI and others) anti-smog guns shall be installed to reduce dust during excavation.
- 14- DG sets shall be gas based and Guidelines issued by CAAQMS for NCR region regarding the use of DG sets during construction and operational phase should be followed.
- 15- **Project Proponent shall submit the Six-monthly Compliance on the Environment Clearance condition prescribed in the Prior Environment Clearance letter as per MoEF&CC OM F.no- IAS-22/01/2022-IA-III (E-172624) Dated 14-06-2022.**
- 16- In case of violation of any EC conditions, this EC is liable to be cancelled based on report/recommendation of DM/IRO/UPPCB.

7. “Sand/Morrum Mining” at Gata No. Part of 100 (Khand No.-03), Village- Khaptiha Kalan, Tehsil- Pailani, District- Banda, Uttar Pradesh, M./s Amrit Phosphate Pvt. Ltd Director- Shri Trilok Singh Rathore, Area- 16 Ha., 10021/SIA/UP/MIN/536861/2025

SEIAA noted that the above proposal has been appraised and recommended for grant of ToR by SEAC and the geo-coordinates proposed are as per approved DSR. As per para 8(ii) of EIA notification 2006 -The regulatory authority shall normally accept the recommendations of the Expert Appraisal Committee or State Level Expert Appraisal Committee concerned. Updated DSR has been submitted and approved by SEIAA/SEAC. Hence in light of all these facts ToR is being granted to the title proposal for conducting EIA studies. SEIAA added following points to ToR-

- 1- The project proponent shall submit latest drone videography at the time of EIA.
- 2- All pages of technical documents/EIA/EMP etc. should be signed by the consultant and project proponent both.
- 3- The address of the lease area and production per annum should match with that mentioned in DSR and LoI. In case there is any difference clarification/ amendment letter from competent authority shall be submitted along with EIA. EIA and public hearing shall be conducted as per EIA notification, 2006 (as amended) and the address of lease area and production per annum shall be as mentioned in DSR and LoI.
- 4- Latest KML file for the area and mining lease area should be provided.
- 5- Status of leases granted/to be granted in various mining khands along with production since the formulation of DSR, duly certified by the competent authority should be submitted.
- 6- In case project proponent intends to temporarily store mined out material or any tools, equipment's or other material outside mine lease area then NOC from competent authority for doing so should be submitted and details of such area and associated Environmental impacts should be included in EIA-EMP report. This should also be clearly mentioned during public hearing.
- 7- Road network to be used by the project should be clearly shown on Survey of India topo sheet in 1:50,000 scale. In case road network involves forest road, permission should be obtained from Forest Department and a copy of the same should be submitted at the time of appraisal of EIA-EMP report.
- 8- The project proponent should clearly spell out whether it is a green field or brown field project. In case it is a brown field project and -
 - (i) If the earlier and present lease holder are same then compliance report of previous EC should be submitted.
 - (ii) If the earlier and present lease holder are different then environmental footprint of the site and mitigation measures should be included in EIA-EMP report.
- 9- In case of expansion / renewal of earlier EC, following information should be submitted
 - a. Status of compliance of earlier EC conditions by Integrated Regional Office, MoEFCC, GoI, Lucknow.
 - b. Copy of CTE and CTO issued by SPCB.
 - c. Status of submission of six-monthly compliance report to EC granted earlier
 - d. Court cases, if any.
- 10- Observations raised in public hearing, replies submitted by project proponent, suitable modifications carried out should be mentioned in EIA-EMP report.

- 11- DSR formulation is done by a sub-committee formed at District level and representative of Forest Department is a member in this sub-committee, so it is expected that they examine the issue of distance of forest area from the mining lease as well as distance of protected area from the mining lease. Hence, a certificate signed by an officer not below the rank of ACF shall be submitted along with EIA-EMP that no forest land is involved in mining or as a route for mineral transportation and does not lie within any Protected area, National Park, Sanctuary and ESZ. If forest land is involved the project proponent shall obtain forest clearance and permission of Central and State Government as per the provisions of Van Sanrakshan evam Samvardhan Adhiniyam, 2023.
 - 12- Project Proponent should submit action plan for carrying out plantation at least @1,000 plants / ha of lease area. In this case, PP should prepare a plan, duly approved either by Forest Department or Horticulture Department, for planting at least 16,000 plants, either on government land or community land, within a periphery of 5 km from the boundary of the lease area along with provision for maintenance for 5 years. Also, the coordinates of area earmarked for plantation should be clearly spelt in the EIA/EMP and polygon should be attached. Survival of plants below Uttar Pradesh Forest Department's survival rate will be treated as violation of EC condition.
 - 13- The project proponent shall submit details of nearby water bodies and plan to ensure that these water bodies do not get polluted due to mining activity.
 - 14- Along with the EIA-EMP report, PP / consultant will also submit in tabular form as to how they have addressed entire ToR while preparing draft EIA-EMP report for PH. Further, PP / consultant will submit in tabular form as to how they have addressed issues raised during public hearing and have incorporated the same in final EIA-EMP report. A presentation to this effect should be made before SEAC at the time of EIA-EMP presentation.
 - 15- The project proponent shall submit along with EIA the details of School in the vicinity of project area in which rooftop solar plant, toilets will be constructed specially girl school under CER activities.
 - 16- Number of mining projects are coming up in district. Department of Geology & Mines, GoUP to carry out regional EIA-EMP report including carrying capacity of environmental components to assess the capacity to further bear the pollution load for such areas within a period of 1 year and submit the same to SEIAA, UP for evaluation.
 - 17- Department of Geology & Mines, GoUP in consultation with UPSPCB will establish required number of CAAQMS in district within a period of one year and submit geo-referenced map of these stations along with data. Details of existing CAAQMS, if any, be submitted within a period of three months.
 - 18- These TORs shall be subject to any order from any court/tribunal or any guidelines issued by MOEFCC.
8. **Building stone as Granite (Khanda, Boulder and Gitty) mining at Gata No. 2702 (Khand-01 New), Village- Pahara, Tehsil & District- Mahoba, Uttar Pradesh .Prop. – Shri Himvant Singh,Area-2.024 Ha., (Leased Area-2.024 Ha.),. 10022/SIA/UP/MIN/536754/2025**

SEIAA noted that the above proposal has been appraised and recommended for grant of ToR by SEAC and the geo-coordinates proposed are as per approved DSR. As per para 8(ii) of EIA notification 2006 -The regulatory authority shall normally accept the

recommendations of the Expert Appraisal Committee or State Level Expert Appraisal Committee concerned. Updated DSR has been submitted and approved by SEIAA/SEAC. Hence in light of all these facts ToR is being granted to the title proposal for conducting EIA studies. SEIAA added following points to ToR-

- 1- All pages of technical documents/EIA/EMP etc. should be signed by the consultant and project proponent both.
- 2- The address of the lease area and production per annum should match with that mentioned in DSR and LoI. In case there is any difference clarification/ amendment letter from competent authority shall be submitted along with EIA. EIA and public hearing shall be conducted as per EIA notification, 2006 (as amended) and the address of lease area and production per annum shall be as mentioned in DSR and LoI.
- 3- Detailed Mine Reclamation plan and Plan for using the mine void for productive use in consultation with local administration and gram-panchayat should be submitted along with EIA-EMP.
- 4- **The project proponent shall submit permission of CGWA for using ground water or submit proposal for obtaining water from alternative legal source of fresh water along with EIA-EMP.**
- 5- Latest KML file for the area and mining lease area should be provided.
- 6- Status of leases granted/to be granted in various mining khands along with production since the formulation of DSR, duly certified by the competent authority should be submitted.
- 7- In case project proponent intends to temporarily store mined out material or any tools, equipment or other material outside mine lease area then NOC from competent authority for doing so should be submitted and details of such area and associated Environmental impacts should be included in EIA-EMP report. This should also be clearly mentioned during public hearing.
- 8- Road network to be used by the project should be clearly shown on Survey of India toposheet in 1:50,000 scale. In case road network involves forest road, permission should be obtained from Forest Department and a copy of the same should be submitted at the time of appraisal of EIA-EMP report.
- 9- The project proponent should clearly spell out whether it is a green field or brown field project. In case it is a brown field project and -
 - (i) If the earlier and present lease holder are same then compliance report of previous EC should be submitted.
 - (ii) If the earlier and present lease holder are different then environmental footprint of the site and mitigation measures should be included in EIA-EMP report.
- 10- In case of expansion / renewal of earlier EC, following information should be submitted
 - a. Status of compliance of earlier EC conditions by Integrated Regional Office, MoEFCC, GoI, Lucknow.
 - b. Copy of CTE and CTO issued by SPCB.
 - c. Status of submission of six-monthly compliance report to EC granted earlier
 - d. Court cases, if any.
- 11- Observations raised in public hearing, replies submitted by project proponent, suitable modifications carried out should be mentioned in EIA-EMP report.
- 12- DSR formulation is done by a sub-committee formed at District level and representative of Forest Department is a member in this sub-committee, so it is

expected that they examine the issue of distance of forest area from the mining lease as well as distance of protected area from the mining lease. Hence, a certificate signed by an officer not below the rank of ACF shall be submitted along with EIA-EMP that no forest land is involved in mining or as a route for mineral transportation and does not lie within any Protected area, National Park, Sanctuary and ESZ. If forest land is involved the project proponent shall obtain forest clearance and permission of Central and State Government as per the provisions of Van Sanrakshan evam Samvardhan Adhiniyam, 2023.

- 13- Project Proponent should submit action plan for carrying out plantation at least @1,000 plants / ha of lease area. In this case, PP should prepare a plan, duly approved either by Forest Department or Horticulture Department, for planting at least 3,000 plants, either on government land or community land, within a periphery of 5 km from the boundary of the lease area along with provision for maintenance for 5 years. Also, the coordinates of area earmarked for plantation should be clearly spelt in the EIA/EMP and polygon should be attached. Survival of plants below Uttar Pradesh Forest Department's survival rate will be treated as violation of EC condition.
- 14- The project proponent shall submit details of nearby water bodies and plan to ensure that these water bodies do not get polluted due to mining activity.
- 15- Along with the EIA-EMP report, PP / consultant will also submit in tabular form as to how they have addressed entire ToR while preparing draft EIA-EMP report for PH. Further, PP / consultant will submit in tabular form as to how they have addressed issues raised during public hearing and have incorporated the same in final EIA-EMP report. A presentation to this effect should be made before SEAC at the time of EIA-EMP presentation.
- 16- The project proponent shall submit along with EIA the details of School in the vicinity of project area in which rooftop solar plant, toilets will be constructed specially girl school under CER activities.
- 17- Number of mining projects are coming up in district. Department of Geology & Mines, GoUP to carry out regional EIA-EMP report including carrying capacity of environmental components to assess the capacity to further bear the pollution load for such areas within a period of 1 year and submit the same to SEIAA, UP for evaluation.
- 18- Department of Geology & Mines, GoUP in consultation with UPSPCB will establish required number of CAAQMS in district within a period of one year and submit geo-referenced map of these stations along with data. Details of existing CAAQMS, if any, be submitted within a period of three months.
- 19- Project Proponent in consultation with UPSPCB will establish required number of CAAQMS within a period of one year and submit geo-referenced map of these stations along with data on six-monthly basis.
- 20- These TORs shall be subject to any order from any court/tribunal or any guidelines issued by MOEFCC.

9. Sand/Morrum Mining at Betwa River Bed, Gata No.- 35/1, Khand No.-22/14, Village- Chandaat Dariya, Tehsil- Sarila, District- Hamirpur, U.P., Area – 24.291 Ha., 10023/SIA/UP/MIN/536975/2025

SEIAA noted that SEAC has recommended to grant ToR to the above project. SEIAA gone through file and documents and opined to refer back the project SEAC for review since the whole area is submerged in water.

10. “Morrum Mine” Khand Sankhya-31/8, Gata No.- 01, 02, 03, Village – Patyora Daanda, Tehsil – Hamirpur, District- Hamirpur (U.P.), Amrit Phosphate Private Limited Partner- Trilok Singh Rathore, Area of 36.437 Hectares., 10024/SIA/UP/MIN/536992/2025

SEIAA noted that the above proposal has been appraised and recommended for grant of ToR by SEAC and the geo-coordinates proposed are as per approved DSR. As per para 8(ii) of EIA notification 2006 -The regulatory authority shall normally accept the recommendations of the Expert Appraisal Committee or State Level Expert Appraisal Committee concerned. Updated DSR has been submitted and approved by SEIAA/SEAC. Hence in light of all these facts ToR is being granted to the title proposal for conducting EIA studies. SEIAA added following points to ToR-

- 1- All pages of technical documents/EIA/EMP etc. should be signed by the consultant and project proponent both.
- 2- The address of the lease area and production per annum should match with that mentioned in DSR and Lol. In case there is any difference clarification/ amendment letter from competent authority shall be submitted along with EIA. EIA and public hearing shall be conducted as per EIA notification, 2006 (as amended) and the address of lease area and production per annum shall be as mentioned in DSR and Lol.
- 3- Latest KML file for the area and mining lease area should be provided.
- 4- Status of leases granted/to be granted in various mining khands along with production since the formulation of DSR, duly certified by the competent authority should be submitted.
- 5- In case project proponent intends to temporarily store mined out material or any tools, equipment's or other material outside mine lease area then NOC from competent authority for doing so should be submitted and details of such area and associated Environmental impacts should be included in EIA-EMP report. This should also be clearly mentioned during public hearing.
- 6- Road network to be used by the project should be clearly shown on Survey of India topo sheet in 1:50,000 scale. In case road network involves forest road, permission should be obtained from Forest Department and a copy of the same should be submitted at the time of appraisal of EIA-EMP report.
- 7- The project proponent should clearly spell out whether it is a green field or brown field project. In case it is a brown field project and -
 - (i) If the earlier and present lease holder are same then compliance report of previous EC should be submitted.
 - (ii) If the earlier and present lease holder are different then environmental footprint of the site and mitigation measures should be included in EIA-EMP report.
- 8- In case of expansion / renewal of earlier EC, following information should be submitted

- a. Status of compliance of earlier EC conditions by Integrated Regional Office, MoEFCC, GoI, Lucknow.
 - b. Copy of CTE and CTO issued by SPCB.
 - c. Status of submission of six-monthly compliance report to EC granted earlier
 - d. Court cases, if any.
- 9- Observations raised in public hearing, replies submitted by project proponent, suitable modifications carried out should be mentioned in EIA-EMP report.
- 10- DSR formulation is done by a sub-committee formed at District level and representative of Forest Department is a member in this sub-committee, so it is expected that they examine the issue of distance of forest area from the mining lease as well as distance of protected area from the mining lease. Hence, a certificate signed by an officer not below the rank of ACF shall be submitted along with EIA-EMP that no forest land is involved in mining or as a route for mineral transportation and does not lie within any Protected area, National Park, Sanctuary and ESZ. If forest land is involved the project proponent shall obtain forest clearance and permission of Central and State Government as per the provisions of Van Sanrakshan evam Samvardhan Adhiniyam, 2023.
- 11- Project Proponent should submit action plan for carrying out plantation at least @1,000 plants / ha of lease area. In this case, PP should prepare a plan, duly approved either by Forest Department or Horticulture Department, for planting at least 37,000 plants, either on government land or community land, within a periphery of 5 km from the boundary of the lease area along with provision for maintenance for 5 years. Also, the coordinates of area earmarked for plantation should be clearly spelt in the EIA/EMP and polygon should be attached. Survival of plants below Uttar Pradesh Forest Department's survival rate will be treated as violation of EC condition.
- 12- The project proponent shall submit details of nearby water bodies and plan to ensure that these water bodies do not get polluted due to mining activity.
- 13- Along with the EIA-EMP report, PP / consultant will also submit in tabular form as to how they have addressed entire ToR while preparing draft EIA-EMP report for PH. Further, PP / consultant will submit in tabular form as to how they have addressed issues raised during public hearing and have incorporated the same in final EIA-EMP report. A presentation to this effect should be made before SEAC at the time of EIA-EMP presentation.
- 14- The project proponent shall submit along with EIA the details of School in the vicinity of project area in which rooftop solar plant, toilets will be constructed specially girl school under CER activities.
- 15- Number of mining projects are coming up in district. Department of Geology & Mines, GoUP to carry out regional EIA-EMP report including carrying capacity of environmental components to assess the capacity to further bear the pollution load for such areas within a period of 1 year and submit the same to SEIAA, UP for evaluation.
- 16- Department of Geology & Mines, GoUP in consultation with UPSPCB will establish required number of CAAQMS in district within a period of one year and submit geo-referenced map of these stations along with data. Details of existing CAAQMS, if any, be submitted within a period of three months.
- 17- These TORs shall be subject to any order from any court/tribunal or any guidelines issued by MOEFCC.

11. Building stone or khanda, patiya boulder Gitti (Minor Mineral) Quarry, at khasra no-2211/2, Khand-4, , Village- Harshpur, Tehsil- Talbehath, District- Lalitpur (Uttar Pradesh) By M/s. Choudhary Construction, Project Proponent Shri Sanjeev Kumar Jain, Area - 1.619 Ha., 10025/SIA/UP/MIN/537027/2025.

SEIAA opined to accept the recommendation of SEAC and grant EC to the said project along with all the general and specific conditions as suggested by SEAC taking into consideration discussion held in SEIAA meeting no. 597 dated 05.05.2022 regarding reply of SEAC-1 and SEAC-2 for compliance/action taken on TOR/Public hearing, adding following specific conditions:-

1. If in future during the progressive mining this lease area becomes part of cluster i.e. area equal to or more than 5 ha., limited to B-1 category, then additional conditions based on the EIA conducted by the concerned lease holders shall be imposed and joint EMP shall be implemented. The lease holder shall mandatorily follow all the imposed conditions otherwise it will amount to violation of E.C. conditions. If the certificate related to cluster provided by the competent authority is found false or incorrect then punitive actions as per the law shall be initiated against the authority issuing the cluster certificate.
2. Validity period of this EC is 5 years as the Lol has been issued for a period of 5 years and co-terminus with the validity of current mine plan and current lease period whichever is earlier after this period the EC will become null and void.
3. Only approved explosives and proper technique should only be used for blasting, to avoid loud sound and cracks in nearby buildings.
4. DSR formulation is done by a sub-committee formed at District level and representative of Forest Department is a member in this sub-committee, so it is expected that they examine the issue of distance of forest area from the mining lease as well as distance of protected area from the mining lease. Hence, a certificate signed by an officer not below the rank of ACF shall be submitted before signing lease deed that no forest land is involved in mining or as a route for mineral transportation and does not lie with-in any Protected area, National Park, Sanctuary and ESZ. If forest land is involved the project proponent shall obtain forest clearance and permission of Central and State Government as per the provisions of Van Sanrakshan evam Samvardhan Adhiniyam, 2023 and submit before the start of work.
5. Mine reclamation plan should be prepared for using the mine void for productive use in consultation with local administration and gram-panchayat.
6. Three tier green shelter belt of 7.5m width should be developed on the periphery of mine lease area and around adjacent village/habitation. Local and native species should be planted in consultation with Forest/Horticulture Department/Agriculture University.
7. The mining lease holders shall ensure to comply with mine reclamation plan as submitted.
8. If the proposed project is situated in notified area of ground water extraction, where creation of new wells for ground water extraction is not allowed, requirement of fresh water shall be met from alternate legally valid water sources and permission from the competent authority shall be obtained to use it.
9. Project Proponent should submit action plan for carrying out plantation at least @1,000 plants / ha of lease area. In this case, PP should prepare a plan, duly approved either by Forest Department or district plantation committee, for planting at least 2,000 plants, either on government land or community land, within a periphery of 5 km from the boundary of the lease area and will make provision for

maintenance for 5 years.

10. Also, the coordinates of area earmarked for plantation should be clearly spelt out and polygon should be attached and submitted within a month. Plantation of saplings shall be carried out in earmarked area as part of tree plantation campaign “Ek Ped Ma Ke Naam” and the details of the same shall be uploaded in the Meri LiFE Portal (<https://merilife.nic.in>) as per OM no. F.No.IA3-22/3/2024-IA.III (E-241594) dated 24.07.2024.
 11. Survival of plants should not be less than the survival rate notified by Uttar Pradesh Forest Department otherwise it will be treated as violation of EC condition.
 12. The project proponent shall ensure that water bodies do not get polluted due to mining activity.
 13. Department of Geology and Mines, Government of Uttar Pradesh and / or concerned district administration, before releasing the security deposit to Project Proponent will ensure that Project Proponent has fully complied with the EC conditions. Non-compliance, if any, should be reported to UPSPCB for appropriate legal action and recovery of compensation.
 14. Any application for transfer of this EC, during its validity period unless it is cancelled by a competent authority, has to be necessarily accompanied with status of compliance of EC conditions duly certified by IRO, MoEFCC, GoI, Lucknow.
 15. The project proponent shall install rooftop solar plant in one school in the vicinity of project area and construct toilets especially in girls’ school as part of CER activity.
 16. Since large number of mining projects are ongoing as well as new mining leases are coming up in the district, CAAQMS shall be installed in consultation with UPPCB.
 17. **Project Proponent shall submit the Six-monthly Compliance on the Environment Clearance condition prescribed in the Prior Environment Clearance letter as per MoEF&CC OM F.no- IAS-22/01/2022-IA-III (E-172624) Dated 14-06-2022.**
 18. If the air quality deteriorates due to mining, then District Administration & Directorate of Mining should ensure that mining be stopped immediately. Adequate measures be taken for restoring air quality and mining should commence only when air quality attains the prescribed standards.
 19. This EC shall be subject to any order from any court/tribunal or any guidelines issued by MOEFCC.
 20. In case of violation of any EC conditions, this EC is liable to be cancelled based on report/recommendation of DM/IRO/UPPCB.
12. **“Sand Mining” on the Riverbed of Yamuna River at Khasra No.- 1034Mi, Village-Madra, Tehsil-Sadar, District Agra, Uttar Pradesh, Lease Area Area 5.38 ha, by M/s Mahakal Contractor, Project Proponent Shri Ashish Kumar., 10026/SIA/UP/MIN/537016/2025**
- SEIAA noted that SEAC has recommended to grant ToR to the above project in its meeting in which Dr. S.K. Goyal, representative of NEERI was present during the meeting through video conferencing for the appraisal of projects. SEIAA noted that the above proposal has been appraised and recommended for grant of ToR by SEAC and the geo-coordinates proposed are as per approved DSR. As per para 8(ii) of EIA notification 2006 - The regulatory authority shall normally accept the recommendations of the Expert Appraisal Committee or State Level Expert Appraisal Committee concerned. Updated DSR has been submitted and approved by SEIAA/SEAC. Hence in light of all these facts ToR is being granted to the title proposal for conducting EIA studies. SEIAA added following points to ToR-
- 1- The project proponent shall submit drone videography at the time of EIA.

- 2- All pages of technical documents/EIA/EMP etc. should be signed by the consultant and project proponent both.
- 3- The address of the lease area and production per annum should match with that mentioned in DSR and Lol. In case there is any difference clarification/ amendment letter from competent authority shall be submitted along with EIA. EIA and public hearing shall be conducted as per EIA notification, 2006 (as amended) and the address of lease area and production per annum shall be as mentioned in DSR and Lol.
- 4- Latest KML file for the area and mining lease area should be provided.
- 5- Status of leases granted/to be granted in various mining khands along with production since the formulation of DSR, duly certified by the competent authority should be submitted.
- 6- In case project proponent intends to temporarily store mined out material or any tools, equipment or other material outside mine lease area then NOC from competent authority for doing so should be submitted and details of such area and associated Environmental impacts should be included in EIA-EMP report. This should also be clearly mentioned during public hearing.
- 7- Road network to be used by the project should be clearly shown on Survey of India topo sheet in 1:50,000 scale. In case road network involves forest road, permission should be obtained from Forest Department and a copy of the same should be submitted at the time of appraisal of EIA-EMP report.
- 8- The project proponent should clearly spell out whether it is a green field or brown field project. In case it is a brown field project and -
 - (i) If the earlier and present lease holder are same then compliance report of previous EC should be submitted.
 - (ii) If the earlier and present lease holder are different then environmental footprint of the site and mitigation measures should be included in EIA-EMP report.
- 9- In case of expansion / renewal of earlier EC, following information should be submitted
 - a. Status of compliance of earlier EC conditions by Integrated Regional Office, MoEFCC, Gol, Lucknow.
 - b. Copy of CTE and CTO issued by SPCB.
 - c. Status of submission of six-monthly compliance report to EC granted earlier
 - d. Court cases, if any.
- 10- Observations raised in public hearing, replies submitted by project proponent, suitable modifications carried out should be mentioned in EIA-EMP report.
- 11- DSR formulation is done by a sub-committee formed at District level and representative of Forest Department is a member in this sub-committee, so it is expected that they examine the issue of distance of forest area from the mining lease as well as distance of protected area from the mining lease. Hence, a certificate signed by an officer not below the rank of ACF shall be submitted along with EIA-EMP that no forest land is involved in mining or as a route for mineral transportation and does not lie with-in any Protected area, National Park, Sanctuary and ESZ. If forest land is involved the project proponent shall obtain forest clearance and permission of Central and State Government as per the provisions of Van Sanrakshan evam Samvardhan Adhiniyam, 2023.
- 12- Project Proponent should submit action plan for carrying out plantation at least @1,000 plants / ha of lease area. In this case, PP should prepare a plan, duly

approved either by Forest Department or Horticulture Department, for planting at least 6,000 plants, either on government land or community land, within a periphery of 5 km from the boundary of the lease area along with provision for maintenance for 5 years. Also, the coordinates of area earmarked for plantation should be clearly spelt in the EIA/EMP and polygon should be attached. Survival of plants below Uttar Pradesh Forest Department's survival rate will be treated as violation of EC condition.

- 13- The project proponent shall submit details of nearby water bodies and plan to ensure that these water bodies do not get polluted due to mining activity.
- 14- Along with the EIA-EMP report, PP / consultant will also submit in tabular form as to how they have addressed entire ToR while preparing draft EIA-EMP report for PH. Further, PP / consultant will submit in tabular form as to how they have addressed issues raised during public hearing and have incorporated the same in final EIA-EMP report. A presentation to this effect should be made before SEAC at the time of EIA-EMP presentation.
- 15- The project proponent shall submit along with EIA the details of School in the vicinity of project area in which rooftop solar plant, toilets will be constructed specially girl school under CER activities.
- 16- These TORs shall be subject to any order from any court/tribunal or any guidelines issued by MOEFCC.

13. "Ordinary Sand Mining" from Riverbed of Yamuna River at Village- Kharka-K-02, Gata No.- 389 मि०, 390 मि०, Tehsil- Bhognipur, District- Kanpur Dehat, Uttar Pradesh, Project Proponent- Shri Gyan Prakash Gupta., Leased Area- 18.33 ha., 10027/SIA/UP/MIN/537007/2025

SEIAA agreed with the recommendations of SEAC to close/delist the file as the project proponent did not appear and open only after submission of online request on prescribed online portal.

14. "Granite & Dolostone Ballast Gitti" Project at Gata No.- 339 (Khand No.- 06), Village- Daharra, Tehsil- Mahoba, District- Mahoba, U.P. (Applied Area : 1.214 ha.), M/s Bundelkhand Rocks, Prop.- Smt. Deepali Singh W/o Shri Pushpendra Singh Chandel., 10028/SIA/UP/MIN/537153/2025

SEIAA noted that the above proposal has been appraised and recommended for grant of ToR by SEAC and the geo-coordinates proposed are as per approved DSR. As per para 8(ii) of EIA notification 2006 -The regulatory authority shall normally accept the recommendations of the Expert Appraisal Committee or State Level Expert Appraisal Committee concerned. Updated DSR has been submitted and approved by SEIAA/SEAC. Hence in light of all these facts ToR is being granted to the title proposal for conducting EIA studies. SEIAA added following points to ToR-

- 1- All pages of technical documents/EIA/EMP etc. should be signed by the consultant and project proponent both.
- 2- The address of the lease area and production per annum should match with that mentioned in DSR and Lol. In case there is any difference clarification/ amendment letter from competent authority shall be submitted along with EIA. EIA and public hearing shall be conducted as per EIA notification, 2006 (as amended) and the address of lease area and production per annum shall be as mentioned in DSR and Lol.

- 3- Detailed Mine Reclamation plan and Plan for using the mine void for productive use in consultation with local administration and gram-panchayat should be submitted along with EIA-EMP.
- 4- **The project proponent shall submit permission of CGWA for using ground water or submit proposal for obtaining water from alternative legal source of fresh water along with EIA-EMP.**
- 5- Latest KML file for the area and mining lease area should be provided.
- 6- Status of leases granted/to be granted in various mining khands along with production since the formulation of DSR, duly certified by the competent authority should be submitted.
- 7- In case project proponent intends to temporarily store mined out material or any tools, equipment or other material outside mine lease area then NOC from competent authority for doing so should be submitted and details of such area and associated Environmental impacts should be included in EIA-EMP report. This should also be clearly mentioned during public hearing.
- 8- Road network to be used by the project should be clearly shown on Survey of India toposheet in 1:50,000 scale. In case road network involves forest road, permission should be obtained from Forest Department and a copy of the same should be submitted at the time of appraisal of EIA-EMP report.
- 9- The project proponent should clearly spell out whether it is a green field or brown field project. In case it is a brown field project and -
 - (i) If the earlier and present lease holder are same then compliance report of previous EC should be submitted.
 - (ii) If the earlier and present lease holder are different then environmental footprint of the site and mitigation measures should be included in EIA-EMP report.
- 10- In case of expansion / renewal of earlier EC, following information should be submitted
 - a. Status of compliance of earlier EC conditions by Integrated Regional Office, MoEFCC, GoI, Lucknow.
 - b. Copy of CTE and CTO issued by SPCB.
 - c. Status of submission of six-monthly compliance report to EC granted earlier
 - d. Court cases, if any.
- 11- Observations raised in public hearing, replies submitted by project proponent, suitable modifications carried out should be mentioned in EIA-EMP report.
- 12- DSR formulation is done by a sub-committee formed at District level and representative of Forest Department is a member in this sub-committee, so it is expected that they examine the issue of distance of forest area from the mining lease as well as distance of protected area from the mining lease. Hence, a certificate signed by an officer not below the rank of ACF shall be submitted along with EIA-EMP that no forest land is involved in mining or as a route for mineral transportation and does not lie within any Protected area, National Park, Sanctuary and ESZ. If forest land is involved the project proponent shall obtain forest clearance and permission of Central and State Government as per the provisions of Van Sanrakshan evam Samvardhan Adhiniyam, 2023.
- 13- Project Proponent should submit action plan for carrying out plantation at least @1,000 plants / ha of lease area. In this case, PP should prepare a plan, duly approved either by Forest Department or Horticulture Department, for planting at least 2,000 plants, either on government land or community land, within a periphery

of 5 km from the boundary of the lease area along with provision for maintenance for 5 years. Also, the coordinates of area earmarked for plantation should be clearly spelt in the EIA/EMP and polygon should be attached. Survival of plants below Uttar Pradesh Forest Department's survival rate will be treated as violation of EC condition.

- 14- The project proponent shall submit details of nearby water bodies and plan to ensure that these water bodies do not get polluted due to mining activity.
- 15- Along with the EIA-EMP report, PP / consultant will also submit in tabular form as to how they have addressed entire ToR while preparing draft EIA-EMP report for PH. Further, PP / consultant will submit in tabular form as to how they have addressed issues raised during public hearing and have incorporated the same in final EIA-EMP report. A presentation to this effect should be made before SEAC at the time of EIA-EMP presentation.
- 16- The project proponent shall submit along with EIA the details of School in the vicinity of project area in which rooftop solar plant, toilets will be constructed specially girl school under CER activities.
- 17- Number of mining projects are coming up in district. Department of Geology & Mines, GoUP to carry out regional EIA-EMP report including carrying capacity of environmental components to assess the capacity to further bear the pollution load for such areas within a period of 1 year and submit the same to SEIAA, UP for evaluation.
- 18- Department of Geology & Mines, GoUP in consultation with UPSPCB will establish required number of CAAQMS in district within a period of one year and submit geo-referenced map of these stations along with data. Details of existing CAAQMS, if any, be submitted within a period of three months.
- 19- Project Proponent in consultation with UPSPCB will establish required number of CAAQMS within a period of one year and submit geo-referenced map of these stations along with data on six-monthly basis.
- 20- These TORs shall be subject to any order from any court/tribunal or any guidelines issued by MOEFCC.

15. "Granite & Dolostone Ballast Gitti" Project at Gata No.- 339 (Khand No.- 16), Village- Daharra, Tehsil- Mahoba, District- Mahoba, U.P. (Applied Area : 0.809 ha.), Shri Keerti Dev Varman Singh Chandel S/o Shri Pushpendra Singh Chandel., 10029/SIA/UP/MIN/537182/2025

SEIAA noted that the above proposal has been appraised and recommended for grant of ToR by SEAC and the geo-coordinates proposed are as per approved DSR. As per para 8(ii) of EIA notification 2006 -The regulatory authority shall normally accept the recommendations of the Expert Appraisal Committee or State Level Expert Appraisal Committee concerned. Updated DSR has been submitted and approved by SEIAA/SEAC. Hence in light of all these facts ToR is being granted to the title proposal for conducting EIA studies. SEIAA added following points to ToR-

- 1- All pages of technical documents/EIA/EMP etc. should be signed by the consultant and project proponent both.
- 2- The address of the lease area and production per annum should match with that mentioned in DSR and LoI. In case there is any difference clarification/ amendment letter from competent authority shall be submitted along with EIA. EIA and public hearing shall be conducted as per EIA notification, 2006 (as amended) and the address of lease area and production per annum shall be as mentioned in DSR and LoI.

- 3- Detailed Mine Reclamation plan and Plan for using the mine void for productive use in consultation with local administration and gram-panchayat should be submitted along with EIA-EMP.
- 4- **The project proponent shall submit permission of CGWA for using ground water or submit proposal for obtaining water from alternative legal source of fresh water along with EIA-EMP.**
- 5- Latest KML file for the area and mining lease area should be provided.
- 6- Status of leases granted/to be granted in various mining khands along with production since the formulation of DSR, duly certified by the competent authority should be submitted.
- 7- In case project proponent intends to temporarily store mined out material or any tools, equipment or other material outside mine lease area then NOC from competent authority for doing so should be submitted and details of such area and associated Environmental impacts should be included in EIA-EMP report. This should also be clearly mentioned during public hearing.
- 8- Road network to be used by the project should be clearly shown on Survey of India toposheet in 1:50,000 scale. In case road network involves forest road, permission should be obtained from Forest Department and a copy of the same should be submitted at the time of appraisal of EIA-EMP report.
- 9- The project proponent should clearly spell out whether it is a green field or brown field project. In case it is a brown field project and -
 - (i) If the earlier and present lease holder are same then compliance report of previous EC should be submitted.
 - (ii) If the earlier and present lease holder are different then environmental footprint of the site and mitigation measures should be included in EIA-EMP report.
- 10- In case of expansion / renewal of earlier EC, following information should be submitted
 - a. Status of compliance of earlier EC conditions by Integrated Regional Office, MoEFCC, GoI, Lucknow.
 - b. Copy of CTE and CTO issued by SPCB.
 - c. Status of submission of six-monthly compliance report to EC granted earlier
 - d. Court cases, if any.
- 11- Observations raised in public hearing, replies submitted by project proponent, suitable modifications carried out should be mentioned in EIA-EMP report.
- 12- DSR formulation is done by a sub-committee formed at District level and representative of Forest Department is a member in this sub-committee, so it is expected that they examine the issue of distance of forest area from the mining lease as well as distance of protected area from the mining lease. Hence, a certificate signed by an officer not below the rank of ACF shall be submitted along with EIA-EMP that no forest land is involved in mining or as a route for mineral transportation and does not lie within any Protected area, National Park, Sanctuary and ESZ. If forest land is involved the project proponent shall obtain forest clearance and permission of Central and State Government as per the provisions of Van Sanrakshan evam Samvardhan Adhiniyam, 2023.
- 13- Project Proponent should submit action plan for carrying out plantation at least @1,000 plants / ha of lease area. In this case, PP should prepare a plan, duly approved either by Forest Department or Horticulture Department, for planting at least 1,000 plants, either on government land or community land, within a periphery

of 5 km from the boundary of the lease area along with provision for maintenance for 5 years. Also, the coordinates of area earmarked for plantation should be clearly spelt in the EIA/EMP and polygon should be attached. Survival of plants below Uttar Pradesh Forest Department's survival rate will be treated as violation of EC condition.

- 14- The project proponent shall submit details of nearby water bodies and plan to ensure that these water bodies do not get polluted due to mining activity.
- 15- Along with the EIA-EMP report, PP / consultant will also submit in tabular form as to how they have addressed entire ToR while preparing draft EIA-EMP report for PH. Further, PP / consultant will submit in tabular form as to how they have addressed issues raised during public hearing and have incorporated the same in final EIA-EMP report. A presentation to this effect should be made before SEAC at the time of EIA-EMP presentation.
- 16- The project proponent shall submit along with EIA the details of School in the vicinity of project area in which rooftop solar plant, toilets will be constructed specially girl school under CER activities.
- 17- Number of mining projects are coming up in district. Department of Geology & Mines, GoUP to carry out regional EIA-EMP report including carrying capacity of environmental components to assess the capacity to further bear the pollution load for such areas within a period of 1 year and submit the same to SEIAA, UP for evaluation.
- 18- Department of Geology & Mines, GoUP in consultation with UPSPCB will establish required number of CAAQMS in district within a period of one year and submit geo-referenced map of these stations along with data. Details of existing CAAQMS, if any, be submitted within a period of three months.
- 19- Project Proponent in consultation with UPSPCB will establish required number of CAAQMS within a period of one year and submit geo-referenced map of these stations along with data on six-monthly basis.
- 20- These TORs shall be subject to any order from any court/tribunal or any guidelines issued by MOEFCC.

16. Building Stone or Khanda, Patiya Boulder Gitti (Minor Mineral), at Khasra No-3369, 3363, Khand-2, Village-Burhwar, Tehsil-Lalitpur, District-Lalitpur (Uttar Pradesh) By M/s. Choudhary Construction, Project Proponent-Shri Sanjeev Kumar Jain, Leased Area 0.8090 Ha., 10030/SIA/UP/MIN/537307/2025.

SEIAA opined to accept the recommendation of SEAC and grant EC to the said project along with all the general and specific conditions as suggested by SEAC taking into consideration discussion held in SEIAA meeting no. 597 dated 05.05.2022 regarding reply of SEAC-1 and SEAC-2 for compliance/action taken on TOR/Public hearing, adding following specific conditions:-

1. If in future during the progressive mining this lease area becomes part of cluster i.e. area equal to or more than 5 ha., limited to B-1 category, then additional conditions based on the EIA conducted by the concerned lease holders shall be imposed and joint EMP shall be implemented. The lease holder shall mandatorily follow all the imposed conditions otherwise it will amount to violation of E.C. conditions. If the certificate related to cluster provided by the competent authority is found false or incorrect then punitive actions as per the law shall be initiated against the authority issuing the cluster certificate.

2. Validity period of this EC is 5 years as the LoI has been issued for a period of 5 years, and co-terminus with the validity of current mine plan and current lease period whichever is earlier. After this period the EC will become null and void.
3. Only approved explosives and proper technique should only be used for blasting, to avoid loud sound and cracks in nearby buildings.
4. DSR formulation is done by a sub-committee formed at District level and representative of Forest Department is a member in this sub-committee, so it is expected that they examine the issue of distance of forest area from the mining lease as well as distance of protected area from the mining lease. Hence, a certificate signed by an officer not below the rank of ACF shall be submitted before signing lease deed that no forest land is involved in mining or as a route for mineral transportation and does not lie with-in any Protected area, National Park, Sanctuary and ESZ. If forest land is involved the project proponent shall obtain forest clearance and permission of Central and State Government as per the provisions of Van Sanrakshan evam Samvardhan Adhiniyam, 2023 and submit before the start of work.
5. Mine reclamation plan should be prepared for using the mine void for productive use in consultation with local administration and gram-panchayat.
6. Three tier green shelter belt of 7.5m width should be developed on the periphery of mine lease area and around adjacent village/habitation. Local and native species should be planted in consultation with Forest/Horticulture Department/Agriculture University.
7. The mining lease holders shall ensure to comply with mine reclamation plan as submitted.
8. If the proposed project is situated in notified area of ground water extraction, where creation of new wells for ground water extraction is not allowed, requirement of fresh water shall be met from alternate legally valid water sources and permission from the competent authority shall be obtained to use it.
9. Project Proponent should submit action plan for carrying out plantation at least @1,000 plants / ha of lease area. In this case, PP should prepare a plan, duly approved either by Forest Department or district plantation committee, for planting at least 1,000 plants, either on government land or community land, within a periphery of 5 km from the boundary of the lease area and will make provision for maintenance for 5 years.
10. Also, the coordinates of area earmarked for plantation should be clearly spelt out and polygon should be attached and submitted within a month. Plantation of saplings shall be carried out in earmarked area as part of tree plantation campaign "Ek Ped Ma Ke Naam" and the details of the same shall be uploaded in the Meri LiFE Portal (<https://merilife.nic.in>) as per OM no. F.No.IA3-22/3/2024-IA.III (E-241594) dated 24.07.2024.
11. Survival of plants should not be less than the survival rate notified by Uttar Pradesh Forest Department otherwise it will be treated as violation of EC condition.
12. The project proponent shall ensure that water bodies do not get polluted due to mining activity.
13. Department of Geology and Mines, Government of Uttar Pradesh and / or concerned district administration, before releasing the security deposit to Project Proponent will ensure that Project Proponent has fully complied with the EC conditions. Non-compliance, if any, should be reported to UPSPCB for appropriate legal action and recovery of compensation.

14. Any application for transfer of this EC, during its validity period unless it is cancelled by a competent authority, has to be necessarily accompanied with status of compliance of EC conditions duly certified by IRO, MoEFCC, GoI, Lucknow.
15. The project proponent shall install rooftop solar plant in one school in the vicinity of project area and construct toilets especially in girls' school as part of CER activity.
16. Since large number of mining projects are ongoing as well as new mining leases are coming up in the district, CAAQMS shall be installed in consultation with UPPCB.
17. **Project Proponent shall submit the Six-monthly Compliance on the Environment Clearance condition prescribed in the Prior Environment Clearance letter as per MoEF&CC OM F.no- IAS-22/01/2022-IA-III (E-172624) Dated 14-06-2022.**
18. If the air quality deteriorates due to mining, then District Administration & Directorate of Mining should ensure that mining be stopped immediately. Adequate measures be taken for restoring air quality and mining should commence only when air quality attains the prescribed standards.
19. This EC shall be subject to any order from any court/tribunal or any guidelines issued by MOEFCC.
20. In case of violation of any EC conditions, this EC is liable to be cancelled based on report/recommendation of DM/IRO/UPPCB.

17. Building Stone or Granite, Khanda, Boulder (Gitty) Mining Project at Gata No. 281, Khand No. 02 Village: Madora Khurd, Tehsil: Moth & District: Jhansi, State: Uttar Pradesh (Lease Area: 0.890 Ha)., 10031/SIA/UP/MIN/537425/2025

SEIAA noted that the above proposal has been appraised and recommended for grant of ToR by SEAC and the geo-coordinates proposed are as per approved DSR. As per para 8(ii) of EIA notification 2006 -The regulatory authority shall normally accept the recommendations of the Expert Appraisal Committee or State Level Expert Appraisal Committee concerned. Updated DSR has been submitted and approved by SEIAA/SEAC. Hence in light of all these facts ToR is being granted to the title proposal for conducting EIA studies. SEIAA added following points to ToR-

- 1- All pages of technical documents/EIA/EMP etc. should be signed by the consultant and project proponent both.
- 2- The address of the lease area and production per annum should match with that mentioned in DSR and Lol. In case there is any difference clarification/ amendment letter from competent authority shall be submitted along with EIA. EIA and public hearing shall be conducted as per EIA notification, 2006 (as amended) and the address of lease area and production per annum shall be as mentioned in DSR and Lol.
- 3- Detailed Mine Reclamation plan and Plan for using the mine void for productive use in consultation with local administration and gram-panchayat should be submitted along with EIA-EMP.
- 4- **The project proponent shall submit permission of CGWA for using ground water or submit proposal for obtaining water from alternative legal source of fresh water along with EIA-EMP.**
- 5- Latest KML file for the area and mining lease area should be provided.
- 6- Status of leases granted/to be granted in various mining khands along with production since the formulation of DSR, duly certified by the competent authority should be submitted.
- 7- In case project proponent intends to temporarily store mined out material or any tools, equipment or other material outside mine lease area then NOC from

- competent authority for doing so should be submitted and details of such area and associated Environmental impacts should be included in EIA-EMP report. This should also be clearly mentioned during public hearing.
- 8- Road network to be used by the project should be clearly shown on Survey of India toposheet in 1:50,000 scale. In case road network involves forest road, permission should be obtained from Forest Department and a copy of the same should be submitted at the time of appraisal of EIA-EMP report.
 - 9- The project proponent should clearly spell out whether it is a green field or brown field project. In case it is a brown field project and -
 - (i) If the earlier and present lease holder are same then compliance report of previous EC should be submitted.
 - (ii) If the earlier and present lease holder are different then environmental footprint of the site and mitigation measures should be included in EIA-EMP report.
 - 10- In case of expansion / renewal of earlier EC, following information should be submitted
 - a. Status of compliance of earlier EC conditions by Integrated Regional Office, MoEFCC, GoI, Lucknow.
 - b. Copy of CTE and CTO issued by SPCB.
 - c. Status of submission of six-monthly compliance report to EC granted earlier
 - d. Court cases, if any.
 - 11- Observations raised in public hearing, replies submitted by project proponent, suitable modifications carried out should be mentioned in EIA-EMP report.
 - 12- DSR formulation is done by a sub-committee formed at District level and representative of Forest Department is a member in this sub-committee, so it is expected that they examine the issue of distance of forest area from the mining lease as well as distance of protected area from the mining lease. Hence, a certificate signed by an officer not below the rank of ACF shall be submitted along with EIA-EMP that no forest land is involved in mining or as a route for mineral transportation and does not lie within any Protected area, National Park, Sanctuary and ESZ. If forest land is involved the project proponent shall obtain forest clearance and permission of Central and State Government as per the provisions of Van Sanrakshan evam Samvardhan Adhiniyam, 2023.
 - 13- Project Proponent should submit action plan for carrying out plantation at least @1,000 plants / ha of lease area. In this case, PP should prepare a plan, duly approved either by Forest Department or Horticulture Department, for planting at least 1,000 plants, either on government land or community land, within a periphery of 5 km from the boundary of the lease area along with provision for maintenance for 5 years. Also, the coordinates of area earmarked for plantation should be clearly spelt in the EIA/EMP and polygon should be attached. Survival of plants below Uttar Pradesh Forest Department's survival rate will be treated as violation of EC condition.
 - 14- The project proponent shall submit details of nearby water bodies and plan to ensure that these water bodies do not get polluted due to mining activity.
 - 15- Along with the EIA-EMP report, PP / consultant will also submit in tabular form as to how they have addressed entire ToR while preparing draft EIA-EMP report for PH. Further, PP / consultant will submit in tabular form as to how they have addressed issues raised during public hearing and have incorporated the same in final EIA-EMP

report. A presentation to this effect should be made before SEAC at the time of EIA-EMP presentation.

- 16- The project proponent shall submit along with EIA the details of School in the vicinity of project area in which rooftop solar plant, toilets will be constructed specially girl school under CER activities.
- 17- These TORs shall be subject to any order from any court/tribunal or any guidelines issued by MOEFCC.

18. “Ordinary Soil Excavation Project” at Gata No. 1583, 1582, Village- Sarosi, Tehsil- Unnao, District- Unnao, Uttar Pradesh. (Lease Area: 0.5940Ha.), 10032/SIA/UP/MIN/537481/2025

SEIAA opined to accept the recommendation of SEAC and grant EC to the said project along with all the general and specific conditions as suggested by SEAC taking into consideration discussion held in SEIAA meeting no. 597 dated 05.05.2022 regarding reply of SEAC-1 and SEAC-2 for compliance/action taken on TOR/Public hearing, adding following specific conditions:-

1. If in future during the progressive mining this lease area becomes part of cluster i.e. area equal to or more than 5 ha., limited to B-1 category, then additional conditions based on the EIA conducted by the concerned lease holders shall be imposed and joint EMP shall be implemented. The lease holder shall mandatorily follow all the imposed conditions otherwise it will amount to violation of E.C. conditions. If the certificate related to cluster provided by the competent authority is found false or incorrect then punitive actions as per the law shall be initiated against the authority issuing the cluster certificate.
2. Validity period of this EC is 3 months as the Lol has been issued for a period of 3 months and co-terminus with the validity of current mine plan and current lease period whichever is earlier after this period the EC will become null and void.
3. The project proponent shall obtain permission from competent authority for felling of trees if required.
4. The mining lease holders shall ensure to comply with mine reclamation plan as submitted.
5. If the proposed project is situated in notified area of ground water extraction, where creation of new wells for ground water extraction is not allowed, requirement of fresh water shall be met from alternate legally valid water sources and permission from the competent authority shall be obtained to use it.
6. Project Proponent should submit action plan for carrying out plantation at least @1,000 plants / ha of lease area. In this case, PP should prepare a plan, duly approved either by Forest Department or district plantation committee, for planting at least 1,000 plants, either on government land or community land, within a periphery of 5 km from the boundary of the lease area and will make provision for maintenance for 5 years.
7. Also, the coordinates of area earmarked for plantation should be clearly spelt out and polygon should be attached and submitted within a month. Plantation of saplings shall be carried out in earmarked area as part of tree plantation campaign “Ek Ped Ma Ke Naam” and the details of the same shall be uploaded in the Meri LiFE Portal (<https://merilife.nic.in>) as per OM no. F.No.IA3-22/3/2024-IA.III (E-241594) dated 24.07.2024.
8. Survival of plants should not be less than the survival rate notified by Uttar Pradesh Forest Department otherwise it will be treated as violation of EC condition.

9. The project proponent shall ensure that water bodies do not get polluted due to mining activity.
10. Department of Geology and Mines, Government of Uttar Pradesh and / or concerned district administration, before releasing the security deposit to Project Proponent will ensure that Project Proponent has fully complied with the EC conditions. Non-compliance, if any, should be reported to UPSPCB for appropriate legal action and recovery of compensation.
11. Any application for transfer of this EC, during its validity period unless it is cancelled by a competent authority, has to be necessarily accompanied with status of compliance of EC conditions duly certified by IRO, MoEFCC, GoI, Lucknow.
12. **Project Proponent shall submit the Compliance on the Environment Clearance condition prescribed in the Prior Environment Clearance letter as per MoEF&CC OM F.no- IAS-22/01/2022-IA-III (E-172624) Dated 14-06-2022.**
13. This EC shall be subject to any order from any court/tribunal or any guidelines issued by MOEFCC.
14. In case of violation of any EC conditions, this EC is liable to be cancelled based on report/recommendation of DM/IRO/UPPCB.

19. Expansion of Proposed Group Housing Project “Future Estate” at Plot No GH-16 E, Sec-1, Greater Noida, District- Gautam Budh Nagar, Uttar Pradesh., 10033/SIA/UP/INFRA2/537433/2025.

SEIAA agreed with the recommendation of SEAC to issue the ToR to the title proposal for conducting EIA studies. SEIAA also added following points to ToR;-

- 1- The project proponent shall submit CCR at the time of EIA.
- 2- All pages of technical documents/EIA/EMP etc. should be signed by the consultant and project proponent both.
- 3- Copy of all the analysis reports duly signed by analyst approved by NABL or MoEF&CC shall be annexed with the EIA report and original analysis reports should be presented at the time of presentation.
- 4- MOU signed between the project proponent and the consultant should be submitted.
- 5- SEIAA opined that the project proponent shall submit permission of CGWA or proposal for alternative and legal source of fresh water.
- 6- A certificate signed by an officer not below the rank of ACF shall be submitted along with the EIA that the project does not lie with-in any protected area, National park, sanctuary and ESZ and no forest land is involved and if forest land is involved the project proponent shall obtain the forest clearance and permission of Central and State Government as per law under the provisions of Van Sanrakshan evam Samvardhan Adhinyam, 2023 and submit along with EIA.
- 7- Provision for charging of electric vehicles as per the guidelines of GoI /GoUP should be submitted.
- 8- Possibility for using solar power in a big way should be explored and plan for installation of solar power should be submitted along with EIA-EMP.
- 9- Along with the EIA-EMP report, PP / consultant will also submit in tabular form as to how they have addressed entire ToR a presentation to this effect should be made before SEAC at the time of EIA-EMP presentation.
- 10- The project proponent shall submit along with EIA the details of School in the vicinity of project area in which rooftop solar plant, toilets will be constructed specially girl school under CER activities.

- 11- In compliance to Hon'ble Supreme Court order dated 13/01/2020 in IA no. 158128/2019 and 158129/2019 in Writ petition no. 13029/1985 (MC Mehta Vs GOI and others) proposal for anti- smog guns to reduce dust shall be submitted.
- 12- DG sets shall be gas based and Guidelines issued by CAAQMS for NCR region regarding the use of DG sets during construction and operational phase should be submitted.

20. IT Park Project at Plot No.19, Sector-KP-V, Greater Noida, District- Gautam Buddha Nagar, U.P. by M/s Pooja Infotech Private Limited., 10054/SIA/UP/INFRA2/537532/2025

SEIAA noted that as per para 8(ii) of EIA notification 2006 -The regulatory authority shall normally accept the recommendations of the Expert Appraisal Committee or State Level Expert Appraisal Committee concerned. In light of discussion held in SEIAA meeting no. 597 dated 05.05.2022 SEIAA opined to accept the recommendation of SEAC and grant EC to the said project along with all the general and specific conditions as suggested by SEAC. In addition to the conditions imposed by SEAC, SEIAA added following additional specific conditions:-

- 1- Plantation of saplings shall be carried out in green belt area earmarked as per relevant building bye-laws and as a part of tree plantation campaign "Ek Ped Ma Ke Naam" and the details of the same shall be uploaded in the Meri LiFE Portal (<https://merilife.nic.in>) as per OM no. F.No.IA3-22/3/2024-IA.III (E-241594) dated 24.07.2024.
- 2- The project proponent shall submit within the next 3 months the details on quantification of year wise CER activities along with cost and other details. The CER activities should be related to mitigation of Environmental Pollution and creating awareness for the need for same for example creation of water harvesting pits and carbon sequestration parks etc. At least one school in the vicinity of project area should be provided with rooftop solar plant, toilets should be constructed in public place or in school of nearby villages and if there is a girl's school then girls toilet properly equipped with overhead water tank should be constructed. Name of the school adopted for installation of roof top solar plant should be displayed on the website of project proponent and should also be submitted with periodic compliance report. As part of CER activities, the project proponent shall conduct awareness camps and workshops in nearby habitations regarding maintenance of personal and community hygiene. First aid training should be given to school students in the vicinity of hospital. Details of such workshops shall be uploaded on the website of project and also submitted to SEIAA.
- 3- The project proponent shall ensure that waste water is properly treated in STP and treated water should be reused for gardening flushing system, washing etc. For reuse of water, irrigation sprinkler and drip irrigation system shall be installed and maintained for proper functioning. Part of the treated sewage, if discharged to sewer line, shall meet the prescribed standards for the discharge and shall be done with necessary permissions from concerned authorities.
- 4- Under any circumstances untreated sewage shall not be discharged to municipal sewer line or any nearby water body.
- 5- The project proponent shall install organic bio converter.
- 6- The effluent from STP after tertiary treatment shall be subjected to ozonation to avoid foul smell.

- 7- A certificate signed by an officer not below the rank of ACF shall be submitted along with the EIA that the project does not lie with-in any protected area, National Park, Wild-Life Sanctuary and/or ESZ so declared as per the provisions of Wild-Life Protection Act 1972.
 - 8- **The project proponent shall submit permission of CGWA for using ground water and display it on their website or proposal for obtaining water from alternative legal source of fresh water should be submitted to SEIAA within a month.**
 - 9- Provision for charging of electric vehicles as per the guidelines of GoI/GoUP should be submitted within the next 3 months.
 - 10- The project proponent shall explore the possibility of solar electrification beyond 10% and if it is possible, shall submit the details of solar power plans within the next 3 months.
 - 11- PP should display EC granted to them on their website.
 - 12- EC is granted with the condition that EC is valid only for the building plan which has been submitted by PP for seeking EC. In case approved building plan is different from the one submitted for seeking EC then this EC will stand null and void.
 - 13- In compliance to Hon'ble Supreme Court order dated 13/01/2020 in IA no. 158128/2019 and 158129/2019 in Writ petition no. 13029/1985 (MC Mehta Vs GOI and others) anti-smog guns shall be installed to reduce dust during excavation.
 - 14- DG sets shall be gas based and Guidelines issued by CAAQMS for NCR region regarding the use of DG sets during construction and operational phase should be followed.
 - 15- **Project Proponent shall submit the Six-monthly Compliance on the Environment Clearance condition prescribed in the Prior Environment Clearance letter as per MoEF&CC OM F.no- IAS-22/01/2022-IA-III (E-172624) Dated 14-06-2022.**
 - 16- In case of violation of any EC conditions, this EC is liable to be cancelled based on report/recommendation of DM/IRO/UPPCB.
21. **"Building Stone or Khanda, Gitti, Boulder, Mining Project" at Gata No.22, Khand No. 08, Village: Dunara, Tehsil: Jhansi, District: Jhansi State: Uttar Pradesh. (Area: 1.416 Ha)., 10055/SIA/UP/MIN/537560/2025**
- SEIAA noted that the above proposal has been appraised and recommended for grant of ToR by SEAC and the geo-coordinates proposed are as per approved DSR. As per para 8(ii) of EIA notification 2006 -The regulatory authority shall normally accept the recommendations of the Expert Appraisal Committee or State Level Expert Appraisal Committee concerned. Updated DSR has been submitted and approved by SEIAA/SEAC. Hence in light of all these facts ToR is being granted to the title proposal for conducting EIA studies. SEIAA added following points to ToR-
- 1- SEIAA noted that lease deed is till - 26-11-2028.
 - 2- All pages of technical documents/EIA/EMP etc. should be signed by the consultant and project proponent both.
 - 3- The address of the lease area and production per annum should match with that mentioned in DSR and Lol. In case there is any difference clarification/ amendment letter from competent authority shall be submitted along with EIA. EIA and public hearing shall be conducted as per EIA notification, 2006 (as amended) and the address of lease area and production per annum shall be as mentioned in DSR and Lol.

- 4- Detailed Mine Reclamation plan and Plan for using the mine void for productive use in consultation with local administration and gram-panchayat should be submitted along with EIA-EMP.
- 5- **The project proponent shall submit permission of CGWA for using ground water or submit proposal for obtaining water from alternative legal source of fresh water along with EIA-EMP.**
- 6- Latest KML file for the area and mining lease area should be provided.
- 7- Status of leases granted/to be granted in various mining khands along with production since the formulation of DSR, duly certified by the competent authority should be submitted.
- 8- In case project proponent intends to temporarily store mined out material or any tools, equipment or other material outside mine lease area then NOC from competent authority for doing so should be submitted and details of such area and associated Environmental impacts should be included in EIA-EMP report. This should also be clearly mentioned during public hearing.
- 9- Road network to be used by the project should be clearly shown on Survey of India toposheet in 1:50,000 scale. In case road network involves forest road, permission should be obtained from Forest Department and a copy of the same should be submitted at the time of appraisal of EIA-EMP report.
- 10- The project proponent should clearly spell out whether it is a green field or brown field project. In case it is a brown field project and -
 - (i) If the earlier and present lease holder are same then compliance report of previous EC should be submitted.
 - (ii) If the earlier and present lease holder are different then environmental footprint of the site and mitigation measures should be included in EIA-EMP report.
- 11- In case of expansion / renewal of earlier EC, following information should be submitted
 - a. Status of compliance of earlier EC conditions by Integrated Regional Office, MoEFCC, GoI, Lucknow.
 - b. Copy of CTE and CTO issued by SPCB.
 - c. Status of submission of six-monthly compliance report to EC granted earlier
 - d. Court cases, if any.
- 12- Observations raised in public hearing, replies submitted by project proponent, suitable modifications carried out should be mentioned in EIA-EMP report.
- 13- DSR formulation is done by a sub-committee formed at District level and representative of Forest Department is a member in this sub-committee, so it is expected that they examine the issue of distance of forest area from the mining lease as well as distance of protected area from the mining lease. Hence, a certificate signed by an officer not below the rank of ACF shall be submitted along with EIA-EMP that no forest land is involved in mining or as a route for mineral transportation and does not lie within any Protected area, National Park, Sanctuary and ESZ. If forest land is involved the project proponent shall obtain forest clearance and permission of Central and State Government as per the provisions of Van Sanrakshan evam Samvardhan Adhiniyam, 2023.
- 14- Project Proponent should submit action plan for carrying out plantation at least @1,000 plants / ha of lease area. In this case, PP should prepare a plan, duly approved either by Forest Department or Horticulture Department, for planting at least 2,000 plants, either on government land or community land, within a periphery

of 5 km from the boundary of the lease area along with provision for maintenance for 5 years. Also, the coordinates of area earmarked for plantation should be clearly spelt in the EIA/EMP and polygon should be attached. Survival of plants below Uttar Pradesh Forest Department's survival rate will be treated as violation of EC condition.

- 15- The project proponent shall submit details of nearby water bodies and plan to ensure that these water bodies do not get polluted due to mining activity.
- 16- Along with the EIA-EMP report, PP / consultant will also submit in tabular form as to how they have addressed entire ToR while preparing draft EIA-EMP report for PH. Further, PP / consultant will submit in tabular form as to how they have addressed issues raised during public hearing and have incorporated the same in final EIA-EMP report. A presentation to this effect should be made before SEAC at the time of EIA-EMP presentation.
- 17- The project proponent shall submit along with EIA the details of School in the vicinity of project area in which rooftop solar plant, toilets will be constructed specially girl school under CER activities.
- 18- These TORs shall be subject to any order from any court/tribunal or any guidelines issued by MOEFCC.

22. Multistoried Group Housing Colony "ATS Dolce" at Plot No.- GH-12A, Sector - Zeta-1, Greater Noida, District- Gautam Buddha Nagar, U.P., 2084/SIA/UP/INFRA2/537502/2025.

SEIAA agreed with the recommendation of SEAC to grant of Extension of Validity of Environment Clearance for one year from the existing validity; i.e. till 06.08.2026. The Environment Clearance conditions will remain same as already prescribed in the EC letter dated 07.08.2014 and corrigendum issued on 02.09.2016

23. "Construction of 200 Bedded Hospital and Trauma Center " at Gata No: 3G /6 Village :Rithaura Danda Tehsil: Sadar District Hamirpur, Uttar Pradesh., 10056/SIA/UP/INFRA2/537473/2025

SEIAA noted that as per para 8(ii) of EIA notification 2006 -The regulatory authority shall normally accept the recommendations of the Expert Appraisal Committee or State Level Expert Appraisal Committee concerned. In light of discussion held in SEIAA meeting no. 597 dated 05.05.2022 SEIAA opined to accept the recommendation of SEAC and grant EC to the said project along with all the general and specific conditions as suggested by SEAC. In addition to the conditions imposed by SEAC, SEIAA added following additional specific conditions:-

- 1- Plantation of saplings shall be carried out in green belt area earmarked as per relevant building bye-laws and as a part of tree plantation campaign "Ek Ped Ma Ke Naam" and the details of the same shall be uploaded in the Meri LiFE Portal (<https://merilife.nic.in>) as per OM no. F.No.IA3-22/3/2024-IA.III (E-241594) dated 24.07.2024.
- 2- The project proponent shall submit within the next 3 months the details on quantification of year wise CER activities along with cost and other details. The CER activities should be related to mitigation of Environmental Pollution and creating awareness for the need for same for example creation of water harvesting pits and carbon sequestration parks etc. At least one school in the vicinity of project area should be provided with rooftop solar plant, toilets should be constructed in public place or in school of nearby villages and if there is a girl's school then girls toilet

properly equipped with overhead water tank should be constructed. Name of the school adopted for installation of roof top solar plant should be displayed on the website of project proponent and should also be submitted with periodic compliance report. As part of CER activities, the project proponent shall conduct awareness camps and workshops in nearby habitations regarding maintenance of personal and community hygiene. First aid training should be given to school students in the vicinity of hospital. Details of such workshops shall be uploaded on the website of project and also submitted to SEIAA.

- 3- The project proponent shall ensure that waste water is properly treated in STP and treated water should be reused for gardening flushing system, washing etc. For reuse of water, irrigation sprinkler and drip irrigation system shall be installed and maintained for proper functioning. Part of the treated sewage, if discharged to sewer line, shall meet the prescribed standards for the discharge and shall be done with necessary permissions from concerned authorities.
- 4- Under any circumstances untreated sewage shall not be discharged to municipal sewer line or any nearby water body.
- 5- The project proponent shall install organic bio converter.
- 6- The effluent from STP after tertiary treatment shall be subjected to ozonation to avoid foul smell.
- 7- A certificate signed by an officer not below the rank of ACF shall be submitted along with the EIA that the project does not lie with-in any protected area, National Park, Wild-Life Sanctuary and/or ESZ so declared as per the provisions of Wild-Life Protection Act 1972.
- 8- **The project proponent shall submit permission of CGWA for using ground water and display it on their website or proposal for obtaining water from alternative legal source of fresh water should be submitted to SEIAA within a month.**
- 9- Bio Medical Waste generated in the hospital shall be disposed in nearest CBWTF as per the Govt issued guidelines in this regard.
- 10- As part of CER activities the project proponent shall conduct awareness camps and workshops in nearby habitations regarding maintenance
- 11- ce of personal as well as community hygiene. First aid training should be given to school students in the vicinity of hospital. Details of such workshops shall be uploaded on the website of project and also submitted to SEIAA.
- 12- Provision for charging of electric vehicles as per the guidelines of GoI/GoUP should be submitted within the next 3 months.
- 13- The project proponent shall explore the possibility of solar electrification beyond 10% and if it is possible, shall submit the details of solar power plans within the next 3 months.
- 14- PP should display EC granted to them on their website.
- 15- EC is granted with the condition that EC is valid only for the building plan which has been submitted by PP for seeking EC. In case approved building plan is different from the one submitted for seeking EC then this EC will stand null and void.
- 16- **Project Proponent shall submit the Six-monthly Compliance on the Environment Clearance condition prescribed in the Prior Environment Clearance letter as per MoEF&CC OM F.no- IAS-22/01/2022-IA-III (E-172624) Dated 14-06-2022.**
- 17- In case of violation of any EC conditions, this EC is liable to be cancelled based on report/recommendation of DM/IRO/UPPCB.

24. Revision and Expansion of Group Housing Project at Plot no. DV-GH09B, Sector-Techzone-IV, Greater Noida, District- Gautam Buddha Nagar, U.P., by M/s K V Developers Pvt. Ltd., 2121/SIA/UP/INFRA2/537657/2025.

SEIAA agreed with the recommendation of SEAC to grant the extension of environmental clearance for 01 year i.e. 20/10/2025 to 19/10/2026 as per the provision of Para 9 in MoEF&CC Notification dated 18th January 2021 (considering 01-year exemption during Covid period) and as per provision of MoEF&CC Notification dated 12/04/2022. All the other contents mentioned in EC letter no. 1624/Parya/SEAC/2121/2013/DD (Sh), dated 20th October, 2014 shall remain the same.

25. Institutional Building on Plot No.-2/2, Sector -154, Noida, District- Gautam Buddha Nagar, U.P., M/s Groovy Structures LLP., 10057/SIA/UP/INFRA2/537627/2025

SEIAA noted that as per para 8(ii) of EIA notification 2006 -The regulatory authority shall normally accept the recommendations of the Expert Appraisal Committee or State Level Expert Appraisal Committee concerned. In light of discussion held in SEIAA meeting no. 597 dated 05.05.2022 SEIAA opined to accept the recommendation of SEAC and grant EC to the said project along with all the general and specific conditions as suggested by SEAC. In addition to the conditions imposed by SEAC, SEIAA added following additional specific conditions:-

- 1- Plantation of saplings shall be carried out in green belt area earmarked as per relevant building bye-laws and as a part of tree plantation campaign “Ek Ped Ma Ke Naam” and the details of the same shall be uploaded in the Meri LiFE Portal (<https://merilife.nic.in>) as per OM no. F.No.IA3-22/3/2024-IA.III (E-241594) dated 24.07.2024.
- 2- The project proponent shall submit within the next 3 months the details on quantification of year wise CER activities along with cost and other details. The CER activities should be related to mitigation of Environmental Pollution and creating awareness for the need for same for example creation of water harvesting pits and carbon sequestration parks etc. At least one school in the vicinity of project area should be provided with rooftop solar plant, toilets should be constructed in public place or in school of nearby villages and if there is a girl's school then girls toilet properly equipped with overhead water tank should be constructed.
