JorBagh Road
New Delhi-110003

Reference: J-13012/181/2010-IA.II(T) dated 13-Jan-2011 prescribing TOR for 1x700 MW expansion unit.

Sub: Expansion of 2x700 MW TPP by addition of 1x700 MW Coal based Super Critical Thermal Power plant at village Nalash, regarding TOR.

Dear Sir,

Please refer to above mentioned letter through which TOR was issued for the 1x700 MW expansion unit. In this regard we would like to submit that Public Hearing of the expansion project was held on 7th March, 2012. Meanwhile, we could not get firm coal linkage from the Ministry of Coal, hence did not submit the final EIA Report for appraisal.

We submitted the application in Form-1 requesting extending the validity for the TOR (expansion unit of 1x700 MW) vide letter dated 3rd March, 2014. In response, MOEF advised us to submit fresh application for the 1 x 700 MW expansion unit.

Please find attached fresh Form-1 for the 1x700 MW expansion unit and the Pre-Feasibility Report. We request you to consider our application at the earliest.

Thanking You.

Yours truly,

Devendra Arolkar

General Manager
