94.52 : Other Issues:

- i. **Accredited Consultants:** The Committee noted that names of consultants are not reflecting in some of the minutes and also in the EC/TORs issued to the Project Proponents. The committee recommended that the Names of the accredited consultants who are preparing and presenting the EIA/EMPs have to be mentioned in the MINUTES and EC/TOR orders.
- ii. **Violation Cases:** The SEIAA,A.P. in its meeting held on 25.07.2016 decided the following:

Decision of SEIAA: Violation Cases: Larger numbers of violation cases are pending for further action in the SEIAA, A.P and these shall be referred to the SEAC, A.P. for appraisal and further action.

The Committee discussed the issues pertaining to the violation cases and noted that credible action against violators of Project Proposals are still under process at the Government/ in the judicial process. The Committee opined that without any credible action being initiated, ,this committee can not admit the violators' applications proponent for considering for Environmental Clearance/ TOR . The Committee recommended that the violation cases have to be REJECTED first, duly requesting the Government to take action against the Project Proponent under the provisions of the EIA Notification 2006. After completion of the credible action and receipt of the report from the Government, the SEAC will appraise the Project Proposal again for consideration of recommendations for EC/TOR.
