**Minutes OF THE 261th MEETING OF STATE EXPERT APPRAISAL COMMITTEE (SEAC), A.P.,
HELD ON 21st, 22nd & 23rd April, 2025 AT VIJAYAWADA, A.P.**

Present: The following members were present. (Through hybrid mode Conference)

1.	Shri Batchu Siva Prasad , Flat No. 102, Trinethra Apartments, Dasari Lingaiah Street, Mogalrajapuram, Vijayawada.	Chairperson
2.	Shri Chenchugarla Krishna Moorthy , Flat Number: G-01, Padmavathi Towers, Thirumalareddy Nagar, Tirupathi 517 501.	Member
3.	Dr. Thummala Chandrasekhar , H. No. 79/71-81, Shri Raghavendra Township Near Sakshi Office, Kadapa.	Member
4.	Prof. Kondra Sudhakar Babu , Flat No. 405, 5th Floor, Mahaboob Towers, Georgepet, Near More Market, Ananthapuramu 515004.	Member
5.	Prof. Gonuguntla Venkata Naidu , Door No.28-3-168, Tarakanath Colony, Sarada Nagar, Jawaharlal Nehru Technological University Engineering College Road, Anantapur.	Member
6.	Prof. Guntuku Girija Sankar , 6-21-11/2, Flat No. 401, Skyline Vaibhavam Apartment, East Point Colony, Visakhapatnam-17.	Member
7.	Shri Godavathi Veera Venkata Satyanarayana Chowdary , SL-04/7, Paramount Towers, Panorama Hills, Nyaya Vidya Parishad Law College Road, Yendada, Visakhapatnam 530045.	Member
8.	Prof. Peela Sujatha , W/o PVLN Murthy, D. No. 1-51-8/2, Sector-1, Near Sanjeevi Hospital, Muvvala Vani Palem Colony, Lawsons Bay Colony, Visakhapatnam - 530017.	Member
9.	Dr. Ponnekanti Joseph Ratnakar , D. No. 18-52/4, Kolakalur, Tenali 522307, Guntur District, Andhra Pradesh.	Member
10.	Dr. Muvva Vijayalakshmi , D.No. 4-19-13/1, Sai Nilayam, Vijayapuri 1st lane, Jagarlamudi Kuppuswamy Choudary College road, Guntur - 522 006.	Member

Agenda Item: 261.01	3.449 Ha Road Metal & Building Stone and Gravel of M/s. Shree Sai Blue Metal Private Limited at Sy. Nos. 144/3, 145/1, 145/3, 145/4, 145/5, 145/6, 145/7 and 145/8 in Pravalavarneswarapuram Village, Sathyavedu Mandal, Tirupati District - TOR - Reg.
SIA/AP/ MIN/521 966/202 5	<p>Category: B₂ at par with B₁ (Minor mineral).</p> <p>The proposed project is for mining of Road Metal & Building Stone and Gravel in an area of 3.449 Ha with a proposed production quantity of Road Metal & Building Stone - 86,059 m³/Annum & Gravel - 23,146 m³/Annum with a condition that the total production during a scheme should be limited to the approved quantity as per Mining scheme/ plan.</p> <p>The proposed project falls under Item No. 1(a) of the schedule of the EIA Notification 2006 and its amendments thereof - (i). Mining of minerals (≤ 250 ha of mining lease area in respect of non-coal mine lease).</p> <p>The project proponent and their consultant, M/s. AmplEnviron Private Limited, have attended the meeting and presented their proposal. The SEAC Committee noted that:</p> <ol style="list-style-type: none">The Department of Mines and Geology submitted DSR of Tirupati. The same is reviewed in the SEAC meeting and observed that the mineral content is available at Page No. 78 of DSR Report.The Department of Mines & Geology, Ibrahimpatnam vide letter dt. 31.08.2024 issued letter of Intent (LOI) to the subject mine for a period of 10 years subject to submission of approved Mining Plan, EC and CFE within a period of 03 years from the date of issue of Lol.As per the cluster letter dt. 10.01.2025 issued by the Divisional Mines & Geology Officer, there are five existing within the radius of 500 mtrs area. The total applicable cluster area is > 5.0 Ha.As per the approved mining plan dt. 08.01.2025 the total provided mineral reserves are 140400 m³ of Gravel and 665937 m³ of Road metal. The Life of the mine is 7.7 years.

	<p>e. As per the KML file the, committee observed workings pits in the mine lease area. Hence, committee directed the Project proponent to submit clarification letter on the working from the Mines Department.</p> <p>The Committee after examining the project proposals, presentations, mining plan, MoEF&CC Notifications & OMs and detailed deliberations, recommended to raise ADS for submission of clarification letter on the working from the Mines Department.</p>
Agenda Item: 261.02	Proposed to establish Bulk Drugs & Drug Intermediates and Speciality Chemicals manufacturing unit by M/s. Sigachi Industries Limited located at Plot No.: A- 10, Sy. No.: 303, Industrial Park at Guttapadu - Orvakal Node, Guttapadu Village, Orvakal Mandal, Kurnool District, Andhra Pradesh State - 518 010 - TOR - Reg.
SIA/AP/I ND3/524 148/202 5	<p>Category -B.</p> <p>The Proposal to establish Bulk Drugs & Drug Intermediates and Speciality Chemicals manufacturing unit by M/s. Sigachi Industries Limited with production capacity of 465.83 TPM in an area of 25.09 Acre (101541.91 Sqm) located at Plot No.: A- 10, Sy. No.: 303, Industrial Park at Guttapadu - Orvakal Node, Guttapadu Village, Orvakal Mandal, Kurnool District with a project cost of Rs. 285.0crores and with production capacity of 465.83 TPM.</p> <p>The proposed project falls under Item 5(f) of the schedule of the EIA Notification 2006- Synthetic organic chemicals industry (dyes and dye intermediates; bulk drugs and intermediates excluding drug and intermediates excluding drug formulations; synthetic rubbers; basic organic chemicals, other synthetic organic chemicals and chemical intermediates).</p> <p>The representative of the project and their consultant, M/s :Rightsource Industrial Solutions Private Limited have attended the meeting and presented their proposal. The SEAC Committee</p>

Member Secretary
SEAC

Chairman
SEAC

noted that:

- a. The M/s. **Sigachi Industries Limited** proposed to establish Bulk Drugs & Drug Intermediates and Speciality Chemicals manufacturing unit situated at Plot No.: A-10, Sy. No.: 303, Industrial Park at Guttapadu - Orvakal Node, Guttapadu Village, Orvakal Mandal, Kurnool District, Andhra Pradesh State with production capacity of 465.83 TPM.
- b. The unit has acquired an extent of 25.09 acres at Plot No.: A-10, Sy. No.: 303, Industrial Park at Guttapadu - Orvakal Node, Guttapadu Village, Orvakal Mandal, Kurnool District.
- c. The committee noted that the Ministry of Environment, Forest & Climate Change, (MoEF&CC), GoI vide order dated 11.11.2020 issued Environmental clearance Development of Industrial Park at Guttapadu, Orvakal Mandal, Kurnool District, Andhra Pradesh State by M/s. Andhra Pradesh Industrial Infrastructure Corporation (APIIC) Ltd over an extent of 4194.32 acre (1697.38 ha).
- d. The MoEF&CC, GoI vide OM dt.27.04.2018, the exempted projects or activities of 5(f) - bulk drugs and intermediates excluding drug and intermediates excluding drug formulations projects from public consultation, which obtain prior Environmental clearance as mandated under the EIA Notification, 2006 [item 7 (c) of the Schedule to the said notification. Hence, committee recommended for exemption public consultation for the proposed project as (MoEF&CC), GoI vide order dated 11.11.2020 issued Environmental clearance.
- e. The total Water required for process, washings, boiler, cooling tower makeup, scrubbers, domestic purposes, and gardening. The total water requirement is 2113.93 KLD and 732.81 is recycled water. The total water will be met from APIIC water supply. The proponent proposed for ZLD system.
- f. The Hazardous organic waste and Spent carbon are proposed to be sent to cement industries. The unit has proposed adequate facilities for solvent handling and recovery.
- g. The committee directed the project proponent to implement Zero Liquid Discharge (ZLD) system.
- h. The project proponent shall submit details of comprehensive

Member Secretary
SEAC

Chairman
SEAC

details regarding the boilers, heaters, machinery, and storage equipment installed for the R&D plant, including specifications, capacities, and operational parameters.

The Committee after examining the project proposals, presentations, MoEF&CC' Notifications & OMs and detailed deliberations, recommended to issue **Standard Terms of Reference without public hearing** with the following additional conditions.

1. The project proponent shall submit surface runoff prevention measures plan by considering nearby water tank.
2. The project proponent shall submit NoC from Airport authority of India.
3. The Project proponent shall implement Zero Liquid Discharge (ZLD) system.
4. The project proponent shall prepare EIA and EMP.
5. The project proponent shall provide comprehensive details regarding the boilers, heaters, machinery, and storage equipment installed for the R&D plant, including specifications, capacities, and operational parameters.
6. The project proponent shall submit the adequacy of the proposed area with respect to plant machineries, EMS Green belt, safety aspects, raw material and product storage considering worst case scenario.
7. Assessment of source of the water supply with adequacy of same to meet with the requirements of the project.
8. The project proponent shall submit approval from APIIC for supply of water.
9. Plans for management and disposal of waste streams to be generated from spillages, leakages, vessel washings, used container washings, etc., Measures proposed for preventing effluent discharge during unforeseen circumstances.
10. Explore the possibility of reuse/ recycle and other cleaner production options for reduction of waste and conserve fresh water.
11. Detail of possibility of chemical seepage and consequent soil contamination & mitigation measures proposed for the same.
12. The unit shall submit action plan for complying with the standards issued by the CPCB for the process emissions and tank farm vents.
13. The unit shall submit action plan for complying with the

Member Secretary
SEAC

Chairman
SEAC

	<p>recommendations of High-Power Committee constituted on accident occurred in M/s. LG Polymers, Visakhapatnam.</p> <p>14. The industry shall prepare a compatibility chart of all the raw materials and shall use the same for employee training.</p> <p>15. The industry shall submit action plan for the implementation of the recommendations brought out in the HAZOP and Risk Assessment studies including onsite & offsite emergency plan as per the provisions of MSHIC Rules.</p> <p>16. The project proponent shall submit Water quality /analysis data of surface water bodies nearer to the site.</p> <p>17. The project proponent shall submit details of measures taken to control odour nuisance to the neighbouring community.</p> <p>18. The project proponent shall submit the details of the total Employment including direct & indirect.</p> <p>19. The project proponent shall submit affidavit for TSDF membership.</p> <p>20. The project proponent shall submit rainwater harvesting plan.</p> <p>21. The project proponent shall submit detailed plantation plan.</p>
Agenda Item: 261.03	<p>5.0 Ha Road Metal & Building Stone of M/s Anjani Stone Crusher Survey No.: 74 Bowlawada Village, Anakapalli Mandal, Visakhapatnam District, Andhra Pradesh - Violation TOR - Reg.</p>
SIA/AP/MIN/524 183/202 5	<p>Category: B₂ at par with B₁ (Minor mineral).</p> <p>The project proponent and their consultant, M/s. HECS Chennai Private Limited, have attended the meeting and presented their proposal. The SEAC Committee noted that:</p> <ol style="list-style-type: none"> The committee noted that the mining unit is carried mining operation without valid Environmental Clearance. Hence, the project falls under violation category. The project proponent has submitted Violation TOR application on 15/02/2025. The committee noted that the MoEF&CC, GoI issued an OM dated 08.01.2024, informing that the Hon'ble Supreme Court had imposed a stay on the implementation of the SOP dated 07.07.2021 and the OM dated 28.01.2022.

"5(g) Distilleries	Molasses based distilleries > 100 KLD	Molasses based distilleries < 100 KLD	General Condition shall apply";
	Non-molasses- based distilleries >200 KLD	Non-molasses- based distilleries < 200 KLD	

From the above notification, the unit falls under category -B and is at State Level (SEIAA).

- b) The committee noted that total water requirement is 625 KLD which will be further reduced through recycling & reusing of 505 KLD. Total freshwater demand for distillery operation is 120@2.4 KL of water/KL of Ethanol. Total freshwater requirement including power plant of 1.5 MW, Horticulture and domestic is 160 KLD @3.2 KL/KL of ethanol production, which will be sourced from ground water.
- c) The unit has proposed ZLD system for the treatment of the wastewater.
- d) Total power requirement will be 1.2 MW which will be met from in house co-generation powerplant of 1.5 MW using rice husk and biomass pellets for fuel.

The Committee after examining the project proposals, presentations, MoEF&CC Notifications & OMs and detailed deliberations, recommended **to issue Standard Terms of reference with Public hearing** with the following additional TOR conditions:

1. The project proponent shall submit affidavit for implementing ZLD system for the treatment of the wastewater.
2. The project proponent industry shall submit proposals for Zero liquid discharge (ZLD) and waste water disposal (in case of ZLD failure and emergency times), odour mitigation measures & solid waste management.
3. The project proponent industry shall submit ETP details and EIA report.
4. The project proponent industry shall submit storage details of all spent wash, raw material, hazardous waste etc.
5. The project proponent industry shall submit rainwater

The committee noted that the MoEF&CC, GoI issued an OM dated 08.01.2024, informing that the Hon'ble Supreme Court had imposed a stay on the implementation of the SOP dated 07.07.2021 and the OM dated 28.01.2022. The committee noted that the MoEF&CC, GoI issued an OM dated 28.03.2025, directs that all projects that have applied under the provisions of OM dt. 07/07/2021 and which are pending as on 02.01.2024 may be processed pursuant to the orders of Hon'ble Supreme Court. The committee noted that project proponent has submitted Violation TOR application on 19/03/2025 which is not prior to the cut-off date of 02/01/2024. Hence, committee recommended to reject proposal. <p>The Committee after examining the project proposals, presentations, MoEF&CC' Notifications & OMs and detailed deliberations, recommended to reject the proposal.</p>
Agenda Item: 261.11	2.597 Ha Road Metal of M/s. GMR Stone Crusher at Sy No. 313, Gulamaliabad, South Block, R.F. Dhone Range, Bhanumukkala Village, Banaganapalle Mandal, Nandyala

individual mine is 2.8 µg/m³ and GLC of SPM will fall within the mine lease area.

- g. The project proponent informed that they have allocated Rs. 102.00 Lakhs as capital cost and Rs. 20.02 Lakhs as a recurring cost budget for the EMP. The proponent volunteered to provide Rs. 50 Lakhs for Surrounding village development activities as a part of Corporate Social Responsibility (CSR) activity and shall maintain till the life of the mine.

The Committee after examining the project proposals, presentations, mining plan, MoEF&CC Notifications & Oms, EIA report, PH minutes and detailed deliberations, Recommended **SEIAA to issue Environmental Clearance** for the mining of **Limestone (Major Mineral) – 1.2 Million TPA** over a period of 15 years, covering an area of **108.17 hectares**, in favor of **M/s The Ramco Cements Limited (TRCL) at Sy. No. 171, 193, 194/1, 2 Jayanthipuram Village, Jaggayyapet Mandal, NTR District**. The recommendation is subject to the following additional conditions:

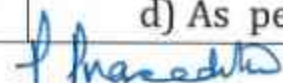

1. The proponent shall comply with the proposals furnished in the Environmental management plan and EIA report.
2. The project proponent shall develop greenbelt of 1km along approach roads & village Roadsides.
3. The project proponent shall maintain 7.5mt greenbelt in buffer zone and existing buffer zone plantation should not be disturbed.
4. The proponent shall take dust suppression measures to meet the CPCB stipulated ambient air quality standards at any point of time.
5. The proponent shall carry out suppression of dust generated due to transport vehicles by continuous water spraying using tankers.
6. The vehicles carrying the mines material shall be covered with tarpaulin during vehicular movement.
7. The project proponent shall not use village road for mineral transportation purpose. The PP shall use own dedicated road laid for this purpose.
8. The project proponent shall restrict vehicles movement during the peak hours to avoid accidents.

- 1,10,920 m³/annum and same is valid for 11 years.
- c) The SEIAA, AP has issued Environmental clearance for expansion on 01.05.2023 for mining of Road metal and building stone from 1,10,920 m³/annum to 1,75,000 m³/annum and same is valid for 7.08 years.
 - d) Again, the project proponent has applied environmental clearance for expansion of Road Metal and Building Stone - 1,75,000 m³/annum to 3,33,440 m³/annum.
 - e) The committee noted that the project proponent obtained Certified compliance report on 05.09.2022 from SPCB and the same is valid for one year. The MoEF&CC vide OM dt. 08.06.2022 informed the procedure to adopted by the SEAC while appraising expansion projects and as per the Notification the certified compliance issued by the concerned authority shall be valid for a period of 1 year from the date of inspection of the project.
 - f) As the CCR furnished by the project proponent is more than one year and hence the committee recommended to raise ADS for submission of latest Certified compliance report from IRO, Vijayawada, as per OM dt. 08.06.2022.
 - g) The proposal was earlier placed in 234th SEAC meeting and then the Committee after examining the project proposals, presentations, mining plan, MoEF&CC Notifications & OMs and detailed deliberations, recommended to **raise ADS** for submission of latest Certified compliance report from IRO, Vijayawada, as per OM dt. 08.06.2022.
 - h) The project proponent submitted a reply to the ADS on 30.08.2024. This proposal was presented at the 244th SEAC meeting, where it was noted that the project proponent had provided a Certified Compliance Report dated 22.07.2024, issued by the Sub-office of MoEF&CC, GoI (IRO), Vijayawada. The report mentions the following:
"Letter issued to Project Authorities for taking corrective measures and requested for submission of Action taken report against the non- compliance observed for issues of final certified report".
 - i) This proposal was placed in 244th SEAC meeting and then the committee directed the project proponent to submit final certified report issued by Sub-office of MoEF&CC, GoI, (IRO), Vijayawada. **Hence, committee recommended to raise ADS for submission of the final certified report.**
 - j) The project proponent submitted a reply to the ADS on 24.01.2025 Submission of Latest Certified Compliance Report

Member Secretary

from IRO, Vijayawada.

k) Again, this proposal is placed 256th SEAC meeting and noted that:

➤ The project proponent vide letter dt. 06.01.2025 submitted **final certified report**.

l) This proposal was appraised in 256th SEAC meeting and then the Committee after examining the project proposals, presentations, mining plan, MoEF&CC Notifications & OMs and detailed deliberations, recommended **to issue** Expansion of Environmental Clearance for mining of Road Metal and Building Stone -1,75,000 m³/annum to 3,33,440 m³/annum with following conditions:

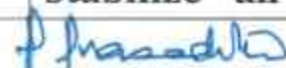

1. The proponent shall comply with the proposals furnished in the Environmental management plan
2. The project proponent shall develop greenbelt of 1km along approach roads & village Roadsides.
3. The project proponent shall maintain 7.5mt greenbelt in buffer zone and existing buffer zone plantation should not be disturbed.
4. The proponent shall take dust suppression measures to meet the CPCB stipulated ambient air quality standards at any point of time.
5. The proponent shall carryout suppression of dust generated due to transport vehicles by continuous water spraying using tankers.
6. The vehicles carrying the mines material shall be covered with tarpaulin during vehicular movement.
7. The project proponent shall not use village road/ canal bund roads for mineral transportation purpose.
8. The project proponent shall restrict vehicles movement during the peak hours to avoid accidents.
9. The project proponent shall pay suitable compensations for surrounding agricultural lands as per the norms.
10. The project proponent shall maintain village roads along with the cluster partners.
11. The project proponent shall restrict the load of the transport vehicles not more than 21 tons to avoid road damages and dust nuisance to surroundings.
12. **The project proponent shall follow forest NoC**

The Superintending Engineer Pulichintala Project Circle Water Resources Department and their consultant, M/s. Pragathi labs & Consultants Private Limited, have attended the meeting and presented their proposal. The SEAC Committee noted that:

- The project is located at distance of 12 Km on D/s of Polavaram Project and 27.20 Km on U/s of SAC Barrage near Tadipudi Village in Tallapudi Mandal of East Godavari District, Andhra Pradesh.
- The Government of Andhra Pradesh accorded administration sanction vide G.O MS No:207 Dt: 24.10.2008 for construction of Chintalapudi Lift Irrigation Scheme, West Godavari District under Indira Sagar Right Might Main Canal to provide water to an ayacut of 2.00 lakh acres in West Godavari and Krishna Districts.
- This Scheme envisages to create an Irrigation potential of 80,938.75 Ha and stabilizes the distressed ayacut of 113,314.25 Ha under 'Nagarjunasagar Project Left Canals

Member Secretary
SEAC

Chairman
SEAC

- & 3 other medium irrigation projects' by pumping 194.52 Cumecs from River Godavari in two stages to main canal.
- d) The total length of the CHLIS project canal is 106.25 KM and proposed construct under two stages, i.e., 0 to 82 KM under stage-I and 82 KM to 106.25 Km under stage -II.
- e) This project in connection with 5 Ayacuts i.e., i). CHLIS New Ayacut- 80939 Ha, ii). Kovvada Kalva Ayacut- 6880 Ha, iii). Yerra Kalva Ayacut- 9713 Ha, iv). Tammileru Ayacut- 11736 Ha and v). NSLC Ayacut- 84986 Ha and total Ayacut of the project is 1,94,253 Ha.
- f) The project area falls under Seismic Zone-III and categorized under Moderate Risk zone.
- g) The project is originally contemplated during the year 2008-09 to create an IP of 80939 Ha (2,00,000 Acres) of New Ayacut by lifting 56 Cumecs of Godavari Surplus Water at a cost of Rs.1701.00 Crores.
- h) Subsequently, after bifurcation of the erstwhile Andhra Pradesh, the tail-end ayacut of Nagarjuna Sagar Left Canal (NSLC) is distressed as it is not getting its due share due to over-tapping in upstream locations in Telangana state.
- i) The Government of Andhra Pradesh formulated the Phase-II of the Scheme for stabilisation of 1,13,314 Ha (2,80,000 Acres) which includes the tail-end Ayacut of NSLC and the ayacut under three other Medium Irrigation Projects of the region by enhancing the lifting discharge to 194.52 Cumecs.
- j) The project is resumed with revised scope of work in the year 2017 with an enhanced discharge of 194.52 Cumecs, with a revised estimate cost of Rs. 4909.80 Cores, which includes the Stage-IA & IIA Lift Systems.
- k) The works were under progress till 2022 and are halted as per the Hon'ble NGT orders in O.A. No. 175 of 2018 (SZ). The Hon'ble NGT vide order dt. 02.12.2021 imposed Rs. 73.635 Crores (i.e., 1.5% of Rs. 4909 Crores) as Environmental Compensation to Chintalapudi LIS, as the works were started without obtaining statutory clearances. Hence, it can be considered as a violation case.
- l) The project proponent has not paid the Environmental Compensation. Instead, the proponent moved to the court of law and the court proceedings are still going on.

Member Secretary
SEAC

Chairman
SEAC

- m) The proposal involves lifting of water from the River Godavari directly. In such case whether the water to be lifted is within the allocated water to the state from River Godavari or not? Clarity has not been provided by the proponent. If the water to be lifted falls beyond the allocated share of water to the state of AP, the proposal attracts interstate issue and falls in category A.
- n) The project proponent has conducted hydrology survey report and observed that 3000 to 4000 TMC of flood water flowing unused to Bay of Bengal, every year and 75% dependability yield as approved by CWC is 972.13 TMC.
- o) The total demand of Polavaram Irrigation Project and other projects is 532.45 TMC & Net availability is 439.68 TMC, whereas the demand of the scheme is 53.50 TMC and the project proponent proposed to utilize 9.583 TMC for Paddy, 2.536 TMC for Chillies, 20.358 TMC for Ground nut, 2.550 TMC for Drinking water supply, 14.0 TMC for Future requirements and 4.483 TMC of water for Supplementation of MI Tanks.
- p) The project proponent proposed for 352.40 Ha Forest land acquisition (Land Diverted- 347.64 Ha & Land to be diverted- 4.76 Ha) and also 3398.22 Ha of Private land out 1755.97 Ha of land acquired and 1642.255 Ha of land to be acquired.
- q) There are 20 WPs pending in Hon'ble High Court praying for Higher compensation for an extent of 114.93 Ha and the compensation paid as per LAR & R-2013 Act and so far, the expenditure is Rs. 678.01 Crores on acquisition of Lands.
- r) The project proponent has not furnished details of resettlement and rehabilitation.
- s) The SEAC committee directed the project proponent to furnish i) all statutory G.O pertaining to this project; ii) submit forest Clearance & CWC approvals, iii) submit Hydrological clearances, iv) submit affidavit for stating that No Earthen dams and No reservoirs are proposed to be constructed in the project, v) submit details of rivers/canals crossing/ passing through this project, vi) compliance on the Hon'ble NGT order dt. 02.12.2021 and vii) justification on taking up of the project at SEIAA level as category - B in light of the irrigation projects involving Inter-State issues shall be appraised at Central level as category - A.
- t) The committee also recommended to request the SEIAA to

Member Secretary
SEAC

Chairman
SEAC

obtain Legal opinion from their standing council at NGT, Chennai for appraisal of the present application in light of the orders of the Hon'ble NGT dt. 02.12.2021 and other writ petitions pending in Court of Law on this project.

u) The Committee after examining the project proposals, presentations, MoEF&CC' Notifications & OMs and detailed deliberations, **it is recommended**

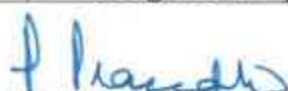

1) to request the SEIAA to obtain Legal opinion for the appraisal of the present application considering the orders of the Hon'ble NGT dt. 02.12.2021 and other writ petitions pending in Court of Law on this project.

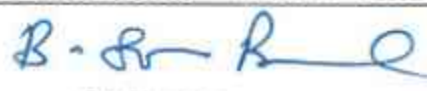

2) to request the SEIAA to obtain justification from the project proponent on status of project ie, either category B or A. (due to the status mentioned at para no: "m" above)

3) it is further recommended to obtain the following information from the proponent for further processing of the application if the application is categorized under 'B' category.

1. The project proponent shall furnish the all-statutory G.O pertaining to this project
2. The project proponent shall submit clarity on Stage-I & Stage-II work progress.
3. The project proponent shall submit Forest Clearance & CWC approvals of the project.
4. The project proponent shall submit Hydrological clearances of the project.
5. The project proponent shall submit affidavit for stating that No Earthen dams and No reservoirs are proposed to be constructed in the project.
6. The project proponent shall submit details of rivers/canals crossing/ passing through this project.
7. The project proponent shall furnish the compliance on the Hon'ble NGT order dt. 02.12.2021.

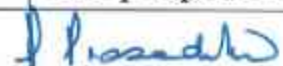

v) The project proponent shall furnish justification on taking up of the project at SEIAA level as category - B in light of the irrigation projects involving Inter-State issues shall be

the EIA Notification 2006 and its amendments thereof - (i). Mining of minerals (≤ 250 ha of mining lease area in respect of non-coal mine lease).

The Project proponent and their consultant, M/s. SV Envior labs shave attended the meeting and presented their proposal: The SEAC committee noted that:

- a) As per the approved mining plan dt. 29.04.2023 the total provided mineral reserves are 121189 m³. The proponent proposed to excavate **21, 900 m³ /Annum** and Life of the mine is 5.53 years.
- b) The Committee noted that as per the cluster letter dt. 30.12.2023 issued by the District Mines & Geology, Anakapalli, there are 18 existing quarry lease within the radius of 500 mtrs area. 03 quarry leases were granted after 09.09.2013 out of that 2 were determined and 1 is non-working since 2021, 15 quarry leases were granted prior to 09.09.2013 granted. **The total applicable cluster area is < 5.0 Ha.**
- c) This is an existing lease area and the Department of Mines and Geology vide letter dt. 26.04.2023 transferred mine lease in favour of M/s. Sri Jagadamba Granite Metal Industries, Mg, Pr: Sri K. Radha Krishna for the unexpired lease period i.e., upto 22.05.2024 **subject to submission of AMP, EC, CFE & CFO in the name of M/s. Sri Jagadamba Granite Metal Industries, Mg, Pr: Sri K. Radha Krishna.**
- d) This proposal was placed in 240th SEAC meeting and then, the Committee after examining the project proposals, presentations, mining plan, MoEF&CC Notifications & OMs and detailed deliberations, recommended **to raise ADS** in light of stay imposed by Hon'ble Supreme Court on implementation of SOP dt. 07th, July 2021 and OM dt. 28th January 2022 and to consider violation proposals after final outcome of the Hon'ble Supreme Court in Writ Petition (s) Civil No(s). 1394/2023.
- e) Again, this proposal is placed in 261st SEAC meeting and committee noted that:

Member Secretary
SEAC

Chairman
SEAC

- The committee noted that the project proponent has submitted violation TOR application on 31/12/2023.
- The committee noted that Lol issued by the Department of Mines and Geology was expired on 22.05.2024. Hence, committee directed the project proponent to submit Lol renewal copy.
- The committee noted that the project proponent uploaded District Survey Report-2018 . Hence, committee directed the PP to upload District Survey Report 2023.
- The committee noted that the PP not uploaded Dispatch permits letter. Hence, committee directed PP to uploaded dispatch details letter.

The Committee after examining the project proposals, presentations, mining plan, MoEF&CC Notifications & OMs and detailed deliberations, recommended **to raise ADS** for submission of following:

1. The proponent shall submit Lol renewal letter.
2. The proponent shall submit District Survey report-2023.
3. The proponent shall submit dispatch details letter.
4. The proponent shall submit New mining plan as per the new Lol.
