	<b>Type of Project Benefits</b>	<b>Details of Project Benefit</b>																													
	Social, Economic development	<p>The existing mining projects of NMDC have given social benefits to surrounding population in the form of educational facilities, roads, communication facilities, transportation, marketing, banking, postal services and health facilities directly or indirectly. The civic amenities have already been developed due to existing mines in Bailadila complex. The location of the mines in Bailadila Iron Ore Complex has helped to improve vastly the financial resources of the surrounding population by way of petty trade and employment opportunities. The projects had encouraged the setting up of various utility services and petty trade benefiting around 5,000 people around the mining areas mainly in Kirandul. Further, project is contributing 30% of royalty (royalty - 15% avg sale price of iron ore) amount to District Mineral Fund for social and upliftment measures of Dantewada District including adjoining districts such as Sukma, Bijapur.</p> <p>Expenditure incurred towards corporate social responsibility activities from 2006-07 to 2016-17 and proposed for F.Y 2017-18 in r/o Kirandul complex is given in the following table:</p> <table border="1" data-bbox="824 1052 1479 1478"> <thead> <tr> <th data-bbox="824 1052 954 1171">F.
