The Authority after detailed discussion and deliberation decided the following:

1. **Serial No. 1 & 2:** These proposals were deferred in 5.70 meeting of SEIAA for incorrect DSR. Now the PPs have submitted the correct DSR. Hence the Authority decided to grant EC to these proposals.
2. **Serial No. 3:** This proposal was deferred in 5.59<sup>th</sup> meeting of SEIAA for following points:
  - DSR submitted for Marble instead of Quartz & Feldspar
  - Tar road is at 10 m from the lease boundary in North direction and adjacent to the lease boundary in East Direction. No safety plan has been proposed.
  - The Authority also directed the PP to obtain information on the category of the above-mentioned road from PWD.

Now, PP has submitted following:

- DSR for Quartz & Feldspar.
- Clarification for the Tar Road
- A statutory barrier zone of 7.5 m has been left as no mining zone.
- As per Demarcation Report by Patwari and Surveyor of Mining Department stating that the distance from the Kaccha road is 15 m from pillar D. (After leaving a statutory barrier zone of 7.5 m, a distance of 22.5 m will be left b/w road and mining area) and no distance is being stated from pillar A.
- An undertaking has been submitted by PP stating that no mining will be carried out within 10 m from the said road lying near Pillar D and A.

- PP will construct the wall at the mining lease boundary located near pillar D & A and fencing around the mine pit.

The Authority discussed the above points and decided to **grant EC** to this proposal.

3. **Serial No. 4:** This proposal was deferred in 5.58<sup>th</sup> meeting of SEIAA as CCR was more than one year old from the date of inspection. PP has submitted the latest CCR dated 18/4/2023 in which General Condition no. 10 and 15 have not been complied with. Hence the Authority decided to **defer this proposal for action taken report on the conditions not complied.**
4. **Serial No. 5:** This proposal was deferred in 5.69<sup>th</sup> meeting of SEIAA as shape of the plot given in KML was different from the given in the file. Now the PP has submitted correct screenshot of the KML. Hence the Authority decided to **grant EC** to this proposal.
5. **Serial No. 6:** This proposal was deferred in 5.71<sup>st</sup> meeting of SEIAA for Modified Mining Scheme which was valid till 31/3/2023. Now PP has submitted approved mining scheme which is valid till 31/3/2027, hence the Authority decided to **approve EIA/EMP and grant EC** to this proposal subject to deposition of penalty as per MoEF&CC SOP dated 07.07.2021 of Rs. 370135/- by online/ Demand Draft mode and also submit the Bank Guarantee of Rs. 1194188/- towards remediation plan with RSPCB within 15 days of the receipt of the letter in this regard failing which action shall be initiated to stop the running of this project.

The Authority further directed that the project proponent must raise a dense plantation in a 7.5 m belt all around the lease area to mitigate pollution effects.

6. **Serial No. 7, 8, 10, 11, 12, 13, 14, 16, 18, 20, 21, 22, 23, 24, 25, 26, 27, 28:** The Authority accepted the recommendations of SEAC and decided to **grant EC** to these proposals.
7. **Serial No. 9, 15, 34 & 35:** The Authority accepted the recommendations of SEAC and decided to **Close & Delist** to these proposals
8. **Serial No. 17:** In this proposal the total area of 6 khasra no. (13, 14, 19, 20, 21, 22) given in jamabandi do not match with the proposed area. Also the kasra no, given in DCF certificate and approved mining plan do not match with the ones given in the proposal. **Hence the Authority decided to defer this proposal for additional information to be submitted within 45 days.**
9. **Serial No. 19:** In this proposal CA certificate is not available for penalty calculation. Hence the Authority decided to **defer this proposal for additional information to be submitted within 45 days.**
10. **Serial No. 29:** This proposal was referred back to SEAC in 5.62<sup>nd</sup> SEIAA meeting for "LoI has expired and as per KML it is evident that mining activity has been carried out in the lease area and a crusher appears to be installed on the site. PP may submit the valid

LoI along with comments of Mining Department as to who is responsible for the mining already done in the proposed area, as also clarification in respect to whether a stone crusher is installed on site or not"

PP submitted the reply to SEAC "As per letter dated 27/02/2023 from Mining Department: the mining activity carried out at site does not pertain to the M.L. no 01/2020. The mining activity is being carried out by the adjacent mining lease with M.L. no. 570/08. And the crusher was installed in the said area by Choudhry Associates before allotment of the lease area to lessee and in the present scenario there is no installation of crusher proposed and the earlier crusher parts has been removed".

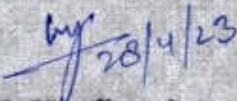

The Authority finding the explanation satisfactory and decided to **approve EIA/EMP and grant EC to this proposal with the condition that the project proponent must raise a dense plantation in a 7.5 m belt all around the lease area to mitigate pollution effects.**

11. **Serial No. 30 & 31:** In these proposals cluster certificate expired on 12/10/2022. Hence the Authority decided to **defer these proposals for additional information to be submitted within 45 days.**
12. **Serial No. 32 & 33:** In these proposals CCR is more than one year old. Hence the Authority decided to **defer these proposals for additional information to be submitted within 45 days.**
13. **Serial No. 36:** This proposal was deferred in 5.61<sup>st</sup> meeting of SEIAA held on 7/2/2023 as Mining Plan had expired on 4/2/2023 and the cluster certificate had also expired on 16/12/2022 with a direction to submit the above documents within 45 days. However, PP till date has not submitted the documents. Hence the Authority decided to **Close & Delist** this proposal.
14. **Serial No. 37:** This proposal was deferred in 5.62<sup>nd</sup> meeting of SEIAA held on 13/2/2023 as cluster certificate had expired on 22/6/2022 with a direction to submit the revised cluster certificate within 45 days. However, PP till date has not submitted the revised cluster certificate. Hence the Authority decided to **Close & Delist** this proposal.
15. **Serial No. 38:** This proposal was deferred in 5.62<sup>nd</sup> meeting of SEIAA held on 13/2/2023 as LoI had expired on 11/2/2023 with a direction to submit the extended LoI within 45 days. However, PP till date has not submitted the extended LoI. Hence the Authority decided to **Close & Delist** this proposal.
16. **Serial No. 39:** This proposal was deferred in 5.55<sup>th</sup> meeting of SEIAA held on 21/12/2022 for "CA Certified turnover figures are not submitted" with a direction to submit the same within 45 days. However, PP till date has not submitted the CA certified turnover figures. Hence the Authority decided to **Close & Delist** this proposal.

17. **Serial No. 40 & 41:** In these proposals past production figures have not been submitted by the project proponents. Hence the Authority decided to defer these proposals.
18. **Serial No. 42:** The Authority decided to grant Transfer EC to this proposal.
19. **Serial No. 43 & 44:** In these proposals there is violation as the production has increased from the base year. Hence the Authority decided to grant Transfer EC to these proposals with a direction to apply under ToR for violation within 30 days, under intimation to RSPCB, failing which action shall be initiated against the PP.

Meeting ended with vote of thanks to the chair.
