Dear Sir,

With reference to the above cited subject and references, the Hon'ble NGT had fixed mandatory criteria to obtain environmental clearance as per order dated 15.12.2016 relating to O.A. NO: 124 of 2015/EZ relating to the Country Liquor Manufacturing unit. So, the license holder was entitled to get EC during the operation status of the unit. And also SEAC, Odisha on its meeting on 19.08.2017 standardized the procedure to obtain EC. Accordingly we applied and obtained the clearance from SEIAA, Odisha vide letter no - 4635 / SEIAA on dated 08.05.2018 with a condition that *"this environmental clearance shall be coterminous with the period of validity of the existing Excise license"*.

In the mean time, the excise license was expired on 31.03.2019 and renewed with lower production capacity i.e. 2.370 KLD, which will reduce the pollution load. As per para-2 of the EIA Notification' 2006, the environmental clearance is given for a specific project or activity, based on which the building or unit is constructed, which may imply **"the validity of environmental clearance may be coterminous with the period of validity of the project or unit"**, unless the project will not increase the production capacity or not change any manufacturing methodology or no any change in product - mix in an existing manufacturing unit included in Schedule beyond the specified range.

In this connection, we would like to draw your kind attention to SEAC, Odisha recommendation for amending this condition as the excise license is renewed, not made afresh as per Excise Policy 2019-20 vide letter No - 1161 / Ex dated 07.03.2019 of Govt. of Odisha , Excise Department.

Therefore, please find enclosed herewith the updated Form-1 along with required documents for your kind perusal and necessary orders.

With regards

Yours truly

M/s Kalabada OS Shop
