

PLANTATION PROGRAMME

It is proposed to have plantation on both sides of the roads & to provide cover against dust dissemination plantation will also be carried out as social forestry programmed in villages school and the areas allocated by the Panchayat\ State authorities. It is proposed that about 33% of total lease area will be used for plantation. As the area calculated for plantation is:

*The additional water requirement every year as per the increased plantation will be taken from the rain water harvested ponds.

Total Lease Area	4.941 Ha.	
Area of plantation	1.63 ha no of plants 1630	Along the road-sides, Panchyat bhawan , nearest village, nearby schools & hospitals safety zone,mule track etc.

Table Error! No text of specified style in document.-1: Greenbelt developments Programme (Outside the lease area)

Year	Area (ha)	No. of Sampling	Species	Place of Plantation
I	1.63	1630	Devdar, Cheer, Tooun, Tang, Banj, Burans etc.	Along the road-sides, Gram Sabha, nearest village, nearby schools & hospitals

Vegetation development is proposed along road sides of approach roads. While selecting plant species preference will be given for planting native species of the area and shall have soil binding capacity. Shri Dinesh Singh Parihar will supply saplings to surrounding villagers for green belt development in their villages and encourage the plantation by means of social forestry.

Greenbelt development as per the scheduled plan will be reviewed every year plantation records will be maintained for period of plantation, area under plantation, length of avenue plantation, type of species density of planted area and survival rate.
