	<p>regularize the projects, already taken up or under implementation without having obtained prior environmental clearance in terms of the provisions of the EIA Notification, 2006 and are therefore identified in violation of the same. The said Notification had given a six months window period i.e. 14.03.2017 to 13.09.2017 for submission of such proposals. Further, Hon'ble High Court of Madras vide order dated 14.03.2018 in the matter of W.M.P.Nos.3361 and 3362 of 2018 and W.M.P.No.3721 of 2018 in W.P.No.11189 of 2017, had provided one month additional window period i.e. 14.03.2018 to 13.04.2018 for submission of such proposals.</p> <p>The committee has observed that these 526 proposals are filed in between the two window periods. In the light of MOEF notifications 14th March 2017, Ministry's Notification dated 8th March, 2018 and OM Nos. <p>Agenda Item No: 171.97 & 171.72</p>	<p>NABET</p>
	<p>The NABET vide letterDt 18.10.2021 requested members of SEIAA/SEAC to discourage the Non-accredited consultants to present their cases before SEIAA/SEAC meetings and make project proponents aware about not to engage Non accredited consultant in order to improve the quality of EIA/EMP reports and conserve the Environment.</p> <p>The committee observed that many sand and building stone/road metal mine owners have already engaged Non accredited consultants and filed proposal online and also some have engaged them and in the process of filing. The sudden stoppage of the RQPs/Non accredited consultants may cause scarcity of sand & gravel further resulting in unemployment of construction labour. In view of the above, the Committee recommended the following.</p> <ol style="list-style-type: none"> 1. To allow the non-accredited consultants to file their cases online up to 31.12.2021 only. 2. To allow the non-accredited consultants to present before SEAC/SEIAA
