RESOLUTION AGAINST AGENDA NO-26

The committee discussed the matter and recommended grant of environmental clearance for the project proposal along with general and specific conditions as annexed at annexure-1 to these minutes regarding Soil/Brick Earth mining project.

27. श्री बादल सिंह, पुत्र स्व० श्री सहेन्द्र सिंह, ग्राम-लछैड़ा, मुजफ्फर नगर के पत्र दिनांक 20.11.2019 पर समिति द्वारा विचार - विमर्श।

The letter dated 20/11/2019 of Shri Badal Singh, S/o Late Shri Sahendra Singh, R/o Village-Laccheda, District-Muzaffarnagar was considered in the meeting. The subjective matter of the letter is regarding the implementation of EIA Notification 14 September, 2006 (as amended thereof) and instruction issued by Ministry of Environment, Forests and Climate Change, Govt. of India vide Officer Memorandum/circulars from time to time for the grant of environment clearance at the SEIAA/SEAC.

The applicant vide letter dated 20/11/2019 has specifically mentioned that SEIAA/SEAC while granting the prior environmental clearances for soil mining is not following the procedure being laid down in EIA notification dated 14/09/2006 (as amended thereof) and along with O.M. dated 24/06/2013 which is regarding Guidelines for consideration of proposals for grant of environmental clearance under EIA Notification, 2006 for mining of 'brick earth' and 'ordinary earth' having lease area less than 5 ha – regarding categorization as Category 'B2' and also order passed by Hon'ble Court(s). Whereas in the minutes the specific mandatory condition *"Appropriate fencing all around the borrowed/excavated pit shall be made to prevent any mishap"* while granting the prior environmental clearance for soil mining is laid down. Further, to construct 06 feet tin sheet fencing all around the mining project instructed vide Hon'ble Court orders and to monitor the compliance.

It is very clear SEIAA/SEAC is liable to follow the procedure laid down in EIA Notification 14 September, 2006 (as amended thereof) and instruction deliberated by Ministry of Environment, Forests and Climate Change, Govt. of India vide Officer Memorandum and circulars from time to time in regard of grant of

environment clearance and as for as the question of laying down the mandatory condition of “*Appropriate fencing all around the borrowed/excavated pit shall be made to prevent any mishap*” while granting the prior environmental clearance for soil mining it is being obeyed letter and spirit. A third party accredited by QCI/NABET may be appointed to resolve the issue of monitoring of the compliance, if permissible.
