Area to be worked for M/s Baba Farid-ud-Din Bagdadi

Note: After delineating the area applied by Sri. Farid-ud-Din Minerals & Shiva Minerals (the applied area of which as per site plan has been considered by East and Shiva Minerals has been altered & prepared the mining plan) it was observed that area applied by Baba Farid-ud-Din Bagdadi Minerals in North-West Overlaps the area of Shiva Minerals as delineated in the enclosed site plan. Accordingly it is recommended to consider 15:18 hectare instead of 15:20 hectare in favour of Baba Farid-ud-Din Bagdadi Minerals as in detailed in this map in the site plan and remark of POSTULATE.
