

## State Level Environment Impact Assessment Authority-Karnataka

(Constituted by MoEF, Government of India, under section 3(3) of E(P) Act, 1986)

### Proceedings of 178<sup>th</sup> SEIAA Meeting held on 22<sup>nd</sup> November 2019 at Room No. 709, M.S Building, Bangalore.

#### Members present: -

1. Dr. K. C. Jayaramu - Chairman, SEIAA
2. Dr. H. B. Aravinda - Member, SEIAA
3. Sri. Vijayakumar Gogi, IFS - Member Secretary, SEIAA

The Chairman welcomed the members and initiated the discussion. The subjects discussed and the decisions made under each of the agenda point are as follows:

#### **178.1. Proceedings of 177<sup>th</sup> SEIAA Meeting held on 6<sup>th</sup> November 2019.**

The Authority perused the Proceedings of 177<sup>th</sup> SEIAA Meeting held on 6<sup>th</sup> November 2019 and confirmed.

#### **178.2. Action Taken report on the proceedings of 177<sup>th</sup> SEIAA Meeting held on 6<sup>th</sup> November 2019.**

The Authority noted that the actions are being taken on 177<sup>th</sup> SEIAA Meeting held on 6<sup>th</sup> November 2019.

#### **178.3. Deferred Projects:**

##### **178.3.1. Proposed Resort Development at Sy.Nos.3, 4, 5, 6, 8, 9, 10, 12, 13, 15/2, 17/2, 80/2, 80/6, 81 and 82, Dindagatta Village, Palya Hobli, Alur Taluk, Hassan District by M/s. Rosetta Resorts and Holiday Homes(SEIAA 95 CON 2019)**

M/s. Rosetta Resorts and Holiday Homes have proposed for Resort Development Project on a plot area of 1,87,065.94Sqm. The total built up area is 48,454.45 Sqm. The proposed project consists of Resort cluster, Holiday Homes, 2 BHK Cluster, Main Building, Pool Bar, Presidential Villa, VEG Restaurant, SPA, 1BHK Studio, BOH, Dormitory unit, studio Unit, GM Villa, Activity center. Total parking space proposed is for 580 No's of Cars. Total water consumption is 416.53KLD (Fresh water + Recycled water). The total wastewater discharge is 375 KLD. It is proposed to construct Sewage Treatment Plant with a capacity of 175 KLD and 205 KLD. The project cost is Rs.25 Crores.

The committee appraised the proposal during the meeting held on 26.9.2019. The Committee noted that as per village survey map there is one water storage body in Sy.No.7 which is in the midst of project site for which the proponent has stated that he has left 30 meter buffer zone all round the water body. Also there is another water body in Sy.No.2 on the western side of the project site for which the proponent has stated that

*[Signature]*

he has left 30 meter buffer zone all along the periphery of the water body touching the project site boundary. The proponent has also stated that he will provide free access to public for the water body in Sy.No.7. The committee after discussion decided to recommend the proposal to SEIAA for issue of Environmental Clearance.

The Authority during the meeting held on 6<sup>th</sup> November 2019 perused the proposal and took note of the recommendation of SEAC. The Authority observed that it is proposed to treat the sewage using phytorid technology in this project. The Authority sought to know the suitability of phytorid technology in such a location. The Authority therefore decided to get the following information for further consideration:

- 1) Justification for suitability of phytorid technology for treatment of sewage in the proposed project site.
- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1<sup>st</sup> May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

The Authority also decided to invite the project proponent.

The proponent was invited to the Authority meeting vide letter dated 20.11.2019.

The proponent appeared before the Authority and explained the project in brief.

The Authority after discussion decided to clear the proposal for issue of Environmental Clearance.

**178.3.1. Proposed Modification & Expansion of Mixed Use Development Project at Plot No.R5 (Sy.No.177(P) of Bagaluru Village and Sy.Nos.69(P), 70(P), 71(P) and 72(P) of Huvinayakanahalli Village) and Sy.Nos.69(P), 70(P), 71(P) and 72(P) of Huvinayakanahalli Village) Hi-Tech, Defense and Aerospace Park (Hardware Sector), KIADB Industrial Area, Jala Hobli, Yelahanka, Bangalore North Taluk, Bengaluru Urban District by M/s. Brigade Tetrarch Pvt Ltd.- Request for issue of Corrigendum to the Environmental Clearance (SEIAA 134 CON 2018)**

The project proponent had obtained Environmental Clearance vide letter No. SEIAA **134 CON 2018** dated 18.05.2019 for proposed Modification & Expansion of Mixed Use Development Project on a plot area of 2,02,344 Sq.m. The total built up area is 7,08,200 Sq m. The proposed project consists of 7400 number of flats in Cluster A to E & G to M with 2 B + G + 22 UF and Community Building – 1 & 2 with 2 B + GF + 2 UF.

The proponent vide letter dated 24.09.2019 have requested for issue of corrigendum on the EC increasing the built up area to 7,54,668.46 Sqm from earlier 7,08,200 Sqm including addition of two upper floors in all blocks and one upper floor in both Community Building. The nomenclature has been changed from cluster to tower and the part of Community Building-2 will be used for kindergarten school. The

proponent also submitted the revised conceptual plan, Form 1, 1A and comparative statement.

The Authority during the meeting held on 6<sup>th</sup> November 2019 perused the request made by the proponent. The Authority noted that there is an increase of 46468.46 Sqm. The Authority after discussion decided to invite the proponent for a clarification with regard to the present level of construction and the reasons for escalation in the built up area for further consideration of the request.

The proponent was invited to the Authority meeting vide letter dated 20.11.2019.

The proponent appeared before the Authority and explained the project in brief. The proponent submitted before the Authority that the proposed addition of built up area is around 6.5% and there is no increase in the number of residential units, thus there is no additional environmental footage when compared to the impact assessment.

The Authority after discussion decided to issue corrigendum as requested by the proponent.

### **178.3.2. Proposed Building Stone Quarry Project at Sy.No.125 of Kadthala Village, Karkala Taluk & Udupi District (1-00 Acre) By Sri N. Venkatesh (SEIAA 139 MIN 2019)**

Sri N. Venkatesh has applied for Environmental clearance from SEIAA for Proposed Building Stone Quarrying on 0.4047 Ha.(1-00 Acre) at Sy.No.125 of Kadthala Village, Karkala Taluk & Udupi District.

The subject was discussed in the SEAC meeting held on 25<sup>th</sup> April 2019. The committee noted that the lease area proposed for this project is within the Sy.No.125 of Kadthala village in Karkala Taluk the extent of which according to revenue survey boundaries is 1,268.1 Acre. Part of the Sy.No.is covered by reserve forest and some parts are covered by deemed forest. To determine whether the present lease area is within the reserve or deemed forest or outside the reserve and deemed forest, various correspondences and meetings have taken place and detailed survey sketch fixing the boundaries of the Sy.No.125 has been done. According to this detailed survey sketch, the lease area under consideration is outside the reserve/deemed forest areas. Based on this combined survey sketch and directions issued by the Hon'ble High court DMG has notified this lease area on 24-3-2018. Consequent to this the proponent has stated that he has made out an application to DEIAA for issue of EC on 25-6-2018 and the proponent has stated that the same has been appraised by DEAC and recommended for issue of EC and further process for issuing EC has not been carried forward. As per the quarry plan the level difference within the mining area is 6 meters and taking this into consideration the committee opined that only 55% of the proposed quantity of 29,430 cum or 76,520 tons can be mined safely and scientifically.

As far as CER is concerned the proponent has stated that he will earmark Rs.2.0 lakhs to take up Environment protection work in consultation with the concerned authorities. The proponent has stated that there is an existing cart track road connecting

the lease area to all weather road at a distance of 400 meter. The proponent has stated that as per the baseline data all the parameters are within the permissible limits. The DMG has certified that there are no other quarries within the 500 meter radius from this quarry. Hence the committee decided to categorise this project under B2 category and proceeded with the appraisal accordingly. The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority during the meeting held on 18<sup>th</sup> May 2019 perused the proposal and took note of the recommendation of SEAC. The Authority noted that the Deputy Conservator of Forests, Kundapur vide his letter dated 12.8.2015 addressed to the Senior Geologist, Department of Mines & Geology, Udupi have stated that the project site can be provided for quarrying of building stone can be undertaken in the proposed project site if it is not a deemed forest and a final decision has to be taken by the Government in this regard. In view of the above observations, the Authority decided to get orders of the Government with regard to exclusion of the project site from the deemed forest for further consideration.

The Authority perused the reply submitted by the proponent vide letter dated 17.10.2019. The Authority noted that the information sought with regard to deletion of the proposed project site from the list of deemed forest area is not submitted by the proponent

The Authority therefore decided to consider the proposal after receipt of this information.

### **178.1. Fresh Projects (Recommended for EC):**

#### **Industry Projects:**

#### **178.4.1. Proposed Bulk drug and Intermediates manufacturing unit at Plot No.78-B, Kolhar Industrial Area, Bidar, by Sri Indu Drugs India Pvt Ltd.,(SEIAA 15 IND 2019)**

Sri Indu Drugs India Pvt Ltd. have proposed for Bulk drug and Intermediates manufacturing unit at Plot No.78-B, Kolhar Industrial Area, Bidar, Karnataka on a Plot area of 7650 Sqmt. The Project cost is Rs. 3.5 Crores.

The subject was discussed in the SEAC meeting held on held on 26-4-2019. The committee noted that, this industry has been established in 2010 and being run on the basis of CFE and CFO issued by KSPCB which were valid upto 2017. Since 2017 the unit is not operating till today. Earlier the EC was not obtained because the activity was of inorganic nature and it was not mandated to have EC. Now this application has been made out to add some organic products in addition to inorganic products for which the EC is mandatory. Hence, the committee decided to recommend the proposal to SEIAA for issue of Standard ToRs along with additional ToRs to conduct the EIA studies in accordance with the EIA Notification 2006 and relevant guidelines.

The Authority during the meeting held on 18.05.2019 decided to issue ToR as recommended by SEAC for conducting the Environment Impact Assessment study in

accordance with EIA Notification, 2006. Accordingly the ToR was issued vide letter dated 27,2019. The proponent have submitted the EIA report on 31-8-2019.

The proponent and Environment consultant attended the SEAC meeting held on 18-10-2019 to present the EIA report. The committee after discussion decided to recommend the proposal to SEIAA for issue of Environmental clearance.

The Authority perused the proposal and took note of the recommendation of SEAC. The Authority perused the following orders.

1. Letter of CPCB bearing No. CPCB/IPC-VII/CEPI/NGT/2019, dated 25.10.2019 regarding Mechanism for environmental management in critically and severely polluted areas and consideration of activities /projects in such areas in compliance of Hon'ble NGT order dated 23.08.2019 in O.A. No. 1038/ 2018.
2. Office Memorandum issued by MoEF&CC vide F. No. 22-23/ 2018-IA.III (Pt) regarding compliance of Hon'ble NGT order dated 19.08.2019 (published on 23.08.2019) in O.A. No. 1038/ 2018.
3. Orders of the Hon'ble NGT dated 14.11.2019 in O.A. No. 1038/ 2018.

The Authority after discussion decided to defer the subject for want of clarity on the issue pertaining to consideration of activities /projects in the severely and critically polluted areas.

**178.4.2. Proposed Modification & Expansion of Bulk Drug and Intermediates Unit Project at Plot Nos.120, 121 & 122 of KIADB Industrial Area, Raichur Growth Centre, Chikasugur Village, Raichur Taluk & Raichur District By M/s. Larson Pharma Pvt. Ltd. (SEIAA 47 IND 2018)**

M/s. Larson Pharma Pvt. Ltd. have proposed for Modification & Expansion of Bulk Drug and Intermediates Unit Project at Plot Nos.120, 121 & 122 of KIADB Industrial Area, Raichur Growth Centre, Chikasugur Village, Raichur Taluk & Raichur District on a Plot area of 8636 Sqmt. The Project cost is Rs. 3.5 Crores.

The subject was discussed in the SEAC meeting held on 19.1.2019. The Committee has recommended to SEIAA for issue of standard ToRs with additional ToRst o conduct the EIA studies.

The Authority during the meeting held on 25.01.2019 decided to issue ToR as recommended by SEAC for conducting the Environment Impact Assessment study in accordance with EIA Notification, 2006. Accordingly, ToRs were issued on 21-2-2019. The Proponent has submitted the final EIA report on 4-9-2019.

The proponent and Environment consultant attended SEAC meeting held on 18-10-2019 to present the EIA report. The committee after discussion decided to recommend the proposal to SEIAA for issue of Environmental clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to clear the proposal for issue of Environmental Clearance subject to submission of the following information:

- 1) Copy of the order of transferring the EC issued in favour of M/s Sasank Biotech Ltd.
- 2) Report of compliance on the conditions of EC from the Regional Office of MoEF&CC.
- 3) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1<sup>st</sup> May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.3. Proposed Project "Bulk drugs and Intermediates unit at Plot No.123 & 124, KIADB, Industrial Area, Raichur Growth Centre, Raichur Tq and Dist Chicksugur-584134 by M/s. J Y Pharma Pvt Ltd(SEIAA 04 IND 2019)**

M/s. J Y Pharma Pvt Ltd have proposed Bulk drugs and Intermediates unit at Plot No.123 & 124, KIADB, Industrial Area, Raichur Growth Centre, Raichur Tq and Dist. on a Plot area of 3583 Sqmt. The Project cost is Rs. 4.5 Crores.

The subject was discussed in the SEAC meeting held on 27.3.2019. The Committee noted that the construction has already been taken up based on the CFE issued by KSPCB and CFE covers only inorganic products for which EC was not mandated. The proponent stated that this application has been made out as he is proposing to manufacture synthetic organic products also. The Committee after discussion had decided to appraise the proposal as B1 and decided to recommend the proposal to SEIAA for issue of standard ToRs with additional ToRs to conduct the EIA studies.

The Authority during the meeting held on 4.5.2019 decided to issue ToR as recommended by SEAC for conducting the Environment Impact Assessment study in accordance with EIA Notification, 2006. Accordingly ToRs were issued on 28-5-2019. The proponent has submitted the EIA report on 26-6-2019.

The proponent and Environment consultant attended SEAC meeting held on 12-9-2019 to present the EIA Report. The committee after discussion decided to reconsider after submission of the following information

- 1) To explore and submit the alternative to Toulene.

The committee during the meeting held on 19.10.2019 perused the replies submitted by the proponent on 26-9-2019 and accepted the same. The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to clear the proposal for issue of Environmental Clearance subject to submission of the following information:

- 1) Copy of the latest CFO and the details of manufacturing of the inorganic chemicals manufactured so far.
- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1<sup>st</sup> May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.4. Proposed Establishment of manufacturing industry for Pharmaceutical Steroidal, Active Pharmaceuticals Ingredients at Plot No.67, KIADB Industrial Area, Vasanthapura, Tumkuru by M/s. Natural Capsules Ltd(SEIAA 02 IND 2019)**

M/s. Natural Capsules Ltd have proposed for establishment of manufacturing industry for Pharmaceutical Steroidal, Active Pharmaceuticals Ingredients at Plot No.67, KIADB Industrial Area, Vasanthapura, Tumkuru and Dist. on a Plot area of 20280 Sqmt. The Project cost is Rs. 36.57 Crores.

The subject was discussed in the SEAC meeting held on 13.02.2019. The Committee had decided to appraise the proposal as B1 and decided to recommend the proposal to SEIAA for issue of standard ToRs along with additional ToRs to conduct the EIA studies.

The Authority during the meeting held on 2.3.2019 decided to issue ToR as recommended by SEAC for conducting the Environment Impact Assessment study in accordance with EIA Notification, 2006. Accordingly ToRs were issued on 27-3-2019 and EIA report has been submitted vide letter dated 02.08.2019.

The proponent and Environment consultant attended the SEAC meeting held on 27-9-2019 for EIA presentation. The committee after discussion decided to reconsider after submission of the following information.

- 1) Revise the activities under CER focusing mainly on immediately affected water bodies of the nearest village.
- 2) Resubmit the list of fauna if there are any Schedule-I species, prepare and submit biodiversity action plan.
- 3) To explore and submit the alternative to the phyrophoric substances used in the process.

The committee during the meeting held on 19.10.2019 perused the replies submitted by the proponent on 14-10-2019 and accepted the same. The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to clear the proposal for issue of Environmental Clearance subject to submission of the following information:

- 1) Copy of the Environmental Clearance issued for the formation of Vasanth Narasapura Industrial area within which the proposed project site is located and permissibility of the proposed activity within the said industrial area.
- 2) Justification for establishment of pharmaceutical industry amidst food processing industry and the details of safety measures built-in in order to prevent impact of the industry on the existing food processing units.
- 3) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1<sup>st</sup> May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.5. Proposed Project to Formulation of Urea Formaldehyde Resin and Melamine Urea Formaldehyde Resin and Manufacturing process of Lamination of Particle Boards & MDF at Plot No.96-B and 96-C, Adakanahalli Industrial Area, Chikkaiahnachatra Nanjanagudu Taluk, Mysore, District by M/s. Harsha Impex(SEIAA 38 IND 2018)**

M/s. Harsh Impex have proposed for Project Formulation of Urea Formaldehyde Resin and Melamine Urea Formaldehyde Resin and Manufacturing process of Lamination of Particle Boards & MDF at Plot No.96-B and 96-C, Adakanahalli Industrial Area, Chikkaiahnachatra Nanjanagudu Taluk, Mysore, District on a Plot area of 4000 Sqmt. The Project cost is Rs. 3.5 Crores.

The subject was discussed in the SEAC meeting held on 4<sup>th</sup> December 2018 and decided to recommend the proposal to SEIAA for issue of standard ToRs along with additional ToRs. The Authority during the meeting held on 26.12.2018 decided to issue ToR as recommended by SEAC for conducting the Environment Impact Assessment study in accordance with EIA Notification, 2006. Accordingly the ToR was issued vide letter dated 19.1.2019. The proponent have submitted the EIA report vide letter dated 14-3-2019.

The proposal was placed before the Committee during the meeting held on 26-4-2019 for EIA Appraisal. The committee noted that there are certain discrepancies in the categorization of the project for which the proponent has stated that he will come back with due clarifications. Hence the committee decided to defer.

The proposal was further placed before the Committee meeting held on 10-5-2019 and the committee noted that the proponent has given an undertaking Dated: 26-4-2019, that he will withdraw the manufacturing of formaldehyde and his activity will be

restricted to manufacture of synthetic resins. When he was invited for the 222<sup>nd</sup> committee meeting held on 10-5-2019, he insisted to take back that undertaking and he will proceed with the manufacturing of formaldehyde. The committee went through the CPCB documents presented by the proponent regarding the non toxicity of formaldehyde and also the EIA report wherein he has mentioned the liberation of hydrogen during the process of manufacture of formaldehyde. Based on this the committee felt that manufacture of formaldehyde involves toxic effluents and flammable gas. Hence the committee felt that the proposal has to be categorized under Red category and decided to recommend the proposal to SEIAA for closure.

The Authority perused the proposal and took note of the recommendation of SEAC during the meeting held on 18.05.2019. The Authority observed certain discrepancies in the proposal with regard to submission of undertaking by proponent dated 26.4.2019 and withdrawing the same. The Authority observed that the State Level Expert Appraisal Committee has got a mandate to make categorical recommendation either for grant of prior Environmental Clearance on stipulated terms and conditions or rejection of the application for prior Environmental Clearance together with reasons for the same, whereas in the instant case, the Committee has recommended for closure of the file.

The Authority after discussion decided to provide an opportunity of being heard to the proponent and therefore decided to invite the proponent along with the consultant to the next meeting of the Authority. Thus the subject stand deferred.

The proponent appeared before the Authority during the meeting held on 4<sup>th</sup> July 2019 and explained the process involved in manufacturing of formaldehyde and resins. The proponent submitted the following facts in support of his claim that establishment of the proposed unit is environmentally sustainable.

- 1) It is an orange category industry as per the entry at Sl. No.1374- Synthetic Resins in the list of orange category industries notified by Karnataka State Pollution Control Board vide Notification dated 14-07-2016 unlike the observation made by the SEAC that it is a red category activity.
- 2) The proposed activity involves an endothermic reaction wherein the hydrogen released during the reaction get burnt within the process due to the hot silver catalyst bed of 400 to 600 degree centigrade.
- 3) The manufacturing of resins involves environmentally sustainable process and hence the MoEF&CC, Government of India have issued Environmental Clearance to several such projects. (The proponent produced few copies of such clearances issued by Government of India for ready reference of the Authority).
- 4) The proposed activity is located within an industrial area where several large red category industries have been established.

The proponent was advised to submit a letter incorporating the submissions made during the presentation of the Authority including the above points and

addressing all the concerns expressed by the State Expert Appraisal Committee with due technical/statutory justifications. The Authority after discussion decided to refer the file back to SEAC to appraise the proposal considering the submissions made by the proponent and send recommendation deemed fit based on merit in accordance with law.

The proponent was invited for SEAC meeting held on 25-9-2019 to provide clarification and additional information. The proponent and Environment consultant were present. The proponent has again reiterated that there is no ban to put up Red category industry in the Adakanahalli Industrial Area and in support of this he has submitted the EC issued for the Adakanahalli Industrial Area Layout wherein the EC is silent about the categories for the industries that are to be put up in this industrial area. He has also submitted the zonal categorization issued by KIADB wherein it is mentioned that the units which are falling under Green, Orange and Red category can be put up in this industrial area. As far as CER is concerned the proponent has stated that he has earmarked Rs.4.00 lakhs towards taking up water supply, sanitation and water harvesting works in Govt. Maharaja Junior College, Mysore.

Hence, the committee after discussion decided to reconsider after submission of the following information.

- 1) The layout plan has to be revised keeping 33% of the land area for greenery as mandated.
- 2) Flora and fauna to be classified as per Wild life Protection Act 1972 and IUCN 2019 and if there are any schedule-I fauna prepare and submit biodiversity action plan in consultation with forest authorities with required budget backup
- 3) Alternate scheme to treat the effluent within the project site may be worked out and submitted.
- 4) The possibility of putting up DEWAT system for treating 400 litres/day of domestic sewage may be detailed and submitted.
- 5) Use of firewood as a source of fuel for the boiler to be avoided and alternatives may be worked out and submitted

The committee during the meeting held on 19.10.2019 perused the replies submitted by the proponent and accepted the same. The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to clear the proposal for issue of Environmental Clearance subject to submission of an action plan with activities proposed under CER in accordance with O.M.F. No.22-65/2017-IA.III dated 1<sup>st</sup> May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.6. Proposed Expansion of Bulk Drugs & Intermediates Products Manufacturing Unit Project at Plot No.94 of KIADB Kolhar Industrial Area, Bidar Taluk & District By M/s. SN2 Asymmetrix Pvt. Ltd. (SEIAA 22 IND (VIOL) 2018**

M/s. SN2 Asymmetrix Pvt. Ltd. have proposed for Expansion of Bulk Drugs & Intermediates Products Manufacturing Unit Project at Plot No.94 of KIADB Kolhar Industrial Area, Bidar Taluk & District Karnataka on a Plot area of 8093.71 Sqm. The Project cost is Rs. 4 Crores.

The subject was discussed in the SEAC meeting held on 2.6.2018. The Committee noted that M/s. SN2 Asymmetrix Pvt Ltd., is an existing industry and engaged in manufacture of bulk drugs and Active Pharmaceuticals Ingredients. The present proposal is for expansion. Since the industry was operating without E.C, it comes under violation category. The proponent has requested the committee to permit him to adopt the baseline studies made during Dec 2016 to Feb-2017 for the same project under the pretext that the baseline studies done for the same project holds good for three years for which the committee has accepted. The committee decided to recommend the proposal to SEIAA for issue of Standard ToRs and additional ToRs to conduct the EIA studies in accordance with the EIA Notification 2006 and relevant guidelines along with public hearing.

The Authority during the meeting held on 26.6.2018 decided to issue ToR as recommended by SEAC for conducting the Environment Impact Assessment study in accordance with EIA Notification, 2006. Accordingly ToRs were issued vide letter dated 05-07-2018. The proponent has submitted the EIA report on 18-10-2019.

The proponent and Environment consultant attended the SEAC meeting held on 31-10-2019 to provide clarification/additional information. The SEAC noted that this proposal is for both Remediation on account of violation and also for expansion. Committee after discussion and deliberation decided that the project has to be got delisted under violation category before taking up their proposal for expansion. For which the proponent has agreed for the restriction of appraisal for the violation part and comeback after that for expansion. The proponent has also requested to permit him to utilize the data collected from Oct 2018 to Dec 2018 for which the committee agreed to permit him to utilize the data. The EMP should consists of suitable equipments to achieve ZLD.

The Committee also noted that as far as the remediation aspect is concerned the proponent has reiterated that no damage has been done due to his activity and he has also stated that he has earned about Rs 50lakhs from 2008 to 2016 and based on this he agreed to spare 15% of this cost i.e 7.5 Lakhs towards remediation measures. The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to defer the subject for want of clarity on the issue pertaining to consideration of activities /projects in the severely and critically polluted areas in view of the discussions held under the Agenda Point No. 178.4.1.

**178.4.7. Proposed Cement Grinding Unit project at Sy.Nos.36/C1 & 26/C2 of Haravanahalli Village, Hospet Taluk, Bellary District by M/s. Sree Sai Industries (SEIAA 34 IND 2019).**

M/s. Sree Sai Industries have proposed for Cement Grinding Unit project at Sy.Nos.36/C1 & 26/C2 of Haravanahalli Village, Hospet Taluk, Bellary District on a Plot area of 26405.74 Sqm. The Project cost is Rs. 3 Crores.

The subject was discussed in the SEAC meeting held on 30<sup>th</sup> October 2019. The Committee noted that as per the statement indicating the source of procurement of raw materials, 90% of the material comes through rail road and transportation through road for these materials is 1.8% to 6%. Balance 2% of the material comes through 50% in rail road and another 50% comes through surface road transport from the source situated only 34 KM away from the site and also the proponent has stated that all the products that are manufactured will be carted through rail road except initial 16.92 KM from the project site to nearest Railway station. Based on this the proponent has claimed that more than 90% of the goods traffic is through railway line and hence he reiterated his stand that his project to be categorized under B2 category.

The Committee also noted that for the purpose of reducing dust emission which is the main source of environmental pollution in such type of industries the proponent has stated that he will handle all the raw materials and finished products in the closed ducts and spaces and also he has mentioned that emissions from the mill and conveyors will be extracted through dust collector system finally through bag filters. The proponent has also stated that he will put up green baffle to a width of 10 meters by planting three rows of trees all along the periphery of the project site. The proponent has stated that all the raw material and finished products will be handled within the closed proposed shed and hence the scope for fugitive emission is greatly reduced and the proponent has also stated that the personnel working within the closed shed will be protected from exposure to dust by putting up AC chamber in which most of the time the personnel will be working. As far as CER is concerned the proponent has stated that she has earmarked Rs.6.00lakhs to take up greenery and maintain the same for ten years all along the haulage road length of 16.92 KMs. The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to clear the proposal for issue of Environmental Clearance subject to submission an action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1<sup>st</sup> May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so

earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.8. Proposed Expansion of Bulk drugs & Intermediates manufacturing unit at Plot No.29P, KIADB Industrial Area, Raichur Growth Centre, Raichur Tq & District Chicksugur-584134 by M/s. Jayanth Life Sciences Pvt Ltd.(SEIAA 05 IND 2019)**

M/s. Jayanth Life Sciences Pvt Ltd. have proposed for Expansion of Bulk drugs & Intermediates manufacturing unit at Plot No.29P, KIADB Industrial Area, Raichur Growth Centre, Raichur Tq & District Chicksugur on a plot area of 8910Sqmt.

The subject was discussed in the SEAC meeting held on 27.3.2019. The Committee had decided to appraise the proposal as B1 and decided to recommend the proposal to SEIAA for issue of standard ToRs along with additional ToR to conduct the EIA studies.

The Authority during the meeting held on 4.5.2019 decided to issue ToR as recommended by SEAC for conducting the Environment Impact Assessment study in accordance with EIA Notification, 2006. Accordingly the ToR was issued vide letter dated 28.5.2019. The proponent have submitted the EIA report on 09-10-2019.

The proposal was placed before the Committee for EIA appraisal during the meeting held on 31-10-2019. The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to clear the proposal for issue of Environmental Clearance subject to submission an action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1<sup>st</sup> May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.9. Proposed Modification and Expansion of Bulk drug & intermediates manufacturing unit at Plot No.57,58, 69, 70 KIADB Industrial Area, Raichur Growth Centre, Raichur Taluk & District, Chicksugur by M/s. Vibrant Pharmachem Pvt Ltd (SEIAA 06 IND 2019)**

M/s. Vibrant Pharmachem Pvt Ltd have proposed for and Expansion of Bulk drug & intermediates manufacturing unit at Plot No.57,58, 69, 70 KIADB Industrial Area, Raichur Growth Centre, Raichur Taluk & District, Chicksugur Karnataka on a Plot area of 8094 Sqm. The Project cost is Rs. 17.96 Crores.

The subject was discussed in the SEAC meeting held on 27.3.2019. The Committee has decided to appraise the proposal as B1 and decided to recommend the proposal to SEIAA for issue of standard ToRs along with additional ToRs to conduct the EIA

studies. The Authority during the meeting held on 4.5.2019 decided to issue ToR as recommended by SEAC for conducting the Environment Impact Assessment study in accordance with EIA Notification, 2006. Accordingly the ToR was issued vide letter dated 28.05.2019. The proponent have submitted the EIA report on 09-10-2019.

The proposal was placed before the committee for EIA appraisal during the meeting held on 31-10-2019. The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to clear the proposal for issue of Environmental Clearance subject to submission of the following information:

- 1) Details of treatment facility with provisions for ATFD
- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1<sup>st</sup> May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

### **Construction Projects:**

#### **178.4.10. Proposed Residential Development Project at Sy.Nos.48/1A, 48/2, 50/2(P) 50/3(P) of Yadavanahalli Village, Attibele Hobli, Anekal Taluk, Bengaluru Urban District By M/s. Urban Space Projects Pvt. Ltd. C/o M/s. Sobha Limited(SEIAA 137 CON 2019)**

M/s. Urban Space Projects Pvt. Ltd. C/o M/s. Sobha Limited have proposed for Residential Development Project on a plot area of 32,202.30 Sqm. The total built up area is 1,13,100.34Sqm. The proposed project consists of 568 No's of Residential units and a club house in 7 wings. The configuration of Wing 1 and Wing 7 is 1B+3Stilts+36UF, Wing 2 and Wing 6 is sprawled across with a configuration of 1B+3Stilts+3UF, Wing 3 and Wing 5 has a configuration of 1B+3Stilts+35UF and the configuration of Wing 4 (Club House) is 1B+3Stilts+3UF. Total parking space proposed is for 645 No's of Cars. Total water consumption is 490KLD (Fresh water + Recycled water). The total wastewater discharge is 441KLD. It is proposed to construct Sewage Treatment Plant with a capacity of 530 KLD. The project cost is Rs. 203.09 Crores.

The subject was discussed in the SEAC meeting held on 18<sup>th</sup> October 2019. The Committee noted from the village survey map there is one secondary nala on the eastern side of the project site and one tertiary nala cutting across the project on the northern side of the project site for which the proponent has stated that he has left 9 meter and 3 meter buffer zone respectively as mandated by Anekal Development Authority and also there is a cart track road cutting across the site on the western portion of the project site for which the proponent has stated that he will keep this cart

track open for public use. As far as CER is concerned the proponent has earmarked Rs.4.0 crores towards rejuvenation of flood devastated Chickmagalur District. The committee after discussion decided to recommend the proposal to SEIAA for issue of Environmental Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to get the following information for further consideration:

- 1) Distance of the proposed project site from the boundary of Bannerghatta National Park.
- 2) Details of halla and nala kharab duly marking it on the project site with buffer maintained.
- 3) Details of buffer zone requirement for the water bodies as per Anakal Local Planning Area Zoning Regulations along with the extract of the same.
- 4) Details of excess excavated earth proposed to be carted out and the location details where it is proposed to be disposed scientifically.
- 5) Source of water during the construction phase and operation phase along with commitment/NoC from the competent authority.
- 6) Assessment of ground water availability if it is proposed to tap ground water along with relevant permissions from the concerned authority.
- 7) Details of cart road passing through the project site, permission/order of the Government to utilize the same for the project purpose if unused presently.
- 8) Details of the road bifurcating the project site and plan for providing interconnectivity between the two parcels and the permission from the competent authority in this regard.
- 9) Details of Recreational Ground area with at least 15% of the plot area.

The Authority also decided to invite the proponent.

**178.4.11. Proposed Residential Apartment Project at Sy.Nos.42, 44/1 & 44/2 of Channasandra Village, Bidarahalli Hobli, Bangalore East Taluk, Bangalore Urban District by M/s. Surya Projects (SEIAA 126 CON 2019)**

M/s. Surya Projects have proposed for construction of Residential Apartment Project on a plot area of 11,432.21 Sqm. The total built up area is 41,867.15 Sqm. The proposed project consists of 225 No's of Residential units with 2 Basement Floors + Ground Floor + 14 Upper Floors. Total parking space proposed is for 248 No's of Cars. Total water consumption is 152 KLD (Fresh water + Recycled water). The total wastewater discharge is 40 KLD. It is proposed to construct Sewage Treatment Plant with a capacity of 140 KLD. The project cost is Rs. 150Crores.

The subject was discussed in the SEAC meeting held on 18<sup>th</sup> October 2019. The Committee noted from the village survey map that there is one tertiary nala on the northern part of the project site and another nala on the eastern part of the project site for which the proponent has stated that he has left 15 meter buffer zone on either side of the nala. As far as CER is concerned the proponent has earmarked Rs.3.0 crores towards rejuvenation of flood devastated Chickmagalur District. The committee after discussion decided to recommend the proposal to SEIAA for issue of Environmental Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to clear the proposal for issue of Environmental Clearance subject to submission of the following information:

- 1) Source of water and copy of NOC / MoU from the competent authority regarding supply of water.
- 2) Specific source of treated water for the construction with an undertaking/MoU with the prospective supplier of such treated water and with water quality analysis report to establish that such treated water is fit for construction purpose.
- 3) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1<sup>st</sup> May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.12. Proposed Residential Apartment Project at Sy.Nos.39/2, 39/3, 40 & 43 of Allalassandra Village, Yelahanka Hobli, Bengaluru North Taluk, Bengaluru Urban District by M/s. Manjeera Constructions Ltd. (SEIAA 128 CON 2019)**

M/s. Manjeera Constructions Limited, have proposed for construction of Residential Apartment Project on a plot area of 14,775 Sqm. The total built up area is 82,025,05Sqm. The proposed project consists of 404 No's of Residential units in 3 towers with 3 Basements + Ground Floor & Upper Ground Floor + 18 Upper Floor + Terrace Floor and a Club House. Total parking space proposed is for 521 No's of Cars. Total water consumption is 281.79 KLD (Fresh water + Recycled water). The total wastewater discharge is 267.81 KLD. It is proposed to construct Sewage Treatment Plant with a capacity of 315 KLD. The project cost is Rs. 154 Crores.

The subject was discussed in the SEAC meeting held on 18<sup>th</sup> October 2019. The Committee noted that as per the village survey map there is a lake on the southeast side of the project site for which the proponent has stated that he has left 30 meter buffer zone as mandated. The committee after discussion decided to recommend the proposal to SEIAA for issue of Environmental Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to clear the proposal for issue of Environmental Clearance subject to submission of the following information:

- 1) Specific source of treated water for the construction with an undertaking/MoU with the prospective supplier of such treated water and with water quality analysis report to establish that such treated water is fit for construction purpose.
- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1<sup>st</sup> May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.13. Proposed Police Quarters Housing Building Project at Site No.6:10, 10th Block, Nagarbhavi 2<sup>nd</sup> Stage (Sy.No.19) of Nagarbhavi Village, Yeshwanthpura Hobli, Bangalore Urban District by Karnataka State Police Housing & Infrastructure Development Corporation Ltd. (SEIAA 129 CON 2019)**

Karnataka State Police Housing & Infrastructure Development Corporation Ltd, have proposed for construction of 256 PC Quarters Project on a plot area of 41,278.00 Sqm. The total built up area is 5942.38 Sqm. The proposed project consists of 256 No's of Quarters units with Stilt + 8Floors. Total parking space proposed is for 281 No's of Cars. Total water consumption is 190 KLD (Fresh water + Recycled water). The total wastewater discharge is 177 KLD. It is proposed to construct Sewage Treatment Plant with a capacity of 177 KLD. The project cost is Rs. 42.67 Crores.

The subject was discussed in the SEAC meeting held on 18<sup>th</sup> October 2019. The Committee noted from the village survey map that there are no water bodies either in the form of lake or natural nalas which attracts buffer as per norms. The committee after discussion decided to recommend the proposal to SEIAA for issue of Environmental Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to clear the proposal for issue of Environmental Clearance subject to submission of specific source of treated water for the construction with an undertaking/MoU with the prospective supplier of such treated water and with water quality analysis report to establish that such treated water is fit for construction purpose.

**178.4.14. Proposed Skilled Training and Incubation Business Center Project at Block No.217 Part No.1, Block No.221, Block No.222, Block No.223, Block No.225 of Gokul Village, Hubballi Taluk, Dharwad District by M/s. Deshpande Foundation (SEIAA 133 CON 2019)**

M/s. Deshpande Foundation, have proposed for construction of Skilled Training and Incubation Business Center Project on a plot area of 25,980.62 Sqm. The total built up area is 30,965.75Sqm. The proposed project consists of 7 Buildings. Total parking space proposed is for 171 No's of Cars. Total water consumption is 220 KLD (Fresh water + Recycled water). The total wastewater discharge is 180 KLD. It is proposed to construct Sewage Treatment Plant with a capacity of 220 KLD. The project cost is Rs.60 Crores.

The subject was discussed in the SEAC meeting held on 18<sup>th</sup> October 2019. The Committee noted from the village survey map that there are no water bodies either in the form of lake or natural nalas which attracts buffer as per norms. As seen from the records the proponent has started construction based on CFE obtained from KSPCB for a BUA of 15,233 sqmts which was outside the ambit of EC. Now the work is under progress and the proponent wants to expand the same and the total overall BUA could be 30,965.75 sqmts which falls into the ambit of EC and hence made out this application for obtaining EC. As far as CER is concerned the proponent has earmarked Rs.1.20 crores to take up remediation works in the flood devastated Hubli city area. The committee after discussion decided to recommend the proposal to SEIAA for issue of Environmental Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to clear the proposal for issue of Environmental Clearance subject to submission of an action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1<sup>st</sup> May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.15. Proposed Residential Apartment Project at Sy.No.52/3 of Doddabettahalli Village, Bangalore North Taluk, Bangalore Urban District By M/s. ARVIND SMARTSPACES LTD. (SEIAA 134 CON 2019)**

M/s. Arvind Smartspaces Ltd have proposed for construction of Residential Apartment Project on a plot area of 12,343 Sqm. The total built up area is 57062.78 Sqm. The proposed project consists of 334 No's of Residential units with 2 Basement+ Ground Floor + 15 Upper Floor + Terrace Floor. Total parking space proposed is for 439No's of Cars. Total water consumption is 250 KLD (Fresh water + Recycled water).

The subject was discussed in the SEAC meeting held on 18<sup>th</sup> October 2019. The Committee noted from the village survey map that there are no water bodies either in the form of lake or natural nalas which attracts buffer as per norms. As far as CER is

concerned the proponent has earmarked Rs.3.0 crores towards rejuvenation of flood devastated Belgaum District. The committee after discussion decided to recommend the proposal to SEIAA for issue of Environmental Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to clear the proposal for issue of Environmental Clearance subject to submission of the following information:

- 1) Specific source of treated water for the construction with an undertaking/MoU with the prospective supplier of such treated water and with water quality analysis report to establish that such treated water is fit for construction purpose.
- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1<sup>st</sup> May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.16. Proposed Residential Development Project at V.P. Khata No.191, Sy.Nos.114/1, 114/2 & 114/3 of Doddabannahalli Village, Bidarahalli Hobli, Bangalore East Taluk, Bangalore Urban District By Sri H.G. Natesh (SEIAA 136 CON 2019)**

Sri H G Natesh have proposed for construction of Residential Development Project on a plot area of 11,229.98Sqm. The total built up area is 36,302.65 Sqm. The proposed project consists of 326 No's of residential units in 01 towers with a Club House. Total parking space proposed is for 340 No's of Cars. Total water consumption is 226 KLD (Fresh water +Recycled water). The total wastewater discharge is 214 KLD. It is proposed to construct Sewage Treatment Plant with a capacity of 220 KLD. The project cost is Rs.70 Crores.

The subject was discussed in the SEAC meeting held on 18<sup>th</sup> October 2019. The Committee recommended the proposal to SEIAA for issue of Environmental Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to clear the proposal for issue of Environmental Clearance subject to submission of the following information:

- 1) Specific source of treated water for the construction with an undertaking/MoU with the prospective supplier of such treated water and with water quality analysis report to establish that such treated water is fit for construction purpose.

- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1<sup>st</sup> May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.17. Proposed Residential Development at Sy.Nos.123, 127 (P) & 128, of Pattandur Agrahara Village, K.R Puram Hobli, Bengaluru East Taluk, Bengaluru by M/s. Prestige Estates Projects Ltd(SEIAA 12 CON 2019)**

M/s. Prestige Estates Projects Limited, have proposed for construction of Residential Development Project on a plot area of 68,571.4 Sqm. The total built up area is 1,70,752.88 Sqm. The proposed project consists of 689 No's of Residential units in 5 towers with a Club House. Total parking space proposed is for 1123 No's of Cars. Total water consumption is 910KLD (Fresh water +Recycled water). The total wastewater discharge is 864 KLD. It is proposed to construct Sewage Treatment Plant with a capacity of 875 KLD. The project cost is Rs.272 Crores.

The subject was discussed in the SEAC meeting held on 13.02.2019. The Committee has decided to appraise the proposal as B1 and decided to recommend the proposal to SEIAA for issue of standard ToRs along with additional ToRs to conduct the EIA studies. The Authority during the meeting held on 2.3.2019 decided to issue ToR as recommended by SEAC for conducting the Environment Impact Assessment study in accordance with EIA Notification, 2006. Accordingly the ToR was issued vide letter dated 27-3-2019. The proponent have submitted the EIA report vide letter dated 12-7-2019.

The committee appraised the proposal during the meeting held on 7.8.2019. The committee noted that as per the village survey map there are two small water ponds (Kunte) of 4 guntas each and as per the norms it attracts buffer zone for which the proponent has stated that he will come back with proper clarifications about the ponds. The committee after discussion and deliberation decided to defer the subject.

The proponent has submitted the replies vide letter dated:9-9-2019. The proponent and Environment consultant attended SEAC meeting held on 13-9-2019 to provide required clarification. The committee noted from the village survey map there is one lake on the western side of the project site for which the proponent has stated that he has left buffer zone as per norms. Two small ponds of 4 guntas each in the western portion of the project site for which the proponent has stated that he has left buffer zone as mandated. In addition to this there are two nalas and for this also the proponent has stated that he has left buffer zone as mandated. The proponent has stated that he could able to do this without altering the general configuration in the concept plan except decreasing some set backs. By this the proponent has stated that he will leave the buffer zone undisturbed taking fire driveway wherever it is overlapping with the buffer zone at the higher level by putting up some columns. As far as CER is concerned the proponent has earmarked Rs.5.50 crores and agreed to take up rejuvenation of

Pattandur agrahara lake which is nearby. The committee after discussion decided to reconsider after submission of the following information.

- 1) Rainwater storage tanks capacity are to be worked out realistically both for terrace area and hard paved area separately and submit.
- 2) Revise the number of trees proposed based on the mandated norms including the compensatory trees that are to be planted in lieu of the trees felled in the project site.
- 3) Explore the possibility of putting up Biogas plant as the wet waste generated is one ton/day

The proponent has submitted the replies during the SEAC meeting held on 19.10.2019. The committee perused the replies submitted by the proponent and accepted the same. The committee after discussion decided to recommend the proposal to SEIAA for issue of Environmental Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to clear the proposal for issue of Environmental Clearance subject to submission of the following information:

- 1) Specific source of treated water for the construction with an undertaking/MoU with the prospective supplier of such treated water and with water quality analysis report to establish that such treated water is fit for construction purpose.
- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1<sup>st</sup> May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.18. Proposed Residential Apartment Project at Sy.No.20/1 of Arabikottanoor Village, Vakkaleri Hobli, Kolar Taluk, Kolar District by M/s. Felicity Adobe LLP(SEIAA 127 CON 2018)**

M/s. Felicity Adobe LLP (Formerly known as Tumkur Nivas LLP) have proposed for construction of Residential Apartment Project with club house, Project on a plot area of 9,863.38Sq.m. The total built up area is 32,331.52 Sq.m. The proposed project consists of 516 No's of Residential units in 4 Blocks with Club House. Total parking space proposed is for 153 No's of Cars. Total water consumption is 361 KLD (Fresh water +Recycled water). The total wastewater discharge is 289 KLD. It is proposed to construct Sewage Treatment Plant with a capacity of 320 KLD. The project cost is Rs.28.57 Crores.

The subject was discussed in the SEAC meeting held on 13-9-2019 to provide clarification/additional information. The committee noted that as per the village survey map there are no water bodies either in the form of lake or natural nalas which attracts

buffer as per norms. The proponent has stated this is a proposal to build affordable housing under PMAY. The committee after discussion decided to reconsider after submission of the following information.

- 1) Water and sewage treatment has to be reworked limiting the freshwater demand to 55 LPCD as per the Rural water supply norms.
- 2) Ground water potential studies are to be carried out and submitted along with the treatment scheme if needed.
- 3) Compliance to the codewise ECBC norms along with the quantification of eco friendly material used in the construction.

The proponent has submitted the replies during the SEAC meeting held on 19.10.2019. The committee perused the replies submitted by the proponent and accepted the same. The committee after discussion decided to recommend the proposal to SEIAA for issue of Environmental Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to clear the proposal for issue of Environmental Clearance subject to submission of the following information:

- 1) Revised quantification of water both for construction phase and operational phase with due source for the same and copy of NOC / MoU thereof.
- 2) Specific source of treated water for the construction with an undertaking/MoU with the prospective supplier of such treated water and with water quality analysis report to establish that such treated water is fit for construction purpose.
- 3) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1<sup>st</sup> May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.19. Proposed Modification and Expansion of residential Apartment" project at Sy.No.159/1, 159/2, 160/1, 167/1, 167/2, 167/3, 167/4, 168, 169/1, 169/2, 169/3, 169/4 & 171 of Kannamangala Village, Bidarahalli Hobli, Bengaluru East Taluk, Bengaluru District by M/s. Assetz Whitefield Homes Pvt Ltd(SEIAA 30 CON 2019) (expansion).**

M/s. Assetz Whitefield Homes Pvt Ltd. have proposed for Modification and expansion of residential apartment Project on a plot area of 1,14,526.04 Sqm. The total built up area is 4,38,971.66Sqm inclusive of the proposed expansion of 3,10,366.2 Sqm. The proposed project under expansion consists of 1927 No's of Residential units in 3 Buildings with 8 Towers and Commercial building with 3B+G+15F and School with GF+3F. Total parking space proposed is for 3321 No's of Cars. Total water consumption is 1975 KLD (Fresh water +Recycled water). The total wastewater discharge is 1777 KLD.

It is proposed to construct Sewage Treatment Plant with a capacity of 1780KLD. The project cost is Rs.870 Crores.

The proponent had obtained Environmental Clearance vide letter No. SEIAA 174 CON 2013 dated 03.10.2013 for construction of residential apartment on a plot area of 1,13,680 Sqm. The total built up area is 1,15,624 Sq. m and the proposed building consists of 649 units with 2B+ upper stilt/lower podium+ upper podium & partial typical floor+ 18 floors+ partial typical floor.

Further, the proponent had obtained Environmental Clearance vide letter No. SEIAA 146 CON 2017, dated 05-03-2018 for modification and expansion of construction of residential apartment on a plot area of 1,13,680 Sqm. The total built up area is 1,28,605.46 Sq. m and the proposed building consists of 547 No's of Residential units in 5 Wings; Wing 1 with 2B+G+13 floors, Wing 2 with 2B+G+9 floors, Wing 3 with B+G+26 floors, Wing 4 with 2B+G+8 floors & Wing 5 with B+G+7 floors and a Club House with 2B+G+2 floors.

The proposal was placed before the committee for appraisal during the meeting held on 9-4-2019. The Committee after discussion had decided to appraise the proposal as B1 and decided to recommend the proposal to SEIAA for issue of standard ToRs along with additional ToRs to conduct the EIA studies. The Authority during the meeting held on 4.5.2019 decided to issue ToR as recommended by SEAC for conducting the Environment Impact Assessment study in accordance with EIA Notification, 2006. Accordingly the ToR was issued vide letter dated 28-5-2019. The proponent have submitted the EIA report vide letter dated 6-7-2019.

The proposal was placed before the committee for EIA appraisal during the meeting held on 6.8.2019. The proponent was invited for EIA appraisal. The proponent remained absent and submitted a letter during the meeting requesting to consider their subject in forth coming meeting. Hence the committee decided to defer the appraisal.

The proponent was invited for the SEAC meeting held on 27-8-2019 for EIA appraisal. The proponent and environmental consultant attended the meeting of SEAC to provide required clarification/additional information. The committee noted that this proposal is for extension of this project for which EC was issued earlier on 5-3-2018 with a land area of 1,14,526.04 sqmts and BUA of 1,28,605.46 sqmts which itself was a revised EC wherein total BUA envisaged for 1,15,624 sqmts. Now, as far as the land area is concerned the proponent has stated as against the land area of 1,14,526.04 sqmts reflected in the concept plan actual area in possession of the proponent is 1,13,473.85 sqmts. Further proponent has stated that he has relinquished an area of 1959 sqmts for the road widening and the total B-kharab land being 14 guntas i.e., 1,416 sqmts. In the earlier concept plan 5 wings of buildings were proposed out of which 4 wings are complete in all respects and occupied. The work in the 5th wing is under progress and it has come up to 1st floor. Now this proposal is for adding up 3 new wings and modification in the 5th wing. In addition to this the proposal includes clubhouse, commercial building and school building. For the modification of 5th wing the proponent has stated that he has obtained structural stability certificate for vertical

expansion from B+G+7UF to B+G+28UF. The SEAC felt that this is a huge vertical expansion and the structural stability certificate has to be got vetted from 3<sup>rd</sup> party structural design consultant. The committee after discussion decided to reconsider after submission of the following information.

- 1) Separate Roof rainwater and hard surface rain water yield has to be worked out and provision for storage has to be detailed realistically and submitted.
- 2) Revise the list of tree species to be planted with design has to be worked out and submitted.
- 3) Structural stability aspect has to be got vetted from the reputed 3<sup>rd</sup> party consultant and the entire design details are to be shared.

The proponent has submitted the replies on 26-9-2019. The committee during the meeting held on 19.10.2019 perused the replies submitted by the proponent and accepted the same. The committee after discussion decided to recommend the proposal to SEIAA for issue of Environmental Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to clear the proposal for issue of Environmental Clearance subject to submission of the following information:

- 1) Land use details of the project site with percentage of the each of the usage.
- 2) Details of the third party evaluation of the structural design with report thereof
- 3) Specific source of treated water for the construction with an undertaking/MoU with the prospective supplier of such treated water and with water quality analysis report to establish that such treated water is fit for construction purpose.
- 4) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1<sup>st</sup> May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.20. Proposed Residential Apartment Project at Sy.Nos.25/5&12/11 of Geddalahalli Village & Thanisandra Village,K.R.Puram Hobli, Bangalore East Taluk, Bangalore Urban District By M/s. Casa Grande Garden City Builders Pvt. Ltd. (SEIAA 118 CON 2019)**

M/s Casa Grande Garden City Builders Pvt Ltd have proposed for construction of Residential Apartment, Project on a plot area of 21,667.07 Sqm. The total built up area is 61,687.78 Sqm. The proposed project consists of 498 No's of Residential units in 4wingwith01 Club House. Total parking space proposed is for 546 No's of Cars. Total

water consumption is 363KLD (Fresh water +Recycled water). The total wastewater discharge is 290 KLD. It is proposed to construct Sewage Treatment Plant with a capacity of 355 KLD. The project cost is Rs.69.02 Crores.

The subject was discussed in the SEAC meeting held on 12.09.2019. The Committee noted that as per the village survey map that there is one nala cutting across the project site in the north south direction for which the proponent has stated that he has left buffer zone as per norms. The committee after discussion decided to reconsider after submission of the following information.

1) Surface hydrology has to be reworked keeping in view the micro water shed wherein this project is located and workout the carrying capacity of the nearby nalas.

The proponent has submitted the replies. The committee during the meeting held on 19<sup>th</sup> October 2019 perused the replies submitted by the proponent on 14.10.2019 and accepted the same. The committee after discussion decided to recommend the proposal to SEIAA for issue of Environmental Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to clear the proposal for issue of Environmental Clearance subject to submission of the following information:

- 1) Specific source of treated water for the construction with an undertaking/MoU with the prospective supplier of such treated water and with water quality analysis report to establish that such treated water is fit for construction purpose.
- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1<sup>st</sup> May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.21. Proposed Residential Development Project at Sy.Nos.107(P), 115/2, 115/3, 115/4, 115/5, 116/3 situated at Nagondanahalli Village and Sy.Nos. 30/1, 30/6 located at Hagadur Village, K.R.PuramHobli, Bengaluru East Taluk, Bengaluru Urban District By M/s. Sobha Ltd. (SEIAA 31 CON 2019)**

M/s Sobha Limited have proposed for construction of Residential Developmental Project on a plot area of 58,932.35 Sqm. The total built up area is 1,74,734.18 Sqm. The proposed project consists of 739 No's of Residential units in 4 Blocks with a Club House. Total parking space proposed is for 1240 No's of Cars. Total water consumption is 521 KLD (Fresh water +Recycled water). The total wastewater discharge is 469 KLD. It is proposed to construct Sewage Treatment Plant 2 No's with a capacity of 285 KLD. The project cost is Rs.367.2 Crores.

The subject was discussed in the SEAC meeting held on 09.04.2019. The Committee noted that earlier an application was made out for issue of EC for the same project area and BUA of 1,84,287.69sqmts and ToRs were also issued. Subsequently the proponent has decided to go for reconfiguration of the project plan and in view of this the project proponent has not responded though he was given several opportunities and the committee decided to recommend for the closure on the basis of the letter furnished by the proponent stating that he is revising the concept plan. Now proponent states that he has incorporated all the revision and modifications and made out a fresh application for the same for the BUA 1,74,734.18sqmts. In this regard the proponent has also requested that he has started collecting data from the date of issue of earlier ToRs and requested the committee to permit him to adopt the same for EIA report. The Committee after discussion had decided to appraise the proposal as B1 and decided to recommend the proposal to SEIAA for issue of standard ToRs along with additional ToRs to conduct the EIA studies.

The Authority during the meeting held on 4.5.2019 decided to issue ToR as recommended by SEAC for conducting the Environment Impact Assessment study in accordance with EIA Notification, 2006. Accordingly the ToR was issued vide letter dated 31-5-2019. The proponent have submitted the EIA report vide letter dated 8-7-2019.

The proposal was placed before the committee for EIA appraisal during the meeting held on 7-8-2019. The committee noted from the baseline studies that there is a presence of Uranium in the ground water near Nagondanahalli and Hagadur in K.R Puram Hobli. The committee taken note of this and after deliberation decided to request the SEIAA to take up the matter with the concerned authorities. As far as CER is concerned the proponent has stated that he has earmarked Rs.6.00 crores for this purpose for taking up rehabilitation works in the rain devastated Kodagu district. The committee after discussion decided to reconsider the proposal after submission of the following information:

- 1) The earthwork calculation has to be reworked taking into consideration level difference within the project site.
- 2) Design details of entry and exit to ensure smooth traffic flow in the main approach road.
- 3) Carbon foot prints with suitable offsets may be worked out both for construction and operation phase may be submitted.
- 4) Separate rain water harvesting storage sumps to store water from terrace area and paved area may be detailed and treatment scheme may be worked out and submitted.
- 5) Resubmit the STP flow chart with ozonisation as stated by the proponent and design parameters to be shared to restrict demand on fresh water to minimum.
- 6) Separate rain water harvesting storage sumps to store water from terrace area and paved area may be detailed and treatment scheme may be worked out and submitted.

The committee during the meeting held on 19.10.2019 perused the replies submitted by the proponent on 21-9-2019 and accepted the same. The committee after discussion decided to recommend the proposal to SEIAA for issue of Environmental Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC. The Authority made the following observations:

- 1) The total plot area of the project site is 58,932.35 Sqm whereas, the area available for development is mentioned as 56,555.98 Sqm. The reasons for the difference are not forthcoming from the proposal.
- 2) Source of water for the construction phase is mentioned as private water tankers instead of having an MoU / agreement with appropriate supplier of treated water for construction as mandated.
- 3) Source of water for the operation phase is mentioned as BWS&SB/external tankers. It is not clear whether the proposed project site is covered under the BWS&SB service area and the water supply is readily available. Relying on external tankers for water supply would lead to un-sustainability of the project without assessment of the impact on the existing competitive users.
- 4) Presence of Uranium in the ground water samples is observed in all the sample points which is an alarming factor that needs further investigations for confirmation of presence of Uranium in the ground water, possible source of infestation & reasons, extent of area reflecting the presence of Uranium (within & outside the study area), its lethality level, probable health hazards, mitigative measures, precautions required to ensure the sustainability of the project from the environmental safety point of view are not forthcoming in the appraisal.

In view of the observations, the Authority decided to refer the file back to SEAC to appraise the proposal in the light of the above observations, especially the issue related to presence of Uranium in the ground water and sending recommendation deemed fit with specific conditions /reasons for issue of Environmental Clearance or rejection as the case may be.

**178.4.22. Proposed Expansion of Commercial Office Building Project at Sy.Nos.4, 19/1, 19/2, 19/3, 19/4, 20/1, 20/2, 20/3, 21, 22(P), 25(P), 39, 41/3A2, 41/3B2, 41/4 & 56 of Devarabeesanahalli Village and Sy.Nos.96(P), 97(P), 98/1, 98/2, 99, 100, 101 102/1&2, 102/3, 103, 104/1, 104/2, 105(P), 106(P) of Bhoganahalli Village and Sy.Nos.72/1, 72/2(P), 72/5 of Doddakannahalli Village, Varthur Hobli, Bengaluru East Taluk, Bengaluru District By M/s. RMZ ECOWORLD INFRASTRUCTURE PVT. LTD. (SEIAA 149 CON 2018)**

M/s.RMZ Ecoworld Infrastructure Private Limited have proposed for Expansion of Commercial Office Building with 1 Tower in 2B+GF+8UF on a plot area of 2,22,896.99 Sqm. The total built up area is 10,54,093.86 Sqm. Total parking space proposed is for 689 No's of Cars. Total water consumption is 3,275KLD (Fresh water + Recycled water). The

total wastewater discharge is 2642 KLD. It is proposed to construct Sewage Treatment Plant with a capacity of 237 KLD, 600 KLD, 200 KLD, 365 KLD, 460KLD, 310 KLD, 330KLD & 300 KLD and propose of 200 KLD KLD. The project cost is Rs.180 Crores.

Environmental Clearance has been issued by MoEF, New Delhi to this project vide letter No. 21 – 40 /2007 – IA.III dated 14<sup>th</sup> November 2007 for construction of "Adarsh Palm Retreat"- Tech Park project on a plot area of 2,75,566.86 Sqm (Tech Park – I: 76,561 Sqm, Hotel: 55,363.86 Sqm, Tech Park – II: 1,43,642 Sqm). The project was approved for a built up area of 6,02,517.31 Sqm (Tech Park – I: 1,92,275.40 Sqm, Hotel: 1,05,346.91 Sqm, Tech Park – II: 3,04,895 Sqm). Tech Park – I with 2B + G + 4 to 7 UF, Hotel with 749 rooms, service apartments, banquet hall and club in 2B + G + 12 UF and Tech Park – II with 2B + G + 7 to 10 UF.

Further, M/s. RMZ Ecoworld Infrastructure Pvt. Ltd., has taken over the part of the above infrastructure of M/s. Adarsh Prime Projects (P) Ltd. company. The hotel portion continue to be with M/s. Adarsh Prime Projects (P) Ltd. and it will be constructed in accordance with the environmental clearance issued by MoEF vide letter dated 14<sup>th</sup> November 2007. Out of the total land area of an area of 55,363.86 Sqm with total built up area of 1,05,346.91 Sqm hotel with 749 rooms, service apartments, banquet hall and club in 2B + G + 12 UF remains unchanged.

Subsequently, M/s. RMZ Ecoworld Infrastructure Pvt. Ltd have obtained Environmental Clearance vide letter No. 119 CON 2012 , dated 13<sup>th</sup> June 2013 for the proposed modification and expansion of "Adarsh Palm Retreat"- Tech Park Project on a plot area of 2,09,036.63 Sqm excluding the area retained by M/s. Adarsh Prime Projects (P) Ltd. The total built up area is 10,11,290.46 Sqm. inclusive of the proposed expansion of 4,08,773.46 Sqm. The proposed project under expansion consists of Tech Park – I on Plot – A with 7 Buildings, Buildings 1 & 3A with 2B + G + 7 UF, Building 2 with 2B + G + 4 UF, Building 3B with B + G + 4UF, Building 3C with B + G, Building 4A & 4B with 3B + G + 11 & 10 UF respectively. Tech Park – II on 4 Plots (Plot – B, C1, C2 & C3). Plot – B and Plot - C1 (2 Building of 5A & 5B & 2 Building of 8A & 8B with 3B+G+10UF respectively). Plot - C2 (2 Building of 9A & 9B with 3B+G+8 UF & 3B+G+10UF respectively) and Plot – C3 (3 Building of 6A, 6B & 7 with 2B + G + 10 UF respectively).

The proposal was placed before the committee for appraisal during the meeting held on 19.11.2018. The committee noted that this project is connected to outer ring road through 23 meter wide road and also there is another 12 meter public road abutting this property connecting outer ring road to panathur road. The proponent has also stated that he has developed the road connecting this property to Sarjapur road of about 1.5 kilometer. The committee has received representation stating to be the residents of the neighbouring area (ORR Sarjapur Raising) and expressed concerns mainly on the following points:

- a) The water requirement of the present project is affecting the water availability to the residents of neighbouring area and also the ground water table has depleted to almost a 1000 feet depth causing lot of problems to the residents.

- b) The traffic scenario in the ORR and other roads connecting the project site is worst.
- c) Air quality standards in the locality has deteriorated substantially and it is much above the permissible standards.
- d) These project proponents are drawing water from the water tankers and neighbouring residents are not getting even tanker water because of the exorbitant cost offered by the proponent.

The Committee after discussion decided to appraise the proposal as B1 and had decided to recommend the proposal to SEIAA for issue of standard ToR along with additional ToRs for conducting EIA study in accordance with EIA Notification 2006 along with relevant guidelines.

In view of the concerns expressed by the residents the following critical aspects may be studied in detail and submitted so that the day to day life of the residents of the neighbouring area is not affected due to this project.

- a) Details of water procured from BWSSB and other sources on an annual basis for the last three years may be submitted and study the possibility of increasing the ground water recharge in order to bring up the depleted water table.
- b) If the level of service for traffic on the existing roads is critical the measures to be taken to ensure smooth traffic flow by preparing comprehensive mobility plan as per URDPFI may be detailed and submitted.
- c) Measures to improve the quality of air if it is beyond the permissible limits may be detailed.

The Authority during the meeting held on 7.12.2018 decided to issue ToR as recommended by SEAC for conducting the Environment Impact Assessment study in accordance with EIA Notification, 2006. Accordingly the ToR was issued vide letter dated 28-1-2019.

The Authority vide letter dated:16-2-2019 has also forwarded the apprehensions expressed in the letters dated:19-11-2018, 6<sup>th</sup> December 2018, 11<sup>th</sup> December 2018 and 4<sup>th</sup> January 2019 submitted by Sri Tushar Kapila, Residents of Adarsh Palm Retreat and affected residents of Bellandur ward that are to be addressed in the EIA Report.

The proponent has submitted the EIA report on 13-8-2019.

The proposal was placed before the committee for perusal during the meeting held on 12.9.2019. The Committee noted from the village survey map that there are no water bodies within the Sy.No.4 wherein this expansion is propose. However there is a nala in the neighboring Sy.No. on the western side of the project site for which the proponent has stated that he has maintained mandated buffer as per norms. The committee after discussion decided to reconsider after submission of the following information.

- 1) Earthwork management details have to be reworked and submitted.
- 2) Detail study to reduce the dependency of tanker water has to be carried out and submitted by increasing the reuse and creating the storage capacity of

fresh water and also sufficient storage capacity of tanks for storing water from terrace area and water from hard paved surface.

- 3) Ground water deep recharge wells are to be increased as agreed by the proponent and the location of same may be worked out and submitted.
- 4) The possibility of procuring treated sewage water from BWSSB in order to reduce the dependency on tanker water may be examined and submitted.
- 5) ECBC code wise compliance along with energy utilization index to be submitted.

The committee during the meeting held on 19.10.2019 perused the replies submitted by the proponent on 5-10-2019 and accepted the same. The committee after discussion decided to recommend the proposal to SEIAA for issue of Environmental Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to clear the proposal for issue of Environmental Clearance subject to submission of the following information:

- 1) Specific source of treated water for the construction with an undertaking/MoU with the prospective supplier of such treated water and with water quality analysis report to establish that such treated water is fit for construction purpose.
- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1<sup>st</sup> May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.23. Proposed Residential Apartment Building at Sy.No.20/1, 20/P1, 20/5 of Kammanahalli Village, Begur Hobli, Bengaluru South Taluk, Bengaluru by M/s. Nandi Housing Pvt. Ltd., (SEIAA 67 CON 2019)**

M/s. Nandi Housing Pvt Ltd, have proposed for construction of Residential Apartment Project on a plot area of 32,374.58 Sqm. The total built up area is 96,894.43 Sqm. The proposed project consists of 508 No's of Residential units in 13 Blocks . Total parking space proposed is for 846 No's of Cars. Total water consumption is 343 KLD (Fresh water +Recycled water). The total wastewater discharge is 308 KLD. It is proposed toconstruct Sewage Treatment Plant with a capacity of 320 KLD. The project cost isRs.127 Crores.

The subject was discussed in the SEAC meeting held on28.5.2019. The Committee noted from the village survey map some discrepancies were noticed about the exact location of the project site for which the proponent has stated that he will come back with necessary clarifications. Hence the committee decided to defer.

The proponent and Environment consultant attended the SEAC meeting held on 27-9-2019 and submitted the certified copy indicating the position of the project site in the Sy.No.20. According to which the project site is adjacent to Kammanahalli lake and is on the western side of the project site for which the proponent has stated that he has left 30 meter buffer zone as mandated. The committee after discussion decided to reconsider after submission of the following information.

- 1) Surface hydrological studies has to done and carrying capacity of nearby nalas may be ascertained and submitted.
- 2) Water balance chart has to be revised taking into consideration the realistic values for other uses and if possible ozonization instead of chlorination for disinfection to be adopted.

The committee during the meeting held on 19.10.2019 perused the replies submitted by the proponent and accepted the same. The committee after discussion decided to recommend the proposal to SEIAA for issue of Environmental Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to clear the proposal for issue of Environmental Clearance subject to submission of the following information:

- 1) Distance of the proposed project site from the boundary of the Bannerughatta National Park.
- 2) Specific source of treated water for the construction with an undertaking/MoU with the prospective supplier of such treated water and with water quality analysis report to establish that such treated water is fit for construction purpose.
- 3) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1<sup>st</sup> May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.24. Amendment to Proposed Commercial Development (Office facility, Retail Activity and Multi – Level Car Parking (MLCP) Project at Sy.No.52/1, 52/2, 52/3, 52/4, 52/5, 52/6, 52/7 of Hebbal Village, Bangalore North Taluk, Bangalore Dist by M/s. Embassy - KSL Realty Ventures (SEIAA 143 CON 2018 )**

M/s. Embassy Groups – KSL Realty Ventures, have proposed for construction of Commercial Development (Office facility, Retail Activity and Multi - level Car Parking (MLCP)) Project on a plot area of 40,265.89 Sqm. The total built up area is 2,12,632.36Sqm. Total parking space proposed is for 2609 No's of Cars. Total water consumption is 730 KLD (Fresh water + Recycled water). The total wastewater discharge

is 657 KLD. It is proposed to construct Sewage Treatment Plant with a capacity of 700 KLD. The project cost is Rs.800 Crores.

The subject was discussed in the SEAC meeting held on 27.10.2018 . The Committee noted that earlier an application was made out to MoEF for the reason the SEIAA was not in existence 1-8-2017. The proponent has stated that MoEF has issued ToR and EIA report was prepared and submitted to MoEF online. The proponent has stated subsequently that he has changed the concept plan proposing 2B+G+17UF in Block 1 and Block 2 reducing the basement from 3BF to 2BF and converting Block 3 which was consisting G+2UF into MLCP with 14 floors. Subsequent to reconstitution of SEIAA the proponent has stated that he is making out application incorporating all these modifications and seeking amended ToRs. The Committee after discussion decided to appraise the proposal as B1 and had decided to recommend the proposal to SEIAA for issue of standard ToR and additional ToRs for conducting EIA study in accordance with EIA Notification 2006 along with relevant guidelines.

The Authority during the meeting held on 15.11.2018 decided to issue ToR as recommended by SEAC for conducting the Environment Impact Assessment study in accordance with EIA Notification, 2006. Accordingly the ToR was issued vide letter dated 7-12-2018. The proponent have submitted the EIA report vide letter dated 25-7-2019.

The proposal was placed before the committee for EIA appraisal during the meeting held on 8-8-2019. The committee noted from the village survey map that there are no water bodies and nalas within the project site but there is a nala on the eastern side of the project site in another survey number for which the proponent has stated that he has maintained 25 meter buffer from the nala as per norms.As far as CER is concerned the proponent has stated that he earmark Rs.7.5 Crores and out of which Rs.5.0 Crores will be spent on the rejuvenation and remediation on the rain devastated Kodagu district and balance Rs.2.5 Crores will be spent for listed activities in the EIA report.The committee after discussion decided to reconsider after submission of the following information.

- 1) The rainwater storage details from the terrace area and paved area has shall be reworked and submitted with required treatment scheme.
- 2) ECBC simulation studies shall be worked out and submitted.
- 3) Water balance chart to be reworked by utilizing HVAC (Aircooled) topup water for reuse and thus reducing the demand on the fresh water.
- 4) Noise and Air modeling as per norms to be worked out and submitted.
- 5) Land use land cover of study area using high resolution satellite imagery shall be submitted.
- 6) The scheme for going for ozonization instead of chlorination may be worked out and submitted.

The proponent has submitted the replies during the meeting held on 19.10.2019. The committee perused the replies submitted by the proponent and accepted the same. The committee after discussion decided to recommend the proposal to SEIAA for issue of Environmental Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to clear the proposal for issue of Environmental Clearance subject to submission of the following information:

- 1) Specific source of treated water for the construction with an undertaking/MoU with the prospective supplier of such treated water and with water quality analysis report to establish that such treated water is fit for construction purpose.
- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1<sup>st</sup> May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.25. Proposed Expansion of Residential Apartment Project at Sy.Nos.8/1, 16/2 & 17 of Hosahalli Village, Jala Hobli, Bengaluru North Taluk, Bengaluru Urban District by M/s. Assetz Premium Holdings Pvt Ltd (SEIAA 140 CON 2019)**

M/s. Assetz Premium Holdings Pvt Ltd have proposed for Expansion of Residential Apartment Project on a plot area of 58927.08 Sqm. The total built up area is 53725.09 Sqm. The proposed project consists of 117 No's. Total parking space proposed is for 117 No's of Cars. Total water consumption is 115 KLD (Fresh water + Recycled water). The total wastewater discharge is 98 KLD. It is proposed to construct Sewage Treatment Plant with a capacity of 105 KLD. The project cost is Rs. 180 Crores.

The subject was discussed in the SEAC meeting held on 31<sup>st</sup> October 2019. The Committee noted as from the village survey map that there are two nalas and for which the proponent has stated that he has maintained the Buffer as mandated As far as cart track road which is cutting across the project site, the proponent has stated that he has obtained the permission for rerouting the cart track along the periphery of the project site. As per the records this proposal is for modification of the proposal for which EC was issued during 2017. The proponent has stated that the project has not yet been completed and only 5 units out of 117 units are under progress. As far as CER is concerned the proponent has earmarked Rs.3.6 crores towards rejuvenation of Mylasandra lake in RR Nagar Bangalore. The committee after discussion decided to recommend the proposal to SEIAA for issue of Environmental Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to clear the proposal for issue of Environmental Clearance subject to submission of the following information:

- 1) Report of compliance on the EC conditions from the Regional Office of MEF&CC, Government of India.
- 2) Source of water and NOC from the competent authority for supply of water.
- 3) Specific source of treated water for the construction with an undertaking/MoU with the prospective supplier of such treated water and with water quality analysis report to establish that such treated water is fit for construction purpose.
- 4) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1<sup>st</sup> May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.26. Proposed Development of Warehouse project at Plot No.12-P2 of (IT Sector), Hitech Defence & Aerospace Park, Devanahalli Taluk, Bengaluru Rural District by M/s. APG Industrial Conglomerate Pvt Ltd(SEIAA 141 CON 2019)**

M/s. APG Industrial Conglomerate Pvt Ltd have proposed for construction of commercial building Project on a plot area of 1,21,405.8 Sqm. The total built up area is 1,05,463.84 Sqmt. The proposed project consists of Block:1 and2= GFwith mezzanine floor. Total parking space proposed is for 146 No's of Cars. Total water consumption is 205 KLD (Fresh water + Recycled water). The total wastewater discharge is 174 KLD. It is proposed to construct Sewage Treatment Plant with a capacity of 215 KLD. The project cost is Rs. 148 Crores.

The subject was discussed in the SEAC meeting held on 31<sup>st</sup> October 2019. The Committee noted from the village survey map that there are no water bodies either in the form of water body or nala which attract buffer as per norms. As far as CER is concerned the proponent has earmarked Rs.3.0 Crores towards rejuvenation of Mylasandra lake in RR Nagar Bangalore. The committee after discussion decided to recommend the proposal to SEIAA for issue of Environmental Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to clear the proposal for issue of Environmental Clearance subject to submission of the following information:

- 1) Specific source of treated water for the construction with an undertaking/MoU with the prospective supplier of such treated water and with water quality analysis report to establish that such treated water is fit for construction purpose.
- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1<sup>st</sup> May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame

within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.27. Proposed construction of Residential apartment located in Sy.No.32/2 and 38/2 of Chickannahalli Village, Varthur Hobli, Bangalore East Taluk, Bangalore District by M/s. Greenesto Builders & Developers (SEIAA 142 CON 2019)**

M/s. Greenesto Builders & Developers have proposed for construction of Residential apartment Project on a plot area of 9611.284 Sqm. The total built up area is 33546.76 Sqm. The proposed project consists of 220 No's of Residential units with B+G+12UF. Total parking space proposed is for 276 No's of Cars. Total water consumption is 148 KLD (Fresh water + Recycled water). The total wastewater discharge is 118 KLD. It is proposed to construct Sewage Treatment Plant with a capacity of 125 KLD. The project cost is Rs.42 Crores.

The subject was discussed in the SEAC meeting held on 31<sup>st</sup> October 2019. The Committee noted from the village survey map there are no water bodies either in the form of water body or nala which attract buffer as per norms. As far as CER is concerned the proponent has earmarked Rs.65 Lakhs towards rejuvenation of Mylasandra lake in RR Nagar Bangalore. The committee after discussion decided to recommend the proposal to SEIAA for issue of Environmental Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to clear the proposal for issue of Environmental Clearance subject to submission of the following information:

- 1) Specific source of treated water for the construction with an undertaking/MoU with the prospective supplier of such treated water and with water quality analysis report to establish that such treated water is fit for construction purpose.
- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1<sup>st</sup> May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.28. Proposed Development of "Residential Apartment" at Khata No.693, Sy.No.34/2, Thubarahalli Village, Varthur Hobli, Bengaluru East Taluk, Bengaluru by M/s. Aashish Developer and Builders (SEIAA 143 CON 2019)**

M/s. Aashish Developer and Builders have proposed for construction of "Residential Apartment" Project on a plot area of 8,599.45 Sqm. The total built up area is 29,165.55Sqm. The proposed project consists of 210 No's of Residential units in Block A&

B distributed over B+G+ 4UF. Total parking space proposed is for 276 No's of Cars. Total water consumption is 144 KLD (Fresh water + Recycled water). The total wastewater discharge is 137 KLD. It is proposed to construct Sewage Treatment Plant with a capacity of 75 KLD. The project cost is Rs.30 Crores.

The subject was discussed in the SEAC meeting held on 31<sup>st</sup> October 2019. The Committee noted that as seen from the village survey map there are no water bodies either in the form of water body or nala which attract buffer as per norms. But there is one cart track road for which the proponent has stated that he has relinquished the land for rerouting and widening of this road. As far as CER is concerned the proponent has earmarked Rs.60 Lakhs towards rejuvenation of Tubarahalli lake which is at a distance of 450meters. The committee after discussion decided to recommend the proposal to SEIAA for issue of Environmental Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to clear the proposal for issue of Environmental Clearance subject to submission of the following information:

- 1) Source of water both for the construction phase and the operation phase with relevant permission /NoC from the competent authority.
- 2) Details of Recreation Ground area of at least 15% of the plot area with at least 50% of the RG area on the mother earth.
- 3) Specific source of treated water for the construction with an undertaking/MoU with the prospective supplier of such treated water and with water quality analysis report to establish that such treated water is fit for construction purpose.
- 4) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1<sup>st</sup> May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.29. Proposed development of Residential Apartment with clubhouse at Sy.No.23 & 24/1 of Kammasandra Agrahara village, Kasaba Hobli, Anekal Taluk, Bengaluru by M/s. Radiant Kaira (SEIAA 144 CON 2019)**

M/s. Radiant Kaira have proposed for construction of Residential Apartment Project on a plot area of 9004.26 Sqm. The total built up area is 29,573.44 Sqm. The proposed project consists of 235 No's of Residential units in 1 towers with BF+GF+9UF and a Club House. Total parking space proposed is for 226 No's of Cars. Total water consumption is 161 KLD (Fresh water + Recycled water). The total wastewater discharge is 153 KLD. It is proposed to construct Sewage Treatment Plant with a capacity of 175 KLD. The project cost is Rs.30 Crores.

The subject was discussed in the SEAC meeting held on 31<sup>st</sup> October 2019. The Committee noted from the village survey map that there are no water bodies either in the form of water body or nala which attract buffer as per norms. Also the proponent stated that the Jigani industrial area i.e Critically polluted industrial Area is 6Km. As far as CER is concerned the proponent has earmarked Rs.60Lakhs towards rejuvenation of rain devastated Chickmagalur district. The committee after discussion decided to recommend the proposal to SEIAA for issue of Environmental Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to clear the proposal for issue of Environmental Clearance subject to submission of the following information:

- 1) Latest dated photographs of the project site with size and status of existing building.
- 2) Distance of the project site from the Bannerghatta National Park and if it is located within 10 Km, then clearance from the National Board of Wild life as mandated in O.M. F.No. 22-43/2018-IA.III, dated 8<sup>th</sup> August 2019.
- 3) Details of Recreation Ground area of at least 15% of the plot area with at least 50% of the RG area on the mother earth.
- 4) Specific source of treated water for the construction with an undertaking/MoU with the prospective supplier of such treated water and with water quality analysis report to establish that such treated water is fit for construction purpose.
- 5) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1<sup>st</sup> May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.30. Proposed Commercial/Residential Apartment at Sy.No.38, Khata No.3255, Pattaduru Agrahara Village, K.R Puram Hobli, Bangalore by Sri. C.R Guruprasath (SEIAA 66 CON 2019)**

Sri. C.R Guruprasath have proposed for construction of Commercial/Residential Apartment Project on a plot area of 9429.62 Sqm. The total built up area is 43,615.01 Sqm. The proposed project consists of 257 No's of Residential units in 1 building having 2 Basement + Ground Floor + 12 Upper Floors + Terrace Floor. Total parking space proposed is for 341 No's of Cars. Total water consumption is 224.86 KLD (Fresh water + Recycled water). The total wastewater discharge is 213.62 KLD. It is proposed to construct Sewage Treatment Plant with a capacity of 250 KLD. The project cost is Rs.90 Crores.

The subject was discussed in the SEAC meeting held on 28.5.2019. The Committee noted from the village survey map that there are no water bodies either in the form of

lake or natural nalas which attract buffer as per norms. As far as CER is concerned the proponent stated that he will earmark Rs.20 Lakhs towards Rejuvenation of nearby water body or other Environmental protection works. The committee after discussion decided to recall after submission of following information.

1. The original documents of khata certificate and other documents in the name of the proponent.
2. The proponent to submit the BWSSB NOC for utilization of water.
3. The proponent to clarify and submit the documents pertaining to road width with height of the building.

In response to the earlier proceedings the proponent and consultant attended the SEAC meeting on 31.10.2019 and clarified as below for the quarries raised thereon.

- 1) As far as the land records discrepancies concerned he stated that this proponent whose name was P C Gurubharan has changed his name as C R Guruprasath and same has been advertised in news paper and affidavit sworn before the notary in this regard is also been submitted. Now the proponent is reiterated that his present name is C R Guruprasath and issue of EC in the name of M/s SV Infra Holdings Ltd who are developers as he has given GPA of the land in favour of M/s SV Infra Holdings Ltd.
- 2) He has also submitted demand note raised by BWSSB to supply water.
- 3) He has also stated that the road is being 25m in front of his site and as per the Zonal Regulation the height of the building being 44.95meter is permitted.

In addition to above the proponent has stated that he has effected certain changes in the configuration of the building by which the BUA gets increased from 43615 to 45792.23 Sqm and decrease of 1 unit and the same has been submitted to authority. The committee after discussion decided to recommend the proposal to SEIAA for issue of Environmental Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to clear the proposal for issue of Environmental Clearance subject to submission of the following information:

- 1) Specific source of treated water for the construction with an undertaking/MoU with the prospective supplier of such treated water and with water quality analysis report to establish that such treated water is fit for construction purpose.
- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1<sup>st</sup> May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

## **Mining Projects:**

### **178.4.31. Proposed Building Stone Quarry Project at Sy.No.622 of Shivapura Village, Kudligi Taluk, Ballari District (3.30 Acres) By Smt. L.V. Sudha (SEIAA 587 MIN 2019)**

Smt. L.V.Sudha have applied for Environmental clearance from SEIAA for quarrying of Building Stone in 1.355 Ha, Govt Land, Sy. No. 622, Shivapura Village, Kudligi Taluk, Ballari District.

The subject was discussed in the SEAC meeting held on 17<sup>th</sup> October 2019. The Committee noted that this is a fresh lease involving Building stone mining in Govt land. The proponent has stated that he has obtained NOCs from Forest, Revenue Dept... The lease has been notified on 16-1-2017 and also he has stated that the quarry plan has also been got approved from the DMG. As seen from the quarry plan there is a level difference of 22 meters and taking this into consideration committee opined that the proposed quantity of 3,67,263 tons or 1,37,551 cum can be mined safely and scientifically within the lease period for a quarry pit depth of 10 meters.

The proponent has also stated that there is an existing cart track road to a length of 1.30 KM joining the lease area to all weather road black topped road. The proponent has stated that there are no eco-sensitive zone within the radius of 10 KM from the boundary of lease area. The proponent has also submitted extended cluster sketch prepared by the DMG wherein it has been stated that there are one other quarries which has been notified and application for EC has not yet been made out. The total area of these two leases including this lease is 11.30 Acres within the 500 meter radius from this lease and this being less than the threshold limit of 5 Ha. committee decided to categorise this project under B2 category and proceeded with the appraisal accordingly. As far as CER is concerned the proponent has stated that he has earmarked Rs.8.00 lakhs to take up sanitation, water supply and afforestation in Shivapura – Gollarahatti which is a distance of 1.0 KM from the lease area. The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of the building stone as per approved quarry plan, subject to submission of the following information:-

- 1) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.

- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1<sup>st</sup> May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.32. Proposed Building Stone (M-Sand) Quarry Project at Sy.No.95(P) of Haligera Village, Yadgir Taluk & District (1-00 Acre) By Sri Dheeraj Kumar (SEIAA 589 MIN 2019)**

Sri.Dheerajkumar have applied for Environmental clearance from SEIAA for quarrying of Building Stone in 0.4048 Ha, Government Land, H.No.3-3-51/3,Kumbarwadi, Yadgir Taluk ,Yadgir Dist, Karnataka.

The subject was discussed in the SEAC meeting held on 17<sup>th</sup> October 2019. The Committee noted that this is a fresh lease involving Building stone mining in Govt land. The proponent has stated that he has obtained NOCs from Forest, Revenue Dept... The lease has been notified on 3-6-2019 and also he has stated that the quarry plan has also been got approved from the DMG. As seen from the quarry plan there is a level difference of 14 meters and taking this into consideration committee opined that 70% of the proposed quantity of 1,42,590 tons or 53,579 cum can be mined safely and scientifically and safely within the lease period for a quarry pit depth of 10meters.

The proponent has also stated that there is an existing cart track road to a length of 430 meters joining the lease area to all weather black topped road. The proponent has stated that there are no eco-sensitive zone within the radius of 10 KM from the boundary of lease area. The proponent has also submitted extended cluster sketch prepared by the DMG wherein it has been stated that there are eleven leases including this lease within the 500 meter radius from this lease and leases for seven leases are exempted from cluster effect because of the fact the EC for the same were issued prior to 15-1-2016. The total area of balance four leases is 4 Acres 20 guntas and this being less than the threshold limit of 5 Ha. committee decided to categorise this under B2 category and proceeded with the appraisal accordingly. As far as CER is concerned the proponent has stated that he has earmarked Rs.3.00 lakhs to take up works in connection with rejuvenation of Haligera water pond which is a distance of 1.05 KM from the lease area. The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of 70% of the building stone proposed to be extracted as per approved quarry plan, subject to submission of the following information:-

- 1) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and

if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.

- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1<sup>st</sup> May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.33. Proposed Pink Granite Quarry Project at Sy.No.80(P) of Yelladu Village, Gudibande Taluk, Chikkaballapur District (Q.L.No.407) (1-23 Acres) By M/s. CHENNAKESHAHA ENTERPRISES (SEIAA 590 MIN 2019)**

M/s Channakeshava Enterprises have applied for Environmental clearance from SEIAA for quarrying of Pink Granite on 0.637 Ha, Government Revenue Land at Sy. No. 80 (PART), Yellodu Village, Gudibande Taluk, Chickballapur District, Karnataka

The subject was discussed in the SEAC meeting held on 19<sup>th</sup> October 2019. The Committee noted that this is a proposal involving ornamental stone mining in Government land. The lease for the same was granted in 16-1-2001 for 20 years i.e., upto 15-1-2021 for this the proponent has stated that the lease period will automatically deemed to be extended for further 10 years i.e., upto 15-1-2031. The proponent has stated that he has carried out the mining activity from 2001 to 2011 and no activities has been carried out since 2011. The total quantity mined between 2001 and 2011 is 913.975 cum as per audit report. The proponent has stated that he has obtained NoCs from Forest and Revenue Departments and joint inspection report in 2000 itself.

As seen from the quarry plan there is a level difference of 5.5 meters and taking this into consideration 55% of proposed gross quantity of 1,19,299 cum can be mined safely and scientifically within the lease period. The proponent has stated that the recovery is 15% in the form of commercial blocks i.e., 9,842 cum and 85% waste, i.e., 55,772 cum which will be converted to building stone and the same has been reflected in approved mining plan. As per the cluster sketch prepared by DMG there are four leases including this lease within the 500 meters radius from this lease and the leases for all these proposals were granted prior to 9-9-2013 and hence exempted from cluster effect. The proponent has also stated that the project does not fall within the 10 KM radius from National park/Wildlife sanctuary. As far as approach road is concerned the proponent has stated that there is an existing cart track road to a length of 430 meters connecting the lease area to all weather black topped road. As far as CER is concerned the proponent has stated that he has earmarked Rs.3.00 lakhs for a plan period of five years to take rejuvenation of Chowtakuntanahalli kere which is at a distance of 300 meters from the

project site. The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of 55% of the pink granite proposed to be extracted as per approved quarry plan, subject to submission of the following information:-

- 1) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.
- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.34. Proposed Pink Granite Quarry Project at Sy.No.80(P) of Yelladu Village, Gudibande Taluk, Chikkaballapur District (Q.L.No.408) (1-20 Acres) By Smt. Vijayavani Srinivas (SEIAA 591 MIN 2019)**

Smt. Vijayavani Srinivas have applied for Environmental clearance from SEIAA for quarrying of Pink Granite on 0.607 Ha, Government Revenue Land at Sy. No: 80 (PART), Yellodu Village, Gudibande Taluk, Chickballapur District, Karnataka.

The subject was discussed in the SEAC meeting held on 19<sup>th</sup> October 2019. The Committee noted that this project is located at one KM from the interstate boundary for which the proponent has stated that the general conditions are exempted upto 25 Ha. and requested the committee to categorise under B category. This is a proposal involving ornamental stone mining in Government land. The lease for the same was granted in 16-1-2001 for 20 years i.e., upto 15-1-2021 for this the proponent has stated that the lease period will automatically deemed to be extended for further 10 years i.e., upto 15-1-2031. The proponent has stated that he has carried out the mining activity from 2001 to 2011 and no activities has been carried out since 2011. The total quantity mined between 2001 and 2011 is 833.30 cum as per audit report. The proponent has stated that he has obtained NoCs from Forest and Revenue Departments and joint inspection report in 2000 itself.

As seen from the quarry plan there is a level difference of 22 meters and taking this into consideration 90% of the proposed gross quantity of 1,16,139 cum can be mined safely and scientifically within the lease period. The proponent has stated that the recovery is 15% in the form of commercial blocks i.e., 15,700 cum and 85% waste, i.e., 88,846 cum which will be converted to building stone and the same has been reflected in approved mining plan. As per the cluster sketch prepared by DMG there are four leases including this lease within the 500 meters radius from this lease and the leases for all these proposals were granted prior to 9-9-2013 and hence exempted from cluster effect. The proponent has also stated that the project does not fall within the 10 KM radius from National park/Wildlife sanctuary. As far as approach road is concerned the proponent has stated that there is an existing cart track road to a length of 450 meters connecting the lease area to all weather black topped road. As far as CER is concerned the proponent has stated that he has earmarked Rs.5.00 lakhs for a plan period of five years to take rejuvenation of Chowtakuntanahalli kere which is at a distance of 350 meters from the project site. The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of 90% of the pink granite proposed to be extracted as per approved quarry plan, subject to submission of the following information:-

- 1) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.
- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.35. Proposed M-Sand Quarry Project at Sy.No.76 of Dodda Ayyuru Village, Kolar Taluk & District (11-20 Acres) By M/s. R.K. Granites (SEIAA 599 MIN 2019)**

M/s R K Granites have applied for Environmental clearance from SEIAA for quarrying of building stone on 4.56 Ha, Government Gomala Land at Sy No: 76 , Dodda Ayyuru Village, Kolar Taluk, Kolar District, Karnataka.

The subject was discussed in the SEAC meeting held on 19<sup>th</sup> October 2019. The Committee noted that this is a proposal involving M-sand quarry mining in Government land. The proponent has stated that he has obtained NoCs from Revenue, Forest and the lease has been notified on 25-2-2019. As per the combined sketch prepared by the DMG it has been stated that there are no other leases within the 500 meter radius of this lease and this area being less than the threshold limit of 5 Ha. the committee decided to categorise this project under B2 and proceeded with the appraisal accordingly.

As per the quarry plan there is a level difference of 70 meters within the mining area and taking this into consideration committee felt that 21,08,844 cum or 56,09,526 tons can be mined safely and scientifically within the lease period to a quarry pit depth of 25 meters. . The proponent has also stated that the project does not fall within the 10 KM radius from National park/Wildlife sanctuary.As far as approach road is concerned, the proponent has stated that there is an existing cart track road to a length of 320 meters connecting the lease area to all weather black topped road.As far as CER is concerned the proponent has stated that he has earmarked Rs.1.12 crore for a lease period to take Aforestation and water conservation in the PG campus of Kolar which is at a distance of 5 KM from the project site. The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance with the following conditions:

The Authority after discussion decided to issue Environmental Clearance for extraction of the building stone as per approved quarry plan, subject to submission of the following information:-

- 1) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.
- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1<sup>st</sup> May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.36. Proposed Grey Granite Quarry Project at Sy.Nos.70/6 & 70/7 of Kakkihalli Village, Yelburga Taluk, Koppal District (5-20 Acres) By Sri V.R. Bhandari (SEIAA 600 MIN 2019)**

Sri V.R. Bhandari has applied for Environmental Clearance for quarrying of grey granite in 5-20 Acres, at Sy.Nos.70/6 & 70/7 of Kakkihalli Village, Yelburga Taluk, Koppal District.

The subject was discussed in the SEAC meeting held on 17<sup>th</sup> October 2019. The Committee noted that this is a proposal involving ornamental stone mining in patta land. The proponent has stated that the proponent has obtained NoCs from Revenue and Forest Departments. The proponent has also stated that he has obtained land conversion order. The lease has been notified on 22-6-2018. As seen from the mining plan there is a level difference of 3 meters within the mining area and taking this into consideration the proposed gross quantity of 38,500 cum can be mined safely and scientifically. The proponent has stated that the recovery in the form of commercial blocks is 30% i.e., 11,550 cum and 10% i.e, 3,850 cum which is in form of khandas and 30% i.e., 11,550 cum in the form of building stone and the balance 30% i.e., 11,550 cum is a waste including overburden for which the proponent has stated that he has earmarked 2800 sqmts of land to handle the waste. As far as top soil is concerned the proponent has stated that he will deposit the top soil in the buffer zone area for plantation.

As per the cluster sketch prepared by DMG there are four lease leases within the 500 meter radius and combined area of these four leases is 17 Acres and out of which the proponent has claimed that the two leases are exempted from cluster effect for the reason that the EC for the same was issued prior 15-1-2016 and the balance two leases area is 10 Acres 30 guntas and this being less than the threshold limit of 5 Ha the committee decided to categorise this project under B2 and proceeded with the appraisal accordingly. The proponent has also stated that the project does not fall within the 10 KM radius from National park/Wildlife sanctuary.As far as approach road is concerned the proponent has stated that there is an existing cart track road to a length of 300 meters connecting lease area to all weather black topped road.As far as CER is concerned the proponent has stated that he has earmarked Rs.5.00 lakhs to take up rejuvenation of Kakkihalli kere which is at a distance of 1.5 KM from the project site.The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of the grey granite as per approved quarry plan, subject to submission of the following information:-

- 1) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.
- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame

within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.37. Proposed Building Stone Quarry Project at Sy.No.137/A of Hosakeri Village, Hogaribommanahalli Taluk, Ballari District (5.50 Acres) By Sri A. Arogyadass (SEIAA 603 MIN 2019)**

Sri A. Arogyadass have applied for Environmental clearance from SEIAA for quarrying of Building Stone on 2.225 Ha, Govt .Land at Sy. No. 137/A) Hosakeri Village, Hagaribommanahalli Taluk, Ballari District.

The subject was discussed in the SEAC meeting held on 19<sup>th</sup> October 2019. The Committee has recommended to SEIAA for issue of EC and the extract of noted that this is a fresh lease involving Building stone mining in Govt land. The proponent has stated that he has obtained NOCs from Forest, Revenue Dept.,. The lease has been notified on 19-1-2017 and also he has stated that the quarry plan has also been got approved from the DMG. As seen from the quarry plan there is a level difference of 18 meters and taking this into consideration committee opined that 80% of the proposed quantity of 10,20,162 tons or 3,92,370 cum can be mined safely and scientifically within the lease period for a quarry pit depth of 20 meters.

The proponent has also stated that there is a existing cart track road to a length of 700 meters joining the lease area to all weather black topped road. The proponent has stated that there are no eco-sensitive zone within the radius of 10 KM from the boundary of lease area. The proponent has also submitted extended cluster sketch prepared by the DMG wherein it has been stated that there are three other quarries the total area of these quarries being 15.50 Acres and all of these are exempted from cluster effect in view of the fact the ECs for the same were issued prior to 15-1-2016. The area of balance two lease including this lease is 8.80 Acres within the 500 meter radius from this lease this being less than the threshold limit of 5 Ha. committee decided to categorise this under B2 category and proceeded with the appraisal accordingly. As far as CER is concerned the proponent has stated that he has earmarked Rs.20.00 lakhs to take up rejuvenation of Uppargatta tank which is at distance of 1.8 KM from the lease area. The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of 80% of the building stone proposed to be extracted as per approved quarry plan, subject to submission of the following information:-

- 1) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/

Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.

- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.38. Proposed Building Stone Quarry Project at Sy.No.137/A of Hosakeri Village, Hogaribommanahalli Taluk, Ballari District (3.30 Acres) By Sri Javali Prakash (SEIAA 604 MIN 2019)**

Sri Javali Prakash have applied for Environmental clearance from SEIAA for quarrying of Building Stone on 1.335 Ha, Govt. Land, at Sy. No. 137/A) Hosakeri Village, Hagaribommanahalli Taluk, Ballari District.

The subject was discussed in the SEAC meeting held on 19<sup>th</sup> October 2019. The Committee noted that this is a fresh lease involving Building stone mining in Govt land. The proponent has stated that he has obtained NOCs from Forest, Revenue Dept.,. The lease has been notified on 24-1-2017 and also he has stated that the quarry plan has also been got approved from the DMG. As seen from the quarry plan there is a level difference of 13 meters and taking this into consideration committee opined that the proposed quantity of 4,59,457 tons or 1,72,556 cum can be mined safely and scientifically and safely within the lease period for a quarry pit depth of 20 meters.

The proponent has also stated that there is a existing cart track road to a length of 700 meters joining the lease area to all weather road black topped road. The proponent has stated that there are no eco-sensitive zone within the radius of 10 KM from the boundary of lease area.The proponent has also submitted extended cluster sketch prepared by the DMG wherein it has been stated that there are three other quarries the total area of these quarries being 15.50 Acres and all of these are exempted from cluster effect in view of the fact the ECs for the same were issued prior to 15-1-2016. The area of balance two lease including this lease is 8.80 Acres within the 500 meter radius from this lease and this being less that the threshold limit of 5 Ha. committee decided to categorise this project under B2 category and proceeded with the appraisal accordingly.As far as CER is concerned the proponent has stated that he has earmarked Rs.10.00 lakhs to take up rejuvenation of Uppargatta tank which is a distance of 1.8 KM from the lease area.The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of the Building Stone as per approved quarry plan, subject to submission of the following information:-

- 1) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.
- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.39. Proposed Building Stone Quarry Project at Sy.No.404 of Yalagalhalli Village, Chikkaballapura Taluk & District (3-00 Acres) By Smt. M. Suneetha (SEIAA 605 MIN 2019)**

Smt. M. Suneetha have applied for Environmental clearance from SEIAA for quarrying of Building Stone in 1.214 Ha, Government Gomala Land at Sy.No-404 YalagalhalliVillage, Chikkaballapur Taluk, And District, Karnataka.

The subject was discussed in the SEAC meeting held on 19<sup>th</sup> October 2019. The Committee noted that this is a fresh lease involving Building stone mining in Govt land. The proponent has stated that he has obtained NOCs from Forest, Revenue Dept.,. The lease has been notified on 12-6-2019 and also he has stated that the quarry plan has also been got approved from the DMG. As seen from the quarry plan there is a level difference of 10 meters and taking this into consideration committee opined that 50% of the proposed quantity of 6,60,842 tons or 2,54,170 cum can be mined safely and scientifically within the lease period for a quarry pit depth of 15 meters.

The proponent has also stated that there is a existing cart track road to a length of 500 meters joining the lease area to all weather black topped road. The proponent has stated that there are no eco-sensitive zone within the radius of 10 KM from the boundary of lease area. The proponent has also submitted extended cluster sketch approved by the DMG wherein it has been stated that there are 16 other leases within the 500 meter radius for which ECs were issued prior to 15-1-2016 and hence they are exempted from cluster effect. The fresh lease only this lease which is under consideration and area of this lease being less than the threshold limit of 5 Ha. committee decided to categorise this project under B2 category and proceeded with the appraisal accordingly. As far as CER is concerned the proponent has stated that he has earmarked Rs.7.00 lakhs to take up

rejuvenation of Thimmenahalli Lake which is a distance of 3.1 KM from the lease area. The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of 50% of the building stone proposed to be extracted as per approved quarry plan, subject to submission of the following information:-

- 1) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.
- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.40. Proposed Building Stone Quarry Project at Sy.No.21 of Banahalli Village, Malur Taluk, Kolar District (3-00 Acres) By Sri B.M. Krishnamurthy (SEIAA 606 MIN 2019)**

Sri B.M. Krishnamurthy have applied for Environmental clearance from SEIAA for quarrying of Building Stone in 1.214 Ha, Government Gomala Land, at Sy.No-21 Banahalli Village, Malur Taluk, Kolar District, Karnataka.

The subject was discussed in the SEAC meeting held on 19<sup>th</sup> October 2019. The Committee noted that this is a proposal involving building stone mining in Govt., land. This is a old lease for which lease was granted during the year 2008. The proponent has stated he has not carried out any activity from 2008 to till date. The DMG has also issued audit report wherein it is indicated nil production from 2008-09 to 2013-14. The proponent has stated that he has obtained NOCs from Forest, Revenue Dept., and the project has also been approved by the District Task Force and the lease has been renewed during 2017. As seen from the quarry plan there is a level difference of 40 meters and taking this into consideration committee opined that 90% of the proposed quantity of 2,68,696 cum or 6,98,610 tons can be mined safely and scientifically and safely within the lease period for a quarry pit depth of 15 meters.

As per the extended cluster sketch prepared by the DMG wherein it has been stated four existing leases within the 500 meter radius including this lease combined area of these four leases is 12 Acres 20 guntas and proponent requested to exempt all these leases from the cluster effect for the reason that the leases were granted prior to 9-9-2013. The proponent has also stated that there is a existing cart track road to a length of 400 meters joining the lease area to all weather road black topped road. The proponent has stated that there are no eco-sensitive zone within the radius of 10 KM from the boundary of lease area. As far as CER is concerned the proponent has stated that he has earmarked Rs.14.00 lakhs to take up rejuvenation of Yalesandra lake which is a distance of 1.90 KM from the lease area. The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of 90% of the building stone proposed to be extracted as per approved quarry plan, subject to submission of the following information:-

- 1) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.
- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.41. Proposed Building Stone Quarry Project at Sy.No.34 of I.D.Hally Village, Madhugiri Taluk, Tumkur District (3-08 Acres) By M/s. Madhugiri Granites (SEIAA 607 MIN 2019)**

M/s. Madhugiri Granites have applied for Environmental clearance from SEIAA for quarrying of Building Stone in 3.08 Acres at Sy.No.34 of I.D.Hally Village, Madhugiri Taluk, Tumkur District

The subject was discussed in the SEAC meeting held on 19<sup>th</sup> October 2019. The Committee noted that this is a fresh lease involving Building stone mining in Govt land. The proponent has stated that he has obtained NOCs from Forest, Revenue Dept. The lease has been notified on 18-11-2017 and also he has stated that the quarry plan has also been got approved from the DMG. As seen from the quarry plan there is another lease

whose area is 4 Acres 3 guntas adjacent to this lease and EC for the same was issued by DEIAA. Now this proposal is for the other lease adjacent to this whose lease area is 3 Acres 8 Guntas. The DMG while approving the quarry plan for this lease has not left any buffer zone in the common boundary. As seen from the quarry plan there is a level difference of 3 meters in the mining area and taking this into consideration committee opined that 80% of the proposed quantity of 4,86,617 tons or 1,87,950 cum can be mined safely and scientifically within the lease period for a quarry pit depth of 15 meters.

As per the cluster sketch prepared by DMG there is one more lease and the combined area of these two leases is 7Acre 11 Guntas within the 500 meter radius from this lease area and area being less than the threshold limit of 5 Ha. the committee decided to categorise this project under B2 and proceeded with the appraisal accordingly. The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of 80% of the building stone proposed to be extracted as per approved quarry plan, subject to submission of the following information:-

- 1) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.
- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.42. Proposed Building Stone Quarry Project at Sy.No.43 of Chikkanagavalli Village, Chikkaballapura Taluk & District (Q.L.No.143) (0-35 Acres) By Sri Ashwathappa (SEIAA 610 MIN 2019)**

Sri Ashwathappa have applied for Environmental clearance from SEIAA for quarrying of Building Stone in 0.35 Ha, Govt. Revenue Land at bearing Sy. No. 43 Chikkanagavalli Village, Chikkaballapura Taluk & District, Karnataka. (Renewal QL. No. 143)

The subject was discussed in the SEAC meeting held on 9<sup>th</sup> October 2019. The Committee noted that this is a proposal involving building stone mining in Govt., land. This is an old lease for which lease was granted during the year 2003 and the same was renewed in the year 2008 and was valid upto 2013 and notification for further renewal was notified on 1-8-2016. The proponent has stated that he has obtained NOCs from Forest, Revenue Dept., and the project has also been approved by the District Task Force. As seen from the quarry plan there is a level difference of 4 meters and taking this into consideration and also the fact that he has already mined 2,800 tons committee opined that the proposed quantity of 10,800 cum or 28,400 tons can be mined safely and scientifically and safely within the lease period for a quarry pit depth of 6 meters.

As per the extended cluster sketch is concerned the proponent has requested exemption from the cluster effect for his proposal based on the fact that his initial lease was granted prior to 9-9-2013. The proponent has also stated that there is a existing cart track road to a length of 630 meters joining the lease area to all weather black topped road. The proponent has stated that there are no eco- sensitive zone within the radius of 10 KM from the boundary of lease area. The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority noted that the area of the project site is 0-35 Acres which is less than threshold limit prescribed by the Department of Mines & Geology i.e., 1-00 Acre. Quarry audit report with regard to extraction of the building stone during the earlier period is not forthcoming from the proposal. The Authority therefore opined that the proposal need to be appraised taking into consideration the sustainability criteria and the statutory compliance.

The Authority therefore decided to send the file back to SEAC for appraising the proposal in the light of above observations and send the recommendation deemed fit.

**178.4.43. Proposed Multicolour Granite Quarry Project at Sy.No.62 of Bettadakeshvi Village, Arehalli Hobli, Belur Taluk, Hassan District (4-00 Acres) By M/s. Pacific Ventures (SEIAA 611 MIN 2019)**

M/s. Pacific Ventures have applied for Environmental clearance from SEIAA for quarrying of Multicolour Granite in 1.62 Ha, Patta Land Sy No. 62, Bettadakeshvi village, Arehalli Hobli, Belur Taluk, Hassan District, Karnataka.

The subject was discussed in the SEAC meeting held on 19<sup>th</sup> October 2019. The Committee noted that this is a proposal involving ornamental stone mining in patta land. This is a fresh lease notified on 10-7-2019. The proponent has stated that he has obtained NoCs from Forest and Revenue Departments and also the land conversion order. As per the cluster sketch prepared by DMG there are no other leases within the 500 meters radius and area of this lease being less than the threshold limit of 5 Ha, the committee decided to categorise this project under B2 and proceeded with the appraisal accordingly.

As per the quarry plan there is a level difference of 18 meters and taking this into consideration the committee opined that 30% of the proposed proved reserved quantity of 5,65,500 cum can be mined further safely and scientifically to a depth of 20 meters for the lease period and it is also noticed that the recovery is 35% i.e., 59,377 cum for a lease period and 65% is waste i.e., 1,10,272 cum for which the proponent has stated that he will convert this into building stone and the same has been reflected in the approved quarry plan. The proponent has also stated that there is an existing cart track road to a length of 240 meters joining the lease area to all weather road black topped road. The proponent has stated that there are no eco-sensitive zone within the radius of 10 KM from the boundary of lease area. As far as CER is concerned the proponent has stated that he has earmarked Rs.12.00 lakhs to take up remediation works in rain devastated areas of Hassan District. The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of 30% of the Multi colour Granite proposed to be extracted as per approved quarry plan, subject to submission of the following information:-

- 1) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.
- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.44. Proposed Ordinary Sand Mining Project at Sy.No.28/1, 29, 30/2, 31/1 & 31/2 of Cholochagudda Village, Badami Taluk, Bagalkot District (11-39 Acres) By Sri Siddappa Shivanna Bhajantri (SEIAA 613 MIN 2019)**

Sri Siddappa Shivanna Bhajantri have applied for Environmental clearance from SEIAA for quarrying of Ordinary Sand in 4.84 Ha, Patta Land, at Sy. No - 28/1,29,30/2,31/1 & 31/2 in Cholochagudda - Village, Badami – Taluk, Bagalkot – District.

The subject was discussed in the SEAC meeting held on 19<sup>th</sup> October 2019. The Committee noted that this is a fresh sand quarry lease in patta land. The proponent has stated that he has obtained NOCs from Forest, Revenue Departments and applied for

land conversion order and also he has stated that the quarry plan has also been got approved from the DMG. It is observed from the records that all the NoCs issued for 15 Acres 10 guntas of lease area but approved mining plan was for 11 Acres 39 guntas. The project is located at a distance of 55 meters from Malaprabha River. The average top level of the sand block is 534 meters and dry weather flow (bed level) of the river is 526 meters. The depth of mining is 4.0 meters including one meter of top soil and the proponent has stated that he will take up mining subdividing the mining block into three sub blocks and taking up mining in each block every year. Taking this into consideration the proposed quantity of 1,17,279 cum or 1,99,374 tons for lease period can be mined safely and scientifically.

The proponent has also stated that he will build a cart track road to a length of 430 meters joining the lease area to all weather road in the private patta lands for which an MOU with the land owner has already been obtained. The proponent has also stated that he will establish a stock yard on a private land for which also MOU with the land owners has been obtained. The proponent has stated that there are no eco-sensitive zone within the radius of 10 KM from the boundary of lease area. The proponent has also submitted combined sketch prepared by the DMG wherein it has stated that there are no other leases within the 500 meter radius from the lease area and this being less than the threshold limit of 5 Ha., the committee decided to categorise this proposal under B2 category and proceeded with the appraisal accordingly. As far as CER is concerned the proponent has stated that he has earmarked Rs.6.00 lakhs to take up works in connection with recharging of nearby community borewells. The committee after discussion and deliberation decided to recommend the proposal to SEIAA for issue of Environment clearance

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of ordinary sand as per approved quarry plan, and the Sustainable Sand Mining Management Guidelines, 2016 issued by the MoEF&CC, Government of India, subject to submission of the following information:-

- 1) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.
- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall

be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.45. Proposed Ordinary Sand Mining Project at Sy.No.59 of Tekkaru Village, Belthangadi Taluk, Dakshina Kannada District (5.189 Acres) By Sri B. Adam (SEIAA 614 MIN 2019)**

Sri B. Adam have applied for Environmental clearance from SEIAA for quarrying of Ordinary Sand in 2.10 Ha, at Sy. No.59 of Tekkaru Village, Belthangadi Taluk & Dakshina Kannada District.

The subject was discussed in the SEAC meeting held on 19<sup>th</sup> October 2019. The Committee noted that this is a proposal involving sand mining in Nethravathi River Bed. The proponent has got this lease through public auction. As per the quarry plan the average width of the river at the lease area is 250 meter and the buffer width of 36 meter has been left on right side and 144 meter on the left side of the river. The proponent has stated that the average dry weather flow in the lease area is 21.0 meter MSL and top level of the sand block is 22.5 meter MSL and the depth of the mining proposed being 1.0 meter and bottom of the mining pit will be 0.5 meter above the dry weather flow level. The proponent has stated that he will take up mining for a depth of 1.0 meter every year and mining will be done in the subsequent years only after the full replenishment of the mining pit. As per the quarry plan 95% of the proposed quantity of 1,80,600 tons can be mined safely and scientifically after leaving side slopes of 1:1 ½ for the lease period.

As per the cluster sketch prepared by DMG there is one more lease and the combined area of these two leases is 4.30 Ha. within the 500 meter radius from this lease area and area being less than the threshold limit of 5 Ha. the committee decided to categorise this project under B2 and proceeded with the appraisal accordingly. The proponent has stated that he has proposed a stock yard at a distance of 160 meter from the lease area on a private land for which an MOU has been entered with the land owner. As far as approach road is concerned there is an existing cart track road connecting stock yard at a distance of 160 meters and proceeding further to connect all weather road i.e., Bantwal – Uppinaangadi village road at a overall distance of 250 meters. As far as CER is concerned the proponent has stated that he has earmarked Rs.7.00 lakhs to take up strengthening of river bank by bio mechanical methods. The committee after discussion and deliberation decided to recommend the proposal to SEIAA for issue of Environment clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of 95 % of the Ordinary Sand proposed to be extracted as per approved quarry plan, and the Sustainable Sand Mining Management Guidelines, 2016 issued by the MoEF&CC, Government of India, subject to submission of the following information:-

- 1) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and

if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.

- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.46. Proposed Building Stone Quarry Project at Sy.No.21 of Banahalli Village, Malur Taluk, Kolar District (2-10 Acres) By Smt. B.H. Sandhya (SEIAA 621 MIN 2019)**

Smt. B.H. Sandhya have applied for Environmental clearance from SEIAA for quarrying of Building Stone in 0.910 Ha, Government Gomala Land, at under part of Sy.No-21 BanahalliVillage, Malur Taluk, Kolar District, Karnataka

The subject was discussed in the SEAC meeting held on 19<sup>th</sup> October 2019. The Committee noted that this is a proposal involving building stone mining in Govt., land. This is an old lease for which lease was granted during the year 2008. The proponent has stated he has not carried out any activity from 2008 to till date. The DMG has also issued audit report wherein it is indicated nil production from 2008-09 to 2013-14. The proponent has stated that he has obtained NOCs from Forest, Revenue Dept., and the project has also been approved by the District Task Force and the lease has been renewed during 2018. As seen from the quarry plan there is a level difference of 6 meters and taking this into consideration committee opined that 65% of the proposed quantity of 1,04,532 cum or 2,71,783 tons can be mined safely and scientifically within the lease period for a quarry pit depth of 15 meters.

As per the extended cluster sketch prepared by the DMG wherein it has been stated four existing leases within the 500 meter radius including this lease combined area of these four leases is 12 Acres 20 guntas and proponent requested to exempt all these leases from the cluster effect for the reason that the leases were granted prior to 9-9-2013. The proponent has also stated that there is a existing cart track road to a length of 400 meters joining the lease area to all weather black topped road. The proponent has stated that there are no eco-sensitive zone within the radius of 10 KM from the boundary of lease area.As far as CER is concerned the proponent has stated that he has earmarked Rs.4.00 lakhs to take up rejuvenation of Yalesandra lake which is a distance of 1.70 KM from the lease area.The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of 65 % of the building stone proposed to be extracted as per approved quarry plan, subject to submission of the following information:-

- 1) Copy of the earlier lease.
- 2) Copies of the quarry audit report.
- 3) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.
- 4) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.47. Proposed Ordinary River Sand Quarry Project at Sy.Nos.126(P), 127, 128, 129, 130, 131, 132, 133, 134, 135, 136 of Ingalagaon Village, Athani Taluk, Belgaum District (12-00 Acres) By Sri Lalsingh Limbu Naik (SEIAA 623 MIN 2019)**

Sri Lalsingh Limbu Naik have applied for Environmental clearance from SEIAA for quarrying of Ordinary River Sand in 4.856 Ha, Govt. Land, at Krishna River Bed, Sy. No. 126(P),127,128,129,130,131,132,133,134,135,136 of Ingalagaon village, Athani Taluk, Belagam District, Karnataka.

The subject was discussed in the SEAC meeting held on 19<sup>th</sup> October 2019. The Committee noted that this is a proposal involving sand mining in Krishna River Bed. The proponent has got this lease through public auction. As per the quarry plan the average width of the river at the lease area is 190 meter and the buffer width of 25 meter has been left on right side and 69 meter on the left side of the river. The proponent has stated that the average dry weather flow in the lease area is 526.000 meter MSL and top level of the sand block is 529.000 meter MSL and the depth of the mining proposed being 2.0 meter and bottom of the mining pit will be 1.0 meter above the dry weather flow level. The proponent has stated that he will take up mining in an area of 10085.42 sqmts for a depth of 2.0 meter and mining will be done in the subsequent years only after the full replenishment of the mining pit. As per the quarry plan the proposed quantity of

1,70,000 tons can be mined safely for a plan period of five years and it is also as per the Joint inspection report.

As per the cluster sketch prepared by DMG there are no other quarries within the 500 meter radius from this lease area and this being less than the threshold limit of 5 Ha. the committee decided to categories this project under B2 and proceeded with the appraisal accordingly. The proponent has stated that he has proposed a stock yard at a distance of 180 meter from the lease area on a private land for which an MOU has been entered with the land owner. As far as approach road is concerned there is an existing cart track road connecting stock yard at a distance of 180 meters and proceeding further to connect all weather road i.e., Ingalgaon village road at a overall distance of 250 meters. As far as CER is concerned the proponent has stated that he has earmarked Rs.7.00 lakhs to take up strengthening of river bank by bio mechanical methods. The committee after discussion and deliberation decided to recommend the proposal to SEIAA for issue of Environment clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to get the following information for further consideration:-

- 1) Technical justification for extraction of river sand to a depth of 2m and details of compliance to the Sustainable Sand Mining Management Guidelines, 2016.
- 2) Distance between the boundary of Block 1 and Block 2 of Ingalagaon village.x
- 3) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.
- 4) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.48. Proposed Building Stone Quarry Project at Sy.No.527 of Tabakadahonalli Village, Kalaghatgi Taluk, Dharwad District (6-20 Acres)By Sri Gopalakrishna V Hebbar (SEIAA 628 MIN 2019)**

Sri Gopalakrishna V Hebbar have applied for Environmental clearance from SEIAA for quarrying of Building Stone in 2.63 Ha, Patta Land, at Sy No. 527, Tabakadahonalli Village, Kalaghatgi Taluk, Dharwad District, Karnataka

The subject was discussed in the SEAC meeting held on 19<sup>th</sup> October 2019. The Committee noted that this is a fresh lease involving building stone mining in patta land. The proponent has stated that he has obtained NOCs from Forest, Revenue Dept., and also obtained land conversion order. The lease has been notified on 23-7-2019. As seen from the quarry plan there is a level difference of 5 meters within the mining area and taking this into consideration the committee opined that 35% of the proposed quantity of 9,49,036 cum or 25,24,435 tons can be mined safely and scientifically to a quarry pit depth of 20 meters for a lease period.

As per the cluster sketch prepared by DMG there are four leases including this lease out of which EC for one lease was issued prior to 15-1-2016 and based on this proponent has requested to exempt this lease from cluster effect. The combined area of balance leases is 11 Acres 30 guntas and which is less than the threshold limit of 5 Ha. the committee decided to categorise this project under B2 and proceeded with the appraisal accordingly. The proponent has stated that his lease is located at a distance of 5.63 KMs from the boundary of Notified eco-sensitive zone of Attiveri Bird Sanctuary. As far as approach road is concerned, the proponent has stated that, there is an existing cart track road to a length of 650 meters connecting lease area to all weather black topped road. As far as CER is concerned the proponent has stated, that he will earmark Rs.18.00 lakhs to take up rejuvenation of Kamalapura Pond which is at a distance of 2.60 KM. from the lease area. The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of 35% of the building stone proposed to be extracted as per approved quarry plan, subject to submission of the following information:-

- 1) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.
- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.49. Proposed Building Stone Quarry at Sy.No.492/BP1 Harapanahalli Village, Harapanahalli Taluk, Davangere District (2-00 Acres) by Sri. K Basappa(SEIAA 223 MIN 2019)**

Sri. K Basappa have applied for Environmental clearance from SEIAA for quarrying of Building Stone in 0.8094 Ha, Government Land, at Sy No: 492/BP1, Harappanahalli Village, Harappanahalli Taluk, Davanagere District.

The subject was discussed in the SEAC meeting held on 19<sup>th</sup> October 2019. The Committee noted that this is a fresh lease involving Building stone mining in Govt land. The proponent has stated that he has obtained NOCs from Forest, Revenue Dept.,. The lease has been notified on 18-2-2019 and also he has stated that the quarry plan has also been got approved from the DMG. As seen from the quarry plan there is a level difference of 18 meters and taking this into consideration committee opined that 50% of the proposed quantity of 5,66,488 tons or 2,12,965 cum can be mined safely and scientifically within the lease period for a quarry pit depth of 15 meters. The proponent has also stated that there is a existing cart track road to a length of 290 meters joining the lease area to all weather black topped road. The proponent has stated that there are no eco-sensitive zone within the radius of 10 KM from the boundary of lease area.

The proponent has also submitted extended cluster sketch prepared by the DMG wherein it has been stated that there are four leases including this lease within the 500 meter radius from this lease and three leases are exempted from cluster effect because of the fact that the lease was granted prior to 9-9-2013. The total area of this lease being less than the threshold limit of 5 Ha. committee decided to categorise this under B2 category and proceeded with the appraisal accordingly. As far as CER is concerned the proponent has stated that he has earmarked Rs.5.00 lakhs to take up rejuvenation of Harapanahalli kere which is a distance of 3.50 KM from the lease area. The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of 50% of the building stone proposed to be extracted as per approved quarry plan, subject to submission of the following information:-

- 1) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.
- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1st May 2018 issued by MoEF&CC, Government of

India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.50. Proposed Building Stone Quarry over an extent 1-10 Acres in Sy.No.170, Bisalvadi Village, Chamarajanagara Taluk & District by Sri. M. Raju and Sri Venkatachala(SEIAA 235 MIN 2019)**

Sri. M. Raju and Sri Venkatachala have applied for Environmental clearance from SEIAA for quarrying of Building Stone in 0.506 Ha, Govt. Revenue Land, at Sy. No. 170 of Bisalavadi Village, Chamarajanagara Taluk, District.

The proponent was invited for the 225<sup>th</sup> meeting held on 25-6-2019 to provide required clarification. The proponent remained absent without intimation. The Committee after discussion decided to provide one more opportunity to proponent with intimation that the proposal will be appraised based on merit, in case he remains absent again and deferred the subject.

The proponent and Environment consultant attended the SEAC meeting held on 19-10-2019 to provide clarification and additional information. The committee noted that as per the records the leases for two proposal one of 30 guntas and another of 20 guntas were granted during 2004 and the same has been renewed in 2010 and the proponent has stated that he carried out mining from 2004 to 2014. Now the cluster notification for these two leases which are adjacent to each other has been notified by the DMG and according to which they have been exempted from leaving 7.5 meter buffer zone from the common boundary. The quarry plan for the combined area has been approved by DMG for these two leases keeping this point in view and the proponent present requested separate mineable quantity for individual quarry leases.

As per the quarry plan there is a level difference of 12 meters and taking this into consideration and also the fact that he has already mined 44,532 tons or 16,741 cum the committee opined that the total quantity that can be mined further safely and scientifically is 10,913 cum which can be apportioned between the two lease holders in the ratio of their lease area i.e., at 3:2 for the lease period.

The proponent has also submitted extended cluster sketch prepared by the DMG wherein it has been stated that there are no other leases within the 500 meter radius from these leases and total area this being less than the threshold limit of 5 Ha committee decided to categorise this under B2 category and proceeded with the appraisal accordingly. The proponent has also stated that there is an existing cart track road to a length of 340 meters joining the lease area to all weather road black topped road. The proponent has stated that there are no eco-sensitive zone within the radius of 10 KM from the boundary of lease area. The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority observed that the proposal involves combining two existing leases under cluster principles. The individual leases are having an area of 0-30 Acres and 0-20 Acres which are less than the threshold area prescribed for mining of building stone. The proposal do not reveal whether it involves merger of leases and whether the existing provisions of the Karnataka Mineral Concession Rules permit granting of leases in such a scenario.

The Authority therefore decided to get a clarification on the above issue for further consideration.

**178.4.51. Proposed "Green Granite Quarry" over an extent of 3-04 Acres in part of Sy.No.325/5, Markuli Village, Hassan Taluk, Hassan District by Sri. Krishne Gowda(SEIAA 315 MIN 2019)**

Sri. Krishnegowda have applied for Environmental clearance from SEIAA for quarrying of Green Granite in 1.254 Ha, Patta Land, at Sy No: 73, Siddapura Village, Belur Taluk, Hassan District, Karnataka.

The proponent was invited for the 225<sup>th</sup> meeting held on 27-6-2019 to provide required clarification. The proponent remained absent without intimation. The Committee after discussion decided to provide one more opportunity to proponent with intimation that the proposal will be appraised based on merit, in case he remains absent again and deferred the subject.

The proponent and Environment consultant attended the 232<sup>nd</sup> meeting held on 19-10-2019 to provide required clarification and additional information. The committee noted that this is a proposal involving ornamental stone mining in patta land. The working permission for the same was granted in the year 2006 and it was in the name of H.S Abdul Hafiz sayeed and the proponent has stated that the earlier working permission holder has carried out the mining between 2006-07 to 2013-14 and the quantity mined as per audit report prepared by DMG is 1,317 cum. Subsequent to this the present proponent has purchased this land and he made out this application to obtain environment clearance which is now mandatory for obtaining lease deed.

As per the quarry plan there is a level difference of 10 meters and taking this into consideration and also the fact that he has already mined 1317 cum, the committee opined that 35% of the proposed quantity of 3,59,074 cum can be mined further safely and scientifically for the lease period to a depth of 15 meters. The proponent has stated that the recovery is 30% i.e., 37,702 cum and the waste is 70% i.e., 87,973 cum for which the proponent has stated that he will handle the waste in the buffer zone of 28 guntas and area left for waste dumping 20 guntas. The proponent has also stated that there is an existing cart track road to a length of 750 meters joining the lease area to all weather road black topped road. The proponent has stated that there are no eco-sensitive zone within the radius of 10 KM from the boundary of lease area. The proponent has also submitted extended cluster sketch prepared by the DMG wherein it has been stated that there are two other leases within the 500 meter radius and two leases are exempted from cluster effect in view of the fact that the lease was granted prior to 9-9-2013 and the balance area being less than the threshold limit of 5 Ha committee decided to categorise this under B2

category and proceeded with the appraisal accordingly. As far as CER is concerned the proponent has stated that he has earmarked Rs.10.00 lakhs to take up rejuvenation of Markuli tank which is a distance of 800 meters from the lease area. The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to get the following information for further consideration:-

- 1) Copy of the order for transfer of working permit / quarry lease in favour of Shri Krishnegowda from earlier landowner Shri H.S Abdul Hafiz sayeed.
- 2) Audit report issued by the Department of Mines & Geology in accordance with the provisions of Mineral Concession Rules along with details of extraction of granite.
- 3) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.
- 4) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.52. Proposed Building Stone Quarry project at Sy.No.79 of Balagere village, Bangarpete Taluk, Kolar District (4-35 Acres) by Smt Preethi J (SEIAA 541 MIN 2019)**

Smt Preethi J, have applied for Environmental clearance from SEIAA for quarrying of Building Stone in 1.97 Ha, Government Gomala Land, at Sy. No: 79, Balagere Village, Bangarpete Taluk, Kolar District, Karnataka.

The proponent was invited for the 230<sup>th</sup> meeting held on 13-9-2019 to provide required clarification. The proponent remained absent without intimation. Hence, the Committee after discussion decided to provide one more opportunity to proponent with intimation that the proposal will be appraised based on merit, in case he remains absent again and deferred the subject.

The proponent and Environment consultant attended the 232<sup>nd</sup> meeting held on 19-10-2019 to provide clarification and additional information. The committee noted that this is a building stone quarry in Govt. land. The proponent has stated that he has obtained NOCs from Forest, Revenue Dept.,. The lease has been notified on 18-2-2019 and also he has stated that the quarry plan has also been got approved from the DMG. As seen from the quarry plan there is a level difference of 4 meters and taking this into consideration committee opined that 50% of the proposed quantity of 13,46,508 tons or 5,06,206 cum can be mined safely and scientifically and safely within the lease period for a quarry pit depth of 15 meters.

The proponent has also submitted extended cluster sketch prepared by the DMG wherein it has been stated that there are two leases including this lease within the 500 meter radius from this lease and the total area of these leases is 9 Acres 30 guntas and this being less than the threshold limit of 5 Ha. committee decided to categorise this under B2 category and proceeded with the appraisal accordingly. The proponent has also stated that there is an existing cart track road to a length of 450 meters joining the lease area to all weather road black topped road. The proponent has stated that there are no eco-sensitive zone within the radius of 10 KM from the boundary of lease area. As seen from the records the lease area is 700 meters from the interstate boundary and for which the proponent has stated since the combined area being less than the threshold limit of 25 Ha. requested the committee to categorise the project under B2. Hence the committee after discussion and deliberation decided to categorise this project under B2 and proceeded with the appraisal accordingly. As far as CER is concerned the proponent has stated that he has earmarked Rs.15.00 lakhs to take up rejuvenation of Byatrayanahalli kere which is a distance of 1.20 KM from the lease area. The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of 50% of the building stone proposed to be extracted as per approved quarry plan, subject to submission of the following information:-

- 1) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.
- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame

within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.53. Proposed Building Stone Quarry Project at Sy.No.79 of Balagere Village, Bangarpete Taluk, Kolar District (4-35 Acres) by Sri. Tamizhvanan (SEIAA 542 MIN 2019)**

Sri. Tamizhvanan have applied for Environmental clearance from SEIAA for quarrying of Building Stone in 1.97 Ha, Government Gomala Land, at Sy. No: 79, Balagere Village, Bangarpete Taluk, Kolar District, Karnataka.

The proponent was invited for the 230<sup>th</sup> meeting held on 13-9-2019 to provide required clarification. The proponent remained absent without intimation. Hence, the Committee after discussion decided to provide one more opportunity to proponent with intimation that the proposal will be appraised based on merit, in case he remains absent again and deferred the subject.

The Proponent and Environment Consultant attended the 232<sup>nd</sup> meeting held on 19-10-2019 to provide clarification/additional information. The committee noted that this is a building stone quarry in Govt. land. The proponent has stated that he has obtained NOCs from Forest, Revenue Dept.,. The lease has been notified on 18-2-2019 and also he has stated that the quarry plan has also been got approved from the DMG. As seen from the quarry plan there is a level difference of 4 meters and taking this into consideration committee opined that 40% of the proposed quantity of 15,52,636 tons or 5,83,697 cum can be mined safely and scientifically within the lease period for a quarry pit depth of 15 meters.

The proponent has also submitted extended cluster sketch prepared by the DMG wherein it has been stated that there are two leases including this lease within the 500 meter radius from this lease and the total area of these leases is 9 Acres 30 guntas and this being less than the threshold limit of 5 Ha. committee decided to categorise this under B2 category and proceeded with the appraisal accordingly. The proponent has also stated that there is a existing cart track road to a length of 500 meters joining the lease area to all weather black topped road. The proponent has stated that there are no eco-sensitive zone within the radius of 10 KM from the boundary of lease area. As seen from the records the lease area is 350 meters from the interstate boundary and for which the proponent has stated since the combined area being less than the threshold limit of 25 Ha. requested the committee to categorise the project under B2. Hence the committee after discussion and deliberation decided to categorise this project under B2 and proceeded with the appraisal accordingly. As far as CER is concerned the proponent has stated that he has earmarked Rs.12.00 lakhs to take up rejuvenation of Kempapura kere which is a distance of 450 meter from the lease area. The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of 40% of the building stone proposed to be extracted as per approved quarry plan, subject to submission of the following information:-

- 1) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.
- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.54. Proposed Building Stone Quarry Project at Sy.No.41 of Honehalli Kaval Village, Belur Taluk, Hassan District (3-25 Acres) by Sri. Prashanth H.G (SEIAA 459 MIN 2019)**

Sri. Prashanth H.G has applied for Environmental Clearance for quarrying of building stone in 3-25 Acres at at Sy.No.41 of Honehalli Kaval Village, Belur Taluk, Hassan District.

The subject was discussed in the SEAC meeting held on 19<sup>th</sup> October 2019. The Committee noted that this is a fresh lease involving building stone mining in patta land. The proponent has stated that he has obtained NOCs from Forest, Revenue Dept., and also obtained land conversion order. The lease has been notified on 10-5-2019. As seen from the quarry plan there is a level difference of 24 meters within the mining area and taking this into consideration the committee opined that 60% of the proposed quantity of 16,59,611 tons or 6,23,913 cum can be mined safely and scientifically to a quarry pit depth of 20 meters for a lease period.

As per the cluster sketch prepared by DMG there are no other leases within the 500 meter radius from this lease area and area being less than the threshold limit of 5 Ha. the committee decided to categorise this project under B2 and proceeded with the appraisal accordingly. He has also stated that his project does not fall within the 10 KM radius from the boundary of any Wildlife sanctuary/National Park. As far as approach road is concerned, the proponent has stated that, there is a existing cart track road to a length of 220 meters connecting lease area to all weather black topped road. As far as CER is concerned the proponent has stated, that he will earmark Rs.15.00 lakhs to take up rejuvenation of Somashettyhalli pond which is at a distance of 2.10 KM. from the lease area. The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of 60% of the building stone proposed to be extracted as per approved quarry plan, subject to submission of the following information:-

- 1) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.
- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.55. Proposed Grey Granite Quarry Project at Sy.No.106/4 of Yediyapur Village, Yelburga Taluk, Koppal District (1-10 Acres) By Sri Aravind S. Patil (SEIAA 557 MIN 2019)**

Sri Aravind S. Patil have applied for Environmental clearance from SEIAA for quarrying of Grey Granite in 0.51 Ha, Patta Land, Sy.No. 106/4, Patta Land, Yediyapur Village, Yelburga Taluk, Koppal District,

The subject was discussed in the SEAC meeting held on 19<sup>th</sup> October **2019**. The Committee noted that this is a proposal involving ornamental stone mining in patta land. The proponent has stated that the project has been cleared by the District Task Force consisting representative of DMG, Revenue Dept., Forest Department. He has also stated that this lease is adjacent to the another existing lease which stands in the name of same proponent, hence the DMG has approved the quarry plan without buffer zones in the common boundary. In the said lease area a portion has already been operated unauthorisely and according to pit measurement the total quantity already extracted comes to 1000 cum. Taking this into consideration the committee opined that the proposed quantity of 12,500 cum for a plan period of five years can be mined safely and scientifically to a quarry pit depth of 8 meters. The proponent has stated that the recovery is 40% and waste is 60% and for waste handling the proponent has stated he has earmarked 7.5 guntas of land.

As per the cluster sketch prepared by DMG there is one another quarry the combined area of these two leases is 2 Acres 21 guntas and this being less than the threshold limit of 5 Ha the committee decided to categorise this project under B2 and proceeded with the appraisal accordingly.As far as approach road is concerned the

proponent has stated that there is an existing cart track road to a length of 60 meters connecting to the adjacent quarry which stands in the proponents name and the same will be utilized for haulage of materials from this quarry also. As far as CER is concerned the proponent has stated that he has earmarked Rs.5.00 lakhs for a plan period of five years to take up improvement of works in connection with Benekal kere which is a distance of 5.3 KM from the project site. The committee after discussion decided to reconsider after submission of forest clearance issued from the competent authority.

The committee during the meeting held on 19.10.2019 perused the replies submitted by the proponent on 14-10-2019 and accepted the same. The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to get the following information for further consideration:-

- 1) Explanation from the project proponent as to why this project should not be considered as a case of violation as per the observation made by the SEAC that a quantity of 1000 cum of grey granite has been extracted unauthorized.
- 2) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.
- 3) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.56. Proposed Kukanur Grey Granite Quarry over an area of 5-09 Acres(2.115 Ha) in Sy.Nos.79/2 & 79/3 at Kukanur Village, Yelburga Taluk, Koppal District by Sri Basavanagouda Lingaganouda Tondihal (SEIAA 578 MIN 2019)**

Sri Basavanagouda Lingaganouda Tondihal have applied for Environmental clearance from SEIAA for quarrying of Kukanur Grey Granite in 2.115 Ha, Patta Land, at Sy.Nos. 79/2 & 79/3, Patta Land, Kukanur Village, Yelburga Taluk, Koppal District.

The subject was discussed in the SEAC meeting held on 27-9-2019. The committee noted that this is a proposal involving ornamental stone mining in patta land. The

proponent has stated that the proposal has been got vetted by District Task force committee and based on this DMG has notified this lease. As per the quarry plan there is a level difference of 2.97 meter within the mining area and taking this into consideration committee opined that the proposed gross quantity of 1,00,000 cum can be mined safely and scientifically to a quarry pit depth of 12 meters. The proponent has also stated that the recovery is 25% i.e., 25,000 cum and the waste is 75% i.e 75,000 cum for which the proponent has stated that he will get the waste converted into building stone by taking suitable permissions from the concerned departments and the same has been reflected in the approved quarry plan.

As per the cluster sketch prepared by DMG there is one other lease within 500 meter radius from this lease area and the combined area of these two leases is 7 Acres 9 guntas and this being less than the threshold limit of 5 Ha the committee decided to categorise this project under B2 and proceeded with the appraisal accordingly. As far as approach road is concerned the proponent has stated that there is an existing cart track road to a length of 760 meters connecting lease area to all weather black topped road. As far as CER is concerned the proponent has stated that he has earmarked Rs.10.00 lakhs to take up rejuvenation of Benekal kere which is a distance of 5.43 KM from the project site. The committee after discussion decided to reconsider after submission of District Task Force/Notification/Forest clearance certificates issued from the competent authorities.

The proponent has submitted the replies during the meeting held on 19.10.2019. The committee perused the replies submitted by the proponent and accepted the same. The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of the grey granite as per approved quarry plan, subject to submission of the following information:-

- 1) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.
- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.57. Proposed Ordinary River Sand Block Project – block No.10 – Nethravathi River Bed at Sy.No.01 of Kadeshivalaya Village, Bantwala Taluk, Dakshina Kannada District (2.80 Ha) by Sri Charan Kumar (SEIAA 642 MIN 2019)**

Sri Charan Kumar have applied for Environmental clearance from SEIAA for quarrying of Ordinary River Sand in 2.80 Ha, Govt. Revenue Land at Adj. Sy. No.01 of Kadeshivalaya Village, Bantwala Taluk, Dakshina Kannada District.

The subject was discussed in the SEAC meeting held on 19<sup>th</sup> October 2019. The Committee noted that this is a proposal involving sand mining in Nethravathi River Bed. The proponent has got this lease through public auction. As per the quarry plan the average width of the river at the lease area is 331 meter and the buffer width of 230 meter has been left on right side and 51 meter on the left side of the river. The proponent has stated that the average dry weather flow in the lease area is 21 meter MSL and top level of the sand block is 22.5 meter MSL and the depth of the mining proposed being 1.0 meter and bottom of the mining pit will be 0.5 meter above the dry weather flow level. The proponent has stated that he will take up mining for a depth of 1.0 meter every year and mining will be done in the subsequent years after the full replenishment of the mining pit. As per the quarry plan 95% of the proposed quantity of 2,40,800 tons can be mined safely and scientifically after leaving side slopes of 1:1 ½ for a lease period.

As per the cluster sketch prepared by DMG there are no other leases within the 500 meter radius from this lease area and area being less than the threshold limit of 5 Ha. the committee decided to categorise this project under B2 and proceeded with the appraisal accordingly. The proponent has stated that he has proposed a stock yard at a distance of 200 meter from the lease area on a private land for which an MOU has been entered with the land owner. As far as approach road is concerned there is an existing cart track road connecting stock yard at a distance of 200 meters and proceeding further to connect all weather road i.e., Kadeshivalaya village road at a overall distance of 300 meters. As far as CER is concerned the proponent has stated that he has earmarked Rs.10.00 lakhs to take up watershed development works and providing infrastructures like drinking water facility, solar lights etc., to nearby Govt. schools. The committee after discussion and deliberation decided to recommend the proposal to SEIAA for issue of Environment clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of 95% of the Ordinary river Sand proposed to be extracted as per approved quarry plan, and the Sustainable Sand Mining Management Guidelines, 2016 issued by the MoEF&CC, Government of India, subject to submission of the following information:-

- 1) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere

reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.

- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1<sup>st</sup> May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.58. Proposed Ordinary River Sand Block Project – Block No.13 – Kumaradhara River Bed at Sy No.01 of Perabe Village, Puttur Taluk, Dakshina Kannada District (5.559 Acres) by Sri. Monappa Gowda (SEIAA 640 MIN 2019)**

Sri. Monappa Gowda have applied for Environmental clearance from SEIAA for quarrying of Ordinary River Sand in 5.559 Ha, Govt. Revenue Land, at Sy No.01 of Perabe Village, Puttur Taluk, Dakshina Kannada District

The subject was discussed in the SEAC meeting held on 19<sup>th</sup> October 2019. The Committee noted that this is a proposal involving sand mining in Kumaradhara River Bed. The proponent has got this lease through public auction. As per the quarry plan the average width of the river at the lease area is 160 meter and the buffer width of 60 meter has been left on right side and 50 meter on the left side of the river. The proponent has stated that the average dry weather flow in the lease area is 66.5 meter MSL and top level of the sand block is 68.5 meter MSL and the depth of the mining proposed being 1.0 meter and bottom of the mining pit will be 1.0 meter above the dry weather flow level. The proponent has stated that he will take up mining sub dividing the block into three equal portion and taking up one block every year for first three years to a depth of one meter and there after he will proceed with the mining after full replenishment sub dividing the entire block into two sub blocks and taking up mining in 4<sup>th</sup> and 5<sup>th</sup> year in each block for a depth of 0.67 meters every year. As per the quarry plan 95% of the proposed quantity of 64,500 tons can be mined safely and scientifically after leaving side slopes of 1:1 ½ for a lease period.

As per the cluster sketch prepared by DMG there are no other leases within the 500 meter radius from this lease area and area being less than the threshold limit of 5 Ha. the committee decided to categorise this project under B2 and proceeded with the appraisal accordingly. The proponent has stated that he has proposed a stock yard at a distance of 180 meter from the lease area on a private land for which an MOU has been entered with the land owner. As far as approach road is concerned there is an existing cart track road connecting stock yard at a distance of 180 meters and proceeding further to connect all weather road i.e., Alankar Perabe village road at a overall distance of 500 meters. As far

as CER is concerned the proponent has stated that he has earmarked Rs.2.50 lakhs to take up watershed development works and providing infrastructures like drinking water facility, solar lights etc., to nearby Govt. schools. The committee after discussion and deliberation decided to recommend the proposal to SEIAA for issue of Environment clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of 95% of the Ordinary river Sand proposed to be extracted as per approved quarry plan, and the Sustainable Sand Mining Management Guidelines, 2016 issued by the MoEF&CC, Government of India, subject to submission of the following information:-

- 1) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.
- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.59. Proposed Ordinary River Sand Block Project – Block No.12 – Kumaradhara River Bed at Sy.No.150 of Savanur Village, Puttur Taluk, Dakshina Kannada District (5.06 Acres (2.05 Ha) by Sri. K. Chinnappa (SEIAA 643 MIN 2019)**

Sri. K. Chinnappa have applied for Environmental clearance from SEIAA for quarrying of Ordinary River Sand in 5.06 Ha, Govt. Revenue Land, at Sy.No.150 of Savanur Village, Puttur Taluk, Dakshina Kannada District

The subject was discussed in the SEAC meeting held on 19<sup>th</sup> October 2019. The Committee noted that this is a proposal involving sand mining in Kumaradhara River Bed. The proponent has got this lease through public auction. As per the quarry plan the average width of the river at the lease area is 153 meter and the buffer width of 72 meter has been left on right side and 40 meter on the left side of the river. The proponent has stated that the average dry weather flow in the lease area is 60.0 meter MSL and top level of the sand block is 61.5 meter MSL and the depth of the mining

proposed being 1.0 meter and bottom of the mining pit will be 0.5 meter above the dry weather flow level. The proponent has stated that he will take up mining sub dividing the block into three equal portion and taking up one block every year for first three years to a depth of one meter and thereafter he will proceed with the mining after full replenishment sub dividing the entire block into two sub blocks and taking up mining in 4<sup>th</sup> and 5<sup>th</sup> year in each block for a depth of 0.67 meters every year. As per the quarry plan 95% of the proposed quantity of 58765 tons can be mined safely and scientifically after leaving side slopes of 1:1 ½ for the lease period.

As per the cluster sketch prepared by DMG there are no other leases within the 500 meter radius from this lease area and area being less than the threshold limit of 5 Ha. the committee decided to categorise this project under B2 and proceeded with the appraisal accordingly. The proponent has stated that he has proposed a stock yard at a distance of 180 meter from the lease area on a private land for which an MOU has been entered with the land owner. As far as approach road is concerned there is an existing cart track road connecting stock yard at a distance of 180 meters and proceeding further to connect all weather road i.e., Savanuru – Aralathi village road at a overall distance of 310 meters. As far as CER is concerned the proponent has stated that he has earmarked Rs.2.50 lakhs to take up river bank strengthening. The committee after discussion and deliberation decided to recommend the proposal to SEIAA for issue of Environment clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of 95% of the Ordinary river Sand proposed to be extracted as per approved quarry plan, and the Sustainable Sand Mining Management Guidelines, 2016 issued by the MoEF&CC, Government of India, subject to submission of the following information:-

- 1) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.
- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1<sup>st</sup> May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.60. Proposed Ordinary River Sand Block Project – Block No.18 – Kumaradhara River Bed at Sy.No.112 of Kenya Village, Sulya Taluk, Dakshina Kannada District (5.19 Acres (2.10 Ha) by Sri. Pramod Rai (SEIAA 644 MIN 2019)**

Sri. Pramod Rai have applied for Environmental clearance from SEIAA for quarrying of Ordinary River Sand in 2.10 Ha, Govt. Revenue Land, at Sy.No.112 of Kenya Village, Sulya Taluk, Dakshina Kannada District.

The subject was discussed in the SEAC meeting held on 19<sup>th</sup> October 2019. The Committee noted that this is a proposal involving sand mining in Kumaradhara River Bed. The proponent has got this lease through public auction. As per the quarry plan the average width of the river at the lease area is 173 meter and the buffer width of 69 meter has been left on right side and 34 meter on the left side of the river. The proponent has stated that the average dry weather flow in the lease area is 93.50 meter MSL and top level of the sand block is 95.0 meter MSL and the depth of the mining proposed being 1.0 meter and bottom of the mining pit will be 0.5 meter above the dry weather flow level. The proponent has stated that he will take up mining sub dividing the block into three equal portion and taking up one block every year for first three years to a depth of one meter and thereafter he will proceed with the mining after full replenishment sub dividing the entire block into two sub blocks and taking up mining in 4<sup>th</sup> and 5<sup>th</sup> year in each block for a depth of 0.67 meters every year. As per the quarry plan 95% of the proposed quantity of 60,200 tons can be mined safely and scientifically after leaving side slopes of 1:1 ½ for the lease period.

As per the cluster sketch prepared by DMG there are two leases including this lease and combined area of these being 4.18 Ha. within the 500 meter radius from this lease area and area being less than the threshold limit of 5 Ha. the committee decided to categorise this project under B2 and proceeded with the appraisal accordingly. The proponent has stated that he has proposed a stock yard at a distance of 200 meter from the lease area on a private land for which an MOU has been entered with the land owner. As far as approach road is concerned there is an existing cart track road connecting stock yard at a distance of 200 meters and proceeding further to connect all weather road i.e., Kenya – Panja village road at a overall distance of 770 meters. As far as CER is concerned the proponent has stated that he has earmarked Rs.2.50 lakhs to take up river bank strengthening. The committee after discussion and deliberation decided to recommend the proposal to SEIAA for issue of Environment clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of 95% of the Ordinary river Sand proposed to be extracted as per approved quarry plan, and the Sustainable Sand Mining Management Guidelines, 2016 issued by the MoEF&CC, Government of India, subject to submission of the following information:-

- 1) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and

if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.

- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.61. Proposed Ordinary River Sand in Nethravathi River Bed Block No.16 at Sy.No.16 at Sy.No.126 of Petrame Village, Belthangadi Taluk, Dakshina Kannada District (4.94 Acres) (2.00 Ha) by Sri. K.A Joy (SEIAA 646 MIN 2019)**

Sri. K.A Joy have applied for Environmental clearance from SEIAA for quarrying of Ordinary River Sand in 2.00 Ha, Govt. Revenue Land, at Sy.No.126 of Petrame Village, Belthangadi Taluk, Dakshina Kannada District

The subject was discussed in the SEAC meeting held on 19<sup>th</sup> October 2019. The Committee noted that this is a proposal involving sand mining in Nethravathi River Bed. The proponent has got this lease through public auction. As per the quarry plan the average width of the river at the lease area is 130 meter and the buffer width of 39 meter has been left on right side and 44 meter on the left side of the river. The proponent has stated that the average dry weather flow in the lease area is 41.25 meter MSL and top level of the sand block is 43.0 meter MSL and the depth of the mining proposed being 1.0 meter and bottom of the mining pit will be 0.75 meter above the dry weather flow level. The proponent has stated that he will take up mining for a depth of 1.0 meter every year and mining will be done in the subsequent years after the full replenishment of the mining pit. The proponent has stated that he will take up mining sub dividing the block into three equal portion and taking up one block every year for first three years to a depth of one meter and thereafter he will proceed with the mining after full replenishment sub dividing the entire block into two sub blocks and taking up mining in 4<sup>th</sup> and 5<sup>th</sup> year in each block for a depth of 0.67 meters every year. As per the quarry plan 95% of the proposed quantity of 55,040 tons can be mined safely and scientifically after leaving side slopes of 1:1 ½ for the lease period.

As per the cluster sketch prepared by DMG there are no other leases within the 500 meter radius from this lease area and area being less than the threshold limit of 5 Ha. the committee decided to categorise this project under B2 and proceeded with the appraisal accordingly. The proponent has stated that he has proposed a stock yard at a distance of 200 meter from the lease area on a private land for which an MOU has been entered with the land owner. As far as approach road is concerned there is an existing cart track road

connecting stock yard at a distance of 200 meters and proceeding further to connect all weather road i.e., Petrame – Bellale village road at a overall distance of 450 meters. As far as CER is concerned the proponent has stated that he has earmarked Rs.2.50 lakhs to take up river bank strengthening by bio mechanical measures. The committee after discussion and deliberation decided to recommend the proposal to SEIAA for issue of Environment clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of 95% of the Ordinary river Sand proposed to be extracted as per approved quarry plan, and the Sustainable Sand Mining Management Guidelines, 2016 issued by the MoEF&CC, Government of India, subject to submission of the following information:-

- 1) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.
- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.62. Proposed Ordinary River Sand Project at Sy.No.01 of Perabe Village, Puttur Taluk, Dakshina Kannada District (6.92 Acres) 2.80 Ha) by Sri P.P Eliyas (SEIAA 648 MIN 2019)**

Sri. P.P. Eliyas have applied for Environmental clearance from SEIAA for quarrying of Ordinary River Sand in 2.80 Ha, Govt. Revenue Land, at Sy.No.01 of Perabe Village, Puttur Taluk, Dakshina Kannada District;

The subject was discussed in the SEAC meeting held on 19<sup>th</sup> October 2019. The Committee noted that this is a proposal involving sand mining in Kumaradhara River Bed. The proponent has got this lease through public auction. As per the quarry plan the average width of the river at the lease area is 138 meter and the buffer width of 44 meter has been left on right side and 54 meter on the left side of the river. The proponent has stated that the average dry weather flow in the lease area is 66.25 meter MSL and top level of the sand block is 68.0 meter MSL and the depth of the mining proposed being 1.0 meter and bottom of the mining pit will be 0.75 meter above the dry

weather flow level. The proponent has stated that he will take up mining sub dividing the block into three equal portion and taking up one block every year for first three years to a depth of one meter and thereafter he will proceed with the mining after full replenishment sub dividing the entire block into two sub blocks and taking up mining in 4<sup>th</sup> and 5<sup>th</sup> year in each block for a depth of 0.67 meters every year. As per the quarry plan 95% of the proposed quantity of 80,265 tons can be mined safely and scientifically after leaving side slopes of 1:1 ½ for the lease period.

As per the cluster sketch prepared by DMG there are no other leases within the 500 meter radius from this lease area and area being less than the threshold limit of 5 Ha. the committee decided to categorise this project under B2 and proceeded with the appraisal accordingly. The proponent has stated that he has proposed a stock yard at a distance of 150 meter from the lease area on a private land for which an MOU has been entered with the land owner. As far as approach road is concerned there is an existing cart track road connecting stock yard at a distance of 150 meters and proceeding further to connect all weather road i.e., Perabe - Kunthur village road at a overall distance of 600 meters. As far as CER is concerned the proponent has stated that he has earmarked Rs.3.0 lakhs to take up river bank strengthening by bio mechanical methods. The committee after discussion and deliberation decided to recommend the proposal to SEIAA for issue of Environment clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of 95% of the Ordinary river Sand proposed to be extracted as per approved quarry plan, and the Sustainable Sand Mining Management Guidelines, 2016 issued by the MoEF&CC, Government of India, subject to submission of the following information:-

- 1) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.
- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.63. Proposed Building Stone Quarry Project at Sy.No.318 of Bandihalli Village, Kunigal Taluk, Tumkur District (3-00 Acres) by B.S Madhe Gowda (SEIAA 665 MIN 2019)**

Sri B.S Madhe Gowdahave applied for Environmental clearance from SEIAA for quarrying of Building Stone in 1.214 Ha, Govt. Gomala Land, at Sy.No.318 of Bandihalli Village, Kunigal Taluk, Tumkur District.

The subject was discussed in the SEAC meeting held on 19<sup>th</sup> October 2019. The Committee noted that this is a building stone quarry in Govt. land. The proponent has stated that he has obtained NOCs from Forest, Revenue Dept.,. The lease has been notified on 25-7-2019 and also he has stated that the quarry plan has also been got approved from the DMG. As seen from the quarry plan there is a level difference of one meters and taking this into consideration committee opined that 45% of the proposed quantity of 1,81,666 cum or 4,63449 tons can be mined safely and scientifically and safely within the lease period for a quarry pit depth of 20 meters.

The proponent has also submitted extended cluster sketch prepared by the DMG in which seven leases are within the 500 meter radius from this lease and out of which two leases with a combined area of 5 Acres 20 guntas have expired and two leases with a combined area of 4 Acres for which the leases were granted earlier to 9-9-2013. Based on this proponent requested not to consider these four leases for cluster effect. Leaving out these four leases the combined area of three remaining leases is 8 Acres 20 guntas which is less than the threshold limit of 5 Ha. committee decided to categorise this under B2 category and proceeded with the appraisal accordingly. The proponent has also stated that there is a existing cart track road to a length of 500 meters joining the lease area to all weather road black topped road. The proponent has stated that there are no eco-sensitive zone within the radius of 10 KM from the boundary of lease area. As far as CER is concerned the proponent has stated that he has earmarked Rs.4.50 lakhs to take up rejuvenation of Bandihalli tank which is a distance of 1.60 KM from the lease area. The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of 45% of the building stone proposed to be extracted as per approved quarry plan, subject to submission of the following information:-

- 1) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis

the project location and the recommendation or comments of the Chief Wildlife Warden thereon.

- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.64. Proposed Building Stone Quarry Project at Sy.No.318 of Bandihalli Village, Kunigal Taluk, Tumkur District (1-20 Acres) by B.S Madhe Gowda (SEIAA 666 MIN 2019)**

Sri B.S Madhe Gowda have applied for Environmental clearance from SEIAA for quarrying of Building Stone in 0.607 Ha, Govt. Gomala Land, at Sy.No.318 of Bandihalli Village, Kunigal Taluk, Tumkur District.

The subject was discussed in the SEAC meeting held on 19<sup>th</sup> October 2019. The Committee noted that this is a building stone quarry in Govt. land. The proponent has stated that he has obtained NOCs from Forest, Revenue Dept.,. The lease has been notified on 25-7-2019 and also he has stated that the quarry plan has also been got approved from the DMG. As seen from the quarry plan there is a level difference of 3 meter and taking this into consideration committee opined that 70% of the proposed proved quantity of 48,080 cum or 1,22,657 tons can be mined safely and scientifically and safely within the lease period for a quarry pit depth of 16 meters.

The proponent has also submitted extended cluster sketch prepared by the DMG in which seven leases are within the 500 meter radius from this lease and out of which two leases with a combined area of 5 Acres 20 guntas have expired and two leases with a combined area of 4 Acres for which the leases were granted earlier to 9-9-2013. Based on this proponent requested not to consider these four leases for cluster effect. Leaving out these four leases the combined area of three remaining leases is 8 Acres 20 guntas which is less than the threshold limit of 5 Ha. committee decided to categorise this under B2 category and proceeded with the appraisal accordingly. The proponent has also stated that there is an existing cart track road to a length of 500 meters joining the lease area to all weather road black topped road. The proponent has stated that there are no eco-sensitive zone within the radius of 10 KM from the boundary of lease area. As far as CER is concerned the proponent has stated that he has earmarked Rs.2.50 lakhs to take up rejuvenation of Bandihalli tank which is a distance of 1.60 KM from the lease area. The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of 70% of the building stone proposed to be extracted as per approved quarry plan, subject to submission of the following information:-

- 1) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.
- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.65. Proposed Building Stone Quarry Project at Sy.No.318 of Bandihalli Village, Kunigal Taluk, Tumkur District (4-00 Acres) by Smt B.M Chandrakala (SEIAA 667 MIN 2019)**

Smt B.M. Chandrakala have applied for Environmental clearance from SEIAA for quarrying of Building Stone in 1.618 Ha, Govt. Gomala Land, at Sy.No.318 of Bandihalli Village, Kunigal Taluk, Tumkur District

The subject was discussed in the SEAC meeting held on 19<sup>th</sup> October 2019. The Committee noted that this is a building stone quarry in Govt. land. The proponent has stated that he has obtained NOCs from Forest, Revenue Dept.,. The lease has been notified on 25-7-2019 and also he has stated that the quarry plan has also been got approved from the DMG. As seen from the quarry plan there is a level difference of 6 meter and taking this into consideration committee opined that 55% of the proposed proved quantity of 2,07,555 cum or 5,29,494 tons can be mined safely and scientifically and safely within the lease period for a quarry pit depth of 20 meters.

The proponent has also submitted extended cluster sketch prepared by the DMG in which seven leases are within the 500 meter radius from this lease and out of which two leases with a combined area of 5 Acres 20 guntas have expired and two leases with a combined area of 4 Acres for which the leases were granted earlier to 9-9-2013. Based on this proponent requested not to consider these four leases for cluster effect. Leaving out these four leases the combined area of three remaining leases is 8 Acres 20 guntas which is less than the threshold limit of 5 Ha. committee decided to categorise this under B2 category and proceeded with the appraisal accordingly. The proponent has also stated that there is a existing cart track road to a length of 500 meters joining the lease area to

all weather black topped road. The proponent has stated that there are no eco-sensitive zone within the radius of 10 KM from the boundary of lease area. As far as CER is concerned the proponent has stated that he has earmarked Rs.6.00 lakhs to take up rejuvenation of Bandihalli tank which is a distance of 1.60 KM from the lease area. The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of 55% of the building stone proposed to be extracted as per approved quarry plan, subject to submission of the following information:-

- 1) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.
- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.66. Proposed Pink Granite Quarry Project at Sy.No.3(P) of Gundur S.BVillage, Hungund Tq, Bagalkote District (6-00 Acres) by M/s Kshiya Granites Pvt Ltd (SEIAA 661 MIN 2019)**

M/s Kshiya Granites Pvt Ltd have applied for Environmental clearance from SEIAA for quarrying of Pink Granite in 2.12 Ha, Patta Land, at Sy.No.3(P) of Gundur S.BVillage, Hungund Tq, Bagalkote District.

The subject was discussed in the SEAC meeting held on 19<sup>th</sup> October 2019. The Committee noted that this is a proposal involving Pink Granite Quarry in patta land. The proponent has stated that the proponent has obtained NoCs from Revenue, Forest Department and also obtained land conversion order. The lease has been notified on 22-6-2018. As seen from the mining plan there is a level difference of 3 meters within the mining area and taking this into consideration the committee opined that the proposed gross quantity of 127824 cum of pink granite blocks and 85216cum khandus for a lease period can be mined safely and scientifically to a quarry pit depth of 20meters.. The proponent has stated that the recovery is 30% and the waste is 70%. For waste handling the proponent has stated that he has earmarked 1 Acre 8 Guntas of land.

As per the cluster sketch prepared by DMG there are five leases within the 500 meter radius and four leases were granted prior to 9.9.2013 and the area applied for EC is less than the threshold limit of 5 Ha. the committee decided to categorise this project under B2 category and proceeded with the appraisal accordingly. The proponent has also stated that the project does not fall within 10 KM radius from National park/Wildlife sanctuary. As far as approach road is concerned the proponent has stated that there is an existing cart track road to a length of 500 meters connecting lease area to NH13. As far as CER is concerned the proponent has stated that he has earmarked Rs.10.00 lakhs to take up rejuvenation of Chickkodagali lake which is at a distance of 3 KM from the project site. The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of the pink granite as per approved quarry plan, subject to submission of the following information:-

- 1) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.
- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.67. Proposed Natural Sand Block Project at Sy.Nos.310/J3 & 310/J4 of Gajapura Village, Harapanahlli Taluk, Ballari District (6.25 Acres) By Sri G. Nanjana Gowda (SEIAA 551 MIN 2019)**

Sri G. Nanjana Gowda have applied for Environmental clearance from SEIAA for quarrying of Natural Sand Block in 2.52 Ha, Patta Land, at Sy.Nos.310/J3 & 310/J4 of Gajapura Village, Harapanahlli Taluk, Ballari District

The subject was discussed in the SEAC meeting held on 19<sup>th</sup> October 2019. The Committee noted that this is a fresh sand quarry lease in patta land. The proponent has stated that he has obtained NOCs from Forest, Revenue Departments and applied for land conversion order and also he has stated that the quarry plan has also been got approved from the DMG. The project is located at a distance of 50 meters from

Chikkahagri Nala. The average top level of the sand block is 547 meters and dry weather flow (bed level) of the nala is 542 meters. The depth of mining is 3.0 meters and the proponent has stated that he will take up mining subdividing the mining block into five sub blocks and taking up mining in each block every year. Taking this into consideration the proposed quantity of 52,837 cum or 84,539 tons for a plan period of five years can be mined safely and scientifically.

The proponent has also stated that there is an existing cart track road which ends up at 50 meter from the lease area and the balance 50 meter require to connect the lease area to all weather road will be built on the private land which belongs to proponent himself. The proponent has also stated that he will establish a stock yard on the untackled portion of the lease area. The proponent has stated that there are no eco-sensitive zone within the radius of 10 KM from the boundary of lease area. The proponent has also submitted combined sketch prepared by the DMG wherein it has stated that there are three leases including this and in which DMG has certified that EC for other two leases have not yet been obtained within the 500 meter radius and the area applied for EC is less than the threshold limit of 5 Ha the committee decided to categorise this project under B2 and proceeded with the appraisal accordingly. As far as CER is concerned the proponent has stated that he has earmarked Rs.8.50 lakhs for a plan period of five years to take up plantation on either side of the Chikkahagri nala and also to convert it to quarry pit into a rain harvesting pond providing suitable slope protection measures. The committee after discussion and deliberation decided to recommend the proposal for issue of EC.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of ordinary sand as per approved quarry plan, and the Sustainable Sand Mining Management Guidelines, 2016 issued by the MoEF&CC, Government of India, subject to submission of the following information:-

- 1) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.
- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.68. Proposed Building Stone Quarry Project at Sy.No.41 of Dypenahalli Village, Tumkur Taluk, Tumkur District (2-00 Acres) by M/s. M.N.R. Enterprises (SEIAA 632 MIN 2019)**

M/s. M.N.R. Enterprises have applied for Environmental clearance from SEIAA for quarrying of Building Stone in 0.8094 Ha, Govt. Kharab Land, at Sy.No.41 of Dypenahalli Village, Tumkur Taluk, Tumkur District.

The subject was discussed in the SEAC meeting held on 30<sup>th</sup> October 2019. The Committee noted that this is a fresh lease involving building stone mining in Govt Land. The proponent has stated that he has obtained NOCs from Forest, Revenue Dept., and also approval from District task force. The lease has been notified on 02-05-2017. As seen from the quarry plan there is a level difference of 18 meters within the mining area and taking this into consideration the committee opined that 45% of the proposed proved quantity of 620711 tons or 238735 cum can be mined safely and scientifically to a quarry pit depth of 15 meters for a lease period.

As per the extended combined sketch prepared by DMG this deposit area extends in two Districts i.e Tumkur and Bangalore Rural Dist and as per the combined sketch there are two other leases within the 500 meter radius from this lease in Tumkur Dist and 5 other leases in Bangalore Rural Dist. And the proponent has claimed exemption from cluster effect for all these 7 leases based on the fact that these leases either granted prior to 9.9.2013 or ECs were issued prior to 15.01.2016. Leaving apart this leases only two fresh leases were left and combined area of these two leases being less than 5Ha. committee decided to categorise this project under B2 and proceeded with the appraisal accordingly. He has also stated that his project does not fall within the 10 KM radius from the boundary of any Wildlife sanctuary/National Park. As far as approach road is concerned, the proponent has stated that, there is a existing cart track road to a length of 1.25KM connecting lease area to all weather black topped road. As far as CER is concerned the proponent has stated, that he will earmark Rs.5.00 lakhs to take up rejuvenation of Dyapenahalli kere which is at a distance of 2.0 KM. from the lease area. The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of 45% of the building stone proposed to be extracted as per approved quarry plan, subject to submission of the following information:-

- 1) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis

the project location and the recommendation or comments of the Chief Wildlife Warden thereon.

- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.69. Proposed Building Stone Quarry Project at Sy.No.41 of Dypenahalli Village, Tumkur Taluk, Tumkur District (1-00 Acre) by Sri M.N. Rajesh (SEIAA 634 MIN 2019)**

Sri M.N. Rajesh have applied for Environmental clearance from SEIAA for quarrying of Building Stone in 0.4047 Ha, Govt. Kharab Land, at Sy.No.41 of Dypenahalli Village, Tumkur Taluk, Tumkur District

The subject was discussed in the SEAC meeting held on 30<sup>th</sup> October 2019. The Committee noted that this is a fresh lease involving building stone mining in Govt Land. The proponent has stated that he has obtained NOCs from Forest, Revenue Dept., and also approval from District task force. The lease has been notified on 21-06-2017. As seen from the quarry plan there is a level difference of 21 meters within the mining area and taking this into consideration the committee opined that 35% of the proposed proved quantity of 295776 tons or 113760 cum can be mined safely and scientifically to a quarry pit depth of 15 meters for a lease period.

As per the extended combined sketch prepared by DMG this deposit area extends in two Districts i.e Tumkur and Bangalore Rural Dist and as per the combined sketch there are two other leases within the 500 meter radius from this lease in Tumkur Dist and 5 other leases in Bangalore Rural Dist. And the proponent has claimed exemption from cluster effect for all these 7 leases based on the fact that these leases either granted prior to 9.9.2013 or ECs were issued prior to 15.01.2016. Leaving apart this leases only two fresh leases were left and combined area of these two leases being less than 5Ha. committee decided to categorise this project under B2 and proceeded with the appraisal accordingly. He has also stated that his project does not fall within the 10 KM radius from the boundary of any Wildlife sanctuary/National Park. As far as approach road is concerned, the proponent has stated that, there is a existing cart track road to a length of 1.25KM connecting lease area to all weather black topped road. As far as CER is concerned the proponent has stated, that he will earmark Rs.2.00 lakhs to take up rejuvenation of Dyapenahalli kere which is at a distance of 2.0 KM. from the lease area. The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of 35% of the building stone proposed to be extracted as per approved quarry plan, subject to submission of the following information:-

- 1) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.
- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.70. Proposed Building Stone Quarry Project at Sy.No.74/2/1 of Zhapur Village, Kalaburagi Taluk, Kalaburagi District (5-20 Acres) by Sri Anwar Miya (SEIAA 635 MIN 2019)**

Sri Anwar Miya have applied for Environmental clearance from SEIAA for quarrying of Building Stone in 2.225 Ha, Patta Land, at Sy.No.74/2/1 of Zhapur Village, Kalaburagi Taluk, Kalaburagi District.

The subject was discussed in the SEAC meeting held on 30<sup>th</sup> October 2019. The Committee noted that this is a fresh lease involving building stone mining in patta land. The proponent has stated that he has obtained NOCs from Forest, Revenue Dept., and also obtained land conversion order. The lease has been notified on 28-09-2018. As seen from the quarry plan there is a level difference of 14 meters within the mining area and taking this into consideration and also the fact that the undisturbed area 2Acres 9 Guntas can be utilized for mining, the committee opined that 85% of the proposed proved quantity of 1190257 tons or 447465 cum can be mined safely and scientifically to a quarry pit depth of 20meters for a lease period.

As per the extended combined sketch prepared by DMG there are two leases including this lease within 500 meter radius from this lease. The total area of these two lease being 10 Acre 10Guntas and which is being less then the threshold limit of 5 Ha. committee decided to categorise this project under B2 and proceeded with the appraisal accordingly. He has also stated that his project does not fall within the 10 KM radius from the boundary of any Wildlife sanctuary/National Park. As far as approach road is concerned, the proponent has stated that, there is a existing cart track road to a length of 500meters connecting lease area to all weather black topped road. As far as CER is

concerned the proponent has stated, that he will earmark Rs.20.00lakhs to take up rejuvenation of Pala kere which is at a distance of 2.1 KM. from the lease area.The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of 85% of the building stone proposed to be extracted as per approved quarry plan, subject to submission of the following information:-

- 1) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.
- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.71. Proposed Building Stone Quarry Project at Sy.No.74/2/3 of Zhapur Village, Kalaburati Taluk, Kalaburagi District (4-30 Acres) by Sri Mohammed Younus Miya (SEIAA 636 MIN 2019)**

Sri Mohammed Younus Miya have applied for Environmental clearance from SEIAA for quarrying of Building Stone in 1.922 Ha, Patta Land at Sy.No.74/2/3 of Zhapur Village, Kalaburati Taluk, Kalaburagi District

The subject was discussed in the SEAC meeting held on 30<sup>th</sup> October2019. The Committee noted that this is a fresh lease involving building stone mining in patta land. The proponent has stated that he has obtained NOCs from Forest, Revenue Dept., and also obtained land conversion order. The lease has been notified on 04-06-2019.As seen from the quarry plan there is a level difference of 11 meters within the mining area and taking this into consideration the committee opined that 80% of the proposed proved quantity of 946604 tons or 355866 cum can be mined safely and scientifically to a quarry pit depth of 20meters for a lease period.

As per the extended combined sketch prepared by DMG there are two leases including this lease within 500 meter radius from this lease. The total area of these two lease being 10 Acre 10Guntas and which is being less then the threshold limit of 5 Ha. committee decided to categorise this project under B2 and proceeded with the appraisal

accordingly. He has also stated that his project does not fall within the 10 KM radius from the boundary of any Wildlife sanctuary/National Park.As far as approach road is concerned, the proponent has stated that, there is a existing cart track road to a length of 500meters connecting lease area to all weather black topped road.As far as CER is concerned the proponent has stated, that he will earmark Rs.16.00 lakhs to take up rejuvenation of Byraveswara kere which is at a distance of 5.0 KM. from the lease area.The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of 80% of the building stone proposed to be extracted as per approved quarry plan, subject to submission of the following information:-

- 1) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.
- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.72. Proposed Ornamental Stone (Pink Granite) Quarry Project at Sy.No.42/1 of Koranahalli Village, Arasikere Taluk, Hassan District (3-00 Acres) by Sri Nanjunda Bovi (SEIAA 639 MIN 2019)**

Sri Nanjunda Bovi have applied for Environmental clearance from SEIAA for quarrying of Ornamental Stone (Pink Granite) in 1.21 Ha, Patta Land, at Sy.No.42/1 of Koranahalli Village, Arasikere Taluk, Hassan District

The subject was discussed in the SEAC meeting held on 30<sup>th</sup> October2019. The Committee noted that this is a fresh proposal involving ornamental stone mining in patta land. The proponent has stated that he has obtained NoCs from Forest and Revenue Departments and Land conversion order. As seen from the quarry plan there is a level difference of 8 meters and taking this into consideration 25% of the proposed gross quantity of 503888 cum can be mined safely and scientifically within the lease period. The proponent has stated that the recovery is 35% in the form of commercial

blocks i.e., 44090 cum and 65% waste, i.e., 81881 cum which will be converted to building stone and the same has been reflected in approved mining plan.

As per the cluster sketch prepared by DMG there are no other leases within the 500 meters radius from this lease and the area of this lease being less than the threshold limit of 5Ha the committee decided to categorise this project under B2 category and proceeded with the appraisal accordingly. The proponent has also stated that the project does not fall within the 10 KM radius from National park/Wildlife sanctuary. As far as approach road is concerned the proponent has stated that there is an existing cart track road to a length of 280 meters connecting the lease area to all weather black topped road. As far as CER is concerned the proponent has stated that he has earmarked Rs.10.00 lakhs for a lease period to take rejuvenation of Koranahalli kere which is at a distance of 1100 meters from the project site. The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of 25% of the Ornamental Stone proposed to be extracted as per approved quarry plan, subject to submission of the following information:-

- 1) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.
- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.73. Proposed Ordinary River Sand Block Project - Block No.16 - Kumaradhara River Bed at Sy.No.112 of Kenya Village, Sulya Taluk, Dakshina kannada District (5.15 Acres (2.085 Ha) by Sri K. Subrahmanya (SEIAA 641 MIN 2019)**

Sri K. Subrahmanya have applied for Environmental clearance from SEIAA for quarrying of Ordinary River Sand in 2.085 Ha, Govt. Revenue Land, Kumaradhara River Bed at Sy.No.112 of Kenya Village, Sulya Taluk, Dakshinakannada District

The subject was discussed in the SEAC meeting held on 30<sup>th</sup> October 2019. The Committee noted that this is a proposal involving sand mining in Kumaradhara River Bed. The proponent has got this lease through public auction. As per the quarry plan the average width of the river at the lease area is 166 meter and the buffer width of 76 meter has been left on right side and 40 meter on the left side of the river. The proponent has stated that the average dry weather flow in the lease area is 93.5 meter MSL and top level of the sand block is 95.5 meter MSL and the depth of the mining proposed being 1.0 meter and bottom of the mining pit will be 1.0 meter above the dry weather flow level. The proponent has stated that he will take up mining sub dividing the block into three equal portion and taking up one block every year for first three years to a depth of one meter and thereafter he will proceed with the mining after full replenishment sub dividing the entire block into two sub blocks and taking up mining in 4<sup>th</sup> and 5<sup>th</sup> year in each block for a depth of 0.67 meters every year. As per the quarry plan 95% of the proposed quantity of 59770 tons can be mined safely and scientifically after leaving side slopes of 1:1 ½ for a plan period of five years.

As per the cluster sketch prepared by DMG there are two leases including this lease and combined area of these leases being 10.34 Acres within the 500 meter radius from this lease area and area being less than the threshold limit of 5 Ha. the committee decided to categorise this project under B2 and proceeded with the appraisal accordingly. The proponent has stated that he has proposed a stock yard at a distance of 100 meter from the lease area on a private land for which an MOU has been entered with the land owner. As far as approach road is concerned there is an existing cart track road connecting stock yard at a distance of 100 meters and proceeding further to connect all weather road i.e., Kenya village road at a overall distance of 580 meters. As far as CER is concerned the proponent has stated that he has earmarked Rs.1.50 lakhs to take up river bank strengthening works. The committee after discussion and deliberation decided to recommend the proposal to SEIAA for issue of Environment clearance with the following conditions:

- 1) The proponent shall stabilize the river bank with waste materials like pebbles and planting with khus grass and suitable plant species.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of 95% of the ordinary river sand proposed to be extracted as per approved quarry plan and the Sustainable Sand Mining Management Guidelines, 2016 issued by the MoEF&CC, Government of India, subject to submission of the following information:-

- 1) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis

the project location and the recommendation or comments of the Chief Wildlife Warden thereon.

- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.74. Proposed Building Stone Quarry Project at Sy.No.404 of Yalaalahalli Village, Chikkaballapura Taluk & District (1-20 Acres) by Sri C. Pattalappa (SEIAA 645 MIN 2019)**

Sri C. Pattalappa have applied for Environmental clearance from SEIAA for quarrying of Building Stone in 0.607 Ha, Government Gomala Land, at Sy.No.404 of Yalaalahalli Village, Chikkaballapura Taluk & District

The subject was discussed in the SEAC meeting held on 30<sup>th</sup> October 2019. The Committee noted that this is a fresh lease involving building stone mining in Govt land. The proponent has stated that he has obtained NOCs from Forest, Revenue Dept.,. The lease has been notified on 23-07-2019. As seen from the quarry plan there is a level difference of 12 meters within the mining area and taking this into consideration the committee opined that the proposed proved quantity of 465010tons or 178850cum can be mined safely and scientifically to a quarry pit depth of 12meters for a lease period.

As per the cluster sketch prepared by DMG there are 12 other leases within 500 meter radius from this lease and all of which were granted prior to 9.9.2013 and based on this proponent has requested for the exemption from cluster effect. The total area of this being less then the threshold limit of 5 Ha. committee decided to categorise this project under B2 and proceeded with the appraisal accordingly. He has also stated that his project does not fall within the 10 KM radius from the boundary of any Wildlife sanctuary/National Park.As far as approach road is concerned, the proponent has stated that, there is a existing cart track road to a length of 1.4meters connecting lease area to all weather black topped road.As far as CER is concerned the proponent has stated, that he will earmark Rs.3.5 lakhs to take up rejuvenation of Thimmenahalli kere which is at a distance of 4.2 KM. from the lease area. The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of the Building stone as per approved quarry plan, subject to submission of the following information:-

- 1) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere

reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.

- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.75. Proposed Building Stone Quarry Project at Sy.No.69/2A/1 of Chimmada Village, Rabakavi-Banahatti Taluk, Bagalkot District (3-00 Acres) By Sri Basavaraj S Kaluti (SEIAA 650 MIN 2019)**

Basavaraj S Kaluti have applied for Environmental clearance from SEIAA for quarrying of Building Stone on 1.21 Ha, Patta Land, at Sy.No.69/2A/1 of Chimmada Village, Rabakavi-Banahatti Taluk, Bagalkot District

The subject was discussed in the SEAC meeting held on 30<sup>th</sup> October 2019. The Committee noted that this is a fresh lease involving building stone mining in patta land. The proponent has stated that he has obtained NOCs from Forest, Revenue Dept., and also obtained land conversion order. The lease has been notified on 16-08-2019. As seen from the quarry plan there is a level difference of 3.5 meters within the mining area and taking this into consideration the committee opined that 60% of the proposed proved quantity of 548662 tons or 206263 cum i.e 329197 tons or 123758cum can be mined safely and scientifically to a quarry pit depth of 20 meters for a lease period.

As per the extended combined sketch prepared by DMG there are three leases including this lease within 500 meter radius from this lease out of which EC for two other leases were granted prior to 15-1-2016 and based on this proponent has requested to exemption for these two leases from cluster effect. The total area of this lease being less then the threshold limit of 5 Ha. committee decided to categorise this project under B2 and proceeded with the appraisal accordingly. He has also stated that his project does not fall within the 10 KM radius from the boundary of any Wildlife sanctuary/National Park. As far as approach road is concerned, the proponent has stated that, there is a existing cart track road to a length of 240meters connecting lease area to all weather black topped road. As far as CER is concerned the proponent has stated, that he will earmark Rs.7.00 lakhs to take up rejuvenation of Banahatti kere which is at a distance of 6.0 KM. from the lease area. The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of 60% of the Building Stone proposed to be extracted as per approved quarry plan, subject to submission of the following information:-

- 1) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.
- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.76. Proposed Building Stone Quarry Project at Sy.No.20 of Hanumanthapura Village, Chikkaballapura Taluk & District (2-00 Acres) By M/s. Srinidhi Stone Suppliers (SEIAA 651 MIN 2019)**

M/s. Srinidhi Stone Suppliers have applied for Environmental clearance from SEIAA for quarrying of Building Stone in 2-00 Acres, Govt. Land, at Sy.No.20 of Hanumanthapura Village, Chikkaballapura Taluk & District

The subject was discussed in the SEAC meeting held on 30<sup>th</sup> October 2019. The Committee noted that this is a proposal for old lease involving building stone mining in Govt. Land. The proponent has stated that he has obtained NOCs from Forest, Revenue Dept., and also approval from District task force. The lease has been granted earlier on 08-11-2005 for a period of 5 Years i.e up to 2010. The proponent has stated that he has carried out mining up to 2010-11 and the same has been reflected in the audit report prepared by DMG. The proponent has stated that the lease period will automatically gets extended for 20 years i.e up to 2025 as per the amendment to KMMCR Rules.

As seen from the quarry plan there is a level difference of 10 meters within the mining area and taking this into consideration and also the fact that he has mined 2600tons the committee opined that 80% of the proposed proved quantity of 242886tons or 92352cum can be mined safely and scientifically to a quarry pit depth of 12 meters for a lease period.As per the extended combined sketch prepared by DMG there are eleven leases including this lease within 500 meter radius from this lease and all these leases were granted prior to 9.9.2013 and based on this proponent has requested to exempt these leases from cluster effect. He has also stated that his project does not fall within the 10 KM radius from the boundary of any Wildlife sanctuary/National Park.As far as approach road is concerned, the proponent has stated that, there is a existing cart track road to a length of 0.8KM connecting lease area to all weather black topped road.As far

as CER is concerned the proponent has stated, that he will earmark Rs.5.00 lakhs to take up rejuvenation of Yelagarahalli kere which is at a distance of 1.37 KM. from the lease area. The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of 80% of the Building Stone proposed to be extracted as per approved quarry plan, subject to submission of the following information:-

- 1) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.
- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.77. Proposed Building Stone Quarry Project at Sy.No.20 of Hanumanthapura Village, Chikkaballapura Taluk & District (0.50 Acres) By M/s. RAGHAVENDRA ENTERPRISES(SEIAA 653 MIN 2019)**

M/s. Raghavendra Enterprises have applied for Environmental clearance from SEIAA for quarrying of Building Stone in 0.2023 Ha, Government Land, at Sy.No.20 of Hanumanthapura Village, Chikkaballapura Taluk & District.

The subject was discussed in the SEAC meeting held on 31<sup>st</sup> October 2019. The Committee noted that this is a proposal for old lease involving building stone mining in Govt Land. As per the records the lease area is 0.5Acres i.e 20Guntas and committee opined that scientific and safe mining cannot be carried out in this small area if blasting is involved. For this the proponent has stated that he will take up mining by manual method without going for blasting and mining will be carried out only by wedging and chiseling. The proponent has stated that he has obtained NOCs from Forest, Revenue Dept., and also approval from District task force during 2011. The lease has been granted earlier on 23-08-2011 for a period of 5 Years i.e up to 2016. The proponent has stated that he has carried out mining up to 2014-15 and the same has been reflected in the audit report prepared by DMG. The proponent has stated that the lease period will

automatically gets extended for 20 years i.e up to 2031 as per the amendment to KMMCR Rules.

As seen from the quarry plan there is a level difference of 7 meters within the mining area and taking this into consideration and also the fact that he has mined 2300tons the committee opined that 30% of the proposed proved quantity of 100654tons or 37840cum can be mined safely and scientifically to a quarry pit depth of 5 meters for a lease period. As per the extended combined sketch prepared by DMG there are eleven leases including this lease within 500 meter radius from this lease and all these leases were granted prior to 9.9.2013 and based on this proponent has requested to exempt these leases from cluster effect. He has also stated that his project does not fall within the 10 KM radius from the boundary of any Wildlife sanctuary/National Park. As far as approach road is concerned, the proponent has stated that, there is a existing cart track road to a length of 0.8KM connecting lease area to all weather black topped road. The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of 30% of the Building Stone proposed to be extracted as per approved quarry plan, subject to submission of the following information:-

- 1) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.
- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.78. Proposed Building Stone Quarry Project at Sy.No.03(Part) of Lakkenahalli Village, Tarikere Taluk, Chikkamagaluru District (3-00 Acres) by Sri V. Arun Kumar (SEIAA 659 MIN 2019)**

Sri V. Arun Kumar have applied for Environmental clearance from SEIAA for quarrying of Building Stone on 1.214 Ha, Govt. Land at Sy.No.03 (Part) of Lakkenahalli Village, Tarikere Taluk, Chikkamagaluru District

The subject was discussed in the SEAC meeting held on 31<sup>st</sup> October 2019. The Committee noted that this is a fresh lease involving building stone mining in Govt land. The proponent has stated that he has obtained NOCs from Forest, Revenue Dept., The lease has been notified on 10-05-2019. As seen from the quarry plan there is a level difference of 10 meters within the mining area and taking this into consideration and also the fact that the undisturbed area 5 Guntas can be utilized for mining, the committee opined that 90% of the proposed proved quantity of 441840 tons or 168000 cum can be mined safely and scientifically to a quarry pit depth of 20 meters for a lease period.

As per the extended combined sketch prepared by DMG there are three other leases within 500 meter radius from this lease and combined area of these leases is 5 Acres and proponent has requested for exemption from cluster effect as their leases were granted prior to 9.9.2013. The total area of this lease being less than the threshold limit of 5 Ha. committee decided to categorise this project under B2 and proceeded with the appraisal accordingly. He has also stated that his project does not fall within the 10 KM radius from the boundary of any Wildlife sanctuary/National Park. As far as approach road is concerned, the proponent has stated that, there is an existing cart track road to a length of 1.2 KM connecting lease area to all weather black topped road. As far as CER is concerned the proponent has stated, that he will earmark Rs.8.00 lakhs to take up rejuvenation of Hirekatur kere which is at a distance of 2.5 KM. from the lease area. The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of 90% of the Building Stone proposed to be extracted as per approved quarry plan, subject to submission of the following information:-

- 1) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.
- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.79. Proposed Building Stone Quarry Project at Sy.Nos.4/2, 36/5, 36/7 & 36/8 of Madagodu & Dythapura Village, Alur Taluk, Hassan District (8-04 Acres) by M/s. Grey Stone Crusher & M-Sand (SEIAA 660 MIN 2019)**

M/s. Grey Stone Crusher & M-Sand have applied for Environmental clearance from SEIAA for quarrying of Building Stone in 3.277 Ha, Patta Land, at Sy.Nos.4/2, 36/5, 36/7 & 36/8 of Madagodu & Dythapura Village, Alur Taluk, Hassan District.

The subject was discussed in the SEAC meeting held on 31<sup>st</sup>October 2019. The Committee noted that this is a fresh lease involving building stone mining in patta land. The proponent has stated that he has obtained NOCs from Forest, Revenue Dept., and also obtained land conversion order. The lease has been notified on 17-08-2019. As seen from the quarry plan there is a level difference of 32 meters within the mining area and taking this into consideration the committee opined that 40% of the proposed proved quantity of 6010624 tons or 2226157 cum can be mined safely and scientifically to a quarry pit depth of 20meters for a lease period.

As per the cluster sketch prepared by DMG there are no other leases within 500 meter radius from this lease. The total area of this lease being less than the threshold limit of 5 Ha. committee decided to categorise this project under B2 and proceeded with the appraisal accordingly. He has also stated that his project does not fall within the 10 KM radius from the boundary of any Wildlife sanctuary/National Park. As far as approach road is concerned, the proponent has stated that, there is an existing cart track road to a length of 350meters connecting lease area to all weather black topped road. As far as CER is concerned the proponent has stated, that he will earmark Rs.60.00 lakhs to take up rejuvenation of Anigalale pond which is at a distance of 1.8 KM. from the lease area. The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of 40% of the Building Stone proposed to be extracted as per approved quarry plan, subject to submission of the following information:-

- 1) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.
- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1<sup>st</sup>May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall

be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.80. Proposed Ornamental Granite Quarry Project at Sy.No.04 of Gummalapura Village, Chikkaballapura Taluk & District (5-00 Acres) by M/s. Devi Kamakshi Granites & Stones (SEIAA 662 MIN 2019)**

M/s. Devi Kamakshi Granites & Stones have applied for Environmental clearance from SEIAA for quarrying of Ornamental Granite in 2.023 Ha, Government KharabLand, at Sy.No.04 of Gummalapura Village, Chikkaballapura Taluk & District (Q.L. No.57)

The subject was discussed in the SEAC meeting held on 31<sup>st</sup> October 2019. The Committee noted that the lease was granted in 12-10-2009 for 05 years and as per the KMMCR amendments the lease period gets extended upto 2039. The proponent has stated that he has carried out the mining activity from 2012 to 2015 and no activities has been carried out since then till date. The total quantity mined between 2012 to 2015 is 1400tons or 526 cum as per audit report. The proponent has stated that he has obtained NoCs from Forest and Revenue Departments and joint inspection report in 2014 itself. The lease granted earlier in the year 2009 was for mining Building stone and now this proposal is for mining Ornamental stone for which the DMG has approved.

As seen from the quarry plan there is a level difference of 30 meters and taking this into consideration and also the fact that he has already mined 526cum the committee opined that the proposed gross quantity of 125900cum can be mined safely and scientifically within the lease period. The proponent has stated that the recovery is 75% in the form of commercial blocks i.e.94425cum and 25% waste, out of which 20% is building stone and 5% is the overall waste and the same has been reflected in approved mining plan.

As per the cluster sketch prepared by DMG there are 18 leases including this lease within the 500 meters radius from this lease and the leases for all these proposals were granted prior to 9-9-2013 and hence exempted from cluster effect. The proponent has also stated that the project does not fall within the 10 KM radius from National park/Wildlife sanctuary. As far as approach road is concerned the proponent has stated that there is an existing cart track road to a length of 450 meters connecting the lease area to all weather black topped road. As far as CER is concerned the proponent has stated that he has earmarked Rs.20lakhs for a lease period to take up rejuvenation of Mandikal kere which is at a distance of 1.5KM from the project site. The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of the Ornamental Granite as per approved quarry plan, subject to submission of the following information:-

- 1) Justification for conversion of building stone quarry into ornamental granite quarry with due orders from the competent authority.

- 2) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.
- 3) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.81. Proposed Building Stone (Basalt) Quarry Project at Sy.No.35/3 of Khudavandapur Village, Bhalki Taluk, Bidar District (1-00 Acre) by Sri Riyaz Ahmed (SEIAA 663 MIN 2019)**

Sri Riyaz Ahmed have applied for Environmental clearance from SEIAA for quarrying of Building Stone (Basalt) in 0.4047 Ha, Patta Land at Sy.No.35/3 of Khudavandapur Village, Bhalki Taluk, Bidar District.

The subject was discussed in the SEAC meeting held on 31<sup>st</sup> October. The Committee noted that this is a fresh lease involving building stone mining in patta land. The proponent has stated that he has obtained NOCs from Forest, Revenue Dept., and also obtained land conversion order. The lease has been notified on 25-07-2019. As seen from the quarry plan there is a level difference of 4 meters within the mining area and taking this into consideration the committee opined that 40% of the proposed proved quantity of 118041 tons or 44376cum can be mined safely and scientifically to a quarry pit depth of 10meters for a lease period.

As per the extended combined sketch prepared by DMG there are no other leases within 500 meter radius from this lease. The total area of this being less than the threshold limit of 5 Ha. committee decided to categorise this project under B2 and proceeded with the appraisal accordingly. He has also stated that his project does not fall within the 10 KM radius from the boundary of any Wildlife sanctuary/National Park. As far as approach road is concerned, the proponent has stated that, there is an existing cart track road to a length of 530meters connecting lease area to all weather black topped road. As far as CER is concerned the proponent has stated, that he will earmark Rs.1.0 lakhs to take up water supply and afforestation works in Govt Junior college, Bhalki which is at a distance of 12 KM. from the lease area. The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of 40% of the Building Stone (Basalt) proposed to be extracted as per approved quarry plan, subject to submission of the following information:-

- 1) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.
- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1<sup>st</sup>May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.82. Proposed Ornamental Granite Quarry Project at Sy.No.04 of Gummalapura Village, Chikkaballapura Taluk & District (Q.L. No.135) (0-25 Acres) by Sri S.K. Subbanna (SEIAA 669 MIN 2019)**

Sri S.K. Subbanna have applied for Environmental clearance from SEIAA for quarrying of Ornamental Granite in 0.253 Ha, Government Kharab Land, at Sy.No.04 of Gummalapura Village, Chikkaballapura Taluk & District (Q.L. No.135).

The subject was discussed in the SEAC meeting held on 31<sup>st</sup> October 2019. The Committee noted that this is a proposal involving ornamental stone mining in Government land. The lease for the same was granted in 16-3-2011 for 05 years starting from 2009 and as per the KMMCR amendments the lease period gets extended upto 2039. The proponent has stated that he has carried out the mining activity from 2009 to 2015 and no activities has been carried out since 2015. The total quantity mined between 2009 and 2014-15 is 4000tons or 1503 cum as per audit report. The proponent has stated that he has obtained NoCs from Forest and Revenue Departments and joint inspection report in 2014 itself.

The lease granted earlier in the year 2009 was for mining of Building stone and now this proposal is for mining of Ornamental stone for which the DMG has approved. Also the DMG has also notified the cluster involving 11 leases including this lease and also approved mining plan exempting Buffer zone requirements in the common boundary. As seen from the quarry plan there is a level difference of 24 meters and taking this into consideration and also the fact that he has already mined 1503cum the committee opined that the proposed gross quantity of 22144cum can be mined safely and scientifically within the lease period. The proponent has stated that the recovery is 80% in the form of commercial blocks i.e., 17715cum and 20% waste, out of which 15% is

building stone and 5% is the overall waste and the same has been reflected in approved mining plan.

As per the cluster sketch prepared by DMG there are 18 leases including this lease within the 500 meters radius from this lease and the leases for all these proposals were granted prior to 9-9-2013 and hence exempted from cluster effect. The proponent has also stated that the project does not fall within the 10 KM radius from National park/Wildlife sanctuary. As far as approach road is concerned the proponent has stated that there is an existing cart track road to a length of 350 meters connecting the lease area to all weather black topped road. As far as CER is concerned the proponent has stated that he has earmarked Rs.3.5lakhs for a lease period to take up rejuvenation of Mandikal kere which is at a distance of 2.0KM from the project site. The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of the Ornamental Granite as per approved quarry plan, subject to submission of the following information:-

- 1) Justification for conversion of building stone quarry into ornamental granite quarry with due orders from the competent authority.
- 2) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.
- 3) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.83. Proposed Ornamental Granite Quarry Project at Sy.No.04 of Gummalapura Village, Chikkaballapura Taluk & District (Q.L. No.178) (0-25 Acres) by Sri A. Narayanaswamy (SEIAA 670 MIN 2019)**

Sri A. Narayanaswamy have applied for Environmental clearance from SEIAA for quarrying of Ornamental Granite in 0.253 Ha, Government Kharab Land, at Sy.No.04 of Gummalapura Village, Chikkaballapura Taluk & District (Q.L. No.178).

The subject was discussed in the SEAC meeting held on 31<sup>st</sup> October 2019. The Committee noted that this is a proposal involving ornamental stone mining in Government land. The lease for the same was granted in 18-7-2011 for 05 years. As per the KMMCR amendments the lease period gets extended up to 2041. The proponent has stated that he has carried out the mining activity from 2011 to 2015 and no activities has been carried out since then till date. The total quantity mined between 2011 and 2014-15 is 2100tons or 789cum as per audit report. The proponent has stated that he has obtained NoCs from Forest and Revenue Departments and joint inspection report in 2014 itself. The lease granted earlier in the year 2011 was for mining of Building stone and now this proposal is for mining of Ornamental stone for which the DMG has approved. Also the DMG has also notified the cluster involving 11 leases including this lease and also approved mining plan exempting Buffer zone requirements in the common boundary.

The Committee further noted from the quarry plan that there is a level difference of 5 meters and taking this into consideration and also the fact that he has already mined 789cum the committee opined that the 60% of the proposed gross quantity of 25040cum can be mined safely and scientifically within the lease period. The proponent has stated that the recovery is 80% in the form of commercial blocks i.e., 12019cum and 20% waste, out of which 15% is building stone and 5% is the overall waste and the same has been reflected in approved mining plan. As per the cluster sketch prepared by DMG there are 18 leases including this lease within the 500 meters radius from this lease and the leases for all these proposals were granted prior to 9-9-2013 and hence exempted from cluster effect. The proponent has also stated that the project does not fall within the 10 KM radius from National park/Wildlife sanctuary.

As far as approach road is concerned the proponent has stated that there is an existing cart track road to a length of 350 meters connecting the lease area to all weather black topped road. As far as CER is concerned the proponent has stated that he has earmarked Rs. 2.5lakhs for a lease period to take up rejuvenation of Mandikal kere which is at a distance of 1.9KM from the project site. The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of 60% of the Ornamental Granite proposed to be extracted as per approved quarry plan, subject to submission of the following information:-

- 1) Clarification with regard to permissibility of the activity under Mineral Concession Rules
- 2) Justification for conversion of building stone quarry into ornamental granite quarry with due orders from the competent authority.
- 3) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere

reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.

- 4) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.84. Proposed Ornamental Granite Quarry Project at Sy.No.04 of Gummalapura Village, Chikkaballapura Taluk & District (Q.L. No.136) (0-25 Acre) By Sri Nagesh (SEIAA 671 MIN 2019)**

Sri Nagesh have applied for Environmental clearance from SEIAA for quarrying of Ornamental Granite in 0.253 Ha, Government Kharab Land, at Sy.No.04 of Gummalapura Village, Chikkaballapura Taluk & District.

The subject was discussed in the SEAC meeting held on 31<sup>st</sup> October 2019. The Committee noted that this is a proposal involving ornamental stone mining in Government land. The lease for the same was granted in the year 2004 and the same has been renewed for further 5 years up to 2014 and as per the KMMCR amendments the lease period gets extended upto 2034. The proponent has stated that he has carried out the mining activity from 2007-08 to 2014-2015 and no activities has been carried out since then till date. The total quantity mined between 2007-08 to 2014-15 is 4900tons or 1842 cum as per audit report. The proponent has stated that he has obtained NoCs from Forest and Revenue Departments and joint inspection report in 2014 itself.

The lease granted earlier in the year 2004 was for mining Building stone and now this proposal is for mining Ornamental stone for which the DMG has approved. Also the DMG has also notified the cluster involving 11 leases including this lease and also approved mining plan exempting Buffer zone requirements in the common boundary. As seen from the quarry plan there is a level difference of 30 meters and taking this into consideration and also the fact that he has been exempted on three sides which has common boundary with other leases and also the already mined quantity 1842cum the committee opined that 85% of the proposed gross quantity of 39500cum can be mined safely and scientifically within the lease period. The proponent has stated that the recovery is 80% in the form of commercial blocks i.e., 26860cum and 20% waste, out of which 15% is building stone and 5% is the overall waste and the same has been reflected in approved mining plan.

As per the cluster sketch prepared by DMG there are 18 leases including this lease within the 500 meters radius from this lease and the leases for all these proposals were granted prior to 9-9-2013 and hence exempted from cluster effect. The proponent has also stated that the project does not fall within the 10 KM radius from National

park/Wildlife sanctuary.As far as approach road is concerned the proponent has stated that there is an existing cart track road to a length of 340 meters connecting the lease area to all weather black topped road.As far as CER is concerned the proponent has stated that he has earmarked Rs.5.0lakhs for a lease period to take up rejuvenation of Mandikal kere which is at a distance of 2.0KM from the project site. The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of 85% of the Ornamental Granite proposed to be extracted as per approved quarry plan, subject to submission of the following information:-

- 1) Clarification with regard to permissibility of the activity under Mineral Concession Rules
- 2) Justification for conversion of building stone quarry into ornamental granite quarry with due orders from the competent authority.
- 3) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.
- 4) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.85. Proposed Ornamental Granite Quarry Project at Sy.No.04 of Gummalapura Village, Chikkaballapura Taluk, Chikkaballapura District (Q.L.No.149) (2-00 Acres) By M/s Veera Hanuman India Granites (SEIAA 685 MIN 2019)**

M/s Veera Hanuman India Granites have applied for Environmental clearance from SEIAA for quarrying of Ornamental Granite in 0.809 Ha, Government Kharab Land, at Sy.No.04 of Gummalapura Village, Chikkaballapura Taluk, Chikkaballapura District (Q.L.No.149)

The subject was discussed in the SEAC meeting held on 31<sup>st</sup> October 2019. The Committee noted that this is a proposal involving ornamental stone mining in Government land. The lease for the same was granted in the year 2011 and as per the KMMCR amendments the lease period gets extended upto 2041. The proponent has

stated that he has carried out the mining activity from 2012-13 to 2014-2015 and no activities has been carried out since then till date. The total quantity mined between 2012-13 to 2014-15 is 3000tons or 1127 cum as per audit report. The proponent has stated that he has obtained NOCs from Forest and Revenue Departments and joint inspection report in 2014 itself. The lease granted earlier in the year 2011 was for mining Building stone and now this proposal is for mining Ornamental stone for which the DMG has approved. Also the DMG has also notified the cluster involving 11 leases including this lease and also approved mining plan exempting Buffer zone requirements in the common boundary.

As seen from the quarry plan there is a level difference of 40 meters and taking this into consideration and also the fact that he has been exempted on three sides which has common boundary with other leases and also the already mined quantity 1127cum the committee opined that 60% of the proposed gross quantity of 175200cum can be mined safely and scientifically within the lease period considering that he has considered only 34 Guntas for the mining. The proponent has stated that the recovery is 80% in the form of commercial blocks i.e., 84096cum and 20% waste, out of which 15% is building stone and 5% is the overall waste and the same has been reflected in approved mining plan. As per the cluster sketch prepared by DMG there are 18 leases including this lease within the 500 meters radius from this lease and the leases for all these proposals were granted prior to 9-9-2013 and hence exempted from cluster effect. The proponent has also stated that the project does not fall within the 10 KM radius from National park/Wildlife sanctuary. As far as approach road is concerned the proponent has stated that there is an existing cart track road to a length of 630 meters connecting the lease area to all weather black topped road. As far as CER is concerned the proponent has stated that he has earmarked Rs.20.0lakhs for a lease period to take up rejuvenation of Mandikal kere which is at a distance of 2.0KM from the project site. The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of 60% of the Ornamental Granite proposed to be extracted as per approved quarry plan, subject to submission of the following information:-

- 1) Justification for conversion of building stone quarry into ornamental granite quarry with due orders from the competent authority.
- 2) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis

the project location and the recommendation or comments of the Chief Wildlife Warden thereon.

- 3) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1<sup>st</sup> May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.86. Proposed Ornamental Granite Quarry Project at Sy.No.04 of Gummalapura Village, Chikkaballapura Taluk & District (1-24 Acres) By M/s Four Season Rocks Inc (SEIAA 681 MIN 2019)**

M/s Four Season Rocks Inc have applied for Environmental clearance from SEIAA for quarrying of Ornamental Granite in 0.648 Ha, Government Kharab Land, at Sy.No.04 of Gummalapura Village, Chikkaballapura Taluk & District.

The subject was discussed in the SEAC meeting held on 31<sup>st</sup> October 2019. The Committee noted that this is a proposal involving ornamental stone mining in Government land. The lease for the same was granted in the year 2011 and as per the KMMCR amendments the lease period gets extended upto 2041. The proponent has stated that he has carried out the mining activity from 2011-12 to 2012-2013 and no activities has been carried out since then till date. The total quantity mined between 2011-12 to 2012-13 is 500tons or 187 cum as per audit report. The proponent has stated that he has obtained NoCs from Forest and Revenue Departments and joint inspection report in 2014 itself. The lease granted earlier in the year 2011 was for mining of Building stone and now this proposal is for mining of Ornamental stone for which the DMG has approved. Also the DMG has also notified the cluster involving 11 leases including this lease and also approved mining plan exempting Buffer zone requirements in the common boundary.

As seen from the quarry plan there is a level difference of 45 meters and taking this into consideration and also the fact that he has been exempted buffer zone on one side which has common boundary with other leases and also the already mined quantity 187cum the committee opined that the proposed gross quantity of 54436cum can be mined safely and scientifically for the lease period. The proponent has stated that the recovery is 80% in the form of commercial blocks i.e., 43548cum and 20% waste, out of which 15% is building stone and 5% is the overall waste and the same has been reflected in approved mining plan.

As per the cluster sketch prepared by DMG there are 18 leases including this lease within the 500 meters radius from this lease and the leases for all these proposals were granted prior to 9-9-2013 and hence exempted from cluster effect. The proponent has also stated that the project does not fall within the 10 KM radius from National park/Wildlife sanctuary. As far as approach road is concerned the proponent has stated that there is an existing cart track road to a length of 330 meters connecting the lease area to all weather black topped road. As far as CER is concerned the proponent has stated

that he has earmarked Rs.9.0 lakhs for a lease period to take up rejuvenation of Gummalapura kere which is at a distance of 400meters from the project site.The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of the Ornamental Granite as per approved quarry plan, subject to submission of the following information:-

- 1) Justification for conversion of building stone quarry into ornamental granite quarry with due orders from the competent authority.
- 2) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.
- 3) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.87. Proposed Ornamental Granite Quarry Project at Sy.No.04 of Gummalapura Village, Chikkaballapura Taluk, Chikkaballapura District (Q.L.No.150) (1-20 Acres) By Sri Subramanya(SEIAA 686 MIN 2019)**

Sri Subramanya have applied for Environmental clearance from SEIAA for quarrying of Ornamental Granite in 0.607 Ha, Government Kharab Land, at Sy.No.04 of Gummalapura Village, Chikkaballapura Taluk, Chikkaballapura District.

The subject was discussed in the SEAC meeting held on 31<sup>st</sup> October 2019. The Committee noted that this is a proposal involving ornamental stone mining in Government land. The lease for the same was granted in the year 1999 and as per the KMMCR amendments the lease period gets extended upto 2029. The proponent has stated that he has carried out the mining activity from 1999-2000 to 2014-2015 and no activities has been carried out since then till date. The total quantity mined between 1999-2000 to 2014-15 is 3750tons or 1409 cum as per audit report. The proponent has stated that he has obtained NoCs from Forest and Revenue Departments and joint inspection report in 2014 itself. The lease granted earlier in the year 1999 was for mining

Building stone and now this proposal is for mining Ornamental stone for which the DMG has approved. Also the DMG has also notified the cluster involving 11 leases including this lease and also approved mining plan exempting Buffer zone requirements in the common boundary.

The Committee noted from the quarry plan that there is a level difference of 20 meters and taking this into consideration and also the fact that he has been exempted buffer zone on three sides which have common boundary with other leases and also the already mined quantity 1409cum the committee opined that 65% of the proposed gross quantity of 91170cum can be mined safely and scientifically for the lease period to a depth of 12meters. The proponent has stated that the recovery is 80% in the form of commercial blocks i.e., 47408cum and 20% waste, out of which 15% is building stone and 5% is the overall waste and the same has been reflected in approved mining plan. As per the cluster sketch prepared by DMG there are 18 leases including this lease within the 500 meters radius from this lease and the leases for all these proposals were granted prior to 9-9-2013 and hence exempted from cluster effect. The proponent has also stated that the project does not fall within the 10 KM radius from National park/Wildlife sanctuary. As far as approach road is concerned the proponent has stated that there is an existing cart track road to a length of 630 meters connecting the lease area to all weather black topped road. As far as CER is concerned the proponent has stated that he has earmarked Rs.10.0lakhs for a lease period to take up rejuvenation of Gummalapura kere which is at a distance of 400meters from the project site. The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of 65% of the Ornamental Granite proposed to be extracted as per approved quarry plan, subject to submission of the following information:-

- 1) Justification for conversion of building stone quarry into ornamental granite quarry with due orders from the competent authority.
- 2) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.
- 3) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1<sup>st</sup>May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall

be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.88. Proposed Ornamental Granite Quarry Project at Sy.No.04 of Gummalapura Village, Chikkaballapura Taluk & District (Q.L. No.175) (0-20 Acre) By M/s Syed Yusuf (SEIAA 679 MIN 2019)**

M/s Syed Yusuf have applied for Environmental clearance from SEIAA for quarrying of Ornamental Granite on 0.202 Ha, Government Kharab Land, at Sy.No.04 of Gummalapura Village, Chikkaballapura Taluk & District.

The subject was discussed in the SEAC meeting held on 31<sup>st</sup> October 2019. The Committee noted that this is a proposal involving ornamental stone mining in Government land. The lease for the same was granted in the year 2011 and as per the KMMCR amendments the lease period gets extended upto 2041. The proponent has stated that he has carried out the mining activity only during 2012-2013 and no activities has been carried out since then till date. The total quantity mined during 2012-13 is 300tons or 112 cum as per audit report. The proponent has stated that he has obtained NoCs from Forest and Revenue Departments and joint inspection report in 2014 itself. The lease granted earlier in the year 2011 was for mining Building stone and now this proposal is for mining Ornamental stone for which the DMG has approved. Also the DMG has also notified the cluster involving 11 leases including this lease and also approved mining plan exempting Buffer zone requirements in the common boundary.

The Committee also noted from the quarry that plan there is a level difference of 20 meters and taking this into consideration and also the fact that he has been exempted buffer zone on three sides which have common boundary with other leases and also the already mined quantity 112cum the committee opined that the proposed proved quantity of 10905cum can be mined safely and scientifically for the lease period to a depth of 6meters. The proponent has stated that the recovery is 80% in the form of commercial blocks i.e., 8724cum and 20% waste, out of which 15% is building stone and 5% is the overall waste and the same has been reflected in approved mining plan.

As per the cluster sketch prepared by DMG there are 18 leases including this lease within the 500 meters radius from this lease and the leases for all these proposals were granted prior to 9-9-2013 and hence exempted from cluster effect. The proponent has also stated that the project does not fall within the 10 KM radius from National park/Wildlife sanctuary. As far as approach road is concerned the proponent has stated that there is an existing cart track road to a length of 340 meters connecting the lease area to all weather black topped road.As far as CER is concerned the proponent has stated that he has earmarked Rs.2.0lakhs for a lease period to take up rejuvenation of Mandikal kere which is at a distance of 2KM from the project site.The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of the Ornamental Granite as per approved quarry plan, subject to submission of the following information:-

- 1) Clarification with regard to permissibility of the activity under Mineral Concession Rules
- 2) Justification for conversion of building stone quarry into ornamental granite quarry with due orders from the competent authority.
- 3) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.
- 4) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.89. Proposed Ornamental Granite Quarry Project at Sy.No.04 of Gummalapura Village, Chikkaballapura Taluk & District (0-25 Acres)By sri S.A Narayanaswamy (SEIAA 683 MIN 2019)**

Sri. S.A Narayanaswamy have applied for Environmental clearance from SEIAA for quarrying of Ornamental Granite in 0.253 Ha, Government KharabLand, at Sy.No.04 of Gummalapura Village, Chikkaballapura Taluk & District.

The subject was discussed in the SEAC meeting held on 31<sup>st</sup> October 2019. The Committee noted that this is a proposal involving ornamental stone mining in Government land. The lease for the same was granted in the year 2011 and as per the KMMCR amendments the lease period gets extended upto 2041. The proponent has stated that he has carried out the mining activity during 2011-2012 to 2014-15 and no activities has been carried out since then till date. The total quantity mined during 2011-12 to 2014-15 is 2100tons or 789 cum as per audit report. The proponent has stated that he has obtained NoCs from Forest and Revenue Departments and joint inspection report in 2014 itself. The lease granted earlier in the year 2011 was for mining Building stone and now this proposal is for mining Ornamental stone for which the DMG has approved. Also the DMG has also notified the cluster involving 11 leases including this lease and also approved mining plan exempting Buffer zone requirements in the common boundary.

The Committee also noted from the quarry plan that there is a level difference of 25 meters and taking this into consideration and also the fact that he has been exempted buffer zone on three sides which have common boundary with other leases and also the already mined quantity 789cum the committee opined that 60% of the proposed proved quantity of 38544cum can be mined safely and scientifically for the lease period to a depth of 6meters. The proponent has stated that the recovery is 80% in the form of commercial blocks i.e., 18501cum and 20% waste, out of which 15% is building stone and 5% is the overall waste and the same has been reflected in approved mining plan.

The Committee further noted that As per the cluster sketch prepared by DMG there are 18 leases including this lease within the 500 meters radius from this lease and the leases for all these proposals were granted prior to 9-9-2013 and hence exempted from cluster effect. The proponent has also stated that the project does not fall within the 10 KM radius from National park/Wildlife sanctuary.As far as approach road is concerned the proponent has stated that there is an existing cart track road to a length of 340 meters connecting the lease area to all weather black topped road.As far as CER is concerned the proponent has stated that he has earmarked Rs.4.0lakhs for a lease period to take up rejuvenation of Mandikal kere which is at a distance of 2KM from the project site.The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of 60% of the Ornamental Granite proposed to be extracted as per approved quarry plan, subject to submission of the following information:-

- 1) Clarification with regard to permissibility of the activity under Mineral Concession Rules
- 2) Justification for conversion of building stone quarry into ornamental granite quarry with due orders from the competent authority.
- 3) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.
- 4) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1<sup>st</sup>May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.90. Proposed Ornamental Granite Quarry Project at Sy.No.04 of Gummalapura Village, Chikkaballapura Taluk & District (Q.L. No.179) (2-00 Acres) By Sri S.Mahesh (SEIAA 672 MIN 2019)**

Sri S.Mahesh have applied for Environmental clearance from SEIAA for quarrying of Ornamental Granite in 0.809 Ha, Government Kharab Land, at Sy.No.04 of Gummalapura Village, Chikkaballapura Taluk & District (Q.L. No.179)

The subject was discussed in the SEAC meeting held on 31<sup>st</sup> October 2019. The Committee that this is a proposal involving ornamental stone mining in Government land. The lease for the same was granted in the year 2011 and as per the KMMCR amendments the lease period gets extended upto 2041. The proponent has stated that he has carried out the mining activity during 2011-2012 to 2014-15 and no activities has been carried out since then till date. The total quantity mined during 2011-12 to 2014-15 is 4500tons or 1691 cum as per audit report. The proponent has stated that he has obtained NOCs from Forest and Revenue Departments and joint inspection report in 2014 itself. The lease granted earlier in the year 2011 was for mining Building stone and now this proposal is for mining Ornamental stone for which the DMG has approved. Also the DMG has also notified the cluster involving 11 leases including this lease and also approved mining plan exempting Buffer zone requirements in the common boundary.

As seen from the quarry plan there is a level difference of 55 meters and taking this into consideration and also the fact that he has been exempted buffer zone on one side which has common boundary with other leases and also the already mined quantity 1691cum the committee opined that the proposed proved quantity of 87240cum can be mined safely and scientifically for the lease period to a depth of 12meters. The proponent has stated that the recovery is 80% in the form of commercial blocks i.e., 69792cum and 20% waste, out of which 15% is building stone and 5% is the overall waste and the same has been reflected in approved mining plan.

As per the cluster sketch prepared by DMG there are 18 leases including this lease within the 500 meters radius from this lease and the leases for all these proposals were granted prior to 9-9-2013 and hence exempted from cluster effect. The proponent has also stated that the project does not fall within the 10 KM radius from National park/Wildlife sanctuary. As far as approach road is concerned the proponent has stated that there is an existing cart track road to a length of 330 meters connecting the lease area to all weather black topped road. As far as CER is concerned the proponent has stated that he has earmarked Rs.15.0lakhs for a lease period to take up rejuvenation of Kachakadatha kere which is at a distance of 1.85KM from the project site. The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of the Ornamental Granite as per approved quarry plan, subject to submission of the following information:-

- 1) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.
- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.91. Proposed Ornamental Granite Quarry Project at Sy.No.04 of Gummalapura Village, Chikkaballapura Taluk, Chikkaballapura District (Q.L.No.177) (0-25 Acres) By Sri A.Dasa (SEIAA 687 MIN 2019)**

Sri A.Dasa have applied for Environmental clearance from SEIAA for quarrying of Ornamental Granite in 0.253 Ha, Government Kharab Land, at Sy.No.04 of Gummalapura Village, Chikkaballapura Taluk, Chikkaballapura District

The subject was discussed in the SEAC meeting held on 31<sup>st</sup> October 2019. The Committee noted that this is a proposal involving ornamental stone mining in Government land. The lease for the same was granted in the year 2011 and as per the KMMCR amendments the lease period gets extended upto 2041. The proponent has stated that he has carried out the mining activity during 2011-2012 to 2014-15 and no activities has been carried out since then till date. The total quantity mined during 2011-12 to 2014-15 is 2100tons or 789 cum as per audit report. The proponent has stated that he has obtained NoCs from Forest and Revenue Departments and joint inspection report in 2014 itself. The lease granted earlier in the year 2011 was for mining Building stone and now this proposal is for mining Ornamental stone for which the DMG has approved. Also the DMG has also notified the cluster involving 11 leases including this lease and also approved mining plan exempting Buffer zone requirements in the common boundary.

As seen from the quarry plan there is a level difference of 20 meters and taking this into consideration and also the fact that he has been exempted buffer zone on three sides which have common boundary with other leases and also the already mined quantity 789cum the committee opined that 60% of the proposed proved quantity of 33654cum can be mined safely and scientifically for the lease period to a depth of 6meters. The proponent has stated that the recovery is 80% in the form of commercial

blocks i.e., 16153cum and 20% waste, out of which 15% is building stone and 5% is the overall waste and the same has been reflected in approved mining plan. As per the cluster sketch prepared by DMG there are 18 leases including this lease within the 500 meters radius from this lease and the leases for all these proposals were granted prior to 9-9-2013 and hence exempted from cluster effect. The proponent has also stated that the project does not fall within the 10 KM radius from National park/Wildlife sanctuary. As far as approach road is concerned the proponent has stated that there is an existing cart track road to a length of 330 meters connecting the lease area to all weather black topped road. As far as CER is concerned the proponent has stated that he has earmarked Rs.4.0lakhs for a lease period to take up rejuvenation of Kachakadatha kere which is at a distance of 1.8KM from the project site. The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of 60% of the Ornamental Granite proposed to be extracted as per approved quarry plan, subject to submission of the following information:-

- 1) Clarification with regard to permissibility of the activity under Mineral Concession Rules
- 2) Justification for conversion of building stone quarry into ornamental granite quarry with due orders from the competent authority.
- 3) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.
- 4) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1<sup>st</sup>May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.92. Proposed Ordinary River Sand Quarry Project at Sy.Nos.255, 258, 259, 260, 262, 263, 266, 267 & 309(P) of Nandishwara Village, Athani Taluk, Belagam District By Sir Manappa Tajappa Rathod (SEIAA 624 MIN 2019)**

By Sir Manappa Tajappa Rathod have applied for Environmental clearance from SEIAA for quarrying of Ordinary River Sand on 3.238 Ha, (8-00 Acres) Govt. Land, at Sy.Nos.255, 258, 259, 260, 262, 263, 266, 267 & 309(P) of Nandishwara Village, Athani Taluk, Belagam District.

The subject was discussed in the SEAC meeting held on 31<sup>st</sup> October 2019. The Committee noted that some discrepancies in river bed level were found for which the proponent has stated that he will come back with proper clarification in this matter. Hence committee decided to defer. Now the proponent and consultant attended the 333<sup>rd</sup> Meeting held on 30-10-2019 and proponent has stated that he has got the inconsistencies corrected.

This is a proposal involving sand mining in Krishna River Bed. The proponent has got this lease through public auction. As per the quarry plan the average width of the river at the lease area is 170 meter and the buffer width of 26 meter has been left on right side and 88 meter on the left side of the river. The proponent has stated that the average dry weather flow in the lease area is 523.5 meter MSL and top level of the sand block is 526.5 meter MSL and the depth of the mining proposed being 2.0 meter and bottom of the mining pit will be 1.0 meter above the dry weather flow level. The proponent has stated that he will take up mining sub dividing the block into sub blocks and taking up mining in each block every year after replenishment. As per the quarry plan the proposed quantity of 115000 tons can be mined safely and scientifically for a plan period of five years.

As per the cluster sketch prepared by DMG there are no other leases within the 500 meter radius from this lease area and area being less than the threshold limit of 5 Ha. the committee decided to categorise this project under B2 and proceeded with the appraisal accordingly. The proponent has stated that he has proposed a stock yard at a distance of 200 meter from the lease area on a private land for which an MOU has been entered with the land owner. As far as approach road is concerned there is an existing cart track road connecting stock yard at a distance of 200 meters and proceeding further to connect all weather road i.e., Nandeswara village road at a overall distance of 800 meters. As far as CER is concerned the proponent has stated that he has earmarked Rs.4.0 lakhs to take up river bank strengthening works. The committee after discussion and deliberation decided to recommend the proposal to SEIAA for issue of Environment clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of sand as per approved quarry plan and the Sustainable Sand Mining Management Guidelines, 2016 issued by the MoEF&CC, Government of India, subject to submission of the following information:-

- 1) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.

- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.93. Proposed Building Stone Quarry Project at Sy.No.200 (P) of Ghodageri Village, Hukkeri Taluk, Belagavi District (7-00 Acres) By Sri Shrishail Chandrappa Varji (SEIAA 562 MIN 2019)**

Sri Shrishail Chandrappa Varji have applied for Environmental clearance from SEIAA for quarrying of Building Stone on 2.83 Ha, Pattaland, at Sy.No.200 (P) of Ghodageri Village, Hukkeri Taluk, Belagavi District.

The subject was discussed in the SEAC meeting held on 31<sup>st</sup> October 2019. The Committee noted from the notified eco-sensitive zone for Ghataprabha Bird Sanctuary 171 Ha.of the village Ghodageri in Hukkeri Taluk falls within the eco-sensitive zone, for which the proponent has stated that he will come up with clarification in this regard. Hence committee decided to defer the subject.The Proponent and Environment Consultant attended the 233<sup>rd</sup> meeting held on 30-10-2019 to provide clarification/additional information. The proponent has brought a letter issued by Forest Dept. Authority wherein it is mentioned that this lease area is outside the Notified ESZ of Ghataprabha Bird Sanctuary. Hence the committee decided to categorise this project under B2 and proceeded with the appraisal accordingly.

The committee noted that this is a fresh lease involving building stone mining in patta land. The proponent has stated that he has obtained NOCs from Forest, Revenue Dept., and also obtained land conversion order. The lease has been notified on 05-07-2019.As seen from the quarry plan there is a level difference of 5 meters within the mining area and taking this into consideration the committee opined that 60% of the proposed proved quantity of 2051415tons or 771208 cum can be mined safely and scientifically to a quarry pit depth of 25meters for a lease period.As per the extended combined sketch prepared by DMG there are three leases including this lease within 500 meter radius from this lease. The total area of these lease being 12.00 Acre and which is being less then the threshold limit of 5 Ha. committee decided to categorise this project under B2 and proceeded with the appraisal accordingly.

As far as approach road is concerned, the proponent has stated that, there is a existing cart track road to a length of 310meters connecting lease area to all weather black topped road.As far as CER is concerned the proponent has stated, that he will earmark Rs.40.00 lakhs to take up remediation works in Rain devastated Gokak Tq.The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of 60% of the Building Stone proposed to be extracted as per approved quarry plan, subject to submission of the following information:-

- 1) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.
- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1<sup>st</sup>May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.94. Proposed Building Stone Quarry Project at Sy.No.73/1A/1 (P) of Gokak Taluk, Belagavi District (1-20 Acres) By Smt. Jayashree Mallapur (SEIAA 563 MIN 2019)**

Smt. Jayashree Mallapur have applied for Environmental clearance from SEIAA for quarrying of Building Stone on 0.607 Ha, Govt land, at Sy.No.73/1A/1 (P) of Gokak Taluk, Belagavi District.

The subject was discussed in the SEAC meeting held on 27.9.2019. The Committee noted that the Dhupadal village where this mining lease is situated is a village notified under villages covered under eco-sensitive zone of Ghataprabha Bird Sanctuary for which the proponent has stated that he will come back with proper justification and required NoCs to take up this mining activities. Hence the committee decided to defer the subject.

The Proponent and Environment Consultant attended the SEAC meeting held on 31-10-2019 to provide clarification/additional information. The proponent has brought a letter issued by Forest Dept. Authority wherein it is mentioned that this lease area is outside the Notified ESZ of Ghataprabha Bird Sanctuary. Hence the committee decided to categorise this project under B2 and proceeded with the appraisal accordingly. The committee noted that this is a fresh lease involving building stone mining in patta land. The proponent has stated that he has obtained NOCs from Forest, Revenue Dept., and also obtained land conversion order. The lease has been notified on 14-03-2019. As seen from the quarry plan there is a level difference of 2 meters within the mining area and taking this into consideration the committee opined that 40% of the proposed proved quantity of 192129tons or 72228cum can be mined safely and scientifically to a quarry pit depth of 10meters for a lease period.

As per the extended combined sketch prepared by DMG there are four leases including this lease within 500 meter radius from this lease. The total area of these lease being 6Acre 20Guntas and which is being less then the threshold limit of 5 Ha. committee decided to categorise this project under B2 and proceeded with the appraisal accordingly.As far as approach road is concerned, the proponent has stated that, there is a existing cart track road to a length of 900meters connecting lease area to all weather black topped road.As far as CER is concerned the proponent has stated, that he will earmark Rs.1.5 lakhs to take up remediation works in raindevastated Gokak Tq.The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of 40% of the Building Stone proposed to be extracted as per approved quarry plan, subject to submission of the following information:-

- 1) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.
- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1<sup>st</sup>May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.95. Proposed Ornamental Granite Quarry Project at Sy.No.04 of GummalapuraVillage, Chikkaballapura Taluk & District (6-00 Acres) By Sri S.G Gangaraju (SEIAA 684 MIN 2019)**

Sri S.G Gangaraju have applied for Environmental clearance from SEIAA for quarrying of Ornamental Granite on 2.430 Ha, Government Kharab Land, at Sy.No.04 of GummalapuraVillage, Chikkaballapura Taluk & District

The subject was discussed in the SEAC meeting held on 31<sup>st</sup> October 2019. The Committee noted that this is a proposal involving ornamental stone mining in Government land. The lease for the same was granted in 1999 for 05 years and as per the KMMCR amendments the lease period gets extended upto 2029.The proponent has stated that he has carried out the mining activity from 1999 to 2003 and no activities has been carried out since then till date. The total quantity mined between 1999 to 2003 is

950tons or 357cum as per audit report. The proponent has stated that he has obtained NoCs from Forest and Revenue Departments and joint inspection report in 2014 itself.

The lease granted earlier in the year 1999 was for mining Building stone and now this proposal is for mining Ornamental stone for which the DMG has approved. As seen from the quarry plan there is a level difference of 55 meters and taking this into consideration and also the fact that he has been exempted from buffer zone in the common boundary on the one side of the lease and he has already mined 357cum the committee opined that 70% of the proposed gross quantity of 724200cum can be mined safely and scientifically within the lease period to a depth of 20meters. The proponent has stated that the recovery is 80% in the form of commercial blocks i.e.,347616cum and 20% waste, out of which 15% is building stone and 5% is the overall waste and the same has been reflected in approved mining plan.

As per the cluster sketch prepared by DMG there are 18 leases including this lease within the 500 meters radius from this lease and the leases for all these proposals were granted prior to 9-9-2013 and hence exempted from cluster effect. The proponent has also stated that the project does not fall within the 10 KM radius from National park/Wildlife sanctuary.As far as approach road is concerned the proponent has stated that there is an existing cart track road to a length of 340 meters connecting the lease area to all weather black topped road. As far as CER is concerned the proponent has stated that he has earmarked Rs.1.0crore for a lease period to take up remediation works at rain devastated Chickmagalur Dist.The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of 70% of the Ornamental Granite proposed to be extracted as per approved quarry plan, subject to submission of the following information:-

- 1) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.
- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1<sup>st</sup>May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.96. Proposed Building Stone Quarry Project at Sy.No.13 of Ivagilu Village, Ramanagara Taluk, Ramanagara District (6-20 Acres) By M/s SLV Stone Crusher (SEIAA 698 MIN 2019)**

M/s SLV Stone Crusher have applied for Environmental clearance from SEIAA for quarrying of Building Stone on 2.63 Ha, Government Gomala Land, at Sy.No.13 of Ivagilu Village, Ramanagara Taluk, Ramanagara District.

The subject was discussed in the SEAC meeting held on 31<sup>st</sup> October 2019. The Committee noted that this is a fresh lease involving building stone mining in Govt land. The proponent has stated that he has obtained NOCs from Forest, Revenue Dept.,. The lease has been notified on 14-08-2019. The committee also noted that the lease area is situated at a distance of 4.81KM from the declared ESZ of Ramadevarabetta Vulture Sanctuary. As seen from the quarry plan there is a level difference of 46 meters within the mining area and taking this into consideration, the committee opined that 75% of the proposed proved quantity of 2603831tons or 978885cum can be mined safely and scientifically to a quarry pit depth of 20meters for a lease period.

As per the extended combined sketch prepared by DMG there are 15 leases including this lease within 500 meter radius from this lease out of which 12 leases are exempted from cluster effect for the reason that their leases were granted prior to 9.9.2013 or EC were issued prior to 15.01.2016. The total area of remaining three leases being 10Acre 23Guntas and which is being less then the threshold limit of 5 Ha. committee decided to categorise this project under B2 and proceeded with the appraisal accordingly. As far as approach road is concerned, the proponent has stated that, there is a existing cart track road to a length of 240meters connecting lease area to all weather black topped road.As far as CER is concerned the proponent has stated, that he will earmark Rs.40.00 lakhs to take up rejuvenation of Ivaglu kere which is at a distance of 700meters from the lease area.The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of 75% of the Building Stone proposed to be extracted as per approved quarry plan, subject to submission of the following information:-

- 1) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.

- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1<sup>st</sup>May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.97. Proposed Building Stone Quarry Project at Sy.Noa.354/1D & 345/2K of Annigeri Village, Annigeri Taluk, Dharwad District (5-09 Acres) By M/s KNR Constructions Ltd (SEIAA 699 MIN 2019)**

M/s KNR Constructions Ltd have applied for Environmental clearance from SEIAA for quarrying of Building Stone on 2.114 Ha, Patta Land, at Sy.Noa.354/1D & 345/2K of Annigeri Village, Annigeri Taluk, Dharwad District.

The subject was discussed in the SEAC meeting held on 31<sup>st</sup> October 2019. The Committee noted that this is a fresh lease involving building stone mining in patta land. The proponent has stated that he has obtained NOCs from Forest, Revenue Dept., and land conversion order. The lease has been notified on 07-08-2019. As seen from the quarry plan there is a level difference of 4 meters within the mining area and taking this into consideration, the committee opined that 65% of the proposed proved quantity of 1089693tons or 409659cum can be mined safely and scientifically to a quarry pit depth of 20meters for a lease period.

As per the extended combined sketch prepared by DMG there are 2 leases including this lease within 500 meter radius from this lease. The total area of these leases being 12Acre 9Guntas and which is being less then the threshold limit of 5 Ha. committee decided to categorise this project under B2 and proceeded with the appraisal accordingly. As far as approach road is concerned, the proponent has stated that, there is a existing cart track road to a length of 240meters connecting lease area to all weather black topped road. As far as CER is concerned the proponent has stated, that he will earmark Rs.15.00 lakhs to take up rejuvenation of Annigere kere which is at a distance of 4.2KM from the lease area. The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of 65% of the Building Stone proposed to be extracted as per approved quarry plan, subject to submission of the following information:-

- 1) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/

Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.

- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1<sup>st</sup>May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.98. Proposed Building Stone Quarry Project at Sy.No.223 of Gundabala Village, Ankola Taluk, Uttara Kannada District (6-18 Acres) By M/s Ramachandra Laxman Nayak (SEIAA720MIN2019)**

M/s Ramachandra Laxman Nayak have applied for Environmental clearance from SEIAA for quarrying of Building Stone in 2.61 Ha, Patta Land, at Sy.No.223 of Gundabala Village, Ankola Taluk, Uttara Kannada District.

The subject was discussed in the SEAC meeting held on 31<sup>st</sup> Octobr 2019. The Committee noted that this is a fresh lease involving building stone mining in patta land. The proponent has stated that he has obtained NOCs from Forest, Revenue Dept., and land conversion order. The lease has been notified on 31-07-2019. As seen from the quarry plan there is a level difference of 36 meters within the mining area and taking this into consideration, the committee opined that 90% of the proposed proved quantity of 1859089tons or 706878cum can be mined safely and scientifically to a quarry pit depth of 20meters for a lease period.

The Committee also noted that as per the extended combined sketch prepared by DMG there are 2 leases including this lease within 500 meter radius from this lease. The total area of these leases being 7Acre 18Guntas and which is being less then the threshold limit of 5 Ha. committee decided to categorise this project under B2 and proceeded with the appraisal accordingly. As per the records it is observed that 1meter depth of overburden soil and the proponent has stated that he will handle the overburden soil tackling the lease area in phased manner by depositing the overburden soil generated in the tackled area on the untackled and buffer area and he has also given undertaking that he will protect the bund slopes.

As far as approach road is concerned, the proponent has stated that, there is a existing cart track road to a length of 340meters connecting lease area to all weather black topped road.As far as CER is concerned the proponent has stated, that he will earmark Rs.40.00 lakhs to take up remediation works in rain devastated uttarkannada dist.The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of 90% of the Building Stone proposed to be extracted as per approved quarry plan, subject to submission of the following information:-

- 1) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.
- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1<sup>st</sup>May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.99. Proposed Ordinary Sand Quarry Project in Patta land at Sy.Nos.140/1B, 212/3 & 212/2B of Jalihala Village, BadamiTaluk, Bagalkote District (6-38 Acres) By Sri Vishwanath B Patil (SEIAA 05 MIN 2019)**

Sri Vishwanath B Patil have applied for Environmental clearance from SEIAA for quarrying of Ordinary Sand Quarry in 2.812 Ha, Patta Land, at Sy.Nos.140/1B, 212/3 & 212/2B of Jalihala Village, BadamiTaluk, Bagalkote District

The subject was discussed in the SEAC meeting held on 21st January 2019. The OM dated: 12<sup>th</sup>December 2018 issued by MoEF & CC, GoI was brought to the notice of the committee which says that the projects with an area above 5 hectares and within 25 hectares are to be treated on par with B1 projects with EIA including public consultation which need to be appraised accordingly. The committee after due deliberation and discussion on the said OM opined that the OM is silent about the projects that are being dealt at the SEIAA level. The concluding part of the OM just states that the Notification issued on 15-1-2016 which deals with the formation of DEAC/DEIAA is kept in abeyance and whereas regarding the powers vested with the SEAC/SEIAA the OM being silent, the SEAC has construed that it is not limiting the powers vested with SEAC/SEIAA in the Notification dated:15-1-2016 and proceeded with the appraisal.

As stated by the proponent the application for this proposal was made out to the DEIAA on 14-08-2018 and the DEAC has not taken up the appraisal and in the meantime the proponent has made out an application to the SEIAA for issual of EC in view of the change in policy decision.

This a sand mining proposal in patta land. As per the combined sketch there are two other leases within the 500 meter distance from this lease area the total area of

mining of the all the three mining leases including mining involved in this proposal is 24 acres 22 guntas that is within the threshold limit of 25 hectares. The area of mining lease is 6 acres 38guntas .

The committee noted that the patta land wherein the mining is proposed is 60 meter away from the sasavehalla. The proponent stated that the dry weather flow of the sasavehalla is 531meter and average top level of the sand block is 539 meters and depth of mining including top soil depth of 1.5 meter is 4.5 meter. Hence the bottom of the mined pit will be at 534.5 meters i.e 3.5 meter above dry weather flow of sasavehalla.

The proponent has proposed to take up mining subdividing the lease area into two sub-blocks and taking up mining in one block each year. The top soil generated from one block will be deposited on the other unmined blocks and the mining in the other blocks after one year will be taken up after clearing the top soil deposited and filling it in the mined block. The total quantity proposed to be mined over a period of two years is 63,030 cum or 1,04,000tons.

The stock yard is situated in Sy.No.140 which is adjacent to the lease area and proponent has stated that he has entered into an MOU with the owner of this land. The approach road to a length of 400 meters running in the other patta land for which the proponent has stated that he has entered into an MOU with other land owners.

As seen from the approved mining plan and the land area reserved for mining and considering the depth of 3.0 meter the total quantity that can be mined comes to 62,000 cum.The committee after discussion and deliberation decided to recommend the proposal to SEIAA for issue of Environment clearance.

The Authority during the meeting held on 25.01.2019 perused the proposal and took note of the recommendation of SEAC. The Authority while discussing observed that this project proposal is being considered by Authority as per directions of the MoEF, GOI issued vide O.M dated 12<sup>th</sup> December 2018. As per this direction all the individual leases and clusters having total lease area of 5 to 25 Ha also have to be appraised as B1 category activity. While going through the proceedings of the SEAC, the Authority observed that the total lease area in this cluster is 24 acres 22 guntas which is more than 5 Ha threshold limit. The Authority therefore opined that this proposal as to be B1 category project/activity.

The Authority after discussion decided to refer the file back to SEAC to undertake screening, scoping, public consultation and appraisal of the proposal strictly in accordance with law and in the spirit of the orders of the Hon'ble NGT dated 4<sup>th</sup> September 2018, 13<sup>th</sup> September 2018 and the O.M dated 12-12-2018 issued by MoEF&CC Government of India and sending recommendation deemed fit based on merit. The proposal was placed in the 217<sup>th</sup> meeting held on 2-3-2019 for further appraisal.

Thee proponent was invited for the SEAC meeting held on 10-4-2019.. The proponent has stated that he has started collecting pre-monsoon data from March 2019 and requested the committee to utilize the same data for EIA preparation for which the

committee agreed with the same. The Committee after discussion had decided to appraise the proposal as B1 and decided to recommend the proposal to SEIAA for issue of standard ToRs with additional ToR to conduct the EIA studies.

The Authority during the meeting held on 4<sup>th</sup> May 2019 perused the proposal and recommendation made by SEAC. The Authority after discussion decided to issue standard ToR along with additional ToR recommended by SEAC for conducting the Environment Impact Assessment study in accordance with EIA Notification, 2006.

Accordingly the ToRs have been issued vide letter dated ToR issued on 4.6.2019.

Subsequently, the project proponent vide letter submitted on 24.09.2019 have requested the Authority to consider the proposal under B2 category and issue Environmental Clearance as two leases within the cluster are not in operation as the mineral has been exhausted in both the leases and therefore do not get covered under the cluster as per Notification No. S.O. 2944 (E).

The Authority during the meeting held on 19.10.2019 perused the request made by the proponent and decided to refer the file along with the above said request for further consideration of the State Expert Appraisal Committee and sending recommendation deemed fit based on merit in accordance with law.

The proponent and Environment consultant attended the SEAC meeting held on 31-10-2019 to provide clarification/additional information. The Committee after discussion and deliberation decided to categorise this proposal under B2 category since the area is within the threshold limit of 5Ha and proceeded with the appraisal accordingly.

The committee noted that this is a fresh sand quarry lease in patta land. The proponent has stated that he has obtained NOCs from Forest, Revenue Departments and land conversion order and also he has stated that the quarry plan has also been got approved from the DMG. The project is located at a distance of 60 meters from Sasivehalla. The average top level of the sand block is 540 meters and dry weather flow (bed level) of the river is 531 meters. The depth of mining is 4.5 meters including 1.5 meter of top soil and the proponent has stated that he will take up mining subdividing the mining block into two sub blocks and taking up mining in each block every year. Taking this into consideration the 90% of the proposed quantity of 63030 cum or 104000 tons for lease period can be mined safely and scientifically.

The proponent has also stated that he will build a cart track road to a length of 400 meters joining the lease area to all weather road in the private patta lands for which an MOU with the land owner has already been obtained. The proponent has also stated that he will establish a stock yard on a private land for which also MOU with the land owners has been obtained. The proponent has stated that there are no eco-sensitive zone within the radius of 10 KM from the boundary of lease area. As far as CER is concerned the proponent has stated that he has earmarked Rs.5.00 lakhs to take up works in connection with recharging of nearby community borewells. The committee after discussion and deliberation decided to recommend the proposal to SEIAA for issue of Environment clearance.

The Authority perused the proposal and took note of the recommendation of SEAC. The Authority after discussion decided as follows:

- 1) To withdraw the ToRs vide letter dated 4.6.2019 in view of the categorization of the proposal by SEAC as category B2.
- 2) For issue Environmental Clearance for extraction of 90% of the ordinary sand proposed to be extracted as per approved quarry plan and the Sustainable Sand Mining Management Guidelines, 2016 issued by the MoEF&CC, Government of India, subject to submission of the following information:-
  - a) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.
  - b) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.100. Proposed Building Stone Quarry Project at Sy.No.19(P) of Buklorahalli Village, Challakere Taluk, Chitradurga District (9-00 Acres) By Sri N. Satish (SEIAA 186 MIN 2019)**

Sri N. Satish have applied for Environmental clearance from SEIAA for quarrying of Building Stone on 3.64 Ha, Govt Land, at Sy.No.19(P) of Buklorahalli Village, Challakere Taluk, Chitradurga District.

The subject was discussed in the SEAC meeting held on 13-6-2019. The committee noted that this is a operating quarry for which EC was issued on 26-5-2017. The proponent has not submitted the EC compliance, Hence the committee decided to defer.

The proposal was placed before the committee for appraisal during the meeting held on 31-10-2019. In response to earlier proceedings the proponent and consultant attend the meeting held on 31.10.2019. Proponent has stated that even after filing compliance to MoEF regional office two months back no action has been taken from MoEF regional office. Since the material mined from this lease is proposed to be used for upgradation of NH 150A i.e from Byrapur to Challakere, the proponent has stated that he has approached KSPCB to issue certified compliance to earlier EC since this is connected with public works and which is suffering for want of material and KSPCB heeding his request issued certified compliance and committee after due discussion and deliberation decided to proceed with the appraisal.

The proponent has stated that he has obtained NOCs from Forest, Revenue Dept.,. The lease has been notified on 02-05-2017 and EC for the same was issued on 26.05.2017 and proponent has stated that he has carried out the mining only during 2018-19 to an extent of 125000tons which was the permitted quantity per annum in the earlier EC.

The committee further noted from the quarry plan that there is a level difference of 13 meters within the mining area and taking this into consideration and also the fact that he has already mined 125000tons , the committee opined that the proposed quantity of 1186380tons or 433319 cum can be mined safely and scientifically to a quarry pit depth of 20meters for a plan period of further 4 years excluding 125000 tons already mined during 2018-19.As per the extended combined sketch prepared by DMG there are no other leases within 500 meter radius from this lease. The total area of this lease being less then the threshold limit of 5 Ha. committee decided to categorise this project under B2 and proceeded with the appraisal accordingly. He has also stated that his project does not fall within the 10 KM radius from the boundary of any Wildlife sanctuary/National Park.As far as approach road is concerned, the proponent has stated that, there is a existing cart track road to a length of 1000meters connecting lease area to all weather black topped road.As far as CER is concerned the proponent has stated, that he will earmark Rs.25.00 lakhs to take up rejuvenation of Bommagondana Kere which is at a distance of 3.0 KM. from the lease area.The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of the building stone as per approved quarry plan, subject to submission of the following information:-

- 1) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.
- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.101. Proposed Building Stone Quarry Project at Sy.No.27 of Sulthanpur Village, Koppal Taluk & District (1-00 Acre) By M/s. Sai Mahalakshmi Stone Crusher (SEIAA 473 MIN 2019)**

M/s. Sai Mahalakshmi Stone Crusher have applied for Environmental clearance from SEIAA for quarrying of Building Stone in 0.404 Ha, Govt. Land, at Sy.No.27 of Sulthanpur Village, Koppal Taluk & District.

The subject was discussed in the SEAC meeting held on 8.8.2019. The Committee The committee noted that this is a fresh lease involving building stone mining in government land. The proponent has stated that he has obtained NOCs from Forest and Revenue Department. As per the extended combined sketch prepared by the DMG there are seven leases including this, the total area of which works out to 13 Acres 5 guntas out of which four leases with a combined area of 10 Acres 5 guntas were issued EC on 8-12-2015 i.e. prior to 15-1-2016 and based on this proponent has claimed exemption from cluster effect and the other three leases whose combined area is 3 Acres which being less than the threshold limit of 5 Ha, the committee decided to categorise under B2 and proceeded with the appraisal accordingly. Further, as seen from the quarry plan the mandated buffer zone has not been left all round the lease area for which the proponent has stated that he will come back after getting rectified mining plan. Hence committee decided to defer the subject.

In response to the earlier proceedings the proponent and consultant attended the SEAC meeting on 31.10.2019 and clarified as below for the quarries raised thereon. Now he has come up with the revised land use plan according to which the total area available for mining is 0.498 Acres leaving apart buffer zone and other utilities. As per the mining plan the level difference within the mining area is 20 meters and taking this into consideration the proposed quantity of 109000 tons or 37456 cum can be mined safely and scientifically to a quarry pit depth of 12 meters for a lease period.

As far as approach road is concerned, the proponent has stated that, there is a existing cart track road to a length of 300 meters connecting lease area to all weather black topped road. As far as CER is concerned the proponent has stated, that he will earmark Rs.2.00 lakhs to take up rejuvenation of Kerehalli Kere which is at a distance of 2.0 KM. from the lease area. The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of the building stone as per approved quarry plan, subject to submission of the following information:-

- 1) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/

Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.

- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.102. Proposed Building Stone Quarry Project at Sy.No.27 of Sulthanpur Village, Koppal Taluk & District (1-00 Acre) By M/s. Kanakasri Stone Crusher(SEIAA 475 MIN 2019).**

M/s. Kanakasri Stone Crusher have applied for Environmental clearance from SEIAA for quarrying of Building Stone Quarry in 0.404 Ha, Govt. Land, at Sy. No.27 of Sulthanpur Village, Koppal Taluk & District.

The subject was discussed in the SEAC meeting held on 8.8.2019. The Committee noted from the quarry plan that the mandated buffer zone has not been left all round the lease area for which the proponent has stated that he will come back after getting rectified mining plan. Hence committee decided to defer the subject.

During the SEAC meeting held on 31.10.2019 the proponent had come up with the revised landuse plan according to which the total area available for mining is 0.504 Acres leaving apart buffer zone and other utilities. As per the mining plan the level difference within the mining area is 17 meters and taking this into consideration the proposed quantity of 100020 tons or 37460 cum can be mined safely and scientifically to a quarry pit depth of 12 meters for a lease period.

As far as approach road is concerned, the proponent has stated that, there is an existing cart track road to a length of 300 meters connecting lease area to all weather black topped road. As far as CER is concerned the proponent has stated, that he will earmark Rs.2.00 lakhs to take up rejuvenation of Kerehalli Kere which is at a distance of 2.0 KM. from the lease area. The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of the Building Stone as per approved quarry plan, subject to submission of the following information:-

- 1) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and

if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.

- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

**178.4.103. Proposed Building Stone Quarry Project at Sy.No.27 of Sulthanpur Village, Koppal Taluk & District (1-00 Acre) By M/s. Sai Vinayaka Stone Crusher(SEIAA 477 MIN 2019)**

M/s. Sai Vinayaka Stone have applied for Environmental clearance from SEIAA for quarrying of Building Stone in 0.404 Ha, Govt. Land, at Sy.No.27 of Sulthanpur Village, Koppal Taluk & District.

The subject was discussed in the SEAC meeting held on 08.08.2019. The Committee noted from the quarry plan that the mandated buffer zone has not been left all round the lease area for which the proponent has stated that he will come back after getting rectified mining plan. Hence committee decided to defer the subject.

In response to the earlier proceedings the proponent and consultant attended the SEAC meeting on 31.10.2019 and clarified as below for the quarries raised thereon. Now he has come up with the revised landuse plan according to which the total area available for mining is 0.489Acres leaving apart buffer zone and other utilities. As per the mining plan the level difference within the mining area is 23meters and taking this into consideration the proposed quantity of 100017tons or 37459cum can be mined safely and scientifically to a quarry pit depth of 12meters for a lease period.

As far as approach road is concerned, the proponent has stated that, there is a existing cart track road to a length of 300meters connecting lease area to all weather black topped road. As far as CER is concerned the proponent has stated, that he will earmark Rs.2.00 lakhs to take up rejuvenation of Kerehalli Kere which is at a distance of 2.0 KM. from the lease area. The committee after discussion decided to recommend the proposal to SEIAA to issue Environment Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of the Building Stone as per approved quarry plan, subject to submission of the following information:-

- 1) Distance of the proposed project site from the boundary of nearest National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal and if it is located within 10 Km of the said National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal then a map duly authenticated by the Chief Wildlife Warden showing the boundary from such National Park/ Sanctuary/Bio sphere reserve/ migratory corridor of wild life animal vis a vis the project location and the recommendation or comments of the Chief Wildlife Warden thereon.
- 2) An action plan with activities proposed under CER in accordance with O.M F. No.22-65/2017-IA.III dated 1st May 2018 issued by MoEF&CC, Government of India, allocation of funds against each of the activities and the time frame within which such activities will be completed. The funds so earmarked shall be in accordance with para 6 (II) and the activities shall be in accordance with para 6 (V) of the said O.M.

## **178.2. Fresh Projects (Recommended for ToR):**

### **Industry Projects:**

#### **178.5.1. Proposed 60 KLPD (Juice/Syrup based) distillery, 6 TPD Bio CNG, 20 TDP fertilizer powder, 42 TPD Co<sub>2</sub>, 137 TPD Khandasari Sugar unit, expansion of captive power generation from 900 KW/hr to 4.4 MW/hr in the existing premises of 168 TPD Jaggery powder plant located at Sy.No.106/2, 106/3, 109/1 & 109/3 Alagawadi village, Raybag Taluk, Belagavi District by M/s. Shri Bramhanand Sagar Jaggery Industries(SEIAA 36 IND 2019)**

M/s. Shri Bramhanand Sagar Jaggery Industries have proposed for 60 KLPD (Juice/Syrup based) distillery, 6 TPD Bio CNG, 20 TDP fertilizer powder, 42 TPD Co<sub>2</sub>, 137 TPD Khandasari Sugar unit, expansion of captive power generation from 900 KW/hr to 4.4 MW/hr in the existing premises of 168 TPD Jaggery powder plant located at Sy.No.106/2, 106/3, 109/1 & 109/3 Alagawadi village, Raybag Taluk, Belagavi District on a Plot area of 46,738.20 Sqmt. The Project cost is Rs. 63.75 Crores.

The subject was discussed in the SEAC meeting held on 17<sup>th</sup> October 2019. The Committee noted that this is a proposal to establish distillery and other products in the existing premises wherein Jaggery is being manufactured. Since the jaggery manufacturing is outside the ambit of EC the proponent has stated that he is running the unit based on the CFE/CFO issued by KSPCB. The committee appraised the proposal as B1 and decided to recommend the proposal to SEIAA for issue of standard ToRs to conduct the EIA studies in accordance with the EIA Notification, 2006 and relevant guidelines. The committee also prescribed the following additional ToRs:

- 1) Characteristics and enduse of Bio CNG, fertilizer powder, Co<sub>2</sub> may be detailed and submitted.
- 2) Possibility to utilize the micro organisms to suppress the odour may be studied and submitted.

- 3) List of existing plants and species wise number of native plants proposed to develop a thick three tier green belt all along the boundary of the project and also along the roads maybe detailed and submitted.
- 4) List of aromatic plants to suppress the odour may be detailed and submitted.
- 5) The possibility of utilizing bio CNG produced in the distillery plant for power generation and also for the standby Gensets may be examined and submitted.
- 6) Explore the feasibility for renewable source such as thermal solar instead of coal for generation of steam and submit the detailed workings.

The Authority perused the proposal and took note of the recommendation of SEAC. The Authority after discussion decided to issue standard ToR along with additional ToR as recommended by SEAC for conducting the Environment Impact Assessment study in accordance with EIA Notification, 2006.

**178.5.2. Proposed establishment of 90 KLPD (sugar cane juice/Syrup/molasses) Distillery along with 3 MW/hr power from the incineration boiler located at Sy.No.36 Block 1 & Block 2, Halaga Village, Khanapura Taluk Belagavi District by M/s. Anjalitai Canes Pvt Ltd.,(SEIAA 37 IND 2019)**

M/s. Anjalitai Canes Pvt Ltd have proposed for 90 KLPD (sugar cane juice/Syrup/molasses) Distillery along with 3 MW/hr power from the incineration boiler located at Sy.No.36 Block 1 & Block 2, Halaga Village, Khanapura Taluk Belagavi District on a Plot area of 1,26,666.605 Sqmt. With the total Production capacity of the production of the proposed is . The Project cost is Rs. 124.9 Crores.

The subject was discussed in the SEAC meeting held on 17<sup>th</sup> October 2019. The proponent has stated that he has obtained CFE from KSPCB to establish sugar and cogeneration for a crushing volume of 4500 TCD and 14 megawatts of power and same has not been established yet. Now this proposal is establishment of distillery in the same premises. The proponent has also stated that he has started collecting baseline data from 1<sup>st</sup> October and requested the committee to permit him to adopt the same for EIA for which the committee agreed for the same. The committee appraised the proposal as B1 and decided to recommend the proposal to SEIAA for issue of standard ToRs to conduct the EIA studies in accordance with the EIA Notification, 2006 and relevant guidelines. The committee also prescribed the following additional ToRs:

- 1) Details of composting of yeast sludge and sludge from CPU may be detailed and submitted.
- 2) Possibility to utilize the micro organisms to suppress the odour may be studied and submitted.
- 3) List of existing plants and species wise number of native plants proposed to develop a thick three tier green belt all along the boundary of the project and also along the roads maybe detailed and submitted.
- 4) List of aromatic plants to suppress the odour may be detailed and submitted.
- 5) Characteristics of fuel ethanol and its enduse may be detailed and submitted.
- 6) Explore the feasibility for renewable source such as thermal solar instead of coal for generation of steam and submit the detailed workings.

The Authority perused the proposal and took note of the recommendation of SEAC. The Authority after discussion decided to issue standard ToR along with additional ToR as recommended by SEAC for conducting the Environment Impact Assessment study in accordance with EIA Notification, 2006.

**178.5.3. Proposed Bulk Drugs and Intermediates Project at Plot Nos.110(P1), 111(P1), 112(P1) of Pharma SEZ Zone, KIADB Industrial Area, Kaushik Grama Panchayat Village, Hassan Taluk & District By M/s. Sami Labs Limited (SEIAA 29 IND 2019)**

M/s. Sami Labs Limited have Proposed Bulk Drugs and Intermediates Project at Plot Nos.110(P1), 111(P1), 112(P1) of Pharma SEZ Zone, KIADB Industrial Area, Kaushik Grama Panchayat Village, Hassan Taluk & District on a Plot area of 38775 Sqmt. With the total Production capacity of the production of the proposed is . The Project cost is Rs. 99 Crores.

The subject was discussed in the SEAC meeting held on 17<sup>th</sup> October 2019. The Committee appraised the proposal as B1 and decided to recommend the proposal to SEIAA for issue of standard ToRs to conduct the EIA studies in accordance with the EIA Notification, 2006 and relevant guidelines. The committee also prescribed the following additional ToRs:

- 1) Explore the feasibility for renewable source such as thermal solar instead of coal for generation of steam and submit the detailed workings.
- 2) Reasons for selecting particular location for sampling purposes may be detailed and verified weather it comply with the predominant windrose direction.
- 3) Toxicity studies for product involving Toluene to be studied and submitted.
- 4) Risk analysis study should include failure probability, credible accidents scenario to be studied and submitted.
- 5) Characterizations of MEE salt may be studied and submitted.

The Authority perused the proposal and took note of the recommendation of SEAC. The Authority after discussion decided to issue standard ToR along with additional ToR as recommended by SEAC for conducting the Environment Impact Assessment study in accordance with EIA Notification, 2006.

**178.5.4. Proposed Iron (Fe) / Manganese (Mn) Ore Beneficiation, Pellet Plant & Sponge Iron Plant Project at Sy.Nos.178/2 & 178/4 of Sanklapura Village, Hospet Taluk Bellary District By M/s. Suraj Rock Cutting and Transport Service(SEIAA 31 IND 2019)**

M/s. Suraj Rock Cutting and Transport Service have Proposed Iron (Fe) / Manganese (Mn) Ore Beneficiation, Pellet Plant & Sponge Iron Plant Project at Sy.Nos.178/2 & 178/4 of Sanklapura Village, Hospet Taluk Bellary District on a Plot area of 38775 Sqmt. With the total Production capacity of the production of the proposed is . The Project cost is Rs. 24.40 Crores.

The subject was discussed in the SEAC meeting held on 17<sup>th</sup> October 2019. The Committee appraised the proposal as B1 and decided to recommend the proposal to SEIAA for issue of standard ToRs to conduct the EIA studies in accordance with the EIA Notification, 2006 and relevant guidelines. The committee also prescribed the following additional ToRs:

- 1) Availability of raw material in the light of recent Hon'ble Supreme court order mandating to go for e auction may be detailed and submitted.
- 2) The source of water should be firmed up and permission from the CGWA/SGWA if required may be worked out and submitted.
- 3) Handling of tailings and its safe disposal and details of the storage before disposal to end users may be detailed and submitted.
- 4) Chemical and physical analysis of the tailing may be worked out and submitted.
- 5) Material balance in the beneficiation operation may be worked out and submitted.

The Authority perused the proposal and took note of the recommendation of SEAC. The Authority after discussion decided to issue standard ToR along with additional ToR as recommended by SEAC for conducting the Environment Impact Assessment study in accordance with EIA Notification, 2006.

**178.5.5. Proposed Manufacturing active facility pharmaceutical Project at Plot Nos.626 to 641 and 643 to 664 of Harohalli Village, 3rd Phase, KIADB Industrial Area, Kanakapura Taluk, Ramanagara District By M/s. Acebright (India) Pharma Pvt. Ltd. (SEIAA 32 IND 2019)**

M/s. Acebright (India) Pharma Pvt. Ltd. have Proposed Manufacturing active facility pharmaceutical Project at Plot Nos.626 to 641 and 643 to 664 of Harohalli Village, 3rd Phase, KIADB Industrial Area, Kanakapura Taluk, Ramanagara District on a Plot area of 1,41,223.67 Sqmt. With the total Production capacity of the production of the proposed is . The Project cost is Rs. 494.74 Crores.

The subject was discussed in the SEAC meeting held on 17<sup>th</sup> October 2019. The Committee appraised the proposal as B1 and decided to recommend the proposal to SEIAA for issue of standard ToRs to conduct the EIA studies in accordance with the EIA Notification, 2006 and relevant guidelines. The committee also prescribed the following additional ToRs:

- 1) Explore the feasibility for renewable source such as thermal solar instead of coal for generation of steam and submit the detailed workings.
- 2) Reasons for selecting particular location for sampling purposes may be detailed and verified weather it comply with the predominant windrose direction.
- 3) Toxicity studies for product involving Toluene to be studied and submitted.
- 4) Risk analysis study should include failure probability, credible accidents scenario to be studied and submitted.
- 5) Characterization of MEE salt may be studied and submitted.
- 6) The details showing that this is a permitted activity in this KIADB layout may be submitted.

- 7) Carbon foot print studies and its offset details to be provided for both construction and operation phase.

The Authority perused the proposal and took note of the recommendation of SEAC. The Authority after discussion decided to issue standard ToR along with additional ToR as recommended by SEAC for conducting the Environment Impact Assessment study in accordance with EIA Notification, 2006.

### **Construction Projects:**

#### **178.5.6. Proposed Human Space Flight Centre & Astronaut Training Centre with Residential Township Project at Sy.No01 of Ullarthi Village, Challakere Taluk, Chitradurga District by M/s. Indian Space Research Organization (SEIAA 130 CON 2019)**

M/s. Indian Space Research Organization have proposed for construction of Human Space Flight Centre at Ullarthi village on a plot area of 473 acre (191.49 ha). The total built up area is 1,43,000Sq.m.

The proposal was placed before SEAC meeting held on 25-9-2019 for appraisal. The committee noted that this proposal is for two patches of land one having an area of 473 Acres in which Administrative and technical facilities are supposed to be established. Another piece of land of 100 Acres which is 17 KM from this project site wherein the township is proposed to be built. Since the two pieces of land are not contiguous to each other the proponent has stated that he will make out separate application for 100 Acres piece of land and the present application will be limited to 473 Acres piece of land pertaining to project. However, the committee after discussion/deliberation decided to conduct site inspection for assessing the ground realities of the project and to issue any additional ToRs after site inspection. The date for conducting site inspection shall be confirmed later on.

The project is discussed in SEAC meeting held on 19-10-2019. Due to official reasons the site inspection has been cancelled and after discussions committee decided to recommend to issue standard ToRs to conduct EIA studies in accordance with EIA Notification 2006.

The Authority perused the proposal and took note of the recommendation of SEAC. The Authority after discussion decided to issue standard ToR for conducting the Environment Impact Assessment study in accordance with EIA Notification, 2006.

### **Mining Projects:**

#### **178.5.7. Proposed Expansion of Belagal White Quartz Mine Project at Sy.No.30 of Belagal Village, Bellary Taluk, Bellary District (Q.L.No.2647) (45-11 Acres) by Smt. P Sarasa Bhai (SEIAA 575 MIN 2019)**

Smt. P Sarasa Bhai have applied for Environmental clearance from SEIAA for quarrying of Belagal White Quartz in 18.33 Ha, Government Land, Project at Sy.No.30 of Belagal Village, Bellary Taluk, Bellary District.

The subject was discussed in the SEAC meeting held on 17<sup>th</sup> October 2019. The proponent has stated that he has made an application earlier to EAC under 1994 Notification, but subsequent to formation of State level Authority the file was transferred to SEIAA directing the SEIAA to take up appraisal as per EIA Notification 2006 and accordingly SEIAA has issued EC based on the recommendations made by SEAC in the year 2007. Now this proposal is enhancement of production from 6000 TPA to 36225 TPA. The proponent has also stated that he has started collecting data from 1<sup>st</sup> October and requested the committee to utilize the same for the EIA report. In this regard committee after discussion and deliberation agreed to permit the proponent.

The committee appraised the proposal as B1 and decided to recommend the proposal to SEIAA for issue of standard ToRs to conduct the EIA studies in accordance with the EIA Notification, 2006 and relevant guidelines. The committee also prescribed the following additional ToRs:

- 1) The details of chipping activity if it is involved along with mitigative measures may be detailed and submitted.
- 2) Certified compliance for the earlier EC shall be submitted.

The Authority perused the proposal and took note of the recommendation of SEAC. The Authority after discussion decided to issue standard ToR along with additional ToR as recommended by SEAC for conducting the Environment Impact Assessment study in accordance with EIA Notification, 2006.

**178.5.8. Proposed Ordinary Sand Quarry Project at Sy.Nos.28 & 23/2 of Markal Village, Shahpur Taluk, Yadgir District (22-11 Acres) By Sri Jay Prakash Hittal (SEIAA 630 MIN 2019)**

Sri Jay Prakash Hittal have applied for Environmental clearance from SEIAA for quarrying of Ordinary Sand in 9.014 Ha, Pattana Land, at Sy.Nos.28 & 23/2 of Markal Village, Shahpur Taluk, Yadgir District.

The subject was discussed in the SEAC meeting held on 17<sup>th</sup> October 2019. The Committee observed that the area of mining is more than the threshold limit of 5 Ha. Hence the committee appraised the proposal as B1 and decided to recommend the proposal to SEIAA for issue of standard ToRs to conduct the EIA studies in accordance with the EIA Notification, 2006 and relevant guidelines.

The Authority perused the proposal and took note of the recommendation of SEAC. The Authority after discussion decided to issue standard ToR as recommended by SEAC for conducting the Environment Impact Assessment study in accordance with EIA Notification, 2006.

**178.5.9. Proposed Gadgoli Ordinary Sand Quarry Project at Sy.Nos.14/1, 14/6, 14/7 & 15/1 of Gadgoli Village, Ron Taluk, Gadag District (7-20 Acres) By Sri Shankarappa Kalligonnar (SEIAA 574 MIN 2019)**

Sri.Shankarappa Kalligonnar, have applied for Environmental clearance from SEIAA for quarrying of Gadgoli Ordinary Sand Quarry on 3.035 Ha, Patta Land.

The subject was discussed in the SEAC meeting held on 17<sup>th</sup> October 2019. The proponent has produced a combined sketch indicating that there are four leases including this lease within the 500 meter radius from this lease and the total area of these leases is 33 Acres 5 guntas and this being more than the threshold limit of 5 Ha. committee decided to categorise this project under B1 category and recommended to issue of standard ToRs to conduct the EIA studies in accordance with the EIA Notification, 2006 and relevant guidelines. The proponent has stated that he has started collecting data from 1<sup>st</sup> October and requested the committee to permit him to utilize the same data. The committee after discussion decided to permit this data for EIA study.

The Authority perused the proposal and took note of the recommendation of SEAC. The Authority after discussion decided to issue standard ToR as recommended by SEAC for conducting the Environment Impact Assessment study in accordance with EIA Notification, 2006.

**178.5.10. Proposed Grey Granite Quarry Project at Sy.No.291/2 of Kallur Village, Yelburga Taluk, Koppal District (3-30 Acres) By Sri Sharanappa V. Bhandihal (SEIAA 596 MIN 2019)**

Sri Sharanappa Veerabadrappa Bhandihal have applied for Environmental clearance from SEIAA for quarrying of Grey Granite in 1.518 Ha, Patta Land, Sy.No.291/2 of Kallur Village, Yelburga Taluk, Koppal District.

The subject was discussed in the SEAC meeting held on 17<sup>th</sup> October 2019. The Committee noted that this is a proposal involving ornamental stone mining in patta land. As per the statement of the proponent there is one other quarry and combined area of these two quarries is 5.907 Ha. and which being more than the threshold limit of 5 Ha, committee decided to categorise under B1 and recommended for issue of ToRs to conduct EIA studies as per the EIA Notification 2006"

The Authority perused the proposal and took note of the recommendation of SEAC. The Authority after discussion decided to issue standard ToR as recommended by SEAC for conducting the Environment Impact Assessment study in accordance with EIA Notification, 2006.

**178.3. Proposal sent by SEAC seeking advice of SEIAA:****Proposed Formaldehyde manufacturing industry project at Plot Nos.412 & 413 of Baikampady Industrial Area, Mangalore Taluk, Dakshina Kannada District by M/s. Akolite Synthetic Resins Unit-II (SEIAA 33 IND 2019)**

M/s. Akolite Synthetic Resins Unit-II Bandihal have applied for Environmental clearance from SEIAA for Proposed Formaldehyde manufacturing industry 6,000 sq m at Baikampady Industrial Area, Mangalore

The subject was discussed in the SEAC meeting held on 30.10.2019. The Committee noted that this is a proposal to set up formaldehyde manufacturing unit by the adjacent area of the existing plywood manufacturing unit. The proponent has stated that he has obtained CFE for the same during 2013 and started operation since 2015 after applying for CFO from KSPCB, and he is running the unit anticipating issue of CFO from KSPCB. At this stage KSPCB authorities have directed the proponent to obtain EC for issue of CFO i.e., in the year 2015 and the proponent has stated that the unit is in operation till date. Now this application is to obtain EC from SEIAA.

As seen from the above preamble the Committee opined that the proponent has operated the unit without valid CFO and EC as per EIA notification 2006 and this amounts to violation of the above notification. The window period provided earlier for rectification of similar projects has expired in the month of September 2017 itself. The notification mandating EC for similar projects and also putting up of application for remediation within the window period is silent about the process of remediation of projects which failed to apply within the window period. In light of the above facts the SEAC could not proceed with the appraisal in the absence of clarification to 2017 notification. Hence the committee decided to seek advice from the SEIAA.

The Authority perused the proposal and took note of the recommendation of SEAC. The Authority noted that the project authorities are operating without prior Environment Clearance as required under EIA Notification, 2006. Hence it should be treated as a case of violation of the said provisions. The Authority also noted that the project Authorities have not applied for Environment Clearance within the window period provided by the MoEF&CC.

In view of the above observation, the Authority took the following decision:

- a) To issue direction under Section 5 of the E(P) Act, 1986 invoking rule sub-rule 5 of rule 4 of the Environment (Protection) Rules, 1986 with regard to issue of proposed direction as the industry is operating without valid clearances and without complying the relevant Environmental safety norms.
- b) To file a complaint before the jurisdictional court under Section 19 of the E(P) Act, 1986 for the violation of provisions of EIA Notification, 2006.
- c) To address a letter to the Secretary of MoEF & CC seeking clarification with regard to disposal of applications submitted under EIA Notification, 2006. Seeking Environment Clearance for the projects / activities involving violation after the expiry of the window period provided.

**178.4. Recommended for closure**

**Proposed Koosamma Shambu Shetty Memorial Super Specialty Hospital Project comprising of 3BF+GF+11UF at Sy.Nos.125/2B2, 124/2, 123/4A, 123/4B2, 123/5B, 125/3 & 123/2 of No.69 of Moodanidambooru Village, Udupi Taluk & District By M/s. BRS Health & Research Institute Pvt. Ltd. (SEIAA 135 CON 2019)**

M/s. BRS Health & Research Institute Pvt. Ltd. have proposed for hospital building of 412 bedwith 3B+GF+11UF on a plot area of 8,055.52Sq.m. The total built up area of the proposed hospital is 40,345.15Sq. mt.

The subject was discussed in the SEAC meeting held on 18.10.2019. The Committee noted that the proponent has submitted a letter dated:10-10-2019 requesting for withdrawal of EC proposal. The committee after discussion / deliberation decided to recommend the proposal for closure and delist from pendency.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to close the file and delist from the pendency.

**178.5. Miscellaneous:****178.8.1. Request for transfer of EC issued by DEIAA, Tumkur to Sri Madhavareddyfor quarrying of Building Stone at Sy.No.41(P), Dyapenahalli village, Tumkur Taluk, Tumkur District in favour of M/s Shiva Stone Crushers and M-sand.**

Environmental Clearance has been issued by DEIAA, Tumkur vide letter No.DEIAA/TUM/BST/39/2017-18 dated 5.7.2018 for quarrying of building stone at Sy.No.41(P), Dyapenahalli village, Tumkur Taluk, Tumkur District in favour of Sri Madhavareddy.

Sri Madhava reddy vide letter dated 16.04.2019 has requested to transfer the said Environmental Clearance to M/s Shiva Stone Crushers and M-sand as the quarry lease was transferred to M/s Shiva Stone Crushers and M-sand through Deputy Director, Mines & Geology Department, Tumkur vide order No: UA/EE/G&V/P/UA-604/2018-19 dated 19.03.2019. Copy of the Transfer of Quarry lease deed, Form T has also been submitted.

The Authority during the meeting held on 4<sup>th</sup> July 2019 perused the request made by The Authority decided to get the following details for further consideration from the proponent and also to get the file from concerned DEIAA.

- i) Quarrying Audit Report from the date of EC.
- ii) Compliance on the EC conditions.

- iii) Copies of Statutory Clearances obtained as per the conditions of EC/Quarry Lease.
- iv) NOC from the present lessee.

The Authority perused the reply submitted by the project authorities and the concerned file received from the DEIAA, Tumkur. The Authority after discussion decided to transfer the Environmental Clearance granted to Sri Madhavareddy vide letter No. DEIAA/TUM/BST/39/2017-18, dated 5.7.2018 in favour of M/s Shiva Stone Crushers and M-sand for the same validity period and production capacity.

**178.8.2. Brigade Residential Development at Sy. Nos. 17/1, 17/2, 17/3, 20/5, 20/6, 20/7, 22/4 & 23/4, Thurahalli Village, Uttarahalli Hobli, Bangalore South Taluk, Bangalore District by M/s. Brigade Enterprises Limited – Request for corrigendum to the Environmental Clearance granted (SEIAA 128 CON 2013)**

The project proponent had obtained Environmental Clearance vide letter No. SEIAA 128 CON 2013, dated 3<sup>rd</sup> October 2013 for construction of residential apartment on a plot area of 33,639.56 Sqm and a net plot area of 30,800.69 Sqm. The total built up area is 1,10,000 Sqm. The proposed building consists of 650 flats with B+Stilt+14UF and a club house with B+Stilt+2UF. Total.

The proponent vide letter dated 16.11.2019 have requested for issue of corrigendum on the EC issued increasing the number of apartments to 678 units from the earlier 650 units and built up area to 1,12,800 Sqm from earlier 1,10,000 Sqm and. It is submitted that the plan has been revised in accordance with the Building Plan sanctioned with the concept of providing 10% EWS. The proponent also submitted the revised Form1, 1A and comparative statement.

The Authority perused the request made by the proponent. The Authority after discussion decided to issue corrigendum as requested by the proponent.

**178.8.3. Residential Apartment project at Sy. No. 1296 & 1297, Municipal No. 2/4. PID No. 26 43- 2/4, BBMP Ward No. 26 Okalipuram Local Area, No. 57 Ramchandrapura, Okalipuram Bangalore 560021 by M/s. Pacific Heights & GPA Holder for M/s. Davanam Constructions Pvt Ltd.-Request for corrigendum to the Environmental Clearance granted (SEIAA 157 CON 2015)**

The project proponent had obtained Environmental Clearance vide letter No. SEIAA 157 CON 2015, dated 20.02.2016 for construction of residential building of 272 units in 2Basements+Ground Floor + 30 Upper Floors with 77,016.45 Sqm on a plot area of 12,263 Sqm.

The proponent vide letter dated 12.11.2019 have requested for issue of corrigendum on the EC issued reducing the number of apartments to 252 units with 3B + G + 29 UF from the earlier 272 units, built up area to 71,455.17 Sqm from earlier

77,016.45 Sqm and the plot area to 12,342 Sqm from earlier 12,263 Sq.mts. The proponent also submitted the comparative statement and modified site plan.

The Authority perused the request made by the proponent. The Authority after discussion decided to issue corrigendum as requested by the proponent.

**178.8.4. Complaint received from Shri Subroto Chakraborty with regard to violation of conditions of Environmental Clearance letter No. SEIAA 36 CON 2010 dated 17<sup>th</sup> February 2011 and SEIAA 210 CON 2012 dated 13<sup>th</sup> August 2013 for Sobha City residential projects.**

Environmental Clearance has been granted for construction of residential apartment Sobha City vide Environmental Clearance letter No. SEIAA 36 CON 2010 dated 17<sup>th</sup> February 2011 and SEIAA 210 CON 2012 dated 13<sup>th</sup> August 2013.

Shri Subroto Chakraborty, Bangalore have submitted a complaint vide letter dated 05.10.2019 against the project requesting to take strict action against the promoters including revoking the Environmental Clearance for non compliance of conditions. It is alleged that the project authorities have not obtained BWS&SB water connection and sewage connection in blanket violation of Condition No. 33. Copy of the complaint is placed before the Authority for further decision.

The Authority perused the representation made by the Subroto Chakraborty and decided to communicate a copy of complaint to the project proponent seeking clarification/ explanation on the alleged issues.

**178.8.5. Complaint received from ORR Sarjapur Rising requesting for cancellation of Environmental Clearance granted vide letter No. SEIAA 154 CON 2018, dated 1<sup>st</sup> June 2019 for construction of Tech Park Building Project at Sy.Nos.96, 97, 98/2, 103, 104/1, 104/2, 105, 106 of Bhoganahalli Village, Varthur Hobli, Bengaluru East Taluk, Bengaluru District by M/s. Akarshak Infrastructure Pvt. Ltd.**

Environmental Clearance has been granted for construction of Tech Park Building vide letter No. SEIAA 154 CON 2018, dated 1<sup>st</sup> June 2019 to M/s. Akarshak Infrastructure Pvt. Ltd.

ORR Sarjapur Rising Bengaluru vide letter dated 11.11.2019 have filed a complaint, alleging that the EC has been issued without exercising due diligence and bypassing the procedure in gross violation of the law. It is also alleged that despite repeated requests SEAC has neither accepted the objections nor asked the proponent to provide his rebuttals to the objections. No reasons for rejection for objections are also provided. The complainant have therefore demanded for the cancellation of EC immediately and directing the proponent to stop the project immediately. the complainants have also demanded for a public meeting to discuss and settle the objections.

The Authority perused the representation made by the ORR Sarjapur Rising Bengaluru and decided to communicate a copy of complaint to the project proponent seeking clarification/ explanation on the alleged issues.

**178.8.6. Payment of legal Charges to ShriVasanth H.K., Advocate – regarding.**

Shri Vasanth H.K., Advocate of the Authority have submitted a letter dated 18.11.2019 along with details of the cases attended, professional charges, appearance charges and the travelling charges that need to be reimbursed. He has claimed Rs.81,000/- towards the professional charges of 14 cases pertaining to the criminal cases filed under section 19 of E (P) Act by the Authority. Further, he has claimed a total amount of 31,531 /- towards the travelling charges for attending the courts of law. The total amount claimed ShriVasanth H.K., Advocate is 1,12,531/-

The Authority perused the above details and decided to accord approval for payment of legal charges as mentioned above to Shri Vasanth H.K., Advocate.

**178.8.7. Proposed construction of Residential Apartment Project “Architha Aithal Aarohi” at Survey No.232/1, Manipal Hospital Road, Halagevaderahalli, Kengeri Hobli, Rajarajeshwarinagar, Bangalore-560 098 by M/s.Architha Developers(SEIAA 91 CON (VIOL) 2018)- Authorizing Shri H.K.Vasanth & Shri J.K. Ravikumar for filing complaint**

M/s.Architha Developers have proposed for construction of “Architha Aithal Aarohi”, Residential Apartment Project on a plot area of 4670.90 Sqm. The total built up area is 21,268.00 Sqm. The proposed project consists of 106 No’s of Residential units with B + G + 10UF. Total parking space proposed is for 121 No’s of Cars.
