Subject: Extension of validity of Environment and CRZ clearance for Multipurpose Terminal at Karanja creek, Tal-Uran, District Raigad.

Sir,

Karanja Terminal & Logistics Pvt. Ltd (KTPL) is developing a world class Multipurpose Terminal and ship repair yard at Karanja creek of Raigad District in Maharashtra which is the "gateway" to the financial heart of India.

Maharashtra Maritime Board has leased the intertidal zone area to Karanja Terminal & Logistics Pvt. Ltd for a period of 50 years on Build Operate Transfer (BOOT) basis.

The company has started development of Multipurpose Terminal after obtaining the EC & CRZ clearance on 21st August 2013 from Ministry of Environment, Forest and Climate Change. However, the development timeline got extended due to some unavoidable circumstances.

The 65% of work is complete and remaining is in progress. We have also obtained part Consent to Operate from Maharashtra Pollution Control Board.

The proposal including Form "6" for extension of validity of Environmental Clearance till 2023 as per EIA notification for approval and other documents are enclosed herewith for consideration.

Thanking you.

Yours faithfully,

(Sonal Gadhave)

VP Environment
