In both the counts, the fact remains, the successful writ petitioners have not fulfilled the conditions stipulated under law and the said orders of the learned single judge in W.P.Nos.4120 of 2017 dated 31.12.2021 and W.P.No.4208 of 2017 dated 31.12.2021 got its finality. On verification through the web pages of the said cases, there is no review applications are filed or pending before the Hon'ble High Court for relaxation of the said conditions put forth by the learned single judge and the said order got its finality.

Further, being successful writ petitioners cannot file an intra court appeal against their own orders as succeeded before the learned single judge and the said orders were challenged in W.A.Nos. 260 of 2022 and 261 of 2022 respectively and the said conditions of the learned single judge is not modified by the Hon'ble Division Bench, thus, the said conditions of the learned Single Judge got its finality.

The orders of the learned single judge (as extracted above) got finality and no applications were filed for modification of **the learned single judge's order as extracted above and got its finality**. The intra court appeals in WA.Nos. 260 of 2022 & 262 of 2022 are nothing but abusive of process of law by a SUCCESSFUL WRIT PETITIONERS WITHOUT FULLFILLING THE CONDITIONS AS STIPULATED BY THE LEARNED SINGLE JUDGE IN THE LIGHT OF THE SETTLED LAW BY THE APEX COURT. Now, the question would may crop up "Whether the successful writ petitioners can file an intra court appeals (W.A.Nos. 260 of 2022 & 261 of 2022) rather than filing an application for review of the learned single judge order respectively?

I further inform to your good office, that, the SEIAA is not a party to the writ proceedings nor stay or order is operating against SEIAA for processing the said applications of TOR/EC. The fact remains, the writ petitioners who succeeded in the first instance before the learned single judge could not comply the true spirit of the order of depositing the amount as per information received.
