No: SEAC/2017/652-62

Dated: 30/6/2017

Subject: Environmental Appraisal of the case relating to installation of LPG Mounded storage at post storage terminal at HPCL, LPG Bottling Plant.

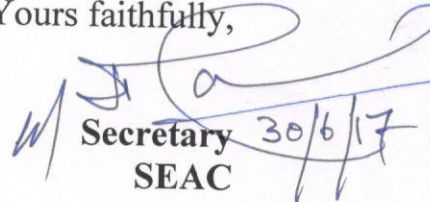

Ref: Minutes of meeting issued vide No. SEAC/17/641-51 dated 24/06/2017

Dear Sir,

As desired by the SEAC during its 6th meeting held on 13/06/2017, the following details/documents are required to be furnished for enabling the forum to consider the case in the next SEAC meeting:-

1. To submit a fresh Quantative Risk Analysis Report based on the metrological data of Jammu instead of Batote.
2. Revised Certificate from Consultant. The Consultant shall have to certify the authenticity of the data projected, analysis thereof and stating the proposed project is satisfactorily within the standard acceptable risk parameters.
3. Integration of Rapid Response Risk Management Plan with the District Disaster Management Plan. To submit documentary proof/MoU with District Disaster Management Authority(DDMA) /District Administration concerned regarding assurance of support by DDMA/Dy. Commissioner concerned in case of manmade/natural disasters hitting the plant.
4. Above documents in original or Copy thereof (documents/Annexures) shall have to be duly attested by the Project Proponent with seal and signature.
5. Proper indexing of the Report/documents.

Yours faithfully,

Secretary 30/6/17
SEAC
