Agenda of 165th Meeting of SEIAA, Odisha held on 30.04.2024 & 02.05.2024

PARIVESH 2.0, AGENDA No.165.13	
Proposal No.	SIA/OR/IND2/467213/2024
Date of application	24.03.2024
State file no.	25914/378-IND2/04-2018
Project Type	Transfer of EC
Category	B2
Project/Activity including Schedule No.	5(g) Distilleries
Name of the Project	Proposal for transfer of EC of production of 1.080 KLD Mahua Flower Based Country Liquor Manufacturing Unit, Sirabahal Main Out Still Liquor Shop, at Village-Sirabahal, Tahasil-Tusura, District- Balangir of Sri. Bholanath Sahoo
Name of the company/Organization	Sri Balajee
Location of Project	Village-Sirabahal, Tahasil-Tusura, District-Balangir
<p>1. Proposal in brief: The highlights of the proposal as ascertained from the application and as revealed from proceedings/discussion held during the meeting of SEIAA, are given as under.</p> <ul style="list-style-type: none"> (i) This is a proposal Transfer of EC of production of 1.080 KLD Mahua Flower Based Country Liquor Manufacturing Unit, Sirabahal Main Out Still Liquor Shop, at Village-Sirabahal, Tahasil-Tusura, District- Balangir. (ii) Documents submitted: Application in Form-7, earlier EC copy, forwarding letter, Status of unit. (iii) The EC of production of 1.080 KLD Mahua Flower Based Country Liquor Manufacturing Unit, Sirabahal Main Out Still Liquor Shop, at Village-Sirabahal, Tahasil-Tusura, District-Balangir was in favour of Sri Bholanath Sahoo vide SEIAA letter no./Identification No. 5452/SEIAA dt. 28.07.2018. (iv) Excise license no. 06/2019/0045 has been issued by Superintendent of Excise, Bolangir on 05.04.2023 and valid upto 31.03.2024 in favour of Sri Bala Jee. (v) Present status of unit- working (vi) Whether submitted KML file-Yes (vii) The project proponent applied proposal for transfer of EC from the name Sri Bholanath Sahoo to Sri Balajee but there is no approval letter from any competent authority. (viii) Any deficiencies/omission have been noticed in the above documents-There is no approval letter from any competent authority for transfer of EC except affidavit and also there is no valid excise license in his favour. 	
2. Whether SEAC recommended the proposal – N/A	
<u>Decision of Authority:</u>	

Agenda of 165th Meeting of SEIAA, Odisha held on 30.04.2024 & 02.05.2024

PARIVESH 2.0, AGENDA No.165.14	
Proposal No.	SIA/OR/MIN/458099/2024
Date of application	10.01.2024
File no.	458099/02-MIN/01-2024
Project Type	Proposal for Extension of Validity of EC
Category	B1
Project/Activity including Schedule No.	1(a) Mining of minerals
Name of the Project	Proposal for extension of Nuapada Decorative Stone Mine over an area of 8.575 Ha. Located at Plot No. 74/P & 237/P, Khata No. 203, At/Po- Nuapada, Tahasil- Bhawanipatna, District- Kalahandi, Odisha of Sri Harendra Kumar Pattnaik
Name of the company/Organization	Sri Harendra Kumar Pattnaik
Location of Project	At/PO-Nuapada, Tahasil- Bhawanipatna, District- Kalahandi, Odisha

1. Proposal in brief:

The highlights of the proposal as ascertained from the application and as revealed from proceedings/discussion held during the meeting of SEAC/SEIAA, are given as under.

- (i) This is a proposal for extension of validity of EC Nuapada Decorative Stone Mine over an area of 8.575 Ha. Located at Plot No. 74/P & 237/P, Khata No. 203, At/Po-Nuapada, Tahasil-Bhawanipatna, District- Kalahandi, Odisha.
- (ii) The project proponent has obtained EC from SEIAA, Odisha vide EC letter no. EC Identification No. – 4234/SEIAA dt. 17.08.2015 for Nuapada Decorative Stone Mine over an area of 8.575 Ha. Located at Plot No. 74/P & 237/P, Khata No. 203, At/PO- Nuapada, Tahasil-Bhawanipatna, District- Kalahandi, Odisha.
- (iii) CTE for SPCB vide letter no. 23 dt. 02.01.2017
- (iv) The PP has mentioned that the lease renewal application was rejected wrongly vide no. 9639/S&M, Bhubaneswar, Dtd. 10.11.2020 which was set-aside by the Hon'ble High Court vide W.P.(C) 32467 of 2021 since the lease was not in working condition due to the rejection order renewal of CTO was not applicable. Accordingly, the subject mine was not in working condition after obtaining the EC vice Letter No. SEIAA/4234, Dtd. 17.08.2015 which is subsisting as per the Office Memorandum F. No. 1A3-22/28/2022-1A.111 (E 181584), Dtd. 13.12.2022
- (v) Mining Plan was approved vide letter 1308 dt. 16.02.2015 by Director of Mines, Odisha, BBSR.
- (vi) Lease agreement made dt 06.08.2002 for 10 years
- (vii) Category: As per the EIA Notification dated 14th September 2006 and its subsequent amendments the proposed project falls under category B of Schedule in item 1 (a) – mining of minerals.
- (viii) Location and connectivity: The project area is located at Plot No. 74/P & 237/P, Khata No. 203, At/PO-Nuapada, Tahasil- Bhawanipatna, Dist-Kalahandi. The geographical co-ordinates of centre of project site are Latitude: 20° 09' 85" N To 20° 10' 02" N Longitude: 83° 01' 28" E To 83° 01' 28" E. Toposheet No: 64P/4, Kisam- Abad Ajogya Anabadi.
- (ix) The project is not located within Eco-Sensitive Zone (ESZ) or Eco-Sensitive Area (ESA) notified by the MoEF&CC. The nearest Wildlife Sanctuary is Karlapat Wildlife Sanctuary- 27.8 Km.
- (x) Total Reserves Production: The total Geological Reserves for the ML area is 1,629,500Cum, Mineable Reserves for the ML area is 933,500Cum.

Agenda of 165th Meeting of SEIAA, Odisha held on 30.04.2024 & 02.05.2024

<p>(xi) Water requirement: About 5KLD of water will be required in the mine for domestic and non-domestic purpose.</p> <p>(xii) Solid waste generation: A total waste of 30,664m³ or 36,797m³ (swollen) waste/rejects will be generated during the conceptual period.</p> <p>(xiii) Mitigation of solid waste produced: The waste rejects will be dumped over an area of 4,530m² at 8.5m height (approx).</p> <p>(xiv) Greenbelt Development: They have proposed for afforestation program of 240 saplings in the safety zone over an area of 1,500sq.m.</p> <p>(xv) Total Employment: A total of 37 nos. of people will be employed in the mine.</p> <p>(xvi) Project Cost: The total project cost is 1.5 Crores. The Capital cost allocated for implementation of EMP is 5 Lakhs.</p> <p>(xvii) Environment Consultant: The Environment consultant M/s. Green Circle, INC., Vadodara, along with the proponent made a presentation on the proposal before the Committee.</p> <p>(xviii) Any deficiencies/omission have been noticed in the above documents- Nil</p>
<p>2. Whether SEAC recommended the proposal – The proposal was placed in the SEAC meeting held on 03.02.2024 and considering the information furnished and the presentation made by the consultant M/s Green Circle, INC., Vadodara along with the project proponent, the SEAC decided to take decision on the proposal after receipt of the following from the proponent:</p> <p>i) Copy of Environmental Clearance, Mining Plan and lease documents showing the project proponent is the rightful lessee and validity period of lease.</p>
<p style="text-align: center;"><u>Decision of Authority</u></p>

Agenda of 165th Meeting of SEIAA, Odisha held on 30.04.2024 & 02.05.2024

PARIVESH 2.0, AGENDA No.165.15	
Proposal No.	SIA/OR/MIN/461121/2024
Date of application	06.02.2024
File no.	461121/36-MIN/02-2024
Project Type	Proposal for Amendment of EC
Category	B2
Project/Activity including Schedule No.	1(a) Mining of minerals
Name of the Project	Proposal for Amendment of EC of Badanagena Sand Quarry Over an area of 12.20 acre or 4.937 Ha under Dhenkanal Tahasil of Dhenkanal District, Odisha
Name of the company/Organization	Sri Bijay Kumar Sahoo
Location of Project	Dhenkanal Tahasil of Dhenkanal District, Odisha

1. Proposal in brief:

The highlights of the proposal as ascertained from the application and as revealed from proceedings/discussion held during the meeting of SEAC/SEIAA, are given as under.

- (i) This is a proposal for amendment of EC Badanagena Sand Quarry Over an area of 12.20 acre or 4.937 Ha under Dhenkanal Tahasil of Dhenkanal District, Odisha.
- (ii) The project proponent has obtained EC from SEIAA, Odisha vide EC letter no. EC Identification No. – EC22B001OR110806 dt. 07.09.2022 for Badanagena Sand Quarry Over an area of 12.20 acre or 4.937 Ha under Dhenkanal Tahasil of Dhenkanal District, Odisha.
- (iii) During EC application the PP has submitted required documents along with mining plan where it is mentioned that mineable reserve of the proposed sand was 28026 cum with depth of sand deposition was 1.5 meter and proposed for annual extraction-28026 cum.
- (iv) The SEIAA allowed the production quantity of sand 5600 cum for the 1st year lease period with depth of mining 0.6 meter.
- (v) There is an EC conditions point no. 7.1 to 7.2 in page no. 04 that “Pending carrying out of the study & submission of the report, this clearance is being granted in an adhoc manner and is liable to be revoked after one year i.e. after November 2022, if satisfactory replenishment study report is not submitted.”
- (vi) The PP has not mentioned the quantity of sand has been extracted from the source.
- (vii) The replenishment study was done by GEOIMAGE SYSTEMS (P) LTD the ORSAC empanel agency with mentioned that the Pre-Monsoon reserve is 36402 cum and post moon-soon reserve is 50889 cum and quantity of sand replenished is 14487 cum and proposed production is **28026 cum/annum**.
- (viii) Any deficiencies/omission have been noticed in the above documents- Nil

2. Whether SEAC recommended the proposal – The proposal was placed in the SEAC meeting held on 27.02.2024 and the SEAC decided to recommend the proposal as per the replenishment study report submitted. The replenished volume of sand is **14487cum** which is recommended for extraction for next year subjected to approval of Modified Mining Plan from competent authority of Mining & Geology Department, Odisha. However, EC shall be granted after submission of EC Compliance report of previous EC conditions.

Decision of Authority

Agenda of 165th Meeting of SEIAA, Odisha held on 30.04.2024 & 02.05.2024

PARIVESH 2.0, AGENDA No.165.16	
Proposal No.	SIA/OR/MIN/463477/2024
Date of application	20.02.2024
File no.	463477/61-MIN/02-2024
Project Type	Proposal for Amendment of EC
Category	B2
Project/Activity including Schedule No.	1(a) Mining of minerals
Name of the Project	Proposal for Amendment of EC of Boragam Sand Quarry over an area of 3.65 Acres or 1.477 Hectares bearing Khata No. 726, Plot No. 154 in Village Boragam under Tahasil Kodinga of District Nabarangpur, State Odisha.
Name of the company/Organization	Sri Padman Kumar Bisol
Location of Project	Village Boragam under Tahasil Kodinga of District Nabarangpur, State Odisha

1. Proposal in brief:

The highlights of the proposal as ascertained from the application and as revealed from proceedings/discussion held during the meeting of SEAC/SEIAA, are given as under.

- (i) This is a proposal for amendment of EC of Boragam Sand Quarry over an area of 3.65 Acres or 1.477 Hectares bearing Khata No. 726, Plot No. 154 in Village Boragam under Tahasil Kodinga of District Nabarangpur, State Odisha.
- (ii) The project proponent has obtained EC from SEIAA, Odisha vide EC letter no. EC Identification No. – 10328/SEIAA dt. 17.12.2020 for Boragam Sand Quarry over an area of 3.65 Acres or 1.477 Hectares bearing Khata No. 726, Plot No. 154 in Village Boragam under Tahasil Kodinga of District Nabarangpur, State Odisha.
- (iii) During EC application the PP has submitted required documents along with mining plan where it is mentioned that mineable reserve of the proposed sand was 18650 cum with depth of sand deposition was 2.0 meter and proposed for annual extraction-18650 cum.
- (iv) The SEIAA allowed the production quantity of sand 18650 cum for the 1st year lease period with depth of mining 2.0 meter.
- (v) There is an EC conditions point no. 9.1 to 9.2 in page no. 03 that “Pending carrying out of the study & submission of the report, this clearance is being granted in an adhoc manner and is liable to be revoked after one year i.e. after November 2021, if satisfactory replenishment study report is not submitted.”
- (vi) The PP has extracted 18650 cum of sand in 1st year, 18650 in 2nd year and 7650 cum in 3rd year till 1st Feb 2024.
- (vii) The replenishment study was done by M/s. Geocon Surveys Pvt. Ltd., the ORSAC empanel agency with mentioned that the Pre-Monsoon Standard Elevation = 543.77969460953 and Post-Monsoon Standard Elevation = 544.47969460953 and quantity of sand replenished is 13055 cum and proposed production is ___.
- (viii) Any deficiencies/omission have been noticed in the above documents- Nil

2. Whether SEAC recommended the proposal – The proposal was placed in the SEAC meeting held on 27.02.2024 and the SEAC observed that the Replenishment sand volume calculation is wrong. As per actual calculation the replenishment volume should be 6527.5 cum instead of 13055 cum. Hence the **proposal is not accepted.**

Decision of Authority

Agenda of 165th Meeting of SEIAA, Odisha held on 30.04.2024 & 02.05.2024

PARIVESH 2.0, AGENDA No.165.17	
Proposal No.	SIA/OR/MIN/463305/2024
Date of application	20.02.2024
File no.	463305/60-MIN/02-2024
Project Type	Proposal for Amendment of EC
Category	B2
Project/Activity including Schedule No.	1(a) Mining of minerals
Name of the Project	Proposal for Amendment of EC of Luninathi Sand Quarry over an area of 8.50 acres or 3.439 hectares having Khata No.-17 and Plot No.- 1539 in Village Luninathi, Tahasil Sanakhemundi, District Ganjam, State Odisha.
Name of the company/Organization	Sri Abhaya Kumar Nahak
Location of Project	Village Luninathi, Tahasil Sanakhemundi, District Ganjam, State Odisha

1. Proposal in brief:

The highlights of the proposal as ascertained from the application and as revealed from proceedings/discussion held during the meeting of SEAC/SEIAA, are given as under.

- (i) This is a proposal for amendment of EC of Luninathi Sand Quarry over an area of 8.50 acres or 3.439 hectares having Khata No.-17 and Plot No.- 1539 in Village Luninathi, Tahasil Sanakhemundi, District Ganjam, State Odisha.
- (ii) The project proponent has obtained EC from SEIAA, Odisha vide EC letter no. EC Identification No. – 9713/SEIAA dt. 15.11.2020 and EC transfer vide letter no. 3906/SEIAA dt. 28.01.2022 and EC amended on 15.02.2023 for Luninathi Sand Quarry over an area of 8.50 acres or 3.439 hectares having Khata No.-17 and Plot No.- 1539 in Village Luninathi, Tahasil Sanakhemundi, District Ganjam, State Odisha.
- (iii) During EC application the PP has submitted required documents along with mining plan where it is mentioned that mineable reserve of the proposed sand was 28188 cum with depth of sand deposition was 2.0 meter and proposed for annual extraction-5600 cum.
- (iv) The SEIAA allowed the production quantity of sand 5600 cum for the 1st year lease period with depth of mining 2.0 meter.
- (v) There is an EC conditions point no. 9.1 to 9.2 in page no. 03 that “Pending carrying out of the study & submission of the report, this clearance is being granted in an adhoc manner and is liable to be revoked after one year i.e. after December 2022, if satisfactory replenishment study report is not submitted.”
- (vi) In the amendment of EC the production quantity was allowed for 2nd year is 4400 cum
- (vii) The PP has extracted 1600 cum of sand in year 21-22, 5600 year-22-23 and 1446 cum in year-23-24.
- (viii) The replenishment study was done by M/s. Geocon Surveys Pvt. Ltd., the ORSAC empanel agency with mentioned that the Pre-Monsoon Standard Elevation = 59.55872416395 and Post-Monsoon Standard Elevation = 60.20872416395 and quantity of sand replenished is 18322 cum and proposed production is nil.
- (ix) Any deficiencies/omission have been noticed in the above documents-Not submitted compliance of amendment of EC condition in regard to deposition amount for plantation.

2. Whether SEAC recommended the proposal – The proposal was placed in the SEAC meeting held on 27.02.2024 and the SEAC observed that the Replenishment sand volume calculation is wrong. As per actual calculation the replenishment volume should be 9161.1 cum instead of 18322 cum. Hence the proposal is **not accepted**.

Decision of Authority

Agenda of 165th Meeting of SEIAA, Odisha held on 30.04.2024 & 02.05.2024

PARIVESH 2.0, AGENDA No.165.18	
Proposal No.	SIA/OR/MIN/463009/2024
Date of application	15.02.2024
File no.	463009/57-MIN/02-2024
Project Type	Proposal for Amendment of EC
Category	B1
Project/Activity including Schedule No.	1(a) Mining of minerals
Name of the Project	Proposal for Amendment of EC of Pakidi Sand Bed over an area of 28.720 Acres or 11.623 Hectares bearing Khata No.- 507 and Plot No.- 01 in Village Pakidi, Tahasil Sheragada, District Ganjam, State Odisha.
Name of the company/Organization	Sri Sudhanidhi Choudhury
Location of Project	Village Pakidi, Tahasil Sheragada, District Ganjam, State Odisha

1. Proposal in brief:

The highlights of the proposal as ascertained from the application and as revealed from proceedings/discussion held during the meeting of SEAC/SEIAA, are given as under.

- (i) This is a proposal for amendment of EC of Pakidi Sand Bed over an area of 28.720 Acres or 11.623 Hectares bearing Khata No.- 507 and Plot No.- 01 in Village Pakidi, Tahasil Sheragada, District Ganjam, State Odisha a.
- (ii) The project proponent has obtained EC from SEIAA, Odisha vide EC letter no. EC Identification No. – EC22B001OR110145 dt. 08.02.2022 and EC amended on 15.02.2023 for Pakidi Sand Bed over an area of 28.720 Acres or 11.623 Hectares bearing Khata No.- 507 and Plot No.- 01 in Village Pakidi, Tahasil Sheragada, District Ganjam, State Odisha.
- (iii) During EC application the PP has submitted required documents along with mining plan where it is mentioned that mineable reserve of the proposed sand was 276450 cum with depth of sand deposition was 3.0 meter and proposed for annual extraction-18000 cum.
- (iv) The SEIAA allowed the production quantity of sand 18000 cum for the 1st year lease period with depth of mining 1.5 meter.
- (v) There is an EC conditions point no. 7.1 to 7.2 in page no. 03 that “Pending carrying out of the study & submission of the report, this clearance is being granted in an adhoc manner and is liable to be revoked after one year i.e. after December 2023, if satisfactory replenishment study report is not submitted.”
- (vi) In the amendment of EC the production quantity was allowed for 2nd year is 18000 cum based on the ARRS report.
- (vii) The PP has extracted 18000 cum of sand in year 21-22, 15000 year-22-23
- (viii) The replenishment study was done by M/s. Geocon Surveys Pvt. Ltd. , the ORSAC empanel agency with mentioned that the Pre-Monsoon Standard Elevation = 31.70345734490 and Post-Monsoon Standard Elevation = 32.90345734490 and quantity of sand replenished is 331740 cum and proposed production is nil.
- (ix) Any deficiencies/omission have been noticed in the above documents- Nil.

2. Whether SEAC recommended the proposal – The proposal was placed in the SEAC meeting held on 27.02.2024 and the SEAC observed that Replenishment study report interpretation appears to be erroneous. **Hence not accepted.**

3. WPC No. 7227 of 2024 filed by Pitabas Prusty Vrs State of Odisha & Ors regarding Pakidi Sand Quarry.

Decision of Authority

Agenda of 165th Meeting of SEIAA, Odisha held on 30.04.2024 & 02.05.2024

PARIVESH 2.0, AGENDA No.165.19	
Proposal No.	SIA/OR/MIN/462742/2024
Date of application	14.02.2024
File no.	462742/55-MIN/02-2024
Project Type	Proposal for Amendment of EC
Category	B2
Project/Activity including Schedule No.	1(a) Mining of minerals
Name of the Project	Proposal for Amendment of EC of Kutumdola Sand Quarry Over an Area of 8.00 Acres or 3.237 Hectares in village Kutumdola Under Balangir Tahasil of Balangir District.
Name of the company/Organization	Sri Kailas Chandra Singh Deo
Location of Project	village Kutumdola Under Balangir Tahasil of Balangir District

1. Proposal in brief:

The highlights of the proposal as ascertained from the application and as revealed from proceedings/discussion held during the meeting of SEAC/SEIAA, are given as under.

- (i) This is a proposal for amendment of EC of Kutumdola Sand Quarry Over an Area of 8.00 Acres or 3.237 Hectares in village Kutumdola Under Balangir Tahasil of Balangir District.
- (ii) The project proponent has obtained EC from SEIAA, Odisha vide EC letter no. EC Identification No. – 9717/SEIAA dt. 25.11.2020 and EC transfer vide letter no.4394/SEIAA dt.27.04.2022 for Kutumdola Sand Quarry Over an Area of 8.00 Acres or 3.237 Hectares in village Kutumdola Under Balangir Tahasil of Balangir District.
- (iii) During EC application the PP has submitted required documents along with mining plan where it is mentioned that mineable reserve of the proposed sand was 24325 cum with depth of sand deposition was 1.0 meter and proposed for annual extraction-4000 cum.
- (iv) The SEIAA allowed the production quantity of sand 4000 cum for the 1st year lease period with depth of mining 1.0 meter.
- (v) There is an EC conditions point no. 9.1 to 9.2 in page no. 03 that “Pending carrying out of the study & submission of the report, this clearance is being granted in an adhoc manner and is liable to be revoked after one year i.e. after November 2021, if satisfactory replenishment study report is not submitted.”
- (vi) The PP has extracted 4000 cum of sand has been extracted from the source.
- (vii) The replenishment study was done by M/sAreal Construction & Geo-India Services, the ORSAC empanel agency with mentioned that the Pre-Monsoon Standard Elevation = 167.3734 and Post-Monsoon Standard Elevation = 168.876 and quantity of sand replenished is 16393.366 cum and proposed production is 4000 cum.
- (viii) Any deficiencies/omission have been noticed in the above documents- A bridge passing over the middle of the proposed quarry .

2. Whether SEAC recommended the proposal – The proposal was placed in the SEAC meeting held on 27.02.2024 and the SEAC observed the following:

- i. Lease area-3.237Ha. The lease area lies at both sides of river bridge covering 186m in u/s and 196m in d/s. River width at bridge site is 167m.
- ii. As per guidelines 500m. no mining zone to be provided at bridge site. Considering safety of bridge the impact of the mining adjacent to the bridge may not be feasible as whole lease area falls under the safety zone kept for river bridge, as per MoEF guidelines.

Hence the proposal is rejected.

Decision of Authority

Agenda of 165th Meeting of SEIAA, Odisha held on 30.04.2024 & 02.05.2024

PARIVESH 2.0, AGENDA No.165.20	
Proposal No.	SIA/OR/MIN/462660/2024
Date of application	13.02.2024
File no.	462660/53-MIN/02-2024
Project Type	Proposal for Amendment of EC
Category	B2
Project/Activity including Schedule No.	1(a) Mining of minerals
Name of the Project	Proposal for Amendment of EC of Gopalpursasan Sand Quarry over an area of 12.344 Acres or 4.996 Hectares bearing Khata no.271 and Plot No.1501 in Gopalpursasan Village under Surada Tahasil of Ganjam District, State Odisha.
Name of the company/Organization	Sri Borkul Dora
Location of Project	Gopalpursasan Village under Surada Tahasil of Ganjam District, State Odisha.

1. Proposal in brief:

The highlights of the proposal as ascertained from the application and as revealed from proceedings/discussion held during the meeting of SEAC/SEIAA, are given as under.

- (i) This is a proposal for amendment of EC of Gopalpursasan Sand Quarry over an area of 12.344 Acres or 4.996 Hectares bearing Khata no.271 and Plot No.1501 in Gopalpursasan Village under Surada Tahasil of Ganjam District, State Odisha.
- (ii) The project proponent has obtained EC from SEIAA, Odisha vide EC letter no. EC Identification No. – EC22B001OR192726 dt. 31.03.2022 for Gopalpursasan Sand Quarry over an area of 12.344 Acres or 4.996 Hectares bearing Khata no.271 and Plot No.1501 in Gopalpursasan Village under Surada Tahasil of Ganjam District, State Odisha.
- (iii) During EC application the PP has submitted required documents along with mining plan where it is mentioned that mineable reserve of the proposed sand was 46328 cum with depth of sand deposition was 1.5 meter and proposed for annual extraction-10800 cum.
- (iv) The SEIAA allowed the production quantity of sand 7500 cum for the 1st year lease period with depth of mining 0.7 meter.
- (v) There is an EC conditions point no. 7.1 to 7.2 in page no. 04 that “Pending carrying out of the study & submission of the report, this clearance is being granted in an adhoc manner and is liable to be revoked after one year i.e. after November 2022, if satisfactory replenishment study report is not submitted.”
- (vi) Amendment of EC was issued for the said source with allowing 2nd year production 1875 cum (i.e. 25% of the 1st year production.)
- (vii) The PP has extracted 6613 cum of sand for the year 2022-23, and 900 cum in the year 2023-24 from the source.
- (viii) The replenishment study was done by M/s. Geocon Surveys Pvt. Ltd., the ORSAC empanel agency with mentioned that the Pre-Monsoon Standard Elevation = 82.38268309865 and Post-Monsoon Standard Elevation = 83.11268309865 and quantity of sand replenished is 33819 cum and proposed production is **10800 cum**.
- (ix) Any deficiencies/omission have been noticed in the above documents- Nil

2. Whether SEAC recommended the proposal – The proposal was placed in the SEAC meeting held on 27.02.2024 and the SEAC decided to recommend the proposal as per the replenishment study report submitted. The replenished volume of sand is **33819cum** which is recommended for extraction for next year subjected to approval of Modified Mining Plan from competent authority of Mining & Geology Department, Odisha. Under no circumstances the natural water course shall

Proposal No.	SIA/OR/MIN/462441/2024
Date of application	12.02.2024
File no.	462441/49-MIN/02-2024
Project Type	Proposal for Amendment of EC
Category	B2
Project/Activity including Schedule No.	1(a) Mining of minerals
Name of the Project	Proposal for Amendment of EC of Telipalas Sand Bed over an area of 12.355 Acres or 5.00 Hectares in village Telipalas under Dharmagarh tahasil of Kalahandi district.
Name of the company/Organization	Sri Sanjaya Kumar Mathur
Location of Project	village Telipalas under Dharmagarh tahasil of Kalahandi district

1. Proposal in brief:

The highlights of the proposal as ascertained from the application and as revealed from proceedings/discussion held during the meeting of SEAC/SEIAA, are given as under.

- (i) This is a proposal for amendment of EC of Telipalas Sand Bed over an area of 12.355 Acres or 5.00 Hectares in village Telipalas under Dharmagarh tahasil of Kalahandi district.
- (ii) The project proponent has obtained EC from SEIAA, Odisha vide EC letter no. EC Identification No. – 2526/SEIAA dt. 04.09.2021 for Telipalas Sand Bed over an area of 12.355 Acres or 5.00 Hectares in village Telipalas under Dharmagarh tahasil of Kalahandi district.
- (iii) During EC application the PP has submitted required documents along with mining plan where it is mentioned that mineable reserve of the proposed sand was 22650 cum with depth of sand deposition was 1.2 meter and proposed for annual extraction-2006 cum.
- (iv) The SEIAA allowed the production quantity of sand 2000 cum for the 1st year lease period with depth of mining 0.5 meter.
- (v) There is an EC conditions point no. 9.1 to 9.2 in page no. 03 that “Pending carrying out of the study & submission of the report, this clearance is being granted in an adhoc manner and is liable to be revoked after one year i.e. after October 2022, if satisfactory replenishment study report is not submitted.”
- (vi) The PP has extracted 2000 cum of sand from the source in 1st year.
- (vii) The replenishment study was done by the M/s. Areal Constructions &. Geo -India Services, the ORSAC empanel agency with mentioned that the Pre-Monsoon Standard Elevation = 230.4071 and Post-Monsoon Standard Elevation = 232.9437 and quantity of sand replenished is 83774 cum and proposed production is **50264 cum**.
- (viii) Any deficiencies/omission have been noticed in the above documents- Nil

2. Whether SEAC recommended the proposal – The proposal was placed in the SEAC meeting held on 27.02.2024 and the SEAC decided to recommend the proposal as per the replenishment study report submitted. The replenished volume of sand is **83774.7536 cum** which is recommended for extraction for next year subjected to approval of Modified Mining Plan from competent authority of Mining & Geology Department, Odisha. Under no circumstances the natural water course shall be disturbed.

PARIVESH 2.0, AGENDA No.165.24	
Proposal No.	SIA/OR/MIN/462303/2024
Date of application	12.02.2024
File no.	462303/47-MIN/02-2024
Project Type	Proposal for Amendment of EC
Category	B2
Project/Activity including Schedule No.	1(a) Mining of minerals
Name of the Project	Proposal for Amendment of EC of Baidyanath Sand Bed Over an Area of 12.355 Acres or 5.00 hectares in Village Baidyanath under Sonapur Tahasil of Subarnapur District.
Name of the company/Organization	Sri Snigdha Pujahari
Location of Project	Village Baidyanath under Sonapur Tahasil of Subarnapur District

1. Proposal in brief:

The highlights of the proposal as ascertained from the application and as revealed from proceedings/discussion held during the meeting of SEAC/SEIAA, are given as under.

- (i) This is a proposal for amendment of EC of Baidyanath Sand Bed Over an Area of 12.355 Acres or 5.00 hectares in Village Baidyanath under Sonapur Tahasil of Subarnapur District.
- (ii) The project proponent has obtained EC from SEIAA, Odisha vide EC letter no. EC Identification No. – EC22B001OR176352 dt. 01.02.2022 & EC transfer vide letter 4383/SEIAA dt. 27.04.2022 for Baidyanath Sand Bed Over an Area of 12.355 Acres or 5.00 hectares in Village Baidyanath under Sonapur Tahasil of Subarnapur District.
- (iii) During EC application the PP has submitted required documents along with mining plan where it is mentioned that mineable reserve of the proposed sand was 34725 cum with depth of sand deposition was 1.0 meter and proposed for annual extraction-5000 cum.
- (iv) The SEIAA allowed the production quantity of sand 5000 cum for the 1st year lease period with depth of mining 0.5 meter.
- (v) There is an EC conditions point no. 7.1 to 7.2 in page no. 03 that “Pending carrying out of the study & submission of the report, this clearance is being granted in an adhoc manner and is liable to be revoked after one year i.e. after November 2022, if satisfactory replenishment study report is not submitted.”
- (vi) The PP has extracted 5000 cum of sand from the source in 1st year.
- (vii) The replenishment study was done by the M/s. Areal Constructions & Geo -India Services, the ORSAC empanel agency with mentioned that the Pre-Monsoon Standard Elevation = 122.7705452 and Post-Monsoon Standard Elevation = 123.5515495 and quantity of sand replenished is 19478 cum and proposed production is **11686 cum**.
- (viii) Any deficiencies/omission have been noticed in the above documents- Nil

2. Whether SEAC recommended the proposal – The proposal was placed in the SEAC meeting held on 27.02.2024 and the SEAC decided to recommend the proposal as per the replenishment study report submitted. The replenished volume of sand is **19478.25 cum** which is recommended for extraction for next year subjected to approval of Modified Mining Plan from competent authority of Mining & Geology Department, Odisha..

Project Type	Proposal for Amendment of EC
Category	B2
Project/Activity including Schedule No.	1(a) Mining of minerals
Name of the Project	Proposal for Amendment of EC of Sargunamunda-B Sand Quarry over an area of 10.00 Acre or 4.048 Hectares in village Sargunamunda under Titlagarh tahasil of Balangir district.
Name of the company/Organization	Sri. Rasmi Ranjan Patra
Location of Project	village Sargunamunda under Titlagarh tahasil of Balangir district.

1. Proposal in brief:

The highlights of the proposal as ascertained from the application and as revealed from proceedings/discussion held during the meeting of SEAC/SEIAA, are given as under.

- (i) This is a proposal for amendment of EC of Sargunamunda-B Sand Quarry over an area of 10.00 Acre or 4.048 Hectares in village Sargunamunda under Titlagarh tahasil of Balangir district.
- (ii) The project proponent has obtained EC from SEIAA, Odisha vide EC letter no. EC Identification No. – EC22B001OR110127 dt. 07.06.2022 for Sargunamunda-B Sand Quarry over an area of 10.00 Acre or 4.048 Hectares in village Sargunamunda under Titlagarh tahasil of Balangir district.
- (iii) During EC application the PP has submitted required documents along with mining plan where it is mentioned that mineable reserve of the proposed sand was 33919 cum with depth of sand deposition was 1.5 meter and proposed for annual extraction-3000 cum.
- (iv) The SEIAA allowed the production quantity of sand 3000 cum for the 1st year lease period with depth of mining 0.75 meter.
- (v) There is an EC conditions point no. 9.1 to 9.2 in page no. 03 that “Pending carrying out of the study & submission of the report, this clearance is being granted in an adhoc manner and is liable to be revoked after one year i.e. after November 2022, if satisfactory replenishment study report is not submitted.”
- (vi) The PP has not submitted the quantity of sand extracted from the source. .
- (vii) The replenishment study was done by the M/s. Areal Constructions & Geo -India Services, the ORSAC empanel agency with mentioned that the Pre-Monsoon Standard Elevation = 184.0437 and Post-Monsoon Standard Elevation = 185.9405 and quantity of sand replenished is 59981 cum and proposed production is **35989 cum**.
- (viii) Any deficiencies/omission have been noticed in the above documents- Nil

2. Whether SEAC recommended the proposal – The proposal was placed in the SEAC meeting held on 27.02.2024 and the SEAC decided to recommend the proposal as per the replenishment study report submitted. The replenished volume of sand is **59981.9753cum** which is recommended for extraction for next year subjected to approval of Modified Mining Plan from competent authority of Mining & Geology Department, Odisha. Under no circumstances the natural water course shall be disturbed and barring restricted areas like structures if any.

Decision of Authority

Agenda of 165th Meeting of SEIAA, Odisha held on 30.04.2024 & 02.05.2024

PARIVESH 1.0, AGENDA No.165.28	
Proposal No.	SIA/OR/MIN/401915/2022
Date of application	12.01.2023
File no.	401915/789-MINB1/01-2023
Project Type	New proposal for EC
Category	B1
Project/Activity including Schedule No.	1(a) Mining of minerals
Name of the Project	Proposal for EC of Semelia Stone Quarry over an area of 10.117 ha. This project is located at village of Semelia, Tahasil-Lakhanpur, District-Jharsuguda, State Odisha
Name of the company/Organization	Sri Satyendra Kumar Chandra Maa Parthivii Traders
Location of Project	village of Semelia, Tahasil-Lakhanpur, District- Jharsuguda, State Odisha
ToR Date	26.07.2021
Name of the Consultant	M/s. P & M Solution Pvt. Ltd.

Proposal in brief: The highlights of the proposal as ascertained from the application and as revealed from proceedings/discussion held during the meeting of SEAC/SEIAA, are given as under.

1. This proposal is for Environmental Clearance of M/s. Maa Parthibi Traders for Semelia Stone Quarry over an area of 10.117 ha for production of 11,400 c.um/annum at Khata no. 01, Plot no. 1195 (P) & 1196 (P), village - Semelia, Tahasil- Lakhanpur, District- Jharsuguda of Sri Satyendra Kumar Chandra.
2. **Category:** As per the EIA notification 2006 and its subsequent amendment, proposed project fall in category B schedule 1(a)-Mining of Minerals.
3. **Project details:** This is a new Stone Quarry over an area of 10.117ha and not coming under DLC land that is certified from the concerned DFO. For the production of 11,400 Cum per year for a period of Concession of 5 years the mining Plan for the Proposed Project has been approved by Deputy Director of Geology Authorized officer, O/o Joint Director Geology, Zonal Survey, Sambalpur, Vide Letter No 624/ZS Dated 13.04.2021
4. The proposed mine lease has been granted to Tahasildar Lakhanpur. In turn, Semelia Stone Quarry area has been allotted to M/s Maa Parthivii Traders by the Tahasildar Lakhanpur, Jharsuguda, Odisha vide letter no 1643 dated 17.03.2020.
5. **TOR details:** Terms of Reference (TOR) has been prescribed by SEIAA, Odisha, vide letter no.1815/SEIAA for quarry dated 26.07.2021.
6. **Public hearing details:** The Public Hearing has been conducted on 12.07.2022 at Semelia Village Tehsil Lakhanpur in Jharsuguda District, of Odisha under the supervision of Addl. District Magistrate, Jharsuguda. The issues raised in public hearing are agriculture, threat to surface and ground water, development of school/college, proposal of check dam on river.
7. **Location and connectivity:** The proposed Semelia Stone Quarry comes under the village Semelia, Tehsil-Lakhanpur, District- Jharsuguda, in the State of Odisha on Khata No. – 01, Plot No. – 1195(P)& 1196(P), covered in the Survey of India Topo Sheet No. F44R6. Geographically the ML area extends from 83°26'42.16"Eto 84°26'53.42"E and 21°40'28.93"N to 21°40'39.30"N. with a highest elevation of 195mRL and the lowest elevation 189 mRL. Nearest Railway Station is Kotarlia Railway Station at a distance of 23.00 km in NE; Nearest Airport is Raipur Airport (Chhattisgarh) at 188 Km in NE; Nearest Highway is NH-200 is at a distance of 11.0 Km in N Direction; Nearest Sanctuary is Debrigarh Wild life Sanctuary is situated 8.2 kms in SE; nearest Reserve Forest is Holsari Dungri RF and Dechua RF are present with in the study at a distance of 8.0 Kms in SE ; Nearest Water Body is Mahanadhi River,

Agenda of 165th Meeting of SEIAA, Odisha held on 30.04.2024 & 02.05.2024

approx. 0.5Km. in S direction.

8. **Seismicity of Area:** The project site falls under seismic zone II which is a least active zone (MSK VIII). The IS code assigns zone factor of 0.24 for zone II as shown in the seismic zonal map of India.
9. **Topography and drainage:** The North –Western part of the district is mainly hilly. About 80 % of the area is characterized by isolated hillocks and rounds and undulating plains. A part of Hirakud reservoir occupying 185 sq. km is present in southern part of the district. The highest and lowest topographic elevation of the district are 474 metre and 193 metre respectively. The drainage of the district is controlled by the Mahanadi in the western part and IB river, a tributary of the Mahanadi in the central and eastern part. The drainage pattern is mainly dendritic and high drainage density is found in the western part of the district. The ML area is Stony Barren Land having with flat terrain. The highest elevation of the mine lease area is 195 mRL and minimum Elevation is 189 mRL. The proposed project does not impact natural drainage pattern of the area.
10. **Reserves:** Total Geological Reserves are estimated to be 1029344 Cu.m while Total Mineable Reserves are 486200.5 Cum

5 th year	X-X'	100	120	12000.0	600.0	11400
TOTAL				57000	2850	54150

The average production during plan period= **11400 m³**Per annum

11. **Mining Method:** Mining will be carried out by opencast semi-mechanized method without drilling & blasting. The proposed machinery that are deployed during mining activity are Excavator, Rock breaker, trucks/ tipper Water carrier etc. will be used by manual labors for sorting & sizing. In order to prevent haphazard excavation of pits and suitable blending of ore, the excavation has been proposed at one place. The excavated rock mass will be loaded in to 10 t capacity of trippers or truck by excavator. The development of the quarry will be carried out by benching pattern, the minimum height of the bench will be 2 mts. The overburden generated will be 5% of the excavated rock mass that is 2850 Cum. the waste generated will be disposed away from the lease area before the waste comes in contact with dam Water in monsoon.
12. **Waste generation:** About 540 Cum to 600 Cum of Waste will be generated every year (and about 2850 Cum of waste will be generated during the plan period. Temporary Dumps over an area of 0.020 ha has been proposed on the North-Eastern part of the lease area. The height of the dump shall not exceed 6 m. The amount of waste generated shall be kept within the lease area for a very short period of time and shall be used for road construction and maintenance from time to time each year.

13. **Water requirement:** Water requirement Total water requirement for the mining project is 6.7 or 7.0 KLD. This water will be supplied from the nearby village through hired tankers.

14. **Greenbelt:** About 881 no. of Plants will be planted in 0.551 Ha of the Safety zone, 610 No. of Plants will be planted in the unmined out area within the mine lease. 300 no. of plants on both sides of the approach road with 2mts spacing and 500 No. of plants within the nearby village will be planted in consultation with Forest Department and Village Local Authorities. About 2290 number of trees will be planted in first two years of the mining. Plantation will be done with suitable local species like Teak, Mango, Neem, Jammun, Jhaun etc after consultation with the local authorities.

Year	Total Plantation	Plantation in safety barrier zone and unmined out area (0.551 Ha+0.381 Ha=0.932Ha)	Plantation along approach road of length 0.3 km	Plantation in village consulting local authorities
1 st	1281	880	150	250

15. **Employment Potential:** Besides the direct and indirect employment to 27 persons, the company will provide vocational skill training to the unemployment youth of the neighbouring villages through outside agencies. Local villagers residing in the nearby villages shall be employed as semi-skilled workers.

16. **Project cost:** The estimated project cost is about Rs. 50 lakhs. About Rs. 1.0 lakh/annum has been kept under CER budget for development works in village. About Rs. 9.7 lakh (capital cost) & 5.5 lakh/annum has been allocated as EMP budget

S.No.	Particulars	Amount (Lakh)	
		Capital	Recurring
1	Dust Suppression	3.0	0.5
2	Plantation and its protection (@ Rs. 200/sapling including fencing)	4.6	1.6 (Rs 300/- per Person* 2 Persons for 270 Days)
3	Personal Protective Equipment (@ Rs. 2000/PPE kit)	0.5	0.5

Agenda of 165th Meeting of SEIAA, Odisha held on 30.04.2024 & 02.05.2024

4	Environmental Monitoring (Air, water, soil, noise)	-	1.2 (0.5 lakh, 0.4 lakh, 0.20 lakh, 0.10 lakh)
5	Garland drain & settling tank	1.0	0.5
6	Haul road construction/ maintenance (Approach road, approx. 0.3km)	0.6 (@ Rs 2.0 Lakh/km)	1.2 (@ Rs. 300*200 days* 2 labor)
	Total	9.7	5.5

Sl. No.	Activity	Capital Cost (in Rs.)
1.	Financial aid for the construction & maintenance of roof wall and painting of school of Semelia village	40,000
2.	Project Proponent will help Village Authorities of Semelia during constructing the check Dam	60,000
TOTAL		1,00,000

17. **Environment Consultant:** The Environment M/s **P & M Solution, Noida** along with the proponent made a presentation on the proposal before the Committee on 12.06.2023.

18. Any deficiencies/omission have been noticed in the above documents- In the KML file it appears that quarried are located in scatter matter.

2. Whether SEAC recommended the proposal-The proposal was placed in the SEAC meeting held on 20.11.2023 and the SEAC the SEAC recommended for grant of Environmental Clearance upto lease period with stipulated conditions as per **Annexure-B** and following additional conditions;

- i) An Undertaking by the lessee not to use wagon drilling blasting to be submitted. Accordingly, specific condition to be stipulated in EC of individual lease.
- ii) No storage and usage of blasting materials/explosives inside the lease area without license/permission/authorization from competent Authority as per Indian Explosives Rules, 1983 shall be ensured by the lessee. An undertaking to this effect shall be submitted by the lessee. Accordingly, specific condition to be stipulated in EC of individual lease.
- iii) An undertaking to obtain NOC from CGWA and permission from WR department, Govt. Of Odisha for use of ground water. Accordingly, specific condition to be stipulated in EC of individual lease.
- iv) The project proponent shall maintain periodic health check-up records of their employees and ensure use of face mask by workers in crushing and handling sections of the stone quarry for ensuring that working personnel are not affected by silicosis.
- v) The project proponent shall undertake re-grassing of the area or any other area which may have been disturbed due to their mining activities and restore the land to a condition which is fit for fodder, flora, fauna etc. after ceasing mining operation that is at the time of mine closure.
- vi) A condition on SOP for blasting and safety on management of flying rock to be implemented and detail risk and hazard management procedure
- vii) Haulage road shall be developed and maintained perennially and perpetually by the proponent in consultation with the concerned authority of the Govt.

Agenda of 165th Meeting of SEIAA, Odisha held on 30.04.2024 & 02.05.2024

3. The proposal was placed in the 156th SEIAA meeting held on 13.02.2024. The Authority perused the NOC issued by the Executive Engineer, Main Dam Division, Burla vide their letter no.933 dt. 27.01.2018 allowing quarrying from 01.02.20218 to 31.01.2023 which has been lapsed. Further, the NOC given with certain conditions as follows:

- 1) Debris or mock after lifting of stone should be deposited far away from Hirakud reservoir to prevent its re-entry.
- 2) Blasting operation or use of any type of explosives is totally prohibited
- 3) The environment of the area should be kept safe for people residing nearby villages.
- 4) Purpose for which permission is granted can not be altered for any other purposes.
- 5) No deed against the interest of public in any shape should be allowed.
- 6) The ecological balance should not be disturbed.
- 7) The permission so granted should be renewed one month before its expiry.
- 8) Necessary required no-objection certificate is to be obtained from SPCB, Odisha
- 9) In case of violation of the above conditions or any reason the authority has the right to cancel the permission at any time without any notice.

After detailed deliberation, the Authority decided that the PP is required to submit fresh NOC along with the undertaking on the above-mentioned conditions/ fresh conditions if any.

Now the PP has submitted the necessary documents for consideration of EC.

Decision of Authority:

Agenda of 165th Meeting of SEIAA, Odisha held on 30.04.2024 & 02.05.2024

PARIVESH 2.0, AGENDA No.165.29	
Proposal No.	SIA/OR/MIN/461071/2024
Date of application	05.02.2024
File no.	461071/35-MIN/02-2024
Project Type	Proposal for Amendment of EC
Category	B2
Project/Activity including Schedule No.	1(a) Mining of minerals
Name of the Project	Proposal for Amendment of EC of Sargunamunda Sand Quarry-A over an Area of 10.00 Acres or 4.048 Hectares in village Sargunamunda under Titlagarh tahasil in Balangir District.
Name of the company/Organization	Sri. Rajat Patra
Location of Project	village Sargunamunda under Titlagarh tahasil of Balangir district.

1. Proposal in brief:

The highlights of the proposal as ascertained from the application and as revealed from proceedings/discussion held during the meeting of SEAC/SEIAA, are given as under.

- (i) This is a proposal for amendment of EC of Sargunamunda-B Sand Quarry over an area of 10.00 Acre or 4.048 Hectares in village Sargunamunda under Titlagarh tahasil of Balangir district.
- (ii) The project proponent has obtained EC from SEIAA, Odisha vide EC letter no. EC Identification No. – EC22B001OR124646 dt. 03.06.2022 for Sargunamunda-B Sand Quarry over an area of 10.00 Acre or 4.048 Hectares in village Sargunamunda under Titlagarh tahasil of Balangir district.
- (iii) During EC application the PP has submitted required documents along with mining plan where it is mentioned that mineable reserve of the proposed sand was 30333 cum with depth of sand deposition was 1.5 meter and proposed for annual extraction-3000 cum.
- (iv) The SEIAA allowed the production quantity of sand 3000 cum for the 1st year lease period with depth of mining 0.75 meter.
- (v) There is an EC conditions point no. 7.1 to 7.2 in page no. 04 that “Pending carrying out of the study & submission of the report, this clearance is being granted in an adhoc manner and is liable to be revoked after one year i.e. after November 2022, if satisfactory replenishment study report is not submitted.”
- (vi) The PP has not submitted the quantity of sand extracted from the source.
- (vii) The replenishment study was done by the M/s. Areal Constructions & Geo -India Services, the ORSAC empanel agency with mentioned that the Pre-Monsoon Standard Elevation = 184.4735 and Post-Monsoon Standard Elevation = 186.198 and quantity of sand replenished is 47611 cum and proposed production is **28566 cum**.
- (viii) Any deficiencies/omission have been noticed in the above documents- Nil

3. Whether SEAC recommended the proposal – The proposal was placed in the SEAC meeting held on 27.02.2024 and the SEAC decided to recommend the proposal as per the replenishment study report submitted. The replenished volume of sand is **47611.5205cum** which is recommended for extraction for next year subjected to approval of Modified Mining Plan from competent authority of Mining & Geology Department, Odisha. Under no circumstances the natural water course shall be disturbed and barring restricted areas like structures if any nearby.

Project Type	Proposal for Amendment of EC
Category	B2
Project/Activity including Schedule No.	1(a) Mining of minerals
Name of the Project	Proposal for Amendment of EC of Lakarma Sand Quarry over an area of 12.355 Acres or 5.00 Hectares in village Lakarma under Sonepur tahasil of Subarnapur district.
Name of the company/Organization	Sri Rashmi Ranjan Patra
Location of Project	village Lakarma under Sonepur tahasil of Subarnapur district.

1. Proposal in brief:

The highlights of the proposal as ascertained from the application and as revealed from proceedings/discussion held during the meeting of SEAC/SEIAA, are given as under.

- (i) This is a proposal for amendment of EC of Lakarma Sand Quarry over an area of 12.355 Acres or 5.00 Hectares in village Lakarma under Sonepur tahasil of Subarnapur district.
- (ii) The project proponent has obtained EC from SEIAA, Odisha vide EC letter no. EC Identification No. – EC22B001OR152702 dt. 30.06.2022 for Lakarma Sand Quarry over an area of 12.355 Acres or 5.00 Hectares in village Lakarma under Sonepur tahasil of Subarnapur district.
- (iii) During EC application the PP has submitted required documents along with mining plan where it is mentioned that mineable reserve of the proposed sand was 42937 cum with depth of sand deposition was 1.0 meter and proposed for annual extraction-7000 cum.
- (iv) The SEIAA allowed the production quantity of sand 5000 cum for the 1st year lease with depth of mining 0.5 meter.
- (v) There is an EC conditions point no. 7.1 to 7.2 in page no. 03 that “Pending carrying out of the study & submission of the report, this clearance is being granted in an adhoc manner and is liable to be revoked after one year i.e. after November 2022, if satisfactory replenishment study report is not submitted.”
- (vi) The PP has not mentioned the quantity of sand extracted from the source and operation status of the quarry.
- (vii) The replenishment study was done by the M/s. Areal Constructions & Geo -India Services, the ORSAC empanel agency with mentioned that the Pre-Monsoon Standard Elevation = 118.0843326 and Post-Monsoon Standard Elevation = 118.5843326 and quantity of sand replenished is 17445 cum and proposed production is **10467 cum**.
- (viii) Any deficiencies/omission have been noticed in the above documents- Nil

2. Whether SEAC recommended the proposal – The proposal was placed in the SEAC meeting held on 26.02.2024 and the SEAC decided to recommend the proposal as per the replenishment study report submitted. The replenished volume of sand is **17445cum** which is recommended for extraction for next year subjected to approval of Modified Mining Plan from competent authority of Mining & Geology Department, Odisha.

Decision of Authority

Agenda of 165th Meeting of SEIAA, Odisha held on 30.04.2024 & 02.05.2024

PARIVESH 2.0, AGENDA No.165.36	
Proposal No.	SIA/OR/MIN/460581/2024
Date of application	01.02.2024
File no.	460581/26-MIN/02-2024
Project Type	Proposal for Amendment of EC
Category	B2
Project/Activity including Schedule No.	1(a) Mining of minerals
Name of the Project	Proposal for Amendment of EC of Kharda Sand Quarry over an area of 12.35 Acres or 5.00 Hectares in village Kharda under Tusura tahasil of Balangir district.
Name of the company/Organization	Sri Barun Sahu
Location of Project	village Kharda under Tusura tahasil of Balangir district.

1. Proposal in brief:

The highlights of the proposal as ascertained from the application and as revealed from proceedings/discussion held during the meeting of SEAC/SEIAA, are given as under.

- (i) This is a proposal for amendment of EC of Kharda Sand Quarry over an area of 12.35 Acres or 5.00 Hectares in village Kharda under Tusura tahasil of Balangir district.
- (ii) The project proponent has obtained EC from SEIAA, Odisha vide EC letter no. EC Identification No. – 1587/SEIAA dt. 01.07.2021 and transfer of EC vide letter no. 4728/SEIAA dt. 04.06.2022 for Kharda Sand Quarry over an area of 12.35 Acres or 5.00 Hectares in village Kharda under Tusura tahasil of Balangir district.
- (iii) During EC application the PP has submitted required documents along with mining plan where it is mentioned that mineable reserve of the proposed sand was 37411 cum with depth of sand deposition was 1.0 meter and proposed for annual extraction-7482 cum.
- (iv) The SEIAA allowed the production quantity of sand 7482 cum for the 1st year lease with depth of mining 1.0 meter.
- (v) There is an EC conditions point no. 9.1 to 9.2 in page no. 03 that “Pending carrying out of the study & submission of the report, this clearance is being granted in an adhoc manner and is liable to be revoked after one year i.e. after August 2022, if satisfactory replenishment study report is not submitted.”
- (vi) The PP has mentioned that 7482 cum of sand has been extracted from the source in 1st year.
- (vii) The replenishment study was done by the M/s. Areal Constructions &. Geo -India Services, the ORSAC empanel agency with mentioned that the Pre-Monsoon Standard Elevation of Block-B = 222.1257 and Post-Monsoon Standard Elevation Block-B = 223.7739 and quantity of sand replenished is 24622 cum and proposed production is **14773 cum**.
- (viii) Any deficiencies/omission have been noticed in the above documents- Nil

2. Whether SEAC recommended the proposal – The proposal was placed in the SEAC meeting held on 26.02.2024 and the SEAC decided to recommend the proposal as per the replenishment study report submitted. The replenished volume of sand is **45313.9921cum** which is recommended for extraction for next year subjected to approval of Modified Mining Plan from competent authority of Mining & Geology Department, Odisha.

Decision of Authority

Proposal No.	SIA/OR/MIN/460430/2024
Date of application	31.01.2024
File no.	460430/24-MIN/01-2024
Project Type	Proposal for Amendment of EC
Category	B2
Project/Activity including Schedule No.	1(a) Mining of minerals
Name of the Project	Proposal for Amendment of EC of Ong Nadi Ka Sand Quarry over an area of 12.355 Acres or 5.00 Hectares in village Siali under Sonapur tahasil of Subarnapur district.
Name of the company/Organization	Sri Jitendra Meher
Location of Project	village Siali under Sonapur tahasil of Subarnapur district.

1. Proposal in brief:

The highlights of the proposal as ascertained from the application and as revealed from proceedings/discussion held during the meeting of SEAC/SEIAA, are given as under.

- (i) This is a proposal for amendment of EC of Ong Nadi Ka Sand Quarry over an area of 12.355 Acres or 5.00 Hectares in village Siali under Sonapur tahasil of Subarnapur district.
- (ii) The project proponent has obtained EC from SEIAA, Odisha vide EC letter no. EC Identification No. – 9832/SEIAA dt. 01.12.2020 and transfer of EC was issued on 08.11.2023 for Ong Nadi Ka Sand Quarry over an area of 12.355 Acres or 5.00 Hectares in village Siali under Sonapur tahasil of Subarnapur district.
- (iii) During EC application the PP has submitted required documents along with mining plan where it is mentioned that mineable reserve of the proposed sand was 40959 cum with depth of sand deposition was 1.0 meter and proposed for annual extraction-2000 cum.
- (iv) The SEIAA allowed the production quantity of sand 2000 cum for the 1st year lease with depth of mining 1.0 meter.
- (v) There is an EC conditions point no. 9.1 to 9.2 in page no. 03 that “Pending carrying out of the study & submission of the report, this clearance is being granted in an adhoc manner and is liable to be revoked after one year i.e. after November 2021, if satisfactory replenishment study report is not submitted.”
- (vi) The PP has mentioned that 2000 cum of sand has been extracted from the source in 1st year.
- (vii) The replenishment study was done by the M/s. Areal Constructions & Geo -India Services, the ORSAC empanel agency with mentioned that the Pre-Monsoon Standard Elevation = 119.3853863 and Post-Monsoon Standard Elevation = 119.985386 and quantity of sand replenished is 15564 cum and proposed production is **9338 cum**.
- (viii) Any deficiencies/omission have been noticed in the above documents- The PP has not submitted the compliance of transfer of EC conditions in regard to the amount to be deposited to District Environmental Society.

2. Whether SEAC recommended the proposal – The proposal was placed in the SEAC meeting held on 26.02.2024 and the SEAC decided to recommend the proposal as per the replenishment study report submitted. The replenished volume of sand is **15564.8358cum** which is recommended for extraction for next year subjected to approval of Modified Mining Plan from competent authority of Mining & Geology Department, Odisha.

Date of application	06.03.2024
File no.	465228/91-MIN/03-2024
Project Type	Proposal for Amendment of EC
Category	B2
Project/Activity including Schedule No.	1(a) Mining of minerals
Name of the Project	Proposal for Amendment of EC of Kaleswar Sand Quarry over an area of 12.355 Acre or 5.00 Hectares bearing Khata no.- 118 and Plot no.- 379/A situated in Village Kaleswar, Tahasil Harabhanga, District Boudh, Odisha
Name of the company/Organization	Sri Jai Bharat Kumar Rongala
Location of Project	Village Kaleswar, Tahasil Harabhanga, District Boudh, Odisha

1. Proposal in brief:

The highlights of the proposal as ascertained from the application and as revealed from proceedings/discussion held during the meeting of SEAC/SEIAA, are given as under.

- (i) This is a proposal for amendment of EC of Kaleswar Sand Quarry over an area of 12.355 Acre or 5.00 Hectares bearing Khata no.- 118 and Plot no.- 379/A situated in Village Kaleswar, Tahasil Harabhanga, District Boudh, Odisha.
- (ii) The project proponent has obtained EC from SEIAA, Odisha vide EC letter no. EC Identification No. – 2904/SEIAA dt. 28.09.2021 and transfer of EC was issued vide letter no.4470/SEIAA dt. 04.05.2022 for Kaleswar Sand Quarry over an area of 12.355 Acre or 5.00 Hectares bearing Khata no.- 118 and Plot no.- 379/A situated in Village Kaleswar, Tahasil Harabhanga, District Boudh, Odisha.
- (iii) During EC application the PP has submitted required documents along with mining plan where it is mentioned that mineable reserve of the proposed sand was 130926 cum with depth of sand deposition was 3.0 meter and proposed for annual extraction-10000 cum.
- (iv) The SEIAA allowed the production quantity of sand 10000 cum for the 1st year lease with depth of mining 1.0 meter.
- (v) There is an EC conditions point no. 9.1 to .2 in page no. 03 that “Pending carrying out of the study & submission of the report, this clearance is being granted in an adhoc manner and is liable to be revoked after one year i.e. after December 2022, if satisfactory replenishment study report is not submitted.”
- (vi) The PP has mentioned that 10000 cum of sand has been extracted from the source in 1st year.
- (vii) The replenishment study was done by the M/s. Geocon Survey Pvt. Ltd., the ORSAC empanel agency with mentioned that the Pre-Monsoon Standard Elevation = 84.82807017544 m and Post-Monsoon Standard Elevation = 85.56807017544 m and quantity of sand replenished is 32295.08 and proposed production is not mentioned.
- (viii) Any deficiencies/omission have been noticed in the above documents- Nil

2. Whether SEAC recommended the proposal – The proposal was placed in the SEAC meeting held on 26.02.2024 and the SEAC decided to recommend the proposal for **10000 cum/ year** as per the Replenishment study report till subsequent replenishment study in the next year.

Decision of Authority

Agenda of 165th Meeting of SEIAA, Odisha held on 30.04.2024 & 02.05.2024

Proposal No.	SIA/OR/MIN/463852/2024
Date of application	23.02.2024
File no.	463852/77-MIN/02-2024
Project Type	Proposal for Amendment of EC
Category	B1
Project/Activity including Schedule No.	1(a) Mining of minerals
Name of the Project	Proposal for Amendment of EC of Ghoraburhani-Sagasahi Iron Ore with proposed production of 7,162,538 TPA iron ore (ROM), 18750 TPA Topsoil and 2,868,896 TPA 08/SB/IB (Total excavation: 1,00,50,184 TPA) along with Crushing & Screening Plant and Beneficiation Plant with capacity of 6.7 Million TPA (1250 TPH) Capacity by AM/NS India Limited in the mine lease area of MLA 139.165 ha, located at village-Ghoraburhani, Sagasahi and Kalmang, Dist. Sundargarh, Odisha
Name of the company/Organization	M/s. Arcelormittal Nippon Steel India Limited Sri Sharanappa N Kambalii, Chief of Mines
Location of Project	village-Ghoraburhani, Sagasahi and Kalmang, Dist. Sundargarh, Odisha

1. Proposal in brief:

The highlights of the proposal as ascertained from the application and as revealed from proceedings/discussion held during the meeting of SEAC/SEIAA, are given as under.

- (i) This is a proposal for amendment of EC of Ghoraburhani-Sagasahi Iron Ore with proposed production of 7,162,538 TPA iron ore (ROM), 18750 TPA Topsoil and 2,868,896 TPA 08/SB/IB (Total excavation: 1,00,50,184 TPA) along with Crushing & Screening Plant and Beneficiation Plant with capacity of 6.7 Million TPA (1250 TPH) Capacity by AM/NS India Limited in the mine lease area of MLA 139.165 ha, located at village-Ghoraburhani, Sagasahi and Kalmang, Dist. Sundargarh, Odisha.
- (ii) The project proponent has obtained EC from SEIAA, Odisha vide EC letter no. EC Identification No. – EC23B007OR110978 dt. 14.03.2023 for Ghoraburhani-Sagasahi Iron Ore with proposed production of 7,162,538 TPA iron ore (ROM), 18750 TPA Topsoil and 2,868,896 TPA 08/SB/IB (Total excavation: 1,00,50,184 TPA) along with Crushing & Screening Plant and Beneficiation Plant with capacity of 6.7 Million TPA (1250 TPH) Capacity by AM/NS India Limited in the mine lease area of MLA 139.165 ha, located at village-Ghoraburhani, Sagasahi and Kalmang, Dist. Sundargarh, Odisha.
- (iii) There is an EC conditions point no. 2 of specific condition in page no. 09 that **“the transportation of ore from Thaukarani Iron ore mines to Dabuna beneficiation plant by road is allowed only for 3 years. No mare road transportation is allowed after 3 years without permission of the SEIAA, Odisha. From 4th year onwards, the ore should be transported only through public railway siding through conveyor belt or as per the guidelines of CSIR-NEERI recommendation. PP shall inform SEIAA for**

Agenda of 165th Meeting of SEIAA, Odisha held on 30.04.2024 & 02.05.2024

<p>any deviation in the proposed mode of transport of minerals in case the timeline is not complied with”</p> <p>(iv) The PP has mentioned that 10000 cum of sand has been extracted from the source in 1st year.</p> <p>(v) The replenishment study was done by the M/s. Geocon Survey Pvt. Ltd., the ORSAC empanel agency with mentioned that the Pre-Monsoon Standard Elevation = 84.82807017544 m and Post-Monsoon Standard Elevation = 85.56807017544 m and quantity of sand replenished is 32295.08 and proposed production is not mentioned.</p> <p>(vi) Any deficiencies/omission have been noticed in the above documents- Nil</p>
<p>2. Whether SEAC recommended the proposal – The proposal was placed in the SEAC meeting held on 22.03.2024 and the SEAC decided to recommend the proposal with following observation.</p> <p>a. The proponent has requested for amendment of Specific Condition (A), No. 2 of Environmental Clearance granted to the mine by MoEF&CC vide F No. J-11015/192/2016-IA. II (M), dtd: 28.05.2020 for allowing of transportation of iron ore via road from Sagasahi Mines to Dabuna Beneficiation plant till 30th Sept 2025.</p> <p>b. The proponent has given the following justification for amendment of EC conditions and allowing them to transport by road upto 30.09.2025.</p> <ul style="list-style-type: none">➤ EC of Sagasahi Iron Ore Mines was granted on 28th May 2020.➤ 1st CTO was obtained on 12th Apr’ 2021.➤ Mining operation commenced on 09th Sept 2021(Starting date of Mining Operation Communicated to DGMS & IBM).➤ Dispatch of Iron Ore through Road transport commenced from 29th Nov 2021.➤ So, if they consider the date of mining operation of Sagasahi Mines and in line with the specific condition of CSIR-NEERI guidelines for road transportation up to three years, then the road transportation should be allowed till 8th Sept’ 2024.➤ The reason behind the delay in completion of the project is due to the cross-country issues, various ROW issues found during the execution process.➤ Experiencing law & order issues in the execution process while laying slurry pipeline.➤ Due to COVID-19 pandemic and subsequent lockdowns, project execution was interrupted during 2020-21.➤ The compliance of the specific condition is interlinked with two other projects/activities as mentioned below:<ul style="list-style-type: none">a. Completion of Construction of Beneficiation Plant at Sagasahi Mines.b. Completion of Laying of Slurry pipeline from Beneficiation Plant, Sagasahi Mines to Dabuna Beneficiation Plant. <p>A. The status of Construction of Beneficiation Plant at Sagasahi Mines: Physical Progress of the Project as on date:</p> <p>Engineering:</p> <ul style="list-style-type: none">➤ Basic Engineering: 100% completed.➤ Engineering for Beneficiation Plant Facilities: 99 % completed.➤ Detail Engineering: 98% completed. <p>Procurement:</p> <ul style="list-style-type: none">➤ Long lead items like Ball Mills, Scrubbers, Screen, Thickeners, Agitators, Concentrate storage Tanks, Slurry Pumps etc. have delivered at site and Ball mill, scrubber, thickeners, have been erected.➤ The Work Order for Main line Centrifugal pumps has been placed.➤ All Service work construction activities are under progress.➤ Building Structure and technology structure completed <p>Construction:</p> <ul style="list-style-type: none">➤ Earth work cutting and filling work completed.➤ 78% of civil works of plant facilities has been completed. Building structure, Equipments &

Agenda of 165th Meeting of SEIAA, Odisha held on 30.04.2024 & 02.05.2024

- Technological structure erection is in progress.
- Soil stabilization work is in progress.
- Tentative project completion date is 31st July' 2025.

B. Status of Laying of Slurry pipeline from Beneficiation Plant at Sagasahi Mines to Dabuna Beneficiation Plant : Physical Progress of the Project as on date

Engineering :

- Engineering for Pipe Laying Work: 100% completed.
- Basic Engineering: 100% completed.
- Detail Engineering: 79 % completed.

Procurement :

- The main line pipe for slurry and return water line already reached at site.
- Supply order for Severe Service Ball Valves order placed and manufacturing work in progress.
 - Main line Centrifugal pumps order placed.
- All Service order placed against construction activities.

Construction :

- Preliminary Route survey work & Soil investigation Work completed.
- Slurry Pipeline (20''dia) - Stringing: 22.8/27.88 Kms and Lowering : 6.77/27.88 Kms completed.
- Project completion date is 31.07.2025

Forest Clearance Status:

- The Forest Diversion Clearance (Stage – I/ In-Principal approval) granted on 25th Jan 20222 for 16.463 ha (12.649 ha in Keonjhar Division & 3.814 ha in Bonai Division).
- CA land has been transferred in favour of FE & CC, GoO for raising of Compensatory Afforestation and the notification published on 22nd Nov' 2023.
- The re-tree enumeration work is in progress.
- Accordingly, Stage – I compliance for Stage – II Clearance will be submitted to PCCF, Nodal followed by DFO and RCCF.
- Working permission is yet to be received from DFO to initiate the pipeline work.
- ROW agreement with Govt. for Sundargarh dist. has been completed, agreement for Keonjhar dist. is awaited.

Comparative table for previous EC and proposed amendment for which the proponent has requested for:

Specific Condition- A, (2) as per Existing EC, d td. 28.05.2020	Amendment of Specific Condition Requested
Till the construction of beneficiation plant in the mine lease area, the transportation of ore from mine to Dabuna Beneficiation plant by road is allowed only for three years. No more road transportation is allowed after 3 years without permission of the Ministry. From 4th year onwards, the ore should be transported only through proposed slurry pipeline or as per the guidelines of CSIR-NEERI's recommendation. PP shall inform Ministry for any deviation in the proposed mode of transport of minerals in case the timeline is not complied with.	Considering the work progress of construction of Beneficiation Plant at Sagasahi Mine Lease Area and slurry pipeline from Beneficiation Plant at Sagasahi to Dabuna Beneficiation Plant, the transportation of ore from Ghorab urhani – Sagasahi Iron Ore to Dabuna Beneficiation Plant by road to be allowed up to 3 0.09.2025

Decision of Authority

Agenda of 165th Meeting of SEIAA, Odisha held on 30.04.2024 & 02.05.2024

PARIVESH 2.0, AGENDA No.165.44	
Proposal No.	SIA/OR/MIN/456582/2023
Date of application	26.12.2023
File no.	456582/04-MIN/12-2023
Project Type	New EC proposal
Category	B1
Project/Activity including Schedule No.	1(a) Mining of minerals
Name of the Project	Proposal for EC of Baitarini Sand Bed, Amaranga over an area of 12.95 ha at mouza - Amaranga under Anandapur Tahsil of Keonjhar district, Odisha.
Name of the company/Organization	Sri Sanatan Samal
Location of Project	mouza - Amaranga under Anandapur Tahsil of Keonjhar district, Odisha
ToR Date	17.06.2021
Name of the Consultant	M/s Srushti Seva Private Limited, Nagpur

1. Proposal in brief: The highlights of the proposal as ascertained from the application and as revealed from proceedings/discussion held during the meeting of SEAC/SEIAA, are given as under.

- i) This is a proposal for mining of sand from Baitarini Sand Bed, Amaranga over an area of 12.95 ha. at mouza - Amaranga under Anandapur Tahsil of Keonjhar district, Odisha.
- ii) The mining area is a part of Survey of India Toposheet No. F4503 and is bounded between the Latitude - 21°18'47.1" to N21°19'7.0" N and Longitude – 86°04' 20.8" to E86°04' 38.8" E
- iii) The mining lease is an identified sairat source in the DSR. The Baitarini Sand Bed, Amaranga sairat source will be leased out under the OMMC Rules, 2016 by Tahasildar, Anandapur to the successful bidder (lessee) on the basis of public auction for a lease period of 5 years.
- iv) Documents submitted: -Form-1, PFR, checklist, Mining Plan and approval letter, DSR, Village sheet, Cluster certificate from Tahasildar, topo map etc.
- v) Whether submitted KML file of the lease area-Yes
- vi) Whether submitted scrutiny fee-Yes, of Rs. 2000/- vide e Challan Reference Id no. 30FD2DCD7A dt. 06.04.2021
- vii) Distance from nearest sanctuary/ESZ- Hadagarh WLS-25.0 Km
- viii) Whether the lease area coming in DLC report-N/A.
- ix) Whether the lease area reflecting in DSR-Yes
- x) Method of mining-Manual
- xi) River- Baitarani, Depth of sand deposition-1.0 meter
- xii) Distance from nearest road bridge-11.0 km, village road -0.60 km
- xiii) Whether it is part of cluster –No
- xiv) Whether EC obtained earlier-Yes, issued by SEIAA, Odisha vide letter no. 460/SEIAA dt. 30.01.2026 and submitted EC compliance.
- xv) Date of approval of mining plan- the Joint Director of Geology, Keonjhar vide letter no. 3482 dt. 28.12.2020
- xvi) Production capacity per annum-20650 cum/annum (max.), total production in 5 years period-103250 cum, Geological reserve-129500 cum and Mineable reserve-103250 cum
- xvii) Whether the DSR has been prepared as per the MoEF& CC, Govt. of India Notification S.O. 3611(E) dated 25.07.2018, Sustainable sand mining guidelines-2016 and Enforcement & Monitoring Guideline for sand mining-2020- No
- xviii) ToR was issued by SEIAA, Odisha vide letter no. 1507/SEIAA dt. 17.06.2021.
- xix) Public Hearing was conducted on 20.10.2022 at Dhakotha village and the main issued raised in

Agenda of 165th Meeting of SEIAA, Odisha held on 30.04.2024 & 02.05.2024

xx) xxi) xxii)	<p>PH are water is required to sprinkling on transporting road, plantation at both side of the road and local employment in the mining activities etc.</p> <p>ARRS reported submitted by Sri Pabitra Kumar Swain, RQP along with M/s Geoid Resources Pvt. Ltd., the ORSAC empanel agency with mentioned that pre-monsoon reserve-50087 cum and Post-monsoon resrve-67034 cum and quantity of sand replenished-5504 cum and proposed production for next year is 5504 cum.</p> <p>The EMP budget provision of Rs. 5.0 Lakh (Capital Cost) & Rs. 1.0 Lakh (Recurring Cost), CER Cost-2.0 Lakh</p> <p>Any deficiencies/omission have been noticed in the above documents- Nil</p>
2. i. ii. 3. 4. 5. 6.	<p>Whether SEAC recommended the proposal – The proposal was placed in SEAC meeting held on 01.02.2024 and the SEAC recommended for grant of EC for the proposal with allowing 60% of annual production capacity as approved in the mining plan valid upto lease period with stipulated conditions. However, EC shall be granted for this proposal, after submission of following documents in SEIAA.</p> <p>A recent geotagged photograph of the lease area when there is no water logged.</p> <p>NOC from concerned DFO regarding the Elephant Corridor.</p> <p>The proposal was placed in 157th SEIAA, Odisha meeting held on 22.02.2024. The Authority observed that the Annual extraction quantity is 20650 cum as per approved mining plan, 12390 cum (i.e. 60% of 20650 cum) as per recommendation of SEAC and 5504 cum is for proposed production by the PP as per replenished quantity. After detailed deliberations, the Authority decided to grant Environmental Clearance with allowing production quantity of 5504 cum/annum as per ARRS report with usual stipulated conditions as applicable for sand quarry with specific conditions recommended by SEAC.</p> <p>The proposal was put up in the 161st meeting of SEIAA and the Authority accepted the recommendation of SEAC and decided to issue EC after the PP submit the following clarification / documents.</p> <ul style="list-style-type: none">➤ A recent geotagged photograph of the lease area when there is no water logged.➤ NOC from concerned DFO regarding the Elephant Corridor. <p>The proposal again placed in 162nd SEIAA meeting held on 03.04.2024 & 04.04.2024. The authority perused the reply dated 04.04.2024 of PP and notice that the NOC from concerned DFO regarding the Elephant Corridor is not submitted. The PP is required to submit NOC from DFO failing which the application shall be rejected. Accordingly, ADS raised to PP for submission of clarification.</p> <p>Now, the DFO, Anandapur has clarified vide their letter no. 1780 dt. 19.04.2024 with mentioned that the proposed Amaranga Sand Quarry is located 3.82 km(approximately) from Tiger/Elephant Corridor and 14.57 Km (approximately from Boula RF of Hadagarh Wildlife Sanctuary.</p>

Agenda of 165th Meeting of SEIAA, Odisha held on 30.04.2024 & 02.05.2024

PARIVESH 1.0, AGENDA No.165.46	
Proposal No.	SIA/OR/MIN/460514/2024
Date of application	05.02.2024
File no.	460514/28-MINB2/02-2024
Project Type	New EC proposal for increasing production quantity
Category	B2
Project/Activity including Schedule No.	1(a) Mining of minerals
Name of the Project	Proposal for EC mining of stone from Jogiapalli Stone Quarry Over an area of 4.046 Ha. or 10.00 Acre in Khata No.- 363, Plot No.- 120 in Village/ Mouza- Jogiapalli, Tahasil-Kukudakhandi, District-Ganjam
Name of the company/Organization	Sri Mirza Abrarule Haque Baig
Location of Project	Village/ Mouza-Jogiapalli, Tahasil-Kukudakhandi, District- Ganjam.
ToR Date	NA
Name of the Consultant	NA

Proposal in brief: The highlights of the proposal as ascertained from the application and as revealed from proceedings/discussion held during the meeting of SEAC/SEIAA, are given as under.

- (i) This is a proposal for mining of stone from Jogiapalli Stone Quarry Over an area of 4.046 Ha. or 10.00 Acre in Khata No.- 363, Plot No.- 120 in Village/ Mouza- Jogiapalli, Tahasil-Kukudakhandi, District-Ganjam.
- (ii) The mining area is a part of Survey of India Toposheet No. 74A/15 and is bounded between the Latitude - 19°21' 29.50" N to 19°21' 36.50" N & Longitude 84°49' 38.90" E to 84°49' 49.60E.
- (iii) The mining lease is an identified sairat source in the DSR. The Jogiapalli Stone Quarry sairat source will be leased out under the OMMC Rules, 2016 by Tahasildar, Kukudakhandi to the successful bidder (lessee) on the basis of public auction for a lease period of 5 years.
- (iv) Documents submitted: -Form-1, PFR, DLC, checklist, Mining Plan and approval letter, DSR, Village sheet, Cluster certificate from Tahasildar, topo map etc.
- (v) Whether submitted KML file of the lease area-Yes
- (vi) Whether submitted scrutiny fee-Yes of Rs. 1000/- vide e Challan Reference Id no. 37ED5DF419 dt. 05.02.2022.
- (vii) Distance from nearest sanctuary/ESZ- Chilika Nalaban WLS-37.76 Km
- (viii) Whether the lease area coming in DLC report-No as certified by Mining Officer, Ganjam vide lter no. Nil dt. 18.01.2024
- (ix) Whether the lease area reflecting in DSR-Yes
- (x) Method of mining-Semi-mechanized
- (xi) Distance from nearest road bridge-16.33 km, village road -1.42 km, **Highway-100 meter and Badakusastgai road-90 meter**
- (xii) Whether it is part of cluster –No.
- (xiii) Whether EC obtained earlier-Yes, from SEIAA, Odisha vide letter no. 686/SEIAA dt. 26.02.2021 for production quantity of 4590 cum/annum and later EC transfer vide letter no. 3607/SEIAA dt. 18.12.2021. The PP has mentioned that 4590 cum of stone material has been extracted from the source in 1st year.
- (xiv) Date of approval of revised modified mining plan- the Joint Director of Geology, South Zone, Berhampur vide letter no. XI-32/2023/ 1549 dt.14.12.2023.
- (xv) Production capacity per annum-25002 cum/annum (max.), total production in 4 years period-97938

Agenda of 165th Meeting of SEIAA, Odisha held on 30.04.2024 & 02.05.2024

cum, Geological reserve-535599 cum and Mineable reserve-435699 cum.

- (xvi) Whether the DSR has been prepared as per the MoEF& CC, Govt. of India Notification S.O. 3611(E) dated 25.07.2018, Sustainable sand mining guidelines-2016 and Enforcement & Monitoring Guideline for sand mining-2020- No
- (xvii) The EMP budget provision of Rs. 3.0 Lakh (Capital Cost) and Rs. 1.0 Lakh/annum (Recurring Cost)
- (xviii) Any deficiencies/omission have been noticed in the above documents- **Highway-100 meter and Badakusastgai road-90 meter**

Whether SEAC recommended the proposal –Yes, the proposal was placed in the SEAC meeting held on 06th & 07th March 2024 and the SEAC recommended to grant EC valid from the date of EC accorded up to the lease period with following additional conditions.

- i) Consent / NoC shall be obtained from the concerned authority if village road is to be used for transportation. The said road shall also be maintained by the lessee.
- ii) In view of likely revision of DSR the mention of this deposit with final coordinates is to be ensured
- iii) Plantation programme to be completed within first two years and to be maintained in remaining years.
- iv) Depth of Mining as proposed should not be beyond 6m from the ground level.
- v) Mitigation measures for flying Rock for safety be put in place.
- vi) Stone quarry project proponent need to maintain periodic health check-up records of their employees and ensure use of face mask by workers in crushing and handling sections of the stone quarry for ensuring that working personnel are not affected by silicosis.
- vii) The boundary area of the deposit as per the revised / updated DSR to be defined by geo coordinates based on DGPS survey superimposed on the cadastral map.
- viii) Construction of garland drains retaining wall and settling tank should be ensured to prevent erosion during rainfall and to collect silt generated during the mining activity.
- ix) All removed topsoil to be stacked and used for plantation in the surroundings of mining area / post mine closure in the mined-out area.
- x) All recommended precautions for blasting operations to be followed. Blasting to be done by DGMS approved agency. No explosives to be stored at the mining lease site.

Project Type	New EC proposal
Category	B2
Project/Activity including Schedule No.	1(a) Mining of minerals
Name of the Project	Proposal for EC mining of stone from Kuanarpur Mahal Stone Quarry Over an area of 0.741 Acre or 0.300 Hectares bearing Khat no. 394/105 Plt no.11/1594/1693, 11/1594, Kissam-Saj-II in village Kuanarpur Mahal under Nilgiri Tahasil of Balasore District of Odisha.
Name of the company/Organization	Tahasildar, Nilgiri
Location of Project	village Kuanarpur Mahal under Nilgiri Tahasil of Balasore District of Odisha
ToR Date	NA
Name of the Consultant	NA

1. **Proposal in brief:** The highlights of the proposal as ascertained from the application and as revealed from proceedings/discussion held during the meeting of SEAC/SEIAA, are given as under.

- (i) This is a proposal for mining of stone from Kuanarpur Mahal Stone Quarry Over an area of 0.741 Acre or 0.300 Hectares in village Kuanarpur Mahal under Nilgiri Tahasil of Balasore District of Odisha.
- (ii) The mining area is a part of Survey of India Toposheet No. 73K/14 and is bounded between the Latitude - 21°32' 42.58" N to 21°32' 43.46" N & Longitude 86°47' 23.49" E to 86°47' 27.68E.
- (iii) The mining lease is an identified sairat source in the DSR. The from Kuanarpur Mahal Stone Quarry sairat source will be leased out under the OMMC Rules, 2016 by Tahasildar, Nilgiri to the successful bidder (lessee) on the basis of public auction for a lease period of 5 years.
- (iv) Documents submitted: -Form-1, PFR, DLC, checklist, Mining Plan and approval letter, DSR, Village sheet, Cluster certificate from Tahasildar, topo map etc.
- (v) Whether submitted KML file of the lease area-Yes
- (vi) Whether submitted scrutiny fee-No as Tahasilda is the applicant
- (vii) Distance from nearest sanctuary/ESZ- Kuldiha WLS-11.5 Km
- (viii) Whether the lease area coming in DLC report-No as certified by Tahasildar, Nilgiri vide letter no. Nil dt. 04.08.2023.
- (ix) Whether the lease area reflecting in DSR-Yes
- (x) Method of mining-Semi-mechanized, no drilling & blasting will be involved in this case.
- (xi) Distance from nearest road bridge-14.71 km, **village road -0.01 km**, District road-0.3 km
- (xii) Whether it is part of cluster –Yes, two quarries coming in single cluster having total cluster lease are is 1.105 Ha and submitted cluster EMP.
- (xiii) Whether EC obtained earlier-No
- (xiv) Date of approval of mining plan- the Deputy Directo of Mines, Baripada Circle, Baripada vide letter no. nil dt. 20.04.
- (xv) Production capacity per annum-1514 cum/annum (max.), total production in 5 years period-7570 cum, Geological reserve-24300 cum and Mineable reserve-7589 cum.
- (xvi) Whether the DSR has been prepared as per the MoEF& CC, Govt. of India Notification S.O. 3611(E) dated 25.07.2018, Sustainable sand mining guidelines-2016 and Enforcement &

Agenda of 165th Meeting of SEIAA, Odisha held on 30.04.2024 & 02.05.2024

Monitoring Guideline for sand mining-2020- No

(xvii) The EMP budget provision of Rs. 0.5 Lakh/annum and Budget provision for occupational health is Rs.5.0 Lakh

(xviii) Any deficiencies/omission have been noticed in the above documents- Nil

2. Whether SEAC recommended the proposal –Yes, the proposal was placed in the SEAC meeting held on 06th & 07th March 2024 and the SEAC recommended to grant EC valid from the date of EC accorded up to the lease period with following additional conditions.

(i) Consent / NoC shall be obtained from the concerned authority if village road is to be used for transportation. The said road shall also be maintained by the lessee.

(ii) In view of likely revision of DSR the mention of this deposit with final coordinates is to be ensured

(iii) Plantation programme to be completed within first two years and to be maintained in remaining years.

(iv) Depth of Mining as proposed should not be beyond 6m from the ground level.

(v) Mitigation measures for flying Rock for safety be put in place.

(vi) Stone quarry project proponent need to maintain periodic health check-up records of their employees and ensure use of face mask by workers in crushing and handling sections of the stone quarry for ensuring that working personnel are not affected by silicosis.

(vii) The boundary area of the deposit as per the revised / updated DSR to be defined by geo coordinates based on DGPS survey superimposed on the cadastral map.

(viii) Construction of garland drains retaining wall and settling tank should be ensured to prevent erosion during rainfall and to collect silt generated during the mining activity.

- (xi) Distance from nearest road bridge-1.43 km, village road -1.43 Km
- (xii) Whether it is part of cluster -No
- (xiii) Whether EC obtained earlier-not submitted earlier EC copy and its compliance.
- (xiv) Date of approval of mining plan- the Deputy Directo of Geology, Koraput vide letter no. 679 dt. 16.07.2022
- (xv) Production capacity per annum-3265 cum/annum (max.), total production in 5 years period-16325 cum, Geological reserve-648503 cum and Mineable reserve-270966 cum.
- (xvi) Whether the DSR has been prepared as per the MoEF& CC, Govt. of India Notification S.O. 3611(E) dated 25.07.2018, Sustainable sand mining guidelines-2016 and Enforcement & Monitoring Guideline for sand mining-2020- No
- (xvii) The EMP budget provision of Rs. 1.20 Lakh/annum
- (xviii) **The PP has submitted Proforma-2 that Rs. 34,13,437/- has been realised for excess mining**
- (xix) Any deficiencies/omission have been noticed in the above documents- **In the KML file it appears**

Agenda of 165th Meeting of SEIAA, Odisha held on 30.04.2024 & 02.05.2024

that the distance from boundary of proposed quarry to boundary of Kotgarh WLS is coming within 10km that may be verify by concerned DFO.

2. Whether SEAC recommended the proposal –Yes, the proposal was placed in the SEAC meeting held on 06th & 07th March 2024 and the SEAC recommended to grant EC valid from the date of EC accorded up to the lease period with following additional conditions.
- (i) Consent / NoC shall be obtained from the concerned authority if village road is to be used for transportation. The said road shall also be maintained by the lessee.
 - (ii) In view of likely revision of DSR the mention of this deposit with final coordinates is to be ensured
 - (iii) Plantation programme to be completed within first two years and to be maintained in remaining years.
 - (iv) Depth of Mining as proposed should not be beyond 6m from the ground level.
 - (v) Mitigation measures for flying Rock for safety be put in place.
 - (vi) Stone quarry project proponent need to maintain periodic health check-up records of their employees and ensure use of face mask by workers in crushing and handling sections of the stone quarry for ensuring that working personnel are not affected by silicosis.
 - (vii) The boundary area of the deposit as per the revised / updated DSR to be defined by geo coordinates based on DGPS survey superimposed on the cadastral map.
 - (viii) Construction of garland drains retaining wall and settling tank should be ensured to prevent erosion during rainfall and to collect silt generated during the mining activity.

However, EC shall be granted after submission of Compliance report to previous EC conditions.

Decision Of Authority:

Agenda of 165th Meeting of SEIAA, Odisha held on 30.04.2024 & 02.05.2024

PARIVESH 2.0, AGENDA No.165.49	
Proposal No.	SIA/OR/MIN/462696/2024
Date of application	13.02.2024
File no.	462696/54-MIN/02-2024
Project Type	Proposal for Amendment of EC
Category	B2
Project/Activity including Schedule No.	1(a) Mining of minerals
Name of the Project	Proposal for Amendment of EC of Gamundi Jamapalli Sand Quarry over an area of 12.20 acres or 4.937 hectares having Khata No. 999 & 339, Plot No. 203/A & 703/A in Village Gamundi & Jamapalli, Tahasil Ghumusur (Bhanjanagar), District Ganjam, State Odisha.
Name of the company/Organization	Sri Rabindra Gouda
Location of Project	Village Gamundi & Jamapalli, Tahasil Ghumusur (Bhanjanagar), District Ganjam, State Odisha.

1. Proposal in brief:

The highlights of the proposal as ascertained from the application and as revealed from proceedings/discussion held during the meeting of SEAC/SEIAA, are given as under.

- (i) This is a proposal for amendment of EC of Gamundi Jamapalli Sand Quarry over an area of 12.20 acres or 4.937 hectares having Khata No. 999 & 339, Plot No. 203/A & 703/A in Village Gamundi & Jamapalli, Tahasil Ghumusur (Bhanjanagar), District Ganjam, State Odisha..
- (ii) The project proponent has obtained EC from SEIAA, Odisha vide EC letter no. EC Identification No. – EC22B001OR132986 dt. 08.03.2022 for Gamundi Jamapalli Sand Quarry over an area of 12.20 acres or 4.937 hectares having Khata No. 999 & 339, Plot No. 203/A & 703/A in Village Gamundi & Jamapalli, Tahasil Ghumusur (Bhanjanagar), District Ganjam, State Odisha.
- (iii) During EC application the PP has submitted required documents along with mining plan where it is mentioned that mineable reserve of the proposed sand was 54000 cum with depth of sand deposition was 1.0 meter and proposed for annual extraction-3300 cum.
- (iv) The SEIAA allowed the production quantity of sand 3300 cum for the 1st year lease period with depth of mining 0.5 meter.
- (v) There is an EC conditions point no. 9.1 to 9.2 in page no. 03 that “Pending carrying out of the study & submission of the report, this clearance is being granted in an adhoc manner and is liable to be revoked after one year i.e. after November 2022, if satisfactory replenishment study report is not submitted.”
- (vi) EC amended on 08.11.2023 and rejected the ARRS report and allowed production quantity of 2050 cum in adhoc manner
- (vii) The PP has extracted 1250 cum of sand has been extracted from the source for year 2022-23 and 1216 cum in year 2023-24.
- (viii) The replenishment study was done by M/s. Geocon Survey Pvt. Ltd., the ORSAC empanel agency with mentioned that the Pre-Monsoon Standard Elevation = 74.65 and Post-Monsoon Standard Elevation = 75.08 and quantity of sand replenished is 22680 cum and proposed production is not mentioned
- (ix) Any deficiencies/omission have been noticed in the above documents- The PP has not

Agenda of 165th Meeting of SEIAA, Odisha held on 30.04.2024 & 02.05.2024

deposited the amount to District Environmental Society provision for tree plantation as per EC condition.

Whether SEAC recommended the proposal – The proposal was placed in the SEAC meeting held on 27.02.2024 and the SEAC observed that Replenishment study report interpretation appears to be erroneous. **Hence not accepted**

Decision of Authority

Project Type	New proposal for EC coming under violation category as building already constructed
Category	B1
Project/Activity including Schedule No.	8(b) Area Development Project
Name of the Project	Proposal for Environmental Clearance of M/s. XIM University for Construction of New Hostel Block Building of XIM University Bhubaneswar over a built-up area of existing campus is having total built-up area 1,68,230 sqm. (Existing-1,44,160.0 sqm. + proposed built-up area 24,077.0 sqm) over plot an area-2,22,575.40 sqm. / 55 acres at Plot No. 12(A), Nijigada Kurki, Harirajpur, Dist- Puri of Sri Basant Kumar Mohanty- Violation EC
Name of the company/Organization	Basant Kumar Mohanty, Administrative Officer
Location of Project	Plot No. 12(A), Nijigada Kurki, Harirajpur, Dist- Puri
Date of issue of ToR	15.09.2023
Name of Consultant	M/s Centre for Envotech & Management Consultancy Pvt. Ltd, Bhubaneswar

1. **Proposal in brief:** The highlights of the proposal as ascertained from the application and as revealed from proceedings/discussion held during the meeting of SEIAA, are given as under.
 - i) This proposal is for Environmental Clearance of M/s. XIM University for Construction of New Hostel Block Building of XIM University Bhubaneswar over a built-up area of existing campus is 144160.0 sqm at No. 12(A), Nijigada Kurki, Harirajpur, Dist- Puri of Sri Basant Kumar Mohanty.
 - ii) **Category:** The project falls under category “B” or activity 8(b): Township & Area Development Projects under EIA Notification dated 14th September 2006 as amended from time to time.
 - iii) **Project details:** Earlier, the project proponent had applied for Environment Clearance to SEIAA on 15.09.2014 for 1,44,160.0 sqm Built up Area and the SEAC presentation was held on 29.11.2014. But as per the Gazette of India, Notification dt. 22nd Dec., 2014; Educational Institutes having less than 1,50,000 sq. mtrs. of buildup area are exempted from obtaining Environmental Clearance. So other project is exempt from obtaining Environment Clearance. Now, they have planned to increase the built-up area from 1,44,160.0 sqm to 1,68,237.0 sqm due to Construction of a New Hostel Block. Hence, they are applying herewith for Environment Clearance.
 - iv) **Statutory clearances:** Terms of Reference (TOR) under violation category has been granted by SEIAA, Odisha vide proposal no. SIA/OR/MIS/76437/2022, dated 15.09.2023.
 - v) BDA has approved the building plan for Hostel Block vide letter no. 4308/BDA, Bhubaneswar, dated 06.02.2023. BDA has approved the building plan for existing project vide letter no. 15450/BDA, Bhubaneswar, dated 30.04.2022. NOC From IDCO for Water Supply vide letter no. IDCO/BCD-II/900, Dated 18.07.2012.
 - vi) **Location and Connectivity** – The campus is located in the Village- Kurki, Mouza- Nijigarh under Pipli

Agenda of 165th Meeting of SEIAA, Odisha held on 30.04.2024 & 02.05.2024

Block, Puri District of Odisha. The Geographical coordinate of the project site is: Latitude - 20^o 09' 22.18" N & Longitude - 85^o 45' 59.36" E. The site falls in the Survey of India toposheet no. 73H/12 & 73H/16. The site is located about 13.8 kms away from the Baramunda Bus Stand and 11.5 kms from the Biju Patnaik International Airport, Bhubaneswar. Bhubaneswar railway station is approximately 14.7 kms from the campus. Sundarapada-Jatani road is passing near by the project site.

- vii) The site is coming under Bhubaneswar Development Authority (BDA).
- viii) The total plot area = 2,22,575.40 sqm/55 Acre (Existing- 35 Acre and Additional- 20). Total Built up Area = 1,68,237.0 sqm (Existing- 1,44,160.0 sqm and Additional- 24,077.0 sqm)
- ix) The Building Area Details of the Project in tabulated form

Particular	Existing	Proposed	Total
Plot Area	1,41,169.0 sqm (35 Acre)	81,406.4 sqm (20 Acre)	2,22,575.40 sqm (55 acre)
Ground Coverage	31,389.0 sqm (14.10%)	2,781.0 sqm (1.25%)	34,165.3 sqm (15.35%)
Total Built up Area	1,44,160.0 sqm	24,077.0 sqm	1,68,237.0 sqm
FAR	0.63	0.11	0.74
Maximum Height	--	--	28.35 m
Road & Paved Area	--	--	47,187.1 sqm
Basement Parking	1,050.0 sqm	--	1,050.0 sqm
Stilt Parking	1,538.0 sqm	--	1,538.0 sqm
Surface Parking	55,438.0 sqm	11,862.0 sqm	67,300.0 sqm
Total Parking Area	58,026.0 sqm	11,862.0 sqm	69,888.0 sqm
Green Belt Area	29,075.0 sqm	44,848.0 sqm	73,923 sqm (33.2% of the plot area)
Power/Electricity Requirement & Sources	3420.0 KW Source: TPCODL	---	3420.0 KW Source: TPCODL
No. of DG sets	4x250 KVA, 2x500 KVA, 2x1010 KVA, 1x125 KVA, 1x62.5 KVA	--	4x250 KVA, 2x500 KVA, 2x1010 KVA, 1x125 KVA, 1x62.5 KVA
Fresh Water requirement & Sources	192.0 KLD Source: IDCO Supply	81.0 KLD Source: IDCO Supply	273.0 KLD Source: IDCO Supply
Sewage Treatment Plant	STP – 300 KLD	STP – 250 KLD	STP – 550 KLD

- x) Water requirement: Fresh make up of 273.0 m³/day will be required for the project which will be sourced from IDCO Water Supply. Total waste water generated from the institutional building is 353.4 KLD which is treated in STP of Capacity 550 KLD. Rain Water harvested through 82 nos. of Rain Water recharging pits & also rain water is harvested through Rain Water Harvesting Pond.

Sl	Description	Total Population	Per Capita Consumption (ltr/day)	Water Requirement (KLD)		
				Domestic	Flushing	Total

Agenda of 165th Meeting of SEIAA, Odisha held on 30.04.2024 & 02.05.2024

1.	Institutional	3000 nos.	Fresh (90)	Flushing (45)	270.0	135.0	405.0
2.	Floating	600 nos.	Fresh (5)	Flushing (10)	3.0	6.0	9.0
TOTAL					273.0	141.0	414.0

Details	Water (KLD)
Water requirement for domestic purpose	273.0
Wastewater generated from domestic use (@ 80 % of domestic water requirement)	218.4
Water requirement for Flushing Purpose	135.0
Wastewater generated from Flushing (@ 100 % of flushing requirement)	135.0
Total Wastewater generated	218.4+135 = 353.4 KLD
Sewage Treatment Plant Capacity	550 KLD (0.55 MLD)
STP Loss (5 % of wastewater generation)	17.7
Recycled water form STP @ 95 % of wastewater generated	335.7

- xi) Power requirement: Total Power requirement of the building is 3420.0 KW, Source is TPCODL, 4x250 KVA, 2x500 KVA, 2x1010 KVA, 1x125 KVA, 1x 62.5 KVA DG Sets are provided. Total 620.0 KW Solar Power Generation which is 5% of total power required in project.

Power Requirement	3420.0 KW
Source	TPCODL of Odisha State Electricity Board
Backup Power	4x250 KVA, 2x500 KVA, 2x1010 KVA, 1x125 KVA, 1x62.5 KVA
Solar Power	620 Solar Panel installed at Campus

- xii) Rain Water Harvesting: Total 4584 cum Rain Water is harvested through 82 nos. of recharge pits & one 60,000 cum Rain Water Harvesting Pond.
- xiii) Parking Requirement: Total parking area provided is 69706.0 Sq.mt. and total 2780 nos. of ECS and location of parking area is Basement, Stilt & Open.

Parking Area Provided			
Basement Parking	--	--	1,050.0 sqm
Stilt Parking	--	--	1,538.0 sqm
Surface Parking	--	--	67,300.0 sqm

Agenda of 165th Meeting of SEIAA, Odisha held on 30.04.2024 & 02.05.2024

Total Parking	--	--	69,888.0 sqm
Equivalent car space Provided			
	Area (sqm)	Area/EC S	
Basement Parking	1,050	32	33 ECS
Stilt Parking	1,538	28	55 ECS
Surface Parking	67,300	25	2,692 ECS
Total Parking Provided			2,780 ECS

- xiv) Fire fighting Installations: Fire Fighting will be provided as per NBC Norms.
 xv) Green Belt Development: Green belt is developed over an area of 73923 sqm which is 33.2% of the total plot area. Total 4440.0 nos. of plants to be planted and 3 tier plantation.
 xvi) Solid Waste Management: Solid waste generated and its management.

Solid Waste Generation

Description of waste	Total no. of population	Per capita generation of waste in kg/day	Quantity of waste generate (in kg/day)
Institutional Building	3000	0.45	1350.0
Road Sweeping	600	0.15	90.0
STP sludge		--	40.0
TOTAL SOLID WASTE GENERATED			1480.0 kg/d ay

- xvii) Project cost: The estimated project cost is 15.0 Crores and cost for EMP is 2.62 Crores.
 xviii) Violation penalty: The Penalty Provisions as per Notification F. No. 22-21/2020-IA.III, dated 07.07.2021 is 1% of the total project cost. The cost assessment related to environmental degradation and its remediation as stated above would be: Rs. 7,20,000/-

Table: Total Budgetary Allocation

Sr. No.	Description	Estimated Cost (Rs.)
1.	Estimated cost of damage/remediation with respect to ecological aspects	7,20,000.00
2.	Community resource augmentation plan	1,50,000.00
	Net Expenditure:	8,70,000.00

- xix) Environment Consultant: The Environment consultant M/s Centre for Envotech & Management Consultancy Pvt. Ltd, Bhubaneswar along with the proponent made a presentation on the proposal before the Committee.
 xx) The Committee observed the followings;
 a) Cost proposed for Remediation Plan, Community Resource Augmentation Plan for Damage Assessment

Agenda of 165th Meeting of SEIAA, Odisha held on 30.04.2024 & 02.05.2024

is Rs. 8,70,000.00/- (Rupees eight lakhs seventy thousand only).

- b) Cost of assessment of Environmental / Ecological damage due to violation is Rs. 7,20,000.00/- (Rupees Seven lakhs and twenty thousand only).
- c) Total cost towards Remediation Plan, Natural Resource Augmentation Plan for Damage Assessment & assessment of Environmental / Ecological damage is Rs. 8,70,000.00/- (Rupees eight lakhs seventy thousand only) for which the proponent has to submit Bank guarantee with the State Pollution Control Board, Odisha prior to the grant of Environmental Clearance.
- d) Total cost of the project is Rs. 15.01 Crores as certified by Chartered Accountant and 1% of the project cost is Rs.15,01,758.
- e) Total penalty to be paid by the proponent as per SoP of MoEF & CC, Govt. of India dtd. 07.07.2021 for violation is (1% of the project cost) = Rs.15,01,758.
- f) This is an educational institution and they have not started any activity from which they will gain profit. Hence the annual turnover in this case is zero.
- g) There is no information available with the SEAC, if the State Govt. has initiated legal action against the project proponent under the provisions of section 19 of the Environment (Protection) Act, 1986,

xxi) Any deficiencies/omission have been noticed in the above documents- Nil

2. Whether SEAC recommended the proposal – Yes, the proposal was placed in SEC meeting held on 02.12.2023 and the SEAC recommended for grant of Environmental Clearance for the project valid for a period of 10 years with the following specific conditions in terms of the provisions of the MoEF&CC, Govt. of India notification dated 14th March, 2017 in addition to the conditions stipulated as per **Annexure – B. However, EC to be issued to the proponent after State Government file legal case against the project proponent under the provisions of section 19 of the Environment (Protection) Act, 1986.**

- a) The Project Proponent shall submit a Bank Guarantee (BG) of an amount of Rs. 8,70,000.00/- (Rupees eight lakhs seventy thousand only) towards Remediation Plan, Natural Resource Augmentation Plan & Community Augmentation Plan for Damage Assessment & assessment of Environmental / Ecological damage with the State Pollution Control Board, Odisha prior to the grant of Environmental Clearance.
- b) The proponent shall deposit separately (other than BG) an amount of Rs.15,01,758 towards the penalty for violation as per SoP of MoEF & CC, Govt. of India dtd. 07.07.2021.
- c) The bank guarantee shall be released after successful implementation of the EMP, followed by recommendations of the SEAC, Odisha and approval of the regulatory authority (i.e. SEIAA, Odisha).
- d) The project proponent shall make adequate arrangement for environmental monitoring post construction phase.

3. The proposal was placed in 146th SEIAA meeting held on 11.12.2023. The Authority perused the recommendation of SEAC and decided that EC shall be considered on compliance of the following:

- a) The State Govt. to file legal case against the PP under the provision of Section 19 of the EP Act 1986.
- b) The PP to submit the compliance report from the MoEF&CC Regional Office, Bhubaneswar to ensure sustainable environmental management in pursuance of OM No. F.No. 19-2/2013-IA-III dated 09.06.2015 read with Notification No. SO. 3252 (E) of 22nd December, 2014 under EIA Notification, 2006.
- e) The Project Proponent shall submit a Bank Guarantee (BG) for an amount of Rs. 8,70,000.00/- (Rupees eight lakhs seventy thousand only) towards Remediation Plan, Natural Resource Augmentation Plan & Community Augmentation Plan for Damage Assessment & assessment of Environmental / Ecological damage with the State Pollution Control Board, Odisha prior to the grant of Environmental Clearance. The bank guarantee shall be released after successful implementation of the EMP, followed by recommendations of the SEAC, Odisha and approval of the regulatory authority (i.e. SEIAA, Odisha).
- f) The proponent shall deposit separately (other than BG) an amount of Rs.15,01,758 towards the penalty for violation as per SoP of MoEF & CC, Govt. of India dtd. 07.07.2021.

4. Now, the PP has submitted bank guarantee (BG) & Penalty amount. The RO, MoEF & CC, BBSR has submitted the certified EC compliance report through SEIAA, Odisha Email on 06.02.2024.

Agenda of 165th Meeting of SEIAA, Odisha held on 30.04.2024 & 02.05.2024

5. The proposal was placed in 155th SEIAA meeting held on 09.02.2024. The Authority noted that the PP has submitted the application as per MoEF & CC, Govt. of India office Memorandum (O.M.) dt. 07.07.2021 and subsequent clarification dtd. 28.01.2022 regarding the SOP for identification and handling of violation cases under EIA Notification 2006.

In the meantime, Hon'ble Supreme Court in W.P.(C) No. 1394/2023 titled Vanashakti Vs Union of India, has stayed the operation of both the Office Memorandum dated 7th July 2021 and 28th January 2022 issued by MoEF & CC, which has been communicated vide Mo.EF & CC OM No. F. No.-IA3-3/4/2024-IA.III [E 230791] dt. 08.01.2024.

In view of this and after detailed deliberation, the Authority decided that grant of EC including transfer of EC in cases involving violation is not permissible until further orders of Hon'ble Supreme Court.

Hence, the application is deferred for further consideration.

Decision of Authority:
