

Proceedings of the 109th SEIAA meeting held on 30th November 2015
at Room No. 709, M.S Building, Bangalore.

Members present: -

- | | | |
|----------------------|---|-------------------------|
| 1. Dr. H.S. Ramesh | - | Chairman, SEIAA |
| 2. Dr. H.R. Rajmohan | - | Member, SEIAA |
| 3. Sri. Ramachandra | - | Member Secretary, SEIAA |

The Chairman welcomed the members and initiated the discussion. The subjects discussed and the decisions made under each of the agenda point are as follows:

109.1 Confirmation of the proceedings of 108th SEIAA Meeting held on 11th November 2015.

Proceedings of 108th SEIAA Meeting held on 11th November 2015 was read and as there were no comments the same was accepted.

The Authority reviewed the progress made during the month of October 2015. The Authority noted that substantial progress has been achieved in consideration of proposals within the timeframe prescribed.

The Member Secretary informed to the Authority with regard to the efforts made to consider application online and difficulties faced for showing the disposal status of the proposals. The Member Secretary informed that even though the proposals received up to end of October, 2015 have been considered by SEAC, due to the problems in the online portal, the progress could not be appropriately shown. Efforts have been made to rectify these difficulties. Many messages sent to MoEF&CC in this regard. The issues have been discussed with the concerned officials of NIC. Many bugs have been cleared and some more are to be attended to by the helpdesk established by the MoEF&CC in this regard to facilitate the Authority to ensure that all the online applications received are processed online in a transparent way and disposed in a time bound manner online, so that the physical progress made is depicted online also. The issue with regard to discrepancy between the actual number of applications disposed off physically and that shown in the online portal will be brought to the notice of MoEF&CC to ensure that the actual progress made is appropriately depicted in the online portal.

The Authority noted the efforts made for consideration of application online and disposal.

109.2 Action Taken reports on the proceedings of 106th SEIAA Meeting held on 9th October 2015 and 107th SEIAA Meeting held on 29th October 2015.

The Authority noted that the Action is being taken on the proceedings of 106th SEIAA Meeting held on 9th October 2015 and 107th SEIAA Meeting held on 29th October 2015.

109.3 Deferred Project:

For Invite:

109.3.1 Residential Apartment at Sy. No. 103/1, Khatha No.216, Doddatogur Village, Begur Hobli, Bengaluru South Taluk, Bengaluru Urban District of M/s Sree & Sree Builders & Promoters (SEIAA 94 CON 2015)

It is a proposal seeking Environmental Clearance for construction of Residential Apartment of 351 units with Basement+Ground Floor+11 Upper Floor on a plot area of 17,502.50 Sq.mts (karab area = 607.02 Sq.m) and with total built up area of 54,578.58 Sqm. Total water requirement of project is 237 KLD.

The subject was discussed in the SEAC meeting held on 4th September 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance, subject to submission of the following information.

1. Scientific assessment of the availability of the water from the bore well in the project site
2. Revised water balance calculating fresh water demand at the rate of 55 LPCD as per the norms prescribed for rural water supply and the scheme for meeting the additional requirement
3. Revised rain water harvesting calculations
4. Proposal to provide an underpass to connect the other side of the project site.

The Authority during the meeting held on 26th September 2015 had perused the proposal and took note of the recommendation of SEAC. The Authority observed that the parcel of land in Part-2 is not of any practical use or beneficial to the project activities, as it is bifurcated by a public road and the entire activity is concentrated on the land in Part-1

The Authority after discussion decided to get the following information, in addition to information sought by SEAC for further consideration:

1. Revised layout plan exclusively for the land in Part-1 without considering the land in Part-2.
2. Details of Kharab land duly marking it on layout plan.
3. Revised land-use plan such as ground coverage, park & open spaces, greenbelt, parking area, etc. with respect to Part-1 only.

4. Source of water and NOC from the competent authority.
5. Enhance energy savings to at least 25%.
6. Revised quantification of MSW as per the standards.
7. Revised water balance with due emphasis for utilization of the treated water.
8. Design of rainwater harvesting pit as per CGWA norms.

The Authority also decided to invite the proponent.

The Authority perused the reply submitted by the proponent vide letter dated 18.11.2015. The proponent appeared before the Authority and explained the proposal in brief. The Authority observed that the drawing submitted is not to the scale, the land in the Part -2 of the project site is deducted, but the activities in the land in Part-1 remains unchanged. In view of this, the activities proposed are disproportionate to the available area and therefore required lung space and other amenities cannot be accommodated as per norms. The Authority therefore advised the proponent to submit revised plan designed as per norms. The proponent requested for an opportunity to submit the revised plan and other required information. The Authority therefore decided to reconsider the proposal after the receipt of revised drawing and other relevant information from the proponent.

For Further Consideration:

109.3.2 Iron Ore Beneficiation Plant of capacity 0.90 LTPA at Sy.No.20/1C, Dindadhahalli Village, Hireguntanuru Hobli, Chitradurga Taluk and district of Sri K. Siva Prasanth, Partner, M/s Sri Vijaya Durga Devi Minerals, H.No.35/94, Ramnagar 1st Cross, Havambhavi, Siruguppa Road, Ballari- 583104.(SEIAA 20 IND 2015)

It is project proposal for establishment of 0.90 LTPA capacity Iron Ore Beneficiation Plant on an area of 5.025 Acres (2.3 Ha).

The subject was discussed in the SEAC meeting held on 5.8.2015, 23.9.2015 and 07.10.2015. Based on the following observations made and the infrastructure facilities available including the raw material availability in the region the committee considered the proposal under B2 category.

1. The proposed Iron ore beneficiation plant has proposed to supply raw materials for the captive sponge iron units situated in the adjoining districts.
2. The low quality of iron ore available in the region is processed in the plant and its quality is improved by this method and the same is applied to the sponge iron units.
3. This plant is located surrounded by mining lease areas of Bheemasudra village of Chitradurga District
4. The land has been already converted to Non Agricultural (industrial) purpose.
5. B category projects are permitted up to 5 Lakh TPA process as per the EIA Notification 2006 and amended later.

6. When EIA Notification 2006 was issued only one lakh Ton per annum was the limit for B category projects. Then up to 20,000 TPA was considered as B2 category for appraisal. When the limit was raised to 5 Lakh TPA the notification is silent about the limit for B2 categorization.
7. The proponent has also proposed to transport 90% of the raw material and processed ore by train/trolleys

The Committee has recommended to SEIAA for issue of Environmental Clearance.

The Authority during the meeting held on 29.10.2015 had perused the proposal and took note of the recommendation of SEAC.

The Authority sought to know whether the proposed project site is a part of Mining lease and if so details of the mining lease held by the proponent and copy of the Environmental clearance obtained from the competent authority for mining activity.

The Authority after discussion decided to get the following information for further consideration:

1. Details of the mining lease held by the proponent and copy of the Environmental clearance obtained from the competent authority for mining activity.
2. Sketch showing the mining lease area duly indicating the proposed beneficiation plant site on the sketch.
3. Copy of the O.M dated 23rd September 2009 issued by the Deputy Commissioner, Chitradurga district do not bear the signature of the D.C. A copy of the said order duly signed by the Deputy Commissioner.
4. The proposed land is said to have been converted for commercial use as per the O.M dated 23rd September 2009. A copy of the order of conversion of the said land for industrial purpose.
5. Distance of the proposed site from the nearest human habitations.
6. The relationship between the proponent and the owner of the land with due documents to establish the same.
7. Source of raw material for the beneficiation plant, mode of transport and the precautions proposed for ensuring Environment safety.
8. Source and quantity of water required with relevant water balance chart.
9. Waterbodies in the Downstream of the project site with distance.
10. The project site duly marking on the village cadastral map.
11. Waste and tailing is estimated to be 30% of the raw material used is proposed to be sold to the cement industries and brick industries. The details of such user industries, distance from the project site, mode of transportation and MoU with such industries shall be submitted.

The Authority perused the reply submitted by the proponent vide letters dated 30.09.2015 and 13.11.2015. The Authority noted that as per the O.M. No. J-13012/12/2013-IA-II (I) dated 24th December 2013, mineral beneficiation plants of more than 20,000 TPA through put are classified as B1. No amendment in this regard has been made by the Ministry of Environment, Forests and Climate Change subsequent to the amendment made to the EIA Notification vide Notification No. S.O.1599 dated 25th June 2014, wherein the threshold limit for beneficiation plants to be considered as B category have been increased from 0.1 million TPA to 0.5 million TPA. Therefore the project in question which is proposed for beneficiation of 0.90 LTPA is to be appraised as category B1 projects following the procedure laid down in the law.

The Authority therefore decided to refer the file back to SEAC for issue of ToR and to appraise following the due procedure of law.

109.3.3 Residential Apartment Building Project at Sy.Nos. 345, Shivalli Village, Udupi Taluk, Udupi Distric by M/s. Kusuma Bhandary Construction Pvt. Ltd (SEIAA 156 CON 2014)

It is a proposal for construction of Residential Apartment of 156 units with G+Podium+13UF on an area of 8,538.13 Sq.m and with the total built up area of 28,853.52 Sqm. The total water requirement is 119.9 KLD.

The subject was discussed in the SEAC meeting held on 27th & 28th January 2015. The Committee has recommended for issue of environmental clearance subject to submission of a copy of the plan sanctioned by Udupi Municipal Council.

The Authority during the meeting held on 25.02.2015, had perused the proposal along with the recommendation made by SEAC and the reply submitted by the proponent vide letter dated 20.02.2015.

The Authority noted that as per the observation made by SEAC, the proponent have already started the construction activity without prior Environmental Clearance.

The Authority therefore decided to issue the following directions to the proponent under Section 5 of the Environment (Protection) Act – 1986 in exercise of the powers conferred on the Authority vide O.M. No. S.O.637 (E) dated 28-02-2014.

- (a) To suspend the construction activity of the above said project with immediate effect at the existing level till the Environmental Clearance is obtained.
- (b) To submit details regarding present level of construction along with latest dated photographs.
- (c) To put up the matter relating to the violation to the Board of Directors of the company or to the managing committee / CEO of the society, trust, partnership for consideration of its environment related policy / plan of action as also a written commitment in the form of a formal board

resolution to be submitted to the Authority as per the O.M. dated 12.12.2012 of the Ministry of Environment and Forests, Government of India to ensure that violations will not be repeated.

Accordingly, direction has been issued vide letter dated 24.04.2015.

A mahazar was conducted on 12.08.2015 to establish the violation. A complaint was filed in the court of II Additional Civil Judge & JMFC, Udupi on 06.11.2015.

The Authority after discussion decided to clear the proposal for issue of Environmental Clearance subject to submission of the following information:

- (1) Revised calculation for the water requirement and corresponding water balance chart along with design of the STP and equalization tank taking the peak flow into consideration.
- (2) Occupant density and movement details for each floor.
- (3) Details of Recreational Ground Area with total percentage to the plot area.

The Authority also decided to withdraw the Directions issued under section 5 of the Environment Protection Act, 1986 in view of the fact that action has been initiated under section 19 of the E(P) Act and a decision has been taken to issue Environment clearance based on merit.

109.3.4 Building Stone Quarry Project, Sy.No.29 of Huluvenahalli Village, Bengaluru South Taluk & Urban Dist. (5-0 Acres) (QL No.579) of Sri S R Ravishankar (SEIAA 1045 MIN 2015)

This is a New proposal seeking Environmental clearance for quarrying of building stone in 5 Acres.

The subject was discussed in the SEAC meeting held on 29th September 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance.

The Authority during the meeting held on 29.10.2015 had perused the proposal and took note of the recommendation of SEAC. The Authority observed that several proposals for quarrying in the land belonging to Huluvenahalli village, Bangalore South Taluk have been cleared for issue of Environmental Clearance. If the proposed project site fall into a cluster situation as defined in the O.M. No. J-13012/12/2013-IA.II (I) of the Ministry of Environment and Forests, Government of India dated 24th December 2013 and the total lease area equals or exceeds 25 ha, then the proposal needs to be appraised as category B1 project.

The Authority therefore decided to seek clarification from the Director, Mines and Geology as to whether the quarry lease in question falls into a cluster situation as defined in the O.M. No. J-13012/12/2013-IA.II (I) of the Ministry of Environment and

Forests, Government of India dated 24th December 2013 and if so whether the total area in the cluster equal to or exceeds 25 Ha.

The Authority also decided to take up the proposal for further consideration after the receipt of the above mentioned information from the Department of Mines and Geology.

The Authority perused the letter dated 18.11.2015 submitted by the proponent along with letter from Department of Mines and Geology. The Authority noted that as per the information furnished by the Department of Mines and Geology the sum total of the quarry lease area in the cluster do not exceed 25 Ha.

The Authority therefore decided to issue Environmental Clearance for extraction of building stone as per approved quarry plan as per the recommendation made by the SEAC.

109.3.5 Building Stone Quarry Project, Sy.No.29 of Huluvenahalli Village, Bengaluru South Taluk & Urban Dist. (7-0 Acres) (QL No.581) of Sri S R Udayashankar (SEIAA 1046 MIN 2015)

This is a Renewal proposal seeking Environmental clearance for quarrying of Building Stone in 7-0 Acres, Government Land.

The subject was discussed in the SEAC meeting held on 30th September 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance.

The Authority during the meeting held on 29.10.2015 had perused the proposal and took note of the recommendation of SEAC. The Authority had decided to seek clarification from the Director, Mines and Geology as to whether the quarry lease in question falls into a cluster situation as defined in the O.M. No. J-13012/12/2013-IA.II (I) of the Ministry of Environment and Forests, Government of India dated 24th December 2013 and if so whether the total area in the cluster equal to or exceeds 25 Ha.

The Authority also decided to take up the proposal for further consideration after the receipt of the above mentioned information from the Department of Mines and Geology.

The Authority perused the letter dated 18.11.2015 submitted by the proponent along with letter from Department of Mines and Geology. The Authority noted that as per the information furnished by the Department of Mines and Geology the sum total of the quarry lease area in the cluster do not exceed 25 Ha.

The Authority therefore decided to issue Environmental Clearance for extraction of building stone as per approved quarry plan as per the recommendation made by the SEAC.

109.3.6 Building Stone Quarry Project, Sy.No.29 of Huluvenahalli Village, Bengaluru South Taluk, Bengaluru Urban Dist. (3-24 Acres) (QL No.580) of M/s. S N R Enterprises, Sri S R Ravishankar, #80, 1st main, Chamaraajpet, Bangalore - 560018. (SEIAA 1049 MIN 2015)

This is a Renewal proposal seeking Environmental clearance for quarrying Building Stone in 3-24 Acres, Govt. Land.

The subject was discussed in the SEAC meeting held on 8th October 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance.

The Authority during the meeting held on 29.10.2015 had perused the proposal and took note of the recommendation of SEAC. The Authority had decided to seek clarification from the Director, Mines and Geology as to whether the quarry lease in question falls into a cluster situation as defined in the O.M. No. J-13012/12/2013-IA.II (I) of the Ministry of Environment and Forests, Government of India dated 24th December 2013 and if so whether the total area in the cluster equal to or exceeds 25 Ha.

The Authority also decided to take up the proposal for further consideration after the receipt of the above mentioned information from the Department of Mines and Geology.

The Authority perused the letter dated 18.11.2015 submitted by the proponent along with letter from Department of Mines and Geology. The Authority noted that as per the information furnished by the Department of Mines and Geology the sum total of the quarry lease area in the cluster do not exceed 25 Ha.

The Authority therefore decided to issue Environmental Clearance for extraction of building stone as per approved quarry plan as per the recommendation made by the SEAC.

109.3.7 “Patil Planet”, Mixed development project at Survey No. 41D/1 & 41D/2 of Mahalbagayath Village, Vijayapura Taluk, Vijayapura of Mr. Raghavendra Sanjeeva Shetty Partner, M/s. Patil Planet Developers LLP, F-8/9, Sacred World, Wanowrie, Pune - 411 040 (SEIAA 156 CON 2015)

It is project proposal seeking Environmental clearance for proposed construction of “Patil Planet” Mixed development Project comprising of retail shops, office space, 168 No’s of residential units and Clubhouse in B + G + 10 UF. Total Plot area is 8,197.02 Sq.mt and total built up area is 43,593.46 Sq.mts. Total water requirement is 180 KLD.

The subject was discussed in the SEAC meeting held on 21st October 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance, subject to submission of structural stability certificate of the building from a reputed third party agency to ascertain the load bearing capacity of the predesigned structure in view of the proposed construction above the already approved structure by the competent authorities.

The Authority during the meeting held on 11.11.2015 had perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to get the following information in addition to the information sought by SEAC for further consideration:

- (1) Present level of construction with due justification for commencement of construction activity.
- (2) Revised scaled map clearly indicating commercial and residential land use.
- (3) Revised parking calculation based on norms both for residential and commercial activities.
- (4) Revised calculation for the water requirement and corresponding water balance chart along with design of the STP and equalization tank taking the peak flow into consideration.
- (5) Revised calculation of MSW and appropriate management plan.
- (6) Details of Recreational Ground area for the residential and open space for the commercial area as per NBC norms.

The Authority perused the reply submitted by the proponent vide letter dated 27.11.2015. The proponent appeared before the Authority and explained the proposal in brief.

The Authority after discussion decided to clear the proposal for issue of Environmental Clearance subject to submission of the following information:

- (1) Revised layout plan increasing the drive way to 8m and with the provision for separate entry/exit to the residential and commercial areas.
- (2) Revised design of the equalization tank taking peak hour flow into consideration.
- (3) Details of Recreational Ground Area with total percentage to the plot area.
- (4) Commitment with regard to undertaking compensatory greenbelt development outside the project site.
- (5) Specific social commitment plan with budget, activity and time frame.

109.4 Fresh Projects:

Mining Projects:

109.4.1 Building Stone Quarry Project, Sy.No.252 of Uregahalli Village, Ramanagara Taluk, Ramanagara Dist. (3 Acres) of Sri K V Umashankar Karadi Gowda Doddy, Uregahalli Post, Bidadi Hobli, Ramanagar Taluk and District (SEIAA 487 MIN 2015)

This is a Renewal proposal seeking Environmental clearance for quarrying of Building stone in 3-00 Acres, Government Gomala Land.

The subject was discussed in the SEAC meeting held on 24th to 29th July 2015 and 2nd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of building stone as per approved quarry plan.

109.4.2 Building Stone Quarry Project, Sy.No.706, Srinivas Saradagi Village, Gulbarga Taluk & Dist. (6-0 Acres) of Mis. Prabhudev Stone Crushing Unit, Sri Prabhudeva Sb. Sri Shivasharanappa Kalburgi, Plot No.29, Bilagundi Layout, Sedam Road, Gulbarga Taluk and District (SEIAA 246 MIN 2015)

This is a renewal proposal, seeking Environmental clearance for quarrying of 139.11 Building Stone in 6-0 Acres, Government Land.

The subject was discussed in the SEAC meeting held on 5th & 6th June 2015 and 2nd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance, with a condition that approach road to be asphalted.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of building stone as per approved quarry plan, with a condition that approach road to be asphalted.

109.4.3 Building Stone Quarry Project, Sy.No.88 of Manchegowdanapalya Village, Ramanagara Taluk, Ramanagara Dist. (8-20 Acres). (QL No.1292 & 1293) of Mis. Sapphire Stone Crushers No.3, G.R.Grand Residency, J.P.Nagar, 6th Phase, Kanakapura Main Road, Bangalore. (SEIAA 491 MIN 2015)

This is a proposal seeking Environmental clearance for quarrying of Building stone in 8-20 Acres, Government Gomala Land.

The subject was discussed in the SEAC meeting held on 24th to 29th July 2015 and 2nd November 2015. The Committee observed that already mining has been done in the proposed quarry area. Though it is a patta land, without obtaining EC, doing mining is violation of EIA Notification, 2006.

The Committee after discussion decided to limit the production to 60%(Restricting the depth of mining to 10m) of the total estimated production keeping

the minable area quantity and the sustainability of the mine in the mind and decided to recommend the proposal to SEIAA for issue of Environmental Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to get a clarification from the proponent with regard to the violation noted, for further consideration.

109.4.4 Building Stone Quarry Project, Sy.No.2 of Bilakundi Village, Gokak Taluk & Belagavi Dist. (6-0 Acres) of Sri Ashok Siddappa Sarvi S/o. Sri.Siddappa, Patagundi Village, Gokak Taluk, Belagavi District. (SEIAA 624 MIN 2015)

This is a new proposal seeking Environmental clearance for quarrying of Building Stone in 6-00 Acres, Government Land.

The subject was discussed in the SEAC meeting held on 25th August 2015, 2nd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance subject to submission of the following information:

1. An undertaking that the approach road to be asphalted.
2. Top soil management details.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of building stone as per approved quarry plan, subject to submission of information sought by SEAC.

109.4.5 Building Stone Quarry Project, Sy.No.2 (P) of Bilakundi Village, Gokak Taluk & Belagavi Dist. (4-30 Acres) of Sri Ashok Siddappa Sarvi S/o. Sri.Siddappa, Patagundi Village, Gokak Taluk, Belagavi District. (SEIAA 625 MIN 2015)

This is a New proposal seeking Environmental clearance for quarrying of Building Stone in 4-30 Acres, Government Land.

The subject was discussed in the SEAC meeting held on 25th August 2015 and 2nd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance, subject to submission of the following information:

1. An undertaking that the approach road to be asphalted.
2. Top soil management details.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of building stone as per approved quarry plan, subject to submission of information sought by SEAC.

109.4.6 Building Stone Quarry Project, Sy.No.76 (P) of Bilakundi Village, Gokak Taluk & Belagavi Dist. (3-00 Acres) of Sri Adivappa Siddappa Kankale S/o.Sri.Siddappa, Adibatti Village, Gokak Taluk, Belagavi District. (SEIAA 626 MIN 2015)

This is a New proposal seeking Environmental clearance for quarrying of Building Stone in 3-00 Acres, Government Land.

The subject was discussed in the SEAC meeting held on 25th August 2015 and 2nd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance, subject to submission of the following information:

1. An undertaking that the approach road to be asphalted.
2. Top soil management details
3. The geological & mineable reserve calculations are to be rechecked and submitted.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of building stone as per approved quarry plan, subject to submission of information sought by SEAC.

109.4.7 Building Stone Quarry Project, Sy.No.76 (P) of Bilakundi Village, Gokak Taluk & Belagavi Dist. (12-0 Acres) of Sri Adivappa Siddappa Kankale S/o.Sri.Siddappa, Adibatti Village, Gokak Taluk, Belagavi District. (SEIAA 627 MIN 2015)

This is a New proposal seeking Environmental clearance for quarrying of Building Stone in 12-00 Acres, Government Land.

The subject was discussed in the SEAC meeting held on 25th August 2015 and 2nd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance, subject to submission of the following information:

1. An undertaking that the approach road to be asphalted.
2. Top soil management details

3. The geological & mineable reserve calculations are to be rechecked and submitted.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of building stone as per approved quarry plan, subject to submission of information sought by SEAC.

109.4.8 Building Stone Quarry Project, Sy.No.76 (P) of Bilakundi Village, Gokak Taluk & Belagavi Dist. (11-0 Acres) of Sri Mariyappa Mariyappagol S/o Smt. Yallavva, Mudalagi Village, Gokak Taluk, Belagavi Distirct (SEIAA 628 MIN 2015)

This is a New proposal seeking Environmental clearance for quarrying of Building Stone in 11-00 Acres, Government Land.

The subject was discussed in the SEAC meeting held on 25th August 2015 and 2nd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance, decided to recommend the proposal to SEIAA for issue of Environmental Clearance subject to submission of the following information:

1. An undertaking that the approach road to be asphalted.
2. Top soil management details
3. The geological & mineable reserve calculations are to be rechecked and submitted.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of building stone as per approved quarry plan, subject to submission of information sought by SEAC.

109.4.9 Building Stone Quarry Project, Sy.No.76(P) of Bilakundi Village, Gokak Taluk, Belagavi Dist. (4 Acres) of Sri Mariyappa Mariyappagol S/o Smt. Yallavva, Mudalagi Village, Gokak Taluk, Belagavi Distirct (SEIAA 634 MIN 2015)

This is a new proposal seeking Environmental clearance for quarrying of Building Stone in an area of 4-00 Acres, Government Land.

The subject was discussed in the SEAC meeting held on 25th August 2015 and 2nd November 2015. The Committee has recommended to SEIAA for issue of

Environmental Clearance, decided to recommend the proposal to SEIAA for issue of Environmental Clearance subject to submission of the following information:

1. An undertaking that the approach road to be asphalted.
2. Top soil management details

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of building stone as per approved quarry plan, subject to submission of information sought by SEAC.

109.4.10 Building Stone Quarry Project, Sy.No.31/1 of Veerakambha Village, Bantwal Taluk, Dakshina Kannada Dist. (2.84 Acres) of Sri Moideen Thouseef Sb. Sri.P.B.Ahmed, # 439 (16/534), Tamseer Villa 13, Panarkulam, Chengala Panchayath, Alambady, Kasargod (SEIAA 339 MIN 2015)

This is an operating proposal seeking Environmental clearance for quarrying of Building Stone Quarry in 2.84 Acre, Patta Land.

The subject was discussed in the SEAC meeting held on 14th July 2015 and 2nd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of building stone as per approved quarry plan.

109.4.11 Grey Granite Quarry Project, Sy.No.101/3 of Killarahatti Village, Lingasgur Taluk, Raichur District (4.16 Ha) of Sri Venkatesh V. Saka (SEIAA 1013 MIN 2015)

This is a new proposal seeking Environmental clearance for quarrying of Grey Granite in 4.16 Ha, Patta Land.

The subject was discussed in the SEAC meeting held on 29th September 2015 and 2nd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of grey granite as per approved quarry plan.

109.4.12 Multi-Colour Granite Quarry Project, Sy.No.40/4 of Makapur Villae, Lingasgur Taluk, Raichur Dist. (1.62 Ha) of Sri Venkatesh V. Saka (SEIAA 1014 MIN 2015)

This is a New proposal seeking Environmental clearance for quarrying of Multi-Colour in 1.62 Ha, Patta Land.

The subject was discussed in the SEAC meeting held on 29th September 2015 and 2nd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of mulit-colour granite as per approved quarry plan.

109.4.13 Building Stone Quarry Project, Sy.Nos. 14 of Ajjappanahalli Village, Tumkur Taluk & Dist. (12-0 Acres) of Sri M Vedyappan, Kooduthruraipatty Post, Kambainellur Village, Harur Taluk, Dharmapuri District, Tamilnadu State - 635202. (SEIAA 891 MIN 2015)

This is a New proposal seeking Environmental clearance for quarrying of Building Stone in 12-00 Acres at Sy.Nos. 14 of Ajjappanahalli Village, Tumkur Taluk & District.

The subject was discussed in the SEAC meeting held on 21stSeptember 2015 and 2nd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of building stone as per approved quarry plan.

109.4.14 Building Stone Quarry at Sy.No.42 of Tavarekere Village, Mulabagal Taluk, Kolar District (3-0 Acres) (QL No.944) of M/s. Archean Granites Pvt. Ltd. (SEIAA 1223 MIN 2015)

This is an existing proposal seeking Environmental clearance for quarrying of Building Stone in 3 Acres, Government Revenue Land.

The subject was discussed in the SEAC meeting held on 2nd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of building stone as per approved quarry plan.

109.4.15 "Building Stone Quarry" at Sy.No.207 of Kondihalli Village, Mulabagal Taluk, Kolar District (1-10 Acres) (QL No.943) of M/s. Archean Granites Pvt. Ltd. (SEIAA 1224 MIN 2015)

This is an existing proposal seeking Environmental clearance for quarrying of Building Stone in 1-10 Acres, Government Revenue Land.

The subject was discussed in the SEAC meeting held on 2nd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of building stone as per approved quarry plan.

109.4.16 "Shahabad Stone Quarry" at Sy No: 58/2, Kontanapalli Village, Sedam Taluk, Kalburgi District of Sri. Lachamayya at Kontanapalli Village, Sedam Taluk, Kalburgi District (SEIAA 1225 MIN 2015)

This is a new proposal seeking Environmental clearance for quarrying of Shahabad Stone in 2-00 Acres, Patta Land.

The subject was discussed in the SEAC meeting held on 2nd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance,

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of shahabad stone as per approved quarry plan.

109.4.17 "Building Stone Quarry" at Sy No: 456/1 Block-1 P. Shivanagi Village, Bijapur Taluk, Bijapur District, Karnataka of Shri Babu Laxman Jadhav Sy No: 456/1 Block-1 P, Shivanagi Village, Bijapur Taluk, Bijapur District, Karnataka (SEIAA 1226 MIN 2015)

This is a new proposal seeking Environmental clearance for quarrying of Building Stone in 3-00 Acres, Patta Land.

The subject was discussed in the SEAC meeting held on 2nd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance, subject to submission of the mitigation measures proposed to protect the nearby nala.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of building stone as per approved quarry plan, subject to submission of information sought by SEAC.

109.4.18 "Pink Granite Quarry" at Sy.No.184/2 , Hoolgeri Village, Kushtagi Taluk, Koppal District, Karnataka of Sri. Mallikarjun Veerappa Shettar Sy.No.184/2 , Hoolgeri Village, Kushtagi Taluk, Koppal District, Karnataka (SEIAA 1227 MIN 2015)

This is an existing proposal seeking Environmental clearance for quarrying of Pink Granite in 2-30 Acres, Patta Land.

The subject was discussed in the SEAC meeting held on 2nd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of pink granite as per approved quarry plan.

109.4.19 Building Stone Quarry Project, Sy.No.36 of Balavinakodige Village, Koppa Taluk,Chikmangaluru District (1-0 Acre) of Sri K T Chidananda (SEIAA 1228 MIN 2015)

This is a new proposal seeking Environmental clearance for quarrying of Building Stone in 1-00 Acre, Government Land.

The subject was discussed in the SEAC meeting held on 2nd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of building stone as per approved quarry.

109.4.20 Building Stone Quarry Project, Sy.No.2 (P) of Bilkundi Village, Gokak Taluk, Belgaum District. (1-0 Acre) of Sri Prakash G. Jotennavar (SEIAA 1229 MIN 2015)

This is a new proposal seeking Environmental clearance for quarrying of Building Stone in 1-00 Acres, Government Land.

The subject was discussed in the SEAC meeting held on 2nd November 2015. The committee observed that already mining has been done in the proposed quarry area. Though it is a patta land, without obtaining EC, doing mining is violation of EIA Notification 2006.

The Committee after discussion decided to limit the production to 80% (Restricting the depth of mining to 10m) of the total estimated production keeping the minable area quantity and the sustainability of the mine in the mind and decided to recommend the proposal to SEIAA for issue of Environmental Clearance subject to submission of the following information.

1. An undertaking that the approach road to be asphalted.
2. Top soil management details.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to get a clarification from the proponent with regard to the violation noted, in addition to the information sought by SEAC for further consideration.

109.4.21 Building Stone Quarry Project, Sy.No.06 of Yeduru Village, Mudigere Taluk, Chikkamagaluru District (1-0 Acre) (QL No.416) of Sri P S Anthony (SEIAA 1230 MIN 2015)

This is a renewal proposal seeking Environmental clearance for quarrying of Building Stone in of 1-00 Acres, Government Gomala Land.

The subject was discussed in the SEAC meeting held on 2nd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of building stone as per approved quarry plan.

109.4.22 Building Stone Quarry Project, Sy.No.26 (P) of H Thimmapura Village, Tarikere Taluk, Chikkamagaluru District (1-20 Acres) of Sri H Halesh Kumar (SEIAA 1231 MIN 2015)

This is a new proposal seeking Environmental clearance for quarrying of Building Stone in 1-20 Acres, Government Land.

The subject was discussed in the SEAC meeting held on 2nd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance, subject to submission of revised five year production plan.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of building stone as per approved quarry plan, subject to submission of revised five year production plan.

109.4.23 Building Stone Quarry Project, Sy.No.22/P1 of Dandiganahalli Village, Channarayapatna Taluk, Hassan District (2-0 Acres) of Smt. Sannamma (SEIAA 1232 MIN 2015)

This is a new proposal seeking Environmental clearance for quarrying of Building Stone in 2-00 Acres, Government Gomala Land.

The subject was discussed in the SEAC meeting held on 2nd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of building stone as per approved quarry plan.

109.4.24 Building Stone Quarry Project, Sy.No.10 of Ballenahalli Village, Shanthigrama Hobli, Hassan Taluk & Dist. (2-0 Acres) of Sri Yashodha Nandana (SEIAA 1233 MIN 2015)

This is a new proposal seeking Environmental clearance for quarrying of Building Stone in 2-00 Acres, Government Gomala Land.

The subject was discussed in the SEAC meeting held on 2nd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of building stone as per approved quarry plan.

109.4.25 Building Stone Quarry Project, Sy.No.04 of Hussainpura Village, Koppal Taluk & District (5-0 Acres) (QL No.306) of Ws. Shree Sheshadri Steels & Metalics Pvt. Ltd. (SEIAA 1235 MIN 2015)

This is an existing proposal seeking Environmental clearance for quarrying of Building Stone in 5-00 Acres, Government Revenue Land.

The subject was discussed in the SEAC meeting held on 2nd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance, subject to submission of rigid fire protection measures taken during summer for the adjoining forest.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of building stone as per approved quarry plan, subject to submission of information sought by SEAC.

109.4.26 Building Stone Quarry Project, Sy.No.04 of Hussainpura Village, Koppal Taluk & District (8-0 Acres) (QL No.307) of M/s. Shree Sheshadri Steels & Metalics Pvt. Ltd. (SEIAA 1236 MIN 2015)

This is an existing proposal seeking Environmental clearance for quarrying of Building Stone in 8-00 Acres, Government Revenue Land.

The subject was discussed in the SEAC meeting held on 2nd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance, subject to submission of the quantification of top soil and its management details.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of building stone as per approved quarry plan, subject to submission of information sought by SEAC.

109.4.27 Building Stone Quarry Project, Sy.Nos.83 & 01 of Yareborekaval Village, Hassan Taluk & District (1-20 Acres) of Smt. C Radha (SEIAA 1238 MIN 2015)

This is a new proposal seeking Environmental clearance for quarrying of Building Stone in 1-20 Acres, Government Land.

The subject was discussed in the SEAC meeting held on 2nd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of building stone as per approved quarry plan.

109.4.28 Shahabad Stone Quarry Project, Sy.No.98 of Miryan Village, Chincholi Taluk, Gulbarga District (1-0 Acre) (QL No.941) of Sri Konda Nageswhar Rao (SEIAA 1239 MIN 2015)

This is an existing proposal seeking Environmental clearance for quarrying of Shahabad Stone in 1-00 Acres, Patta Land.

The subject was discussed in the SEAC meeting held on 2nd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance, limiting the production to 60% of the total estimated production keeping the minable area quantity and the sustainability of the mine in the mind.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of Shahabad stone limiting the production to 60% of the proposed production, as recommended by SEAC.

109.4.29 Pink Granite Quarry Project, Sy.No.80 (P) of Yellodu Village, Gudibande Taluk, Chikkaballapura District (1-20 Acres) (QL No.406) of Shri B.M.Chennareddy, M/s. Chennakeshava Enterprises (SEIAA 1240 MIN 2015)

This is an existing proposal seeking Environmental clearance for quarrying of Pink Granite in 1-20 Acres, Government Revenue Land.

The subject was discussed in the SEAC meeting held on 2nd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance, limiting the production to 60% of the total estimated production keeping the minable area quantity and the sustainability of the mine in the mind and subject to submission of an undertaking that the waste shall be dumped in their own land being converted for the non agricultural purpose.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of pink granite limiting the production to 60% of the proposed production, as recommended by SEAC, subject to submission of information sought by SEAC.

109.4.30 Building Stone Quarry Project, Sy.No.38 of Chigahalli Village, Shanthigrama Hobli, Hassan Taluk & District (2-0 Acres) of Sri G K Janardhana (SEIAA 1241 MIN 2015)

This is a new proposal seeking Environmental clearance for quarrying of Building Stone in 2-00 Acres, Government Gomala Land.

The subject was discussed in the SEAC meeting held on 2nd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of building stone as per approved quarry plan.

109.4.31 Multi Colour Granite Quarry Project, Sy.No.4/7 of Gavarhal Village, Yelburga Taluk, Koppal District (1.214 Ha) (3-0 Acres) (QL No.600) of Ws. Kabini Minerals Pvt. Ltd. (SEIAA 1242 MIN 2015)

This is an existing proposal seeking Environmental clearance for quarrying of Multi Colour Granite in 3-00 Acres, Patta Land.

The subject was discussed in the SEAC meeting held on 2nd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance, limiting the production to 60%(Restricting the depth of mining to 10m) of the total estimated production keeping the minable area quantity and the sustainability of the mine in the mind, subject to a specific condition that the waste shall be dumped in their own land being converted for the non agricultural purpose.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of multi colour granite limiting the production to 60%(Restricting the depth of mining to 10m) of the proposed production, as recommended by SEAC, subject to a specific condition that the waste shall be dumped in their own land being converted for the non agricultural purpose.

109.4.32 Building Stone Quarry Project, Sy.No.31 of Panakanakallu Village, Magadi Taluk, Ramanagara District (3-12 Acres) of Sri M D Sanjeev (SEIAA 1243 MIN 2015)

This is a new proposal seeking Environmental clearance for quarrying of Building Stone in 3-12 Acres, Government Gomala Land.

The subject was discussed in the SEAC meeting held on 2nd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance, subject to submission of the Geological and Movable reserve calculations.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of building stone as per approved quarry plan, subject to submission of information sought by SEAC.

109.4.33 Shahabad Stone Quarry Project, Sy.No.49/1 of Madkal Village, Sedam Taluk, Gulbarga District (1-0 Acre) of Sri Sharanabasappa (SEIAA 1244 MIN 2015)

This is a new proposal seeking Environmental clearance for quarrying of Shahabad Stone in 1-00 Acres, Patta Land.

The subject was discussed in the SEAC meeting held on 2nd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of shahabad stone as per approved quarry plan.

109.4.34 Shahabad Stone Quarry Project, Sy.No.194/3 of Madkal Village, Sedam Taluk, Gulbarga District (1-0 Acre) of Sri Sharanabasappa (SEIAA 1245 MIN 2015)

This is a new proposal seeking Environmental clearance for quarrying of Shahabad Stone in 1-00 Acres, Patta Land.

The subject was discussed in the SEAC meeting held on 2nd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of Shahabad stone as per approved quarry plan.

109.4.35 Shahabad Stone Quarry Project, Sy.No.48/2 of Madkal Village, Sedam Taluk, Kalburgi District of Sri Yankappa (SEIAA 1246 MIN 2015)

This is a new proposal seeking Environmental clearance for quarrying of Shahabad Stone in 1-0 Acre, Patta Land.

The subject was discussed in the SEAC meeting held on 3rd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance, subject to submission of revised geological and minable reserve calculations and revised plans and sections.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of Shahabad stone as per approved quarry plan, subject to submission of information sought by SEAC.

109.4.36 Shahabad Stone Quarry Project, Sy.No.182/1 of Madkal Village, Sedam Taluk, Kalburgi District (1-0 Acre) of Smt. Padma (SEIAA 1247 MIN 2015)

This is a new proposal seeking Environmental clearance for quarrying of Shahabad Stone in 1-0 Acre, Patta Land.

The subject was discussed in the SEAC meeting held on 3rd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance, subject to submission of revised geological and minable reserve calculations and plans and cross sections.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of Shahabad stone as per approved quarry plan, subject to submission of information sought by SEAC.

109.4.37 Building Stone Quarry Project, Sy.No.83 of Yareborekaval Village, Hassan Taluk & District (1-10 Acres) of Sri G H Manjegowda (SEIAA 1248 MIN 2015)

This is a new proposal seeking Environmental clearance for quarrying of Building Stone in 1-10 Acres, Govt. Land.

The subject was discussed in the SEAC meeting held on 3rd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of building stone as per approved quarry plan.

109.4.38 Building Stone Quarry Project, Sy.No.83 of Yareborekaval Village, Hassan Taluk & District (1-10 Acres) of Sri Rangaswamy (SEIAA 1249 MIN 2015)

This is a New proposal seeking Environmental clearance for quarrying of Building Stone in 1-10 Acre, Govt. Land.

The subject was discussed in the SEAC meeting held on 3rd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance, limiting the production to 50%(Restricting the depth of mining to 10m) of the total estimated production keeping the minable area quantity and the sustainability of the mine in the mind.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of building stone limiting the production to 50%(Restricting the depth of mining to 10m) of the proposed production, as recommended by SEAC.

109.4.39 Building Stone Quarry Project, Sy.No.83 of Yareborekaval Village, Hassan Taluk & District (1-20 Acres) of Sri S K Ramesh (SEIAA 1250 MIN 2015)

This is a New proposal seeking Environmental clearance for quarrying of Building Stone in 1-20 Acres, Govt. Land.

The subject was discussed in the SEAC meeting held on 3rd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of building stone as per approved quarry plan.

109.4.40 Building Stone Quarry Project, Sy.No.6 (P) of Bettahalli Village, Malur Taluk, Kolar District (2-0 Acres) of Sri D R Balachandra (SEIAA 1251 MIN 2015)

This is a renewal proposal seeking Environmental clearance for quarrying of Building Stone in 2-0 Acres, Govt. Land.

The subject was discussed in the SEAC meeting held on 3rd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of building stone as per approved quarry plan.

109.4.41 Building Stone Quarry Project, Sy.No.81 of Nancharu Village, Udupi Taluk & District (1.50 Acres) (QL No.255) of Sri Satish Kini (SEIAA 1252 MIN 2015)

This is a renewal proposal seeking Environmental clearance for quarrying of Building Stone in 1.50 Acre, Govt. Land.

The subject was discussed in the SEAC meeting held on 3rd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance, limiting the production to 70%(Restricting the depth of mining to 10m) of the total estimated production keeping the minable area quantity and the sustainability of the mine in the mind.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of building stone limiting the production to 70%(Restricting the depth of mining to 10m) of the proposed production, as recommended by SEAC.

109.4.42 Building Stone Quarry Project, Sy.No.302/1 of Palli Village, Karkala Taluk, Udupi District (1-0 Acre) of Sri Divakar R. Shetty (SEIAA 1253 MIN 2015)

This is a new proposal seeking Environmental clearance for quarrying of Building Stone in 1-0 Acre, Patta Land.

The subject was discussed in the SEAC meeting held on 3rd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of building stone as per approved quarry plan.

109.4.43 Pink Granite Quarry Project, Sy.No.80 (P) of Yellodu Village, Gudibande Taluk, Chikkaballapura District (1-20 Acres) (QL No.453) of M/s. Chennakeshava Enterprises (SEIAA 1254 MIN 2015)

This is a renewal proposal seeking Environmental clearance for quarrying of Pink Granite in 1-20 Acres, Govt. Revenue Land.

The subject was discussed in the SEAC meeting held on 3rd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance, limiting

the production to 60%(Restricting the depth of mining to 10m) of the total estimated production keeping the minable area quantity and the sustainability of the mine in the mind, after getting an undertaking regarding the quarry waste will be dumped in their own adjoining land after getting NA for the same within one year or otherwise the quarrying will be stopped.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of pink granite limiting the production to 60%(Restricting the depth of mining to 10m) of the proposed production, as recommended by SEAC, subject to information sought by SEAC.

109.4.44 Building Stone Quarry Project, Sy.No.47 of Mahanthalingapura Village, Anekal Taluk, Bengaluru Urban District (3-30 Acres) of M/s. Vyshnavi Stone Crushers (SEIAA 1255 MIN 2015)

This is a new proposal seeking Environmental clearance for quarrying of Building Stone in 3-30 Acres, Govt. Gomala Land.

The subject was discussed in the SEAC meeting held on 3rd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance, after submission of revised geological & mineable reserve calculation.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of building stone as per approved quarry plan, subject to submission of information sought by SEAC.

109.4.45 Building Stone Quarry Project, Sy.No.17 of Chikkagollahalli Village, Devanahalli Taluk, Bangalore Rural District (1-32 Acres) (QL No.2657) of M/ss. Mahesh Babu Stones (SEIAA 1258 MIN 2015)

This is a renewal proposal seeking Environmental clearance for quarrying of Building Stone in 1-32 Acres, No.17 of Chikkagollahalli Village, Devanahalli Taluk, Bangalore Rural District. It is a Govt. Gomala Land.

The subject was discussed in the SEAC meeting held on 3rd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance, limiting the production to 80%(Restricting the depth of mining to 10m) of the total estimated production keeping the minable area quantity and the sustainability of the mine in the mind.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of building stone limiting the production to 80%(Restricting the depth of mining to 10m) of the proposed production, as recommended by SEAC.

109.4.46 Building Stone Quarry Project, Sy.No.20 (P) of Konthihalli Village, Tumkur Taluk & District (1-0 Acres) of Sri R Gangadharaiah (SEIAA 1259 MIN 2015)

This is a new proposal seeking Environmental clearance for quarrying of Building Stone in 1-0 Acre, Govt. Land.

The subject was discussed in the SEAC meeting held on 3rd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of building stone as per approved quarry plan.

109.4.47 Building Stone Quarry Project, Sy.No.260 of Challakeri Village, Challakeri Taluk, Chitradurga District (2-0 Acres) of Sri Abdul Kareem (SEIAA 1261 MIN 2015)

This is a new proposal seeking Environmental clearance for quarrying of Building Stone in 2-0 Acres, Govt. Revenue Land.

The subject was discussed in the SEAC meeting held on 3rd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance, with a condition that rigid fire protection measures to be taken to prevent accidents due to fire.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of building stone as per approved quarry plan, with a condition that rigid fire protection measures to be taken to prevent accidents due to fire.

109.4.48 Building Stone Quarry Project, Sy.No.260 of Challakeri Village, Challakeri Taluk, Chitradurga District (5-0 Acres) (QL No.454) of Sri K Krishna (SEIAA 1262 MIN 2015)

This is an existing proposal seeking Environmental clearance for quarrying of Building Stone in 5-00 Acres, Govt. Revenue Land.

The subject was discussed in the SEAC meeting held on 3rd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance, with a condition that approach road to be made pucca and after submission of latest audit report.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of building stone as per approved quarry plan, with a condition that approach road to be made pucca and subject to submission of latest audit report.

109.4.49 Black Granite Quarry Project, Sy.No.81/2 of Killanjaru Village, Mangaluru Taluk, Dakshina Kannada District (1.14 Acres) (QL No.743) of Sri Vasanth Kumar (SEIAA 1263 MIN 2015)

This is an existing proposal seeking Environmental clearance for quarrying of Black Granite in 1.14 Acres, Govt. Land.

The subject was discussed in the SEAC meeting held on 3rd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance, limiting the production to 50%(Restricting the depth of mining to 10m) of the total estimated production keeping the minable area quantity and the sustainability of the mine in the mind.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of black granite limiting the production to 50%(Restricting the depth of mining to 10m) of the proposed production, as recommended by SEAC.

109.4.50 Building Stone Quarry Project, Sy.No.162/1 of Heggunde Village, Udupi Taluk & District (1-0 Acre) of Sri K Prabhakara Puthran (SEIAA 1264 MIN 2015)

This is a new proposal seeking Environmental clearance for quarrying of Building Stone in 1-0 Acre, Govt Land.

The subject was discussed in the SEAC meeting held on 3rd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of building stone as per approved quarry plan.

109.4.51 Multi Colour Granite Quarry Project, Sy.No.233 of Thamasandra Village, Kanakapura Taluk, Ramanagara District (4-15 Acres) of Sri N H Shivasiddegowda (SEIAA 1265 MIN 2015)

This is an existing proposal seeking Environmental clearance for quarrying of Multi color Granite in 4.15 Acres, Patta Land.

The subject was discussed in the SEAC meeting held on 3rd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance, after submission of mitigation measures to preserve the top soil.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of multi colour granite as per approved quarry plan, subject to submission of information sought by SEAC.

109.4.52 Building Stone Quarry Project, Sy.No.59 (P) of Hosahalli Village, Tumkur Taluk & District (2-0 Acres) (QL No.748) of Sri N S Jayakumar (SEIAA 1266 MIN 2015)

This is an existing proposal seeking Environmental clearance for quarrying of Building Stone in 2-00 Acres, Govt.Land.

The subject was discussed in the SEAC meeting held on 3rd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance, limiting the production to 80%(Restricting the depth of mining to 10m) of the total estimated production keeping the minable area quantity and the sustainability of the mine in the mind.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of building stone limiting the production to 80%(Restricting the depth of mining to 10m) of the proposed production, as recommended by SEAC.

109.4.53 Building Stone Quarry Project, Sy.No.61 of Achapura Village, Sagara Taluk, Shivamogga District (1-0 Acre) (QL No.772) of Sri Nityananda (SEIAA 1267 MIN 2015)

This is an existing proposal seeking Environmental clearance for quarrying of Building Stone in 1-00 Acre, Patta Land.

The subject was discussed in the SEAC meeting held on 3rd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance, after submission of the following information.

1. Copy of land conversion.
2. Revised geological & mineable reserve calculation
3. Audit report for the year 2014-15
4. Revised EMP budget with a provision for fencing and dust suppression.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of building stone as per approved quarry plan, subject to submission of information sought by SEAC.

109.4.54 Building Stone Quarry Project, Sy.No.177 of Achapura Village, Sagara Taluk, Shivamogga District (1-0 Acre) (QL No.749) of Sri Nityananda (SEIAA 1268 MIN 2015)

This is an existing proposal seeking Environmental clearance for quarrying of Building Stone in 1-00 Acre, Patta Land.

The subject was discussed in the SEAC meeting held on 3rd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance, after submission of the following information.

1. Copy of land conversion.
2. Revised geological & mineable reserve calculation
3. Audit report for the year 2014-15
4. Revised EMP budget with a provision for fencing and dust suppression.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of building stone as per approved quarry plan, subject to submission of information sought by SEAC.

109.4.55 Building Stone Quarry Project, Sy.No.30/2 of Holalapura Village, Shirhatti Taluk, Gadag District (12-0 Acres) of M/s. Suresh Enterprises Pvt. Ltd. (SEIAA 1269 MIN 2015)

This is a new proposal seeking Environmental clearance for quarrying of Building Stone in 12-0 Acres, Patta Land.

The subject was discussed in the SEAC meeting held on 3rd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of building stone as per approved quarry plan

109.4.56 Building Stone Quarry Project, Sy.No.57 of Matadakurubarahatti Village, Chitradurga Taluk, Chitradurga Dist. (1-0 Acre) of Sri A R Abhishek (SEIAA 1270 MIN 2015)

This is a renewal proposal seeking Environmental clearance for quarrying of Building Stone in 1-0 Acre, Govt. Revenue Land.

The subject was discussed in the SEAC meeting held on 3rd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of building stone as per approved quarry plan.

109.4.57 Building Stone Quarry Project, Sy.No.525/Part of Halekote (64) Village, Siruguppa Taluk, Ballari District (1.50 Acres) (QL No.345) of Sri G Srinivasulu (SEIAA 1271 MIN 2015)

This is a renewal proposal seeking Environmental clearance for quarrying of Building Stone in 1.50 Acres, Govt. Revenue Land.

The subject was discussed in the SEAC meeting held on 3rd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of building stone as per approved quarry plan.

109.4.58 Building Stone Quarry Project, Sy.No.129 of Veerakambha Village, Bantwal Taluk & Dakshina Kannada Dist. (1-0 Acre) of Sri S Premanatha (SEIAA 1274 MIN 2015)

This is a proposal seeking Environmental clearance for quarrying of Building Stone in 1-0 Acre, Govt. Land.

The subject was discussed in the SEAC meeting held on 3rd November 2015. The Committee has recommended the proposal to SEIAA for its consideration only after the proponent submits the exemption from the DMG in compliance to the statutory provisions of Law of leaving 7.50 m width buffer zone around the quarry area.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of building stone as per approved quarry plan, with a condition to undertake quarrying activity leaving a buffer of 7.50 m width along the quarry area.

109.4.59 Building Stone Quarry Project, Sy.No.07 of Thorana Kambadahalli Village, Kolar Taluk & District (3-0 Acres) (QL No.898) of M/s. Nagashree Stone Supplies (SEIAA 1275 MIN 2015)

This is a renewal proposal seeking Environmental clearance for quarrying of Building Stone in 3-0 Acres, Govt. Gomala Land.

The subject was discussed in the SEAC meeting held on 3rd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of building stone as per approved quarry plan.

109.4.60 Building Stone Quarry Project, Sy.No.28 of Rangaiahna Agrahara Village, Malur Taluk, Kolar District (1-20 Acres) (QL No.732) of Sri Mahamad Jaffer (SEIAA 1276 MIN 2015)

This is a renewal proposal seeking Environmental clearance for quarrying of Building Stone in 1-20 Acres, Govt. Land.

The subject was discussed in the SEAC meeting held on 3rd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance, limiting the production to 70%(Restricting the depth of mining to 10m) of the total estimated production keeping the minable area quantity and the sustainability of the mine in the mind, subject to submission of revised minable reserve calculation.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of building stone limiting the production to 70%(Restricting the depth of

mining to 10m) of the proposed production, as recommended by SEAC, subject to submission of revised minable reserve calculation.

109.4.61 Building Stone Quarry Project, Sy.No.104 of Shamashettihalli Village, Malur Taluk, Kolar District (1-10 Acres) (QL No.822) of Sri Mohamed Jaffar (SEIAA 1279 MIN 2015)

This is a renewal proposal seeking Environmental clearance for quarrying of Building Stone in 1-10 Acres, Govt. Land.

The subject was discussed in the SEAC meeting held on 3rd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance, limiting the production to 70%(Restricting the depth of mining to 10m) of the total estimated production keeping the minable area quantity and the sustainability of the mine in the mind, subject to submission of revised minable reserve calculation.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of building stone limiting the production to 70%(Restricting the depth of mining to 10m) of the proposed production, as recommended by SEAC, subject to submission of revised minable reserve calculation.

109.4.62 Building Stone Quarry Project, Sy.No.87 of Anamanahalli Village, Kanakapura Taluk, Ramanagara District (4-0 Acres) (QL No.1337) of Sri S P Sundar Raju (SEIAA 1281 MIN 2015)

This is an existing proposal seeking Environmental clearance for quarrying of Building Stone in 4-00 Acres, Govt. Land.

The subject was discussed in the SEAC meeting held on 3rd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of building stone as per approved quarry plan.

109.4.63 Building Stone Quarry Project, Sy.No.23 of Thammanayakanahalli Village, Anekal Taluk, Bangalore Urban Dist. (2.023 Ha) of Sri M.C. Umesh (SEIAA 420 MIN 2015)

This is a new proposal seeking Environmental clearance for quarrying of Building Stone Quarry in 2.023 Ha, Govt. Revenue Land.

The subject was discussed in the SEAC meeting held on 24th to 29th July 2015 , 4th & 5th September 2015, 2nd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance, limiting the production to 70% of the total estimated production keeping the minable area quantity and the sustainability of the mine in the mind.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of building stone limiting the production to 70% of the proposed production, as recommended by SEAC.

109.4.64 Building Stone Quarry Project, Sy.No.47 (P) of Aneguddi Village, Ramdurga Taluk, Belgaum District (5-0 Acres) of Mis. D P Jain & Co. Infrastructure Pvt. Ltd. (SEIAA 1315 MIN 2015)

This is a new proposal seeking Environmental clearance for quarrying of Building Stone in 5-00 Acres, Government Land.

The subject was discussed in the SEAC meeting held on 2nd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance, limiting the production to 60%(Restricting the depth of mining to 10m) of the total estimated production keeping the minable area quantity and the sustainability of the mine in the mind.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of building stone limiting the production to 60%(Restricting the depth of mining to 10m) of the proposed production, as recommended by SEAC.

109.4.65 Removal of sand from sand bar SB-SH-15 of Sharavathi River Bed, Honnavar Village & Taluk, Uttara Kannada District (19.5 Ha) of District Sand Monitoring Committee Uttara Kannada (SEIAA 1295 MIN 2015)

This is a proposal submitted by Chairman, District Sand Monitoring Committee, Uttara Kannada District seeking Environmental Clearance for proposed Removal of Sand from Sand Bar No.SB-SH-15 at Sharavathi River Bed, Honnavar Village, Honnavar Taluk, Uttara Kannada District in an area of 19.50 Ha.

The subject was discussed in the SEAC meeting held on 2nd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance, limiting the production to 70% from the total proposed production by reducing the length of the sand bar due to the vicinity of the two structures (upstream side NH and downstream

side Railway line), subject to receipt of recommendation from KSCZMA and imposing the following additional conditions:

1. Removal of sand bar shall be permitted only during the non monsoon season which is breeding season for aquatic fauna.
2. The quality of the material/sand removed from the sand bar shall be verified for its suitability to use in the construction activity.

The Authority perused the proposal and took note of the recommendation of SEAC and the KSCZMA.

The Authority after discussion decided to issue Environment Clearance for removal of sand from sand bar, limiting the production to 70% from the total proposed production by reducing the length of the sand bar due to the vicinity of the two structures (upstream side NH and downstream side Railway line).

109.4.66 Removal of sand from sand bar SB-SH-16 of Sharavathi River Bed, Hospatna Village & Honnavar Taluk, Uttara Kannada District (13 Ha) of District Sand Monitoring Committee Uttara Kannada (SEIAA 1296 MIN 2015)

This is a proposal submitted by Chairman, District Sand Monitoring Committee, Uttara Kannada District seeking Environmental Clearance for proposed Removal of Sand from Sand Bar No.SB-SH-16 at Sharavathi River Bed, Hosapatna Village, Honnavar Taluk, Uttara Kannada District in an area of 13 Ha.

The subject was discussed in the SEAC meeting held on 2nd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance, reducing the length of the sand bar by 150 m on both side and length is restricted to 1000 m and accordingly the quantity is restricted to 70%, subject to receipt of recommendation from KSCZMA and imposing the following additional conditions:

1. Removal of sand bar shall be permitted only during the non monsoon season which is breeding season for aquatic fauna.
2. The quality of the material/sand removed from the sand bar shall be verified for its suitability to use in the construction activity.

The Authority perused the proposal and took note of the recommendation of SEAC and the KSCZMA.

The Authority after discussion decided to issue Environment Clearance for removal of sand from sand bar, reducing the length of the sand bar by 150 m on both side and length is restricted to 1000 m and accordingly the quantity is restricted to 70%.

109.4.67 Removal of sand from sand bar SB-SH-17 of Sharavathi River Bed, Mavinkurve Village & Honnavar Taluk, Uttara Kannada District (2.4 Ha) of District Sand Monitoring Committee Uttara Kannada (SEIAA 1297 MIN 2015)

This is a proposal submitted by Chairman, District Sand Monitoring Committee, Uttara Kannada District seeking Environmental Clearance for proposed Removal of Sand from Sand Bar No.SB-SH-17 at Sharavathi River Bed, Mavinakurve Village, Honnavar Taluk, Uttara Kannada District in an area of 2.4 Ha.

The subject was discussed in the SEAC meeting held on 2nd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance, subject to receipt of recommendation from KSCZMA and imposing the following additional conditions:

1. Removal of sand bar shall be permitted only during the non monsoon season which is breeding season for aquatic fauna.
2. The quality of the material/sand removed from the sand bar shall be verified for its suitability to use in the construction activity.

The Authority perused the proposal and took note of the recommendation of SEAC and the KSCZMA.

The Authority after discussion decided to issue Environment Clearance for removal of sand from sand bar.

109.4.68 Removal of sand from sand bar SB-SH-18 of Sharavathi River Bed, Hospattana Village & Honnavar Taluk, Uttara Kannada District (8.3 Ha) of District Sand Monitoring Committee Uttara Kannada (SEIAA 1298 MIN 2015)

This is a proposal submitted by Chairman, District Sand Monitoring Committee, Uttara Kannada District seeking Environmental Clearance for proposed Removal of Sand from Sand Bar No.SB-SH-18 at Sharavathi River Bed, Hosapatna Village, Honnavar Taluk, Uttara Kannada District in an area of 8.3 Ha.

The subject was discussed in the SEAC meeting held on 2nd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance, subject to receipt of recommendation from KSCZMA and imposing the following additional conditions:

1. Removal of sand bar shall be permitted only during the non monsoon season which is breeding season for aquatic fauna.
2. The quality of the material/sand removed from the sand bar shall be verified for its suitability to use in the construction activity.

The Authority perused the proposal and took note of the recommendation of SEAC and the KSCZMA.

The Authority after discussion decided to issue Environment Clearance for removal of sand from sand bar.

109.4.69 Removal of sand from sand bar SB-SH-19 of Sharavathi River Bed, Hosad Village & Honnavar Taluk, Uttara Kannada District (9.75 Ha) of District Sand Monitoring Committee Uttara Kannada (SEIAA 1299 MIN 2015)

This is a proposal submitted by Chairman, District Sand Monitoring Committee, Uttara Kannada District seeking Environmental Clearance for proposed Removal of Sand from Sand Bar No.SB-SH-19 at Sharavathi River Bed, Hosad Village, Honnavar Taluk, Uttara Kannada District in an area of 9.75 Ha.

The subject was discussed in the SEAC meeting held on 2nd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance, subject to receipt of recommendation from KSCZMA and imposing the following additional conditions:

1. Removal of sand bar shall be permitted only during the non monsoon season which is breeding season for aquatic fauna.
2. The quality of the material/sand removed from the sand bar shall be verified for its suitability to use in the construction activity.

The Authority perused the proposal and took note of the recommendation of SEAC and the KSCZMA.

The Authority after discussion decided to issue Environment Clearance for removal of sand from sand bar.

109.4.70 Removal of sand from sand bar SB-SH-20 of Sharavathi River Bed, Padukuli Village & Honnavar Taluk, Uttara Kannada District (10.8 Ha) of District Sand Monitoring Committee Uttara Kannada (SEIAA 1300 MIN 2015)

This is a proposal submitted by Chairman, District Sand Monitoring Committee, Uttarakannada District seeking Environmental Clearance for proposed Removal of Sand from Sand Bar No.SB-SH-20 at Sharavathi River Bed, Padukuli Village, Honnavar Taluk, Uttara Kannada District in 10.80 Ha.

The subject was discussed in the SEAC meeting held on 2nd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance, subject to receipt of recommendation from KSCZMA and imposing the following additional conditions:

1. Removal of sand bar shall be permitted only during the non monsoon season which is breeding season for aquatic fauna.

2. The quality of the material/sand removed from the sand bar shall be verified for its suitability to use in the construction activity.

The Authority perused the proposal and took note of the recommendation of SEAC and the KSCZMA.

The Authority after discussion decided to issue Environment Clearance for removal of sand from sand bar.

109.4.71 Removal of sand from sand bar SB-AG-14 of Aghunashini River Bed, Kallabbe Village & Kumta Taluk, Uttara Kannada District (0.51 Ha) of District Sand Monitoring Committee Uttara Kannada (SEIAA 1301 MIN 2015)

This is a proposal submitted by Chairman, District Sand Monitoring Committee, Uttara Kannada District seeking Environmental Clearance for proposed Removal of Sand from Sand Bar No.SB-AG-14 at Aghunashini River Bed, Kallabbe Village, Kumta Taluk, Uttara Kannada District in 0.51 Ha.

The subject was discussed in the SEAC meeting held on 2nd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance, subject to receipt of recommendation from KSCZMA and imposing the following additional conditions:

1. Removal of sand bar shall be permitted only during the non monsoon season which is breeding season for aquatic fauna.
2. The quality of the material/sand removed from the sand bar shall be verified for its suitability to use in the construction activity.

The Authority perused the proposal and took note of the recommendation of SEAC and the KSCZMA.

The Authority after discussion decided to issue Environment Clearance for removal of sand from sand bar.

109.4.72 Removal of sand from sand bar SB-AG-10 of Aghunashini River Bed, Divagi Village & Kumta Taluk, Uttara Kannada District (7.7 Ha) of District Sand Monitoring Committee Uttara Kannada (SEIAA 1303 MIN 2015)

This is a proposal submitted by Chairman, District Sand Monitoring Committee, Uttara Kannada District seeking Environmental Clearance for proposed Removal of Sand from Sand Bar No.SB-AG-10 at Aghunashini River Bed, Divagi Village, Kumta Taluk, Uttara Kannada District in 7.7 Ha.

The subject was discussed in the SEAC meeting held on 2nd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance, subject to receipt of recommendation from KSCZMA and imposing the following additional conditions:

1. Removal of sand bar shall be permitted only during the non monsoon season which is breeding season for aquatic fauna.
2. The quality of the material/sand removed from the sand bar shall be verified for its suitability to use in the construction activity.

The Authority perused the proposal and took note of the recommendation of SEAC and the KSCZMA.

The Authority after discussion decided to issue Environment Clearance for removal of sand from sand bar.

109.4.73 Removal of sand from sand bar SB-KL-1 of Kali River Bed, Kinner Village & Karwar Taluk, Uttara Kannada District (14.0 Ha) of District Sand Monitoring Committee Uttara Kannada (SEIAA 1304 MIN 2015)

This is a proposal submitted by Chairman, District Sand Monitoring Committee, Uttarakannada District seeking Environmental Clearance for proposed Removal of Sand from Sand Bar No.SB-KL-1 at Kali River Bed, Kinner Village, Karwar Taluk, Uttara Kannada District in 14.0 Ha.

The subject was discussed in the SEAC meeting held on 2nd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance, subject to receipt of recommendation from KSCZMA and imposing the following additional conditions:

1. Removal of sand bar shall be permitted only during the non monsoon season which is breeding season for aquatic fauna.
2. The quality of the material/sand removed from the sand bar shall be verified for its suitability to use in the construction activity.

The Authority perused the proposal and took note of the recommendation of SEAC and the KSCZMA.

The Authority after discussion decided to issue Environment Clearance for removal of sand from sand bar.

109.4.74 Removal of sand from sand bar SB-KL-4 of Kali River Bed, Halaga Village & Karwar Taluk, Uttara Kannada District (20 Ha) of District Sand Monitoring Committee Uttara Kannada (SEIAA 1305 MIN 2015)

This is a proposal submitted by District Sand Monitoring Committee, Uttara Kannada District seeking Environmental Clearance for removal of sand from sand bar

at Kali River bed, Sand Bar No: SB-KL-4, Halaga village, Karwar Taluk, Uttara Kannada District in 20-00 Ha.

The subject was discussed in the SEAC meeting held on 2nd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance, subject to receipt of recommendation from KSCZMA and imposing the following additional conditions:

1. Removal of sand bar shall be permitted only during the non monsoon season which is breeding season for aquatic fauna.
2. The quality of the material/sand removed from the sand bar shall be verified for its suitability to use in the construction activity.

The Authority perused the proposal and took note of the recommendation of SEAC and the KSCZMA.

The Authority after discussion decided to issue Environment Clearance for removal of sand from sand bar.

109.4.75 Removal of sand from sand bar SB-KL-5 of Kali River Bed, Kargejug Village & Karwar Taluk, Uttara Kannada District (4 Ha) of District Sand Monitoring Committee Uttara Kannada (SEIAA 1306 MIN 2015)

This is a proposal submitted by District Sand Monitoring Committee, Uttara Kannada District seeking Environmental Clearance for removal of sand from sand bar at Kali River bed, Sand Bar No: SB-KL-5, Kargejug village, Karwar Taluk, Uttara Kannada District in 4-00 Ha.

The subject was discussed in the SEAC meeting held on 2nd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance, subject to receipt of recommendation from KSCZMA and imposing the following additional conditions:

1. Removal of sand bar shall be permitted only during the non monsoon season which is breeding season for aquatic fauna.
2. The quality of the material/sand removed from the sand bar shall be verified for its suitability to use in the construction activity.

The Authority perused the proposal and took note of the recommendation of SEAC and the KSCZMA.

The Authority after discussion decided to issue Environment Clearance for removal of sand from sand bar.

109.4.76 Removal of sand from sand bar SB-AG-13 of Aghunashini River Bed, Uppinapattana Village & Kumta Taluk, Uttara Kannada District (1 Ha) of District Sand Monitoring Committee Uttara Kannada (SEIAA 1307 MIN 2015)

This is a proposal submitted by District Sand Monitoring Committee, Uttara Kannada District seeking Environmental Clearance for removal of sand from sand bar at Aghunashini River bed, Sand Bar No: SB-AG-13, Uppinapattana village, Kumta Taluk, Uttara Kannada District in an area of 1-00 Ha.

The subject was discussed in the SEAC meeting held on 2nd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance, subject to receipt of recommendation from KSCZMA and imposing the following additional conditions:

1. Removal of sand bar shall be permitted only during the non monsoon season which is breeding season for aquatic fauna.
2. The quality of the material/sand removed from the sand bar shall be verified for its suitability to use in the construction activity.

The Authority perused the proposal and took note of the recommendation of SEAC and the KSCZMA.

The Authority after discussion decided to issue Environment Clearance for removal of sand from sand bar.

109.4.77 Removal of sand from sand bar SB-KL-3 of Kali River Bed, Kinner Village & Karwar Taluk, Uttara Kannada District (11 Ha) of District Sand Monitoring Committee Uttara Kannada (SEIAA 1308 MIN 2015)

This is a proposal submitted by District Sand Monitoring Committee, Uttara Kannada District seeking Environmental Clearance for removal of sand from sand bar at Kali River bed, Sand Bar No: SB-KL-3, Kinner village, Karwar Taluk, Uttara Kannada District in an area of 11-00 Ha.

The subject was discussed in the SEAC meeting held on 2nd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance, subject to receipt of recommendation from KSCZMA and imposing the following additional conditions:

1. Removal of sand bar shall be permitted only during the non monsoon season which is breeding season for aquatic fauna.
2. The quality of the material/sand removed from the sand bar shall be verified for its suitability to use in the construction activity.

The Authority perused the proposal and took note of the recommendation of SEAC and the KSCZMA.

The Authority after discussion decided to issue Environment Clearance for removal of sand from sand bar.

109.4.78 Removal of sand from sand bar SB-AG-8 of Aghanashini River Bed, Kodkani Village & Kumta Taluk, Uttara Kannada District (5 Ha) of District Sand Monitoring Committee Uttara Kannada (SEIAA 1309 MIN 2015)

This is a proposal submitted by District Sand Monitoring Committee, Uttara Kannada District seeking Environmental Clearance for removal of sand from sand bar at Aghanashini River bed, Sand Bar No: SB-AG-8, Kodkani village, Kumta Taluk, Uttara Kannada District in an area of 5-00 Ha.

The subject was discussed in the SEAC meeting held on 2nd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance, subject to receipt of recommendation from KSCZMA and imposing the following additional conditions:

1. Removal of sand bar shall be permitted only during the non monsoon season which is breeding season for aquatic fauna.
2. The quality of the material/sand removed from the sand bar shall be verified for its suitability to use in the construction activity.

The Authority perused the proposal and took note of the recommendation of SEAC and the KSCZMA.

The Authority after discussion decided to issue Environment Clearance for removal of sand from sand bar.

109.4.79 Removal of sand from sand bar SB-KL-2 of Kali River Bed, Kinner Village & Karwar Taluk, Uttara Kannada District (10 Ha) of District Sand Monitoring Committee Uttara Kannada (SEIAA 1310 MIN 2015)

This is a proposal submitted by District Sand Monitoring Committee, Uttara Kannada District seeking Environmental Clearance for removal of sand from sand bar at Kali River bed, Sand Bar No: SB-KL-2, Kinner village, Karwar Taluk, Uttara Kannada District in an area of 10-00 Ha.

The subject was discussed in the SEAC meeting held on 2nd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance, subject to receipt of recommendation from KSCZMA and imposing the following additional conditions:

1. Removal of sand bar shall be permitted only during the non monsoon season which is breeding season for aquatic fauna.

2. The quality of the material/sand removed from the sand bar shall be verified for its suitability to use in the construction activity.

The Authority perused the proposal and took note of the recommendation of SEAC and the KSCZMA.

The Authority after discussion decided to issue Environment Clearance for removal of sand from sand bar.

109.4.80 Removal of sand from sand bar SB-GA-7 of Gangavali River Bed, Sagadageri Village & Ankola Taluk, Uttara Kannada District (9.9 Ha) of District Sand Monitoring Committee Uttara Kannada (SEIAA 1311 MIN 2015)

This is a proposal submitted by District Sand Monitoring Committee, Uttara Kannada District seeking Environmental Clearance for removal of sand from sand bar at Gangavali River bed, Sand Bar No: SB-GA-7, Sagadageri village, Ankola Taluk, Uttara Kannada District in an area of 9.9 Ha.

The subject was discussed in the SEAC meeting held on 2nd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance, subject to receipt of recommendation from KSCZMA and imposing the following additional conditions:

1. Removal of sand bar shall be permitted only during the non monsoon season which is breeding season for aquatic fauna.
2. The quality of the material/sand removed from the sand bar shall be verified for its suitability to use in the construction activity.

The Authority perused the proposal and took note of the recommendation of SEAC and the KSCZMA.

The Authority after discussion decided to issue Environment Clearance for removal of sand from sand bar

109.4.81 Removal of sand from sand bar SB-AG-12 of Aghunashini River Bed, Manaki Village & Kumta Taluk, Uttara Kannada District (5.5 Ha) of District Sand Monitoring Committee Uttara Kannada (SEIAA 1312 MIN 2015)

This is a proposal submitted by District Sand Monitoring Committee, Uttara Kannada District seeking Environmental Clearance for removal of sand from sand bar at Aghunashini River bed, Sand Bar No:SB-AG-12, Manaki village, Kumta Taluk, Uttara Kannada District in an area of 5.5 Ha.

The subject was discussed in the SEAC meeting held on 2nd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance, subject

to receipt of recommendation from KSCZMA and imposing the following additional conditions:

1. Removal of sand bar shall be permitted only during the non monsoon season which is breeding season for aquatic fauna.
2. The quality of the material/sand removed from the sand bar shall be verified for its suitability to use in the construction activity.

The Authority perused the proposal and took note of the recommendation of SEAC and the KSCZMA.

The Authority after discussion decided to issue Environment Clearance for removal of sand from sand bar.

109.4.82 Removal of sand from sand bar SB-AG-11 of Aghunashini River Bed, Divagi Village & Kumta Taluk, Uttara Kannada District (825 Ha) of District Sand Monitoring Committee Uttara Kannada (SEIAA 1313 MIN 2015)

This is a proposal submitted by District Sand Monitoring Committee, Uttara Kannada District seeking Environmental Clearance for removal of sand from sand bar at Aghanashini River bed, Sand Bar No: SB-AG-11, Divagi village, Kumta Taluk, Uttara Kannada District in an area of 8.25 Ha.

The subject was discussed in the SEAC meeting held on 2nd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance, subject to receipt of recommendation from KSCZMA and imposing the following additional conditions:

1. Removal of sand bar shall be permitted only during the non monsoon season which is breeding season for aquatic fauna.
2. The quality of the material/sand removed from the sand bar shall be verified for its suitability to use in the construction activity.

The Authority perused the proposal and took note of the recommendation of SEAC and the KSCZMA.

The Authority after discussion decided to issue Environment Clearance for removal of sand from sand bar.

109.4.83 Removal of sand from sand bar SB-KL-6 of Kali River Bed, Ulga Village & Karwar Taluk, Uttara Kannada District (9 Ha) of District Sand Monitoring Committee Uttara Kannada (SEIAA 1314 MIN 2015)

This is a proposal submitted by District Sand Monitoring Committee, Uttara Kannada District seeking Environmental Clearance for removal of sand from sand bar

at Kali River bed, Sand Bar No:SB-KL-6, Ulga village, Karwar Taluk, Uttara Kannada District in an area of 9.00 Ha.

The subject was discussed in the SEAC meeting held on 2nd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance, subject to receipt of recommendation from KSCZMA and imposing the following additional conditions:

1. Removal of sand bar shall be permitted only during the non monsoon season which is breeding season for aquatic fauna.
2. The quality of the material/sand removed from the sand bar shall be verified for its suitability to use in the construction activity.

The Authority perused the proposal and took note of the recommendation of SEAC and the KSCZMA.

The Authority after discussion decided to issue Environment Clearance for removal of sand from sand bar.

109.4.84 Removal of Sand from Sand bar SB-AG-9 of Aghanashini River Bed at Dundakuli Village, Kumta Taluk, Uttara Kannada District (7 Ha) of District Sand Monitoring Committee Uttara Kannada (SEIAA 1319 MIN 2015)

This is a proposal submitted by District Sand Monitoring Committee, Uttara Kannada District seeking Environmental Clearance for removal of sand from sand bar at Aghanashini River bed, Sand Bar No: SB-AG-9, Dundakuli village, Kumta Taluk, Uttara Kannada District in an area of 7.00 Ha.

The subject was discussed in the SEAC meeting held on 2nd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance, subject to receipt of recommendation from KSCZMA and imposing the following additional conditions:

1. Removal of sand bar shall be permitted only during the non monsoon season which is breeding season for aquatic fauna.
2. The quality of the material/sand removed from the sand bar shall be verified for its suitability to use in the construction activity.

The Authority perused the proposal and took note of the recommendation of SEAC and the KSCZMA.

The Authority after discussion decided to issue Environment Clearance for removal of sand from sand bar.

109.4.85 Building Stone Quarry Project, Sy.No.23/250 (338) of Thammanayakanahally Village, Anekal Taluk, Bengaluru District (2 Acres) (QL No.592) of Sri G A Chandrashekar, S/o.R.Apparmareddy, # 342, Hulimangala Village, Jigani Hobli, Anekal Taluk, Bengaluru (SEIAA 693 MIN 2015)

This is a renewal proposal seeking Environmental clearance for quarrying of Building stone in 2.00 Acres, Govt. Gomala Land.

The subject was discussed in the SEAC meeting held on 24th, 25th & 26th August 2015 and 3rd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance.

The committee observed that the proposed quarry site is very near to Bannerghatta National Park and Inter State Boundary.

The Committee also noted that if the proposed area is likely to result in to a cluster situation with a total lease area of 5 Ha or more if that is the case the proposal will attract General Conditions of EIA Notification of 2006 and it has to be appraised in MoEF, Government of India.

The Committee after discussion decided to recall the proposal after submission of the leases of Sy.No.23/250 (338) of Thammanayakanahally Village, Anekal Taluk, Bengaluru District and adjacent Sy Nos with the extent of lease area, lease Nos., latitude & longitude and distance between the boundaries (OUTER) of each lease area and be marked on combined sketch plotted on a village map which shall be attested by a competent authority.

The Proponent and the RQP/Environment Consultant attended the meeting of SEAC to give clarification/additional information.

The committee perused and agreed with the reply submitted by the proponent vide letter dated 29.10.2015.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of building stone as per approved quarry plan.

109.4.86 Building Stone Quarry Project, Sy.No.17 of Maraganahalli Village, Chikkaballapura Taluk & District (5 Acres) (QL No.32) of Sri M Ramasubbareddy S/o. Sri.Narayanareddy, No.198, Chikkaballapur Town, Chikkaballapur Taluk and Dist. (SEIAA 708 MIN 2015)

This is an operating proposal seeking Environmental clearance for quarrying of Building Stone in 5-00 Acres, Government Gomala Land.

The subject was discussed in the SEAC meeting held on 4th & 5th September 2015 and 3rd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of building stone as per approved quarry plan.

109.4.87 Building Stone Quarry Project, Sy.No.145/P1 of Yadhadi Village, Udupi Taluk, Udupi Dist. (1-0 Acre) of Sri Mohammed Basheer Sb. Sri.Hasan Byari, Vaddarse, Achalady, Udupi Taluk and District (SEIAA 295 MIN 2015)

This is a renewal proposal seeking Environmental clearance for quarrying of Building stone in 1.00 Acres, Govt. Land.

The subject was discussed in the SEAC meeting held on 30th June & 1st July 2015 and 3rd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of building stone as per approved quarry plan.

109.4.88 Building Stone Quarry Project, Sy.No.1451P1 of Yadhadi Village, Udupi Taluk, Udupi Dist. (2-0 Acres) of Sri Hasan Byari S/o.Kalandar Byari, Vaddarse, Achalady, Udupi Taluk and District. (SEIAA 296 MIN 2015)

This is a renewal proposal seeking Environmental clearance for quarrying of Building stone in 2.00 Acres, Govt. Land.

The subject was discussed in the SEAC meeting held on 30th June & 1st July 2015 and 3rd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to issue Environmental Clearance for extraction of building stone as per approved quarry plan.

Industry Projects:**109.4.89 Establishment of GGBS & Cement Manufacturing Industry at Sy. No's. 37/1 & 3717 Kuntaganahalli Village, Koppal Taluk and Koppal District of M/s. S.S.R Cement Industries (SEIAA 23 IND 2015)**

It is a proposal seeking Environmental Clearance for proposed Establishment of Ground Granulated Blast Furnace Slag (GGBS) & Cement Manufacturing Industry of 60,000 MTPA on total Plot area is 6 Acres, 15 Guntas. The total built up area is 907.7 Sq.mts . The proposed green belt area is 8525 Sq.mts (35%). The total water required for the project is 11 KLD.

The raw materials required for GGBS manufacture is G.Slag - 250 TPD For Cement manufacturing: 1. Gypsum - 7.5 TPD 2.Clinkers - 230 TPD 3. Granulated Slag- 12.5 TPD.

The subject was discussed in the SEAC meeting held on 22nd September 2015 and 3rd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to clear the proposal for issue of Environmental Clearance subject to submission of the following information:

- (1) Water balance chart.
- (2) Production details of each category of cements in a tabular form.
- (3) Commitment with regard to implementation of environmental safeguard measures proposed in the EMP.

109.4.90 Modification & Expansion of Manufacturing unit of Bulk drugs at Plot No.120A/B, 121 SE Plot No.36, Baikampady Industrial Area, Mangalore Taluk, Dakshina Kannada District of M/s. Sequent Scientific Ltd (SEIAA 3 IND 2014)

It is a proposal for expansion and modification for drug manufacturing unit. The total project site area including the existing facility is 9.13 acres (36,947.81 Sqm) and the total built up area will be 12464.28 Sqm.

The details of the existing, to be stopped, to be continued and proposed product details are given below.

Products Manufactured		Products To Be Stopped	Products To Be retained		Proposed Products To Be Added	
Product	Consented capacity Per Annum (Kg)	Product	Product	Capacity Per Annum (Kgs)	Product	Capacity Per Annum (Kgs)
AZT (Zidovudine)	1000	AZT (Zidovudine)	Artemether	27500	Citicoline Sodium	150000

Lamotrigine	1000	Lamotrigine	Artesunate	10000	Hydralazine HCL	4200
Isoniazid	1000	Isoniazid	Oseltamivir Phosphate	500	Ketosulfone	21600
Oseltamivir Phosphate	500		Floctafenine	1000	L-(+)-Selenomethionine	600
Floctafenine	1000				Lumefantrine	94500
Shikimic acid	1000	Shikimic acid			Praziquantel	150000
PEP-Q	120000	PEP-Q	By-product-Sodium Salt	200000	SuccinylCholin Chloride	1800

Nevirapine	10000	Nevirapine				
DihydroArtemisinin	1000					
Arte ether	1000	Arte ether				
Arte mether	1000					
Artesunate	1000					

The Authority noted that the SEAC during the 130th SEAC meeting held on 19th February 2015, taking note of the inspection report submitted by the sub-committee have decided to issue ToR incorporating the additional ToRs recommended by the sub-committee. Accordingly the ToR was issued on 09.03.2015. The proponents have submitted the EIA report on 27.07.2015.

The subject was discussed in the SEAC meeting held on 25th August 2015 and 3rd November 2015. The Committee has recommended for issue of environmental clearance, after appraising the proposal along with the EIA report, subject to submission of the revised water balance chart incorporating the above observations.

The Authority perused the proposal and took note of the recommendation of SEAC along with the reply submitted by the proponent vide letter dated 28.11.2015.

The Authority after discussion decided to get the information with regard to point-wise compliance on the additional ToR along with explanation / clarification for the observation made by sub-Committee of SEAC during the inspection for further consideration.

The Authority also decided to invite the proponent.

Construction Projects:

109.4.91 "Prestige Technology Park-IV", Development of Commercial building at Sy. No. 143/2, 144/1, 144/2, 146/1, 146/2, 147/1, 147/2, 147/4, 147/5, 147/6 Amani Bellandur Khane Village, Bengaluru East Taluk of M/s Dashanya Tech Parkz Private Ltd., (SEIAA 45 CON 2015)

This is a proposal seeking Environmental Clearance for Development of Commercial Building on a plot area of 36,117.91 Sq.mts and with total built up area of 1,59,645.42 Sq.mts. It is proposed to construct 3 Buildings sprawled across 2B+G+9 UF's and a MLCP Sprawled across 2B + G + 6 UF. Total water requirement of project is 509 KLD.

The Authority noted that the SEAC during the 133rd SEAC meeting held on 19.03.2015 have decided to issue Standard ToR for conducting EIA study in accordance with EIA Notification 2006 and the relevant guidelines along with the additional ToRs. Accordingly the ToR was issued on 31.03.2015. The proponents have submitted the EIA report vide letter dated 14.08.2015.

The subject was discussed in the SEAC meeting held on 5th September 2015 and 2nd November 2015. The Committee has recommended for issue of environmental clearance, after appraising the proposal along with the EIA report.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to clear the proposal for issue of Environmental Clearance subject to submission of the following information:

- (1) Revised water balance chart prepared as per NBC norms.
- (2) Revised calculation of MSW and appropriate management plan.
- (3) Justification for green belt indicated.
- (4) Specific social commitment plan with budget, activity and time frame.

109.4.92 Modification of High Rise commercial Building (Multiplex and Shopping Mall), Residential Apartments Project at Sy.No.2699/1, (old no.42 to 47, 10, 11, 12, 32), PID No.31- 42-111 of Hosakere Road, Binnypet, Ward No.121, Bangalore Urban District of M/s. Relationship Properties Pvt. Ltd. (SEIAA 134 CON 2015)

This is a proposal seeking Environmental clearance for proposed modification for High-rise commercial building (Mall & Amenities) and residential Apartment on a total plot area of 213808.52 Sq.mts and with total Built up area of 7,56,250.00 Sq.mts. The proposed building under expansion and modification consists of residential apartment of 3484 units consisting 11 blocks, Mall with 2 Basement+ Ground Floor+ 5 Upper Floor + Terrace Floor and Amenity Centre with Basement+ Ground Floor+ 1 Upper Floor + Terrace Floor. Total water requirement is 3316 KLD.

It is noted that the proposal had earlier obtained Environmental Clearance vide Environmental Clearance letter No. SEIAA 201 CON 2012 dated 19th July 2013 for the expansion and modification of Mixed Use Development consisting residential apartments with 5 Towers & a premium tower having 2B + G + 19 UF + Terrace. Commercial building consists of club house, hotel in 2B + G + 8 UF + Terrace and mall in 2B + G + 5 UF + Terrace.

The subject was discussed in the SEAC meeting held on 30th September 2015 and 2nd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC. The Authority noted that construction of block number 1, 2 and 3 have been undertaken and the rest are proposed to be modified. Even though there is a reduction in built up area from the earlier E.C., there is an increase in the height of the buildings in the proposed plan upto 41 m. Justification in this regard is required.

The Authority after discussion decided to get the following information for further consideration:

- (1) Layout plan of the proposed project super imposed on the project already issued with Environmental Clearance.
- (2) Revised calculation for the water requirement and corresponding water balance chart along with design of the STP and equalization tank taking the peak flow into consideration.
- (3) Explore the possibility of providing block-wise STP for decentralized sewage treatment and utilization of the treated water.
- (4) Revised layout plan to the scale clearly indicating all the infrastructure facilities and the proposed construction activity.
- (5) Real time traffic study report.
- (6) Details of the developments in the neighbourhood such as other developmental projects, infrastructural facilities, commercial

establishments, road, railway line, etc in a radius of 3 Kms along with the sloping pattern.

- (7) Revised parking calculations based on the requirement as per MoEF, BHK norms and BBMP norms providing for the maximum of the above requirements and parking plan for corresponding number of vehicles.
- (8) Proposal to enhance energy savings to at least 25%.
- (9) Details of Recreational Ground Area with total percentage to the plot area.
- (10) Compliance on the earlier E.C.

The Authority also decided to invite the proponent.

109.4.93 Proposed Residential Apartments project at Survey No.186,189/1,189/2,189/3, 189/6,189/9,189/10,189/11 & 190 Varthur Village, Varthur Hobali Bangalore East Taluk. Bangalore of M/s. MYHNA PROPERTIES PVT LTD #83, 1st Floor G.P.Plaza Outer Ring Road, Anand Nagar Near Kala Mandir, Above Karnataka Bank, Marathahalli, Bangalore560037(SEIAA 159 CON 2015)

This is a proposal seeking Environmental clearance for proposed Residential Apartment of 532 no of units with G + 26 UF on a total Plot area of 22,510.45 Sq.mts and with the total Built up area of 82160.10 Sqm. Total water requirement is 360 KLD.

The subject was discussed in the SEAC meeting held on 2nd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance, subject to submission of the hydrological study of the area influencing the surface water flow.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to clear the proposal for issue of Environmental Clearance subject to submission of the following information in addition to the information sought by SEAC:

- (1) Present level of construction with latest dated photographs of the project site.
- (2) Revised layout plan duly increasing width of the connecting road from 8m to 12 m.
- (3) Source of water with NOC/Consent from the competent authorities for supply of water.
- (4) Revised parking calculations based on the requirement as per MoEF, BHK norms and BBMP norms providing for the maximum of the above requirements and parking plan for corresponding number of vehicles.
- (5) Specific social commitment plan with budget, activity and time frame.

109.4.94 Residential Apartment project at Sy No 70/1, MES road Goraguntepalya, Yeshwanthpur Industrial Area Bengaluru 560 022 of Kishore Kumar, Director Mis Jain Heights & Structures Pvt Ltd, SOLUS, Floor 11 No 2 1 st Cross, J C Road, Bangalore 560 027 (SEIAA 160 CON 2015)

This is a proposal seeking Environmental Clearance for proposed “Revanta” Residential Apartment of 333 No. Units, 2B+GF+18 UF with 3 Blocks (A,B,C) Club house on a total Plot area of 14010.11 Sq.mts with total Built up area of 73830.44 Sq.mts. Total water requirement is 224 KLD.

The subject was discussed in the SEAC meeting held on 2nd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to clear the proposal for issue of Environmental Clearance subject to submission of the following information:

1. Revised parking calculations based on the requirement as per MoEF, BHK norms and BBMP norms providing for the maximum of the above requirements and parking plan for corresponding number of vehicles.
2. Revised calculation of MSW and appropriate management plan.
3. Rain water harvesting as per CGWA norms.
4. Possibility of establishment of one more STP.
5. Specific social commitment plan with budget, activity and time frame.

109.4.95 "Wind Gates" Proposed construction of residential apartment with club house at Sy. No. 36/2, 94/2, Chokkanahalli, Agrahara Village, Yelahanka Hobli, Bangalore North Taluk, Bangalore of N R GREEN WOOD CONSTRUCTION PVT LTD, No. 396, 3rd Floor, 1st Main, KHM Block, Judges colony, Ganga nagar, Bangalore. (SEIAA 161 CON 2015)

This is a proposal seeking Environmental clearance for proposed “Wind Gates”, Residential Apartment of 279 units in 2 Blocks with Clubhouse in Basement + Ground Floor + 4 Upper Floor on a total Plot area of 17,981.30 Sq.mts and with total Built up area of 44,532.79 Sqm. Total water requirement is 158 KLD.

The subject was discussed in the SEAC meeting held on 2nd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to get the following information for further consideration:

- (1) Present level of construction with latest dated photographs of the project site.
- (2) Details of roads passing through the project site.
- (3) Details of inter-connectivity with two parts of the project site.

The Authority also decided to initiate action in accordance with law, if it is found to be a prima facie violation.

109.4.96 "PRESTIGE VALLEY CREST" Building and Construction projects at Survey Number:31- 3,31-4,31-5A,31-1C2,31- 1D2,31-1E2,31-1F2,31-1G2,31-1H1,31- 1H2,31-1I1,31-113,32-1 of Kadri Village and Survey Number:39-1, 39-3, 39/3, 39-8B, 39- 10, 41, 41-1A1of Kodialbail Village, Mangalore, Dakshina Kannada District of Mr. Zaid Sadiq, Prestige Estates Projects Limited, The Falcon House, #1, Main Guard Cross road, Bangalore - 560 001. (SEIAA 162 CON 2015)

This is a proposal seeking Environmental clearance for proposed construction of "PRESTIGE VALLEY CREST" Residential development of 510 units with 2B + GF + maximum 29 UF on a total Plot area is 19,356.65 Sq.mts and with the total built up area 94,984.63 Sq.mts

The subject was discussed in the SEAC meeting held on 3rd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance, subject to submission of the following information:

1. Impact due to construction activity on the nearby museum and a vibration study has to be conducted in this regard and the report to be submitted
2. Provide one more emergency exit towards the museum road side
3. Revised water balance chart considering 95% of the total water demand as wastewater.
4. Estimation of the e-waste and earmarking dedicated area for collection and disposal in accordance with the provisions of law
5. Revised soil analysis report
6. Quantification of the excavated earth and specific plan for disposal of excess excavated earth without any adverse impact on the environment.

The Authority perused the proposal and took note of the recommendation of SEAC along with the reply submitted by the proponent vide letter dated 26.11.2015.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to clear the proposal for issue of Environmental Clearance subject to submission of the following information:

- (1) Revised parking calculations based on the requirement as per MoEF, BHK norms and BBMP norms providing for the maximum of the above requirements and parking plan for corresponding number of vehicles.
- (2) Specific social commitment plan with budget, activity and time frame.

109.4.97 Expansion of "Skylark Esta" Residential Apartment project at Sy No. 16/1, 16/2 Sr 13/4, Hoody Village, K.R. Puram Hobli, Bangalore East Taluk, Bangalore of M/s. Skylark Mansions Pvt. Ltd., Skylark Chambers, Ulsoor Road, Bangalore- 5600042. (SEIAA 164 CON 2015)

This is a proposal seeking Environmental clearance for proposed expansion of "Skylark Esta" Residential Apartment from 208 No's to 214 Units with 2B + G + 19UF on a total Plot area is 10,858.35 Sq.mts and with total built up area from 44,401.64 Sq.mts to 44,467.15 Sq.mts. Total water requirement is 144 KLD.

It is noted that the proposal had earlier obtained Environmental Clearance vide Environmental Clearance letter No. SEIAA 6 CON 2014 dated 4th May 2013.

The subject was discussed in the SEAC meeting held on 3rd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to clear the proposal for issue of Environmental Clearance subject to submission of specific social commitment plan with budget, activity and time frame.

109.4.98 Development of 2.5 MW Fuel Cell Technology based power unit as part of expansion of inters SRR campus (Intel's Sarjapur Ring Road) at Deverabeesanahalli, Varthur Hobli block, Bangalore South Taluk, Bangalore Urban District, Bangalore of Intel Technology India Pvt Ltd, SRR Campus, Outer Ring Road, Deverabeesanahalli, Varthur Hobli, Bangalore South taluk, Bangalore Urban District, Bangalore.(SEIAA 153 CON 2015)

M/s Intel Technology India Private limited have been given Environmental Clearance from the Authority for construction of SRR 3 Building in G + 9 floors for expansion of Intel's SRR Campus on a plot area of 17.28 Ha with the total built up area

of 1,00,250.8 Sq.mts. vide letter No. SEIAA 197 CON 2013 dated 3rd October, 2013 and the corrigendum dated 03.09.2015.

The proponents have now sought Environmental Clearance for setting up of 2.5 MW Fuel Cells Technology based Power (FCTP) Unit as part of expansion of Intel's SRR Campus.

The Authority considered the proposal in its 106th meeting held on 9th October 2015. The Authority noted that the Fuel Cell Technology based power unit is not included in the schedule of EIA Notification, 2006 and therefore do not attract the said notification if it is a standalone unit. However, the Authority opined that since it is a modification of E.C. issued in the favour of the proponent it has to be reappraised with addition of the proposed new component.

The subject was discussed in the SEAC meeting held on 2nd November 2015. The Committee opined that in view of addition of Fuel Cells in the areas earmarked for parking and landscape, it is considered as an alteration (though the change in land use pattern is insignificant) to the already issued EC. The change in land use pattern is as depicted below:

1. Landscape area gets reduced from 55,295.00 Sqm to 54884.00 Sqm
2. Car Parking area reduces from 19,249.88 Sqm to 18,734.88 Sqm
3. Utility Area (new addition) proposed for Fuel Cell Technology Project 926 Sqm.

On appraisal of the project it is understood that the Fuel Cell Technology is Eco friendly and does not have any adverse effect on the environment. Therefore, the proposal is made over to the SEIAA for necessary deemed action.

The Authority observed that it is to be considered as modification of the Environmental Clearance issued to M/s Intel Technology India Private limited vide letter dated 3rd October, 2013 and the corrigendum dated 03.09.2015.

The Authority after discussion decided to issue Environmental Clearance subject to submission of the following information:

- (1) Whether there is any reduction in the capacity of the DG sets, if so details.
- (2) MoU with BESCOM with regard to supply of power to the grid or details of any other alternate arrangements made.
- (3) Whether the proposed power generation is for the captive use, if so the details of energy savings proposed to be achieved.
- (4) Revised layout plan clearly indicating the location of the proposed fuel cell power generation unit along with other infrastructure.

109.4.99 Residential Apartment Project at Sy.Nos.56(P), 55 (P), 54/1, 54/2, 54/3, 54/4, 54/5, 54/6, 54/7, 54/8, 54/9, 54/10, 54/11, 68, 69/1, 69/2(P), 74/3(P), 76(P), 86/2(P), Bileshivale Hobli, Bidarahalli Village, Bengaluru East Taluk, Bengaluru Urban District of M/s. Total Environment Constructions Pvt. Ltd., "Imagine" #78, EPIP Zone, ITPL main road, Whitefield, Bengaluru - 560 066. (SEIA 142 CON 2015)

This is a proposal seeking Environmental clearance SEIAA for proposed construction of Residential Apartment of 190 units with 3Basement + GF + 35 UF on a total Plot area is 59,642.6 Sq.mts and with the total Built up area of 1,44,822 Sq.mts.

The subject was discussed in the SEAC meeting held on 8th October 2015 and 3rd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance, after the submission of the revised water balance chart considering 55 LPD for rural condition and indicating treatment scheme.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to clear the proposal for issue of Environmental Clearance subject to submission of the following information in addition to the information sought by SEAC:

- (1) Revised parking calculations based on the requirement as per MoEF, BHK norms and BBMP norms providing for the maximum of the above requirements and parking plan for corresponding number of vehicles.
- (2) Energy savings to at least 25%.
- (3) Specific social commitment plan with budget, activity and time frame.

109.4.100 Residential Apartment Project at Sy.Nos. 32,33/1, 33/2, 33/3, 35/1, 35/2 (P), 46/2 (P) and 46/3 (P) of Kasavanahalli Village, Varthur Hobli, Bangalore East Taluk, Bangalore Urban District of M/s. Bren Corporation, 1461, 3rd Floor, 5th 'A', Block, Koramangala, Bangalore - 560095. (SEIAA 131 CON 2015)

This is a proposal seeking Environmental clearance for Development of Residential apartment of 540 units with 2B+GF+17UF and Clubhouse, on a total Plot area of 67,783.90 Sq.mts and with total Built up area of 1,37,608.29 Sq.mts. Total water requirement is 490 KLD.

The subject was discussed in the SEAC meeting held on 7th October 2015 and 3rd November 2015. The Committee has recommended to SEIAA for issue of Environmental Clearance.

The Authority perused the proposal and took note of the recommendation of SEAC.

The Authority after discussion decided to get the following information for further consideration:

- (1) Revised layout plan enhancing width of the approach road from 9m to 12m.
- (2) Justification for higher water calculation and revised calculation for the water requirement and corresponding water balance chart along with design of the STP and equalization tank taking the peak flow into consideration.
- (3) Revised parking calculations based on the requirement as per MoEF, BHK norms and BBMP norms providing for the maximum of the above requirements and parking plan for corresponding number of vehicles.
- (4) Details of Recreational Ground Area with total percentage to the plot area.
- (5) Conformation of wings as per NBC norms.

The Authority also decided to invite the proponent.

109.5 Recommended for Closure / Rejection:

109.5.1 River Sand Quarry Project, Block No.6 of Sy.Nos.96, 103/1,2,3,4, 104/1,2 St 105, Channur Village, Shahapur Taluk, Yadgir District (8.094 Ha) of District Sand Monitoring Committee Yadgiri (SEIAA 1277 MIN 2015)

This is a proposal submitted by Member Secretary, District Sand Monitoring Committee, Yadgir District seeking Environmental Clearance for River Sand Mining at Krishna River Bed. It is located at Block No.6, adjacent to Sy.No's. 96, 103/1,2,3,4, 104/1,2 & 105, of Channur Village, Shahapur Taluk, Yadgir District for an extent of 8.094 Ha.

The subject was discussed in the SEAC meeting held on 3rd November 2015. The Committee has recommended the proposal to SEIAA for closure for the following reason:

“The committee observed that the proposal has been withdrawn by the proponent during the 142nd meeting held on 13th & 14th of July 2015 and recommended the proposal for closure. But the proponent has submitted the same proposal without any modification and failed to justify the resubmission of the proposal as a fresh one.

The Committee after discussion decided to recommend the proposal to SEIAA for closure.”

The Authority perused the proposal and took note of the recommendation of SEAC and decided to close the file.

109.5.2 River Sand Quarry Project, Block No.2 of Sy.Nos.7, 6 and 5, Sugur Village, Shorapur Taluk, Yadgir District (5.09 Ha) of District Sand Monitoring Committee Yadgiri (SEIAA 1278 MIN 2015)

This is a proposal submitted by Member Secretary, District Sand Monitoring Committee, Yadgir District seeking Environmental Clearance for River Sand Mining at Krishna River Bed. It is located at Block No.2, adjacent to Sy.No's. 7, 6 and 5, Sugur Village, Shorapur Taluk, Yadgir District for an extent of 5.09 Ha.

The subject was discussed in the SEAC meeting held on 3rd November 2015. The Committee has recommended to SEIAA for the proposal to SEIAA for closure for the following reason:

"The committee observed that the proposal has been withdrawn by the proponent during the 142nd meeting held on 13th & 14th of July 2015 and recommended the proposal for closure. But the proponent has submitted the same proposal without any modification and failed to justify the resubmission of the proposal as a fresh one.

The Committee after discussion decided to recommend the proposal to SEIAA for closure."

The Authority perused the proposal and took note of the recommendation of SEAC and decided to close the file.

109.5.3 Removal of sand from sand bar SB-SH-21 of Sharavathi River Bed, Jalavalli Karki Village & Honnavar Taluk, Uttara Kannada District (9.0 Ha) of District Sand Monitoring Committee Uttara Kannada (SEIAA 1302 MIN 2015)

This is a proposal submitted by Chairman, District Sand Monitoring Committee, Uttarakannada District seeking Environmental Clearance for proposed Removal of Sand from Sand Bar No.SB-SH-21 at Sharavathi River Bed, Jalavalli Karki Village, Honnavar Taluk, Uttara Kannada District in an area of 9.0 Ha with the sand removable quantity of 86,000 MTA.

The subject was discussed in the SEAC meeting held on 2nd & 3rd November 2015. The Committee has recommended to SEIAA the proposal for closure as the proponent informed the committee that the proposal has been withdrawn in 11th KSCZMC meeting held on 15th October 2015 at Karwar.

The Authority perused the proposal and took note of the recommendation of SEAC and decided to close the file.

109.5.4 Building Stone Quarry Project, Sy.No.18 of Maraganahalli Village, Chikkaballapura Taluk & District (2-10 Acres) (QL No.33) of Sri G N Dyavappa Sb. Sri.Narasimhappa, No.24, Reddygollavarahalli -1, Chikkaballapur Taluk and District (SEIAA 709 MIN 2015)

This is a renewal proposal seeking Environmental clearance for quarrying of Building Stone in 2-10 Acres, Government Gomala Land.

The subject was discussed in the SEAC meeting held on 3rd November 2015. The Committee has recommended the proposal to SEIAA for closure and the extract of the proceedings of the Committee meeting is as below:

“The Proponent and the RQP/Environment Consultant attended the 147th meeting of SEAC held on 4th and 5th September 2015 to provide clarification/additional information.

The Committee noted that many proposals have been cleared in this area and if the proposed area is likely to result in to a cluster situation with a total lease area of 25 Ha or more as defined in the O.M dated 24.12.2013 issued by the Ministry of Environment and Forest, Government of India then the proposal has to be appraised category B1. The committee therefore directed the proponent to get the details of all the leases of Chikkaballapura Taluk with the extent of lease area, lease Nos., latitude & longitude and distance between the boundaries (OUTER) of each lease area and be marked on combined sketch plotted on a village map which shall be attested by a competent authority.

The committee after discussion had decided to recall the proponent after submission of the above information.

The Proponent and the RQP/Environment Consultant attended the meeting of SEAC to give clarification/additional information.

The committee appraised the proposal considering the information provided in the statutory application-Form I, Pre Feasibility Report, approved mining plan and clarification/information provided during the meeting. The committee observed the following points.

1. The lease period expired & the proponent has not submitted the renewal application or renewal copy.
2. Audit reports not submitted
3. NOC's not submitted.

The proponent informed the committee that lease renewal application has been submitted to DMG, but he failed to produce the copy of the same.

The Committee after discussion decided to recommend the proposal to SEIAA for closure.”

The Authority perused the proposal and took note of the recommendation of SEAC and decided to close the file.

109.5.5 Building Stone Quarry Project, Sy.No.4 of Gummalapura Village, Chikkaballapura Taluk & District (2-0 Acres) (QL No.34) of Sri A M Umashankar Sb. Sri. A.N. Mariyappa, No.5/106, Srirama Nilaya, 10th Cross, 11th Main Road, Malleshwaram, Bengaluru (SEIAA 710 MIN 2015)

This is a Renewal proposal seeking Environmental clearance for quarrying of Building Stone in 2-00 Acres, Government Revenue Land.

The subject was discussed in the SEAC meeting held on 3rd November 2015. The Committee has recommended the proposal to SEIAA for closure and the extract of the proceedings of the Committee meeting is as below:

“The Proponent and the RQP/Environment Consultant attended the 147th meeting of SEAC held on 4th and 5th September 2015 to provide clarification/additional information.

The Committee noted that many proposals have been cleared in this area and if the proposed area is likely to result in to a cluster situation with a total lease area of 25 Ha or more as defined in the O.M dated 24.12.2013 issued by the Ministry of Environment and Forest, Government of India then the proposal has to be appraised category B1.
