The SEAC noted that the proponent has obtained mine lease from ADMG, Mahabubnagar for a period 20 years valid from 05.07.2001 to 04.07.2021. Subsequently, the proponent has obtained EC from SEIAA on 26.10.2015 for a period valid for 4 years or expiry of mine lease whichever is earlier with production capacity of 1,38,302 TPA.

The proponent informed that they have not carried out mining operations for maximum capacity w.r.t. EC order capacity and requested for extension of EC. The proponent also submitted previous dispatch production details as per Lr. dt. 28.10.2020 of the ADMG, Wanaparthi furnishing MRAs as follows:

Year	Production
2016-17	--
2017-18	308 m3
2018-19	3756 m3
2019-2020	--
2020-2021 (July 2020)	6000 m3
Total	10,064 m3

The SEAC noted that earlier EC was issued to the project with validity period of 4 years keeping in view of the life of mine. But, as per the above production details, the proponent has not extracted the mineral completely within 4 years and also the lease period is in force upto 04.07.2021. The proponent further informed that they have already submitted application for Renewal of Quarry lease for a further period of 20 years. The SEAC considered the proposal for extension of EC, as per O.M.dt.23.08.2015 and S.O. 1530 (E) dt.06.04.2018.

After detailed discussions, the SEAC recommended for issue extension of EC.
