

FORM – I
For
ENVIRONMENTAL CLEARANCE EXPANSION
(EXPANSION OF PRODUCTION FROM 7900 TPA TO 71,166 TPA)

Of

M/s. JAISHREE INDUSTRIES LIMITED

MINING OF QUARTZ
OVER AN EXTENT: 14.50 HA

Mine Address: Sy. No.1
Vaggampalli (V), Pamuru (M)
Prakasam (Dt.), Andhra Pradesh
Office Address: Sy.No. 555-558,
NH-5, Bogole (V&M),
Nellore District, Andhra Pradesh

Prepared & Submitted by

SV ENVIRO LABS & CONSULTANTS
BLOCK-B, B-1, IDA, AUTONAGAR -12
VISAKHAPATNAM, ANDHRA PRADESH
QCI No. 138

FORM- 1

(I) Basic Information

Sl.No.	Item	Details
1.	Name of the project/s	M/s Jaishree Industries Limited Mining of Quartz
2.	S. No. in the schedule	1(a)
3.	Proposed capacity/area/length/tonnage to be handled/command area/lease area/number of wells to be drilled.	Mining of Quartz in 14.50 Ha., Maximum Production: 71166 TPA Expansion from 7900 TPA to 71166 TPA
4.	New/Expansion/Modernization	Expansion from 7900 TPA to 71166 TPA
5.	Existing Capacity/Area etc.	14.50 Ha.
6.	Category of Project i.e. 'A' or 'B'	Category – B ₂
7.	Does it attract the general condition? If yes, please specify.	No
8.	Does it attract the specific condition? If yes, please specify.	No
9.	<u>Location</u> <u>Plot/Survey/Khasra No.</u> <u>Village</u> <u>Tehsil</u> <u>District</u> <u>State</u>	Sy.No. 1, Vaggampalli Village, Pamuru Mandal, Prakasam District, Andhra Pradesh.
10.	Nearest railway station/airport along with distance in kms.	Giddalur Railway Station at 59.33 kms
11.	Nearest Town, city, district Headquarters along with distance in kms.	Pamur at a distance of 11.69 kms
12.	Village Panchayats, Zilla Parishad, Municipal Corporation, Local body (complete postal addresses with telephone nos. to be given)	Vaggampalli (V) Pamur (M) Prakasam District, Andhra Pradesh.
13.	Name of the lease applicant	Sri Syam Sundar Maheswari
14.	Registered Address	Sri Syam Sundar Maheswari Managing Director

		Sy.No: 555-558, NH-5, Bogole (V&M), Nellore District Andhra Pradesh Pincode: 524124
15.	<u>Address for correspondence:</u> <u>Name</u> <u>Designation (Owner/Partner/CEO)</u> <u>Pin code</u> <u>E-mail</u> <u>Telephone No.</u> <u>Fax No.</u>	M/s. Jaishree Industries Limited, Sri Syam Sundar Maheswari Managing Director, Sy.No: 555-558, NH-5, Bogole (V&M), Nellore District Andhra Pradesh 524124 jaishreeindustrieslimited2018@gmail.com 9951850970 --
16.	Details of Alternative Sites examined, if any. Location of these sites should be shown on a topo sheet.	NA
17.	Interlinked Projects	No Interlinked Projects
18.	Whether separate application of interlinked project has been submitted?	NA
19.	If yes, date of submission	NA
20.	If no, reason	NA
21.	Whether the proposal involves approval/clearance under: if yes, details of the same and their status to be given. i. The Forest (Conservation) Act, 1980? ii. The Wildlife (Protection) Act, 1972? iii. The C.R.Z. Notification, 1991?	NA NA NA
22.	Whether there is any Government Order/Policy relevant/relating to the site?	Scheme of Mining was approved by the Letter No: 1087/MS/MRKP/2017 dated 22/07/2017. EC Order No: SEIAA/AP/PKM-19/2012 Dt: 09-01-2013.

		Certified compliance from MoEF&CC vide F.No: EP/12.1/SEIAA/2012-13/273/AP/2055, Dated 22.12.2017.
23.	Forest land involved (hectares)	No forest land is involved
24.	Whether there is any litigation pending against the project and/or land in which the project is propose to be set up? a) Name of the Court b) Case No. c) Orders/directions of the Court, if any and its relevance with the proposed project.	No litigations or court cases pending against the proposed project.

(II) Activities

1. Construction, operation or decommissioning of the Project involving actions, which will cause physical changes in the locality (topography, land use, changes in water bodies, etc.)

S.No.	Information/Checklist confirmation	Yes/ No	Details thereof (with approximate quantities /rates, wherever possible) with source of information data
1.1	Permanent or temporary change in land use, land cover or topography including increase in intensity of land use (with respect to local land use plan)	Yes	Mining operations will be carried out by developing benches. There will be change in land cover due to the proposed activity. Greenbelt will be developed all along the approach roads of mining lease area.
1.2	Clearance of existing land, vegetation and buildings?	No	No vegetation is existing and no structural AC buildings are existing at this site. No clearance is required.
1.3	Creation of new land uses?	No	No extra new land will be used. The facility having 14.50 Ha of land. Within this land premises only the proposed activity will be taken up.

1.4	Pre-construction investigations e.g. bore houses, soil testing?	Yes	Site survey was carried out.
1.5	Construction works?	No	No structures will be constructed. Administration office present in the existing site. Only temporary sheds will be provided during the excavation works for workmen resting.
1.6	Demolition works?	No	The mine does not contain any temporary / permanent structures. Therefore no demolition work will be carried.
1.7	Temporary sites used for construction works Or housing of construction workers?	No	Local manpower will be utilized for the construction work. Therefore no housing facility at construction site.
1.8	Above ground buildings, structures or earthworks including linear structures, cut and fill or excavations	Yes	Opencast mining
1.9	Underground works including mining or tunneling?	No	Opencast method by developing benches. Therefore, no underground mining or tunneling is envisaged.
1.10	Reclamation works?	No	No reclamation work
1.11	Dredging?	No	Not applicable
1.12	Offshore structures?	No	Not applicable
1.13	Production and manufacturing processes?	Yes	The mining will be opencast mining, employing drilling for breaking the stone, using compressor operated Jack Hammer drills viz., labour will be engaged to lift the broken material and load the same into trucks. The overburden and quartzite will be hauled to the overburden dumps and stocking yards respectively.

1.14	Facilities for storage of goods or materials?	Yes	Stock yard and waste dump yard facilities are identified for storage of goods and materials in the mine lease area.
1.15	Facilities for treatment or disposal of solid waste or liquid effluents?	Yes	About 3,55,831 MT of solid waste will be generated for five years. It will be dumped in mine lease area & will be sent to other development works in site and other areas.
1.16	Facilities for long term housing of Operational workers?	No	Majority of manpower will be recruited from local people only. Therefore no housing scheme is proposed.
1.17	New road, rail or sea traffic during Construction or operation?	No	The site is well connected to roadway. No new road or rail development required.
1.18	New road, rail, air waterborne or other transport infrastructure including new or altered routes and stations, ports, airports etc?	NA	Not Applicable.
1.19	Closure or diversion of existing transport routes or infrastructure leading to changes in traffic movements?	NA	No transport routes will be changed.
1.20	New or diverted transmission lines or pipelines?	No	No transmission & pipeline existing.
1.21	Impoundment, damming, culverting, realignment or other changes to the hydrology of watercourses or aquifers?	No	Not applicable
1.22	Stream crossings?	No	No perennial streams in the mining area.
1.23	Abstraction or transfers of water form ground or surface waters?	Yes	Water will be supplied through water tankers for sprinkling and domestic purpose in the mine.
1.24	Changes in water bodies or the land	No	No drains or water bodies present in

	surface affecting drainage or run-off?		the mine lease area.
1.25	Transport of personnel or materials for construction, operation or decommissioning?	Yes	There is no construction work in the proposed site. During operation lorries, trucks, Proclaim will be used.
1.26	Long-term dismantling or decommissioning or restoration works?	No	No dismantling work will be carried in the project.
1.27	Ongoing activity during decommissioning which could have an impact on the environment?	No	No decommissioning activity proposed.
1.28	Influx of people to an area in either Temporarily or permanently?	No	No influx of people into this area either temporarily or permanently. Most of the employees will be from local area only.
1.29	Introduction of alien species?	No	--
1.30	Loss of native species or genetic diversity?	No	--
1.31	Any other actions?	No	--

2. Use of Natural resources for construction or operation of the Project (such as land, water, materials or energy, especially any resources which are non- renewable or in short supply):

S.No.	Information/Checklist confirmation	Yes/No	Details thereof (with approximate quantities / rates, wherever possible) with source of information data
2.1	Land especially undeveloped or agricultural land (ha)	No	The mine lease area is Government land. No cultivation is being carried out in mine lease area.
2.2	Water (expected source & competing users) unit: KLD	Yes	Total water requirement of the mining operations is about 11.5 KLD. Dust suppression - 4.0 KLD Green belt – 3.0 KLD Domestic activity – 1.5 KLD Wet drilling – 3.0 KLD

			Source of Water : Water Tankers
2.3	Minerals (MT)	No	Not applicable
2.4	Construction material – stone, aggregates, sand / soil (expected source - MT)	Yes	Requirement of small quantities of construction materials are sourced from nearby areas for construction of rest shelters etc for expansion.
2.5	Forests and timber (source – MT)	No	No timber will be used.
2.6	Energy including electricity and fuels (source, competing users) Unit: fuel (MT), energy (MW)	Yes	This is open cast semi mechanized mining. 250 liters/day of diesel will be used for mining operations.
2.7	Any other natural resources (use appropriate standard units)	No	---

3. Use, storage, transport, handling or production of substances or materials, which could be harmful to human health or the environment or raise concerns about actual or perceived risks to human health.

S.No.	Information/Checklist confirmation	Yes/No	Details thereof (with approximate quantities /rates, wherever possible) with source of information data
3.1	Use of substances or materials, which are hazardous (as per Blasting rules) to human health or the environment (flora, fauna, and water supplies)	No	No hazardous material is used in mining activities.
3.2	Changes in occurrence of disease or affect disease vectors (e.g. insect or water borne diseases) 3.3 Affect the welfare of people e.g. by changing living conditions?	No	Not Applicable
3.3	Affect the welfare of people e.g., by changing living conditions?	Yes	The proposed expansion activity will provide employment to the local villagers thereby improving their living conditions.
3.4	Vulnerable groups of people who could be affected by the project e.g. hospital	No	--

	patients, children, the elderly etc.,		
3.5	Any other causes?	No	---

4. Production of solid wastes during construction or operation or commissioning (MT/month)

S.No.	Information/Checklist confirmation	Yes/No	Details thereof (with approximate quantities /rates, wherever possible) with source of information data
4.1	Spoil, overburden or mine wastes	Yes	Over burden generated from Quartz mining is 355831 MT/ 5 years will be stacked in dump yard.
4.2	Municipal waste (domestic and or commercial wastes)	No	1.5 KLD domestic wastewater is generated and disposed into septic tank followed by soak pit for expansion activity.
4.3	Hazardous wastes (as per Hazardous Waste Management Rules)	No	--
4.4	Other industrial process wastes	No	No industrial process waste will be generated.
4.5	Surplus product	No	--
4.6	Sewage sludge or other sludge from effluent treatment	No	--
4.7	Construction or demolition wastes	No	--
4.8	Redundant machinery or equipment	No	--
4.9	Contaminated soils or other materials	No	No soil / material will be contaminated.
4.10	Agricultural wastes	No	No agricultural waste will be generated.
4.11	Other solid wastes	No	--

5. Release of pollutants or any hazardous, toxic or noxious substances to air (Kg/hr)

S.No.	Information/Checklist confirmation	Yes/No	Details thereof (with approximate quantities /rates, wherever possible) with source of information data
5.1	Emissions from combustion of fossil fuels from stationary or mobile sources	Yes	Emissions will be generated from machinery used for mining activities and from trucks used for transportation activities.
5.2	Emissions from production processes	Yes	Fugitive dust will be generated from mining activities. Adequate control measures like water sprinkling will be taken and control devices will be used while drilling for expansion.
5.3	Emissions from materials handling including storage or transport	Yes	Emission of air borne dust is envisaged during transport of waste and movement of vehicles within the mine, and also during transport of waste from quarry to the waste dump.
5.4	Emissions from construction activities including mine and equipment	No	--
5.5	Dust or odours from handling of materials including construction materials, sewage and waste	Yes	Dust will generated during mining, and transportation of materials. However, odor is not envisaged.
5.6	Emissions from incineration of waste	No	--
5.7	Emissions from burning of waste in open air (e.g. slash materials, construction debris)	No	--
5.8	Emissions from any other sources	No	--

6. Generation of Noise and Vibration, and Emissions of Light and Heat:

S.No.	Information/Checklist confirmation	Yes/No	Details thereof (with approximate quantities /rates, wherever possible) with source of information data
6.1	From operation of equipment e.g. engines, ventilation mine, crushers	Yes	Noise will be generated from transport vehicles, machinery and drilling operations.
6.2	From industrial or similar processes	No	The work will be done from dawn to dusk. The operations will not cause more than 75 dB (A). Therefore no noise / vibrations disturbance occurs.
6.3	From construction or demolition	No	--
6.4	From blasting or piling	Yes	Noise will be generated during operation, which will be instantaneous in nature.
6.5	From construction or operational traffic	Yes	Noise will be generated from the trucks deployed for transportation of mined material
6.6	From lighting or cooling systems	No	--
6.7	From any other sources	No	--

7. Risks of contamination of land or water from releases of pollutants into the ground or into sewers, surface waters, groundwater, coastal waters or the sea:

S.No.	Information/Checklist confirmation	Yes/No	Details thereof (with approximate quantities /rates, wherever possible) with source of information data
7.1	From handling, storage, use or spillage of hazardous materials	No	No hazardous materials will be used.
7.2	From discharge of sewage or other effluents to water or the land (expected mode and place of discharge)	No	--
7.3	By deposition of pollutants emitted to air	No	--

	into the land or into water		
7.4	From any other sources?	No	--
7.5	Is there a risk of long term build up of pollutants in the environment from these sources?	No	--

8. Risk of accidents during construction or operation of the Project, which could affect human health or the environment

S.No.	Information/Checklist confirmation	Yes/No	Details thereof (with approximate quantities /rates, wherever possible) with source of information data
8.1	From explosions, spillages, fires etc. from storage, handling, use or production of hazardous substances	No	Mining operations will be carried in a controlled manner.
8.2	From any other causes	No	--
8.3	Could the project be affected by natural disasters causing environmental damage (e.g. floods, earthquakes, landslides, cloudburst etc)?	No	The area of project site will not be affected by natural disasters.

9. Factors which should be considered (such as consequential development) which could lead to environmental effects or the potential for cumulative impacts with other existing or planned activities in the locality

S.No.	Information/Checklist confirmation	Yes/No	Details thereof (with approximate quantities /rates, wherever possible) with source of information data
9.1	Lead to development of supporting facilities, ancillary development or development stimulated by the project which could have impact on the environment e.g.: • Supporting infrastructure (roads, power	Yes	Supporting and ancillary development will take place.

	supply, Waste or waste water treatment, etc.) <ul style="list-style-type: none"> • Housing development • Extractive industries • Supply industries • Other 		
9.2	Lead to after-use of the site, which could have an impact on the environment	Yes	Greenbelt will be developed all along the mining lease area which will increase the aesthetic beauty of the site.
9.3	Set a precedent for later developments	Yes	Ancillary industries will be developed as a consequence.
9.4	Have cumulative effects due to proximity to other existing or planned projects with similar effects	Yes	Dust accumulation on the roads.

(III) Environmental Sensitivity

S.No.	Area	Name/ Identity	Aerial distance (within 15 km.) Proposed project location boundary
1	Areas protected under international conventions, national or local legislation for their ecological, landscape, cultural or other related value	No	None within 15 km Aerial distance from proposed mine site.
2	Areas which are important or sensitive for ecological reasons - Wetlands, watercourses or other water bodies, coastal zone, biospheres, mountains, forests	Yes	<p>Water Bodies:</p> <p>Modapadu Reservoir is situated at a distance of 9.55 kms from proposed mine.</p> <p>Nachu Vagu at a distance of 5.42 kms from the mine area.</p> <p>Nerella Vagu at a distance of 9.58 kms from the mine area.</p> <p>Reserve Forests:</p> <p>Raviguntapalle Reserve Forest at a</p>

			<p>distance of 1.73 kms from the mine area.</p> <p>Nasikatraymentakam Reserve Forest at a distance of 4.16 kms from the mine area.</p> <p>Picherlakonda Reserve Forest is situated at a distance of 7.64 kms from the mine lease area.</p> <p>Musnuru Reserve Forest at a distance of 11.74 kms from the mine area.</p>
3	Areas used by protected, important or sensitive species of flora or fauna for breeding, nesting, foraging, resting, overwintering, migration	No	None within 15 km aerial distance from proposed mine.
4	Inland, coastal, marine or underground waters	No	None within 15 km aerial distance from proposed mine.
5	State, National boundaries	No	None within 15 km aerial distance from proposed mine.
6	Routes or facilities used by the public for access to recreation or other tourist, pilgrim areas	Yes	Village roads are available to this site from Vaggampalli.
7	Defense installations	No	None within 15 km aerial distance from proposed mine.
8	Densely populated or built-up area	Yes	<p>Major habitation is Boomireddypalli village situated at 2.74 kms and densely populated area Pamuru Mandal at a distance of 11.69 kms.</p> <p>40 no's scattered houses are present at 300 mtrs distance and the houses are meant for mine workers & contract workers rest houses.</p>
9	Areas occupied by sensitive man-made land uses (Hospitals, schools, places of worship,	Yes	Hospitals, Schools, community facilities are available at 3.0 kms away from the mine area.

	<i>community facilities)</i>		
10	Areas containing important, high quality or scarce resources <i>(Ground water resources, surface resources, forestry, agriculture, fisheries, tourism, minerals)</i>	No	--
11	Areas already subjected to pollution or environmental damage. <i>(Those where existing legal environmental standards are exceeded)</i>	No	None within 15 km aerial distance from proposed mine site.
12	Areas susceptible to natural hazard which could cause the project to present environmental problems <i>(Earthquakes, subsidence, landslides, erosion, flooding for extreme or adverse climatic conditions)</i>	No	--

**STANDARD TEMPLATE FOR EVALUATION OF ALL PROJECTS/
ACTIVITIES:-**

S.No	Information required	Information to be furnished by the proponents
1	Name of the project or activity	M/s. Jaishree Industries Limited Mining of Quartz
2	Name of the organization/owner.	Sri. Syam Sundar Maheswari
3	Address for communication	Sri. Syam Sundar Maheswari Managing Director Sy.No: 555-558, NH-5, Bogole (V&M), Nellore District Andhra Pradesh, Pincode: 524124
4	Telephone numbers	9951850970
5	Email ID of the organization or contact person	Jaishreeindustrieslimited2018@gmail.com
6	Location of the Proposed project or activity	Sy.No.1, Vaggampalli Village, Pamur Mandal, Prakasam District, Andhra Pradesh.
7	Appraisal Category (B2 or B1)	Category 'B' (B ₂)
8	Nearest habitation and distance from the project or activity	Bhoomireddypalli village at a distance of 2.74 kms
9	Installed capacity / Production Capacities	Mining of Quartz in 14.50 Ha., Maximum Production: 71166 T/Annum
10	Specify the Fuel (Coal / CNG / biomass/Others) and quantity required	Diesel based machinery will be used during quarry operations. 250 liters of diesel will be used per day.
11	Details of Land use/Land Cover	Enclosed in EMP
12	Occupancy, ownership of the land in which the activity is proposed: (Government land / Private land / Forest land /Revenue land /Temple land /leased land/ land belongs to other Department)	Government land
13	If it is a Forest land, the following details	No forest area cover under the proposed

	<p>shall be furnished: (Whether it is a Reserved forest / Protected forest/Demarcated forest/ National Parks/Sanctuaries/any land in possession of Forest Department.)</p> <p>(The village map with Sy. No. indicating nearest forest boundary line from the site shall be enclosed)</p>	site area
14	Total investment of the project/activity.	Rs. 95.0 Lakhs
	a. Funds allocated for EMP (capital cost and recurring cost per annum)	Rs. 9.5 Lakhs
15	Brief description of the project with special reference to specific pollution and its control measures.	<p>The method of mining shall be opencast basis. Excavators shall be carried out by jack hammer drilling. Bench height and width will be maintained.</p> <p>During mining operations fugitive dust emissions will be generated. Control devices such as water sprinklers and covering drill with cloth will reduce the generation of dust.</p> <p>Noise levels will be increased during operations and these will be controlled with ears protection/use of latest noise controlled equipment.</p> <p>Vibrations level during mining operations and these will be minimized by using low explosives and low quantities.</p> <p>Greenbelt will be developed all along the mining lease area.</p>
16	Compliance report on the following :	
	i. Status of compliance of the conditions and environmental safeguards stipulated in the earlier clearance letters.	The mining scheme is prepared as per guidelines G.O. Ms.56, Industries & Commerce (M-II), Dated: 30/04/2016 and

		Government of Andhra Pradesh, Department of Mines & Geology, Guntur approved vide Letter No: 1087/MS/MRKP/2017 dated 22/07/2017. The mine lease transferred from N.Venkat to Jaishree Industries Limited. Regarding name change we intimated to MoEF, Chennai and we received Certified compliance for expansion from MoEF&CC, Chennai Vide F.No. EP/12.1/SEIAA/2012-13/273/AP/2055 DT: 22.12.2017 in the name of M/s. Jaishree Industries Limited.
	ii. Details of the court cases, if any, pending in any Court of Law against the project as well as any directions passed by the Court relating to the project directly or indirectly.	No court case/Litigation is pending against the proposed project.
	iii. Details of the notices, if any, given to the project under Section 5 of the Environmental (Protection) Act, 1986 and Section 18 of the Air (Prevention & Control of Pollution) Act, 1981.	Nil
17	Whether the project attracts the provisions laid under the OM dt. 16.11.2012 issued by the MoE&F, GOI, w.r.t. violation of EIA Notification, 2006 and its amendments thereof? (Yes/No)	No
	Present stage and status of the project:	The mine received EC with the name of Sri J.N.Venkat vide Order no. SEIAA/AP/PKM-19/2012 Dt: 09.01.2013 CFE Order No. P-139/PCB/ZO-VJA/CFE/2013 Dt: 26.04.2013 in the

		<p>name of J.N. Venkat- Production capacity -7900 TPA.</p> <p>Received CFO vide Order No. P-256/APPCB/ZO-VJA/CFO/W&A/2015</p> <p>Dt: 03.08.2017 with the name of Jaishree Industries Limited.</p> <p>Working mine.</p> <p>Now proposing for expansion of production capacity from 7900 TPA-71,166 TPA</p>
18	Name of the Consultant:	SV Enviro Labs & Consultants, Visakhapatnam

JAISHREE INDUSTRIES LIMITED

AN ISO 9001 : 2000 COMPANY

Exporter, Mines Owner & Processors of All Colours of Granites, Quartz Powder & Lumps
Survey No. 555-558, N.H.-5, **Bogole (V & M)**, Nellore District - 524 124, A.P. (INDIA).

Cell : +91-98667 15925

96030 75711

Fax : +91-8592-276555

E-mail : jaishree_ongole@yahoo.com

Date: 29.01.2018

To,
The Member Secretary,
State Level Environmental Impact
Assessment Authority (SEIAA)-AP,
C/o. AP Pollution Control Board,
Vijayawada

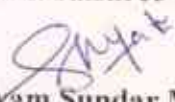

Sir,

Sub:	M/s. Jaishree Industries Limited -SEIAA, AP- Intimation of the Authorized Signatory - Reg.
Ref:	Amendments to EIA-2006 notification issued vide S.O.3067 (E) dt. 01.12.2009 by MoE&F, GOI. And notification dated 16-01-2016 on cluster of mines.

With reference to the above subject, it is to inform that the mine M/s. Jaishree Industries Limited proponent **Sri Syam Sundar Maheswari** hereby authorized **Sri Akula Narendra** to make all necessary correspondence with the SEAC, AP & SEIAA, A.P. on behalf of the proponent for obtaining the Environmental Clearance for the project proposed at Sy.No.1, Vaggumpalli Village, Pamuru Mandal, Prakasam District, Andhra Pradesh.

Yours Faithfully
For M/s. Jaishree Industries Limited

Sri Syam Sundar Maheswari
Managing Director

Authorized Signatory
For M/s. Jaishree Industries Limited

Akula Narendra

(IV) Proposed Terms of Reference for EIA studies:

"I hereby given undertaking that the data and information given in the application and enclosures are true to the best of my knowledge and belief and I am aware that if any part of the data and information submitted is found to be false or misleading at any stage, the project will be rejected and clearance give, if any to the project will be revoked at our risk and cost.

Date: **29.01.2018**

Place: Prakasam

Sri Syam Sundar Maheswari
Authorized Signatory

Note:

1. The projects involving clearance under Coastal Regulation Zone Notification, 1991 shall submit with the application a C.R.Z map duly demarcated by one of the authorized agencies, showing the project activities, w.r.t. C.R.Z (at the stage of TOR) and the recommendations of the State Coastal Zone Management Authority (at the state of EC). Simultaneous action shall also be taken to obtain the requisite clearance under the provisions of the C.R.Z Notification, 1991 for the activities to be located in the CRZ.
2. The projects to be located within 10 km of the National Parks, Sanctuaries, Biosphere Reserves, Migratory Corridors of Wild Animals, the project proponent shall submit the map duly authenticated by Chief Wildlife Warden showing these features vis-a-vis the project location and the recommendations or comments of the Chief Wildlife Warden thereon (at the state of EC)."
3. All correspondence with the Ministry of Environment & Forests including submission of application for TOR/Environmental Clearance, subsequent clarifications, as may be required from time to time, participation the EAC Meeting on behalf of the project proponent shall be made by the authorized signatory only. The authorized signatory should also submit a document in support of his claim of being an authorized signatory for the specific project."
