

Date : 8th June 2019

To,
Director (Industry-1)
Ministry of Environment, Forests & Climate Change
Indira Paryavaran Bhavan, Jor Bagh,
Jor Bagh Road, New Delhi - 110 003

Sub: Environment Clearance for our proposed establishment of 1 x 350 TPD DRI Kiln to manufacture 1,05,000 TPA of Sponge Iron, 4 x 15 T Induction Furnaces to manufacture 1,80,000 TPA of MS Billets, 1 x 500 TPD of Rolling Mill to manufacture 1,75,000 TPA of Structural Steel / Rolled product, 10 MW of WHRB based Power Plant, 10 MW FBC based Power Plant & 1 x 9 MVA Submerged Electric Arc Furnace to manufacture SiMn – 14,400 TPA OR FeMn – 14,400 TPA OR FeSi – 7,000 TPA by Forward Integration in the existing 10 MW Biomass based power plant in the existing plant premises at Khajuri Village, Baloda Bazaar Tehsil & District, Chhattisgarh – **Submission of Final EIA report – Reg.**

Ref: i. TOR letter issued vide no. F. No. IA-J-11011/420/2017-IA II (I) dt. 19th September 2017
ii. Public Hearing held on 4th January 2019

Respected Sir,

We are operating 10.0 MW Biomass based power plant at Village: Khajuri, Tehsil: Baloda Bazaar, District: Baloda Bazaar, Chhattisgarh. Environment Clearance was not applicable to the existing plant as CTE has been obtained in June 2006 and was prior to EIA notification dated 14-09-2006. As per EIA Notification 1994 also EC was not required as the capital investment for green field project was less than Rs. 100 Crores. Existing plant has obtained Consent to Establishment vide letter no. 2956/TS/CECB/2006 dated 16/06/2006 from Chhattisgarh Environment Conservation Board (CECB). Consent to Operate is obtained from the CECB and same is under operation.

Now as a part of expansion, it is proposed to establish 1 x 350 TPD DRI Kiln to manufacture 1,05,000 TPA of Sponge Iron, 4 x 15 T Induction Furnaces to manufacture 1,80,000 TPA of MS Billets, 1 x 500 TPD of Rolling Mill to manufacture 1,75,000 TPA of Structural Steel / Rolled product, 10 MW of WHRB based Power Plant, 10 MW FBC based Power Plant & 1 x 9 MVA Submerged Electric Arc Furnace to manufacture SiMn – 14,400 TPA OR FeMn – 14,400 TPA OR FeSi – 7,000 TPA by Forward Integration in the existing 10 MW Biomass based power plant in the existing plant premises.

Following is the plant configuration and production capacity:

S.No.	UNIT	EXISTING CAPACITY	PROPOSED EXPANSION	AFTER EXPANSION
1.	DRI Kiln	---	1 x 350 TPD (1,05,000 TPA)	1 x 350 TPD (1,05,000 TPA)

2.	Induction Furnaces	---	4 x 15 T (1,80,000 TPA)	4 x 15 T (1,80,000 TPA)
3.	Rolling Mill	---	1 x 500 TPD (1,75,000 TPA)	1 x 500 TPD (1,75,000 TPA)
4.	Power Plant WHRB	---	10 MW	10 MW
5.	Power Plant FBC	---	10 MW	10 MW
6.	Ferro Alloys Plant (1 x 9 MVA)	---	Silicon Manganese (SiMn) - 14,400 TPA OR Ferro Manganese (FeMn) - 14,400 TPA OR Ferro Silicon (FeSi) - 7,000 TPA	Silicon Manganese (SiMn) - 14,400 TPA OR Ferro Manganese (FeMn) - 14,400 TPA OR Ferro Silicon (FeSi) - 7,000 TPA
7.	Biomass based Power Plant	10 MW	---	10 MW

Existing plant is located in 9.949 Ha. (24.6 acres) of land and proposed expansion will be taken up in the existing plant premises only.

Hon`ble MoEF&CC has accorded TOR for our proposed expansion project vide reference -1 cited above. Subsequently, we have prepared Draft EIA report and submitted to Chhattisgarh Environment Conservation Board (CECB) for conducting Public Consultation / Hearing as per the provision of EIA notification and its subsequent amendments. Accordingly, CECB has conducted Public Consultation / Hearing on 4th January 2019.

Now, we are herewith submitting the Final EIA report incorporating the Public Hearing proceeding along with managements compliance to the issues raised during Public Hearing.

In this regard, we request your goodselves to kindly process our application and place our proposal before the Hon`ble Expert Appraisal Committee (EAC) for issue of Environmental Clearance at the earliest.

Thanking you,

Regards

Yours sincerely

For, Animesh Ispat Private Limited
