dated:04/08/2017

Subject: Point-wise reply

Ref: Your letter No Nil dated: 29.06.2017.

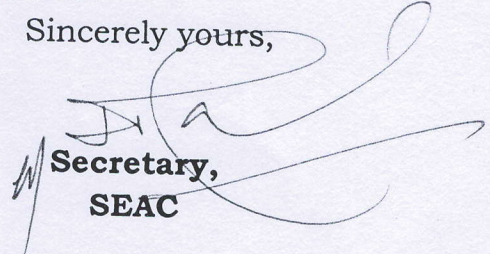

Sir,

Please refer your letter on the subject cited above. In this connection, it is to inform you that metrological data of Jammu station is already available with the Metrological Department and the Department of Ecology, Environment & remote Sensing has already been using the same under JKENVIS (Environmental Information System) Project. You may ask your consultant to download the same at the following website address: [jkenvis.nic.in/newwebsite/administrative\\_climate.html](http://jkenvis.nic.in/newwebsite/administrative_climate.html) and use the same while preparing fresh Quantitative Risk Analyses Report. You are advised to revise the Table 4.5(page302) of your report as the title relates to Jammu district while as the data appears to be of Batote. The page marking from chapter 1 (Introduction) to chapter 11 (Disclaimer of Consultant) is still missing and needs to be updated.

Further, the agreement signed by HP with Indian Oil Corporation cannot substantiate the MoU with the District Disaster Management Authority concerned as the Rapid Risk Management Plan needs to be integrated with the District Disaster Management Plan. Therefore, the point No. 3 of this office letter No. SEAC/2017/652-62 dated 30/06/2017 also need to be responded appropriately, enabling this office to list the case in the fourth coming meeting of State Expert Appraisal Committee.

Lastly, you are requested to upload the ADS compliance on the Jk State link of MoEF&CC Portal without which the case cannot be listed.

Sincerely yours,

  
**Secretary,**  
**SEAC**
