MINUTES OF THE 219<sup>th</sup> MEETING OF STATE EXPERT APPRAISAL COMMITTEE (SEAC), A.P., HELD ON – 24<sup>th</sup> & 25<sup>th</sup> April 2023 AT VIJAYAWADA, A.P.

**Present: The following members were present. (Through Video Conference)**

1.	Dr.G.V.R.SrinivasaRao, Professor, Civil Engineering Department, Andhra University, Visakhapatnam	Chairperson
2.	Dr.DineshSankar Reddy, Registrar(I/C), Professor of Chemical Engineering, NIT, Tadepalligudem, West Godavari	Member
3.	Prof. G. Gnana Mani, Retd., Professor of Zoology, Andhra University, Visakhapatnam	Member
4.	Prof. U. Shameem, Chairman, Dept. of Zoology, Andhra University, Visakhapatnam	Member
5.	Dr. Kiranmai, Assistant Professor, Dept. of Biotechnology, VikramaSimhapuriUniversity,Nellore,SPSRNelloreDistrict	Member
6.	Prof. C. Sasidhar, Professor, Civil Engineering Dept, JNTU, Anantapur	Member
7.	Prof. N. Siva Prasad Reddy, Director (Academics), Brindavan Institute of Technology & Science, Kurnool	Member
8.	Prof. D. Bharathi, Professor, Dept. of Bio Sciences & Sericulture, Sri PadmavathiMahilaViswaVidhyalayam, Tirupati	Member
9.	Sri KatammeniVenkataRamana, Head of Mining Dept. Government Polytechnic, Narsipatnam.	Member
10.	Dr.M. Sunandana Reddy, Associate Professor,RGM College of Engineering & Technology (Autonomous), Nandyal.	Member
11.	Sri Matli. Chandra Sekhar Professor, Head of Department of Civil Engineering, NIT, Warangal.	Member
12.	Dr. G. Madhavi, Associate Professor, Department of Chemistry, Sri Venkateswara University, Tirupati	Member
13.	Prof. K. ThyagaRaju,Professor,Department of Biochemistry, S.V.University, Tirupati	Member
14.	Dr.GummallaPrasanthi, Professor, Vijaya Institute of Pharmaceutical Sciences, Vijayawada	Member
15.	Sri. B. Siva Prasad, Chief Environmental Engineer, Andhra Pradesh Pollution Control Board, Vijayawada	Member Secretary.

Chairman  
SEAC

The representative of the project and their consultant Hubert Enviro Care Systems have attended the meeting.

The project proponent has obtained violation TOR without public hearing on 11/11/2022.

The base line data was collected from March, 2022 to May,2022 .The predominant wind direction is observed to be South West to North East,

The maximum concentration of SPM is observed to be 68.40 µg/m<sup>3</sup>. The incremental concentration is 2.781 µg/m<sup>3</sup>. The GLC of SPM will fall at a distance of 0.43km towards North East side of mine lease area.

The proponent volunteered to provide Water treatment plant to Vooderu village as a part of Corporate Social Responsibility (CSR) activity and shall maintain till the life of the mine.

**Under EMP budget the proponent has proposed following:**

- Proposed to provide Contour trenches, Garland Drain, trench in the mine lease area to control surface runoff
- Proposed to provide Continuous water sprinkling through water tanker for Suppression the dust particles.

**SO No 804 dt 14.03.2017 compliance :**

1.Credible action was initiated vide CC No 176/2023 in the court of Jr Civil court Anakapalli, and paid fine of Rs. 75,000/- on 11.02.2023.

2.Submitted undertaking on 28.02.2023 stating that the violation will not be repeated.

3. Remediation and resource augmentation plan with a cost of Rs 1,00,000/- . proof of submission of BG also uploaded.

The project proponent has submitted production dispatch letter from ADMG, Anakapalli vide letter dt. 14.02.2023

Penalty is calculated and recommended to take further action in complying with OM 07.07.2021 SoP.

The proposed project falls under Item No. 1(a) of the schedule of the EIA Notification 2006 and its amendments thereof - (i). Mining of minerals (<250 ha of mining lease area in respect of non-coal mine lease).

The proponent and their consultant Hubert Enviro Care Systems have attended the meeting.

The project proponent has obtained violation TOR without public hearing on 15/11/2022.

The base line data was collected from March., 2022 to May,2022 .The predominant wind direction is observed to be South West to North East.

The maximum concentration of SPM is observed to be 68.40 µg/m<sup>3</sup>. The incremental concentration is 2.781 µg/m<sup>3</sup>. The GLC of SPM will fall at a distance of 0.43km towards North East side of mine lease area.

The proponent volunteered to provide medical facilities to the Anakapalli PHC and health camps in surrounding villages as a part of Corporate Social Responsibility (CSR) activity and shall maintain till the life of the mine.

**Under EMP budget the proponent has proposed following:**

- Proposed to provide Contour trenches, Garland Drain, trench in the mine lease area to control surface runoff
- Proposed to provide Continuous water sprinkling through water tanker for Suppression the dust particles.

**SO No 804 dt 14.03.2017 compliance:**

- 1.Credible action was initiated vide CC No 167/2023 in the court of Jr Civil court Anakapalli, and paid fine of Rs. 75,000/- on 11.02.2023.
- 2.Submitted undertaking on 28.02.2023 stating that the violation will not be repeated.
3. Remediation and resource augmentation plan with a cost of Rs 1,00,000/- . proof of submission of BG also uploaded.

The project proponent has submitted production dispatch letter from ADMG, Anakapalli vide letter dt. 14.02.2023.

Penalty is calculated and recommended to take further action in complying with OM 07.07.2021 SoP.

Chairman  
SEAC

N/424160/  
2023

The proposed project is for mining of **Rough Stone, Building Stone & Gravel** in an area of **4.0 Ha**, with a proposed production quantity of **Gravel - 24350 m<sup>3</sup>/Annum** with a condition that the total production during a scheme should be limited to the approved quantity as per Mining scheme/ plan.

The proposed project falls under Item No. 1(a) of the schedule of the EIA Notification 2006 and its amendments thereof - (i). Mining of minerals (<250 ha of mining lease area in respect of non-coal mine lease).

The proponent and their RQP, G.Harendra, have attended the meeting.

The Committee noted that as per cluster letter issued by Asst. Director of Mines & Geology, Vijayawada, vide Lr, dated: 15.03.2023, there is One existing quarry leases within the radius of 500 mts area and this one quarry lease is non-working since, 08.06.2018. The total cluster area is < 5.0 Ha and the project proponent has obtained LOI on 07.03.2023.

**This EC is issued only for mining of Gravel.**

The proponent volunteered to provide water treatment plant to the **Gollanapalli** Village and medical facilities to the Gannavaram PHC as a part of Corporate Social Responsibility (CSR) activity and shall maintain till the life of the mine.

**Under EMP budget the proponent has proposed following:**

- **Proposed to provide Garland Drain, settling ponds, silt trap to control surface runoff**
- **Proposed to provide Continuous water sprinkling through water tanker for Suppression the dust particles.**

The Committee after examining the project proposals, presentations, MoEF&CC Notifications & OMs and detailed deliberations, **recommended to issue Environmental Clearance with additional conditions:**

1. The proponent shall comply with the proposals furnished in Environmental management plan.
2. The project proponent shall develop greenbelt of 1km along approach roads & village Road sides.
3. The project proponent shall maintain 7.5mt greenbelt in buffer zone and existing buffer zone plantation should not be disturbed.
4. The proponent shall take dust suppression measures to meet the CPCB stipulated ambient air quality standards at any point of time.
5. The proponent shall carryout suppression of dust generated due to transport vehicles by water spraying with tankers continuously.
6. The vehicles carrying the mines material shall be covered with tarpaulin during vehicular movement.
7. The project proponent provide 886m trench (1m\*1m) all around mine lease boundary.
8. The project proponent shall not carryout blasting operations as the proposed

IN/42505  
3/2023

The proposed project is for mining of **Gravel, Morrums & Ordinary Earth** in an area of **4.470 Ha.** with a proposed production quantity of **Mining of Gravel- 33,741 m<sup>3</sup>/annum** with a condition that the total production during a scheme should be limited to the approved quantity as per Mining scheme/ plan.

The proposed project falls under Item No. 1(a) of the schedule of the EIA Notification 2006 and its amendments thereof - (i), Mining of minerals ( $\leq 250$  ha of mining lease area in respect of non-coal mine lease).

The project proponent and their Consultant M/s. VVN Technologies Pvt., Ltd., have attended the meeting.

The Committee noted that as per cluster letter issued by Asst. Director of Mines & Geology, Kadapa, vide Lr. dated: 22.02.2023, there are two LOIs within the radius of 500 mts area. The total cluster area is  $< 5.0$  Ha. The proponent has obtained LOI on 01.02.2023.

The proponent volunteered to water treatment plant in **Geddavaripalli** Village as a part of Corporate Social Responsibility (CSR) activity and shall maintain till the life of the mine.

**Under EMP budget the proponent has proposed following:**

- **Proposed to provide Garland Drain and trench with bund walls to control surface runoff.**
- **Proposed to provide Continuous water sprinkling through water tanker for Suppression the dust particles.**

**This EC is issued only for mining gravel.**

The Committee after examining the project proposals, presentations, mining plan, MoEF&CC Notifications & OMs and detailed deliberations, recommended to issue Environmental Clearance with following conditions:

1. The proponent shall comply with the proposals furnished in Environmental management plan.
2. The project proponent shall develop greenbelt of 1km along approach roads & village Road sides.
3. The project proponent shall maintain 7.5mt greenbelt in buffer zone and existing buffer zone plantation should not be disturbed.
4. The proponent shall take dust suppression measures to meet the CPCB stipulated ambient air quality standards at any point of time.
5. The proponent shall carryout suppression of dust generated due to transport vehicles by water spraying with tankers continuously.
6. The vehicles carrying the mines material shall be covered with tarpaulin during vehicular movement.
7. The project proponent shall provide 140m trench on Northern and Eastern lease boundary side to prevent surface runoff.
8. The project proponent shall strictly maintain buffer towards Road side. I.e., Western side.
9. The project proponent shall not carry out blasting operations as the High tension

5/2023

The proposed project is for mining of **Black granite** in an area of **1.0 Ha.** with a proposed production quantity of **Mining of Black granite – 2143 m<sup>3</sup>/annum** with a condition that the total production during a scheme should be limited to the approved quantity as per Mining scheme/ plan.

The proposed project falls under Item No. 1(a) of the schedule of the EIA Notification 2006 and its amendments thereof - (i). Mining of minerals ( $\leq 250$  ha of mining lease area in respect of non-coal mine lease).

The project proponent and their Consultant M/s. NVSPL Ravikanth, have attended the meeting.

The Committee noted that as per cluster letter issued by Asst. Director of Mines & Geology, Guntoor, vide Lr. dated: 12.04.2023, there are two existing leases within the radius of 500 mts area. The total cluster area is  $< 5.0$  Ha.

This mine lease was initially executed to the Sri. ChSeetha Ramaiah and later mine lease was transferred to **M/s Jai Hanuman Granites on 01.07.2022.**

**The project proponent has submitted production and dispatch details vide letter dt.04.04.2023 and as per the production and dispatch details letter there is no dispatches after 15.01.2016, hence, it is not falls under violation category.**

The proponent volunteered to water treatment plant with 3 bore wells in **Boppudi Village** as a part of Corporate Social Responsibility (CSR) activity and shall maintain till the life of the mine.

**Under EMP budget the proponent has proposed following:**

- **Proposed to provide Garland Drain and retaining walls to control surface runoff.**
- **Proposed to provide Continuous water sprinkling through water tanker for Suppression the dust particles.**

The Committee after examining the project proposals, presentations, mining plan, MoEF&CC Notifications & OMs and detailed deliberations, recommended to issue Environmental Clearance with following conditions:

1. The proponent shall comply with the proposals furnished in Environmental management plan.
2. The project proponent shall develop greenbelt of 1km along approach roads & village Road sides.
3. The project proponent shall maintain 7.5mt greenbelt in buffer zone and existing buffer zone plantation should not be disturbed.
4. The proponent shall take dust suppression measures to meet the CPCB stipulated ambient air quality standards at any point of time.
5. The proponent shall carryout suppression of dust generated due to transport vehicles by water spraying with tankers continuously.
6. The vehicles carrying the mines material shall be covered with tarpaulin during vehicular movement.
7. The project proponent shall maintain 10m of additional buffer zone in addition to

Member Secretary  
SEAC

  
Chairman  
SEAC

Melamine Formaldehyde Resin – 20 Tons/Day.

The proposed project falls under Item No.5 (f) of the schedule of the EIA Notification 2006 and its amendments thereof - 5(f)- basic organic chemicals, other synthetic organic chemicals and chemical intermediates.

The project proponent and their consultant, M/s. SV Enviro Labs & Consultants have attended the meeting.

MoEF&CC vide F.No.22-93/2017-IA.III, dated 10th April, 2019 issued clarification regarding Exemption of Environmental Clearance for making in-house resin by plywood and panel industries that the process of manufacturing of Resin, was of the opinion that this activity may be listed under Category 'B2' and the procedure required for Category 'B2' may be followed for the production of resin not exceeding 1000 tons per annum ( 4 tons per day) by captive manufacturing and utilization in plywood. The production present proposal of resin is exceeding 1000 tons per annum .Hence, it comes under B1 category.

APIIC Industrial Park, Naidupeta allotted an area of 4.56 Acres or 18,470.00 Sq. mtrs on lease basis for a period of 33 years on dated: 06.02.2023.

The Naidupeta Industrial Park' has obtained Environmental clearance on 30.07.2017

As per MoEF & CC Notification S.O. 1533 (E) Dt. 14.09.2006 the proposed activity comes under "5 (f)" with Category B1 (located within notified Industrial Estate/ Area) and as per OM dated: 04.04.2016 projects located in the Notified Industrial Estates/Parks are exempted from public hearing.

~~This industry not falls under the S.No (iii) of MoEF&CC OM dt.27.04.2018 for exemption of public consultation.~~

The project proponent informed that they require Phenol Formaldehyde Resin 50 TPD and Melamine Formaldehyde Resin – 20 Tons/Day for their play wood plant and which is located 160km away from the proposed resin plant.

Water consumption is 28.0 KLD and wastewater generation from process is 3.7 KLD. Out of 1.5KLD of wastewater is proposed to be used for kettle washings and after that disposed to TSDF. 1.0 KLD of wastewater is proposed to be used for cooling towers and 1.20 KLD of domestic wastewater is proposed to be used gardening.

The proponent requested for exemption of public hearing of stating that it is a notified industrial area. The proponent has not furnished any G.O issued by the Government stating that it is a notified industrial area.

The Committee after examining the project proposals, presentations, MoEF&CC Notifications & OMs and detailed deliberations, recommended to issue **Standard Terms of Reference without public hearing** and with the following additional conditions.

1. The project proponent industry shall submit ETP details.

	<p>The committee verified the application, Approved mining plan dt. 24.05.2022, EMP, EC order dt. 15.10.2015 and recommended to issue EC extension for Black Granite - 3839 M3/Annum for 37 years.</p> <p>The Committee after examining the project proposals, presentations, MoEF&amp;CC' Notifications &amp; OMs and detailed deliberations, recommended to issue EC extension duly amending the production capacity of colour Granite as 3839 M3/Annum with following conditions:</p> <ol style="list-style-type: none"> <li>1. The proponent shall comply with the proposals furnished in Environmental management plan.</li> <li>2. The project proponent shall develop greenbelt of 1km along approach roads &amp; village Road sides.</li> <li>3. The project proponent shall dump granite waste in 1.0 Ha at Sy. No. 91-1, 91-8, 91-9, 92-1 and 93-1 of Kotnabilli (V), Ravikamatham Mandal, Visakhapatnam district.</li> </ol>
<p>Agenda Item No: 219.18</p>	<p><b>4.75 Ha. Mining of Road metal &amp; Building stone of M/s R.K. Minerals, at Sy. No. 281, Kunchangi Village, Anakapalli Mandal, Anakapalli District (Erstwhile Visakhapatnam District), Andhra Pradesh - Environmental Clearance - EIA Case - Reg.</b></p>
<p>SIA/AP/M IN/42302 1/2023</p>	<p><b>Category: B2.</b></p> <p>The proposed project is for mining of <b>Road metal &amp; Building stone</b> in an area of <b>4.75 Ha</b>, with a proposed production quantity of <b>Mining of Road metal &amp; Building stone – 1,90,970 m3/annum</b> with a condition that the total production during a scheme should be limited to the approved quantity as per Mining scheme/ plan.</p> <p>The proposed project falls under Item No. 1(a) of the schedule of the EIA Notification 2006 and its amendments thereof - (i). Mining of minerals (&lt;250 ha of mining lease area in respect of non-coal mine lease).</p> <p>The representative of the proponent and their Consultant M/s. Hubert Enviro Care Systems, have attended the meeting.</p> <p>The project proponent has obtained violation TOR without public hearing on 11/11/2022.</p> <p>The base line data was collected from March,, 2022 to May,2022 .The predominant wind direction is observed to be South West to North East.</p> <p>The maximum concentration of SPM is observed to be 68.91 µg/m3. The incremental concentration is 3.045 µg/m3. The GLC of SPM will fall at a distance of 0.42 km towards North East side of mine lease area.</p> <p>The proponent volunteered to provide Mini Ambulance to the Rongalivanipalem Panchayath as a part of Corporate Social Responsibility (CSR) activity and shall maintain till the life of the mine.</p> <p><b>Under EMP budget the proponent has proposed following:</b></p>

  
 Member Secretary  
 & SEAC

  
 Chairman  
 SEAC

- Proposed to provide Gully plugs, silt traps Garland Drain, trench in the mine lease area to control surface runoff
- Proposed to provide Continuous water sprinkling through water tanker for Suppression the dust particles.

**SO No 804 dt 14.03.2017 compliance :**

1. Credible action was initiated vide CC No 168/2023 in the court of Jr Civil court Anakapalli, and paid fine of Rs. 75,000/- on 11.02.2023 .
2. Submitted undertaking on 10.03.2023 stating that the violation will not be repeated.
3. Remediation and resource augmentation plan with a cost of Rs 3,08,000/- . proof of submission of BG also uploaded.

The project proponent has submitted production dispatch letter from ADMG, Anakapalli vide letter dt. 24.02.2023

Penalty is calculated and recommended to take further action in complying with OM 07.07.2021 SoP.
