Greenbelt Development Programme

It is proposed that about 33% of total lease area will be used for plantation. As the area calculated for plantation is:

Total Lease Area	9.52 ha.	**Remarks**
33% of total ML area	3.14 ha.	Plantation will be done at: Both side of the road.
Nos of plants	No of Plantation = Area (Ha) X 10000 Row x Plant = 3.14 x10000 2.5 x2.5 = 5024 say 5050	About 5050 sapling will be planted

However proponent will propose to undertake plantation programme in both side of the road (outside the lease area).
Greenbelt development programme is given below

Greenbelt developments Programme

Year of Plantation.	**Proposed Plantation**	**Area cover in ha.**	**Species**	**Place of Plantation**
1st Year	1000	0.62	Local Species will be planted	Both side of the road.
2st Year	1000	0.62		
3st Year	1000	0.62		
4st Year	1000	0.62		
5st Year	1050	0.62		
Total	5050	3.14 Ha.
