1.	B1, ToR	8(b), Buildi ng & Const ructio n	7453 4/10- MIS- V/04- 2022	M/s Jaiprak ash Hospital and Researc h Centre Private Limited	M/s Jai Prakash Hospital and Research centre Pvt. Ltd.	11.04. 2022	Unde r exam inatio n of SEIA A after SEA C	Online proposal for ToR	This is regarding a new proposal for Building & construction project. The project has submitted at SEIAA under Category 'B' as the built-up area is >20,000 sq.m and < 1,50,000 sq. m. As per the EIA Notification, 2006, this project falls in the schedule under SI.No-8(a) — "Building & Construction". The project proponent has submitted proposal for violation ToR of M/s. Jai Prakash Hospital & Research Centre Pvt. Ltd. for regularization of B+G+5 hospital building & amphitheatre over an area built up area 21992.01 sqm, total plot area is 15195.94 located at — Brahmani Tarang, Rourkela, Dist-Sundargarh, Odisha of Sri Sanjay Bansal (Director) The following documents have been received Form-1, PFR, Form1A, land schedule, checklist and scrutiny fee. The following deficiencies/omission have been noticed in the above documents. Nil Other points 1. The proponent has already constructed the total project with built-up area 21992.01 Sq.mt. without obtaining Environmental Clearance. Hence, this is a violation case. 2. The category of the project is 8(a) as per EIA Notification, 2006 &

no. 3935/CE, RGH of Dist. Collector-cum-Supervising
Authority under Clinical Establishment Act, Sundargarh. vi. Rourkela Development Authority approves regularisation of
B+G+5 Hospital Building & Amphitheatre on 09.04.2021 with
total build up area over 21,992.01sq.m.
vii. So, now Project proponent have applied for Environmental
Clearance for 525 bedded hospital, as build up area comes
under the purview of EC.
6. Water requirement: The Jaiprakash Hospital has 307 beds &
PP wants to expand it to 525 beds without addition of staff &
doctors. The existing water use is 163 KLD which will be
increased to 240 KLD by a quantity of 77 KLD for the extra nos.
of beds.
7. Waste water details: The project will generate approx. 292 KLD
(sewage load) of wastewater. The wastewater will be treated in
the ETP of capacity 29 KLD & STP of capacity 330 m3/day provided within the complex. Out of which 227 m3/day will be
recycled within the complex. Out of which 227 m3/day will be recycled within the project for Flushing (105 m3/day), HVAC (94
m3/day) & discharged to drain is 25 KLD in Non-Monsoon
Season.

2. Expansion- 218 nos 450 98.0
218 beds 450 98.0
TOTAL 236.0
TOTAL 200.0
8. Power requirement: The daily power requirement for the
hospital is preliminarily assessed as 1782 KW (Existing &
Expansion) source from NESCO of Odisha State Electricity
Board. In order to meet emergency power requirements during
the grid failure, there is provision of 2 nos. of DG sets of 750 KVA
capacities for power back up in the Hospital Project.Energy
Saving by Solar Power/ Light =92.57/1782=0.051x 100 =5.1 %.
9. Rain Water Harvesting: Rain Water will be harvested and
recharge through 4 recharge pits from the plot area and volume
of storm water is 179cum.

					Parking Requirement: Total parking area required 6201.08 m ²
					Sq.mt./240 ECS and open area and basement parking area will
					e provided.
					ire fighting Installations: Fire fighting system will be installed as
					er recommendation of the Fire fighting Officer, Odisha and as
					er the guideline of NBC (part-4).
					Green Belt Development: Out of the total area, green belt will
					e developed over an area of 1519.59 sqm (20.50% of the plot
					rea).
					Solid Waste Management: From the existing project solid waste
					as been generated about 555 kg/day. RMC has collecting &
				-	reatment of Solid waste.
					Biomedical Waste Management: Bio-medical waste generation
					rom Existing 307 beds is 460.0 Kg/day and Bio-medical waste generation from Proposed 218 beds is 327.0 Kg/day.
					The total population of project will be 2825 persons.
					The estimated project cost is `93 Crores and cost for EMP is
					1.7 crores.
					The project proponent along with the consultant M/s Centre for
					Envotech& Management Consultancy Pvt. Ltd.,
					Bhubaneswar made a detailed presentation on the proposal.
					he SEAC observed that the proponent has already constructed
				t	ne project without obtaining Environmental Clearance as per EIA
					lotification 14 th Sept. 2006 and amendment thereafter.
					he SEAC, after detailed deliberations on the proposal in terms
					if the provisions of the MoEF&CC, Govt. of India Notification
					ated 14 th March, 2017, confirmed the case to be of violation of
				t	ne EIA Notification, 2006 and recommended for the following:
				(i)	
					project proponent under the provisions of section 19 of the
					Environment (Protection) Act, 1986, and further no consent
					to operate or occupancy certificate to be issued till the
					project is granted Environmental Clearance.
				(ii)	
					preparation of Environment Management Plan (EMP) as
					enumerated in Annexure-A with following specific ToRs.:
					Separate provision for ETP for hospital effluents with zero
					discharge to outside and no integration of STP with ETP.
					b) Provision of Incinerator of suitable capacity.
				(iii)	The project proponent shall be required to submit a bank
				()	guarantee equivalent to the amount of remediation plan and
					natural and community resource augmentation plan with the
					SPCB prior to the grant of Environmental Clearance. The
<u> </u>	L			 1	

		I		1	I		1	I	supplying about the recommended by the CCAO and finally ad-	
									quantum shall be recommended by the SEAC and finalized	
									by the regulatory authority. The bank guarantee shall be	
									released after successful implementation of the EMP,	
									followed by recommendations of the SEAC and approval of	
									the regulatory authority.	
									In view of the above the proposal may be placed in the SEIAA	
									meeting for issue of violation ToR.	
2.	B1,	7(d)	7112	Bio-	Proposed	05.02.	Unde	Online	This is regarding a new proposal for Bio Medical Waste Treatment	
	ToR	Biome	4/11-	Tech	Common	2022	r	proposal	Plant. The project has submitted at SEIAA under Category 'B1'. As	
	101					2022		for ToR	per the EIA Notification, 2006, this project falls in the schedule under	
		dical	MIS/	Solution	Biomedical		exam	IOFTOR	SI.No-7(d) –" Biomedical Waste Treatment Facilities". The project	
		Waste	02-	S	Waste		inatio		proponent has submitted proposal for ToR of Common Biomedical	
		Treatm	2022		Treatment		n of		Waste Treatment Facility (CBWTF) at Plot No 155/1020 and 15/1025,	
		ent			Facility		SEIA		Village: Jamapalli, Tehsil: Binika, Dist: Subarnapur, State: Odisha by	
		Facility			(CBWTF)	at	A		Bio-Tech Solutions.	
						No	after			
						nd	SEA		The following documents have been received Form-1, PFR, land schedule, CTE letter and scrutiny fee.	
						iiu				
					15/1025,		С		The following deficiencies/omission have been noticed in the	
					Village:				above documents.	
					Jamapalli,				• Nil	
					Tehsil: Binik	a,			Other points	
					Dist:	´			1. Proposed project falls under Projects activity 7 (d) "Biomedical	
					Subarnapur				Waste Treatment Facilities" as per EIA Notification dated 14th	
					Subamapui				September, 2006 and its subsequent amendments made in 17th	
									April 2015.	
									2. There is no Common Bio Medical Waste Treatment Facility in	
									South-West Odisha. Distance from existing facility which is	
									located in Sundargarh district to their proposed project is about	
									more than 75km.	
									3. The land has been already owned by M/s. Bio-Tech Solutions.	
									4. The total area for the proposed facility is 2.0 Acre acquired by	
									company where and total project area is 1.058 Acre.	
									5. PP has also secured CTE from OSPCB Vide Letter No. 6053/III	
									CON (NOC)/164/2021-22 dated 18.11.2021.	
									6. There is no National Park/ Wild Life Sanctuary. However, some	
									RF/PF has been observed in 10 km radius of the project area	
									for which NOC has been obtained from DFO, Subarnapur	
									Forest Division.	
									7. No Interstate Boundary within 10 km radius of the Project Site.	
									Hence, general condition as specified in EIA Notification 2006 is	
									not applicable for Category 7(da) Projects.	
									8. Total Water required during operation phase would be 9 KLD.	
			<u> </u>	<u> </u>					9. Total Power requirement during operation phase would be 150	

KVA. One DG set is also proposed as a back in case of power
failure, having 75 KVA capacity.
10. 30 (permanent) employees will be hired for the proposed facility
during operation phase.
11. Total cost of the project is estimated to be Rs 1.90 Crores.
12. The area for project development would be 1.058 acre. The
company will carry out greenbelt/plantation in 33.36% of the
total dedicated area.
13. For Liquid Effluents Management, 6 KLD of ETP is proposed
with ZLD Concept.
14. For Domestic Waste Water Management, Septic Tank followed
By Soak pit is proposed.
15. This is purely independent project and does not interconnect
with any other project. No alternative site has been examined as
the proposed expansion will be done within the existing area.
16. The Environment consultant M/s VardanEnvironet , Plot No.
82A, Sector-5, IMT Manesar, Gurugram, Haryana-122051
along with the proponent has made a presentation on the
proposal before the Committee on 19.02.2022.
17. The SEAC recommended the proposal for issue of specific the
following specific ToR along with standard ToR for EIA study,
i) Kisam of the land with Sabak/ Haal including
conversion to Industrial use.
ii) Location of the Incinerator and
DG setw.r.to predominant wind direction vis - a - vis
the habitation and public roads.
iii) Basis of capacity of Incinerator and stack height.
iv) Disposal management with SOP of incineration ash
and ETP sludge
v) Green belt with strech and dimensions.
vi) Odour management with SOP to arrest the same.
vii) Inversion/ Dispersion study of Incinerator and
accordingly, based on the findings of the study, the
green belt stretch location be also linked and SOP to
negate the effect of Dioxin and During, Hg etc.
viii) Leachate from land filling/ ETP drains/ flow in details.
ix) Stack emission and Leachate chemical analysis
x) Adoption of OHSAS.
xi) NOC from CGWA and permission from WR
Department, Government of Odisha for drawl of
ground water.
xii) Detail plan and calculation of solar power consumption
vis- a vis generation and percentage of total power
demand.
xiii) Submission of a list of recognized
6

									Hospitals, Nursing Homes, Clinics along with the corresponding Beds considered for this Project. xiv) Submission of Documents for a prior arrangement with T.S.D.F for Hazardous Waste like incinerator Ass Plastic Recyclers for Plastic Wastes, Metal foundries for recycling Metal Sharps, etc. In view of the above the proposal may be placed in the SEIAA meeting for issue of violation ToR.	
3.	B1, MOD IEC,	7(i) Comm on Munici pal Solid Waste Manag ement Facility (CMS WMF)	SIA/ OR/ MIS/ 2504 53/20 22	Sagarik a Khandu al	Integrated Solid Waste Management Project	14.01. 2022	Unde r Exa minat ion of Seia a After Seac	Online proposal for Amendme nt in EC	This is regarding an Old proposal for Amendment of EC of Integrated Solid Waste management Plant. The project has submitted at SEIAA under Category 'B1'. As per the EIA Notification, 2006, this project falls in the schedule under SI.No-7(i) –"Common Municipal Solid Waste Management Facility (CMSWMF)". The project proponent has submitted proposal for Amendment in EC Integrated Solid(150 TPD) Waste Management Project over an area 33.62 acres located at village-Mohuda, Tahasil-Kukudakhandi, Dist-Ganjam, Odisha of Berhampur Municipality Corporation. The following documents have been received Online application through form-4, earlier EC copy, EIA report The following deficiencies/omission have been noticed in the above documents. Nil Other points 1. M/s Berhampur Municipal Corporation had obtained Environmental Clearance from SEIAA, Odisha vide letter no. 2927/SEIAA, dated 20.02.2015 for proposed Integrated Solid Waste Management Project over an area of 33.62 acres located at Village- Mohuda, Tahasil-Kukudakhandi, District-Berhampur, Odisha. 2. Condition no. 11 of Environmental Clearance stipulates that "No development zone around the 500 m radius land fill site will be incorporated in the Town Planning Department's land use plans". 3. The order dated 22.12.2016 of the Hon'ble National Green Tribunal in O.A. No.199 of 2019, states in this regard as below: i) Order 7 The buffer zone necessarily need not be of 500 meters wherever there is a land constraint. The purpose of the buffer zone should be to segregate the plant by means of a green belt from surrounding areas so as to prevent and control pollution, besides, the site of the project should be horticulturally beautified. This should be decided by the authorities concerned and the Rules are silent with regard to extent of buffer zone. However, the Urban Development Manual provides for the same.	

				Hence, we hold that this provision is not mandatory, but is
				directory.
				ii) Clause 40 By way of illustration, identifying a buffer
				zone of 500 metres around a MSW site measuring about 6
				ha will require more than 100 Ha around the MSW site if a
				buffer zone of 500 metres all around is insisted upon.
				Such a huge chunk of land free from habitations in urban
				settlement is impossibility. What is required is creating
				green belts around the plant by prescribing very high
				environmental standards to be maintained.
				4. It is also mentioned in SWM Rules, 2016 that the buffer zone
				should be maintained within total land area allotted for the solid
				waste processing and disposal facility [rule 3.7, Schedule
				I(A)(ix)]. It shall be from the outer boundary of the waste
				processing and disposal facilities (rule 14.h).
				5. The State Pollution Control Board, Odisha vide no. 18773/IND-
				IV-MW-105, dated 25.11.2021 allowed Berhampur Municipal
				Corporation to reduce the Buffer Zone from 500 meters to 20
				meters for the SWM facility at Mahuda, Dist – Ganjam as per
				above order of the Hon'ble NGT subject to amendment of
				condition no. 11 of Environmental Clearance granted to the
				SWM facility.
				6. The Commissioner, M/s Berhampur Municipal Corporation has
				requested to SEIAA, Odisha vide letter no. 1163, dated
				11.01.2022 to amend the condition no. 11 of the EC issued on
				20.02.2015 "No Development Zone around the 20m radius
				instead of 500m no Development Zone" as per order of the
				Hon'ble NGT in O.A. No.199 of 2019. They have further
				intimated that trial run for the project is in progress and full-
				fledged operation will be commenced as soon they get the
				CTO from OSPCB which is due for this amendment. The
				SEIAA forwarded the same to SEAC for consideration.
				7. The Addl. Secretary, H&UD Department made a detailed
				presentation before the Committee.
				8. The SEAC in its meeting held on dated 04.02.2022 decided to
				take decision on amendment of EC condition after receipt of
				the following information / documents from the proponent
				followed by site visit by the Sub-Committee of SEAC to assess
				the ground reality:
				i) Map indicating revised buffer zone as per order of the
				Hon'ble NGT.
				ii) Brief write up to justify about land constraints for usage of
				buffer zone.
				iii) Copy of latest six-monthly EC condition compliance report
				submitted to the Regional Office, MoEF&CC,

								buffer zone.		
							iii)	Copy of latest six-monthly EC		
								condition compliance report		
								submitted to the Regional Office,		
								MoEF&CC, Bhubaneswar.		
								proposed site was visited by the s		
								6.03.2022. Following are the recom-	mendations of the Sub-	
							Comr	mittee:		
								i) As this is the first ever		
								management site at Berha		
								number of population an		
								disposal, the project should		
								ii) The project proponent w		
								suitable vegetation, with		
								plants having good canop	y, near the boundary of	
								the plant site in all sides.		
								iii) This would substantially		
								pollutants to the surroundir		
								iv) The proponent may b		
								appropriate mitigation mea		
								odour ,that is generated t	from the waste and its	
								analysed products. v) Occupational health meas	ourse of the employees	
								working in the plant may be	be given the top phonty	
								of the plant owner. vi) Vehicles carrying the was	ata abauld ba proparly	
								covered while collecting		
]						source till the disposal site		
]						vii) Monitoring the water qua		
]						near the landfill site sho		
]						frequent intervals, and s		
]						taken during the rainy sea		
								water by developing drain		
L		I	I	<u> </u>	<u> </u>	<u> </u>		water by developing drain	no, rainwater harvesting	

		pits.
		viii) Proponent should ensure disposal of waste only
		within the plant and not in the open space
		surrounding plant.
		ix) MoU with appropriate stakeholders (e.g.Paradip
		Phosphate Ltd. Etc) should be made for utilisation
		of products after analysis/processing of the
		wastes.
		x) Care should be taken to segregate the waste
		properly at the plant site to avoid unintentional
		mixing of biomedical waste with other solid waste.
		11. Considering the information furnished and the presentation
		made by the proponent,
		the SEAC recommended the following:
		A. Amendment of condition no. 11 of Environmental Clearance
		granted to the SWM facility may be considered by reducing the Buffer Zone from 500 meters to 20 meters for the SWM
		facility at Mahuda, Dist – Ganjam as per above order of the
		Hon'ble NGT.
		B. The following additional conditions may be stipulated in
		Environmental Clearance as suggested by the Sub-
		Committee of SEAC.
		i) The project proponent shall develop suitable
		vegetation, with relatively bigger height plants having
		good canopy, near the boundary of the plant site in all
		sides. This will substantially reduce the flow of air
		pollutants to the surrounding environment.
		ii) The proponent shall adopt appropriate mitigation
		measures to check the foul odour,that is generated
		from the waste and its analysed products.
		iii) Occupational health measures of the employees
		working in the plant shall be given the top priority of
		the plant owner.
		iv) Vehicles carrying the waste shall be properly covered
		while collecting waste from the point source till the
		disposal site.
		v) Monitoring the water quality from the borewell near
		the landfill site shall be carried out at frequent
		intervals, and special care shall be taken during the
		rainy season to arrest the storm water by developing
		drains/rainwater harvesting pits.
		vi) Proponent shall ensure disposal of waste only within
		the plant and not in the open space surrounding plant.
		vii) As stated by the proponent, MoU with appropriate
		stakeholders (e.g.Paradip Phosphate Ltd. Etc) shall
		10

	1	I		1	1	1			he made for utilization of available offer	1
									be made for utilisation of products after	
									analysis/processing of the wastes.	
									viii) Care shall be taken to segregate the waste properly	
									at the plant site to avoid unintentional mixing of	
									biomedical waste with other solid waste.	
									In view of the above the proposal may be placed in the SEIAA	
									meeting amendment of EC condition no.11.	
4.	B2,	1(a)	SIA/	Umesh	Tentuligaon	29.04.	Unde	Online	This is regarding Amendment of EC proposal for mining of minor	
"	MOD	Mining	OR/	Mahaku	Sand Bed	2022	r	proposal	mineral Sand . The project has submitted at SEIAA under Category

							After		Umesh Mahakur.	
							Seac		The following documents have been received	
									Online proposal through form-4, earlier EC copy,	
									The following deficiencies/omission have been noticed in the	
									above documents.	
									EC compliance report is not satisfactory	
									It is quite confusing and contradictory depth of sand deposition	
									mentioned in the mining plan is 2.5 meter and depth mentioned	
									during replenishment study-1.7 meter (pre-monsoon) and 1.9	
									meter (after post-monsoon).	
									Distance from nearest sanctuary/ESZ-Sunabeda WLS-129.0km	
									Whether the lease area coming in D.L.C. report-No	
									Whether the lease area reflecting in DSR-Yes	
									Method of mining-Manual	
									River-ONG, depth of sand deposition-2.5 meter	
									Distance from Nearest Road Bridge-5.4km, Village road-1.3km	
									Whether it is part of cluster –No	
									Whether EC obtained earlier-Yes, submitted earlier EC	
									compliance.	
									Production capacity per annum-20000 cum/annum(max.),	
									Geological reserve-108600 cum, Mineable reserve-125000 cum	
									This is a B2 category project.	
									Whether SEAC recommended the proposal –Yes	
									Other Points	
									1. The PP has obtained EC issued by SEIAA, Odisha vide letter no.	
									8763/SEIAA dated 21.08.2020 with EC condition for annual	
									production 8000 cum/annum with depth 2.0 meter.	
									2. There was a condition the EC is issued in adohac manner for 1st	
									production 8000 cum and pending carrying out of the study &	
	1	1	1	1	ı	1	ı		production and pending sanding sanding sanding	

									submission of replenishment report and is liable to revoked after one year if satisfactory replenishment study report is not submitted. 3. Now, the PP requested for increasing production capacity of sand from 8000 cum/annum to 20,000 cum/annum. 4. The PP has submitted replenishment study report and mentioned that the study was done through drone method and accordingly mentioned that thickness of sand bed during pre- monsoon-66614 cum with depth 1.7 meter and after post-monsoon the sand deposition was 63283 cum with 1.9 meter depth. In view of the above the proposal may be placed in the SEIAA meeting for consideration.	
5. Und er exa mina tion of SEI AA after SEA C	Online proposal for TOR	This is regarding new proposal for mining of Decorative stone. The project has submitted at SEIAA under Category 'B1' as the lease area is ≥5.0 Ha. As per the EIA Notification, 2006, this project falls in the schedule under SI.No-1(a) −"mining of mineral" of non-coal mining sector. The project proponent has submitted proposal for ToR of Khemabeda Decorative Stone Mines over an area of 4.755 ha in village Khemabeda under Boipariguda Tahasil of Koraput district, Odisha under cluster approach (cluster area 9.696 ha) of Sri Venkatesh Hotha. The following documents have been received Form-1, checklist, PFR, DSR, D.L.C. certificate, Mining Plan, Mining plan approval letter, lease order, Topomap, village sheet and scrutiny free. The following deficiencies/omission have been noticed in the above documents. Nil Distance from nearest sanctuary/ESZ-Karlapat WLS-98.0km Whether the lease area coming in D.L.C. report-No Whether the lease area reflecting in DSR-Yes Method of mining-Semi-mechnized Distance from Nearest Road Bridge-not mentioned, Village road- 0.05 Km Whether it is part of cluster −Yes, total lease area under cluster is 9.696 Ha. Whether EC obtained earlier-No Production capacity per annum-3500 cum/annum(max.), Geological reserve-358480.8 cum, Mineable reserve-252128.40cum This is a B1 category project. Whether SEAC recommended the proposal −Yes Other Points Khemabeda decorative stone cluster mines over an area of	

						9.696 Ha comprises of two individual lease area of 4.755 Ha and	
						4.916 Ha. The present proposal is for Khemabeda mining lease	
						area for decorative stone (Dolerite/Black Granite) over an area of	
						11.75Acre or 4.755 Ha (Under cluster approach) located in the	
						village Khemabeda no. 200, under Tahasil Boipariguda, District	
						Koraput, Orissa, in favour of Sri Hotha Venkatesh. The proposed	
						project comes within 500m radius of Khemabeda decorative	
						stone mines over an area of 4.941 Ha which is located at a	
						distance of 50m from the present lease area and therefore	
						comes under cluster condition. Total cluster area for the project	
						will be 9.696 Ha. or 23.96 Acre and the EIA/EMP study will be	
						carried out for the entire cluster area. The other mines over an	
						area of 4.941 Ha obtained environment clearance from SEIAA,	
						Odisha vide letter no. 1442/SEIAA dated 03.06.2021.	
					2.	The applied Mining lease area over 4.755 Hectares or 11.75	
						Acres in village Khemabeda no. 200, under Boipariguda Tahasil	
						of Koraput district, Odisha was granted by Department of Steel &	
						Mines, Govt. of Odisha vide Letter No. 1484 / SM-Nc2-Mc0002-2021 S&M,	
						Bhubaneswar, on dated 08.02.2021 in favour of Sri Hotha	
						Venkatesh for 30 years.	
					3.	The Mining Plan along was approved by Director of Mines,	
						Odisha, Bhubaneswar vide letter no. MXXII-(b) 12/2021/9441/DM	
						on dated 02.12.2021 for a period of five years.	
					4.	Location and Connectivity -The nearest railway stations is	
						Koraput Railway Station at an aerial distance of 37 Km. The	
						lease area can be approached from NH:5 & SH: 25 at a distance	
						of 38Km &6.2 Km. Village road is at 1.5km. Kolab Reserviour is at	
						20km. Nearest RF is Dasmantpur RF within 5km. Nearest town	
						Boipariguda at 10km and district headquarters Jeypore at 29km.	
						Interstate boundary at 13km. The area is devoid of any stream.	
						The drainage pattern of the area is dendrite. As the region shows	
						an undulated hilly topography, there is neither any seasonal nor	
					_	any perennial nala flowing within the applied mining lease area.	
					Э.	The total excavation from the lease area of 4.755 Ha will be maximum upto 3500 cu.m and decorative stone production will	
						be maximum upto 700 cu.m. The total decorative stone from the	
						Cluster area of 9.696 Ha will be maximum upto 4700 cu.m per	
						annum for both the mines.	
					6.	Waste Generation and Management - During the total rock	
					٠.	mass of 13440 m3 of waste will be generated during the plan	
						period from the lease area and from the cluster total waste	
						generation will be 58749 Cu.m. These wastes will be utilized for	
						construction of civil and road metals the applicant will intend to	
						sale waste material to the local entrepreneurs with due	
 1	1		I	<u> </u>			

									permission from the competent authority. For storing of these wastes, 0.33 Ha of area has been earmarked in western part of the mining lease area and 1.274 Ha of area has been earmarked for the cluster area. 7. Water Requirement - Total water requirement for the project will be 5 KLD out of which 2 KLD will be required for drinking and domestic purpose and 1.5 KLD for dust suppression and 1.5 KLD for plantation purpose. Source of domestic water will be nearby village well. 8. Power Requirement - Diesel requirement of 6000litters/month for operation of mining equipment and DG sets. 9. Green Belt - There will be proposed for green belt development over an area of 0.329 Ha in and along the periphery of the quarry lease area of during the plan period by 500 nos. of saplings for rehabilitation. For the cluster 0.6520 Ha areas is proposed for green belt development. 10. Employment Potential - The mining activity will generate employment for 22nos of from which13nos skilled worker, 5nos semi-skilled worker &4nos administrative staffs. 11. The cost of the project is 500 Lakhs. 12. The Environment consultant M/s Kalyani Laboratories Pvt. Ltd. Plot No. 78/944, Millennium City, Pahala, Bhubaneswar - 752101 along with the proponent has made a presentation on the proposal before the Committee. 13. The SEAC prescribed the following specific ToRs in addition to standard ToRs in cluster approach as per Annexure - E for conducting detailed ElA study. 13. Installation of STP of adequate capacity and requisite design. 14. Green belt in safety zone of each mine and all-round the clusters to be confirmed with details. 15. Will Arrangement of pipeline sprinkling (permanent water line) to be explored and confirmed. 16. Visam of land duly certified by Tahsildar to be submitted. 17. In view of the above the proposal may be placed in the SEIAA
									meeting for issue of ToR .
6.	B1, TOR	1(a) Mining of minera Is	7197 8/79- MIN B1/0 2- 2022	Padma Pari	Karlichuan Dcorative Stone Mines over an area of 16.62 acres or 6.726	24.02. 2022	Und er exa mina tion of	Online proposal for TOR	This is regarding new proposal for mining of Decorative stone. The project has submitted at SEIAA under Category 'B1' as the lease area is ≥5.0 Ha. As per the EIA Notification, 2006, this project falls in the schedule under SI.No-1(a) –"mining of mineral" of non-coal mining sector. The project proponent has submitted proposal for ToR of Karlichuan Dcorative Stone Mines over an area of 16.62 acres or 6.726 hectares Village Karlichuan, Tahasil -Tentulikhunti, District-

		hectares	SEI	Nabarangpur, State-Odisha.and the PP Smt. Padma Pari.
		Village	AA	The following documents have been received
		•		Form-1, checklist, PFR, DSR, D.L.C. certificate, Mining Plan, Mining
		Karlichuan,	after	plan approval letter, lease order, Topomap, village sheet and scrutiny
		Tahasil -	SEA	free.
		Tentulikhunti,	C	The following deficiencies/omission have been noticed in the
		District-		above documents.
				Nil
		Nabarangpur,		Distance from nearest sanctuary/ESZ-Karalapat WLS-18.0km
		State-Odisha.		Whether the lease area coming in D.L.C. report-No
				Whether the lease area reflecting in DSR-No
				Method of mining-Semi-mechnized
				Distance from Nearest Road Bridge-6.0 Km, Village road-1.0 Km
				Whether it is part of cluster –No
				Whether EC obtained earlier-No
				Production capacity per annum-4000 cum/annum max., Geological
				reserve- 174594 cum, Mineable reserve- 120297 cum
				This is a B1 category project.
				Whether SEAC recommended the proposal –Yes
				Other Points
				1. The proposed project as per EIA Notification dated 14th Sept.,
				2006 and subsequent amendments, falls under Category "B",
				Project or Activity 1(a).
				2. The letter of intent for grant of mining lease is issued vide Letter
				No.1480/(SM-MC2-MC-00-2020)/ S & M, Bhubaneswar,
				Dt.08.02.2021 for a period of 30 years w.e.f. execution of the
				Mining Lease. Kissam of the land is Abada Ajoya Anabadi.
				3. The D.F.O., Nabarangpur has clarified vide their letter no. 4353
				dated 26.11.2018 that the prosed plot is not coming in D.I.C. list.
				4. The PP has mentioned that DSR specifically prepared for minor
				minerals and the prosed quarry was not included in the DSR list
				presently so, I could able to DSR including my quarry during
				ToR application. I undertake that I will submit the DSR at the
				time of EC application.
				5. Mining plan approval for the period of 30 year has been
				approved vide letter noMXXII-(b)-09/2021-6786/DM and has
				been prepared by Sri Nihar Ranjan Nayak, Regd. No.
				RQP/OD/019/2015, The Techno Chamber, Bhubaneswar-
				751006.
				6. Waste Generation and Management - During the proposed
				plan period, a total of 13000.00m ³ of waste will be generated due
				to course of mining. However about 40% of the generated waste
				will be utilized for maintenance and construction of the haul road,
				approach and existing roads in the surrounding areas
1 1	1 1	<u> </u>	L	1 2 2 2 2 2 2 2 2 2 2 2 2 2 2 2 2 2 2 2

		periodically. Therefore, a total of 5200.00m3of waste will be
		utilized for construction and maintenance of roads and remaining
		7800.00m³of waste will be dumped in the proposed temporary
		waste dump.
		7. It has been observed from the nearby wells and tube wells that
		the water touches at about 7 to 9 m depth i.e. about 595 mRL.
		As such, there is no intersection of water table during mining plan
		period and as such there will not be any impact on the water
		regime.
		8. Water Requirement - Total water requirement for the project will
		be 5 KLD out of which 2 KLD will be required for drinking and
		domestic purpose and 1.5 KLD for dust suppression and 1.5 KLD
		for plantation purpose. Source of domestic water will be nearby
		village well.
		9. Power Requirement - Diesel requirement of 6000litters/month
		for operation of mining equipment and DG sets.
		10. Green Belt – 2500nos of saplings will be planted over an area of
		12060m ² along the safety zone during the plan period.
		11. Employment Potential - There is total 30 nos. of technical
		persons, supervisory staffs and labours to carry out the mining
		and allied activities.
		12. The cost of the project is 200 Lakhs.
		13. The Environment consultant M/s Kalyani Laboratories Pvt. Ltd.
		Plot No. 78/944, Millennium City, Pahala, Bhubaneswar -
		752101 along with the proponent has made a presentation on the
		proposal before the Committee.
		14. The SEAC prescribed the following specific ToRs in addition to
		standard ToRs as per Annexure – F for conducting detailed EIA
		study.
		(i) Since about 80% waste / non-saleable waste /dump, the
		detail management including its year-wise utilization to be
		submitted.
		(ii) "Zero discharge" management with silt management
		having SOP for periodical de-siltation (if & as necessary)
		be submitted.
		(iii) Must ensure No Surface run-offs / wash offs to nearby
		nalas.
		(iv) Plantation on both sides of the haulage road of desired no.
		& species be ensured.
		(v) No. of plant species proposed need to be increased and
		plantation be completed in the first year and the rest of the
		years, the same be maintained.
		(vi) STP of suitable capacity and design be in place for
		hygienece.
		(vii) Details of water balance (during monsoon and non-
		16

									monsoon) be submitted with rain water harvesting. (viii) Dump management with detail calculations of waste utilization / inventory / sale including its chemical characteristics be submitted. (ix) Measures taken to prevent water ingression in mines pit during rainy season. (x) Water management with rain water harvesting along with calculation be submitted. (xi) Plantation to be undertaken in one year and maintain it in remaining years. (xii) Increase number of tree plantation along haulage roads and nearby suitable open areas. (xiii) Silt management including SOP for silt management for desliting of surrounding water body(s) / Agricultural land be submitted.
7.	B1,	8(b)	7600	Kalvik	Proposal for	23.04.	Und	Online	 (xiv) Proposed "Zero discharge" mechanism be submitted. (xv) Certificate from the concerned mining officer that there is no mine within 500m radius of proposed quarry. (xvi) Certificate from the concerned DFO that there is no forest land involved in the lease area. (xvii) Details of waste management along with the composition of waste is to be provided. (xviii) NOC/permission to be taken from private land owners/govt. land for plantation outside lease area. (xix) Biodiversity study of the area. (xx) In view of the likely revision of DSR for Kandhamal District in future the details of this Minor Mineral reserve to be ensured in the revised DSR. (xxi) Since, there is no involvement of advance exploration of the Decorative stone mining lease the local Tahasildar of Revenue Department must ensure the likely revised reserves after commencement of mining so that the State Government earns higher revenue. The revised data may be intimated to all concerns including modification of Mining lease and Mining plan. In view of the above the proposal may be placed in the SEIAA meeting for issue of ToR. This is regarding a new proposal building and construction
, .	TOR	Buildin g & Constr uction	4/11- MIS- V/04	Builder s (P) Ltd	Environment clearance of "Residential Apartment" for	2022	er exa mina tion	proposal for TOR	project. The project has submitted at SEIAA under Category 'B' Ha. As per the EIA Notification, 2006, this project falls in the schedule under SI.No. 8(a) –"Building & Construction" project. The project proponent has submitted proposal for grant of Violation ToR for construction of "Residential Apartment" over plot area area is 9958.82 Sqmt/2.460 Ac., built up area-30722.23 sq.m for M/s Kalvik

2022	M/s Kalvik Builders Pvt. Ltd. at Mouza-Patia, of Bhubaneswar Municipal Corporation in the Development plan area of Bhubaneswar District Khorda, State Odisha	SEI AA after SEA C	Builders Pvt. Ltd. at Mouza- Patia, of Bhubaneswar Municipal Corporation in the Development plan area of Bhubaneswar District Khorda, State Odisha and the PP is Sri Binayak Prasad Lenka. The following documents have been received Form-1, PFR, Form1A, Checklist, land schedule, conceptual plan etc. The following deficiencies/omission have been noticed in the above documents. Not submitted complete land schedule as some land is in possession. Other Points. Mis Kalvik Builders Pvt. Ltd. has applied for "Terms of Reference (ToR)" for "Residential Apartment" over a revised built-up area of 31008.08 sqm at Mouza- Patia, of Bhubaneswar Municipal Corporation in the Development plan area of Bhubaneswar, District Khorda, Odisha. The proponent has already constructed the total project with built-up area 30722.23 sqm. without obtaining Environmental Clearance and planning to increase in the built-up area from 30722.23 sqm to 31800.08 sqm (including services area, stilt and basement areas) and FAR Area is 2.11. Hence, this is a violation case. The category of the project is 8(a) as per EIA Notification, 2006 & its amendments. Location and Connectivity: The construction was completed within the approved area of 30722.23 sqm). The project has been developed on the land measuring 9958.82 sqm at Village Patia, Bhubaneswar, dist. Khorda, Odisha. Location and Connectivity: The construction vas completed within the approved area of 30722.23 sqm (in Document) or 2.489 Acres and plot area is 9958.82 Sqmt/2.460 Ac. (in Possesion) with total built-up area 31800.08 Sqmt. and Maximum height of above ground building is 20.54 m (Basement+S+4).
			 Location and Connectivity: The construction was completed within the approved area of 30722.23 sqm). The project has been developed on the land measuring 9958.82 sqm at Village Patia, Bhubaneswar, dist. Khorda, Odisha. The site is coming under Bhubaneswar Development Authority. The total land acquired is 10075.75 sqm (in Document) or 2.489 Acres and plot area is 9958.82 Sqmt/2.460 Ac. (In Possesion) with total built-up area 31800.08 Sq.mt. and Maximum height of above ground building is 20.54 m (Basement+S+4). Water requirement: The total water requirement is approx. 134

					of Power backup for the project will be through DG sets of total
					capacity -250 KVA.
				9.	Parking Requirement: Total parking area required 9262.4 Sqm.
					(47.2 % of FAR Area-19622.03 sqm)/310 ECS and open area
					and basement parking area will be provided.
				10	. Fire fighting Installations: Fire fighting system will be installed as
					per recommendation of the Fire fighting Officer, Odisha and as
					per the guideline of NBC (part-4).
				111	. Green Belt Development: During Operational Phase Total
					9262.4 (30% of total built up area) area is provided for parking.
					The green area will be developed approx. 21.24 % of the plot
				40	area.
				12	2. Solid Waste Management: Presently total solid waste
					generation is about 0.445 T/day. Adequate number of colored
					bins (green, blue and dark grey) separate for biodegradable and
					non-biodegradable wastes have already been provided at all strategic locations within the site. Solid wastes are being
					segregated at source and collected. The biodegradable waste
					297 Kg/Day) will be processed in OWC (Organic waste
					Converter) and the non-biodegradable waste (149 kg/day) will
					be handed over to authorized local vendor.
				13	3. The residential population of the project will be 990 persons. The
					population for the Residential is assumed to be 90 (Visitors), So,
					the total population for the project is envisaged to be 990
					persons.
					The estimated project cost is `40 Crores.
				15	5. The project proponent along with the consultant M/s Visiontek
					Consultancy Services Pvt. Ltd. (Bhubaneswar) made a
					detailed presentation on the proposal.
				16	5. The SEAC observed that the proponent has already constructed
					the project without obtaining Environmental Clearance as per EIA
				_	Notification 14 th Sept. 2006 and amendment thereafter.
					The SEAC, after detailed deliberations on the proposal in terms of the
					rovisions of the MoEF&CC, Govt. of India Notification dated 14 th
					March, 2017, confirmed the case to be of violation of the EIA lotification, 2006 and recommended for the following:
					•
					(i) The State Government / SPCB to take action against the
					project proponent under the provisions of section 19 of the Environment (Protection) Act, 1986, and further no consent to
					operate or occupancy certificate to be issued till the project is
					granted Environmental Clearance.
				,	700
				(II) Grant of Terms of Reference for undertaking EIA and preparation of Environment Management Plan (EMP) as
					enumerated in Annexure-D .

The following documents have been received Form-1, FPR, land schedule etc. The following deficiencies/omission have been noticed in the above documents. In Location and Connectivity - The proposed project will be established near the Ferro Chrome Plant of M/s. Misriall Mines Pvt. Ltd. at village Pankapal, PS-Kalinga Nagar, Tehsil - Sukinda in Jajpur district of Odisha State. Nearest Railway Station is Jajpur Road Railway Station at a distance of 12 Kms, Nearest Major Habitation is Jhakhapura village, Nearest NH/ Highway is NH - 53. Nearest RF/PF is Dangadi Protected Forest (Open Mixed Jungle) at 8.27 Km, Sunajhara PF - Badasila (Open Mixed Jungle) at 5.31 Km and Barhagaria (Open Jungle) at 7.53Km. Nearest rivers are - Brahmani River at 3.39 km, Pandara Nadi at 5.53 km and Ganda Nadi at 8.30 km. The area falls in Seismic Zone-III which is under Moderate Damage Risk Zone. Raw Material Requirement: The basic raw material is Low grade Chrome Ore which well be sourced from Odisha Mining Corporation (for which they have obtained necessary registration from OMC) and also from other mining resources from India and abroad. The raw material required for the project is low grade chrome ore having chromium content ranging from 20 to 40 % Cr2Os. Project Description: The Plant is based on gravity										
Annual Chrome Concentrate Production of 97,000 TPA based on Average Grade 30% Cr2O3 by M/s Misrilall Mines Pvt. Ltd., at village Pankapal, Ps. Kalinga Nagar, Tehsil - Sukinda In Healt of Sakin - Sakinda Agar at Chrome Ore Benefiation, at village Pankapal, Tehsil: Sukinda District: Jajpur. Annual Chrome Concentrate Production of 97,000 TPA based on Average Grade 30% Cr2O3 by M/s Misrilall Mines Pvt. Ltd. at village Pankapal, Ps. Kalinga Nagar, Tehsil - Sukinda in Jajpur district of Odisha State. Nearest Railway Station is Jajpur Road Railway Station at a distance of 12 Kms, Nearest Major Habitation is Jhakhapura village. Nearest NH/ Highway is NH - 53. Nearest RF/PF is Dangadi Protected Forest (Open Mixed Jungle) at 8.27 Km, Sunajhara PF - Badasila (Open Mixed Jungle) at 8.27 Km and Barhagaria (Open Jungle) at 7.53Km. Nearest rivers are - Brahmani River at 3.39 km, Pandara Nadi at 5.53 km and Ganda Nadi at 8.30 km. The area falls in Seismic Zone-III which is under Moderate Damage Risk Zone. ]							separation process with a feeding capacity 30 TPH
comprises of feed Hopper, Reciprocating feeder, mechanical]							
scrubbing unit, conveyors, single deck screening unit, crushing										scrubbing unit, conveyors, single deck screening unit, crushing

					unit and processing unit consist of slurry pumps, water pumps,	
					stub cone and long cone hydro cyclones, dewatering cone,	
					Fluidised Bed Concentrator (FBC), Rougher spirals, Cleaner	
					Spirals, Tailings Scavanger Spirals and Tailings Cleaner Spirals,	
					Shaking Table(Tripple deck) stock piling areas, Ground water	
					reservoir, Zero discharge Tailings Pond .	
					Water Requirement: About 90 KL/day of water will be required	
					for the process as make up water which will be drawn from rain	
					water harvesting pond of Ferro Chrome Plant of M/s. Misrilall	
					Mines Pvt. Ltd. About 5 KL/day of potable water will be	
					consumed for drinking & other purposes. The company will	
					obtain necessary approval from Central Ground Water Board to	
					draw from ground water through Bore well.	
					Power Requirement and Its Source: The proposed Chrome	
					Ore Beneficiation Plant requires a contract demand of 500 KVA.	
					The Power will be obtained from substation of Ferro chrome	
					Plant of M/s. MMPL with necessary statutory permission from the	
					Electrical Power authority.	
					Solid Waste Generation: The solid waste generated will be in	
					form of Tailings mud. The quantity of Tailings will be 1,01,000	
					MT from 1,98,000 TPA low grade chrome ore for producing	
					97,000 MT Concentrate in the Chrome Ore Beneficiation plant.	
					Solid Waste Management: The tailings generated in plant	
					excavated from zero discharge tailings pond and dried in	
					designated drying area. The tailings mud is not hazardous in	
					nature. It is proposed to utilize in the Ferro chrome plant as a	
					replacement of Mill Scale and also can be utilized in making	
					bricks, construction of Roads etc.	
					Other Solid waste like waste cottons, empty bags, rejected	
					gaskets, empty bottles band jerry canes, steel structures and	
					rejected spares of process equipment etc., generated may have	
					scarp value and shall be disposed off with price realization to the	
					authorized vendors. Used oil will be disposed to authorized	
					reprocessing units having valid authorization from Odisha State	
					Pollution Control Board. Water Pollution Management: The plant use water for	
					beneficiation of Chrome Ore will be reclaimed from the zero	
					discharge. Tailings Pond and reuse in the beneficiation of	
					chrome ore. Balance water added to the process as make up	
					water will be taken from the rain water harvesting pond of M/s. MMPL, Ferro Chrome Unit. Runoff water during rainy season and	
					surrounding the plant area will be channelized to water	
					harvesting pond of Ferro chrome Plant after necessary	
					treatment. No housing colony will be constructed in the premises.	
<u> </u>		L		1	However, Sewage generated from office /toilet will be in a septic	
				22		

			tank followed by soak pit. No water will be discharge outside.
			10. Manpower Requirement: The Plant would operate for about
			330 days in a year. The estimated requirement of employment is
			about 50 employees (both direct and indirect) to operate the
			plant.
			11. Rehabilitation and Resettlement (R & R Plan): The said
			Chrome Ore Beneficiation Plant will be established near the
			existing Ferro Chrome plant of the Company M/s Misrilall Mines
			Pvt. Ltd. No settlements exist within project area. CSR activities
			will be adopted by the Project proponent.
			12. Project Sc hedule: The project will be completed in a period of 12
			months. The zero date will be considered as the date on which
			EC is obtained.
			13. Project Cost : The Project Cost of the proposed project is Rs
			5.00 crores (Rupees Five Crores) or Rs.500.00 Lacs (Rupees
			Five Hundred Lacs) only including capital cost to wards
			Environment Management Plan (EMP) of Rs.60.00 lacs. The
			same will be sourced from its own internal accruals without any
			borrowing.
			14. The Environment consultant M/s Visiontek Consultancy
			Services (P) Ltd., Bhubaneswar along with the proponent has
			made a presentation on the proposal before the Committee.
			15. The SEAC prescribed the ToRs as per Annexure - A and
			following specific ToRs for conducting detailed EIA study.
			i) Chemical analysis report on Chromite (Cr ⁺⁶) content in
			soil, ground water and plant, within mining area and
			surrounding area.
			ii) Detail report on technology use, monitoring schedule
			and standard procedure adopted for conversion of Cr ⁺⁶
			to Cr ⁺³ in plant. iii) Detailed water balance.
			iii) Detailed water balance. iv) Plant layout showing greenbelt, ETP, Rain Water
			Harvesting etc. to be submitted.
			v) Details of usage of tailings along with supporting
			documents.
			vi) Details of rain water harvesting method proposed and
			its usage.
			vii) Detailed report on leachate management.
			viii) Supporting documents for land is not forest land as per
			Forest Act 1980.
			ix) Detailed dimension regarding green belt.
			x) Kisam of the land is stated to be" Pathar khani".
			Construction shall start only after conversion of the
			land to " Industrial Use" in terms of Sabik record.
			xi) Water Balance of the existing and the proposed plant
			23
			

								be submitted since process water requirement of 300 KLD has been stated to be met from RWH of existing plant. xii) It is stated by PP that tailings shall be used as mill scale for Ferro Chrome plant, construction of road and brick manufacturing. The details of the same be submitted with illustrations/ examples. xiii) Confirmation for provision of STP with detail design. xiv) Detail dimensions/ area for Green Belt be submitted since it is shown as 10 percent only. xv) Provision of ETP with detail design be submitted for tailing pond liquid treatment including showing tailing pond, ETP, Recirculation Pond & RWHP with detail design and dimensions (to scale). In view of the above the proposal may be placed in the SEIAA meeting for issue of ToR.
10	B1, TOR	8(b) Buildin g & Constr uction	6669 7/09- MIS- V/03 - 2022	Utkal Builder s Ltd	Existing B+G+7 Multistoried Commercial Building of M/s. Utkal builders Ltd.	21.05. 2022	Und er exa mina tion of SEI AA after SEA C	This is regarding a new proposal building and construction project. The project has submitted at SEIAA under Category 'B' Ha. As per the EIA Notification, 2006, this project falls in the schedule under SI.No. 8(a) —"Building & Construction" project. The project proponent has submitted proposal for grant of Violation ToR for construction of Multistoried commercial building "Utkal Signature" over plot area- 9259.92 sqm. and built-up area-25,747.93 sq.m located at Pahal, Bhubaneswar, Khordha and the PP is Sri Sharad Baid (Director). The following documents have been received Form-1, PFR, Form1A, Checklist, land schedule, conceptual plan etc. The following deficiencies/omission have been noticed in the above documents. Nil Other Points. 1. The proposal was considered by the committee to determine the "Terms of Reference (ToR)" for undertaking detailed EIA study for the purpose of obtaining environmental clearance in accordance with the provisions of the EIA Notification, 2006 and amendment thereafter. 2. The proponent has already constructed the total project with built-up area 25,747.93 m² without obtaining Environmental Clearance. Hence, this is a violation case. 3. The category of the project is 8(a) as per EIA Notification, 2006 & its amendments. 4. The Building Details of The Project: Particular Proposed Permissible

					Project Name	B+G+8 Multistoried Commercial Building of M/s. Utkal builders Ltd.		
					Plot Area	9259.92 sqm.		
					Ground Coverage	2663.98 sqm (28.76 %)		
					FAR (Floor Area Ratio)	21755.75 (@2.34)	2.75	
					Built up Area	25747.93 sqm		
					Maximum Height	30.35 m		
					Road Area	2703.0 sqm		
					Parking Area	8738.55 sqm (40.16 % of FAR Area)	8702.3 sqm (40% of FAR Area)	
					Green Belt Area	1972.90 sqm (20.7 %)	1902.8 sqm (20 %)	
					Maximum No. of Floor	B+G+8		
					Power/Electricity Requirement & Sources	1671.24 KW		
					No. of DG sets	03 No. (Capacity: 2x1010 KVA+300 KVA)		
					Water requirement & Sources	65 KLD (Fresh)		
					Sewage Treatment & Disposal	STP Capacity 100 KLD		
					Estimated Population- Commercial including Floating/visitors	2175 nos.		
					Power requirement estimate for propose	ent: The total consoli	24 KW.	
				6.	for the project which water of 83.35 KLD	t: Fresh make up of 65 r ch will be sourced from o will be treated in a STF	Ground water. Vo of 100 KLD cap	Vaste
L					wnich includes prim	nary, secondary and tertia	ry treatment.	

	 Rain Water harvested through 3 nos. of Rain Water recharging pits. Fire fighting Installations: Fire fighting system will be installed as per recommendation of the Fire fighting Officer, Odisha and as per the guideline of NBC (part-4). Parking - Total Parking Area provided is 8738.55 m2/315 ECS (Basement Parking — 3992.19m2/125ECS + Open Parking — 4746.37m2 / 190 ECS). Green Belt Development: Green belt will be developed over an area of 1972.90 sqm which is 20.7 % of the plot area; by using the local species like Radhachuda, Nageswar, Akash Neem, Ashok, Polanga, Karang, Bela, Pijilu, Kaniara, Tagar, Hena, etc. Solid Waste Management: From the Commercial project solid waste in form of food waste from miscellaneous waste will be generated @ 0.15 kg/person/day, which will be about 326.25 kg/day. The generated solid waste from the residential complex will be segregated as biodegradable and non-biodegradable. This will be collected in separate colored bins. Proper waste management practices will be adopted during the collection, storage and disposal of the generated solid waste and construction and demolition waste. The estimated project cost is `30 Crores and cost for EMP is 1.57 lakhs. The project proponent along with the consultant M/s Centre for Envotech & Management Consultancy Pvt. Ltd., Bhubaneswar made a detailed presentation on the proposal. The SEAC observed that the proponent has already constructed the project without obtaining Environmental Clearance as per EIA Notification 14th Sept. 2006 and amendment thereafter. The SEAC, after detailed deliberations on the proposal in terms of the provisions of the MoEF&CC, Govt. of India Notification dated 14th March, 2017, confirmed the case to be of violation of the EIA Notification, 2006 and recommended for the following: (i) The State Government / SPCB to take action against the project proponent under the provisions
	Environment (Protection) Act, 1986, and further no consent to operate or occupancy certificate to be issued till the project is granted Environmental Clearance. (ii) Grant of Terms of Reference for undertaking EIA and preparation of Environment Management Plan (EMP) as enumerated in Annexure-A. (iii) The project proponent shall be required to submit a bank
	the project without obtaining Environmental Clearance as per EIA Notification 14th Sept. 2006 and amendment thereafter. The SEAC, after detailed deliberations on the proposal in terms of the provisions of the MoEF&CC, Govt. of India Notification dated 14th March, 2017, confirmed the case to be of violation of the EIA Notification, 2006 and recommended for the following: (i) The State Government / SPCB to take action against the project proponent under the provisions of section 19 of the Environment (Protection) Act, 1986, and further no consent to operate or occupancy certificate to be issued till the project is granted Environmental Clearance. (ii) Grant of Terms of Reference for undertaking EIA and preparation of Environment Management Plan (EMP) as enumerated in Annexure-A.

									natural and community resource augmentation plan with the SPCB prior to the grant of Environmental Clearance. The quantum shall be recommended by the SEAC and finalized by the regulatory authority. The bank guarantee shall be released after successful implementation of the EMP, followed by recommendations of the SEAC and approval of the regulatory authority. In view of the above the proposal may be placed in the SEIAA meeting for issue of Violation ToR.	
11	. B1,	1(a) Mining of minera Is	7341 2/82- MIN B1/0 3- 2022	SGS Mines & Industri es Private Limited	Kudubadi Pahad Decorative Stone Deposit over 38.077 ha in village Kudubadi Pahad under Daspalla in Nayagarh district, Odisha.	17.05. 2022	Und er exa mina tion of SEI AA after SEA C	Online proposal for TOR	This is regarding new proposal for mining of Decorative stone. The project has submitted at SEIAA under Category 'B1' as the lease area is ≥5.0 Ha. As per the EIA Notification, 2006, this project falls in the schedule under SI.No-1(a) —"mining of mineral" of non-coal mining sector. The project proponent has submitted proposal for ToR of Kudubadi Pahad Decorative Stone over 38.077 ha in village Kudubadi Pahad under Daspalla in Nayagarh district, Odisha by SGS MINES & INDUSTRIES PRIVATE LIMITED and the PP Sri. Akash Agarwal (Managing Director). The following documents have been received Form-1, checklist, PFR, DSR, D.L.C. certificate, Mining Plan, Mining plan approval letter, lease order, Topomap, village sheet and scrutiny free. The following deficiencies/omission have been noticed in the above documents. • As per the submission of inspection report by DFO, Nayagarh it is mentioned that the proposed quarry is not coming in D.L.C. report but the lease area surrounded dense tree species and as per the information of local people wild animal bear, Jungali hen, wild boar are seen in the said hill. Distance from nearest sanctuary/ESZ-Mahanadi WLS-10.2km Whether the lease area coming in D.L.C. report-No Whether the lease area reflecting in DSR-No Method of mining-Semi-mechnized Distance from Nearest Road Bridge-16.0 Km, Village road-0.70 Km Whether it is part of cluster ¬Yes, total lease area under cluster is 38.077 Ha. Whether EC obtained earlier-No Production capacity per annum- 18750 cum/annum max. (usable stone max. — 6000 cum/Annum) cum/annum(max.), Geological reserve- 93, 63, 773.12 cum, Mineable reserve- 47, 99, 184.00 cum This is a B1 category project. Whether SEAC recommended the proposal ¬Yes Other Points	

		1. The proposed project as per EIA Notification dated 14th Sept.,
		2006 and subsequent amendments, falls under Category "B",
		Project or Activity 1(a).
		The letter of intent for grant of mining lease is issued vide Letter
		No.7437/(SM-MC2-MC-0066-2021)/ S & M, Bhubaneswar,
		Dt.14.09.2021 for a period of 30 years w.e.f. execution of the
		Mining Lease. Total lease area of 38.77 ha is non-forest Govt.
		waste land of Parvat Kissam.
		3. The mining plan of the project has been approved under Mineral
		Concession Rule, 2016 and Granite Conservation &
		Development Rule, 1999 vide letter no – MXXII-(c)-
		8/2021/2047/DM on dated 07.03.2022 by Directorate of Mines,
		Bhubaneswar, Govt of Odisha.
		4. Location and Connectivity - The mine could be approach
		from Daspalla following Daspalla –Nayagarh NH Road,
		Kudubadi Pahad village at a distance of 9.0 km from NH-57.
		The nearest railway station is Nayagarh which is at a
		distance of 60 km from the Applied M.L. area.
		5. Waste generation and utilization - The volume of waste to be
		generated during the plan period will be 63750 cum . About
		40% of generated waste i.e. 25500 m3 of waste will be utilized
		for construction and maintenance of roads and remaining 38250
		m3 of waste will be dumped in the proposed temporary
		waste dump in the earmarked site .
		6. Green Belt - There will be proposed for green belt development
		over an area of 2.310 Ha in and along the periphery of the
		quarry lease area of during the plan period by 760 nos. of
		saplings for rehabilitation.
		7. Water Requirement - 10 m ³ /day (5m ³ for dust suppression, 3m ³
		for Plantation & 2m³ for drinking purpose). As the requirement
		of water is not so huge, the mine will draw water as per
		suitability in accordance to the existing guidelines.
		8. Power Requirement - Power Requirement will be met through
		DG sets.
		9. Employment Potential - The mining activity will generate
		employment for 20nos of from which 17nos under skilled
		worker, unskilled worker & 3nos managerial staffs.
		10. The project cost is ` 200 lakhs. and a budget of 10.0 lakhs is
		proposed as EMP cost for the lease area.
		11. The Environment consultant M/s Srushti Seva Pvt. Ltd.,
		Nagpur along with the proponent has made a presentation on
		the proposal before the Committee.
		12. The SEAC prescribed the following specific ToRs in addition to
		standard ToRs as per Annexure-C for mining project for
		conducting detailed EIA study.
		· · · · · · · · · · · · · · · · · · ·
		28

				•					,
									 (i) Certificate from the concerned Tahasildar about the geo coordinates and other mines located within 500 meter from the periphery of the lease boundary. (ii) Distance of the nearest habitation / village (s) etc. from the lease boundary duly certified by the concerned Tahasildar. (iii) Details of waste management i.e., quantity to be used, stored and the waste composition. (iv) NOC from concerned competent authority for usage of road for transportation of minerals. (v) Plantation on both sides of approach road and its maintenance. (vi) Zero discharge from lease area to be maintained. (vii) In case village / any habitation is very nearby, plan to ensure safety of human life and livestock from accidents be submitted. (viii) Number and type of vehicles to be engaged per day and their frequency of plying. (ix) Certificate from the concerned DFO / Tahasildar that there is no DLC land involved in lease area. Distance of the mines from the boundary of the Notified Eco-Sensitive Zone / Wildlife Sanctuary if any. (x) Certificate from the concerned mining officer that the mine has not operated earlier and this is a new mine. (xi) NOC of BDO of Panchayat for usage of haulage road/Panchayat Road. (xii) In view of the likely revision of DSR for Nayagarh District in future the details of this Minor Mineral reserve to be ensured in the revised DSR. (xiii) Plue to non-availability of exploration data increase in
									(xiii) Due to non-availability of exploration data, increase in
									production if any to be complied. In view of the above the proposal may be placed in the SEIAA

	8. The SEAC in its meeting held on 27.04.2019, decided to take
	decision on the proposal after the proponent submits the
	approval of the drainage and sewerage disposal plan by the
	competent authority such as Bhubaneswar Development
	Authority (BDA).
	9. The proponent has not submitted any approval of the drainage

									and sewerage disposal plan by the competent authority such as Bhubaneswar Development Authority (BDA) through online system. 10. The SEAC observed that this is a case more than four years and also data provided is more than four years old and also the proponent has not able to comply the same within the time frame in online system. 11. After detailed discussion, the SEAC decided to return the proposal to SEIAA, Odisha with a request to delist the proposal and ask the proponent to apply afresh with all required documents. In view of the above the proposal may be placed in the SEIAA meeting for consideration.
5.	B2, EC	1(a) Mining of minera Is	SIA/ OR/ MIN/ 2535 09/20 22	Tahasil dar, Pottangi	Proposal for EC of Deo-Pottangi Stone Quarry over an area of 4.20 Acers or 1.70 Ha having Khata No. 163, Plot No. 431 in the village Deo-Pottangi, Tahasil Pottangi in district Koraput.	09.04. 2022	Unde r exam inatio n of SEIA A after SEA C	Online proposal for EC	This is regarding a new proposal for mining of minor mineral Stone. The project has submitted at SEIAA under Category 'B2' as the lease area is ≤5.0 Ha. As per the EIA Notification, 2006, this project falls in the schedule under SI.No-1(a) -"mining of mineral" of non-coal mining sector. The project proponent has submitted proposal for EC of Proposal for EC of Deo-Pottangi Stone Quarry over an area of 4.20 Acers or 1.70 Ha having Khata No. 163, Plot No. 431 in the village Deo-Pottangi, Tahasil Pottangi in district Koraput, State Odisha and the PP is Tahasildar, Pottangi. The following documents have been received Form-1, Form-2, PFR, EMP, D.L.C., checklist, Mining Plan and approval letter, DSR, Village sheet, Cluster certificate, topomap etc. The following deficiencies/omission have been noticed in the above documents. Not submitted earlier EC compliance Distance Form nearest sanctuary/ESZ-Sunabeda WLS-210.0km Whether the lease area coming in D.L.C. report-No Whether the lease area reflecting in DSR-Yes Method of mining-Semi-mechanized Distance from Nearest Road Bridge-15.0km, Village road-0.67km Whether it is part of cluster −No Whether EC obtained earlier-Yes but not submitted EC compliance report. Production capacity per annum-3013 cum/annum(max.), Geological reserve-2685024 cum, Mineable reserve-142625 cum This is a B2 category project. Whether SEAC recommended the proposal −Yes In view of the above the proposal may be placed in the SEIAA meeting for consideration of EC.

16.	B2, EC	1(a) Mining of minera Is	SIA/ OR/ MIN/ 2590 39/20 22	Sri Sachin Sahoo	Proposal for EC of Badabara Sand Quarry over an area of 4.957 Ha under Bhapur Tahasil of Nayagarh District Odisha	18.04. 2022	Unde r exam inatio n of SEIA A after SEA C	Online proposal for EC	This is regarding a new proposal for mining of minor mineral Sand. The project has submitted at SEIAA under Category 'B2' as the lease area is \$5.0 Ha. As per the EIA Notification, 2006, this project falls in the schedule under SI.No.1(a) – "mining of mineral" of non-coal mining sector. The project proponent has submitted proposal for EC of Badabara Sand Quarry over an area of 4.957 Ha under Bhapur Tahasil of Nayagarh District Odisha and the PP is Sri Sachin Sahoo. The following documents have been received Form-1, Form-2, PFR, EMP, checklist, Mining Plan and approval letter, DSR, Village sheet, Cluster certificate, topomap etc. The following deficiencies/omission have been noticed in the above documents. Nil Distance from nearest sanctuary/ESZ-Chandaka WLS-25.0km Whether the lease area coming in D.L.C. report-No Whether the lease area reflecting in DSR-Yes Method of mining-Manual River-Mahanadi, Depth of sand deposition-2.0 meter Distance from Nearest Road Bridge-1.4km, Village road-0.5km Whether it is part of cluster –No Whether EC obtained earlier-Yes submitted earlier EC compliance Production capacity per annum-40008 cum/annum(max.), Geological reserve-80288 cum, Mineable reserve-40008 cum This is a B2 category project. 17. The SEAC recommended for grant of Environmental Clearance
The object to the state of the

valid for 10 years with stipulated conditions as per Annexure - C
in addition to the following specific conditions.
i) The Proponent before implementation of the project
shall convert the land to Gharabari and shall take the
ownership of the land if not already taken.
ii) The Proponent shall obtain permission/NOC from
Executive Engg (PHD) and / or from the appropriate
authority for disposal of excess STP treated water to the
nearest drain without which the Proponent will not start
construction work. Also, in case of the connecting drain
passing through others land (Govt. or Private land), the
Proponent shall obtain the permission and possession
as the case may be
iii) The proponent shall use solar energy at least to the tune of
5%of total power requirement as proposed.
iv) Trees located within the project area shall be transplanted
to alongside the boundary green development area.
v) To reduce discharge of treated water to open drain, the
proponent shall use more water for increased number of
trees proposed to be planted in the green belt area & shall
also utilize this treated water for car washing, floor washing
to minimize the surplus discharge to drain.
vi) The proponent shall implement the Pollution Control
Measures and safeguards as proposed in the Environment
Management Plan (EMP) of project report.
vii) The proponent shall Comply to the provision of structural
stability certificate as per the bye- law of the Development
Authority.
viii) When the public water supply will be available adjacent to/ in
the vicinity of the proposed project in future, the PP shall
avail it following due procedure of the Govt. if the concerned
authority agrees and dispense with the drawl of ground
water except one bore well for emergency purpose. The PP
shall take up suitably for the purpose with the concerned
authority of the Government.
ix) The structural stability shall be vetted by NIT or IIT before
construction
x) The PP shall adhere to terms of Agreement with BDA
xi) All compliances submitted/ committed by PP(s) shall be
strictly adhered to them in addition to all the conditions/
specific conditions of EC.
In view of the above the proposal may be placed in the SEIAA
meeting for consideration.

	33.	B2, EC	1(a) Mining of minera ls	SIA/ OR/ MIN/ 2534 35/20 22	Tahasil dar, Chikiti	Proposal of Tahasildar Chikiti for EC of Sundarada Bira Chaitanyapur River Sabd Bed, over an area of 5.00 Ha. bearing Khata No: 223, Plot No: 1059, At village-Sundarada Bira Chaitanyapur, Tahasil- Chikiti, Dist- Ganjam	2022	Defer red by SEIA A	Online proposal for EC	This is regarding a new proposal for mining of minor mineral Sand. The project has submitted at SEIAA under Category '82' as the lease area is ≤5.0 Ha. As per the EIA Notification, 2006, this project falls in the schedule under SI.No-1(a) –"mining of mineral" of non-coal mining sector. The project proponent has submitted proposal for EC of Sundarada Bira Chaitanyapur river sand bed, over an area of 5.00 ha.khata no: 223, plot no: 1059, at: Sundarada Bira Chaitanyapur, Tahasii: Chikiti, Dist: Ganjam, Odisha of Tahasildar Chikiti The following documents have been received Form-1, Form-2, PFR, EMP, checklist, Mining Plan and approval letter, DSR, Village sheet, Cluster certificate, topomap etc. The following deficiencies/omission have been noticed in the above documents. Nil Distance from nearest sanctuary/ESZ-Lakahri valley WLS-73.0km Whether the lease area reflecting in DSR-Yes Method of mining-Manual River-Bahuda, Depth of sand deposition-1.5 meter Distance from Nearest Road Bridge-0.55km, Village road-0.170km, Temple-0.25 km Whether it is part of cluster –No Whether EC obtained earlier-Yes, submitted EC compliance but not provided clear information like production details and other conditions given on the EC compliance. Production capacity per annum-7005 cum/annum (max.), Geological reserve-74998.5 cum, Mineable reserve-52194 cum This is a B2 category project. Whether SEAC recommended the proposal –Yes Other Points 1. The proposal was placed in the SEIAA meeting earlier on 24.02.2022 and Authority decided that "since so many quarries are proposed on Bahuda River, a clear map may be furnished by Tahasildar/PP to justify that theses quarries are not in a cluster. Also, the Tahasildar may clarify whether these quarry sites are part of CRZ area referring to ICZMA project. Also, compliance report on previous EC may be submitted immediately" and accordingly letter issued by SEIAA vide letter no. 4115/SEIAA dated 02.03.2022 for clarification. 2. The The concerned Tahasildar has submitted clarification vi

The villagers are use another short cut road to reach the NH-16 instead of this road leads to quarry location. In view of the above the proposal may be placed in the SEIAA meeting for consideration of EC. This is regarding a new proposal for mining of minor mineral Stone Quarry. The project has submitted by the applicant under Category 182' for EC. The project proponent has submitted proposal for EC for Hatibari stone quarry-3 over 5.23 acres or 2.12 hectares in village Hatibari under Jujomura Tahsil of Sambalpur District Odisha and the PP is Tahasildar, Jujomura. The following documents have been received Checklist, form-1, PFR, EMP, D.L.C., topomap, village sheet, DSR, mining approval letter, mining plan, cluster clarification. The following deficiencies/omission have been noticed in the above documents. • Nil Distance from nearest sanctuary/ESZ-Ushakothi WLS-23.0km Whether the lease area coming in D.L.C. report-No Whether the lease area reflecting in DSR-Yes Method of mining-Semi-mechanized	
									Distance from nearest sanctuary/ESZ-Ushakothi WLS-23.0km Whether the lease area coming in D.L.C. report-No Whether the lease area reflecting in DSR-Yes	

									Geological reserve-25800 Cum, Mineable reserve-21070 cum This is a B2 category project. Whether SEAC recommended the proposal –Yes Other Points 1. The proposal was placed in the SEIAA meeting earlier on 24.02.2022 and Authority decided that "Whether Hatibari Stone Quarry-1 & 4 are in operation (2) Lease area of Hatibari Stone Quarries-1,2,3 & 4, (3) The exact map distance of Hatibari Stone Quarry-1, 2 & 4 from Hatibari Stone Quarry-3 along with latitude and longitude" and accordingly letter issued by SEIAA vide letter no. 4316/SEIAA dated 06.04.2022 for clarification. 2. The concerned Tahasildar has submitted clarification vide their letter no. 2159 dated 24.06.2022 and mentioned that there are four stone quarries Hatibari-1 (lease area 5.0Ha), Hatibari-2(Lease area-5.0 ha), Hatibari-3 (lease area-2.11 Ha) and Hatibari-4 (6.19 ha). 3. The Tahasiladr has mentioned that Hatibari Stone quarry-1 is non-operational since 2020 and closed as per the order of Collector, Sambalpur since 29.01.2022 and Hatibari-4 is also non-operational since 2020 and is under process for closure. 4. As per submission of Tahasildar it reveals that Hatibari-3 (Proposed Stone quarry) and Hatibari-4 are coming under cluster and total lease area is more than 5.0 ha. But he the Tahasildar has mentioned that Hatibari-4 is also non-operational since 2020 and is under process for closure. In view of the above the proposal may be placed in the SEIAA meeting for consideration.
37.	B1, EC	1(a) Mining of minera Is	SIA/ OR/ MIN/ 7210 8/202 0	Sri Narotta m Mohant y	EC for production of road metal of 5400Cum/Annu m over Dubula Stone Quarry Mouza Dubula, PS- Tarabha, Dist-Subarnapur, Hold No- 251, Plot No:1370 over an area of	10.02. 2022	Reje cted by SEA C	Online proposal for EC	This is regarding a new proposal for mining of minor mineral Stone . The project has submitted at SEIAA under Category ' B1 ' as the lease area is ≥5.0 Ha. As per the EIA Notification, 2006, this project falls in the schedule under SI.No-1(a) –"mining of mineral" of non-coal mining sector. The project proponent has submitted proposal for EC of Dubula Stone Quarry Mouza Dubula, PS-Tarabha, Dist-Subarnapur, Hold No- 251, Plot No:1370 over an area of 13.00 acres (5.2611 Ha) of Sri Narottam Mohanty , The following documents have been received Checklist, form-1, PFR, EIA & EMP, D.L.C., topomap, village sheet, DSR, mining approval letter, mining plan, cluster clarification. The following deficiencies/omission have been noticed in the above documents .

	1				T 40 00				
					13.00 acres (5.26				In the google earth map it appears that the quarry already operated that area but not submitted earlier EC compliance. Distance from nearest sanctuary/ESZ-Tikarpada WLS-158.0km Whether the lease area coming in D.L.C. report-No Whether the lease area reflecting in DSR-Yes Method of mining- Semi-mechanized Distance from Nearest Road Bridge-8.0km, village road-1.2km Whether it is part of cluster – No Whether EC obtained earlier- No Production capacity per annum-5400 cum/annum (max.), Geological reserve-565641 Cum, Mineable reserve-424080 cum This is a B1 category project. Whether SEAC recommended the proposal –No, reject the proposal Other Points 1. ToR has been issued by SEIAA, Odisha vide letter no. 148/SEIAA dated 21.01.2021 for this project for EIA study. 2. Public hearing was conducted on 03.09.2021 at Dubula village, Subarnapur and 46 participants were present in this PH and the following point raised as follows: a. Village is located 100 meter away from the village if blasting occurs its negative impact will be on the building of the villagers. b. People are opposing the project with anticipated the air and noise pollution. 3. The SEAC return the proposal to SEIAA with mentioned that the project proponent did not attend the meeting and has twice missed the presentation. So, SEAC decided to return the proposal to SEIAA for further action. In view of the above the proposal may be placed in the SEIAA
38.	B1, EC	1(a) Mining	SIA/ OR/	Sri Sarat	Proposal for EC of Aruha Black	02.05. 2022	Defer red	Online proposal	meeting for consideration. This is regarding a new proposal for mining of minor mineral Stone . The project has submitted at SEIAA under Category 'B1' as the lease
		of minera Is	MIN/ 7646 9/202 0	Jena	Stone quarry (Cluster Serial No-2/3), (Khata No-779, Plot No-2807,2808,281 1) over an area of 18.88 acres or 7.64 hacters		by SEIA A	for EC	area is ≥5.0 Ha. As per the EIA Notification, 2006, this project falls in the schedule under SI. No.1(a)—"mining of mineral" of non-coal mining sector. The project proponent has submitted proposal for EC of Aruha Black Stone quarry (Cluster Serial No-2/3), (Khata No-779, Plot No-2807,2808,2811) over an area of 18.88 acres or 7.64 hacters in village Aruha under DharmasalaTahasil of Jajpur District, Odisha and the project proponent is Sri Sarat Kumar Jena. The following documents have been received Form-1, Form-2, PFR, checklist, EIA & EMP, Mining Plan and approval letter, D.L.C., DSR, Village sheet, Cluster certificate,

	in village Aruha	topomap etc.	
	under	The following deficiencies/omission have been noticed in the	
	Dharmasala	above documents.	
	Tahasil, Dist-	If the proposed quarry operated earlier then why not	
		submitted EC copy and according EC compliance report.	
	Jajpur	Not, specified whether the Katchha road located 50 meter	
		away from quarry used by villagers.	
		Distance from nearest sanctuary/ESZ-Kapilash WLS-23.39km	
		Whether the lease area coming in D.L.C. report-No	
		Whether the lease area reflecting in DSR-Yes	
		Method of mining- Semi-Mechanized	
		Distance from Nearest Road Bridge-6.20km, village road-0.02km	
		Whether it is part of cluster –Yes, total lease area is 59.89 Ha and	
		submitted cluster EMP.	
		Whether EC obtained earlier-No	
		Production capacity per annum-42034 cum/annum (max.),	
		Geological reserve-3131289 cum, Mineable reserve-2638853 cum	
		This is a B1 category project.	
		Whether SEAC recommended the proposal –Yes	
		Other points	
		1. ToR was issued by SEIAA, Odisha vide letter no. 8344/SEIAA on	
		dated 03.06.2020 for entire cluster area and accordingly	
		submitted final EIA and EMP.	
		2. The lease area coming under cluster-2 mine constituted of Aruha	
		hillocks over an lease area 59.89 Ha for which already Public	
		hearing conducted on 26.08.2020 and accordingly submitted final	
		EIA & EMP report.	
		3. The SEAC recommended the proposal for EC with conditions for	
		individual application accordingly the SEIAA, Odisha has issued	
		letter vide letter no. 2329/SEIAAdt.31.08.2021.	
		4. Now, the PP has applied individual application and the SEAC	
		recommended the proposal for EC.	
		5. The proposal was placed in the SEIAA meeting held on	
		26.05.2022 and the Authority decided that " In view of the	
		situation of village road only at 20m distance, no blasting can	
		be permitted. Further, from google map it appears there is	
		rampant mining and quarrying within and around the proposed lease area, and Tahasildar has to report if any of	
		this is unauthorized / illegal and in violation of MoEF&CC Notification dated 18.05.2012. If some of it is found to be in	
		violation of EIA Notification, 2006, a remediation plan for	
		mitigating the adverse impact of violations committed has to	
		be submitted by Tahasildar within a period of 2 months. In addition, quantum of illegal quarrying in this hill block has to	
<u> </u>		audition, quantum of megal quarrying in this hill block has to	

									be estimated, and economic as well as environmental loses have to be reported in monetary terms, with proposal made for assessing penalty / compensation." 6. Based on the ADS raised by SEIAA Odisha on the above mentioned point, the Tahasildra has submitted clarification vide letter no. 2342 dated 04.06.2022 with mentioned that a kuchha road is located 50 meter distance from the proposed quarry where as village road is at a distance of 957 meter from the lease boundary. The proposed quarry was a running mine where the excavation had been carried out earlier within the lease period by the former lessee. Again, after the completion of the lease period for five years the quarry has been re-auctioned and lease was granted to the successful bidder. After execution of lease deed agreement, no illegal/unauthorized mining is expected. In view of the above the proposal may be placed in the SEIAA meeting for consideration.
39	B1, EC	1(a) Mining of minera Is	SIA/ OR/ MIN/ 7682 3/202 0	Smt.
