than 5.0 ha. Hence, the project is considered under 'B2' Category as per provisions laid under EIA Notification, 2006 & its subsequent amendments and orders of the Hon'ble NGT. The proponent submitted a copy of scrutinized/approved mining plan & EMP Report. The nearest village to the proposed site is Chennaram (V) which is existing at a distance of 0.4 km (NE) and water body i.e., Tandur pond exists at a distance of 3.1 km (NW) from the mine lease area. It is proposed to mine 74,846 TPA of Quartz & 80,056 TPA of Feldspar and the life of Quartz mine is reported as 11.3 years and for Feldspar it is 14 years. The source of water requirement for the proposed project is from tankers from nearby villages. The total water requirement is 5.0 KLD. Out of that, 2.3 KLD is used for water sprinkling on haul roads & dump yard, 1.5 KLD is used for development of greenbelt and 1.2 KLD is used for domestic purpose. The total cost of the project is Rs. 50.0 lakhs. The proponent is proposing budget for environmental protection towards capital cost: Rs. 5.10 lakhs and recurring cost: Rs. 4.70 lakhs/annum. The proponent submitted a copy of lr.dt. 26.06.2024 of ADMG, Nagarkurnool District furnishing the details of dispatch permits for the period from 2022-23 to 2024-25 (upto 25.06.2024). The SEAC observed from the letter that the dispatch permits were carried during the period from 2022-23 to 2024-25 (upto 25.06.2024).

The SEAC observed that as per the certified compliance report dt.07.06.2023 issued by the IRO, MoEF&CC, GoI, there are non-compliance of several important conditions imposed in the EC.
