The Authority after detailed discussion and deliberation decided the following:

- Serial No. 1:** Proposal was deferred in 5.70 and 5.74 meetings of SEIAA for "*Inadequate Parking with respect to dwelling units*". **PP has submitted revised plan with increased parking provision. i.e., total units 168 with parking provision of 250 ECUs [220 Cars and 60 Scooters]**, which was found appropriate. Hence, the Authority accepted the recommendations of SEAC and decided to **grant EC to this proposal.**
- Serial No. 2:** The Authority did not find it appropriate to accord EC to this proposal on account of the fact that there is habitation not just adjacent to the lease boundary but within the lease area as per KML provided by PP. In addition to above, a road is passing through the lease area. Accordingly, the **Authority decided to call PP** to explain why this proposal may not be rejected. PP may also come with proper photos of buildings/

houses within and adjacent to the lease area as well as, of the road which passes through it.

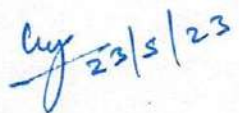

3. **Serial No. 3:** Proposal was deferred in 5.74 meeting of SEIAA for “*submission of Conservation Plan as Sajjangarh WLS is within 10 km radius of the project site*”. Now, PP has submitted the Conservation Plan. Hence, the Authority accepted the recommendations of SEAC and **decided to grant EC to this proposal with the specific condition stating** that “PP has to spend Rs. 5, 00,000/- for plantation in the degraded forest area and Rs. 1, 25,000/- for awareness programme, as per the Conservation Plan submitted by PP vide letter dated 15/05/2023.
4. **Serial No. 4 & 7:** The Authority accepted the recommendations of SEAC and decided to **grant Amendment in EC** to these proposals.
5. **Serial No. 5:** The Authority accepted the recommendations of SEAC and decided to **grant Amendment in EC to this proposal with Specific condition stating** “*Khasra No. 1, 115/11 and 89 from the list of khasras provided by Lessee, is a Reserve forest where no mining should be done & also Khasra 708 of Rawniyana village and Khasra 843 of Jhaak village are plantation areas of this office hence mining should not done be done in that area*” as mentioned in letter issued by DCF, Jodhpur. The Amendment in EC is granted further **subject to the condition that Action Taken Report on Certified Compliance Report will be submitted to IRO MoEF&CC and Rajasthan State Pollution Control Board within 30 days.**
6. **Serial No. 6:** The Authority accepted the recommendations of SEAC and decided to **grant Amendment in EC to this proposal** subject to the condition that **Action Taken Report on Certified Compliance Report will be submitted to IRO MoEF&CC and Rajasthan State Pollution Control Board within 30 days.**
7. **Serial No. 8:** The Authority accepted the recommendations of SEAC and decided to **grant ToR under violation to this proposal.**
8. **Serial No. 9 & 10:** The Authority decided to defer these proposals for personal presence to explain the legal procedure of transfer of lease from transferor M/s. Hasnen Stone Company to Ms Shraddha Jain and thereafter to Ms Rashi Raman, on account of the gross discrepancies and confusions in the documents submitted.
9. **Serial No. 11:** The Authority accepted the recommendations of SEAC and decided to **grant ToR to this proposal.**
10. **Serial No. 12 & 13:** The Authority accepted the recommendations of SEAC and **decided to Close & Delist these proposals.**

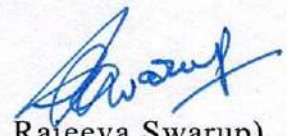

11. **Serial No. 14, 15, 16, 17, 18, 19, 20, 21, 22, 24, 27, 31, 32:** The Authority accepted the recommendations of SEAC and decided to **grant EC to these proposals** along with the additional conditions imposed by SEAC.
12. **Serial No. 23:** This proposal is at a distance of 7.3 km from the boundary of Kumbhalgarh WLS for which ESZ is still not notified. Proposed area is within the buffer zone of Kumbhalgarh WLS. Under these circumstances PP may obtain clearance from NBWL and till that time **case may be closed and delisted**. PP may apply for relisting of the case once NBWL clearance is obtained or the ESZ of Kumbhalgarh WLS gets notified whichever is earlier.
13. **Serial No. 25, 26, 30:** The Authority accepted the recommendations of SEAC and decided to **approve EIA/EMP and grant EC** to these proposals with the additional conditions imposed by SEAC and that all the lease holders of the cluster shall ensure to raise a dense plantation in the 7.5m green belt around the lease area to mitigate the pollution effects.
14. **Serial No. 28:** The observation of SEAC that EC dated 17/01/2008 issued by MoEF was only valid for 5 years is not justified since it is mentioned in EC that "*MoEF has examined the application in accordance with section 12 of the EIA Notification 2006 read with para 2.1.1 (i) of Circular dated 13/10/2006 and hereby accords EC under the provisions thereof...*" wherein the validity of EC is 30 years or lease period, whichever is earlier. Secondly, the Authority and SEAC are required to examine the case subsequent to the issuance of EC by MoEF&CC and issues prior to that would be in the domain of MoEF&CC. However, in the present instance, the CCR submitted is more than one year old and the points of compliance incorporated do not correlate with the conditions of the earlier EC issued. Hence, the Authority decided to **defer this proposal** and directed the PP to submit the latest CCR and to also clarify whether the lease area falls within TTZ or outside of it.
15. **Serial No. 29:** In this proposal DSR is submitted for granite whereas the application is for Quartz & Feldspar. Hence, the Authority decided to **defer this proposal** for additional information to be submitted within 45 days.

Meeting ended with vote of thanks to the chair.
