

Minutes of the 670th Meeting of SEIAA dated 27.03.2021

The 670th meeting of the State Level Environment Impact Assessment Authority was convened on 27.03.2021 at the Authority's Office in Environmental Planning and Co-Ordination Organization (EPCO), Paryavaran Parisar, Bhopal. The meeting was chaired by Shri Rakesh K. Shrivastava, Chairman, SEIAA. The following members attended the meeting:-

- | | |
|-------------------------|------------------|
| 1. Shri R.K. Sharma | Member |
| 2. Smt. Tanvi Sundriyal | Member Secretary |

Following mining cases and other than mining cases have been considered:-

S.No	Case No.	Category	No. & date of latest SEAC & SEIAA meeting
1.	8335/2021	5 (f)	491 st SEAC meeting dtd. 18.03.2021
2.	8336/2021	8 (a)	491 st SEAC meeting dtd. 18.03.2021
3.	8341/2021	5 (f)	491 st SEAC meeting dtd. 18.03.2021
4.	8380/2021	5 (g)	491 st SEAC meeting dtd. 18.03.2021
5.	8381/2021	8 (a)	491 st SEAC meeting dtd. 18.03.2021
6.	8382/2021	8 (a)	493 rd SEAC meeting dtd. 23.03.2021
7.	8363/2021	8 (a)	492 nd SEAC meeting dtd.19.03.2021
8.	8364/2021	8 (a)	492 nd SEAC meeting dtd.19.03.2021
9.	8334/2021	1 (a)	491 st SEAC meeting dtd. 18.03.2021
10.	8367/2021	1 (a)	492 nd SEAC meeting dtd.19.03.2021
11.	6961/2020	1 (a)	491 st SEAC meeting dtd. 18.03.2021
12.	8326/2021	1 (a)	491 st SEAC meeting dtd. 18.03.2021

1. Case No. 8335/2021 : Prior Environment Clearance for proposed project Manufacturing of Key starting materials for Intermediates of API and APIs Unit at Plot No. plot no. 57, Industrial Area, Maksi, Dist- Shajapur M P- 465106, Total Project area – 2210 Sq. Mtr. & 0.221 ha & Production Capacity: 6200 MT/PA by Shri Shankar Sharma, Director, KSHIPRA EMPIRICALS , Near Shalimar banglow, C/878 sukhliya, vijay nagar, Indore, MP-452010 Mob- 9827724959 Email- kshipra.empiricals@gmail.com

1. The proposed project proposes to set up Key starting Materials for Intermediates of API and APIs manufacturing facility at Plot No. 57, AKVN Industrial Area, Maksi, Dist. Shajapur, (MP).
2. The topography of the area is undulated and reported to lies between - 23°14'47.32"N, to 23°14'49.53"N, Latitude and 76° 09'20.39"E to 76° 09'21.40"E Longitude.
3. The proposed project is covered under 5(f) category "Synthetic organic chemicals industry (dyes & dye intermediates; bulk drugs and intermediates excluding drug formulations; synthetic rubbers; basic organic chemicals, other synthetic organic chemicals and chemical intermediates) as per EIA Notification 2006 and categorized under B2 Category as per recent MoEFCC So. No. 1223 (E) dated 27th March 2020 further amended vide no. [F.No. 19-

(Tanvi Sundriyal)

(Rakesh K. Shrivastava)
Chairman

21/2020-IA.III] dated 15th October 2020In the context of pandemic COVID - 19,for considering the API & Bulk drug Projects as B-2 category.

4. There is no interstate boundary within 05 km and no National park, Sanctuary and Eco-sensitive areas within 05 km of the project area hence General condition are not attracted.
5. Salient feature of the project is as follows:-

Details	Project Details
Site Address	Plot no. 57, Industrial Area, Maksi Dist. Shajapur (M.P)
Production Capacity	6200 MT/Annum
Land	2210 Sq. Meter
Cost of Project	3 Crore
EMP Cost (Capital)	0.782 Cr
Cost (recurring)	0.166 Cr
Manpower Requirement	10 Nos.
Power requirement	250 HP
Water Requirement & Source	25 KLD & Tanker/Bore well
Boiler capacity	Capacity of Boiler 2TPH(1 no.) Fuel used- Briquettes or coal
DG set	D.G Set (100 KVA)
Scrubber	1 No.
Plantation (Green belt development)	730 square meters

6. PP has applied to set up Key starting Materials for Intermediates of API and APIs manufacturing facility with production capacity of 6200 MT/Annum as follows :-

List of Products & Capacity (MT/PA)		
Sr. No.	Product Name	Proposed Qty. to be manufactured (MT/PA)
1	Key starting Materials for Intermediates of API and APIs	6200
	Total Capacity (MT/Annum)	6200 MT/PA

7. The case was considered in SEAC meetings 491th SEAC meeting dtd. 18.03.21 and is recommended for grant of prior EC subject to special conditions.
8. After the recommendation today the case was scheduled for presentation and after deliberation is recorded that:--
 - (i) Total land area available is 2210 sq. m. Regarding land documents PP has submitted registered ammended lease deed (dtd. 18.08.20) executed between Executive Director MP Industrial Development Corporation Ltd. and M/s KSHIPRA EMPIRICALS through authorized partner Shri Shankar Sharma. Area breajup for the proposed site is as follows:-

Sr. No.	Particulars	Total Proposed Area (Sq. Mt.)

(Tanvi Sundriyal)
Member Secretary

(R.K. Sharma)
Member

(Rakesh K. Shrivastava)
Chairman

1	Land Area	2210
2	Built up area	759.20
2.1	Production blocks	285.60
2.2	Utility (Cooling tower, Pilot plant, Boiler, Chilling plant, storage tanks)	153.00
2.3	R/M and F/G Stores	141.60
2.4	Office Block including QA and QC	107
2.5	ETP & ZLD	72
3	Green Belt Area	730
4	Open Area	720.8

- (ii) The source of water supply for the project is Borewell/Tanker. The total water requirement for the proposed project is 25 KLD. The rejected water will be reused for gardening/green belt.
- (iii) 2 KLD domestic wastewater shall be generated which will send to ETP cum STP. 0.8 KLD from boiler blow down, cooling tower 0.2 KLD, process 5KLD(Low COD/TDS) waste water is generated which will be sent to ETP plant (15 KLD) followed by RO and (High COD/TDS 3 KLD) will be sent to Evaporator plus ATFD along with RO rejects.
- (iv) Boiler of 2.0 TPH capacities is proposed which will be Briquettes or coal and will have bag filter as APCE and then connected to chimney of 30 m height. The outgoing flue gases quality will be monitored on a regular interval within the prescribed parameters, in-order to meet the CPCB norms. Consumption of coal per Annum in boiler- 10 Tonne / Month
- (v) As per the Indian standard specification of coal, ash content will be (20-25%). considering the maximum content, Ash % in coal used = $120 \times 25\%$ = 300 Metric tons per annum . PP has proposed to manage the ash which will be generated from the process by stored at designated area, Regular water Sprinkling, Ash will be sent to nearby brick manufacturing industries.
- (vi) Comparing the maximum discharge in the worst case, PP has submitted the existing design and infrastructure is capable of handling the maximum discharge during worst case.

S. No	Particular	Worst Case
1	Machineries/Instruments	There is no worst case in this scenario as the proposed capacity of machineries/instruments are sufficient to meet the requirement.
2	Water	There is no worst case in the water consumption scenario.
3	Effluent	The ETP capacity is sufficient to meet the worst case scenario.
4	Gases	There is no worst case in this scenario as the proposed scrubber capacity is sufficient to meet the requirement.

(Tanvi Sundriyal)
Member Secretary

(R.K. Sharma)
Member

(Rakesh K. Shrivastava)
Chairman

5	Solid Waste	There is no worst case in this scenario
---	-------------	---

- (vii) PP has proposed that the based on the current cost of indigenous raw materials and the non availability of some materials, the company has to import some of the key raw materials as they are not available indigenously. All the storage tanks of raw materials/products are to be fitted with appropriate controls to avoid any spillage / leakage. Bund/dyke walls of suitable height shall be provided around the storage tanks and closed handling system of chemicals shall be provided.
- (viii) The main sources of air emission expected Due to boiler, DG set and manufacturing processes. For which PP has installed Acoustic Enclosure in DG and Stack height as per CPCB Norms, Bio coal will be used as a fuel in boiler.
- (ix) Solid / Hazardous waste shall be generated from the process. Solid waste will be disposed off through authorize vendors. The details of source of Hazardous waste generation & their proposed disposal are as follows :

Hazardous Waste Type	Category	Source	Quantity Tons/Annum	Disposal method
Discarded Containers	33.1	Manufacturing Process	5.0	To Authorised Reprocessor / Recycler
Contaminated cotton rags or other cleaning material	33.2	Manufacturing Process	0.2	Send to MPWMP Ramkey for disposal
Chemical Sludge from waste water treatment	35.3	ETP Plant	5.0	Send to MPWMP (Ramkey For Disposal
Exhaust air or gas cleaning residue	35.1	From clean room plant	0.1	After washing send to authorized recycler or authorised TSDF Management services
Spent Ion Exchange Resin containing Toxic Metals	35.2	Process	0.2	Send to MPWMP (Ramkey For authorised TSDF Management services
Spent Carbon or Filter medium	36.2	From cetrifugal processing	0.1	After washing send to MPWMP (Ramkey) recycler or authorised TSDF Management services
Ash from incinerator and flu gas cleaning residue	37.2		0.1	Send to MPWMP (Ramkey For incineration)

- (x) Vehicular movement will be regulated inside the site with adequate roads and parking shall be provided.
- (xi) PP has included disaster management plan, fire fighting plan on-site, off-site emergency plan in the EIA report.
- (xii) The power requirement for the project is 250 KVA which will be Sourced from MPPKV.
- (xiii) Out of the total plot area 2210 sq. m. 730 square meters i.e. 33% of the total area will be developed for green belt. The green belt of 5-10 m width will be developed mainly along the periphery and road side.
- (xiv) Under CER activities PP has proposed Infrastrucure development of Surrounding villages by construction of toilets for girls in nearby Schools (Anganwadi kendrya, Indra Colony, ward no. 5, Maksi , Government

(Tanvi Sundriyal)
Member Secretary

(R.K. Sharma)
Member

(Rakesh K. Shrivastava)
Chairman

Madhyamik vidhyala, Railway station, Maksi and more nearby schools)- 2 nos.

(xv) The total project cost will be Rs. 3.0 Crores.

The submissions made by the PP were found to be satisfactory and acceptable hence it is decided to accept the recommendations of 491st SEAC meeting dtd. 18.03.21 and grant Prior Environmental Clearance for proposed project Manufacturing of Key starting materials for Intermediates of API and APIs Unit at Plot No. plot no. 57, Industrial Area, Maksi, Dist- Shajapur Madhya Pradesh 465106, Total Project area – 2210 Sq. Mtr. & 0.221 ha & Production Capacity: 6200 MT/PA by Shri Shankar Sharma, Director, KSHIPRA EMPIRICALS , Near Shalimar banglow, C/878 sukhliya, vijay nagar, Indore,MP-452010, subject to the following specific conditions:-

1. If fresh water requirement fulfil from the ground water, PP should obtain NOC from the concern authority for the withdrawal of ground water. Fresh water should not be used for Irrigation and gardening purpose.
2. PP should explore the possibility to use of other source of fuel instead of coal.
3. **Waste water:**
 - (a) PP should ensure “Zero effluent discharge” from the unit by 100% recycling. The water softening reject, boiler blow down reject and cooling blow down will be treated in ETP. Further treated waste water will go through the RO and finally re used/recycled in the process and unused waste water evaporate in MEE.
 - (b) RO and MEE should be provided for treatment of high COD waste streams and only in case of emergency/breakdown high COD wastes should be disposed off through CTSDf, Pithampur, Dhar.
4. **For Air Pollution:**
 - (a) PP should ensure install Bag house in stack for control of air pollution and stack height as proposed in the EIA/ EMP.
 - (b) The performance of air pollution control system should be regularly monitored and maintained.
 - (c) PP should ensure regular Stack monitoring & Ambient air quality monitoring and should be carried out as per the guidelines/norms of MPPCB/CPCB.
 - (d) In plant control measures for checking fugitive emission from all the vulnerable sources shall be provided. Fugitive emission shall be controlled by providing closed storage, closed handling & conveyance of chemicals/materials, multi cyclone separator/bag filters and water sprinkling system.
 - (e) Dust suppression system including water sprinkler system/ fogging arrangement shall be provided at loading and unloading areas to control dust emission.
 - (f) Fugitive emission in the work zone environment, product, raw material storage areas etc. shall be regularly monitored.
 - (g) High efficient four stage ventury scrubber should be provided.
 - (h) Transportation of raw material and finished goods should be carried out in covered trucks.
 - (i) Company shall carry out the HAZOP study and report shall be submitted to ministry MoEF & CC Regional Office, Bhopal.

(Tanvi Sundriyal)
Member Secretary

(R.K. Sharma)
Member

(Rakesh K. Shrivastava)
Chairman

- (j) For control of fugitive emission and VOCs following steps should be followed:-
- Chilled brine circulation system shall be provided and it should be ensured that the solvent recovery efficiency is not be less than 95%.
 - Reactor and solvent handling pump shall be provided with mechanical seal to prevent leakage.
 - Closed handling system should be provided for chemicals.
 - System of leak detection and repair of pump/pipeline should be based on preventive maintenance.
 - Solvent shall be taken from underground storage tank to reactor through closed pipeline. Storage tank shall be vented through trap receiver and condenser operated on chilled water.

5. Hazardous Waste Management:

- (a) As proposed above, PP should ensure disposal of hazardous waste regularly and there should be no dumping of these materials in the premises/outside.
- (b) PP should ensure handling, disposal and management of hazardous waste as per the related prescribed rules.
- (c) PP should obtain Renewal of authorization regularly from MPPCB for collection storage and disposal of hazardous waste (Management, handling & transboundary Movement) Rules 2008 and its amendments. Membership of the TSDF should be obtain for hazardous waste disposal.
- (d) Hazardous chemicals should be stored in sealed tanks, drums etc. Flame arrestors shall be provided on tanks. To avoid the spillage from processing unit, Industry shall provide fully mechanized filling and packaging operation unit.
- (e) Ensure the transportation of raw / finished material only by covered vehicles.
- (f) Ensure the storage and handling of all the chemicals in a proper and safe manner to avoid any spillages and also to prevent runoff contamination in monsoon.
- (g) Ensure collection & treatment of spillages, if any.
- (h) All necessary precautionary measures shall be taken to avoid any kind of accident during storage and handling of hazardous chemicals.

6. Green Belt Development:

- (a) PP should ensure plantation as proposed plot area 730 sq.m. i.e. 33% of the total area of indigenous local varieties like Neem, Peepal, Kadam and Kachnaar.
- (b) Every effort should be made to protect the existing trees on the plot.
- (c) Green area including thick green-belt shall be developed in at least 33% of the plot area to mitigate the effect of fugitive emissions all around the plant in consultation with the forest department as per the guidelines of CPCB.
7. PP should obtain NOC /approval from competent authority for health & safety measure, Onsite & Offsite disaster management, and Risk management plan before commencing the operation of the unit.
8. PP should obtain fire NOC from the competent authority before commencing the operation of the unit.
9. PP should ensure installation of photovoltaic cells (solar energy) for lighting in common areas, LED light fixtures and energy efficient equipments.

(Tanvi Sundriyal)
Member Secretary

(R.K. Sharma)
Member

(Rakesh K. Shrivastava)
Chairman

10. PP should ensure the implementation of CER activities in consultation with Village Sarpanch / District Collector, .
11. In the event of failure of any pollution control system adopted by the unit, the unit shall be safely closed down and shall not be restarted until the desired efficiency of the control equipment has been achieved.
12. Total quantity of runoff water generated and green belt area should be collected in underground tank & used for process in plant to minimize fresh water requirement.

2. Case No 8336/2021: Prior Environmental Clearance for Proposed Residential cum commercial Multidwelling Units "A-One Height's" at Khasra no. 1400/1, 1404/1 and 1404/1464 Village - Khajrana, Tehsil & District - Indore (M.P.) Total Project Area – 36,430 sq.m. Built up Area – 138950 sq.m by By Shri Mahindra Kumar Jain , President, M/s Deep Jyoti Grah Nirman Sahkari Sanstha Maryadit, 1/1, NEW PALASIA, INDORE, M.P.,-452001 E-mail: deepjyotigrahnirman@gmail.com, Mob. No- 9713125599

- (1) This is case of Prior Environment Clearance for construction of Proposed construction of residential cum commercial units "A-One Height's" at khasra no. 1400/1, 1404/1 and 1404/1464 Khajrana, Tehsil &, District- Indore, Madhya Pradesh. The project proponent is Shri Mahindra Kumar Jain , President, M/s Deep Jyoti Grah Nirman Sahkari Sanstha Maryadit.
- (2) The project includes Residential Units 940 (1BHK- 200, 2 BHK- 500, 3 BHK- 160, 4 BHK- 80) 10 Showrooms 80 Shops and 88 Offices.
- (3) The project is being developed in two Phases and the geographical location of the project is as follows:-

PHASE-1	PHASE-2
Latitude -22°43'04.85"N Longitude -75°54'55.56"E	Latitude 22°43'05.47"N Longitude 75°55'07.59"E

- (4) It is noted that the distance of this project site from the Ralamandal Wildlife Sanctuary is <10 km for which PP has applied for the NBWL Clearance and submit the copy of this application for further consideration of this project as per OM No. J-11013/41/2006-IA.II (I) Dated 02/12/2009. PP has submitted the copy of receipt for online NBWL application submitted for WL Clearance with proposal no. FP/MP/Others/5810/2021 and date of submission 08/03/2021.
- (5) As per the Joint Director T & CP (6034/INDLP-3494/17/Nagrani/2017I dated 30/06/2017) the total Plot Area – 3.645 (ha). The total built up area proposed by PP is 138950 sq.m. The project comes under 8 (a) category (B) of schedule of EIA Notification, 2006 because total construction is between 20,000 sq.m. & 1, 50,000 sq m. and plot area is less than 50 ha.
- (6) The case was discussed in SEAC meetings 491SEAC meeting dated 18.03.2021 and is recommended for grant of prior EC subject to special conditions.
- (7) Today the case was scheduled for presentation and after deliberation it is recorded that:-

It is noted as per the land documents the land ownership is the name of M/s Deep Jyoti Grah Nirman Sahkari Sanstha Maryadit and the said society has applied for environmental clearance for development of residential as well as

(Tanvi Sundriyal)
Member Secretary

(R.K. Sharma)

(Rakesh K. Shrivastava)
Chairman

commercial project as per approval of T & CP (6034/INDLP-3494/17/Nagrani/2017I dated 30/06/2017). It is decided to take an opinion from District, Collector Indore whether Cooperative Housing Society can enter into the development of commercial project.

- 3. Case No. 8341/2021 :** Prior Environment Clearance for proposed project Manufacturing of API and Bulk Drug Intermediates at Plot No. 13-B, Pithampur-6, Dist-Dhar MP- 454775 Total Project area – 18256.9 sq. m. Production Capacity: 1608 MT/PA by Shri Rohit Malpani, Director, M/S PHARMACO INDUSTRIES PRIVATE LIMITED, /1 Residency Area, A.B Road, Indore, Madhya Pradesh- 452001 Mob- 07727833601 Email- pharmacoindustries2020@gmail.com

1. The proposed project proposes to set up API and Bulk Drug Intermediate manufacturing facility at Plot No. 13-B, Pithampur-6, Dist- Dhar MP.
2. The topography of the area is undulated and reported to lies between - 22°36'56.22"N, to 22°37'02.73"N, Latitude and 75° 38'38.13"E to 75° 38'34.97"E Longitude.
3. The proposed project is covered under 5(f) category "Synthetic organic chemicals industry (dyes & dye intermediates; bulk drugs and intermediates excluding drug formulations; synthetic rubbers; basic organic chemicals, other synthetic organic chemicals and chemical intermediates) as per EIA Notification 2006 and categorized under B2 Category as per recent MoEFCC So. No. 1223 (E) dated 27th March 2020 further amended vide no. [F.No. 19-21/2020-IA.III] dated 15th October 2020In the context of pandemic COVID - 19,for considering the API & Bulk drug Projects as B-2 category.
4. There is no interstate boundary within 05 km and no National park, Sanctuary and Eco-sensitive areas within 05 km of the project area hence General condition are not attracted.
5. Salient feature of the project is as follows:-

Required details	Project Details
Site Address	Plot No. 13-B, Pithampur-6, Dist. Dhar-(M.P.) 454775
Proposed Production Capacity	1608 MT/Month
Product type	Active Pharmaceutical Ingredients(API) and Bulk Drug Intermediates
Boiler capacity	2 nos. of 3 TPH(Piped Natural Gas)
Power Requirement	1200 KVA
Land Area	18256.9 Sq.Mt.
Water Requirement & Source	100 KLD by MPIDC
Manpower Requirement	150 Nos.
Green belt Area	6040.60 Sq.mt.
ETP	ETP cum STP of 50 KLD and 20 KLD Evaporator+ ATFD
DG set	2 nos. (500 KVA and 625 KVA)
Scrubber	4 nos.
Cost of Project	15 Cr
EMP Cost (Capital)	1.08 Cr
EMP cost (recurring)	0.10 Cr

6. PP has applied to set up API and Bulk Drug Intermediate manufacturing facility with production capacity of 1608 MT/Annum as follows :-

S.No	Product Details	Proposed Quantity MT/PA
1	Manufacturing of API and Bulk Drug Intermediates	1608 MT/Annum

7. The case was considered in SEAC meetings 491th SEAC meeting dtd. 18.03.21 and is recommended for grant of prior EC subject to special conditions.
8. After the recommendation today the case was scheduled for presentation and after deliberation is recorded that:--
- (i) Total project area of the proposed unit is 18256.9. sq. m. Regarding land documents PP has submitted Letter of Intent (dtd. 17.02.2021) issued by MPIDC, Indore. Area break up for the proposed site is as follows:-

Sr.No.	Particulars	Total Area proposed – (Sq. Mt.)
1	Total Land Area	18256.9
2	Built up area	5322.67
2.1	Production blocks	3200.00
2.2	Utility (Cooling tower, Panel board, Boiler, Chilling plant, storage tanks), CCOE Drum Storage	579.67
2.3	R/M and F/G Stores	925.00
2.4	Office Block including and QA/QC	378.00
2.5	ETP & ZLD	240.00
3	Green Belt Area	6040.60
4	Open Area	6893.69

- (ii) The source of water supply for the project is MPAKVN. The Total Water Requirement is 100 KLD. The rejected water will be reused for gardening/green belt.
- (iii) 7KLD domestic wastewater shall be generated which will send to ETP cum STP. 2 KLD from boiler blow down, cooling tower 3 KLD, process 17KLD(Low COD/TDS) waste water is generated which will be sent to ETP plant (50 KLD) followed by RO and (High COD/TDS 10 KLD) will be sent to Evaporator plus ATFD(20 KLD) along with RO rejects.
- (iv) It is noted that there is a nallah exist on the site. The existing nallah which was earlier crossing from the existing plot is in process of filling by AKVN and

(Tanvi Sundriyal)
Member Secretary

(R.K. Sharma)
Member

(Rakesh K. Shrivastava)
Chairman

rerouting the nallah from the back side in L shape. PP has submitted that no any obstruction to flow of the nallah after the establishment of this unit.

- (v) 02 numbers of Boiler of 3.0 TPH capacities is proposed based on PNG and have bag filter and then connected to chimney of 30 m height. The outgoing flue gases quality will be monitored on a regular interval within the prescribed parameters, in-order to meet the CPCB norms.
- (vi) Comparing the maximum discharge in the worst case, PP has submitted the existing design and infrastructure is capable of handling the maximum discharge during worst case.

S. No	Particular	Worst Case
1	Machineries/Instruments	There is no worst case in this scenario as the proposed capacity of machineries/instruments are sufficient to meet the requirement.
2	Water	There is no worst case in the water consumption scenario.
3	Effluent	The ETP capacity is sufficient to meet the worst case scenario.
4	Gases	There is no worst case in this scenario as the proposed scrubber capacity is sufficient to meet the requirement.
5	Solid Waste	There is no worst case in this scenario

- (vii) PP has proposed that the based on the current cost of indigenous raw materials and the non availability of some materials, the company has to import some of the key raw materials as they are not available indigenously. All the storage tanks of raw materials/products are to be fitted with appropriate controls to avoid any spillage / leakage. Bund/dyke walls of suitable height shall be provided around the storage tanks and closed handling system of chemicals shall be provided.
- (viii) The main sources of air emission expected Due to boiler, DG set and manufacturing processes. For which PP has installed Acoustic Enclosure in DG and Stack height as per CPCB Norms, PNG will be used as a fuel in boiler.
- (ix) Solid / Hazardous waste shall be generated from the process. Solid waste will be disposed off through authorize vendors. Used or spent oil, Oil and Grease, distillation residues, Spent Catalyst, Spent solvent, Empty barrels/containers/liners contaminated with hazardous chemicals /wastes, Chemical sludge from waste water treatment, Date Expired products, off specification products etc will be sent to TSDF/ authorized recyclers
- (x) Vehicular movement will be regulated inside the site with adequate roads and parking shall be provided.
- (xi) PP has included disaster management plan, fire fighting plan on-site, off-site emergency plan in the EIA report.
- (xii) The power requirement for the project is 1200 KVA which will be sourced from MPPKVN. PP has proposed 2 nos. Of DG sets (500 KVA and 625 KVA) for power backup.
- (xiii) Total land area is 18256.9 Sq. Mt in which green belt area is 6040.60 Sq. Mt (33% of total land area).
- (xiv) Out of 18256.9 sq. m. Of the total plot area 6040.60 sq.m i.e. 33% of the total area will be developed for green belt. The green belt of 5-10 m width will

(Tanvi Sundriyal)
Member Secretary

(R.K. Sharma)
Member

(Rakesh K. Shrivastava)
Chairman

be developed mainly along the periphery, Backside of industry, Backside of utility block and road side.

- (xv) The total project cost will be Rs. 15 Crores.
- (xvi) Under CER activities PP has proposed infrastructure development with separate budget provision of Rs 3.00 lakh of surrounding villages in consultation with DM, Indore by **Development of toilets for girls in near by Schools (Govt. Primary School Bagdun, Government middle school Mangroda) - 2 nos.**

The submissions made by the PP were found to be satisfactory and acceptable hence it is decided to accept the recommendations of 491st SEAC meeting dtd. 18.03.21 and grant Prior Environmental Clearance for proposed project Manufacturing of API and Bulk Drug Intermediates at Plot No. 13-B, Pithampur-6, Dist-Dhar MP- 454775 Total Project area – 18256.9 sq. m. Production Capacity: 1608 MT/PA by Shri Rohit Malpani, Director, M/S PHARMACO INDUSTRIES PRIVATE LIMITED, /1 Residency Area, A.B Road, Indore, Madhya Pradesh- 452001, subject to the following specific conditions:-

1. The entire demand of fresh water should be met through MPAKVN as applied on 03.03.21. PP should obtain clear NOC from AKVN for supply of water and there should no extraction of ground water. Fresh water should not be used for Irrigation and gardening purpose.
2. PP should ensure that there should no obstruction of nallah flowing along the industry and not allowed to disposal of waste water into the drain.
3. **Waste water:**
 - (c) PP should ensure “Zero effluent discharge” from the unit by 100% recycling. The water softening reject, boiler blow down reject and cooling blow down will be treated in ETP. Further treated waste water will go through the RO and finally re used/recycled in the process and unused waste water evaporate in MEE.
 - (d) RO and MEE should be provided for treatment of high COD waste streams and only in case of emergency/breakdown high COD wastes should be disposed off through CTSDf, Pithampur, Dhar.
4. **For Air Pollution:**
 - (k) PP should ensure install Bag house in stack for control of air pollution and stack height as proposed in the EIA/ EMP.
 - (l) The performance of air pollution control system should be regularly monitored and maintained.
 - (m) PP should ensure regular Stack monitoring & Ambient air quality monitoring and should be carried out as per the guidelines/norms of MPPCB/CPCB.
 - (n) In plant control measures for checking fugitive emission from all the vulnerable sources shall be provided. Fugitive emission shall be controlled by providing closed storage, closed handling & conveyance of chemicals/materials, multi cyclone separator/bag filters and water sprinkling system.
 - (o) Dust suppression system including water sprinkler system/ fogging arrangement shall be provided at loading and unloading areas to control dust emission.

(Tanvi Sundriyal)
Member Secretary

(R.K. Sharma)
Member

(Rakesh K. Shrivastava)
Chairman

- (p) Fugitive emission in the work zone environment, product, raw material storage areas etc. shall be regularly monitored.
- (q) High efficient four stage ventury scrubber should be provided.
- (r) Transportation of raw material and finished goods should be carried out in covered trucks.
- (s) Company shall carry out the HAZOP study and report shall be submitted to ministry MoEF & CC Regional Office, Bhopal.
- (t) For control of fugitive emission and VOCs following steps should be followed:-
 - Chilled brine circulation system shall be provided and it should be ensured that the solvent recovery efficiency is not be less than 95%.
 - Reactor and solvent handling pump shall be provided with mechanical seal to prevent leakage.
 - Closed handling system should be provided for chemicals.
 - System of leak detection and repair of pump/pipeline should be based on preventive maintenance.
 - Solvent shall be taken from underground storage tank to reactor through closed pipeline. Storage tank shall be vented through trap receiver and condenser operated on chilled water.

5. Hazardous Waste Management:

- (i) As proposed above, PP should ensure disposal of hazardous waste regularly and there should be no dumping of these materials in the premises/outside.
- (j) PP should ensure handling, disposal and management of hazardous waste as per the related prescribed rules.
- (k) PP should obtain Renewal of authorization regularly from MPPCB for collection storage and disposal of hazardous waste (Management, handling & transboundary Movement) Rules 2008 and its amendments. Membership of the TSDF should be obtain for hazardous waste disposal.
- (l) Hazardous chemicals should be stored in sealed tanks, drums etc. Flame arrestors shall be provided on tanks. To avoid the spillage from processing unit, Industry shall provide fully mechanized filling and packaging operation unit.
- (m) Ensure the transportation of raw / finished material only by covered vehicles.
- (n) Ensure the storage and handling of all the chemicals in a proper and safe manner to avoid any spillages and also to prevent runoff contamination in monsoon.
- (o) Ensure collection & treatment of spillages, if any.
- (p) All necessary precautionary measures shall be taken to avoid any kind of accident during storage and handling of hazardous chemicals.

6. Green Belt Development:

- (a) PP should ensure plantation as proposed plot area 6040.60 sq.m i.e. 33% of the total area of indigenous local varieties like Neem, Peepal, Kadam and Kachnaar.
- (b) Every effort should be made to protect the existing trees on the plot.
- (c) Green area including thick green-belt shall be developed in at least 33% of the plot area to mitigate the effect of fugitive emissions all around the plant in consultation with the forest department as per the guidelines of CPCB.
- (d) Explore the possibility to create buffer zone along the nallah.

(Tanvi Sundriyal)
Member Secretary

(R.K. Sharma)

(Rakesh K. Shrivastava)
Chairman

7. PP should obtain NOC /approval from competent authority for health & safety measure, Onsite & Offsite disaster management, and Risk management plan before commencing the operation of the unit.
 8. PP should obtain fire NOC from the competent authority before commencing the operation of the unit.
 9. PP should ensure installation of photovoltaic cells (solar energy) for lighting in common areas, LED light fixtures and energy efficient equipments.
 10. PP should ensure the implementation of CER activities in consultation with Village Sarpanch / District Collector, .
 11. In the event of failure of any pollution control system adopted by the unit, the unit shall be safely closed down and shall not be restarted until the desired efficiency of the control equipment has been achieved.
 12. Total quantity of runoff water generated and green belt area should be collected in underground tank & used for process in plant to minimize fresh water requirement.
- 4. Case No. 8380/2021 :** Prior Environment Clearance for Molasses and syrup based Fuel Ethanol Plant of 45 KLD Village - Ghatwa, Tehsil- Thikri, Barwani, Madhya Pradesh-451660 Total Land area – 25-30 acres available acres, Propsed Capacity: 45 KLPD on C Molasses / 65 KLPD on B Molasses / 75 KLPD on Cane Juice or Syrup by Rishabh Goyal, Director, M/S Mekalsuta Sugars Pvt Limited Village - Ghatwa, Tehsil- Thikri, Barwani, Madhya Pradesh- 451660 Email - mekalsutasugar@gmail.com, Mob- 9424578788

This case was recommended in 493rd SEAC Meeting dated 23.03.21 and PP was called for presentation however PP could not come for presentation hence, the case is deferred for upcoming meetings of SEIAA.

- 5. Case No 8381/2021:** Prior Environmental Clearance for Proposed Construction of LAABHAM BUSINESS WORLD at 72/1/MIN-3, 73/2/MIN-2, 74/1/MIN-1, 74/1/MIN-2, 72/1/MIN-1, 72/1/MIN-2, 72/2/2/MIN-1, 73/2/MIN-1 Village - Hukmakhedi, Tehsil- Indore, District- Indore (M.P.) Total Project Area - 14010.00 Sq.mt. Built up Area – 39993.21 sq.m by M/s LAABHAM Properties Pvt. Ltd, through Director – Shri Satyanarayan Mantri, 121, FB, Sch. no. 94 near Bengali Square, Indore(MP) - E-mail: lbmsmall21@gmail.com, Tel No- 0731-2592590
- (1) The proposed project is Shopping Mall development project " LAABHAM BUSINESS WORLD " at Village - Hukmakhedi, Tehsil-Indore, District- Indore (M.P.) The project includes 416 Shops, 79 Offices & 1 Hall.
 - (2) The project is located between Latitude: 23°39'23.42"N & Longitude: 75°49'23.07". Project site is 10.065 Km away from Ralamandal Sanctuary.
 - (3) As per the T & CP Indore (**INDLP-6174/19/NGRANI/2020 Indore dated 04/01/2020**) the total Plot Area of the project is – 1.401 ha . The total built up area proposed by PP is 39993.21 sq.m. The project comes under 8 (a) category (B) of schedule of EIA Notification, 2006 because total construction is between 20,000 sq.mt. & 1, 50,000 sq mt. and plot area is less than 50 ha.
 - (4) The case was discussed in SEAC meetings 493rd SEAC meeting dated 23/03/2021 and is recommended for grant of prior EC subject to special conditions.

- (5) After the recommendation today the case was scheduled for presentation and after deliberation it is recorded that:-
- i. Regarding land documents PP has submitted Khasra Panchsala 2019-2020. As per the land documents the landownership is the name of M/s Suyash Exim Pvt. Ltd. through Director Mrs. Kavita Poddar and Shri Anil Kumar Poddar. PP has also submitted registered development agreement dtd. 22.10.2019 executed between Suyash Exim Pvt. Ltd. through Director – Shri Satyanarayan Mantri S/O Shri Mohanlal Mantri for the development of the project.
 - ii. Total water required for the proposed project is estimated around 154KLD, out of which fresh water requirement is about 70.9 KLD. The Main source of water supply will be Municipal water supply. For construction phase PP has proposed water supply from the private tanker suppliers. PP has submitted application dtd. (dtd. 16.03.21) to Municipal Corporation Indore for Water supply.
 - iii. During operational phase around 126.31KLD waste water will be generated which gets treated in the MBBR based STP (Capacity - 150 KLD). 113.68 KLD will be the total recycled water generated out of which 82 KLD recycled water will be used for flushing, 66.04 KLD and 16.13 KLD for landscaping & Misc. purpose and 31 KLD extra treated water will be disposed into municipal line. PP has submitted application dtd. (dtd. 16.03.21) to Municipal Corporation Indore for disposal of waste water.
 - iv. Approximately 1.44 TPD Municipal Solid waste shall be generated. The generated biodegradable and non biodegradable waste will be collected in twin Bin system at within campus and final disposal through Municipal Corporation Indore. The sewage sludge generated from STP will be also disposed off with municipal waste. PP has submitted application dtd. (dtd. 16.03.21) to Municipal Corporation Indore for disposal of solid waste.
 - v. The topography of the proposed project site is flat without significant undulation. The storm water drainage planning is integral part of the proposed project. Adequate storm water channels at the site is provided in drainage design to ensure that the storm water runoff flow direction and drainage pattern remains unaffected during post construction/ operational phase.
 - vi. The maximum height of the building is 24.00 M + Basement1 + Basement 2. The project complex will have traffic entry and exit road as per approved lay out issued by Joint Director, T& CP, Indore.
 - vii. PP has proposed to provide underground water storage tank, External Fire Hydrant System, Wet Riser System, Portable Fire extinguisher, Sprinkler System, & Fire Alarm system etc. as per NBC 2005.
 - viii. PP has proposed 6 Nos. of RWH pits of 16 cu.m. each recharge capacity. Proposed recharge potential to be created by the project would improve ground water regime of the area and would contribute to positive groundwater environment.

- ix. Total Power Requirement is 3112.5 KVA. The source of electricity is Madhya Pradesh Kshetra Vidyut Vitran Company Limited. PP has also provided power back up DG Set = 125 KVA & 35 KVA. For control of energy PP has proposed Level controller for pumps, Timer for street & Common lighting, Designing of peak & non peak circuits for common area, Reduced in load due to using the LED Lights, Distribution Transformer are 3 star Rated as per BEE norms, Solar powered street lights shall be used to conserve energy.
- x. PP has proposed to provide total 544 ECS (Open- 50 ECS + Basement 1- 247 ECS + Basement 2- 247 ECS)
- xi. As a part of development 1227 Sq.mt. of total land area will be devoted for landscaping. Total trees planted would be 800 Nos (Trees & Ornamental plants).
- xii. As per suggestion of Authority PP has submitted EMP and CER activities as per office memorandum dtd 25.02.2021 as follows:-

A) DESCRIPTION	CAPITAL COST (LAKHS)	RUNNING COST (LAKHS/YEAR)
Air		
Construction Phase	1.00	
Operation Phase		0.50
Noise		
Construction Phase	5.00	
Operation Phase		0.30
Water and Land		
Construction Phase	5.00	
Operation Phase		2.00
Sewage Treatment Plant	45.00	5.00
Rainwater Harvesting & Storm Water Management	5.00	0.50
Solid Waste Management	10.00	3.00
Energy		
Lighting and Solar System	25.00	1.00
Biological		
Landscaping	6.00	1.50
B) DESCRIPTION	CAPITAL COST (LAKHS)	
Misc.		
Fire Fighting System	60.00	
CCTV & Other Misc. Expenses like PPE's, First Aid Facilities	5.00	
Total	Rs. 167.00 Lakhs	Rs. 17.30 Lakhs/ year
C) DESCRIPTION	CER Cost

---	---

The submissions made by the PP were found to be satisfactory and acceptable hence it is decided to accept the recommendations of 493rd SEAC meeting dated 23.03.21 with special conditions and accord Prior Environmental Clearance for proposed Construction of LAABHAM BUSINESS WORLD at 72/1/MIN-3, 73/2/MIN-2, 74/1/MIN-1, 74/1/MIN-2, 72/1/MIN-1, 72/1/MIN-2, 72/2/2/MIN-1, 73/2/MIN-1 Village - Hukmakhedi, Tehsil-Indore, District- Indore (M.P.) Total Project Area - 14010.00 Sq.mt. Built up Area – 39993.21 sq.m by M/s LAABHAM Properties Pvt. Ltd, through Director – Shri Satyanarayan Mantri, 121, FB, Sch. no. 94 near Bengali Square, Indore(MP) subject to following specific conditions imposed by SEIAA:-

1. The fresh water supply arrangement should be met through Municipal Corporation Indore. PP should ensure to obtain clear NOC from Municipal Corporation ,Indore as applied on 16.03.2021.
2. The inlet and outlet point of natural drain system should be maintained with adequate size of channel for ensuring unrestricted flow of water.
3. **Disposal of waste water.**
 - a. PP should ensure disposal of waste water arrangement should be done in such a manner that water supply sources are not impaired.
 - b. PP should ensure linkage with municipal sewer line (as applied to Municipal Corporation dated 16.03.21) for disposal of extra treated waste water.
4. **Solid Waste Management:**
 - a. Separate wet and dry bins must be provided at the ground level for facilitating segregation of waste.
 - b. The solid waste generated should be properly collected and segregated. Wet garbage should be composted and dry inert solid waste should be disposed off to the approved sites for land filling after recovering recyclable material.

(Tanvi Sundriyal)
Member Secretary

(R.K. Sharma)
Member

(Rakesh K. Shrivastava)
Chairman

- c. Ensure linkage with Municipal Corporation for final disposal of MSW.
- 5. **PP should ensure road width, front MOS and side / rear as per MPBVR 2012.**
- 6. **For fire fighting:-**
 - a. PP should ensure distance of fire station approachable from the project site.
 - b. PP should ensure to provide underground water storage tank, External Fire Hydrant System, Wet Riser System, Portable Fire extinguisher, Sprinkler System, & Fire Alarm system etc. as per NBC 2005.
 - c. PP should submit necessary drawings and details to the Authority (Nagar Nigam, Indore) incorporating all the fire fighting measures recommended in National Building Code 2005. The occupancy permit shall be issued by Nagar Nigam only after ensuring that all fire fighting measures are physically in place.
- 7. **For Rain Water Harvesting, and Ground water recharge:-**
 - a. PP should ensure the rain water harvesting with 06 no. of recharging pits and these pits should be connected laterally to consume the surplus runoff. In addition, PP should provide recharging trenches. The base of the trenches should be Kachha with pebbles.
 - b. The storm water from roof – top, paved surfaces and landscaped surfaces should be properly channelized to the rain water harvesting sumps through efficient storm water network as proposed. The budget should be included in EMP plan for storm water management.
 - c. Rain water harvesting for roof run- off and surface run- off, as plan submitted should be implemented. Before recharging the surface run off, pre-treatment must be done to remove suspended matter, oil and grease.
- 8. PP should ensure to provide car parking 544 ECs (Open- 50 ECS + Basement 1- 247 ECS + Basement 2- 247 ECS) and Parking area will be not allowed to divert for other activities.
- 9. **Green belt :-**
 - a. PP should ensure plantation in an area of 1227 sq.mt of total land area by planting 800 trees in two rows in periphery, other open area, parking area and other amenities. Trees of indigenous local varieties like Neem, Peepal, Kadam, Karanj, Kachnaar, Saltree, Gulmohar etc. should be planted.
 - b. The green belt of the adequate width and density preferably with local species along the periphery of the plot shall be raised so as to provide protection against particulates and noise.
 - c. PP should create buffer zone in both side of the drain passing adjacent to the project site.
- 10. The project proponent shall comply with the provisions contained in this Ministry's OM issued vide F.No. 22-65/2017-IA.III dated: 25 February 2021, as applicable, regarding Corporate Environment Responsibility and Environmental Management Plan.

PP has submitted the response of above quarries same date vide letter dated 19.03.2021, which was placed before the committee and the same found satisfactory. The mining shall be done as per the approved mine plan by concerned DGMS. The EMP and other submissions made by the PP were found to be satisfactory and acceptable, hence committee decided to recommend the case for grant of prior EC subject to the following special conditions in addition to the standard conditions at annexure 'B':

PP/Consultant made a presentation on all aspects of the project and all concerned issues were discussed in detail. After detailed discussions and perusal of recommendations of 492nd SEAC meeting dated 19.3.2021, presentation made by the PP in SEIAA, it was decided to accept the recommendation of SEAC for grant of prior EC to the project subject to the following specific conditions:-

- I. PP shall not start mining activity before execution of lease agreement.
- II. The production capacity shall be limited to the quantity as recommended by SEAC.
- III. The mining shall be carried out strictly as per the approved mining plan and ensure that the annual replenishment of sand in the mining lease area is sufficient to sustain the mining operations at levels prescribed in the mining plan.
- IV. No ramp will be allowed within the river basin to transport sand to the other bank. Transportation will be allowed on the bank side where the mineral is being excavated.
- V. The entire lease area should be properly fenced and boundary stones marked at the site.
- VI. No in-stream mining shall be allowed. The local authorities should ensure that the mining activity is confined only in the dry portion where sand is exposed.
- VII. Leaving the submerged area as non-mining zone as committed in PP.
- VIII. The depth of the pit shall be as per Approved Mining Plan.
- IX. As per sand mining notification the sand mines of below than 05 ha shall be carried out with Manual Method.
- X. Transportation of sand not allowed during opening & closing timing of the school located in village area.
- XI. Transportation of sand shall be strictly carried out from outside the village area.
- XII. If the stream is dry, the excavation must not proceed beyond the lowest undisturbed elevation of the stream both which is a function of local hydraulics, hydrology and geomorphology.
- XIII. No Mining shall be carried out during Monsoon season.

(Tanvi Sundriyal)

- XIV. Alternate transportation route should be decided in consultation with the local Gram Panchayat.
- XV. Total 6000 saplings of suitable tree species i.e. Neem, Peepal, Bargad, Karanj, Kadam, Arjun etc. shall be planted by PP under plantation programme at Khasra No. 9 & 23/1 Dist. Hoshangabad in consultation with Gram Panchayat/ District Administration. PP shall also explore and identify the chunk of land in the area from revenue record to carry out plantation programme as proposed.
- XVI. Over loading will be strictly prohibited.
- XVII. Water sprinkling will be done on the approach road on the regular basis.
- XVIII. PP must ensure the implementation of following activities under CER with all budgatory provision as committed in SEIAA :

Village Name: - Markadhana

- 1. Repair & whitewash of village middle school of Markadhana & in addition construction of a new toilet with proper overhead water supply facility under Jal Jeevan Mission in consultation with local Janpad Panchayat.*
- 2. Installation of a Handpump with borewell & proper concreting around it at Markadhana village common area for villagers.*

PP shall ensure contribution of funds on behalf of village under Jal Jeewan Mission in consultation with Janpad Panchayat and PHED. PP shall give preference to develop/provide infrastructural facilities in schools or aanganwadies of above villages. The modification to the above activities can be made with the permission of the district administration and need based activity for the development of nearby villages shall be implemented by PP in consultation with the District Collector and Gram Panchayat.

- XIX. PP should ensure to submit half yearly compliance report, Plantation and CER activity report along with photographs of all activities in MP-SEIAA. If PP is failed to upload or submit two consecutive half yearly compliance reports of EC conditions to concerned authority (SEIAA and Regional Office, MoEF&CC, GoI, Bhopal) than prior environmental clearance issued to PP will automatically be treated as cancelled/ revoked as per OM No. 930/SEIAA/2019 dated 30.05.2019 issued by MPSEIAA.

Hence, Prior Environmental Clearance is granted for Sand Quarry in an area of 4.0 ha. for production capacity of 31650 cum per annum at Khasra No. 86 at Village - Markadhana, Tehsil - Pipariya, Dist. Hoshangabad (MP) for the lease period to M/s R.K.Transport and COstructions Ltd, Director, Shri Chandra Prakash Singh, 65-A, Transport Nagar, Dist. Korba, Chhattisgarh

- 11. Case No 6961/2020, Prior Environment Clearance for Iron ore Mine in an area of 32.374 ha. for expansion in production capacity from 2,00,000 to 600000 Tonne per**

annum at Khasra No. 440/1 (New), 628/1 (old) at Village - Agaria, Tehsil - Sihora, Dist. - Jabalpur (MP) by M/s Nirmala Minerals, Pathak Ward, Dist. - Katni, MP - 483501.

- (1) This is a project pertaining to mining of **Iron ore Mine** in MLA of 32.374 ha. The activity is mentioned at S.No. 1 (a) of the Schedule of EIA Notification 2006 as amended from time to time. The project is reported to be at a distance of more than 10 km from National Park /Sanctuary etc. thus it is not attracted by the general conditions by virtue of its location and mining lease area. The case was forwarded by SEIAA to SEAC for appraisal of EIA for environmental clearance for the project.
- (2) The mining lease was granted to M/s Nirmala Minerals, Pathak Ward, Dist. Katni, MP – 483501 in the year 1987 for 50 years, which is applicable after lease agreement. This is a case of existing mining lease of mining lease for expansion in production capacity. The Mining Plan with progressive mine closure plan has been approved by Indian Bureau of Mines (Regional Office, Jabalpur) vide Letter No. MP/Jabalpur/Iron Ore/ MPLN/MOD-39/2016-17 1514 dated 11.04.2017.
- (3) SEAC in its 490th SEAC meeting dtd. 16.03.2021 has recommended the case with 34 special conditions for issuance of EC.
- (4) It was noted that as per DFO L.No. 7449 Jabalpur, dtd. 06.11.2015, the National Park /Sanctuary is not located within 10 Km. radius from the mining site. Hence, the General Conditions are not attracted.
- (5) PP/Consultant made a presentation on all aspects of the project and all concerned issues were discussed in detail.
- (6) It was noted that the water requirement is 21.0 KLD (3.0 KLD for Domestic use/ Drinking + 11 KLD for Dust suppression + 7.0 KLD for Green Belt). The water requirement will met through mine quarry and nearby Gram Panchayat.
- (7) The proposed plantation programme was examined and it was found that total 33535 saplings shall be covered under plantation program.
- (8) It was also noted that the Public Hearing was carried out on 04.11.2020 at Mine Parisar Village - Dubiyara, Tehsil - Sihora, Dist.-Jabalpur (MP) under the Chairmanship of Additional Collector, Jabalpur (MP).

After detailed discussions and perusal of recommendations of 491st SEAC meeting dated 18.03.2021, it was decided to accept the recommendation of SEAC for grant of prior EC to the project subject to the following specific conditions:

- I. Before commencing any mining activity fencing shall be carried out all around the lease area. Proper watch and ward arrangements should be made with installation of signage at 4 corners of lease area to avoid any untoward incident involving public and animals by the PP.
- II. Lease agreement shall be carried out before execution of mining operation.

(Tanvi Sundriyal)
Member Secretary

(R.K. Sharma)
Member

(Rakesh K. Shrivastava)
Chairman

- III. Plantation programme as mentioned in EIA/EMP and presented during presentation in SEIAA & SEAC shall be followed in content and spirit.
- IV. PP shall demarcate a barrier zone of 7.5 m as no mining zone in the periphery of mining lease area and leave 100 m as no mining zone from nearby habitation and develop a green belt. Three rows plantation shall be carried out towards the habitation side and all around the periphery of ML area & maintained as greenbelt area in current year with proper watering arrangement.
- V. PP shall ensure that existing trees not to be uprooted within the ML area.
- VI. PP assured the compliance of conditions given by Divisional Committee during mining activities.
- VII. PP will plant 3 years old 33535 saplings of suitable tree species i.e. Munga, Jackfruit, Bel , Bamboo, Mango , Karanj , Kachnar , Gulmohar , Mahua , Neem , Khmer , Amla , Jamun , Dalberia Sissoo , Palash , Pipal , Bargad , Mahua etc. will be planted along the lease boundary, BF area, no mining area and transportation route and identified revenue land of the district in consultation with DM/ Gram Panchayat. PP shall also explore and identify the chunk of govt. land between ML boundary and habitation in the area from revenue record to carry out plantation programme as proposed.
- VIII. The mining operation shall be restricted to above ground water table and in no case it should intersect the ground water table. In case of working below the ground water table, approval of the Central Ground Water Board shall be obtained.
- IX. The overburden and waste will be stacked within ML area and simultaneously backfilled in the mined out area where plantation will be raised on it.
- X. PP shall ensure that waste material shall not be stacked long time in ML area.
- XI. No overburden will be dumped outside the mine lease area.
- XII. Regular water quality monitoring shall be carried out by PP before discharging it into the nearby agriculture fields from authorized laboratory in consultation with Regional Officer, MP PCB. Regular air and noise quality monitoring shall also be carried out from authorized laboratory in consultation with Regional Officer, MP PCB at regular interval.
- XIII. PP shall ensure the generation of employment opportunities nearby Village on priority basis.
- XIV. Payments of wages to the workers shall be done in consonance with the provisions in the labour laws.
- XV. Proper infrastructure with shelter, drinking water, toilet and first-aid facilities shall be provided for the laborers. A provision should be made to construct a pakka rest shelter along with toilet and drinking water facility.

- XVI. PP should also carry out regular sprinkling in the mining lease area to arrest dust emission from mining activities affecting the nearby agriculture fields.
- XVII. Mining shall be limited to the area as shown in surface plan and as per the approved mining scheme.
- XVIII. PP shall ensure the proper water supply arrangements for plantation especially in summer season.
- XIX. PP shall ensure proper implementation of plantation, dust suppression, construction of approach road and maintenance of existing pakka road as part of Environmental Management Plan. Additional budget provision shall be made as part of EMP.
- XX. PP must ensure the implementation of compliance of the commitment made in Public Hearing in addition to this following activity with separate budget provision under CER as committed.

- ❖ To provide water supply system in village Dubiyara.
- ❖ Dredging and beautification of pond at Ghugharikala village (Beneficiary 350 people) construction will be done by end of Dec 2021.
- ❖ Upgradation of govt. primary school building in Dubiyara and Ghugharikala Village.
- ❖ Distribution of mask, sanitizer and gloves for village Dubiyara.(200 no. once in a month)
- ❖ Distribution of medicine as per Doctor suggestion / required by poor people in Village Dubiyara, Ghugharikala and Tikariya.
- ❖ Construction of 500 m CC road in village dubiyara by March 2022
- ❖ Provision of 5 no. of solar street light in the Dubiyara Village by Nov 2021
- ❖ Development of Grazing land of village Dubiyara.
- ❖ Upgradation of Anganwadi building in Village Dubiyara
- ❖ Hired ambulance will continue to be provided as and when required for needy people.

PP shall ensure contribution of funds on behalf of village under Jal Jeewan Mission in consultation with Janpad Panchayat and PHED. PP shall give preference to develop/provide infrastructural facilities in schools or aanganwadies of above villages. The modification to the above activities can be made with the permission of the district administration and need based activity for the development of nearby villages shall be implemented by PP in consultation with the District Collector and Gram Panchayat.

- XXI. PP should ensure to submit half yearly compliance report, Plantation and CER activity report along with photographs of all activities in MP-SEIAA. If

PP/Consultant made a presentation on all aspects of the project and all concerned issues were discussed in detail. After detailed discussions and perusal of recommendations of 491st SEAC meeting dated 18.03.2021, presentation made by the PP in SEIAA, it was decided to accept the recommendation of SEAC for grant of prior EC to the project subject to the following specific conditions:-

- I. Before commencing any mining activity fencing shall be carried out all around the lease area. Proper watch and ward arrangements should be made with installation of signage at 4 corners of lease area to avoid any untoward incident involving public and animals by the PP.
- II. PP shall demarcate a barrier zone of 7.5 m as no mining zone in the periphery of mining lease area and develop a green belt. PP shall ensure to carry out field demarcation in presence of the officials of Bandhavgarh Tiger Reserve. Three row plantations shall be carried out in the greenbelt area in current year with proper watering arrangement.
- III. PP shall not start mining activity before execution of lease agreement.
- IV. The depth of the pit shall be as per the Approved Mining Plan.
- V. PP shall ensure no cutting of any existing trees within the lease area.
- VI. Total 3030 saplings of suitable tree species i.e. Neem, Pipal, Sissoo, Bargad, Amaltas, Khirni, Mango, Guava, Bamboo, Imli etc. shall be planted by PP under plantation programme at Khasra No. 78 & 11 at Village - Silpari, Tehsil - Bilaspur, Dist. Umariya MP in consultation with Gram Panchayat/ District Administration. PP shall also explore and identify the chunk of land in the area from revenue record to carry out plantation programme as proposed.
- VII. PP shall ensure to construct pakka approach road and maintained it. Plantation will be carried out on both side of the approach road.
- VIII. Payments of wages to the workers shall be done in consonance with the provisions in the labour laws.
- IX. PP shall ensure the proper water supply arrangements for dust suppression, regular sprinkling, plantation and drinking purposes especially in summer season.
- X. PP shall ensure proper implementation of plantation, dust suppression, construction of approach road and maintenance of existing pakka road as part of Environmental Management Plan. Additional budget provision shall be made as part of EMP.
- XI. PP must ensure implementation of the following activities under CER
 - d) Development of Grazing land in consultation with Gram Panchayat.
 - e) Construction of cemented benches in Silpari, Village Bus stop.
 - f) Furniture's for Govt Middle School of Silpari Village.

Nmajhagnva, Dist. Satna (MP) by Shri Vinay Kamal Tripathi S/o Shri Chandrakamal Tripathi, R/o, Chandmari Road, Dhawari, Gali No. 01, Dist. Satna, MP - 485001

This case was recommended in 492nd SEAC meeting dated 19.03.21 and it was recorded that.....

..... The case was presented by the PP and their consultant wherein it was observed by the committee that it's a case of Murrum thus no blasting is proposed and a natural drain is in existence at 40 m in the NE side PP submitted that a setback of 10 meters will be left as non mining area. The EMP and other submissions made by the PP were found to be satisfactory and acceptable, hence committee decided to recommend the case for grant of prior EC subject to the following special conditions in addition to the standard conditions at annexure 'A':

PP/Consultant made a presentation on all aspects of the project and all concerned issues were discussed in detail. After detailed discussions and perusal of recommendations of 492nd SEAC meeting dated 19.03.21, presentation made by the PP in SEIAA, it was decided to accept the recommendation of SEAC for grant of prior EC to the project subject to the following specific conditions:-

- I. Before commencing any mining activity fencing shall be carried out all around the lease area. Proper watch and ward arrangements should be made with installation of signage at 4 corners of lease area to avoid any untoward incident involving public and animals by the PP.
- II. PP shall not start mining activity before execution of lease agreement.
- III. The depth of the pit shall be as per Approved Mining Plan.
- IV. The entire area shall be fenced and three rows of plantation should be done on the periphery.
- V. The mining operation shall be restricted to above ground water table and in no case it should intersect the ground water table. In case of working below the ground water table, approval of the Central Ground Water Board shall be obtained.
- VI. Before commencing the mining activity, site demarcation should be done leaving 50 m. from natural drain towards northern-eastern side as a "no mining zone". The demarcation should be done by the Revenue Officials in the presence of Mining Officer, Satna.
- VII. PP shall ensure to construct garland drain with settling tank all around the lease area and regular cleaning & maintenance shall also be carried out by PP.
- VIII. PP shall ensure the proper water supply arrangements for dust suppression, regular sprinkling, plantation and drinking purposes especially in summer season.
- IX. Total 3000 saplings of suitable tree species i.e. Neem, Pipal, Dalbargia sissoo, Bargad, Amaltas, Khirni, Mango, Guava, Bamboo etc. shall be planted by PP in first three years under plantation programme in barrier zone, no mining area and khasra no. 209/6P at Village- Kathauta in consultation with Gram Panchayat/ District Administration. PP shall also explore and identify the chunk of land in the area from revenue record to carry out plantation programme as proposed.

- X. PP shall ensure proper implementation of plantation, dust suppression, construction of approach road and maintenance of existing pakka road as part of Environmental Management Plan. Additional budget provision shall be made as part of EMP.
- XI. PP must ensure implementation of the following activities under CER as committed:

❖ **Construction of boundary wall (30m X2m) of govt. primary school at village Kathauta.**

PP shall ensure contribution of funds on behalf of village under Jal Jeewan Mission in consultation with Janpad Panchayat and PHED. PP shall give preference to develop/provide infrastructural facilities in schools or aanganwadies of above villages. The modification to the above activities can be made with the permission of the district administration and need based activity for the development of nearby villages shall be implemented by PP in consultation with the District Collector and Gram Panchayat.

- XII. PP should ensure to submit half yearly compliance report, Plantation and CER activity report along with photographs of all activities in MP-SEIAA. If PP is failed to upload or submit two consecutive half yearly compliance reports of EC conditions to concerned authority (SEIAA and Regional Office, MoEF&CC, GoI, Bhopal) than prior environmental clearance issued to PP will automatically be treated as cancelled/ revoked as per OM No. 930/SEIAA/2019 dated 30.05.2019 issued by MPSEIAA.

Hence, Prior Environmental Clearance is granted for Murrum Quarry (opencast manual/semi mechanized method) in an area of 2.0 ha. for production capacity of 14991 cum per annum at Khasra No. 209/6 P at Village - Kathauta, Tehsil - Nmajhagnva, Dist. Satna (MP) for the lease period to Shri Vinay Kamal Tripathi S/o Shri Chandrakamal Tripathi, R/o, Chandmari Road, Dhawari, Gali No. 01, Dist. Satna, MP - 485001.

25. Case No 8347/2021 Prior Environment Clearance for Murrum Quarry (opencast manual/semi mechanized method) in an area of 1.60 ha. for production capacity of 10000 cum per annum at Khasra No. 70/1, 71/1/2, 83/2, 194/5/2, 204/2/2/1/1 at Village - Purachhindwara, Tehsil - Huzur, Dist. Bhopal (MP) by Shri Pappu Khan, House No. 85, Village - Bagoniya, Post - Taraisewaniya, Tehsil - Huzur, Dist. Bhopal, MP

This case was recommended in 492nd SEAC meeting dated 19.03.21 and it was recorded that.....

..... PP has submitted the response of above quarries same date vide letter dated 19.03.2021, which was placed before the committee and the same found satisfactory. The EMP and other submissions made by the PP were found to be satisfactory and acceptable, hence committee decided to recommend the case for grant of prior EC subject to the following special conditions in addition to the standard conditions at annexure 'A':

PP/Consultant made a presentation on all aspects of the project and all concerned issues were discussed in detail. After detailed discussions and perusal of recommendations of 492nd SEAC meeting dated 19.03.21, presentation made by the

PP in SEIAA, it was decided to accept the recommendation of SEAC for grant of prior EC to the project subject to the following specific conditions:-

- I. Before commencing any mining activity fencing shall be carried out all around the lease area. Proper watch and ward arrangements should be made with installation of signage at 4 corners of lease area to avoid any untoward incident involving public and animals by the PP.
- II. PP shall not start mining activity before execution of lease agreement.
- III. The depth of the pit shall be as per Approved Mining Plan.
- IV. The entire area shall be fenced and three rows of plantation should be done on the periphery.
- V. The mining operation shall be restricted to above ground water table and in no case it should intersect the ground water table. In case of working below the ground water table, approval of the Central Ground Water Board shall be obtained.
- VI. Before commencing the mining activity, site demarcation should be done leaving 20m. from kachha road of both sides of the ML area towards crossing the lease and pillar no. D-7 of ML area as a "no mining zone". The demarcation should be done by the Revenue Officials in the presence of Mining Officer, Bhopal.
- VII. PP shall ensure to construct garland drain with settling tank all around the lease area and regular cleaning & maintenance shall also be carried out by PP.
- VIII. PP shall ensure the proper water supply arrangements for dust suppression, regular sprinkling, plantation and drinking purposes especially in summer season.
- IX. Total 2400 saplings of suitable tree species i.e. Neem, Pipal, Dalbargia sissoo, Bargad, Amaltas, Khirni, Mango, Guava, Bamboo etc. shall be planted by PP in first three years under plantation programme in barrier zone, no mining area and khasra no. 1/2 at Village- Purachhindwara in consultation with Gram Panchayat/ District Administration. PP shall also explore and identify the chunk of land in the area from revenue record to carry out plantation programme as proposed.
- X. PP shall ensure proper implementation of plantation, dust suppression, construction of approach road and maintenance of existing pakka road as part of Environmental Management Plan. Additional budget provision shall be made as part of EMP.
- XI. PP must ensure implementation of the following activities under CER as committed:
 - ❖ Repairing/renovation of Anganwadi Kendra and Installation of Seesaw and Slides of Govt. Primary School at village Purachhindwara

PP shall ensure contribution of funds on behalf of village under Jal Jeewan Mission in consultation with Janpad Panchayat and PHED. PP

Method) in an area of 4.0 ha. (54,000 cum per annum) (Khasra No. 45), Village - Umariya, Tehsil - Gadarwara, Dist. Narsinghpur (MP).

This case was recommended in 492nd SEAC Meeting dated 19.03.21 and PP was called for presentation but PP could not present in the meeting for presentation hence, case is hereby deferred for upcoming SEIAA meeting.

- 32. Case No 8360/2021** Prior Environment Clearance for Stone Quarry in an area of 1.720 ha. (5004 cum per annum) (Khasra No. 22), Village - Khirsari Mal, Tehsil - Dindori, Dist. Dindori (MP) by M/s Parmar Construction, Prop., Shri Krishna Kumar Parmar, Madiyasaar, Tehsil & Dist. Dindori, MP - 480880

This case was recommended in 492nd SEAC Meeting dated 19.03.21 and PP was called for presentation but PP could not present in the meeting for presentation hence, case is hereby deferred for upcoming SEIAA meeting.

- 33. Case No 8361/2021** Prior Environment Clearance for Stone Quarry in an area of 1.480 ha. (5000 cum per annum) (Khasra No. 1560), Village - Bahera Mal, Tehsil - Dindori, Dist. Dindori (MP) by Shri Nandkishore Chandel S/o Shri Rammilan Chandel, Sarhari, Tehsil & Dist. Dindori, MP - 481880

This case was recommended in 492nd SEAC Meeting dated 19.03.21 and PP was called for presentation but PP could not present in the meeting for presentation hence, case is hereby deferred for upcoming SEIAA meeting.

- 34. Case No 8367/2021:** Prior Environmental Clearance for Sand Quarry in an area of 4.0 ha. for production capacity of 31650 cum per annum at Khasra No. 86 at Village - Markadhana, Tehsil - Pipariya, Dist. Hoshangabad (MP) by M/s R.K.Transport and CONstructions Ltd, Director, Shri Chandra Prakash Singh, 65-A, Transport Nagar, Dist. Korba, Chhattisgarh.

This case was recommended in 492nd SEAC meeting dated 19.3.2021 and it was recorded that.....

PP has submitted the response of above quarries same date vide letter dated 19.03.2021, which was placed before the committee and the same found satisfactory. The mining shall be done as per the approved mine plan by concerned DGMs. The EMP and other submissions made by the PP were found to be satisfactory and acceptable, hence committee decided to recommend the case for grant of prior EC subject to the following special conditions in addition to the standard conditions at annexure 'B':

PP/Consultant made a presentation on all aspects of the project and all concerned issues were discussed in detail. After detailed discussions and perusal of recommendations of 492nd SEAC meeting dated 19.3.2021, presentation made by the PP in SEIAA, it was decided to accept the recommendation of SEAC for grant of prior EC to the project subject to the following specific conditions:-

- I. PP shall not start mining activity before execution of lease agreement.
- II. The production capacity shall be limited to the quantity as recommended by SEAC.

- III. The mining shall be carried out strictly as per the approved mining plan and ensure that the annual replenishment of sand in the mining lease area is sufficient to sustain the mining operations at levels prescribed in the mining plan.
- IV. No ramp will be allowed within the river basin to transport sand to the other bank. Transportation will be allowed on the bank side where the mineral is being excavated.
- V. The entire lease area should be properly fenced and boundary stones marked at the site.
- VI. No in-stream mining shall be allowed. The local authorities should ensure that the mining activity is confined only in the dry portion where sand is exposed.
- VII. Leaving the submerged area as non-mining zone as committed in PP.
- VIII. The depth of the pit shall be as per Approved Mining Plan.
- IX. Transportation of sand not allowed during opening & closing timing of the school located in village area.
- X. PP shall leave 200 m from canal and 55 m as no mining zone from Pakka road and dense plantation to be carried out on govt. land available between ML area and Pakka road.
- XI. Transportation of sand shall be strictly carried out from outside the village area.
- XII. If the stream is dry, the excavation must not proceed beyond the lowest undisturbed elevation of the stream both which is a function of local hydraulics, hydrology and geomorphology.
- XIII. No Mining shall be carried out during Monsoon season.
- XIV. Alternate transportation route should be decided in consultation with the local Gram Panchayat.
- XV. Total 6000 saplings of suitable tree species i.e. Neem, Peepal, Bargad, Karanj, Kadam, Arjun etc. shall be planted by PP under plantation programme at Khasra No. 9 & 23/1 Dist. Hoshangabad in consultation with Gram Panchayat/ District Administration. PP shall also explore and identify the chunk of land in the area from revenue record to carry out plantation programme as proposed.
- XVI. Over loading will be strictly prohibited.
- XVII. Water sprinkling will be done on the approach road on the regular basis.
- XVIII. PP must ensure the implementation of following activities under CER with all budgatory provision as committed in SEIAA :

Village Name: - Markadhana

(Tanvi Sundriyal)
Member Secretary

(R.K. Sharma)
Member

(Rakesh K. Shrivastava)

3. *Repair & whitewash of village middle school of Markadhana & in addition construction of a new toilet with proper overhead water supply facility under Jal Jeevan Mission in consultation with local Janpad Panchayat.*
4. *Installation of a Handpump with borewell & proper concreting around it at Markadhana village common area for villagers.*

PP shall ensure contribution of funds on behalf of village under Jal Jeewan Mission in consultation with Janpad Panchayat and PHED. PP shall give preference to develop/provide infrastructural facilities in schools or aanganwadies of above villages. The modification to the above activities can be made with the permission of the district administration and need based activity for the development of nearby villages shall be implemented by PP in consultation with the District Collector and Gram Panchayat.

- XIX. PP should ensure to submit half yearly compliance report, Plantation and CER activity report along with photographs of all activities in MP-SEIAA. If PP is failed to upload or submit two consecutive half yearly compliance reports of EC conditions to concerned authority (SEIAA and Regional Office, MoEF&CC, Gol, Bhopal) than prior environmental clearance issued to PP will automatically be treated as cancelled/ revoked as per OM No. 930/SEIAA/2019 dated 30.05.2019 issued by MPSEIAA.

Hence, Prior Environmental Clearance is granted for Sand Quarry in an area of 4.0 ha. for production capacity of 31650 cum per annum at Khasra No. 86 at Village - Markadhana, Tehsil - Pipariya, Dist. Hoshangabad (MP) for the lease period to M/s R.K.Transport and CONstructions Ltd, Director, Shri Chandra Prakash Singh, 65-A, Transport Nagar, Dist. Korba, Chhattisgarh

35. Case No 6645/2019, Prior Environment Clearance for Murrum & Stone Quarry (Opencast / Semi-Mechanised Method) in an area of 2.0 ha. for production capacity of 9000 cum per annum (Stone 4000 cum per annum & Murrum 5000 cum per annum) at Khasra No. 145 at Village - Dhablagoari, Tehsil - Ghattiya, Dist. Ujjain, (MP) - 40943 by Smt. Pavitra W/o Shri Chetan Singh Sisodiya, L-72, Mahashakti Nagar, Dist. Ujjain, (MP), Email - sisodiyapavitra43@ gmail.com, Mobile – 9009001112

- (1) This is a project pertaining to mining of **Murrum & Stone Quarry** in MLA of 2.0 ha. The activity is mentioned at S.No. 1 (a) of the Schedule of EIA Notification 2006 as amended from time to time. The project is reported to be at a distance of more than 10 km from National Park /Sanctuary etc. thus it is not attracted by the general conditions by virtue of its location and mining lease area. There is no forest boundary within 250 m distance from the ML area. The case was forwarded by SEIAA to SEAC for appraisal of EIA for environmental clearance for the project. It was submitted that this is a fresh grant issued in the year of 2018 for 10 years.
- (2) The mining lease was granted to Smt. Pavitra W/o Shri Chetan Singh Sisodiya, L-72, Mahashakti Nagar, Dist. Ujjain, (MP) in the year of 3.10. 2018 for 10 years, which is applicable after lease agreement. This is a case of fresh grant.

The Mining Plan with progressive mine closure plan has been approved by Director Geology & Mining Indore, M.P. Vide Letter No. – 2546/ Mining Plan / Na.Kra./ 2018 dated 10.10.2018.

- (3) SEAC in its 493rd SEAC Meeting dated 23/03/2021 has recommended the case with 28 special conditions for issuance of EC.
- (4) It was noted that as per DFO, Ujjain vide L.No. 1432, dtd. 18.03.2019, the National Park /Sanctuary is not located within 10 Km. radius from the mining site. There is no forest boundary in within 250 m distance from the ML area.
- (5) PP/Consultant made a presentation on all aspects of the project and all concerned issues were discussed in detail.
- (6) It was noted that the water requirement is 2.00 KLD (0.25 KLD for Domestic use + 0.3 KLD for Dust suppression + 1.2 KLD for Green Belt). The water requirement will meet from Tankar Supply from nearby Gram Panchy.
- (7) The proposed plantation programme was examined and it was found that total 3000 saplings shall be planted under plantation program.
- (8) It was also noted that the Public Hearing was carried out on 05.11.2020 at at Village - Dhablagoari, Tehsil - Ghattiya, Dist. Ujjain, (MP) under the Chairmanship of Additional Collector, Ujjain,

After detailed discussions and perusal of recommendations of 493rd SEAC Meeting dated 23/03/2021, it was decided to accept the recommendation of SEAC for grant of prior EC to the project subject to the following specific conditions:

- I. Before commencing any mining activity fencing shall be carried out all around the lease area. Proper watch and ward arrangements should be made with installation of signage at 4 corners of lease area to avoid any untoward incident involving public and animals by the PP.
- II. Lease agreement shall be carried out before execution of mining operation.
- III. Plantation programme as mentioned in EIA/EMP and presented during presentation in SEIAA & SEAC shall be followed in content and spirit.
- IV. PP shall demarcate a barrier zone of 7.5 m as no mining zone in the periphery of mining lease area and develop a green belt. Three rows plantation shall be carried out in the greenbelt area in current year with proper watering arrangement.
- V. PP shall ensure that existing trees not to be uprooted within the ML area.
- VI. PP Shall be carried out 3 years old 3000 saplings of suitable tree species i.e. Neem, Pipal, Sissoo, Bargad, Amaltas, Khirni, Mango, Guava, Mahua, Imlī etc. shall be planted by PP in first three years under plantation programme along the lease Boundary in mine premises and Khasra No. 145P at village Dhablagoari in consultation with DM/ Gram Panchayat. PP shall also explore and identify the chunk of land in the area from revenue record to carry out plantation programme as proposed.

- VII. The mining operation shall be restricted to above ground water table and in no case it should intersect the ground water table. In case of working below the ground water table, approval of the Central Ground Water Board shall be obtained.
- VIII. The overburden and waste will be stacked within ML area and simultaneously backfilled in the mined out area where plantation will be raised on it.
- IX. PP shall ensure that waste material shall not be stacked long time in ML area.
- X. No overburden will be dumped outside the mine lease area.
- XI. Regular water quality monitoring shall be carried out by PP before discharging it into the nearby agriculture fields from authorized laboratory in consultation with Regional Officer, MPPCB. Regular air and noise quality monitoring shall also be carried out from authorized laboratory in consultation with Regional Officer, MPPCB at regular interval.
- XII. PP shall ensure the generation of employment opportunities nearby Village on priority basis.
- XIII. Payments of wages to the workers shall be done in consonance with the provisions in the labour laws.
- XIV. Proper infrastructure with shelter, drinking water, toilet and first-aid facilities shall be provided for the laborers. A provision should be made to construct a pakka rest shelter along with toilet and drinking water facility.
- XV. PP should also carry out regular sprinkling in the mining lease area to arrest dust emission from mining activities affecting the nearby agriculture fields.
- XVI. Mining shall be limited to the area as shown in surface plan and as per the approved mining scheme.
- XVII. PP shall ensure the proper water supply arrangements for plantation especially in summer season.
- XVIII. PP shall ensure proper implementation of plantation, dust suppression, construction of approach road and maintenance of existing pakka road as part of Environmental Management Plan. Additional budget provision shall be made as part of EMP.
- XIX. PP must ensure the implementation of compliance of the commitment made in Public Hearing in addition to these following activities with separate budget provision under CER as committed.
 - ❖ Repairing & white wash of govt. school building at Village Dhablagoari.
 - ❖ Leveling of playground of Govt. School at Village Dhablagoari.
 - ❖ Construction of boundary wall (65m*2m) of govt. primary school at Village Dhablagoari.

villages shall be implemented by PP in consultation with the District Collector and Gram Panchayat.

- XIII. PP should ensure to submit half yearly compliance report, Plantation and CER activity report along with photographs of all activities in MP-SEIAA. If PP is failed to upload or submit two consecutive half yearly compliance reports of EC conditions to concerned authority (SEIAA and Regional Office, MoEF&CC, Gol, Bhopal) than prior environmental clearance issued to PP will automatically be treated as cancelled/ revoked as per OM No. 930/SEIAA/2019 dated 30.05.2019 issued by MPSEIAA.

Hence, Prior Environmental Clearance is granted for Stone Quarry (opencast manual method) in an area of 3.0 ha. for production capacity of 3000 MT per annum at Khasra No. 4/1 at Village - Gujarda, Tehsil - Mandsaur, Dist. Mandsaur (MP) by Smt. Ravindra Arora W/o Shri Kuldip Arora, 42/4, Nai Abadi, Dist. Mandsaur, MP - 458001 **(MP) for the lease period to** Shri Laxminarayan S/o Shri Pyarji Sondhiya, Village - Naipuriya, Tehsil & Dist. Rajgarh, MP - 465661.

- 45. Case No 8386/2021:** Prior Environmental Clearance for Sand Quarry (Manual Method) in an area of 4.0 ha. for production capacity of 72000 cum per annum at Khasra No. 32 at Village - Sarra Kishore, Tehsil - Pipariya, Dist. Hoshangabad (MP) by M/s R.K.Transport and Constructions Ltd, Director, Shri Chandra Prakash Singh, 65-A, Transport Nagar, Dist. Korba, Chhattisgarh.

This case was recommended in 493rd SEAC meeting dated 23.3.2021 and it was recorded that.....

The case was presented by the PP and their consultant. PP stated that this is a case of river sand mining on river Narmada and thus manual mining is proposed. The mining shall be done as per the approved mine plan by concerned DGMs. The EMP and other submissions made by the PP were found to be satisfactory and acceptable, hence committee decided to recommend the case for grant of prior EC subject to the following special conditions in addition to the standard conditions at annexure 'B':

PP/Consultant made a presentation on all aspects of the project and all concerned issues were discussed in detail. After detailed discussions and perusal of recommendations of 493rd SEAC meeting dated 23.3.2021, presentation made by the PP in SEIAA, it was decided to accept the recommendation of SEAC for grant of prior EC to the project subject to the following specific conditions:-

- I. PP shall not start mining activity before execution of lease agreement.
- II. The production capacity shall be limited to the quantity as recommended by SEAC.
- III. The mining shall be carried out strictly as per the approved mining plan and ensure that the annual replenishment of sand in the mining lease area is sufficient to sustain the mining operations at levels prescribed in the mining plan.
- IV. No ramp will be allowed within the river basin to transport sand to the other bank. Transportation will be allowed on the bank side where the mineral is being excavated.

- V. The entire lease area should be properly fenced and boundary stones marked at the site.
- VI. No in-stream mining shall be allowed. The local authorities should ensure that the mining activity is confined only in the dry portion where sand is exposed.
- VII. As per sand mining policy the the mining shall be carried by manual method for mines below 05 ha area.
- VIII. Leaving the submerged area as non-mining zone as committed in PP.
- IX. The depth of the pit shall be as per Approved Mining Plan.
- X. Transportation of sand not allowed during opening & closing timing of the school located in village area.
- XI. Transportation of sand shall be strictly carried out from outside the village area.
- XII. If the stream is dry, the excavation must not proceed beyond the lowest undisturbed elevation of the stream both which is a function of local hydraulics, hydrology and geomorphology.
- XIII. No Mining shall be carried out during Monsoon season.
- XIV. Alternate transportation route should be decided in consultation with the local Gram Panchayat.
- XV. Total 6000 saplings of suitable tree species i.e. Neem, Peepal, Bargad, Karanj, Kadam, Arjun etc. shall be planted by PP in three year under plantation programme at Khasra No. 2 & 4 at Village- Sarra Kishore, Tehsil - Pipariya, Dist. Hoshangabad in consultation with Gram Panchayat/ District Administration. PP shall also explore and identify the chunk of land in the area from revenue record to carry out plantation programme as proposed.
- XVI. Over loading will be strictly prohibited.
- XVII. Water sprinkling will be done on the approach road on the regular basis.
- XVIII. PP must ensure the implementation of following activities under CER with all budgatory provision as committed in SEIAA :

Village Name/No of household Sarra Kishore <150

- 1. Construction of boundary wall (600m) of the government school of Sarrakishore along with repairing of its building with installation of new fans (6nos), doors & windows along with 2 new blackboards in the same school.
- 2. Installation of the pipeline in same school for water supply facility under Jal Jeevan Mission in consultation with local Janpad Panchayat.

PP shall ensure contribution of funds on behalf of village under Jal Jeewan Mission in consultation with Janpad Panchayat and PHED. PP shall give preference to develop/provide infrastructural facilities in schools or aanganwadies of above villages. The modification to the above activities can be made with the permission of the district administration and need based activity for the development of nearby villages shall be implemented by PP in consultation with the District Collector and Gram Panchayat.

- XIX. PP should ensure to submit half yearly compliance report, Plantation and CER activity report along with photographs of all activities in MP-SEIAA. If PP is failed to upload or submit two consecutive half yearly compliance reports of EC conditions to concerned authority (SEIAA and Regional Office, MoEF&CC, Gol, Bhopal) than prior environmental clearance issued to PP will automatically be treated as cancelled/ revoked as per OM No. 930/SEIAA/2019 dated 30.05.2019 issued by MPSEIAA.

Hence, Prior Environmental Clearance is granted for Sand Quarry in an area of 4.0 ha. for production capacity of 72000 cum per annum at Khasra No. 32 at Village - Sarra Kishore, Tehsil - Pipariya, Dist. Hoshangabad (MP) for the lease period to M/s R.K.Transport and Constructions Ltd, Director, Shri Chandra Prakash Singh, 65-A, Transport Nagar, Dist. Korba, Chhattisgarh.

46. Case No 8392/2021 Shri Rajesh Pathak, Ward No. 15, Baihar Road, Dist. Balaghat, MP - 481111 Prior Environment Clearance for Sand Quarry in an area of 3.50 ha. (69825 cum per annum) (Khasra No. 735), Village - Kauliwada, Tehsil - Waraseoni, Dist. Balaghat (MP)

This case was recommended in 493rd SEAC Meeting dated 23.03.21 and PP was called for presentation but PP could not present in the meeting for presentation hence, case is hereby deferred for upcoming SEIAA meeting.

47. Case No 8339/2021 Shri Vivek Singh S/o Shri Jandel Singh Gurjar, MS49, Ratnapuri, Near Hero Honda Workshop, Dist. Ratlam, MP Prior Environment Clearance for Stone Quarry in an area of 2.0 ha. (19380 cum per annum) (Khasra No. 3/1/1/1), Village - Sanwaliyarundi, Tehsil - Ratlam, Dist. Ratlam (MP).

This case was discussed in 492nd SEAC meeting dated 19.03.2021, ToR recommended by SEAC is hereby approved.

48. Case No 8344/2021 Shri Anil Pandey, PO & Tehsil - Semariya, Dist. Rewa, MP Prior Environment Clearance for Laterite and Ochre Quarry in an area of 6.810 ha. (Laterite - 16128 Tonne per annum, Ochre - 39643 Tonne per annum) (Khasra No. 2), Village - Bhamra, Tehsil - Semariya, Dist. Rewa (MP).

This case was discussed in 492nd SEAC meeting dated 19.03.2021, ToR recommended by SEAC is hereby approved.

62. Case No. 7797 /2020 - Prior Environment Clearance for Stone Quarry in an area of 1.50 ha. (31920 cum per annum) (Khasra No. 8/11, 8/12), Village - Harraha, Tehsil - Mauganj, Dist. Rewa, (MP) by M/s Adaypur Supplier and Contractor, Prop., Shri Deependra Singh, R/o Adaypur, Tehsil - Churhat, Dist. Sidhi, MP.

This case was discussed in 649th SEIAA meeting dated 17.12.2020 and it was recorded that.....

This case was recommended in 463 SEAC meeting dated 01-10-20 and it was recorded that.....

PP has submitted the response of above quarries same date vide letter dated 01.10.2019, which was placed before the committee and the same found satisfactory. The EMP and other submissions made by the PP were found to be satisfactory and acceptable, hence committee decided to recommend the case for grant of prior EC subject to the following special conditions in addition to the standard conditions at annexure 'A':

PP was absent in 643 SEIAA meeting dated 06-10-20, 646 SEIAA meeting dated 28-11-20, 647 SEIAA meeting dated 07-12-20. Since sufficient opportunities has been given to the PP for appraisal of their case but PP remains absent thus it was decided to delist the case on the condition that if PP intends to present the case in SEIAA, it will then be relisted for appraisal. Copy to PP and all concerned..

Vide letter dtd. 05.03.21 received in SEIAA office on 06.03.21 PP has requested to relist the case by showing his interest to present the case, therefore it has been decided to relist the case and send the technical file to SEAC for appraisal. Copy to PP and all concerned.

63. Case No. 3328/2015 Prior Environment Clearance for Stone Quarry (opencast manual/semi mechanized method) in an area of 4.00 ha. for production capacity of 22,504 cum/year at Khasra No. 805 at Village-Gorbi, Tehsil-Chitrangi, District-Singrauli (MP) by Shri R.A. Sharma, Main Road, District-Singrauli (MP)-486889

The case was disussed in 615th SEIAA meeting dated 08.06.2020 and it was recored that

The case was disussed in 570th SEIAA meeting dated 07.09.2019 and it was recored that

Letter received form Office of Collectorate, Singrauli of dated 11.06.2019 mentioning that there is no road recorded in Revenue record and existing kacha road constructed by PP for transportation of mineral. Hence, it is decided to relist the case and PP may be called for presentation. Copy to PP and all concerned.

As above decision, the case was relisted and PP called for clarification. Since sufficient time has been given to the PP for clarification but PP remains absent thus it has been decided to delist the case on the condition that if PP intends to present the case in SEIAA, it will then be relisted for appraisal. Copy to PP and all concerned

Vide letter dtd. 28.01.21 received in SEIAA office on 28.01.21 PP has requested to relist the case and PP/Consultant made a presentation on all aspects of the project and all concerned issues were discussed in detail. After detailed discussions and perusal of recommendations of 220th SEAC meeting dated 26.08.15, presentation made by the PP in SEIAA, it was decided to accept the recommendation of SEAC for grant of prior EC to the project subject to the following specific conditions:-

- I. Before commencing any mining activity fencing shall be carried out all around the lease area. Proper watch and ward arrangements should be made with

(Tanvi Sundriyal)
Member Secretary

(R.K. Sharma)
Member

(Rakesh K. Shrivastava)
Chairman

installation of signage at 4 corners of lease area to avoid any untoward incident involving public and animals by the PP.

- II. PP shall not start mining activity before execution of lease agreement.
- III. The depth of the pit shall be as per Approved Mining Plan.
- IV. The entire area shall be fenced and three rows of plantation should be done on the periphery.
- V. The mining operation shall be restricted to above ground water table and in no case it should intersect the ground water table. In case of working below the ground water table, approval of the Central Ground Water Board shall be obtained.
- VI. PP shall ensure no cutting of any existing trees within the lease area.
- VII. PP shall ensure to construct garland drain with settling tank all around the lease area and regular cleaning & maintenance shall also be carried out by PP.
- VIII. PP shall ensure the proper water supply arrangements for dust suppression, regular sprinkling, plantation and drinking purposes especially in summer season.
- IX. Total 6000 saplings of suitable tree species i.e. Neem, Pipal, Bargad, Amaltas, Mango, Chirol, Imli, Sissoo, Gulmohar, Amla, Karanj etc. shall be planted by PP in first three years under plantation programme in barrier zone, no mining area and khasra no. 805 at Village- Gorbi in consultation with Gram Panchayat/ District Administration. PP shall also explore and identify the chunk of land in the area from revenue record to carry out plantation programme as proposed.
- X. PP shall ensure proper implementation of plantation, dust suppression, construction of approach road and maintenance of existing pakka road as part of Environmental Management Plan. Additional budget provision shall be made as part of EMP.
- XI. PP must ensure implementation of the following activities under CER as committed:

❖ **Upgradation of Govt. Primary School building at village Gorbi.**

❖ **Development of grazing land at village Gorbi.**

PP shall ensure contribution of funds on behalf of village under Jal Jeewan Mission in consultation with Janpad Panchayat and PHED. PP shall give preference to develop/provide infrastructural facilities in schools or aanganwadies of above villages. The modification to the above activities can be made with the permission of the district administration and need based activity for the development of nearby villages shall be implemented by PP in consultation with the District Collector and Gram Panchayat.

- XII. PP should ensure to submit half yearly compliance report, Plantation and CER activity report along with photographs of all activities in MP-SEIAA. If PP is

Chairman

failed to upload or submit two consecutive half yearly compliance reports of EC conditions to concerned authority (SEIAA and Regional Office, MoEF&CC, Gol, Bhopal) than prior environmental clearance issued to PP will automatically be treated as cancelled/ revoked as per OM No. 930/SEIAA/2019 dated 30.05.2019 issued by MPSEIAA.

Hence, Prior Environmental Clearance is granted for Stone Quarry (opencast manual/semi mechanized method) in an area of 4.00 ha. for production capacity of 22,504 cum/year at Khasra No. 805 at Village-Gorbi, Tehsil-Chitrangi, District-Singrauli (MP) for the lease period to Shri R.A. Sharma, Main Road, District-Singrauli (MP)-486889 (MP) by Smt. Ravindra Arora W/o Shri Kuldeep Arora, 42/4, Nai Abadi, Dist. Mandsaur, MP - 458001.

64. Case No. 6923/2020 - Prior Environment Clearance for Stone Quarry in an area of 2.90 ha. (8416 cum per annum) (Khasra No. 46/1), Village - Sondul, Tehsil - Manawar, Dist. Dhar (MP) by M/s Maa Narmada Crusher, Prop. Shri Ramlal Mandloi, Village - Borjhiri, Tehsil - Manawar, Dist. Dhar, MP – 454446.

This case was discussed in 620th SEIAA meeting dated 16.06.2020 and it was recorded that.....

This case was discussed in 439th SEAC Meeting dated 05/6/2020 and it was recorded that.....

The case was scheduled for presentation, but neither the Project Proponent (PP) nor his representative was present to explain the query which might be raised or to make any commitment which may be desired by the committee during the deliberation. Earlier PP was also absent in 430th SEAC meeting dated 17/3/2020 & 432th SEAC meeting dated 18/5/2020. Committee decided that since sufficient opportunities has been given to the PP for appraisal of their case but PP remains absent thus committee decided that case shall be returned to SEIAA for delisting assuming that PP is not interested to continue with the project.

As per above observation of SEAC, it has been decided to delist the case on the condition that if PP intends to present the case in SEIAA, it will then be relisted for appraisal. Copy to PP and all concerned...

Vide letter dtd. 23.03.21 received in SEIAA office on 23.03.21 PP has requested to relist the case by showing his interest to present the case, therefore it has been decided to relist the case and send the technical file to SEAC for appraisal. Copy to PP and all concerned.

65. Case No. 8429/2021, Prior Environment Clearance for Stone Quarry in an area of 1.0 ha. for production capacity of 9690 cum per annum at Khasra No. 505 at Village - Pachlashi, Tehsil - Nagda, Dist. Ujjain (MP) by Shri Manoj S/o Shri Sivdat Sharma R/o 90, Sant Nagar Ujjain District Ujjain (MP).-**Regarding transfer of EC in the name of Shri Omprakash Sagitla S/o Shri Laxminarayan Sagitla, 9, Vikram Marg, Khachrod, Dist. Ujjain, MP.**

- (1) It is noted that the PP had applied in Form-7 for transfer of Prior Environmental Clearance for Stone Quarry in an area of 1.0 ha. for production capacity of 9690 cum per annum at Khasra No. 505 at Village - Pachlashi, Tehsil - Nagda, Dist. Ujjain (MP) **by Shri Omprakash Sagitla S/o Shri Laxminarayan Sagitla, 9, Vikram Marg, Khachrod, Dist. Ujjain, MP.**

- (2) The Prior Environmental Clearance letter was issued by DEIAA vide L.No. DEIAA/2016/1192 dated 31.05.16 in the name of Shri Manoj S/o Shri Sivdat Sharma R/o 90, Sant Nagar Ujjain District Ujjain (MP).
- (3) It is noted that in support of his request the PP has submitted the following documents
- i. No Objection Certificate in the form of Notarised Affidavit submitted by **Shri Manoj S/o Shri Sivdat Sharma R/o 90, Sant Nagar Ujjain District Ujjain (MP)** for transfer of prior EC in the name of **Shri Omprakash Sagitla S/o Shri Laxminarayan Sagitla, 9, Vikram Marg, Khachrod, Dist. Ujjain, MP.**
 - ii. Notarised affidavit of **Shri Omprakash Sagitla S/o Shri Laxminarayan Sagitla, 9, Vikram Marg, Khachrod, Dist. Ujjain, MP** mentioning that no legal action/ credible action has been initiated against the mine till date and commitment to comply all the standard and specific conditions stipulated in the prior EC issued..
 - iii. Copy of Prior EC issued by DEIAA vide letter No. DEIAA/2016/1192 dated 31.05.16.
 - iv. Copy of Environmental Management Plan of **Shri Omprakash Sagitla S/o Shri Laxminarayan Sagitla, 9, Vikram Marg, Khachrod, Dist. Ujjain, MP.**
 - v. Copy of Approved Mining Plan of **Shri Omprakash Sagitla S/o Shri Laxminarayan Sagitla, 9, Vikram Marg, Khachrod, Dist. Ujjain, MP.**
 - vi. Lease transfer order issued by **Office of Collector (Mining Division), Ujjain** to **Shri Omprakash Sagitla S/o Shri Laxminarayan Sagitla, 9, Vikram Marg, Khachrod, Dist. Ujjain, MP** (MP) vide letter No. 521/Khanij/2016-2017 dated **06.03.2017.**
- (4) It is noted that in EIA Notification 2006 as per **Para-11 Transferability of Environmental Clearance (EC)** there is a provision of transferring the EC.

Para-11 :- A prior environmental clearance granted for a specific project or activity to an applicant may be transferred during its validity to another legal person entitled to undertake the project or activity on application by the transferor, or by the transferee with a written "no objection" by the transferor, to, and by the regulatory authority concerned, on the same terms and conditions under which the prior environmental clearance was initially granted, and for the same validity period. No reference to the Expert Appraisal Committee or State Level Expert Appraisal Committee concerned is necessary in such cases.

In context of above it seems that PP has submitted adequate documents to make the change in the name of PP as per EIA Notification 2006 (Para-11). Hence, prior EC issued by DEIAA on 31.05.16 in the name of " **Shri Manoj S/o Shri Sivdat Sharma R/o 90, Sant Nagar Ujjain District Ujjain (MP)** is hereby transferred to **Shri Omprakash Sagitla S/o Shri Laxminarayan Sagitla, 9, Vikram Marg, Khachrod, Dist. Ujjain, MP** for Stone Quarry in an area of 1.0 ha. for production capacity of 9690 cum per annum at Khasra No. 505 at Village - Pachlashi, Tehsil - Nagda, Dist. Ujjain (MP)." on the same terms & conditions and validity period under which the prior
