**MINUTES OF THE 222nd MEETING OF STATE EXPERT APPRAISAL COMMITTEE (SEAC), A.P.,
HELD ON - 27th & 28th June, 2023 AT VIJAYAWADA, A.P.**

Present: The following members were present. (Through hybrid mode Conference)

1.	Dr.G.V.R.SrinivasaRao, Professor, Civil Engineering Department, Andhra University, Visakhapatnam	Chairperson
2.	Dr.DineshSankar Reddy. Registrar(I/C), Professor of Chemical Engineering, NIT, Tadepalligudem, West Godavari	Member
3.	Prof. G. Gnana Mani, Retd., Professor of Zoology, Andhra University, Visakhapatnam	Member
4.	Prof. U. Shameem. Chairman, Dept. of Zoology, Andhra University, Visakhapatnam	Member
5.	Dr.Kiranmai, Assistant Professor, Dept. of Biotechnology, VikramaSimhapuriUniversity,Nellore,SPSRNelloreDistrict	Member
6.	Prof. C. Sasidhar, Professor, Civil Engineering Dept, JNTU, Anantapur	Member
7.	Prof. N. Siva Prasad Reddy, Director (Academics), Brindavan Institute of Technology & Science, Kurnool	Member
8.	Prof. D. Bharathi, Professor, Dept. of Bio Sciences & Sericulture, Sri PadmavathiMahilaViswaVidhyalayam, Tirupati	Member
9.	Sri KatamneniVenkataRamana, Head of Mining Dept. Government Polytechnic, Narsipatnam.	Member
10.	Dr.M. Sunandana Reddy, Associate Professor,RGM College of Engineering & Technology (Autonomous), Nandyal.	Member
11.	Sri Matli. Chandra Sekhar Professor, Head of Department of Civil Engineering, NIT, Warangal.	Member
12.	Dr. G. Madhavi, Associate Professor, Department of Chemistry, Sri Venkateswara University, Tirupati	Member
13.	Prof. K. ThyagaRaju, Professor,Department of Biochemistry, S.V.University, Tirupati.	Member
14.	Dr.GummallaPrasanthi, Professor, Vijaya Institute of Pharmaceutical Sciences, Vijayawada	Member
15.	Sri. N. V Bhaskar Rao, Chief Environmental Engineer, (FAC) Andhra Pradesh Pollution Control Board. Vijayawada.	Member Secretary.

Agenda Item No: 222.35	4.04 Ha Mining of Feldspar, Mica, Quartz and Feldspar & vermiculate of M/s. The Krishna Mining Company at Sy.No. 801 of Molakalapundla Village, Sydapuram Mandal, SPSR Nellore District, Andhra Pradesh - EC Amendment - Reg.
SIA/AP/MIN/298321/2023	<p>The Krishna mining company obtained EC on 25.10.2013 for open cast mining and later the Krishna Mining company applied for EC- Amendment for change mining method from open cast mining method to Underground mining method.</p> <p>Accordingly, this proposal was placed in 218th SEAC meeting and recommendations forwarded to SEIAA for amendment to the EC permitting change of mining method from open cast mining method to Underground mining method. The SEIAA A.P has placed this proposal in 215th SEIAA meeting and recommended to issue EC-Amendment as per the SEAC recommendations.</p> <p>Meanwhile, a complaint dt. 22.05.2022 received from Sri A. Vijay Kumar to SEIAA, A.P stating that the project proponent is carrying out underground mining method, there by violating EC conditions. The SEIAA forwarded the complaint to the SEAC with a request to re-appraise the request of the unit for amendment to the EC order inlight of the complaint. Hence, the issue of amendment is again placed in the meeting and the project proponent and their, consultant have attended the meeting and presented the case.</p> <p>The SEAC committee noted that:</p> <ol style="list-style-type: none">The Government of Andhra Pradesh vide G.O.Ms.No.23, dt.29.01.2009, granted Mining Lease to M/Krishna Mining Company over an extent of 10.03 Acres in Survey No.801 of Molakalapundla Village, Sydapuram Mandal, SPSR Nellore District, Andhra Pradesh for a period of 20 years.It was noted by the committee that the mining activity is being carried out in the lease area from more than five decades.The Krishna mining company obtained EC on 25.10.2013 for open cast mining and the project proponent has informed that they are carrying open cast mining only.The project proponent informed that they found underground tunnels which was already carried out by the earlier lease holder in the mine. As conducting open cast mining is unsafe due to the presence of underground tunnel and requested the SEAC for issue of Amendment for change of mining method from open cast mining to underground mining.The SEAC committee noted that the underground mining has smaller Environmental footprint compared to open cast mining, only necessary areas are excavated leaving the surface relatively untouched there by reduces the Environmental impacts on the surroundings.The SEAC also noted the mining department in their report dt. 29.10.2018 mentioned that all the workings are confirmed for the development of the mine.The SEAC perused this complaint on environmental point of view and reiterated that open cast mining is not safe due to existing tunnels and hence, recommended to issue EC-Amendment.

MINUTES OF THE 222nd MEETING OF STATE EXPERT APPRAISAL COMMITTEE (SEAC), A.P., HELD ON - 27th & 28th June, 2023 AT VIJAYAWADA, A.P.

	<p>The Committee after examining the project proposals, presentations, MoEF&CC' Notifications & OMs and detailed deliberations, recommended to issue Amendment to EC for change of mining method to Underground mining method with the following conditions:</p> <ol style="list-style-type: none">1. The project proponent shall comply with the conditions stipulated in DGMS rules and regulations.2. The project proponent shall provide minimum 2 no. of shafts for the underground mining and it should be interlock with each other.3. The mining department/ APPCB regional office Nellore may be directed to examine the complaint and to initiate Credible action under section 15 read with section 19 of E(P) Act 1986, in case of any violation as raised by the complainant.
Agenda Item No: 222.36	46.640Ha, Colour Granite mine of Sri. M. Michael Antony at Sy. No. 1/13,1/14, 1/23A Vooralovahill, V.J.Puram village, Madugula Mandal, Ankapalli District, Andhra Pradesh- Environmental Clearance - EIA Case-Reg.
SIA/AP/MIN/429139/2023	<p>Category: B1.(Minor mineral)</p> <p>The proposed project is for mining of Colour Granite in an area of 46.640 Ha, with a proposed production quantity of Colour Granite -41497 m³/annum with a condition that the total production during a scheme should be limited to the approved quantity as per Mining scheme/ plan.</p> <p>The proposed project falls under Item No. 1(a) of the schedule of the EIA Notification 2006 and its amendments thereof - (i). Mining of minerals (≤ 250 ha of mining lease area in respect of non-coal mine lease).</p> <p>The representative of proponent and their Consultant, M/s.Pragathi Labs & Consultants Pvt. Ltd., have attended the meeting and presented their proposal. The SEAC Committee noted that:</p> <ol style="list-style-type: none">a) The Department of Mines and Geology has submitted Visakhapatnam DSR report and the same is reviewed in the SEAC meeting. The present project details are not mentioned in the DSR as the present project is a new mine lease. Hence, committee identified deposition of mineral by consideration of adjacent mine leases in V.J.Puram village at S.No.119,120,121,122&123 in page no 137 of DSR.b) As per the approved mining plan, the total provided mineral reserves are 35,11,964 m³. The proponent proposed to excavate 41497 m³/Annum and Life of the mine is 84.63 years.c) The Proponent has obtained TOR with public hearing on 20.09.2022 and public hearing was held on 04.04.2023.d) Public Hearing Details: Employment issues, surface runoff, Dust problems due to vehicular movements, impact on nearby water tanks and cashew plantation are the issues raised in the public hearing.e) Reply of the proponent during the public hearing is as follows: Sri M.Michel Antony, project Proponent welcomed the support by the villagers and others for mining project and all the suggestions /objections will be considered and

Member Secretary

Chairman
SEAC

	<p>implemented. He informed that local youth will be preferred for Employment and quarry operations will be taken up without damaging the irrigation projects.</p> <p>f) The base line data was collected from oct 2022 to Dec 2022 and the predominant wind direction is observed to be south west to North East . The maximum concentration of SPM is observed to be 57 µg/m³. The incremental concentration is 6.69 µg/m³ and GLC of SPM will fall at a distance of 40 meters towards North East direction from the mine lease area.</p> <p>g) The proponent volunteered to provide to bore wells, 6 Sewing machines and health camps at Gantikotram, V.J. Puram as a part of Corporate Social Responsibility (CSR) activity and shall maintain till the life of the mine.</p> <p>The Committee after examining the project proposals, presentations, mining plan, MoEF&CC Notifications & OMs, EIA report, PH minutes and detailed deliberations, recommended to issue Environmental Clearance with following conditions:</p> <ol style="list-style-type: none">1. The proponent shall comply with the proposals furnished in the Environmental management plan and EIA report.2. The project proponent shall develop greenbelt of 2km along approach roads & village Roadsides.3. The project proponent shall maintain 7.5mt greenbelt in buffer zone and existing buffer zone plantation should not be disturbed.4. The proponent shall take dust suppression measures to meet the CPCB stipulated ambient air quality standards at any point of time.5. The proponent shall carryout suppression of dust generated due to transport vehicles by continuous water spraying using tankers.6. The vehicles carrying the mines material shall be covered with tarpaulin during vehicular movement.7. The project proponent shall not use village road for mineral transportation purpose.8. The project proponent shall provide trench with rocky bund all along the mine lease boundary to prevent surface runoff entering into the water tanks and Agricultural lands.9. The project proponent shall procure 5.0 Ha of additional land for disposal of granite waste.10. The project proponent shall strengthen the nearby water tanks.11. The project proponent shall comply assurances given in the public hearing.
Agenda Item No: 222.37	4.92 Ha Mine of Road Metal and Building Stone by SRI HIMANI STONE CRUSHERS at Sy. No. 377/2 (carved out from Sy.No. 01) of Nindugonda Village, Rolugunta Mandal, Anakapalli District (Earlier Visakhapatnam District) Andhra Pradesh-EC - Reg.
SIA/AP/MIN/428324/2023	<p>Category: B2 at par with B1 (Minor Mineral).</p> <p>The proposed project is for mining of Road Metal & Building stone in an area of 4.92 Ha with a proposed production capacity of 44225 m³/annum with a condition that the total production during a scheme should be limited to the approved quantity as per Mining scheme/ plan.</p> <p>The proposed project falls under Item No. 1(a) of the schedule of the EIA Notification 2006 and its amendments thereof - (i). Mining of minerals (≤250 ha of mining lease area in respect of non-coal mine lease).</p>

The project proponent and their, M/s. SV Enviro labs, have attended the meeting and presented the case. The SEAC committee observed that:

- a) The Department of Mines and Geology has submitted Visakhapatnam DSR report for and the same is reviewed in the SEAC meeting. The present mine lease details are not mentioned in the DSR and however, the committee identified deposition of mineral by consideration of adjacent mine leases in **Nindugonda** village at S.No.273 in Page No.189 of DSR.
- b) As per the approved mining plan, the total provided mineral reserves are **26,35,090 M3**. The proponent proposed to excavate **44225m3/Annum** and Life of the mine is 59.58 years.
- c) The project proponent has obtained violation TOR with Public on 15.06.2022. The public hearing was held on 26.11.2022.
- d) **Public Hearing Details:** Dust problems due to vehicular movements, cracks of their houses, Siren issues, crop compensations issues and Road damages are the issues raised in the public hearing.
- e) **Reply of the proponent during the public hearing is as follows:** The proponent has expressed that they will resolve all the problems using latest technology without causing any trouble to public and help the village in all aspects.
- f) The base line data was collected from Feb, 2022 to April, 2022 and the predominant wind direction is observed to be South to North and South West to North East. The maximum concentration of SPM is observed to be 61.4 µg/m³. The incremental concentration is 2.98 µg/m³ and GLC of SPM will fall at a distance of 0.4Km towards North and North Eastern direction from the mine lease area.
- g) The proponent volunteered to provide water treatment plant to the Nindugonda village panchayat as a part of Corporate Social Responsibility (CSR) activity and shall maintain till the life of the mine.
- h) **S.O No 804 dt 14.03.2017 compliance:**
 - i. Credible action was initiated vide CC No 187/2023 in the court of Junior Civil courts of Narisipatnam on 07.03.2023.
 - ii. The project proponent submitted undertaking on 12.06.2019 stating that the violation will not be repeated.
 - iii. The project proponent has submitted remediation and resource augmentation plan with a cost of **Rs 191,266/-** and also uploaded the acknowledged BG submitted at APPCB, Regional office, Visakhapatnam on 18.04.2023.
 - iv. The project proponent has submitted production dispatch letter issued by ADMG,(FAC)Anakapalli vide letter dt. **31.12.2022**.
 - v. The Penalty was calculated in compliance with SOP issued by MoEF&CC GoI vide OM dt. 07.07.2021 and the details is as follows:

MINUTES OF THE 222nd MEETING OF STATE EXPERT APPRAISAL COMMITTEE (SEAC), A.P.,
HELD ON - 27th & 28th June, 2023 AT VIJAYAWADA, A.P.

S No.	Name of the mine	Project cost in Rs.	Total production during violation period as reported by mining department letter dated 31.12.2022	Turnover during violation period in Rs as reported by the mining department vide letter dated 31.12.2022	1% of project cost in Rs	0.25 % of turnover during violation period in Rs.	Total penalty amount to be levied as per OM 07.07.2021 in Rs
1.	SRI HIMANI STONE CRUSHERS. SIA/AP/MIN/428324/2023	Rs.59,00,000/-	Mining Road metal & Building stone 11,788 Cum	Rs.9,29,460/-	Rs59,000/-	Rs. 2324/-	Rs. 61,324/-

The project proponent has uploaded the acknowledged payment of penalty amount of Rs.61,324/- at APPCB Board Office Vijayawada on 26.04.2023.

The Committee after examining the project proposals, presentations, mining plan, MoEF&CC Notifications & OMs, EIA report, PH minutes and detailed deliberations, **recommended to issue** Environmental Clearance with following conditions:

1. The proponent shall comply with the proposals furnished in the Environmental management plan and EIA report.
2. The project proponent shall develop greenbelt of 1km along approach roads & village Roadsides.
3. The project proponent shall maintain 7.5mt greenbelt in buffer zone and existing buffer zone plantation should not be disturbed.
4. The proponent shall take dust suppression measures to meet the CPCB stipulated ambient air quality standards at any point of time.
5. The proponent shall carryout suppression of dust generated due to transport vehicles by continuous water spraying using tankers.
6. The vehicles carrying the mines material shall be covered with tarpaulin during vehicular movement.
7. The project proponent shall not use village road for mineral transportation purpose.
8. The project proponent shall adopt for controlled blasting as the Nidugonda village habitation is about 380m towards Western side.
9. The project proponent shall restrict vehicles movement during the peak hours to avoid accidents.

- c) This is an existing lease area and obtained work order 22.09.2006 and which is valid for a period upto 10.04.2025.
- d) The Hon'ble Supreme Court vide order dated the 27th February, 2012 in I.A. No.12-13 of 2011 in Special Leave Petition (Civil) No.19628-19629 of 2009, in the matter of Deepak Kumar etc. Vs. State of Haryana and Others etc., prior environmental clearance has now become mandatory for mining of minor minerals and the Central Government has published notification number S.O.141(E), dated the 15th January, 2016 making prior environment clearance mandatory for all minerals (major as well as minor) irrespective of size of the mine lease.
- e) NGT order in OA No 136 of 2017 (SZ) : So under these circumstances, the application can be disposed of, giving the following directions: (i) The applications which are pending as on 31.3.2016 for Environment Clearance have to be treated as normal applications and not violation applications and the authorities are directed to dispose of those applications in accordance with law. (ii) The persons who have not filed applications on or before 31.3.2016 and filed thereafter, can be treated as violation applications and the MoEF&CC /SEIAA is directed to dispose of those applications as violation cases in accordance with law. (iii) It is also made clear that all mining leases, either major or minor, even less than 5 hectares area, has to apply and get Environment Clearance as per the amended EIA Notification dated 15.1.2016. This will apply to the existing mining leases as well. The points are answered accordingly.
- f) The committee noted that the proponent operated mine from after 2016 without obtaining environmental clearance as required under EIA notification 2006 after promulgation of S.O. 141 (E) dt 15.01.2016 and hence to be treated as identified violation case as per OM 07.07.2021.

The issue was appraised in the 216th SEAC meeting and the decision of SEAC is as follows:

The Committee after examining the project proposals, presentations, MoEF&CC Notifications & OMs and detailed deliberations, recommended to **raise ADS for uploading of latest cluster letter.**

The project proponent has submitted ADS reply on 18.05.2023 and again this proposal is placed in 222nd SEAC meeting:

Accordingly, the project proponent has submitted latest cluster letter issued by Asst. Director of Mines & Geology, Rajamahendravaram, vide Lr. dated:1503.2023 and noted that there are no existing quarry leases within the radius of 500 mts area and the total cluster area is < 5.0 Ha.

The Committee after examining the project proposals, presentations, MoEF&CC Notifications & OMs and detailed deliberations, recommended to **issue specific (Violation) Terms of Reference without Public Hearing** and following conditions:

1. The project proponent shall prepare EIA& EMP.
2. The project proponent shall give plan for surface runoff prevention measures as the Yeluru Reservoir is adjacent to the existing mine.
3. The project proponent shall modify mining plan to include additional 15m buffer zone(0.82 Ha) in addition to existing 7.5m buffer zone in mining plan towards North Eastern side i.e., from Geo-coordinate number 3 to 9 to prevent surface runoff entering into the Yeluru Reservoir.
4. The project proponent shall prepare a plantation plan including no. of species and type of species and area of land allocated for greenbelt.

	<ol style="list-style-type: none">5. The project proponent shall prepare waste dump management plan for safe disposal of granite waste.6. The project proponent shall submit surface runoff prevention measures plan.7. The project proponent shall submit plan for Restoration of benches and buffer zone in remediation plan and the cost of restoration of benches and buffer zone should be included in Bank guarantee.8. The proponent is liable to pay the penalties as levied by the concerned competent authority, as per the OM No.28.1.2022 and clause No 12 of SOP dated 07-07-2021, duly incorporating the total production during the violation period and submit the calculation of penalties based on the project cost and the total turnover during the violation period.9. Credible action to be initiated through concerned Regional office, APPCB under section 15 read with section 19 of E(P) Act 1986.10. The project proponent shall carry assessment of ecological damage, remediation plan and natural and community resource augmentation plan and it shall be prepared as an independent chapter in the environment impact assessment report by the accredited consultants. The collection and analysis of data for assessment of ecological damage, preparation of remediation plan and natural and community resource augmentation plan shall be done by an environmental laboratory duly notified under Environment (Protection) Act, 1986, or an environmental laboratory accredited by National Accreditation Board for Testing and Calibration Laboratories, or a laboratory of a Council of Scientific and Industrial Research institution working in the field of environment.11. The project proponent shall ensure implementation of Environmental Management Plan, comprising remediation plan and natural and community resource augmentation plan corresponding to the ecological damage assessed and economic benefit derived due to violation.12. The project proponent will be required to submit a bank guarantee equivalent to the amount of remediation plan and Natural and Community Resource Augmentation Plan with the State Pollution Control Board.13. The project proponent shall give an undertaking by way of affidavit to comply with all the statutory requirements and judgment of Hon'ble Supreme Court dated the 2nd August 2017 in writ petition (Civil) No.144 of 2014 in the matter of common cause verse union of India and Ors. The undertaking inter-alia includes commitment of the PP not to repeat any such violation in future.14. The project proponent shall submit proof of Bank Guarantee submission as per S.O.No.804 (E) dated 14.03.2017 and payment of penalty amount as per OM dated 07.07.2021
Agenda Item No: 222.41	21.692 Ha Mining of Colour Granite, Road Metal, Building Stone & Gravel of M/s 3Lok Infrastructure Private Limited at survey No.178 of Papayyanthapalem Village, Anakapalli, Anakapalli District (Erstwhile Visakhapatnam District) of Andhra Pradesh- EC EIA Case- - Violation - Reg.
SIA/AP/MIN/434466/2023	Category: B2 at par with B1. The proposed project is for mining of Colour Granite in an area of 21.692 Ha. with a proposed production quantity of 5,400 m ³ per Annum of Colour Granite, 4,91,400 m ³ per Annum of Road Metal and Building Stone & 48,600 m ³ per Annum of Gravel. with a condition that the total production during a scheme should be limited to the approved quantity as per Mining scheme/ plan.

The proposed project falls under Item No. 1(a) of the schedule of the EIA Notification 2006 and its amendments thereof - (f). Mining of minerals (≤ 250 ha of mining lease area in respect of non-coal mine lease).

The representative of proponent and their Consultant, M/s. HUBERT ENVIRO CARE SYSTEMS PRIVATE LIMITED, have attended the meeting and presented their proposal. The SEAC Committee noted that:

- a) The Department of Mines and Geology has submitted Visakhapatnam DSR report and the same is reviewed in the SEAC meeting. The present project details are mentioned at page no. 160 of S.No 01 in the DSR. (lease transferred to Sri. Shadid Abdul Azeem from Sri. Purnachand).
- b) As per the approved mining plan, the total provided mineral reserves are 1,554,986 M3. The proponent proposed to excavate 540,000 m³/Annum and Life of the mine is 28.80 years.
- c) The Proponent has obtained violation TOR with public hearing on 15.03.2023 and public hearing was held on 25.04.2023.
- d) **Public Hearing Details:** Dust problems due to vehicular movements, Noise pollution, water pollution, village development activities, and Road damages are the issues raised in the public hearing.
- e) **Reply of the proponent during the public hearing is as follows:** Sri N. vamsi Krishna, senior Consultant, EIA coordinator has spoken on behalf of Management and thanked the villagers and others have welcomed the project and giving suggestions. He informed this is a fresh mining proposal and clarified that controlled sequential blasting will be adopted, which gives less effect of vibrations and rocks falling in the surrounding areas. Environmental monitoring has taken up as per the MoEF&CC Norms. He also ensured that 2000 plants will be planted as per the commitment. He also informed that an amount Rs.6 Lakhs is allocated under CSR for the two villages, which will be spent for the infrastructural development and other requirements in Chinamakavram and papayasnthapalem villages.
- f) The base line data was collected from Jan, 2023 to March, 2023 and the predominant wind direction is observed to be North East to South West. The maximum concentration of SPM is observed to be 57.72 $\mu\text{g}/\text{m}^3$. The incremental concentration is 6.97 $\mu\text{g}/\text{m}^3$ and GLC of SPM will fall at a distance of 1.0 Km towards South West direction from the mine lease area.
- g) The proponent volunteered to provide Ambulance to the Mamidipalem village panchayat as a part of Corporate Social Responsibility (CSR) activity and shall maintain till the life of the mine.
- h) **S.O No 804 dt 14.03.2017 compliance:**

Member Secretary
SEAC

Chairman
SEAC

- Credible action was initiated vide CC No 611/2023 in the court of Junior Civil courts of Narisipatnam on 13.05.2023.
- The project proponent submitted undertaking on 29.05.2023 stating that the violation will not be repeated.
- The project proponent has submitted remediation and resource augmentation plan with a cost of Rs 3,00,000/- and also uploaded the acknowledged BG submitted at APPCB, Regional office, Visakhapatnam on 09.06.2023.
- The project proponent has submitted production dispatch letter issued by ADMG,(FAC)Anakapalli vide letter dt.05.06.2023.
- The Penalty was calculated in compliance with SOP issued by MoEF&CC GoI vide OM dt. 07.07.2021 and the details is as follows:

SNo	Name of the mine	Project cost in Rs.	Total production during violation period as reported by mining department letter dated 31.12.2022	Turnover during violation period in Rs as reported by the mining department vide letter dated 31.12.2022	1% of project cost in Rs	0.25 % of turnover during violation period in Rs.	Total penalty amount to be levied as per OM 07.07.2021 in Rs
1.	M/s 3Lok Infrastructure Private Limited. SIA/AP/ MIN/434 466/2023	Rs.80,00,000/-	Mining Road metal & Building stone & Colour Granite 307361.98Cum	Rs.2,36,97,824/-	Rs80,000/-	Rs. 59,245/-	Rs. 1,39,245/-

vi) The project proponent has uploaded the acknowledged payment of penalty amount of Rs. 1,39,245/- at APPCB Board Office Vijayawada on 08.06.2023.

The Committee after examining the project proposals, presentations, mining plan, MoEF&CC Notifications & OMs, EIA report, PH minutes and detailed deliberations, **recommended to issue** Environmental Clearance with following conditions:

- The proponent shall comply with the proposals furnished in the Environmental management plan and EIA report.
- The project proponent shall develop greenbelt of 1km along approach roads & village Roadsides.

to falling of rocks in agricultural lands, Dust problems due to vehicular movements, Noise pollution, water pollution, village development activities, and Road damages are the issues raised in the public hearing.

- e) **Reply of the proponent during the public hearing is as follows:** Sri J.V Narashima rao, managing partner of M/s Sri Sri Anitha stone crusher given commitment regarding loading of trucks will be reduced, trucks will be covered with tarpaulin, Speed of vehicles controlled, no movement of vehicles in village roads between 08.00AM to 10.00 Am, not carry out blasting operation during night times, DGMS & Explosive rules will be followed and jobs will be given to local villagers, compensation paid for crop damage and support will be given for identification of site another water tank. He said that CSR fund Utilized for development of village and problems in village will be solved duly discussing with villagers. He Said that support given by forestry. The project consultant said that controlled blasting used in the mine are kontalam village existing at distance 1.4 km and said that blasting carried out in scheduled times by giving prior sirens. He said that bund will be provided towards agriculture lands.
- f) The base line data was collected from Feb, 2022 to April, 2022 and the predominant wind direction is observed to be South to North. The maximum concentration of SPM is observed to be 60.03 µg/m³. The incremental concentration is 3.74 µg/m³ and GLC of SPM will fall at a distance of 0.9 Km towards Norther direction from the mine lease area.
- g) The proponent volunteered to provide water treatment plant to Vedullavalasa village as a part of Corporate Social Responsibility (CSR) activity and shall maintain till the life of the mine.

The Committee after examining the project proposals, presentations, mining plan, MoEF&CC Notifications & OMs, EIA report, PH minutes and detailed deliberations, **recommended to issue** Environmental Clearance with following conditions:

1. The proponent shall comply with the proposals furnished in the Environmental management plan and EIA report.
2. The project proponent shall develop greenbelt of 1 km along approach roads & village Roadsides.
3. The project proponent shall maintain 7.5mt greenbelt in buffer zone and existing buffer zone plantation should not be disturbed.
4. The proponent shall take dust suppression measures to meet the CPCB stipulated ambient air quality standards at any point of time.
5. The proponent shall carryout suppression of dust generated due to transport vehicles by continuous water spraying using tankers.
6. The vehicles carrying the mines material shall be covered with tarpaulin during vehicular movement.

SEAC

MINUTES OF THE 222nd MEETING OF STATE EXPERT APPRAISAL COMMITTEE (SEAC), A.P., HELD ON - 27th & 28th June, 2023 AT VIJAYAWADA, A.P.

SIA/AP/MIN/ 429366/2023	<p>Category: B2</p> <p>The proposed project is for mining of Colour Granite in an area of 4.945 Ha with a proposed production capacity of 13292m³/annum with a condition that the total production during a scheme should be limited to the approved quantity as per Mining scheme/ plan.</p> <p>The proposed project falls under Item No. 1(a) of the schedule of the EIA Notification 2006 and its amendments thereof - (i). Mining of minerals (≤ 250 ha of mining lease area in respect of non-coal mine lease).</p> <p>The project proponent and their, SV ENVIRO LABS & CONSULTANTS PRIVATE LIMITED, have attended the meeting and presented the case. The SEAC committee observed that:</p> <p>a) As per the approved mining plan, the total provided mineral reserves are 440006 M3. The proponent proposed to excavate 13292 m³/Annum and Life of the mine is 33.10 years.</p> <p>b) The project proponent has not uploaded approved District Survey Report (DSR) of erstwhile Prakasam District. Hence, the committee recommended to raise ADS for submission of approved DSR copy.</p> <p>The Committee after examining the project proposals, presentations, mining plan, MoEF&CC Notifications & OMs and detailed deliberations, recommended to raise ADS for submission of approved DSR copy of Prakasam District.</p>
Agenda ItemNo: 222.52.	10.978 Ha. Gravel Quarry of Sri Mulpuri Sudheer at Sy. No. 138/(P), Narasingapalem Village, Agiripalli Mandal, Krishna District, Andhra Pradesh- Environmental Clearance - EIA Case-Reg.
SIA/AP/MIN/ 428089/2023	<p>Category: B2 at par with B1.</p> <p>The proposed project is for mining of Gravel Quarry in an area of 10.978 Ha with a proposed production capacity of 1,39,260 m³/annum with a condition that the total production during a scheme should be limited to the approved quantity as per Mining scheme/ plan.</p> <p>The proposed project falls under Item No. 1(a) of the schedule of the EIA Notification 2006 and its amendments thereof - (i). Mining of minerals (≤ 250 ha of mining lease area in respect of non-coal mine lease).</p> <p>The project proponent and their consultant, M/s.HUBERT ENVIRO CARE SYSTEMS PRIVATE LIMITED, have attended the meeting and presented the case. The SEAC committee observed that:</p> <p>c) The Department of Mines and Geology has submitted Krishna DSR and the same is reviewed in the SEAC meeting. The present project details are not mentioned in the DSR as the present project is a new mine lease. Hence, committee identified deposition</p>

	<p>of mineral by consideration of adjacent mine leases in Narasingapalem village mentioned at S.No.91 vide page no 101 of DSR.</p> <p>d) As per the approved mining plan, the total provided mineral reserves are 2989750 M3. The proponent proposed to excavate 1,39,260 m3/annum and Life of the mine is 21 years.</p> <p>e) The project proponent has obtained TOR with Public on 12.08.2019. The public hearing was held on 18.10.2021.</p> <p>The majority of the people in the public hearing opposed the establishment of the mine and also Sagguru Amani lake and Bramayyalinham lake is at a distance of 100m to proposed mine. Hence, the committee recommended to constitute a subcommittee to verify the issues raised in the public hearing and also impacts of the mine in the nearby habitations.</p> <p>The Committee after examining the project proposals, presentations, mining plan, MoEF&CC Notifications & OMs and detailed deliberations, recommended to constitute a subcommittee with a)Prof. G. Gnana Mani, b)Prof. U. Shameem and c)Dr. M.Sunandana Reddy to visit the proposed site of the mine to verify the issues raised in the public hearing and also impacts of the mine in the nearby habitations.</p>
Agenda ItemNo: 222.53	8.0 Ha Quartzite Mine of M/s. Sri Rudraraju Vijaya Raju, Sy. No. 71, Gathada Village, Merakamudidam Mandal, Vizianagaram District, Andhra Pradesh - Environmental Clearance - EIA Case-Reg.
SIA/AP/MIN/429488/2023	<p>Category: B2 at par with B1.</p> <p>The proposed project is for mining of Quartzite Mine in an area of 8.00 Ha with a proposed production capacity of 12,54,800 TPA with a condition that the total production during a scheme should be limited to the approved quantity as per Mining scheme/ plan.</p> <p>The proposed project falls under Item No. 1(a) of the schedule of the EIA Notification 2006 and its amendments thereof - (i). Mining of minerals (≤ 250 ha of mining lease area in respect of non-coal mine lease).</p> <p>The project proponent and their consultant, M/s. Right source Industrial Solutions Private Limited have attended the meeting and presented the case. The SEAC committee observed that:</p> <p>a) The Department of Mines and Geology has submitted Vizainagaram DSR and the same is reviewed in the SEAC meeting. The present project name is not mentioned in the DSR and hence, committee identified deposition of mineral by consideration nearby village i.e., Rachagundam village (1.4 Km to proposed mine) mentioned at S.No.207 of page No.96 in the DSR report.</p> <p>b) As per the approved mining plan, the total provided mineral reserves are 5018722TPA. The proponent proposed to excavate 254800TPA and Life of the mine is 19.0 years.</p>

	<p>c) The project proponent has obtained TOR with Public on 29.10.2022. The public hearing was held on 19.11.2022.</p> <p>d) Public Hearing Details: There are no specific issues raised in the public hearing.</p> <p>e) Reply of the proponent during the public hearing is as follows: Sri Vijaya Raju, Owner informed that the requests of the villager will be full-filled by forming a committee on priority and will make the village as a model village and not to have any doubts.</p> <p>f) The base line data was collected from March, 2022 to May 2022 and the predominant wind direction is observed to be South to North. The maximum concentration of SPM is observed to be 60 $\mu\text{g}/\text{m}^3$. The incremental concentration is 0.28 $\mu\text{g}/\text{m}^3$ and GLC of SPM will fall at a distance about 0.5Km towards North direction from the mine lease area.</p> <p>g) The proponent volunteered to provide water treatment plant to the Gathada village panchayat as a part of Corporate Social Responsibility (CSR) activity and shall maintain till the life of the mine.</p> <p>The Committee after examining the project proposals, presentations, mining plan, MoEF&CC Notifications & OMs, EIA report, PH minutes and detailed deliberations, recommended to issue Environmental Clearance with following conditions:</p> <ol style="list-style-type: none">1. The proponent shall comply with the proposals furnished in the Environmental management plan and EIA report.2. The project proponent shall develop greenbelt of 2km along approach roads & village Roadsides.3. The project proponent shall maintain 7.5mt greenbelt in buffer zone and existing buffer zone plantation should not be disturbed.4. The proponent shall take dust suppression measures to meet the CPCB stipulated ambient air quality standards at any point of time.5. The proponent shall carryout suppression of dust generated due to transport vehicles by continuous water sprinkling.6. The vehicles carrying the mines material shall be covered with tarpaulin during vehicular movement.7. The project proponent shall not use village road for mineral transportation purpose.8. The project proponent shall provide 740m trench on West and North Western direction to prevent surface runoff.9. The project proponent shall grade and maintain the village road.10. The project proponent shall comply with the commitment / assurances given to the surrounding villages in the Public Hearing.
Agenda ItemNo: 222.54	12.857 Ha Quartz Quarry of M/s. SGS Minerals Pvt Ltd, at Sy. No: 129/P of Singareddypalli Village, Seetharamapuram Mandal, SPSR Nellore District, Andhra Pradesh- Environmental Clearance - EIA Case- Reg.
SIA/AP/MIN/429997/2023	Category: B2 at par with B1 The proposed project is for mining of Quartzite Mine in an area of 12.857 Ha with a proposed production capacity of 12,165 TPA with a condition that the total production during a scheme should be limited to the approved quantity as per Mining scheme/ plan.

	<p>a) Public Hearing Details: There are no specific issues raised in the public hearing.</p> <p>b) Reply of the proponent during the public hearing is as follows: Sri P. Hari prasad, Consultant on behalf of proponent, informed that they will carryout controlled blasting occasionally which does not arise dust and the same will be incorporated in the final EIA.</p> <p>c) The base line data was collected from March, 2022 to May 2022 and the predominant wind direction is observed to be South to North. The maximum concentration of SPM is observed to be 60 $\mu\text{g}/\text{m}^3$. The incremental concentration is 0.28 $\mu\text{g}/\text{m}^3$ and GLC of SPM will fall at a distance about 0.5Km towards North direction from the mine lease area.</p> <p>d) The proponent volunteered to provide water treatment plant to the Bheemavaram village as a part of Corporate Social Responsibility (CSR) activity and shall maintain till the life of the mine.</p> <p>The Committee after examining the project proposals, presentations, mining plan, MoEF&CC Notifications & OMs, EIA report, PH minutes and detailed deliberations, recommended to issue Environmental Clearance with following conditions:</p> <ol style="list-style-type: none">1. The proponent shall comply with the proposals furnished in the Environmental management plan and EIA report.2. The project proponent shall develop greenbelt of 2km along approach roads & village Roadsides.3. The project proponent shall maintain 7.5mt greenbelt in buffer zone and existing buffer zone plantation should not be disturbed.4. The proponent shall take dust suppression measures to meet the CPCB stipulated ambient air quality standards at any point of time.5. The proponent shall carryout suppression of dust generated due to transport vehicles by continuous water sprinkling.6. The vehicles carrying the mines material shall be covered with tarpaulin during vehicular movement.7. The project proponent shall not use village road for mineral transportation purpose.8. The project proponent shall provide 700m trench on North and North eastern side n to prevent surface runoff.9. The project proponent shall plant the plants at 1:2 ratio10. The project proponent shall comply additional TOR conditions.11. The project proponent shall comply with the commitment / assurances given to the surrounding villages in the Public Hearing.
Agenda ItemNo: 222.56	3.694 Ha Barytes Quarry of Sri I. Sringeri Mines & Minerals of Sy.No: 425/2, Godlavedu Village, Bramhamgarimatam Mandal, Y.S.R Kadapa District, Andhra Pradesh State- Reg.
SIA/AP/MIN/431375/2023	Category: B2 (Major Mineral). The proposed project is for mining of in an area of 3.694 with a proposed production capacity of 2642 TPA with a condition that the total production during a scheme should be limited to the approved quantity as per Mining scheme/ plan.

The proposed project falls under Item No. 1(a) of the schedule of the EIA Notification 2006 and its amendments thereof - (i). Mining of minerals (≤ 250 ha of mining lease area in respect of non-coal mine lease).

The project proponent and their consultant M/s.ECO Men laboratories have attended the meeting and presented the case. The SEAC committee observed that:

- a) The Department of Mines and Geology has submitted Kadapa DSR and the same is reviewed in the SEAC meeting. The present project name is not mentioned in the DSR and hence, committee identified deposition of mineral by consideration nearby village i.e., Kalasapaduat mentioned at S.No04 of page No.115 in the DSR report.
- b) The Committee noted that there two LOIs issued within the radius of 500 mts area and the total cluster area is < 5.0 Ha as per cluster letter issued by Asst. Director of Mines & Geology, YSR Kadapa, vide Lt. dated: 25.03.2023.
- c) As per the approved mining plan, the total provided mineral reserves are 87935T. The proponent proposed to excavate 2642 TPA and Life of the mine is 33 years.
- d) The proponent volunteered to provide **Water treatment plant to Papanapalli** village as a part of Corporate Social Responsibility (CSR) activity and shall maintain till the life of the mine.

The Committee after examining the project proposals, presentations, mining plan, MoEF&CC Notifications & OMs and detailed deliberations, **recommended to issue** Environmental Clearance with following conditions:

1. The proponent shall comply with the proposals furnished in the Environmental management plan.
2. The project proponent shall develop greenbelt of 1km along approach roads & village Roadsides.
3. The project proponent shall maintain 7.5mt greenbelt in buffer zone and existing buffer zone plantation should not be disturbed.
4. The proponent shall take dust suppression measures to meet the CPCB stipulated ambient air quality standards at any point of time.
5. The proponent shall carryout suppression of dust generated due to transport vehicles by water spraying tankers continuously.
6. The vehicles carrying the mines material shall be covered with tarpaulin during vehicular movement.
7. The project proponent shall not use village road for mineral transportation purpose.
8. The project proponent shall provide minimum 2 no of shafts for the underground mining and it should be interlock with each other.
9. The project proponent shall comply with the conditions stipulated in DGMS rules and regulations
