## **7. PUBLIC CONSULTATION**

---

### **7.0 Introduction**

The Ministry of Environment, Forest and Climate Change, (MoEF&CC) Government of India issued Environmental Impact Assessment notification S.O. 1533 dated September 16, 2006 mandating prior environmental clearance for manufacture of (Bulk drugs and intermediates excluding drug formulations) industry under category 'A' for projects located outside notified industrial area/estate. The proposed expansion project of Hazelo Lab Pvt. Ltd (Formerly known as Venlar Labs (P) Ltd.) is located at Sy.Nos. 240, 242, 243, 247, 248 and 249, Dhothigudem Village, Pochampally Mandal, Yadadri Bhuvanagiri district, Telangana. The proponents obtained the terms of reference from the MoEF&CC, which mandated public consultation vide letter no. F.No. J-11011/19/2016-IA II (I) dated 31.03.2016. Accordingly the draft Environmental Impact Assessment was submitted to Regional Officer, Telangana State Pollution Control Board, Regional Office Nalgonda District for conducting public hearing. The public hearing for the proposed expansion of bulk drug and intermediate manufacturing unit was conducted on 12.07.2017 at industry site. The public hearing was chaired by Sri Ravi Gugulothu, Joint Collector & Addl. District Magistrate, Yadadri Bhuvanagiri district and Sri P. Jawaharlal, Environmental Engineer, Telangana State Pollution Control Board, Regional office, Nalgonda district.

### **7.1 Advertisement**

Press notification regarding the date, time and venue of the Environmental public hearing for the proposed expansion was issued in Eenadu (Telugu daily) and The Hindu (English daily) newspapers on 10.06.2017. Copy of the advertisement is enclosed.

### **Minutes of the meeting**

The minutes of the public hearing is enclosed along with the attendance sheet. Concerns expressed by speakers during public hearing and responses of the proponent are presented in table 7.1. Response to written representations is presented in Table 7.2.

## 7.2 Concerns expressed by public

**Table 7.1 Concerns Raised in Public Hearing and Responses**

S.No	Issue raised by	Issue	Proponent's Response
1	Sri V. Lakshmaiah R/o. Anthammagudem Village	He vehemently opposed the proposed expansion of the existing unit and demanded the cessation of public hearing	The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and effluents without causing any pollution problems to the surroundings area.
2	Sr. Balam Mallesh Yadav, Sarpanch, Dhothigudem Village	He opposed the proposed expansion and declared that people from Anthammagudem, Dhothigudem and Jublakpally were strongly opposing the proposed expansion and appealed to the authority to respect the public view.	The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and effluents without causing any pollution problems to the surroundings area.
3	Sri. S. Jana Reddy, MPTC Jublakpally	He recollected the experiences with previous industries. He stated that water and air pollution was experienced by the local people and hence, he opposed any expansion.	The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and effluents without causing any pollution problems to the surroundings area.
4	Sri. Venkatesh R/o. Anthammagudem Village	He stated that the local industries were creating problems to the people and hence opposed the proposed expansion.	The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and effluents without causing any pollution problems to the surroundings area.
5	Sri K. Ramesh Goud, Mandal Vice President, Choutuppal	He stated that he carried out survey of the surrounding villages and obtained the views of the people. He felt that the industries polluted the area and opposed any further expansion.	The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and effluents by adopting latest technology using condensers, scrubbers, zero liquid discharge based effluent treatment system, closed operations etc., without causing any pollution problems to the surroundings area.
6.	Sr. V. Lingaiah, R/o. Anthammagudem	He opposed the setting up of any industry in the vicinity as he felt that the	The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests

	Village	industries caused hardships to the people	and climate change with respect to emissions and effluents by adopting latest technology using condensers, scrubbers, zero liquid discharge based effluent treatment system, closed operations etc., without causing any pollution problems to the surroundings area.
7	Sri.S. Bhupal Reddy R/o. Anthamagudem Village	He expressed his opposition to the setting up of industries.	The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and effluents without causing any pollution problems to the surroundings area
8	Sr. B. Krishna Reddy, MPTC, Chinakonduru, Choutuppal Mandal	He stated that Chinakonduru, Jublakpally and Anthamagudem were worst affected villages due to pollution. He further stated that the people would have to evacuate the villages due to adverse impact of pollution generated by the industries, He opposed the expansion.	The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and effluents by adopting latest technology using condensers, scrubbers, zero liquid discharge based effluent treatment system, closed operations etc., without causing any pollution problems to the surroundings area.  They also informed that the plant management is taken over by Hetero Group which has experience in implementing effective pollution control measures.
9	Sri. A. Venkatesham Yadav, Sarpanch, Jublakpally	He stated that the people of Dhothigudem, Anthamagudem and Jublakpally opposed to the setting up and expansion or existing industries. He has cited the example of Dubai and other gulf countries where petroleum is extracted from the wells but the wells in this region yields polluted water. He opposed the proposed expansion of the unit	The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and effluents without causing any pollution problems to the surroundings area
10	Sri. K. Venkanna, MPTC, Thangedapally, Choutuppal Mandal	He expressed the similar view and opposed the setting up of the industries. He requested the authority to conclude	The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and

		the public hearing immediately as people opposed the expansion of the existing unit. Due to pollution possibility of migration of people from this place is more.	effluents by adopting latest technology using condensers, scrubbers, zero liquid discharge based effluent treatment system, closed operations etc., without causing any pollution problems to the surroundings area
11	Sri. G. Satyapal Reddy, R/o. Dhothigudem Village	He owns the lands adjacent to the plant. He expressed his opposition to the expansion	The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and effluents without causing any pollution problems to the surroundings area.
12	Sr. B. Shankaraiah, MPTC, Nelapatla, Choutuppal Mandal	He felt that the industries were polluting the area and taking lives of the people. He demanded that the public hearing should be concluded by the authorities as the people were opposed to the industries. If the same trend is continued, the area will be deserted and it will be a history regarding existence of the habitations of the villages. He stated that the verdict of the people should be respected by the authorities and wanted the people who support the expansion to come forward and express their view. He suggested that the public hearing be concluded.	The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and effluents by adopting latest technology using condensers, scrubbers, zero liquid discharge based effluent treatment system, closed operations etc., without causing any pollution problems to the surroundings area.  They also informed that the plant management is taken over by Hetero Group which has experience in implementing effective pollution control measures.
13	Sr. V. Naveen Reddy, R/o. Dhothigudem Vilage	He felt that the industries were killing the people by emanating pollution. He opposed the expansion of industries	The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and effluents by adopting latest technology using condensers, scrubbers, zero liquid discharge based effluent treatment system, closed operations etc., without causing any pollution problems to the surroundings area
14	Sri. V. Naresh, TRS Village President,	He complained that there is no food or drinking water or even to breathe fresh air	The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests

	Anthammagudem Village	on account of pollution. He opposed the setting up of any industry or expansion of existing industries. He owed to stop the expansion	and climate change with respect to emissions and effluents without causing any pollution problems to the surroundings area.
15	Sri. M. Jagan, R/o. Anthammagudem Village	He opposed the present proposal for expansion. Already damage was done due to pollution to the area. He sought severe action in respect of industries not complying tile norms stipulated by the TSPCB	<p>The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and effluents by adopting latest technology using condensers, scrubbers, zero liquid discharge based effluent treatment system, closed operations etc., without causing any pollution problems to the surroundings area.</p> <p>They also informed that the plant management is taken over by Hetero Group which has experience in implementing effective pollution control measures.</p>
16	Sri. Dasaradha, R/o. Anthammagudem Village	He opposed the public hearing. He alleged that industries threatened tile agriculture making them un-cultivable. The people of the surrounding villages also opposed the expansion of the industry. The people of the village wanted to close the industry. He opposed the expansion of the industry	<p>The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and effluents by adopting latest technology using condensers, scrubbers, zero liquid discharge based effluent treatment system, closed operations etc., without causing any pollution problems to the surroundings area.</p> <p>They also informed that the plant management is taken over by Hetero Group which has experience in implementing effective pollution control measures.</p>
17	Sri. Ch. Shekhar, R/o. Dhothigudem Village	He opposed the public hearing as the future generation would curse the present generation for making the area un-productive and un habitable. He opposed the expansion of the industry	The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and effluents by adopting latest technology using condensers, scrubbers, zero liquid discharge based effluent treatment system, closed operations etc., without causing any pollution problems to the surroundings area
18	Sri. A. Suresh,	He opposed Public Hearing as the	The proponent assured that the Industry will follow the

	R/o. Jublakpally Village`	industries were destroying the agriculture resulting in depriving the livelihood. He opposed the expansion of' the industry	standards prescribed by Ministry of environment forests and climate change with respect to emissions and effluents by adopting latest technology using condensers, scrubbers, zero liquid discharge based effluent treatment system, closed operations etc., without causing any pollution problems to the surroundings area.  They also informed that the plant management is taken over by Hetero Group which has experience in implementing effective pollution control measures.
19	Sr. Naresh R/o. Anthammagudem Village	He opposed the expansion of the industry	The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and effluents without causing any pollution problems to the surroundings area.
20	Sri. T. Ravinder, OBC President, R/o. Bhuvanagiri	He opposed the functioning of any industry in and around this area. He wanted the industry to be closed immediately. He sought shifting tile industry to proposed Mucherla, Pharma City	The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and effluents by adopting latest technology using condensers, scrubbers, zero liquid discharge based effluent treatment system, closed operations etc., without causing any pollution problems to the surroundings area.  They also informed that the plant management is taken over by Hetero Group which has experience in implementing effective pollution control measures.
21	Sri. N. Narendar Reddy, DCC Secretary	He opposed the industry and said that he was fighting against the expansion existing unit since 15 days. He was against to the setting up of industries as he round them detrimental to the humans and other living beings. He opposed the expansion of the industry	The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and effluents by adopting latest technology using condensers, scrubbers, zero liquid discharge based effluent treatment system, closed operations etc., without causing any pollution problems to the surroundings area.

			They also informed that the plant management is taken over by Hetero Group which has experience in implementing effective pollution control measures.
22	Smt. V. Bharathamma, R/o. Anthammagudem Village	She alleged that the water was unfit even for bathing and the blisters are formed because of the usage of the water and they cannot effort to purchase water for long time. She lost her husband due to kidney failure and she bore the burden of family and stated that the companies were getting money but not providing any helping hand to them. She opposed the expansion of the existing unit	<p>The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and effluents by adopting latest technology using condensers, scrubbers, zero liquid discharge based effluent treatment system, closed operations etc., without causing any pollution problems to the surroundings area.</p> <p>They also informed that the plant management is taken over by Hetero Group which has experience in implementing effective pollution control measures.</p>
23	Sri. E. Lingaswamy, R/o. Boodan Pochamapally, Congress Party	He alleged that ground water was polluted in this area and became unusable. He wanted the shifting of all industries to save tile people. He opposed the expansion of the industry	<p>The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and effluents by adopting latest technology using condensers, scrubbers, zero liquid discharge based effluent treatment system, closed operations etc., without causing any pollution problems to the surroundings area.</p> <p>They also informed that the plant management is taken over by Hetero Group which has experience in implementing effective pollution control measures.</p>
24	Smt. M. Laxamma, R/o. Dhothigudem Village	She alleged that water is polluted and they were not able to purchase water and they are not getting crops. She said that the people were subjected to skin diseases and other diseases. She alleged the water became contaminated and demanded closure of all industries. She opposed the expansion of the industry	<p>The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and effluents by adopting latest technology using condensers, scrubbers, zero liquid discharge based effluent treatment system, closed operations etc., without causing any pollution problems to the surroundings area.</p> <p>They also informed that the plant management is taken</p>

			over by Hetero Group which has experience in implementing effective pollution control measures.
25	Sri. P. Ram Reddy R/o. Dhothigudem Village	He opposed the expansion of existing unit and demanded the shifting of the industries to proposed Mucherla Pharma City	The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and effluents without causing any pollution problems to the surroundings area.
26	Sri. G. Malla Reddy R/o. Dhothigudem Village	He opposed the setting up of the industry.	The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and effluents without causing any pollution problems to the surroundings area.
27	Sri. K. Anil Kumar Reddy, Congress Party In-Charge, Bhuvanagiri	He toured the area since one month to know the opinion of the local public. He stated that the Committee constituted by the District Collector concluded that the water, air, and land was totally polluted in the area. He alleged that the area is subjected to odor pollution, He sought shifting of industries to Mucherla. He alleged that the industries were dumping the effluents into Musi River thereby subjecting the lower reaches to pollution, The hope of people belied as the non-locals were provided employment and locals were neglected lot. He suggested that Common Effluent Treatment Plant / ZLD should be installed to control pollution. He opposed the expansion of the industry.	The proponent assured that industry will install latest pollution control equipment like double scrubbing system, double condensing system to control air pollution and odour nuisance, ZLD system for effluent treatment.
28	Sri. C. Venkat Reddy, Congress Party Mandal President, Choutuppal.	Water, air and land are totally polluted and people could not stay indoors. He opposed the expansion of the industry	The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and effluents by adopting latest technology using condensers,

			scrubbers, zero liquid discharge based effluent treatment system, closed operations etc., without causing any pollution problems to the surroundings area
29	Smt. P. Balamma, R/o. Anthammagudem Village	She sought closure of the industries. She alleged that industries were polluting the water and blisters were developing on the skin, women are facing problems during pregnancy and getting abortions. Hence, she sought immediate closure of the industries and shifting of existing industries. She opposed the expansion of the industry	<p>The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and effluents by adopting latest technology using condensers, scrubbers, zero liquid discharge based effluent treatment system, closed operations etc., without causing any pollution problems to the surroundings area.</p> <p>They also informed that the plant management is taken over by Hetero Group which has experience in implementing effective pollution control measures.</p>
30	Smt. M. Balamma, R/o. Dhothigudem Village	She alleged odor problem during evening time and the people were subjected to pains to the legs and eye sores and stated that she incurred about Rs. 5 lakhs towards hospital expenses. She sought closure of industries, She opposed the expansion or the industry	<p>The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and effluents by adopting latest technology using condensers, scrubbers, zero liquid discharge based effluent treatment system, closed operations etc., without causing any pollution problems to the surroundings area.</p> <p>They also informed that the plant management is taken over by Hetero Group which has experience in implementing effective pollution control measures.</p>
31	Smt. B. Bharatamma, R/o. Anthammagudem Village	She alleged that children were subjected to diseases like allergy and were unable to work due to pollution. Hence, she opposed the setting up of any industry or expansion of existing units. She opposed the expansion of the industry	<p>The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and effluents by adopting latest technology using condensers, scrubbers, zero liquid discharge based effluent treatment system, closed operations etc., without causing any pollution problems to the surroundings area.</p> <p>They also informed that the plant management is taken</p>

			over by Hetero Group which has experience in implementing effective pollution control measures.
32	Sri. G. Narender Reddy, R/o. Anthamagudem Village	He stated that the area is surrounded by the agriculture lands owned by the villagers of Anthamagudem, Jublakpally who opposed the industries. He stated that he Interacted with the people on this matter since 15 days and people were against the setting up of the industry. He opposed the expansion of the industry.	<p>The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and effluents by adopting latest technology using condensers, scrubbers, zero liquid discharge based effluent treatment system, closed operations etc., without causing any pollution problems to the surroundings area.</p> <p>They also informed that the plant management is taken over by Hetero Group which has experience in implementing effective pollution control measures.</p>
33	Smt. V. Jangamma, R/o. Anthamagudem Village	She sarcastically remarked that whether to stay in these three villages or kill the people by burning. She appealed to the authorities to close the industries. She raised the issue of fertility by citing, the case of her brother and brides were not offered to the bridegrooms. She demanded the closure of industries. She opposed the expansion of the industry	<p>The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and effluents by adopting latest technology using condensers, scrubbers, zero liquid discharge based effluent treatment system, closed operations etc., without causing any pollution problems to the surroundings area.</p> <p>They also informed that the plant management is taken over by Hetero Group which has experience in implementing effective pollution control measures.</p>
34	Sri. B. Venkat Reddy R/o. Dhothigudem Village	He stated that the adjacent land is owned by him. The bore well water was polluted and the vegetable grown with that water also could not be sold. He alleged that entire agro-economy was affected and vehemently opposed the industries coming up in this area. He opposed the expansion of the industry.	<p>The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and effluents by adopting latest technology using condensers, scrubbers, zero liquid discharge based effluent treatment system, closed operations etc., without causing any pollution problems to the surroundings area.</p> <p>They also informed that the plant management is taken over by Hetero Group which has experience in</p>

			implementing effective pollution control measures.
35	Smt. M. Nirmalamma, R/o. Dhothigudem Village	She is dependent on cattle rearing and for the last two years there was no yield due to adverse affect on cattle and making them unproductive. Marriages of people became difficult. Hence she opposed the setting up or expansion of existing units. She opposed the expansion of the industry	<p>The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and effluents by adopting latest technology using condensers, scrubbers, zero liquid discharge based effluent treatment system, closed operations etc., without causing any pollution problems to the surroundings area.</p> <p>They also informed that the plant management is taken over by Hetero Group which has experience in implementing effective pollution control measures.</p>
36	Smt. Shankaramma, R/o. Dhothigudem Village	She stated that the villagers own lands and constructed the residential houses at the cost of RS.12 lakhs. She raised the issue of rendering the facilities futile on account of industries. She sought that the people be compensated or close down the industries to enable them to go ahead with agriculture. She opposed the operation of industries. She opposed the expansion of the industry	The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and effluents without causing any pollution problems to the surroundings area.
37	Sri. D. Malla Reddy, R/o. Dhothigudem, Raithu Seva Sangam, General Secretary	The air and water was polluted and people started suffering on account of pollution. Hence, he sought for closure of industries. He opposed the expansion of the industry	The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and effluents by adopting latest technology using condensers, scrubbers, zero liquid discharge based effluent treatment system, closed operations etc., without causing any pollution problems to the surroundings area
38	Sri. Ch. Narsimha	He stated that there was loss of cattle. Agriculture was affected due to pollution and nurseries got dried up. Cattle causality was phenomenal and he lost 5 cattle since last 5 years. Tile	The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and effluents by adopting latest technology using condensers, scrubbers, zero liquid discharge based effluent treatment

		laborers who drank the water from the wells were also subjected to diseases and people were not coming forward to work in the fields for fear of pollution. He opposed the industries in the villages	system, closed operations etc., without causing any pollution problems to the surroundings area.  They also informed that the plant management is taken over by Hetero Group which has experience in implementing effective pollution control measures.
39	Sri.V.Narsimha, R/o. Dhothigudem Village	He alleged that his daughter was affected due to poisonous gases and he got her cured now. Hence opposed the conducting of Public hearing and the expansion of the industry	The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and effluents without causing any pollution problems to the surroundings area.
40	Sri. G. Sattaiah, R/o. Dhothigudem Village	He stated that the Environment is not good for public to live in the area. He opposed tile expansion of the industry	The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and effluents without causing any pollution problems to the surroundings area.
41	Sri. A. Narasimha, R/o. Anthammagudem Village	He slated that the villagers started agitation against the Industries. With this type of agitation, he prompted the people to take similar lead against other industries to close them and save the villages from tile adverse impacts of pollution. He opposed the expansion of the industry	The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and effluents by adopting latest technology using condensers, scrubbers, zero liquid discharge based effluent treatment system, closed operations etc., without causing any pollution problems to the surroundings area.  They also informed that the plant management is taken over by Hetero Group which has experience in implementing effective pollution control measures.
42	Sri. N. Venkataswamy, Praja Porata Samithi, Nalgonda	He alleged that cattle were affected and consequently the yield of milk was reduced. The area is subjected to pollution. He stated that they raised the issues several times before the authorities, the Joint Collector and TSPCB should send reports to the	The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and effluents without causing any pollution problems to the surroundings area.  The proponent assured that industry will install latest

		<p>Government for closure of all such industries. No new industries should be set up either or expand the existing industries. He raised the issue of high temperatures of 45 degrees at Choutuppal due to several industries operating in and around the area. The people were subjected to numerous diseases due to increase in temperatures including kidney problems. The owners of companies stay away in cities and enjoy the salubrious air, whereas the local people experienced the adverse impacts of pollution. Only pharmaceutical companies are coming up in Nalgonda District. He warned the Government if pharma companies only are permitted in this area, people became prematurely order at the age of 35 years. He warned that people would revolt, if the industries were established by disregarding their views. He opposed the expansion of the industry</p>	<p>pollution control equipment like double scrubbing system, double condensing system to control air pollution, ZLD system for effluent treatment.</p>
43	Sri. B. Satyam, R.o. Dhothigudem Village	<p>He stated that people became agitated after seeing the Public Hearing notification. They are agitating against the industrial pollution for last six months and also submitted memorandum to tile District Collector. He opposed the expansion of the industry</p>	<p>The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and effluents by adopting latest technology using condensers, scrubbers, zero liquid discharge based effluent treatment system, closed operations etc., without causing any pollution problems to the surroundings area.</p> <p>They also informed that the plant management is taken over by Hetero Group which has experience in</p>

			implementing effective pollution control measures.
44	Smt. Sumathamma, R/o. Dhothigudem Village	She stated that water became polluted. She alleged that the nursery/seed beds were dried up. She dared the officials to drink the water and for the sake of 10 families, about 100 families were affected. She warned of adverse consequences. All factories in this vicinity should be closed. She warned that people would agitate against any permissions accorded against their wishes. She opposed the expansion of the industry.	The proponent stated that they installed Zero Liquid Discharge (ZLD) system, so that no waste is discharged on ground.
45	Smt. D. Padma, R/o. Dhothigudem Village	She alleged that people were suffering due to knee pains. She lost 4 cattle and the depth of ground water went down to around 600 feet and crop production was almost nil. There was no possibility of growing up of crops using the polluted water and villages would become burial grounds shortly, if the present trend continued further. She alleged that people were purchasing water for bathing purposes. Water yield from the bore wells reduced. Even buffaloes could not survive on account of pollution. The quality of milk was not good. She opposed the expansion of the industry	<p>The proponent stated that they installed Zero Liquid Discharge (ZLD) system, so that no waste is discharged on ground.</p> <p>The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and effluents by adopting latest technology using condensers, scrubbers, zero liquid discharge based effluent treatment system, closed operations etc., without causing any pollution problems to the surroundings area.</p> <p>They also informed that the plant management is taken over by Hetero Group which has experience in implementing effective pollution control measures.</p>
46	Sri. Sai Kumar, R/o. Anthammagudem Village	The PCB was aware of the adverse impacts and knowing full well they permitted the industries in the area. He demanded the Central Government to examine and take necessary action. He opposed the expansion of the industry	The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and effluents by adopting latest technology using condensers, scrubbers, zero liquid discharge based effluent treatment system, closed operations etc., without causing any

			pollution problems to the surroundings area
47	Sri. Harish, R/o. Dhothigudem Village	He pointed out the discrepancies in EIA report wherein it stated that water table was around 25 m whereas the actual depth was 500 feet. The report described about the existence of forests within 2 km. He challenged to show the existence of the forests in the surrounding areas. He found fault with the report. He opposed the expansion of the industry	The water levels are based on hydrogeological reports. The following forests are located within the impact area; Lakkaram RF at a distance of 1.2 km in south direction, Chauttuppal RF at a distance of 4.8 km in northwest direction, Malkapuram RF at a distance of 2.2 km in west direction, Hafeezpura RF at a distance of 7 km in southwest direction, Ailaupur RF at a distance of 6.7 km in southwest direction, Meharnagar RF at a distance of 5.3 km in northwest direction and Jalalpur RF at a distance of 6.7 km in northwest direction.
48	Sri. Chilkuri Prabhakar Reddy, MPP, Choutuppal	He stated that the people of Choutuppal and Pochampally Mandals were fighting against the pollution. The people were facing the problems of kidney, lung and abortions. He stated that all political parties came together due to his untiring effort to undertake the agitation against the new and existing industries. He requested the authorities to shift these industries to proposed Mucherla Pharma City. He opposed the expansion of the industry	The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and effluents without causing any pollution problems to the surroundings area.
49	Sri. B. Venkat Reddy, R/o. Dhothigudem Village	He stated that all surrounding villagers opposing the industries. He complained that the lung and other diseases were common among the people. He found fault with the PCB for not effectively implementing the rules. He sought that an enquiry committee under the chairmanship of High Court Judge to study the impacts be constituted. He demanded the officials to protect the people instead of supporting the	The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and effluents by adopting latest technology using condensers, scrubbers, zero liquid discharge based effluent treatment system, closed operations etc., without causing any pollution problems to the surroundings area.  They also informed that the plant management is taken over by Hetero Group which has experience in

		corporate houses. He demanded the TSPCB inform the setback distance from the habitations. The EIA report is particularly silent about mentioning of distance from the forests and not from habitations. No industry is following the norms. Hence, he unequivocally opposed the proposed expansion of the plant and requested the authorities not to permit the expansion.	implementing effective pollution control measures.  Lakkaram RF at a distance of 1.2 km in south direction, Chauttuppall RF at a distance of 4.8 km in northwest direction, Malkapuram RF at a distance of 2.2 km in west direction, Hafeezpura RF at a distance of 7 km in southwest direction, Ailaupur RF at a distance of 6.7 km in southwest direction, Meharnagar RF at a distance of 5.3 km in northwest direction and Jalalpur RF at a distance of 6.7 km in northwest direction.
50	Smt. G. Anasuya, R/o. Anthammagudem Village	She informed that they own 10 acres of land. The land became useless and crops did not grow. There is no means of earning as land became unproductive. They are suffering from various problems including problem of food. She is suffering from lung problems. The hospital expenditure would be around Rs.60, 000/- each time. She expressed her inability to survive in the present circumstances. She opposed the setting up of any industry including expansion of existing industry.	The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and effluents by adopting latest technology using condensers, scrubbers, zero liquid discharge based effluent treatment system, closed operations etc., without causing any pollution problems to the surroundings area.  They also informed that the plant management is taken over by Hetero Group which has experience in implementing effective pollution control measures.
51	Sri. Jitta Balakrishna Reddy, R/o. Bhuvanagiri	He stated that the Hazelo industry proposed to expand the industry over an area of 30 acres with an investment of Rs. 45 crore. He questioned the TSPCB for conducting the Public Hearing since the area is already polluted. He alleged that there is no drinking water and people were not willing to consume even milk of cattle from this area. People were also not willing to bathe in the water drawn	The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and effluents without causing any pollution problems to the surroundings area.

		from the bore wells of polluted area and started to purchase milk and water from other areas for fear of contamination. He cautioned that expansion of the existing plant was opposed by the people at large and hardly found any supporter. He opposed the expansion of the industry and the public hearing	
52	Sri. G. Peddi Reddy, Raithu Sangam President, Dhothigudem Village	He stated that they are fighting against pollution since six months, He requested to cancel permissions to all the industries in tile area. He expressed his opposition to the proposed expansion of the unit	The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and effluents by adopting latest technology using condensers, scrubbers, zero liquid discharge based effluent treatment system, closed operations etc., without causing any pollution problems to the surroundings area.
53	Sri. P. Revender Reddy, R/o. Dhothigudem Village	He questioned the availability of water which would adversely impact the farmers. Daily 100 tankers of water are required. Dhothigudem would become people-less village after some time. He questioned the purpose of separate burial wound as the industries were turning the villagers into burial grounds. He cited the huge amount of bills incurred on medical grounds. He demanded not to expand the industry. He wanted tile environment existed in the area before 2007.He opposed the expansion of the unit. Demanded to conduct enquiry with sitting judge	The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and effluents by adopting latest technology using condensers, scrubbers, zero liquid discharge based effluent treatment system, closed operations etc., without causing any pollution problems to the surroundings area.  They also informed that the plant management is taken over by Hetero Group which has experience in implementing effective pollution control measures. The total water requirement is 486.3 KLD consisting of 298.27 KLD of freshwater drawn from borewells and 170 KLD of reuse of treated wastewater.
54	Sri. C. Sandeep Reddy, R/o. Dhothigudem Village	He opposed the proposed expansion. He opposed the NGOs and others if any supporting the expansion. He thanked	The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and

		all who agitated against the pollution	<p>effluents by adopting latest technology using condensers, scrubbers, zero liquid discharge based effluent treatment system, closed operations etc., without causing any pollution problems to the surroundings area.</p> <p>They also informed that the plant management is taken over by Hetero Group which has experience in implementing effective pollution control measures.</p>
55	Sri. M. Shekhar, R/o. Dhothigudem Village	He opposed the proposed expansion and requested the authorities not to continue the public hearing further. He requested the authorities to examine the water collected in the bore wells to ascertain the fact about contamination of water.	<p>The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and effluents by adopting latest technology using condensers, scrubbers, zero liquid discharge based effluent treatment system, closed operations etc., without causing any pollution problems to the surroundings area.</p> <p>They also informed that the plant management is taken over by Hetero Group which has experience in implementing effective pollution control measures.</p>
56	Sri. K. Venkatesh, R/o. Jublakpally, General Secretary, Kalushya Porata Samithi.	He owns 4 acres of cotton land. Laborers were not forthcoming to work in the fields. His sons were admitted to Owaisi hospital who diagnosed the disease that was attributed to pollution. He alleged that the industry discharged the effluent during the night time; consequently the land is subjected to pollution. He stilted that the public hearing was not live telecasted to know the feelings of the public. He challenged the company authorities how the industry would expand without the consent of the public. He vehemently opposed the proposed expansion	<p>The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and effluents by adopting latest technology using condensers, scrubbers, zero liquid discharge based effluent treatment system, closed operations etc., without causing any pollution problems to the surroundings area.</p> <p>They also informed that the plant management is taken over by Hetero Group which has experience in implementing effective pollution control measures.</p>

57	Sri. Dharmender Reddy, R/o. Choutuppal.	He stated that opposition started about 8-10 years back. He complained that no action was taken by PCB against the erring companies except temporary closure. He warned the duplicate NGOs not to come here. They don't want the water filters supplied by the industry. He warned not to undertake expansion of chemical industry.	The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and effluents by adopting latest technology using condensers, scrubbers, zero liquid discharge based effluent treatment system, closed operations etc., without causing any pollution problems to the surroundings area.  They also informed that the plant management is taken over by Hetero Group which has experience in implementing effective pollution control measures.
58	Md. Jahangir, CPM party, Yadadri Bhuvanagiri District	He stated that the people unequivocally opposed the proposed expansion and no further proceedings required. He wanted to know how many representations received in favor or against the proposed expansion. He requested the Joint Collector- to disclose the actual number. He opposed the expansion and the public hearing	The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and effluents by adopting latest technology using condensers, scrubbers, zero liquid discharge based effluent treatment system, closed operations etc., without causing any pollution problems to the surroundings area
59	Sri. Venkatesh, R/o. Dhothigudem Village BJP President,	He owed to oppose the proposed expansion and requested to cancel the Public Hearing	The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and effluents without causing any pollution problems to the surroundings area.
60	Sri. Narasimha, R/o. Choutuppal	He stated that people of Jublakpally were affected and the people were facing health problem. He opposed the expansion of the existing industry.	2 3
61	Sri. B. Biksha Goud	He wanted to know how long this Public hearing would be held. He stated that not even single person spoke in support of the expansion scheme, He pointed out that the report stated that	The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and effluents without causing any pollution problems to the surroundings area. Drainage pattern of the impact area

		7 forest blocks were existing but not disclosed the number of water bodies existing in the vicinity. He opposed the expansion of the industry	is presented in fig. 3.5. The drainage pattern of the impact area is dendritic, and the flow in the northern part of impact area is mainly into a major stream of Chinna Musi River, whereas the southern part is mainly draining into tanks and flowing towards eastern direction.
62	Sri. B. Satyam, R/o. Panthangi, Choutuppal	He stated that the industries were not running ETP and that he is involved in spreading awareness among people on conservation of environment and ecology. He opposed the industries polluting the environment and health. He opposed the expansion of the industry.	The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and effluents by adopting latest technology using condensers, scrubbers, zero liquid discharge based effluent treatment system, closed operations etc., without causing any pollution problems to the surroundings area.  They also informed that the plant management is taken over by Hetero Group which has experience in implementing effective pollution control measures.
63	Sri. P. Shekhar Reddy, CPI Party, Choutuppal Mandal Secretary	He opposed the setting up of pollution causing industries. He stated that 80% people were dependent on agriculture. While welcoming the pollution free industries those were providing employment. He stated that Choutuppal fall within HMDA limits and expects pollution free environment. He opposed the expansion of the industry	The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and effluents without causing any pollution problems to the surroundings area.
64	Sri. B. Mahesh, R/o. Dhothigudem Village	He stated that environment was threatened. Water, air and land were affected due to pollution. The air was totally polluted. The pollution generating industries should be closed. Without prejudice, he wanted no new industries or expansion of existing industries. He requested to shift the	The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and effluents without causing any pollution problems to the surroundings area.

		industries. He wanted the existing industry to close down. He urged to ensure pollution free environment to make a living.	
65	Sri. Yadaiah, Vice Sparpanch, Jublakpally	He opposed the expansion of the existing industry. He urged the closure of the industries to ensure decent living. Similar representations were submitted to the Revenue Divisional Officer. He alleged that the industry was emitting poisonous substances and demanded the closure of industry.	The proponent assured that industry will install latest pollution control equipment like double scrubbing system, double condensing system and follow the TSPCB prescribed norms w.r.t emissions.
66	Sri. S. Janga Reddy R/o. Dhothigudem Village	He owns 9 acres of land adjacent to the industry. He totally opposed the proposed expansion and urged the Government not to accord any permission.	The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and effluents without causing any pollution problems to the surroundings area.
67	Sri. K. Srinivas Reddy R/o. Yellapuram, Choutuppal Mandal	He stated that water, air and land were getting polluted and the flora and fauna would be adversely affected due to pollution. Hence he opposed the expansion of the industry.	The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and effluents by adopting latest technology using condensers, scrubbers, zero liquid discharge based effluent treatment system, closed operations etc., without causing any pollution problems to the surroundings area.  They also informed that the plant management is taken over by Hetero Group which has experience in implementing effective pollution control measures.
68	Smt. Santosha, R/o. Dhothigudem Village	She requested the Joint Collector to close the public hearing and declare the result of the Public Hearing before the public as all the participants opposed the expansion,	The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and effluents without causing any pollution problems to the surroundings area.

69	Sri. B. Prakash Reddy, R/o. Pochampally	He stated that the entire region was affected and people of this region opposed the proposed expansion. Instead of taking Lip expansion, he preferred the industry to shift to the proposed Pharma City at Mucherla.	The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and effluents without causing any pollution problems to the surroundings area.
70	Sri. P. Vishnuvardhan Reddy, R/o. Dhothigudem Village	He stated that they can't bear the pollution. He opposed the proposed expansion of the industry.	The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and effluents by adopting latest technology using condensers, scrubbers, zero liquid discharge based effluent treatment system, closed operations etc., without causing any pollution problems to the surroundings area
71	Sri Malla Reddy, R/o. Anthamagudem Village	He appealed to the villagers not to send water tanker which are used to supply water to the industry and not to supply labourers and autos to tile industry, so that the industry would be closed automatically. He opposed the proposed expansion of the industry	The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and effluents by adopting latest technology using condensers, scrubbers, zero liquid discharge based effluent treatment system, closed operations etc., without causing any pollution problems to the surroundings area
72	Sri Govardhan, Janavignana Vedika, Telangana	He stated that the local people were opposing the proposed expansion. He alleged that the TSPCB did not disclose the baseline data and monitored data from Choutuppal to Chital and Malkapur to Pochampally. He alleged that the drinking water of this area is not suitable for consumption of human beings and cattle. This shows the degree of water pollution in this area. He opposed the proposed expansion or the industry	The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and effluents by adopting latest technology using condensers, scrubbers, zero liquid discharge based effluent treatment system, closed operations etc., without causing any pollution problems to the surroundings area.  They also informed that the plant management is taken over by Hetero Group which has experience in implementing effective pollution control measures.
73	Sri. Narasimha, R/o. Pochampally, NSUI, Yuvajana	He stated that they filed a case before NHRC and the PCB filed a report before HRC wherein the PCB stated	The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and

	Congress	that the area was totally polluted. He questioned the PCB in permitting public hearing in such proposed expansion of the industry	effluents by adopting latest technology using condensers, scrubbers, zero liquid discharge based effluent treatment system, closed operations etc., without causing any pollution problems to the surroundings area.  They also informed that the plant management is taken over by Hetero Group which has experience in implementing effective pollution control measures.
74	Sri. G. Laxma Reddy, R/o. Dhothigudem Village	He questioned the venue of Public hearing that was conducted within the premises and deployment of police force. He opposed proposed expansion of the industry.	The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and effluents without causing any pollution problems to the surroundings area.

**Table 7.2 Response to Public Representations**

<b>S. No</b>	<b>Represented by</b>	<b>Representation</b>	<b>Proponent's Response</b>
1	G. Lakshamma and 75 others	They stated that since last 17 years due to chemical industries air and water got polluted and incurred irreparable loss to crop lands and dairy cattle. They opposed and requested to stop the proposed expansion of the industry completely.	<p>The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and effluents by adopting latest technology using condensers, scrubbers, zero liquid discharge based effluent treatment system, closed operations etc., without causing any pollution problems to the surroundings area.</p> <p>They also informed that the plant management is taken over by Hetero Group which has experience in implementing effective pollution control measures.</p>
2	M. Sai Kumar and 77 others	They stated that due to this company their lives have become miserable. Due to this company's chemical and waste materials their health got affected and their crop fields, drinking water, cultivation water, cattles and kids health also got much affected. They opposed the proposed expansion of the industry and requested to prohibit the present existing companies also to save their village, surrounding villages and tanks.	<p>The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and effluents by adopting latest technology using condensers, scrubbers, zero liquid discharge based effluent treatment system, closed operations etc., without causing any pollution problems to the surroundings area.</p> <p>They also informed that the plant management is taken over by Hetero Group which has experience in implementing effective pollution control measures.</p>
3	M. Venkataiah and 94 others	They stated that they are opposing existing bulk drugs industry expansion and requested to kindly stop the issue of permission to this industry expansion.	The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and effluents without causing any pollution problems to the surroundings area.
4	V. Ramulu and 261 others.	They stated that the this industry is releasing the waste materials, polluted water etc. due to	The proponent assured that the Industry will follow the standards prescribed by Ministry of environment

		<p>which their village and surrounding villages underground water already completely got polluted and due to air and weather pollution they had faced health problems, their crops and animals are dying and because of not breathing of fresh air, breathing concern diseases are taking place. They opposed the proposed expansion. They stated that in any circumstances the said industry expansion has to be stopped and requested to save them.</p>	<p>forests and climate change with respect to emissions and effluents by adopting latest technology using condensers, scrubbers, zero liquid discharge based effluent treatment system, closed operations etc., without causing any pollution problems to the surroundings area.</p> <p>They also informed that the plant management is taken over by Hetero Group which has experience in implementing effective pollution control measures</p>
5	Kasarla Srinivas Reddy M.P.T.C, Lakkaram, Dharmajigudem	<p>They stated that because of the existing industries, already land, water, air got polluted completely and it has become great problem for the people livelihood. Agriculture has become waste. Women affected with pregnancy diseases and breathing concern diseases many are dying. Dothigudem, Dharmajigudem, Lakkaram, ChinnaKondur and PeddaKondur and other places affected lot. He opposed the expansion of Hazelo Pharma company.</p>	<p>The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and effluents by adopting latest technology using condensers, scrubbers, zero liquid discharge based effluent treatment system, closed operations etc., without causing any pollution problems to the surroundings area.</p> <p>They also informed that the plant management is taken over by Hetero Group which has experience in implementing effective pollution control measures</p>
6	T. Ramulu, Social Worker, Lingojigudem, Choutuppal Mandal	<p>He said that he being social worker, fully supporting to the proposed expansion</p> <ol style="list-style-type: none"> <li>1. He advised the company to run with PCB, Central Govt. conditions.</li> <li>2. He informed that due to this company in the area indirectly 300 persons will get employment opportunities.</li> </ol>	<p>The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and effluents without causing any pollution problems to the surroundings area.</p>
7	Chinthala Venkat Reddy Mandal Congress Party President, Choutuppal and 4 others	<p>He stated that since many years people in Choutuppal Mandal are facing many problems due to Bulk drug industries. Air, Water, completely got polluted and people are falling sick and suffering with many problems.</p>	<p>The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and effluents by adopting latest technology using condensers, scrubbers, zero liquid discharge based</p>

		Agricultural lands got damaged and animals are dying. He requested not to give permissions to new constructions and extension to old one, and also requested to shift them to Mucherla Pharma City, and do justice to Choutuppal, Pochampalli mandal people.	effluent treatment system, closed operations etc., without causing any pollution problems to the surroundings area.  They also informed that the plant management is taken over by Hetero Group which has experience in implementing effective pollution control measures
8	Antammagudem Industries Baditha Sangam & Baditha Villages People	They requested that collection of public opinion has to be stopped and action to be taken against the chemical industries who are not followed the conditions. They opposed the proposed expansion.	The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and effluents without causing any pollution problems to the surroundings area.
9	Mandadi Balamani	She stated that she is resident of Dothigudem village since many years. Due to these companies their lives got spoiled and due to these company chemical waste materials, their health got spoiled and their crop fields, drinking water, cultivation water, cattle and kids health also got completely spoiled. She opposed the proposed expansion of the industry and requested to prohibit the present existing companies also to save their village, surrounding villages and tanks.	The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and effluents by adopting latest technology using condensers, scrubbers, zero liquid discharge based effluent treatment system, closed operations etc., without causing any pollution problems to the surroundings area.  They also informed that the plant management is taken over by Hetero Group which has experience in implementing effective pollution control measures
10	Shiva Shankar District Secretary Telangana Environmental Conservation Committee	He stated that on their organization behalf they are giving full support for expansion of industry and requested to provide employment to the area people and see that they should not be harmed from the polluted environment.	The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and effluents without causing any pollution problems to the surroundings area. Proponent stated that the employment shall be given to the local people based on the qualification and skills.
11	G. Peddi Reddy Dothigudem Rythu Mitra Seva Sangam	He stated on behalf of Dothigudem Rythu Mitra Seva Sangam and behalf of village people that due to release of polluted water	The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions

		<p>and air by chemical industries and sound pollution people are affected with skin diseases from kids to aged people, kidney problems, affecting to breathing problem etc., reduce of eye site, and surrounding villages people are facing many more problems. He also stated that due to water pollution they are unable to cultivate the crops, dairy cattle are facing contraceptive problems and milk production got completely affected. Similarly even in poultry farm houses also chicks getting diseases and dyeing.</p> <p>He also stated that since last 20 years, the chemical industries are releasing freely the polluted air and water, and due to this livelihood of surrounding villages people is affected much.</p> <p>He requested not to initiate any new industries, or existing industries extension and also requested to stop collecting public opinion on Hazelo Lab Pvt. Ltd.</p>	<p>and effluents by adopting latest technology using condensers, scrubbers, zero liquid discharge based effluent treatment system, closed operations etc., without causing any pollution problems to the surroundings area.</p> <p>They also informed that the plant management is taken over by Hetero Group which has experience in implementing effective pollution control measures</p>
12	Palle Sekhar Reddy, Mandal Secretary Pagilla Mohan Reddy, CPI Secretary, Bharath Communist Party (CPI)	They stated that Bharath Communist party is seriously opposing the expansion of Hazelo Labs Pvt. Ltd	The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and effluents without causing any pollution problems to the surroundings area.
13	Gurram Srinivas State Vice President Telangana Environment Protection Samithi	He extended his full support for the expansion and requested to take care that the local people should not suffer with any problem, there should not do any harm to the environment and to provide employment to local people.	The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and effluents without causing any pollution problems to the surroundings area.
14	Ch. Shekar Telangana B.C. Sankshema Sangam	He stated that the Company contaminated environment by spreading away waste materials and causing ground water pollution.	The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions

		<p>Wild life, and human being are facing many problems. He also informed that they had submitted appeals many times, still the authorities not keeping their welfare into mind, and encouraging for company expansion permissions. He requested not to grant any further permission for expansion of this company and remove the company from the place.</p>	<p>and effluents by adopting latest technology using condensers, scrubbers, zero liquid discharge based effluent treatment system, closed operations etc., without causing any pollution problems to the surroundings area.</p> <p>They also informed that the plant management is taken over by Hetero Group which has experience in implementing effective pollution control measures</p>
15	<p>Burgu Krishna Reddy, Mandal Secretary, Bharath Communist Party (Marxists) Mandal Committee, Choutuppal</p>	<p>He stated that in these villages 90% people are based on agriculture. Since last 15 years the chemical industries established in this area has disturbed the agriculture and due to pollution of underground water, agricultural field got affected lot. Now Hetero group concern large industry (Hazelo) in the area of about 100 acs. constructed thus there are more chances to the people to face many problems.</p> <p>He stated that On 21.09.2007 under the notification of A.P. Pollution Control Board G.O. 95, no industries should be constructed within 1km of Choutuppal. But Hazelo industry is in the distance of only 400 mtrs in the limits of Choutuppal mandal revenue.</p> <p>Similarly on 11.4.2017 vide Lr.No.A-397/2017 the Regional Mandal Officer, Choutuppal in Dothigudem G.P. limits only 7 chemical industries management are not following the pollution control mandal, running the industries as informed.</p> <p>The hazelo industry management paying the security deposit to the pollution control board</p>	<p>The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and effluents by adopting latest technology using condensers, scrubbers, zero liquid discharge based effluent treatment system, closed operations etc., without causing any pollution problems to the surroundings area.</p> <p>They also informed that the plant management is taken over by Hetero Group which has experience in implementing effective pollution control measures</p>

		and obtained the conditional permissions. Collection of public opinion program may be dropped in Choutuppal, Bhudan, Pochampalli area. Agricultural field, and animal wealth, people health etc. kindly be protected.	
16	Chilukuri Prabhakar Reddy, President, Mandal Praja Parishat, Choutuppal	<p>He stated that in these villages 90% people are based on agriculture. Since last 15 years the chemical industries laid in this area has disturbed the agriculture and due to pollution of underground water, agricultural field are affected lot. Now Hetro group concern large industry (Hazelo) in the area of about 100 acs. constructed thus there are more chances to the people to face many problems.</p> <p>He stated that On 21.09.2007 under the notification of A.P. Pollution Control Board G.O. 95, no industries should be constructed within 1km of Choutuppal. But Hazelo industry is in the distance of only 400 mtrs in the limits of Choutuppal mandal revenue.</p> <p>Similarly on 11.4.2017 vide Lr.No.A-397/2017 the Regional Mandal Officer, Choutuppal in Dothigudem G.P. limits only 7 chemical industries management are not following the pollution control mandal, running the industries as informed.</p> <p>The hazelo industry management to the pollution control mandali paying the security deposit and obtained the conditional permissions. Industry, collection of public opinion program may be</p>	<p>The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and effluents by adopting latest technology using condensers, scrubbers, zero liquid discharge based effluent treatment system, closed operations etc., without causing any pollution problems to the surroundings area.</p> <p>They also informed that the plant management is taken over by Hetero Group which has experience in implementing effective pollution control measures</p>

		dropped and in Choutuppal, BhudanPochampalli area agricultural field, and animal wealth, people health etc. kindly be protected.	
17	S. Ramesh Babu, Mandal Congress Committee S.C. Department	He declared his full support on behalf of his organization and requested the company to give support for the local people without any problems, to taking care and not to harm to environment and provide jobs to the local people.	The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and effluents without causing any pollution problems to the surroundings area.
18	RythuMitraSeva Sangam and Victim villages people, G. Peddi Reddy Dothigudem Rythu Mitra Seva Sangam	They informed that since last few years in Dothigudem, Anthammagudem and chemical industries surrounding village people due to chemical industries in all respects incurred loss and not in a position to live is well known. Hence the Govt. Expert Committee through to do justice to the farmers, made the committee and passing the time, and granting permissions for expansion of companies. With the people lives playing by the govt. On behalf of the victims they opposed the proposed expansion of the industry.	<p>The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and effluents by adopting latest technology using condensers, scrubbers, zero liquid discharge based effluent treatment system, closed operations etc., without causing any pollution problems to the surroundings area.</p> <p>They also informed that the plant management is taken over by Hetero Group which has experience in implementing effective pollution control measures</p>
19	Surkanti Venkat Reddy S/o. Yadi Reddy Social Worker Lingareddygudem Village	He informed that to the north side of Hazelo lab about in the distance of 4 kms his village is located and his parents living by doing agriculture. Since 10 years many industries were established in this area. He informed that about 90 % of people are depending on agriculture and agricultural works. Due to industries establishment the underground water got polluted and many farmers depending on agriculture lost their livelihood. He informed that industries are leaving the waste materials freely at all places, thus	<p>The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and effluents by adopting latest technology using condensers, scrubbers, zero liquid discharge based effluent treatment system, closed operations etc., without causing any pollution problems to the surroundings area.</p> <p>There are four industries namely; SVR Laboratories Pvt. Ltd, V.J. Sai Chem and Optimus Drugs Pvt. Ltd., which proposed expansion along with Hazelo Lab</p>

	<p>causing pollution to the underground water. Human being livelihood got reduced.</p> <p>1. He informed that abutting to this industry about 7 industries are existing.</p> <p>a) V.J.Sai, b) Optimus Drugs, 3) S.V.R. Labs, 4) Chemic Life Science, 5) Archimedis, 6) Brundavan Labs, 7) Maniram Pharmaceuticals companies are existing. He informed that in EIA report it is shown that this Hazelo lab is at a 49 kms from airport but these industries existence were not shown.</p> <p>2. He informed that in EIA report it is given that no pond, kuntalu were present. He informed that on east side of the industry in the distance of 0.9 kms in Choutuppal mandal the biggest Lakkaram pond, in the distance of 4 kms Khaitapuram pond, in the distance of 2 kms Siddppa pond, in the distance of 5 kms Choutuppal big pond, in the distance of 7 kms Thalla Singaram Divi pond, in the distance of 2.5 kms Jiblakpalli village ponds are present. In Lakkaram pond water is there, Choutuppal population about 50,000 for drinking water big pond will get polluted.</p> <p>3. He informed that Dothigudem village existing 7 chemical industries in Choutuppal mandal having 2 chemical industries are completely depending underground water only. These industries are using of underground water the water completely got over, due to pollution they are not useful for drinking and agriculture as given reports by PCB, and Agriculture dept. He stated that if now Hazelo industry which is 10 times bigger</p>	<p>Pvt. Ltd., are considered for predicting the cumulative ambient air concentration.</p> <p>The drainage pattern of the study area is presented at Page no. 3-14 of EIA report which projects all the water bodies in the impact area.</p>
--	---	---

		than existing industries is established here, this area become more polluted and due to air pollution human being livelihood will be affected He requested not to grant environment permissions to this industry in any circumstances.	
20	P.L.N. Rao Social Worker	<p>He stated that Pochampalli-Choutuppal area is full of pollution, thus the farmers, people are facing many problems and requested in any circumstances not to grant the environment permissions is our opinion.</p> <p>He informed that the industry management is completely deviating the environment conditions and involving people in severe problems. People has filed a case against the Hetero in Supreme court at Green Tribunal, at Appellate authority and at present case is going on.</p> <p>Hetero industries surrounding village people to restrict the industry pollution as the people, farmers lodged the complaints.</p> <p>He informed that YadadriBhuvanagiri Dist. Pochampalli - Choutuppal area people completely facing problems with pollution.</p> <p>He informed that in this area the Pharma industries are illegally transporting the waste during nights through tractors and discharging into borewells thus polluting the ground water. Farmers are facing problems and falling ill</p> <p>He stated that Dharmajigudem, Lakkaram villages farmers are facing much problems</p> <p>Pochampally - Choutuppal areas people facing severe problems and the Mandal Parishat</p>	The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and effluents by adopting latest technology using condensers, scrubbers, zero liquid discharge based effluent treatment system, closed operations etc., without causing any pollution problems to the surroundings area.

		<p>resolution made unanimously that in this area at present existing industries have to be closed down, and new industries should not be given permission.</p> <p>He stated that in the past Pochampally, Choutuppal area completely polluted and people are facing much problems, then approached to the High Court, through three committee members made enquiry into the matter. In the report Pochampalli, Choutuppal areas the underground water completely polluted atleast for use it is not worth as stated in the report, vide High Case No.9 of 2012/PL).</p> <p>He informed that daily in any one main daily newspapers news will be released about the pollution caused by industries in Pochampalli, Choutuppal areas. Hence kindly the arrangement making by Hazelopharma industry as the govt. is arranging in pharma city as it has to be made arrangement kindly initiate action as I am hoping for it in any circumstances environment permissions should not be granted.</p>	
21	Mohammed Ghouse Social Worker, Choutuppal	<p>He extended his full support to the expansion of the industry and informed that about 300 Mandal unemployees may get job. He advised to run the company according to government rules, about 2% should be allotted for CSR.</p>	<p>The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and effluents without causing any pollution problems to the surroundings area. Proponent stated that the employment shall be given to the local people based on the qualification and skills. Proponent assured that 2% of the profit will keep as CSR budget to participate in local village development.</p>

22	Kayithi Ramesh Goud Vice MPP Choutuppal	He requested not to grant permission. Now industries surrounding their village has affected their livelihood by pollution air and water. He stated that in the matter our villages, Masjidgudem, Pedda Kondur G.P. also cancellation of industry resolved. He requested to stop the expansion keeping in view of people health effects.	The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and effluents by adopting latest technology using condensers, scrubbers, zero liquid discharge based effluent treatment system, closed operations etc., without causing any pollution problems to the surroundings area.
23	Panchayati Secretary G.P.Office, Peddakondur Village, Choutuppal Mandal Yadadri Bhuvanagiri District	Peddakondur gram panchayat members has unanimously resolved to stop the collection of public opinion.	The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and effluents without causing any pollution problems to the surroundings area.
24	Panchayati Secretary G.P.Office, Chinnakondur Village, Choutuppal Mandal Yadadri Bhuvanagiri District	Chinnakondur gram panchayat members has unanimously resolved to stop the company expansion as Majid guda village peoples are affected by water pollution, air pollution.	The proponent assured that the Industry will follow the standards prescribed by Ministry of environment forests and climate change with respect to emissions and effluents by adopting latest technology using condensers, scrubbers, zero liquid discharge based effluent treatment system, closed operations etc., without causing any pollution problems to the surroundings area.

5	Sri T. Ravindar, Analyst Gr-1, TSPCB, RO, Nalgonda.

The following representatives of M/s Hazelo Lab (P) Ltd. were present

S. No.	Name & Designation
1	Dr. Ratnakar Reddy, Director
2	Sri G. Venugopal Reddy, M/s Team Labs and consultants, Hyderabad.

At the outset the Environmental Engineer, T.S. Pollution Control Board, Regional office, Nalgonda welcomed the gathering and invited the Joint Collector and Additional District Magistrate, Yadadri Bhuvanagiri District and other Government Officials on to the dais.

The Environmental Engineer, Regional Office, Nalgonda, TSPCB invited the public gathered at the venue and public representatives and other officials to participate in the environmental public hearing. He has also invited the Joint Collector and Additional District Magistrate, Yadadri Bhuvanagiri District to occupy the dais and conduct the public hearing in accordance with the procedure laid down in the Environment Impact Assessment Notification (EIA), 2006 issued by the Ministry of Environment, Forests and Climate Change, Government of India. While explaining the salient features of the EIA Notification, 2006 S. O. (E) No.1533, dated 14-09-2006 and its subsequent amendments issued from time to time, he stated that the public

P. J. M. A.

hearing was a mandatory process for setting up of any industry or expansion of existing industry, which involves the manufacture of synthetic organic chemicals manufacturing activity. He stated that the intimation of the public hearing was published in 'Eenadu' Telugu Newspaper and in 'Hindu' English Newspaper on 10-06-2017. The Executive Summary on the project and other relevant information was displayed in the local body offices and the Collectorate to enable the public to access the information. The present project is categorized as 'A' and the environmental public hearing is being held to elicit the views, opinion, suggestions and objections if any, on the proposed project. He also informed that the entire proceedings would be video graphed and would be sent to the authorities for taking further action and no final verdict on the proposal would be taken during the public hearing. He then requested the Joint Collector and Additional District Magistrate, Yadadri Bhuvanagiri District to conduct the proceedings of the Public Hearing.

**The Joint Collector and Additional District Magistrate, Yadadri Bhuvanagiri District** while inviting the public gathered at the venue, stated that the entire proceedings of the environmental public hearing would be video graphed and would be sent to MoEF&CC, GoI with the views on the project expressed by the public gathered at the venue. He assured that opportunity would be given to all the people to speak on environmental aspects. He then invited the company representative or their consultant to explain the salient features of environment management plan and mitigation measures proposed therein.

**Sri G. Venugopal Reddy, M/s Team Labs and consultants, Hyderabad:** He started with the project details. He was not allowed to furnish the information by the public gathered at the venue.

**The Joint Collector and Additional District Magistrate, Yadadri Bhuvanagiri District** then requested the public to offer their views and suggestions on the proposed expansion of the existing unit. He informed that the locals will be given preference and written representations also would be accepted and taken for consideration. He assured that the audio-video recording of the proceedings would be made and sent to MoEF&CC without any editing. He also assured that he would give chance to all the aspiring persons to express their views without any sort of prejudice or preferences.

Then the **Joint Collector and Additional District Magistrate** invited the public to offer their views in respect of the proposed expansion project.

The following participants have offered their views:

1. **Sri. V. Laxmaiah, R/o Anthammagudem:** He vehemently opposed the proposed expansion of the existing unit and demanded the cessation of public hearing.
2. **Sri Balam Mallesh Yadav, Sarpanch, Dhothiguem:** He opposed the proposed expansion and declared that people from Anthammagudem, Dhothiguem and Jublakpalli were strongly opposing the proposed expansion and appealed to the authority to respect the public view.

*P. J. Mav*

3. **Sri S. Janga Reddy, MPTC, Jublakpally:** He recollected the experiences with previous industries. He stated that water and air pollution was experienced by the local people and hence, he opposed any expansion.
4. **Sri Venkatesh, R/o Anthammagudem:** He stated that the local industries were creating problems to the people and hence opposed the proposed expansion.
5. **Sri K. Ramesh Goud, Mandal Vice President, Choutuppal:** He stated that he carried out survey of the surrounding villages and obtained the views of the people. He felt that the industries polluted the area and opposed any further expansion.
6. **Sri V. Lingaiah, R/o Anthammagudem:** He opposed the setting up of any industry in the vicinity as he felt that the industries caused hardships to the people.
7. **Sri S. Bhupal Reddy, R/o Anthammagudem:** He expressed his opposition to the setting up of industries.
8. **Sri B. Krishna Reddy, MPTC, Chinakonduru, Choutuppal Mandal:** He stated that Chinakonduru, Jublakpalli and Anthammagudem were worst affected villages due to pollution. He further stated that the people would have to evacuate the villages due to adverse impact of pollution generated by the industries. He opposed the expansion.
9. **Sri A. Venkatesham Yadav, Sarpanch, Jublakpally:** He stated that the people of Dhothigudem, Anthammagudem and Jublakpalli opposed to the setting up and expansion of existing industries. He has cited the example of Dubai and other gulf countries where petroleum is extracted from the wells but the wells in this region yields polluted water. He opposed the proposed expansion of the unit.
10. **Sri K. Venkanna, MPTC, Thangedapally, Choutuppal Mandal:** He expressed the similar view and opposed the setting up of the industries. He requested the authority to conclude the public hearing immediately as people opposed the expansion of the existing unit. Due to pollution possibility of migration of people from this place is more.
11. **Sri G. Satyapal Reddy, R/o Dhothigudem:** He owns the lands adjacent to the plant. He expressed his opposition to the expansion.
12. **Sri B. Shankaraiah, MPTC, Nelapatla, Choutuppal Mandal:** He felt that the industries were polluting the area and taking lives of the people. He demanded that the public hearing should be concluded by the authorities as the people were opposed to the industries. If the same trend is continued, the area will be deserted and it will be a history regarding existence of the habitations of the villages. He stated that the verdict of the people should be respected by the authorities and wanted the people who support the expansion to come forward and express their view. He suggested that the public hearing be concluded.
13. **Sri V. Naveen Reddy, R/o Dhothigudem:** He felt that local industries were killing the people by emanating pollution. He opposed the expansion of industries.
14. **Sri V. Naresh, TRS Village President, Anthammagudem:** He complained that there is no food or drinking water or even to breathe fresh air on account of pollution. He opposed

the setting up of any industry or expansion of existing industries. He owed to stop the expansion.

15. **Sri M. Jagan, R/o Anthammagudem:** He opposed the present proposal for expansion. Already damage was done due to pollution to the area. He sought severe action in respect of industries not complying the norms stipulated by the TSPCB.
16. **Sri Dasaradha, R/o Anthammagudem:** He opposed the public hearing. He alleged that industries threatened the agriculture making them un-cultivable. The people of the surrounding villages also opposed the expansion of the industry. The people of the village wanted to close the industry. He opposed the expansion of the industry.
17. **Sri Ch. Shekhar, R/o Dothigudem:** He opposed the public hearing as the future generation would curse the present generation for making the area un-productive and un-habitable. He opposed the expansion of the industry.
18. **Sri A. Suresh, R/o Jublakpally:** He opposed Public Hearing as the industries were destroying the agriculture resulting in depriving the livelihood. He opposed the expansion of the industry.
19. **Sri Naresh R/o Anthammagudem:** He opposed the expansion of the industry.
20. **Sri T. Ravinder, OBC President, R/o Bhuvanagiri:** He opposed the functioning of any industry in and around this area. He wanted the industry to be closed immediately. He sought shifting the industry to proposed Mucherla, Pharma City.
21. **Sri N. Narendar Reddy, DCC Secretary:** He opposed the industry and said that he was fighting against the expansion existing unit since 15 days. He was against to the setting up of industries as he found them detrimental to the humans and other living beings. He opposed the expansion of the industry.
22. **Smt. V. Bharathamma, R/o Anthammagudem:** She alleged that the water was unfit even for bathing and the blisters are formed because of the usage of the water and they cannot effort to purchase water for long time. She lost her husband due to kidney failure and she bore the burden of family and stated that the companies were getting money but not providing any helping hand to them. She opposed the expansion of the existing unit.
23. **Sri E. Lingaswamy, R/o Boodan Pochampally, Congress Party:** He alleged that ground water was polluted in this area and became unusable. He wanted the shifting of all industries to save the people. He opposed the expansion of the industry.
24. **Smt. M. Laxamma, R/o Dothigudem:** She alleged that water is polluted and they were not able to purchase water and they are not getting crops. She said that the people were subjected to skin diseases and other diseases. She alleged the water became contaminated and demanded closure of all industries. She opposed the expansion of the industry.
25. **Sri P. Ram Reddy, R/o Dothigudem:** He opposed the expansion of existing unit and demanded the shifting of the industries to proposed Mucherla Pharma City.

P. Jaganmohan

26. **Sri G. Malla Reddy, R/o Dothigudem:** He opposed the setting up of the industry.
27. **Sri K. Anil Kumar Reddy, Congress Party in-charge, Bhuvanagiri:** He toured the area since one month to know the opinion of the local public. He stated that the Committee constituted by the District Collector concluded that the water, air, and land was totally polluted in the area. He alleged that the area is subjected to odour pollution. He sought shifting of industries to Mucherla. He alleged that the industries were dumping the effluent into Musi River thereby subjecting the lower reaches to pollution. The hope of people belied as the non-locals were provided employment and locals were neglected lot. He suggested that Common Effluent Treatment Plant / ZLD should be installed to control pollution. He opposed the expansion of the industry.
28. **Sri C. Venkat Reddy, Congress Party Mandal President, Choutuppal:** Water, air and land are totally polluted and people could not stay indoors. He opposed the expansion of the industry.
29. **Smt. P. Balamma, R/o Anthammagudem:** She sought closure of the industries. She alleged that industries were polluting the water and blisters were developing on the skin, women are facing problems during pregnancy and getting abortions. Hence, she sought immediate closure of the industries and shifting of existing industries. She opposed the expansion of the industry.
30. **Smt. M. Balamma, R/o Dothigudem:** She alleged odour problem during evening time and the people were subjected to pains to the legs and eye sores and stated that she incurred about Rs.5 lakhs towards hospital expenses. She sought closure of industries. She opposed the expansion of the industry.
31. **Smt. B. Bharatamma, R/o Anthammagudem:** She alleged that children were subjected to diseases like allergy and were unable to work due to pollution. Hence, she opposed the setting up of any industry or expansion of existing units. She opposed the expansion of the industry.
32. **Sri G. Narendar Reddy, Anthammagudem:** He stated that the area is surrounded by the agriculture lands owned by the villagers of Anthammagudem, Jublakpally who opposed the industries. He stated that he interacted with the people on this matter since 15 days and people were against the setting up of the industry. He opposed the expansion of the industry.
33. **Smt. V. Jangamma, R/o Anthammagudem:** She sarcastically remarked that whether to stay in these three villages or kill the people by burning. She appealed to the authorities to close the industries. She raised the issue of fertility by citing the case of her brother and brides were not offered to the bridegrooms. She demanded the closure of industries. She opposed the expansion of the industry.
34. **Sri B. Venkat Reddy, R/o Dothigudem:** The adjacent land is owned by him. The bore-well water was polluted and the vegetable grown with that water also could not be sold. He

P. Jangamma

alleged that entire agro-economy was affected and vehemently opposed the industries coming up in this area. He opposed the expansion of the industry.

**35.Smt. M. Nirmalamma, R/o Dothigudem:** She is dependent on cattle rearing and for the last two years there was no yield due to adverse affect on cattle and making them unproductive. Marriages of people became difficult. Hence she opposed the setting up or expansion of existing units. She opposed the expansion of the industry.

**36.Smt. Shankaramma, R/o Dothigudem:** The villagers own lands and constructed the residential houses at the cost of Rs.12 lakhs. She raised the issue of rendering the facilities futile on account of industries. She sought that the people be compensated or close down the industries to enable them to go ahead with agriculture. She opposed the operation of industries. She opposed the expansion of the industry.

**37.Sri D. Malla Reddy, R/o Dothigudem, Raithu Seva Sangam, General Secretary:** The air and water was polluted and people started suffering on account of pollution. Hence, he sought for closure of industries. He opposed the expansion of the industry.

**38.Sri Ch. Narasimha:** He stated that there was loss of cattle. Agriculture was affected due to pollution and nurseries got dried up. Cattle casualty was phenominal and he lost 5 cattle since last 5 years. The labourers who drank the water from the wells were also subjected to diseases and people were not coming forward to work in the fields for fear of pollution. He opposed the industries in the villages.

**39.Sri V. Narasimha, R/o Dothigudem:** He alleged that his daughter was affected due to poisonous gases and he got her cured now. Hence opposed the conducting of Public Hearing and the expansion of the industry.

**40.Sri G. Sattaiah, R/o Dothigudem:** He stated that the Environment is not good for public to live in the area. He opposed the expansion of the industry.

**41.Sri A. Narasimha, R/o Antammagudem:** He stated that the villagers started agitation against the industries. With this type of agitation, he prompted the people to take similar lead against other industries to close them and save the villages from the adverse impacts of pollution. He opposed the expansion of the industry.

**42.Sri N. Venkataswamy, Praja Porata Samithi, Nalgonda :** He alleged that cattle was affected and consequently the yield of milk was reduced. The area is subjected to pollution. He stated that they raised the issues several times before the authorities, the Joint Collector and TSPCB should send reports to the Government for closure of all such industries. No new industries should be set up either or expand the existing industries. He raised the issue of high temperatures of 45 degrees at Choutuppal due to several industries operating in and around the area. The people were subjected to numerous diseases due to increase in temperatures including kidney problems. The owners of companies stay away in cities and enjoy the salubrious air, whereas the local people experienced the adverse impacts of pollution. Only pharmaceutical companies are coming up in Nalgonda District. He warned the Government if pharma companies only are permitted in this area, people became

P. J. Sundar

prematurely older at the age of 35 years. He warned that people would revolt, if the industries were established by disregarding their views. He opposed the expansion of the industry.

**43. Sri B. Satyam, R/o Dothigudem:** He stated that people became agitated after seeing the Public Hearing notification. They are agitating against the industrial pollution for last six months and also submitted memorandum to the District Collector. He opposed the expansion of the industry.

**44. Smt. Sumathamma, R/o Dothigudem:** She stated that water became polluted. She alleged that the nursery / seed beds were dried up. She dared the officials to drink the water and for the sake of 10 families, about 100 families were affected. She warned of adverse consequences. All factories in this vicinity should be closed. She warned that people would agitate against any permissions accorded against their wishes. She opposed the expansion of the industry.

**45. Smt D. Padma, R/o Dothigudem:** She alleged that people were suffering due to knee pains. She lost 4 cattle and the depth of ground water went down to around 600 feet and crop production was almost nil. There was no possibility of growing up of crops using the polluted water and villages would become burial grounds shortly, if the present trend continued further. She alleged that people were purchasing water for bathing purposes. Water yield from the bore wells reduced. Even buffaloes could not survive on account of pollution. The quality of milk was not good. She opposed the expansion of the industry.

**46. Sri Sai Kurmar, R/o Anthammagudem:** The PCB was aware of the adverse impacts and knowing fully well they permitted the industries in the area. He demanded the Central Government to examine and take necessary action. He opposed the expansion of the industry.

**47. Sri Harish R/o Dhothigudem:** He pointed out the discrepancies in EIA report wherein it was stated that water table was around 25 m whereas the actual depth was 500 feet. The report described about the existence of forests within 2 km. He challenged to show the existence of the forests in the surrounding areas. He found fault with the report. He opposed the expansion of the industry.

**48. Sri Chilukuri Prabhakar Reddy, MPP, Choutuppal:** He stated that the people of Choutuppal and Pochampally Mandals were fighting against the pollution. The people were facing the problems of kidney, lung and abortions. He stated that all political parties came together due to his untiring effort to undertake the agitation against the new and existing industries. He requested the authorities to shift these industries to proposed Mucherla Pharma City. He opposed the expansion of the industry.

**49. Sri B. Venkat Reddy, R/o Dothigudem:** He stated that all surrounding villagers were opposing the industries. He complained that the lung and other diseases were common among the people. He found fault with the PCB for not effectively implementing the rules. He sought that an enquiry committee under the chairmanship of High Court Judge to study the impacts be constituted. He demanded the officials to protect the people instead of

P. Jeyaraman

supporting the corporate houses. He demanded the TSPCB to inform the setback distance from the habitations. The EIA report is particularly silent about mentioning of distance from the forests and not from habitations. No industry is following the norms. Hence, he unequivocally opposed the proposed expansion of the plant and requested the authorities not to permit the expansion.

**50.Smt G. Anasuya, R/o Antammagudem:** She informed that they own 40 acres of land.

The land became useless and crops did not grow. There is no means of earning as land became unproductive. They are suffering from various problems including problem of food, she is suffering from lung problems. The hospital expenditure would be around Rs.60,000/- each time. She expressed her inability to survive in the present circumstances. She opposed the setting up of any industry including expansion of existing industry.

**51.Sri Jitta Balakrishna Reddy, R/o Bhuvanagiri:** He stated that the Hazelo industry proposed to expand the industry over an area of 30 acres with an investment of Rs. 45 crore. He questioned the TSPCB for conducting the Public Hearing since the area is already polluted. He alleged that there is no drinking water and people were not willing to consume even milk of cattle from this area. People were also not willing to bathe in the water drawn from the bore wells of polluted area and started to purchase milk and water from other areas for fear of contamination. He cautioned that expansion of the existing plant was opposed by the people at large and hardly found any supporter. He opposed the expansion of the industry and the public hearing.

**52.Sri G. Peddi Reddy, Raithu Sangam President, Dothigudem:** He stated that they are fighting against pollution since six months. He requested to cancel permissions to all the industries in the area. He expressed his opposition to the proposed expansion of the unit.

**53.Sri P. Ravendar Reddy, R/o Dhothigudem:** He questioned the availability of water which would adversely impact the farmers. Daily 100 tankers of water is required. Dothigudem would become people-less village after some time. He questioned the purpose of separate burial ground as the industries were turning the villagers into burial grounds. He cited the huge amount of bills incurred on medical grounds. He demanded not to expand the industry. He wanted the environment existed in the area before 2007. He opposed the expansion of the unit. Demanded to conduct enquiry with sitting judge.

**54.Sri C. Sandeep Reddy, R/o Dothigudem:** He opposed the proposed expansion. He opposed the NGOs and others if any supporting the expansion. He thanked all who agitated against the pollution.

**55.Sri M. Shekhar, R/o Dothigudem:** He opposed the proposed expansion and requested the authorities not to continue the public hearing further. He requested the authorities to examine the water collected in the bore wells to ascertain the fact about contamination of water.

**56.Sri K. Venkatesh, R/o Jublakpally, General Secretary, Kalushya Porata Samithi:** He owns 4 acres of cotton land. Labourers were not forthcoming to work in the fields. His sons were admitted to Owaisi hospital who diagnosed the disease that was attributed to

*P. Jeyaraj*

pollution. He alleged that the industry discharged the effluent during the night time, consequently the land is subjected to pollution. He stated that the public hearing was not live telecasted to know the feelings of the public. He challenged the company authorities how the industry would expand without the consent of the public. He vehemently opposed the proposed expansion.

**57. Sri Dharmendar Reddy, R/o Choutuppall:** He stated that opposition started about 8-10 years back. He complained that no action was taken by PCB against the erring companies except temporary closure. He warned the duplicate NGOs not to come here. They don't want the water filters supplied by the industry. He warned not to undertake expansion of chemical industry.

**58. Md. Jahangir, CPM Party, Yadadri Bhuvanagiri District:** He stated that the people unequivocally opposed the proposed expansion and no further proceedings required. He wanted to know how many representations received in favour or against the proposed expansion. He requested the Joint Collector to disclose the actual number. He opposed the expansion and the public hearing.

**59. Sri Venkatesh, BJP President, R/o Dhothiguem:** He owed to oppose the proposed expansion and requested to cancel the Public Hearing.

**60. Sri Narasimha, R/o Choutuppall:** He stated that people of Jublakpally were affected and the people were facing health problem. He opposed the expansion of the existing industry.

**61. Sri B. Biksha Goud:** He wanted to know how long this Public Hearing would be held. He stated that not even single person spoke in support of the expansion scheme. He pointed out that the report stated that 7 forest blocks were existing but not disclosed the number of water bodies existing in the vicinity. He opposed the expansion of the industry.

**62. Sri B. Satyam, R/o Panthangi, Choutuppall:** The industries were not running ETP and that he is involved in spreading awareness among people on conservation of environment and ecology. He opposed the industries polluting the environment and health. He opposed the expansion of the industry.

**63. Sri P. Shekhar Reddy, CPI Party, Choutuppall Mandal Secretary:** He opposed the setting up of pollution causing industries. He stated that 80% people were dependent on agriculture. While welcoming the pollution free industries those were providing employment. He stated that Choutuppall fall within HMDA limits and expects pollution free environment. He opposed the expansion of the industry.

**64. Sri B. Mahesh, R/o Dhothiguem:** He stated that environment was threatened. Water, air and land were affected due to pollution. The air was totally polluted. The pollution generating industries should be closed. Without prejudice, he wanted no new industries or expansion of existing industries. He requested to shift the industries. He wanted the existing industry to close down. He urged to ensure pollution free environment to make a living.

65. **Sri Yadaiah, Vice Sarpanch, Jublakpally:** He opposed the expansion of the existing industry. He urged the closure of the industries to ensure decent living. Similar representations were submitted to the Revenue Divisional Officer. He alleged that the industry was emitting poisonous substances and demanded the closure of industry.
66. **Sri S. Janga Reddy, R/o Dhothigudem:** He owns 9 acres of land adjacent to the industry. He totally opposed the proposed expansion and urged the Government not to accord any permission.
67. **Sri K. Srinivas Reddy, R/o Yellapuram, Choutuppal Mandal:** He stated that water, air and land were getting polluted and the flora and fauna would be adversely affected due to pollution. Hence he opposed the expansion of the industry.
68. **Smt. Santosha, R/o Dhotigudem:** She requested the Joint Collector to close the public hearing and declare the result of the Public Hearing before the public as all the participants opposed the expansion.
69. **Sri B. Prakash Reddy, R/o Pochampally:** He stated that the entire region was affected and people of this region opposed the proposed expansion. Instead of taking up expansion, he preferred the industry to shift to the proposed Pharma City at Mucherla.
70. **Sri P. Vishnuvardhan Reddy, R/o Dhotigudem:** He stated that they can't bear the pollution. He opposed the proposed expansion of the industry.
71. **Sri Malla Reddy, R/o Anthammagudem:** He appealed to the villagers not to send water tanker which are used to supply water to the industry and not to supply labourers and autos to the industry, so that the industry would be closed automatically. He opposed the proposed expansion of the industry.
72. **Sri Govardhan, Janavignana Vedika, Telangana:** He stated that the local people were opposing the proposed expansion. He alleged that the TSPCB did not disclose the baseline data and monitored data from Choutuppal to Chityal and Malkapur to Pochampally. He alleged that the drinking water of this area is not suitable for consumption of human beings and cattle. This shows the degree of water pollution in this area. He opposed the proposed expansion of the industry.
73. **Sri Narasimha, R/o Pochampally, NSUI, Yuvajana Congress:** He stated that they filed a case before NHRC and the PCB filed a report before HRC wherein the PCB stated the area was totally polluted. He questioned the PCB in permitting public hearing in such polluted area. He also opposed the proposed expansion of the industry.
74. **Sri G. Laxma Reddy, R/o Dotigudem:** He questioned the venue of Public hearing that was conducted within the premises and deployment of police force. He opposed the proposed expansion of the industry.

At this juncture, the Joint Collector and Additional District Magistrate sought to know whether anybody is interested to express views. As no one has turned up, the Joint Collector declared that totally 74 members of public spoke during the public hearing. He assured that the

P. *Tammella*

transcripts will be sent to the MoEF&CC as per the procedure laid down in the EIA Notification, 2006. The Joint Collector requested the management of the proposed project to give clarifications on the issues raised by the public.

**Dr. Ratnakar Reddy, Director, M/s. Hazelo Lab Pvt. Ltd,** while thanking the public for expressing their opinion and views, he stated that the industry was taken over by the Hetero group only one and half year ago. They have installed ZLD system. He assured that they would follow all norms stipulated by the TSPCB. He assured to provide employment to the local people.

The Environmental Engineer, TSPCB, Nalgonda assured that the entire proceedings of the public hearing was video-graphed. The translated version of the minutes would be made available to the public at the places (offices) mentioned in public hearing notification in news paper on 10-06-2017. The public can peruse the minutes containing the views including the CDs in original, which would be submitted to the MoEF&CC for taking further action.

**The Joint Collector and Additional District Magistrate, Yadadri Bhuvanagiri District** declared in the public hearing that 74 members from the public spoke during the public hearing. The Joint Collector declared that about 500 written representations were received so far. As laid down in the public hearing notification, the views expressed during the public hearing and the written representations along with the CDs will be forwarded without editing to the Ministry of Environment and Forests and Climate Change for taking further action.

A total of (23) written representations which have been received during the period from the date of publication of the Press Notification to the date of Public Hearing and (507) written representations which have been received during the Public Hearing, are tabulated and enclosed herewith.

**శ్రీయుత గౌరవనీయులైన జిల్లా కలెక్టర్,  
యాదాద్రి-భువనగిరి గారికి సమష్టిరములు,**

విషయము:- రసాయణ పరిశ్రమల వలన వెలువడుతున్న అల, వాయు కాలుష్యం మరియు హెత్తోల్  
ల్యాట్ ప్రవేట్ లిమిటెడ్ కంపెనీ ప్రజాభిప్రాయ సేకరణ నిలుపుదల గురించి.

-X-X-X-

జిల్లా

మేము అనగా దోతగూడెం రైతు మిత్ర సేవా సంఘం తరుపున గ్రామ ప్రజలు తరుపున సమష్టిరంగా  
ప్రాయచది ఏమనగా, రసాయణ పరిశ్రమలు వదులుతున్న అల, వాయు మరియు శబ్ద కాలుష్యం కారణంగా, వాయు  
కాలుష్యం వల్ల దిన్న పిల్లల నుండి వ్యర్థాల వరకు చర్మ వ్యాధులు, కిడ్నీ, ఊపిరి తిత్తులు చెరిపోవడం, కంటి చూపు  
తగ్గిపోవడంతో చుట్టూ ప్రక్కన గ్రామాల ప్రజలు చాలా ఇబ్బందులు పడుతున్నారు. దానితో పాటు అలకాలుష్యం కారణంగా  
పంటలు పండకపోవడం, పొడి పశువులు గర్భవిరోధక సమస్యలు, పాల ఉత్పత్తి పూర్తిగా దెబ్బతిన్నది. అదే విధంగా ఫిల్ట్రే  
ఫ్యాం హెత్తోల్ కోదా కోల్డ్ చనిపోవడం అరుగుతున్నది.

గత వేడు అనుభవాలు అంటే గత 20 సంవత్సరాల నుండి రసాయణ పరిశ్రమలు విచ్చల విడిగా  
వాయు, అల కాలుష్య కారణంగా ఈ పరిశ్రమల చుట్టూ ఉన్న గ్రామాల ప్రజల జీవనశైలి మీద విపరీతమైన ప్రభావాన్ని  
చూపుతున్నాయి.

కావున పైన ఉదహరించిన విషయాల పైన అభివృద్ధిమైన వైఖర్యాల (పి.సి.టి.) కారణంగా మా ప్రాంతంలో  
కొత్త పరిశ్రమలకు గాని, తిన్న పరిశ్రమల విస్తరణగాని చేపట్టకూడని, మా చుట్టూ వున్న గ్రామాల ప్రజల తరుపున  
సమివయంగా తీసుకుని కోరుతున్నాము. దివరగా హెత్తోల్ ల్యాట్ ప్రవేట్ లిమిటెడ్ కంపెనీ వారి ప్రజాభిప్రాయ సేకరణను  
కూడా నిలుపుదల చేసి మా ప్రజలను అపహదగలరని కోరుతున్నాము.

\*\*\*\*\*

1. Chitukur Prabhakar Reddy, President, M.P.P.Choutuppal through the said subject would request your good selves that for the said sy.no.s. abutting our mandal limits village, Yallagiri, Dharmojigudem, D.Nagaram, MuppiloniBhavi, Lakkaram, Choutuppal, ChinnaKondur, Khaitapuram, PeriktaKondur, Masjigudem, Lingareddygudem, ThallaSingaram, PeepalPahad, Koyyagudem, Malkapuram and Toopran pet villages are existing.

In these villages people of 90% based on agriculture. Since last 15 years in this area laid chemical industries due to which agriculture got disturbed and due to pollution of underground water, affected lot of agricultural field. Now Hetro group concern large industry (Hazelo) in the area of about 100 acs. constructed thus there are more chances to the people to face many problems.

[illegible]

On 21.08.2007 under the notification of A.P. Pollution Control Board 95 G.O. in the limits of Choutuppal in 1 km distance not to construct any industries, notified in the G.O.95. But Hazelo industry is in the distance of only 400 mtrs in the limits of Choutuppamandal revenue. Similarly on 11.4.2017 vide Lr.No.A-397/2017 the Regional Mandal Officer, Choutuppal in Dothigudem G.P. limits only 7 chemical industries management not following the pollution control mandal, running the industries as informed.

The hazelo industry management to the pollution control mandal paying the security deposit and obtained the conditional permissions. Hence against to the conditions arranging this Hazelo Labs Pvt.Ltd. Industry, collection of public opinion program may be dropped and in Choutuppal, BhudanPochampalli area agricultural field, and animal wealth, people health etc. kindly be protected.

To

The Pollution Control Mandal Officer,  
Nalgonda.

Respected sir,

Sub : BhudanPochampalli, ChoutuppalMandals area sy no.240,242,  
243, 247, 248, 249 undertaking the construction of Hazelo Lab  
Pvt.Ltd, Bulk Drug Industry stated in E.I.A report made  
mistakes and environment permissions to stop - Regarding.

\*\*\*\*\*

Sir,

I, Surkanti Venkat Reddy s/o Yadi Reddy, Lingareddygudem vil.  
Mandal Choutuppal, Dist. Yadadri - Bhuvanagiri, Occ : Social worker,  
would humbly submit to your good selves to the north side of Hazelo lab  
about in the distance of 4 kms our village is there. My parents living by  
doing agriculture. Hazelo industry since 10 years ago in this area few  
chemical industries were established and functioning about 90% of people  
are depending on agriculture and agricultural works and living. Due to  
industries establishing the underground water using much thus the farmers  
depending on agriculture lost their livelihood. Such industries the waste  
materials leaving freely at all places; thus causing pollution to the  
underground water. Human being livelihood got reduced.

1. Abutting to this industry about 7 industries are existing.

a) V.J.Sai, b) Optimus Drugs, 3) S.V.R. Labs, 4) Chemic Life Science, 5)  
Archimedis, 6) Brundavan Labs, 7) Marilam Pharmaceuticals companies  
are existing. This Hazelo lab management some where in the distance of  
49 kms of Airport was shown in E.I.A report. But by side these industries  
existing were not shown.

  
The Pollution Control Mandal Officer,  
Nalgonda.

2. For this industry surrounding ponds, kundals are not there, given wrong information in the E.I.A. report. On east side of the industry in the distance of 0.9 kms in Choutuppalmandal the biggest Lakkaram pond, in the distance of 4 kms Chalapuram pond, in the distance of 2 kms Siddappa pond, in the distance of 5 kms Choutuppal big pond, in the distance of 7 kms Thalla Singaram Divi pond, in the distance of 2.5 kms Jiblakpalli village ponds are existing. In Lakkaram pond water is there, Choutuppal population about 50,000 for drinking water big pond will get polluted. In E.I.A report not shown these ponds.

3. Dothigudem village existing 7 chemical industries in Choutuppalmandal having 2 chemical industries use of water completely depending on underground water only. These industries are using much of underground water, completely got over, due to leaving of chemicals got polluted, and they are not useful for drinking and agriculture as given reports by PCB, and Agriculture dept. but now existing industries than 10 times bigger Hejele industry if establish here, this area become further polluted and due to air pollution affecting for human being livelihood, to this industry in any circumstances, not to give any environment permissions, and would request to recommend for central environment, forest ministry, dept. of climate changes.

క్రియత గౌరవనీయులైన తెలంగాణ రాష్ట్ర కాలుష్య నియంత్రణ మండలి

ప్రాంతీయ కార్యాలయ అధికారి భువనగిరి యాదాద్రి

ఉమ్మడి నల్లగొండ జిల్లా గారికి

ఆర్యా,

విషయం : హజేలో పరిశ్రమకు సంబంధించి పర్యావరణ అనుమతులు మంజూరి చేయకుండా పరిశ్రమను ఫిర్యా నిటిలో ఏర్పాటు చేయాలని కోరుకుంటూ మా యొక్క అభిప్రాయం.

\*\*\*\*\*

ఉమ్మడి నల్లగొండ జిల్లాలోని భువనగిరి యాదాద్రి జిల్లా పరిధిలో పోచంపల్లి మండలం - దోతగూడెం గ్రామ రెవెన్యూ పరిధిలోని గతంలో 2002లో ఏర్పాటు చేసిన వెన్లూర్ ల్యాండ్ పరిశ్రమ 2015లో కొనుగోలు చేసి ప్రస్తుత యాజమాన్యం హజేలో అదనపు ఉత్పత్తులకు పర్యావరణ అనుమతులకు గాను ప్రజాభిప్రాయ సేకరణకు వెళ్తున్నందున ఆ యొక్క పరిశ్రమ సూతన పరిశ్రమ అయినందున పరిశ్రమను తెలంగాణ ప్రభుత్వం అన్ని సౌకర్యాలతో ఏర్పాటు చేసే విధంగా ధర్యలు చేపడతారని ఆశిస్తూ ప్రస్తుత పరిస్థితులలో పోచంపల్లి - చోటుప్పల్ ప్రాంతం పూర్తిగా కాలుష్యంతో రైతులు, ప్రజలు తీవ్ర ఇబ్బందులు పడుతున్నందున దయచేసి ఎట్టి పరిస్థితులలోను పర్యావరణ అనుమతులు మంజూరి చేయవద్దని మా అభిప్రాయం.

హజేలో పరిశ్రమ ప్రముఖ కార్పొరేట్ ఫిర్యా పరిశ్రమ హెటిరో అనుబంధ పరిశ్రమ అని ప్రజలు చెప్పుకుంటున్నందున హెటిరో పరిశ్రమ యాజమాన్యాలు పూర్తిగా పర్యావరణ నిబంధనలు ఉల్లంఘిస్తూ ప్రజలను కాలుష్యంతో తీవ్ర ఇబ్బందులకు గురి చేయడం వలన ప్రజలు రైతులు హెట్రోపై సుప్రీం కోర్టులో గ్రీన్ ట్రిబ్యునల్లో, అప్పిలేట్ అధారిటీలో ప్రస్తుతం కేసులు నడుస్తున్నవి.

సుప్రీం కోర్టులో కేసునెంబర్లు, 55/2011 - 63/2011 - 64/2011

గ్రీన్ ట్రిబ్యునల్లో - 135/2013, 136/2015, 145/2015, 146/2015, 147/2015, 152/2013 - విచారణలో ఉన్నవి.

అప్పిలేట్ అధారిటీలో - 55/2011, 64/2011, 82/2012, 83/2012, 84/2012, 89/2012 - విచారణలో ఉన్నవి.

హెటిరో పరిశ్రమల వరిసర గ్రామాల ప్రజలు పరిశ్రమల కాలుష్యం నివారించాలని ప్రజలు రైతులు ఫిర్యాదులు చేయడం జరిగింది.

యాదాద్రి భువనగిరి జిల్లాలో పోచంపల్లి - చోటుప్పల్ ప్రాంతం ప్రజలు పూర్తిగా కాలుష్యంతో ఇబ్బందులు ఎదుర్కొంటున్నారు.

ఈ ప్రాంతంలో ఫిర్యా పరిశ్రమలు తమ తమ ఉత్పత్తులు కొనసాగిస్తూ, వ్యర్థ రసాయనాలను పూర్తిగా ట్రీట్మెంట్ చేయవలసి ఉండగా నిబంధనలు ఉల్లంఘించి అర్ధరాత్రి వెళ్లల్లో అక్రమంగా ట్యాంకర్ల ద్వారా తరలించడం - లేదా పరిశ్రమ పరిధిలో బోర్లలోని వదిలి వేయడం వల్ల భూగర్భ జలాలు పూర్తిగా కాలుష్య కాసారాలుగా మారి రైతులు తీవ్ర ఇబ్బందులు ఎదుర్కొంటు అసారోగ్యానికి గురి అవుతున్నారు.

వెన్చూర్ ప్రస్తుత హాజీలో గతంలో ఉత్పత్తులు కొనసాగించి వెలువడిన వ్యర్థ రసాయనాలు బహిరంగంగా తరలించడం వల్ల భూగర్భ జలాలు కలుషితం అయినాయని ఫిర్యాదులు రావడంతో విచారించి తేది 16-11-2015న ఆర్డర్ నెంబరు NLG-44/TSPCB/U-II-TF/201-1788 ద్వారా పరిశ్రమను మూసి వేయడం జరిగింది.

కావున ఇప్పుడు దేవల్లి అదనపు ఉత్పత్తుల నుండి వెలువడి రసాయన వ్యర్థాల వల్ల భూగర్భ జలాలు కలుషితమై క్రింది భాగాన గల ధర్మాణగూడెం అక్కరం గ్రామాల రైతులు తీవ్ర ఇబ్బందులు ఎదుర్కొనవలసి ఉంటుంది. కావున పైన తెలిపిన అంశాలను పరిగణలోకి తీసుకొని పర్యావరణ అనుమతులు మంజూరి చేయగూడదని మనవి.

పోచంపల్లి - చోటుప్పల్ ప్రాంతాల ప్రజలు తీవ్ర ఇబ్బందులు పడుతున్నావి మండల పరిషత్ తీర్మానం ఏకగ్రీవంగా చేయడం జరిగింది. ఈ ప్రాంతంలో ప్రస్తుతం ఉన్న పరిశ్రమలను మూసివేయాలని నూతనంగా అదనపు ఉత్పత్తులకు అనుమతులు ఇవ్వవద్దని తీర్మానం చేయడం జరిగింది.

గతంలో పోచంపల్లి, చోటుప్పల్ ప్రాంతం పూర్తిగా కాలుష్యంతో ప్రజలు ఇబ్బందులు పడుతున్నారని హైకోర్టును ఆశ్రయించడంతో ముగ్గురి కమిటీ సభ్యుల నియామకం ద్వారా విచారణ జరిపినారు. నివేదికలో పోచంపల్లి, చోటుప్పల్ ప్రాంతంలో భూగర్భ జలాలు పూర్తిగా కలుషితం అయినావని కనీస వినియోగానికి వనికీ రావని నివేదికలో పేర్కొనడం జరిగింది. హైకోర్టు కేస్ నెం. 9/2012/పిల్)

నిత్యం, ఏదో ఒక ప్రముఖ దినపత్రికలో పోచంపల్లి, చోటుప్పల్ ప్రాంతాలలో గల ఫార్మా పరిశ్రమల కాలుష్యంపై నిత్యం వార్తలు వెలువుడుతున్నా ఉంటాయి.

కావున దయచేసి హాజీలో ఫార్మా పరిశ్రమ ప్రభుత్వం ఏర్పాటు చేస్తున్న ఫార్మాసీటిలో ఏర్పాటు చేసే విధంగా చర్యలు చేపడతారని ఆశిస్తూ, ఎట్టి పరిస్థితులలో పర్యావరణ అనుమతులు మంజూరి చేయవద్దని మనవి.

భృతజ్ఞతలతో...

అతవరచిన ప్రతులు

- వెన్చూర్ పరిశ్రమ కాలుష్యంపై ఫిర్యాదులను విచారించి పరిశ్రమను మూసివేస్తూ జారీ చేసిన ఆదేశాలు.
- పోచంపల్లి, చోటుప్పల్ కాలుష్య సమస్యలకు సంబంధించిన పేపర్ క్లిప్పింగులు

To  
The Telangana State Election control mandali  
Area office offer,  
BhuvanagiriYadadri  
(common) Nalgonda District

316

Sub: Hazelo industry concern environment permissions not granting and the industry has to be shifted to Pharma city, is our opinion

Common Nalgonda Dist. BhuvanagiriYadadri dist. limits, Pochampalli Mandal, Dothigudamvillage revenue limits.in the past 2002 arranged Venlar Labs Industry in the year 2015 purchased and at present management Hazelo for additional Production, for environment permissions, since going for Public opinion collection, that industry is new one, the industry the Telangana govt. with all facilities making arrangement way actions have to be initiated, hoping for at present circumstances Pochampalli-Choutuppal area is full of pollution, thus the farmers, people are facing much problems, kindly in any circumstances, not to grant the environment permissions is our opinion.

Hazelo industry man corporate pharma industry Hetero connected industry as the public is speaking. Hetero industry managements completely deviating the environment conditions, involving people in severe problems, thus the people, farmers against the Hetero in Supreme Court at Green Tribunal, at Appellate authority at present cases are going on.

At Supreme court case nos.55/2011 – 63/2011 – 64/2011.

Green Tribunal = 135/2013, 136/2015, 145/2015, 148/2015, 147/2015, 152/2013, are pending for enquiry.

At Appellate Authority – 55/2011, 64/2011, 82/2012, 83/2012 and 89/2012 – are pending for enquiry,

1127  J. L. Kohn  
 1128 J. L. Kohn, Jr., 1128 J. L. Kohn, Jr.  
 1129 (Kohn, Jr.) 1129 J. L. Kohn, Jr.  
 1130 Hydrocarbon-D1, 1130 J. L. Kohn, Jr.

Hetero industries surrounding village people to restrict the industry pollution as the people, farmers lodged the complaints.

YadadriBhuvanagiri Dist. Pochampalli – Choutuppal area people completely facing problems with pollution.

In this area the Pharma industries their production continuing, and waste chemical materials completely have to be made treatment, deviating the conditions, in the midnight time illegally through tractors removing or in the limits of industry, left into the bores, thus the underground water completely become polluted and the farmers are facing much problems and falling ill health.

Earlier present Hetero in the past continued the manufacture and released waste chemicals shifting openly thus the underground water getting polluted having received the complaints enquire into the matter and on 16.11.2015 order no.NLG-44/TSPCB/U-II-TF/201-1786 through industry closed down.

Hence now undertaking the additional Produces releasing the chemical waste material causing underground water getting polluted and at lower part Dharmajigudem, Lakkaram villages farmers facing much problems. Hence the stated points may kindly be taken into consideration and not to grant environment permissions.

Pochampally – Choutuppal areas people facing severe problems as the Mandal Parishad resolution made unanimously. In this area at present existing industries have to be closed down, and newly for addl. Produces not to grant permission as the resolution made.

For  
To  
By  
Date  
16/11/2015

SECRET  
(HARBAN)

In the past Pochampally, Choutuppal area completely polluted and people are facing much problems, then approached to the High Court, through three committee members made enquiry into the matter. In the report Pochampally, Choutuppal areas the underground water completely polluted atleast for use it is not worth as stated in the report, vide High Case No.9 of 2012/PL).

Daily in any one main daily newspapers, about the Pochampally, Choutuppal areas existing pharma industries pollution daily the news is releasing.

Hence kindly the arrangement making by Hazelopharma industry as the govt. is arranging in pharma city as it has to be made arrangement kindly initiate action as I am hoping for it in any circumstances environment permissions should not be granted.

Yours faithfully,
